ATHENIAN: That the poet, according to the tradition which has ever prevailed among us, and is accepted of all men, when he sits down on the tripod of the muse, is not in his right mind; like a fountain, he allows to flow out freely whatever comes in, and his art being imitative, he is often compelled to represent men of opposite dispositions, and thus to contradict himself; neither can he tell whether there is more truth in one thing that he has said than in another. This is not the case in a law; the legislator must give not two rules about the same thing, but one only. Take an example from what you have just been saying. Of three kinds of funerals, there is one which is too extravagant, another is too niggardly, the third in a mean; and you choose and approve and order the last without qualification. But if I had an extremely rich wife, and she bade me bury her and describe her burial in a poem, I should praise the extravagant sort; and a poor miserly man, who had not much money to spend, would approve of the niggardly; and the man of moderate means, who was himself moderate, would praise a moderate funeral. Now you in the capacity of legislator must not barely say 'a moderate funeral,' but you must define what moderation is, and how much; unless you are definite, you must not suppose that you are speaking a language that can become law.

CLEINIAS: Certainly not.

ATHENIAN: And is our legislator to have no preface to his laws, but to say at once Do this, avoid that — and then holding the penalty in terrorem, to go on to another law; offering never a word of advice or exhortation to those for whom he is legislating, after the manner of some doctors? For of doctors, as I may remind you, some have a gentler, others a ruder method of cure; and as children ask the doctor to be gentle with them, so we will ask the legislator to cure our

disorders with the gentlest remedies. What I mean to say is, that besides doctors there are doctors' servants, who are also styled doctors.

CLEINIAS: Very true.

ATHENIAN: And whether they are slaves or freemen makes no difference; they acquire their knowledge of medicine by obeying and observing their masters; empirically and not according to the natural way of learning, as the manner of freemen is, who have learned scientifically themselves the art which they impart scientifically to their pupils. You are aware that there are these two classes of doctors?

CLEINIAS: To be sure.

ATHENIAN: And did you ever observe that there are two classes of patients in states, slaves and freemen; and the slave doctors run about and cure the slaves, or wait for them in the dispensaries — practitioners of this sort never talk to their patients individually, or let them talk about their own individual complaints? The slave doctor prescribes what mere experience suggests, as if he had exact knowledge; and when he has given his orders, like a tyrant, he rushes off with equal assurance to some other servant who is ill; and so he relieves the master of the house of the care of his invalid slaves. But the other doctor, who is a freeman, attends and practices upon freemen; and he carries his enquiries far back, and goes into the nature of the disorder; he enters into discourse with the patient and with his friends, and is at once getting information from the sick man, and also instructing him as far as he is able, and he will not prescribe for him until he has first convinced him; at last, when he has brought the patient more and more under his persuasive influences and set him on the road to health, he attempts to effect a cure. Now which is the better way of proceeding in a physician and in a trainer? Is he the better who accomplishes his ends in a double way, or he who works in one way, and that the ruder and inferior?

CLEINIAS: I should say, Stranger, that the double way is far better.

ATHENIAN: Should you like to see an example of the double and single method in legislation?

CLEINIAS: Certainly I should.

ATHENIAN: What will be our first law? Will not the legislator, observing the order of nature, begin by making regulations for states about births?

CLEINIAS: He will.

ATHENIAN: In all states the birth of children goes back to the connexion of marriage?

CLEINIAS: Very true.

ATHENIAN: And, according to the true order, the laws relating to marriage should be those which are first determined in every state?

CLEINIAS: Quite so.

ATHENIAN: Then let me first give the law of marriage in a simple form; it may run as follows: — A man shall marry between the ages of thirty and thirty-five, or, if he does not, he shall pay such and such a fine, or shall suffer the loss of such and such privileges. This would be the simple law about marriage. The double law would run thus: — A man shall marry between the ages of thirty and thirty-five, considering that in a manner the human race naturally partakes of immortality, which every man is by nature inclined to desire to the utmost; for the desire of every man that he may become famous, and not lie in the grave without a name, is only the love of continuance. Now mankind are coeval with all time, and are ever following, and will ever follow, the course of time; and so they are immortal, because they leave children's children behind them, and partake of immortality in the unity of generation. And for a man voluntarily to deprive himself of this gift, as he deliberately does who will not have a wife or children, is impiety. He who obeys the law shall be free, and shall pay no fine; but he who is disobedient, and does not marry, when he has arrived at the age of thirty-five, shall pay a yearly fine of a certain amount, in order that he may not imagine his celibacy to

bring ease and profit to him; and he shall not share in the honours which the young men in the state give to the aged. Comparing now the two forms of the law, you will be able to arrive at a judgment about any other laws — whether they should be double in length even when shortest, because they have to persuade as well as threaten, or whether they shall only threaten and be of half the length.

MEGILLUS: The shorter form, Stranger, would be more in accordance with Lacedaemonian custom; although, for my own part, if any one were to ask me which I myself prefer in the state, I should certainly determine in favour of the longer; and I would have every law made after the same pattern, if I had to choose. But I think that Cleinias is the person to be consulted, for his is the state which is going to use these laws.

CLEINIAS: Thank you, Megillus.

ATHENIAN: Whether, in the abstract, words are to be many or few, is a very foolish question; the best form, and not the shortest, is to be approved; nor is length at all to be regarded. Of the two forms of law which have been recited, the one is not only twice as good in practical usefulness as the other, but the case is like that of the two kinds of doctors, which I was just now mentioning. And yet legislators never appear to have considered that they have two instruments which they might use in legislation — persuasion and force; for in dealing with the rude and uneducated multitude, they use the one only as far as they can; they do not mingle persuasion with coercion, but employ force pure and simple. Moreover, there is a third point, sweet friends, which ought to be, and never is, regarded in our existing laws.

CLEINIAS: What is it?

ATHENIAN: A point arising out of our previous discussion, which comes into my mind in some mysterious way. All this time, from early dawn until noon, have we been talking about laws in this charming retreat: now we are going to promulgate our laws, and

what has preceded was only the prelude of them. Why do I mention this? For this reason: — Because all discourses and vocal exercises have preludes and overtures, which are a sort of artistic beginnings intended to help the strain which is to be performed; lyric measures and music of every other kind have preludes framed with wonderful care. But of the truer and higher strain of law and politics, no one has ever yet uttered any prelude, or composed or published any, as though there was no such thing in nature. Whereas our present discussion seems to me to imply that there is; — these double laws, of which we were speaking, are not exactly double, but they are in two parts, the law and the prelude of the law. The arbitrary command, which was compared to the commands of doctors, whom we described as of the meaner sort, was the law pure and simple; and that which preceded, and was described by our friend here as being hortatory only, was, although in fact, an exhortation, likewise analogous to the preamble of a discourse. For I imagine that all this language of conciliation, which the legislator has been uttering in the preface of the law, was intended to create good-will in the person whom he addressed, in order that, by reason of this good-will, he might more intelligently receive his command, that is to say, the law. And therefore, in my way of speaking, this is more rightly described as the preamble than as the matter of the law. And I must further proceed to observe, that to all his laws, and to each separately, the legislator should prefix a preamble; he should remember how great will be the difference between them, according as they have, or have not, such preambles, as in the case already given.

CLEINIAS: The lawgiver, if he asks my opinion, will certainly legislate in the form which you advise.

ATHENIAN: I think that you are right, Cleinias, in affirming that all laws have preambles, and that throughout the whole of this work of legislation every single law should have a suitable preamble at the beginning; for that which is to follow is most important, and it makes all the difference whether we clearly remember the preambles or not. Yet we should be wrong in requiring that all laws, small and great alike, should have preambles of the same kind, any more than all

songs or speeches; although they may be natural to all, they are not always necessary, and whether they are to be employed or not has in each case to be left to the judgment of the speaker or the musician, or, in the present instance, of the lawgiver.

CLEINIAS: That I think is most true. And now, Stranger, without delay let us return to the argument, and, as people say in play, make a second and better beginning, if you please, with the principles which we have been laying down, which we never thought of regarding as a preamble before, but of which we may now make a preamble, and not merely consider them to be chance topics of discourse. Let us acknowledge, then, that we have a preamble. About the honour of the Gods and the respect of parents, enough has been already said; and we may proceed to the topics which follow next in order, until the preamble is deemed by you to be complete; and after that you shall go through the laws themselves.

ATHENIAN: I understand you to mean that we have made a sufficient preamble about Gods and demigods, and about parents living or dead; and now you would have us bring the rest of the subject into the light of day?

CLEINIAS: Exactly.

ATHENIAN: After this, as is meet and for the interest of us all, I the speaker, and you the listeners, will try to estimate all that relates to the souls and bodies and properties of the citizens, as regards both their occupations and amusements, and thus arrive, as far as in us lies, at the nature of education. These then are the topics which follow next in order.

CLEINIAS: Very good.

BOOK V.

ATHENIAN: Listen, all ye who have just now heard the laws about Gods, and about our dear forefathers: — Of all the things which a man has, next to the Gods, his soul is the most divine and most truly his own. Now in every man there are two parts: the better and superior, which rules, and the worse and inferior, which serves; and the ruling part of him is always to be preferred to the subject. Wherefore I am right in bidding every one next to the Gods, who are our masters, and those who in order follow them (i.e. the demons), to honour his own soul, which every one seems to honour, but no one honours as he ought; for honour is a divine good, and no evil thing is honourable; and he who thinks that he can honour the soul by word or gift, or any sort of compliance, without making her in any way better, seems to honour her, but honours her not at all. For example, every man, from his very boyhood, fancies that he is able to know everything, and thinks that he honours his soul by praising her, and he is very ready to let her do whatever she may like. But I mean to say that in acting thus he injures his soul, and is far from honouring her; whereas, in our opinion, he ought to honour her as second only to the Gods. Again, when a man thinks that others are to be blamed, and not himself, for the errors which he has committed from time to time, and the many and great evils which befell him in consequence, and is always fancying himself to be exempt and innocent, he is under the idea that he is honouring his soul; whereas the very reverse is the fact, for he is really injuring her. And when, disregarding the word and approval of the legislator, he indulges in pleasure, then again he is far from honouring her; he only dishonours her, and fills her full of evil and remorse; or when he does not endure to the end the labours and fears and sorrows and pains which the legislator approves, but gives way before them, then, by yielding, he does not honour the soul, but by all such conduct he makes her to be dishonourable; nor when he thinks that life at any price is a good, does he honour her, but yet once more he dishonours her; for the soul having a notion that the world below is all evil, he yields to her, and does not resist and teach or convince her that, for aught she knows,

the world of the Gods below, instead of being evil, may be the greatest of all goods. Again, when any one prefers beauty to virtue, what is this but the real and utter dishonour of the soul? For such a preference implies that the body is more honourable than the soul; and this is false, for there is nothing of earthly birth which is more honourable than the heavenly, and he who thinks otherwise of the soul has no idea how greatly he undervalues this wonderful possession; nor, again, when a person is willing, or not unwilling, to acquire dishonest gains, does he then honour his soul with gifts — far otherwise; he sells her glory and honour for a small piece of gold; but all the gold which is under or upon the earth is not enough to give in exchange for virtue. In a word, I may say that he who does not estimate the base and evil, the good and noble, according to the standard of the legislator, and abstain in every possible way from the one and practise the other to the utmost of his power, does not know that in all these respects he is most foully and disgracefully abusing his soul, which is the divinest part of man; for no one, as I may say, ever considers that which is declared to be the greatest penalty of evil-doing — namely, to grow into the likeness of bad men, and growing like them to fly from the conversation of the good, and be cut off from them, and cleave to and follow after the company of the bad. And he who is joined to them must do and suffer what such men by nature do and say to one another, — a suffering which is not justice but retribution; for justice and the just are noble, whereas retribution is the suffering which waits upon injustice; and whether a man escape or endure this, he is miserable, — in the former case, because he is not cured; while in the latter, he perishes in order that the rest of mankind may be saved.

Speaking generally, our glory is to follow the better and improve the inferior, which is susceptible of improvement, as far as this is possible. And of all human possessions, the soul is by nature most inclined to avoid the evil, and track out and find the chief good; which when a man has found, he should take up his abode with it during the remainder of his life. Wherefore the soul also is second (or next to God) in honour; and third, as every one will perceive, comes the honour of the body in natural order. Having determined this, we

have next to consider that there is a natural honour of the body, and that of honours some are true and some are counterfeit. To decide which are which is the business of the legislator; and he, I suspect, would intimate that they are as follows: — Honour is not to be given to the fair body, or to the strong or the swift or the tall, or to the healthy body (although many may think otherwise), any more than to their opposites; but the mean states of all these habits are by far the safest and most moderate; for the one extreme makes the soul braggart and insolent, and the other, illiberal and base; and money, and property, and distinction all go to the same tune. The excess of any of these things is apt to be a source of hatreds and divisions among states and individuals; and the defect of them is commonly a cause of slavery. And, therefore, I would not have any one fond of heaping up riches for the sake of his children, in order that he may leave them as rich as possible. For the possession of great wealth is of no use, either to them or to the state. The condition of youth which is free from flattery, and at the same time not in need of the necessities of life, is the best and most harmonious of all, being in accord and agreement with our nature, and making life to be most entirely free from sorrow. Let parents, then, bequeath to their children not a heap of riches, but the spirit of reverence. We, indeed, fancy that they will inherit reverence from us, if we rebuke them when they show a want of reverence. But this quality is not really imparted to them by the present style of admonition, which only tells them that the young ought always to be reverential. A sensible legislator will rather exhort the elders to reverence the younger, and above all to take heed that no young man sees or hears one of themselves doing or saying anything disgraceful; for where old men have no shame, there young men will most certainly be devoid of reverence. The best way of training the young is to train yourself at the same time; not to admonish them, but to be always carrying out your own admonitions in practice. He who honours his kindred, and reveres those who share in the same Gods and are of the same blood and family, may fairly expect that the Gods who preside over generation will be propitious to him, and will quicken his seed. And he who deems the services which his friends and acquaintances do for him, greater and more important than they themselves deem

them, and his own favours to them less than theirs to him, will have their good-will in the intercourse of life. And surely in his relations to the state and his fellow citizens, he is by far the best, who rather than the Olympic or any other victory of peace or war, desires to win the palm of obedience to the laws of his country, and who, of all mankind, is the person reputed to have obeyed them best through life. In his relations to strangers, a man should consider that a contract is a most holy thing, and that all concerns and wrongs of strangers are more directly dependent on the protection of God, than wrongs done to citizens; for the stranger, having no kindred and friends, is more to be pitied by Gods and men. Wherefore, also, he who is most able to avenge him is most zealous in his cause; and he who is most able is the genius and the god of the stranger, who follow in the train of Zeus, the god of strangers. And for this reason, he who has a spark of caution in him, will do his best to pass through life without sinning against the stranger. And of offences committed, whether against strangers or fellow-countrymen, that against suppliants is the greatest. For the God who witnessed to the agreement made with the suppliant, becomes in a special manner the guardian of the sufferer; and he will certainly not suffer unavenged.

Thus we have fairly described the manner in which a man is to act about his parents, and himself, and his own affairs; and in relation to the state, and his friends, and kindred, both in what concerns his own countrymen, and in what concerns the stranger. We will now consider what manner of man he must be who would best pass through life in respect of those other things which are not matters of law, but of praise and blame only; in which praise and blame educate a man, and make him more tractable and amenable to the laws which are about to be imposed.

Truth is the beginning of every good thing, both to Gods and men; and he who would be blessed and happy, should be from the first a partaker of the truth, that he may live a true man as long as possible, for then he can be trusted; but he is not to be trusted who loves voluntary falsehood, and he who loves involuntary falsehood is a fool. Neither condition is enviable, for the untrustworthy and

ignorant has no friend, and as time advances he becomes known, and lays up in store for himself isolation in crabbed age when life is on the wane: so that, whether his children or friends are alive or not, he is equally solitary. — Worthy of honour is he who does no injustice, and of more than twofold honour, if he not only does no injustice himself, but hinders others from doing any; the first may count as one man, the second is worth many men, because he informs the rulers of the injustice of others. And yet more highly to be esteemed is he who co-operates with the rulers in correcting the citizens as far as he can — he shall be proclaimed the great and perfect citizen, and bear away the palm of virtue. The same praise may be given about temperance and wisdom, and all other goods which may be imparted to others, as well as acquired by a man for himself; he who imparts them shall be honoured as the man of men, and he who is willing, yet is not able, may be allowed the second place; but he who is jealous and will not, if he can help, allow others to partake in a friendly way of any good, is deserving of blame: the good, however, which he has, is not to be undervalued by us because it is possessed by him, but must be acquired by us also to the utmost of our power. Let every man, then, freely strive for the prize of virtue, and let there be no envy. For the unenvious nature increases the greatness of states — he himself contends in the race, blasting the fair fame of no man; but the envious, who thinks that he ought to get the better by defaming others, is less energetic himself in the pursuit of true virtue, and reduces his rivals to despair by his unjust slanders of them. And so he makes the whole city to enter the arena untrained in the practice of virtue, and diminishes her glory as far as in him lies. Now every man should be valiant, but he should also be gentle. From the cruel, or hardly curable, or altogether incurable acts of injustice done to him by others, a man can only escape by fighting and defending himself and conquering, and by never ceasing to punish them; and no man who is not of a noble spirit is able to accomplish this. As to the actions of those who do evil, but whose evil is curable, in the first place, let us remember that the unjust man is not unjust of his own free will. For no man of his own free will would choose to possess the greatest of evils, and least of all in the most honourable part of himself. And the soul, as we said, is of a truth deemed by all men the

most honourable. In the soul, then, which is the most honourable part of him, no one, if he could help, would admit, or allow to continue the greatest of evils (compare Republic). The unrighteous and vicious are always to be pitied in any case; and one can afford to forgive as well as pity him who is curable, and refrain and calm one's anger, not getting into a passion, like a woman, and nursing ill-feeling. But upon him who is incapable of reformation and wholly evil, the vials of our wrath should be poured out; wherefore I say that good men ought, when occasion demands, to be both gentle and passionate.

Of all evils the greatest is one which in the souls of most men is innate, and which a man is always excusing in himself and never correcting; I mean, what is expressed in the saying that 'Every man by nature is and ought to be his own friend.' Whereas the excessive love of self is in reality the source to each man of all offences; for the lover is blinded about the beloved, so that he judges wrongly of the just, the good, and the honourable, and thinks that he ought always to prefer himself to the truth. But he who would be a great man ought to regard, not himself or his interests, but what is just, whether the just act be his own or that of another. Through a similar error men are induced to fancy that their own ignorance is wisdom, and thus we who may be truly said to know nothing, think that we know all things; and because we will not let others act for us in what we do not know, we are compelled to act amiss ourselves. Wherefore let every man avoid excess of self-love, and condescend to follow a better man than himself, not allowing any false shame to stand in the way. There are also minor precepts which are often repeated, and are quite as useful; a man should recollect them and remind himself of them. For when a stream is flowing out, there should be water flowing in too; and recollection flows in while wisdom is departing. Therefore I say that a man should refrain from excess either of laughter or tears, and should exhort his neighbour to do the same; he should veil his immoderate sorrow or joy, and seek to behave with propriety, whether the genius of his good fortune remains with him, or whether at the crisis of his fate, when he seems to be mounting high and steep places, the Gods oppose him in some of his

enterprises. Still he may ever hope, in the case of good men, that whatever afflictions are to befall them in the future God will lessen, and that present evils He will change for the better; and as to the goods which are the opposite of these evils, he will not doubt that they will be added to them, and that they will be fortunate. Such should be men's hopes, and such should be the exhortations with which they admonish one another, never losing an opportunity, but on every occasion distinctly reminding themselves and others of all these things, both in jest and earnest.

Enough has now been said of divine matters, both as touching the practices which men ought to follow, and as to the sort of persons who they ought severally to be. But of human things we have not as yet spoken, and we must; for to men we are discoursing and not to Gods. Pleasures and pains and desires are a part of human nature, and on them every mortal being must of necessity hang and depend with the most eager interest. And therefore we must praise the noblest life, not only as the fairest in appearance, but as being one which, if a man will only taste, and not, while still in his youth, desert for another, he will find to surpass also in the very thing which we all of us desire, — I mean in having a greater amount of pleasure and less of pain during the whole of life. And this will be plain, if a man has a true taste of them, as will be quickly and clearly seen. But what is a true taste? That we have to learn from the argument — the point being what is according to nature, and what is not according to nature. One life must be compared with another, the more pleasurable with the more painful, after this manner: — We desire to have pleasure, but we neither desire nor choose pain; and the neutral state we are ready to take in exchange, not for pleasure but for pain; and we also wish for less pain and greater pleasure, but less pleasure and greater pain we do not wish for; and an equal balance of either we cannot venture to assert that we should desire. And all these differ or do not differ severally in number and magnitude and intensity and equality, and in the opposites of these when regarded as objects of choice, in relation to desire. And such being the necessary order of things, we wish for that life in which there are many great and intense elements of pleasure and pain, and in which the pleasures are

in excess, and do not wish for that in which the opposites exceed; nor, again, do we wish for that in which the elements of either are small and few and feeble, and the pains exceed. And when, as I said before, there is a balance of pleasure and pain in life, this is to be regarded by us as the balanced life; while other lives are preferred by us because they exceed in what we like, or are rejected by us because they exceed in what we dislike. All the lives of men may be regarded by us as bound up in these, and we must also consider what sort of lives we by nature desire. And if we wish for any others, I say that we desire them only through some ignorance and inexperience of the lives which actually exist.

Now, what lives are they, and how many in which, having searched out and beheld the objects of will and desire and their opposites, and making of them a law, choosing, I say, the dear and the pleasant and the best and noblest, a man may live in the happiest way possible? Let us say that the temperate life is one kind of life, and the rational another, and the courageous another, and the healthful another; and to these four let us oppose four other lives — the foolish, the cowardly, the intemperate, the diseased. He who knows the temperate life will describe it as in all things gentle, having gentle pains and gentle pleasures, and placid desires and loves not insane; whereas the intemperate life is impetuous in all things, and has violent pains and pleasures, and vehement and stinging desires, and loves utterly insane; and in the temperate life the pleasures exceed the pains, but in the intemperate life the pains exceed the pleasures in greatness and number and frequency. Hence one of the two lives is naturally and necessarily more pleasant and the other more painful, and he who would live pleasantly cannot possibly choose to live intemperately. And if this is true, the inference clearly is that no man is voluntarily intemperate; but that the whole multitude of men lack temperance in their lives, either from ignorance, or from want of self-control, or both. And the same holds of the diseased and healthy life; they both have pleasures and pains, but in health the pleasure exceeds the pain, and in sickness the pain exceeds the pleasure. Now our intention in choosing the lives is not that the painful should exceed, but the life in which pain is exceeded by pleasure we have determined to be the

more pleasant life. And we should say that the temperate life has the elements both of pleasure and pain fewer and smaller and less frequent than the intemperate, and the wise life than the foolish life, and the life of courage than the life of cowardice; one of each pair exceeding in pleasure and the other in pain, the courageous surpassing the cowardly, and the wise exceeding the foolish. And so the one class of lives exceeds the other class in pleasure; the temperate and courageous and wise and healthy exceed the cowardly and foolish and intemperate and diseased lives; and generally speaking, that which has any virtue, whether of body or soul, is pleasanter than the vicious life, and far superior in beauty and rectitude and excellence and reputation, and causes him who lives accordingly to be infinitely happier than the opposite.

Enough of the preamble; and now the laws should follow; or, to speak more correctly, an outline of them. As, then, in the case of a web or any other tissue, the warp and the woof cannot be made of the same materials (compare *Statesman*), but the warp is necessarily superior as being stronger, and having a certain character of firmness, whereas the woof is softer and has a proper degree of elasticity; — in a similar manner those who are to hold great offices in states, should be distinguished truly in each case from those who have been but slenderly proven by education. Let us suppose that there are two parts in the constitution of a state — one the creation of offices, the other the laws which are assigned to them to administer.

But, before all this, comes the following consideration: — The shepherd or herdsman, or breeder of horses or the like, when he has received his animals will not begin to train them until he has first purified them in a manner which befits a community of animals; he will divide the healthy and unhealthy, and the good breed and the bad breed, and will send away the unhealthy and badly bred to other herds, and tend the rest, reflecting that his labours will be vain and have no effect, either on the souls or bodies of those whom nature and ill nurture have corrupted, and that they will involve in destruction the pure and healthy nature and being of every other animal, if he should neglect to purify them. Now the case of other

animals is not so important — they are only worth introducing for the sake of illustration; but what relates to man is of the highest importance; and the legislator should make enquiries, and indicate what is proper for each one in the way of purification and of any other procedure. Take, for example, the purification of a city — there are many kinds of purification, some easier and others more difficult; and some of them, and the best and most difficult of them, the legislator, if he be also a despot, may be able to effect; but the legislator, who, not being a despot, sets up a new government and laws, even if he attempt the mildest of purgations, may think himself happy if he can complete his work. The best kind of purification is painful, like similar cures in medicine, involving righteous punishment and inflicting death or exile in the last resort. For in this way we commonly dispose of great sinners who are incurable, and are the greatest injury of the whole state. But the milder form of purification is as follows: — when men who have nothing, and are in want of food, show a disposition to follow their leaders in an attack on the property of the rich — these, who are the natural plague of the state, are sent away by the legislator in a friendly spirit as far as he is able; and this dismissal of them is euphemistically termed a colony. And every legislator should contrive to do this at once. Our present case, however, is peculiar. For there is no need to devise any colony or purifying separation under the circumstances in which we are placed. But as, when many streams flow together from many sources, whether springs or mountain torrents, into a single lake, we ought to attend and take care that the confluent waters should be perfectly clear, and in order to effect this, should pump and draw off and divert impurities, so in every political arrangement there may be trouble and danger. But, seeing that we are now only discoursing and not acting, let our selection be supposed to be completed, and the desired purity attained. Touching evil men, who want to join and be citizens of our state, after we have tested them by every sort of persuasion and for a sufficient time, we will prevent them from coming; but the good we will to the utmost of our ability receive as friends with open arms.

Another piece of good fortune must not be forgotten, which, as we

were saying, the Heraclid colony had, and which is also ours, — that we have escaped division of land and the abolition of debts; for these are always a source of dangerous contention, and a city which is driven by necessity to legislate upon such matters can neither allow the old ways to continue, nor yet venture to alter them. We must have recourse to prayers, so to speak, and hope that a slight change may be cautiously effected in a length of time. And such a change can be accomplished by those who have abundance of land, and having also many debtors, are willing, in a kindly spirit, to share with those who are in want, sometimes remitting and sometimes giving, holding fast in a path of moderation, and deeming poverty to be the increase of a man's desires and not the diminution of his property. For this is the great beginning of salvation to a state, and upon this lasting basis may be erected afterwards whatever political order is suitable under the circumstances; but if the change be based upon an unsound principle, the future administration of the country will be full of difficulties. That is a danger which, as I am saying, is escaped by us, and yet we had better say how, if we had not escaped, we might have escaped; and we may venture now to assert that no other way of escape, whether narrow or broad, can be devised but freedom from avarice and a sense of justice — upon this rock our city shall be built; for there ought to be no disputes among citizens about property. If there are quarrels of long standing among them, no legislator of any degree of sense will proceed a step in the arrangement of the state until they are settled. But that they to whom God has given, as He has to us, to be the founders of a new state as yet free from enmity — that they should create themselves enmities by their mode of distributing lands and houses, would be superhuman folly and wickedness.

How then can we rightly order the distribution of the land? In the first place, the number of the citizens has to be determined, and also the number and size of the divisions into which they will have to be formed; and the land and the houses will then have to be apportioned by us as fairly as we can. The number of citizens can only be estimated satisfactorily in relation to the territory and the neighbouring states. The territory must be sufficient to maintain a

certain number of inhabitants in a moderate way of life — more than this is not required; and the number of citizens should be sufficient to defend themselves against the injustice of their neighbours, and also to give them the power of rendering efficient aid to their neighbours when they are wronged. After having taken a survey of their's and their neighbours' territory, we will determine the limits of them in fact as well as in theory. And now, let us proceed to legislate with a view to perfecting the form and outline of our state. The number of our citizens shall be 5040 — this will be a convenient number; and these shall be owners of the land and protectors of the allotment. The houses and the land will be divided in the same way, so that every man may correspond to a lot. Let the whole number be first divided into two parts, and then into three; and the number is further capable of being divided into four or five parts, or any number of parts up to ten. Every legislator ought to know so much arithmetic as to be able to tell what number is most likely to be useful to all cities; and we are going to take that number which contains the greatest and most regular and unbroken series of divisions. The whole of number has every possible division, and the number 5040 can be divided by exactly fifty-nine divisors, and ten of these proceed without interval from one to ten: this will furnish numbers for war and peace, and for all contracts and dealings, including taxes and divisions of the land. These properties of number should be ascertained at leisure by those who are bound by law to know them; for they are true, and should be proclaimed at the foundation of the city, with a view to use. Whether the legislator is establishing a new state or restoring an old and decayed one, in respect of Gods and temples, — the temples which are to be built in each city, and the Gods or demi-gods after whom they are to be called, — if he be a man of sense, he will make no change in anything which the oracle of Delphi, or Dodona, or the God Ammon, or any ancient tradition has sanctioned in whatever manner, whether by apparitions or reputed inspiration of Heaven, in obedience to which mankind have established sacrifices in connexion with mystic rites, either originating on the spot, or derived from Tyrrhenia or Cyprus or some other place, and on the strength of which traditions they have consecrated oracles and images, and altars and temples, and portioned out a sacred domain for each of them.

The least part of all these ought not to be disturbed by the legislator; but he should assign to the several districts some God, or demi-god, or hero, and, in the distribution of the soil, should give to these first their chosen domain and all things fitting, that the inhabitants of the several districts may meet at fixed times, and that they may readily supply their various wants, and entertain one another with sacrifices, and become friends and acquaintances; for there is no greater good in a state than that the citizens should be known to one another. When not light but darkness and ignorance of each other's characters prevails among them, no one will receive the honour of which he is deserving, or the power or the justice to which he is fairly entitled: wherefore, in every state, above all things, every man should take heed that he have no deceit in him, but that he be always true and simple; and that no deceitful person take any advantage of him.

The next move in our pastime of legislation, like the withdrawal of the stone from the holy line in the game of draughts, being an unusual one, will probably excite wonder when mentioned for the first time. And yet, if a man will only reflect and weigh the matter with care, he will see that our city is ordered in a manner which, if not the best, is the second best. Perhaps also some one may not approve this form, because he thinks that such a constitution is ill adapted to a legislator who has not despotic power. The truth is, that there are three forms of government, the best, the second and the third best, which we may just mention, and then leave the selection to the ruler of the settlement. Following this method in the present instance, let us speak of the states which are respectively first, second, and third in excellence, and then we will leave the choice to Cleinias now, or to any one else who may hereafter have to make a similar choice among constitutions, and may desire to give to his state some feature which is congenial to him and which he approves in his own country.

The first and highest form of the state and of the government and of the law is that in which there prevails most widely the ancient saying, that 'Friends have all things in common.' Whether there is anywhere now, or will ever be, this communion of women and children and of

property, in which the private and individual is altogether banished from life, and things which are by nature private, such as eyes and ears and hands, have become common, and in some way see and hear and act in common, and all men express praise and blame and feel joy and sorrow on the same occasions, and whatever laws there are unite the city to the utmost (compare Republic), — whether all this is possible or not, I say that no man, acting upon any other principle, will ever constitute a state which will be truer or better or more exalted in virtue. Whether such a state is governed by Gods or sons of Gods, one, or more than one, happy are the men who, living after this manner, dwell there; and therefore to this we are to look for the pattern of the state, and to cling to this, and to seek with all our might for one which is like this. The state which we have now in hand, when created, will be nearest to immortality and the only one which takes the second place; and after that, by the grace of God, we will complete the third one. And we will begin by speaking of the nature and origin of the second.

Let the citizens at once distribute their land and houses, and not till the land in common, since a community of goods goes beyond their proposed origin, and nurture, and education. But in making the distribution, let the several possessors feel that their particular lots also belong to the whole city; and seeing that the earth is their parent, let them tend her more carefully than children do their mother. For she is a goddess and their queen, and they are her mortal subjects. Such also are the feelings which they ought to entertain to the Gods and demi-gods of the country. And in order that the distribution may always remain, they ought to consider further that the present number of families should be always retained, and neither increased nor diminished. This may be secured for the whole city in the following manner: — Let the possessor of a lot leave the one of his children who is his best beloved, and one only, to be the heir of his dwelling, and his successor in the duty of ministering to the Gods, the state and the family, as well the living members of it as those who are departed when he comes into the inheritance; but of his other children, if he have more than one, he shall give the females in marriage according to the law to be hereafter enacted, and the males he shall distribute as

sons to those citizens who have no children, and are disposed to receive them; or if there should be none such, and particular individuals have too many children, male or female, or too few, as in the case of barrenness — in all these cases let the highest and most honourable magistracy created by us judge and determine what is to be done with the redundant or deficient, and devise a means that the number of 5040 houses shall always remain the same. There are many ways of regulating numbers; for they in whom generation is affluent may be made to refrain (compare Arist. Pol.), and, on the other hand, special care may be taken to increase the number of births by rewards and stigmas, or we may meet the evil by the elder men giving advice and administering rebuke to the younger — in this way the object may be attained. And if after all there be very great difficulty about the equal preservation of the 5040 houses, and there be an excess of citizens, owing to the too great love of those who live together, and we are at our wits' end, there is still the old device often mentioned by us of sending out a colony, which will part friends with us, and be composed of suitable persons. If, on the other hand, there come a wave bearing a deluge of disease, or a plague of war, and the inhabitants become much fewer than the appointed number by reason of bereavement, we ought not to introduce citizens of spurious birth and education, if this can be avoided; but even God is said not to be able to fight against necessity.

Wherefore let us suppose this 'high argument' of ours to address us in the following terms: — Best of men, cease not to honour according to nature similarity and equality and sameness and agreement, as regards number and every good and noble quality. And, above all, observe the aforesaid number 5040 throughout life; in the second place, do not disparage the small and modest proportions of the inheritances which you received in the distribution, by buying and selling them to one another. For then neither will the God who gave you the lot be your friend, nor will the legislator; and indeed the law declares to the disobedient that these are the terms upon which he may or may not take the lot. In the first place, the earth as he is informed is sacred to the Gods; and in the next place, priests and priestesses will offer up prayers over a first,

and second, and even a third sacrifice, that he who buys or sells the houses or lands which he has received, may suffer the punishment which he deserves; and these their prayers they shall write down in the temples, on tablets of cypress-wood, for the instruction of posterity. Moreover they will set a watch over all these things, that they may be observed; — the magistracy which has the sharpest eyes shall keep watch that any infringement of these commands may be discovered and punished as offences both against the law and the God. How great is the benefit of such an ordinance to all those cities, which obey and are administered accordingly, no bad man can ever know, as the old proverb says; but only a man of experience and good habits. For in such an order of things there will not be much opportunity for making money; no man either ought, or indeed will be allowed, to exercise any ignoble occupation, of which the vulgarity is a matter of reproach to a freeman, and should never want to acquire riches by any such means.

Further, the law enjoins that no private man shall be allowed to possess gold and silver, but only coin for daily use, which is almost necessary in dealing with artisans, and for payment of hirelings, whether slaves or immigrants, by all those persons who require the use of them. Wherefore our citizens, as we say, should have a coin passing current among themselves, but not accepted among the rest of mankind; with a view, however, to expeditions and journeys to other lands, — for embassies, or for any other occasion which may arise of sending out a herald, the state must also possess a common Hellenic currency. If a private person is ever obliged to go abroad, let him have the consent of the magistrates and go; and if when he returns he has any foreign money remaining, let him give the surplus back to the treasury, and receive a corresponding sum in the local currency. And if he is discovered to appropriate it, let it be confiscated, and let him who knows and does not inform be subject to curse and dishonour equally him who brought the money, and also to a fine not less in amount than the foreign money which has been brought back. In marrying and giving in marriage, no one shall give or receive any dowry at all; and no one shall deposit money with another whom he does not trust as a friend, nor shall he lend money

upon interest; and the borrower should be under no obligation to repay either capital or interest. That these principles are best, any one may see who compares them with the first principle and intention of a state. The intention, as we affirm, of a reasonable statesman, is not what the many declare to be the object of a good legislator, namely, that the state for the true interests of which he is advising should be as great and as rich as possible, and should possess gold and silver, and have the greatest empire by sea and land; — this they imagine to be the real object of legislation, at the same time adding, inconsistently, that the true legislator desires to have the city the best and happiest possible. But they do not see that some of these things are possible, and some of them are impossible; and he who orders the state will desire what is possible, and will not indulge in vain wishes or attempts to accomplish that which is impossible. The citizen must indeed be happy and good, and the legislator will seek to make him so; but very rich and very good at the same time he cannot be, not, at least, in the sense in which the many speak of riches. For they mean by ‘the rich’ the few who have the most valuable possessions, although the owner of them may quite well be a rogue. And if this is true, I can never assent to the doctrine that the rich man will be happy — he must be good as well as rich. And good in a high degree, and rich in a high degree at the same time, he cannot be. Some one will ask, why not? And we shall answer — Because acquisitions which come from sources which are just and unjust indifferently, are more than double those which come from just sources only; and the sums which are expended neither honourably nor disgracefully, are only half as great as those which are expended honourably and on honourable purposes. Thus, if the one acquires double and spends half, the other who is in the opposite case and is a good man cannot possibly be wealthier than he. The first — I am speaking of the saver and not of the spender — is not always bad; he may indeed in some cases be utterly bad, but, as I was saying, a good man he never is. For he who receives money unjustly as well as justly, and spends neither nor unjustly, will be a rich man if he be also thrifty. On the other hand, the utterly bad is in general profligate, and therefore very poor; while he who spends on noble objects, and acquires wealth by just means only, can hardly be remarkable for riches, any more than he

can be very poor. Our statement, then, is true, that the very rich are not good, and, if they are not good, they are not happy. But the intention of our laws was, that the citizens should be as happy as may be, and as friendly as possible to one another. And men who are always at law with one another, and amongst whom there are many wrongs done, can never be friends to one another, but only those among whom crimes and lawsuits are few and slight. Therefore we say that gold and silver ought not to be allowed in the city, nor much of the vulgar sort of trade which is carried on by lending money, or rearing the meaner kinds of live stock; but only the produce of agriculture, and only so much of this as will not compel us in pursuing it to neglect that for the sake of which riches exist — I mean, soul and body, which without gymnastics, and without education, will never be worth anything; and therefore, as we have said not once but many times, the care of riches should have the last place in our thoughts. For there are in all three things about which every man has an interest; and the interest about money, when rightly regarded, is the third and lowest of them: midway comes the interest of the body; and, first of all, that of the soul; and the state which we are describing will have been rightly constituted if it ordains honours according to this scale. But if, in any of the laws which have been ordained, health has been preferred to temperance, or wealth to health and temperate habits, that law must clearly be wrong. Wherefore, also, the legislator ought often to impress upon himself the question— ‘What do I want?’ and ‘Do I attain my aim, or do I miss the mark?’ In this way, and in this way only, he may acquit himself and free others from the work of legislation.

Let the allottee then hold his lot upon the conditions which we have mentioned.

It would be well that every man should come to the colony having all things equal; but seeing that this is not possible, and one man will have greater possessions than another, for many reasons and in particular in order to preserve equality in special crises of the state, qualifications of property must be unequal, in order that offices and contributions and distributions may be proportioned to the value of

each person's wealth, and not solely to the virtue of his ancestors or himself, nor yet to the strength and beauty of his person, but also to the measure of his wealth or poverty; and so by a law of inequality, which will be in proportion to his wealth, he will receive honours and offices as equally as possible, and there will be no quarrels and disputes. To which end there should be four different standards appointed according to the amount of property: there should be a first and a second and a third and a fourth class, in which the citizens will be placed, and they will be called by these or similar names: they may continue in the same rank, or pass into another in any individual case, on becoming richer from being poorer, or poorer from being richer. The form of law which I should propose as the natural sequel would be as follows: — In a state which is desirous of being saved from the greatest of all plagues — not faction, but rather distraction; — there should exist among the citizens neither extreme poverty, nor, again, excess of wealth, for both are productive of both these evils. Now the legislator should determine what is to be the limit of poverty or wealth. Let the limit of poverty be the value of the lot; this ought to be preserved, and no ruler, nor any one else who aspires after a reputation for virtue, will allow the lot to be impaired in any case. This the legislator gives as a measure, and he will permit a man to acquire double or triple, or as much as four times the amount of this (compare *Arist. Pol.*). But if a person have yet greater riches, whether he has found them, or they have been given to him, or he has made them in business, or has acquired by any stroke of fortune that which is in excess of the measure, if he give back the surplus to the state, and to the Gods who are the patrons of the state, he shall suffer no penalty or loss of reputation; but if he disobeys this our law, any one who likes may inform against him and receive half the value of the excess, and the delinquent shall pay a sum equal to the excess out of his own property, and the other half of the excess shall belong to the Gods. And let every possession of every man, with the exception of the lot, be publicly registered before the magistrates whom the law appoints, so that all suits about money may be easy and quite simple.

The next thing to be noted is, that the city should be placed as nearly as possible in the centre of the country; we should choose a place

which possesses what is suitable for a city, and this may easily be imagined and described. Then we will divide the city into twelve portions, first founding temples to Hestia, to Zeus and to Athene, in a spot which we will call the Acropolis, and surround with a circular wall, making the division of the entire city and country radiate from this point. The twelve portions shall be equalized by the provision that those which are of good land shall be smaller, while those of inferior quality shall be larger. The number of the lots shall be 5040, and each of them shall be divided into two, and every allotment shall be composed of two such sections; one of land near the city, the other of land which is at a distance (compare Arist. Pol.). This arrangement shall be carried out in the following manner: The section which is near the city shall be added to that which is on the borders, and form one lot, and the portion which is next nearest shall be added to the portion which is next farthest; and so of the rest. Moreover, in the two sections of the lots the same principle of equalization of the soil ought to be maintained; the badness and goodness shall be compensated by more and less. And the legislator shall divide the citizens into twelve parts, and arrange the rest of their property, as far as possible, so as to form twelve equal parts; and there shall be a registration of all. After this they shall assign twelve lots to twelve Gods, and call them by their names, and dedicate to each God their several portions, and call the tribes after them. And they shall distribute the twelve divisions of the city in the same way in which they divided the country; and every man shall have two habitations, one in the centre of the country, and the other at the extremity. Enough of the manner of settlement.

Now we ought by all means to consider that there can never be such a happy concurrence of circumstances as we have described; neither can all things coincide as they are wanted. Men who will not take offence at such a mode of living together, and will endure all their life long to have their property fixed at a moderate limit, and to beget children in accordance with our ordinances, and will allow themselves to be deprived of gold and other things which the legislator, as is evident from these enactments, will certainly forbid them; and will endure, further, the situation of the land with the city

in the middle and dwellings round about; — all this is as if the legislator were telling his dreams, or making a city and citizens of wax. There is truth in these objections, and therefore every one should take to heart what I am going to say. Once more, then, the legislator shall appear and address us:— ‘O my friends,’ he will say to us, ‘do not suppose me ignorant that there is a certain degree of truth in your words; but I am of opinion that, in matters which are not present but future, he who exhibits a pattern of that at which he aims, should in nothing fall short of the fairest and truest; and that if he finds any part of this work impossible of execution he should avoid and not execute it, but he should contrive to carry out that which is nearest and most akin to it; you must allow the legislator to perfect his design, and when it is perfected, you should join with him in considering what part of his legislation is expedient and what will arouse opposition; for surely the artist who is to be deemed worthy of any regard at all, ought always to make his work self-consistent.’

Having determined that there is to be a distribution into twelve parts, let us now see in what way this may be accomplished. There is no difficulty in perceiving that the twelve parts admit of the greatest number of divisions of that which they include, or in seeing the other numbers which are consequent upon them, and are produced out of them up to 5040; wherefore the law ought to order phratrises and demes and villages, and also military ranks and movements, as well as coins and measures, dry and liquid, and weights, so as to be commensurable and agreeable to one another. Nor should we fear the appearance of minuteness, if the law commands that all the vessels which a man possesses should have a common measure, when we consider generally that the divisions and variations of numbers have a use in respect of all the variations of which they are susceptible, both in themselves and as measures of height and depth, and in all sounds, and in motions, as well those which proceed in a straight direction, upwards or downwards, as in those which go round and round. The legislator is to consider all these things and to bid the citizens, as far as possible, not to lose sight of numerical order; for no single instrument of youthful education has such mighty power, both as regards domestic economy and politics, and in the arts, as the

study of arithmetic. Above all, arithmetic stirs up him who is by nature sleepy and dull, and makes him quick to learn, retentive, shrewd, and aided by art divine he makes progress quite beyond his natural powers (compare Republic). All such things, if only the legislator, by other laws and institutions, can banish meanness and covetousness from the souls of men, so that they can use them properly and to their own good, will be excellent and suitable instruments of education. But if he cannot, he will unintentionally create in them, instead of wisdom, the habit of craft, which evil tendency may be observed in the Egyptians and Phoenicians, and many other races, through the general vulgarity of their pursuits and acquisitions, whether some unworthy legislator of theirs has been the cause, or some impediment of chance or nature. For we must not fail to observe, O Megillus and Cleinias, that there is a difference in places, and that some beget better men and others worse; and we must legislate accordingly. Some places are subject to strange and fatal influences by reason of diverse winds and violent heats, some by reason of waters; or, again, from the character of the food given by the earth, which not only affects the bodies of men for good or evil, but produces similar results in their souls. And in all such qualities those spots excel in which there is a divine inspiration, and in which the demigods have their appointed lots, and are propitious, not adverse, to the settlers in them. To all these matters the legislator, if he have any sense in him, will attend as far as man can, and frame his laws accordingly. And this is what you, Cleinias, must do, and to matters of this kind you must turn your mind since you are going to colonize a new country.

CLEINIAS: Your words, Athenian Stranger, are excellent, and I will do as you say.

BOOK VI.

ATHENIAN: And now having made an end of the preliminaries we will proceed to the appointment of magistracies.

CLEINIAS: Very good.

ATHENIAN: In the ordering of a state there are two parts: first, the number of the magistracies, and the mode of establishing them; and, secondly, when they have been established, laws again will have to be provided for each of them, suitable in nature and number. But before electing the magistrates let us stop a little and say a word in season about the election of them.

CLEINIAS: What have you got to say?

ATHENIAN: This is what I have to say; — every one can see, that although the work of legislation is a most important matter, yet if a well-ordered city superadd to good laws unsuitable offices, not only will there be no use in having the good laws, — not only will they be ridiculous and useless, but the greatest political injury and evil will accrue from them.

CLEINIAS: Of course.

ATHENIAN: Then now, my friend, let us observe what will happen in the constitution of our intended state. In the first place, you will acknowledge that those who are duly appointed to magisterial power, and their families, should severally have given satisfactory proof of what they are, from youth upward until the time of election; in the next place, those who are to elect should have been trained in habits of law, and be well educated, that they may have a right judgment, and may be able to select or reject men whom they approve or disapprove, as they are worthy of either. But how can we imagine that those who are brought together for the first time, and are strangers to one another, and also uneducated, will avoid making mistakes in the choice of magistrates?

CLEINIAS: Impossible.

ATHENIAN: The matter is serious, and excuses will not serve the turn. I will tell you, then, what you and I will have to do, since you, as you tell me, with nine others, have offered to settle the new state on behalf of the people of Crete, and I am to help you by the invention of the present romance. I certainly should not like to leave the tale wandering all over the world without a head; — a headless monster is such a hideous thing.

CLEINIAS: Excellent, Stranger.

ATHENIAN: Yes; and I will be as good as my word.

CLEINIAS: Let us by all means do as you propose.

ATHENIAN: That we will, by the grace of God, if old age will only permit us.

CLEINIAS: But God will be gracious.

ATHENIAN: Yes; and under his guidance let us consider a further point.

CLEINIAS: What is it?

ATHENIAN: Let us remember what a courageously mad and daring creation this our city is.

CLEINIAS: What had you in your mind when you said that?

ATHENIAN: I had in my mind the free and easy manner in which we are ordaining that the inexperienced colonists shall receive our laws. Now a man need not be very wise, Cleinias, in order to see that no one can easily receive laws at their first imposition. But if we could anyhow wait until those who have been imbued with them from childhood, and have been nurtured in them, and become habituated to them, take their part in the public elections of the state; I say, if this could be accomplished, and rightly accomplished by any way or contrivance — then, I think that there would be very little danger, at the end of the time, of a state thus trained not being

permanent.

CLEINIAS: A reasonable supposition.

ATHENIAN: Then let us consider if we can find any way out of the difficulty; for I maintain, Cleinias, that the Cnosians, above all the other Cretans, should not be satisfied with barely discharging their duty to the colony, but they ought to take the utmost pains to establish the offices which are first created by them in the best and surest manner. Above all, this applies to the selection of the guardians of the law, who must be chosen first of all, and with the greatest care; the others are of less importance.

CLEINIAS: What method can we devise of electing them?

ATHENIAN: This will be the method: — Sons of the Cretans, I shall say to them, inasmuch as the Cnosians have precedence over the other states, they should, in common with those who join this settlement, choose a body of thirty-seven in all, nineteen of them being taken from the settlers, and the remainder from the citizens of Cnosus. Of these latter the Cnosians shall make a present to your colony, and you yourself shall be one of the eighteen, and shall become a citizen of the new state; and if you and they cannot be persuaded to go, the Cnosians may fairly use a little violence in order to make you.

CLEINIAS: But why, Stranger, do not you and Megillus take a part in our new city?

ATHENIAN: O, Cleinias, Athens is proud, and Sparta too; and they are both a long way off. But you and likewise the other colonists are conveniently situated as you describe. I have been speaking of the way in which the new citizens may be best managed under present circumstances; but in after-ages, if the city continues to exist, let the election be on this wise. All who are horse or foot soldiers, or have seen military service at the proper ages when they were severally fitted for it (compare Arist. Pol.), shall share in the election of magistrates; and the election shall be held in whatever temple the state deems most venerable, and every one shall carry his vote to the

altar of the God, writing down on a tablet the name of the person for whom he votes, and his father's name, and his tribe, and ward; and at the side he shall write his own name in like manner. Any one who pleases may take away any tablet which he does not think properly filled up, and exhibit it in the Agora for a period of not less than thirty days. The tablets which are judged to be first, to the number of 300, shall be shown by the magistrates to the whole city, and the citizens shall in like manner select from these the candidates whom they prefer; and this second selection, to the number of 100, shall be again exhibited to the citizens; in the third, let any one who pleases select whom he pleases out of the 100, walking through the parts of victims, and let them choose for magistrates and proclaim the seven-and-thirty who have the greatest number of votes. But who, Cleinias and Megillus, will order for us in the colony all this matter of the magistrates, and the scrutinies of them? If we reflect, we shall see that cities which are in process of construction like ours must have some such persons, who cannot possibly be elected before there are any magistrates; and yet they must be elected in some way, and they are not to be inferior men, but the best possible. For as the proverb says, 'a good beginning is half the business'; and 'to have begun well' is praised by all, and in my opinion is a great deal more than half the business, and has never been praised by any one enough.

CLEINIAS: That is very true.

ATHENIAN: Then let us recognize the difficulty, and make clear to our own minds how the beginning is to be accomplished. There is only one proposal which I have to offer, and that is one which, under our circumstances, is both necessary and expedient.

CLEINIAS: What is it?

ATHENIAN: I maintain that this colony of ours has a father and mother, who are no other than the colonizing state. Well I know that many colonies have been, and will be, at enmity with their parents. But in early days the child, as in a family, loves and is beloved; even if there come a time later when the tie is broken, still, while he is in want of education, he naturally loves his parents and is beloved by

them, and flies to his relatives for protection, and finds in them his only natural allies in time of need; and this parental feeling already exists in the Cnosians, as is shown by their care of the new city; and there is a similar feeling on the part of the young city towards Cnosus. And I repeat what I was saying — for there is no harm in repeating a good thing — that the Cnosians should take a common interest in all these matters, and choose, as far as they can, the eldest and best of the colonists, to the number of not less than a hundred; and let there be another hundred of the Cnosians themselves. These, I say, on their arrival, should have a joint care that the magistrates should be appointed according to law, and that when they are appointed they should undergo a scrutiny. When this has been effected, the Cnosians shall return home, and the new city do the best she can for her own preservation and happiness. I would have the seven-and-thirty now, and in all future time, chosen to fulfil the following duties: — Let them, in the first place, be the guardians of the law; and, secondly, of the registers in which each one registers before the magistrate the amount of his property, excepting four minae which are allowed to citizens of the first class, three allowed to the second, two to the third, and a single mina to the fourth. And if any one, despising the laws for the sake of gain, be found to possess anything more which has not been registered, let all that he has in excess be confiscated, and let him be liable to a suit which shall be the reverse of honourable or fortunate. And let any one who will, indict him on the charge of loving base gains, and proceed against him before the guardians of the law. And if he be cast, let him lose his share of the public possessions, and when there is any public distribution, let him have nothing but his original lot; and let him be written down a condemned man as long as he lives, in some place in which any one who pleases can read about his offences. The guardian of the law shall not hold office longer than twenty years, and shall not be less than fifty years of age when he is elected; or if he is elected when he is sixty years of age, he shall hold office for ten years only; and upon the same principle, he must not imagine that he will be permitted to hold such an important office as that of guardian of the laws after he is seventy years of age, if he live so long.

These are the three first ordinances about the guardians of the law; as the work of legislation progresses, each law in turn will assign to them their further duties. And now we may proceed in order to speak of the election of other officers; for generals have to be elected, and these again must have their ministers, commanders, and colonels of horse, and commanders of brigades of foot, who would be more rightly called by their popular name of brigadiers. The guardians of the law shall propose as generals men who are natives of the city, and a selection from the candidates proposed shall be made by those who are or have been of the age for military service. And if one who is not proposed is thought by somebody to be better than one who is, let him name whom he prefers in the place of whom, and make oath that he is better, and propose him; and whichever of them is approved by vote shall be admitted to the final selection; and the three who have the greatest number of votes shall be appointed generals, and superintendents of military affairs, after previously undergoing a scrutiny, like the guardians of the law. And let the generals thus elected propose twelve brigadiers, one for each tribe; and there shall be a right of counter-proposal as in the case of the generals, and the voting and decision shall take place in the same way. Until the prytanes and council are elected, the guardians of the law shall convene the assembly in some holy spot which is suitable to the purpose, placing the hoplites by themselves, and the cavalry by themselves, and in a third division all the rest of the army. All are to vote for the generals (and for the colonels of horse), but the brigadiers are to be voted for only by those who carry shields (i.e. the hoplites). Let the body of cavalry choose phylarchs for the generals; but captains of light troops, or archers, or any other division of the army, shall be appointed by the generals for themselves. There only remains the appointment of officers of cavalry: these shall be proposed by the same persons who proposed the generals, and the election and the counter-proposal of other candidates shall be arranged in the same way as in the case of the generals, and let the cavalry vote and the infantry look on at the election; the two who have the greatest number of votes shall be the leaders of all the horse. Disputes about the voting may be raised once or twice; but if the dispute be raised a third time, the officers who preside at the several

elections shall decide.

The council shall consist of 30 x 12 members — 360 will be a convenient number for sub-division. If we divide the whole number into four parts of ninety each, we get ninety counsellors for each class. First, all the citizens shall select candidates from the first class; they shall be compelled to vote, and, if they do not, shall be duly fined. When the candidates have been selected, some one shall mark them down; this shall be the business of the first day. And on the following day, candidates shall be selected from the second class in the same manner and under the same conditions as on the previous day; and on the third day a selection shall be made from the third class, at which every one may, if he likes vote, and the three first classes shall be compelled to vote; but the fourth and lowest class shall be under no compulsion, and any member of this class who does not vote shall not be punished. On the fourth day candidates shall be selected from the fourth and smallest class; they shall be selected by all, but he who is of the fourth class shall suffer no penalty, nor he who is of the third, if he be not willing to vote; but he who is of the first or second class, if he does not vote shall be punished; — he who is of the second class shall pay a fine of triple the amount which was exacted at first, and he who is of the first class quadruple. On the fifth day the rulers shall bring out the names noted down, for all the citizens to see, and every man shall choose out of them, under pain, if he do not, of suffering the first penalty; and when they have chosen 180 out of each of the classes, they shall choose one-half of them by lot, who shall undergo a scrutiny: — These are to form the council for the year.

The mode of election which has been described is in a mean between monarchy and democracy, and such a mean the state ought always to observe; for servants and masters never can be friends, nor good and bad, merely because they are declared to have equal privileges. For to unequals equals become unequal, if they are not harmonised by measure; and both by reason of equality, and by reason of inequality, cities are filled with seditions. The old saying, that ‘equality makes friendship,’ is happy and also true; but there is obscurity and

confusion as to what sort of equality is meant. For there are two equalities which are called by the same name, but are in reality in many ways almost the opposite of one another; one of them may be introduced without difficulty, by any state or any legislator in the distribution of honours: this is the rule of measure, weight, and number, which regulates and apportions them. But there is another equality, of a better and higher kind, which is not so easily recognized. This is the judgment of Zeus; among men it avails but little; that little, however, is the source of the greatest good to individuals and states. For it gives to the greater more, and to the inferior less and in proportion to the nature of each; and, above all, greater honour always to the greater virtue, and to the less less; and to either in proportion to their respective measure of virtue and education. And this is justice, and is ever the true principle of states, at which we ought to aim, and according to this rule order the new city which is now being founded, and any other city which may be hereafter founded. To this the legislator should look, — not to the interests of tyrants one or more, or to the power of the people, but to justice always; which, as I was saying, is the distribution of natural equality among unequals in each case. But there are times at which every state is compelled to use the words, ‘just,’ ‘equal,’ in a secondary sense, in the hope of escaping in some degree from factions. For equity and indulgence are infractions of the perfect and strict rule of justice. And this is the reason why we are obliged to use the equality of the lot, in order to avoid the discontent of the people; and so we invoke God and fortune in our prayers, and beg that they themselves will direct the lot with a view to supreme justice. And therefore, although we are compelled to use both equalities, we should use that into which the element of chance enters as seldom as possible.

Thus, O my friends, and for the reasons given, should a state act which would endure and be saved. But as a ship sailing on the sea has to be watched night and day, in like manner a city also is sailing on a sea of politics, and is liable to all sorts of insidious assaults; and therefore from morning to night, and from night to morning, rulers must join hands with rulers, and watchers with watchers, receiving

and giving up their trust in a perpetual succession. Now a multitude can never fulfil a duty of this sort with anything like energy. Moreover, the greater number of the senators will have to be left during the greater part of the year to order their concerns at their own homes. They will therefore have to be arranged in twelve portions, answering to the twelve months, and furnish guardians of the state, each portion for a single month. Their business is to be at hand and receive any foreigner or citizen who comes to them, whether to give information, or to put one of those questions, to which, when asked by other cities, a city should give an answer, and to which, if she ask them herself, she should receive an answer; or again, when there is a likelihood of internal commotions, which are always liable to happen in some form or other, they will, if they can, prevent their occurring; or if they have already occurred, will lose no time in making them known to the city, and healing the evil. Wherefore, also, this which is the presiding body of the state ought always to have the control of their assemblies, and of the dissolutions of them, ordinary as well as extraordinary. All this is to be ordered by the twelfth part of the council, which is always to keep watch together with the other officers of the state during one portion of the year, and to rest during the remaining eleven portions.

Thus will the city be fairly ordered. And now, who is to have the superintendence of the country, and what shall be the arrangement? Seeing that the whole city and the entire country have been both of them divided into twelve portions, ought there not to be appointed superintendents of the streets of the city, and of the houses, and buildings, and harbours, and the agora, and fountains, and sacred domains, and temples, and the like?

CLEINIAS: To be sure there ought.

ATHENIAN: Let us assume, then, that there ought to be servants of the temples, and priests and priestesses. There must also be superintendents of roads and buildings, who will have a care of men, that they may do no harm, and also of beasts, both within the enclosure and in the suburbs. Three kinds of officers will thus have to be appointed, in order that the city may be suitably provided

according to her needs. Those who have the care of the city shall be called wardens of the city; and those who have the care of the agora shall be called wardens of the agora; and those who have the care of the temples shall be called priests. Those who hold hereditary offices as priests or priestesses, shall not be disturbed; but if there be few or none such, as is probable at the foundation of a new city, priests and priestesses shall be appointed to be servants of the Gods who have no servants. Some of our officers shall be elected, and others appointed by lot, those who are of the people and those who are not of the people mingling in a friendly manner in every place and city, that the state may be as far as possible of one mind. The officers of the temples shall be appointed by lot; in this way their election will be committed to God, that He may do what is agreeable to Him. And he who obtains a lot shall undergo a scrutiny, first, as to whether he is sound of body and of legitimate birth; and in the second place, in order to show that he is of a perfectly pure family, not stained with homicide or any similar impiety in his own person, and also that his father and mother have led a similar unstained life. Now the laws about all divine things should be brought from Delphi, and interpreters appointed, under whose direction they should be used. The tenure of the priesthood should always be for a year and no longer; and he who will duly execute the sacred office, according to the laws of religion, must be not less than sixty years of age — the laws shall be the same about priestesses. As for the interpreters, they shall be appointed thus: — Let the twelve tribes be distributed into groups of four, and let each group select four, one out of each tribe within the group, three times; and let the three who have the greatest number of votes (out of the twelve appointed by each group), after undergoing a scrutiny, nine in all, be sent to Delphi, in order that the God may return one out of each triad; their age shall be the same as that of the priests, and the scrutiny of them shall be conducted in the same manner; let them be interpreters for life, and when any one dies let the four tribes select another from the tribe of the deceased. Moreover, besides priests and interpreters, there must be treasurers, who will take charge of the property of the several temples, and of the sacred domains, and shall have authority over the produce and the letting of them; and three of them shall be chosen from the

highest classes for the greater temples, and two for the lesser, and one for the least of all; the manner of their election and the scrutiny of them shall be the same as that of the generals. This shall be the order of the temples.

Let everything have a guard as far as possible. Let the defence of the city be committed to the generals, and taxiarchs, and hipparchs, and phylarchs, and prytanes, and the wardens of the city, and of the agora, when the election of them has been completed. The defence of the country shall be provided for as follows: — The entire land has been already distributed into twelve as nearly as possible equal parts, and let the tribe allotted to a division provide annually for it five wardens of the country and commanders of the watch; and let each body of five have the power of selecting twelve others out of the youth of their own tribe, — these shall be not less than twenty-five years of age, and not more than thirty. And let there be allotted to them severally every month the various districts, in order that they may all acquire knowledge and experience of the whole country. The term of service for commanders and for watchers shall continue during two years. After having had their stations allotted to them, they will go from place to place in regular order, making their round from left to right as their commanders direct them; (when I speak of going to the right, I mean that they are to go to the east). And at the commencement of the second year, in order that as many as possible of the guards may not only get a knowledge of the country at any one season of the year, but may also have experience of the manner in which different places are affected at different seasons of the year, their then commanders shall lead them again towards the left, from place to place in succession, until they have completed the second year. In the third year other wardens of the country shall be chosen and commanders of the watch, five for each division, who are to be the superintendents of the bands of twelve. While on service at each station, their attention shall be directed to the following points: — In the first place, they shall see that the country is well protected against enemies; they shall trench and dig wherever this is required, and, as far as they can, they shall by fortifications keep off the evil-disposed, in order to prevent them from doing any harm to the country or the

property; they shall use the beasts of burden and the labourers whom they find on the spot: these will be their instruments whom they will superintend, taking them, as far as possible, at the times when they are not engaged in their regular business. They shall make every part of the country inaccessible to enemies, and as accessible as possible to friends (compare Arist. Pol.); there shall be ways for man and beasts of burden and for cattle, and they shall take care to have them always as smooth as they can; and shall provide against the rains doing harm instead of good to the land, when they come down from the mountains into the hollow dells; and shall keep in the overflow by the help of works and ditches, in order that the valleys, receiving and drinking up the rain from heaven, and providing fountains and streams in the fields and regions which lie underneath, may furnish even to the dry places plenty of good water. The fountains of water, whether of rivers or of springs, shall be ornamented with plantations and buildings for beauty; and let them bring together the streams in subterraneous channels, and make all things plenteous; and if there be a sacred grove or dedicated precinct in the neighbourhood, they shall conduct the water to the actual temples of the Gods, and so beautify them at all seasons of the year. Everywhere in such places the youth shall make gymnasias for themselves, and warm baths for the aged, placing by them abundance of dry wood, for the benefit of those labouring under disease — there the weary frame of the rustic, worn with toil, will receive a kindly welcome, far better than he would at the hands of a not over-wise doctor.

The building of these and the like works will be useful and ornamental; they will provide a pleasing amusement, but they will be a serious employment too; for the sixty wardens will have to guard their several divisions, not only with a view to enemies, but also with an eye to professing friends. When a quarrel arises among neighbours or citizens, and any one whether slave or freeman wrongs another, let the five wardens decide small matters on their own authority; but where the charge against another relates to greater matters, the seventeen composed of the fives and twelves, shall determine any charges which one man brings against another, not involving more than three minae. Every judge and magistrate shall be

liable to give an account of his conduct in office, except those who, like kings, have the final decision. Moreover, as regards the aforesaid wardens of the country, if they do any wrong to those of whom they have the care, whether by imposing upon them unequal tasks, or by taking the produce of the soil or implements of husbandry without their consent; also if they receive anything in the way of a bribe, or decide suits unjustly, or if they yield to the influences of flattery, let them be publicly dishonoured; and in regard to any other wrong which they do to the inhabitants of the country, if the question be of a mina, let them submit to the decision of the villagers in the neighbourhood; but in suits of greater amount, or in case of lesser, if they refuse to submit, trusting that their monthly removal into another part of the country will enable them to escape — in such cases the injured party may bring his suit in the common court, and if he obtain a verdict he may exact from the defendant, who refused to submit, a double penalty.

The wardens and the overseers of the country, while on their two years' service, shall have common meals at their several stations, and shall all live together; and he who is absent from the common meal, or sleeps out, if only for one day or night, unless by order of his commanders, or by reason of absolute necessity, if the five denounce him and inscribe his name in the agora as not having kept his guard, let him be deemed to have betrayed the city, as far as lay in his power, and let him be disgraced and beaten with impunity by any one who meets him and is willing to punish him. If any of the commanders is guilty of such an irregularity, the whole company of sixty shall see to it, and he who is cognisant of the offence, and does not bring the offender to trial, shall be amenable to the same laws as the younger offender himself, and shall pay a heavier fine, and be incapable of ever commanding the young. The guardians of the law are to be careful inspectors of these matters, and shall either prevent or punish offenders. Every man should remember the universal rule, that he who is not a good servant will not be a good master; a man should pride himself more upon serving well than upon commanding well: first upon serving the laws, which is also the service of the Gods; in the second place, upon having served ancient and

honourable men in the days of his youth. Furthermore, during the two years in which any one is a warden of the country, his daily food ought to be of a simple and humble kind. When the twelve have been chosen, let them and the five meet together, and determine that they will be their own servants, and, like servants, will not have other slaves and servants for their own use, neither will they use those of the villagers and husbandmen for their private advantage, but for the public service only; and in general they should make up their minds to live independently by themselves, servants of each other and of themselves. Further, at all seasons of the year, summer and winter alike, let them be under arms and survey minutely the whole country; thus they will at once keep guard, and at the same time acquire a perfect knowledge of every locality. There can be no more important kind of information than the exact knowledge of a man's own country; and for this as well as for more general reasons of pleasure and advantage, hunting with dogs and other kinds of sports should be pursued by the young. The service to whom this is committed may be called the secret police or wardens of the country; the name does not much signify, but every one who has the safety of the state at heart will use his utmost diligence in this service.

After the wardens of the country, we have to speak of the election of wardens of the agora and of the city. The wardens of the country were sixty in number, and the wardens of the city will be three, and will divide the twelve parts of the city into three; like the former, they shall have care of the ways, and of the different high roads which lead out of the country into the city, and of the buildings, that they may be all made according to law; — also of the waters, which the guardians of the supply preserve and convey to them, care being taken that they may reach the fountains pure and abundant, and be both an ornament and a benefit to the city. These also should be men of influence, and at leisure to take care of the public interest. Let every man propose as warden of the city any one whom he likes out of the highest class, and when the vote has been given on them, and the number is reduced to the six who have the greatest number of votes, let the electing officers choose by lot three out of the six, and when they have undergone a scrutiny let them hold office according

to the laws laid down for them. Next, let the wardens of the agora be elected in like manner, out of the first and second class, five in number: ten are to be first elected, and out of the ten five are to be chosen by lot, as in the election of the wardens of the city: — these when they have undergone a scrutiny are to be declared magistrates. Every one shall vote for every one, and he who will not vote, if he be informed against before the magistrates, shall be fined fifty drachmae, and shall also be deemed a bad citizen. Let any one who likes go to the assembly and to the general council; it shall be compulsory to go on citizens of the first and second class, and they shall pay a fine of ten drachmae if they be found not answering to their names at the assembly. But the third and fourth class shall be under no compulsion, and shall be let off without a fine, unless the magistrates have commanded all to be present, in consequence of some urgent necessity. The wardens of the agora shall observe the order appointed by law for the agora, and shall have the charge of the temples and fountains which are in the agora; and they shall see that no one injures anything, and punish him who does, with stripes and bonds, if he be a slave or stranger; but if he be a citizen who misbehaves in this way, they shall have the power themselves of inflicting a fine upon him to the amount of a hundred drachmae, or with the consent of the wardens of the city up to double that amount. And let the wardens of the city have a similar power of imposing punishments and fines in their own department; and let them impose fines by their own department; and let them impose fines by their own authority, up to a mina, or up to two minae with the consent of the wardens of the agora.

In the next place, it will be proper to appoint directors of music and gymnastic, two kinds of each — of the one kind the business will be education, of the other, the superintendence of contests. In speaking of education, the law means to speak of those who have the care of order and instruction in gymnasia and schools, and of the going to school, and of school buildings for boys and girls; and in speaking of contests, the law refers to the judges of gymnastics and of music; these again are divided into two classes, the one having to do with music, the other with gymnastics; and the same who judge of the

gymnastic contests of men, shall judge of horses; but in music there shall be one set of judges of solo singing, and of imitation — I mean of rhapsodists, players on the harp, the flute and the like, and another who shall judge of choral song. First of all, we must choose directors for the choruses of boys, and men, and maidens, whom they shall follow in the amusement of the dance, and for our other musical arrangements; — one director will be enough for the choruses, and he should be not less than forty years of age. One director will also be enough to introduce the solo singers, and to give judgment on the competitors, and he ought not to be less than thirty years of age. The director and manager of the choruses shall be elected after the following manner: — Let any persons who commonly take an interest in such matters go to the meeting, and be fined if they do not go (the guardians of the law shall judge of their fault), but those who have no interest shall not be compelled. The elector shall propose as director some one who understands music, and he in the scrutiny may be challenged on the one part by those who say he has no skill, and defended on the other hand by those who say that he has. Ten are to be elected by vote, and he of the ten who is chosen by lot shall undergo a scrutiny, and lead the choruses for a year according to law. And in like manner the competitor who wins the lot shall be leader of the solo and concert music for that year; and he who is thus elected shall deliver the award to the judges. In the next place, we have to choose judges in the contests of horses and of men; these shall be selected from the third and also from the second class of citizens, and three first classes shall be compelled to go to the election, but the lowest may stay away with impunity; and let there be three elected by lot out of the twenty who have been chosen previously, and they must also have the vote and approval of the examiners. But if any one is rejected in the scrutiny at any ballot or decision, others shall be chosen in the same manner, and undergo a similar scrutiny.

There remains the minister of the education of youth, male and female; he too will rule according to law; one such minister will be sufficient, and he must be fifty years old, and have children lawfully begotten, both boys and girls by preference, at any rate, one or the other. He who is elected, and he who is the elector, should consider

that of all the great offices of state this is the greatest; for the first shoot of any plant, if it makes a good start towards the attainment of its natural excellence, has the greatest effect on its maturity; and this is not only true of plants, but of animals wild and tame, and also of men. Man, as we say, is a tame or civilized animal; nevertheless, he requires proper instruction and a fortunate nature, and then of all animals he becomes the most divine and most civilized (Arist. Pol.); but if he be insufficiently or ill educated he is the most savage of earthly creatures. Wherefore the legislator ought not to allow the education of children to become a secondary or accidental matter. In the first place, he who would be rightly provident about them, should begin by taking care that he is elected, who of all the citizens is in every way best; him the legislator shall do his utmost to appoint guardian and superintendent. To this end all the magistrates, with the exception of the council and prytanes, shall go to the temple of Apollo, and elect by ballot him of the guardians of the law whom they severally think will be the best superintendent of education. And he who has the greatest number of votes, after he has undergone a scrutiny at the hands of all the magistrates who have been his electors, with the exception of the guardians of the law, — shall hold office for five years; and in the sixth year let another be chosen in like manner to fill his office.

If any one dies while he is holding a public office, and more than thirty days before his term of office expires, let those whose business it is elect another to the office in the same manner as before. And if any one who is entrusted with orphans dies, let the relations both on the father's and mother's side, who are residing at home, including cousins, appoint another guardian within ten days, or be fined a drachma a day for neglect to do so.

A city which has no regular courts of law ceases to be a city; and again, if a judge is silent and says no more in preliminary proceedings than the litigants, as is the case in arbitrations, he will never be able to decide justly; wherefore a multitude of judges will not easily judge well, nor a few if they are bad. The point in dispute between the parties should be made clear; and time, and deliberation,

and repeated examination, greatly tend to clear up doubts. For this reason, he who goes to law with another, should go first of all to his neighbours and friends who know best the questions at issue. And if he be unable to obtain from them a satisfactory decision, let him have recourse to another court; and if the two courts cannot settle the matter, let a third put an end to the suit.

Now the establishment of courts of justice may be regarded as a choice of magistrates, for every magistrate must also be a judge of some things; and the judge, though he be not a magistrate, yet in certain respects is a very important magistrate on the day on which he is determining a suit. Regarding then the judges also as magistrates, let us say who are fit to be judges, and of what they are to be judges, and how many of them are to judge in each suit. Let that be the supreme tribunal which the litigants appoint in common for themselves, choosing certain persons by agreement. And let there be two other tribunals: one for private causes, when a citizen accuses another of wronging him and wishes to get a decision; the other for public causes, in which some citizen is of opinion that the public has been wronged by an individual, and is willing to vindicate the common interests. And we must not forget to mention how the judges are to be qualified, and who they are to be. In the first place, let there be a tribunal open to all private persons who are trying causes one against another for the third time, and let this be composed as follows: — All the officers of state, as well annual as those holding office for a longer period, when the new year is about to commence, in the month following after the summer solstice, on the last day but one of the year, shall meet in some temple, and calling God to witness, shall dedicate one judge from every magistracy to be their first-fruits, choosing in each office him who seems to them to be the best, and whom they deem likely to decide the causes of his fellow-citizens during the ensuing year in the best and holiest manner. And when the election is completed, a scrutiny shall be held in the presence of the electors themselves, and if any one be rejected another shall be chosen in the same manner. Those who have undergone the scrutiny shall judge the causes of those who have declined the inferior courts, and shall give their vote openly.

The councillors and other magistrates who have elected them shall be required to be hearers and spectators of the causes; and any one else may be present who pleases. If one man charges another with having intentionally decided wrong, let him go to the guardians of the law and lay his accusation before them, and he who is found guilty in such a case shall pay damages to the injured party equal to half the injury; but if he shall appear to deserve a greater penalty, the judges shall determine what additional punishment he shall suffer, and how much more he ought to pay to the public treasury, and to the party who brought the suit.

In the judgment of offences against the state, the people ought to participate, for when any one wrongs the state all are wronged, and may reasonably complain if they are not allowed to share in the decision. Such causes ought to originate with the people, and the ought also to have the final decision of them, but the trial of them shall take place before three of the highest magistrates, upon whom the plaintiff and the defendant shall agree; and if they are not able to come to an agreement themselves, the council shall choose one of the two proposed. And in private suits, too, as far as is possible, all should have a share; for he who has no share in the administration of justice, is apt to imagine that he has no share in the state at all. And for this reason there shall be a court of law in every tribe, and the judges shall be chosen by lot; — they shall give their decisions at once, and shall be inaccessible to entreaties. The final judgment shall rest with that court which, as we maintain, has been established in the most incorruptible form of which human things admit: this shall be the court established for those who are unable to get rid of their suits either in the courts of neighbours or of the tribes.

Thus much of the courts of law, which, as I was saying, cannot be precisely defined either as being or not being offices; a superficial sketch has been given of them, in which some things have been told and others omitted. For the right place of an exact statement of the laws respecting suits, under their several heads, will be at the end of the body of legislation; — let us then expect them at the end. Hitherto our legislation has been chiefly occupied with the

appointment of offices. Perfect unity and exactness, extending to the whole and every particular of political administration, cannot be attained to the full, until the discussion shall have a beginning, middle, and end, and is complete in every part. At present we have reached the election of magistrates, and this may be regarded as a sufficient termination of what preceded. And now there need no longer be any delay or hesitation in beginning the work of legislation.

CLEINIAS: I like what you have said, Stranger; and I particularly like your manner of tacking on the beginning of your new discourse to the end of the former one.

ATHENIAN: Thus far, then, the old men's rational pastime has gone off well.

CLEINIAS: You mean, I suppose, their serious and noble pursuit?

ATHENIAN: Perhaps; but I should like to know whether you and I are agreed about a certain thing.

CLEINIAS: About what thing?

ATHENIAN: You know the endless labour which painters expend upon their pictures — they are always putting in or taking out colours, or whatever be the term which artists employ; they seem as if they would never cease touching up their works, which are always being made brighter and more beautiful.

CLEINIAS: I know something of these matters from report, although I have never had any great acquaintance with the art.

ATHENIAN: No matter; we may make use of the illustration notwithstanding: — Suppose that some one had a mind to paint a figure in the most beautiful manner, in the hope that his work instead of losing would always improve as time went on — do you not see that being a mortal, unless he leaves some one to succeed him who will correct the flaws which time may introduce, and be able to add what is left imperfect through the defect of the artist, and who will further brighten up and improve the picture, all his great labour will

last but a short time?

CLEINIAS: True.

ATHENIAN: And is not the aim of the legislator similar? First, he desires that his laws should be written down with all possible exactness; in the second place, as time goes on and he has made an actual trial of his decrees, will he not find omissions? Do you imagine that there ever was a legislator so foolish as not to know that many things are necessarily omitted, which some one coming after him must correct, if the constitution and the order of government is not to deteriorate, but to improve in the state which he has established?

CLEINIAS: Assuredly, that is the sort of thing which every one would desire.

ATHENIAN: And if any one possesses any means of accomplishing this by word or deed, or has any way great or small by which he can teach a person to understand how he can maintain and amend the laws, he should finish what he has to say, and not leave the work incomplete.

CLEINIAS: By all means.

ATHENIAN: And is not this what you and I have to do at the present moment?

CLEINIAS: What have we to do?

ATHENIAN: As we are about to legislate and have chosen our guardians of the law, and are ourselves in the evening of life, and they as compared with us are young men, we ought not only to legislate for them, but to endeavour to make them not only guardians of the law but legislators themselves, as far as this is possible.

CLEINIAS: Certainly; if we can.

ATHENIAN: At any rate, we must do our best.

CLEINIAS: Of course.

ATHENIAN: We will say to them — O friends and saviours of our laws, in laying down any law, there are many particulars which we shall omit, and this cannot be helped; at the same time, we will do our utmost to describe what is important, and will give an outline which you shall fill up. And I will explain on what principle you are to act. Megillus and Cleinias and I have often spoken to one another touching these matters, and we are of opinion that we have spoken well. And we hope that you will be of the same mind with us, and become our disciples, and keep in view the things which in our united opinion the legislator and guardian of the law ought to keep in view. There was one main point about which we were agreed — that a man's whole energies throughout life should be devoted to the acquisition of the virtue proper to a man, whether this was to be gained by study, or habit, or some mode of acquisition, or desire, or opinion, or knowledge — and this applies equally to men and women, old and young — the aim of all should always be such as I have described; anything which may be an impediment, the good man ought to show that he utterly disregards. And if at last necessity plainly compels him to be an outlaw from his native land, rather than bow his neck to the yoke of slavery and be ruled by inferiors, and he has to fly, an exile he must be and endure all such trials, rather than accept another form of government, which is likely to make men worse. These are our original principles; and do you now, fixing your eyes upon the standard of what a man and a citizen ought or ought not to be, praise and blame the laws — blame those which have not this power of making the citizen better, but embrace those which have; and with gladness receive and live in them; bidding a long farewell to other institutions which aim at goods, as they are termed, of a different kind.

Let us proceed to another class of laws, beginning with their foundation in religion. And we must first return to the number 5040 — the entire number had, and has, a great many convenient divisions, and the number of the tribes which was a twelfth part of the whole, being correctly formed by 21×20 ($5040/(21 \times 20)$, i.e., $5040/420 = 12$), also has them. And not only is the whole number divisible by twelve, but also the number of each tribe is divisible by

twelve. Now every portion should be regarded by us as a sacred gift of Heaven, corresponding to the months and to the revolution of the universe (compare Tim.). Every city has a guiding and sacred principle given by nature, but in some the division or distribution has been more right than in others, and has been more sacred and fortunate. In our opinion, nothing can be more right than the selection of the number 5040, which may be divided by all numbers from one to twelve with the single exception of eleven, and that admits of a very easy correction; for if, turning to the dividend (5040), we deduct two families, the defect in the division is cured. And the truth of this may be easily proved when we have leisure. But for the present, trusting to the mere assertion of this principle, let us divide the state; and assigning to each portion some God or son of a God, let us give them altars and sacred rites, and at the altars let us hold assemblies for sacrifice twice in the month — twelve assemblies for the tribes, and twelve for the city, according to their divisions; the first in honour of the Gods and divine things, and the second to promote friendship and ‘better acquaintance,’ as the phrase is, and every sort of good fellowship with one another. For people must be acquainted with those into whose families and whom they marry and with those to whom they give in marriage; in such matters, as far as possible, a man should deem it all important to avoid a mistake, and with this serious purpose let games be instituted (compare Republic) in which youths and maidens shall dance together, seeing one another and being seen naked, at a proper age, and on a suitable occasion, not transgressing the rules of modesty.

The directors of choruses will be the superintendents and regulators of these games, and they, together with the guardians of the law, will legislate in any matters which we have omitted; for, as we said, where there are numerous and minute details, the legislator must leave out something. And the annual officers who have experience, and know what is wanted, must make arrangements and improvements year by year, until such enactments and provisions are sufficiently determined. A ten years’ experience of sacrifices and dances, if extending to all particulars, will be quite sufficient; and if the legislator be alive they shall communicate with him, but if he be

dead then the several officers shall refer the omissions which come under their notice to the guardians of the law, and correct them, until all is perfect; and from that time there shall be no more change, and they shall establish and use the new laws with the others which the legislator originally gave them, and of which they are never, if they can help, to change aught; or, if some necessity overtakes them, the magistrates must be called into counsel, and the whole people, and they must go to all the oracles of the Gods; and if they are all agreed, in that case they may make the change, but if they are not agreed, by no manner of means, and any one who dissents shall prevail, as the law ordains.

Whenever any one over twenty-five years of age, having seen and been seen by others, believes himself to have found a marriage connexion which is to his mind, and suitable for the procreation of children, let him marry if he be still under the age of five-and-thirty years; but let him first hear how he ought to seek after what is suitable and appropriate (compare Arist. Pol.). For, as Cleinias says, every law should have a suitable prelude.

CLEINIAS: You recollect at the right moment, Stranger, and do not miss the opportunity which the argument affords of saying a word in season.

ATHENIAN: I thank you. We will say to him who is born of good parents — O my son, you ought to make such a marriage as wise men would approve. Now they would advise you neither to avoid a poor marriage, nor specially to desire a rich one; but if other things are equal, always to honour inferiors, and with them to form connexions; — this will be for the benefit of the city and of the families which are united; for the equable and symmetrical tends infinitely more to virtue than the unmixed. And he who is conscious of being too headstrong, and carried away more than is fitting in all his actions, ought to desire to become the relation of orderly parents; and he who is of the opposite temper ought to seek the opposite alliance. Let there be one word concerning all marriages: — Every man shall follow, not after the marriage which is most pleasing to himself, but after that which is most beneficial to the state. For

somehow every one is by nature prone to that which is likeliest to himself, and in this way the whole city becomes unequal in property and in disposition; and hence there arise in most states the very results which we least desire to happen. Now, to add to the law an express provision, not only that the rich man shall not marry into the rich family, nor the powerful into the family of the powerful, but that the slower natures shall be compelled to enter into marriage with the quicker, and the quicker with the slower, may awaken anger as well as laughter in the minds of many; for there is a difficulty in perceiving that the city ought to be well mingled like a cup, in which the maddening wine is hot and fiery, but when chastened by a soberer God, receives a fair associate and becomes an excellent and temperate drink (compare *Statesman*). Yet in marriage no one is able to see that the same result occurs. Wherefore also the law must let alone such matters, but we should try to charm the spirits of men into believing the equability of their children's disposition to be of more importance than equality in excessive fortune when they marry; and him who is too desirous of making a rich marriage we should endeavour to turn aside by reproaches, not, however, by any compulsion of written law.

Let this then be our exhortation concerning marriage, and let us remember what was said before — that a man should cling to immortality, and leave behind him children's children to be the servants of God in his place for ever. All this and much more may be truly said by way of prelude about the duty of marriage. But if a man will not listen, and remains unsocial and alien among his fellow-citizens, and is still unmarried at thirty-five years of age, let him pay a yearly fine; — he who of the highest class shall pay a fine of a hundred drachmae, and he who is of the second class a fine of seventy drachmae; the third class shall pay sixty drachmae, and the fourth thirty drachmae, and let the money be sacred to *Here*; he who does not pay the fine annually shall owe ten times the sum, which the treasurer of the goddess shall exact; and if he fails in doing so, let him be answerable and give an account of the money at his audit. He who refuses to marry shall be thus punished in money, and also be deprived of all honour which the younger show to the elder; let no

young man voluntarily obey him, and, if he attempt to punish any one, let every one come to the rescue and defend the injured person, and he who is present and does not come to the rescue, shall be pronounced by the law to be a coward and a bad citizen. Of the marriage portion I have already spoken; and again I say for the instruction of poor men that he who neither gives nor receives a dowry on account of poverty, has a compensation; for the citizens of our state are provided with the necessities of life, and wives will be less likely to be insolent, and husbands to be mean and subservient to them on account of property. And he who obeys this law will do a noble action; but he who will not obey, and gives or receives more than fifty drachmae as the price of the marriage garments if he be of the lowest, or more than a mina, or a mina-and-a-half, if he be of the third or second classes, or two minae if he be of the highest class, shall owe to the public treasury a similar sum, and that which is given or received shall be sacred to Here and Zeus; and let the treasurers of these Gods exact the money, as was said before about the unmarried — that the treasurers of Here were to exact the money, or pay the fine themselves.

The betrothal by a father shall be valid in the first degree, that by a grandfather in the second degree, and in the third degree, betrothal by brothers who have the same father; but if there are none of these alive, the betrothal by a mother shall be valid in like manner; in cases of unexampled fatality, the next of kin and the guardians shall have authority. What are to be the rites before marriages, or any other sacred acts, relating either to future, present, or past marriages, shall be referred to the interpreters; and he who follows their advice may be satisfied. Touching the marriage festival, they shall assemble not more than five male and five female friends of both families; and a like number of members of the family of either sex, and no man shall spend more than his means will allow; he who is of the richest class may spend a mina, — he who is of the second, half a mina, and in the same proportion as the census of each decreases: all men shall praise him who is obedient to the law; but he who is disobedient shall be punished by the guardians of the law as a man wanting in true taste, and uninstructed in the laws of bridal song. Drunkenness is always

improper, except at the festivals of the God who gave wine; and peculiarly dangerous, when a man is engaged in the business of marriage; at such a crisis of their lives a bride and bridegroom ought to have all their wits about them — they ought to take care that their offspring may be born of reasonable beings; for on what day or night Heaven will give them increase, who can say? Moreover, they ought not to begetting children when their bodies are dissipated by intoxication, but their offspring should be compact and solid, quiet and compounded properly; whereas the drunkard is all abroad in all his actions, and beside himself both in body and soul. Wherefore, also, the drunken man is bad and unsteady in sowing the seed of increase, and is likely to beget offspring who will be unstable and untrustworthy, and cannot be expected to walk straight either in body or mind. Hence during the whole year and all his life long, and especially while he is begetting children, he ought to take care and not intentionally do what is injurious to health, or what involves insolence and wrong; for he cannot help leaving the impression of himself on the souls and bodies of his offspring, and he begets children in every way inferior. And especially on the day and night of marriage should a man abstain from such things. For the beginning, which is also a God dwelling in man, preserves all things, if it meet with proper respect from each individual. He who marries is further to consider, that one of the two houses in the lot is the nest and nursery of his young, and there he is to marry and make a home for himself and bring up his children, going away from his father and mother. For in friendships there must be some degree of desire, in order to cement and bind together diversities of character; but excessive intercourse not having the desire which is created by time, insensibly dissolves friendships from a feeling of satiety; wherefore a man and his wife shall leave to his and her father and mother their own dwelling-places, and themselves go as to a colony and dwell there, and visit and be visited by their parents; and they shall beget and bring up children, handing on the torch of life from one generation to another, and worshipping the Gods according to law for ever.

In the next place, we have to consider what sort of property will be

most convenient. There is no difficulty either in understanding or acquiring most kinds of property, but there is great difficulty in what relates to slaves. And the reason is, that we speak about them in a way which is right and which is not right; for what we say about our slaves is consistent and also inconsistent with our practice about them.

MEGILLUS: I do not understand, Stranger, what you mean.

ATHENIAN: I am not surprised, Megillus, for the state of the Helots among the Lacedaemonians is of all Hellenic forms of slavery the most controverted and disputed about, some approving and some condemning it; there is less dispute about the slavery which exists among the Heracleots, who have subjugated the Mariandynians, and about the Thessalian Penestae. Looking at these and the like examples, what ought we to do concerning property in slaves? I made a remark, in passing, which naturally elicited a question about my meaning from you. It was this: — We know that all would agree that we should have the best and most attached slaves whom we can get. For many a man has found his slaves better in every way than brethren or sons, and many times they have saved the lives and property of their masters and their whole house — such tales are well known.

MEGILLUS: To be sure.

ATHENIAN: But may we not also say that the soul of the slave is utterly corrupt, and that no man of sense ought to trust them? And the wisest of our poets, speaking of Zeus, says:

‘Far-seeing Zeus takes away half the understanding of men whom the day of slavery subdues.’

Different persons have got these two different notions of slaves in their minds — some of them utterly distrust their servants, and, as if they were wild beasts, chastise them with goads and whips, and make their souls three times, or rather many times, as slavish as they were before; — and others do just the opposite.

MEGILLUS: True.

CLEINIAS: Then what are we to do in our own country, Stranger, seeing that there are such differences in the treatment of slaves by their owners?

ATHENIAN: Well, Cleinias, there can be no doubt that man is a troublesome animal, and therefore he is not very manageable, nor likely to become so, when you attempt to introduce the necessary division of slave, and freeman, and master.

CLEINIAS: That is obvious.

ATHENIAN: He is a troublesome piece of goods, as has been often shown by the frequent revolts of the Messenians, and the great mischiefs which happen in states having many slaves who speak the same language, and the numerous robberies and lawless life of the Italian banditti, as they are called. A man who considers all this is fairly at a loss. Two remedies alone remain to us, — not to have the slaves of the same country, nor if possible, speaking the same language (compare Aris. Pol.); in this way they will more easily be held in subjection: secondly, we should tend them carefully, not only out of regard to them, but yet more out of respect to ourselves. And the right treatment of slaves is to behave properly to them, and to do to them, if possible, even more justice than to those who are our equals; for he who naturally and genuinely reverences justice, and hates injustice, is discovered in his dealings with any class of men to whom he can easily be unjust. And he who in regard to the natures and actions of his slaves is undefiled by impiety and injustice, will best sow the seeds of virtue in them; and this may be truly said of every master, and tyrant, and of every other having authority in relation to his inferiors. Slaves ought to be punished as they deserve, and not admonished as if they were freemen, which will only make them conceited. The language used to a servant ought always to be that of a command (compare Arist. Pol.), and we ought not to jest with them, whether they are males or females — this is a foolish way which many people have of setting up their slaves, and making the life of servitude more disagreeable both for them and for their

masters.

CLEINIAS: True.

ATHENIAN: Now that each of the citizens is provided, as far as possible, with a sufficient number of suitable slaves who can help him in what he has to do, we may next proceed to describe their dwellings.

CLEINIAS: Very good.

ATHENIAN: The city being new and hitherto uninhabited, care ought to be taken of all the buildings, and the manner of building each of them, and also of the temples and walls. These, Cleinias, were matters which properly came before the marriages; — but, as we are only talking, there is no objection to changing the order. If, however, our plan of legislation is ever to take effect, then the house shall precede the marriage if God so will, and afterwards we will come to the regulations about marriage; but at present we are only describing these matters in a general outline.

CLEINIAS: Quite true.

ATHENIAN: The temples are to be placed all round the agora, and the whole city built on the heights in a circle (compare Arist. Pol.), for the sake of defence and for the sake of purity. Near the temples are to be placed buildings for the magistrates and the courts of law; in these plaintiff and defendant will receive their due, and the places will be regarded as most holy, partly because they have to do with holy things: and partly because they are the dwelling-places of holy Gods: and in them will be held the courts in which cases of homicide and other trials of capital offences may fitly take place. As to the walls, Megillus, I agree with Sparta in thinking that they should be allowed to sleep in the earth, and that we should not attempt to disinter them (compare Arist. Pol.); there is a poetical saying, which is finely expressed, that ‘walls ought to be of steel and iron, and not of earth;’ besides, how ridiculous of us to be sending out our young men annually into the country to dig and to trench, and to keep off the enemy by fortifications, under the idea that they are not to be

allowed to set foot in our territory, and then, that we should surround ourselves with a wall, which, in the first place, is by no means conducive to the health of cities, and is also apt to produce a certain effeminacy in the minds of the inhabitants, inviting men to run thither instead of repelling their enemies, and leading them to imagine that their safety is due not to their keeping guard day and night, but that when they are protected by walls and gates, then they may sleep in safety; as if they were not meant to labour, and did not know that true repose comes from labour, and that disgraceful indolence and a careless temper of mind is only the renewal of trouble. But if men must have walls, the private houses ought to be so arranged from the first that the whole city may be one wall, having all the houses capable of defence by reason of their uniformity and equality towards the streets (compare Arist. Pol.). The form of the city being that of a single dwelling will have an agreeable aspect, and being easily guarded will be infinitely better for security. Until the original building is completed, these should be the principal objects of the inhabitants; and the wardens of the city should superintend the work, and should impose a fine on him who is negligent; and in all that relates to the city they should have a care of cleanliness, and not allow a private person to encroach upon any public property either by buildings or excavations. Further, they ought to take care that the rains from heaven flow off easily, and of any other matters which may have to be administered either within or without the city. The guardians of the law shall pass any further enactments which their experience may show to be necessary, and supply any other points in which the law may be deficient. And now that these matters, and the buildings about the agora, and the gymnasia, and places of instruction, and theatres, are all ready and waiting for scholars and spectators, let us proceed to the subjects which follow marriage in the order of legislation.

CLEINIAS: By all means.

ATHENIAN: Assuming that marriages exist already, Cleinias, the mode of life during the year after marriage, before children are born, will follow next in order. In what way bride and bridegroom ought to

live in a city which is to be superior to other cities, is a matter not at all easy for us to determine. There have been many difficulties already, but this will be the greatest of them, and the most disagreeable to the many. Still I cannot but say what appears to me to be right and true, Cleinias.

CLEINIAS: Certainly.

ATHENIAN: He who imagines that he can give laws for the public conduct of states, while he leaves the private life of citizens wholly to take care of itself; who thinks that individuals may pass the day as they please, and that there is no necessity of order in all things; he, I say, who gives up the control of their private lives, and supposes that they will conform to law in their common and public life, is making a great mistake. Why have I made this remark? Why, because I am going to enact that the bridegrooms should live at the common tables, just as they did before marriage. This was a singularity when first enacted by the legislator in your parts of the world, Megillus and Cleinias, as I should suppose, on the occasion of some war or other similar danger, which caused the passing of the law, and which would be likely to occur in thinly-peopled places, and in times of pressure. But when men had once tried and been accustomed to a common table, experience showed that the institution greatly conduced to security; and in some such manner the custom of having common tables arose among you.

CLEINIAS: Likely enough.

ATHENIAN: I said that there may have been singularity and danger in imposing such a custom at first, but that now there is not the same difficulty. There is, however, another institution which is the natural sequel to this, and would be excellent, if it existed anywhere, but at present it does not. The institution of which I am about to speak is not easily described or executed; and would be like the legislator 'combing wool into the fire,' as people say, or performing any other impossible and useless feat.

CLEINIAS: What is the cause, Stranger, of this extreme hesitation?

ATHENIAN: You shall hear without any fruitless loss of time. That which has law and order in a state is the cause of every good, but that which is disordered or ill-ordered is often the ruin of that which is well-ordered; and at this point the argument is now waiting. For with you, Cleinias and Megillus, the common tables of men are, as I said, a heaven-born and admirable institution, but you are mistaken in leaving the women unregulated by law. They have no similar institution of public tables in the light of day, and just that part of the human race which is by nature prone to secrecy and stealth on account of their weakness — I mean the female sex — has been left without regulation by the legislator, which is a great mistake. And, in consequence of this neglect, many things have grown lax among you, which might have been far better, if they had been only regulated by law; for the neglect of regulations about women may not only be regarded as a neglect of half the entire matter (Arist. Pol.), but in proportion as woman's nature is inferior to that of men in capacity for virtue, in that degree the consequence of such neglect is more than twice as important. The careful consideration of this matter, and the arranging and ordering on a common principle of all our institutions relating both to men and women, greatly conduces to the happiness of the state. But at present, such is the unfortunate condition of mankind, that no man of sense will even venture to speak of common tables in places and cities in which they have never been established at all; and how can any one avoid being utterly ridiculous, who attempts to compel women to show in public how much they eat and drink? There is nothing at which the sex is more likely to take offence. For women are accustomed to creep into dark places, and when dragged out into the light they will exert their utmost powers of resistance, and be far too much for the legislator. And therefore, as I said before, in most places they will not endure to have the truth spoken without raising a tremendous outcry, but in this state perhaps they may. And if we may assume that our whole discussion about the state has not been mere idle talk, I should like to prove to you, if you will consent to listen, that this institution is good and proper; but if you had rather not, I will refrain.

CLEINIAS: There is nothing which we should both of us like better,

Stranger, than to hear what you have to say.

ATHENIAN: Very good; and you must not be surprised if I go back a little, for we have plenty of leisure, and there is nothing to prevent us from considering in every point of view the subject of law.

CLEINIAS: True.

ATHENIAN: Then let us return once more to what we were saying at first. Every man should understand that the human race either had no beginning at all, and will never have an end, but always will be and has been; or that it began an immense while ago.

CLEINIAS: Certainly.

ATHENIAN: Well, and have there not been constitutions and destructions of states, and all sorts of pursuits both orderly and disorderly, and diverse desires of meats and drinks always, and in all the world, and all sorts of changes of the seasons in which animals may be expected to have undergone innumerable transformations of themselves?

CLEINIAS: No doubt.

ATHENIAN: And may we not suppose that vines appeared, which had previously no existence, and also olives, and the gifts of Demeter and her daughter, of which one Triptolemus was the minister, and that, before these existed, animals took to devouring each other as they do still?

CLEINIAS: True.

ATHENIAN: Again, the practice of men sacrificing one another still exists among many nations; while, on the other hand, we hear of other human beings who did not even venture to taste the flesh of a cow and had no animal sacrifices, but only cakes and fruits dipped in honey, and similar pure offerings, but no flesh of animals; from these they abstained under the idea that they ought not to eat them, and might not stain the altars of the Gods with blood. For in those days men are said to have lived a sort of Orphic life, having the use of all

lifeless things, but abstaining from all living things.

CLEINIAS: Such has been the constant tradition, and is very likely true.

ATHENIAN: Some one might say to us, What is the drift of all this?

CLEINIAS: A very pertinent question, Stranger.

ATHENIAN: And therefore I will endeavour, Cleinias, if I can, to draw the natural inference.

CLEINIAS: Proceed.

ATHENIAN: I see that among men all things depend upon three wants and desires, of which the end is virtue, if they are rightly led by them, or the opposite if wrongly. Now these are eating and drinking, which begin at birth — every animal has a natural desire for them, and is violently excited, and rebels against him who says that he must not satisfy all his pleasures and appetites, and get rid of all the corresponding pains — and the third and greatest and sharpest want and desire breaks out last, and is the fire of sexual lust, which kindles in men every species of wantonness and madness. And these three disorders we must endeavour to master by the three great principles of fear and law and right reason; turning them away from that which is called pleasantest to the best, using the Muses and the Gods who preside over contests to extinguish their increase and influx.

But to return: — After marriage let us speak of the birth of children, and after their birth of their nurture and education. In the course of discussion the several laws will be perfected, and we shall at last arrive at the common tables. Whether such associations are to be confined to men, or extended to women also, we shall see better when we approach and take a nearer view of them; and we may then determine what previous institutions are required and will have to precede them. As I said before, we shall see them more in detail, and shall be better able to lay down the laws which are proper or suited to them.

CLEINIAS: Very true.

ATHENIAN: Let us keep in mind the words which have now been spoken; for hereafter there may be need of them.

CLEINIAS: What do you bid us keep in mind?

ATHENIAN: That which we comprehended under the three words — first, eating, secondly, drinking, thirdly, the excitement of love.

CLEINIAS: We shall be sure to remember, Stranger.

ATHENIAN: Very good. Then let us now proceed to marriage, and teach persons in what way they shall beget children, threatening them, if they disobey, with the terrors of the law.

CLEINIAS: What do you mean?

ATHENIAN: The bride and bridegroom should consider that they are to produce for the state the best and fairest specimens of children which they can. Now all men who are associated in any action always succeed when they attend and give their mind to what they are doing, but when they do not give their mind or have no mind, they fail; wherefore let the bridegroom give his mind to the bride and to the begetting of children, and the bride in like manner give her mind to the bridegroom, and particularly at the time when their children are not yet born. And let the women whom we have chosen be the overseers of such matters, and let them in whatever number, large or small, and at whatever time the magistrates may command, assemble every day in the temple of Eileithyia during a third part of the day, and being there assembled, let them inform one another of any one whom they see, whether man or woman, of those who are begetting children, disregarding the ordinances given at the time when the nuptial sacrifices and ceremonies were performed. Let the begetting of children and the supervision of those who are begetting them continue ten years and no longer, during the time when marriage is fruitful. But if any continue without children up to this time, let them take counsel with their kindred and with the women holding the office of overseer and be divorced for their mutual

benefit. If, however, any dispute arises about what is proper and for the interest of either party, they shall choose ten of the guardians of the law and abide by their permission and appointment. The women who preside over these matters shall enter into the houses of the young, and partly by admonitions and partly by threats make them give over their folly and error: if they persist, let the women go and tell the guardians of the law, and the guardians shall prevent them. But if they too cannot prevent them, they shall bring the matter before the people; and let them write up their names and make oath that they cannot reform such and such an one; and let him who is thus written up, if he cannot in a court of law convict those who have inscribed his name, be deprived of the privileges of a citizen in the following respects: — let him not go to weddings nor to the thanksgivings after the birth of children; and if he go, let any one who pleases strike him with impunity; and let the same regulations hold about women: let not a woman be allowed to appear abroad, or receive honour, or go to nuptial and birthday festivals, if she in like manner be written up as acting disorderly and cannot obtain a verdict. And if, when they themselves have done begetting children according to the law, a man or woman have connexion with another man or woman who are still begetting children, let the same penalties be inflicted upon them as upon those who are still having a family; and when the time for procreation has passed let the man or woman who refrains in such matters be held in esteem, and let those who do not refrain be held in the contrary of esteem — that is to say, disesteem. Now, if the greater part of mankind behave modestly, the enactments of law may be left to slumber; but, if they are disorderly, the enactments having been passed, let them be carried into execution. To every man the first year is the beginning of life, and the time of birth ought to be written down in the temples of their fathers as the beginning of existence to every child, whether boy or girl. Let every phratria have inscribed on a whited wall the names of the successive archons by whom the years are reckoned. And near to them let the living members of the phratria be inscribed, and when they depart life let them be erased. The limit of marriageable ages for a woman shall be from sixteen to twenty years at the longest, — for a man, from thirty to thirty-five years; and let a woman hold office at

forty, and a man at thirty years. Let a man go out to war from twenty to sixty years, and for a woman, if there appear any need to make use of her in military service, let the time of service be after she shall have brought forth children up to fifty years of age; and let regard be had to what is possible and suitable to each.

BOOK VII.

And now, assuming children of both sexes to have been born, it will be proper for us to consider, in the next place, their nurture and education; this cannot be left altogether unnoticed, and yet may be thought a subject fitted rather for precept and admonition than for law. In private life there are many little things, not always apparent, arising out of the pleasures and pains and desires of individuals, which run counter to the intention of the legislator, and make the characters of the citizens various and dissimilar: — this is an evil in states; for by reason of their smallness and frequent occurrence, there would be an unseemliness and want of propriety in making them penal by law; and if made penal, they are the destruction of the written law because mankind get the habit of frequently transgressing the law in small matters. The result is that you cannot legislate about them, and still less can you be silent. I speak somewhat darkly, but I shall endeavour also to bring my wares into the light of day, for I acknowledge that at present there is a want of clearness in what I am saying.

CLEINIAS: Very true.

ATHENIAN. Am I not right in maintaining that a good education is that which tends most to the improvement of mind and body?

CLEINIAS: Undoubtedly.

ATHENIAN: And nothing can be plainer than that the fairest bodies are those which grow up from infancy in the best and straightest manner?

CLEINIAS: Certainly.

ATHENIAN: And do we not further observe that the first shoot of every living thing is by far the greatest and fullest? Many will even contend that a man at twenty-five does not reach twice the height which he attained at five.

CLEINIAS: True.

ATHENIAN: Well, and is not rapid growth without proper and abundant exercise the source endless evils in the body?

CLEINIAS: Yes.

ATHENIAN: And the body should have the most exercise when it receives most nourishment?

CLEINIAS: But, Stranger, are we to impose this great amount of exercise upon newly-born infants?

ATHENIAN: Nay, rather on the bodies of infants still unborn.

CLEINIAS: What do you mean, my good sir? In the process of gestation?

ATHENIAN: Exactly. I am not at all surprised that you have never heard of this very peculiar sort of gymnastic applied to such little creatures, which, although strange, I will endeavour to explain to you.

CLEINIAS: By all means.

ATHENIAN: The practice is more easy for us to understand than for you, by reason of certain amusements which are carried to excess by us at Athens. Not only boys, but often older persons, are in the habit of keeping quails and cocks (compare Republic), which they train to fight one another. And they are far from thinking that the contests in which they stir them up to fight with one another are sufficient exercise; for, in addition to this, they carry them about tucked beneath their armpits, holding the smaller birds in their hands, the larger under their arms, and go for a walk of a great many miles for the sake of health, that is to say, not their own health, but the health of the birds; whereby they prove to any intelligent person, that all bodies are benefited by shakings and movements, when they are moved without weariness, whether the motion proceeds from themselves, or is caused by a swing, or at sea, or on horseback, or by other bodies in whatever way moving, and that thus gaining the

mastery over food and drink, they are able to impart beauty and health and strength. But admitting all this, what follows? Shall we make a ridiculous law that the pregnant woman shall walk about and fashion the embryo within as we fashion wax before it hardens, and after birth swathe the infant for two years? Suppose that we compel nurses, under penalty of a legal fine, to be always carrying the children somewhere or other, either to the temples, or into the country, or to their relations' houses, until they are well able to stand, and to take care that their limbs are not distorted by leaning on them when they are too young (compare Arist. Pol.), — they should continue to carry them until the infant has completed its third year; the nurses should be strong, and there should be more than one of them. Shall these be our rules, and shall we impose a penalty for the neglect of them? No, no; the penalty of which we were speaking will fall upon our own heads more than enough.

CLEINIAS: What penalty?

ATHENIAN: Ridicule, and the difficulty of getting the feminine and servant-like dispositions of the nurses to comply.

CLEINIAS: Then why was there any need to speak of the matter at all?

ATHENIAN: The reason is, that masters and freemen in states, when they hear of it, are very likely to arrive at a true conviction that without due regulation of private life in cities, stability in the laying down of laws is hardly to be expected (compare Republic); and he who makes this reflection may himself adopt the laws just now mentioned, and, adopting them, may order his house and state well and be happy.

CLEINIAS: Likely enough.

ATHENIAN: And therefore let us proceed with our legislation until we have determined the exercises which are suited to the souls of young children, in the same manner in which we have begun to go through the rules relating to their bodies.

CLEINIAS: By all means.

ATHENIAN: Let us assume, then, as a first principle in relation both to the body and soul of very young creatures, that nursing and moving about by day and night is good for them all, and that the younger they are, the more they will need it (compare Arist. Pol.); infants should live, if that were possible, as if they were always rocking at sea. This is the lesson which we may gather from the experience of nurses, and likewise from the use of the remedy of motion in the rites of the Corybantes; for when mothers want their restless children to go to sleep they do not employ rest, but, on the contrary, motion — rocking them in their arms; nor do they give them silence, but they sing to them and lap them in sweet strains; and the Bacchic women are cured of their frenzy in the same manner by the use of the dance and of music.

CLEINIAS: Well, Stranger, and what is the reason of this?

ATHENIAN: The reason is obvious.

CLEINIAS: What?

ATHENIAN: The affection both of the Bacchantes and of the children is an emotion of fear, which springs out of an evil habit of the soul. And when some one applies external agitation to affections of this sort, the motion coming from without gets the better of the terrible and violent internal one, and produces a peace and calm in the soul, and quiets the restless palpitation of the heart, which is a thing much to be desired, sending the children to sleep, and making the Bacchantes, although they remain awake, to dance to the pipe with the help of the Gods to whom they offer acceptable sacrifices, and producing in them a sound mind, which takes the place of their frenzy. And, to express what I mean in a word, there is a good deal to be said in favour of this treatment.

CLEINIAS: Certainly.

ATHENIAN: But if fear has such a power we ought to infer from these facts, that every soul which from youth upward has been

familiar with fears, will be made more liable to fear (compare Republic), and every one will allow that this is the way to form a habit of cowardice and not of courage.

CLEINIAS: No doubt.

ATHENIAN: And, on the other hand, the habit of overcoming, from our youth upwards, the fears and terrors which beset us, may be said to be an exercise of courage.

CLEINIAS: True.

ATHENIAN: And we may say that the use of exercise and motion in the earliest years of life greatly contributes to create a part of virtue in the soul.

CLEINIAS: Quite true.

ATHENIAN: Further, a cheerful temper, or the reverse, may be regarded as having much to do with high spirit on the one hand, or with cowardice on the other.

CLEINIAS: To be sure.

ATHENIAN: Then now we must endeavour to show how and to what extent we may, if we please, without difficulty implant either character in the young.

CLEINIAS: Certainly.

ATHENIAN: There is a common opinion, that luxury makes the disposition of youth discontented and irascible and vehemently excited by trifles; that on the other hand excessive and savage servitude makes men mean and abject, and haters of their kind, and therefore makes them undesirable associates.

CLEINIAS: But how must the state educate those who do not as yet understand the language of the country, and are therefore incapable of appreciating any sort of instruction?

ATHENIAN: I will tell you how: — Every animal that is born is

wont to utter some cry, and this is especially the case with man, and he is also affected with the inclination to weep more than any other animal.

CLEINIAS: Quite true.

ATHENIAN: Do not nurses, when they want to know what an infant desires, judge by these signs? — when anything is brought to the infant and he is silent, then he is supposed to be pleased, but, when he weeps and cries out, then he is not pleased. For tears and cries are the inauspicious signs by which children show what they love and hate. Now the time which is thus spent is no less than three years, and is a very considerable portion of life to be passed ill or well.

CLEINIAS: True.

ATHENIAN: Does not the discontented and ungracious nature appear to you to be full of lamentations and sorrows more than a good man ought to be?

CLEINIAS: Certainly.

ATHENIAN: Well, but if during these three years every possible care were taken that our nursling should have as little of sorrow and fear, and in general of pain as was possible, might we not expect in early childhood to make his soul more gentle and cheerful? (Compare Arist. Pol.)

CLEINIAS: To be sure, Stranger — more especially if we could procure him a variety of pleasures.

ATHENIAN: There I can no longer agree, Cleinias: you amaze me. To bring him up in such a way would be his utter ruin; for the beginning is always the most critical part of education. Let us see whether I am right.

CLEINIAS: Proceed.

ATHENIAN: The point about which you and I differ is of great importance, and I hope that you, Megillus, will help to decide

between us. For I maintain that the true life should neither seek for pleasures, nor, on the other hand, entirely avoid pains, but should embrace the middle state (compare Republic), which I just spoke of as gentle and benign, and is a state which we by some divine presage and inspiration rightly ascribe to God. Now, I say, he among men, too, who would be divine ought to pursue after this mean habit — he should not rush headlong into pleasures, for he will not be free from pains; nor should we allow any one, young or old, male or female, to be thus given any more than ourselves, and least of all the newly-born infant, for in infancy more than at any other time the character is engrained by habit. Nay, more, if I were not afraid of appearing to be ridiculous, I would say that a woman during her year of pregnancy should of all women be most carefully tended, and kept from violent or excessive pleasures and pains, and should at that time cultivate gentleness and benevolence and kindness.

CLEINIAS: You need not ask Megillus, Stranger, which of us has most truly spoken; for I myself agree that all men ought to avoid the life of unmingled pain or pleasure, and pursue always a middle course. And having spoken well, may I add that you have been well answered?

ATHENIAN: Very good, Cleinias; and now let us all three consider a further point.

CLEINIAS: What is it?

ATHENIAN: That all the matters which we are now describing are commonly called by the general name of unwritten customs, and what are termed the laws of our ancestors are all of similar nature. And the reflection which lately arose in our minds, that we can neither call these things laws, nor yet leave them unmentioned, is justified; for they are the bonds of the whole state, and come in between the written laws which are or are hereafter to be laid down; they are just ancestral customs of great antiquity, which, if they are rightly ordered and made habitual, shield and preserve the previously existing written law; but if they depart from right and fall into disorder, then they are like the props of builders which slip away out

of their place and cause a universal ruin — one part drags another down, and the fair super-structure falls because the old foundations are undermined. Reflecting upon this, Cleinias, you ought to bind together the new state in every possible way, omitting nothing, whether great or small, of what are called laws or manners or pursuits, for by these means a city is bound together, and all these things are only lasting when they depend upon one another; and, therefore, we must not wonder if we find that many apparently trifling customs or usages come pouring in and lengthening out our laws.

CLEINIAS: Very true: we are disposed to agree with you.

ATHENIAN: Up to the age of three years, whether of boy or girl, if a person strictly carries out our previous regulations and makes them a principal aim, he will do much for the advantage of the young creatures. But at three, four, five, and even six years the childish nature will require sports; now is the time to get rid of self-will in him, punishing him, but not so as to disgrace him. We were saying about slaves, that we ought neither to add insult to punishment so as to anger them, nor yet to leave them unpunished lest they become self-willed; and a like rule is to be observed in the case of the free-born. Children at that age have certain natural modes of amusement which they find out for themselves when they meet. And all the children who are between the ages of three and six ought to meet at the temples of the villages, the several families of a village uniting on one spot. The nurses are to see that the children behave properly and orderly — they themselves and all their companies are to be under the control of twelve matrons, one for each company, who are annually selected to inspect them from the women previously mentioned [i.e. the women who have authority over marriage], whom the guardians of the law appoint. These matrons shall be chosen by the women who have authority over marriage, one out of each tribe; all are to be of the same age; and let each of them, as soon as she is appointed, hold office and go to the temples every day, punishing all offenders, male or female, who are slaves or strangers, by the help of some of the public slaves; but if any citizen disputes the punishment,

let her bring him before the wardens of the city; or, if there be no dispute, let her punish him herself. After the age of six years the time has arrived for the separation of the sexes — let boys live with boys, and girls in like manner with girls. Now they must begin to learn — the boys going to teachers of horsemanship and the use of the bow, the javelin, and sling, and the girls too, if they do not object, at any rate until they know how to manage these weapons, and especially how to handle heavy arms; for I may note, that the practice which now prevails is almost universally misunderstood.

CLEINIAS: In what respect?

ATHENIAN: In that the right and left hand are supposed to be by nature differently suited for our various uses of them; whereas no difference is found in the use of the feet and the lower limbs; but in the use of the hands we are, as it were, maimed by the folly of nurses and mothers; for although our several limbs are by nature balanced, we create a difference in them by bad habit. In some cases this is of no consequence, as, for example, when we hold the lyre in the left hand, and the plectrum in the right, but it is downright folly to make the same distinction in other cases. The custom of the Scythians proves our error; for they not only hold the bow from them with the left hand and draw the arrow to them with their right, but use either hand for both purposes. And there are many similar examples in charioteering and other things, from which we may learn that those who make the left side weaker than the right act contrary to nature. In the case of the plectrum, which is of horn only, and similar instruments, as I was saying, it is of no consequence, but makes a great difference, and may be of very great importance to the warrior who has to use iron weapons, bows and javelins, and the like; above all, when in heavy armour, he has to fight against heavy armour. And there is a very great difference between one who has learnt and one who has not, and between one who has been trained in gymnastic exercises and one who has not been. For as he who is perfectly skilled in the Pancratium or boxing or wrestling, is not unable to fight from his left side, and does not limp and draggle in confusion when his opponent makes him change his position, so in heavy-

armed fighting, and in all other things, if I am not mistaken, the like holds — he who has these double powers of attack and defence ought not in any case to leave them either unused or untrained, if he can help; and if a person had the nature of Geryon or Briareus he ought to be able with his hundred hands to throw a hundred darts. Now, the magistrates, male and female, should see to all these things, the women superintending the nursing and amusements of the children, and the men superintending their education, that all of them, boys and girls alike, may be sound hand and foot, and may not, if they can help, spoil the gifts of nature by bad habits.

Education has two branches — one of gymnastic, which is concerned with the body, and the other of music, which is designed for the improvement of the soul. And gymnastic has also two branches — dancing and wrestling; and one sort of dancing imitates musical recitation, and aims at preserving dignity and freedom, the other aims at producing health, agility, and beauty in the limbs and parts of the body, giving the proper flexion and extension to each of them, a harmonious motion being diffused everywhere, and forming a suitable accompaniment to the dance. As regards wrestling, the tricks which Antaeus and Cercyon devised in their systems out of a vain spirit of competition, or the tricks of boxing which Epeius or Amycus invented, are useless and unsuitable for war, and do not deserve to have much said about them; but the art of wrestling erect and keeping free the neck and hands and sides, working with energy and constancy, with a composed strength, for the sake of health — these are always useful, and are not to be neglected, but to be enjoined alike on masters and scholars, when we reach that part of legislation; and we will desire the one to give their instructions freely, and the others to receive them thankfully. Nor, again, must we omit suitable imitations of war in our choruses; here in Crete you have the armed dances of the Curetes, and the Lacedaemonians have those of the Dioscuri. And our virgin lady, delighting in the amusement of the dance, thought it not fit to amuse herself with empty hands; she must be clothed in a complete suit of armour, and in this attire go through the dance; and youths and maidens should in every respect imitate her, esteeming highly the favour of the

Goddess, both with a view to the necessities of war, and to festive occasions: it will be right also for the boys, until such time as they go out to war, to make processions and supplications to all the Gods in goodly array, armed and on horseback, in dances and marches, fast or slow, offering up prayers to the Gods and to the sons of Gods; and also engaging in contests and preludes of contests, if at all, with these objects. For these sorts of exercises, and no others, are useful both in peace and war, and are beneficial alike to states and to private houses. But other labours and sports and exercises of the body are unworthy of freemen, O Megillus and Cleinias.

I have now completely described the kind of gymnastic which I said at first ought to be described; if you know of any better, will you communicate your thoughts?

CLEINIAS: It is not easy, Stranger, to put aside these principles of gymnastic and wrestling and to enunciate better ones.

ATHENIAN: Now we must say what has yet to be said about the gifts of the Muses and of Apollo: before, we fancied that we had said all, and that gymnastic alone remained; but now we see clearly what points have been omitted, and should be first proclaimed; of these, then, let us proceed to speak.

CLEINIAS: By all means.

ATHENIAN: Let me tell you once more — although you have heard me say the same before — that caution must be always exercised, both by the speaker and by the hearer, about anything that is very singular and unusual. For my tale is one which many a man would be afraid to tell, and yet I have a confidence which makes me go on.

CLEINIAS: What have you to say, Stranger?

ATHENIAN: I say that in states generally no one has observed that the plays of childhood have a great deal to do with the permanence or want of permanence in legislation. For when plays are ordered with a view to children having the same plays, and amusing themselves after the same manner, and finding delight in the same playthings,

the more solemn institutions of the state are allowed to remain undisturbed. Whereas if sports are disturbed, and innovations are made in them, and they constantly change, and the young never speak of their having the same likings, or the same established notions of good and bad taste, either in the bearing of their bodies or in their dress, but he who devises something new and out of the way in figures and colours and the like is held in special honour, we may truly say that no greater evil can happen in a state; for he who changes the sports is secretly changing the manners of the young, and making the old to be dishonoured among them and the new to be honoured. And I affirm that there is nothing which is a greater injury to all states than saying or thinking thus. Will you hear me tell how great I deem the evil to be?

CLEINIAS: You mean the evil of blaming antiquity in states?

ATHENIAN: Exactly.

CLEINIAS: If you are speaking of that, you will find in us hearers who are disposed to receive what you say not unfavourably but most favourably.

ATHENIAN: I should expect so.

CLEINIAS: Proceed.

ATHENIAN: Well, then, let us give all the greater heed to one another's words. The argument affirms that any change whatever except from evil is the most dangerous of all things; this is true in the case of the seasons and of the winds, in the management of our bodies and the habits of our minds — true of all things except, as I said before, of the bad. He who looks at the constitution of individuals accustomed to eat any sort of meat, or drink any drink, or to do any work which they can get, may see that they are at first disordered by them, but afterwards, as time goes on, their bodies grow adapted to them, and they learn to know and like variety, and have good health and enjoyment of life; and if ever afterwards they are confined again to a superior diet, at first they are troubled with disorders, and with difficulty become habituated to their new food. A

similar principle we may imagine to hold good about the minds of men and the natures of their souls. For when they have been brought up in certain laws, which by some Divine Providence have remained unchanged during long ages, so that no one has any memory or tradition of their ever having been otherwise than they are, then every one is afraid and ashamed to change that which is established. The legislator must somehow find a way of implanting this reverence for antiquity, and I would propose the following way: People are apt to fancy, as I was saying before, that when the plays of children are altered they are merely plays, not seeing that the most serious and detrimental consequences arise out of the change; and they readily comply with the child's wishes instead of deterring him, not considering that these children who make innovations in their games, when they grow up to be men, will be different from the last generation of children, and, being different, will desire a different sort of life, and under the influence of this desire will want other institutions and laws; and no one of them reflects that there will follow what I just now called the greatest of evils to states. Changes in bodily fashions are no such serious evils, but frequent changes in the praise and censure of manners are the greatest of evils, and require the utmost prevision.

CLEINIAS: To be sure.

ATHENIAN: And now do we still hold to our former assertion, that rhythms and music in general are imitations of good and evil characters in men? What say you?

CLEINIAS: That is the only doctrine which we can admit.

ATHENIAN: Must we not, then, try in every possible way to prevent our youth from even desiring to imitate new modes either in dance or song? nor must any one be allowed to offer them varieties of pleasures.

CLEINIAS: Most true.

ATHENIAN: Can any of us imagine a better mode of effecting this object than that of the Egyptians?

CLEINIAS: What is their method?

ATHENIAN: To consecrate every sort of dance or melody. First we should ordain festivals — calculating for the year what they ought to be, and at what time, and in honour of what Gods, sons of Gods, and heroes they ought to be celebrated; and, in the next place, what hymns ought to be sung at the several sacrifices, and with what dances the particular festival is to be honoured. This has to be arranged at first by certain persons, and, when arranged, the whole assembly of the citizens are to offer sacrifices and libations to the Fates and all the other Gods, and to consecrate the several odes to Gods and heroes: and if any one offers any other hymns or dances to any one of the Gods, the priests and priestesses, acting in concert with the guardians of the law, shall, with the sanction of religion and the law, exclude him, and he who is excluded, if he do not submit, shall be liable all his life long to have a suit of impiety brought against him by any one who likes.

CLEINIAS: Very good.

ATHENIAN: In the consideration of this subject, let us remember what is due to ourselves.

CLEINIAS: To what are you referring?

ATHENIAN: I mean that any young man, and much more any old one, when he sees or hears anything strange or unaccustomed, does not at once run to embrace the paradox, but he stands considering, like a person who is at a place where three paths meet, and does not very well know his way — he may be alone or he may be walking with others, and he will say to himself and them, ‘Which is the way?’ and will not move forward until he is satisfied that he is going right. And this is what we must do in the present instance: A strange discussion on the subject of law has arisen, which requires the utmost consideration, and we should not at our age be too ready to speak about such great matters, or be confident that we can say anything certain all in a moment.

CLEINIAS: Most true.

ATHENIAN: Then we will allow time for reflection, and decide when we have given the subject sufficient consideration. But that we may not be hindered from completing the natural arrangement of our laws, let us proceed to the conclusion of them in due order; for very possibly, if God will, the exposition of them, when completed, may throw light on our present perplexity.

CLEINIAS: Excellent, Stranger; let us do as you propose.

ATHENIAN: Let us then affirm the paradox that strains of music are our laws (*nomoi*), and this latter being the name which the ancients gave to lyric songs, they probably would not have very much objected to our proposed application of the word. Some one, either asleep or awake, must have had a dreamy suspicion of their nature. And let our decree be as follows: No one in singing or dancing shall offend against public and consecrated models, and the general fashion among the youth, any more than he would offend against any other law. And he who observes this law shall be blameless; but he who is disobedient, as I was saying, shall be punished by the guardians of the laws, and by the priests and priestesses. Suppose that we imagine this to be our law.

CLEINIAS: Very good.

ATHENIAN: Can any one who makes such laws escape ridicule? Let us see. I think that our only safety will be in first framing certain models for composers. One of these models shall be as follows: If when a sacrifice is going on, and the victims are being burnt according to law — if, I say, any one who may be a son or brother, standing by another at the altar and over the victims, horribly blasphemes, will not his words inspire despondency and evil omens and forebodings in the mind of his father and of his other kinsmen?

CLEINIAS: Of course.

ATHENIAN: And this is just what takes place in almost all our cities. A magistrate offers a public sacrifice, and there come in not one but many choruses, who take up a position a little way from the altar, and from time to time pour forth all sorts of horrible

blasphemies on the sacred rites, exciting the souls of the audience with words and rhythms and melodies most sorrowful to hear; and he who at the moment when the city is offering sacrifice makes the citizens weep most, carries away the palm of victory. Now, ought we not to forbid such strains as these? And if ever our citizens must hear such lamentations, then on some unblest and inauspicious day let there be choruses of foreign and hired minstrels, like those hirelings who accompany the departed at funerals with barbarous Carian chants. That is the sort of thing which will be appropriate if we have such strains at all; and let the apparel of the singers be, not circlets and ornaments of gold, but the reverse. Enough of all this. I will simply ask once more whether we shall lay down as one of our principles of song —

CLEINIAS: What?

ATHENIAN: That we should avoid every word of evil omen; let that kind of song which is of good omen be heard everywhere and always in our state. I need hardly ask again, but shall assume that you agree with me.

CLEINIAS: By all means; that law is approved by the suffrages of us all.

ATHENIAN: But what shall be our next musical law or type? Ought not prayers to be offered up to the Gods when we sacrifice?

CLEINIAS: Certainly.

ATHENIAN: And our third law, if I am not mistaken, will be to the effect that our poets, understanding prayers to be requests which we make to the Gods, will take especial heed that they do not by mistake ask for evil instead of good. To make such a prayer would surely be too ridiculous.

CLEINIAS: Very true.

ATHENIAN: Were we not a little while ago quite convinced that no silver or golden Plutus should dwell in our state?

CLEINIAS: To be sure.

ATHENIAN: And what has it been the object of our argument to show? Did we not imply that the poets are not always quite capable of knowing what is good or evil? And if one of them utters a mistaken prayer in song or words, he will make our citizens pray for the opposite of what is good in matters of the highest import; than which, as I was saying, there can be few greater mistakes. Shall we then propose as one of our laws and models relating to the Muses —

CLEINIAS: What? will you explain the law more precisely?

ATHENIAN: Shall we make a law that the poet shall compose nothing contrary to the ideas of the lawful, or just, or beautiful, or good, which are allowed in the state? nor shall he be permitted to communicate his compositions to any private individuals, until he shall have shown them to the appointed judges and the guardians of the law, and they are satisfied with them. As to the persons whom we appoint to be our legislators about music and as to the director of education, these have been already indicated. Once more then, as I have asked more than once, shall this be our third law, and type, and model — What do you say?

CLEINIAS: Let it be so, by all means.

ATHENIAN: Then it will be proper to have hymns and praises of the Gods, intermingled with prayers; and after the Gods prayers and praises should be offered in like manner to demigods and heroes, suitable to their several characters.

CLEINIAS: Certainly.

ATHENIAN: In the next place there will be no objection to a law, that citizens who are departed and have done good and energetic deeds, either with their souls or with their bodies, and have been obedient to the laws, should receive eulogies; this will be very fitting.

CLEINIAS: Quite true.

ATHENIAN: But to honour with hymns and panegyrics those who

are still alive is not safe; a man should run his course, and make a fair ending, and then we will praise him; and let praise be given equally to women as well as men who have been distinguished in virtue. The order of songs and dances shall be as follows: There are many ancient musical compositions and dances which are excellent, and from these the newly-founded city may freely select what is proper and suitable; and they shall choose judges of not less than fifty years of age, who shall make the selection, and any of the old poems which they deem sufficient they shall include; any that are deficient or altogether unsuitable, they shall either utterly throw aside, or examine and amend, taking into their counsel poets and musicians, and making use of their poetical genius; but explaining to them the wishes of the legislator in order that they may regulate dancing, music, and all choral strains, according to the mind of the judges; and not allowing them to indulge, except in some few matters, their individual pleasures and fancies. Now the irregular strain of music is always made ten thousand times better by attaining to law and order, and rejecting the honeyed Muse — not however that we mean wholly to exclude pleasure, which is the characteristic of all music. And if a man be brought up from childhood to the age of discretion and maturity in the use of the orderly and severe music, when he hears the opposite he detests it, and calls it illiberal; but if trained in the sweet and vulgar music, he deems the severer kind cold and displeasing. So that, as I was saying before, while he who hears them gains no more pleasure from the one than from the other, the one has the advantage of making those who are trained in it better men, whereas the other makes them worse.

CLEINIAS: Very true.

ATHENIAN: Again, we must distinguish and determine on some general principle what songs are suitable to women, and what to men, and must assign to them their proper melodies and rhythms. It is shocking for a whole harmony to be inharmonical, or for a rhythm to be unrhythmical, and this will happen when the melody is inappropriate to them. And therefore the legislator must assign to these also their forms. Now both sexes have melodies and rhythms

which of necessity belong to them; and those of women are clearly enough indicated by their natural difference. The grand, and that which tends to courage, may be fairly called manly; but that which inclines to moderation and temperance, may be declared both in law and in ordinary speech to be the more womanly quality. This, then, will be the general order of them.

Let us now speak of the manner of teaching and imparting them, and the persons to whom, and the time when, they are severally to be imparted. As the shipwright first lays down the lines of the keel, and thus, as it were, draws the ship in outline, so do I seek to distinguish the patterns of life, and lay down their keels according to the nature of different men's souls; seeking truly to consider by what means, and in what ways, we may go through the voyage of life best. Now human affairs are hardly worth considering in earnest, and yet we must be in earnest about them — a sad necessity constrains us. And having got thus far, there will be a fitness in our completing the matter, if we can only find some suitable method of doing so. But what do I mean? Some one may ask this very question, and quite rightly, too.

CLEINIAS: Certainly.

ATHENIAN: I say that about serious matters a man should be serious, and about a matter which is not serious he should not be serious; and that God is the natural and worthy object of our most serious and blessed endeavours, for man, as I said before, is made to be the plaything of God, and this, truly considered, is the best of him; wherefore also every man and woman should walk seriously, and pass life in the noblest of pastimes, and be of another mind from what they are at present.

CLEINIAS: In what respect?

ATHENIAN: At present they think that their serious pursuits should be for the sake of their sports, for they deem war a serious pursuit, which must be managed well for the sake of peace; but the truth is, that there neither is, nor has been, nor ever will be, either amusement

or instruction in any degree worth speaking of in war, which is nevertheless deemed by us to be the most serious of our pursuits. And therefore, as we say, every one of us should live the life of peace as long and as well as he can. And what is the right way of living? Are we to live in sports always? If so, in what kind of sports? We ought to live sacrificing, and singing, and dancing, and then a man will be able to propitiate the Gods, and to defend himself against his enemies and conquer them in battle. The type of song or dance by which he will propitiate them has been described, and the paths along which he is to proceed have been cut for him. He will go forward in the spirit of the poet:

‘Telemachus, some things thou wilt thyself find in thy heart, but other things God will suggest; for I deem that thou wast not born or brought up without the will of the Gods.’

And this ought to be the view of our alumni; they ought to think that what has been said is enough for them, and that any other things their Genius and God will suggest to them — he will tell them to whom, and when, and to what Gods severally they are to sacrifice and perform dances, and how they may propitiate the deities, and live according to the appointment of nature; being for the most part puppets, but having some little share of reality.

MEGILLUS: You have a low opinion of mankind, Stranger.

ATHENIAN: Nay, Megillus, be not amazed, but forgive me: I was comparing them with the Gods; and under that feeling I spoke. Let us grant, if you wish, that the human race is not to be despised, but is worthy of some consideration.

Next follow the buildings for gymnasia and schools open to all; these are to be in three places in the midst of the city; and outside the city and in the surrounding country, also in three places, there shall be schools for horse exercise, and large grounds arranged with a view to archery and the throwing of missiles, at which young men may learn and practise. Of these mention has already been made; and if the mention be not sufficiently explicit, let us speak further of them and

embody them in laws. In these several schools let there be dwellings for teachers, who shall be brought from foreign parts by pay, and let them teach those who attend the schools the art of war and the art of music, and the children shall come not only if their parents please, but if they do not please; there shall be compulsory education, as the saying is, of all and sundry, as far as this is possible; and the pupils shall be regarded as belonging to the state rather than to their parents. My law would apply to females as well as males; they shall both go through the same exercises. I assert without fear of contradiction that gymnastic and horsemanship are as suitable to women as to men. Of the truth of this I am persuaded from ancient tradition, and at the present day there are said to be countless myriads of women in the neighbourhood of the Black Sea, called Sauromatides, who not only ride on horseback like men, but have enjoined upon them the use of bows and other weapons equally with the men. And I further affirm, that if these things are possible, nothing can be more absurd than the practice which prevails in our own country, of men and women not following the same pursuits with all their strength and with one mind, for thus the state, instead of being a whole, is reduced to a half, but has the same imposts to pay and the same toils to undergo; and what can be a greater mistake for any legislator to make than this?

CLEINIAS: Very true; yet much of what has been asserted by us, Stranger, is contrary to the custom of states; still, in saying that the discourse should be allowed to proceed, and that when the discussion is completed, we should choose what seems best, you spoke very properly, and I now feel compunction for what I have said. Tell me, then, what you would next wish to say.

ATHENIAN: I should wish to say, Cleinias, as I said before, that if the possibility of these things were not sufficiently proven in fact, then there might be an objection to the argument, but the fact being as I have said, he who rejects the law must find some other ground of objection; and, failing this, our exhortation will still hold good, nor will any one deny that women ought to share as far as possible in education and in other ways with men. For consider; if women do not share in their whole life with men, then they must have some other

order of life.

CLEINIAS: Certainly.

ATHENIAN: And what arrangement of life to be found anywhere is preferable to this community which we are now assigning to them? Shall we prefer that which is adopted by the Thracians and many other races who use their women to till the ground and to be shepherds of their herds and flocks, and to minister to them like slaves? Or shall we do as we and people in our part of the world do — getting together, as the phrase is, all our goods and chattels into one dwelling, we entrust them to our women, who are the stewards of them, and who also preside over the shuttles and the whole art of spinning? Or shall we take a middle course, as in Lacedaemon, Megillus — letting the girls share in gymnastic and music, while the grown-up women, no longer employed in spinning wool, are hard at work weaving the web of life, which will be no cheap or mean employment, and in the duty of serving and taking care of the household and bringing up the children, in which they will observe a sort of mean, not participating in the toils of war; and if there were any necessity that they should fight for their city and families, unlike the Amazons, they would be unable to take part in archery or any other skilled use of missiles, nor could they, after the example of the Goddess, carry shield or spear, or stand up nobly for their country when it was being destroyed, and strike terror into their enemies, if only because they were seen in regular order? Living as they do, they would never dare at all to imitate the Sauromatides, who, when compared with ordinary women, would appear to be like men. Let him who will, praise your legislators, but I must say what I think. The legislator ought to be whole and perfect, and not half a man only; he ought not to let the female sex live softly and waste money and have no order of life, while he takes the utmost care of the male sex, and leaves half of life only blest with happiness, when he might have made the whole state happy.

MEGILLUS: What shall we do, Cleinias? Shall we allow a stranger to run down Sparta in this fashion?

CLEINIAS: Yes; for as we have given him liberty of speech we must let him go on until we have perfected the work of legislation.

MEGILLUS: Very true.

ATHENIAN: Then now I may proceed?

CLEINIAS: By all means.

ATHENIAN: What will be the manner of life among men who may be supposed to have their food and clothing provided for them in moderation, and who have entrusted the practice of the arts to others, and whose husbandry committed to slaves paying a part of the produce, brings them a return sufficient for men living temperately; who, moreover, have common tables in which the men are placed apart, and near them are the common tables of their families, of their daughters and mothers, which day by day, the officers, male and female, are to inspect — they shall see to the behaviour of the company, and so dismiss them; after which the presiding magistrate and his attendants shall honour with libations those Gods to whom that day and night are dedicated, and then go home? To men whose lives are thus ordered, is there no work remaining to be done which is necessary and fitting, but shall each one of them live fattening like a beast? Such a life is neither just nor honourable, nor can he who lives it fail of meeting his due; and the due reward of the idle fatted beast is that he should be torn in pieces by some other valiant beast whose fatness is worn down by brave deeds and toil. These regulations, if we duly consider them, will never be exactly carried into execution under present circumstances, nor as long as women and children and houses and all other things are the private property of individuals; but if we can attain the second-best form of polity, we shall be very well off. And to men living under this second polity there remains a work to be accomplished which is far from being small or insignificant, but is the greatest of all works, and ordained by the appointment of righteous law. For the life which may be truly said to be concerned with the virtue of body and soul is twice, or more than twice, as full of toil and trouble as the pursuit after Pythian and Olympic victories, which debars a man from every employment

of life. For there ought to be no bye-work interfering with the greater work of providing the necessary exercise and nourishment for the body, and instruction and education for the soul. Night and day are not long enough for the accomplishment of their perfection and consummation; and therefore to this end all freemen ought to arrange the way in which they will spend their time during the whole course of the day, from morning till evening and from evening till the morning of the next sunrise. There may seem to be some impropriety in the legislator determining minutely the numberless details of the management of the house, including such particulars as the duty of wakefulness in those who are to be perpetual watchmen of the whole city; for that any citizen should continue during the whole of any night in sleep, instead of being seen by all his servants, always the first to awake and get up — this, whether the regulation is to be called a law or only a practice, should be deemed base and unworthy of a freeman; also that the mistress of the house should be awakened by her hand-maidens instead of herself first awakening them, is what the slaves, male and female, and the serving-boys, and, if that were possible, everybody and everything in the house should regard as base. If they rise early, they may all of them do much of their public and of their household business, as magistrates in the city, and masters and mistresses in their private houses, before the sun is up. Much sleep is not required by nature, either for our souls or bodies, or for the actions which they perform. For no one who is asleep is good for anything, any more than if he were dead; but he of us who has the most regard for life and reason keeps awake as long as he can, reserving only so much time for sleep as is expedient for health; and much sleep is not required, if the habit of moderation be once rightly formed. Magistrates in states who keep awake at night are terrible to the bad, whether enemies or citizens, and are honoured and revered by the just and temperate, and are useful to themselves and to the whole state.

A night which is passed in such a manner, in addition to all the above-mentioned advantages, infuses a sort of courage into the minds of the citizens. When the day breaks, the time has arrived for youth to go to their schoolmasters. Now neither sheep nor any other

animals can live without a shepherd, nor can children be left without tutors, or slaves without masters. And of all animals the boy is the most unmanageable, inasmuch as he has the fountain of reason in him not yet regulated; he is the most insidious, sharp-witted, and insubordinate of animals. Wherefore he must be bound with many bridles; in the first place, when he gets away from mothers and nurses, he must be under the management of tutors on account of his childishness and foolishness; then, again, being a freeman, he must be controlled by teachers, no matter what they teach, and by studies; but he is also a slave, and in that regard any freeman who comes in his way may punish him and his tutor and his instructor, if any of them does anything wrong; and he who comes across him and does not inflict upon him the punishment which he deserves, shall incur the greatest disgrace; and let the guardian of the law, who is the director of education, see to him who coming in the way of the offences which we have mentioned, does not chastise them when he ought, or chastises them in a way which he ought not; let him keep a sharp look-out, and take especial care of the training of our children, directing their natures, and always turning them to good according to the law.

But how can our law sufficiently train the director of education himself; for as yet all has been imperfect, and nothing has been said either clear or satisfactory? Now, as far as possible, the law ought to leave nothing to him, but to explain everything, that he may be an interpreter and tutor to others. About dances and music and choral strains, I have already spoken both as to the character of the selection of them, and the manner in which they are to be amended and consecrated. But we have not as yet spoken, O illustrious guardian of education, of the manner in which your pupils are to use those strains which are written in prose, although you have been informed what martial strains they are to learn and practise; what relates in the first place to the learning of letters, and secondly, to the lyre, and also to calculation, which, as we were saying, is needful for them all to learn, and any other things which are required with a view to war and the management of house and city, and, looking to the same object, what is useful in the revolutions of the heavenly bodies — the stars

and sun and moon, and the various regulations about these matters which are necessary for the whole state — I am speaking of the arrangements of days in periods of months, and of months in years, which are to be observed, in order that seasons and sacrifices and festivals may have their regular and natural order, and keep the city alive and awake, the Gods receiving the honours due to them, and men having a better understanding about them: all these things, O my friend, have not yet been sufficiently declared to you by the legislator. Attend, then, to what I am now going to say: We were telling you, in the first place, that you were not sufficiently informed about letters, and the objection was to this effect — that you were never told whether he who was meant to be a respectable citizen should apply himself in detail to that sort of learning, or not apply himself at all; and the same remark holds good of the study of the lyre. But now we say that he ought to attend to them. A fair time for a boy of ten years old to spend in letters is three years; the age of thirteen is the proper time for him to begin to handle the lyre, and he may continue at this for another three years, neither more nor less, and whether his father or himself like or dislike the study, he is not to be allowed to spend more or less time in learning music than the law allows. And let him who disobeys the law be deprived of those youthful honours of which we shall hereafter speak. Hear, however, first of all, what the young ought to learn in the early years of life, and what their instructors ought to teach them. They ought to be occupied with their letters until they are able to read and write; but the acquisition of perfect beauty or quickness in writing, if nature has not stimulated them to acquire these accomplishments in the given number of years, they should let alone. And as to the learning of compositions committed to writing which are not set to the lyre, whether metrical or without rhythmical divisions, compositions in prose, as they are termed, having no rhythm or harmony — seeing how dangerous are the writings handed down to us by many writers of this class — what will you do with them, O most excellent guardians of the law? or how can the lawgiver rightly direct you about them? I believe that he will be in great difficulty.

CLEINIAS: What troubles you, Stranger? and why are you so

perplexed in your mind?

ATHENIAN: You naturally ask, Cleinias, and to you and Megillus, who are my partners in the work of legislation, I must state the more difficult as well as the easier parts of the task.

CLEINIAS: To what do you refer in this instance?

ATHENIAN: I will tell you. There is a difficulty in opposing many myriads of mouths.

CLEINIAS: Well, and have we not already opposed the popular voice in many important enactments?

ATHENIAN: That is quite true; and you mean to imply that the road which we are taking may be disagreeable to some but is agreeable to as many others, or if not to as many, at any rate to persons not inferior to the others, and in company with them you bid me, at whatever risk, to proceed along the path of legislation which has opened out of our present discourse, and to be of good cheer, and not to faint.

CLEINIAS: Certainly.

ATHENIAN: And I do not faint; I say, indeed, that we have a great many poets writing in hexameter, trimeter, and all sorts of measures — some who are serious, others who aim only at raising a laugh — and all mankind declare that the youth who are rightly educated should be brought up in them and saturated with them; some insist that they should be constantly hearing them read aloud, and always learning them, so as to get by heart entire poets; while others select choice passages and long speeches, and make compendiums of them, saying that these ought to be committed to memory, if a man is to be made good and wise by experience and learning of many things. And you want me now to tell them plainly in what they are right and in what they are wrong.

CLEINIAS: Yes, I do.

ATHENIAN: But how can I in one word rightly comprehend all of

them? I am of opinion, and, if I am not mistaken, there is a general agreement, that every one of these poets has said many things well and many things the reverse of well; and if this be true, then I do affirm that much learning is dangerous to youth.

CLEINIAS: How would you advise the guardian of the law to act?

ATHENIAN: In what respect?

CLEINIAS: I mean to what pattern should he look as his guide in permitting the young to learn some things and forbidding them to learn others. Do not shrink from answering.

ATHENIAN: My good Cleinias, I rather think that I am fortunate.

CLEINIAS: How so?

ATHENIAN: I think that I am not wholly in want of a pattern, for when I consider the words which we have spoken from early dawn until now, and which, as I believe, have been inspired by Heaven, they appear to me to be quite like a poem. When I reflected upon all these words of ours, I naturally felt pleasure, for of all the discourses which I have ever learnt or heard, either in poetry or prose, this seemed to me to be the justest, and most suitable for young men to hear; I cannot imagine any better pattern than this which the guardian of the law who is also the director of education can have. He cannot do better than advise the teachers to teach the young these words and any which are of a like nature, if he should happen to find them, either in poetry or prose, or if he come across unwritten discourses akin to ours, he should certainly preserve them, and commit them to writing. And, first of all, he shall constrain the teachers themselves to learn and approve them, and any of them who will not, shall not be employed by him, but those whom he finds agreeing in his judgment, he shall make use of and shall commit to them the instruction and education of youth. And here and on this wise let my fanciful tale about letters and teachers of letters come to an end.

CLEINIAS: I do not think, Stranger, that we have wandered out of the proposed limits of the argument; but whether we are right or not

in our whole conception, I cannot be very certain.

ATHENIAN: The truth, Cleinias, may be expected to become clearer when, as we have often said, we arrive at the end of the whole discussion about laws.

CLEINIAS: Yes.

ATHENIAN: And now that we have done with the teacher of letters, the teacher of the lyre has to receive orders from us.

CLEINIAS: Certainly.

ATHENIAN: I think that we have only to recollect our previous discussions, and we shall be able to give suitable regulations touching all this part of instruction and education to the teachers of the lyre.

CLEINIAS: To what do you refer?

ATHENIAN: We were saying, if I remember rightly, that the sixty years old choristers of Dionysus were to be specially quick in their perceptions of rhythm and musical composition, that they might be able to distinguish good and bad imitation, that is to say, the imitation of the good or bad soul when under the influence of passion, rejecting the one and displaying the other in hymns and songs, charming the souls of youth, and inviting them to follow and attain virtue by the way of imitation.

CLEINIAS: Very true.

ATHENIAN: And with this view the teacher and the learner ought to use the sounds of the lyre, because its notes are pure, the player who teaches and his pupil rendering note for note in unison; but complexity, and variation of notes, when the strings give one sound and the poet or composer of the melody gives another — also when they make concords and harmonies in which lesser and greater intervals, slow and quick, or high and low notes, are combined — or, again, when they make complex variations of rhythms, which they adapt to the notes of the lyre — all that sort of thing is not suited to

those who have to acquire speedy and useful knowledge of music in three years; for opposite principles are confusing, and create a difficulty in learning, and our young men should learn quickly, and their mere necessary acquirements are not few or trifling, as will be shown in due course. Let the director of education attend to the principles concerning music which we are laying down. As to the songs and words themselves which the masters of choruses are to teach and the character of them, they have been already described by us, and are the same which, when consecrated and adapted to the different festivals, we said were to benefit cities by affording them an innocent amusement.

CLEINIAS: That, again, is true.

ATHENIAN: Then let him who has been elected a director of music receive these rules from us as containing the very truth; and may he prosper in his office! Let us now proceed to lay down other rules in addition to the preceding about dancing and gymnastic exercise in general. Having said what remained to be said about the teaching of music, let us speak in like manner about gymnastic. For boys and girls ought to learn to dance and practise gymnastic exercises — ought they not?

CLEINIAS: Yes.

ATHENIAN: Then the boys ought to have dancing masters, and the girls dancing mistresses to exercise them.

CLEINIAS: Very good.

ATHENIAN: Then once more let us summon him who has the chief concern in the business, the superintendent of youth [i.e. the director of education]; he will have plenty to do, if he is to have the charge of music and gymnastic.

CLEINIAS: But how will an old man be able to attend to such great charges?

ATHENIAN: O my friend, there will be no difficulty, for the law has already given and will give him permission to select as his assistants

in this charge any citizens, male or female, whom he desires; and he will know whom he ought to choose, and will be anxious not to make a mistake, from a due sense of responsibility, and from a consciousness of the importance of his office, and also because he will consider that if young men have been and are well brought up, then all things go swimmingly, but if not, it is not meet to say, nor do we say, what will follow, lest the regards of omens should take alarm about our infant state. Many things have been said by us about dancing and about gymnastic movements in general; for we include under gymnastics all military exercises, such as archery, and all hurling of weapons, and the use of the light shield, and all fighting with heavy arms, and military evolutions, and movements of armies, and encampings, and all that relates to horsemanship. Of all these things there ought to be public teachers, receiving pay from the state, and their pupils should be the men and boys in the state, and also the girls and women, who are to know all these things. While they are yet girls they should have practised dancing in arms and the whole art of fighting — when grown-up women, they should apply themselves to evolutions and tactics, and the mode of grounding and taking up arms; if for no other reason, yet in case the whole military force should have to leave the city and carry on operations of war outside, that those who will have to guard the young and the rest of the city may be equal to the task; and, on the other hand, when enemies, whether barbarian or Hellenic, come from without with mighty force and make a violent assault upon them, and thus compel them to fight for the possession of the city, which is far from being an impossibility, great would be the disgrace to the state, if the women had been so miserably trained that they could not fight for their young, as birds will, against any creature however strong, and die or undergo any danger, but must instantly rush to the temples and crowd at the altars and shrines, and bring upon human nature the reproach, that of all animals man is the most cowardly!

CLEINIAS: Such a want of education, Stranger, is certainly an unseemly thing to happen in a state, as well as a great misfortune.

ATHENIAN: Suppose that we carry our law to the extent of saying

that women ought not to neglect military matters, but that all citizens, male and female alike, shall attend to them?

CLEINIAS: I quite agree.

ATHENIAN: Of wrestling we have spoken in part, but of what I should call the most important part we have not spoken, and cannot easily speak without showing at the same time by gesture as well as in word what we mean; when word and action combine, and not till then, we shall explain clearly what has been said, pointing out that of all movements wrestling is most akin to the military art, and is to be pursued for the sake of this, and not this for the sake of wrestling.

CLEINIAS: Excellent. ATHENIAN: Enough of wrestling; we will now proceed to speak of other movements of the body. Such motion may be in general called dancing, and is of two kinds: one of nobler figures, imitating the honourable, the other of the more ignoble figures, imitating the mean; and of both these there are two further subdivisions. Of the serious, one kind is of those engaged in war and vehement action, and is the exercise of a noble person and a manly heart; the other exhibits a temperate soul in the enjoyment of prosperity and modest pleasures, and may be truly called and is the dance of peace. The warrior dance is different from the peaceful one, and may be rightly termed Pyrrhic; this imitates the modes of avoiding blows and missiles by dropping or giving way, or springing aside, or rising up or falling down; also the opposite postures which are those of action, as, for example, the imitation of archery and the hurling of javelins, and of all sorts of blows. And when the imitation is of brave bodies and souls, and the action is direct and muscular, giving for the most part a straight movement to the limbs of the body — that, I say, is the true sort; but the opposite is not right. In the dance of peace what we have to consider is whether a man bears himself naturally and gracefully, and after the manner of men who duly conform to the law. But before proceeding I must distinguish the dancing about which there is any doubt, from that about which there is no doubt. Which is the doubtful kind, and how are the two to be distinguished? There are dances of the Bacchic sort, both those in which, as they say, they imitate drunken men, and which are named

after the Nymphs, and Pan, and Silenuses, and Satyrs; and also those in which purifications are made or mysteries celebrated — all this sort of dancing cannot be rightly defined as having either a peaceful or a warlike character, or indeed as having any meaning whatever, and may, I think, be most truly described as distinct from the warlike dance, and distinct from the peaceful, and not suited for a city at all. There let it lie; and so leaving it to lie, we will proceed to the dances of war and peace, for with these we are undoubtedly concerned. Now the unwarlike muse, which honours in dance the Gods and the sons of the Gods, is entirely associated with the consciousness of prosperity; this class may be subdivided into two lesser classes, of which one is expressive of an escape from some labour or danger into good, and has greater pleasures, the other expressive of preservation and increase of former good, in which the pleasure is less exciting — in all these cases, every man when the pleasure is greater, moves his body more, and less when the pleasure is less; and, again, if he be more orderly and has learned courage from discipline he moves less, but if he be a coward, and has no training or self-control, he makes greater and more violent movements, and in general when he is speaking or singing he is not altogether able to keep his body still; and so out of the imitation of words in gestures the whole art of dancing has arisen. And in these various kinds of imitation one man moves in an orderly, another in a disorderly manner; and as the ancients may be observed to have given many names which are according to nature and deserving of praise, so there is an excellent one which they have given to the dances of men who in their times of prosperity are moderate in their pleasures — the giver of names, whoever he was, assigned to them a very true, and poetical, and rational name, when he called them Emmeleiai, or dances of order, thus establishing two kinds of dances of the nobler sort, the dance of war which he called the Pyrrhic, and the dance of peace which he called Emmeleia, or the dance of order; giving to each their appropriate and becoming name. These things the legislator should indicate in general outline, and the guardian of the law should enquire into them and search them out, combining dancing with music, and assigning to the several sacrificial feasts that which is suitable to them; and when he has consecrated all of them in

due order, he shall for the future change nothing, whether of dance or song. Thenceforward the city and the citizens shall continue to have the same pleasures, themselves being as far as possible alike, and shall live well and happily.

I have described the dances which are appropriate to noble bodies and generous souls. But it is necessary also to consider and know uncomely persons and thoughts, and those which are intended to produce laughter in comedy, and have a comic character in respect of style, song, and dance, and of the imitations which these afford. For serious things cannot be understood without laughable things, nor opposites at all without opposites, if a man is really to have intelligence of either; but he cannot carry out both in action, if he is to have any degree of virtue. And for this very reason he should learn them both, in order that he may not in ignorance do or say anything which is ridiculous and out of place — he should command slaves and hired strangers to imitate such things, but he should never take any serious interest in them himself, nor should any freeman or freewoman be discovered taking pains to learn them; and there should always be some element of novelty in the imitation. Let these then be laid down, both in law and in our discourse, as the regulations of laughable amusements which are generally called comedy. And, if any of the serious poets, as they are termed, who write tragedy, come to us and say— ‘O strangers, may we go to your city and country or may we not, and shall we bring with us our poetry — what is your will about these matters?’ — how shall we answer the divine men? I think that our answer should be as follows: Best of strangers, we will say to them, we also according to our ability are tragic poets, and our tragedy is the best and noblest; for our whole state is an imitation of the best and noblest life, which we affirm to be indeed the very truth of tragedy. You are poets and we are poets, both makers of the same strains, rivals and antagonists in the noblest of dramas, which true law can alone perfect, as our hope is. Do not then suppose that we shall all in a moment allow you to erect your stage in the agora, or introduce the fair voices of your actors, speaking above our own, and permit you to harangue our women and children, and the common people, about our institutions,

in language other than our own, and very often the opposite of our own. For a state would be mad which gave you this licence, until the magistrates had determined whether your poetry might be recited, and was fit for publication or not. Wherefore, O ye sons and scions of the softer Muses, first of all show your songs to the magistrates, and let them compare them with our own, and if they are the same or better we will give you a chorus; but if not, then, my friends, we cannot. Let these, then, be the customs ordained by law about all dances and the teaching of them, and let matters relating to slaves be separated from those relating to masters, if you do not object.

CLEINIAS: We can have no hesitation in assenting when you put the matter thus.

ATHENIAN: There still remain three studies suitable for freemen. Arithmetic is one of them; the measurement of length, surface, and depth is the second; and the third has to do with the revolutions of the stars in relation to one another. Not every one has need to toil through all these things in a strictly scientific manner, but only a few, and who they are to be we will hereafter indicate at the end, which will be the proper place; not to know what is necessary for mankind in general, and what is the truth, is disgraceful to every one: and yet to enter into these matters minutely is neither easy, nor at all possible for every one; but there is something in them which is necessary and cannot be set aside, and probably he who made the proverb about God originally had this in view when he said, that 'not even God himself can fight against necessity;' he meant, if I am not mistaken, divine necessity; for as to the human necessities of which the many speak, when they talk in this manner, nothing can be more ridiculous than such an application of the words.

CLEINIAS: And what necessities of knowledge are there, Stranger, which are divine and not human?

ATHENIAN: I conceive them to be those of which he who has no use nor any knowledge at all cannot be a God, or demi-god, or hero to mankind, or able to take any serious thought or charge of them. And very unlike a divine man would he be, who is unable to count

one, two, three, or to distinguish odd and even numbers, or is unable to count at all, or reckon night and day, and who is totally unacquainted with the revolution of the sun and moon, and the other stars. There would be great folly in supposing that all these are not necessary parts of knowledge to him who intends to know anything about the highest kinds of knowledge; but which these are, and how many there are of them, and when they are to be learned, and what is to be learned together and what apart, and the whole correlation of them, must be rightly apprehended first; and these leading the way we may proceed to the other parts of knowledge. For so necessity grounded in nature constrains us, against which we say that no God contends, or ever will contend.

CLEINIAS: I think, Stranger, that what you have now said is very true and agreeable to nature.

ATHENIAN: Yes, Cleinias, that is so. But it is difficult for the legislator to begin with these studies; at a more convenient time we will make regulations for them.

CLEINIAS: You seem, Stranger, to be afraid of our habitual ignorance of the subject: there is no reason why that should prevent you from speaking out.

ATHENIAN: I certainly am afraid of the difficulties to which you allude, but I am still more afraid of those who apply themselves to this sort of knowledge, and apply themselves badly. For entire ignorance is not so terrible or extreme an evil, and is far from being the greatest of all; too much cleverness and too much learning, accompanied with an ill bringing up, are far more fatal.

CLEINIAS: True.

ATHENIAN: All freemen I conceive, should learn as much of these branches of knowledge as every child in Egypt is taught when he learns the alphabet. In that country arithmetical games have been invented for the use of mere children, which they learn as a pleasure and amusement. They have to distribute apples and garlands, using the same number sometimes for a larger and sometimes for a lesser

number of persons; and they arrange pugilists and wrestlers as they pair together by lot or remain over, and show how their turns come in natural order. Another mode of amusing them is to distribute vessels, sometimes of gold, brass, silver, and the like, intermixed with one another, sometimes of one metal only; as I was saying they adapt to their amusement the numbers in common use, and in this way make more intelligible to their pupils the arrangements and movements of armies and expeditions, and in the management of a household they make people more useful to themselves, and more wide awake; and again in measurements of things which have length, and breadth, and depth, they free us from that natural ignorance of all these things which is so ludicrous and disgraceful.

CLEINIAS: What kind of ignorance do you mean?

ATHENIAN: O my dear Cleinias, I, like yourself, have late in life heard with amazement of our ignorance in these matters; to me we appear to be more like pigs than men, and I am quite ashamed, not only of myself, but of all Hellenes.

CLEINIAS: About what? Say, Stranger, what you mean.

ATHENIAN: I will; or rather I will show you my meaning by a question, and do you please to answer me: You know, I suppose, what length is?

CLEINIAS: Certainly.

ATHENIAN: And what breadth is?

CLEINIAS: To be sure.

ATHENIAN: And you know that these are two distinct things, and that there is a third thing called depth?

CLEINIAS: Of course.

ATHENIAN: And do not all these seem to you to be commensurable with themselves?

CLEINIAS: Yes.

ATHENIAN: That is to say, length is naturally commensurable with length, and breadth with breadth, and depth in like manner with depth?

CLEINIAS: Undoubtedly.

ATHENIAN: But if some things are commensurable and others wholly incommensurable, and you think that all things are commensurable, what is your position in regard to them?

CLEINIAS: Clearly, far from good.

ATHENIAN: Concerning length and breadth when compared with depth, or breadth and length when compared with one another, are not all the Hellenes agreed that these are commensurable with one another in some way?

CLEINIAS: Quite true.

ATHENIAN: But if they are absolutely incommensurable, and yet all of us regard them as commensurable, have we not reason to be ashamed of our compatriots; and might we not say to them: O ye best of Hellenes, is not this one of the things of which we were saying that not to know them is disgraceful, and of which to have a bare knowledge only is no great distinction?

CLEINIAS: Certainly.

ATHENIAN: And there are other things akin to these, in which there spring up other errors of the same family.

CLEINIAS: What are they?

ATHENIAN: The natures of commensurable and incommensurable quantities in their relation to one another. A man who is good for anything ought to be able, when he thinks, to distinguish them; and different persons should compete with one another in asking questions, which will be a far better and more graceful way of passing their time than the old man's game of draughts.

CLEINIAS: I dare say; and these pastimes are not so very unlike a

game of draughts.

ATHENIAN: And these, as I maintain, Cleinias, are the studies which our youth ought to learn, for they are innocent and not difficult; the learning of them will be an amusement, and they will benefit the state. If any one is of another mind, let him say what he has to say.

CLEINIAS: Certainly.

ATHENIAN: Then if these studies are such as we maintain, we will include them; if not, they shall be excluded.

CLEINIAS: Assuredly: but may we not now, Stranger, prescribe these studies as necessary, and so fill up the lacunae of our laws?

ATHENIAN: They shall be regarded as pledges which may be hereafter redeemed and removed from our state, if they do not please either us who give them, or you who accept them.

CLEINIAS: A fair condition.

ATHENIAN: Next let us see whether we are or are not willing that the study of astronomy shall be proposed for our youth.

CLEINIAS: Proceed.

ATHENIAN: Here occurs a strange phenomenon, which certainly cannot in any point of view be tolerated.

CLEINIAS: To what are you referring?

ATHENIAN: Men say that we ought not to enquire into the supreme God and the nature of the universe, nor busy ourselves in searching out the causes of things, and that such enquiries are impious; whereas the very opposite is the truth.

CLEINIAS: What do you mean?

ATHENIAN: Perhaps what I am saying may seem paradoxical, and at variance with the usual language of age. But when any one has any

good and true notion which is for the advantage of the state and in every way acceptable to God, he cannot abstain from expressing it.

CLEINIAS: Your words are reasonable enough; but shall we find any good or true notion about the stars?

ATHENIAN: My good friends, at this hour all of us Hellenes tell lies, if I may use such an expression, about those great Gods, the Sun and the Moon.

CLEINIAS: Lies of what nature?

ATHENIAN: We say that they and divers other stars do not keep the same path, and we call them planets or wanderers.

CLEINIAS: Very true, Stranger; and in the course of my life I have often myself seen the morning star and the evening star and divers others not moving in their accustomed course, but wandering out of their path in all manner of ways, and I have seen the sun and moon doing what we all know that they do.

ATHENIAN: Just so, Megillus and Cleinias; and I maintain that our citizens and our youth ought to learn about the nature of the Gods in heaven, so far as to be able to offer sacrifices and pray to them in pious language, and not to blaspheme about them.

CLEINIAS: There you are right, if such a knowledge be only attainable; and if we are wrong in our mode of speaking now, and can be better instructed and learn to use better language, then I quite agree with you that such a degree of knowledge as will enable us to speak rightly should be acquired by us. And now do you try to explain to us your whole meaning, and we, on our part, will endeavour to understand you.

ATHENIAN: There is some difficulty in understanding my meaning, but not a very great one, nor will any great length of time be required. And of this I am myself a proof; for I did not know these things long ago, nor in the days of my youth, and yet I can explain them to you in a brief space of time; whereas if they had been difficult I could certainly never have explained them all, old as I am,

to old men like yourselves.

CLEINIAS: True; but what is this study which you describe as wonderful and fitting for youth to learn, but of which we are ignorant? Try and explain the nature of it to us as clearly as you can.

ATHENIAN: I will. For, O my good friends, that other doctrine about the wandering of the sun and the moon and the other stars is not the truth, but the very reverse of the truth. Each of them moves in the same path — not in many paths, but in one only, which is circular, and the varieties are only apparent. Nor are we right in supposing that the swiftest of them is the slowest, nor conversely, that the slowest is the quickest. And if what I say is true, only just imagine that we had a similar notion about horses running at Olympia, or about men who ran in the long course, and that we addressed the swiftest as the slowest and the slowest as the swiftest, and sang the praises of the vanquished as though he were the victor — in that case our praises would not be true, nor very agreeable to the runners, though they be but men; and now, to commit the same error about the Gods which would have been ludicrous and erroneous in the case of men — is not that ludicrous and erroneous?

CLEINIAS: Worse than ludicrous, I should say.

ATHENIAN: At all events, the Gods cannot like us to be spreading a false report of them.

CLEINIAS: Most true, if such is the fact.

ATHENIAN: And if we can show that such is really the fact, then all these matters ought to be learned so far as is necessary for the avoidance of impiety; but if we cannot, they may be let alone, and let this be our decision.

CLEINIAS: Very good.

ATHENIAN: Enough of laws relating to education and learning. But hunting and similar pursuits in like manner claim our attention. For the legislator appears to have a duty imposed upon him which goes beyond mere legislation. There is something over and above law

which lies in a region between admonition and law, and has several times occurred to us in the course of discussion; for example, in the education of very young children there were things, as we maintain, which are not to be defined, and to regard them as matters of positive law is a great absurdity. Now, our laws and the whole constitution of our state having been thus delineated, the praise of the virtuous citizen is not complete when he is described as the person who serves the laws best and obeys them most, but the higher form of praise is that which describes him as the good citizen who passes through life undefiled and is obedient to the words of the legislator, both when he is giving laws and when he assigns praise and blame. This is the truest word that can be spoken in praise of a citizen; and the true legislator ought not only to write his laws, but also to interweave with them all such things as seem to him honourable and dishonourable. And the perfect citizen ought to seek to strengthen these no less than the principles of law which are sanctioned by punishments. I will adduce an example which will clear up my meaning, and will be a sort of witness to my words. Hunting is of wide extent, and has a name under which many things are included, for there is a hunting of creatures in the water, and of creatures in the air, and there is a great deal of hunting of land animals of all kinds, and not of wild beasts only. The hunting after man is also worthy of consideration; there is the hunting after him in war, and there is often a hunting after him in the way of friendship, which is praised and also blamed; and there is thieving, and the hunting which is practised by robbers, and that of armies against armies. Now the legislator, in laying down laws about hunting, can neither abstain from noting these things, nor can he make threatening ordinances which will assign rules and penalties about all of them. What is he to do? He will have to praise and blame hunting with a view to the exercise and pursuits of youth. And, on the other hand, the young man must listen obediently; neither pleasure nor pain should hinder him, and he should regard as his standard of action the praises and injunctions of the legislator rather than the punishments which he imposes by law. This being premised, there will follow next in order moderate praise and censure of hunting; the praise being assigned to that kind which will make the souls of young men better, and the censure to that

which has the opposite effect. And now let us address young men in the form of a prayer for their welfare: O friends, we will say to them, may no desire or love of hunting in the sea, or of angling or of catching the creatures in the waters, ever take possession of you, either when you are awake or when you are asleep, by hook or by weel, which latter is a very lazy contrivance; and let not any desire of catching men and of piracy by sea enter into your souls and make you cruel and lawless hunters. And as to the desire of thieving in town or country, may it never enter into your most passing thoughts; nor let the insidious fancy of catching birds, which is hardly worthy of freemen, come into the head of any youth. There remains therefore for our athletes only the hunting and catching of land animals, of which the one sort is called hunting by night, in which the hunters sleep in turn and are lazy; this is not to be commended any more than that which has intervals of rest, in which the wild strength of beasts is subdued by nets and snares, and not by the victory of a laborious spirit. Thus, only the best kind of hunting is allowed at all — that of quadrupeds, which is carried on with horses and dogs and men's own persons, and they get the victory over the animals by running them down and striking them and hurling at them, those who have a care of godlike manhood taking them with their own hands. The praise and blame which is assigned to all these things has now been declared; and let the law be as follows: Let no one hinder these who verily are sacred hunters from following the chase wherever and whithersoever they will; but the hunter by night, who trusts to his nets and gins, shall not be allowed to hunt anywhere. The fowler in the mountains and waste places shall be permitted, but on cultivated ground and on consecrated wilds he shall not be permitted; and any one who meets him may stop him. As to the hunter in waters, he may hunt anywhere except in harbours or sacred streams or marshes or pools, provided only that he do not pollute the water with poisonous juices. And now we may say that all our enactments about education are complete.

CLEINIAS: Very good.

BOOK VIII.

ATHENIAN: Next, with the help of the Delphian oracle, we have to institute festivals and make laws about them, and to determine what sacrifices will be for the good of the city, and to what Gods they shall be offered; but when they shall be offered, and how often, may be partly regulated by us.

CLEINIAS: The number — yes.

ATHENIAN: Then we will first determine the number; and let the whole number be 365 — one for every day — so that one magistrate at least will sacrifice daily to some God or demi-god on behalf of the city, and the citizens, and their possessions. And the interpreters, and priests, and priestesses, and prophets shall meet, and, in company with the guardians of the law, ordain those things which the legislator of necessity omits; and I may remark that they are the very persons who ought to take note of what is omitted. The law will say that there are twelve feasts dedicated to the twelve Gods, after whom the several tribes are named; and that to each of them they shall sacrifice every month, and appoint choruses, and musical and gymnastic contests, assigning them so as to suit the Gods and seasons of the year. And they shall have festivals for women, distinguishing those which ought to be separated from the men's festivals, and those which ought not. Further, they shall not confuse the infernal deities and their rites with the Gods who are termed heavenly and their rites, but shall separate them, giving to Pluto his own in the twelfth month, which is sacred to him, according to the law. To such a deity warlike men should entertain no aversion, but they should honour him as being always the best friend of man. For the connexion of soul and body is no way better than the dissolution of them, as I am ready to maintain quite seriously. Moreover, those who would regulate these matters rightly should consider, that our city among existing cities has no fellow, either in respect of leisure or command of the necessities of life, and that like an individual she ought to live happily. And those who would live happily should in the first place do no wrong to one another, and ought not themselves to be wronged

by others; to attain the first is not difficult, but there is great difficulty in acquiring the power of not being wronged. No man can be perfectly secure against wrong, unless he has become perfectly good; and cities are like individuals in this, for a city if good has a life of peace, but if evil, a life of war within and without. Wherefore the citizens ought to practise war — not in time of war, but rather while they are at peace. And every city which has any sense, should take the field at least for one day in every month, and for more if the magistrates think fit, having no regard to winter cold or summer heat; and they should go out en masse, including their wives and their children, when the magistrates determine to lead forth the whole people, or in separate portions when summoned by them; and they should always provide that there should be games and sacrificial feasts, and they should have tournaments, imitating in as lively a manner as they can real battles. And they should distribute prizes of victory and valour to the competitors, passing censures and encomiums on one another according to the characters which they bear in the contests and in their whole life, honouring him who seems to be the best, and blaming him who is the opposite. And let poets celebrate the victors — not however every poet, but only one who in the first place is not less than fifty years of age; nor should he be one who, although he may have musical and poetical gifts, has never in his life done any noble or illustrious action; but those who are themselves good and also honourable in the state, creators of noble actions — let their poems be sung, even though they be not very musical. And let the judgment of them rest with the instructor of youth and the other guardians of the laws, who shall give them this privilege, and they alone shall be free to sing; but the rest of the world shall not have this liberty. Nor shall any one dare to sing a song which has not been approved by the judgment of the guardians of the laws, not even if his strain be sweeter than the songs of Thamyras and Orpheus; but only such poems as have been judged sacred and dedicated to the Gods, and such as are the works of good men, in which praise or blame has been awarded and which have been deemed to fulfil their design fairly.

The regulations about war, and about liberty of speech in poetry,

ought to apply equally to men and women. The legislator may be supposed to argue the question in his own mind: Who are my citizens for whom I have set in order the city? Are they not competitors in the greatest of all contests, and have they not innumerable rivals? To be sure, will be the natural reply. Well, but if we were training boxers, or pancratiasts, or any other sort of athletes, would they never meet until the hour of contest arrived; and should we do nothing to prepare ourselves previously by daily practice? Surely, if we were boxers, we should have been learning to fight for many days before, and exercising ourselves in imitating all those blows and wards which we were intending to use in the hour of conflict; and in order that we might come as near to reality as possible, instead of cestuses we should put on boxing-gloves, that the blows and the wards might be practised by us to the utmost of our power. And if there were a lack of competitors, the ridicule of fools would not deter us from hanging up a lifeless image and practising at that. Or if we had no adversary at all, animate or inanimate, should we not venture in the dearth of antagonists to spar by ourselves? In what other manner could we ever study the art of self-defence?

CLEINIAS: The way which you mention, Stranger, would be the only way.

ATHENIAN: And shall the warriors of our city, who are destined when occasion calls to enter the greatest of all contests, and to fight for their lives, and their children, and their property, and the whole city, be worse prepared than boxers? And will the legislator, because he is afraid that their practising with one another may appear to some ridiculous, abstain from commanding them to go out and fight; will he not ordain that soldiers shall perform lesser exercises without arms every day, making dancing and all gymnastic tend to this end; and also will he not require that they shall practise some gymnastic exercises, greater as well as lesser, as often as every month; and that they shall have contests one with another in every part of the country, seizing upon posts and lying in ambush, and imitating in every respect the reality of war; fighting with boxing-gloves and hurling javelins, and using weapons somewhat dangerous, and as nearly as

possible like the true ones, in order that the sport may not be altogether without fear, but may have terrors and to a certain degree show the man who has and who has not courage; and that the honour and dishonour which are assigned to them respectively, may prepare the whole city for the true conflict of life? If any one dies in these mimic contests, the homicide is involuntary, and we will make the slayer, when he has been purified according to law, to be pure of blood, considering that if a few men should die, others as good as they will be born; but that if fear is dead, then the citizens will never find a test of superior and inferior natures, which is a far greater evil to the state than the loss of a few.

CLEINIAS: We are quite agreed, Stranger, that we should legislate about such things, and that the whole state should practise them.

ATHENIAN: And what is the reason that dances and contests of this sort hardly ever exist in states, at least not to any extent worth speaking of? Is this due to the ignorance of mankind and their legislators?

CLEINIAS: Perhaps.

ATHENIAN: Certainly not, sweet Cleinias; there are two causes, which are quite enough to account for the deficiency.

CLEINIAS: What are they?

ATHENIAN: One cause is the love of wealth, which wholly absorbs men, and never for a moment allows them to think of anything but their own private possessions; on this the soul of every citizen hangs suspended, and can attend to nothing but his daily gain; mankind are ready to learn any branch of knowledge, and to follow any pursuit which tends to this end, and they laugh at every other: that is one reason why a city will not be in earnest about such contests or any other good and honourable pursuit. But from an insatiable love of gold and silver, every man will stoop to any art or contrivance, seemly or unseemly, in the hope of becoming rich; and will make no objection to performing any action, holy, or unholy and utterly base; if only like a beast he have the power of eating and drinking all kinds

of things, and procuring for himself in every sort of way the gratification of his lusts.

CLEINIAS: True.

ATHENIAN: Let this, then, be deemed one of the causes which prevent states from pursuing in an efficient manner the art of war, or any other noble aim, but makes the orderly and temperate part of mankind into merchants, and captains of ships, and servants, and converts the valiant sort into thieves and burglars, and robbers of temples, and violent, tyrannical persons; many of whom are not without ability, but they are unfortunate.

CLEINIAS: What do you mean?

ATHENIAN: Must not they be truly unfortunate whose souls are compelled to pass through life always hungering?

CLEINIAS: Then that is one cause, Stranger; but you spoke of another.

ATHENIAN: Thank you for reminding me.

CLEINIAS: The insatiable lifelong love of wealth, as you were saying, is one cause which absorbs mankind, and prevents them from rightly practising the arts of war: Granted; and now tell me, what is the other?

ATHENIAN: Do you imagine that I delay because I am in a perplexity?

CLEINIAS: No; but we think that you are too severe upon the money-loving temper, of which you seem in the present discussion to have a peculiar dislike.

ATHENIAN: That is a very fair rebuke, Cleinias; and I will now proceed to the second cause.

CLEINIAS: Proceed.

ATHENIAN: I say that governments are a cause — democracy,

oligarchy, tyranny, concerning which I have often spoken in the previous discourse; or rather governments they are not, for none of them exercises a voluntary rule over voluntary subjects; but they may be truly called states of discord, in which while the government is voluntary, the subjects always obey against their will, and have to be coerced; and the ruler fears the subject, and will not, if he can help, allow him to become either noble, or rich, or strong, or valiant, or warlike at all. These two are the chief causes of almost all evils, and of the evils of which I have been speaking they are notably the causes. But our state has escaped both of them; for her citizens have the greatest leisure, and they are not subject to one another, and will, I think, be made by these laws the reverse of lovers of money. Such a constitution may be reasonably supposed to be the only one existing which will accept the education which we have described, and the martial pastimes which have been perfected according to our idea.

CLEINIAS: True.

ATHENIAN: Then next we must remember, about all gymnastic contests, that only the warlike sort of them are to be practised and to have prizes of victory; and those which are not military are to be given up. The military sort had better be completely described and established by law; and first, let us speak of running and swiftness.

CLEINIAS: Very good.

ATHENIAN: Certainly the most military of all qualities is general activity of body, whether of foot or hand. For escaping or for capturing an enemy, quickness of foot is required; but hand-to-hand conflict and combat need vigour and strength.

CLEINIAS: Very true.

ATHENIAN: Neither of them can attain their greatest efficiency without arms.

CLEINIAS: How can they?

ATHENIAN: Then our herald, in accordance with the prevailing practice, will first summon the runner — he will appear armed, for to

an unarmed competitor we will not give a prize. And he shall enter first who is to run the single course bearing arms; next, he who is to run the double course; third, he who is to run the horse-course; and fourthly, he who is to run the long course; the fifth whom we start, shall be the first sent forth in heavy armour, and shall run a course of sixty stadia to some temple of Ares — and we will send forth another, whom we will style the more heavily armed, to run over smoother ground. There remains the archer; and he shall run in the full equipments of an archer a distance of 100 stadia over mountains, and across every sort of country, to a temple of Apollo and Artemis; this shall be the order of the contest, and we will wait for them until they return, and will give a prize to the conqueror in each.

CLEINIAS: Very good.

ATHENIAN: Let us suppose that there are three kinds of contests — one of boys, another of beardless youths, and a third of men. For the youths we will fix the length of the contest at two-thirds, and for the boys at half of the entire course, whether they contend as archers or as heavy-armed. Touching the women, let the girls who are not grown up compete naked in the stadium and the double course, and the horse-course and the long course, and let them run on the race-ground itself; those who are thirteen years of age and upwards until their marriage shall continue to share in contests if they are not more than twenty, and shall be compelled to run up to eighteen; and they shall descend into the arena in suitable dresses. Let these be the regulations about contests in running both for men and women.

Respecting contests of strength, instead of wrestling and similar contests of the heavier sort, we will institute conflicts in armour of one against one, and two against two, and so on up to ten against ten. As to what a man ought not to suffer or do, and to what extent, in order to gain the victory — as in wrestling, the masters of the art have laid down what is fair and what is not fair, so in fighting in armour — we ought to call in skilful persons, who shall judge for us and be our assessors in the work of legislation; they shall say who deserves to be victor in combats of this sort, and what he is not to do or have done to him, and in like manner what rule determines who is

defeated; and let these ordinances apply to women until they are married as well as to men. The pancration shall have a counterpart in a combat of the light-armed; they shall contend with bows and with light shields and with javelins and in the throwing of stones by slings and by hand: and laws shall be made about it, and rewards and prizes given to him who best fulfils the ordinances of the law.

Next in order we shall have to legislate about the horse contests. Now we do not need many horses, for they cannot be of much use in a country like Crete, and hence we naturally do not take great pains about the rearing of them or about horse races. There is no one who keeps a chariot among us, and any rivalry in such matters would be altogether out of place; there would be no sense nor any shadow of sense in instituting contests which are not after the manner of our country. And therefore we give our prizes for single horses — for colts who have not yet cast their teeth, and for those who are intermediate, and for the full-grown horses themselves; and thus our equestrian games will accord with the nature of the country. Let them have conflict and rivalry in these matters in accordance with the law, and let the colonels and generals of horse decide together about all courses and about the armed competitors in them. But we have nothing to say to the unarmed either in gymnastic exercises or in these contests. On the other hand, the Cretan bowman or javelin-man who fights in armour on horseback is useful, and therefore we may as well place a competition of this sort among our amusements. Women are not to be forced to compete by laws and ordinances; but if from previous training they have acquired the habit and are strong enough and like to take part, let them do so, girls as well as boys, and no blame to them.

Thus the competition in gymnastic and the mode of learning it have been described; and we have spoken also of the toils of the contest, and of daily exercises under the superintendence of masters. Likewise, what relates to music has been, for the most part, completed. But as to rhapsodes and the like, and the contests of choruses which are to perform at feasts, all this shall be arranged when the months and days and years have been appointed for Gods

and demi-gods, whether every third year, or again every fifth year, or in whatever way or manner the Gods may put into men's minds the distribution and order of them. At the same time, we may expect that the musical contests will be celebrated in their turn by the command of the judges and the director of education and the guardians of the law meeting together for this purpose, and themselves becoming legislators of the times and nature and conditions of the choral contests and of dancing in general. What they ought severally to be in language and song, and in the admixture of harmony with rhythm and the dance, has been often declared by the original legislator; and his successors ought to follow him, making the games and sacrifices duly to correspond at fitting times, and appointing public festivals. It is not difficult to determine how these and the like matters may have a regular order; nor, again, will the alteration of them do any great good or harm to the state. There is, however, another matter of great importance and difficulty, concerning which God should legislate, if there were any possibility of obtaining from Him an ordinance about it. But seeing that divine aid is not to be had, there appears to be a need of some bold man who specially honours plainness of speech, and will say outright what he thinks best for the city and citizens — ordaining what is good and convenient for the whole state amid the corruptions of human souls, opposing the mightiest lusts, and having no man his helper but himself standing alone and following reason only.

CLEINIAS: What is this, Stranger, that you are saying? For we do not as yet understand your meaning.

ATHENIAN: Very likely; I will endeavour to explain myself more clearly. When I came to the subject of education, I beheld young men and maidens holding friendly intercourse with one another. And there naturally arose in my mind a sort of apprehension — I could not help thinking how one is to deal with a city in which youths and maidens are well nurtured, and have nothing to do, and are not undergoing the excessive and servile toils which extinguish wantonness, and whose only cares during their whole life are sacrifices and festivals and dances. How, in such a state as this, will they abstain from desires

which thrust many a man and woman into perdition; and from which reason, assuming the functions of law, commands them to abstain? The ordinances already made may possibly get the better of most of these desires; the prohibition of excessive wealth is a very considerable gain in the direction of temperance, and the whole education of our youth imposes a law of moderation on them; moreover, the eye of the rulers is required always to watch over the young, and never to lose sight of them; and these provisions do, as far as human means can effect anything, exercise a regulating influence upon the desires in general. But how can we take precautions against the unnatural loves of either sex, from which innumerable evils have come upon individuals and cities? How shall we devise a remedy and way of escape out of so great a danger? Truly, Cleinias, here is a difficulty. In many ways Crete and Lacedaemon furnish a great help to those who make peculiar laws; but in the matter of love, as we are alone, I must confess that they are quite against us. For if any one following nature should lay down the law which existed before the days of Laius, and denounce these lusts as contrary to nature, adducing the animals as a proof that such unions were monstrous, he might prove his point, but he would be wholly at variance with the custom of your states. Further, they are repugnant to a principle which we say that a legislator should always observe; for we are always enquiring which of our enactments tends to virtue and which not. And suppose we grant that these loves are accounted by law to the honourable, or at least not disgraceful, in what degree will they contribute to virtue? Will such passions implant in the soul of him who is seduced the habit of courage, or in the soul of the seducer the principle of temperance? Who will ever believe this? or rather, who will not blame the effeminacy of him who yields to pleasures and is unable to hold out against them? Will not all men censure as womanly him who imitates the woman? And who would ever think of establishing such a practice by law? certainly no one who had in his mind the image of true law. How can we prove that what I am saying is true? He who would rightly consider these matters must see the nature of friendship and desire, and of these so-called loves, for they are of two kinds, and out of the two arises a third kind, having the same name; and this similarity of

name causes all the difficulty and obscurity.

CLEINIAS: How is that?

ATHENIAN: Dear is the like in virtue to the like, and the equal to the equal; dear also, though unlike, is he who has abundance to him who is in want. And when either of these friendships becomes excessive, we term the excess love.

CLEINIAS: Very true.

ATHENIAN: The friendship which arises from contraries is horrible and coarse, and has often no tie of communion; but that which arises from likeness is gentle, and has a tie of communion which lasts through life. As to the mixed sort which is made up of them both, there is, first of all, a difficulty in determining what he who is possessed by this third love desires; moreover, he is drawn different ways, and is in doubt between the two principles; the one exhorting him to enjoy the beauty of youth, and the other forbidding him. For the one is a lover of the body, and hungers after beauty, like ripe fruit, and would fain satisfy himself without any regard to the character of the beloved; the other holds the desire of the body to be a secondary matter, and looking rather than loving and with his soul desiring the soul of the other in a becoming manner, regards the satisfaction of the bodily love as wantonness; he reverences and respects temperance and courage and magnanimity and wisdom, and wishes to live chastely with the chaste object of his affection. Now the sort of love which is made up of the other two is that which we have described as the third. Seeing then that there are these three sorts of love, ought the law to prohibit and forbid them all to exist among us? Is it not rather clear that we should wish to have in the state the love which is of virtue and which desires the beloved youth to be the best possible; and the other two, if possible, we should hinder? What do you say, friend Megillus?

MEGILLUS: I think, Stranger, that you are perfectly right in what you have been now saying.

Athenian: I knew well, my friend, that I should obtain your assent,

which I accept, and therefore have no need to analyze your custom any further. Cleinias shall be prevailed upon to give me his assent at some other time. Enough of this; and now let us proceed to the laws.

MEGILLUS: Very good.

ATHENIAN: Upon reflection I see a way of imposing the law, which, in one respect, is easy, but, in another, is of the utmost difficulty.

MEGILLUS: What do you mean?

ATHENIAN: We are all aware that most men, in spite of their lawless natures, are very strictly and precisely restrained from intercourse with the fair, and this is not at all against their will, but entirely with their will.

MEGILLUS: When do you mean?

ATHENIAN: When any one has a brother or sister who is fair; and about a son or daughter the same unwritten law holds, and is a most perfect safeguard, so that no open or secret connexion ever takes place between them. Nor does the thought of such a thing ever enter at all into the minds of most of them.

MEGILLUS: Very true.

ATHENIAN: Does not a little word extinguish all pleasures of that sort?

MEGILLUS: What word?

ATHENIAN: The declaration that they are unholy, hated of God, and most infamous; and is not the reason of this that no one has ever said the opposite, but every one from his earliest childhood has heard men speaking in the same manner about them always and everywhere, whether in comedy or in the graver language of tragedy? When the poet introduces on the stage a Thyestes or an Oedipus, or a Macareus having secret intercourse with his sister, he represents him, when found out, ready to kill himself as the penalty of his sin.

MEGILLUS: You are very right in saying that tradition, if no breath of opposition ever assails it, has a marvellous power.

ATHENIAN: Am I not also right in saying that the legislator who wants to master any of the passions which master man may easily know how to subdue them? He will consecrate the tradition of their evil character among all, slaves and freemen, women and children, throughout the city: that will be the surest foundation of the law which he can make.

MEGILLUS: Yes; but will he ever succeed in making all mankind use the same language about them?

ATHENIAN: A good objection; but was I not just now saying that I had a way to make men use natural love and abstain from unnatural, not intentionally destroying the seeds of human increase, or sowing them in stony places, in which they will take no root; and that I would command them to abstain too from any female field of increase in which that which is sown is not likely to grow? Now if a law to this effect could only be made perpetual, and gain an authority such as already prevents intercourse of parents and children — such a law, extending to other sensual desires, and conquering them, would be the source of ten thousand blessings. For, in the first place, moderation is the appointment of nature, and deters men from all frenzy and madness of love, and from all adulteries and immoderate use of meats and drinks, and makes them good friends to their own wives. And innumerable other benefits would result if such a law could only be enforced. I can imagine some lusty youth who is standing by, and who, on hearing this enactment, declares in scurrilous terms that we are making foolish and impossible laws, and fills the world with his outcry. And therefore I said that I knew a way of enacting and perpetuating such a law, which was very easy in one respect, but in another most difficult. There is no difficulty in seeing that such a law is possible, and in what way; for, as I was saying, the ordinance once consecrated would master the soul of every man, and terrify him into obedience. But matters have now come to such a pass that even then the desired result seems as if it could not be attained, just as the continuance of an entire state in the practice of common

meals is also deemed impossible. And although this latter is partly disproven by the fact of their existence among you, still even in your cities the common meals of women would be regarded as unnatural and impossible. I was thinking of the rebelliousness of the human heart when I said that the permanent establishment of these things is very difficult.

MEGILLUS: Very true.

ATHENIAN: Shall I try and find some sort of persuasive argument which will prove to you that such enactments are possible, and not beyond human nature?

CLEINIAS: By all means.

ATHENIAN: Is a man more likely to abstain from the pleasures of love and to do what he is bidden about them, when his body is in a good condition, or when he is in an ill condition, and out of training?

CLEINIAS: He will be far more temperate when he is in training.

ATHENIAN: And have we not heard of Iccus of Tarentum, who, with a view to the Olympic and other contests, in his zeal for his art, and also because he was of a manly and temperate disposition, never had any connexion with a woman or a youth during the whole time of his training? And the same is said of Crison and Astylus and Diopompus and many others; and yet, Cleinias, they were far worse educated in their minds than your and my citizens, and in their bodies far more lusty.

CLEINIAS: No doubt this fact has been often affirmed positively by the ancients of these athletes.

ATHENIAN: And had they the courage to abstain from what is ordinarily deemed a pleasure for the sake of a victory in wrestling, running, and the like; and shall our young men be incapable of a similar endurance for the sake of a much nobler victory, which is the noblest of all, as from their youth upwards we will tell them, charming them, as we hope, into the belief of this by tales and sayings and songs?

CLEINIAS: Of what victory are you speaking?

ATHENIAN: Of the victory over pleasure, which if they win, they will live happily; or if they are conquered, the reverse of happily. And, further, may we not suppose that the fear of impiety will enable them to master that which other inferior people have mastered?

CLEINIAS: I dare say.

ATHENIAN: And since we have reached this point in our legislation, and have fallen into a difficulty by reason of the vices of mankind, I affirm that our ordinance should simply run in the following terms: Our citizens ought not to fall below the nature of birds and beasts in general, who are born in great multitudes, and yet remain until the age for procreation virgin and unmarried, but when they have reached the proper time of life are coupled, male and female, and lovingly pair together, and live the rest of their lives in holiness and innocence, abiding firmly in their original compact: surely, we will say to them, you should be better than the animals. But if they are corrupted by the other Hellenes and the common practice of barbarians, and they see with their eyes and hear with their ears of the so-called free love everywhere prevailing among them, and they themselves are not able to get the better of the temptation, the guardians of the law, exercising the functions of lawgivers, shall devise a second law against them.

CLEINIAS: And what law would you advise them to pass if this one failed?

ATHENIAN: Clearly, Cleinias, the one which would naturally follow.

CLEINIAS: What is that?

ATHENIAN: Our citizens should not allow pleasures to strengthen with indulgence, but should by toil divert the aliment and exuberance of them into other parts of the body; and this will happen if no immodesty be allowed in the practice of love. Then they will be ashamed of frequent intercourse, and they will find pleasure, if

seldom enjoyed, to be a less imperious mistress. They should not be found out doing anything of the sort. Concealment shall be honourable, and sanctioned by custom and made law by unwritten prescription; on the other hand, to be detected shall be esteemed dishonourable, but not, to abstain wholly. In this way there will be a second legal standard of honourable and dishonourable, involving a second notion of right. Three principles will comprehend all those corrupt natures whom we call inferior to themselves, and who form but one class, and will compel them not to transgress.

CLEINIAS: What are they?

ATHENIAN: The principle of piety, the love of honour, and the desire of beauty, not in the body but in the soul. These are, perhaps, romantic aspirations; but they are the noblest of aspirations, if they could only be realised in all states, and, God willing, in the matter of love we may be able to enforce one of two things — either that no one shall venture to touch any person of the freeborn or noble class except his wedded wife, or sow the unconsecrated and bastard seed among harlots, or in barren and unnatural lusts; or at least we may abolish altogether the connection of men with men; and as to women, if any man has to do with any but those who come into his house duly married by sacred rites, whether they be bought or acquired in any other way, and he offends publicly in the face of all mankind, we shall be right in enacting that he be deprived of civic honours and privileges, and be deemed to be, as he truly is, a stranger. Let this law, then, whether it is one, or ought rather to be called two, be laid down respecting love in general, and the intercourse of the sexes which arises out of the desires, whether rightly or wrongly indulged.

MEGILLUS: I, for my part, Stranger, would gladly receive this law. Cleinias shall speak for himself, and tell you what is his opinion.

CLEINIAS: I will, Megillus, when an opportunity offers; at present, I think that we had better allow the Stranger to proceed with his laws.

MEGILLUS: Very good.

ATHENIAN: We had got about as far as the establishment of the

common tables, which in most places would be difficult, but in Crete no one would think of introducing any other custom. There might arise a question about the manner of them — whether they shall be such as they are here in Crete, or such as they are in Lacedaemon — or is there a third kind which may be better than either of them? The answer to this question might be easily discovered, but the discovery would do no great good, for at present they are very well ordered.

Leaving the common tables, we may therefore proceed to the means of providing food. Now, in cities the means of life are gained in many ways and from divers sources, and in general from two sources, whereas our city has only one. For most of the Hellenes obtain their food from sea and land, but our citizens from land only. And this makes the task of the legislator less difficult — half as many laws will be enough, and much less than half; and they will be of a kind better suited to free men. For he has nothing to do with laws about shipowners and merchants and retailers and inn-keepers and tax collectors and mines and moneylending and compound interest and innumerable other things — bidding good-bye to these, he gives laws to husbandmen and shepherds and bee-keepers, and to the guardians and superintendents of their implements; and he has already legislated for greater matters, as for example, respecting marriage and the procreation and nurture of children, and for education, and the establishment of offices — and now he must direct his laws to those who provide food and labour in preparing it.

Let us first of all, then, have a class of laws which shall be called the laws of husbandmen. And let the first of them be the law of Zeus, the God of boundaries. Let no one shift the boundary line either of a fellow-citizen who is a neighbour, or, if he dwells at the extremity of the land, of any stranger who is conterminous with him, considering that this is truly ‘to move the immovable,’ and every one should be more willing to move the largest rock which is not a landmark, than the least stone which is the sworn mark of friendship and hatred between neighbours; for Zeus, the god of kindred, is the witness of the citizen, and Zeus, the god of strangers, of the stranger, and when aroused, terrible are the wars which they stir up. He who obeys the

law will never know the fatal consequences of disobedience, but he who despises the law shall be liable to a double penalty, the first coming from the Gods, and the second from the law. For let no one wilfully remove the boundaries of his neighbour's land, and if any one does, let him who will inform the landowners, and let them bring him into court, and if he be convicted of re-dividing the land by stealth or by force, let the court determine what he ought to suffer or pay. In the next place, many small injuries done by neighbours to one another, through their multiplication, may cause a weight of enmity, and make neighbourhood a very disagreeable and bitter thing. Wherefore a man ought to be very careful of committing any offence against his neighbour, and especially of encroaching on his neighbour's land; for any man may easily do harm, but not every man can do good to another. He who encroaches on his neighbour's land, and transgresses his boundaries, shall make good the damage, and, to cure him of his impudence and also of his meanness, he shall pay a double penalty to the injured party. Of these and the like matters the wardens of the country shall take cognizance, and be the judges of them and assessors of the damage; in the more important cases, as has been already said, the whole number of them belonging to any one of the twelve divisions shall decide, and in the lesser cases the commanders: or, again, if any one pastures his cattle on his neighbour's land, they shall see the injury, and adjudge the penalty. And if any one, by decoying the bees, gets possession of another's swarms, and draws them to himself by making noises, he shall pay the damage; or if any one sets fire to his own wood and takes no care of his neighbour's property, he shall be fined at the discretion of the magistrates. And if in planting he does not leave a fair distance between his own and his neighbour's land, he shall be punished, in accordance with the enactments of many lawgivers, which we may use, not deeming it necessary that the great legislator of our state should determine all the trifles which might be decided by any body; for example, husbandmen have had of old excellent laws about waters, and there is no reason why we should propose to divert their course: He who likes may draw water from the fountain-head of the common stream on to his own land, if he do not cut off the spring which clearly belongs to some other owner; and he may take the

water in any direction which he pleases, except through a house or temple or sepulchre, but he must be careful to do no harm beyond the channel. And if there be in any place a natural dryness of the earth, which keeps in the rain from heaven, and causes a deficiency in the supply of water, let him dig down on his own land as far as the clay, and if at this depth he finds no water, let him obtain water from his neighbours, as much as is required for his servants' drinking, and if his neighbours, too, are limited in their supply, let him have a fixed measure, which shall be determined by the wardens of the country. This he shall receive each day, and on these terms have a share of his neighbours' water. If there be heavy rain, and one of those on the lower ground injures some tiller of the upper ground, or some one who has a common wall, by refusing to give them an outlet for water; or, again, if some one living on the higher ground recklessly lets off the water on his lower neighbour, and they cannot come to terms with one another, let him who will call in a warden of the city, if he be in the city, or if he be in the country, a warden of the country, and let him obtain a decision determining what each of them is to do. And he who will not abide by the decision shall suffer for his malignant and morose temper, and pay a fine to the injured party, equivalent to double the value of the injury, because he was unwilling to submit to the magistrates.

Now the participation of fruits shall be ordered on this wise. The goddess of Autumn has two gracious gifts: one the joy of Dionysus which is not treasured up; the other, which nature intends to be stored. Let this be the law, then, concerning the fruits of autumn: He who tastes the common or storing fruits of autumn, whether grapes or figs, before the season of vintage which coincides with Arcturus, either on his own land or on that of others — let him pay fifty drachmae, which shall be sacred to Dionysus, if he pluck them from his own land; and if from his neighbour's land, a mina, and if from any others', two-thirds of a mina. And he who would gather the 'choice' grapes or the 'choice' figs, as they are now termed, if he take them off his own land, let him pluck them how and when he likes; but if he take them from the ground of others without their leave, let him in that case be always punished in accordance with the

law which ordains that he should not move what he has not laid down. And if a slave touches any fruit of this sort, without the consent of the owner of the land, he shall be beaten with as many blows as there are grapes on the bunch, or figs on the fig-tree. Let a metic purchase the 'choice' autumnal fruit, and then, if he pleases, he may gather it; but if a stranger is passing along the road, and desires to eat, let him take of the 'choice' grape for himself and a single follower without payment, as a tribute of hospitality. The law however forbids strangers from sharing in the sort which is not used for eating; and if any one, whether he be master or slave, takes of them in ignorance, let the slave be beaten, and the freeman dismissed with admonitions, and instructed to take of the other autumnal fruits which are unfit for making raisins and wine, or for laying by as dried figs. As to pears, and apples, and pomegranates, and similar fruits, there shall be no disgrace in taking them secretly; but he who is caught, if he be of less than thirty years of age, shall be struck and beaten off, but not wounded; and no freeman shall have any right of satisfaction for such blows. Of these fruits the stranger may partake, just as he may of the fruits of autumn. And if an elder, who is more than thirty years of age, eat of them on the spot, let him, like the stranger, be allowed to partake of all such fruits, but he must carry away nothing. If, however, he will not obey the law, let him run the risk of failing in the competition of virtue, in case any one takes notice of his actions before the judges at the time.

Water is the greatest element of nutrition in gardens, but is easily polluted. You cannot poison the soil, or the sun, or the air, which are the other elements of nutrition in plants, or divert them, or steal them; but all these things may very likely happen in regard to water, which must therefore be protected by law. And let this be the law: If any one intentionally pollutes the water of another, whether the water of a spring, or collected in reservoirs, either by poisonous substances, or by digging, or by theft, let the injured party bring the cause before the wardens of the city, and claim in writing the value of the loss; if the accused be found guilty of injuring the water by deleterious substances, let him not only pay damages, but purify the stream or the cistern which contains the water, in such manner as the laws of

the interpreters order the purification to be made by the offender in each case.

With respect to the gathering in of the fruits of the soil, let a man, if he pleases, carry his own fruits through any place in which he either does no harm to any one, or himself gains three times as much as his neighbour loses. Now of these things the magistrates should be cognizant, as of all other things in which a man intentionally does injury to another or to the property of another, by fraud or force, in the use which he makes of his own property. All these matters a man should lay before the magistrates, and receive damages, supposing the injury to be not more than three minae; or if he have a charge against another which involves a larger amount, let him bring his suit into the public courts and have the evil-doer punished. But if any of the magistrates appear to adjudge the penalties which he imposes in an unjust spirit, let him be liable to pay double to the injured party. Any one may bring the offences of magistrates, in any particular case, before the public courts. There are innumerable little matters relating to the modes of punishment, and applications for suits, and summonses and the witnesses to summonses — for example, whether two witnesses should be required for a summons, or how many — and all such details, which cannot be omitted in legislation, but are beneath the wisdom of an aged legislator. These lesser matters, as they indeed are in comparison with the greater ones, let a younger generation regulate by law, after the patterns which have preceded, and according to their own experience of the usefulness and necessity of such laws; and when they are duly regulated let there be no alteration, but let the citizens live in the observance of them.

Now of artisans, let the regulations be as follows: In the first place, let no citizen or servant of a citizen be occupied in handicraft arts; for he who is to secure and preserve the public order of the state, has an art which requires much study and many kinds of knowledge, and does not admit of being made a secondary occupation; and hardly any human being is capable of pursuing two professions or two arts rightly, or of practising one art himself, and superintending some one

else who is practising another. Let this, then, be our first principle in the state: No one who is a smith shall also be a carpenter, and if he be a carpenter, he shall not superintend the smith's art rather than his own, under the pretext that in superintending many servants who are working for him, he is likely to superintend them better, because more revenue will accrue to him from them than from his own art; but let every man in the state have one art, and get his living by that. Let the wardens of the city labour to maintain this law, and if any citizen incline to any other art rather than the study of virtue, let them punish him with disgrace and infamy, until they bring him back into his own right course; and if any stranger profess two arts, let them chastise him with bonds and money penalties, and expulsion from the state, until they compel him to be one only and not many.

But as touching payments for hire, and contracts of work, or in case any one does wrong to any of the citizens, or they do wrong to any other, up to fifty drachmae, let the wardens of the city decide the case; but if a greater amount be involved, then let the public courts decide according to law. Let no one pay any duty either on the importation or exportation of goods; and as to frankincense and similar perfumes, used in the service of the Gods, which come from abroad, and purple and other dyes which are not produced in the country, or the materials of any art which have to be imported, and which are not necessary — no one should import them; nor, again, should any one export anything which is wanted in the country. Of all these things let there be inspectors and superintendents, taken from the guardians of the law; and they shall be the twelve next in order to the five seniors. Concerning arms, and all implements which are required for military purposes, if there be need of introducing any art, or plant, or metal, or chains of any kind, or animals for use in war, let the commanders of the horse and the generals have authority over their importation and exportation; the city shall send them out and also receive them, and the guardians of the law shall make fit and proper laws about them. But let there be no retail trade for the sake of moneymaking, either in these or any other articles, in the city or country at all.

With respect to food and the distribution of the produce of the country, the right and proper way seems to be nearly that which is the custom of Crete; for all should be required to distribute the fruits of the soil into twelve parts, and in this way consume them. Let the twelfth portion of each as for instance of wheat and barley, to which the rest of the fruits of the earth shall be added, as well as the animals which are for sale in each of the twelve divisions, be divided in due proportion into three parts; one part for freemen, another for their servants, and a third for craftsmen and in general for strangers, whether sojourners who may be dwelling in the city, and like other men must live, or those who come on some business which they have with the state, or with some individual. Let only this third part of all necessities be required to be sold; out of the other two-thirds no one shall be compelled to sell. And how will they be best distributed? In the first place, we see clearly that the distribution will be of equals in one point of view, and in another point of view of unequals.

CLEINIAS: What do you mean?

ATHENIAN: I mean that the earth of necessity produces and nourishes the various articles of food, sometimes better and sometimes worse.

CLEINIAS: Of course.

ATHENIAN: Such being the case, let no one of the three portions be greater than either of the other two — neither that which is assigned to masters or to slaves, nor again that of the stranger; but let the distribution to all be equal and alike, and let every citizen take his two portions and distribute them among slaves and freemen, he having power to determine the quantity and quality. And what remains he shall distribute by measure and number among the animals who have to be sustained from the earth, taking the whole number of them.

In the second place, our citizens should have separate houses duly ordered; and this will be the order proper for men like them. There shall be twelve hamlets, one in the middle of each twelfth portion,

and in each hamlet they shall first set apart a market-place, and the temples of the Gods, and of their attendant demi-gods; and if there be any local deities of the Magnetes, or holy seats of other ancient deities, whose memory has been preserved, to these let them pay their ancient honours. But Hestia, and Zeus, and Athene will have temples everywhere together with the God who presides in each of the twelve districts. And the first erection of houses shall be around these temples, where the ground is highest, in order to provide the safest and most defensible place of retreat for the guards. All the rest of the country they shall settle in the following manner: They shall make thirteen divisions of the craftsmen; one of them they shall establish in the city, and this, again, they shall subdivide into twelve lesser divisions, among the twelve districts of the city, and the remainder shall be distributed in the country round about; and in each village they shall settle various classes of craftsmen, with a view to the convenience of the husbandmen. And the chief officers of the wardens of the country shall superintend all these matters, and see how many of them, and which class of them, each place requires; and fix them where they are likely to be least troublesome, and most useful to the husbandman. And the wardens of the city shall see to similar matters in the city.

Now the wardens of the agora ought to see to the details of the agora. Their first care, after the temples which are in the agora have been seen to, should be to prevent any one from doing any wrong in dealings between man and man; in the second place, as being inspectors of temperance and violence, they should chastise him who requires chastisement. Touching articles of sale, they should first see whether the articles which the citizens are under regulations to sell to strangers are sold to them, as the law ordains. And let the law be as follows: On the first day of the month, the persons in charge, whoever they are, whether strangers or slaves, who have the charge on behalf of the citizens, shall produce to the strangers the portion which falls to them, in the first place, a twelfth portion of the corn — the stranger shall purchase corn for the whole month, and other cereals, on the first market day; and on the tenth day of the month the one party shall sell, and the other buy, liquids sufficient to last during

the whole month; and on the twenty-third day there shall be a sale of animals by those who are willing to sell to the people who want to buy, and of implements and other things which husbandmen sell, (such as skins and all kinds of clothing, either woven or made of felt and other goods of the same sort) and which strangers are compelled to buy and purchase of others. As to the retail trade in these things, whether of barley or wheat set apart for meal and flour, or any other kind of food, no one shall sell them to citizens or their slaves, nor shall any one buy of a citizen; but let the stranger sell them in the market of strangers, to artisans and their slaves, making an exchange of wine and food, which is commonly called retail trade. And butchers shall offer for sale parts of dismembered animals to the strangers, and artisans, and their servants. Let any stranger who likes buy fuel from day to day wholesale, from those who have the care of it in the country, and let him sell to the strangers as much as he pleases and when he pleases. As to other goods and implements which are likely to be wanted, they shall sell them in the common market, at any place which the guardians of the law and the wardens of the market and city, choosing according to their judgment, shall determine; at such places they shall exchange money for goods, and goods for money, neither party giving credit to the other; and he who gives credit must be satisfied, whether he obtain his money or not, for in such exchanges he will not be protected by law. But whenever property has been bought or sold, greater in quantity or value than is allowed by the law, which has determined within what limits a man may increase and diminish his possessions, let the excess be registered in the books of the guardians of the law; or in case of diminution, let there be an erasure made. And let the same rule be observed about the registration of the property of the metics. Any one who likes may come and be a metic on certain conditions; a foreigner, if he likes, and is able to settle, may dwell in the land, but he must practise an art, and not abide more than twenty years from the time at which he has registered himself; and he shall pay no sojourner's tax, however small, except good conduct, nor any other tax for buying and selling. But when the twenty years have expired, he shall take his property with him and depart. And if in the course of these years he should chance to distinguish himself by any

considerable benefit which he confers on the state, and he thinks that he can persuade the council and assembly, either to grant him delay in leaving the country, or to allow him to remain for the whole of his life, let him go and persuade the city, and whatever they assent to at his instance shall take effect. For the children of the metics, being artisans, and of fifteen years of age, let the time of their sojourn commence after their fifteenth year; and let them remain for twenty years, and then go where they like; but any of them who wishes to remain, may do so, if he can persuade the council and assembly. And if he depart, let him erase all the entries which have been made by him in the register kept by the magistrates.

BOOK IX.

Next to all the matters which have preceded in the natural order of legislation will come suits of law. Of suits those which relate to agriculture have been already described, but the more important have not been described. Having mentioned them severally under their usual names, we will proceed to say what punishments are to be inflicted for each offence, and who are to be the judges of them.

CLEINIAS: Very good.

ATHENIAN: There is a sense of disgrace in legislating, as we are about to do, for all the details of crime in a state which, as we say, is to be well regulated and will be perfectly adapted to the practice of virtue. To assume that in such a state there will arise some one who will be guilty of crimes as heinous as any which are ever perpetrated in other states, and that we must legislate for him by anticipation, and threaten and make laws against him if he should arise, in order to deter him, and punish his acts, under the idea that he will arise — this, as I was saying, is in a manner disgraceful. Yet seeing that we are not like the ancient legislators, who gave laws to heroes and sons of gods, being, according to the popular belief, themselves the offspring of the gods, and legislating for others, who were also the children of divine parents, but that we are only men who are legislating for the sons of men, there is no uncharitableness in apprehending that some one of our citizens may be like a seed which has touched the ox's horn, having a heart so hard that it cannot be softened any more than those seeds can be softened by fire. Among our citizens there may be those who cannot be subdued by all the strength of the laws; and for their sake, though an ungracious task, I will proclaim my first law about the robbing of temples, in case any one should dare to commit such a crime. I do not expect or imagine that any well-brought-up citizen will ever take the infection, but their servants, and strangers, and strangers' servants may be guilty of many impieties. And with a view to them especially, and yet not without a provident eye to the weakness of human nature generally, I will proclaim the law about robbers of temples and similar incurable,

or almost incurable, criminals. Having already agreed that such enactments ought always to have a short prelude, we may speak to the criminal, whom some tormenting desire by night and by day tempts to go and rob a temple, the fewest possible words of admonition and exhortation: O sir, we will say to him, the impulse which moves you to rob temples is not an ordinary human malady, nor yet a visitation of heaven, but a madness which is begotten in a man from ancient and unexpiated crimes of his race, an ever-recurring curse — against this you must guard with all your might, and how you are to guard we will explain to you. When any such thought comes into your mind, go and perform expiations, go as a suppliant to the temples of the Gods who avert evils, go to the society of those who are called good men among you; hear them tell and yourself try to repeat after them, that every man should honour the noble and the just. Fly from the company of the wicked — fly and turn not back; and if your disorder is lightened by these remedies, well and good, but if not, then acknowledge death to be nobler than life, and depart hence.

Such are the preludes which we sing to all who have thoughts of unholy and treasonable actions, and to him who hearkens to them the law has nothing to say. But to him who is disobedient when the prelude is over, cry with a loud voice — He who is taken in the act of robbing temples, if he be a slave or stranger, shall have his evil deed engraven on his face and hands, and shall be beaten with as many stripes as may seem good to the judges, and be cast naked beyond the borders of the land. And if he suffers this punishment he will probably return to his right mind and be improved; for no penalty which the law inflicts is designed for evil, but always makes him who suffers either better or not so much worse as he would have been. But if any citizen be found guilty of any great or unmentionable wrong, either in relation to the Gods, or his parents, or the state, let the judge deem him to be incurable, remembering that after receiving such an excellent education and training from youth upward, he has not abstained from the greatest of crimes. His punishment shall be death, which to him will be the least of evils; and his example will benefit others, if he perish ingloriously, and be

cast beyond the borders of the land. But let his children and family, if they avoid the ways of their father, have glory, and let honourable mention be made of them, as having nobly and manfully escaped out of evil into good. None of them should have their goods confiscated to the state, for the lots of the citizens ought always to continue the same and equal.

Touching the exaction of penalties, when a man appears to have done anything which deserves a fine, he shall pay the fine, if he have anything in excess of the lot which is assigned to him; but more than that he shall not pay. And to secure exactness, let the guardians of the law refer to the registers, and inform the judges of the precise truth, in order that none of the lots may go uncultivated for want of money. But if any one seems to deserve a greater penalty, let him undergo a long and public imprisonment and be dishonoured, unless some of his friends are willing to be surety for him, and liberate him by assisting him to pay the fine. No criminal shall go unpunished, not even for a single offence, nor if he have fled the country; but let the penalty be according to his deserts — death, or bonds, or blows, or degrading places of sitting or standing, or removal to some temple on the borders of the land; or let him pay fines, as we said before. In cases of death, let the judges be the guardians of the law, and a court selected by merit from the last year's magistrates. But how the causes are to be brought into court, how the summonses are to be served, and the like, these things may be left to the younger generation of legislators to determine; the manner of voting we must determine ourselves.

Let the vote be given openly; but before they come to the vote let the judges sit in order of seniority over against plaintiff and defendant, and let all the citizens who can spare time hear and take a serious interest in listening to such causes. First of all the plaintiff shall make one speech, and then the defendant shall make another; and after the speeches have been made the eldest judge shall begin to examine the parties, and proceed to make an adequate enquiry into what has been said; and after the oldest has spoken, the rest shall proceed in order to examine either party as to what he finds defective in the evidence,

whether of statement or omission; and he who has nothing to ask shall hand over the examination to another. And on so much of what has been said as is to the purpose all the judges shall set their seals, and place the writings on the altar of Hestia. On the next day they shall meet again, and in like manner put their questions and go through the cause, and again set their seals upon the evidence; and when they have three times done this, and have had witnesses and evidence enough, they shall each of them give a holy vote, after promising by Hestia that they will decide justly and truly to the utmost of their power; and so they shall put an end to the suit.

Next, after what relates to the Gods, follows what relates to the dissolution of the state: Whoever by permitting a man to power enslaves the laws, and subjects the city to factions, using violence and stirring up sedition contrary to law, him we will deem the greatest enemy of the whole state. But he who takes no part in such proceedings, and, being one of the chief magistrates of the state, has no knowledge of treason, or, having knowledge of it, by reason of cowardice does not interfere on behalf of his country, such an one we must consider nearly as bad. Every man who is worth anything will inform the magistrates, and bring the conspirator to trial for making a violent and illegal attempt to change the government. The judges of such cases shall be the same as of the robbers of temples; and let the whole proceeding be carried on in the same way, and the vote of the majority condemn to death. But let there be a general rule, that the disgrace and punishment of the father is not to be visited on the children, except in the case of some one whose father, grandfather, and great-grandfather have successively undergone the penalty of death. Such persons the city shall send away with all their possessions to the city and country of their ancestors, retaining only and wholly their appointed lot. And out of the citizens who have more than one son of not less than ten years of age, they shall select ten whom their father or grandfather by the mother's or father's side shall appoint, and let them send to Delphi the names of those who are selected, and him whom the God chooses they shall establish as heir of the house which has failed; and may he have better fortune than his predecessors!

CLEINIAS: Very good.

ATHENIAN: Once more let there be a third general law respecting the judges who are to give judgment, and the manner of conducting suits against those who are tried on an accusation of treason; and as concerning the remaining or departure of their descendants — there shall be one law for all three, for the traitor, and the robber of temples, and the subverter by violence of the laws of the state. For a thief, whether he steal much or little, let there be one law, and one punishment for all alike: in the first place, let him pay double the amount of the theft if he be convicted, and if he have so much over and above the allotment — if he have not, he shall be bound until he pay the penalty, or persuade him who has obtained the sentence against him to forgive him. But if a person be convicted of a theft against the state, then if he can persuade the city, or if he will pay back twice the amount of the theft, he shall be set free from his bonds.

CLEINIAS: What makes you say, Stranger, that a theft is all one, whether the thief may have taken much or little, and either from sacred or secular places — and these are not the only differences in thefts — seeing, then, that they are of many kinds, ought not the legislator to adapt himself to them, and impose upon them entirely different penalties?

ATHENIAN: Excellent. I was running on too fast, Cleinias, and you impinged upon me, and brought me to my senses, reminding me of what, indeed, had occurred to my mind already, that legislation was never yet rightly worked out, as I may say in passing. Do you remember the image in which I likened the men for whom laws are now made to slaves who are doctored by slaves? For of this you may be very sure, that if one of those empirical physicians, who practise medicine without science, were to come upon the gentleman physician talking to his gentleman patient, and using the language almost of philosophy, beginning at the beginning of the disease and discoursing about the whole nature of the body, he would burst into a hearty laugh — he would say what most of those who are called doctors always have at their tongue's end: Foolish fellow, he would

say, you are not healing the sick man, but you are educating him; and he does not want to be made a doctor, but to get well.

CLEINIAS: And would he not be right?

ATHENIAN: Perhaps he would; and he might remark upon us, that he who discourses about laws, as we are now doing, is giving the citizens education and not laws; that would be rather a telling observation.

CLEINIAS: Very true.

ATHENIAN: But we are fortunate.

CLEINIAS: In what way?

ATHENIAN: Inasmuch as we are not compelled to give laws, but we may take into consideration every form of government, and ascertain what is best and what is most needful, and how they may both be carried into execution; and we may also, if we please, at this very moment choose what is best, or, if we prefer, what is most necessary — which shall we do?

CLEINIAS: There is something ridiculous, Stranger, in our proposing such an alternative, as if we were legislators, simply bound under some great necessity which cannot be deferred to the morrow. But we, as I may by the grace of Heaven affirm, like gatherers of stones or beginners of some composite work, may gather a heap of materials, and out of this, at our leisure, select what is suitable for our projected construction. Let us then suppose ourselves to be at leisure, not of necessity building, but rather like men who are partly providing materials, and partly putting them together. And we may truly say that some of our laws, like stones, are already fixed in their places, and others lie at hand.

ATHENIAN: Certainly, in that case, Cleinias, our view of law will be more in accordance with nature. For there is another matter affecting legislators, which I must earnestly entreat you to consider.

CLEINIAS: What is it?

ATHENIAN: There are many writings to be found in cities, and among them there are discourses composed by legislators as well as by other persons.

CLEINIAS: To be sure.

ATHENIAN: Shall we give heed rather to the writings of those others — poets and the like, who either in metre or out of metre have recorded their advice about the conduct of life, and not to the writings of legislators? or shall we give heed to them above all?

CLEINIAS: Yes; to them far above all others.

ATHENIAN: And ought the legislator alone among writers to withhold his opinion about the beautiful, the good, and the just, and not to teach what they are, and how they are to be pursued by those who intend to be happy?

CLEINIAS: Certainly not.

ATHENIAN: And is it disgraceful for Homer and Tyrtæus and other poets to lay down evil precepts in their writings respecting life and the pursuits of men, but not so disgraceful for Lycurgus and Solon and others who were legislators as well as writers? Is it not true that of all the writings to be found in cities, those which relate to laws, when you unfold and read them, ought to be by far the noblest and the best? and should not other writings either agree with them, or if they disagree, be deemed ridiculous? We should consider whether the laws of states ought not to have the character of loving and wise parents, rather than of tyrants and masters, who command and threaten, and, after writing their decrees on walls, go their ways; and whether, in discoursing of laws, we should not take the gentler view of them which may or may not be attainable — at any rate, we will show our readiness to entertain such a view, and be prepared to undergo whatever may be the result. And may the result be good, and if God be gracious, it will be good!

CLEINIAS: Excellent; let us do as you say.

ATHENIAN: Then we will now consider accurately, as we proposed,

what relates to robbers of temples, and all kinds of thefts, and offences in general; and we must not be annoyed if, in the course of legislation, we have enacted some things, and have not made up our minds about some others; for as yet we are not legislators, but we may soon be. Let us, if you please, consider these matters.

CLEINIAS: By all means.

ATHENIAN: Concerning all things honourable and just, let us then endeavour to ascertain how far we are consistent with ourselves, and how far we are inconsistent, and how far the many, from whom at any rate we should profess a desire to differ, agree and disagree among themselves.

CLEINIAS: What are the inconsistencies which you observe in us?

ATHENIAN: I will endeavour to explain. If I am not mistaken, we are all agreed that justice, and just men and things and actions, are all fair, and, if a person were to maintain that just men, even when they are deformed in body, are still perfectly beautiful in respect of the excellent justice of their minds, no one would say that there was any inconsistency in this.

CLEINIAS: They would be quite right.

ATHENIAN: Perhaps; but let us consider further, that if all things which are just are fair and honourable, in the term 'all' we must include just sufferings which are the correlatives of just actions.

CLEINIAS: And what is the inference?

ATHENIAN: The inference is, that a just action in partaking of the just partakes also in the same degree of the fair and honourable.

CLEINIAS: Certainly.

ATHENIAN: And must not a suffering which partakes of the just principle be admitted to be in the same degree fair and honourable, if the argument is consistently carried out?

CLEINIAS: True.

ATHENIAN: But then if we admit suffering to be just and yet dishonourable, and the term 'dishonourable' is applied to justice, will not the just and the honourable disagree?

CLEINIAS: What do you mean?

ATHENIAN: A thing not difficult to understand; the laws which have been already enacted would seem to announce principles directly opposed to what we are saying.

CLEINIAS: To what?

ATHENIAN: We had enacted, if I am not mistaken, that the robber of temples, and he who was the enemy of law and order, might justly be put to death, and we were proceeding to make divers other enactments of a similar nature. But we stopped short, because we saw that these sufferings are infinite in number and degree, and that they are, at once, the most just and also the most dishonourable of all sufferings. And if this be true, are not the just and the honourable at one time all the same, and at another time in the most diametrical opposition?

CLEINIAS: Such appears to be the case.

ATHENIAN: In this discordant and inconsistent fashion does the language of the many rend asunder the honourable and just.

CLEINIAS: Very true, Stranger.

ATHENIAN: Then now, Cleinias, let us see how far we ourselves are consistent about these matters.

CLEINIAS: Consistent in what?

ATHENIAN: I think that I have clearly stated in the former part of the discussion, but if I did not, let me now state —

CLEINIAS: What?

ATHENIAN: That all bad men are always involuntarily bad; and from this I must proceed to draw a further inference.

CLEINIAS: What is it?

ATHENIAN: That the unjust man may be bad, but that he is bad against his will. Now that an action which is voluntary should be done involuntarily is a contradiction; wherefore he who maintains that injustice is involuntary will deem that the unjust does injustice involuntarily. I too admit that all men do injustice involuntarily, and if any contentious or disputatious person says that men are unjust against their will, and yet that many do injustice willingly, I do not agree with him. But, then, how can I avoid being inconsistent with myself, if you, Cleinias, and you, Megillus, say to me — Well, Stranger, if all this be as you say, how about legislating for the city of the Magnetes — shall we legislate or not — what do you advise? Certainly we will, I should reply. Then will you determine for them what are voluntary and what are involuntary crimes, and shall we make the punishments greater of voluntary errors and crimes and less for the involuntary? or shall we make the punishment of all to be alike, under the idea that there is no such thing as voluntary crime?

CLEINIAS: Very good, Stranger; and what shall we say in answer to these objections?

ATHENIAN: That is a very fair question. In the first place, let us —

CLEINIAS: Do what?

ATHENIAN: Let us remember what has been well said by us already, that our ideas of justice are in the highest degree confused and contradictory. Bearing this in mind, let us proceed to ask ourselves once more whether we have discovered a way out of the difficulty. Have we ever determined in what respect these two classes of actions differ from one another? For in all states and by all legislators whatsoever, two kinds of actions have been distinguished — the one, voluntary, the other, involuntary; and they have legislated about them accordingly. But shall this new word of ours, like an oracle of God, be only spoken, and get away without giving any explanation or verification of itself? How can a word not understood be the basis of legislation? Impossible. Before proceeding to

legislate, then, we must prove that they are two, and what is the difference between them, that when we impose the penalty upon either, every one may understand our proposal, and be able in some way to judge whether the penalty is fitly or unfitly inflicted.

CLEINIAS: I agree with you, Stranger; for one of two things is certain: either we must not say that all unjust acts are involuntary, or we must show the meaning and truth of this statement.

ATHENIAN: Of these two alternatives, the one is quite intolerable — not to speak what I believe to be the truth would be to me unlawful and unholy. But if acts of injustice cannot be divided into voluntary and involuntary, I must endeavour to find some other distinction between them.

CLEINIAS: Very true, Stranger; there cannot be two opinions among us upon that point.

ATHENIAN: Reflect, then; there are hurts of various kinds done by the citizens to one another in the intercourse of life, affording plentiful examples both of the voluntary and involuntary.

CLEINIAS: Certainly.

ATHENIAN: I would not have any one suppose that all these hurts are injuries, and that these injuries are of two kinds — one, voluntary, and the other, involuntary; for the involuntary hurts of all men are quite as many and as great as the voluntary. And please to consider whether I am right or quite wrong in what I am going to say; for I deny, Cleinias and Megillus, that he who harms another involuntarily does him an injury involuntarily, nor should I legislate about such an act under the idea that I am legislating for an involuntary injury. But I should rather say that such a hurt, whether great or small, is not an injury at all; and, on the other hand, if I am right, when a benefit is wrongly conferred, the author of the benefit may often be said to injure. For I maintain, O my friends, that the mere giving or taking away of anything is not to be described either as just or unjust; but the legislator has to consider whether mankind do good or harm to one another out of a just principle and intention.

On the distinction between injustice and hurt he must fix his eye; and when there is hurt, he must, as far as he can, make the hurt good by law, and save that which is ruined, and raise up that which is fallen, and make that which is dead or wounded whole. And when compensation has been given for injustice, the law must always seek to win over the doers and sufferers of the several hurts from feelings of enmity to those of friendship.

CLEINIAS: Very good.

ATHENIAN: Then as to unjust hurts (and gains also, supposing the injustice to bring gain), of these we may heal as many as are capable of being healed, regarding them as diseases of the soul; and the cure of injustice will take the following direction.

CLEINIAS: What direction?

ATHENIAN: When any one commits any injustice, small or great, the law will admonish and compel him either never at all to do the like again, or never voluntarily, or at any rate in a far less degree; and he must in addition pay for the hurt. Whether the end is to be attained by word or action, with pleasure or pain, by giving or taking away privileges, by means of fines or gifts, or in whatsoever way the law shall proceed to make a man hate injustice, and love or not hate the nature of the just — this is quite the noblest work of law. But if the legislator sees any one who is incurable, for him he will appoint a law and a penalty. He knows quite well that to such men themselves there is no profit in the continuance of their lives, and that they would do a double good to the rest of mankind if they would take their departure, inasmuch as they would be an example to other men not to offend, and they would relieve the city of bad citizens. In such cases, and in such cases only, the legislator ought to inflict death as the punishment of offences.

CLEINIAS: What you have said appears to me to be very reasonable, but will you favour me by stating a little more clearly the difference between hurt and injustice, and the various complications of the voluntary and involuntary which enter into them?

ATHENIAN: I will endeavour to do as you wish: Concerning the soul, thus much would be generally said and allowed, that one element in her nature is passion, which may be described either as a state or a part of her, and is hard to be striven against and contended with, and by irrational force overturns many things.

CLEINIAS: Very true.

ATHENIAN: And pleasure is not the same with passion, but has an opposite power, working her will by persuasion and by the force of deceit in all things.

CLEINIAS: Quite true.

ATHENIAN: A man may truly say that ignorance is a third cause of crimes. Ignorance, however, may be conveniently divided by the legislator into two sorts: there is simple ignorance, which is the source of lighter offences, and double ignorance, which is accompanied by a conceit of wisdom; and he who is under the influence of the latter fancies that he knows all about matters of which he knows nothing. This second kind of ignorance, when possessed of power and strength, will be held by the legislator to be the source of great and monstrous crimes, but when attended with weakness, will only result in the errors of children and old men; and these he will treat as errors, and will make laws accordingly for those who commit them, which will be the mildest and most merciful of all laws.

CLEINIAS: You are perfectly right.

ATHENIAN: We all of us remark of one man that he is superior to pleasure and passion, and of another that he is inferior to them; and this is true.

CLEINIAS: Certainly.

ATHENIAN: But no one was ever yet heard to say that one of us is superior and another inferior to ignorance.

CLEINIAS: Very true.

ATHENIAN: We are speaking of motives which incite men to the fulfilment of their will; although an individual may be often drawn by them in opposite directions at the same time.

CLEINIAS: Yes, often.

ATHENIAN: And now I can define to you clearly, and without ambiguity, what I mean by the just and unjust, according to my notion of them: When anger and fear, and pleasure and pain, and jealousies and desires, tyrannize over the soul, whether they do any harm or not — I call all this injustice. But when the opinion of the best, in whatever part of human nature states or individuals may suppose that to dwell, has dominion in the soul and orders the life of every man, even if it be sometimes mistaken, yet what is done in accordance therewith, and the principle in individuals which obeys this rule, and is best for the whole life of man, is to be called just; although the hurt done by mistake is thought by many to be involuntary injustice. Leaving the question of names, about which we are not going to quarrel, and having already delineated three sources of error, we may begin by recalling them somewhat more vividly to our memory: One of them was of the painful sort, which we denominate anger and fear.

CLEINIAS: Quite right.

ATHENIAN: There was a second consisting of pleasures and desires, and a third of hopes, which aimed at true opinion about the best. The latter being subdivided into three, we now get five sources of actions, and for these five we will make laws of two kinds.

CLEINIAS: What are the two kinds?

ATHENIAN: There is one kind of actions done by violence and in the light of day, and another kind of actions which are done in darkness and with secret deceit, or sometimes both with violence and deceit; the laws concerning these last ought to have a character of severity.

CLEINIAS: Naturally.

ATHENIAN: And now let us return from this digression and complete the work of legislation. Laws have been already enacted by us concerning the robbers of the Gods, and concerning traitors, and also concerning those who corrupt the laws for the purpose of subverting the government. A man may very likely commit some of these crimes, either in a state of madness or when affected by disease, or under the influence of extreme old age, or in a fit of childish wantonness, himself no better than a child. And if this be made evident to the judges elected to try the cause, on the appeal of the criminal or his advocate, and he be judged to have been in this state when he committed the offence, he shall simply pay for the hurt which he may have done to another; but he shall be exempt from other penalties, unless he have slain some one, and have on his hands the stain of blood. And in that case he shall go to another land and country, and there dwell for a year; and if he return before the expiration of the time which the law appoints, or even set his foot at all on his native land, he shall be bound by the guardians of the law in the public prison for two years, and then go free.

Having begun to speak of homicide, let us endeavour to lay down laws concerning every different kind of homicide; and, first of all, concerning violent and involuntary homicides. If any one in an athletic contest, and at the public games, involuntarily kills a friend, and he dies either at the time or afterwards of the blows which he has received; or if the like misfortune happens to any one in war, or military exercises, or mimic contests of which the magistrates enjoin the practice, whether with or without arms, when he has been purified according to the law brought from Delphi relating to these matters, he shall be innocent. And so in the case of physicians: if their patient dies against their will, they shall be held guiltless by the law. And if one slay another with his own hand, but unintentionally, whether he be unarmed or have some instrument or dart in his hand; or if he kill him by administering food or drink, or by the application of fire or cold, or by suffocating him, whether he do the deed by his own hand, or by the agency of others, he shall be deemed the agent, and shall suffer one of the following penalties: If he kill the slave of another in the belief that he is his own, he shall bear the master of the

dead man harmless from loss, or shall pay a penalty of twice the value of the dead man, which the judges shall assess; but purifications must be used greater and more numerous than for those who committed homicide at the games — what they are to be, the interpreters whom the God appoints shall be authorised to declare. And if a man kills his own slave, when he has been purified according to law, he shall be quit of the homicide. And if a man kills a freeman unintentionally, he shall undergo the same purification as he did who killed the slave. But let him not forget also a tale of olden time, which is to this effect: He who has suffered a violent end, when newly dead, if he has had the soul of a freeman in life, is angry with the author of his death; and being himself full of fear and panic by reason of his violent end, when he sees his murderer walking about in his own accustomed haunts, he is stricken with terror and becomes disordered, and this disorder of his, aided by the guilty recollection of the other, is communicated by him with overwhelming force to the murderer and his deeds. Wherefore also the murderer must go out of the way of his victim for the entire period of a year, and not himself be found in any spot which was familiar to him throughout the country. And if the dead man be a stranger, the homicide shall be kept from the country of the stranger during a like period. If any one voluntarily obeys this law, the next of kin to the deceased, seeing all that has happened, shall take pity on him, and make peace with him, and show him all gentleness. But if any one is disobedient, and either ventures to go to any of the temples and sacrifice unpurified, or will not continue in exile during the appointed time, the next of kin to the deceased shall proceed against him for murder; and if he be convicted, every part of his punishment shall be doubled. And if the next of kin do not proceed against the perpetrator of the crime, then the pollution shall be deemed to fall upon his own head — the murdered man will fix the guilt upon his kinsman, and he who has a mind to proceed against him may compel him to be absent from his country during five years, according to law. If a stranger unintentionally kill a stranger who is dwelling in the city, he who likes shall prosecute the cause according to the same rules. If he be a metic, let him be absent for a year, or if he be an entire stranger, in addition to the purification, whether he have slain a stranger, or a

metic, or a citizen, he shall be banished for life from the country which is in possession of our laws. And if he return contrary to law, let the guardians of the law punish him with death; and let them hand over his property, if he have any, to him who is next of kin to the sufferer. And if he be wrecked, and driven on the coast against his will, he shall take up his abode on the seashore, wetting his feet in the sea, and watching for an opportunity of sailing; but if he be brought by land, and is not his own master, let the magistrate whom he first comes across in the city, release him and send him unharmed over the border.

If any one slays a freeman with his own hand, and the deed be done in passion, in the case of such actions we must begin by making a distinction. For a deed is done from passion either when men suddenly, and without intention to kill, cause the death of another by blows and the like on a momentary impulse, and are sorry for the deed immediately afterwards; or again, when after having been insulted in deed or word, men pursue revenge, and kill a person intentionally, and are not sorry for the act. And, therefore, we must assume that these homicides are of two kinds, both of them arising from passion, which may be justly said to be in a mean between the voluntary and involuntary; at the same time, they are neither of them anything more than a likeness or shadow of either. He who treasures up his anger, and avenges himself, not immediately and at the moment, but with insidious design, and after an interval, is like the voluntary; but he who does not treasure up his anger, and takes vengeance on the instant, and without malice prepense, approaches to the involuntary; and yet even he is not altogether involuntary, but is only the image or shadow of the involuntary; wherefore about homicides committed in hot blood, there is a difficulty in determining whether in legislating we shall reckon them as voluntary or as partly involuntary. The best and truest view is to regard them respectively as likenesses only of the voluntary and involuntary, and to distinguish them accordingly as they are done with or without premeditation. And we should make the penalties heavier for those who commit homicide with angry premeditation, and lighter for those who do not premeditate, but smite upon the instant; for that

which is like a greater evil should be punished more severely, and that which is like a less evil should be punished less severely: this shall be the rule of our laws.

CLEINIAS: Certainly.

ATHENIAN: Let us proceed: If any one slays a freeman with his own hand, and the deed be done in a moment of anger, and without premeditation, let the offender suffer in other respects as the involuntary homicide would have suffered, and also undergo an exile of two years, that he may learn to school his passions. But he who slays another from passion, yet with premeditation, shall in other respects suffer as the former; and to this shall be added an exile of three instead of two years — his punishment is to be longer because his passion is greater. The manner of their return shall be on this wise: (and here the law has difficulty in determining exactly; for in some cases the murderer who is judged by the law to be the worse may really be the less cruel, and he who is judged the less cruel may be really the worse, and may have executed the murder in a more savage manner, whereas the other may have been gentler. But in general the degrees of guilt will be such as we have described them. Of all these things the guardians of the law must take cognizance): When a homicide of either kind has completed his term of exile, the guardians shall send twelve judges to the borders of the land; these during the interval shall have informed themselves of the actions of the criminals, and they shall judge respecting their pardon and reception; and the homicides shall abide by their judgment. But if after they have returned home, any one of them in a moment of anger repeats the deed, let him be an exile, and return no more; or if he returns, let him suffer as the stranger was to suffer in a similar case. He who kills his own slave shall undergo a purification, but if he kills the slave of another in anger, he shall pay twice the amount of the loss to his owner. And if any homicide is disobedient to the law, and without purification pollutes the agora, or the games, or the temples, he who pleases may bring to trial the next of kin to the dead man for permitting him, and the murderer with him, and may compel the one to exact and the other to suffer a double amount of fines and

purifications; and the accuser shall himself receive the fine in accordance with the law. If a slave in a fit of passion kills his master, the kindred of the deceased man may do with the murderer (provided only they do not spare his life) whatever they please, and they will be pure; or if he kills a freeman, who is not his master, the owner shall give up the slave to the relatives of the deceased, and they shall be under an obligation to put him to death, but this may be done in any manner which they please. And if (which is a rare occurrence, but does sometimes happen) a father or a mother in a moment of passion slays a son or daughter by blows, or some other violence, the slayer shall undergo the same purification as in other cases, and be exiled during three years; but when the exile returns the wife shall separate from the husband, and the husband from the wife, and they shall never afterwards beget children together, or live under the same roof, or partake of the same sacred rites with those whom they have deprived of a child or of a brother. And he who is impious and disobedient in such a case shall be brought to trial for impiety by any one who pleases. If in a fit of anger a husband kills his wedded wife, or the wife her husband, the slayer shall undergo the same purification, and the term of exile shall be three years. And when he who has committed any such crime returns, let him have no communication in sacred rites with his children, neither let him sit at the same table with them, and the father or son who disobeys shall be liable to be brought to trial for impiety by any one who pleases. If a brother or a sister in a fit of passion kills a brother or a sister, they shall undergo purification and exile, as was the case with parents who killed their offspring: they shall not come under the same roof, or share in the sacred rites of those whom they have deprived of their brethren, or of their children. And he who is disobedient shall be justly liable to the law concerning impiety, which relates to these matters. If any one is so violent in his passion against his parents, that in the madness of his anger he dares to kill one of them, if the murdered person before dying freely forgives the murderer, let him undergo the purification which is assigned to those who have been guilty of involuntary homicide, and do as they do, and he shall be pure. But if he be not acquitted, the perpetrator of such a deed shall be amenable to many laws — he shall be amenable to the extreme

punishments for assault, and impiety, and robbing of temples, for he has robbed his parent of life; and if a man could be slain more than once, most justly would he who in a fit of passion has slain father or mother, undergo many deaths. How can he, whom, alone of all men, even in defence of his life, and when about to suffer death at the hands of his parents, no law will allow to kill his father or his mother who are the authors of his being, and whom the legislator will command to endure any extremity rather than do this — how can he, I say, lawfully receive any other punishment? Let death then be the appointed punishment of him who in a fit of passion slays his father or his mother. But if brother kills brother in a civil broil, or under other like circumstances, if the other has begun, and he only defends himself, let him be free from guilt, as he would be if he had slain an enemy; and the same rule will apply if a citizen kill a citizen, or a stranger a stranger. Or if a stranger kill a citizen or a citizen a stranger in self-defence, let him be free from guilt in like manner; and so in the case of a slave who has killed a slave; but if a slave have killed a freeman in self-defence, let him be subject to the same law as he who has killed a father; and let the law about the remission of penalties in the case of parricide apply equally to every other remission. Whenever any sufferer of his own accord remits the guilt of homicide to another, under the idea that his act was involuntary, let the perpetrator of the deed undergo a purification and remain in exile for a year, according to law.

Enough has been said of murders violent and involuntary and committed in passion: we have now to speak of voluntary crimes done with injustice of every kind and with premeditation, through the influence of pleasures, and desires, and jealousies.

CLEINIAS: Very good.

ATHENIAN: Let us first speak, as far as we are able, of their various kinds. The greatest cause of them is lust, which gets the mastery of the soul maddened by desire; and this is most commonly found to exist where the passion reigns which is strongest and most prevalent among the mass of mankind: I mean where the power of wealth breeds endless desires of never-to-be-satisfied acquisition,

originating in natural disposition, and a miserable want of education. Of this want of education, the false praise of wealth which is bruited about both among Hellenes and barbarians is the cause; they deem that to be the first of goods which in reality is only the third. And in this way they wrong both posterity and themselves, for nothing can be nobler and better than that the truth about wealth should be spoken in all states — namely, that riches are for the sake of the body, as the body is for the sake of the soul. They are good, and wealth is intended by nature to be for the sake of them, and is therefore inferior to them both, and third in order of excellence. This argument teaches us that he who would be happy ought not to seek to be rich, or rather he should seek to be rich justly and temperately, and then there would be no murders in states requiring to be purged away by other murders. But now, as I said at first, avarice is the chiefest cause and source of the worst trials for voluntary homicide. A second cause is ambition: this creates jealousies, which are troublesome companions, above all to the jealous man himself, and in a less degree to the chiefs of the state. And a third cause is cowardly and unjust fear, which has been the occasion of many murders. When a man is doing or has done something which he desires that no one should know him to be doing or to have done, he will take the life of those who are likely to inform of such things, if he have no other means of getting rid of them. Let this be said as a prelude concerning crimes of violence in general; and I must not omit to mention a tradition which is firmly believed by many, and has been received by them from those who are learned in the mysteries: they say that such deeds will be punished in the world below, and also that when the perpetrators return to this world they will pay the natural penalty which is due to the sufferer, and end their lives in like manner by the hand of another. If he who is about to commit murder believes this, and is made by the mere prelude to dread such a penalty, there is no need to proceed with the proclamation of the law. But if he will not listen, let the following law be declared and registered against him: Whoever shall wrongfully and of design slay with his own hand any of his kinsmen, shall in the first place be deprived of legal privileges; and he shall not pollute the temples, or the agora, or the harbours, or any other place of meeting, whether he is forbidden of men or not;

for the law, which represents the whole state, forbids him, and always is and will be in the attitude of forbidding him. And if a cousin or nearer relative of the deceased, whether on the male or female side, does not prosecute the homicide when he ought, and have him proclaimed an outlaw, he shall in the first place be involved in the pollution, and incur the hatred of the Gods, even as the curse of the law stirs up the voices of men against him; and in the second place he shall be liable to be prosecuted by any one who is willing to inflict retribution on behalf of the dead. And he who would avenge a murder shall observe all the precautionary ceremonies of lavation, and any others which the God commands in cases of this kind. Let him have proclamation made, and then go forth and compel the perpetrator to suffer the execution of justice according to the law. Now the legislator may easily show that these things must be accomplished by prayers and sacrifices to certain Gods, who are concerned with the prevention of murders in states. But who these Gods are, and what should be the true manner of instituting such trials with due regard to religion, the guardians of the law, aided by the interpreters, and the prophets, and the God, shall determine, and when they have determined let them carry on the prosecution at law. The cause shall have the same judges who are appointed to decide in the case of those who plunder temples. Let him who is convicted be punished with death, and let him not be buried in the country of the murdered man, for this would be shameless as well as impious. But if he fly and will not stand his trial, let him fly for ever; or, if he set foot anywhere on any part of the murdered man's country, let any relation of the deceased, or any other citizen who may first happen to meet with him, kill him with impunity, or bind and deliver him to those among the judges of the case who are magistrates, that they may put him to death. And let the prosecutor demand surety of him whom he prosecutes; three sureties sufficient in the opinion of the magistrates who try the cause shall be provided by him, and they shall undertake to produce him at the trial. But if he be unwilling or unable to provide sureties, then the magistrates shall take him and keep him in bonds, and produce him at the day of trial.

If a man do not commit a murder with his own hand, but contrives

the death of another, and is the author of the deed in intention and design, and he continues to dwell in the city, having his soul not pure of the guilt of murder, let him be tried in the same way, except in what relates to the sureties; and also, if he be found guilty, his body after execution may have burial in his native land, but in all other respects his case shall be as the former; and whether a stranger shall kill a citizen, or a citizen a stranger, or a slave a slave, there shall be no difference as touching murder by one's own hand or by contrivance, except in the matter of sureties; and these, as has been said, shall be required of the actual murderer only, and he who brings the accusation shall bind them over at the time. If a slave be convicted of slaying a freeman voluntarily, either by his own hand or by contrivance, let the public executioner take him in the direction of the sepulchre, to a place whence he can see the tomb of the dead man, and inflict upon him as many stripes as the person who caught him orders, and if he survive, let him put him to death. And if any one kills a slave who has done no wrong, because he is afraid that he may inform of some base and evil deeds of his own, or for any similar reason, in such a case let him pay the penalty of murder, as he would have done if he had slain a citizen. There are things about which it is terrible and unpleasant to legislate, but impossible not to legislate. If, for example, there should be murders of kinsmen, either perpetrated by the hands of kinsmen, or by their contrivance, voluntary and purely malicious, which most often happen in ill-regulated and ill-educated states, and may perhaps occur even in a country where a man would not expect to find them, we must repeat once more the tale which we narrated a little while ago, in the hope that he who hears us will be the more disposed to abstain voluntarily on these grounds from murders which are utterly abominable. For the myth, or saying, or whatever we ought to call it, has been plainly set forth by priests of old; they have pronounced that the justice which guards and avenges the blood of kindred, follows the law of retaliation, and ordains that he who has done any murderous act should of necessity suffer that which he has done. He who has slain a father shall himself be slain at some time or other by his children — if a mother, he shall of necessity take a woman's nature, and lose his life at the hands of his offspring in after ages; for where the blood of

a family has been polluted there is no other purification, nor can the pollution be washed out until the homicidal soul which did the deed has given life for life, and has propitiated and laid to sleep the wrath of the whole family. These are the retributions of Heaven, and by such punishments men should be deterred. But if they are not deterred, and any one should be incited by some fatality to deprive his father, or mother, or brethren, or children, of life voluntarily and of purpose, for him the earthly lawgiver legislates as follows: There shall be the same proclamations about outlawry, and there shall be the same sureties which have been enacted in the former cases. But in his case, if he be convicted, the servants of the judges and the magistrates shall slay him at an appointed place without the city where three ways meet, and there expose his body naked, and each of the magistrates on behalf of the whole city shall take a stone and cast it upon the head of the dead man, and so deliver the city from pollution; after that, they shall bear him to the borders of the land, and cast him forth unburied, according to law. And what shall he suffer who slays him who of all men, as they say, is his own best friend? I mean the suicide, who deprives himself by violence of his appointed share of life, not because the law of the state requires him, nor yet under the compulsion of some painful and inevitable misfortune which has come upon him, nor because he has had to suffer from irremediable and intolerable shame, but who from sloth or want of manliness imposes upon himself an unjust penalty. For him, what ceremonies there are to be of purification and burial God knows, and about these the next of kin should enquire of the interpreters and of the laws thereto relating, and do according to their injunctions. They who meet their death in this way shall be buried alone, and none shall be laid by their side; they shall be buried ingloriously in the borders of the twelve portions of the land, in such places as are uncultivated and nameless, and no column or inscription shall mark the place of their interment. And if a beast of burden or other animal cause the death of any one, except in the case of anything of that kind happening to a competitor in the public contests, the kinsmen of the deceased shall prosecute the slayer for murder, and the wardens of the country, such, and so many as the kinsmen appoint, shall try the cause, and let the beast when

condemned be slain by them, and let them cast it beyond the borders. And if any lifeless thing deprive a man of life, except in the case of a thunderbolt or other fatal dart sent from the Gods — whether a man is killed by lifeless objects falling upon him, or by his falling upon them, the nearest of kin shall appoint the nearest neighbour to be a judge, and thereby acquit himself and the whole family of guilt. And he shall cast forth the guilty thing beyond the border, as has been said about the animals.

If a man is found dead, and his murderer be unknown, and after a diligent search cannot be detected, there shall be the same proclamation as in the previous cases, and the same interdict on the murderer; and having proceeded against him, they shall proclaim in the agora by a herald, that he who has slain such and such a person, and has been convicted of murder, shall not set his foot in the temples, nor at all in the country of the murdered man, and if he appears and is discovered, he shall die, and be cast forth unburied beyond the border. Let this one law then be laid down by us about murder; and let cases of this sort be so regarded.

And now let us say in what cases and under what circumstances the murderer is rightly free from guilt: If a man catch a thief coming into his house by night to steal, and he take and kill him, or if he slay a footpad in self-defence, he shall be guiltless. And any one who does violence to a free woman or a youth, shall be slain with impunity by the injured person, or by his or her father or brothers or sons. If a man find his wife suffering violence, he may kill the violator, and be guiltless in the eye of the law; or if a person kill another in warding off death from his father or mother or children or brethren or wife who are doing no wrong, he shall assuredly be guiltless.

Thus much as to the nurture and education of the living soul of man, having which, he can, and without which, if he unfortunately be without them, he cannot live; and also concerning the punishments which are to be inflicted for violent deaths, let thus much be enacted. Of the nurture and education of the body we have spoken before, and next in order we have to speak of deeds of violence, voluntary and involuntary, which men do to one another; these we will now

distinguish, as far as we are able, according to their nature and number, and determine what will be the suitable penalties of each, and so assign to them their proper place in the series of our enactments. The poorest legislator will have no difficulty in determining that wounds and mutilations arising out of wounds should follow next in order after deaths. Let wounds be divided as homicides were divided — into those which are involuntary, and which are given in passion or from fear, and those inflicted voluntarily and with premeditation. Concerning all this, we must make some such proclamation as the following: Mankind must have laws, and conform to them, or their life would be as bad as that of the most savage beast. And the reason of this is that no man's nature is able to know what is best for human society; or knowing, always able and willing to do what is best. In the first place, there is a difficulty in apprehending that the true art of politics is concerned, not with private but with public good (for public good binds together states, but private only distracts them); and that both the public and private good as well of individuals as of states is greater when the state and not the individual is first considered. In the second place, although a person knows in the abstract that this is true, yet if he be possessed of absolute and irresponsible power, he will never remain firm in his principles or persist in regarding the public good as primary in the state, and the private good as secondary. Human nature will be always drawing him into avarice and selfishness, avoiding pain and pursuing pleasure without any reason, and will bring these to the front, obscuring the juster and better; and so working darkness in his soul will at last fill with evils both him and the whole city. For if a man were born so divinely gifted that he could naturally apprehend the truth, he would have no need of laws to rule over him; for there is no law or order which is above knowledge, nor can mind, without impiety, be deemed the subject or slave of any man, but rather the lord of all. I speak of mind, true and free, and in harmony with nature. But then there is no such mind anywhere, or at least not much; and therefore we must choose law and order, which are second best. These look at things as they exist for the most part only, and are unable to survey the whole of them. And therefore I have spoken as I have.

And now we will determine what penalty he ought to pay or suffer who has hurt or wounded another. Any one may easily imagine the questions which have to be asked in all such cases: What did he wound, or whom, or how, or when? for there are innumerable particulars of this sort which greatly vary from one another. And to allow courts of law to determine all these things, or not to determine any of them, is alike impossible. There is one particular which they must determine in all cases — the question of fact. And then, again, that the legislator should not permit them to determine what punishment is to be inflicted in any of these cases, but should himself decide about all of them, small or great, is next to impossible.

CLEINIAS: Then what is to be the inference?

ATHENIAN: The inference is, that some things should be left to courts of law; others the legislator must decide for himself.

CLEINIAS: And what ought the legislator to decide, and what ought he to leave to the courts of law?

ATHENIAN: I may reply, that in a state in which the courts are bad and mute, because the judges conceal their opinions and decide causes clandestinely; or what is worse, when they are disorderly and noisy, as in a theatre, clapping or hooting in turn this or that orator — I say that then there is a very serious evil, which affects the whole state. Unfortunate is the necessity of having to legislate for such courts, but where the necessity exists, the legislator should only allow them to ordain the penalties for the smallest offences; if the state for which he is legislating be of this character, he must take most matters into his own hands and speak distinctly. But when a state has good courts, and the judges are well trained and scrupulously tested, the determination of the penalties or punishments which shall be inflicted on the guilty may fairly and with advantage be left to them. And we are not to be blamed for not legislating concerning all that large class of matters which judges far worse educated than ours would be able to determine, assigning to each offence what is due both to the perpetrator and to the sufferer. We believe those for whom we are legislating to be best able to

judge, and therefore to them the greater part may be left. At the same time, as I have often said, we should exhibit to the judges, as we have done, the outline and form of the punishments to be inflicted, and then they will not transgress the just rule. That was an excellent practice, which we observed before, and which now that we are resuming the work of legislation, may with advantage be repeated by us.

Let the enactment about wounding be in the following terms: If any one has a purpose and intention to slay another who is not his enemy, and whom the law does not permit him to slay, and he wounds him, but is unable to kill him, he who had the intent and has wounded him is not to be pitied — he deserves no consideration, but should be regarded as a murderer and be tried for murder. Still having respect to the fortune which has in a manner favoured him, and to the providence which in pity to him and to the wounded man saved the one from a fatal blow, and the other from an accursed fate and calamity — as a thank-offering to this deity, and in order not to oppose his will — in such a case the law will remit the punishment of death, and only compel the offender to emigrate to a neighbouring city for the rest of his life, where he shall remain in the enjoyment of all his possessions. But if he have injured the wounded man, he shall make such compensation for the injury as the court deciding the cause shall assess, and the same judges shall decide who would have decided if the man had died of his wounds. And if a child intentionally wound his parents, or a servant his master, death shall be the penalty. And if a brother or a sister intentionally wound a brother or a sister, and is found guilty, death shall be the penalty. And if a husband wound a wife, or a wife a husband, with intent to kill, let him or her undergo perpetual exile; if they have sons or daughters who are still young, the guardians shall take care of their property, and have charge of the children as orphans. If their sons are grown up, they shall be under no obligation to support the exiled parent, but they shall possess the property themselves. And if he who meets with such a misfortune has no children, the kindred of the exiled man to the degree of sons of cousins, both on the male and female side, shall meet together, and after taking counsel with the guardians of the law

and the priests, shall appoint a 5040th citizen to be the heir of the house, considering and reasoning that no house of all the 5040 belongs to the inhabitant or to the whole family, but is the public and private property of the state. Now the state should seek to have its houses as holy and happy as possible. And if any one of the houses be unfortunate, and stained with impiety, and the owner leave no posterity, but dies unmarried, or married and childless, having suffered death as the penalty of murder or some other crime committed against the Gods or against his fellow-citizens, of which death is the penalty distinctly laid down in the law; or if any of the citizens be in perpetual exile, and also childless, that house shall first of all be purified and undergo expiation according to law; and then let the kinsmen of the house, as we were just now saying, and the guardians of the law, meet and consider what family there is in the state which is of the highest repute for virtue and also for good fortune, in which there are a number of sons; from that family let them take one and introduce him to the father and forefathers of the dead man as their son, and, for the sake of the omen, let him be called so, that he may be the continuer of their family, the keeper of their hearth, and the minister of their sacred rites with better fortune than his father had; and when they have made this supplication, they shall make him heir according to law, and the offending person they shall leave nameless and childless and portionless when calamities such as these overtake him.

Now the boundaries of some things do not touch one another, but there is a borderland which comes in between, preventing them from touching. And we were saying that actions done from passion are of this nature, and come in between the voluntary and involuntary. If a person be convicted of having inflicted wounds in a passion, in the first place he shall pay twice the amount of the injury, if the wound be curable, or, if incurable, four times the amount of the injury; or if the wound be curable, and at the same time cause great and notable disgrace to the wounded person, he shall pay fourfold. And whenever any one in wounding another injures not only the sufferer, but also the city, and makes him incapable of defending his country against the enemy, he, besides the other penalties, shall pay a penalty for the

loss which the state has incurred. And the penalty shall be, that in addition to his own times of service, he shall serve on behalf of the disabled person, and shall take his place in war; or, if he refuse, he shall be liable to be convicted by law of refusal to serve. The compensation for the injury, whether to be twofold or threefold or fourfold, shall be fixed by the judges who convict him. And if, in like manner, a brother wounds a brother, the parents and kindred of either sex, including the children of cousins, whether on the male or female side, shall meet, and when they have judged the cause, they shall entrust the assessment of damages to the parents, as is natural; and if the estimate be disputed, then the kinsmen on the male side shall make the estimate, or if they cannot, they shall commit the matter to the guardians of the law. And when similar charges of wounding are brought by children against their parents, those who are more than sixty years of age, having children of their own, not adopted, shall be required to decide; and if any one is convicted, they shall determine whether he or she ought to die, or suffer some other punishment either greater than death, or, at any rate, not much less. A kinsman of the offender shall not be allowed to judge the cause, not even if he be of the age which is prescribed by the law. If a slave in a fit of anger wound a freeman, the owner of the slave shall give him up to the wounded man, who may do as he pleases with him, and if he do not give him up he shall himself make good the injury. And if any one says that the slave and the wounded man are conspiring together, let him argue the point, and if he is cast, he shall pay for the wrong three times over, but if he gains his case, the freeman who conspired with the slave shall be liable to an action for kidnapping. And if any one unintentionally wounds another he shall simply pay for the harm, for no legislator is able to control chance. In such a case the judges shall be the same as those who are appointed in the case of children suing their parents; and they shall estimate the amount of the injury.

All the preceding injuries and every kind of assault are deeds of violence; and every man, woman, or child ought to consider that the elder has the precedence of the younger in honour, both among the Gods and also among men who would live in security and happiness. Wherefore it is a foul thing and hateful to the Gods to see an elder

man assaulted by a younger in the city, and it is reasonable that a young man when struck by an elder should lightly endure his anger, laying up in store for himself a like honour when he is old. Let this be the law: Every one shall reverence his elder in word and deed; he shall respect any one who is twenty years older than himself, whether male or female, regarding him or her as his father or mother; and he shall abstain from laying hands on any one who is of an age to have been his father or mother, out of reverence to the Gods who preside over birth; similarly he shall keep his hands from a stranger, whether he be an old inhabitant or newly arrived; he shall not venture to correct such an one by blows, either as the aggressor or in self-defence. If he thinks that some stranger has struck him out of wantonness or insolence, and ought to be punished, he shall take him to the wardens of the city, but let him not strike him, that the stranger may be kept far away from the possibility of lifting up his hand against a citizen, and let the wardens of the city take the offender and examine him, not forgetting their duty to the God of Strangers, and in case the stranger appears to have struck the citizen unjustly, let them inflict upon him as many blows with the scourge as he was himself inflicted, and quell his presumption. But if he be innocent, they shall threaten and rebuke the man who arrested him, and let them both go. If a person strikes another of the same age or somewhat older than himself, who has no children, whether he be an old man who strikes an old man or a young man who strikes a young man, let the person struck defend himself in the natural way without a weapon and with his hands only. He who, being more than forty years of age, dares to fight with another, whether he be the aggressor or in self-defence, shall be regarded as rude and ill-mannered and slavish — this will be a disgraceful punishment, and therefore suitable to him. The obedient nature will readily yield to such exhortations, but the disobedient, who heeds not the prelude, shall have the law ready for him: If any man smite another who is older than himself, either by twenty or by more years, in the first place, he who is at hand, not being younger than the combatants, nor their equal in age, shall separate them, or be disgraced according to law; but if he be the equal in age of the person who is struck or younger, he shall defend the person injured as he would a brother or father or still older relative. Further, let him who

dares to smite an elder be tried for assault, as I have said, and if he be found guilty, let him be imprisoned for a period of not less than a year, or if the judges approve of a longer period, their decision shall be final. But if a stranger or metic smite one who is older by twenty years or more, the same law shall hold about the bystanders assisting, and he who is found guilty in such a suit, if he be a stranger but not resident, shall be imprisoned during a period of two years; and a metic who disobeys the laws shall be imprisoned for three years, unless the court assign him a longer term. And let him who was present in any of these cases and did not assist according to law be punished, if he be of the highest class, by paying a fine of a mina; or if he be of the second class, of fifty drachmas; or if of the third class, by a fine of thirty drachmas; or if he be of the fourth class, by a fine of twenty drachmas; and the generals and taxiarchs and phylarchs and hipparchs shall form the court in such cases.

Laws are partly framed for the sake of good men, in order to instruct them how they may live on friendly terms with one another, and partly for the sake of those who refuse to be instructed, whose spirit cannot be subdued, or softened, or hindered from plunging into evil. These are the persons who cause the word to be spoken which I am about to utter; for them the legislator legislates of necessity, and in the hope that there may be no need of his laws. He who shall dare to lay violent hands upon his father or mother, or any still older relative, having no fear either of the wrath of the Gods above, or of the punishments that are spoken of in the world below, but transgresses in contempt of ancient and universal traditions as though he were too wise to believe in them, requires some extreme measure of prevention. Now death is not the worst that can happen to men; far worse are the punishments which are said to pursue them in the world below. But although they are most true tales, they work on such souls no prevention; for if they had any effect there would be no slayers of mothers, or impious hands lifted up against parents; and therefore the punishments of this world which are inflicted during life ought not in such cases to fall short, if possible, of the terrors of the world below. Let our enactment then be as follows: If a man dare to strike his father or his mother, or their fathers or mothers, he being

at the time of sound mind, then let any one who is at hand come to the rescue as has been already said, and the metic or stranger who comes to the rescue shall be called to the first place in the games; but if he do not come he shall suffer the punishment of perpetual exile. He who is not a metic, if he comes to the rescue, shall have praise, and if he do not come, blame. And if a slave come to the rescue, let him be made free, but if he do not come to the rescue, let him receive 100 strokes of the whip, by order of the wardens of the agora, if the occurrence take place in the agora; or if somewhere in the city beyond the limits of the agora, any warden of the city who is in residence shall punish him; or if in the country, then the commanders of the wardens of the country. If those who are near at the time be inhabitants of the same place, whether they be youths, or men, or women, let them come to the rescue and denounce him as the impious one; and he who does not come to the rescue shall fall under the curse of Zeus, the God of kindred and of ancestors, according to law. And if any one is found guilty of assaulting a parent, let him in the first place be forever banished from the city into the country, and let him abstain from the temples; and if he do not abstain, the wardens of the country shall punish him with blows, or in any way which they please, and if he return he shall be put to death. And if any freeman eat or drink, or have any other sort of intercourse with him, or only meeting him have voluntarily touched him, he shall not enter into any temple, nor into the agora, nor into the city, until he is purified; for he should consider that he has become tainted by a curse. And if he disobeys the law, and pollutes the city and the temples contrary to law, and one of the magistrates sees him and does not indict him, when he gives in his account this omission shall be a most serious charge.

If a slave strike a freeman, whether a stranger or a citizen, let any one who is present come to the rescue, or pay the penalty already mentioned; and let the bystanders bind him, and deliver him up to the injured person, and he receiving him shall put him in chains, and inflict on him as many stripes as he pleases; but having punished him he must surrender him to his master according to law, and not deprive him of his property. Let the law be as follows: The slave who

strikes a freeman, not at the command of the magistrates, his owner shall receive bound from the man whom he has stricken, and not release him until the slave has persuaded the man whom he has stricken that he ought to be released. And let there be the same laws about women in relation to women, and about men and women in relation to one another.

BOOK X.

And now having spoken of assaults, let us sum up all acts of violence under a single law, which shall be as follows: No one shall take or carry away any of his neighbour's goods, neither shall he use anything which is his neighbour's without the consent of the owner; for these are the offences which are and have been, and will ever be, the source of all the aforesaid evils. The greatest of them are excesses and insolences of youth, and are offences against the greatest when they are done against religion; and especially great when in violation of public and holy rites, or of the partly-common rites in which tribes and phratries share; and in the second degree great when they are committed against private rites and sepulchres, and in the third degree (not to repeat the acts formerly mentioned), when insults are offered to parents; the fourth kind of violence is when any one, regardless of the authority of the rulers, takes or carries away or makes use of anything which belongs to them, not having their consent; and the fifth kind is when the violation of the civil rights of an individual demands reparation. There should be a common law embracing all these cases. For we have already said in general terms what shall be the punishment of sacrilege, whether fraudulent or violent, and now we have to determine what is to be the punishment of those who speak or act insolently toward the Gods. But first we must give them an admonition which may be in the following terms: No one who in obedience to the laws believed that there were Gods, ever intentionally did any unholy act, or uttered any unlawful word; but he who did must have supposed one of three things — either that they did not exist — which is the first possibility, or secondly, that, if they did, they took no care of man, or thirdly, that they were easily appeased and turned aside from their purpose by sacrifices and prayers.

CLEINIAS: What shall we say or do to these persons?

ATHENIAN: My good friend, let us first hear the jests which I suspect that they in their superiority will utter against us.

CLEINIAS: What jests?

ATHENIAN: They will make some irreverent speech of this sort: 'O inhabitants of Athens, and Sparta, and Cnosus,' they will reply, 'in that you speak truly; for some of us deny the very existence of the Gods, while others, as you say, are of opinion that they do not care about us; and others that they are turned from their course by gifts. Now we have a right to claim, as you yourself allowed, in the matter of laws, that before you are hard upon us and threaten us, you should argue with us and convince us — you should first attempt to teach and persuade us that there are Gods by reasonable evidences, and also that they are too good to be unrighteous, or to be propitiated, or turned from their course by gifts. For when we hear such things said of them by those who are esteemed to be the best of poets, and orators, and prophets, and priests, and by innumerable others, the thoughts of most of us are not set upon abstaining from unrighteous acts, but upon doing them and atoning for them. When lawgivers profess that they are gentle and not stern, we think that they should first of all use persuasion to us, and show us the existence of Gods, if not in a better manner than other men, at any rate in a truer; and who knows but that we shall hearken to you? If then our request is a fair one, please to accept our challenge.

CLEINIAS: But is there any difficulty in proving the existence of the Gods?

ATHENIAN: How would you prove it?

CLEINIAS: How? In the first place, the earth and the sun, and the stars and the universe, and the fair order of the seasons, and the division of them into years and months, furnish proofs of their existence, and also there is the fact that all Hellenes and barbarians believe in them.

ATHENIAN: I fear, my sweet friend, though I will not say that I much regard, the contempt with which the profane will be likely to assail us. For you do not understand the nature of their complaint, and you fancy that they rush into impiety only from a love of sensual

pleasure.

CLEINIAS: Why, Stranger, what other reason is there?

ATHENIAN: One which you who live in a different atmosphere would never guess.

CLEINIAS: What is it?

ATHENIAN: A very grievous sort of ignorance which is imagined to be the greatest wisdom.

CLEINIAS: What do you mean?

ATHENIAN: At Athens there are tales preserved in writing which the virtue of your state, as I am informed, refuses to admit. They speak of the Gods in prose as well as verse, and the oldest of them tell of the origin of the heavens and of the world, and not far from the beginning of their story they proceed to narrate the birth of the Gods, and how after they were born they behaved to one another. Whether these stories have in other ways a good or a bad influence, I should not like to be severe upon them, because they are ancient; but, looking at them with reference to the duties of children to their parents, I cannot praise them, or think that they are useful, or at all true. Of the words of the ancients I have nothing more to say; and I should wish to say of them only what is pleasing to the Gods. But as to our younger generation and their wisdom, I cannot let them off when they do mischief. For do but mark the effect of their words: when you and I argue for the existence of the Gods, and produce the sun, moon, stars, and earth, claiming for them a divine being, if we would listen to the aforesaid philosophers we should say that they are earth and stones only, which can have no care at all of human affairs, and that all religion is a cooking up of words and a make-believe.

CLEINIAS: One such teacher, O stranger, would be bad enough, and you imply that there are many of them, which is worse.

ATHENIAN: Well, then; what shall we say or do? Shall we assume that some one is accusing us among unholy men, who are trying to escape from the effect of our legislation; and that they say of us —

How dreadful that you should legislate on the supposition that there are Gods! Shall we make a defence of ourselves? or shall we leave them and return to our laws, lest the prelude should become longer than the law? For the discourse will certainly extend to great length, if we are to treat the impiously disposed as they desire, partly demonstrating to them at some length the things of which they demand an explanation, partly making them afraid or dissatisfied, and then proceed to the requisite enactments.

CLEINIAS: Yes, Stranger; but then how often have we repeated already that on the present occasion there is no reason why brevity should be preferred to length; for who is 'at our heels?' as the saying goes, and it would be paltry and ridiculous to prefer the shorter to the better. It is a matter of no small consequence, in some way or other to prove that there are Gods, and that they are good, and regard justice more than men do. The demonstration of this would be the best and noblest prelude of all our laws. And therefore, without impatience, and without hurry, let us unreservedly consider the whole matter, summoning up all the power of persuasion which we possess.

ATHENIAN: Seeing you thus in earnest, I would fain offer up a prayer that I may succeed: but I must proceed at once. Who can be calm when he is called upon to prove the existence of the Gods? Who can avoid hating and abhorring the men who are and have been the cause of this argument; I speak of those who will not believe the tales which they have heard as babes and sucklings from their mothers and nurses, repeated by them both in jest and earnest, like charms, who have also heard them in the sacrificial prayers, and seen sights accompanying them — sights and sounds delightful to children — and their parents during the sacrifices showing an intense earnestness on behalf of their children and of themselves, and with eager interest talking to the Gods, and beseeching them, as though they were firmly convinced of their existence; who likewise see and hear the prostrations and invocations which are made by Hellenes and barbarians at the rising and setting of the sun and moon, in all the vicissitudes of life, not as if they thought that there were no Gods, but as if there could be no doubt of their existence, and no suspicion

of their non-existence; when men, knowing all these things, despise them on no real grounds, as would be admitted by all who have any particle of intelligence, and when they force us to say what we are now saying, how can any one in gentle terms remonstrate with the like of them, when he has to begin by proving to them the very existence of the Gods? Yet the attempt must be made; for it would be unseemly that one half of mankind should go mad in their lust of pleasure, and the other half in their indignation at such persons. Our address to these lost and perverted natures should not be spoken in passion; let us suppose ourselves to select some one of them, and gently reason with him, smothering our anger: O my son, we will say to him, you are young, and the advance of time will make you reverse many of the opinions which you now hold. Wait awhile, and do not attempt to judge at present of the highest things; and that is the highest of which you now think nothing — to know the Gods rightly and to live accordingly. And in the first place let me indicate to you one point which is of great importance, and about which I cannot be deceived: You and your friends are not the first who have held this opinion about the Gods. There have always been persons more or less numerous who have had the same disorder. I have known many of them, and can tell you, that no one who had taken up in youth this opinion, that the Gods do not exist, ever continued in the same until he was old; the two other notions certainly do continue in some cases, but not in many; the notion, I mean, that the Gods exist, but take no heed of human things, and the other notion that they do take heed of them, but are easily propitiated with sacrifices and prayers. As to the opinion about the Gods which may some day become clear to you, I advise you to wait and consider if it be true or not; ask of others, and above all of the legislator. In the meantime take care that you do not offend against the Gods. For the duty of the legislator is and always will be to teach you the truth of these matters.

CLEINIAS: Our address, Stranger, thus far, is excellent.

ATHENIAN: Quite true, Megillus and Cleinias, but I am afraid that we have unconsciously lighted on a strange doctrine.

CLEINIAS: What doctrine do you mean?

ATHENIAN: The wisest of all doctrines, in the opinion of many.

CLEINIAS: I wish that you would speak plainer.

ATHENIAN: The doctrine that all things do become, have become, and will become, some by nature, some by art, and some by chance.

CLEINIAS: Is not that true?

ATHENIAN: Well, philosophers are probably right; at any rate we may as well follow in their track, and examine what is the meaning of them and their disciples.

CLEINIAS: By all means.

ATHENIAN: They say that the greatest and fairest things are the work of nature and of chance, the lesser of art, which, receiving from nature the greater and primeval creations, moulds and fashions all those lesser works which are generally termed artificial.

CLEINIAS: How is that?

ATHENIAN: I will explain my meaning still more clearly. They say that fire and water, and earth and air, all exist by nature and chance, and none of them by art, and that as to the bodies which come next in order — earth, and sun, and moon, and stars — they have been created by means of these absolutely inanimate existences. The elements are severally moved by chance and some inherent force according to certain affinities among them — of hot with cold, or of dry with moist, or of soft with hard, and according to all the other accidental admixtures of opposites which have been formed by necessity. After this fashion and in this manner the whole heaven has been created, and all that is in the heaven, as well as animals and all plants, and all the seasons come from these elements, not by the action of mind, as they say, or of any God, or from art, but as I was saying, by nature and chance only. Art sprang up afterwards and out of these, mortal and of mortal birth, and produced in play certain images and very partial imitations of the truth, having an affinity to

one another, such as music and painting create and their companion arts. And there are other arts which have a serious purpose, and these co-operate with nature, such, for example, as medicine, and husbandry, and gymnastic. And they say that politics co-operate with nature, but in a less degree, and have more of art; also that legislation is entirely a work of art, and is based on assumptions which are not true.

CLEINIAS: How do you mean?

ATHENIAN: In the first place, my dear friend, these people would say that the Gods exist not by nature, but by art, and by the laws of states, which are different in different places, according to the agreement of those who make them; and that the honourable is one thing by nature and another thing by law, and that the principles of justice have no existence at all in nature, but that mankind are always disputing about them and altering them; and that the alterations which are made by art and by law have no basis in nature, but are of authority for the moment and at the time at which they are made. These, my friends, are the sayings of wise men, poets and prose writers, which find a way into the minds of youth. They are told by them that the highest right is might, and in this way the young fall into impieties, under the idea that the Gods are not such as the law bids them imagine; and hence arise factions, these philosophers inviting them to lead a true life according to nature, that is, to live in real dominion over others, and not in legal subjection to them.

CLEINIAS: What a dreadful picture, Stranger, have you given, and how great is the injury which is thus inflicted on young men to the ruin both of states and families!

ATHENIAN: True, Cleinias; but then what should the lawgiver do when this evil is of long standing? should he only rise up in the state and threaten all mankind, proclaiming that if they will not say and think that the Gods are such as the law ordains (and this may be extended generally to the honourable, the just, and to all the highest things, and to all that relates to virtue and vice), and if they will not make their actions conform to the copy which the law gives them,

then he who refuses to obey the law shall die, or suffer stripes and bonds, or privation of citizenship, or in some cases be punished by loss of property and exile? Should he not rather, when he is making laws for men, at the same time infuse the spirit of persuasion into his words, and mitigate the severity of them as far as he can?

CLEINIAS: Why, Stranger, if such persuasion be at all possible, then a legislator who has anything in him ought never to weary of persuading men; he ought to leave nothing unsaid in support of the ancient opinion that there are Gods, and of all those other truths which you were just now mentioning; he ought to support the law and also art, and acknowledge that both alike exist by nature, and no less than nature, if they are the creations of mind in accordance with right reason, as you appear to me to maintain, and I am disposed to agree with you in thinking.

ATHENIAN: Yes, my enthusiastic Cleinias; but are not these things when spoken to a multitude hard to be understood, not to mention that they take up a dismal length of time?

CLEINIAS: Why, Stranger, shall we, whose patience failed not when drinking or music were the themes of discourse, weary now of discoursing about the Gods, and about divine things? And the greatest help to rational legislation is that the laws when once written down are always at rest; they can be put to the test at any future time, and therefore, if on first hearing they seem difficult, there is no reason for apprehension about them, because any man however dull can go over them and consider them again and again; nor if they are tedious but useful, is there any reason or religion, as it seems to me, in any man refusing to maintain the principles of them to the utmost of his power.

MEGILLUS: Stranger, I like what Cleinias is saying.

ATHENIAN: Yes, Megillus, and we should do as he proposes; for if impious discourses were not scattered, as I may say, throughout the world, there would have been no need for any vindication of the existence of the Gods — but seeing that they are spread far and wide,

such arguments are needed; and who should come to the rescue of the greatest laws, when they are being undermined by bad men, but the legislator himself?

MEGILLUS: There is no more proper champion of them.

ATHENIAN: Well, then, tell me, Cleinias — for I must ask you to be my partner — does not he who talks in this way conceive fire and water and earth and air to be the first elements of all things? these he calls nature, and out of these he supposes the soul to be formed afterwards; and this is not a mere conjecture of ours about his meaning, but is what he really means.

CLEINIAS: Very true.

ATHENIAN: Then, by Heaven, we have discovered the source of this vain opinion of all those physical investigators; and I would have you examine their arguments with the utmost care, for their impiety is a very serious matter; they not only make a bad and mistaken use of argument, but they lead away the minds of others: that is my opinion of them.

CLEINIAS: You are right; but I should like to know how this happens.

ATHENIAN: I fear that the argument may seem singular.

CLEINIAS: Do not hesitate, Stranger; I see that you are afraid of such a discussion carrying you beyond the limits of legislation. But if there be no other way of showing our agreement in the belief that there are Gods, of whom the law is said now to approve, let us take this way, my good sir.

ATHENIAN: Then I suppose that I must repeat the singular argument of those who manufacture the soul according to their own impious notions; they affirm that which is the first cause of the generation and destruction of all things, to be not first, but last, and that which is last to be first, and hence they have fallen into error about the true nature of the Gods.

CLEINIAS: Still I do not understand you.

ATHENIAN: Nearly all of them, my friends, seem to be ignorant of the nature and power of the soul, especially in what relates to her origin: they do not know that she is among the first of things, and before all bodies, and is the chief author of their changes and transpositions. And if this is true, and if the soul is older than the body, must not the things which are of the soul's kindred be of necessity prior to those which appertain to the body?

CLEINIAS: Certainly.

ATHENIAN: Then thought and attention and mind and art and law will be prior to that which is hard and soft and heavy and light; and the great and primitive works and actions will be works of art; they will be the first, and after them will come nature and works of nature, which however is a wrong term for men to apply to them; these will follow, and will be under the government of art and mind.

CLEINIAS: But why is the word 'nature' wrong?

ATHENIAN: Because those who use the term mean to say that nature is the first creative power; but if the soul turn out to be the primeval element, and not fire or air, then in the truest sense and beyond other things the soul may be said to exist by nature; and this would be true if you proved that the soul is older than the body, but not otherwise.

CLEINIAS: You are quite right.

ATHENIAN: Shall we, then, take this as the next point to which our attention should be directed?

CLEINIAS: By all means.

ATHENIAN: Let us be on our guard lest this most deceptive argument with its youthful looks, beguiling us old men, give us the slip and make a laughing-stock of us. Who knows but we may be aiming at the greater, and fail of attaining the lesser? Suppose that we three have to pass a rapid river, and I, being the youngest of the three

and experienced in rivers, take upon me the duty of making the attempt first by myself; leaving you in safety on the bank, I am to examine whether the river is passable by older men like yourselves, and if such appears to be the case then I shall invite you to follow, and my experience will help to convey you across; but if the river is impassable by you, then there will have been no danger to anybody but myself — would not that seem to be a very fair proposal? I mean to say that the argument in prospect is likely to be too much for you, out of your depth and beyond your strength, and I should be afraid that the stream of my questions might create in you who are not in the habit of answering, giddiness and confusion of mind, and hence a feeling of unpleasantness and unsuitableness might arise. I think therefore that I had better first ask the questions and then answer them myself while you listen in safety; in that way I can carry on the argument until I have completed the proof that the soul is prior to the body.

CLEINIAS: Excellent, Stranger, and I hope that you will do as you propose.

ATHENIAN: Come, then, and if ever we are to call upon the Gods, let us call upon them now in all seriousness to come to the demonstration of their own existence. And so holding fast to the rope we will venture upon the depths of the argument. When questions of this sort are asked of me, my safest answer would appear to be as follows: Some one says to me, ‘O Stranger, are all things at rest and nothing in motion, or is the exact opposite of this true, or are some things in motion and others at rest?’ To this I shall reply that some things are in motion and others at rest. ‘And do not things which move move in a place, and are not the things which are at rest at rest in a place?’ Certainly. ‘And some move or rest in one place and some in more places than one?’ You mean to say, we shall rejoin, that those things which rest at the centre move in one place, just as the circumference goes round of globes which are said to be at rest? ‘Yes.’ And we observe that, in the revolution, the motion which carries round the larger and the lesser circle at the same time is proportionally distributed to greater and smaller, and is greater and

smaller in a certain proportion. Here is a wonder which might be thought an impossibility, that the same motion should impart swiftness and slowness in due proportion to larger and lesser circles. 'Very true.' And when you speak of bodies moving in many places, you seem to me to mean those which move from one place to another, and sometimes have one centre of motion and sometimes more than one because they turn upon their axis; and whenever they meet anything, if it be stationary, they are divided by it; but if they get in the midst between bodies which are approaching and moving towards the same spot from opposite directions, they unite with them. 'I admit the truth of what you are saying.' Also when they unite they grow, and when they are divided they waste away — that is, supposing the constitution of each to remain, or if that fails, then there is a second reason of their dissolution. 'And when are all things created and how?' Clearly, they are created when the first principle receives increase and attains to the second dimension, and from this arrives at the one which is neighbour to this, and after reaching the third becomes perceptible to sense. Everything which is thus changing and moving is in process of generation; only when at rest has it real existence, but when passing into another state it is destroyed utterly. Have we not mentioned all motions that there are, and comprehended them under their kinds and numbered them with the exception, my friends, of two?

CLEINIAS: Which are they?

ATHENIAN: Just the two, with which our present enquiry is concerned.

CLEINIAS: Speak plainer.

ATHENIAN: I suppose that our enquiry has reference to the soul?

CLEINIAS: Very true.

ATHENIAN: Let us assume that there is a motion able to move other things, but not to move itself; that is one kind; and there is another kind which can move itself as well as other things, working in composition and decomposition, by increase and diminution and

generation and destruction — that is also one of the many kinds of motion.

CLEINIAS: Granted.

ATHENIAN: And we will assume that which moves other, and is changed by other, to be the ninth, and that which changes itself and others, and is coincident with every action and every passion, and is the true principle of change and motion in all that is — that we shall be inclined to call the tenth.

CLEINIAS: Certainly.

ATHENIAN: And which of these ten motions ought we to prefer as being the mightiest and most efficient?

CLEINIAS: I must say that the motion which is able to move itself is ten thousand times superior to all the others.

ATHENIAN: Very good; but may I make one or two corrections in what I have been saying?

CLEINIAS: What are they?

ATHENIAN: When I spoke of the tenth sort of motion, that was not quite correct.

CLEINIAS: What was the error?

ATHENIAN: According to the true order, the tenth was really the first in generation and power; then follows the second, which was strangely enough termed the ninth by us.

CLEINIAS: What do you mean?

ATHENIAN: I mean this: when one thing changes another, and that another, of such will there be any primary changing element? How can a thing which is moved by another ever be the beginning of change? Impossible. But when the self-moved changes other, and that again other, and thus thousands upon tens of thousands of bodies are set in motion, must not the beginning of all this motion be the

change of the self-moving principle?

CLEINIAS: Very true, and I quite agree.

ATHENIAN: Or, to put the question in another way, making answer to ourselves: If, as most of these philosophers have the audacity to affirm, all things were at rest in one mass, which of the above-mentioned principles of motion would first spring up among them?

CLEINIAS: Clearly the self-moving; for there could be no change in them arising out of any external cause; the change must first take place in themselves.

ATHENIAN: Then we must say that self-motion being the origin of all motions, and the first which arises among things at rest as well as among things in motion, is the eldest and mightiest principle of change, and that which is changed by another and yet moves other is second.

CLEINIAS: Quite true.

ATHENIAN: At this stage of the argument let us put a question.

CLEINIAS: What question?

ATHENIAN: If we were to see this power existing in any earthy, watery, or fiery substance, simple or compound — how should we describe it?

CLEINIAS: You mean to ask whether we should call such a self-moving power life?

ATHENIAN: I do.

CLEINIAS: Certainly we should.

ATHENIAN: And when we see soul in anything, must we not do the same — must we not admit that this is life?

CLEINIAS: We must.

ATHENIAN: And now, I beseech you, reflect — you would admit

that we have a threefold knowledge of things?

CLEINIAS: What do you mean?

ATHENIAN: I mean that we know the essence, and that we know the definition of the essence, and the name — these are the three; and there are two questions which may be raised about anything.

CLEINIAS: How two?

ATHENIAN: Sometimes a person may give the name and ask the definition; or he may give the definition and ask the name. I may illustrate what I mean in this way.

CLEINIAS: How?

ATHENIAN: Number like some other things is capable of being divided into equal parts; when thus divided, number is named 'even,' and the definition of the name 'even' is 'number divisible into two equal parts'?

CLEINIAS: True.

ATHENIAN: I mean, that when we are asked about the definition and give the name, or when we are asked about the name and give the definition — in either case, whether we give name or definition, we speak of the same thing, calling 'even' the number which is divided into two equal parts.

CLEINIAS: Quite true.

ATHENIAN: And what is the definition of that which is named 'soul'? Can we conceive of any other than that which has been already given — the motion which can move itself?

CLEINIAS: You mean to say that the essence which is defined as the self-moved is the same with that which has the name soul?

ATHENIAN: Yes; and if this is true, do we still maintain that there is anything wanting in the proof that the soul is the first origin and moving power of all that is, or has become, or will be, and their

contraries, when she has been clearly shown to be the source of change and motion in all things?

CLEINIAS: Certainly not; the soul as being the source of motion, has been most satisfactorily shown to be the oldest of all things.

ATHENIAN: And is not that motion which is produced in another, by reason of another, but never has any self-moving power at all, being in truth the change of an inanimate body, to be reckoned second, or by any lower number which you may prefer?

CLEINIAS: Exactly.

ATHENIAN: Then we are right, and speak the most perfect and absolute truth, when we say that the soul is prior to the body, and that the body is second and comes afterwards, and is born to obey the soul, which is the ruler?

CLEINIAS: Nothing can be more true.

ATHENIAN: Do you remember our old admission, that if the soul was prior to the body the things of the soul were also prior to those of the body?

CLEINIAS: Certainly.

ATHENIAN: Then characters and manners, and wishes and reasonings, and true opinions, and reflections, and recollections are prior to length and breadth and depth and strength of bodies, if the soul is prior to the body.

CLEINIAS: To be sure.

ATHENIAN: In the next place, we must not of necessity admit that the soul is the cause of good and evil, base and honourable, just and unjust, and of all other opposites, if we suppose her to be the cause of all things?

CLEINIAS: We must.

ATHENIAN: And as the soul orders and inhabits all things that

move, however moving, must we not say that she orders also the heavens?

CLEINIAS: Of course.

ATHENIAN: One soul or more? More than one — I will answer for you; at any rate, we must not suppose that there are less than two — one the author of good, and the other of evil.

CLEINIAS: Very true.

ATHENIAN: Yes, very true; the soul then directs all things in heaven, and earth, and sea by her movements, and these are described by the terms — will, consideration, attention, deliberation, opinion true and false, joy and sorrow, confidence, fear, hatred, love, and other primary motions akin to these; which again receive the secondary motions of corporeal substances, and guide all things to growth and decay, to composition and decomposition, and to the qualities which accompany them, such as heat and cold, heaviness and lightness, hardness and softness, blackness and whiteness, bitterness and sweetness, and all those other qualities which the soul uses, herself a goddess, when truly receiving the divine mind she disciplines all things rightly to their happiness; but when she is the companion of folly, she does the very contrary of all this. Shall we assume so much, or do we still entertain doubts?

CLEINIAS: There is no room at all for doubt.

ATHENIAN: Shall we say then that it is the soul which controls heaven and earth, and the whole world? that it is a principle of wisdom and virtue, or a principle which has neither wisdom nor virtue? Suppose that we make answer as follows:

CLEINIAS: How would you answer?

ATHENIAN: If, my friend, we say that the whole path and movement of heaven, and of all that is therein, is by nature akin to the movement and revolution and calculation of mind, and proceeds by kindred laws, then, as is plain, we must say that the best soul takes care of the world and guides it along the good path.

CLEINIAS: True.

ATHENIAN: But if the world moves wildly and irregularly, then the evil soul guides it.

CLEINIAS: True again.

ATHENIAN: Of what nature is the movement of mind? To this question it is not easy to give an intelligent answer; and therefore I ought to assist you in framing one.

CLEINIAS: Very good.

ATHENIAN: Then let us not answer as if we would look straight at the sun, making ourselves darkness at midday — I mean as if we were under the impression that we could see with mortal eyes, or know adequately the nature of mind — it will be safer to look at the image only.

CLEINIAS: What do you mean?

ATHENIAN: Let us select of the ten motions the one which mind chiefly resembles; this I will bring to your recollection, and will then make the answer on behalf of us all.

CLEINIAS: That will be excellent.

ATHENIAN: You will surely remember our saying that all things were either at rest or in motion?

CLEINIAS: I do.

ATHENIAN: And that of things in motion some were moving in one place, and others in more than one?

CLEINIAS: Yes.

ATHENIAN: Of these two kinds of motion, that which moves in one place must move about a centre like globes made in a lathe, and is most entirely akin and similar to the circular movement of mind.

CLEINIAS: What do you mean?

ATHENIAN: In saying that both mind and the motion which is in one place move in the same and like manner, in and about the same, and in relation to the same, and according to one proportion and order, and are like the motion of a globe, we invented a fair image, which does no discredit to our ingenuity.

CLEINIAS: It does us great credit.

ATHENIAN: And the motion of the other sort which is not after the same manner, nor in the same, nor about the same, nor in relation to the same, nor in one place, nor in order, nor according to any rule or proportion, may be said to be akin to senselessness and folly?

CLEINIAS: That is most true.

ATHENIAN: Then, after what has been said, there is no difficulty in distinctly stating, that since soul carries all things round, either the best soul or the contrary must of necessity carry round and order and arrange the revolution of the heaven.

CLEINIAS: And judging from what has been said, Stranger, there would be impiety in asserting that any but the most perfect soul or souls carries round the heavens.

ATHENIAN: You have understood my meaning right well, Cleinias, and now let me ask you another question.

CLEINIAS: What are you going to ask?

ATHENIAN: If the soul carries round the sun and moon, and the other stars, does she not carry round each individual of them?

CLEINIAS: Certainly.

ATHENIAN: Then of one of them let us speak, and the same argument will apply to all.

CLEINIAS: Which will you take?

ATHENIAN: Every one sees the body of the sun, but no one sees his soul, nor the soul of any other body living or dead; and yet there is

great reason to believe that this nature, unperceived by any of our senses, is circumfused around them all, but is perceived by mind; and therefore by mind and reflection only let us apprehend the following point.

CLEINIAS: What is that?

ATHENIAN: If the soul carries round the sun, we shall not be far wrong in supposing one of three alternatives.

CLEINIAS: What are they?

ATHENIAN: Either the soul which moves the sun this way and that, resides within the circular and visible body, like the soul which carries us about every way; or the soul provides herself with an external body of fire or air, as some affirm, and violently propels body by body; or thirdly, she is without such a body, but guides the sun by some extraordinary and wonderful power.

CLEINIAS: Yes, certainly; the soul can only order all things in one of these three ways.

ATHENIAN: And this soul of the sun, which is therefore better than the sun, whether taking the sun about in a chariot to give light to men, or acting from without, or in whatever way, ought by every man to be deemed a God.

CLEINIAS: Yes, by every man who has the least particle of sense.

ATHENIAN: And of the stars too, and of the moon, and of the years and months and seasons, must we not say in like manner, that since a soul or souls having every sort of excellence are the causes of all of them, those souls are Gods, whether they are living beings and reside in bodies, and in this way order the whole heaven, or whatever be the place and mode of their existence — and will any one who admits all this venture to deny that all things are full of Gods?

CLEINIAS: No one, Stranger, would be such a madman.

ATHENIAN: And now, Megillus and Cleinias, let us offer terms to

him who has hitherto denied the existence of the Gods, and leave him.

CLEINIAS: What terms?

ATHENIAN: Either he shall teach us that we were wrong in saying that the soul is the original of all things, and arguing accordingly; or, if he be not able to say anything better, then he must yield to us and live for the remainder of his life in the belief that there are Gods. Let us see, then, whether we have said enough or not enough to those who deny that there are Gods.

CLEINIAS: Certainly, quite enough, Stranger.

ATHENIAN: Then to them we will say no more. And now we are to address him who, believing that there are Gods, believes also that they take no heed of human affairs: To him we say — O thou best of men, in believing that there are Gods you are led by some affinity to them, which attracts you towards your kindred and makes you honour and believe in them. But the fortunes of evil and unrighteous men in private as well as public life, which, though not really happy, are wrongly counted happy in the judgment of men, and are celebrated both by poets and prose writers — these draw you aside from your natural piety. Perhaps you have seen impious men growing old and leaving their children's children in high offices, and their prosperity shakes your faith — you have known or heard or been yourself an eyewitness of many monstrous impieties, and have beheld men by such criminal means from small beginnings attaining to sovereignty and the pinnacle of greatness; and considering all these things you do not like to accuse the Gods of them, because they are your relatives; and so from some want of reasoning power, and also from an unwillingness to find fault with them, you have come to believe that they exist indeed, but have no thought or care of human things. Now, that your present evil opinion may not grow to still greater impiety, and that we may if possible use arguments which may conjure away the evil before it arrives, we will add another argument to that originally addressed to him who utterly denied the existence of the Gods. And do you, Megillus and Cleinias, answer

for the young man as you did before; and if any impediment comes in our way, I will take the word out of your mouths, and carry you over the river as I did just now.

CLEINIAS: Very good; do as you say, and we will help you as well as we can.

ATHENIAN: There will probably be no difficulty in proving to him that the Gods care about the small as well as about the great. For he was present and heard what was said, that they are perfectly good, and that the care of all things is most entirely natural to them.

CLEINIAS: No doubt he heard that.

ATHENIAN: Let us consider together in the next place what we mean by this virtue which we ascribe to them. Surely we should say that to be temperate and to possess mind belongs to virtue, and the contrary to vice?

CLEINIAS: Certainly.

ATHENIAN: Yes; and courage is a part of virtue, and cowardice of vice?

CLEINIAS: True.

ATHENIAN: And the one is honourable, and the other dishonourable?

CLEINIAS: To be sure.

ATHENIAN: And the one, like other meaner things, is a human quality, but the Gods have no part in anything of the sort?

CLEINIAS: That again is what everybody will admit.

ATHENIAN: But do we imagine carelessness and idleness and luxury to be virtues? What do you think?

CLEINIAS: Decidedly not.

ATHENIAN: They rank under the opposite class?

CLEINIAS: Yes.

ATHENIAN: And their opposites, therefore, would fall under the opposite class?

CLEINIAS: Yes.

ATHENIAN: But are we to suppose that one who possesses all these good qualities will be luxurious and heedless and idle, like those whom the poet compares to stingless drones?

CLEINIAS: And the comparison is a most just one.

ATHENIAN: Surely God must not be supposed to have a nature which He Himself hates? he who dares to say this sort of thing must not be tolerated for a moment.

CLEINIAS: Of course not. How could he have?

ATHENIAN: Should we not on any principle be entirely mistaken in praising any one who has some special business entrusted to him, if he have a mind which takes care of great matters and no care of small ones? Reflect; he who acts in this way, whether he be God or man, must act from one of two principles.

CLEINIAS: What are they?

ATHENIAN: Either he must think that the neglect of the small matters is of no consequence to the whole, or if he knows that they are of consequence, and he neglects them, his neglect must be attributed to carelessness and indolence. Is there any other way in which his neglect can be explained? For surely, when it is impossible for him to take care of all, he is not negligent if he fails to attend to these things great or small, which a God or some inferior being might be wanting in strength or capacity to manage?

CLEINIAS: Certainly not.

ATHENIAN: Now, then, let us examine the offenders, who both alike confess that there are Gods, but with a difference — the one saying that they may be appeased, and the other that they have no

care of small matters: there are three of us and two of them, and we will say to them — In the first place, you both acknowledge that the Gods hear and see and know all things, and that nothing can escape them which is matter of sense and knowledge: do you admit this?

CLEINIAS: Yes.

ATHENIAN: And do you admit also that they have all power which mortals and immortals can have?

CLEINIAS: They will, of course, admit this also.

ATHENIAN: And surely we three and they two — five in all — have acknowledged that they are good and perfect?

CLEINIAS: Assuredly.

ATHENIAN: But, if they are such as we conceive them to be, can we possibly suppose that they ever act in the spirit of carelessness and indolence? For in us inactivity is the child of cowardice, and carelessness of inactivity and indolence.

CLEINIAS: Most true.

ATHENIAN: Then not from inactivity and carelessness is any God ever negligent; for there is no cowardice in them.

CLEINIAS: That is very true.

ATHENIAN: Then the alternative which remains is, that if the Gods neglect the lighter and lesser concerns of the universe, they neglect them because they know that they ought not to care about such matters — what other alternative is there but the opposite of their knowing?

CLEINIAS: There is none.

ATHENIAN: And, O most excellent and best of men, do I understand you to mean that they are careless because they are ignorant, and do not know that they ought to take care, or that they know, and yet like the meanest sort of men, knowing the better,

choose the worse because they are overcome by pleasures and pains?

CLEINIAS: Impossible.

ATHENIAN: Do not all human things partake of the nature of soul? And is not man the most religious of all animals?

CLEINIAS: That is not to be denied.

ATHENIAN: And we acknowledge that all mortal creatures are the property of the Gods, to whom also the whole of heaven belongs?

CLEINIAS: Certainly.

ATHENIAN: And, therefore, whether a person says that these things are to the Gods great or small — in either case it would not be natural for the Gods who own us, and who are the most careful and the best of owners, to neglect us. There is also a further consideration.

CLEINIAS: What is it?

ATHENIAN: Sensation and power are in an inverse ratio to each other in respect to their ease and difficulty.

CLEINIAS: What do you mean?

ATHENIAN: I mean that there is greater difficulty in seeing and hearing the small than the great, but more facility in moving and controlling and taking care of small and unimportant things than of their opposites.

CLEINIAS: Far more.

ATHENIAN: Suppose the case of a physician who is willing and able to cure some living thing as a whole — how will the whole fare at his hands if he takes care only of the greater and neglects the parts which are lesser?

CLEINIAS: Decidedly not well.

ATHENIAN: No better would be the result with pilots or generals, or

householders or statesmen, or any other such class, if they neglected the small and regarded only the great — as the builders say, the larger stones do not lie well without the lesser.

CLEINIAS: Of course not.

ATHENIAN: Let us not, then, deem God inferior to human workmen, who, in proportion to their skill, finish and perfect their works, small as well as great, by one and the same art; or that God, the wisest of beings, who is both willing and able to take care, is like a lazy good-for-nothing, or a coward, who turns his back upon labour and gives no thought to smaller and easier matters, but to the greater only.

CLEINIAS: Never, Stranger, let us admit a supposition about the Gods which is both impious and false.

ATHENIAN: I think that we have now argued enough with him who delights to accuse the Gods of neglect.

CLEINIAS: Yes.

ATHENIAN: He has been forced to acknowledge that he is in error, but he still seems to me to need some words of consolation.

CLEINIAS: What consolation will you offer him?

ATHENIAN: Let us say to the youth: The ruler of the universe has ordered all things with a view to the excellence and preservation of the whole, and each part, as far as may be, has an action and passion appropriate to it. Over these, down to the least fraction of them, ministers have been appointed to preside, who have wrought out their perfection with infinitesimal exactness. And one of these portions of the universe is thine own, unhappy man, which, however little, contributes to the whole; and you do not seem to be aware that this and every other creation is for the sake of the whole, and in order that the life of the whole may be blessed; and that you are created for the sake of the whole, and not the whole for the sake of you. For every physician and every skilled artist does all things for the sake of the whole, directing his effort towards the common good, executing the

part for the sake of the whole, and not the whole for the sake of the part. And you are annoyed because you are ignorant how what is best for you happens to you and to the universe, as far as the laws of the common creation admit. Now, as the soul combining first with one body and then with another undergoes all sorts of changes, either of herself, or through the influence of another soul, all that remains to the player of the game is that he should shift the pieces; sending the better nature to the better place, and the worse to the worse, and so assigning to them their proper portion.

CLEINIAS: In what way do you mean?

ATHENIAN: In a way which may be supposed to make the care of all things easy to the Gods. If any one were to form or fashion all things without any regard to the whole — if, for example, he formed a living element of water out of fire, instead of forming many things out of one or one out of many in regular order attaining to a first or second or third birth, the transmutation would have been infinite; but now the ruler of the world has a wonderfully easy task.

CLEINIAS: How so?

ATHENIAN: I will explain: When the king saw that our actions had life, and that there was much virtue in them and much vice, and that the soul and body, although not, like the Gods of popular opinion, eternal, yet having once come into existence, were indestructible (for if either of them had been destroyed, there would have been no generation of living beings); and when he observed that the good of the soul was ever by nature designed to profit men, and the evil to harm them — he, seeing all this, contrived so to place each of the parts that their position might in the easiest and best manner procure the victory of good and the defeat of evil in the whole. And he contrived a general plan by which a thing of a certain nature found a certain seat and room. But the formation of qualities he left to the wills of individuals. For every one of us is made pretty much what he is by the bent of his desires and the nature of his soul.

CLEINIAS: Yes, that is probably true.

ATHENIAN: Then all things which have a soul change, and possess in themselves a principle of change, and in changing move according to law and to the order of destiny: natures which have undergone a lesser change move less and on the earth's surface, but those which have suffered more change and have become more criminal sink into the abyss, that is to say, into Hades and other places in the world below, of which the very names terrify men, and which they picture to themselves as in a dream, both while alive and when released from the body. And whenever the soul receives more of good or evil from her own energy and the strong influence of others — when she has communion with divine virtue and becomes divine, she is carried into another and better place, which is perfect in holiness; but when she has communion with evil, then she also changes the place of her life.

‘This is the justice of the Gods who inhabit Olympus.’

O youth or young man, who fancy that you are neglected by the Gods, know that if you become worse you shall go to the worse souls, or if better to the better, and in every succession of life and death you will do and suffer what like may fitly suffer at the hands of like. This is the justice of heaven, which neither you nor any other unfortunate will ever glory in escaping, and which the ordaining powers have specially ordained; take good heed thereof, for it will be sure to take heed of you. If you say: I am small and will creep into the depths of the earth, or I am high and will fly up to heaven, you are not so small or so high but that you shall pay the fitting penalty, either here or in the world below or in some still more savage place whither you shall be conveyed. This is also the explanation of the fate of those whom you saw, who had done unholy and evil deeds, and from small beginnings had grown great, and you fancied that from being miserable they had become happy; and in their actions, as in a mirror, you seemed to see the universal neglect of the Gods, not knowing how they make all things work together and contribute to the great whole. And thinkest thou, bold man, that thou needest not to know this? he who knows it not can never form any true idea of the happiness or unhappiness of life or hold any rational discourse

respecting either. If Cleinias and this our reverend company succeed in proving to you that you know not what you say of the Gods, then will God help you; but should you desire to hear more, listen to what we say to the third opponent, if you have any understanding whatsoever. For I think that we have sufficiently proved the existence of the Gods, and that they care for men: The other notion that they are appeased by the wicked, and take gifts, is what we must not concede to any one, and what every man should disprove to the utmost of his power.

CLEINIAS: Very good; let us do as you say.

ATHENIAN: Well, then, by the Gods themselves I conjure you to tell me — if they are to be propitiated, how are they to be propitiated? Who are they, and what is their nature? Must they not be at least rulers who have to order unceasingly the whole heaven?

CLEINIAS: True.

ATHENIAN: And to what earthly rulers can they be compared, or who to them? How in the less can we find an image of the greater? Are they charioteers of contending pairs of steeds, or pilots of vessels? Perhaps they might be compared to the generals of armies, or they might be likened to physicians providing against the diseases which make war upon the body, or to husbandmen observing anxiously the effects of the seasons on the growth of plants; or perhaps to shepherds of flocks. For as we acknowledge the world to be full of many goods and also of evils, and of more evils than goods, there is, as we affirm, an immortal conflict going on among us, which requires marvellous watchfulness; and in that conflict the Gods and demigods are our allies, and we are their property. Injustice and insolence and folly are the destruction of us, and justice and temperance and wisdom are our salvation; and the place of these latter is in the life of the Gods, although some vestige of them may occasionally be discerned among mankind. But upon this earth we know that there dwell souls possessing an unjust spirit, who may be compared to brute animals, which fawn upon their keepers, whether dogs or shepherds, or the best and most perfect masters; for they in

like manner, as the voices of the wicked declare, prevail by flattery and prayers and incantations, and are allowed to make their gains with impunity. And this sin, which is termed dishonesty, is an evil of the same kind as what is termed disease in living bodies or pestilence in years or seasons of the year, and in cities and governments has another name, which is injustice.

CLEINIAS: Quite true.

ATHENIAN: What else can he say who declares that the Gods are always lenient to the doers of unjust acts, if they divide the spoil with them? As if wolves were to toss a portion of their prey to the dogs, and they, mollified by the gift, suffered them to tear the flocks. Must not he who maintains that the Gods can be propitiated argue thus?

CLEINIAS: Precisely so.

ATHENIAN: And to which of the above-mentioned classes of guardians would any man compare the Gods without absurdity? Will he say that they are like pilots, who are themselves turned away from their duty by 'libations of wine and the savour of fat,' and at last overturn both ship and sailors?

CLEINIAS: Assuredly not.

ATHENIAN: And surely they are not like charioteers who are bribed to give up the victory to other chariots?

CLEINIAS: That would be a fearful image of the Gods.

ATHENIAN: Nor are they like generals, or physicians, or husbandmen, or shepherds; and no one would compare them to dogs who have been silenced by wolves.

CLEINIAS: A thing not to be spoken of.

ATHENIAN: And are not all the Gods the chiefest of all guardians, and do they not guard our highest interests?

CLEINIAS: Yes; the chiefest.

ATHENIAN: And shall we say that those who guard our noblest interests, and are the best of guardians, are inferior in virtue to dogs, and to men even of moderate excellence, who would never betray justice for the sake of gifts which unjust men impiously offer them?

CLEINIAS: Certainly not; nor is such a notion to be endured, and he who holds this opinion may be fairly singled out and characterized as of all impious men the wickedest and most impious.

ATHENIAN: Then are the three assertions — that the Gods exist, and that they take care of men, and that they can never be persuaded to do injustice, now sufficiently demonstrated? May we say that they are?

CLEINIAS: You have our entire assent to your words.

ATHENIAN: I have spoken with vehemence because I am zealous against evil men; and I will tell you, dear Cleinias, why I am so. I would not have the wicked think that, having the superiority in argument, they may do as they please and act according to their various imaginations about the Gods; and this zeal has led me to speak too vehemently; but if we have at all succeeded in persuading the men to hate themselves and love their opposites, the prelude of our laws about impiety will not have been spoken in vain.

CLEINIAS: So let us hope; and even if we have failed, the style of our argument will not discredit the lawgiver.

ATHENIAN: After the prelude shall follow a discourse, which will be the interpreter of the law; this shall proclaim to all impious persons that they must depart from their ways and go over to the pious. And to those who disobey, let the law about impiety be as follows: If a man is guilty of any impiety in word or deed, any one who happens to be present shall give information to the magistrates, in aid of the law; and let the magistrates who first receive the information bring him before the appointed court according to the law; and if a magistrate, after receiving information, refuses to act, he shall be tried for impiety at the instance of any one who is willing to vindicate the laws; and if any one be cast, the court shall estimate

the punishment of each act of impiety; and let all such criminals be imprisoned. There shall be three prisons in the state: the first of them is to be the common prison in the neighbourhood of the agora for the safe-keeping of the generality of offenders; another is to be in the neighbourhood of the nocturnal council, and is to be called the 'House of Reformation'; another, to be situated in some wild and desolate region in the centre of the country, shall be called by some name expressive of retribution. Now, men fall into impiety from three causes, which have been already mentioned, and from each of these causes arise two sorts of impiety, in all six, which are worth distinguishing, and should not all have the same punishment. For he who does not believe in the Gods, and yet has a righteous nature, hates the wicked and dislikes and refuses to do injustice, and avoids unrighteous men, and loves the righteous. But they who besides believing that the world is devoid of Gods are intemperate, and have at the same time good memories and quick wits, are worse; although both of them are unbelievers, much less injury is done by the one than by the other. The one may talk loosely about the Gods and about sacrifices and oaths, and perhaps by laughing at other men he may make them like himself, if he be not punished. But the other who holds the same opinions and is called a clever man, is full of stratagem and deceit — men of this class deal in prophecy and jugglery of all kinds, and out of their ranks sometimes come tyrants and demagogues and generals and hierophants of private mysteries and the Sophists, as they are termed, with their ingenious devices. There are many kinds of unbelievers, but two only for whom legislation is required; one the hypocritical sort, whose crime is deserving of death many times over, while the other needs only bonds and admonition. In like manner also the notion that the Gods take no thought of men produces two other sorts of crimes, and the notion that they may be propitiated produces two more. Assuming these divisions, let those who have been made what they are only from want of understanding, and not from malice or an evil nature, be placed by the judge in the House of Reformation, and ordered to suffer imprisonment during a period of not less than five years. And in the meantime let them have no intercourse with the other citizens, except with members of the nocturnal council, and with them let

them converse with a view to the improvement of their soul's health. And when the time of their imprisonment has expired, if any of them be of sound mind let him be restored to sane company, but if not, and if he be condemned a second time, let him be punished with death. As to that class of monstrous natures who not only believe that there are no Gods, or that they are negligent, or to be propitiated, but in contempt of mankind conjure the souls of the living and say that they can conjure the dead and promise to charm the Gods with sacrifices and prayers, and will utterly overthrow individuals and whole houses and states for the sake of money — let him who is guilty of any of these things be condemned by the court to be bound according to law in the prison which is in the centre of the land, and let no freeman ever approach him, but let him receive the rations of food appointed by the guardians of the law from the hands of the public slaves; and when he is dead let him be cast beyond the borders unburied, and if any freeman assist in burying him, let him pay the penalty of impiety to any one who is willing to bring a suit against him. But if he leaves behind him children who are fit to be citizens, let the guardians of orphans take care of them, just as they would of any other orphans, from the day on which their father is convicted.

In all these cases there should be one law, which will make men in general less liable to transgress in word or deed, and less foolish, because they will not be allowed to practise religious rites contrary to law. And let this be the simple form of the law: No man shall have sacred rites in a private house. When he would sacrifice, let him go to the temples and hand over his offerings to the priests and priestesses, who see to the sanctity of such things, and let him pray himself, and let any one who pleases join with him in prayer. The reason of this is as follows: Gods and temples are not easily instituted, and to establish them rightly is the work of a mighty intellect. And women especially, and men too, when they are sick or in danger, or in any sort of difficulty, or again on their receiving any good fortune, have a way of consecrating the occasion, vowing sacrifices, and promising shrines to Gods, demigods, and sons of Gods; and when they are awakened by terrible apparitions and dreams or remember visions, they find in altars and temples the

remedies of them, and will fill every house and village with them, placing them in the open air, or wherever they may have had such visions; and with a view to all these cases we should obey the law. The law has also regard to the impious, and would not have them fancy that by the secret performance of these actions — by raising temples and by building altars in private houses, they can propitiate the God secretly with sacrifices and prayers, while they are really multiplying their crimes infinitely, bringing guilt from heaven upon themselves, and also upon those who permit them, and who are better men than they are; and the consequence is that the whole state reaps the fruit of their impiety, which, in a certain sense, is deserved. Assuredly God will not blame the legislator, who will enact the following law: No one shall possess shrines of the Gods in private houses, and he who is found to possess them, and perform any sacred rites not publicly authorised — supposing the offender to be some man or woman who is not guilty of any other great and impious crime — shall be informed against by him who is acquainted with the fact, which shall be announced by him to the guardians of the law; and let them issue orders that he or she shall carry away their private rites to the public temples, and if they do not persuade them, let them inflict a penalty on them until they comply. And if a person be proven guilty of impiety, not merely from childish levity, but such as grown-up men may be guilty of, whether he have sacrificed publicly or privately to any Gods, let him be punished with death, for his sacrifice is impure. Whether the deed has been done in earnest, or only from childish levity, let the guardians of the law determine, before they bring the matter into court and prosecute the offender for impiety.

BOOK XI.

In the next place, dealings between man and man require to be suitably regulated. The principle of them is very simple: Thou shalt not, if thou canst help, touch that which is mine, or remove the least thing which belongs to me without my consent; and may I be of a sound mind, and do to others as I would that they should do to me. First, let us speak of treasure-trove: May I never pray the Gods to find the hidden treasure, which another has laid up for himself and his family, he not being one of my ancestors, nor lift, if I should find, such a treasure. And may I never have any dealings with those who are called diviners, and who in any way or manner counsel me to take up the deposit entrusted to the earth, for I should not gain so much in the increase of my possessions, if I take up the prize, as I should grow in justice and virtue of soul, if I abstain; and this will be a better possession to me than the other in a better part of myself; for the possession of justice in the soul is preferable to the possession of wealth. And of many things it is well said— ‘Move not the immovables,’ and this may be regarded as one of them. And we shall do well to believe the common tradition which says, that such deeds prevent a man from having a family. Now as to him who is careless about having children and regardless of the legislator, taking up that which neither he deposited, nor any ancestor of his, without the consent of the depositor, violating the simplest and noblest of laws which was the enactment of no mean man: ‘Take not up that which was not laid down by thee’ — of him, I say, who despises these two legislators, and takes up, not some small matter which he has not deposited, but perhaps a great heap of treasure, what he ought to suffer at the hands of the Gods, God only knows; but I would have the first person who sees him go and tell the wardens of the city, if the occurrence has taken place in the city, or if the occurrence has taken place in the agora he shall tell the wardens of the agora, or if in the country he shall tell the wardens of the country and their commanders. When information has been received the city shall send to Delphi, and, whatever the God answers about the money and the remover of the money, that the city shall do in obedience to the

oracle; the informer, if he be a freeman, shall have the honour of doing rightly, and he who informs not, the dishonour of doing wrongly; and if he be a slave who gives information, let him be freed, as he ought to be, by the state, which shall give his master the price of him; but if he do not inform he shall be punished with death. Next in order shall follow a similar law, which shall apply equally to matters great and small: If a man happens to leave behind him some part of his property, whether intentionally or unintentionally, let him who may come upon the left property suffer it to remain, reflecting that such things are under the protection of the Goddess of ways, and are dedicated to her by the law. But if any one defies the law, and takes the property home with him, let him, if the thing is of little worth, and the man who takes it a slave, be beaten with many stripes by him who meets him, being a person of not less than thirty years of age. Or if he be a freeman, in addition to being thought a mean person and a despiser of the laws, let him pay ten times the value of the treasure which he has moved to the leaver. And if some one accuses another of having anything which belongs to him, whether little or much, and the other admits that he has this thing, but denies that the property in dispute belongs to the other, if the property be registered with the magistrates according to law, the claimant shall summon the possessor, who shall bring it before the magistrates; and when it is brought into court, if it be registered in the public registers, to which of the litigants it belonged, let him take it and go his way. Or if the property be registered as belonging to some one who is not present, whoever will offer sufficient surety on behalf of the absent person that he will give it up to him, shall take it away as the representative of the other. But if the property which is deposited be not registered with the magistrates, let it remain until the time of trial with three of the eldest of the magistrates; and if it be an animal which is deposited, then he who loses the suit shall pay the magistrates for its keep, and they shall determine the cause within three days.

Any one who is of sound mind may arrest his own slave, and do with him whatever he will of such things as are lawful; and he may arrest the runaway slave of any of his friends or kindred with a view to his

safe-keeping. And if any one takes away him who is being carried off as a slave, intending to liberate him, he who is carrying him off shall let him go; but he who takes him away shall give three sufficient sureties; and if he give them, and not without giving them, he may take him away, but if he take him away after any other manner he shall be deemed guilty of violence, and being convicted shall pay as a penalty double the amount of the damages claimed to him who has been deprived of the slave. Any man may also carry off a freedman, if he do not pay respect or sufficient respect to him who freed him. Now the respect shall be, that the freedman go three times in the month to the hearth of the person who freed him, and offer to do whatever he ought, so far as he can; and he shall agree to make such a marriage as his former master approves. He shall not be permitted to have more property than he who gave him liberty, and what more he has shall belong to his master. The freedman shall not remain in the state more than twenty years, but like other foreigners shall go away, taking his entire property with him, unless he has the consent of the magistrates and of his former master to remain. If a freedman or any other stranger has a property greater than the census of the third class, at the expiration of thirty days from the day on which this comes to pass, he shall take that which is his and go his way, and in this case he shall not be allowed to remain any longer by the magistrates. And if any one disobeys this regulation, and is brought into court and convicted, he shall be punished with death, and his property shall be confiscated. Suits about these matters shall take place before the tribes, unless the plaintiff and defendant have got rid of the accusation either before their neighbours or before judges chosen by them. If a man lay claim to any animal or anything else which he declares to be his, let the possessor refer to the seller or to some honest and trustworthy person, who has given, or in some legitimate way made over the property to him; if he be a citizen or a metic, sojourning in the city, within thirty days, or, if the property have been delivered to him by a stranger, within five months, of which the middle month shall include the summer solstice. When goods are exchanged by selling and buying, a man shall deliver them, and receive the price of them, at a fixed place in the agora, and have done with the matter; but he shall not buy or sell anywhere else, nor

give credit. And if in any other manner or in any other place there be an exchange of one thing for another, and the seller give credit to the man who buys from him, he must do this on the understanding that the law gives no protection in cases of things sold not in accordance with these regulations. Again, as to contributions, any man who likes may go about collecting contributions as a friend among friends, but if any difference arises about the collection, he is to act on the understanding that the law gives no protection in such cases. He who sells anything above the value of fifty drachmas shall be required to remain in the city for ten days, and the purchaser shall be informed of the house of the seller, with a view to the sort of charges which are apt to arise in such cases, and the restitutions which the law allows. And let legal restitution be on this wise: If a man sells a slave who is in a consumption, or who has the disease of the stone, or of strangury, or epilepsy, or some other tedious and incurable disorder of body or mind, which is not discernible to the ordinary man, if the purchaser be a physician or trainer, he shall have no right of restitution; nor shall there be any right of restitution if the seller has told the truth beforehand to the buyer. But if a skilled person sells to another who is not skilled, let the buyer appeal for restitution within six months, except in the case of epilepsy, and then the appeal may be made within a year. The cause shall be determined by such physicians as the parties may agree to choose; and the defendant, if he lose the suit, shall pay double the price at which he sold. If a private person sell to another private person, he shall have the right of restitution, and the decision shall be given as before, but the defendant, if he be cast, shall only pay back the price of the slave. If a person sells a homicide to another, and they both know of the fact, let there be no restitution in such a case, but if he do not know of the fact, there shall be a right of restitution, whenever the buyer makes the discovery; and the decision shall rest with the five youngest guardians of the law, and if the decision be that the seller was cognisant of the fact, he shall purify the house of the purchaser, according to the law of the interpreters, and shall pay back three times the purchase-money.

If a man exchanges either money for money, or anything whatever

for anything else, either with or without life, let him give and receive them genuine and unadulterated, in accordance with the law. And let us have a prelude about all this sort of roguery, like the preludes of our other laws. Every man should regard adulteration as of one and the same class with falsehood and deceit, concerning which the many are too fond of saying that at proper times and places the practice may often be right. But they leave the occasion, and the when, and the where, undefined and unsettled, and from this want of definiteness in their language they do a great deal of harm to themselves and to others. Now a legislator ought not to leave the matter undetermined; he ought to prescribe some limit, either greater or less. Let this be the rule prescribed: No one shall call the Gods to witness, when he says or does anything false or deceitful or dishonest, unless he would be the most hateful of mankind to them. And he is most hateful to them who takes a false oath, and pays no heed to the Gods; and in the next degree, he who tells a falsehood in the presence of his superiors. Now better men are the superiors of worse men, and in general elders are the superiors of the young; wherefore also parents are the superiors of their offspring, and men of women and children, and rulers of their subjects; for all men ought to reverence any one who is in any position of authority, and especially those who are in state offices. And this is the reason why I have spoken of these matters. For every one who is guilty of adulteration in the agora tells a falsehood, and deceives, and when he invokes the Gods, according to the customs and cautions of the wardens of the agora, he does but swear without any respect for God or man. Certainly, it is an excellent rule not lightly to defile the names of the Gods, after the fashion of men in general, who care little about piety and purity in their religious actions. But if a man will not conform to this rule, let the law be as follows: He who sells anything in the agora shall not ask two prices for that which he sells, but he shall ask one price, and if he do not obtain this, he shall take away his goods; and on that day he shall not value them either at more or less; and there shall be no praising of any goods, or oath taken about them. If a person disobeys this command, any citizen who is present, not being less than thirty years of age, may with impunity chastise and beat the swearer, but if instead of obeying the

laws he takes no heed, he shall be liable to the charge of having betrayed them. If a man sells any adulterated goods and will not obey these regulations, he who knows and can prove the fact, and does prove it in the presence of the magistrates, if he be a slave or a metic, shall have the adulterated goods; but if he be a citizen, and do not pursue the charge, he shall be called a rogue, and deemed to have robbed the Gods of the agora; or if he proves the charge, he shall dedicate the goods to the Gods of the agora. He who is proved to have sold any adulterated goods, in addition to losing the goods themselves, shall be beaten with stripes — a stripe for a drachma, according to the price of the goods; and the herald shall proclaim in the agora the offence for which he is going to be beaten. The wardens of the agora and the guardians of the law shall obtain information from experienced persons about the rogueries and adulterations of the sellers, and shall write up what the seller ought and ought not to do in each case; and let them inscribe their laws on a column in front of the court of the wardens of the agora, that they may be clear instructors of those who have business in the agora. Enough has been said in what has preceded about the wardens of the city, and if anything seems to be wanting, let them communicate with the guardians of the law, and write down the omission, and place on a column in the court of the wardens of the city the primary and secondary regulations which are laid down for them about their office.

After the practices of adulteration naturally follow the practices of retail trade. Concerning these, we will first of all give a word of counsel and reason, and the law shall come afterwards. Retail trade in a city is not by nature intended to do any harm, but quite the contrary; for is not he a benefactor who reduces the inequalities and incommensurabilities of goods to equality and common measure? And this is what the power of money accomplishes, and the merchant may be said to be appointed for this purpose. The hireling and the tavern-keeper, and many other occupations, some of them more and others less seemly — all alike have this object — they seek to satisfy our needs and equalize our possessions. Let us then endeavour to see what has brought retail trade into ill-odour, and wherein lies the

dishonour and unseemliness of it, in order that if not entirely, we may yet partially, cure the evil by legislation. To effect this is no easy matter, and requires a great deal of virtue.

CLEINIAS: What do you mean?

ATHENIAN: Dear Cleinias, the class of men is small — they must have been rarely gifted by nature, and trained by education — who, when assailed by wants and desires, are able to hold out and observe moderation, and when they might make a great deal of money are sober in their wishes, and prefer a moderate to a large gain. But the mass of mankind are the very opposite: their desires are unbounded, and when they might gain in moderation they prefer gains without limit; wherefore all that relates to retail trade, and merchandise, and the keeping of taverns, is denounced and numbered among dishonourable things. For if what I trust may never be and will not be, we were to compel, if I may venture to say a ridiculous thing, the best men everywhere to keep taverns for a time, or carry on retail trade, or do anything of that sort; or if, in consequence of some fate or necessity, the best women were compelled to follow similar callings, then we should know how agreeable and pleasant all these things are; and if all such occupations were managed on incorrupt principles, they would be honoured as we honour a mother or a nurse. But now that a man goes to desert places and builds houses which can only be reached by long journeys, for the sake of retail trade, and receives strangers who are in need at the welcome resting-place, and gives them peace and calm when they are tossed by the storm, or cool shade in the heat; and then instead of behaving to them as friends, and showing the duties of hospitality to his guests, treats them as enemies and captives who are at his mercy, and will not release them until they have paid the most unjust, abominable, and extortionate ransom — these are the sort of practises, and foul evils they are, which cast a reproach upon the succour of adversity. And the legislator ought always to be devising a remedy for evils of this nature. There is an ancient saying, which is also a true one— ‘To fight against two opponents is a difficult thing,’ as is seen in diseases and in many other cases. And in this case also the war is against two

enemies — wealth and poverty; one of whom corrupts the soul of man with luxury, while the other drives him by pain into utter shamelessness. What remedy can a city of sense find against this disease? In the first place, they must have as few retail traders as possible; and in the second place, they must assign the occupation to that class of men whose corruption will be the least injury to the state; and in the third place, they must devise some way whereby the followers of these occupations themselves will not readily fall into habits of unbridled shamelessness and meanness.

After this preface let our law run as follows, and may fortune favour us: No landowner among the Magnetes, whose city the God is restoring and resettling — no one, that is, of the 5040 families, shall become a retail trader either voluntarily or involuntarily; neither shall he be a merchant, or do any service for private persons unless they equally serve him, except for his father or his mother, and their fathers and mothers; and in general for his elders who are freemen, and whom he serves as a freeman. Now it is difficult to determine accurately the things which are worthy or unworthy of a freeman, but let those who have obtained the prize of virtue give judgment about them in accordance with their feelings of right and wrong. He who in any way shares in the illiberality of retail trades may be indicted for dishonouring his race by any one who likes, before those who have been judged to be the first in virtue; and if he appear to throw dirt upon his father's house by an unworthy occupation, let him be imprisoned for a year and abstain from that sort of thing; and if he repeat the offence, for two years; and every time that he is convicted let the length of his imprisonment be doubled. This shall be the second law: He who engages in retail trade must be either a metic or a stranger. And a third law shall be: In order that the retail trader who dwells in our city may be as good or as little bad as possible, the guardians of the law shall remember that they are not only guardians of those who may be easily watched and prevented from becoming lawless or bad, because they are well-born and bred; but still more should they have a watch over those who are of another sort, and follow pursuits which have a very strong tendency to make men bad. And, therefore, in respect of the multifarious occupations of retail

trade, that is to say, in respect of such of them as are allowed to remain, because they seem to be quite necessary in a state — about these the guardians of the law should meet and take counsel with those who have experience of the several kinds of retail trade, as we before commanded concerning adulteration (which is a matter akin to this), and when they meet they shall consider what amount of receipts, after deducting expenses, will produce a moderate gain to the retail trades, and they shall fix in writing and strictly maintain what they find to be the right percentage of profit; this shall be seen to by the wardens of the agora, and by the wardens of the city, and by the wardens of the country. And so retail trade will benefit every one, and do the least possible injury to those in the state who practise it.

When a man makes an agreement which he does not fulfil, unless the agreement be of a nature which the law or a vote of the assembly does not allow, or which he has made under the influence of some unjust compulsion, or which he is prevented from fulfilling against his will by some unexpected chance, the other party may go to law with him in the courts of the tribes, for not having completed his agreement, if the parties are not able previously to come to terms before arbiters or before their neighbours. The class of craftsmen who have furnished human life with the arts is dedicated to Hephaestus and Athene; and there is a class of craftsmen who preserve the works of all craftsmen by arts of defence, the votaries of Ares and Athene, to which divinities they too are rightly dedicated. All these continue through life serving the country and the people; some of them are leaders in battle; others make for hire implements and works, and they ought not to deceive in such matters, out of respect to the Gods who are their ancestors. If any craftsman through indolence omit to execute his work in a given time, not reverencing the God who gives him the means of life, but considering, foolish fellow, that he is his own God and will let him off easily, in the first place, he shall suffer at the hands of the God, and in the second place, the law shall follow in a similar spirit. He shall owe to him who contracted with him the price of the works which he has failed in performing, and he shall begin again and execute them gratis in the given time. When a man undertakes a work, the law gives him

the same advice which was given to the seller, that he should not attempt to raise the price, but simply ask the value; this the law enjoins also on the contractor; for the craftsman assuredly knows the value of his work. Wherefore, in free states the man of art ought not to attempt to impose upon private individuals by the help of his art, which is by nature a true thing; and he who is wronged in a matter of this sort, shall have a right of action against the party who has wronged him. And if any one lets out work to a craftsman, and does not pay him duly according to the lawful agreement, disregarding Zeus the guardian of the city and Athene, who are the partners of the state, and overthrows the foundations of society for the sake of a little gain, in his case let the law and the Gods maintain the common bonds of the state. And let him who, having already received the work in exchange, does not pay the price in the time agreed, pay double the price; and if a year has elapsed, although interest is not to be taken on loans, yet for every drachma which he owes to the contractor let him pay a monthly interest of an obol. Suits about these matters are to be decided by the courts of the tribes; and by the way, since we have mentioned craftsmen at all, we must not forget that other craft of war, in which generals and tacticians are the craftsmen, who undertake voluntarily or involuntarily the work of our safety, as other craftsmen undertake other public works — if they execute their work well the law will never tire of praising him who gives them those honours which are the just rewards of the soldier; but if any one, having already received the benefit of any noble service in war, does not make the due return of honour, the law will blame him. Let this then be the law, having an ingredient of praise, not compelling but advising the great body of the citizens to honour the brave men who are the saviours of the whole state, whether by their courage or by their military skill — they should honour them, I say, in the second place; for the first and highest tribute of respect is to be given to those who are able above other men to honour the words of good legislators.

The greater part of the dealings between man and man have been now regulated by us with the exception of those that relate to orphans and the supervision of orphans by their guardians. These follow next

in order, and must be regulated in some way. But to arrive at them we must begin with the testamentary wishes of the dying and the case of those who may have happened to die intestate. When I said, Cleinias, that we must regulate them, I had in my mind the difficulty and perplexity in which all such matters are involved. You cannot leave them unregulated, for individuals would make regulations at variance with one another, and repugnant to the laws and habits of the living and to their own previous habits, if a person were simply allowed to make any will which he pleased, and this were to take effect in whatever state he may have been at the end of his life; for most of us lose our senses in a manner, and feel crushed when we think that we are about to die.

CLEINIAS: What do you mean, Stranger?

ATHENIAN: O Cleinias, a man when he is about to die is an intractable creature, and is apt to use language which causes a great deal of anxiety and trouble to the legislator.

CLEINIAS: In what way?

ATHENIAN: He wants to have the entire control of all his property, and will use angry words.

CLEINIAS: Such as what?

ATHENIAN: O ye Gods, he will say, how monstrous that I am not allowed to give, or not to give, my own to whom I will — less to him who has been bad to me, and more to him who has been good to me, and whose badness and goodness have been tested by me in time of sickness or in old age and in every other sort of fortune!

CLEINIAS: Well, Stranger, and may he not very fairly say so?

ATHENIAN: In my opinion, Cleinias, the ancient legislators were too good-natured, and made laws without sufficient observation or consideration of human things.

CLEINIAS: What do you mean?

ATHENIAN: I mean, my friend, that they were afraid of the testator's reproaches, and so they passed a law to the effect that a man should be allowed to dispose of his property in all respects as he liked; but you and I, if I am not mistaken, will have something better to say to our departing citizens.

CLEINIAS: What?

ATHENIAN: O my friends, we will say to them, hard is it for you, who are creatures of a day, to know what is yours — hard too, as the Delphic oracle says, to know yourselves at this hour. Now I, as the legislator, regard you and your possessions, not as belonging to yourselves, but as belonging to your whole family, both past and future, and yet more do I regard both family and possessions as belonging to the state; wherefore, if some one steals upon you with flattery, when you are tossed on the sea of disease or old age, and persuades you to dispose of your property in a way that is not for the best, I will not, if I can help, allow this; but I will legislate with a view to the whole, considering what is best both for the state and for the family, esteeming as I ought the feelings of an individual at a lower rate; and I hope that you will depart in peace and kindness towards us, as you are going the way of all mankind; and we will impartially take care of all your concerns, not neglecting any of them, if we can possibly help. Let this be our prelude and consolation to the living and dying, Cleinias, and let the law be as follows: He who makes a disposition in a testament, if he be the father of a family, shall first of all inscribe as his heir any one of his sons whom he may think fit; and if he gives any of his children to be adopted by another citizen, let the adoption be inscribed. And if he has a son remaining over and above who has not been adopted upon any lot, and who may be expected to be sent out to a colony according to law, to him his father may give as much as he pleases of the rest of his property, with the exception of the paternal lot and the fixtures on the lot. And if there are other sons, let him distribute among them what there is more than the lot in such portions as he pleases. And if one of the sons has already a house of his own, he shall not give him of the money, nor shall he give money to a daughter who has been

betrothed, but if she is not betrothed he may give her money. And if any of the sons or daughters shall be found to have another lot of land in the country, which has accrued after the testament has been made, they shall leave the lot which they have inherited to the heir of the man who has made the will. If the testator has no sons, but only daughters, let him choose the husband of any one of his daughters whom he pleases, and leave and inscribe him as his son and heir. And if a man have lost his son, when he was a child, and before he could be reckoned among grown up men, whether his own or an adopted son, let the testator make mention of the circumstance and inscribe whom he will to be his second son in hope of better fortune. If the testator has no children at all, he may select and give to any one whom he pleases the tenth part of the property which he has acquired; but let him not be blamed if he gives all the rest to his adopted son, and makes a friend of him according to the law. If the sons of a man require guardians, and the father when he dies leaves a will appointing guardians, those who have been named by him, whoever they are and whatever their number be, if they are able and willing to take charge of the children, shall be recognised according to the provisions of the will. But if he dies and has made no will, or a will in which he has appointed no guardians, then the next of kin, two on the father's and two on the mother's side, and one of the friends of the deceased, shall have the authority of guardians, whom the guardians of the law shall appoint when the orphans require guardians. And the fifteen eldest guardians of the law shall have the whole care and charge of the orphans, divided into threes according to seniority — a body of three for one year, and then another body of three for the next year, until the cycle of the five periods is complete; and this, as far as possible, is to continue always. If a man dies, having made no will at all, and leaves sons who require the care of guardians, they shall share in the protection which is afforded by these laws. And if a man dying by some unexpected fate leaves daughters behind him, let him pardon the legislator if when he gives them in marriage, he have a regard only to two out of three conditions — nearness of kin and the preservation of the lot, and omits the third condition, which a father would naturally consider, for he would choose out of all the citizens a son for himself, and a

husband for his daughter, with a view to his character and disposition — the father, I say, shall forgive the legislator if he disregards this, which to him is an impossible consideration. Let the law about these matters where practicable be as follows: If a man dies without making a will, and leaves behind him daughters, let his brother, being the son of the same father or of the same mother, having no lot, marry the daughter and have the lot of the dead man. And if he have no brother, but only a brother's son, in like manner let them marry, if they be of a suitable age; and if there be not even a brother's son, but only the son of a sister, let them do likewise, and so in the fourth degree, if there be only the testator's father's brother, or in the fifth degree, his father's brother's son, or in the sixth degree, the child of his father's sister. Let kindred be always reckoned in this way: if a person leaves daughters the relationship shall proceed upwards through brothers and sisters, and brothers' and sisters' children, and first the males shall come, and after them the females in the same family. The judge shall consider and determine the suitability or unsuitability of age in marriage; he shall make an inspection of the males naked, and of the women naked down to the navel. And if there be a lack of kinsmen in a family extending to grandchildren of a brother, or to the grandchildren of a grandfather's children, the maiden may choose with the consent of her guardians any one of the citizens who is willing and whom she wills, and he shall be the heir of the dead man, and the husband of his daughter. Circumstances vary, and there may sometimes be a still greater lack of relations within the limits of the state; and if any maiden has no kindred living in the city, and there is some one who has been sent out to a colony, and she is disposed to make him the heir of her father's possessions, if he be indeed of her kindred, let him proceed to take the lot according to the regulation of the law; but if he be not of her kindred, she having no kinsmen within the city, and he be chosen by the daughter of the dead man, and empowered to marry by the guardians, let him return home and take the lot of him who died intestate. And if a man has no children, either male or female, and dies without making a will, let the previous law in general hold; and let a man and a woman go forth from the family and share the deserted house, and let the lot belong absolutely to them; and let the heiress in the first

degree be a sister, and in a second degree a daughter of a brother, and in the third, a daughter of a sister, in the fourth degree the sister of a father, and in the fifth degree the daughter of a father's brother, and in a sixth degree of a father's sister; and these shall dwell with their male kinsmen, according to the degree of relationship and right, as we enacted before. Now we must not conceal from ourselves that such laws are apt to be oppressive and that there may sometimes be a hardship in the lawgiver commanding the kinsman of the dead man to marry his relation; he may be thought not to have considered the innumerable hindrances which may arise among men in the execution of such ordinances; for there may be cases in which the parties refuse to obey, and are ready to do anything rather than marry, when there is some bodily or mental malady or defect among those who are bidden to marry or be married. Persons may fancy that the legislator never thought of this, but they are mistaken; wherefore let us make a common prelude on behalf of the lawgiver and of his subjects, the law begging the latter to forgive the legislator, in that he, having to take care of the common weal, cannot order at the same time the various circumstances of individuals, and begging him to pardon them if naturally they are sometimes unable to fulfil the act which he in his ignorance imposes upon them.

CLEINIAS: And how, Stranger, can we act most fairly under the circumstances?

ATHENIAN: There must be arbiters chosen to deal with such laws and the subjects of them.

CLEINIAS: What do you mean?

ATHENIAN: I mean to say, that a case may occur in which the nephew, having a rich father, will be unwilling to marry the daughter of his uncle; he will have a feeling of pride, and he will wish to look higher. And there are cases in which the legislator will be imposing upon him the greatest calamity, and he will be compelled to disobey the law, if he is required, for example, to take a wife who is mad, or has some other terrible malady of soul or body, such as makes life intolerable to the sufferer. Then let what we are saying concerning

these cases be embodied in a law: If any one finds fault with the established laws respecting testaments, both as to other matters and especially in what relates to marriage, and asserts that the legislator, if he were alive and present, would not compel him to obey — that is to say, would not compel those who are by our law required to marry or be given in marriage, to do either — and some kinsman or guardian dispute this, the reply is that the legislator left fifteen of the guardians of the law to be arbiters and fathers of orphans, male or female, and to them let the disputants have recourse, and by their aid determine any matters of the kind, admitting their decision to be final. But if any one thinks that too great power is thus given to the guardians of the law, let him bring his adversaries into the court of the select judges, and there have the points in dispute determined. And he who loses the cause shall have censure and blame from the legislator, which, by a man of sense, is felt to be a penalty far heavier than a great loss of money.

Thus will orphan children have a second birth. After their first birth we spoke of their nurture and education, and after their second birth, when they have lost their parents, we ought to take measures that the misfortune of orphanhood may be as little sad to them as possible. In the first place, we say that the guardians of the law are lawgivers and fathers to them, not inferior to their natural fathers. Moreover, they shall take charge of them year by year as of their own kindred; and we have given both to them and to the children's own guardians as suitable admonition concerning the nurture of orphans. And we seem to have spoken opportunely in our former discourse, when we said that the souls of the dead have the power after death of taking an interest in human affairs, about which there are many tales and traditions, long indeed, but true; and seeing that they are so many and so ancient, we must believe them, and we must also believe the lawgivers, who tell us that these things are true, if they are not to be regarded as utter fools. But if these things are really so, in the first place men should have a fear of the Gods above, who regard the loneliness of the orphans; and in the second place of the souls of the departed, who by nature incline to take an especial care of their own children, and are friendly to those who honour, and unfriendly to

those who dishonour them. Men should also fear the souls of the living who are aged and high in honour; wherever a city is well ordered and prosperous, their descendants cherish them, and so live happily; old persons are quick to see and hear all that relates to them, and are propitious to those who are just in the fulfilment of such duties, and they punish those who wrong the orphan and the desolate, considering that they are the greatest and most sacred of trusts. To all which matters the guardian and magistrate ought to apply his mind, if he has any, and take heed of the nurture and education of the orphans, seeking in every possible way to do them good, for he is making a contribution to his own good and that of his children. He who obeys the tale which precedes the law, and does no wrong to an orphan, will never experience the wrath of the legislator. But he who is disobedient, and wrongs any one who is bereft of father or mother, shall pay twice the penalty which he would have paid if he had wronged one whose parents had been alive. As touching other legislation concerning guardians in their relation to orphans, or concerning magistrates and their superintendence of the guardians, if they did not possess examples of the manner in which children of freemen would be brought up in the bringing up of their own children, and of the care of their property in the care of their own, or if they had not just laws fairly stated about these very things — there would have been reason in making laws for them, under the idea that they were a peculiar class, and we might distinguish and make separate rules for the life of those who are orphans and of those who are not orphans. But as the case stands, the condition of orphans with us is not different from the case of those who have a father, though in regard to honour and dishonour, and the attention given to them, the two are not usually placed upon a level. Wherefore, touching the legislation about orphans, the law speaks in serious accents, both of persuasion and threatening, and such a threat as the following will be by no means out of place: He who is the guardian of an orphan of either sex, and he among the guardians of the law to whom the superintendence of this guardian has been assigned, shall love the unfortunate orphan as though he were his own child, and he shall be as careful and diligent in the management of his possessions as he would be if they were his own, or even more careful and diligent. Let

every one who has the care of an orphan observe this law. But any one who acts contrary to the law on these matters, if he be a guardian of the child, may be fined by a magistrate, or, if he be himself a magistrate, the guardian may bring him before the court of select judges, and punish him, if convicted, by exacting a fine of double the amount of that inflicted by the court. And if a guardian appears to the relations of the orphan, or to any other citizen, to act negligently or dishonestly, let them bring him before the same court, and whatever damages are given against him, let him pay fourfold, and let half belong to the orphan and half to him who procured the conviction. If any orphan arrives at years of discretion, and thinks that he has been ill-used by his guardians, let him within five years of the expiration of the guardianship be allowed to bring them to trial; and if any of them be convicted, the court shall determine what he shall pay or suffer. And if a magistrate shall appear to have wronged the orphan by neglect, and he be convicted, let the court determine what he shall suffer or pay to the orphan, and if there be dishonesty in addition to neglect, besides paying the fine, let him be deposed from his office of guardian of the law, and let the state appoint another guardian of the law for the city and for the country in his room.

Greater differences than there ought to be sometimes arise between fathers and sons, on the part either of fathers who will be of opinion that the legislator should enact that they may, if they wish, lawfully renounce their son by the proclamation of a herald in the face of the world, or of sons who think that they should be allowed to indict their fathers on the charge of imbecility when they are disabled by disease or old age. These things only happen, as a matter of fact, where the natures of men are utterly bad; for where only half is bad, as, for example, if the father be not bad, but the son be bad, or conversely, no great calamity is the result of such an amount of hatred as this. In another state, a son disowned by his father would not of necessity cease to be a citizen, but in our state, of which these are to be the laws, the disinherited must necessarily emigrate into another country, for no addition can be made even of a single family to the 5040 households; and, therefore, he who deserves to suffer these things must be renounced not only by his father, who is a single

person, but by the whole family, and what is done in these cases must be regulated by some such law as the following: He who in the sad disorder of his soul has a mind, justly or unjustly, to expel from his family a son whom he has begotten and brought up, shall not lightly or at once execute his purpose; but first of all he shall collect together his own kinsmen, extending to cousins, and in like manner his son's kinsmen by the mother's side, and in their presence he shall accuse his son, setting forth that he deserves at the hands of them all to be dismissed from the family; and the son shall be allowed to address them in a similar manner, and show that he does not deserve to suffer any of these things. And if the father persuades them, and obtains the suffrages of more than half of his kindred, exclusive of the father and mother and the offender himself — I say, if he obtains more than half the suffrages of all the other grown-up members of the family, of both sexes, the father shall be permitted to put away his son, but not otherwise. And if any other citizen is willing to adopt the son who is put away, no law shall hinder him; for the characters of young men are subject to many changes in the course of their lives. And if he has been put away, and in a period of ten years no one is willing to adopt him, let those who have the care of the superabundant population which is sent out into colonies, see to him, in order that he may be suitably provided for in the colony. And if disease or age or harshness of temper, or all these together, makes a man to be more out of his mind than the rest of the world are — but this is not observable, except to those who live with him — and he, being master of his property, is the ruin of the house, and his son doubts and hesitates about indicting his father for insanity, let the law in that case ordain that he shall first of all go to the eldest guardians of the law and tell them of his father's misfortune, and they shall duly look into the matter, and take counsel as to whether he shall indict him or not. And if they advise him to proceed, they shall be both his witnesses and his advocates; and if the father is cast, he shall henceforth be incapable of ordering the least particular of his life; let him be as a child dwelling in the house for the remainder of his days. And if a man and his wife have an unfortunate incompatibility of temper, ten of the guardians of the law, who are impartial, and ten of the women who regulate marriages, shall look to the matter, and if

they are able to reconcile them they shall be formally reconciled; but if their souls are too much tossed with passion, they shall endeavour to find other partners. Now they are not likely to have very gentle tempers; and, therefore, we must endeavour to associate with them deeper and softer natures. Those who have no children, or only a few, at the time of their separation, should choose their new partners with a view to the procreation of children; but those who have a sufficient number of children should separate and marry again in order that they may have some one to grow old with and that the pair may take care of one another in age. If a woman dies, leaving children, male or female, the law will advise rather than compel the husband to bring up the children without introducing into the house a stepmother. But if he have no children, then he shall be compelled to marry until he has begotten a sufficient number of sons to his family and to the state. And if a man dies leaving a sufficient number of children, the mother of his children shall remain with them and bring them up. But if she appears to be too young to live virtuously without a husband, let her relations communicate with the women who superintend marriage, and let both together do what they think best in these matters; if there is a lack of children, let the choice be made with a view to having them; two children, one of either sex, shall be deemed sufficient in the eye of the law. When a child is admitted to be the offspring of certain parents and is acknowledged by them, but there is need of a decision as to which parent the child is to follow — in case a female slave have intercourse with a male slave, or with a freeman or freedman, the offspring shall always belong to the master of the female slave. Again, if a free woman have intercourse with a male slave, the offspring shall belong to the master of the slave; but if a child be born either of a slave by her master, or of his mistress by a slave — and this be proven — the offspring of the woman and its father shall be sent away by the women who superintend marriage into another country, and the guardians of the law shall send away the offspring of the man and its mother.

Neither God, nor a man who has understanding, will ever advise any one to neglect his parents. To a discourse concerning the honour and dishonour of parents, a prelude such as the following, about the

service of the Gods, will be a suitable introduction: There are ancient customs about the Gods which are universal, and they are of two kinds: some of the Gods we see with our eyes and we honour them, of others we honour the images, raising statues of them which we adore; and though they are lifeless, yet we imagine that the living Gods have a good will and gratitude to us on this account. Now, if a man has a father or mother, or their fathers or mothers treasured up in his house stricken in years, let him consider that no statue can be more potent to grant his requests than they are, who are sitting at his hearth, if only he knows how to show true service to them.

CLEINIAS: And what do you call the true mode of service?

ATHENIAN: I will tell you, O my friend, for such things are worth listening to.

CLEINIAS: Proceed.

ATHENIAN: Oedipus, as tradition says, when dishonoured by his sons, invoked on them curses which every one declares to have been heard and ratified by the Gods, and Amyntor in his wrath invoked curses on his son Phoenix, and Theseus upon Hippolytus, and innumerable others have also called down wrath upon their children, whence it is clear that the Gods listen to the imprecations of parents; for the curses of parents are, as they ought to be, mighty against their children as no others are. And shall we suppose that the prayers of a father or mother who is specially dishonoured by his or her children, are heard by the Gods in accordance with nature; and that if a parent is honoured by them, and in the gladness of his heart earnestly entreats the Gods in his prayers to do them good, he is not equally heard, and that they do not minister to his request? If not, they would be very unjust ministers of good, and that we affirm to be contrary to their nature.

CLEINIAS: Certainly.

ATHENIAN: May we not think, as I was saying just now, that we can possess no image which is more honoured by the Gods, than that of a father or grandfather, or of a mother stricken in years? whom

when a man honours, the heart of the God rejoices, and he is ready to answer their prayers. And, truly, the figure of an ancestor is a wonderful thing, far higher than that of a lifeless image. For the living, when they are honoured by us, join in our prayers, and when they are dishonoured, they utter imprecations against us; but lifeless objects do neither. And therefore, if a man makes a right use of his father and grandfather and other aged relations, he will have images which above all others will win him the favour of the Gods.

CLEINIAS: Excellent.

ATHENIAN: Every man of any understanding fears and respects the prayers of parents, knowing well that many times and to many persons they have been accomplished. Now these things being thus ordered by nature, good men think it a blessing from heaven if their parents live to old age and reach the utmost limit of human life, or if taken away before their time they are deeply regretted by them; but to bad men parents are always a cause of terror. Wherefore let every man honour with every sort of lawful honour his own parents, agreeably to what has now been said. But if this prelude be an unmeaning sound in the ears of any one, let the law follow, which may be rightly imposed in these terms: If any one in this city be not sufficiently careful of his parents, and do not regard and gratify in every respect their wishes more than those of his sons and of his other offspring or of himself — let him who experiences this sort of treatment either come himself, or send some one to inform the three eldest guardians of the law, and three of the women who have the care of marriages; and let them look to the matter and punish youthful evil-doers with stripes and bonds if they are under thirty years of age, that is to say, if they be men, or if they be women, let them undergo the same punishment up to forty years of age. But if, when they are still more advanced in years, they continue the same neglect of their parents, and do any hurt to any of them, let them be brought before a court in which every single one of the eldest citizens shall be the judges, and if the offender be convicted, let the court determine what he ought to pay or suffer, and any penalty may be imposed on him which a man can pay or suffer. If the person who

has been wronged be unable to inform the magistrates, let any freeman who hears of his case inform, and if he do not, he shall be deemed base, and shall be liable to have a suit for damage brought against him by any one who likes. And if a slave inform, he shall receive freedom; and if he be the slave of the injurer or injured party, he shall be set free by the magistrates, or if he belong to any other citizen, the public shall pay a price on his behalf to the owner; and let the magistrates take heed that no one wrongs him out of revenge, because he has given information.

Cases in which one man injures another by poisons, and which prove fatal, have been already discussed; but about other cases in which a person intentionally and of malice harms another with meats, or drinks, or ointments, nothing has as yet been determined. For there are two kinds of poisons used among men, which cannot clearly be distinguished. There is the kind just now explicitly mentioned, which injures bodies by the use of other bodies according to a natural law; there is also another kind which persuades the more daring class that they can do injury by sorceries, and incantations, and magic knots, as they are termed, and makes others believe that they above all persons are injured by the powers of the magician. Now it is not easy to know the nature of all these things; nor if a man do know can he readily persuade others to believe him. And when men are disturbed in their minds at the sight of waxen images fixed either at their doors, or in a place where three ways meet, or on the sepulchres of parents, there is no use in trying to persuade them that they should despise all such things because they have no certain knowledge about them. But we must have a law in two parts, concerning poisoning, in whichever of the two ways the attempt is made, and we must entreat, and exhort, and advise men not to have recourse to such practises, by which they scare the multitude out of their wits, as if they were children, compelling the legislator and the judge to heal the fears which the sorcerer arouses, and to tell them in the first place, that he who attempts to poison or enchant others knows not what he is doing, either as regards the body (unless he has a knowledge of medicine), or as regards his enchantments (unless he happens to be a prophet or diviner). Let the law, then, run as follows about poisoning or

witchcraft: He who employs poison to do any injury, not fatal, to a man himself, or to his servants, or any injury, whether fatal or not, to his cattle or his bees, if he be a physician, and be convicted of poisoning, shall be punished with death; or if he be a private person, the court shall determine what he is to pay or suffer. But he who seems to be the sort of man who injures others by magic knots, or enchantments, or incantations, or any of the like practices, if he be a prophet or diviner, let him die; and if, not being a prophet, he be convicted of witchcraft, as in the previous case, let the court fix what he ought to pay or suffer.

When a man does another any injury by theft or violence, for the greater injury let him pay greater damages to the injured man, and less for the smaller injury; but in all cases, whatever the injury may have been, as much as will compensate the loss. And besides the compensation of the wrong, let a man pay a further penalty for the chastisement of his offence: he who has done the wrong instigated by the folly of another, through the lightheartedness of youth or the like, shall pay a lighter penalty; but he who has injured another through his own folly, when overcome by pleasure or pain, in cowardly fear, or lust, or envy, or implacable anger, shall endure a heavier punishment. Not that he is punished because he did wrong, for that which is done can never be undone, but in order that in future times, he, and those who see him corrected, may utterly hate injustice, or at any rate abate much of their evil-doing. Having an eye to all these things, the law, like a good archer, should aim at the right measure of punishment, and in all cases at the deserved punishment. In the attainment of this the judge shall be a fellow-worker with the legislator, whenever the law leaves to him to determine what the offender shall suffer or pay; and the legislator, like a painter, shall give a rough sketch of the cases in which the law is to be applied. This is what we must do, Megillus and Cleinias, in the best and fairest manner that we can, saying what the punishments are to be of all actions of theft and violence, and giving laws of such a kind as the Gods and sons of Gods would have us give.

If a man is mad he shall not be at large in the city, but his relations

shall keep him at home in any way which they can; or if not, let them pay a penalty — he who is of the highest class shall pay a penalty of one hundred drachmas, whether he be a slave or a freeman whom he neglects; and he of the second class shall pay four-fifths of a mina; and he of the third class three-fifths; and he of the fourth class two-fifths. Now there are many sorts of madness, some arising out of disease, which we have already mentioned; and there are other kinds, which originate in an evil and passionate temperament, and are increased by bad education; out of a slight quarrel this class of madmen will often raise a storm of abuse against one another, and nothing of that sort ought to be allowed to occur in a well-ordered state. Let this, then, be the law about abuse, which shall relate to all cases: No one shall speak evil of another; and when a man disputes with another he shall teach and learn of the disputant and the company, but he shall abstain from evil-speaking; for out of the imprecations which men utter against one another, and the feminine habit of casting aspersions on one another, and using foul names, out of words light as air, in very deed the greatest enmities and hatreds spring up. For the speaker gratifies his anger, which is an ungracious element of his nature; and nursing up his wrath by the entertainment of evil thoughts, and exacerbating that part of his soul which was formerly civilised by education, he lives in a state of savageness and moroseness, and pays a bitter penalty for his anger. And in such cases almost all men take to saying something ridiculous about their opponent, and there is no man who is in the habit of laughing at another who does not miss virtue and earnestness altogether, or lose the better half of greatness. Wherefore let no one utter any taunting word at a temple, or at the public sacrifices, or at the games, or in the agora, or in a court of justice, or in any public assembly. And let the magistrate who presides on these occasions chastise an offender, and he shall be blameless; but if he fails in doing so, he shall not claim the prize of virtue; for he is one who heeds not the laws, and does not do what the legislator commands. And if in any other place any one indulges in these sort of revilings, whether he has begun the quarrel or is only retaliating, let any elder who is present support the law, and control with blows those who indulge in passion, which is another great evil; and if he do not, let him be liable to pay the appointed

penalty. And we say now, that he who deals in reproaches against others cannot reproach them without attempting to ridicule them; and this, when done in a moment of anger, is what we make matter of reproach against him. But then, do we admit into our state the comic writers who are so fond of making mankind ridiculous, if they attempt in a good-natured manner to turn the laugh against our citizens? or do we draw the distinction of jest and earnest, and allow a man to make use of ridicule in jest and without anger about any thing or person; though as we were saying, not if he be angry and have a set purpose? We forbid earnest — that is unalterably fixed; but we have still to say who are to be sanctioned or not to be sanctioned by the law in the employment of innocent humour. A comic poet, or maker of iambic or satirical lyric verse, shall not be permitted to ridicule any of the citizens, either by word or likeness, either in anger or without anger. And if any one is disobedient, the judges shall either at once expel him from the country, or he shall pay a fine of three minae, which shall be dedicated to the God who presides over the contests. Those only who have received permission shall be allowed to write verses at one another, but they shall be without anger and in jest; in anger and in serious earnest they shall not be allowed. The decision of this matter shall be left to the superintendent of the general education of the young, and whatever he may license, the writer shall be allowed to produce, and whatever he rejects let not the poet himself exhibit, or ever teach anybody else, slave or freeman, under the penalty of being dishonoured, and held disobedient to the laws.

Now he is not to be pitied who is hungry, or who suffers any bodily pain, but he who is temperate, or has some other virtue, or part of a virtue, and at the same time suffers from misfortune; it would be an extraordinary thing if such an one, whether slave or freeman, were utterly forsaken and fell into the extremes of poverty in any tolerably well-ordered city or government. Wherefore the legislator may safely make a law applicable to such cases in the following terms: Let there be no beggars in our state; and if anybody begs, seeking to pick up a livelihood by unavailing prayers, let the wardens of the agora turn him out of the agora, and the wardens of the city out of the city, and

the wardens of the country send him out of any other parts of the land across the border, in order that the land may be cleared of this sort of animal.

If a slave of either sex injure anything, which is not his or her own, through inexperience, or some improper practice, and the person who suffers damage be not himself in part to blame, the master of the slave who has done the harm shall either make full satisfaction, or give up the slave who has done the injury. But if the master argue that the charge has arisen by collusion between the injured party and the injurer, with the view of obtaining the slave, let him sue the person, who says that he has been injured, for malpractices. And if he gain a conviction, let him receive double the value which the court fixes as the price of the slave; and if he lose his suit, let him make amends for the injury, and give up the slave. And if a beast of burden, or horse, or dog, or any other animal, injure the property of a neighbour, the owner shall in like manner pay for the injury.

If any man refuses to be a witness, he who wants him shall summon him, and he who is summoned shall come to the trial; and if he knows and is willing to bear witness, let him bear witness, but if he says he does not know let him swear by the three divinities Zeus, and Apollo, and Themis, that he does not, and have no more to do with the cause. And he who is summoned to give witness and does not answer to his summoner, shall be liable for the harm which ensues according to law. And if a person calls up as a witness any one who is acting as a judge, let him give his witness, but he shall not afterwards vote in the cause. A free woman may give her witness and plead, if she be more than forty years of age, and may bring an action if she have no husband; but if her husband be alive she shall only be allowed to bear witness. A slave of either sex and a child shall be allowed to give evidence and to plead, but only in cases of murder; and they must produce sufficient sureties that they will certainly remain until the trial, in case they should be charged with false witness. And either of the parties in a cause may bring an accusation of perjury against witnesses, touching their evidence in whole or in part, if he asserts that such evidence has been given; but the

accusation must be brought previous to the final decision of the cause. The magistrates shall preserve the accusations of false witness, and have them kept under the seal of both parties, and produce them on the day when the trial for false witness takes place. If a man be twice convicted of false witness, he shall not be required, and if thrice, he shall not be allowed to bear witness; and if he dare to witness after he has been convicted three times, let any one who pleases inform against him to the magistrates, and let the magistrates hand him over to the court, and if he be convicted he shall be punished with death. And in any case in which the evidence is rightly found to be false, and yet to have given the victory to him who wins the suit, and more than half the witnesses are condemned, the decision which was gained by these means shall be rescinded, and there shall be a discussion and a decision as to whether the suit was determined by that false evidence or not; and in whichever way the decision may be given, the previous suit shall be determined accordingly.

There are many noble things in human life, but to most of them attach evils which are fated to corrupt and spoil them. Is not justice noble, which has been the civiliser of humanity? How then can the advocate of justice be other than noble? And yet upon this profession which is presented to us under the fair name of art has come an evil reputation. In the first place, we are told that by ingenious pleas and the help of an advocate the law enables a man to win a particular cause, whether just or unjust; and that both the art, and the power of speech which is thereby imparted, are at the service of him who is willing to pay for them. Now in our state this so-called art, whether really an art or only an experience and practice destitute of any art, ought if possible never to come into existence, or if existing among us should listen to the request of the legislator and go away into another land, and not speak contrary to justice. If the offenders obey we say no more; but for those who disobey, the voice of the law is as follows: If any one thinks that he will pervert the power of justice in the minds of the judges, and unseasonably litigate or advocate, let any one who likes indict him for malpractices of law and dishonest advocacy, and let him be judged in the court of select judges; and if

he be convicted, let the court determine whether he may be supposed to act from a love of money or from contentiousness. And if he is supposed to act from contentiousness, the court shall fix a time during which he shall not be allowed to institute or plead a cause; and if he is supposed to act as he does from love of money, in case he be a stranger, he shall leave the country, and never return under penalty of death; but if he be a citizen, he shall die, because he is a lover of money, in whatever manner gained; and equally, if he be judged to have acted more than once from contentiousness, he shall die.

BOOK XII.

If a herald or an ambassador carry a false message from our city to any other, or bring back a false message from the city to which he is sent, or be proved to have brought back, whether from friends or enemies, in his capacity of herald or ambassador, what they have never said, let him be indicted for having violated, contrary to the law, the commands and duties imposed upon him by Hermes and Zeus, and let there be a penalty fixed, which he shall suffer or pay if he be convicted.

Theft is a mean, and robbery a shameless thing; and none of the sons of Zeus delight in fraud and violence, or ever practised either. Wherefore let no one be deluded by poets or mythologers into a mistaken belief of such things, nor let him suppose, when he thieves or is guilty of violence, that he is doing nothing base, but only what the Gods themselves do. For such tales are untrue and improbable; and he who steals or robs contrary to the law, is never either a God or the son of a God; of this the legislator ought to be better informed than all the poets put together. Happy is he and may he be for ever happy, who is persuaded and listens to our words; but he who disobeys shall have to contend against the following law: If a man steal anything belonging to the public, whether that which he steals be much or little, he shall have the same punishment. For he who steals a little steals with the same wish as he who steals much, but with less power, and he who takes up a greater amount, not having deposited it, is wholly unjust. Wherefore the law is not disposed to inflict a less penalty on the one than on the other because his theft is less, but on the ground that the thief may possibly be in one case still curable, and may in another case be incurable. If any one convict in a court of law a stranger or a slave of a theft of public property, let the court determine what punishment he shall suffer, or what penalty he shall pay, bearing in mind that he is probably not incurable. But the citizen who has been brought up as our citizens will have been, if he be found guilty of robbing his country by fraud or violence, whether he be caught in the act or not, shall be punished with death; for he is

incurable.

Now for expeditions of war much consideration and many laws are required; the great principle of all is that no one of either sex should be without a commander; nor should the mind of any one be accustomed to do anything, either in jest or earnest, of his own motion, but in war and in peace he should look to and follow his leader, even in the least things being under his guidance; for example, he should stand or move, or exercise, or wash, or take his meals, or get up in the night to keep guard and deliver messages when he is bidden; and in the hour of danger he should not pursue and not retreat except by order of his superior; and in a word, not teach the soul or accustom her to know or understand how to do anything apart from others. Of all soldiers the life should be always and in all things as far as possible in common and together; there neither is nor ever will be a higher, or better, or more scientific principle than this for the attainment of salvation and victory in war. And we ought in time of peace from youth upwards to practise this habit of commanding others, and of being commanded by others; anarchy should have no place in the life of man or of the beasts who are subject to man. I may add that all dances ought to be performed with a view to military excellence; and agility and ease should be cultivated for the same object, and also endurance of the want of meats and drinks, and of winter cold and summer heat, and of hard couches; and, above all, care should be taken not to destroy the peculiar qualities of the head and the feet by surrounding them with extraneous coverings, and so hindering their natural growth of hair and soles. For these are the extremities, and of all the parts of the body, whether they are preserved or not is of the greatest consequence; the one is the servant of the whole body, and the other the master, in whom all the ruling senses are by nature set. Let the young men imagine that he hears in what has preceded the praises of the military life; the law shall be as follows: He shall serve in war who is on the roll or appointed to some special service, and if any one is absent from cowardice, and without the leave of the generals, he shall be indicted before the military commanders for failure of service when the army comes home; and the soldiers shall be his

judges; the heavy-armed, and the cavalry, and the other arms of the service shall form separate courts; and they shall bring the heavy-armed before the heavy-armed, and the horsemen before the horsemen, and the others in like manner before their peers; and he who is found guilty shall never be allowed to compete for any prize of valour, or indict another for not serving on an expedition, or be an accuser at all in any military matters. Moreover, the court shall further determine what punishment he shall suffer, or what penalty he shall pay. When the suits for failure of service are completed, the leaders of the several kinds of troops shall again hold an assembly, and they shall adjudge the prizes of valour; and he who likes searching for judgment in his own branch of the service, saying nothing about any former expedition, nor producing any proof or witnesses to confirm his statement, but speaking only of the present occasion. The crown of victory shall be an olive wreath which the victor shall offer up at the temple of any war-god whom he likes, adding an inscription for a testimony to last during life, that such an one has received the first, the second, or the third prize. If any one goes on an expedition, and returns home before the appointed time, when the generals have not withdrawn the army, he shall be indicted for desertion before the same persons who took cognizance of failure of service, and if he be found guilty, the same punishment shall be inflicted on him. Now every man who is engaged in any suit ought to be very careful of bringing false witness against any one, either intentionally or unintentionally, if he can help; for justice is truly said to be an honourable maiden, and falsehood is naturally repugnant to honour and justice. A witness ought to be very careful not to sin against justice, as for example in what relates to the throwing away of arms — he must distinguish the throwing them away when necessary, and not make that a reproach, or bring an action against some innocent person on that account. To make the distinction may be difficult; but still the law must attempt to define the different kinds in some way. Let me endeavour to explain my meaning by an ancient tale: If Patroclus had been brought to the tent still alive but without his arms (and this has happened to innumerable persons), the original arms, which the poet says were presented to Peleus by the Gods as a nuptial gift when he married Thetis, remaining in the

hands of Hector, then the base spirits of that day might have reproached the son of Menoetius with having cast away his arms. Again, there is the case of those who have been thrown down precipices and lost their arms; and of those who at sea, and in stormy places, have been suddenly overwhelmed by floods of water; and there are numberless things of this kind which one might adduce by way of extenuation, and with the view of justifying a misfortune which is easily misrepresented. We must, therefore, endeavour to divide to the best of our power the greater and more serious evil from the lesser. And a distinction may be drawn in the use of terms of reproach. A man does not always deserve to be called the thrower away of his shield; he may be only the loser of his arms. For there is a great or rather absolute difference between him who is deprived of his arms by a sufficient force, and him who voluntarily lets his shield go. Let the law then be as follows: If a person having arms is overtaken by the enemy and does not turn round and defend himself, but lets them go voluntarily or throws them away, choosing a base life and a swift escape rather than a courageous and noble and blessed death — in such a case of the throwing away of arms let justice be done, but the judge need take no note of the case just now mentioned; for the bad men ought always to be punished, in the hope that he may be improved, but not the unfortunate, for there is no advantage in that. And what shall be the punishment suited to him who has thrown away his weapons of defence? Tradition says that Caeneus, the Thessalian, was changed by a God from a woman into a man; but the converse miracle cannot now be wrought, or no punishment would be more proper than that the man who throws away his shield should be changed into a woman. This however is impossible, and therefore let us make a law as nearly like this as we can — that he who loves his life too well shall be in no danger for the remainder of his days, but shall live for ever under the stigma of cowardice. And let the law be in the following terms: When a man is found guilty of disgracefully throwing away his arms in war, no general or military officer shall allow him to serve as a soldier, or give him any place at all in the ranks of soldiers; and the officer who gives the coward any place, shall suffer a penalty which the public examiner shall exact of him; and if he be of the highest class, he shall

pay a thousand drachmae; or if he be of the second class, five minae; or if he be of the third, three minae; or if he be of the fourth class, one mina. And he who is found guilty of cowardice, shall not only be dismissed from manly dangers, which is a disgrace appropriate to his nature, but he shall pay a thousand drachmae, if he be of the highest class, and five minae if he be of the second class, and three if he be of the third class, and a mina, like the preceding, if he be of the fourth class.

What regulations will be proper about examiners, seeing that some of our magistrates are elected by lot, and for a year, and some for a longer time and from selected persons? Of such magistrates, who will be a sufficient censor or examiner, if any of them, weighed down by the pressure of office or his own inability to support the dignity of his office, be guilty of any crooked practice? It is by no means easy to find a magistrate who excels other magistrates in virtue, but still we must endeavour to discover some censor or examiner who is more than man. For the truth is, that there are many elements of dissolution in a state, as there are also in a ship, or in an animal; they all have their cords, and girders, and sinews — one nature diffused in many places, and called by many names; and the office of examiner is a most important element in the preservation and dissolution of states. For if the examiners are better than the magistrates, and their duty is fulfilled justly and without blame, then the whole state and country flourishes and is happy; but if the examination of the magistrates is carried on in a wrong way, then, by the relaxation of that justice which is the uniting principle of all constitutions, every power in the state is rent asunder from every other; they no longer incline in the same direction, but fill the city with faction, and make many cities out of one, and soon bring all to destruction. Wherefore the examiners ought to be admirable in every sort of virtue. Let us invent a mode of creating them, which shall be as follows: Every year, after the summer solstice, the whole city shall meet in the common precincts of Helios and Apollo, and shall present to the God three men out of their own number in the manner following: Each citizen shall select, not himself, but some other citizen whom he deems in every way the best, and who is not less than fifty years of

age. And out of the selected persons who have the greatest number of votes, they shall make a further selection until they reduce them to one-half, if they are an even number; but if they are not an even number, they shall subtract the one who has the smallest number of votes, and make them an even number, and then leave the half which have the greater number of votes. And if two persons have an equal number of votes, and thus increase the number beyond one-half, they shall withdraw the younger of the two and do away the excess; and then including all the rest they shall again vote, until there are left three having an unequal number of votes. But if all the three, or two out of the three, have equal votes, let them commit the election to good fate and fortune, and separate off by lot the first, and the second, and the third; these they shall crown with an olive wreath and give them the prize of excellence, at the same time proclaiming to all the world that the city of the Magnetes, by the providence of the Gods, is again preserved, and presents to the Sun and to Apollo her three best men as first-fruits, to be a common offering to them, according to the ancient law, as long as their lives answer to the judgment formed of them. And these shall appoint in their first year twelve examiners, to continue until each has completed seventy-five years, to whom three shall afterwards be added yearly; and let these divide all the magistracies into twelve parts, and prove the holders of them by every sort of test to which a freeman may be subjected; and let them live while they hold office in the precinct of Helios and Apollo, in which they were chosen, and let each one form a judgment of some things individually, and of others in company with his colleagues; and let him place a writing in the agora about each magistracy, and what the magistrate ought to suffer or pay, according to the decision of the examiners. And if a magistrate does not admit that he has been justly judged, let him bring the examiners before the select judges, and if he be acquitted by their decision, let him, if he will, accuse the examiners themselves; if, however, he be convicted, and have been condemned to death by the examiners, let him die (and of course he can only die once): but any other penalties which admit of being doubled let him suffer twice over.

And now let us pass under review the examiners themselves; what

will their examination be, and how conducted? During the life of these men, whom the whole state counts worthy of the rewards of virtue, they shall have the first seat at all public assemblies, and at all Hellenic sacrifices and sacred missions, and other public and holy ceremonies in which they share. The chiefs of each sacred mission shall be selected from them, and they only of all the citizens shall be adorned with a crown of laurel; they shall all be priests of Apollo and Helios; and one of them, who is judged first of the priests created in that year, shall be high priest; and they shall write up his name in each year to be a measure of time as long as the city lasts; and after their death they shall be laid out and carried to the grave and entombed in a manner different from the other citizens. They shall be decked in a robe all of white, and there shall be no crying or lamentation over them; but a chorus of fifteen maidens, and another of boys, shall stand around the bier on either side, hymning the praises of the departed priests in alternate responses, declaring their blessedness in song all day long; and at dawn a hundred of the youths who practise gymnastic exercises, and whom the relations of the departed shall choose, shall carry the bier to the sepulchre, the young men marching first, dressed in the garb of warriors — the cavalry with their horses, the heavy-armed with their arms, and the others in like manner. And boys near the bier and in front of it shall sing their national hymn, and maidens shall follow behind, and with them the women who have passed the age of child-bearing; next, although they are interdicted from other burials, let priests and priestesses follow, unless the Pythian oracle forbid them; for this burial is free from pollution. The place of burial shall be an oblong vaulted chamber underground, constructed of tufa, which will last for ever, having stone couches placed side by side. And here they will lay the blessed person, and cover the sepulchre with a circular mound of earth and plant a grove of trees around on every side but one; and on that side the sepulchre shall be allowed to extend for ever, and a new mound will not be required. Every year they shall have contests in music and gymnastics, and in horsemanship, in honour of the dead. These are the honours which shall be given to those who at the examination are found blameless; but if any of them, trusting to the scrutiny being over, should, after the judgment has been given,

manifest the wickedness of human nature, let the law ordain that he who pleases shall indict him, and let the cause be tried in the following manner. In the first place, the court shall be composed of the guardians of the law, and to them the surviving examiners shall be added, as well as the court of select judges; and let the pursuer lay his indictment in this form — he shall say that so-and-so is unworthy of the prize of virtue and of his office; and if the defendant be convicted let him be deprived of his office, and of the burial, and of the other honours given him. But if the prosecutor do not obtain the fifth part of the votes, let him, if he be of the first-class, pay twelve minae, and eight if he be of the second class, and six if he be of the third class, and two minae if he be of the fourth class.

The so-called decision of Rhadamanthus is worthy of all admiration. He knew that the men of his own time believed and had no doubt that there were Gods, which was a reasonable belief in those days, because most men were the sons of Gods, and according to tradition he was one himself. He appears to have thought that he ought to commit judgment to no man, but to the Gods only, and in this way suits were simply and speedily decided by him. For he made the two parties take an oath respecting the points in dispute, and so got rid of the matter speedily and safely. But now that a certain portion of mankind do not believe at all in the existence of the Gods, and others imagine that they have no care of us, and the opinion of most men, and of the worst men, is that in return for a small sacrifice and a few flattering words they will be their accomplices in purloining large sums and save them from many terrible punishments, the way of Rhadamanthus is no longer suited to the needs of justice; for as the opinions of men about the Gods are changed, the laws should also be changed — in the granting of suits a rational legislation ought to do away with the oaths of the parties on either side — he who obtains leave to bring an action should write down the charges, but should not add an oath; and the defendant in like manner should give his denial to the magistrates in writing, and not swear; for it is a dreadful thing to know, when many lawsuits are going on in a state, that almost half the people who meet one another quite unconcernedly at the public meals and in other companies and relations of private life

are perjured. Let the law, then, be as follows: A judge who is about to give judgment shall take an oath, and he who is choosing magistrates for the state shall either vote on oath or with a voting tablet which he brings from a temple; so too the judge of dances and of all music, and the superintendents and umpires of gymnastic and equestrian contests, and any matters in which, as far as men can judge, there is nothing to be gained by a false oath; but all cases in which a denial confirmed by an oath clearly results in a great advantage to the taker of the oath, shall be decided without the oath of the parties to the suit, and the presiding judges shall not permit either of them to use an oath for the sake of persuading, nor to call down curses on himself and his race, nor to use unseemly supplications or womanish laments. But they shall ever be teaching and learning what is just in auspicious words; and he who does otherwise shall be supposed to speak beside the point, and the judges shall again bring him back to the question at issue. On the other hand, strangers in their dealings with strangers shall as at present have power to give and receive oaths, for they will not often grow old in the city or leave a fry of young ones like themselves to be the sons and heirs of the land.

As to the initiation of private suits, let the manner of deciding causes between all citizens be the same as in cases in which any freeman is disobedient to the state in minor matters, of which the penalty is not stripes, imprisonment, or death. But as regards attendance at choruses or processions or other shows, and as regards public services, whether the celebration of sacrifice in peace, or the payment of contributions in war — in all these cases, first comes the necessity of providing a remedy for the loss; and by those who will not obey, there shall be security given to the officers whom the city and the law empower to exact the sum due; and if they forfeit their security, let the goods which they have pledged be sold and the money given to the city; but if they ought to pay a larger sum, the several magistrates shall impose upon the disobedient a suitable penalty, and bring them before the court, until they are willing to do what they are ordered.

Now a state which makes money from the cultivation of the soil

only, and has no foreign trade, must consider what it will do about the emigration of its own people to other countries, and the reception of strangers from elsewhere. About these matters the legislator has to consider, and he will begin by trying to persuade men as far as he can. The intercourse of cities with one another is apt to create a confusion of manners; strangers are always suggesting novelties to strangers. When states are well governed by good laws the mixture causes the greatest possible injury; but seeing that most cities are the reverse of well-ordered, the confusion which arises in them from the reception of strangers, and from the citizens themselves rushing off into other cities, when any one either young or old desires to travel anywhere abroad at whatever time, is of no consequence. On the other hand, the refusal of states to receive others, and for their own citizens never to go to other places, is an utter impossibility, and to the rest of the world is likely to appear ruthless and uncivilised; it is a practice adopted by people who use harsh words, such as xenelasia or banishment of strangers, and who have harsh and morose ways, as men think. And to be thought or not to be thought well of by the rest of the world is no light matter; for the many are not so far wrong in their judgment of who are bad and who are good, as they are removed from the nature of virtue in themselves. Even bad men have a divine instinct which guesses rightly, and very many who are utterly depraved form correct notions and judgments of the differences between the good and bad. And the generality of cities are quite right in exhorting us to value a good reputation in the world, for there is no truth greater and more important than this — that he who is really good (I am speaking of the men who would be perfect) seeks for reputation with, but not without, the reality of goodness. And our Cretan colony ought also to acquire the fairest and noblest reputation for virtue from other men; and there is every reason to expect that, if the reality answers to the idea, she will be one of the few well-ordered cities which the sun and the other Gods behold. Wherefore, in the matter of journeys to other countries and the reception of strangers, we enact as follows: In the first place, let no one be allowed to go anywhere at all into a foreign country who is less than forty years of age; and no one shall go in a private capacity, but only in some public one, as a herald, or on an embassy, or on a

sacred mission. Going abroad on an expedition or in war is not to be included among travels of the class authorised by the state. To Apollo at Delphi and to Zeus at Olympia and to Nemea and to the Isthmus, citizens should be sent to take part in the sacrifices and games there dedicated to the Gods; and they should send as many as possible, and the best and fairest that can be found, and they will make the city renowned at holy meetings in time of peace, procuring a glory which shall be the converse of that which is gained in war; and when they come home they shall teach the young that the institutions of other states are inferior to their own. And they shall send spectators of another sort, if they have the consent of the guardians, being such citizens as desire to look a little more at leisure at the doings of other men; and these no law shall hinder. For a city which has no experience of good and bad men or intercourse with them, can never be thoroughly and perfectly civilised, nor, again, can the citizens of a city properly observe the laws by habit only, and without an intelligent understanding of them. And there always are in the world a few inspired men whose acquaintance is beyond price, and who spring up quite as much in ill-ordered as in well-ordered cities. These are they whom the citizens of a well-ordered city should be ever seeking out, going forth over sea and over land to find him who is incorruptible — that he may establish more firmly institutions in his own state which are good already, and amend what is deficient; for without this examination and enquiry a city will never continue perfect any more than if the examination is ill-conducted.

CLEINIAS: How can we have an examination and also a good one?

ATHENIAN: In this way: In the first place, our spectator shall be of not less than fifty years of age; he must be a man of reputation, especially in war, if he is to exhibit to other cities a model of the guardians of the law, but when he is more than sixty years of age he shall no longer continue in his office of spectator. And when he has carried on his inspection during as many out of the ten years of his office as he pleases, on his return home let him go to the assembly of those who review the laws. This shall be a mixed body of young and old men, who shall be required to meet daily between the hour of

dawn and the rising of the sun. They shall consist, in the first place, of the priests who have obtained the rewards of virtue; and, in the second place, of guardians of the law, the ten eldest being chosen; the general superintendent of education shall also be a member, as well as the last appointed as those who have been released from the office; and each of them shall take with him as his companion a young man, whomsoever he chooses, between the ages of thirty and forty. These shall be always holding conversation and discourse about the laws of their own city or about any specially good ones which they may hear to be existing elsewhere; also about kinds of knowledge which may appear to be of use and will throw light upon the examination, or of which the want will make the subject of laws dark and uncertain to them. Any knowledge of this sort which the elders approve, the younger men shall learn with all diligence; and if any one of those who have been invited appear to be unworthy, the whole assembly shall blame him who invited him. The rest of the city shall watch over those among the young men who distinguish themselves, having an eye upon them, and especially honouring them if they succeed, but dishonouring them above the rest if they turn out to be inferior. This is the assembly to which he who has visited the institutions of other men, on his return home shall straightway go, and if he have discovered any one who has anything to say about the enactment of laws or education or nurture, or if he have himself made any observations, let him communicate his discoveries to the whole assembly. And if he be seen to have come home neither better nor worse, let him be praised at any rate for his enthusiasm; and if he be much better, let him be praised so much the more; and not only while he lives but after his death let the assembly honour him with fitting honours. But if on his return home he appear to have been corrupted, pretending to be wise when he is not, let him hold no communication with any one, whether young or old; and if he will hearken to the rulers, then he shall be permitted to live as a private individual; but if he will not, let him die, if he be convicted in a court of law of interfering about education and the laws. And if he deserve to be indicted, and none of the magistrates indict him, let that be counted as a disgrace to them when the rewards of virtue are decided.

Let such be the character of the person who goes abroad, and let him go abroad under these conditions. In the next place, the stranger who comes from abroad should be received in a friendly spirit. Now there are four kinds of strangers, of whom we must make some mention — the first is he who comes and stays throughout the summer; this class are like birds of passage, taking wing in pursuit of commerce, and flying over the sea to other cities, while the season lasts; he shall be received in market-places and harbours and public buildings, near the city but outside, by those magistrates who are appointed to superintend these matters; and they shall take care that a stranger, whoever he be, duly receives justice; but he shall not be allowed to make any innovation. They shall hold the intercourse with him which is necessary, and this shall be as little as possible. The second kind is just a spectator who comes to see with his eyes and hear with his ears the festivals of the Muses; such ought to have entertainment provided them at the temples by hospitable persons, and the priests and ministers of the temples should see and attend to them. But they should not remain more than a reasonable time; let them see and hear that for the sake of which they came, and then go away, neither having suffered nor done any harm. The priests shall be their judges, if any of them receive or do any wrong up to the sum of fifty drachmae, but if any greater charge be brought, in such cases the suit shall come before the wardens of the agora. The third kind of stranger is he who comes on some public business from another land, and is to be received with public honours. He is to be received only by the generals and commanders of horse and foot, and the host by whom he is entertained, in conjunction with the Prytanes, shall have the sole charge of what concerns him. There is a fourth class of persons answering to our spectators, who come from another land to look at ours. In the first place, such visits will be rare, and the visitor should be at least fifty years of age; he may possibly be wanting to see something that is rich and rare in other states, or himself to show something in like manner to another city. Let such an one, then, go unbidden to the doors of the wise and rich, being one of them himself: let him go, for example, to the house of the superintendent of education, confident that he is a fitting guest of such a host, or let him go to the house of some of those who have gained the prize of

virtue and hold discourse with them, both learning from them, and also teaching them; and when he has seen and heard all, he shall depart, as a friend taking leave of friends, and be honoured by them with gifts and suitable tributes of respect. These are the customs, according to which our city should receive all strangers of either sex who come from other countries, and should send forth her own citizens, showing respect to Zeus, the God of hospitality, not forbidding strangers at meals and sacrifices, as is the manner which prevails among the children of the Nile, nor driving them away by savage proclamations.

When a man becomes surety, let him give the security in a distinct form, acknowledging the whole transaction in a written document, and in the presence of not less than three witnesses if the sum be under a thousand drachmae, and of not less than five witnesses if the sum be above a thousand drachmae. The agent of a dishonest or untrustworthy seller shall himself be responsible; both the agent and the principal shall be equally liable. If a person wishes to find anything in the house of another, he shall enter naked, or wearing only a short tunic and without a girdle, having first taken an oath by the customary Gods that he expects to find it there; he shall then make his search, and the other shall throw open his house and allow him to search things both sealed and unsealed. And if a person will not allow the searcher to make his search, he who is prevented shall go to law with him, estimating the value of the goods after which he is searching, and if the other be convicted he shall pay twice the value of the article. If the master be absent from home, the dwellers in the house shall let him search the unsealed property, and on the sealed property the searcher shall set another seal, and shall appoint any one whom he likes to guard them during five days; and if the master of the house be absent during a longer time, he shall take with him the wardens of the city, and so make his search, opening the sealed property as well as the unsealed, and then, together with the members of the family and the wardens of the city, he shall seal them up again as they were before. There shall be a limit of time in the case of disputed things, and he who has had possession of them during a certain time shall no longer be liable to be disturbed. As to

houses and lands there can be no dispute in this state of ours; but if a man has any other possessions which he has used and openly shown in the city and in the agora and in the temples, and no one has put in a claim to them, and some one says that he was looking for them during this time, and the possessor is proved to have made no concealment, if they have continued for a year, the one having the goods and the other looking for them, the claim of the seeker shall not be allowed after the expiration of the year; or if he does not use or show the lost property in the market or in the city, but only in the country, and no one offers himself as the owner during five years, at the expiration of the five years the claim shall be barred for ever after; or if he uses them in the city but within the house, then the appointed time of claiming the goods shall be three years, or ten years if he has them in the country in private. And if he has them in another land, there shall be no limit of time or prescription, but whenever the owner finds them he may claim them.

If any one prevents another by force from being present at a trial, whether a principal party or his witnesses; if the person prevented be a slave, whether his own or belonging to another, the suit shall be incomplete and invalid; but if he who is prevented be a freeman, besides the suit being incomplete, the other who has prevented him shall be imprisoned for a year, and shall be prosecuted for kidnapping by any one who pleases. And if any one hinders by force a rival competitor in gymnastic or music, or any other sort of contest, from being present at the contest, let him who has a mind inform the presiding judges, and they shall liberate him who is desirous of competing; and if they are not able, and he who hinders the other from competing wins the prize, then they shall give the prize of victory to him who is prevented, and inscribe him as the conqueror in any temples which he pleases; and he who hinders the other shall not be permitted to make any offering or inscription having reference to that contest, and in any case he shall be liable for damages, whether he be defeated or whether he conquer.

If any one knowingly receives anything which has been stolen, he shall undergo the same punishment as the thief, and if a man receives

an exile he shall be punished with death. Every man should regard the friend and enemy of the state as his own friend and enemy; and if any one makes peace or war with another on his own account, and without the authority of the state, he, like the receiver of the exile, shall undergo the penalty of death. And if any fraction of the city declare war or peace against any, the generals shall indict the authors of this proceeding, and if they are convicted death shall be the penalty. Those who serve their country ought to serve without receiving gifts, and there ought to be no excusing or approving the saying, 'Men should receive gifts as the reward of good, but not of evil deeds'; for to know which we are doing, and to stand fast by our knowledge, is no easy matter. The safest course is to obey the law which says, 'Do no service for a bribe,' and let him who disobeys, if he be convicted, simply die. With a view to taxation, for various reasons, every man ought to have had his property valued: and the tribesmen should likewise bring a register of the yearly produce to the wardens of the country, that in this way there may be two valuations; and the public officers may use annually whichever on consideration they deem the best, whether they prefer to take a certain portion of the whole value, or of the annual revenue, after subtracting what is paid to the common tables.

Touching offerings to the Gods, a moderate man should observe moderation in what he offers. Now the land and the hearth of the house of all men is sacred to all Gods; wherefore let no man dedicate them a second time to the Gods. Gold and silver, whether possessed by private persons or in temples, are in other cities provocative of envy, and ivory, the product of a dead body, is not a proper offering; brass and iron, again, are instruments of war; but of wood let a man bring what offering he likes, provided it be a single block, and in like manner of stone, to the public temples; of woven work let him not offer more than one woman can execute in a month. White is a colour suitable to the Gods, especially in woven works, but dyes should only be used for the adornments of war. The most divine of gifts are birds and images, and they should be such as one painter can execute in a single day. And let all other offerings follow a similar rule.

Now that the whole city has been divided into parts of which the nature and number have been described, and laws have been given about all the most important contracts as far as this was possible, the next thing will be to have justice done. The first of the courts shall consist of elected judges, who shall be chosen by the plaintiff and the defendant in common: these shall be called arbiters rather than judges. And in the second court there shall be judges of the villages and tribes corresponding to the twelvefold division of the land, and before these the litigants shall go to contend for greater damages, if the suit be not decided before the first judges; the defendant, if he be defeated the second time, shall pay a fifth more than the damages mentioned in the indictment; and if he find fault with his judges and would try a third time, let him carry the suit before the select judges, and if he be again defeated, let him pay the whole of the damages and half as much again. And the plaintiff, if when defeated before the first judges he persist in going on to the second, shall if he wins receive in addition to the damages a fifth part more, and if defeated he shall pay a like sum; but if he is not satisfied with the previous decision, and will insist on proceeding to a third court, then if he win he shall receive from the defendant the amount of the damages and, as I said before, half as much again, and the plaintiff, if he lose, shall pay half of the damages claimed. Now the assignment by lot of judges to courts and the completion of the number of them, and the appointment of servants to the different magistrates, and the times at which the several causes should be heard, and the votings and delays, and all the things that necessarily concern suits, and the order of causes, and the time in which answers have to be put in and parties are to appear — of these and other things akin to these we have indeed already spoken, but there is no harm in repeating what is right twice or thrice: All lesser and easier matters which the elder legislator has omitted may be supplied by the younger one. Private courts will be sufficiently regulated in this way, and the public and state courts, and those which the magistrates must use in the administration of their several offices, exist in many other states. Many very respectable institutions of this sort have been framed by good men, and from them the guardians of the law may by reflection derive what is necessary for the order of our new state, considering

and correcting them, and bringing them to the test of experience, until every detail appears to be satisfactorily determined; and then putting the final seal upon them, and making them irreversible, they shall use them for ever afterwards. As to what relates to the silence of judges and the abstinence from words of evil omen and the reverse, and the different notions of the just and good and honourable which exist in our own as compared with other states, they have been partly mentioned already, and another part of them will be mentioned hereafter as we draw near the end. To all these matters he who would be an equal judge shall justly look, and he shall possess writings about them that he may learn them. For of all kinds of knowledge the knowledge of good laws has the greatest power of improving the learner; otherwise there would be no meaning in the divine and admirable law possessing a name akin to mind (*nous*, *nomos*). And of all other words, such as the praises and censures of individuals which occur in poetry and also in prose, whether written down or uttered in daily conversation, whether men dispute about them in the spirit of contention or weakly assent to them, as is often the case — of all these the one sure test is the writings of the legislator, which the righteous judge ought to have in his mind as the antidote of all other words, and thus make himself and the city stand upright, procuring for the good the continuance and increase of justice, and for the bad, on the other hand, a conversion from ignorance and intemperance, and in general from all unrighteousness, as far as their evil minds can be healed, but to those whose web of life is in reality finished, giving death, which is the only remedy for souls in their condition, as I may say truly again and again. And such judges and chiefs of judges will be worthy of receiving praise from the whole city.

When the suits of the year are completed the following laws shall regulate their execution: In the first place, the judge shall assign to the party who wins the suit the whole property of him who loses, with the exception of mere necessities, and the assignment shall be made through the herald immediately after each decision in the hearing of the judges; and when the month arrives following the month in which the courts are sitting, (unless the gainer of the suit

has been previously satisfied) the court shall follow up the case, and hand over to the winner the goods of the loser; but if they find that he has not the means of paying, and the sum deficient is not less than a drachma, the insolvent person shall not have any right of going to law with any other man until he have satisfied the debt of the winning party; but other persons shall still have the right of bringing suits against him. And if any one after he is condemned refuses to acknowledge the authority which condemned him, let the magistrates who are thus deprived of their authority bring him before the court of the guardians of the law, and if he be cast, let him be punished with death, as a subverter of the whole state and of the laws.

Thus a man is born and brought up, and after this manner he begets and brings up his own children, and has his share of dealings with other men, and suffers if he has done wrong to any one, and receives satisfaction if he has been wronged, and so at length in due time he grows old under the protection of the laws, and his end comes in the order of nature. Concerning the dead of either sex, the religious ceremonies which may fittingly be performed, whether appertaining to the Gods of the under-world or of this, shall be decided by the interpreters with absolute authority. Their sepulchres are not to be in places which are fit for cultivation, and there shall be no monuments in such spots, either large or small, but they shall occupy that part of the country which is naturally adapted for receiving and concealing the bodies of the dead with as little hurt as possible to the living. No man, living or dead, shall deprive the living of the sustenance which the earth, their foster-parent, is naturally inclined to provide for them. And let not the mound be piled higher than would be the work of five men completed in five days; nor shall the stone which is placed over the spot be larger than would be sufficient to receive the praises of the dead included in four heroic lines. Nor shall the laying out of the dead in the house continue for a longer time than is sufficient to distinguish between him who is in a trance only and him who is really dead, and speaking generally, the third day after death will be a fair time for carrying out the body to the sepulchre. Now we must believe the legislator when he tells us that the soul is in all respects superior to the body, and that even in life what makes each one of us

to be what we are is only the soul; and that the body follows us about in the likeness of each of us, and therefore, when we are dead, the bodies of the dead are quite rightly said to be our shades or images; for the true and immortal being of each one of us which is called the soul goes on her way to other Gods, before them to give an account — which is an inspiring hope to the good, but very terrible to the bad, as the laws of our fathers tell us; and they also say that not much can be done in the way of helping a man after he is dead. But the living — he should be helped by all his kindred, that while in life he may be the holiest and justest of men, and after death may have no great sins to be punished in the world below. If this be true, a man ought not to waste his substance under the idea that all this lifeless mass of flesh which is in process of burial is connected with him; he should consider that the son, or brother, or the beloved one, whoever he may be, whom he thinks he is laying in the earth, has gone away to complete and fulfil his own destiny, and that his duty is rightly to order the present, and to spend moderately on the lifeless altar of the Gods below. But the legislator does not intend moderation to be taken in the sense of meanness. Let the law, then, be as follows: The expenditure on the entire funeral of him who is of the highest class, shall not exceed five minae; and for him who is of the second class, three minae, and for him who is of the third class, two minae, and for him who is of the fourth class, one mina, will be a fair limit of expense. The guardians of the law ought to take especial care of the different ages of life, whether childhood, or manhood, or any other age. And at the end of all, let there be some one guardian of the law presiding, who shall be chosen by the friends of the deceased to superintend, and let it be glory to him to manage with fairness and moderation what relates to the dead, and a discredit to him if they are not well managed. Let the laying out and other ceremonies be in accordance with custom, but to the statesman who adopts custom as his law we must give way in certain particulars. It would be monstrous for example that he should command any man to weep or abstain from weeping over the dead; but he may forbid cries of lamentation, and not allow the voice of the mourner to be heard outside the house; also, he may forbid the bringing of the dead body into the open streets, or the processions of mourners in the streets,

and may require that before daybreak they should be outside the city. Let these, then, be our laws relating to such matters, and let him who obeys be free from penalty; but he who disobeys even a single guardian of the law shall be punished by them all with a fitting penalty. Other modes of burial, or again the denial of burial, which is to be refused in the case of robbers of temples and parricides and the like, have been devised and are embodied in the preceding laws, so that now our work of legislation is pretty nearly at an end; but in all cases the end does not consist in doing something or acquiring something or establishing something — the end will be attained and finally accomplished, when we have provided for the perfect and lasting continuance of our institutions; until then our creation is incomplete.

CLEINIAS: That is very good, Stranger; but I wish you would tell me more clearly what you mean.

ATHENIAN: O Cleinias, many things of old time were well said and sung; and the saying about the Fates was one of them.

CLEINIAS: What is it?

ATHENIAN: The saying that Lachesis or the giver of the lots is the first of them, and that Clotho or the spinster is the second of them, and that Atropos or the unchanging one is the third of them; and that she is the preserver of the things which we have spoken, and which have been compared in a figure to things woven by fire, they both (i.e. Atropos and the fire) producing the quality of unchangeableness. I am speaking of the things which in a state and government give not only health and salvation to the body, but law, or rather preservation of the law, in the soul; and, if I am not mistaken, this seems to be still wanting in our laws: we have still to see how we can implant in them this irreversible nature.

CLEINIAS: It will be no small matter if we can only discover how such a nature can be implanted in anything.

ATHENIAN: But it certainly can be; so much I clearly see.

CLEINIAS: Then let us not think of desisting until we have imparted this quality to our laws; for it is ridiculous, after a great deal of labour has been spent, to place a thing at last on an insecure foundation.

ATHENIAN: I approve of your suggestion, and am quite of the same mind with you.

CLEINIAS: Very good: And now what, according to you, is to be the salvation of our government and of our laws, and how is it to be effected?

ATHENIAN: Were we not saying that there must be in our city a council which was to be of this sort: The ten oldest guardians of the law, and all those who have obtained prizes of virtue, were to meet in the same assembly, and the council was also to include those who had visited foreign countries in the hope of hearing something that might be of use in the preservation of the laws, and who, having come safely home, and having been tested in these same matters, had proved themselves to be worthy to take part in the assembly — each of the members was to select some young man of not less than thirty years of age, he himself judging in the first instance whether the young man was worthy by nature and education, and then suggesting him to the others, and if he seemed to them also to be worthy they were to adopt him; but if not, the decision at which they arrived was to be kept a secret from the citizens at large, and, more especially, from the rejected candidate. The meeting of the council was to be held early in the morning, when everybody was most at leisure from all other business, whether public or private — was not something of this sort said by us before?

CLEINIAS: True.

ATHENIAN: Then, returning to the council, I would say further, that if we let it down to be the anchor of the state, our city, having everything which is suitable to her, will preserve all that we wish to preserve.

CLEINIAS: What do you mean?

ATHENIAN: Now is the time for me to speak the truth in all earnestness.

CLEINIAS: Well said, and I hope that you will fulfil your intention.

ATHENIAN: Know, Cleinias, that everything, in all that it does, has a natural saviour, as of an animal the soul and the head are the chief saviours.

CLEINIAS: Once more, what do you mean?

ATHENIAN: The well-being of those two is obviously the preservation of every living thing.

CLEINIAS: How is that?

ATHENIAN: The soul, besides other things, contains mind, and the head, besides other things, contains sight and hearing; and the mind, mingling with the noblest of the senses, and becoming one with them, may be truly called the salvation of all.

CLEINIAS: Yes, quite so.

ATHENIAN: Yes, indeed; but with what is that intellect concerned which, mingling with the senses, is the salvation of ships in storms as well as in fair weather? In a ship, when the pilot and the sailors unite their perceptions with the piloting mind, do they not save both themselves and their craft?

CLEINIAS: Very true.

ATHENIAN: We do not want many illustrations about such matters: What aim would the general of an army, or what aim would a physician propose to himself, if he were seeking to attain salvation?

CLEINIAS: Very good.

ATHENIAN: Does not the general aim at victory and superiority in war, and do not the physician and his assistants aim at producing health in the body?

CLEINIAS: Certainly.

ATHENIAN: And a physician who is ignorant about the body, that is to say, who knows not that which we just now called health, or a general who knows not victory, or any others who are ignorant of the particulars of the arts which we mentioned, cannot be said to have understanding about any of these matters.

CLEINIAS: They cannot.

ATHENIAN: And what would you say of the state? If a person proves to be ignorant of the aim to which the statesman should look, ought he, in the first place, to be called a ruler at all; and further, will he ever be able to preserve that of which he does not even know the aim?

CLEINIAS: Impossible.

ATHENIAN: And therefore, if our settlement of the country is to be perfect, we ought to have some institution, which, as I was saying, will tell what is the aim of the state, and will inform us how we are to attain this, and what law or what man will advise us to that end. Any state which has no such institution is likely to be devoid of mind and sense, and in all her actions will proceed by mere chance.

CLEINIAS: Very true.

ATHENIAN: In which, then, of the parts or institutions of the state is any such guardian power to be found? Can we say?

CLEINIAS: I am not quite certain, Stranger; but I have a suspicion that you are referring to the assembly which you just now said was to meet at night.

ATHENIAN: You understand me perfectly, Cleinias; and we must assume, as the argument implies, that this council possesses all virtue; and the beginning of virtue is not to make mistakes by guessing many things, but to look steadily at one thing, and on this to fix all our aims.

CLEINIAS: Quite true.

ATHENIAN: Then now we shall see why there is nothing wonderful in states going astray — the reason is that their legislators have such different aims; nor is there anything wonderful in some laying down as their rule of justice, that certain individuals should bear rule in the state, whether they be good or bad, and others that the citizens should be rich, not caring whether they are the slaves of other men or not. The tendency of others, again, is towards freedom; and some legislate with a view to two things at once — they want to be at the same time free and the lords of other states; but the wisest men, as they deem themselves to be, look to all these and similar aims, and there is no one of them which they exclusively honour, and to which they would have all things look.

CLEINIAS: Then, Stranger, our former assertion will hold; for we were saying that laws generally should look to one thing only; and this, as we admitted, was rightly said to be virtue.

ATHENIAN: Yes.

CLEINIAS: And we said that virtue was of four kinds?

ATHENIAN: Quite true.

CLEINIAS: And that mind was the leader of the four, and that to her the three other virtues and all other things ought to have regard?

ATHENIAN: You follow me capitally, Cleinias, and I would ask you to follow me to the end, for we have already said that the mind of the pilot, the mind of the physician and of the general look to that one thing to which they ought to look; and now we may turn to mind political, of which, as of a human creature, we will ask a question: O wonderful being, and to what are you looking? The physician is able to tell his single aim in life, but you, the superior, as you declare yourself to be, of all intelligent beings, when you are asked are not able to tell. Can you, Megillus, and you, Cleinias, say distinctly what is the aim of mind political, in return for the many explanations of things which I have given you?

CLEINIAS: We cannot, Stranger.

ATHENIAN: Well, but ought we not to desire to see it, and to see where it is to be found?

CLEINIAS: For example, where?

ATHENIAN: For example, we were saying that there are four kinds of virtue, and as there are four of them, each of them must be one.

CLEINIAS: Certainly.

ATHENIAN: And further, all four of them we call one; for we say that courage is virtue, and that prudence is virtue, and the same of the two others, as if they were in reality not many but one, that is, virtue.

CLEINIAS: Quite so.

ATHENIAN: There is no difficulty in seeing in what way the two differ from one another, and have received two names, and so of the rest. But there is more difficulty in explaining why we call these two and the rest of them by the single name of virtue.

CLEINIAS: How do you mean?

ATHENIAN: I have no difficulty in explaining what I mean. Let us distribute the subject into questions and answers.

CLEINIAS: Once more, what do you mean?

ATHENIAN: Ask me what is that one thing which I call virtue, and then again speak of as two, one part being courage and the other wisdom. I will tell you how that occurs: One of them has to do with fear; in this the beasts also participate, and quite young children — I mean courage; for a courageous temper is a gift of nature and not of reason. But without reason there never has been, or is, or will be a wise and understanding soul; it is of a different nature.

CLEINIAS: That is true.

ATHENIAN: I have now told you in what way the two are different,

and do you in return tell me in what way they are one and the same. Suppose that I ask you in what way the four are one, and when you have answered me, you will have a right to ask of me in return in what way they are four; and then let us proceed to enquire whether in the case of things which have a name and also a definition to them, true knowledge consists in knowing the name only and not the definition. Can he who is good for anything be ignorant of all this without discredit where great and glorious truths are concerned?

CLEINIAS: I suppose not.

ATHENIAN: And is there anything greater to the legislator and the guardian of the law, and to him who thinks that he excels all other men in virtue, and has won the palm of excellence, than these very qualities of which we are now speaking — courage, temperance, wisdom, justice?

CLEINIAS: How can there be anything greater?

ATHENIAN: And ought not the interpreters, the teachers, the lawgivers, the guardians of the other citizens, to excel the rest of mankind, and perfectly to show him who desires to learn and know or whose evil actions require to be punished and reproved, what is the nature of virtue and vice? Or shall some poet who has found his way into the city, or some chance person who pretends to be an instructor of youth, show himself to be better than him who has won the prize for every virtue? And can we wonder that when the guardians are not adequate in speech or action, and have no adequate knowledge of virtue, the city being unguarded should experience the common fate of cities in our day?

CLEINIAS: Wonder! no.

ATHENIAN: Well, then, must we do as we said? Or can we give our guardians a more precise knowledge of virtue in speech and action than the many have? or is there any way in which our city can be made to resemble the head and senses of rational beings because possessing such a guardian power?

CLEINIAS: What, Stranger, is the drift of your comparison?

ATHENIAN: Do we not see that the city is the trunk, and are not the younger guardians, who are chosen for their natural gifts, placed in the head of the state, having their souls all full of eyes, with which they look about the whole city? They keep watch and hand over their perceptions to the memory, and inform the elders of all that happens in the city; and those whom we compared to the mind, because they have many wise thoughts — that is to say, the old men — take counsel, and making use of the younger men as their ministers, and advising with them — in this way both together truly preserve the whole state: Shall this or some other be the order of our state? Are all our citizens to be equal in acquirements, or shall there be special persons among them who have received a more careful training and education?

CLEINIAS: That they should be equal, my good sir, is impossible.

ATHENIAN: Then we ought to proceed to some more exact training than any which has preceded.

CLEINIAS: Certainly.

ATHENIAN: And must not that of which we are in need be the one to which we were just now alluding?

CLEINIAS: Very true.

ATHENIAN: Did we not say that the workman or guardian, if he be perfect in every respect, ought not only to be able to see the many aims, but he should press onward to the one? This he should know, and knowing, order all things with a view to it.

CLEINIAS: True.

ATHENIAN: And can any one have a more exact way of considering or contemplating anything, than the being able to look at one idea gathered from many different things?

CLEINIAS: Perhaps not.

ATHENIAN: Not 'Perhaps not,' but 'Certainly not,' my good sir, is the right answer. There never has been a truer method than this discovered by any man.

CLEINIAS: I bow to your authority, Stranger; let us proceed in the way which you propose.

ATHENIAN: Then, as would appear, we must compel the guardians of our divine state to perceive, in the first place, what that principle is which is the same in all the four — the same, as we affirm, in courage and in temperance, and in justice and in prudence, and which, being one, we call as we ought, by the single name of virtue. To this, my friends, we will, if you please, hold fast, and not let go until we have sufficiently explained what that is to which we are to look, whether to be regarded as one, or as a whole, or as both, or in whatever way. Are we likely ever to be in a virtuous condition, if we cannot tell whether virtue is many, or four, or one? Certainly, if we take counsel among ourselves, we shall in some way contrive that this principle has a place amongst us; but if you have made up your mind that we should let the matter alone, we will.

CLEINIAS: We must not, Stranger, by the God of strangers I swear that we must not, for in our opinion you speak most truly; but we should like to know how you will accomplish your purpose.

ATHENIAN: Wait a little before you ask; and let us, first of all, be quite agreed with one another that the purpose has to be accomplished.

CLEINIAS: Certainly, it ought to be, if it can be.

ATHENIAN: Well, and about the good and the honourable, are we to take the same view? Are our guardians only to know that each of them is many, or also how and in what way they are one?

CLEINIAS: They must consider also in what sense they are one.

ATHENIAN: And are they to consider only, and to be unable to set forth what they think?

CLEINIAS: Certainly not; that would be the state of a slave.

ATHENIAN: And may not the same be said of all good things — that the true guardians of the laws ought to know the truth about them, and to be able to interpret them in words, and carry them out in action, judging of what is and of what is not well, according to nature?

CLEINIAS: Certainly.

ATHENIAN: Is not the knowledge of the Gods which we have set forth with so much zeal one of the noblest sorts of knowledge — to know that they are, and know how great is their power, as far as in man lies? We do indeed excuse the mass of the citizens, who only follow the voice of the laws, but we refuse to admit as guardians any who do not labour to obtain every possible evidence that there is respecting the Gods; our city is forbidden and not allowed to choose as a guardian of the law, or to place in the select order of virtue, him who is not an inspired man, and has not laboured at these things.

CLEINIAS: It is certainly just, as you say, that he who is indolent about such matters or incapable should be rejected, and that things honourable should be put away from him.

ATHENIAN: Are we assured that there are two things which lead men to believe in the Gods, as we have already stated?

CLEINIAS: What are they?

ATHENIAN: One is the argument about the soul, which has been already mentioned — that it is the eldest and most divine of all things, to which motion attaining generation gives perpetual existence; the other was an argument from the order of the motion of the stars, and of all things under the dominion of the mind which ordered the universe. If a man look upon the world not lightly or ignorantly, there was never any one so godless who did not experience an effect opposite to that which the many imagine. For they think that those who handle these matters by the help of astronomy, and the accompanying arts of demonstration, may

become godless, because they see, as far as they can see, things happening by necessity, and not by an intelligent will accomplishing good.

CLEINIAS: But what is the fact?

ATHENIAN: Just the opposite, as I said, of the opinion which once prevailed among men, that the sun and stars are without soul. Even in those days men wondered about them, and that which is now ascertained was then conjectured by some who had a more exact knowledge of them — that if they had been things without soul, and had no mind, they could never have moved with numerical exactness so wonderful; and even at that time some ventured to hazard the conjecture that mind was the orderer of the universe. But these same persons again mistaking the nature of the soul, which they conceived to be younger and not older than the body, once more overturned the world, or rather, I should say, themselves; for the bodies which they saw moving in heaven all appeared to be full of stones, and earth, and many other lifeless substances, and to these they assigned the causes of all things. Such studies gave rise to much atheism and perplexity, and the poets took occasion to be abusive — comparing the philosophers to she-dogs uttering vain howlings, and talking other nonsense of the same sort. But now, as I said, the case is reversed.

CLEINIAS: How so?

ATHENIAN: No man can be a true worshipper of the Gods who does not know these two principles — that the soul is the eldest of all things which are born, and is immortal and rules over all bodies; moreover, as I have now said several times, he who has not contemplated the mind of nature which is said to exist in the stars, and gone through the previous training, and seen the connexion of music with these things, and harmonized them all with laws and institutions, is not able to give a reason of such things as have a reason. And he who is unable to acquire this in addition to the ordinary virtues of a citizen, can hardly be a good ruler of a whole state; but he should be the subordinate of other rulers. Wherefore,

Cleinias and Megillus, let us consider whether we may not add to all the other laws which we have discussed this further one — that the nocturnal assembly of the magistrates, which has also shared in the whole scheme of education proposed by us, shall be a guard set according to law for the salvation of the state. Shall we propose this?

CLEINIAS: Certainly, my good friend, we will if the thing is in any degree possible.

ATHENIAN: Let us make a common effort to gain such an object; for I too will gladly share in the attempt. Of these matters I have had much experience, and have often considered them, and I dare say that I shall be able to find others who will also help.

CLEINIAS: I agree, Stranger, that we should proceed along the road in which God is guiding us; and how we can proceed rightly has now to be investigated and explained.

ATHENIAN: O Megillus and Cleinias, about these matters we cannot legislate further until the council is constituted; when that is done, then we will determine what authority they shall have of their own; but the explanation of how this is all to be ordered would only be given rightly in a long discourse.

CLEINIAS: What do you mean, and what new thing is this?

ATHENIAN: In the first place, a list would have to be made out of those who by their ages and studies and dispositions and habits are well fitted for the duty of a guardian. In the next place, it will not be easy for them to discover themselves what they ought to learn, or become the disciple of one who has already made the discovery. Furthermore, to write down the times at which, and during which, they ought to receive the several kinds of instruction, would be a vain thing; for the learners themselves do not know what is learned to advantage until the knowledge which is the result of learning has found a place in the soul of each. And so these details, although they could not be truly said to be secret, might be said to be incapable of being stated beforehand, because when stated they would have no meaning.

CLEINIAS: What then are we to do, Stranger, under these circumstances?

ATHENIAN: As the proverb says, the answer is no secret, but open to all of us: We must risk the whole on the chance of throwing, as they say, thrice six or thrice ace, and I am willing to share with you the danger by stating and explaining to you my views about education and nurture, which is the question coming to the surface again. The danger is not a slight or ordinary one, and I would advise you, Cleinias, in particular, to see to the matter; for if you order rightly the city of the Magnetes, or whatever name God may give it, you will obtain the greatest glory; or at any rate you will be thought the most courageous of men in the estimation of posterity. Dear companions, if this our divine assembly can only be established, to them we will hand over the city; none of the present company of legislators, as I may call them, would hesitate about that. And the state will be perfected and become a waking reality, which a little while ago we attempted to create as a dream and in idea only, mingling together reason and mind in one image, in the hope that our citizens might be duly mingled and rightly educated; and being educated, and dwelling in the citadel of the land, might become perfect guardians, such as we have never seen in all our previous life, by reason of the saving virtue which is in them.

MEGILLUS: Dear Cleinias, after all that has been said, either we must detain the Stranger, and by supplications and in all manner of ways make him share in the foundation of the city, or we must give up the undertaking.

CLEINIAS: Very true, Megillus; and you must join with me in detaining him.

MEGILLUS: I will.

The Spurious Works

The ancient Agora, Athens

SECOND ALCIBIADES

Translated by Benjamin Jowett

There is dispute amongst scholars about the text's authenticity, and it is generally considered apocryphal. In the dialogue, Socrates attempts to persuade Alcibiades that it is unsafe for him to pray to the gods if he does not know whether what he prays for is actually good or bad for him.

SECOND ALCIBIADES.

PERSONS OF THE DIALOGUE:

Socrates

Alcibiades

SOCRATES: Are you going, Alcibiades, to offer prayer to Zeus?

ALCIBIADES: Yes, Socrates, I am.

SOCRATES: you seem to be troubled and to cast your eyes on the ground, as though you were thinking about something.

ALCIBIADES: Of what do you suppose that I am thinking?

SOCRATES: Of the greatest of all things, as I believe. Tell me, do you not suppose that the Gods sometimes partly grant and partly reject the requests which we make in public and private, and favour some persons and not others?

ALCIBIADES: Certainly.

SOCRATES: Do you not imagine, then, that a man ought to be very careful, lest perchance without knowing it he implore great evils for himself, deeming that he is asking for good, especially if the Gods are in the mood to grant whatever he may request? There is the story of Oedipus, for instance, who prayed that his children might divide their inheritance between them by the sword: he did not, as he might have done, beg that his present evils might be averted, but called down new ones. And was not his prayer accomplished, and did not many and terrible evils thence arise, upon which I need not dilate?

ALCIBIADES: Yes, Socrates, but you are speaking of a madman: surely you do not think that any one in his senses would venture to make such a prayer?

SOCRATES: Madness, then, you consider to be the opposite of discretion?

ALCIBIADES: Of course.

SOCRATES: And some men seem to you to be discreet, and others the contrary?

ALCIBIADES: They do.

SOCRATES: Well, then, let us discuss who these are. We acknowledge that some are discreet, some foolish, and that some are mad?

ALCIBIADES: Yes.

SOCRATES: And again, there are some who are in health?

ALCIBIADES: There are.

SOCRATES: While others are ailing?

ALCIBIADES: Yes.

SOCRATES: And they are not the same?

ALCIBIADES: Certainly not.

SOCRATES: Nor are there any who are in neither state?

ALCIBIADES: No.

SOCRATES: A man must either be sick or be well?

ALCIBIADES: That is my opinion.

SOCRATES: Very good: and do you think the same about discretion and want of discretion?

ALCIBIADES: How do you mean?

SOCRATES: Do you believe that a man must be either in or out of his senses; or is there some third or intermediate condition, in which he is neither one nor the other?

ALCIBIADES: Decidedly not.

SOCRATES: He must be either sane or insane?

ALCIBIADES: So I suppose.

SOCRATES: Did you not acknowledge that madness was the opposite of discretion?

ALCIBIADES: Yes.

SOCRATES: And that there is no third or middle term between discretion and indiscretion?

ALCIBIADES: True.

SOCRATES: And there cannot be two opposites to one thing?

ALCIBIADES: There cannot.

SOCRATES: Then madness and want of sense are the same?

ALCIBIADES: That appears to be the case.

SOCRATES: We shall be in the right, therefore, Alcibiades, if we say that all who are senseless are mad. For example, if among persons of your own age or older than yourself there are some who are senseless, — as there certainly are, — they are mad. For tell me, by heaven, do you not think that in the city the wise are few, while the foolish, whom you call mad, are many?

ALCIBIADES: I do.

SOCRATES: But how could we live in safety with so many crazy people? Should we not long since have paid the penalty at their hands, and have been struck and beaten and endured every other form of ill-usage which madmen are wont to inflict? Consider, my dear friend: may it not be quite otherwise?

ALCIBIADES: Why, Socrates, how is that possible? I must have been mistaken.

SOCRATES: So it seems to me. But perhaps we may consider the matter thus: —

ALCIBIADES: How?

SOCRATES: I will tell you. We think that some are sick; do we not?

ALCIBIADES: Yes.

SOCRATES: And must every sick person either have the gout, or be in a fever, or suffer from ophthalmia? Or do you believe that a man may labour under some other disease, even although he has none of these complaints? Surely, they are not the only maladies which exist?

ALCIBIADES: Certainly not.

SOCRATES: And is every kind of ophthalmia a disease?

ALCIBIADES: Yes.

SOCRATES: And every disease ophthalmia?

ALCIBIADES: Surely not. But I scarcely understand what I mean myself.

SOCRATES: Perhaps, if you give me your best attention, 'two of us' looking together, we may find what we seek.

ALCIBIADES: I am attending, Socrates, to the best of my power.

SOCRATES: We are agreed, then, that every form of ophthalmia is a disease, but not every disease ophthalmia?

ALCIBIADES: We are.

SOCRATES: And so far we seem to be right. For every one who suffers from a fever is sick; but the sick, I conceive, do not all have fever or gout or ophthalmia, although each of these is a disease, which, according to those whom we call physicians, may require a different treatment. They are not all alike, nor do they produce the same result, but each has its own effect, and yet they are all diseases. May we not take an illustration from the artizans?

ALCIBIADES: Certainly.

SOCRATES: There are cobblers and carpenters and sculptors and others of all sorts and kinds, whom we need not stop to enumerate. All have their distinct employments and all are workmen, although they are not all of them cobblers or carpenters or sculptors.

ALCIBIADES: No, indeed.

SOCRATES: And in like manner men differ in regard to want of sense. Those who are most out of their wits we call 'madmen,' while we term those who are less far gone 'stupid' or 'idiotic,' or, if we prefer gentler language, describe them as 'romantic' or 'simple-minded,' or, again, as 'innocent' or 'inexperienced' or 'foolish.' You may even find other names, if you seek for them; but by all of them lack of sense is intended. They only differ as one art appeared to us to differ from another or one disease from another. Or what is your opinion?

ALCIBIADES: I agree with you.

SOCRATES: Then let us return to the point at which we digressed. We said at first that we should have to consider who were the wise and who the foolish. For we acknowledged that there are these two classes? Did we not?

ALCIBIADES: To be sure.

SOCRATES: And you regard those as sensible who know what ought to be done or said?

ALCIBIADES: Yes.

SOCRATES: The senseless are those who do not know this?

ALCIBIADES: True.

SOCRATES: The latter will say or do what they ought not without their own knowledge?

ALCIBIADES: Exactly.

SOCRATES: Oedipus, as I was saying, Alcibiades, was a person of

this sort. And even now-a-days you will find many who (have offered inauspicious prayers), although, unlike him, they were not in anger nor thought that they were asking evil. He neither sought, nor supposed that he sought for good, but others have had quite the contrary notion. I believe that if the God whom you are about to consult should appear to you, and, in anticipation of your request, enquired whether you would be contented to become tyrant of Athens, and if this seemed in your eyes a small and mean thing, should add to it the dominion of all Hellas; and seeing that even then you would not be satisfied unless you were ruler of the whole of Europe, should promise, not only that, but, if you so desired, should proclaim to all mankind in one and the same day that Alcibiades, son of Cleinias, was tyrant: — in such a case, I imagine, you would depart full of joy, as one who had obtained the greatest of goods.

ALCIBIADES: And not only I, Socrates, but any one else who should meet with such luck.

SOCRATES: Yet you would not accept the dominion and lordship of all the Hellenes and all the barbarians in exchange for your life?

ALCIBIADES: Certainly not: for then what use could I make of them?

SOCRATES: And would you accept them if you were likely to use them to a bad and mischievous end?

ALCIBIADES: I would not.

SOCRATES: You see that it is not safe for a man either rashly to accept whatever is offered him, or himself to request a thing, if he is likely to suffer thereby or immediately to lose his life. And yet we could tell of many who, having long desired and diligently laboured to obtain a tyranny, thinking that thus they would procure an advantage, have nevertheless fallen victims to designing enemies. You must have heard of what happened only the other day, how Archelaus of Macedonia was slain by his beloved (compare Aristotle, *Pol.*), whose love for the tyranny was not less than that of Archelaus for him. The tyrannicide expected by his crime to become

tyrant and afterwards to have a happy life; but when he had held the tyranny three or four days, he was in his turn conspired against and slain. Or look at certain of our own citizens, — and of their actions we have been not hearers, but eyewitnesses, — who have desired to obtain military command: of those who have gained their object, some are even to this day exiles from the city, while others have lost their lives. And even they who seem to have fared best, have not only gone through many perils and terrors during their office, but after their return home they have been beset by informers worse than they once were by their foes, insomuch that several of them have wished that they had remained in a private station rather than have had the glories of command. If, indeed, such perils and terrors were of profit to the commonwealth, there would be reason in undergoing them; but the very contrary is the case. Again, you will find persons who have prayed for offspring, and when their prayers were heard, have fallen into the greatest pains and sufferings. For some have begotten children who were utterly bad, and have therefore passed all their days in misery, while the parents of good children have undergone the misfortune of losing them, and have been so little happier than the others that they would have preferred never to have had children rather than to have had them and lost them. And yet, although these and the like examples are manifest and known of all, it is rare to find any one who has refused what has been offered him, or, if he were likely to gain aught by prayer, has refrained from making his petition. The mass of mankind would not decline to accept a tyranny, or the command of an army, or any of the numerous things which cause more harm than good: but rather, if they had them not, would have prayed to obtain them. And often in a short space of time they change their tone, and wish their old prayers unsaid. Wherefore also I suspect that men are entirely wrong when they blame the gods as the authors of the ills which befall them (compare Republic): ‘their own presumption,’ or folly (whichever is the right word) —

‘Has brought these unmeasured woes upon them.’ (Homer. *Odyss.*)

He must have been a wise poet, Alcibiades, who, seeing as I believe, his friends foolishly praying for and doing things which would not

really profit them, offered up a common prayer in behalf of them all:

‘King Zeus, grant us good whether prayed for or unsought by us; But that which we ask amiss, do thou avert.’ (The author of these lines, which are probably of Pythagorean origin, is unknown. They are found also in the Anthology (Anth. Pal.).)

In my opinion, I say, the poet spoke both well and prudently; but if you have anything to say in answer to him, speak out.

ALCIBIADES: It is difficult, Socrates, to oppose what has been well said. And I perceive how many are the ills of which ignorance is the cause, since, as would appear, through ignorance we not only do, but what is worse, pray for the greatest evils. No man would imagine that he would do so; he would rather suppose that he was quite capable of praying for what was best: to call down evils seems more like a curse than a prayer.

SOCRATES: But perhaps, my good friend, some one who is wiser than either you or I will say that we have no right to blame ignorance thus rashly, unless we can add what ignorance we mean and of what, and also to whom and how it is respectively a good or an evil?

ALCIBIADES: How do you mean? Can ignorance possibly be better than knowledge for any person in any conceivable case?

SOCRATES: So I believe: — you do not think so?

ALCIBIADES: Certainly not.

SOCRATES: And yet surely I may not suppose that you would ever wish to act towards your mother as they say that Orestes and Alcmeon and others have done towards their parent.

ALCIBIADES: Good words, Socrates, prithee.

SOCRATES: You ought not to bid him use auspicious words, who says that you would not be willing to commit so horrible a deed, but rather him who affirms the contrary, if the act appear to you unfit

even to be mentioned. Or do you think that Orestes, had he been in his senses and knew what was best for him to do, would ever have dared to venture on such a crime?

ALCIBIADES: Certainly not.

SOCRATES: Nor would any one else, I fancy?

ALCIBIADES: No.

SOCRATES: That ignorance is bad then, it would appear, which is of the best and does not know what is best?

ALCIBIADES: So I think, at least.

SOCRATES: And both to the person who is ignorant and everybody else?

ALCIBIADES: Yes.

SOCRATES: Let us take another case. Suppose that you were suddenly to get into your head that it would be a good thing to kill Pericles, your kinsman and guardian, and were to seize a sword and, going to the doors of his house, were to enquire if he were at home, meaning to slay only him and no one else: — the servants reply, ‘Yes’: (Mind, I do not mean that you would really do such a thing; but there is nothing, you think, to prevent a man who is ignorant of the best, having occasionally the whim that what is worst is best?

ALCIBIADES: No.)

SOCRATES: — If, then, you went indoors, and seeing him, did not know him, but thought that he was some one else, would you venture to slay him?

ALCIBIADES: Most decidedly not (it seems to me). (These words are omitted in several MSS.)

SOCRATES: For you designed to kill, not the first who offered, but Pericles himself?

ALCIBIADES: Certainly.

SOCRATES: And if you made many attempts, and each time failed to recognize Pericles, you would never attack him?

ALCIBIADES: Never.

SOCRATES: Well, but if Orestes in like manner had not known his mother, do you think that he would ever have laid hands upon her?

ALCIBIADES: No.

SOCRATES: He did not intend to slay the first woman he came across, nor any one else's mother, but only his own?

ALCIBIADES: True.

SOCRATES: Ignorance, then, is better for those who are in such a frame of mind, and have such ideas?

ALCIBIADES: Obviously.

SOCRATES: You acknowledge that for some persons in certain cases the ignorance of some things is a good and not an evil, as you formerly supposed?

ALCIBIADES: I do.

SOCRATES: And there is still another case which will also perhaps appear strange to you, if you will consider it? (The reading is here uncertain.)

ALCIBIADES: What is that, Socrates?

SOCRATES: It may be, in short, that the possession of all the sciences, if unaccompanied by the knowledge of the best, will more often than not injure the possessor. Consider the matter thus: — Must we not, when we intend either to do or say anything, suppose that we know or ought to know that which we propose so confidently to do or say?

ALCIBIADES: Yes, in my opinion.

SOCRATES: We may take the orators for an example, who from time to time advise us about war and peace, or the building of walls and the construction of harbours, whether they understand the business in hand, or only think that they do. Whatever the city, in a word, does to another city, or in the management of her own affairs, all happens by the counsel of the orators.

ALCIBIADES: True.

SOCRATES: But now see what follows, if I can (make it clear to you). (Some words appear to have dropped out here.) You would distinguish the wise from the foolish?

ALCIBIADES: Yes.

SOCRATES: The many are foolish, the few wise?

ALCIBIADES: Certainly.

SOCRATES: And you use both the terms, 'wise' and 'foolish,' in reference to something?

ALCIBIADES: I do.

SOCRATES: Would you call a person wise who can give advice, but does not know whether or when it is better to carry out the advice?

ALCIBIADES: Decidedly not.

SOCRATES: Nor again, I suppose, a person who knows the art of war, but does not know whether it is better to go to war or for how long?

ALCIBIADES: No.

SOCRATES: Nor, once more, a person who knows how to kill another or to take away his property or to drive him from his native land, but not when it is better to do so or for whom it is better?

ALCIBIADES: Certainly not.

SOCRATES: But he who understands anything of the kind and has at

the same time the knowledge of the best course of action: — and the best and the useful are surely the same? —

ALCIBIADES: Yes.

SOCRATES: — Such an one, I say, we should call wise and a useful adviser both of himself and of the city. What do you think?

ALCIBIADES: I agree.

SOCRATES: And if any one knows how to ride or to shoot with the bow or to box or to wrestle, or to engage in any other sort of contest or to do anything whatever which is in the nature of an art, — what do you call him who knows what is best according to that art? Do you not speak of one who knows what is best in riding as a good rider?

ALCIBIADES: Yes.

SOCRATES: And in a similar way you speak of a good boxer or a good flute-player or a good performer in any other art?

ALCIBIADES: True.

SOCRATES: But is it necessary that the man who is clever in any of these arts should be wise also in general? Or is there a difference between the clever artist and the wise man?

ALCIBIADES: All the difference in the world.

SOCRATES: And what sort of a state do you think that would be which was composed of good archers and flute-players and athletes and masters in other arts, and besides them of those others about whom we spoke, who knew how to go to war and how to kill, as well as of orators puffed up with political pride, but in which not one of them all had this knowledge of the best, and there was no one who could tell when it was better to apply any of these arts or in regard to whom?

ALCIBIADES: I should call such a state bad, Socrates.

SOCRATES: You certainly would when you saw each of them rivalling the other and esteeming that of the greatest importance in the state,

‘Wherein he himself most excelled.’ (Euripides, *Antiope*.) — I mean that which was best in any art, while he was entirely ignorant of what was best for himself and for the state, because, as I think, he trusts to opinion which is devoid of intelligence. In such a case should we not be right if we said that the state would be full of anarchy and lawlessness?

ALCIBIADES: Decidedly.

SOCRATES: But ought we not then, think you, either to fancy that we know or really to know, what we confidently propose to do or say?

ALCIBIADES: Yes.

SOCRATES: And if a person does that which he knows or supposes that he knows, and the result is beneficial, he will act advantageously both for himself and for the state?

ALCIBIADES: True.

SOCRATES: And if he do the contrary, both he and the state will suffer?

ALCIBIADES: Yes.

SOCRATES: Well, and are you of the same mind, as before?

ALCIBIADES: I am.

SOCRATES: But were you not saying that you would call the many unwise and the few wise?

ALCIBIADES: I was.

SOCRATES: And have we not come back to our old assertion that the many fail to obtain the best because they trust to opinion which is

devoid of intelligence?

ALCIBIADES: That is the case.

SOCRATES: It is good, then, for the many, if they particularly desire to do that which they know or suppose that they know, neither to know nor to suppose that they know, in cases where if they carry out their ideas in action they will be losers rather than gainers?

ALCIBIADES: What you say is very true.

SOCRATES: Do you not see that I was really speaking the truth when I affirmed that the possession of any other kind of knowledge was more likely to injure than to benefit the possessor, unless he had also the knowledge of the best?

ALCIBIADES: I do now, if I did not before, Socrates.

SOCRATES: The state or the soul, therefore, which wishes to have a right existence must hold firmly to this knowledge, just as the sick man clings to the physician, or the passenger depends for safety on the pilot. And if the soul does not set sail until she have obtained this she will be all the safer in the voyage through life. But when she rushes in pursuit of wealth or bodily strength or anything else, not having the knowledge of the best, so much the more is she likely to meet with misfortune. And he who has the love of learning (Or, reading polumatheian, 'abundant learning.'), and is skilful in many arts, and does not possess the knowledge of the best, but is under some other guidance, will make, as he deserves, a sorry voyage: — he will, I believe, hurry through the brief space of human life, pilotless in mid-ocean, and the words will apply to him in which the poet blamed his enemy: —

'...Full many a thing he knew; But knew them all badly.' (A fragment from the pseudo-Homeric poem, 'Margites.')

ALCIBIADES: How in the world, Socrates, do the words of the poet apply to him? They seem to me to have no bearing on the point whatever.

SOCRATES: Quite the contrary, my sweet friend: only the poet is talking in riddles after the fashion of his tribe. For all poetry has by nature an enigmatical character, and it is by no means everybody who can interpret it. And if, moreover, the spirit of poetry happen to seize on a man who is of a begrudging temper and does not care to manifest his wisdom but keeps it to himself as far as he can, it does indeed require an almost superhuman wisdom to discover what the poet would be at. You surely do not suppose that Homer, the wisest and most divine of poets, was unaware of the impossibility of knowing a thing badly: for it was no less a person than he who said of Margites that 'he knew many things, but knew them all badly.' The solution of the riddle is this, I imagine: — By 'badly' Homer meant 'bad' and 'knew' stands for 'to know.' Put the words together; — the metre will suffer, but the poet's meaning is clear; — 'Margites knew all these things, but it was bad for him to know them.' And, obviously, if it was bad for him to know so many things, he must have been a good-for-nothing, unless the argument has played us false.

ALCIBIADES: But I do not think that it has, Socrates: at least, if the argument is fallacious, it would be difficult for me to find another which I could trust.

SOCRATES: And you are right in thinking so.

ALCIBIADES: Well, that is my opinion.

SOCRATES: But tell me, by Heaven: — you must see now the nature and greatness of the difficulty in which you, like others, have your part. For you change about in all directions, and never come to rest anywhere: what you once most strongly inclined to suppose, you put aside again and quite alter your mind. If the God to whose shrine you are going should appear at this moment, and ask before you made your prayer, 'Whether you would desire to have one of the things which we mentioned at first, or whether he should leave you to make your own request:' — what in either case, think you, would be the best way to take advantage of the opportunity?

ALCIBIADES: Indeed, Socrates, I could not answer you without consideration. It seems to me to be a wild thing (The Homeric word *margos* is said to be here employed in allusion to the quotation from the 'Margites' which Socrates has just made; but it is not used in the sense which it has in Homer.) to make such a request; a man must be very careful lest he pray for evil under the idea that he is asking for good, when shortly after he may have to recall his prayer, and, as you were saying, demand the opposite of what he at first requested.

SOCRATES: And was not the poet whose words I originally quoted wiser than we are, when he bade us (pray God) to defend us from evil even though we asked for it?

ALCIBIADES: I believe that you are right.

SOCRATES: The Lacedaemonians, too, whether from admiration of the poet or because they have discovered the idea for themselves, are wont to offer the prayer alike in public and private, that the Gods will give unto them the beautiful as well as the good: — no one is likely to hear them make any further petition. And yet up to the present time they have not been less fortunate than other men; or if they have sometimes met with misfortune, the fault has not been due to their prayer. For surely, as I conceive, the Gods have power either to grant our requests, or to send us the contrary of what we ask.

And now I will relate to you a story which I have heard from certain of our elders. It chanced that when the Athenians and Lacedaemonians were at war, our city lost every battle by land and sea and never gained a victory. The Athenians being annoyed and perplexed how to find a remedy for their troubles, decided to send and enquire at the shrine of Ammon. Their envoys were also to ask, 'Why the Gods always granted the victory to the Lacedaemonians?' 'We,' (they were to say,) 'offer them more and finer sacrifices than any other Hellenic state, and adorn their temples with gifts, as nobody else does; moreover, we make the most solemn and costly processions to them every year, and spend more money in their service than all the rest of the Hellenes put together. But the Lacedaemonians take no thought of such matters, and pay so little

respect to the Gods that they have a habit of sacrificing blemished animals to them, and in various ways are less zealous than we are, although their wealth is quite equal to ours.' When they had thus spoken, and had made their request to know what remedy they could find against the evils which troubled them, the prophet made no direct answer, — clearly because he was not allowed by the God to do so; — but he summoned them to him and said: 'Thus saith Ammon to the Athenians: "The silent worship of the Lacedaemonians pleaseth me better than all the offerings of the other Hellenes."' Such were the words of the God, and nothing more. He seems to have meant by 'silent worship' the prayer of the Lacedaemonians, which is indeed widely different from the usual requests of the Hellenes. For they either bring to the altar bulls with gilded horns or make offerings to the Gods, and beg at random for what they need, good or bad. When, therefore, the Gods hear them using words of ill omen they reject these costly processions and sacrifices of theirs. And we ought, I think, to be very careful and consider well what we should say and what leave unsaid. Homer, too, will furnish us with similar stories. For he tells us how the Trojans in making their encampment,

'Offered up whole hecatombs to the immortals,'

and how the 'sweet savour' was borne 'to the heavens by the winds;

'But the blessed Gods were averse and received it not.

For exceedingly did they hate the holy Ilium,

Both Priam and the people of the spear-skilled king.'

So that it was in vain for them to sacrifice and offer gifts, seeing that they were hateful to the Gods, who are not, like vile usurers, to be gained over by bribes. And it is foolish for us to boast that we are superior to the Lacedaemonians by reason of our much worship. The idea is inconceivable that the Gods have regard, not to the justice and purity of our souls, but to costly processions and sacrifices, which men may celebrate year after year, although they have committed innumerable crimes against the Gods or against their fellow-men or

the state. For the Gods, as Ammon and his prophet declare, are no receivers of gifts, and they scorn such unworthy service. Wherefore also it would seem that wisdom and justice are especially honoured both by the Gods and by men of sense; and they are the wisest and most just who know how to speak and act towards Gods and men. But I should like to hear what your opinion is about these matters.

ALCIBIADES: I agree, Socrates, with you and with the God, whom, indeed, it would be unbecoming for me to oppose.

SOCRATES: Do you not remember saying that you were in great perplexity, lest perchance you should ask for evil, supposing that you were asking for good?

ALCIBIADES: I do.

SOCRATES: You see, then, that there is a risk in your approaching the God in prayer, lest haply he should refuse your sacrifice when he hears the blasphemy which you utter, and make you partake of other evils as well. The wisest plan, therefore, seems to me that you should keep silence; for your ‘highmindedness’ — to use the mildest term which men apply to folly — will most likely prevent you from using the prayer of the Lacedaemonians. You had better wait until we find out how we should behave towards the Gods and towards men.

ALCIBIADES: And how long must I wait, Socrates, and who will be my teacher? I should be very glad to see the man.

SOCRATES: It is he who takes an especial interest in you. But first of all, I think, the darkness must be taken away in which your soul is now enveloped, just as Athene in Homer removes the mist from the eyes of Diomedes that

‘He may distinguish between God and mortal man.’

Afterwards the means may be given to you whereby you may distinguish between good and evil. At present, I fear, this is beyond your power.

ALCIBIADES: Only let my instructor take away the impediment,

whether it pleases him to call it mist or anything else! I care not who he is; but I am resolved to disobey none of his commands, if I am likely to be the better for them.

SOCRATES: And surely he has a wondrous care for you.

ALCIBIADES: It seems to be altogether advisable to put off the sacrifice until he is found.

SOCRATES: You are right: that will be safer than running such a tremendous risk.

ALCIBIADES: But how shall we manage, Socrates? — At any rate I will set this crown of mine upon your head, as you have given me such excellent advice, and to the Gods we will offer crowns and perform the other customary rites when I see that day approaching: nor will it be long hence, if they so will.

SOCRATES: I accept your gift, and shall be ready and willing to receive whatever else you may proffer. Euripides makes Creon say in the play, when he beholds Teiresias with his crown and hears that he has gained it by his skill as the first-fruits of the spoil: —

‘An auspicious omen I deem thy victor’s wreath: For well thou knowest that wave and storm oppress us.’

And so I count your gift to be a token of good-fortune; for I am in no less stress than Creon, and would fain carry off the victory over your lovers.

HIPPARCHUS

Translated by W.R.M. Lamb

Stylistically, this dialogue has many similarities to the *Minos*, which is also considered to be a spurious text. The primary aim of the dialogue is an attempt to define greed. A friend of Socrates argues that greed is a desire to profit from things of no value, but Socrates replies that no sensible man attempts to profit from worthless things, but inasfar as greed is a desire for profit, then it is a desire for the good, and thus everyone is greedy. The friend of Socrates thinks there is something wrong with Socrates' argument, but cannot say what is wrong with it.

HIPPARCHUS.

PERSONS OF THE DIALOGUE:

Socrates and Friend

Socrates

And what is love of gain? What can it be, and who are the lovers of gain?

Friend

In my opinion, they are those who think it worth while to make gain out of things of no worth.

Socrates

Is it your opinion that they know those things to be of no worth, or do not know? For if they do not know, you mean that the lovers of gain are fools.

Friend

No, I do not mean they are fools, but rascals who wickedly yield to gain, because they know that the things out of which they dare to make their gain are worthless, [225b] and yet they dare to be lovers of gain from mere shamelessness.

Socrates

Well now, do you mean by the lover of gain such a man, for instance, as a farmer who plants something which he knows is a worthless herb, and thinks fit to make gain out of it when he has reared it up? Is that the sort of man you mean?

Friend

The lover of gain, as such, Socrates, thinks he ought to make gain from everything.

Socrates

Please do not speak so recklessly, as though you had been wronged by someone, but give me your attention and answer just as you

would if I were beginning my questions over again. Do you not admit that the lover of gain has knowledge of the worth of the thing from which he thinks it worth while to make gain?

Friend

I do.

Socrates

Then who has knowledge of the worth of plants, and of the sort of season and soil in which they are worth planting — if we too may throw in one of those artful phrases¹ which adroit pleaders use to trick out their speeches in the law courts? [225d]

Friend

For my part, I should say a farmer.

Socrates

And by “think it worth while to make gain” do you mean aught but “thinking one ought to make gain”?

Friend

I mean that.

Socrates

Then do not attempt to deceive me, who am now quite an elderly person, [226a] and you so young, by making, as you did just now, an answer that is not even your own thought; but tell me in all truth, do you suppose that any man who was taking up farming and who knew it was a worthless plant that he was planting, could think to make gain from it?

Friend

Upon my word, I do not.

Socrates

Or again, take a horseman who knows that he is providing worthless food for his horse; do you suppose he is unaware that he is destroying his horse?

Friend

I do not. [226b]

Socrates

So he does not think to make gain from that worthless food.

Friend

No.

Socrates

Or again, take a navigator who has furnished his ship with worthless spars and ropes; do you think he is unaware that he will suffer for it, and will be in danger of being lost himself, and of losing the ship and all her cargo?

Friend

I do not.

Socrates

So he does not think to make gain from [226c] that worthless tackle?

Friend

No, indeed.

Socrates

But does a general, who knows that his army has worthless arms, think to make gain, or think it worth while to make gain, from them?

Friend

By no means.

Socrates

Or does a flute-player who has worthless flutes, or a harper with a lyre, a bowman with a bow, or anyone else at all, in short, among ordinary craftsmen or sensible men in general, with any implement or other equipment of any sort that is worthless, think to make gain from it? [226d]

Friend

To all appearance, no.

Socrates

Then whoever can they be, your lovers of gain? For I presume they are not the people whom we have successively mentioned, but people who know their worthless things, and yet think they are to make gain from them. But in that case, by what you say, remarkable sir, no man alive is a lover of gain

Friend

Well, Socrates, I should like to call those lovers of gain who from insatiable greed consumedly long for things that are even quite petty and of little or no worth, [226e] and so love gain, in each case.

Socrates

Not knowing, of course, my excellent friend, that the things are worthless; for we have already convinced ourselves by our argument that this is impossible.

Friend

I agree.

Socrates

And if not knowing this, clearly they are ignorant of it, but think that those worthless things are worth a great deal.

Friend

Apparently.

Socrates

Now, of course lovers of gain must love gain?

Friend

Yes.

Socrates

And by gain you mean the opposite of loss? [227a]

Friend

I do.

Socrates

And is it a good thing for anyone to suffer loss?

Friend
For no one.

Socrates
Rather an evil?

Friend
Yes.

Socrates
So mankind are harmed by loss.

Friend
They are harmed.

Socrates
Then loss is an evil.

Friend
Yes.

Socrates
And gain is the opposite of loss.

Friend
The opposite.

Socrates
So that gain is a good.

Friend
Yes.

Socrates
Hence it is those who love the good that you call lovers of gain.

Friend
So it seems. [227b]

Socrates
At least there is nothing mad, my friend, about lovers of gain, as you

describe them. But tell me, do you yourself love, or not love, whatever is good?

Friend
I love it.

Socrates
And is there anything good that you do not love, or must it then be evil?

Friend
Upon my word, nothing.

Socrates
In fact, I expect you love all good things.

Friend
Yes.

Socrates
Well now, ask me on my side whether I do not likewise: for I shall agree with you, for my part, that I love good things. But besides you and me, do you not think that all the rest of mankind [227c] love good things, and hate evil things?

Friend
It appears so to me.

Socrates
And we admitted that gain is good?

Friend
Yes.

Socrates
On this new showing, everyone appears to be a lover of gain; whereas, by our former way of arguing, no one was a lover of gain. So on which of the two arguments are we to rely, in order to avoid error?

Friend

What has to be done, I think, Socrates, is to conceive the lover of gain rightly. The right view of the lover of gain is that he is one who concerns himself with, [227d] and thinks fit to make gain from, things from which honest men do not dare to make gain.

Socrates

But you see, my sweet sir, we have just admitted that making gain is being benefited.

Friend

Well, what of that?

Socrates

There is the further point we have admitted in addition to this — that all men wish for good things always.

Friend

Yes.

Socrates

Then good men likewise wish to have all gains, if these are good things. [227e]

Friend

Not those gains from which they are bound, Socrates, to suffer harm.

Socrates

By “suffer harm” do you mean “suffer loss,” or something else?

Friend

No, I mean just “suffer loss.”

Socrates

Well, do men suffer loss from gain or from loss?

Friend

From both; for they suffer loss from loss and from wicked gain.

Socrates

Pray now, do you consider that any useful and good thing is wicked?

Friend

I do not. [228a]

Socrates

And we admitted a little while ago that gain is the opposite of loss, which is an evil.

Friend

I agree.

Socrates

And that, being the opposite of an evil, it is good?

Friend

That was our admission.

Socrates

So you see, you are attempting to deceive me, for you deliberately contradict what we agreed to just now.

Friend

No, on my honor, Socrates; on the contrary, it is you who are deceiving me, by twisting this way and that so perplexingly in your talk. [228b]

Socrates

Hush, hush! Why, surely it would be wrong of me not to obey a good and wise person.

Friend

Who is that? And to what are you referring now?

Socrates

I mean my and your fellow-citizen, Pisistratus's son Hipparchus, of Philaidae, who was the eldest and wisest of Pisistratus's sons, and who, among the many goodly proofs of wisdom that he showed, first brought the poems of Homer into this country of ours, and compelled the rhapsodes at the Panathenaea to recite them in relay, one man following on another, as [228c] they still do now. He dispatched a fifty-oared galley for Anacreon of Teos, and brought him into our

city. Simonides of Ceos he always had about him, prevailing on him by plenteous fees and gifts. All this he did from a wish to educate the citizens, in order that he might have subjects of the highest excellence; for he thought it not right to grudge wisdom to any, so noble and good was he. And when his people in the city had been educated and were admiring him for his wisdom, [228d] he proceeded next, with the design of educating those of the countryside, to set up figures of Hermes for them along the roads in the midst of the city and every district town; and then, after selecting from his own wise lore, both learnt from others and discovered for himself, the things that he considered the wisest, he threw these into elegiac form and inscribed them on the figures as verses of his own and testimonies of his wisdom, so that in the first place [228e] his people should not admire those wise Delphic legends of ““Know thyself”” and ““Nothing overmuch””, and the other sayings of the sort, but should rather regard as wise the utterances of Hipparchus; and that in the second place, through passing up and down and reading his words and acquiring a taste for his wisdom, they might resort hither from the country for the completion of their education. There are two such inscriptions of his: on the left side [229a] of each Hermes there is one in which the god says that he stands in the midst of the city or the township, while on the right side he says:”The memorial of Hipparchus: walk with just intent.

“There are many other fine inscriptions from his poems on other figures of Hermes, and this one in particular, on the Steiria² road, in which he says: [229b] “The memorial of Hipparchus: deceive not a friend.

“I therefore should never dare, I am sure, to deceive you, who are my friend, or disobey the great Hipparchus, after whose death the Athenians were for three years under the despotic rule of his brother Hippias, and you might have heard anyone of the earlier period say that it was only in these years that there was despotism in Athens,³ and that at all other times the Athenians lived very much as in the reign of Cronos. And the subtler sort of people say [229c] that Hipparchus’s death was due, not to the cause supposed by most — the disqualification of the assassin’s sister from bearing the basket,⁴ for that is a silly motive — but because Harmodius had become the

favorite of Aristogeiton and had been educated by him. Thus Aristogeiton also prided himself on educating people, and he regarded Hipparchus as a dangerous rival. And at that time, it is said, Harmodius [229d] happened to be himself in love with one of the handsome and well-born youths of the day; they do tell his name, but I cannot remember it. Well, for a while this youth admired both Harmodius and Aristogeiton as wise men, but afterwards, when he associated with Hipparchus, he despised them, and they were so overcome with the pain of this “disqualification” that they slew Hipparchus.⁵

Friend

It would seem, then, Socrates, either that you do not regard me as your friend, or if you do, that you do not obey Hipparchus. [229e] For that you are not deceiving me — though I cannot tell how you contrive it — in your talk, is more than I can believe.

Socrates

Well now, as though we were playing draughts, I am willing to let you revoke, as you please, anything you have said in carrying on the discussion, in order that you may not think you are being deceived. So tell me, shall I revoke for you the statement that all men desire good things?

Friend

No, thank you.

Socrates

Well, that suffering loss, or loss, is an evil?

Friend

No, thank you.

Socrates

Well, that gain, or making gain, is the opposite of loss, or suffering loss? [230a]

Friend

Nor that either.

Socrates

Well, that making gain, as the opposite of evil, is a good?

Friend

Nothing of all this do I bid you revoke for me.

Socrates

You think, then, it seems, that some gain is good, and some evil.

Friend

I do.

Socrates

Well then, I revoke so much for you; so let us assume that some gain is good, and some other gain evil. But the good sort is no more gain than the evil sort, is it?

Friend

What do you mean by this question?

Socrates

I will explain. Is there both good and evil food? [230b]

Friend

Yes.

Socrates

And is the one sort more food than the other, or are they both similarly this same thing, food, and in this respect does the one differ no wise from the other, in being food, but only in the fact of the one being good and the other evil?

Friend

Yes.

Socrates

And so with drink and every other class of things that exist, when some things in any class come to be good, and others evil, one thing does not differ from another in that respect whereby they are the same? For instance, [230c] one man, I suppose, is virtuous, and

another wicked.

Friend

Yes.

Socrates

But neither of them, I conceive, is more or less man than the other — neither the virtuous than the wicked, nor the wicked than the virtuous.

Friend

What you say is true.

Socrates

Then are we to take the same view of gain also, that both the wicked and the virtuous sort are similarly gain?

Friend

Necessarily.

Socrates

So he who has virtuous gain is no whit the more a gainer than he who has wicked gain: neither sort [230d] is found to be more gain, as we agree.

Friend

Yes.

Socrates

For neither of them has addition of either more or less.

Friend

No, indeed.

Socrates

And how could one do or suffer anything more or less with a thing of this sort, that had neither of these additions?

Friend

Impossible.

Socrates

Since, therefore, both of these are gains and gain-making affairs, we must now consider what it can be that leads you to call both of them gain: [230e] what is it that you see to be the same in both? Suppose you were to ask me, in those instances that I gave just now, what it is that leads me to call both good food and evil food alike food, I should tell you — for this reason, because both are a dry sustenance of the body. For that, I am sure you would agree, is what food is, would you not?

Friend

I would.

Socrates

And so too about drink the answer would be on the same lines, that the wet sustenance of the body, [231a] whether it be wholesome or pernicious, has this name of drink; and likewise with the rest. Try therefore on your part to imitate my method of answering. When you say that virtuous gain and wicked gain are both gain, what is it that you see to be the same in them, judging it to be the actual element of gain? And if again you are yourself unable to answer, just let me put it for your consideration, whether you describe as gain every acquisition that one has acquired either with no expense, or as a profit over and above one's expense. [231b]

Friend

I believe that is what I call gain.

Socrates

Do you include a case where, after enjoying a banquet at which one has had much good cheer without any expense, one acquires an illness?

Friend

Upon my word, not I.

Socrates

And if one acquired health from attending a banquet, would one acquire gain or loss?

Friend
Gain.

Socrates
Hence gain is not just acquiring any acquisition.

Friend
No, indeed.

Socrates
Do you mean, not if it is evil? Or will one acquire no gain even if one acquires something good?

Friend
Apparently one will, if it is good. [231c]

Socrates
And if it is evil, will not one acquire loss?

Friend
I think so.

Socrates
You see, then, how you are running round again to the same old point? Gain is found to be good, and loss evil.

Friend
For my part, I cannot tell what to say.

Socrates
And not without good reason, sir. Now answer this further question: you say that if one acquires more than the amount one has spent, it is gain?

Friend
I do not mean, when it is evil, but if one gets more gold or silver than one has spent.

Socrates
Now, I am just going to ask you about that. Tell me, [231d] if one spends half a pound of gold and gets double that weight in silver, has

one got gain or loss?

Friend

Loss, I presume, Socrates for one's gold is reduced to twice, instead of twelve times, the value of silver.

Socrates

But you see, one has got more; or is double not more than half?

Friend

Not in worth, the one being silver and the other gold.

Socrates

So gain, it seems, must have this addition of worth. At least, you now say that silver, though more than gold, is not worth as much, and that gold, though less, is of equal worth. [231e]

Friend

Assuredly, for that is the case.

Socrates

Then the valuable is what produces gain, whether it be small or great, and the valueless produces no gain.

Friend

Yes.

Socrates

And by the valuable you mean simply, valuable to possess?

Friend

Yes, to possess.

Socrates

And again, by what is valuable to possess, do you mean the unprofitable or the profitable?

Friend

The profitable, I presume.

Socrates

And the profitable is good?

Friend

Yes. [232a]

Socrates

And so, most valiant of men, have we not here once more, for the third or fourth time, the admission that what produces gain is good?

Friend

So it seems.

Socrates

Then do you remember the point from which this discussion of ours arose?

Friend

I think I do.

Socrates

In case you do not, I will remind you. You maintained against me that good men do not wish to make all sorts of gain, but only those gains that are good, and not those that are wicked.

Friend

Yes. [232b]

Socrates

And now the argument has compelled us to acknowledge that all gains, both small and great, are good?

Friend

Yes, it has compelled me, at least, Socrates, rather than persuaded me.

Socrates

Well, later on, perhaps, it might also persuade you. Now, however, whether you are persuaded or whatever is your feeling, you at least agree with me that all gains are good, both small and great ones.

Friend

Yes, I do admit it.

Socrates

And you admit that virtuous men all wish for all good things, do you not?

Friend

I do. [232c]

Socrates

But, you know, you stated yourself that wicked men love both small and great gains.

Friend

I did.

Socrates

And so, by your account, all men will be lovers of gain, whether they be virtuous or wicked.

Friend

Apparently.

Socrates

Hence it is not right to reproach anybody with being a lover of gain: for he who makes this reproach is actually such an one himself.

THE RIVAL LOVERS

Translated by W.R.M. Lamb

This dialogue was included in the traditional listing of Plato's works, though its authenticity has often been doubted. The Greek title *Erastai* is the plural form of the term *erastēs*, which refers to the older partner in a pederastic relationship. Since in Classical Greek terms such a relationship consists of an *erastēs* and an *erōmenos*, the title *Lovers*, sometimes used for this dialogue, makes sense only if understood in the technical sense of *lover* versus *beloved* but is misleading if taken to refer to two people in a love relationship.

The rival *erastai* of the title are a devotee of wrestling and athletics, who censors philosophy as shameful nonsense, and a young man who cultivates art. As the dialogue opens, they are quarrelling, at a grammarian's school in the presence of the boy they love and of other boys and young men, over the question whether philosophy is noble and admirable. Socrates soon enters the quarrel, questioning the censorship of philosophy.

Pederast couples at a symposium, as depicted on a fresco in Paestum, Italy

THE RIVAL LOVERS.

SOCRATES

I entered the grammar school of the teacher Dionysius, and saw there the young men who are accounted the most comely in form and of distinguished family, and their lovers. Now it chanced that two of the young people were disputing, but about what, I did not clearly overhear: it appeared, however, that they were disputing either about Anaxagoras¹ or about Oenopides²; at any rate, they appeared to be drawing circles, [132b] and they were imitating certain inclinations³ with their arms, bending to it and taking it most earnestly. Then I — for I was sitting beside the lover of one of the pair — nudged him with my elbow and asked him what on earth the two youngsters were so earnest about, and I said: Is it then something great and fine, in which they are so earnestly immersed?

Great and fine, indeed! he replied: why, these fellows are prating about the heavenly bodies, and babbling philosophy. [132c] Then I, surprised at his answer, said: Young man, do you consider philosophizing to be shameful? Else, why do you speak so sharply?

Then the other youth — for he chanced to be sitting near him, as his rival in love — when he heard my question and his rival's answer, said: You do yourself no good, Socrates, by pressing this fellow with a further question, as to whether he considers philosophizing to be shameful. Do you not know that he has spent the whole of his life in practising the neckhold, and stuffing himself, and sleeping? So why did you suppose he would make any other reply than that philosophy is shameful? [132d] Now this one of the two lovers had spent his time on humane studies,⁴ whereas the other, whom he was abusing, had spent his on athletics. So I decided that I had best relinquish the other, whom I had been questioning, since he did not even himself set up to be experienced in words, but only in deeds; and that I should interrogate the one who set up to be wiser, in order that so far as I was able I might get some benefit from him. I said therefore: I addressed my question to both in common; but if you think you could answer more creditably than he, I put the same question to you as I did to him: do you consider philosophizing to be

honorable or not? [133a] Then the two striplings, overhearing us speak somewhat like this, were silent, and ceasing from their own contention they became listeners to ours. What their lovers' sensations were, I do not know, but I myself, at any rate, was staggered; for every time I am staggered by handsome young people. It seemed to me, however, that my young friend too was in as great a flutter as myself; but nevertheless he answered me in a most ambitious spirit: Why, of course, Socrates, he said, if I should ever consider philosophizing to be shameful, I should not account myself so much as a man, [133b] nor anyone else either who was disposed to think so. Here he pointed to his rival lover, and spoke with a loud voice, in order that his favorite might hear every word.

Then I remarked: So philosophizing seems to you to be honorable?

Quite so, he said.

Well now, I said; does it seem to you possible to know whether anything is honorable or shameful without knowing what it is fundamentally?

No, he said. [133c] Then do you know, I went on, what philosophizing is?

Certainly I do, said he.

Then what is it? I asked.

Why, just what Solon called it; you know it was Solon who said: "And ever, as I older grow, I learn yet more and more; "*Solon Fr. 18* — and I agree with him that a man who intends to philosophize should in this way be ever learning something or other, whether he be younger or older, in order that he may learn as many things as possible in his life. Now at first I felt there was something in his reply, but then, on second thoughts, I asked him whether he considered philosophy to be much learning. [133d] To which he answered: Certainly.

And do you consider philosophy to be merely honorable, I asked, or good as well?

Good as well, he said: very much so.

Then do you observe this as peculiar to philosophy, or do you find it similarly in everything else? For example, do you consider the love of athletics to be not merely honorable, but good as well, or do you

not?

Whereupon he, most slily, gave a double answer: To him my statement must be “neither” ; but to you, Socrates, I acknowledge it to be both honorable and good: [133e] for I consider this the right view.

Then I asked him: Well now, in athletics, do you consider that much exercise is love of athletics?

To which he replied: Certainly, just as in philosophizing I consider much learning to be philosophy.

Then I said: And do you then consider that the lovers of athletics desire anything else than that which will cause them to be in good bodily condition?

Only that, he replied.

And does much exercise, I asked, cause them to be in good bodily condition? [134a] Yes, for how, he replied, could one be in good bodily condition through little exercise?

Here I felt it was time to stir up the lover of athletics, in order that he might give me the support of his athletic experience; so I proceeded to ask him: And you then, pray, why are you silent, excellent sir, while your friend here is speaking thus? Do you agree that men are in good bodily condition through much exercise, or is it rather through moderate exercise?

For my part, Socrates, he said, I thought even a pig — [134b] as the saying is — would have known that moderate exercise causes them to be in good bodily condition, so why should not a fellow who is sleepless and unfed, with unchafed neck and slender, care-worn frame! And when he had said this the boys were delighted and laughed their approval, while the other lover blushed.

Then I said to him: Well, do you now concede that it is neither much, nor little, but moderate exercise that causes men to be in good bodily condition? Or do you bid defiance to the two of us on this point? [134c] To which he answered: Against him I should be only too glad to fight it out, and I am certain I should prove able to support the theory I have put forward, even had I put forward a weaker one; for he is naught. But with you I do not aim at winning an unscrupulous success; and so I admit that not a great but a moderate amount of athletics causes good condition in men.

And what of food? Moderate or much? I asked.

The same applied to food, he admitted. [134d] Then I went on and tried to compel him also to admit that everything else connected with the body when most beneficial, was the moderate thing, not the much or the little; and he admitted that it was the moderate thing.

And now, I said, as regards the soul; are moderate or immoderate things beneficial, as adjuncts of it?

Moderate things, he replied.

And are studies among the adjuncts of the soul?

He admitted they were.

So among these also it is the moderate that are beneficial, and not the much?

He agreed.

Then whom should we be justified in asking what sort of exercise or food is moderate for the body?

The three of us agreed that it must be a doctor or a trainer. [134e] And whom should we ask about the moderate measure in the sowing of seed?

In that matter, we agreed, it must be a farmer.

And whom should we be justified in asking as to the moderate degree and kind, in regard to the sowing and planting of studies in the soul?

At this point we all began to be full of perplexity; [135a] then I, mocking at them, asked: Do you mind, since we are in perplexity, if we ask these boys here? or perhaps we are ashamed, as Homer⁵ said the suitors were, and do not think it fit there should be someone else who will string the bow?

Then, as it seemed to me that they were losing their zeal for the argument, I tried to pursue the inquiry in another way, and said: But what, as nearly as we can guess, are the kinds of learning which the philosopher should learn, since he is not to learn all things or many things? [135b] At this the wiser one interjected: The finest and most suitable kinds of learning are those which will bring him the most reputation for philosophy; and he will get most reputation if he appears well versed in all the arts, or if not in all, in as many of them, and those the most considerable, as he can, by learning so much of them as befits a free man to learn, that is, what belongs to the

understanding rather than the handiwork of each.

Well now, do you mean, I asked, in the same way as in carpentry? For there, you know, you can buy a carpenter for five [135c] or six minae,⁶ but a first-rate architect cannot be got for even ten thousand drachmae; few such, indeed, could be found throughout the whole of Greece. Is it something of this sort that you mean? When he heard me say this, he admitted that something like this was what he himself meant.

I next asked him if it was not impossible for the same person to learn in this way merely two of the arts, not to speak of many or the principal ones; to which he replied: Do not conceive me, Socrates, [135d] to be stating that the philosopher must have accurate knowledge of each of the arts, like the actual adept in any of them; I mean only so far as may be expected of a free and educated man: that is, he should be able to follow the explanations of the craftsman more readily than the rest of the company, and to contribute an opinion of his own which will make him appear the cleverest and most accomplished of the company who may at any time be present at some verbal or practical exposition of the arts.

Then, as I was still unsettled in my mind as to the drift of his words, I asked him: Do I quite grasp the sort of man whom you mean by the philosopher? [135e] For you seem to me to mean someone like the all-round athletes⁷ in contest with the runners or the wrestlers: the former yield, you know, to the latter in their particular exercises, and are their inferiors in these, but are superior to the usual sort of athletes and beat them. I daresay it may be something of this sort that you would suggest as the effect produced by philosophy on those who make it their pursuit: they yield to those who are first-rate [136a] in an understanding of the arts, but in taking the second place they surpass the rest; and in this way the man who has studied philosophy comes just next to the top in everything. That is the kind of person whom you appear to me to indicate.

You are quite right, it seems to me, Socrates, he said, in your conception of the philosopher's position, with your comparison of him to the all-round athlete. For it is precisely his nature not to be enslaved to any business, or to work out anything exactly, so as to let his application to that one matter make him deficient in the rest,

[136b] as the craftsmen do, but to have a moderate contact with all of them.

Well, after this answer I was eager to know clearly what he meant, so I inquired of him whether he conceived of good men as useful or useless.

Useful, I should say, Socrates, he replied.

Then if good men are useful, are wicked men useless?

He agreed that they were.

Again, do you consider that philosophers are useful persons or not? [136c] He agreed that they were useful; nay, more, that he considered they were most useful of all.

Come now, let us make out, if what you say is true, where these second-best men are also useful to us: for clearly the philosopher is inferior to any particular adept in the arts.

He agreed.

Well now, I went on, if you yourself, or one of your friends for whom you feel great concern, should have fallen sick, would you fetch that second-best man into the house with a view to obtaining health, or would you summon a doctor? [136d] For my part, I should have both, he replied.

Please do not say “both,” I said, but which of the two you would prefer and also summon first.

No one, he replied, would make any question but that the doctor should be preferred and also summoned first.

And again, if you were in a ship that was making rough weather, to which would you rather entrust yourself and yours, the pilot or the philosopher?

I should choose the pilot.

And so it will be in everything else: so long as there is some craftsman, the philosopher will not be useful?

Apparently, he replied. [136e] So now we find that the philosopher is a useless person? For I suppose we always have craftsmen; and we have agreed that good men are useful, and bad ones useless.

He was obliged to agree to this.

Then what follows? Am I to ask you, or will it be too ill-mannered?

Ask whatever you please.

Well, my aim, I said, is merely to recall our agreements upon [137a] what has been stated. The matter stands somewhat like this. We agreed that philosophy is an honorable thing, and that philosophers are good; and that good men are useful, and wicked men useless: but then again we agreed that philosophers, so long as we have craftsmen, are useless, and that we always do have craftsmen. Has not all this been agreed?

Yes, to be sure, he replied.

Then we agreed, it seems, by your account — if philosophizing means having knowledge of the arts in the way you describe — that philosophers are wicked and useless so long as there are arts [137b] among mankind. But I expect they are not so really, my friend, and that philosophizing is not just having a concernment in the arts or spending one's life in meddlesome stooping and prying and accumulation of learning, but something else; because I imagined that this life was actually a disgrace, and that people who concerned themselves with the arts were called sordid.⁸ But we shall know more definitely whether this statement of mine is true, if you will answer me this: What men know how to punish horses rightly? [137c] Is it those who make them into the best horses, or some other men?

Those who make them into the best horses.

Or again, is it not the men who know how to make dogs into the best dogs that know also how to punish them rightly?

Yes.

Then it is the same art that makes them into the best dogs and punishes them rightly?

It appears so to me, he replied.

Again, is the art that makes them into the best ones and punishes them rightly the same as that which knows the good and the bad ones, or is it some other?

The same, he said.

Then in the case of men also will you be prepared to agree that the art [137d] which makes them into the best men is that which punishes them rightly and distinguishes the good and the bad ones?

Certainly, he said.

And that which does this to one, does it also to many, and that

which does it to many, does it also to one?

Yes.

And so it is also with horses and everything else?

I agree.

Then what is the knowledge which rightly punishes the licentious and law-breaking people in our cities? Is it not judicature?

Yes.

And is it any other art than this that you call justice?

No, only this. [137e] And that whereby they punish rightly is that whereby they know the good and bad people?

It is.

And whoever knows one will know many also?

Yes.

And whoever does not know many will not know one?

I agree.

Then if one were a horse, and did not know the good and wicked horses, would one not know which sort one was oneself?

I think not.

And if one were an ox and did not know the wicked and good oxen, would one not know which sort one was oneself?

That is so, he said.

And so it would be, if one were a dog?

He agreed. [138a] Well now, when one is a man, and does not know the good and bad men, one surely cannot know whether one is good or wicked oneself, since one is a man also oneself?

He granted this.

And is “not knowing oneself” being temperate,⁹ or not being temperate?

Not being temperate.

So “knowing oneself” is being temperate?

I agree, he said.

So this is the message, it seems, of the Delphic inscription — that one is to practise temperance and justice.

It seems so.

And it is by this same art that we know also how to punish rightly?

Yes.

Then that whereby we know how to punish rightly [138b] is justice, and that whereby we know how to distinguish our own and others' quality is temperance?

It seems so, he said.

Then justice and temperance are the same thing?

Apparently.

And further, it is thus, you know, that cities are well ordered — when the wrongdoers pay the penalty.

That is true, he said.

Hence this is also statecraft.

He concurred.

Again, when one man governs a city rightly, is he not called a despot and king?

I agree.

And he governs by a kingly and despotic art?

That is so.

And these arts are the same as the former?

Apparently. [138c] Again, when a man singly governs a house aright, what is he called? Is he not a house-manager and master?

Yes.

Then would he also govern his house well by justice, or by some other art?

By justice.

Hence they are all the same, it seems, — king, despot, statesman, house-manager, master, and the temperate man and the just man; and it is all one art, — the kingly, the despotic, the statesman's, the master's, the house-manager's, and justice and temperance.

It is so, apparently, he said. [138d] Then, if it is disgraceful in the philosopher to be unable, when a doctor speaks about the sick, either to follow his remarks or to contribute anything of his own to what is being said or done, and to be in the same case when any other of the craftsmen speaks, is it not disgraceful that he should be unable, when it is a judge or a king or some other of the persons whom we have just instanced, either to follow their words or contribute anything to their business?

It must indeed be disgraceful, Socrates, to have nothing to contribute to subjects of such great importance! [138e] Are we then

to say, I asked, that in these matters also he is to be an all-round athlete, a second-rate man, taking the second place in all the subjects of this art — he, the philosopher — and is to be useless so long as there is one of these persons; or that, first of all, he is to entrust his own house to nobody else and is not to take the second place in it, but is himself to judge and punish rightly, if his house is to be well managed?

He granted me that it must be so.

Secondly, I presume, whether his friends entrust him with an arbitration, or the state charges him to determine [139a] or judge any matter, it is disgraceful for him, my good friend, in such cases, to be found in the second or third place, and not to lead?

I agree.

Hence we see, my excellent sir, that philosophizing is very far from being much learning and that affair of busying oneself with the arts.

On my saying this the cultivated youth was silent, feeling ashamed for what he had said before, while the unlearned one said it was as I stated; and the rest of the company praised the argument.

THEAGES

Translated by W.R.M. Lamb

In this spurious dialogue, Demodocus introduces his son Theages to Socrates for the first time, and they discuss Socrates' divine inner voice. Four separate cases are described in which Socrates received a premonition from the gods, but in each case the advice was ignored with disastrous consequences. Socrates is also presented as having a divine power which has a magical effect on his pupils, but which disappears when they abandon him to pursue other interests.

THEAGES.

PERSONS OF THE DIALOGUE:

Demodocus, Socrates, Theages

Demodocus

Socrates, I was wanting to have some private talk with you, if you had time to spare; even if there is some demand, which is not particularly important, on your time, do spare some, nevertheless, for me.

Socrates

Why, in any case I happen to have time to spare, and for you, moreover, I have plenty. Well, you are free to say whatever you wish.

Demodocus

Then do you mind if we step aside here from the street into the portico of Zeus the Liberator¹?

Socrates

As you think best. [121b]

Demodocus

Let us go, then. Socrates, it would seem that all growths follow the same course, both those that grow from the earth, and the animals, including man. In regard to the plants, as you know, we who cultivate the earth find it the easiest part of our work to make all our preparations that are needed before planting, and to do the planting itself; but when the plant begins to grow, thenceforward we have a great deal of difficult and vexatious business in tending the new growth. [121c] Such, it seems, is also the case in regard to men: I take my own concerns as evidence for judging of the rest. For indeed I have found the planting, or the procreation — whichever one ought to call it — of this son of mine the easiest thing in the world; but his upbringing has been vexatious and a constant source of alarm, so great are my fears for him. Among the many instances that I could mention, the desire which occupies him at the moment is a thing that

especially alarms me: for it is not an ill-bred desire, but a dangerous one, since here we have him, Socrates, as he says, desiring to become wise. [121d] My opinion is that some of his fellow-townsmen, about his own age, who pay visits to the city, excite him with accounts of certain discussions they have heard there; and in his envy of these he has long been pestering me with the demand that I should take due thought for his needs, and pay fees to some sophist or other who will make him wise. Now I do not mind so much about the fees, but I believe he is running into no slight danger [122a] where he is hastening. I did for a time restrain him with good advice; but since I am no longer able to do so, I believe my best course is to comply with his request, in order that he may not resort, perchance, behind my back to somebody who will corrupt him. So I have come now on this very business of placing this youth with one of these sophists, or purveyors of wisdom, as they are held to be. It is a happy chance, therefore, that has thrown you in our way, as I should be particularly glad, with this plan of action in my mind, to ask your advice. Come, if you have any advice to give [122b] on what you have heard from me, you not only may, but should, give it.

Socrates

Well, you know, Demodocus, they do say that advice is a holy thing.² And so, if ever it is to be accounted holy, it must be in this instance, in which you now seek it. For there is no more divine matter on which a mortal could take counsel than the education either [122c] of himself or of his relations. Now, first of all, let you and me come to an agreement as to what we suppose that this thing can be, on which we are taking counsel; for it may happen that I conceive it to be one thing, and you another, and then when we have proceeded some little way in our conference, we may perceive how ridiculous we are, I the adviser and you the advised, in having no common ground in our notions.

Demodocus

Why, I think you are right there, Socrates, and we should do as you suggest.

Socrates

Yes, I am right, but yet not entirely, because I have a slight change to make. For it occurs to me that [122d] this youngster may not be desiring the thing that we suppose him to desire, but something else, and there again we may be still more absurdly taking counsel on some other thing. Hence our most proper course, it seems to me, is to begin with the youth himself, and inquire of him what it actually is that he desires.

Demodocus

It does rather look, in fact, as though our best way would be thus, as you suggest.

Socrates

Then tell me, what is the young person's goodly name: how are we to address him?

Demodocus

Theages is his name, Socrates. [122e]

Socrates

Goodly is the name, Demodocus, and holy-sounding,³ that you have bestowed on your son. Tell me, then, Theages, do you say you desire to become wise, and do you require your father here to find out a school of some man who is qualified to make you wise?

Theages

Yes.

Socrates

And which sort of man do you call wise, those who have knowledge of such and such a thing, whatever it may be, or those who have not?

Theages

Those who have knowledge, I say.

Socrates

Well now, has not your father taught and educated you in the subjects which form the education of everyone else here — all the sons of noble and honorable fathers — in letters, I mean, and harping and wrestling and the other sorts of contest? [123a]

Theages
Yes, he has.

Socrates
And you think you are still lacking in some knowledge which it behoves your father to provide for you?

Theages
I do

Socrates
What knowledge is it? Tell us on our side, that we may oblige you.

Theages
He knows it, as well as I, Socrates, since I have often told him; only he says this to you of set purpose, making as if he did not know what I desire. For he assails me too with other statements of the same sort, and refuses to place me with any instructor. [123b]

Socrates
Well, what you said to him before was spoken, as it were, without witnesses; but now you shall take me as a witness, and declare before me what is this wisdom that you desire. Come now; suppose you desired the wisdom whereby men steer a ship, and I happened to put this further question to you: Theages, what wisdom is it that you lack, when you blame your father for refusing to place you with people who would enable you to become wise? What answer would you have given me? What wisdom would you name? The steersman's art, would you not?

Theages
Yes. [123c]

Socrates
And if a desire to be wise in the wisdom whereby they steer chariots led you to blame your father, and I asked what wisdom this was, what would you name in reply? The charioteer's art, would you not?

Theages
Yes.

Socrates

And is that which you happen to be desiring now a nameless one, or has it a name?

Theages

I should say it has a name.

Socrates

Now do you know it, though not its name, or do you know its name as well?

Theages

I know its name as well.

Socrates

Then what is it? Tell me. [123d]

Theages

What other name, Socrates, can one give it but wisdom?

Socrates

And the driver's art too is wisdom? Or do you think it is ignorance?

Theages

I do not.

Socrates

You call it wisdom?

Theages

Yes.

Socrates

What use do we make of it? Is it not the art whereby we know how to govern a team of horses?

Theages

Yes.

Socrates

And the steersman's art too is wisdom?

Theages
I think so.

Socrates
Is not this the art whereby we know how to govern ships?

Theages
Yes, it is.

Socrates
And the wisdom that you so desire, what is it? [123e] That whereby we know how to govern whom?

Theages
To govern men, I imagine.

Socrates
Sick men, do you mean?

Theages
Oh, no.

Socrates
For that is medicine, is it not?

Theages
Yes.

Socrates
Well, that whereby we know how to govern the singers in a chorus?

Theages
No.

Socrates
For that is music?

Theages
To be sure.

Socrates

Well, that whereby we know how to govern men in gymnastic training?

Theages

No.

Socrates

For that is gymnastics?

Theages

Yes.

Socrates

Well, to govern people who do what? Endeavor your best to speak, as I did to you at the beginning. [124a]

Theages

To govern the people in the city, I imagine.

Socrates

And are the sick people also in the city?

Theages

Yes, but I mean not these only, but all the rest who are in the city besides.

Socrates

Do I understand what art it is that you mean? For you strike me as meaning, not that whereby we know how to govern reapers and harvesters and planters and sowers and threshers, for it is the farmer's art whereby we govern these, is it not?

Theages

Yes. [124b]

Socrates

Nor, I suppose, do you mean that whereby we know how to govern sawyers and borers and planers and turners, as a class together; for is not that carpentry?

Theages

Yes.

Socrates

But perhaps it is that whereby we govern, not only all these, but farmers themselves also, and carpenters, and all craftsmen and ordinary people, whether men or women: that, perhaps, is the wisdom you mean.

Theages

That, Socrates, is what I have been intending to mean all the time.
[124c]

Socrates

Then can you tell me whether Aegisthus, who slew Agamemnon in Argos, governed all these people that you mean craftsmen and ordinary people, both men and women, or some other persons?

Theages

No, just those.

Socrates

Well now, did not Peleus, son of Aeacus, govern these same people in Phthia?

Theages

Yes.

Socrates

And have you ever heard of Periander, son of Cypselus, and how he governed at Corinth?

Theages

I have.

Socrates

Did he not govern these same people in his city? [124d]

Theages

Yes.

Socrates

Or again, do you not consider that Archelaus, son of Perdiccas, who governed recently in Macedonia, governed these same people?

Theages

I do.

Socrates

And who do you think were governed by Hippias, son of Peisistratus, who governed in this city? Were they not these people ?

Theages

To be sure they were.

Socrates

Now, can you tell me what appellation is given to Bacis and Sibyl and our native Amphilytus?⁴

Theages

Why, soothsayers, of course, Socrates. [124e]

Socrates

That is correct. But try to answer me in that way regarding those others — Hippias and Periander: what appellation is given them on account of their government?

Theages

Despots, I suppose; it must be that.

Socrates

And when a man desires to govern the whole of the people in his city, he desires the same government as those did — despotism, and to be a despot?

Theages

Apparently.

Socrates

And it is this that you say you desire?

Theages

It seems so, from what I have said. [125a]

Socrates

You scoundrel! So you were desiring to govern us, all the time that you were blaming your father for not sending you to some seminary of despots! And you, Demodocus, are you not ashamed of having known all the time what he is desiring, and though you could have sent him where you would have made him an expert in the wisdom which he desires, actually grudging it to him and refusing to send him? But now, look here, as he has declared against you in my presence, shall you and I consult together on the question of whose school we shall send him to, and whose classes will help him to become a wise despot? [125b]

Demodocus

Yes, in faith, Socrates, let us certainly consult, as I feel this is a matter on which no slight counsel is needed.

Socrates

By and by, my good sir. Let us first cross-examine him thoroughly.

Demodocus

Examine him then.

Socrates

Well now, what if we called in Euripides to our aid, Theages? For you know Euripides says: "Despots are wise by converse with the wise.

"*Soph. Fr. 14.1*⁵ Now, if someone should ask Euripides: Euripides, in what [125c] are these men wise, by whose converse you say that despots are wise? I mean, suppose he had said: "Farmers are wise by converse with the wise,

"and we had asked him, — Wise in what? — what answer would he have given us? Surely none other than, — In farming.

Theages

That, and none other.

Socrates

Or again, if he had said: "Piemen are wise by converse with the wise, "and we had asked him, Wise in what? — what answer would he

have given us? He would have said, — In the pie-making business, — would he not?

Theages

Yes.

Socrates

Or again, if he had said”Wrestlers are wise by converse with the wise,

“and we had asked him, Wise in what? — would he not reply, — [125d] In wrestling?

Theages

Yes.

Socrates

But as he said:”Despots are wise by converse with the wise,

“? *Soph. Fr. 14.1* and we ask him, — In what do you mean that the latter are wise, Euripides? — what will he reply? What sort of subjects will he mention here?

Theages

Why, upon my word, I for my part do not know.

Socrates

Well, do you mind if I tell you?

Theages

If you do not mind.

Socrates

They are the same subjects that Anacreon said Callicrite understood; or do you not know the ode?⁶

Theages

I do.

Socrates

Well then, do you desire to partake in some instruction of that sort from any man [125e] who is a fellow-craftsman of Callicrite,

daughter of Cyane, and knows all about despotism as she did, according to the poet, in order that you may become a despot over us and our city?

Theages

You are joking all this time, Socrates, and making fun of me.

Socrates

Why, do you not say that you desire that wisdom which will enable you to govern all the citizens? And in doing that, will you be anything else but a despot ?

Theages

I should indeed pray, I imagine, that I might become a despot, [126a] if possible, over all men, and failing that, over as many as might be; so would you, I imagine, and everybody else besides: nay, even more, I daresay, that I might become a god; but I did not say I desired that.

Socrates

Well, what on earth then is it that you do desire? Do you not say you desire to govern the citizens?

Theages

Yes, but not by force, or as despots do, but with their consent, as is done by all the other men of importance in the state.

Socrates

Do you mean, as by Themistocles and Pericles and Cimon, and by all those who have shown themselves able statesmen?

Theages

Yes, in good earnest, I mean those people. [126b]

Socrates

Then what if you chanced to desire to become wise in horsemanship? To whom would you have had to resort before expecting to be a clever horseman? To whom else but the horse-masters?

Theages

To none else, I am sure.

Socrates

And moreover, you would go to the actual men who are clever at the business, and who have horses and constantly use them in great numbers, both their own and other people's?

Theages

Obviously I should.

Socrates

And what if you wished to become wise in javelin-throwing? Would you not expect to get this wisdom by having resorted to those javelin-masters who have javelins and who constantly use javelins, [126c] both other people's and their own, in great numbers?

Theages

I think so.

Socrates

Then pray tell me, since it is your wish to become wise in state-matters, do you expect to get your wisdom by resorting to any other persons than those statesmen, who not only have their own ability in state-matters, but have constant dealings with other cities besides their own, by their intercourse alike with Greek cities and with foreign peoples? Or do you think to get wisdom in their business by resorting to any other persons than these particular men? [126d]

Theages

Well, Socrates, I have heard of the argument that you are said to put forward — that the sons of those statesmen are no better men than the sons of shoemakers⁷; and in my opinion your words are very true, from what I am able to gather. Hence I should be an utter fool if I supposed that any of these men would impart his wisdom to me when he never was of any use to his own son, as he would have been, if he were able to be of use in this matter to anyone at all in the world.

Socrates

Then which way, most excellent sir, would you turn if, when you came to have a son, he should trouble you in the same manner, [126e] and tell you he desired to become a good painter, and should blame you, his father, for refusing to spend money on him for that very purpose, but at the same time should disregard the practitioners of that very thing, the painters, and decline to learn from them? Or the flute-players, when he wished to become a flute-player, or the harp-players? Would you know what to do with him, and where else you should send him if he refused to learn from these?

Theages

Upon my word, I should not. [127a]

Socrates

And do you now, when you are behaving in just the same way to your father, feel surprised and blame him for being at a loss what to do with you and where to send you? Why, we are ready to place you with any well-bred Athenian statesman you may choose, who will train you free of charge⁸; and so not only will you be at no expense of money, but will gain far greater commendation amongst the mass of men than if you studied with anyone else.

Theages

But then, Socrates, are not you too one of our well-bred gentlemen? Indeed, if you will agree to instruct me, I am content and seek no other. [127b]

Socrates

What do you mean by that, Theages?

Demodocus

Nay, Socrates, there is nothing amiss in what he says, and you will oblige me at the same time; for I should count it the greatest possible stroke of luck if he should welcome your instruction and you also should consent to instruct him. Nay, indeed, I am quite ashamed to say how keenly I wish it; but I entreat you both — you, to consent to teach Theages, and you, to seek the teaching of no one else than Socrates; you will thus relieve me [127c] of a harassing load of

anxiety. For just now I am sorely afraid of his falling in with some other person who is likely to corrupt him.

Theages

Have no more fears for me now, father, so long as you are able to persuade him to receive me as his pupil.

Demodocus

Very rightly spoken. Socrates, from now onward we must address ourselves to you; for I am ready, in short, to place both myself and all that I hold dearest of what is mine in your hands — whatever you may require, [127d] absolutely — if you will open your arms to Theages here, and do him any service that you can.

Socrates

Demodocus, your zeal is no wonder to me, if you suppose that I especially could be of use to him; for I know of nothing for which a sensible man could be more zealous than for his own son's utmost improvement. But how you came to form this opinion, that I would be better able to be of use to your son in his aim of becoming a good citizen than you would yourself, and how he came to suppose that I rather than yourself would be of use to him — this does fill me with wonder. For you, [127e] in the first place, are my elder, and further, you have held in your time many of the highest offices in Athens, and are respected by the people of Anagyrus⁹ above all your fellow-townsmen, and by the whole state as much as any man, whereas neither of you can notice anything like this about me. And moreover, if Theages here does despise the instruction of our statesmen, and is looking for some other persons who profess to be able to educate young people, we have here Prodicus of Ceos, Gorgias of Leontini, Polus of Acragas, [128a] and many more, who are so wise that they go to our cities and persuade the noblest and wealthiest of our young men — who have the choice of learning from any citizen they choose, free of charge — they persuade them to abandon that instruction and learn from them, with a deposit, besides, of a large sum of money as their fee, and to feel thankful in addition. Some of these persons might naturally have been chosen both by your son and by yourself, in preference to me; [128b] for I have no knowledge of

those fair and beatific subjects of study: I only wish that I had. But what I always say, you know, is that I am in the position of knowing practically nothing except one little subject, that of love-matters. In this subject, however, I claim to be skilled above anybody who has ever lived or is now living in the world.

Theages

Do you see, father? Socrates does not seem to me to be at all willing now to spend his time on me; for there is readiness enough on my part, [128c] if he is willing. But he is only jesting in what he has just told us. For I know of some of my equals in age, and some a little older, who were of no account before they learnt from him, but after beginning to learn from him have in a very short time proved themselves superior to all whose inferiors they were before.

Socrates

And do you know what the meaning of it is, son of Demodocus?

Theages

Yes, on my soul, I do — that, if it be your pleasure, I too shall be able to become such as those others are. [128d]

Socrates

No, good sir, the meaning of it escapes you; but I will tell it you. There is something spiritual which, by a divine dispensation, has accompanied me from my childhood up. It is a voice that, when it occurs, always indicates to me a prohibition of something I may be about to do, but never urges me on to anything; and if one of my friends consults me and the voice occurs, the same thing happens: it prohibits, and does not allow him to act. And I will produce witnesses to convince you of these facts. You know our Charmides here, who has grown so handsome, the son of Glaucon: [128e] he once happened to be consulting me on his intention of training for the Nemean races, and he had no sooner begun to say that he intended to train than the voice occurred, and I tried to prevent him, saying— “Just as you were speaking my spirit-voice has occurred: no, you must not train.” “Perhaps,” said he, “it indicates to you that I shall not win; but even if I am not to win, at any rate the exercise I

shall get in the meantime will do me good.” So saying, he went and trained; and so you may as well inquire of him [129a] as to the results he got from his training. Or if you like, ask Cleitomachus, brother of Timarchus, what Timarchus said to him when he was going straight to the prison to meet his death, he and Euathlus the racing runner, who had harbored Timarchus as a fugitive; for he will tell you that the words he spoke to him were these:

Theages

What?

Socrates

“Cleitomachus,” he said, “I tell you I am going to my death now, because I would not take Socrates’ advice.” Now, why on earth did Timarchus say that? I will tell you. When Timarchus and Philemon, [129b] son of Philemonides, got up from the wine-party to kill Nicias, son of Heroscamandrus, those two alone had knowledge of the plot; and Timarchus, as he got up, said to me: “What say you, Socrates? Go on drinking, all of you; I have to get up and go somewhere, but I will join you a little later, if I get the chance.” Then occurred that voice of mine, and I said to him: “No, no, do not get up; for my accustomed spiritual sign has occurred to me.” [129c] So he stopped. Then after an interval of time he again started to go, and said: “Well, I am going, Socrates.” Again the voice occurred, and so again I constrained him to stop. The third time, wishing to give me the slip, he got up without saying another word to me; he gave me the slip by watching until my attention was turned elsewhere. Thus it was that he went right off and committed the deed which was the cause of his going then to his death. And hence it was that he spoke those words to his brother which I quoted to you just now, that he was going to his death because he had not taken my advice. [129d] And moreover, in regard to the Sicilian business,¹⁰ many will tell you what I said about the destruction of the army. As to bygonēs, you may hear from those who know: but there is an opportunity now of testing the worth of what the sign says. For as the handsome Sannio was setting out on campaign, the sign occurred to me, and he has gone now with Thrasyllus on an expedition bound for Ephesus and

Ionia.¹¹ I accordingly expect him to be either killed or brought very near it, and I have great fears for our force as a whole. [129e]

Now I have told you all this, because this spiritual power that attends me also exerts itself to the full in my intercourse with those who spend their time with me. To many, indeed, it is adverse, and it is not possible for these to get any good by conversing with me, and I am therefore unable to spend my time in conversing with them. And there are many with whom it does not prohibit my intercourse, yet the intercourse does them no good. But those who are assisted in their intercourse by that spiritual power are the persons whom you have noticed; for they make rapid progress there and then. And of these, again, who make progress some find the benefit [130a] both solid and enduring; while there are many who, for as long a time as they are with me, make wonderful progress, but when they are parted from me relapse, and are no different from anybody else. This once befell Aristeides,¹² son of Lysimachus, son of Aristeides. For by conversing with me he had made immense progress in a little time; and then he had to go on an expedition, and he went and sailed away. On his return he found that Thucydides, son of Melesias, son of Thucydides, had been conversing with me. Now Thucydides, the day before, had quarrelled with me [130b] over some arguments we had had. So when Aristeides saw me, after greeting me and talking of other affairs, he said: "But Thucydides, I hear, Socrates, is somewhat on his dignity with you, and is annoyed as though he were somebody. "Yes, that is so," I replied. "Well, but does he not know," he said, "what a sad slave he was, before he associated with you?" "It seems not," I replied, "upon my soul." "But indeed I myself also," he said, "am in a ridiculous position, [130c] Socrates." "How exactly?" I asked. "Because," he replied, "before I sailed away, I was able to discuss things with anybody, and show myself inferior to none in argument, so that I even sought out the debates of the most accomplished people: but now, on the contrary, I shun them, wherever I notice there is anyone of education, so ashamed I am of my own ineptitude." "Tell me," I said, "did this power forsake you of a sudden, or little by little?" "Little by little," he replied. "And when it was present with you," I asked, [130d] "was it present through

your having learnt something from me, or in some other way?" "I will tell you, Socrates," he said, "what is incredible, upon my soul, yet true. For I never yet learnt anything from you, as you know yourself: but I made progress, whenever I was with you, if I was merely in the same house, without being in the same room, but more progress, when I was in the same room. And it seemed to me to be much more when I was in the same room and looked at you as you were speaking, than when [130e] I turned my eyes elsewhere: but my progress was far the greatest and most marked whenever I sat beside you and held and touched you. Now, however," he said, "that condition has all oozed away."

Such then, Theages, is the intercourse you would have with me: if God so wills, you will make very great and rapid progress, but otherwise, you will not. Consider, therefore, if it is not safer for you to be educated by one of those persons who have command themselves of the benefit which they bestow on mankind, rather than follow the course on which you may chance with me. [131a]

Theages

Well then, I decide, Socrates, that our plan shall be to make trial of that spiritual sign by associating with each other. Thus, if it leaves us free, that will be best of all; if it does not, it will be time then for us to consider, at the moment, what we shall do — whether we shall associate with someone else, or try to conciliate the divine sign itself that occurs to you with prayers and sacrifices and anything else that the seers may indicate.

Demodocus

In view of this, Socrates, say no more in opposition to the lad; for Theages is right in what he says.

Socrates

Well, if you consider that this is what we ought to do, let us do it.

MINOS

Translated by W.R.M. Lamb

This spurious dialogue features Socrates and a nameless companion. It begins with Socrates asking his companion, “What is the law for us?” It then proceeds to examine the nature of law before praising Minos, the mythical king of Crete and an ancient enemy of Athens. Socrates defends an extraordinary definition of law as that which “wishes to be the discovery of what is,” as opposed to the companion’s more common-sense understanding that law is the decreed “official opinion” of a city. The culminating praise of Minos seems part of Socrates’ intention to liberate the companion from loyalty to Athens and its opinions.

Minos, the mythical king of Crete

MINOS.

PERSONS OF THE DIALOGUE:

Socrates and Companion

Socrates

Tell me, what is law?

Companion

To what kind of law does your question refer?

Socrates

What! Is there any difference between law and law, in this particular point of being law? For just consider what is the actual question I am putting to you. It is as though I had asked, what is gold: if you had asked me in the same manner, to what kind of gold I refer, I think your question would have been incorrect. For I presume there is no difference between gold and gold, [313b] or between stone and stone, in point of being gold or stone; and so neither does law differ at all from law, I suppose, but they are all the same thing. For each of them is law alike, not one more so, and another less. That is the particular point of my question — what is law as a whole? So if you are ready, tell me.

Companion

Well, what else should law be, Socrates, but things loyally accepted?¹

Socrates

And so speech, you think, is the things that are spoken, or sight the things seen, or hearing the things heard? Or is speech [313c] something distinct from the things spoken, sight something distinct from the things seen, and hearing something distinct from the things heard; and so law is something distinct from things loyally accepted? Is this so, or what is your view?

Companion

I find it now to be something distinct.

Socrates

Then law is not things loyally accepted.

Companion

I think not.

Socrates

Now what can law be? Let us consider it in this way. Suppose someone had asked us about what was stated just now: [314a] Since you say it is by sight that things seen are seen, what is this sight whereby they are seen? Our answer to him would have been: That sensation which shows objects by means of the eyes. And if he had asked us again: Well then, since it is by hearing that things heard are heard, what is hearing? Our answer to him would have been: That sensation which shows us sounds by means of the ears. In the same way then, suppose he should also ask us: Since it is by law that loyally accepted things are so accepted, what is this law whereby they are so accepted? [314b] Is it some sensation or showing, as when things learnt are learnt by knowledge showing them, or some discovery, as when things discovered are discovered — for instance, the causes of health and sickness by medicine, or the designs of the gods, as the prophets say, by prophecy; for art is surely our discovery of things, is it not?

Companion

Certainly.

Socrates

Then what thing especially of this sort shall we surmise law to be?

Companion

Our resolutions and decrees, I imagine: for how else can one describe law? [314c] So that apparently the whole thing, law, as you put it in your question, is a city's resolution.

Socrates

State opinion, it seems, is what you call law.

Companion

I do.

Socrates

And perhaps you are right: but I fancy we shall get a better knowledge in this way. You call some men wise?

Companion

I do.

Socrates

And the wise are wise by wisdom?

Companion

Yes.

Socrates

And again, the just are just by justice?

Companion

Certainly.

Socrates

And so the law-abiding are law-abiding by law? [314d]

Companion

Yes.

Socrates

And the lawless are lawless by lawlessness?

Companion

Yes.

Socrates

And the law-abiding are just?

Companion

Yes.

Socrates

And the lawless are unjust?

Companion
Unjust.

Socrates
And justice and law are most noble?

Companion
That is so.

Socrates
And injustice and lawlessness most base?

Companion
Yes.

Socrates
And the former preserve cities and everything else, while the latter destroy and overturn them?

Companion
Yes.

Socrates
Hence we must regard law as something noble, and seek after it as a good.

Companion
Undeniably.

Socrates
And we said that law is a city's resolution? [314e]

Companion
So we did.

Socrates
Well now, are not some resolutions good, and others evil?

Companion
Yes, to be sure.

Socrates

And, you know, law was not evil.

Companion

No, indeed.

Socrates

So it is not right to reply, in that simple fashion, that law is a city's resolution.

Companion

I agree that it is not.

Socrates

An evil resolution, you see, cannot properly be a law.

Companion

No, to be sure.

Socrates

But still, I am quite clear myself that law is some sort of opinion; and since it is not evil opinion, is it not manifest by this time that it is good opinion, granting that law is opinion?

Companion

Yes.

Socrates

But what is good opinion? Is it not true opinion?

Companion

Yes. [315a]

Socrates

And true opinion is discovery of reality?

Companion

Yes, it is.

Socrates

So law tends to be discovery of reality.

Companion

Then how is it, Socrates, if law is discovery of reality, that we do not use always the same laws on the same matters, if we have thus got realities discovered?

Socrates

Law tends none the less to be discovery of reality: but men, who do not use [315b] always the same laws, as we observe, are not always able to discover what the law is intent on — reality. For come now, let us see if from this point onward we can get it clear whether we use always the same laws or different ones at different times, and whether we all use the same, or some of us use some, and others others.

Companion

Why, that, Socrates, is no difficult matter to determine — that the same men do not use always the same laws, and also that different men use different ones. With us, for instance, human sacrifice is not legal, but unholy, [315c] whereas the Carthaginians perform it as a thing they account holy and legal, and that too when some of them sacrifice even their own sons to Cronos, as I daresay you yourself have heard. And not merely is it foreign peoples who use different laws from ours, but our neighbors in Lycaea² and the descendants of Athamas³ — you know their sacrifices, Greeks though they be. And as to ourselves too, you know, of course, from what you have heard yourself, the kind of laws we formerly used in regard to our dead, when we slaughtered sacred victims before [315d] the funeral procession, and engaged urn-women to collect the bones from the ashes. Then again, a yet earlier generation used to bury the dead where they were, in the house: but we do none of these things. One might give thousands of other instances; for there is ample means of proving that neither we copy ourselves nor mankind each other always in laws and customs.

Socrates

And it is no wonder, my excellent friend, if what you say is correct, and I have overlooked it. But if you continue to express your views after your own fashion in lengthy speeches, [315e] and I speak

likewise, we shall never come to any agreement, in my opinion: but if we study the matter jointly, we may perhaps concur. Well now, if you like, hold a joint inquiry with me by asking me questions; or if you prefer, by answering them.

Companion

Why, I am willing, Socrates, to answer anything you like.

Socrates

Come then, do you consider⁴ just things to be unjust and unjust things just, or just things to be just and unjust things unjust?

Companion

I consider just things to be just, and unjust things unjust. [316a]

Socrates

And are they so considered among all men elsewhere as they are here?

Companion

Yes.

Socrates

And among the Persians also?

Companion

Among the Persians also.

Socrates

Always, I presume?

Companion

Always.

Socrates

Are things that weigh more considered heavier here, and things that weigh less lighter, or the contrary?

Companion

No, those that weigh more are considered heavier, and those that weigh less lighter.

Socrates

And is it so in Carthage also, and in Lycaea?

Companion

Yes.

Socrates

Noble things, it would seem, are everywhere considered noble, [316b] and base things base; not base things noble or noble things base.

Companion

That is so.

Socrates

And thus, as a universal rule, realities, and not unrealities, are accepted as real, both among us and among all other men.

Companion

I agree.

Socrates

Then whoever fails to attain reality, fails to attain accepted law.

Companion

In your present way of putting it, Socrates, the same things appear to be accepted as lawful both by us and by the rest of the world, always: [316c] but when I reflect that we are continually changing our laws in all sorts of ways, I cannot bring myself to assent.

Socrates

Perhaps it is because you do not reflect that when we change our pieces at draughts they are the same pieces. But look at it, as I do, in this way. Have you in your time come across a treatise on healing the sick?

Companion

I have.

Socrates

Then do you know to what art such a treatise belongs?

Companion

I do: medicine.

Socrates

And you give the name of doctors to those who have knowledge of these matters?

Companion

Yes. [316d]

Socrates

Then do those who have knowledge accept the same views on the same things, or do they accept different views?

Companion

The same, in my opinion.

Socrates

Do Greeks only accept the same views as Greeks on what they know, or do foreigners also agree on these matters, both among themselves and with Greeks?

Companion

It is quite inevitable, I should say, that those who know should agree in accepting the same views, whether Greeks or foreigners.

Socrates

Well answered. And do they so always?

Companion

Yes, it is so always.

Socrates

And do doctors on their part, in their treatises on health, [316e] write what they accept as real?

Companion

Yes.

Socrates

Then these treatises of the doctors are medical, and medical laws.

Companion

Medical, to be sure.

Socrates

And are agricultural treatises likewise agricultural laws?

Companion

Yes.

Socrates

And whose are the treatises and accepted rules about garden-work?

Companion

Gardeners'.

Socrates

So these are our gardening laws.

Companion

Yes.

Socrates

Of people who know how to control gardens?

Companion

Certainly.

Socrates

And it is the gardeners who know.

Companion

Yes.

Socrates

And whose are the treatises and accepted rules about the confection of tasty dishes?

Companion

Cooks’.

Socrates

Then there are laws of cookery?

Companion

Of cookery.

Socrates

Of people who know, it would seem, how to control the confection of tasty dishes? [317a]

Companion

Yes.

Socrates

And it is the cooks, they say, who know?

Companion

Yes, it is they who know.

Socrates

Very well; and now, whose are the treatises and accepted rules about the government of a state? Of the people who know how to control states, are they not?

Companion

I agree.

Socrates

And is it anyone else than statesmen and royal persons⁵ who know?

Companion

It is they, to be sure.

Socrates

Then what people call “laws” are treatises of state, — [317b]
writings of kings and good men.

Companion

That is true.

Socrates

And must it not be that those who know will not write differently at different times on the same matters?

Companion

They will not.

Socrates

Nor will they ever change one set of accepted rules for another in respect of the same matters.

Companion

No, indeed.

Socrates

So if we see some persons anywhere doing this, shall we say that those who do so have knowledge, or have none?

Companion

That they have no knowledge.

Socrates

And again, whatever is right, we shall say is lawful for each person, whether in medicine or in cookery or in gardening?

Companion

Yes. [317c]

Socrates

And whatever is not right we shall decline to call lawful?

Companion

We shall decline.

Socrates

Then it becomes unlawful.

Companion

It must.

Socrates

And again, in writings about what is just and unjust, and generally about the government of a state and the proper way of governing it, that which is right is the king's law, but not so that which is not right, though it seems to be law to those who do not know; for it is unlawful.

Companion

Yes. [317d]

Socrates

Then we rightly admitted that law is discovery of reality.

Companion

So it appears.

Socrates

Now let us observe this further point about it. Who has knowledge of distributing⁶ seed over land?

Companion

A farmer.

Socrates

And does he distribute the suitable seed to each sort of land?

Companion

Yes.

Socrates

Then the farmer is a good apportioner of it, and his laws and distributions are right in this matter?

Companion

Yes.

Socrates

And who is a good apportioner of notes struck for a tune, skilled in distributing suitable notes, and who is it whose laws are right here?
[317e]

Companion

The flute-player and the harp-player.

Socrates

Then he who is the best lawyer in these matters is the best flute-player.

Companion

Yes.

Socrates

And who is most skilled in distributing food to human bodies? Is it not he who assigns suitable food?

Companion

Yes.

Socrates

Then his distributions and laws are best, and whoever is the best lawyer in this matter is also the best apportioner.

Companion

Certainly.

Socrates

Who is he?

Companion

A trainer. [318a]

Socrates

He is the best man to pasture⁷ the human herd of the body?⁸

Companion

Yes.

Socrates

And who is the best man to pasture a flock of sheep? What is his name?

Companion

A shepherd.

Socrates

Then the shepherd's laws are best for sheep.

Companion

Yes.

Socrates

And the herdsman's for oxen.

Companion

Yes.

Socrates

And whose laws are best for the souls of men? The king's, are they not? Say if you agree.

Companion

I do. [318b]

Socrates

Then you are quite right. Now can you tell me who, in former times, has proved himself a good lawgiver in regard to the laws of flute-playing? Perhaps you cannot think of him: would you like me to remind you?

Companion

Do by all means.

Socrates

Then is it Marsyas, by tradition, and his beloved Olympus, the Phrygian?

Companion

That is true.

Socrates

And their flute-tunes also are most divine, and alone stir and make manifest those who are in need of the gods;⁹ and to this day they only remain, as being divine. [318c]

Companion

That is so.

Socrates

And who by tradition has shown himself a good lawgiver among the ancient kings, so that to this day his ordinances remain, as being divine?

Companion

I cannot think.

Socrates

Do you not know which of the Greeks use the most ancient laws?

Companion

Do you mean the Spartans, and Lycurgus the lawgiver?

Socrates

Why, that is a matter, I daresay, of less than three hundred years ago, or but a little more. But whence is it that [318d] the best of those ordinances come? Do you know?

Companion

From Crete, so they say.

Socrates

Then the people there use the most ancient laws in Greece?

Companion

Yes.

Socrates

Then do you know who were their good kings? Minos and Rhadamanthus, the sons of Zeus and Europa; those laws were theirs.

Companion

Rhadamanthus, they do say, Socrates, was a just man; but Minos was a savage sort of person, harsh and unjust.

Socrates

Your tale, my excellent friend, is a fiction of Attic tragedy. [318e]

Companion

What! Is not this the tradition about Minos?

Socrates

Not in Homer and Hesiod; and yet they are more to be believed than all the tragedians together, from whom you heard your tale.

Companion

Well, and what, pray, is their tale about Minos?

Socrates

I will tell you, in order that you may not share the impiety of the multitude: for there cannot conceivably be anything more impious or more to be guarded against than being mistaken in word and deed with regard to the gods, and after them, with regard to divine men; you must take very great precaution, whenever you are about to [319a] blame or praise a man, so as not to speak incorrectly. For this reason you must learn to distinguish honest and dishonest men: for God feels resentment when one blames a man who is like himself, or praises a man who is the opposite; and the former is the good man. For you must not suppose that while stocks and stones and birds and snakes are sacred, men are not; nay, the good man is the most sacred of all these things, and the wicked man is the most defiled.

So if I now proceed to relate how Minos is eulogized by Homer [319b] and Hesiod, my purpose is to prevent you, a man sprung from a man, from making a mistake in regard to a hero who was the son of Zeus.¹⁰ For Homer, in telling of Crete that there were in it many men and “ninety cities,” says: “And amongst them is the mighty city of Cnossos, where Minos was king, having colloquy¹¹ with mighty Zeus in the ninth year.

“Hom. Od. 19.179 [319c] Now here in Homer we have a eulogy of Minos, briefly expressed, such as the poet never composed for a single one of the heroes. For that Zeus is a sophist, and that sophistry is a highly honorable art, he makes plain in many other places, and particularly here. For he says that Minos consorted and discoursed with Zeus in the ninth year, and went regularly to be educated by Zeus as though he were a sophist. And the fact that Homer assigned

this privilege of having been educated by Zeus to no one among the heroes but Minos makes this a marvellous piece of praise. [319d] And in the Ghost-raising in the *Odyssey*¹² he has described Minos as judging with a golden scepter in his hand, but not Rhadamanthus: Rhadamanthus he has neither described here as judging nor anywhere as consorting with Zeus; wherefore I say that Minos above all persons has been eulogized by Homer. For to have been the son of Zeus, and to have been the only one who was educated by Zeus, is praise unsurpassable.

For the meaning of the verse— “he was king having colloquy with mighty Zeus in the ninth year” —

“Hom. Od. 19.179 [319e] is that Minos was a disciple of Zeus. For colloquies are discourses, and he who has colloquy is a disciple by means of discourse. So every ninth year Minos repaired to the cave of Zeus, to learn some things, and to show his knowledge of others that he had learnt from Zeus in the preceding nine years. Some there are who suppose that he who has colloquy is a cup-companion and fellow-jester of Zeus: but one may take the following as a proof that [320a] they who suppose so are babblers. For of all the many nations of men, both Greek and foreign, the only people who refrain from drinking-bouts and the jesting that occurs where there is wine, are the Cretans, and after them the Spartans, who learnt it from the Cretans. In Crete it is one of their laws which Minos ordained that they are not to drink with each other to intoxication. And yet it is evident that the things he thought honorable were what he ordained as lawful for his people as well. For surely Minos did not, like an inferior person, [320b] think one thing and do another, different from what he thought: no, this intercourse, as I say, was held by means of discussion for education in virtue. Wherefore he ordained for his people these very laws, which have made Crete happy through the length of time, and Sparta happy also, since she began to use them; for they are divine.

Rhadamanthus was a good man indeed, for he had been educated by Minos; he had, however, been educated, [320c] not in the whole of the kingly art, but in one subsidiary to the kingly, enough for

presiding in law courts; so that he was spoken of as a good judge. For Minos used him as guardian of the law in the city, and Talos¹³ as the same for the rest of Crete. For Talos thrice a year made a round of the villages, guarding the laws in them, by holding their laws inscribed on brazen tablets, which gave him his name of “brazen.” And what Hesiod¹⁴ also has said [320d] of Minos is akin to this. For after mentioning him by name he remarks— “Who was most kingly of mortal kings, and lorded it over more neighboring folk than any, holding the scepter of Zeus: therewith it was that he ruled the cities as king.

“*Hes. Fr. 144* And by the scepter of Zeus he means nothing else than the education that he had of Zeus, whereby he directed Crete.

Companion

Then how has it ever come about, Socrates, that this report is spread abroad of Minos, as an uneducated [320e] and harsh-tempered person?

Socrates

Because of something that will make both you, if you are wise, my excellent friend, and everybody else who cares to have a good reputation, beware of ever quarreling with any man of a poetic turn. For poets have great influence over opinion, according as they create it in the minds of men by either commending or vilifying. And this was the mistake that Minos made, in waging war on this city of ours, which besides all its various culture has poets of every kind, and especially those who write tragedy. [321a] Now tragedy is a thing of ancient standing here; it did not begin, as people suppose, from Thespis or from Phrynicus, but if you will reflect, you will find it is a very ancient invention of our city. Tragedy is the most popularly delightful and soul-enthraling branch of poetry: in it, accordingly, we get Minos on the rack of verse,¹⁵ and thus avenge ourselves for that tribute which he compelled us to pay¹⁶ This, then, was the mistake that Minos made — his quarrel with us — and hence it is that, as you said in your question, he has fallen more and more into evil repute. For that he was a good [321b] and law-abiding person, as we stated in what went before — a good apportioner — is most

convincingly shown by the fact the his laws are unshaken, since they were made by one who discovered aright the truth of reality in regard to the management of a state.

Companion

In my opinion, Socrates, your statement is a probable one.

Socrates

Then if what I say is true, do you consider that the Cretan people of Minos and Rhadamanthus use the most ancient laws?

Companion

I do.

Socrates

So these have shown themselves the best lawgivers among men of ancient times — [321c] apportioners and shepherds of men; just as Homer called the good general a “shepherd of the folk.”

Companion

Quite so, indeed.

Socrates

Come then, in good friendship’s name: if someone should ask us what it is that the good lawgiver and apportioner for the body distributes to it when he makes it better, we should say, if we were to make a correct and brief answer, that it was food and labor; the former to strengthen, and the latter to exercise and brace it.

Companion

And we should be right. [321d]

Socrates

And if he then proceeded to ask us — And what might that be which the good lawgiver and apportioner distributes to the soul to make it better? — what would be our answer if we would avoid being ashamed of ourselves and our years?

Companion

This time I am unable to say.

Socrates

But indeed it is shameful for the soul of either of us to be found ignorant of those things within it on which its good and abject states depend, while it has studied those that pertain to the body and rest.

EPINOMIS

Translated by W.R.M. Lamb

Widely considered to be a spurious work, this dialogue is believed by some to have been written as a thirteenth book of the *Laws*. *Epinomis* features the same characters as in *Laws*, including Clinias of Crete, Megillus of Sparta, and an Athenian stranger.

EPINOMIS.

PERSONS OF THE DIALOGUE:

Cleinias of Crete, Athenian Visitor, Megillus of Sparta

Cleinias

True to our agreement, good sir, we have come all three — you and I and Megillus here — to consider in what terms we ought to describe that part of understanding which we say produces, when it so intends, the most excellent disposition of the human being for wisdom which is possible for man. For we claim that we have described all the other matters [973b] connected with law-giving; but the most important thing for us to discover and state — what it is that mortal man should learn in order to be wise — this we have neither stated nor discovered. Let us, however, now try to make good this defect: else we shall practically leave incomplete the quest on which we all set out, with the purpose of making our subject clear from beginning to end.

Athenian

My dear Cleinias, you are quite right, yet I think you are about to hear a strange statement; and, in a sense, one that is not so strange either. For many on becoming acquainted with life [973c] have the same account to give — that the human race will not be blessed or happy. So follow me now and apprehend if you conceive me, as well as them, to be giving a proper account of this matter. I say it is impossible for men to be blessed and happy, except a few; that is, so long as we are living: I limit it to that. But one may rightly hope to attain after death all the things for whose sake one may strive both in life to live as nobly as one can and in death to find a noble end.² What I say is [973d] no subtle doctrine, but a thing that all of us, Greeks and foreigners alike, in some way perceive — that from the beginning existence is difficult for every live creature: first, partaking of the state of things conceived, then again, being born, and further, being reared and educated — all these processes involve

a vast amount of toil, [974a] we all agree. And our time must be a short one, I do not say in the reckoning of the wretched, but on any supposition of what is tolerable. It does seem to give just a breathing-space about the middle of human life: yet swiftly old age is upon us, and must make any of us loth ever to live our life again, when one reckons over the life one has lived — unless one happens to be a bundle of childish notions. And what, pray, is my evidence for this? It is that such is the nature of the matter now under inquiry [974b] in our discussion. We are inquiring, you know, in what way we shall become wise, presuming that each of us has this power in some sort or other: but it evades and escapes us as soon as we attempt any knowledge of reputed arts or knowledges or any of the ordinary sciences, as we suppose them to be; for none of them is worthy to be called by the title of the wisdom that pertains to these human affairs. Yet the soul firmly believes and divines that in some fashion she has it, [974c] but what it is that she has, or when, or how, she is quite unable to discover. Is not this a fair picture of our puzzle about wisdom and the inquiry that we have to make — a greater one than any of us could expect who are found able to examine ourselves and others intelligently and consistently by every kind and manner of argument? Is the case not so, or shall we agree that so it is?

Cleinius

We shall probably agree with you on that, my good sir, [974d] in the hope which in time you will surely give us of forming hereafter the truest opinion on these matters.

Athenian

Then first we must go through the other sciences, which are reputed as such, but do not render him wise who acquires and possesses them; in order that, having put them out of the way, we may try to bring forward those that we require, and having brought them forward, to learn them.

First, therefore, let us observe that while the sciences which are first needs of the human race [974e] are about the most necessary and truly the first, yet he who acquires a knowledge of them, though in the beginning he may have been regarded as wise in some sort, is

now not reputed wise at all, but rather incurs reproach [975a] by the knowledge he has got. Now we must mention what they are, and that almost everyone who makes it his aim to be thought likely to prove himself in the end as good a man as possible avoids them, in order to gain the acquirements of understanding and study. So first let us take the practice among animate beings of eating each other, which, as the story goes, has made us refrain entirely from some, while it has settled us in the lawful eating of others.³ May the men of old time be gracious to us, as they are: for we must take our leave of whatever men were the first of those we were just mentioning⁴; but at any rate [975b] the making of barley-meal and flour, with the sustenance thereof, is noble and good indeed, yet it is never like to produce a perfectly wise man. For this very name of making must produce⁵ an irksomeness in the actual things that are made. Nor can it well be husbandry of land in general: for it is not by art but by a natural gift from Heaven, it seems, that we all have the earth put into our hands. Nor again is it the fabrication of dwellings and building in general, nor the production of all sorts of appliances — smiths' work, [975c] and the supply of carpenters', moulders', plaiters', and, in fine, all kinds of implements; for this is of advantage to the public, but is not accounted for virtue. Nor again the whole practice of hunting, which although grown extensive and a matter of skilled art, gives no return of magnificence with its wisdom. Nor surely can it be divination or interpretation⁶ as a whole; for these only know what is said, but have not learnt whether it be true.

And now that we see that the acquisition of necessities [975d] is achieved by means of art, but that no such art makes any man wise, there may be some diversion remaining after this — imitative for the most part, but in no way serious. For they imitate with many instruments, and with many imitative acts, not altogether seemly, of their very bodies, in performances both of speech and of every Muse, and in those whereof painting is mother, and whereby many and most various designs are elaborated in many sorts, moist and dry; and though a man ply his craft in these with the greatest zeal, in nothing is he rendered wise by imitation. [975e] And when all these have been performed, there may yet remain assistance, in countless forms

and countless cases: the greatest and most useful is called warfare, the art of generalship; most glorified in time of need, requiring most good fortune, and assigned rather to a natural valor than to wisdom. [976a] And that which they call medicine is likewise, of course, an assistance in almost every case towards things of which animal nature is deprived by seasons of untimely cold and heat and all such visitations. But none of these is of high repute for the truest wisdom: for they are borne along by opinion, as inaccurate matter of conjecture. We may, I suppose, speak of pilots and sailors alike as giving assistance: yet you shall not report, to appease us, a single wise man from amongst them all; for a man cannot know [976b] the wrath or amity of the wind, a desirable thing for all piloting. Nor again all those who say they can give assistance in law suits by their powers of speech, men who by memory and exercise of opinion pay attention to human character, but are far astray from the truth of what is really just.

There still remains, as a claimant to the name of wisdom, a certain strange power, which most people would call a natural gift rather than wisdom, appearing when one perceives someone learning this or that lesson with ease, or remembering a great many things [976c] securely; or when one recalls what is suitable to each person, what should properly be done, and does it quickly. Some people will describe all this as nature, others as wisdom, and others as a natural readiness of mind: but no sensible person will ever call a man really wise for any of these gifts.

But surely there must be found some science, the possession of which will cause the wisdom of him who is really wise and not wise merely in men's opinion. Well, let us see: for in this laborious discussion we are trying our hardest to find some other science, [976d] apart from those we have mentioned, which can really and reasonably be termed wisdom; such an acquirement as will not make one a mean and witless drudge, but will enable one to be a wise and good citizen, at once a just ruler and subject of his city, and decorous.⁷ So let us examine this one first, and see what single science it is of those that we now have which, by removing itself or

being absent from human nature, must render mankind the most thoughtless and senseless of creatures. [976e] Well, there is no great difficulty in making that out. For if there is one more than another, so to speak, which will do this, it is the science which gave number to the whole race of mortals; and I believe God rather than some chance gave it to us, and so preserves us. And I must explain who it is that I believe to be God, though he be a strange one, and somehow not strange either: for why should we not believe [977a] the cause of all the good things that are ours to have been the cause also of what is far the greatest, understanding? And who is it that I magnify with the name of God, Megillus and Cleinias? Merely Heaven, which it is most our duty to honor and pray to especially, as do all other spirits and gods. That it has been the cause of all the other good things we have, we shall all admit; that it likewise gave us number we do really say, and that it will give us this hereafter, if we will but follow its lead. [977b] For if one enters on the right theory about it, whether one be pleased to call it World-order or Olympus or Heaven — let one call it this or that, but follow where, in bespangling itself and turning the stars that it contains, it produces all their courses and the seasons and food for all. And thence, accordingly, we have understanding in general, we may say, and therewith all number, and all other good things: but the greatest of these is when, after receiving its gift of numbers, one has covered the whole circuit.⁸

Moreover, let us turn back some little way in our discussion [977c] and recall how entirely right we were in conceiving that if we should deprive human nature of number we should never attain to any understanding. For then the soul of that creature which could not tell⁹ things would never any more be able, one may say, to attain virtue in general; and the creature that did not know two and three, or odd or even, and was completely ignorant of number, could never clearly tell of things about which it had only acquired sensations and memories. From the attainment of ordinary virtue — [977d] courage and temperance — it is certainly not debarred: but if a man is deprived of true telling he can never become wise, and he who has not the acquirement of wisdom — the greatest part of virtue as a whole — can no more achieve the perfect goodness which may make

him happy. Thus it is absolutely necessary to postulate number; and why this is necessary can be shown by a still fuller argument than any that has been advanced. But here is one that will be particularly correct — that of the properties of the other arts, which we recounted just now in granting the existence of all the arts, [977e] not a single one can remain, but all of them are utterly defective, when once you remove numeration.

And one may judge, perhaps, for brevity's sake how the human race needs number, by glancing at the arts — and yet that too is a great matter — but if you note the divinity of birth, and its mortality, in which awe of the divine must be acknowledged, and real number,¹⁰ [978a] it is not anybody who can tell how great is the power which we owe to the accompaniment of number as a whole — for it is clear that everything in music needs a distinct numeration of movement and notes — and above all, how it is the cause of all good things; and that it is the cause of no evil thing is a point that must be well understood, as it may be quickly enough. Nay, the motion that we may call unreasoned and unordered, lacking shape and rhythm and harmony, and everything that has a share of some evil, [978b] is deficient in number altogether; and in this light must the matter be regarded by him who means to end his life in happiness. And no one who does not know the just, the good, the honorable and all the rest of such qualities, with a hold on true opinion, will number them off so as fully to persuade both himself and his neighbor.

Now let us go on to inquire into the actual question of how we learnt to count in numbers. Tell me, whence have we got the conception of one and two, a natural gift that [978c] we have from the All to enable us to conceive of their existence? Then again, many other living creatures are not endowed by nature even to the actual point of being able to learn from their father to count; whereas in us, in the first place, God implanted this very conception, so that we might be equal to comprehending it when shown to us, and in the second place, he showed it and shows it. Among such things, what one more singularly beautiful can a man behold than the world of day? Then he comes to the province of night, and views it; and there quite another

sight [978d] lies before him. And so the heaven, revolving these very objects for many nights and many days, never ceases to teach men one and two, until even the most unintelligent have learnt sufficiently to number; for that there are also three and four and many, each of us must further conceive on seeing those objects. And God made one thing that he wrought from them, the moon, which shows herself at one time larger, at another smaller, and runs her course, [978e] showing ever a new shape,¹¹ until fifteen days and nights are passed: this is her circuit, if one chooses to sum her orbit, as one and entire, in one¹²; so that, we may say, even the least intelligent creature must learn it, among those on whom God has bestowed the natural gift of being able to learn. Within certain limits, and in certain cases, every creature so enabled has been made fully apt for numeration, — [979a] when it considers any unit in itself. But as to reckoning number generally in the relations of things to each other, I think that God, if not for a greater reason, to this end interposed, as we mentioned, the waxing and waning of the moon, and arranged the months to make up the year, and all things began to comprehend number in relation to number by a happy fortune. Hence it is that we have fruits and the teeming of the earth, so that there may be food for all creatures, with no inordinate or immoderate occurrences of winds and rains: [979b] but if in spite of this something does occur in an evil way, we ought not to charge it upon the divine but upon the human nature, for not disposing our own lives aright.

Now in our inquiry about laws, you know we decided that all other things that are best for men are easy to discover, and that everyone may become competent both to understand and to perform what he is told, if he discovers what is that which is likely to profit him, and what is not profitable: well, we decided, and we are still of the same mind, that all other studies [979c] are not very difficult, but that this of learning in what way we should become good men is one of the utmost difficulty. Everything else, again, that is good, as they say, is both possible and not difficult to acquire, and the amount of property that is wanted or not wanted, and the kind of body that is wanted or not: everyone agrees that a good soul is wanted, and agrees, moreover, as to the manner of its goodness, that for this again it must

be just and temperate and brave; but whereas everyone says it must be wise, no one any longer agrees at all with anyone else, in most cases — we have just now [979d] explained — as to what its wisdom should be. So now we are discovering, besides all those former kinds, a wisdom of no mean worth for this very purpose of showing how he is wise who has learnt the things that we have explained. And if he is wise who has knowledge of these things and is good at them, we must now take account of him.

Cleinias

Good sir, how properly you said that you are undertaking to express great thoughts on great subjects! [979e]

Athenian

Yes, for they are not small, Cleinias: but what is more difficult is to show that they are entirely and in every sense true.

Cleinias

Very much so, good sir: but still, do not weary of the task of stating your views.

Athenian

I will not, and therefore you two must not weary either of listening to me.

Cleinias

Agreed: I give you my word for us both. [980a]

Athenian

Thank you. To begin with, then, we must necessarily state first, it would seem best of all, in a single word, if we are able so to put it — what is that which we suppose to be wisdom; but if we are utterly unable to do this, we must say in the second place what and how many kinds of it there are that a man must have acquired, if he is to be wise according to our story.

Cleinias

Pray speak on.

Athenian

And as to the next step, it will be no offence in the lawgiver that he speaks finer things than have been previously said about the gods, and uses higher terms of portrayal, making as it were a noble sport [980b] and honoring the gods, with high tribute of his hymns and affluence throughout the period of his own life.

Cleinias

Well spoken, indeed, good sir. Yes, may you have this consummation of your laws, after making fine sport in praising the gods and having passed a purer life, to find thereby the best and fairest end!

Athenian

Then how, Cleinias, do we state it? Do we honor the gods, think you, to the utmost with our hymns, praying that we may be moved to speak the fairest and best things about them? Do you state it so, or how? [980c]

Cleinias

Nay, absolutely so. Now, my excellent friend, pray to the gods with confidence, and utter the fine specimen of a speech that you are moved to make about the gods and goddesses.

Athenian

It shall be done, if the god himself will be our guide. Do but join in my prayer.

Cleinias

Speak what follows next.

Athenian

It is necessary, then, it seems, that I should first portray in better terms, according to our previous statement, the generation of gods and of living creatures, which has been ill portrayed by those before us; I must resume the statement which I have attempted [980d] in speaking against the impious,¹³ declaring that there are gods who have a care for all things, small and greater, and who are well-nigh inexorable in what relates to the justice of things: that is, if you remember, Cleinias; for you did take memoranda¹⁴ besides, and indeed what then was spoken was very true. And the most important

part of it was that every soul was senior to each body¹⁵: do you remember? Or in any case, surely, this must be so? For that which is better and more ancient and more godlike is credibly so [980e] in comparison with the young, the junior, and the less emancipated; and altogether, a thing governing is senior to a thing governed, and the driver every way senior to the driven. So much, then, let us conclude — that soul is senior to body; and if this is the case, [981a] what came first in that which first was born will more credibly seem almost to have been original. So let us take it that the beginning of the beginning is more august in state, and that we are most correctly entering upon wisdom in the greatest matters relating to the generation of the gods.

Cleinias

Let this be so, as far as we can state it.

Athenian

Come then, shall we say that a living creature is most truly described by its nature, as a case of one combination of soul and body so uniting as to beget one shape?

Cleinias

Correct. [981b]

Athenian

And such a thing is most justly called a living creature?

Cleinias

Yes.

Athenian

On the most likely account there are to be reckoned five solid bodies,¹⁶ from which one might fashion things fairest and best; but all the rest of creation has a single shape,¹⁷ for there is nothing that could come to be without a body and never possessing any color at all, except only that really most divine creature, the soul. And this alone, one may say, has the business of fashioning and manufacturing, [981c] whereas the body, as we call it, has that of being fashioned and produced and seen. But the other — let us repeat

it, for not once only be it said — has to be invisible even to the inquiring, and merely thought, if he has got a share of memory and reckoning by both odd and even variations.¹⁸ The bodies, then, being five, we must name them as fire, water, and thirdly air, earth fourth, and ether fifth; and by predominance of these are each of the many varieties of creatures perfected. We should learn this by single instances in the following way. [981d] Let us take as earthy our first single element — all men, all things that have many feet or none, and those that move along and that stay still, held in place by roots; but we must conceive its unity thus, though all these things are the outcome of all kinds, yet for the most part it is of earth and of solid nature. And another kind of creature we must regard as second in birth as well as one that can be seen: for its greatest part is of fire, though it has some earth and [981e] air, and has slight portions of all the others also, wherefore we must say that all sorts of creatures are born of them, and things seen, and here again we must conceive the heavenly kinds of creatures, which altogether, we must agree, have been born as the divine race of stars, endowed with the fairest body as also with the happiest and best soul.¹⁹ One or other of two lots we may very well, in our judgement, assign to them: for each of them is either imperishable [982a] and immortal, and by all necessity wholly divine, or has a certain longevity sufficient for the life of each, such that nothing could ever require a longer one.

Let us therefore first observe that, as we state it, such creatures are of two sorts — for let us state it again — both visible, the one of fire, as would appear, entirely, and the other of earth; and the earthy is in disorder, whereas that of fire has its motion in perfect order. Now that which has motion in disorder we should regard as unintelligent, acting [982b] like the animal creatures about us for the most part; but that which has an orderly and heavenly progress must be taken as strongly evincing its intelligence. For in passing on and acting and being acted upon always in the same respects and manner it must provide sufficient evidence of its intelligent life. The necessity²⁰ of a soul that has acquired mind will prove itself by far the greatest of all necessities; for it makes laws as ruler, not as ruled: but this inalterable thing, when [982c] the soul has taken the best counsel in

accord with the best mind, comes out as the perfect thing in truth and in accord with mind, and not even adamant could ever prove stronger than it or more inalterable; but in fact the three Fates have it in hold, and keep watch that what has been decided by each of the gods with the best counsel shall be perfect. And men ought to have found proof of the stars and the whole of that travelling system being possessed of mind in the fact that they always do the same things because they do what has been decided long ago for an incalculable time, [982d] not deciding differently this way and that, and doing sometimes one thing, sometimes another, in wanderings and changes of circuit. Most of us have thought just the opposite — that because they do the same things in the same way they have no soul: the multitude followed the lead of the unintelligent so far as to suppose that, whereas humanity was intelligent and living because it moved about, divinity was unintelligent because it abode in the same courses. But if man had sided with the fairer and better and [982e] friendly part, he might have concluded that he ought to regard as intelligent — and for this very reason — that which acts always in the same respects, in the same way, and for the same reasons; and that this is the nature of the stars, fairest to see, and passing along, dancing²¹ the fairest and most magnificent of all dances in the world, they make good the needs of all living creatures. And now, to see how justly we speak of their living spirit, [983a] let us first consider their great size. For they are not actually those small things that they appear to be, but each of them is immense in its bulk; we should do well to believe this, because there are ample proofs of such a conclusion. For we can rightly consider the whole of the sun as larger than the whole of the earth, and all the travelling stars are of amazing size. Let us conclude then whether it can possibly be that any natural force revolves this great mass that is now being revolved, continually and at the same time. [983b] God, then, I say, will be the cause, and never in any other way is it possible. For never can a thing get living spirit by any other means than by the act of God, as we have explained; and when God is able to do this, he has found it a perfectly easy matter, firstly that all body and all mass should be made a living creature, and secondly to move it in the course he considers best. So now I trust we may make one true statement about all these things: it cannot be that

earth and heaven and all the [983c] stars and all the masses they comprise, without soul attached to each or resident in each, should pass along as they do, so exactly to every year and month and day, and that all the things that happen should happen for the good of us all.

And according as man is a meaner creature, he should show himself, not a babbler, but a speaker of clear sense. If, then, anyone shall speak of onrushes or natural forces or the like as in a sort the causes of bodies, he will say nothing clear: but we must firmly recall what we have said, and see whether [983d] our statement is reasonable or is utterly at fault — namely, in the first place, that existence is of two kinds, the one soul, and the other body, and that many things are in either, though all are different from each other and those of the one kind from those of the other,²² and that there is no other third thing common to any of them; but soul differs from body. Intelligent, of course, we shall hold it to be, and the other unintelligent; the one governs, the other is governed; and the one is cause of all things, while the other is incapable of causing any of its experiences: so that to assert that the heavenly bodies [983e] have come into existence through anything else, and are not the offspring, as we have said, of soul and body, is great folly and unreason. However, if our statements on all such existences are to prevail, and the whole order of them is to be convincingly shown to be divine by their origin, we must certainly class them as one or the other of two things: either we must in all correctness glorify them as actual gods, [984a] or suppose them to be images produced as likenesses of the gods, creations of the gods themselves. For they are the work of no mindless or inconsiderable beings but, as we have said, we must class them as one or other of these things; and, if classed as the latter, we must honor them far above all images: for never will fairer or more generally-known images be found among all mankind, none established in more various places, more pre-eminent in purity, majesty, and [984b] life altogether, than in the way in which their existence is altogether fashioned. Well then, for the present let us attempt so much in treating of the gods, as to try — after observing the two living creatures visible to us, of which we call one immortal,

and the other, all earthy, a mortal creation — to tell of the three middle things of the five,²³ which come most evidently, according to the probable opinion, between those two. For let us consider ether as coming next after fire, and let us hold that soul fashions from it live creatures with their faculties, as it does creatures from the other kinds of element, [984c] each being for the most part of that one nature, but in its lesser parts derived from the other elements for the sake of connection. After ether, there is fashioned by soul another kind of creature from air, and the third kind from water; and by having produced all these it is likely that soul filled the whole heaven with creatures, having made use of all the elements so far as it could, and all the creatures having been made participators in life; but the second, third, fourth, and fifth kinds, which took their first origin from what are manifest gods, [984d] end finally in us men.²⁴

Now the gods — Zeus and Hera and all the rest — each man must regard in what light he pleases, though according to the same law,²⁵ and must take this account as reliable. But as our visible gods, greatest and most honorable and having keenest vision every way, we must count first the order of the stars and all else that we perceive existing with them; and after these, and [984e] next below these, the divine spirits,²⁶ and air-born race, holding the third and middle situation, cause of interpretation, which we must surely honor with prayers for the sake of an auspicious journey across.²⁷ We must say of either of these two creatures — that which is of ether and, next to it, of air — that it is not entirely plain to sight: when it is near by, it is not made manifest to us; [985a] but partaking of extraordinary intelligence, as belonging to an order which is quick to learn and strong in memory, we may say that they understand the whole of our thoughts, and show extraordinary kindness to anyone of us who is a good man and true, and hate him who is utterly evil, as one who already partakes of suffering. For we know that God, who has the privilege of the divine portion, is remote from these affections of pain and pleasure, but has a share of intelligence and knowledge in every sphere; and the heaven being filled full of live creatures, [985b] they interpret all men and all things both to one another and to the most exalted gods, because the middle creatures move both to

earth and to the whole of heaven with a lightly rushing motion. The kind which is of water,²⁸ the fifth, we shall be right in representing as a semi-divine product of that element, and it is at one time seen, but at another is concealed through becoming obscure, presenting a marvel in the dimness of vision. So these [985c] five being really existent creatures, wherever any of us came upon them, either happening upon them in the dream-world of sleep, or by something spoken to persons listening in health, or equally in sickness, through ominous utterances and prophecies, or again when they have arrived at the end of life opinions that occur to us both in private and in public, whence many sanctities of many beings have arisen, and others shall arise — in regard to all these the lawgiver who possesses even the slightest degree of mind will never dare by innovations to turn his city to a divine worship which is [985d] lacking in certainty. Nor indeed will he put a stop to sacrifices on which the ancestral custom has pronounced, when he knows nothing at all of the matter, just as it is not possible for mortal nature to know about such things. And of the gods who are really manifest to us²⁹ the same statement must surely hold — that those men are most evil who have not courage to tell and make manifest to us that these are likewise gods, but without any frenzied rites, or any tribute of the honors that are their due. But as things are, we have a strange conjunction [985e] of proceedings: for it is as though one of us should see the sun or moon being born and all of us looking on, and should utter no word through some impotence of speech, and should not also at the same time be zealous, so far as in him lay, when they lacked their share of honor, to bring them in all evidence to an honored place, and cause festivals and sacrifices to be offered to them, and apportion to each a reserved space of time for the greater or lesser length of its year,³⁰ as may happen: [986a] would it not be agreed both by himself and by another who observed it that he would justly be described as an evil man?

Cleinius

To be sure he would, my good sir; nay, most evil.

Athenian

Well then, this, my dear Cleinias, is what, you may take it, has evidently happened to me now.

Cleinias

How do you mean?

Athenian

You know that there are eight powers of those contained in the whole heaven which are cognate to each other: these I have observed, and it is no great achievement; for it is easy enough [986b] for anybody.

Three of them are that of the sun, for one, that of the moon for another, and a third that of the stars which we mentioned a little while ago; and there are five others besides.³¹ Now in regard to all these and those beings who either have their own motion in these, or are borne in vehicles so as to make their progress thus, let none of us all ever idly suppose that some of them are gods, while others are not, or that some are genuine, while others are of a certain kind which it is not permissible to any of us even to express; but let us all declare and say that they are all cognate [986c] and have cognate lots, and let us render them due honor, not by giving to one a year, to another a month; but to none of them let us appoint either a certain lot or a certain time in which it travels through its particular orbit, completing the system which the divinest reason of all³² appointed to be visible. This first the man who is blest admires, and then he feels a passion for understanding so much as is possible for mortal nature, believing that thus he will best and most happily pass through life, [986d] and at the end of his days will arrive at regions meet for virtue; and having been truly and really initiated, and won his individual intelligence, and become for the rest of time a spectator of what is fairest, so far as sight can go, in this state he continues. And now after this it remains for us to say how many and who these beings are: [986e] for we shall never be found to have spoken falsely. Thus far, at least, I asseverate with certainty: I say, once more, that there are eight of them, and that while three³³ of the eight have been told, five yet remain. The fourth³⁴ in motion and transit together, and the fifth,³⁵ are almost equal to the sun in speed, and on the whole are neither slower nor swifter. These being three, must be so regarded by

him who has sufficient mind. So let us speak of them as powers of the sun and of Lucifer, and of a third,³⁶ such that we cannot express it in a name because it is not known; and he is to blame for this who first beheld these things, since he was a foreigner: for it was an ancient custom that nurtured those who first [987a] remarked these things owing to the fairness of the summer season which Egypt and Syria amply possess, so that they constantly beheld the whole mass, one may say, of stars revealed to their sight, since they had got then, continually without obstruction of clouds and rains in the sky; whence they have emerged in every direction and in ours likewise, after having been examined for thousands of years, nay, for an infinite time. And therefore we should not hesitate to include them in the scope of our laws; for to have divine things lacking honor, while other things are honored, [987b] is clearly a sign of witlessness; and as to their having got no names, the cause of it should be stated as we have done. For indeed they have received titles of gods: thus, that Lucifer, or Hesperus (which is the same) , should almost belong to Aphrodite,³⁷ is reasonable, and quite befitting a Syrian lawgiver³⁸; and that that which follows the same course as the sun and this³⁹ together should almost belong to Hermes.⁴⁰ Let us also note three motions of bodies⁴¹ travelling to the right with the moon and the sun. One must be mentioned, the eighth,⁴² which we may especially address as the world-order, and which travels in opposition to the whole company of the others, not impelling them, as might appear to mankind in the scant knowledge that they have of these matters. But we are bound to state, [987c] and do state, so much as adequate knowledge tells us. For real wisdom shows herself in some such way as this to him who has got even a little share of right and divine meditation. And now there remain three stars, of which one is distinguished from the others by its slowness, and some speak of it under the title of Saturn; the next after it in slowness is to be cited as Jupiter; and the next after this, as Mars, which has the ruddiest hue of all. Nothing in all this is hard to understand [987d] when someone expresses it; but it is through learning, as we declare, that one must believe it.

But there is one point which every Greek should bear in mind — that

of all Greeks we have a situation which is about the most favorable to human excellence.⁴³ The praiseworthy thing in it that we have to mention is that it may be taken as midway between a wintry and a summery climate; and our climate, being inferior in its summer to that in the region over there,⁴⁴ as we said, has been so much later in imparting the cognizance of these cosmic deities. And let us note that [987e] whatever Greeks acquire from foreigners is finally turned by them into something nobler; and moreover the same thing must be borne in mind regarding our present statements — that although it is hard to discover everything of this kind beyond dispute, there is hope, [988a] both strong and noble, that a really nobler and juster respect than is in the combined repute and worship which came from foreigners will be paid to all these gods by the Greeks, who have the benefit of their various education, their prophecies from Delphi, and the whole system of worship under their laws. And let none of the Greeks ever be apprehensive that being mortals we should never have dealings with divine affairs⁴⁵; they should rather be of the quite opposite opinion, that the divine is never either unintelligent or in any ignorance of [988b] human nature, but knows that if it teaches us we shall follow its guidance and learn what is taught us. That it so teaches us, and that we learn number and numeration, it knows of course: for it would be most utterly unintelligent if it were ignorant of this; since it would truly, as the saying is, be ignorant of itself, vexed with that which was able to learn, instead of whole-heartedly rejoicing with one who became good by God's help. And indeed there is much good reason to suppose that formerly, [988c] when men had their first conceptions of how the gods came to exist and with what qualities, and whence, and to what kind of actions they proceeded, they were spoken of in a manner not approved or welcomed by the wise, nor were even the views of those who came later, among whom the greatest dignity was given to fire and water and the other elements, while the wonderful soul was accounted inferior; and higher and more honored with them was a motion assigned to the body for moving itself by heat and chills and everything of that kind, [988d] instead of that which the soul had for moving both the body and itself.⁴⁶ But now that we account it no marvel that the soul, once it is in the body, should stir and move

about this and itself, neither does our soul on any reckoning mistrust her power of moving about any weight. And therefore, since we now claim that, as the soul is cause of the whole, and all good things are causes of like things, while on the other hand evil things are causes of other things like them, it is no marvel [988e] that soul should be cause of all motion and stirring — that the motion and stirring towards the good are the function of the best soul, and those to the opposite are the opposite⁴⁷ — it must be that good things have conquered and conquer things that are not their like.

All this we have stated in accordance with justice, which wreaks vengeance on the impious: but now, as regards the matter under examination, it is not possible for us to disbelieve that we must deem the good man [989a] to be wise; and let us see if we may perhaps be able, either by education or by art, to perceive this wisdom which we have all this while been seeking; for if we fall behind the just in failing to know it, our condition will be that of ignorant persons. Such, then, seems our case to me, and I must say so: for I have sought this wisdom high and low, and so far as it has been revealed to me I will try to render it plain to you. Now the fact that the greatest part of virtue is not properly practiced is the cause of our condition, as is just now indicated — it seems clear to me — by what has been said. [989b] For let no one ever persuade us that there is a greater part of virtue, for the race of mortals, than piety; and I must say it is owing to the greatest stupidity that this has not appeared in the best natures. And the best are they which can only become so with the greatest difficulty, and the benefit is greatest if they do become so: for a soul that admits of slowness and the opposite inclination moderately and gently will be good-tempered⁴⁸; and if it admires courage, and is easily persuaded to temperance, and, most important of all, is enabled [989c] by these natural gifts to learn and has a good memory, it will be able to rejoice most fully in these very things, so as to be a lover of learning. For these things are not easily engendered, but when once they are begotten, and receive due nourishment and education, they will be able to restrain the greater number of men, even the worse among us, in the most correct way by our every thought, every action, and every word about the gods, in

due manner and due season, as regards both sacrifices and purifications in matters concerning gods and men alike, so that we are contriving no life of pretence, [989d] but truly honoring virtue, which indeed is the most important of all business for the whole state. That section⁴⁹ of us, then, we say is naturally the most competent, and supremely able to learn the best and noblest lessons that it may be taught: but it cannot get this teaching either, unless God gives his guidance. If, however, it should be so taught, but should fail in some way to do accordingly, it were better for it not to learn. Nevertheless it follows of necessity from our present statements, that I agree that the nature which is of this kind, and the best, should learn certain things. [989e] Let us try, then, to set forth in our statement what things these are, and of what kind, and how one should learn — so far as our ability permits both me the speaker and those who are able to hearken — [990a] in what manner one will learn the proper reverence of the gods. It is, indeed, a rather strange thing to hear; but the name that we, at any rate, give it — one that people would never approve, from inexperience in the matter — is astronomy; people are ignorant that he who is truly an astronomer must be wisest, not he who is an astronomer in the sense understood by Hesiod and all the rest of such writers, the sort of man who has studied settings and risings; but the man who has studied the seven⁵⁰ out of the eight orbits, each travelling over its own circuit in such a manner as [990b] could not ever be easily observed by any ordinary nature, that did not partake of a marvellous nature. As to this, we have now told, and shall tell, as we profess, by what means and in what manner it ought to be learnt; and first let us make the following statement.

The moon travels through its orbit very swiftly, bringing first the month and full-moon; and in the second place we must remark the sun, with his turning motion through the whole of his orbit, and with him his satellites. But to avoid repeating again and again the same things on the same subjects [990c] in our discussion, the other courses of these bodies that we have previously described are not easily understood: we must rather prepare our faculties, such as they may possibly be, for these matters; and so one must teach the pupil

many things beforehand, and continually strive hard to habituate him in childhood and youth. And therefore there will be need of studies: the most important and first is of numbers in themselves; not of those which are corporeal, but of the whole origin of the odd and the even, and the greatness of their influence on the nature of reality. [990d] When he has learnt these things, there comes next after these what they call by the very ridiculous name of geometry,⁵¹ when it proves to be a manifest likening⁵² of numbers not like one another by nature in respect of the province of planes; and this will be clearly seen by him who is able to understand it to be a marvel not of human, but of divine origin. And then, after that, the numbers thrice increased and like to the solid nature, and those again which have been made unlike, he likens by another art, namely, that which [990e] its adepts called stereometry; and a divine and marvellous thing it is to those who envisage it and reflect, how the whole of nature is impressed with species and class according to each analogy, as power and its opposite⁵³ continually turn [991a] upon the double. Thus the first analogy is of the double in point of number, passing from one to two in order of counting, and that which is according to power is double; that which passes to the solid and tangible is likewise again double, having proceeded from one to eight; but that of the double has a mean, as much more than the less as it is less than the greater, while its other mean⁵⁴ exceeds and is exceeded by the same portion of the extremes themselves. Between six and [991b] twelve comes the whole-and-a-half ($9=6+3$) and whole-and-a-third ($8=6+2$) : turning between these very two, to one side or the other, this power (9) assigned to men an accordant and proportioned use for the purpose of rhythm and harmony in their pastimes, and has been assigned to the blessed dance of the Muses.⁵⁵

In this way then let all these things come to pass, and so let them be. But as to their crowning point, we must go to divine generation and therewith the fairest and divinest nature of visible things, so far as God granted the vision of it to men; a vision that none of us may ever boast of having received at his leisure [991c] without the conditions here laid down. And besides these requirements, one must refer the particular thing to its generic form in our various discussions,

questioning and disproving what has been wrongly stated; for it⁵⁶ is rightly found to be altogether the finest and first of tests for the use of men, while any that pretend to be tests, without being so, are the vainest of all labors. And further, we must mark the exactness of time, how exactly it completes all the processes of the heavens, in order that he who is convinced of [991d] the truth of the statement which has been made — that the soul is at once older and more divine than the body — might believe it a most admirable and satisfactory saying that all things are full of gods, and that we have never been disregarded in the least through any forgetfulness or neglect in our superiors. And our view about all such matters must be that, if one conceives of each of them aright, it turns out a great boon to him who receives it in a proper way; but failing this, he had better always call it God. The way is this — [991e] for it is necessary to explain it thus far: every diagram, and system of number, and every combination of harmony, and the agreement of the revolution of the stars must be made manifest as one through all⁵⁷ to him who learns in the proper way, and will be made manifest if, as we say, a man learns aright by keeping his gaze on unity; [992a] for it will be manifest to us, as we reflect, that there is one bond naturally uniting all these things: but if one goes about it in some other way, one must call it Fortune, as we also put it. For never, without these lessons, will any nature be happy in our cities: no, this is the way, this the nurture, these the studies, whether difficult or easy, this the path to pursue: to neglect the gods is not permissible, when it has been made manifest that the fame of them, stated in proper terms, hits the mark. [992b] And the man who has acquired all these things in this manner is he whom I account the most truly wisest: of him I also assert, both in jest and in earnest, that when one of his like completes his allotted span at death, I would say if he still be dead, he will not partake any more of the various sensations than as he does now, but having alone partaken of a single lot and having become one out of many,⁵⁸ will be happy and at the same time most wise and blessed, whether one has a blessed life in continents or in islands; and that such a man will partake [992c] always of the like fortune, and whether his life is spent in a public or in a private practice of these studies he will get the same treatment, in just the same manner, from the gods. And

what we said at the beginning, and stands now also unchanged as a really true statement, that it is not possible for men to be completely blessed and happy, except a few, has been correctly spoken. For as many as are divine and temperate also, and partakers of virtue as a whole in their nature, [992d] and have acquired besides all that pertains to blessed study — and this we have explained — are the only persons by whom all the spiritual gifts are fully obtained and held. Those then who have thus worked through all these tasks we speak of privately, and publicly establish by law, as the men to whom, when they have attained the fullness of seniority, the highest offices should be entrusted, while the rest should follow their lead, giving praise to all gods and goddesses; and we should most rightly invite the Nocturnal Council to this wisdom, when we have duly distinguished and approved [992e] all its members.

SISYPHUS

Translated by George Burges

This dialogue is generally acknowledged to be spurious. It dates from the fourth century BC, and the author was presumably one of Plato's pupils. The dialogue features a debate between Socrates and Sisyphus, who believes that deliberation allows one to find the best course of action, but Socrates is puzzled by what deliberation is, and why it is supposed to be different from guesswork. By the end of the dialogue, it becomes clear that Sisyphus does not know what deliberation is. The dialogue seems to engage with an idea of good deliberation for which Isocrates was a noted exponent.

SISYPHUS.

Persons of the dialogue.

SOCRATES and SISYPHUS.

Soc. And we too waited a long time for you yesterday, Sisyphus, at the display made by Stratonicus, in order that you might, together with us, hear a clever man, who both by word and deed exhibited many and beautiful things; and when we thought you would no longer be present, we were by ourselves the hearers of the man.

Sis. Truly by Zeus. For a want of leisure of rather a compulsory kind occurred to me, so that I neglected the display. For our rulers had a consultation yesterday, and they compelled me to consult with them. Now with us Pharsalians it is a law to obey the rulers, should they order any of us to consult with them.

Soc. And honourable it is to obey the law and to be reputed by fellow-citizens to be a good counsellor, as you are [reputed to be a good counsellor as one of the Pharsalians]. But, Sisyphus, although I should not be able to enter upon a discussion against you on the subject of consulting correctly, conceiving it to be a work requiring much leisure, and a lengthy argument, still I would endeavour to converse with you first about consulting in the abstract, what it is. Can you then tell me what it is to consult in the abstract? Do not (tell) me what it is to do so well or ill or in any manner, but what kind of thing it is alone by itself. For you could well and easily tell, being so good a counsellor. But (I fear) lest it is a superfluous work for me to make of you the inquiry.

Sis. Is it then unknown to you what it is to consult?

Soc. It is, Sisyphus, to myself at least, if it be any thing else than for a person, who does not know any thing of those matters respecting which it is requisite to do some act, to speak like a diviner and off-handed, whatever may present itself, and to make a guess according to the same things for himself; like persons playing at odd and even,

who, knowing nothing about the even and odd, which they hold in their own hands, nevertheless happen by accident to say what is true about the same things. To consult then is oftentimes a thing of this kind, that a person, although knowing nothing of the matters, about which he is consulting, yet happens by accident to say what is the truth. If then it is a thing of this kind, I know what to consult is; if however it is not a thing of this kind, I should not know it at all.

Sis. It is not of such a kind as not to know in reality any thing at all, but to know partly something of the matter in hand, and partly not to know at all.

Soc. Do you mean that to consult is, by Zeus, a thing of this kind; that, as I seem to myself to divine somewhat your notions relating to the act of consulting well, it is the seeking to discover the best things for a person to employ himself in for his own benefit, but not to know them clearly, but for this to be, as it were, in some form of a thought? Do you not mean somehow in this way.

Sis. I do.

Soc. Whether do men seek such things as they know, or such as they do not know?

Sis. Both.

Soc. Do you mean by this something of this kind, that men seek both what they know and what they do not know? just as if a person should know Callistratus, who he is; but not know to find where he is, not who is Callistratus. Do you mean that to seek both is after this manner.

Sis. I do.

Soc. He then, who knows Callistratus, would not seek that matter, namely, to know him.

Sis. He would not.

Soc. But he would, where he might be.

Sis. It seems so to myself at least.

Soc. Nor would he seek even this, namely, where it was possible to find him, if he knew already; but he would find him forthwith.

Sis. Yes.

Soc. Men then do not seek the things, which they know, but, as it seems, what they do not know. But if this reasoning appears to you to be of a captious kind, and to have been spoken, not for the sake of a practical purpose, but for conversation merely, consider the matter in this way, if the case seems to be such as has been just now stated. Do you not know that this takes place in geometry? that by geometers the diameter is not unknown, whether it be a diameter or not, — for this I well know is not sought to be discovered by them, — but how great it is in measurement in proportion to the sides of the space which it intersects? Is not this the very thing which is sought respecting it?

Sis. So it seems at least to me.

Soc. For it is that, which is unknown. Is it not so?

Sis. Certainly.

Soc. Know you not that the doubling of the cube is sought to be discovered by geometers, how great it is by calculation? But the cube itself is not sought for by them, whether it is a cube, or not; for that at least they know well. Is it not so?

Sis. Yes.

Soc. Respecting the air likewise, do you not know that Anaxagoras and Empedocles, and the rest of those, who talk about meteorology, are all seeking whether it is boundless or has a limit?

Sis. Yes I do.

Soc. But not the question, whether it is air. Is it not so?

Sis. It is.

Soc. Will you then agree with me that such is the case with all other things now that to no person is there any seeking after the things he knows, but rather after those which he does not know?

Sis. I will.

Soc. Did not the consulting appear to us to be this very thing, namely, that a person is seeking after the best things relating to what he would require to employ himself in for his own benefit.

Sis. Yes.

Soc. And the seeking was, like the consulting, about things to be done. Is it not so?

Sis. Entirely.

Soc. Must we not consider then at present, what impediment is in the way of those, who are seeking, to the discovery of the things, about which they are making the search?

Sis. So it seems at least to me.

Soc. Could we say that any thing else was an impediment to them except a want of knowledge?

(Sis. Nothing else).

Soc. Let us, by Zeus, consider the matter very much, letting out, as the saying is, every rope, and sending out every voice. And view thou this point with me. Think you that a man could consult about music, who knows nothing of music; or how he ought to play on the guitar, or to perform any thing according to the musician's art?

Sis. Not I indeed.

Soc. What then, as regards generalship, or piloting? Do you think that the person, who knows neither of those arts, would have it in his power to consult about either of those matters, as to what is to be done by him, and how, who knows not to act the general or pilot?

Sis. I do not.

Soc. Do you think then that the case is so respecting all other matters, of which a person knows nothing; that it is not possible for him even to consult, who knows nothing about them?

Sis. I do.

Soc. But it is (possible) for him to seek (to know). Is it not?

Sis. Certainly.

Soc. To seek then would not be the same as to consult.

Sis. How could it?

Soc. Because to seek is surely applied to the matters, which a person does not know; but it seems to be not possible for a person to consult about those matters, of which he is ignorant. Or has not this been said correctly?

Sis. Very much so.

Soc. Ye were then yesterday seeking to discover what was best for the state; but ye did not know it. For if ye had known, ye would not surely have been seeking it, just as we do not seek any thing amongst those which we know. Is it not so?

Sis. It is.

Soc. Whether does it seem to you, Sisyphus, if a person does not know, that he ought to seek or to learn?

Sis. To myself at least it seems, by Zeus, to learn.

Soc. And correctly does it seem so. But does it seem to you that he ought to learn rather than seek on this account, because a person would discover more quickly and easily, if he learnt from those, who know, than if he were to seek himself what he did not know? Or is it on some other account?

Sis. On no other than this.

Why did ye not then yesterday, disregarding the act of consulting about matters, of which ye knew nothing, and of seeking to do the best for the state, learn from some one of those, who did know, how ye might do the best for the state? But ye seem to me to have been sitting the whole of yesterday and speaking off-hand, and prophesying about matters, of which ye were ignorant, and neglecting to learn, both the rulers of the state and you together with them. But perhaps you will say that this has been played off by myself against you for the sake of a conversation merely, and it has not been proved to you seriously. Consider then, by Zeus, this question at least for the present with seriousness. If it were conceded that to consult is something, and not, as now discovered, to be nothing else than a knowledge according to conjecture, and a speaking off-hand, making use of merely a more solemn name, but nothing else, do you think, that as regards the act of consulting well and being good counsellors, persons differ one from another on that point, as persons [differ one from another] on all the other kinds of knowledge, (such as) carpenters from carpenters, physicians from physicians, and hautboy-players from hautboy-players, and all the rest of handicraftsmen differ from each other? As then those engaged in these arts (differ), think you that in the act of consulting persons would differ at all in this manner, one from another?

Sis. Yes I do.

Soc. Now tell me, do not all, both those who consult well, and those who do so ill, consult about matters that are about to be?

Sis. Certainly.

Soc. Is the future any thing else than what is not as yet?

Sis. It is not.

Soc. For if it were, it would not surely be still about", to be, but it would be already. Is it not so?

Sis. Yes.

Soc. Therefore that, which is not yet, in reality has not been

produced.

Sis. It has not.

Soc. Therefore that, which is not and has not been produced, has no existence in reality.

Sis. It has not.

Soc. Do not all, then, who consult well or ill, consult about things which neither are, nor have been, and which have no existence, when they consult respecting things about to be?

Sis. At least they seem so.

Soc. Does it seem to you possible for a person to hit well or ill a thing, that does not exist?

Sis. How say you this?

Soc. I will explain, what I mean to say. Consider then. How would you distinguish out of many archers, which of them was the good and (which) the bad?

Sis. Surely this is not difficult to know.

Soc. 'For perhaps you would bid them shoot at some mark. Is it not so?

Sis. Certainly.

Soc. Would you not decide that he is the conqueror, who hits most often the mark in a direct way.

Sis. Yes, I would.

Soc. But if there were no mark laid down for them to shoot at, but each shot where he liked, how could you distinguish between the good and bad archer?

Sis. Not at all.

Soc. Would you then not be at a loss to distinguish between

those consulting well or ill, if they did not know what they were consulting about?

Sis. Yes, I should.

Soc. Do not those then, who consult respecting things about to be, consult respecting things not in existence?

Sis. Certainly.

Soc. It is not therefore possible for any person to hit the thing not in existence. For how does any one seem to you to be able to hit, what is not in existence?

Sis. Not at all.

Soc. Since then it is not possible to hit, what is not in existence, no one would be able to hit any thing of those not in existence by consulting. For things that are about to be belong to those not in existence. Is it not so?

Sis. So it seems at least to me.

Soc. He then, who does not hit things about to be, would be amongst men neither a good counsellor, nor a bad counsellor.

Sis. It seems he would not.

Soc. Nor is a person (said) to be either a better counsellor, or a worse counsellor, not even if he should be more successful or less successful in hitting, what is not in existence.

Sis. He is not.

Soc. Looking then to what circumstance men call certain persons by the name of good counsellors, or bad counsellors, is it not worthy, Sisyphus, to think again upon this matter?

Sis. (I say so).

AXIOCHUS

Translated by George Burges

This apocryphal dialogue dates from the Hellenistic era, circa 100 BC. In the dialogue, Axiochus has come close to death, and is scared by the experience, despite his familiarity with the arguments which were supposed to make him scorn the fear of death. Socrates is summoned to his bedside, and consoles him with a wide variety of teachings to help Axiochus welcome death as the release of the soul to a better place.

AXIOCHUS.

Persons of the dialogue.

SOCRATES, CLINIAS, AXIOCHUS.

Soc. When I had gone out on the road to Cynosarges,- and had arrived at the Ilissus, the voice of some one reached me, calling out, “ Socrates, Socrates.” And when on turning towards (the sound) I looked round to see from whence it might be, I beheld Clinias, the son of Axiochus, running towards the fountain Callirrhoe, together with Damon the musician, and Charmides, the son of Glaucon. Of these, one was the other’s music-master, and the other was, from a feeling of friendship, at once the loving and beloved. I determined therefore to give up the direct road, and to meet them, that we might come together in the easiest manner. And Clinias, with tears in his eyes, said — Now, Socrates, is the time for you to exhibit the wisdom ever bruited by you. For my father has at some sudden season become powerless, and is at the end of life, and with pain supports the idea of dissolution; although at a former period he used to ridicule those, who were afraid of the bugbear of death, and to rebuke them mildly. Come then, and console him as you are wont, in order that he may without a groan proceed on the road of fate, and that, together with the remaining acts of piety, this too may be done by me. In no moderate matter, Clinias, (said I,) shall you be disappointed in me; especially as you are inviting me to do a holy act. Let us then make haste; for if such is the state of affairs, there is a need of haste.

Clin. On merely seeing you, Socrates, he will rally; for often has he been on his legs again after a (serious) symptom. Soc. When we had traversed rather quickly the road along the wall, at the Itonian gates — for he dwells near there, close to the pillar of the Amazon — we came upon him, when he had already recovered his senses, and his body some strength, although his mind was weak, and he stood greatly in need of consolation; and frequently did he raise himself up, and give vent to moans, together with the shedding of tears, and

the noisy beating of his hands. On beholding him, Why is this, Axiochus? said I. Where are your former boastings and frequent praises of virtue, and your boldness not to be broken down? since, like a cowardly combatant, you have exhibited yourself of noble bearing in the place of exercise, but have failed in the fight. Will not you, a man of so long a life, and the hearer of (the finest) reasonings, and, if nothing else, at least an Athenian, after surveying nature consider that this is surely a common (saying), and bruited amongst all, that life is a kind of sojourn (upon earth); and that we must pass through it in a reasonable and good-tempered manner, and take our departure, only not singing paeans on the road to fate; while to conduct yourself in so cowardly a manner, and to be torn with difficulty from existence, is to exhibit, like a child, a period of life not otherwise.

Axio. This, Socrates, is true; and you appear to me to speak correctly. And yet I know not how, when I am at the very point of what is dreadful, those powerful and very clever reasonings unconsciously fall away, and are held in no honour; while in their stead a fear lays hold of me, tearing my mind in various ways, if I am to be deprived of this light here, and of the good things (of life), and to lie rotting, wherever it may be, unseen and unheard of, after passing into worms and nondescript creatures.

Soc. Through your own ignorance, Axiochus, you are combining sensation with the want of sensation; and you are acting and speaking in a manner at variance with yourself; and you do not consider that you are at one and the same time lamenting your want of sensation, and pained at the idea of your rotting away, and of being deprived of what is pleasant, as if you are to die and live in another state, and not to pass into insensibility complete, and the same as that before you were born. As then none of the mischief during the political period of Draco and Clisthenes pertained to yourself — for you, to whom it might have pertained, did not exist at all — so it will not after death occur to you; for you, to whom it might occur, will not be in existence. Throw aside then all silliness of this kind, and think upon this, that, after the union of soul with body has been once dissolved

by the former being settled in its own home-place, what is left of the latter is of the earth and devoid of reason, nor is it a man. For we are soul, a thing of life and immortal, pent up in a mortal prison. And nature has for some mischief fitted round this tabernacle, to which pleasant things are in a recess, and on the wing, and mixed up with the majority of pains; but the things of sorrow are unmixed, and last a long time, and have no share in what is pleasant: (I say nothing) of diseases and inflammations in the sensoria and of internal ills, with which the soul, as if sown with pores, does, when it sympathizes, of necessity desire its congenial atmosphere of heaven, and feels a thirst for the life that is there, and a hankering after its dancing; so that a removal from this life is but a change from an evil to a good.

Axio. Since then, Socrates, you consider life to be an ill, why do you remain in it? and this too, when you are a person of reflection, and excel us, the mass, in mind.

Soc. You do not, Axiochus, testify truly in my case; but you conceive, as the mass of Athenians do, that, since I am searcher after facts, I am acquainted with something. And indeed I would pray to know all things of even a common kind, so much am I deficient in what are superior. But what I am now saying are the proclaimed doctrines of Prodicus the wise, that have been bought, some for half a drachm, others for two drachms, and others for four; for that person never teaches any thing for nothing, but his custom is perpetually to proclaim the sentiment of Epicharmus — Hand handwashes; give then something, ‘and get something in return. And lately, when he was making a display at the house of Callias, the son of Hipponicus, he spoke so much against living, that I drew a line through (the word) life as a thing of the least value; and from that time, Axiochus, my soul yearned for death.

Axio. And what was said then?

Soc. I will tell you all can remember. For what part of life, said he, is free from pain? Does not the infant cry at its first birth, beginning to live from pain? Nor is it deficient in any suffering, but is affected painfully either by the want of something, or excessive cold or heat,

or a blow; and being unable to tell what it is suffering, it cries continually, possessing this voice alone of its discontentment. And when it reaches its seventh year, after having gone through many troubles, there are boy-leaders, and teachers of grammar, and drilling-masters tyrannizing over him. And as he grows bigger, there is a still larger- number of despots, who teach him correctness in composition, and geometry, and military tactics.

And when he is registered amongst the young men, there are, what is a worse fear, the Lyceum and Academy, and the Gymnasiarchs and their staves, and a measureless amount of ills. And the whole period of youth is under Moderators and the selection of those placed over young persons by the Council of the Areopagus. And when he is forced from them, cares straightway come upon him in secret, and considerations as to what road of life he is to tread; and (compared with) the after difficulties the first appear to be childish, and the terrors in truth of infants; for there are campaigns, and wounds, and continuous contests. And then old age stealthily and unconsciously comes on, to which flow together all that is on the verge of death and hard to be remedied. And should a person not pay, as a debt, his life rather quickly, Nature, like an usurer, stands near and takes as a pledge from one his eye-sight, and from another his hearing, and frequently both; and should he still delay, she brings on a paralysis, (or) a mutilation (or) a distortion of limbs; while they, who on the threshold of old age are still vigorous, in mind, become twice children, though grown old. And hence even the gods, who take cognizance of human affairs, release more quickly from life those, on whom they set the greatest value. For example, Agamedes and Trophonius, who built up the close, sacred to the god at Pytlio, did, after praying that the best thing might befall them, lay themselves on their bed and never rise from it again. So too the sons of the priestess at Argos, after their mother had in like manner prayed for some honour to be paid them by Juno in return for their piety, when, through the pair (of mules) being too late, they undressed themselves, and drew her (in the car) to the temple, they did, after the prayer, change, during the night, their existence. And long would be the story to go through of the poets, who, with their more divine

mouths, have told in holy hymns the tales relating to life, how they utter lamentations against living. Of one alone I will however remember me, the most worthy to be spoken of, who says, The gods for mortals, in a hapless state To live, in sorrow wove the web of fate — and, (II. xvii.,)

Of all that breathe and creep upon the earth, There's nought than man more wretched (from his birth).

And what does he say of Amphiraus? (Od. xv. .) Him heartily the Egis-bearing Zeus Loved, and Apollo with the feelings all Of friendship; yet he did not of old age The threshold reach.

And what does he appear to you, who bids us

Weep for the ills, to which the new-born comes.

But I will stop here, lest, contrary to my engagement, I become prolix by making mention of others likewise. With what pursuit or art does not he, who has chosen it, find fault, and is discontented with his present state? Let us go to handicraftsmen and workers at a furnace, who labour from night to night, and with difficulty procure the necessities of life, and let (us hear) them bewailing their fate and filling up their sleepless hours with lamentations and tears. Or let us reckon up the sailor's (life), passed in the midst of so many dangers', and which, as Bias has shown, is neither amongst the living nor the dead; for the man who belongs to earth, has, as if he were amphibious, thrown himself upon the sea, and become wholly in the power of fortune. But farming is at least a pleasant thing. Clearly so. But is it not wholly a sore, for ever finding for itself a pretext for sorrow? crying now at a drought; now at a continued rain; now at a burning up; now at a mildew; now at unseasonable heat or cold. And the much-honoured statesmanship — for many things I pass over — through revolutions how great is it driven, while it possesses a pleasure, like that of a state of fever, in its quiverings and palpitations, but a failure, full of pain, and worse than a thousand deaths. Who then living for the mob can be happy? even if he has been favourably received with a gentle buzz, or noisy hubbub, as the

plaything of the people, (but afterwards) rejected, hissed, fined, put to death, and pitied. Tell me this, thou statesman, Axiochus, where died Miltiades? where Themistocles? where Ephialtes? and where recently the ten army-leaders? when I did not put (the question) to the vote; for it did not seem to me a solemn act to hold office in union with a maddened mob; whereas Theramenes and Callixenus did on the day after introduce secretly fictitious chairmen (of the meeting), and got against the men a vote of death without a trial; and yet did you (Axiochus) lawfully defend them and Eurypotlemus likewise, while thirty thousand were at the general meeting.

Axio. It is so, Socrates. And from that time I have had enough of the platform, and nothing has seemed to me more disagreeable than statesmanship. And this is plain to those who have been engaged in the business. And you indeed speak thus, as taking a view from a look-out; but we, who have made the experiment, know it more accurately. For the mob, my dear Socrates, is a thing ungrateful, satiated with the mere touch, cruel, envious, uneducated, as being made up of a mass of persons brought together, violent (and) triflers; while he, who acts the courtesan to it, is more miserable by far.

Soc. Since then, Axiochus, you lay down the science, which is the most free, as the least to be prayed for amongst the rest, what shall we think of the remaining pursuits? Are they not to be avoided? I once indeed heard Prodicus saying that death does not exist as regards either the living or those, who have changed their existence.

Axio. How say you, Socrates?

Soc. That as regards the living, it does not exist; while they, who are dead, do not exist; so that neither, as regards you, does it exist; for you are not dead; nor, should you suffer aught, will it exist, as regards you; for you will then not exist. Vain then is the sorrow in Axiochus grieving for Axiochus, touching a thing that neither is nor will be; and it is just the same, as if a person were to grieve for Scylla or the Centaur, which, as regards you, do not exist now, nor will they, after your close of life, exist. For what is fearful is so to those, who exist; but to those, who do not exist, how can it be so?

Axio. These clever things you have said from the talkativeness, which is floating on the surface (of society) just now. For from thence is this idle speaking, which has been cleverly got up for the young men. But the deprivation of the good things of life is what gives me pain, even should you rattle out reasons, Socrates, still more plausible than those just now. For the mind, when it is wandering, thinks nothing of fine-spoken words; nor do these touch even its surface, which affect indeed a mere pomp and splendour of diction, but are wanting in truth. Now sufferings do not endure sophisms; and upon those things alone, that can reach the soul, rests there any aid.

Soc. You are putting together, Axiochus, (words) without reason, in bringing the perception of things that are bad as opposed to the deprivation of things that are good, through your forgetting that you are dead. For the counter-suffering of ill pains him who is deprived of good; but he, who does not exist, does not lay hold even of deprivation. How then should there be a grief for that, which is about to furnish no knowledge of the things that will cause pain? For had you, Axiochus, at the beginning laid down (with me), in some way that there is no perception (to the dead), you would not, through your ignorance, have shuddered at death. But now you are turning yourself round, while fearing that you shall be deprived of soul, and place a soul round deprivation; and you fear that you shall not have a perception; and yet you imagine that you shall by perception comprehend a perception, that will not exist. In addition to their being many and beautiful reasons for the immortality of the soul. For a mortal nature would surely not have proceeded and been lifted up to such a greatness in action, as to despise the violence of superior wild animals, and to pass over seas, and to build cities, and to lay down forms of polity, and to look up to heaven and behold the revolutions of the stars, and the courses of the sun and moon, and their eclipses, and rapid return to their former state, and the equality of days, and the two tropical movements, during winter and summer, and the rising and setting of the Pleiades, and the winds, and the fall of rain, and the ill-fated trailing along of fiery meteors, and to lay down on a tablet what the universe is to undergo for ages, unless

there had been in the soul some breath of divinity, through which he possessed the power of thinking upon and knowing subjects of so vast a kind; so that you are not, Axiochus, changing your existence for death, but for immortality; nor will you have a deprivation of good things, but a still purer enjoyment of them; nor pleasures mixed up with a mortal body, but unmixed with every pain. For you will, when released from this prison, depart thither, where all is without trouble, and moanings, and old age, and life is a calm, and with no taste of ill, and where in a mild atmosphere of unruffled tranquillity you (will dwell), looking round upon Nature, and acting the philosopher not before a mob and a theatre, but in the presence of Truth, blooming around.

Axio. You have by your discourse brought me round to a contrary point. For I have no longer a fear of death, but already a desire to say myself, in imitation of the orators, something still more; and for a long time I have been thinking upon things on high, and I will go through the eternal and divine course, since after my weakness I have collected my strength and am become a new man.

Soc. (Hear too), if you are willing, another account which Gobryas related to me — a man of the Magi, (who) said that during the expedition of Xerxes, his grandfather, we thus recover a noun, required to govern Πλειάδων, but perceive likewise why the Pleiades are introduced here; since, as we learn from Hesiod Epy. and, both farmers and sailors were wont to pay attention to the rising and setting of the Pleiades, who was his namesake, was sent to Delos to watch over the island, where the two deities presided, according to some brazen tablets, that Opis and Hecaergus had brought from the Hyperboreans; and that he learnt that after the soul was released from the body, it departed to the uncertain spot, and some dwelling under ground, where is the royal palace of Pluto, not less than the hall of Zeus, inasmuch as the earth possesses the middle portion of the world, and the pole (of heaven) is spherical; of which the gods of heaven have obtained by lot one portion of the hemisphere, and the gods below the other, being some of them brothers, and others the children of brothers; and that the gates before the road to Pluto's

domain are fast bound by iron locks and keys; and that the river Acheron receives him, who has opened them, and, after it, Cocytus, both of which it is necessary for him to pass over, and to be led to Minos and Rhadamanthus, (where is) what is called the plain of Truth. There are they seated as judges to sift each of the comers as to what life he had led, and in what pursuits he had dwelt in the body; and that to tell a falsehood is out of his power. On such then as a kind daemon has breathed during life, these are located in the region of the pious. There without stint the seasons bloom with every kind of produce, and fountains of pure water flow; and every where are meadows made beautiful by flowers of varied hues, and places of discussions for philosophers, and theatres of poets, and cyclic choirs, and the hearing of music, and elegant banquets, and feasts self-furnished, and an unmixed freedom from pain, and a delightful mode of living. Nor is produced there violent cold or heat, but a well-tempered air is diffused around, mixed with the sun's mild beams. There is the seat of honour to those, who have shared in the Mysteries; for they perform together their holy rites even thither. How then is there not to you first a share in the honour, as being of the family of the goddesses? And there is a report that Heracles and Dionysus descended to Hades after having previously shared in the Mysteries here; and that they put on a boldness for the journey thither from the Eleusinian (rites). But they, whose life has been passed in a course of evil doings, are driven by the Furies to Erebus and Chaos through Tartarus, where is the region of the impious, and the unfilled urns of the daughters of Danaus, and the thirst of Tantalus, and the entrails of Tityus, and the uncompleted stone of Sisyphus, To whom begins again his labour's end. There too are persons licked round by wild beasts, and terrified by the torches of the Furies glaring around them; and enduring every kind of ignominious treatment, they are by eternal punishments worn down. This account did I hear from Gobryas; and you, Axiochus, can decide upon it. For carried along myself by reason I know firmly this alone, that the soul is wholly immortal, and that, when it is removed from this spot, it is there without pain; so that it must needs be, Axiochus, that, if you have lived piously, you will be happy either below or above.

Axio. I am ashamed, Socrates, to say a word. For so far am I from fearing death, that already I feel a desire for it; so greatly has this beautiful discourse of yours persuaded me, as if it were a heavenly one. And even now I have a contempt for life, as being about to remove to a better home. For the present then I will cast up quietly with myself what has been said; and at mid-day you will be with me, Socrates.

Soc. I will do as you say. And for a while I will go back for a walk to Cynosarges, from whence I was sent for hither.

DEMODOCUS

Translated by George Burges

This dialogue is now generally acknowledged to be a spurious work by a late sophist, although it was included in the Stephanus edition published in Geneva in 1578. *Demodocus* appears to be a combination of separate works. The first part is a monologue, addressed to the title character, arguing against collective decision-making. There then follows three further dialogues with anonymous participants, concerning three elements of doubt against common sense.

DEMODOCUS.

You are, Demodocus, requesting me to advise you on the matters, about which you are come together to deliberate. But it has come into my mind to consider, what avails this meeting of yours, and the eagerness of those, who think to advise with you, and the vote, which each of you thinks of giving. For, in the first place, unless it be possible to advise correctly and skilfully on the points, respecting which ye are come to deliberate, how is it not ridiculous for you to come together to deliberate on points, respecting which it is not possible to advise correctly? And in the second place, if it be possible to advise correctly and skilfully upon matters of this kind, still the knowledge, by which it is possible to advise correctly on them, is none. How then is it not out of place? But if there be any knowledge, by which it is possible to advise correctly on such matters, is it not necessary that there should be certain persons skilled to advise correctly on matters of this kind? And if there are certain persons, skilled to advise on those points, about which you are come together to deliberate, is it not necessary for you likewise to know how to advise on these matters, or not to know? Or that some persons should know, and some not? If then all of you know, what need is there for you to come together to deliberate? for each of you is competent to advise. But if, on the other hand, all of you do not know, how will you be able to deliberate? Or what advantage would there be to you in this meeting together, if you are not able to deliberate? But if some of you know, and others do not know, but these are in want of counsel, whether it is possible for an intellectual person to advise the unskilled, even a single person is sufficient to advise with those of you, who do know. Or do not all, who know, advise the same thing? so that it is fitting, after you have heard that person, to separate. But now you do not this; but you wish to hear many giving their advice; for you do not take upon yourselves to know those, who are attempting to advise with you on points, on which they are advising. For if you had taken upon yourselves to know those, who were advising with you, it would have been sufficient for you to have heard one person alone. To come together then with the view of

hearing those, who do not know, as if you were doing something of importance, how is it not a thing out of place? Respecting then this meeting of yours, I am in this way at a loss.

And that too is a thing of difficulty relating to the eagerness of those, who think they can advise with you. For if, while advising, they do not give the same advice upon the same points, how can they all advise correctly, when they do not advise what he, who advises correctly, would advise? Or how can the eagerness of those, who are eager to advise on points, in which they are unskilled, not be out of place? for being skilled, they would not choose to advise incorrectly. But if, on the other hand, they advise the same, what need is there for them all to advise? for a single one of them would, if advising the same, be sufficient. To be eager then on such matters, as would be of no importance, how is it not ridiculous? Neither then would the eagerness of the unskilled be not out of place, when it is of such a kind; nor would men of sense feel an eagerness on such matters, knowing that even one of them would do the same thing by advising what was fitting; so that I am unable to discover how the eagerness of those, who fancy they are advising, is not ridiculous.

But as regards the vote which you are thinking to give, I am the most at a loss, what it can avail. For whether are you giving a judgment upon those, who know how to advise? But more persons will not advise at all any better than one, nor some one way and others another correctly upon the same matter; so that respecting them there will be no need for you to give a vote. But are you giving a judgment upon some, who are unskilled and who ought not to advise any persons? Surely it is not fitting to intrust to such persons, as if they were madmen, to advise. But if you are to give a judgment upon neither the skilled nor the unskilled, upon whom are you to give it? But what need is there for other persons to advise with you at all, if you are competent to give a judgment upon such matters? But if on the other hand you are not competent, of what avail are your votes? Or how is it not ridiculous for you to come together, as if about to consult, when you yourselves are in want of advice, and are incompetent, and yet fancy that you ought to come together and give a vote, as if competent to form a judgment? For neither by being taken singly are you ignorant, and become sensible by being taken

together; nor, on the other hand, are you at a loss individually, but by coming together are no longer at a loss. But do you become competent to see together what things are to be done by you? and this too, when you have neither learnt them from any one, nor discovered them yourselves; which is the most shocking thing of all. For being unable to see together, what is to be done, you will not be competent to give a judgment upon the party, who is advising you correctly upon these matters; nor, if a person, standing alone, as an adviser, should say this, that he himself will teach you what is to be done, is it in your power to form a correct judgment upon those, who are advising you correctly or not. Now this would be a state not less shocking than that. If then neither the meeting nor the (single) adviser is able to make you competent to give a judgment, what need is there to you for voting? Or how is this meeting of yours not opposed to your votes, and the vote to the eagerness of those advising you? For this meeting of yours is that of persons not competent, but in need of advisers; while the votes are given as of persons not wanting advisers, but able to form a judgment, and to advise; and the eagerness of those advising you, is as of persons who know; but the votes are given by you, as if the persons advising did not know. Now if any one were to ask you, who have voted, and the person advising you, respecting the matters on which you have voted — do you know what will that be, for the sake of which you think of doing what you have voted? you would not, I think, be able to say. And even if that should take place, for the sake of which you have it in your thoughts to do every thing, do you know how it will benefit you? I think that neither you nor the party advising you would be able to tell this. But you conceive that some of those with intellect know somehow this. But if a person should ask you who is the party, I do not think you would agree on this point. When therefore both the things, about which you are consulting, are such as not to be manifest, and the persons likewise, who vote and advise, are unskilled, reasonably will you say that it often falls out that persons have no faith in, and repent of, those things, for which they have taken counsel and voted. Now such events it is not becoming to fall out to the sensible. For they know the things, about which they give advice, both of what kind they are, and that they exist firmly to the

parties persuaded, for the sake of whom they give the advice, and that neither to themselves nor to the parties persuaded will there be a repentance for any thing senseless. On matters then of this kind I conceive that those, who possess any sense, should think it fit to give advice; but not about the matters on which you are requesting me to advise; for from their advice the result is good fortune, but from the trifling of these misfortune.

I was once present with a person while he was admonishing his friend, because the latter had trusted to an accuser, not having heard the other party making an apology for himself, but hearing only the accuser. He said that (the friend) had done a terrible thing, in deciding against the party without having been present himself, or having heard from the friends of the party, to whose statements it was reasonable for him to trust. For, after having heard both, he would not have so hastily trusted to the accuser; but that it was just, before conferring praise or blame, to hear the party make his defence, as well as the accuser. For how could any one decide correctly a suit, or judge in a proper manner between persons, without hearing the opposite parties? for that it is better that assertions, like a purple colour and gold-money, should be judged of by being placed side by side. Or for what purpose has time been allowed to both the opposite parties in a suit? or the judges sworn to hear both sides equally? unless the lawgiver conceived that suits would be decided more justly and better by the judges. But you seem to me to have not even heard of what is said by the multitude. What is it? said (the other).

Decide no suit, till both accounts you've heard.

And yet this would not have been thus circulated, if it had not been well said, and as is fitting. I advise you therefore, said he, for the future not to blame or praise persons so hastily. The other then said that it appeared to him an absurd thing, if it were impossible to know, when one person was speaking, whether he was telling the truth or a falsehood, and yet possible to know, when two persons were speaking; and impossible to learn from a person, when telling the truth, but possible to be taught by that very person and another, when telling a falsehood; and if one by speaking straightforwardly and truly should be unable to show what he is saying clearly, but that two, one of whom should tell a falsehood, and not speak

straightforwardly, should be able to show clearly that, which the party speaking straightforwardly was not able to show clearly. And I am at a loss, said he, on this point likewise, how they are to show it clearly; whether by being silent, or speaking. For if they are to show it clearly by being silent, there would be a need of hearing neither, much less both. But if by speaking both are to show it clearly, and both parties speak according to no regular manner and time — for both think they have a right to speak in turn — how is it possible for both to show the matter clearly? For if both are showing the matter clearly at the same time, both will be speaking together at the same time. But this they are not wont to do, nor do the laws permit it; so that if they are to show the matter clearly by speaking, each of them will do so by speaking; and when either party speaks, then either party will show the matter clearly; so that they will speak one before and the other after; and they will show the matter clearly, one before and the other after. Now if each party in turn shows the same matter clearly, what need is there to hear the latter? for the matter will have become clear by the party first speaking. But if both parties show clearly that matter, said he, how will not either of them have done so? for how would both be able to show clearly that, which one of them shall not have done so? But if either shall have shown it clearly, it is evident that the former will have spoken of it, and the former will have shown it clearly; so that how is it not possible for the person hearing him alone to know all correctly? On hearing them I was at a loss, and unable to decide. For the others, who were present, said that the first reasoning was true. If then you can advise me on this matter, whether it is possible, when one person is saying any thing, to know correctly what he is saying, say so; or whether there is need of a speaker on the opposite side, if a person would know which is speaking straightforwardly. Or whether it is not necessary to hear both parties? Or how do you think?

The day before yesterday a person was finding fault with another, because he was unwilling to lend money or to trust him; and the party, with whom he was finding fault, was defending himself; whereupon another person amongst those, who were present, inquired of the party finding fault — whether he, who had not trusted nor lent the money, had erred? and have not you too, said he, who did

not persuade him to lend, erred? In what, said the other party, have I erred? Which of the two, said (the inquirer), seems to you to err? the person, who fails in what he wishes, or he, who does not (fail)? The person who fails, said he. Have you then not failed in wishing to borrow; while he, who did not wish to give up (his money), has not failed in that point. Truly so, said he; but in what have I erred, even if he has not given it me? Because, said (the inquirer), if you have begged the things which you ought not, how do you think that you have not erred? while he has acted correctly in not giving them up; but if, on the other hand, you have begged what you ought, and failed in this point, how have you not of necessity erred? Perhaps so, said he; but how has he not erred, who did not trust me? If you had treated with him, said (the inquirer), as was fitting, you would not have erred at all. Not at all. But now you have not treated with him, as was fitting. I appear so, said he.” If then he was not persuaded, when you were treating with him, as was not fitting, how can you justly find fault with him? I am unable to say. Nor can you say that one must not pay attention to those, who conduct themselves ill? This (I can say) very much, said he. Do not then those persons seem to you to conduct themselves ill, who treat with a party in a manner that is not fitting? To me at least (they seem so), said he. In what then did he err, if he paid no attention to you, when conducting yourself ill? It appears, said he, in nothing. Why then, said (the inquirer), do persons find fault on such matters with each other, and blame those, who are not persuaded by them, because they are not persuaded, but do not find fault with themselves at all, because they have not persuaded them? Hereupon another party who was present, observed — When a person has conducted himself well towards any one, and has assisted him, and subsequently requests that party to conduct himself in a similar manner towards him, but does not meet with such conduct, how does he not reasonably find fault? Is not, said (the inquirer), the person whom the party requests to conduct himself in a similar manner, either able to conduct himself well, or unable? (Yes.) And if he is unable, how can he properly make the request, who requests him (to perform) what he cannot? but if he is able, how did he not persuade him (to do so)? or how do persons, who speak in this way, speak correctly? But, said (the other), it is requisite, by Zeus, to

find fault with such a person, in order that both he may for the remainder of his life conduct himself better, and the other mean fellows, who hear the party finding fault. Think you, said (the inquirer), that any persons will conduct themselves better when they hear a party speaking correctly, or when in error? When speaking correctly, said he. Now the party, who was speaking not correctly, did not seem to you to make a request correctly? Truly so, said he. How then will those, who hear a person finding fault in this way, conduct themselves better. Not at all, said he. For what purpose, then, would a person find fault in this way? He confessed lie could not discover. Some one was accusing a person of stupidity, because lie had given credence quickly even to parties he happened to meet with, while they were speaking. To fellow-citizens and familiar friends, when speaking, it is reasonable to trust. But to persons of that kind, whom he had never seen nor heard of before, to give credence, and this too when he was not ignorant that the majority of men are braggarts and knaves, was no little proof of silliness. When one of those present observed — For my part I thought that you considered a person of greater value, who could quickly understand even any one he met with, rather than him, who did so slowly. And so I do consider, said the other. Why then, said (the former), do you find fault, if a person gives credence quickly, even to those he meets with, when they speak the truth? But, said (the other), I do not find fault with this, but because he gives credence to those, who tell falsehoods. But, if after a longer period even to those not accidentally met with he had given credence, and suffered annoyance, would you not have found fault with him still more? Yes; I should have done so, said he. Is it, because he gave credence slowly, even to those not accidentally met with? No, by Zeus, said he. For I suppose, said the other, you do not conceive that it is right to find fault with a person on this account, but because he gives credence to those, who state what is not credible. I do so, said he. Whether then, said (the other), do you think it is not right to find fault with him for giving credence slowly even to those not accidentally met with, but right (to do so) for giving credence quickly even to those accidentally met with? Not I indeed, said he. Why then do you find fault with him? said (the other). Because he errs in giving credence to persons accidentally met with, previous to

making an inquiry. But if he had slowly given credence, previous to making an inquiry, he would not have erred. Not so, by Zeus, said he; but he would have erred even thus not the less; but I think one ought not to give credence to persons accidentally met with. But if, said (the other), you think one ought not to give credence to persons accidentally met with, how is it fitting to give credence quickly to persons unknown? and do you think that it is requisite to make an inquiry, whether they are speaking the truth? I think so, said he. Say then, said (the other), is it not requisite to make inquiry about familiar friends and acquaintances, whether they are speaking the truth? I should say so, said he. For perhaps, said (the other), some of these state what is not credible. And very much so, said he. Why then, said (the other), is it more reasonable to give credence to familiar friends and acquaintances than to persons accidentally met with? I cannot tell, said he. What then, if it is requisite (not) to give more credence to familiar friends than to persons accidentally met with, is it not requisite to consider them less trustworthy than persons accidentally met with? How not? said he. If then there are familiar friends to some persons, and persons unknown to others, how will it not be necessary to consider the same persons more trustworthy than the same? For it is requisite to consider familiar friends and persons unknown, as not equally trustworthy, as you say yourself. This does not please me, said he. Equally, said (the former), do. some believe what is stated by them, but others disbelieve? And. this too is strange, said he. If then, said (the other), both familiar friends and persons accidentally met with state the same things, would not all things stated equally to all be credible or incredible (equally)? Necessarily so, said he. Must we not give credence then equally to those who state the same things? It is probable, said he.

On their conversing in this way, I was at a loss to whom one ought to give credence and to whom not, and whether to the trust-worthy and those who know what they are speaking about, or to familiar friends and acquaintances. Upon these matters then how think you?

ERYXIAS

Translated by Benjamin Jowett

Set in the Stoa of Zeus Eleutherios, this spurious dialogue features Socrates in conversation with Critias, Eryxias, and Erasistratus, the nephew of Phaeax. The dialogue concerns the topic of wealth and virtue. Eryxias believes that it is good to be materially prosperous, but he is defeated when Critias argues that having money is not always a good thing. Socrates then shows that money has only a conventional value. In an argument addressed to Critias, Socrates concludes that money can never be considered useful, even when it is used to buy something useful. The final conclusion of the Eryxias is that the most wealthy are the most wretched because they have so many material wants.

Stoa of Zeus Eleutherios, on the west side of the Athenian Agora — the setting of this dialogue

ERYXIAS

PERSONS OF THE DIALOGUE:

SOCRATES, ERYXIAS, ERASISTRATUS, CRITIAS.

SCENE: The portico of a temple of Zeus.

It happened by chance that Eryxias the Steirian was walking with me in the Portico of Zeus the Deliverer, when there came up to us Critias and Erasistratus, the latter the son of Phaeax, who was the nephew of Erasistratus. Now Erasistratus had just arrived from Sicily and that part of the world. As they approached, he said, Hail, Socrates!

SOCRATES: The same to you, I said; have you any good news from Sicily to tell us?

ERASISTRATUS: Most excellent. But, if you please, let us first sit down; for I am tired with my yesterday's journey from Megara.

SOCRATES: Gladly, if that is your desire.

ERASISTRATUS: What would you wish to hear first? he said. What the Sicilians are doing, or how they are disposed towards our city? To my mind, they are very like wasps: so long as you only cause them a little annoyance they are quite unmanageable; you must destroy their nests if you wish to get the better of them. And in a similar way, the Syracusans, unless we set to work in earnest, and go against them with a great expedition, will never submit to our rule. The petty injuries which we at present inflict merely irritate them enough to make them utterly intractable. And now they have sent ambassadors to Athens, and intend, I suspect, to play us some trick. — While we were talking, the Syracusan envoys chanced to go by, and Erasistratus, pointing to one of them, said to me, That, Socrates, is the richest man in all Italy and Sicily. For who has larger estates or more land at his disposal to cultivate if he please? And they are of a quality, too, finer than any other land in Hellas. Moreover, he has all the things which go to make up wealth, slaves and horses innumerable, gold and silver without end.

I saw that he was inclined to expatiate on the riches of the man; so I asked him, Well, Erasistratus, and what sort of character does he bear in Sicily?

ERASISTRATUS: He is esteemed to be, and really is, the wickedest of all the Sicilians and Italians, and even more wicked than he is rich; indeed, if you were to ask any Sicilian whom he thought to be the worst and the richest of mankind, you would never hear any one else named.

I reflected that we were speaking, not of trivial matters, but about wealth and virtue, which are deemed to be of the greatest moment, and I asked Erasistratus whom he considered the wealthier, — he who was the possessor of a talent of silver or he who had a field worth two talents?

ERASISTRATUS: The owner of the field.

SOCRATES: And on the same principle he who had robes and bedding and such things which are of greater value to him than to a stranger would be richer than the stranger?

ERASISTRATUS: True.

SOCRATES: And if any one gave you a choice, which of these would you prefer?

ERASISTRATUS: That which was most valuable.

SOCRATES: In which way do you think you would be the richer?

ERASISTRATUS: By choosing as I said.

SOCRATES: And he appears to you to be the richest who has goods of the greatest value?

ERASISTRATUS: He does.

SOCRATES: And are not the healthy richer than the sick, since health is a possession more valuable than riches to the sick? Surely there is no one who would not prefer to be poor and well, rather than

to have all the King of Persia's wealth and to be ill. And this proves that men set health above wealth, else they would never choose the one in preference to the other.

ERASISTRATUS: True.

SOCRATES: And if anything appeared to be more valuable than health, he would be the richest who possessed it?

ERASISTRATUS: He would.

SOCRATES: Suppose that some one came to us at this moment and were to ask, Well, Socrates and Eryxias and Erasistratus, can you tell me what is of the greatest value to men? Is it not that of which the possession will best enable a man to advise how his own and his friend's affairs should be administered? — What will be our reply?

ERASISTRATUS: I should say, Socrates, that happiness was the most precious of human possessions.

SOCRATES: Not a bad answer. But do we not deem those men who are most prosperous to be the happiest?

ERASISTRATUS: That is my opinion.

SOCRATES: And are they not most prosperous who commit the fewest errors in respect either of themselves or of other men?

ERASISTRATUS: Certainly.

SOCRATES: And they who know what is evil and what is good; what should be done and what should be left undone; — these behave the most wisely and make the fewest mistakes?

Erasistratus agreed to this.

SOCRATES: Then the wisest and those who do best and the most fortunate and the richest would appear to be all one and the same, if wisdom is really the most valuable of our possessions?

Yes, said Eryxias, interposing, but what use would it be if a man had

the wisdom of Nestor and wanted the necessities of life, food and drink and clothes and the like? Where would be the advantage of wisdom then? Or how could he be the richest of men who might even have to go begging, because he had not wherewithal to live?

I thought that what Eryxias was saying had some weight, and I replied, Would the wise man really suffer in this way, if he were so ill-provided; whereas if he had the house of Polytion, and the house were full of gold and silver, he would lack nothing?

ERYXIAS: Yes; for then he might dispose of his property and obtain in exchange what he needed, or he might sell it for money with which he could supply his wants and in a moment procure abundance of everything.

SOCRATES: True, if he could find some one who preferred such a house to the wisdom of Nestor. But if there are persons who set great store by wisdom like Nestor's and the advantages accruing from it, to sell these, if he were so disposed, would be easier still. Or is a house a most useful and necessary possession, and does it make a great difference in the comfort of life to have a mansion like Polytion's instead of living in a shabby little cottage, whereas wisdom is of small use and it is of no importance whether a man is wise or ignorant about the highest matters? Or is wisdom despised of men and can find no buyers, although cypress wood and marble of Pentelicus are eagerly bought by numerous purchasers? Surely the prudent pilot or the skilful physician, or the artist of any kind who is proficient in his art, is more worth than the things which are especially reckoned among riches; and he who can advise well and prudently for himself and others is able also to sell the product of his art, if he so desire.

Eryxias looked askance, as if he had received some unfair treatment, and said, I believe, Socrates, that if you were forced to speak the truth, you would declare that you were richer than Callias the son of Hipponicus. And yet, although you claimed to be wiser about things of real importance, you would not any the more be richer than he.

I dare say, Eryxias, I said, that you may regard these arguments of ours as a kind of game; you think that they have no relation to facts, but are like the pieces in the game of draughts which the player can move in such a way that his opponents are unable to make any countermove. (Compare Republic.) And perhaps, too, as regards riches you are of opinion that while facts remain the same, there are arguments, no matter whether true or false, which enable the user of them to prove that the wisest and the richest are one and the same, although he is in the wrong and his opponents are in the right. There would be nothing strange in this; it would be as if two persons were to dispute about letters, one declaring that the word Socrates began with an S, the other that it began with an A, and the latter could gain the victory over the former.

Eryxias glanced at the audience, laughing and blushing at once, as if he had had nothing to do with what had just been said, and replied, — No, indeed, Socrates, I never supposed that our arguments should be of a kind which would never convince any one of those here present or be of advantage to them. For what man of sense could ever be persuaded that the wisest and the richest are the same? The truth is that we are discussing the subject of riches, and my notion is that we should argue respecting the honest and dishonest means of acquiring them, and, generally, whether they are a good thing or a bad.

Very good, I said, and I am obliged to you for the hint: in future we will be more careful. But why do not you yourself, as you introduced the argument, and do not think that the former discussion touched the point at issue, tell us whether you consider riches to be a good or an evil?

I am of opinion, he said, that they are a good. He was about to add something more, when Critias interrupted him: — Do you really suppose so, Eryxias?

Certainly, replied Eryxias; I should be mad if I did not: and I do not fancy that you would find any one else of a contrary opinion.

And I, retorted Critias, should say that there is no one whom I could

not compel to admit that riches are bad for some men. But surely, if they were a good, they could not appear bad for any one?

Here I interposed and said to them: If you two were having an argument about equitation and what was the best way of riding, supposing that I knew the art myself, I should try to bring you to an agreement. For I should be ashamed if I were present and did not do what I could to prevent your difference. And I should do the same if you were quarrelling about any other art and were likely, unless you agreed on the point in dispute, to part as enemies instead of as friends. But now, when we are contending about a thing of which the usefulness continues during the whole of life, and it makes an enormous difference whether we are to regard it as beneficial or not, — a thing, too, which is esteemed of the highest importance by the Hellenes: — (for parents, as soon as their children are, as they think, come to years of discretion, urge them to consider how wealth may be acquired, since by riches the value of a man is judged): — When, I say, we are thus in earnest, and you, who agree in other respects, fall to disputing about a matter of such moment, that is, about wealth, and not merely whether it is black or white, light or heavy, but whether it is a good or an evil, whereby, although you are now the dearest of friends and kinsmen, the most bitter hatred may arise betwixt you, I must hinder your dissension to the best of my power. If I could, I would tell you the truth, and so put an end to the dispute; but as I cannot do this, and each of you supposes that you can bring the other to an agreement, I am prepared, as far as my capacity admits, to help you in solving the question. Please, therefore, Critias, try to make us accept the doctrines which you yourself entertain.

CRITIAS: I should like to follow up the argument, and will ask Eryxias whether he thinks that there are just and unjust men?

ERYXIAS: Most decidedly.

CRITIAS: And does injustice seem to you an evil or a good?

ERYXIAS: An evil.

CRITIAS: Do you consider that he who bribes his neighbour's wife

and commits adultery with her, acts justly or unjustly, and this although both the state and the laws forbid?

ERYXIAS: Unjustly.

CRITIAS: And if the wicked man has wealth and is willing to spend it, he will carry out his evil purposes? whereas he who is short of means cannot do what he fain would, and therefore does not sin? In such a case, surely, it is better that a person should not be wealthy, if his poverty prevents the accomplishment of his desires, and his desires are evil? Or, again, should you call sickness a good or an evil?

ERYXIAS: An evil.

CRITIAS: Well, and do you think that some men are intemperate?

ERYXIAS: Yes.

CRITIAS: Then, if it is better for his health that the intemperate man should refrain from meat and drink and other pleasant things, but he cannot owing to his intemperance, will it not also be better that he should be too poor to gratify his lust rather than that he should have a superabundance of means? For thus he will not be able to sin, although he desire never so much.

Critias appeared to be arguing so admirably that Eryxias, if he had not been ashamed of the bystanders, would probably have got up and struck him. For he thought that he had been robbed of a great possession when it became obvious to him that he had been wrong in his former opinion about wealth. I observed his vexation, and feared that they would proceed to abuse and quarrelling: so I said, — I heard that very argument used in the Lyceum yesterday by a wise man, Prodicus of Ceos; but the audience thought that he was talking mere nonsense, and no one could be persuaded that he was speaking the truth. And when at last a certain talkative young gentleman came in, and, taking his seat, began to laugh and jeer at Prodicus, tormenting him and demanding an explanation of his argument, he gained the ear of the audience far more than Prodicus.

Can you repeat the discourse to us? Said Erasistratus.

SOCRATES: If I can only remember it, I will. The youth began by asking Prodicus, In what way did he think that riches were a good and in what an evil? Prodicus answered, as you did just now, that they were a good to good men and to those who knew in what way they should be employed, while to the bad and the ignorant they were an evil. The same is true, he went on to say, of all other things; men make them to be what they are themselves. The saying of Archilochus is true: —

‘Men’s thoughts correspond to the things which they meet with.’

Well, then, replied the youth, if any one makes me wise in that wisdom whereby good men become wise, he must also make everything else good to me. Not that he concerns himself at all with these other things, but he has converted my ignorance into wisdom. If, for example, a person teach me grammar or music, he will at the same time teach me all that relates to grammar or music, and so when he makes me good, he makes things good to me.

Prodicus did not altogether agree: still he consented to what was said.

And do you think, said the youth, that doing good things is like building a house, — the work of human agency; or do things remain what they were at first, good or bad, for all time?

Prodicus began to suspect, I fancy, the direction which the argument was likely to take, and did not wish to be put down by a mere stripling before all those present: — (if they two had been alone, he would not have minded): — so he answered, cleverly enough: I think that doing good things is a work of human agency.

And is virtue in your opinion, Prodicus, innate or acquired by instruction?

The latter, said Prodicus.

Then you would consider him a simpleton who supposed that he could obtain by praying to the Gods the knowledge of grammar or

music or any other art, which he must either learn from another or find out for himself?

Prodicus agreed to this also.

And when you pray to the Gods that you may do well and receive good, you mean by your prayer nothing else than that you desire to become good and wise: — if, at least, things are good to the good and wise and evil to the evil. But in that case, if virtue is acquired by instruction, it would appear that you only pray to be taught what you do not know.

Hereupon I said to Prodicus that it was no misfortune to him if he had been proved to be in error in supposing that the Gods immediately granted to us whatever we asked: — if, I added, whenever you go up to the Acropolis you earnestly entreat the Gods to grant you good things, although you know not whether they can yield your request, it is as though you went to the doors of the grammarian and begged him, although you had never made a study of the art, to give you a knowledge of grammar which would enable you forthwith to do the business of a grammarian.

While I was speaking, Prodicus was preparing to retaliate upon his youthful assailant, intending to employ the argument of which you have just made use; for he was annoyed to have it supposed that he offered a vain prayer to the Gods. But the master of the gymnasium came to him and begged him to leave because he was teaching the youths doctrines which were unsuited to them, and therefore bad for them.

I have told you this because I want you to understand how men are circumstanced in regard to philosophy. Had Prodicus been present and said what you have said, the audience would have thought him raving, and he would have been ejected from the gymnasium. But you have argued so excellently well that you have not only persuaded your hearers, but have brought your opponent to an agreement. For just as in the law courts, if two witnesses testify to the same fact, one of whom seems to be an honest fellow and the other a rogue, the

testimony of the rogue often has the contrary effect on the judges' minds to what he intended, while the same evidence if given by the honest man at once strikes them as perfectly true. And probably the audience have something of the same feeling about yourself and Prodicus; they think him a Sophist and a braggart, and regard you as a gentleman of courtesy and worth. For they do not pay attention to the argument so much as to the character of the speaker.

But truly, Socrates, said Erasistratus, though you may be joking, Critias does seem to me to be saying something which is of weight.

SOCRATES: I am in profound earnest, I assure you. But why, as you have begun your argument so prettily, do you not go on with the rest? There is still something lacking, now you have agreed that (wealth) is a good to some and an evil to others. It remains to enquire what constitutes wealth; for unless you know this, you cannot possibly come to an understanding as to whether it is a good or an evil. I am ready to assist you in the enquiry to the utmost of my power: but first let him who affirms that riches are a good, tell us what, in his opinion, is wealth.

ERASISTRATUS: Indeed, Socrates, I have no notion about wealth beyond that which men commonly have. I suppose that wealth is a quantity of money (compare Arist. Pol.); and this, I imagine, would also be Critias' definition.

SOCRATES: Then now we have to consider, What is money? Or else later on we shall be found to differ about the question. For instance, the Carthaginians use money of this sort. Something which is about the size of a stater is tied up in a small piece of leather: what it is, no one knows but the makers. A seal is next set upon the leather, which then passes into circulation, and he who has the largest number of such pieces is esteemed the richest and best off. And yet if any one among us had a mass of such coins he would be no wealthier than if he had so many pebbles from the mountain. At Lacedaemon, again, they use iron by weight which has been rendered useless: and he who has the greatest mass of such iron is thought to be the richest, although elsewhere it has no value. In Ethiopia engraved stones are

employed, of which a Lacedaemonian could make no use. Once more, among the Nomad Scythians a man who owned the house of Polytion would not be thought richer than one who possessed Mount Lycabettus among ourselves. And clearly those things cannot all be regarded as possessions; for in some cases the possessors would appear none the richer thereby: but, as I was saying, some one of them is thought in one place to be money, and the possessors of it are the wealthy, whereas in some other place it is not money, and the ownership of it does not confer wealth; just as the standard of morals varies, and what is honourable to some men is dishonourable to others. And if we wish to enquire why a house is valuable to us but not to the Scythians, or why the Carthaginians value leather which is worthless to us, or the Lacedaemonians find wealth in iron and we do not, can we not get an answer in some such way as this: Would an Athenian, who had a thousand talents weight of the stones which lie about in the Agora and which we do not employ for any purpose, be thought to be any the richer?

ERASISTRATUS: He certainly would not appear so to me.

SOCRATES: But if he possessed a thousand talents weight of some precious stone, we should say that he was very rich?

ERASISTRATUS: Of course.

SOCRATES: The reason is that the one is useless and the other useful?

ERASISTRATUS: Yes.

SOCRATES: And in the same way among the Scythians a house has no value because they have no use for a house, nor would a Scythian set so much store on the finest house in the world as on a leather coat, because he could use the one and not the other. Or again, the Carthaginian coinage is not wealth in our eyes, for we could not employ it, as we can silver, to procure what we need, and therefore it is of no use to us.

ERASISTRATUS: True.

SOCRATES: What is useful to us, then, is wealth, and what is useless to us is not wealth?

But how do you mean, Socrates? said Eryxias, interrupting. Do we not employ in our intercourse with one another speech and violence (?) and various other things? These are useful and yet they are not wealth.

SOCRATES: Clearly we have not yet answered the question, What is wealth? That wealth must be useful, to be wealth at all, — thus much is acknowledged by every one. But what particular thing is wealth, if not all things? Let us pursue the argument in another way; and then we may perhaps find what we are seeking. What is the use of wealth, and for what purpose has the possession of riches been invented, — in the sense, I mean, in which drugs have been discovered for the cure of disease? Perhaps in this way we may throw some light on the question. It appears to be clear that whatever constitutes wealth must be useful, and that wealth is one class of useful things; and now we have to enquire, What is the use of those useful things which constitute wealth? For all things probably may be said to be useful which we use in production, just as all things which have life are animals, but there is a special kind of animal which we call ‘man.’ Now if any one were to ask us, What is that of which, if we were rid, we should not want medicine and the instruments of medicine, we might reply that this would be the case if disease were absent from our bodies and either never came to them at all or went away again as soon as it appeared; and we may therefore conclude that medicine is the science which is useful for getting rid of disease. But if we are further asked, What is that from which, if we were free, we should have no need of wealth? can we give an answer? If we have none, suppose that we restate the question thus: — If a man could live without food or drink, and yet suffer neither hunger nor thirst, would he want either money or anything else in order to supply his needs?

ERYXIAS: He would not.

SOCRATES: And does not this apply in other cases? If we did not want for the service of the body the things of which we now stand in

need, and heat and cold and the other bodily sensations were unperceived by us, there would be no use in this so-called wealth, if no one, that is, had any necessity for those things which now make us wish for wealth in order that we may satisfy the desires and needs of the body in respect of our various wants. And therefore if the possession of wealth is useful in ministering to our bodily wants, and bodily wants were unknown to us, we should not need wealth, and possibly there would be no such thing as wealth.

ERYXIAS: Clearly not.

SOCRATES: Then our conclusion is, as would appear, that wealth is what is useful to this end?

Eryxias once more gave his assent, but the small argument considerably troubled him.

SOCRATES: And what is your opinion about another question: — Would you say that the same thing can be at one time useful and at another useless for the production of the same result?

ERYXIAS: I cannot say more than that if we require the same thing to produce the same result, then it seems to me to be useful; if not, not.

SOCRATES: Then if without the aid of fire we could make a brazen statue, we should not want fire for that purpose; and if we did not want it, it would be useless to us? And the argument applies equally in other cases.

ERYXIAS: Clearly.

SOCRATES: And therefore conditions which are not required for the existence of a thing are not useful for the production of it?

ERYXIAS: Of course not.

SOCRATES: And if without gold or silver or anything else which we do not use directly for the body in the way that we do food and drink and bedding and houses, — if without these we could satisfy the

wants of the body, they would be of no use to us for that purpose?

ERYXIAS: They would not.

SOCRATES: They would no longer be regarded as wealth, because they are useless, whereas that would be wealth which enabled us to obtain what was useful to us?

ERYXIAS: O Socrates, you will never be able to persuade me that gold and silver and similar things are not wealth. But I am very strongly of opinion that things which are useless to us are not wealth, and that the money which is useful for this purpose is of the greatest use; not that these things are not useful towards life, if by them we can procure wealth.

SOCRATES: And how would you answer another question? There are persons, are there not, who teach music and grammar and other arts for pay, and thus procure those things of which they stand in need?

ERYXIAS: There are.

SOCRATES: And these men by the arts which they profess, and in exchange for them, obtain the necessities of life just as we do by means of gold and silver?

ERYXIAS: True.

SOCRATES: Then if they procure by this means what they want for the purposes of life, that art will be useful towards life? For do we not say that silver is useful because it enables us to supply our bodily needs?

ERYXIAS: We do.

SOCRATES: Then if these arts are reckoned among things useful, the arts are wealth for the same reason as gold and silver are, for, clearly, the possession of them gives wealth. Yet a little while ago we found it difficult to accept the argument which proved that the wisest are the wealthiest. But now there seems no escape from this

conclusion. Suppose that we are asked, 'Is a horse useful to everybody?' will not our reply be, 'No, but only to those who know how to use a horse?'

ERYXIAS: Certainly.

SOCRATES: And so, too, physic is not useful to every one, but only to him who knows how to use it?

ERYXIAS: True.

SOCRATES: And the same is the case with everything else?

ERYXIAS: Yes.

SOCRATES: Then gold and silver and all the other elements which are supposed to make up wealth are only useful to the person who knows how to use them?

ERYXIAS: Exactly.

SOCRATES: And were we not saying before that it was the business of a good man and a gentleman to know where and how anything should be used?

ERYXIAS: Yes.

SOCRATES: The good and gentle, therefore will alone have profit from these things, supposing at least that they know how to use them. But if so, to them only will they seem to be wealth. It appears, however, that where a person is ignorant of riding, and has horses which are useless to him, if some one teaches him that art, he makes him also richer, for what was before useless has now become useful to him, and in giving him knowledge he has also conferred riches upon him.

ERYXIAS: That is the case.

SOCRATES: Yet I dare be sworn that Critias will not be moved a whit by the argument.

CRITIAS: No, by heaven, I should be a madman if I were. But why do you not finish the argument which proves that gold and silver and other things which seem to be wealth are not real wealth? For I have been exceedingly delighted to hear the discourses which you have just been holding.

SOCRATES: My argument, Critias (I said), appears to have given you the same kind of pleasure which you might have derived from some rhapsode's recitation of Homer; for you do not believe a word of what has been said. But come now, give me an answer to this question. Are not certain things useful to the builder when he is building a house?

CRITIAS: They are.

SOCRATES: And would you say that those things are useful which are employed in house building, — stones and bricks and beams and the like, and also the instruments with which the builder built the house, the beams and stones which they provided, and again the instruments by which these were obtained?

CRITIAS: It seems to me that they are all useful for building.

SOCRATES: And is it not true of every art, that not only the materials but the instruments by which we procure them and without which the work could not go on, are useful for that art?

CRITIAS: Certainly.

SOCRATES: And further, the instruments by which the instruments are procured, and so on, going back from stage to stage *ad infinitum*, — are not all these, in your opinion, necessary in order to carry out the work?

CRITIAS: We may fairly suppose such to be the case.

SOCRATES: And if a man has food and drink and clothes and the other things which are useful to the body, would he need gold or silver or any other means by which he could procure that which he now has?

CRITIAS: I do not think so.

SOCRATES: Then you consider that a man never wants any of these things for the use of the body?

CRITIAS: Certainly not.

SOCRATES: And if they appear useless to this end, ought they not always to appear useless? For we have already laid down the principle that things cannot be at one time useful and at another time not, in the same process.

CRITIAS: But in that respect your argument and mine are the same. For you maintain if they are useful to a certain end, they can never become useless; whereas I say that in order to accomplish some results bad things are needed, and good for others.

SOCRATES: But can a bad thing be used to carry out a good purpose?

CRITIAS: I should say not.

SOCRATES: And we call those actions good which a man does for the sake of virtue?

CRITIAS: Yes.

SOCRATES: But can a man learn any kind of knowledge which is imparted by word of mouth if he is wholly deprived of the sense of hearing?

CRITIAS: Certainly not, I think.

SOCRATES: And will not hearing be useful for virtue, if virtue is taught by hearing and we use the sense of hearing in giving instruction?

CRITIAS: Yes.

SOCRATES: And since medicine frees the sick man from his disease, that art too may sometimes appear useful in the acquisition

of virtue, e.g. when hearing is procured by the aid of medicine.

CRITIAS: Very likely.

SOCRATES: But if, again, we obtain by wealth the aid of medicine, shall we not regard wealth as useful for virtue?

CRITIAS: True.

SOCRATES: And also the instruments by which wealth is procured?

CRITIAS: Certainly.

SOCRATES: Then you think that a man may gain wealth by bad and disgraceful means, and, having obtained the aid of medicine which enables him to acquire the power of hearing, may use that very faculty for the acquisition of virtue?

CRITIAS: Yes, I do.

SOCRATES: But can that which is evil be useful for virtue?

CRITIAS: No.

SOCRATES: It is not therefore necessary that the means by which we obtain what is useful for a certain object should always be useful for the same object: for it seems that bad actions may sometimes serve good purposes? The matter will be still plainer if we look at it in this way: — If things are useful towards the several ends for which they exist, which ends would not come into existence without them, how would you regard them? Can ignorance, for instance, be useful for knowledge, or disease for health, or vice for virtue?

CRITIAS: Never.

SOCRATES: And yet we have already agreed — have we not? — that there can be no knowledge where there has not previously been ignorance, nor health where there has not been disease, nor virtue where there has not been vice?

CRITIAS: I think that we have.

SOCRATES: But then it would seem that the antecedents without which a thing cannot exist are not necessarily useful to it. Otherwise ignorance would appear useful for knowledge, disease for health, and vice for virtue.

Critias still showed great reluctance to accept any argument which went to prove that all these things were useless. I saw that it was as difficult to persuade him as (according to the proverb) it is to boil a stone, so I said: Let us bid 'good-bye' to the discussion, since we cannot agree whether these things are useful and a part of wealth or not. But what shall we say to another question: Which is the happier and better man, — he who requires the greatest quantity of necessities for body and diet, or he who requires only the fewest and least? The answer will perhaps become more obvious if we suppose some one, comparing the man himself at different times, to consider whether his condition is better when he is sick or when he is well?

CRITIAS: That is not a question which needs much consideration.

SOCRATES: Probably, I said, every one can understand that health is a better condition than disease. But when have we the greatest and the most various needs, when we are sick or when we are well?

CRITIAS: When we are sick.

SOCRATES: And when we are in the worst state we have the greatest and most especial need and desire of bodily pleasures?

CRITIAS: True.

SOCRATES: And seeing that a man is best off when he is least in need of such things, does not the same reasoning apply to the case of any two persons, of whom one has many and great wants and desires, and the other few and moderate? For instance, some men are gamblers, some drunkards, and some gluttons: and gambling and the love of drink and greediness are all desires?

CRITIAS: Certainly.

SOCRATES: But desires are only the lack of something: and those

who have the greatest desires are in a worse condition than those who have none or very slight ones?

CRITIAS: Certainly I consider that those who have such wants are bad, and that the greater their wants the worse they are.

SOCRATES: And do we think it possible that a thing should be useful for a purpose unless we have need of it for that purpose?

CRITIAS: No.

SOCRATES: Then if these things are useful for supplying the needs of the body, we must want them for that purpose?

CRITIAS: That is my opinion.

SOCRATES: And he to whom the greatest number of things are useful for his purpose, will also want the greatest number of means of accomplishing it, supposing that we necessarily feel the want of all useful things?

CRITIAS: It seems so.

SOCRATES: The argument proves then that he who has great riches has likewise need of many things for the supply of the wants of the body; for wealth appears useful towards that end. And the richest must be in the worst condition, since they seem to be most in want of such things.

HALCYON

Translated by George Pallatos

This short dialogue relates the ancient myth of the Halcyon, a woman transformed into a bird, who must forever search the seas in lament. As well as being attributed to Plato, *Halcyon* was claimed by others to have been written by Lucian, though this is widely doubted.

'Halcyone' by Herbert James Draper, 1915 — a modern depiction of the myth

HALCYON.

PERSONS OF THE DIALOGUE:

Socrates, Chaerephon.

CHAEREPHON: Socrates, what was that call that came to us from down along the beach and under the cliff? It was so sweet to my ears! What creature can make such a sound? Surely sea creatures are silent.

SOCRATES: It's a kind of sea bird, Chaerephon, called a halcyon, which is accustomed to lamenting and weeping. There's an ancient tale about this bird, which was handed down as a myth by the Ancients. They tell that it was once the daughter of Aeolus, son of Hellen, who ached with love and lamented the death of her husband, Ceyx of Trachis, the son of Eosphorus the Dawn Star - a handsome son of a likewise father. And then, due to an act of divine will, she developed wings like a bird and so now flies over the sea searching for him, who she could not find when wandering all over the earth.

CHAEREPHON: Is it Halcyon that you're referring to? I had never heard the voice before, it really did strike me as something exotic. Anyway, the creature certainly does produce a mournful sound. About how big is it, Socrates?

SOCRATES: Not very large. Yet great is the honour she has been given by the gods because of her love for her husband. For it's when the halcyons are nesting that the cosmos brings us what are called the 'halcyon days' in mid-winter, days distinguished for their fair weather - today is an especially good example. Don't you see how bright the sky above is and how the whole sea is calm and tranquil, like a mirror, so to speak?

CHAEREPHON: You're right; today does seem to be a halcyon day, and yesterday was much like it. But by the gods, Socrates! How can we actually believe these ancient tales, that once upon a time birds turned into women or women into birds? All of that is entirely impossible.

SOCRATES: Ah, my dear friend, we seem to be completely short-sighted judges of what is likely or unlikely - we make our judgment according to the best of our human ability, which is weak, unreliable and blind. Numerous things which are possible seem, to us, not possible, and many things which are possible seem unachievable; often because of our inexperience, and often because of the childish folly in our minds. For in fact all human beings, even very old men, really do seem to me as foolish as children, since the span of our lives is small indeed, no longer than childhood when compared with all eternity. My friend, how could people who know nothing about the gods' powers or of nature as a whole, possibly tell whether something like this is possible or impossible?

Did you notice, Chaerephon, how large a storm we had the day before yesterday? Someone pondering those lightning flashes and thunderbolts and the marvellous force of the winds might well be struck by terror; someone might have thought the whole inhabited world was actually going to collapse. But a little later there was an astonishing restoration of fair weather which lasted right up to the present moment. Do you think then, that it is a greater and more laborious task to conjure up the kind of fair weather out of such an overwhelming storm and disturbance and to bring the entire cosmos into a state of calm, than it is to reshape a woman's form and turn it into a bird's? Even our little children who know how to model such things out of clay or wax can easily work them into all kinds of shapes, all out of the same material. Since the divinity possesses great power, incomparably greater than ours, perhaps all such things are actually very easy for it. After all, how much greater than yourself would you say the whole of heaven is?

CHAEREPHON: Socrates, who among men could imagine or find words for anything of the sort? Even to say it is beyond human attainment.

SOCRATES: When we compare people with each other, do we not see that there are vast differences in their abilities and inabilities? Adult men, when compared to mere infants who are five or ten days old, possess a remarkable superiority in their ability at virtually all

practical affairs in life, those carried out by means of our sophisticated skills as well as those carried out by means of the body and soul; these things cannot, as I said, even cross the minds of youngsters. And how immeasurably superior is the physical strength of one man grown to full size, compared to them, for one man could easily vanquish thousands of such children; and it is surely natural that in the initial stages of life men should be utterly helpless and incapable of anything. When one person, as it seems, is so far superior to another, how are we to suppose that the powers of the whole heaven would appear, compared with our powers, to those who are capable of grasping such matters? Possibly many people will think it is probable that, just as the size of the cosmos surpasses the form of Socrates or Chaerephon, so its power and wisdom and intelligence will to the same degree surpass our condition.

For you and me and many others like us, numerous acts are impossible which are quite easy for others to do. For as long as they lack the knowledge, it is more impossible that people who cannot play the flute should do so or that the illiterate should read or write, than it is to make women out of birds or birds out of women. Nature practically tosses into a honeycomb an animal which is footless and wingless; then she allows it feet and wings, adorning it with all kinds of variegated and beautiful colours and so produces a bee, prudent producer of heavenly honey; and from mute and lifeless eggs she shapes many species of winged, walking and water-dwelling animals, using the sacred arts of the vast aether. We are mortal and entirely unimportant, not capable of seeing clearly great or small matters and we are in the dark about most of the things which happen to us; so we could not possibly make any reliable claim about the mighty powers of the immortals, whether as regards halcyons or as regards nightingales.

O bird of musical lamentations. I shall pass on to any children the far-famed myth about your songs, just as I received it from my ancient ancestors, and I'll sing frequently to my wives, Xanthippe and Myrto, of your piety and loving devotion to your husband, with special emphasis on the honour you received from the gods. Will

you also do something like this, Chaerephon?

CHAEREPHON: That would be suitable, Socrates, and what you say proves the tie between husbands and wives.

SOCRATES: Well, now it's time to say farewell to Halcyon, and push on to the city from Phaleron.

CHAEREPHON: Indeed; let's do that.

ON JUSTICE

Translated by George Burges

In this short and spurious dialogue, Socrates discusses with an unnamed friend questions about what is deemed as just and unjust.

ON JUSTICE.

Persons of the dialogue:

SOCRATES and a FRIEND.

Can you tell us what is justice? or does it seem to you not worth entering into a discourse about it? To me at least (it seems) very much so. What is it then? What else than the things considered just. Do not (speak) to me in this way; but, as if you had asked me — What is the eye? I should have said to you — It is that, by which we see; and if you should bid me to prove it, I would prove it. And if you should ask — To what is given the name of soul? I would say — To that, by which we know (something). And if again — What is the voice? I would answer — That, by which we converse. In this way then do you tell me that justice is that, which we use for something, as are the things, of which I was just now asking. I have it not in my power to reply in this way at all. But, since such is the case, perhaps we shall discover it more easily in this way. Come then, (say,) by what do we, on consideration, distinguish the greater and the less? Is it not by a measure? Yes. And together with a measure by what art? Is it not by that of measurement? Yes. And how things light and heavy? Is it not by weight? Yes. And together with a weight by what art? Is it not that of weighing? Certainly. Well then, by what instrument do we, on consideration, distinguish what is just and unjust? and together with the instrument, by what art previously? Is it not somehow manifest to you thus? No. But (let us consider it) again in this way. When we are disputing about things greater and less, who decides between us? Is it not the measurers? Yes. And when about things many and few, who are the persons to decide? Is it not the numberers? But what, when we are disputing with each other about things just and unjust, to whom do we come? and who are the persons to decide on each occasion between us? Say. Do you not, Socrates, mean the judges? You have correctly made the discovery. Come then and try to tell this likewise. By doing what do the measurers decide respecting things large and small? Is it not by measuring? Yes. And respecting things heavy and light? Is it not by

weighing? Yes. And respecting things many and few? Is it not by numbering? Yes. But how, respecting things just and unjust? Answer me. I cannot say. Say, by speaking. Yes. By speaking then do judges decide between us, when they are forming a judgment respecting things just and unjust. Yes. And by measuring, those skilled in measuring things small and great? for a measure is that, by which these things are judged. It is so. And by weighing, those skilled in weighing things heavy and light? for a weight is that, by which these things are judged. Yes, it is. And again by numbering, those skilled in numbering things many and few? for number is that by which these things are judged. It is so. But by speaking, as we just now agreed, the judges decide respecting things just and unjust. You speak correctly, Socrates. It is true then; and speech is that, it seems, by which things just and unjust are judged. What then are things just and unjust? As if a person had asked us — Since a measure, and the measuring art, and the person skilled in measuring, decide which is the greater and the less, what is the greater and the less? Shall we say to him that the greater exceeds, and the less is exceeded? and since a weight and the weighing art and the person skilled in weighing decide the heavy and the light, shall we say to him, that the thing going downwards in the scales is heavy, but the thing (going) upwards is light? In like manner if he should ask us — Since speech and the art of judging and the judge is the party who decides what is just and unjust,—what is the just and unjust? “What answer shall we have to give him? Or have we not a single word to say? We have not. Whether willingly or unwillingly do men, think you, have this injustice? I mean in this way. Think you that they do injustice [and are unjust] willingly or unwillingly? Willingly, I imagine, Socrates; for they are wicked. You conceive then that men are willingly wicked and unjust. I So; and do not you? No; at least if we are to be persuaded by the poet. What kind of poet? He who said —

Not one is wicked willingly, nor blest Unwillingly.

But still on the other hand, Socrates, well is the old proverb, that Poets do many falsehoods sing. But I should marvel, if this poet has told a falsehood. Come then, if you are at leisure, let us consider, whether he is saying what is false or true. Nay, I am at leisure. Come then, (say,) do you deem it just to tell a falsehood, or to tell the truth?

To tell the truth. To tell a falsehood then is unjust? Yes. But whether to deceive or to not deceive? To not deceive, assuredly. To deceive then is unjust? Yes. But what, is it just to hurt, or to benefit? To benefit. To hurt then is unjust? Yes. It is just then to tell the truth, and to not deceive, and to benefit; but to tell a falsehood, and to hurt, and to deceive, unjust. Yes, by Zeus, and greatly so. What, to do so to enemies? By no means. But it is just to do a hurt to enemies, but to do a benefit, unjust. Yes. It is then just by deceiving enemies to do them a hurt? How not? Well then, to tell a falsehood in order that we may deceive and do a hurt to enemies, is it not just? It is. But what, do you not say that it is just to do a benefit to friends? I do. Whether by not deceiving or by deceiving for their benefit? By deceiving even, by Zeus. But is it just to do a benefit by deceiving, and yet not by telling a falsehood? or by telling a falsehood? It is just by telling even a falsehood. To tell a falsehood and to tell the truth is, as it seems, both just and unjust. Yes. And to not deceive and to deceive is both just and unjust. So it seems. And to do a hurt and to do a benefit is just and unjust. Yes. All things of this kind are it seems the same, both just and unjust. To me at least they appear so. Hear then. I have, like other men, a right eye and a left. Yes. And a right nostril and a left. Certainly. And a right hand and a left. Yes. Hence, since after giving the same name, you say that some of my (members) are on the right side, and others on the left, would you not be able to say, if I asked you, on which side they were, that some on one side are the right, and others on the other side the left? Yes. Come then, likewise, to that point, since after giving the same name, you say that some acts are just, and some unjust, can you tell which are the just, and which the unjust? To me then it now appears that each of these acts, taking place at a proper time, are just; but at not a proper one, unjust. And correctly does it appear to you. He then, who does each of these acts at a proper time, does what is just; but he, who does not at a proper time, (does) what is unjust. Yes. He then, who does what is just, is just; but he who does what is unjust, is unjust. It is so. Who then at a proper time is able to cut and burn and to make lean? The medical man. Because he knows, or for some other reason? Because he knows. And who (is able) at a proper time to dig, and to plough, and to plant? The land-tiller. Because he knows, or because he does

not? Because he knows. And in this way as regards other matters, he who knows, is able to do what is proper at a proper time; but he who does not know, is not. Thus it is. And he who knows how to tell falsehoods, and to deceive, and to do a benefit, is able to do each of these things at a proper time; but he who does not know, is not. You say what is true. And he who does these acts at a fitting time is just. Yes. He does them then through knowledge. How not? The just man then is just through knowledge. Yes. The unjust man then is unjust through what is opposite to what is just. It appears so. Now the just man is just through wisdom. Yes. And the unjust man is unjust through the want of instruction. It seems so. That, which our ancestors left us, as wisdom, seems near to being justice; but that, which (they left) as want of instruction, to be injustice. It is likely. Are men uninstructed willingly, or unwillingly? Unwillingly. Unwillingly then they are unjust. It appears so. But the unjust are wicked. Yes. Unwillingly then persons are wicked and unjust. By all means. But they act unjustly through there being the unjust. Yes. Through an act of unwillingness. Certainly. But that, which is willing, does not take place through what is unwilling. It does not. But the doing of injustice takes place through the existence of injustice. Yes. Now injustice is an involuntary act. Involuntary. Unwillingly then persons do an injustice, and are unjust and wicked. Unwillingly, as it appears. The poet then did not in this case tell a falsehood. It seems not.

ON VIRTUE

Translated by George Burges

This short dialogue features Socrates, who discusses with a friend whether virtue can be taught. However, instead of offering any fresh insight, the author of the spurious dialogue does little more than copy out passages from the *Meno* almost word for word.

ON VIRTUE.

Persons of the dialogue.

SOCRATES and a FRIEND.

Is Virtue a thing to be taught, or to be not taught? but do men become good by nature, or by any other means? I cannot, Socrates, state at present. But let us consider the matter in this way. Come then, (say,) if a person wished to become good in the virtue, in which clever cooks are good, from whence would he become so? It is evident, if he learnt from good cooks. Well then, if a person wished to become a good physician, by going to whom would he become a good physician? It is evident, by going to some one of the good physicians. But if he wished to become good in the art, in which clever carpenters (are good)? To (some one) of the (good) carpenters.

If then he wished to be good in the virtue, in which men are good and clever, whither must he go and learn? I conceive to (some one) of the (good) men (to learn) this, if it is to be learnt; for from whence else? Come then, (say,) who are the men that have become good? in order that we may see whether these are the persons, who make men good, Thucydides, and Themistocles, and Aristides, and Pericles.

Have we it in our power to say who was the teacher of each of these? We have not; for it is not told. Well then, (can we mention) any pupil, either amongst strangers or citizens or any one else, either a free man or a slave, who assigns as the cause of his having become wise and good his intercourse with them? This too is not told. But they did not surely grudge to share their virtue with other persons. Perhaps so. Was it that there might not be rival artists, just as cooks, and physicians, and carpenters feel a jealousy; since it is not to their advantage for many rival artists to exist, nor for them to dwell amongst many similar persons. Is it then in like manner not an advantage for good men to dwell amongst many similar persons? Perhaps so. Are not the good and the just the same? Yes, they are. Is there the individual, to whom it is an advantage to live not amongst good persons, but amongst bad? I cannot tell. Can you not tell this too, whether it is the work of good men to do a hurt, and of bad men

to do a benefit, or the reverse'? The reverse. The good then do a benefit, the bad do a hurt. Yes. Is there a person who wishes to be hurt rather than to be benefited? By no means. No one therefore wishes to live amongst bad persons, rather than amongst good. It is so. Not one then of the good is so jealous of another, as (not) to make him a good person and similar to himself. From this reasoning it seems so. You have heard that Cleophantus was the son of Themistocles. I have heard it. It is evident then that Themistocles was not jealous of his son becoming the best possible; who (was jealous of) no one else, if indeed he was a good man; and (good) they say he was. Yes. You know then that Themistocles caused his son to be taught to be a clever and a good horseman. For instance he used to remain standing upright in the Meno, where Sydenham was the first to remark that this Thucydides was not the historian, but a political opponent of Pericles.

upon horses, and upright too hurled a javelin from (the backs of) the horses, and did many other wonderful feats, and taught him, and made him wise in many other things, such as are closely connected with a good education. Or have you not heard from elderly persons? I have heard it. No one then could find fault with the son's nature as being bad. Not justly so at least from what you have said. But what is this? that Cleophantus, the son of Themistocles, became; a good and wise man in the matters where his father was wise, have you ever heard from any younger or older person? I have not heard it. Do we then conceive that he wished to instruct his own son in these matters; but in the wisdom, in which he was wise himself, not to make him better than any of his neighbours, if virtue were a thing to be taught? It is not likely at least. Of such a kind then is this your teacher of virtue, to whom you have alluded? Let us then look to another, by name Aristides, who brought up Lysimachus, and instructed him the best of the Athenians on such subjects as are connected with (good) teachers; and yet he made him a man no better than any body; for both you and I have seen and associated with him. It is true. You know too that Pericles brought up well his sons Paralus and Xanthippus, of the latter of whom you seem to me to have been the lover. These, as you know yourself, he taught to be horsemen inferior to none of the Athenians; and he instructed them to

be inferior to no one in the rest of contests, and all the other things that are learnt by art. But did he not wish to make them good men? But perhaps, Socrates, they would have become so, had they not died young. You reasonably come to the aid of your beloved. But Pericles would have much rather made them clever in his own wisdom, than in music and contests, had virtue been a thing to be taught, and had he been able to make them good men. But (I fear) that it is a thing not to be taught; since Thucydides brought up well his two sons, Melesias and Stephanus, in behalf of whom you will not have it in your power to say, what you have done in behalf of the sons of Pericles; for one of these you surely know lived to old age, and the other much beyond. And yet their father taught them well other pursuits, and they wrestled the best of the Athenians. For he put one under Xanthias, and the other under Eudorus; and these were surely thought to wrestle the best of those of that period. Yes, they were. Is it not evident then, that he would not have taught his sons these things, where it was requisite to instruct them at an expense to himself, but those where without expending any thing it was requisite to make them good men. Now would he not have taught them this, if it were to be taught? It is likely at least. But perhaps Thucydides was a man of small means, and had not very many friends amongst the Athenians or their allies; and he was of a great family, and of great power in the state, and amongst the rest of the Greeks, so that if this had been a thing to be taught, he would have discovered a person amongst those of the country, or foreigners, who would have made his son a good man, if he himself had, through his attention to state affairs, no leisure. But (I fear) that virtue is a thing not to be taught. Perhaps not. But if it is not to be taught, are the good naturally so from their birth? But this perhaps we shall discover by considering the matter in this way. Come then, (say,) do there exist the natures of good horses? They do exist. Are there not men, who possess an art, by which they know the natures of good horses, both as regards their body, with reference to running, and their feelings, which of them are full of spirit or devoid of it. Yes. What is this art, and what its name? Equestrian. Is there not in like manner an art relating to dogs, by which persons discriminate between the good and bad natures of dogs? There is. What is it? The hunter's art. There are too assayers

amongst us of gold and silver, who, by looking, decide upon both the better and the worse (metal). There are. And what do you call them? Silver assayers. The boy-drillers moreover know, by examining the natures of the bodies of men, which of them are useful and which not, for each of their labours, and which of the bodies of persons older and young, are about to be worthy of note, and in which there is much hope of their executing works connected with the body. It is so. Whether then are good horses and dogs, and other things of such a kind, of more importance in states, or good men? Good men. Well then, do you conceive that, if the natures of men were good for virtue, that mankind would not have planned in every way to discover those natures? It is likely at least. Can you then mention any art, which has been exhibited and applied to the natures of good men, so as to enable persons to decide upon them? I cannot.' And yet the art would be worth much, and so too the parties possessing it. For they would have pointed out the young men, who, when they were still boys, were about to be good; and whom we should have taken and kept in the Acropolis for the public use, as if it were silver, and something more beautiful, in order that they might not suffer any mischief, either in a fight or in any other danger, but be laid up as the saviours and benefactors of the state, since they should have arrived at a proper age. But it seems almost that virtue does not exist to mankind either by nature or instruction. How then, Socrates, would persons seem to become (good), if they do not become so by nature or instruction? By what other means could the good exist? This, I think, could not be shown easily; but I conjecture that the property (of goodness) is something especially divine, and that good men exist, as prophets do and oracle chaunters. For these exist neither by nature nor by art, but become such by the inspiration of the gods. And so too good men point out to states what is about on each occasion to happen, and what is about to be, from the inspiration of a god, much more, and more clearly, than oracle chaunters do: and even women somehow say that such a person is a divine man; and the Lacedaemonians too, when they praise in a very handsome manner, say that a man is divine, and often does Homer make use of the same expression, and the rest of poets likewise. When therefore a god wishes a state to do well, he causes some men in it to be good;

but when a state is about to do ill, the god takes away the good men from it. Thus then it is likely that virtue is a thing not to be taught nor (derived) from nature, but exists by a divine allotment to those who possess it.

DEFINITIONS

Translated by George Burges

This is a dictionary of 185 philosophical terms sometimes included in editions of Plato's works. Plato is generally not regarded as the editor of the Definitions, with some ancient scholars attributing the work to Speusippus, Plato's nephew and follower.

A medieval depiction of Plato's nephew, the scholar Speusippus

INTRODUCTION.

Of these Definitions, which are appended to all the complete editions of Plato, and found likewise in eleven MSS. collated by Bekker, the authorship is attributed in the Vienna MS. to Speusippus. (Φ.) But since the writing relied upon, as the authority for this statement, is more modern than the rest of the Manuscript, the remark is probably due to Sambucus, once the possessor of it; who, says Menage, on Diogen. L. iv., asserted that the “Οποι, mentioned in the Life of Speusippus, had been falsely attributed to Plato; and he might have added, that although the Definitions are attributed to Plato by Casaubon, they are distinctly assigned to Speusippus by Ficinus; whose version of them is to be found towards the end of a volume in folio, containing his translation of “Iamblichus de Mysteriis,” and other Greek treatises of a similar character, printed by Aldus in . Stobaeus, however, found the Definitions at the end of his MS. of Plato; to whom he says they were attributed, in iii. p., . But instead of Speusippus being the, author of these Definitions, internal evidence would rather lead to the supposition of their being the production of some more recent philosopher of Alexandria. For we find δόμα twice used in the sense of a “gift,” a word first met with in Holy Writ, and subsequently in Plutarch, as remarked by H. Stephens; and while its compound πρόδομα is found in Hesych. Ἀραβων, as duly noticed by Lobeck on Phrynichus, p., the simple δόμα is reckoned amongst irregular formations by Herodian, Πίρί Μονήρους Αἰζῶς, p., where Lehr refers to Lobeck’s ΠαραΧ«τό/«ι/α, p. .

But granting even that from this fact no inference could be fairly drawn against the supposed authorship and antiquity of the Definitions, yet the matter of them is such as to disprove their being written by a disciple of Plato, and suggests rather that they are the production of some philosopher, who concocted them from a faithless representation of the doctrines promulgated in the Socratic, Stoic, Academic, and Peripatetic schools; and this too with so little judgment, as frequently to give an unintelligible definition, when he might have found an intelligible one elsewhere, as I have shown on various occasions in the notes. Socrates, it is true, as remarked by

Menage on Diogenes L. vii., is said by Aristotle in *Metaphys.* i., and xiii., and Theopompus the rhetorician, quoted by Arrian on Epictetus ii., to have paid considerable attention to Definitions; and this may be inferred from some instances furnished by Xenophon in *Memorab.* iv. . But it is to Zeno and his followers that we must refer the practice of laying down Definitions, as the basis of subsequent discussions. For they were accustomed to apply to moral philosophy the principle they had learnt from the Pythagoreans, as the groundwork of physical philosophy, developed by mathematics, as may be inferred from the ‘Life of Pythagoras by Diogenes; who appeals to Phavorinus to prove that “ Pythagoras made use of definitions through his ‘ Mathematical Woodand still more so did Socrates and his followers; and so did Aristotle and the Stoics.” Menage too, on Diogen. L. vii., remarks that a mass of such definitions are to be found in the Life of Zeno alone.

To the preceding proofs that the author of the Definitions was some philosopher of Alexandria, may be added those which Cousin has adduced. He remarks that ‘Αζῖωσις, in the sense of “ dignity “ or “ majesty,” does not belong to the period of Plato, nor even to any age of good Greek; and neither does Λογισμός σεμνότητος. So too Ἀγάπησις is not a word of Plato or his time; while on the unintelligible definition of the word “Ονομα, “ a noun,” he observes that “ the language used there is altogether of the Alexandrine school, and is better suited to a treatise by Dionysius the Areopagite than to one attributed to Plato.”

G. B.

DEFINITIONS.

Eternal — that which has existed formerly through all time, and is now not destroyed.

God — an immortal living-being, sufficient in itself for happiness; an eternal existence; the cause of the nature of the good.

Generation — a movement towards existence; a sharing through a change in existence; a progression towards existence.

The sun — a fire in heaven, which can alone be seen from morning to evening by the same; the greatest star, visible by day; a perpetually living being, possessing a soul. Time — a movement of the sun; a measure of progress.

Day — a journeying of the sun from its rising (east) to its setting (west); a light, the opposite to Night.

Morning — the beginning of day; the first light from the sun.

Mid-day — the time when the shadows of substances have the least length.

Evening — the close of day.

Night — darkness, the opposite to Day; a deprivation of the sun.

Chance — a proceeding from uncertainty to uncertainty, and from what is spontaneous; the cause of a fortuitous action.

Old Age — the wasting away of a thing with life, the result of time.

Wind — a movement in the air around the earth.

Air — an element, all of whose movements according to spabe are according to nature.

Heaven — a substance, surrounding all things perceived by the senses, except the uppermost air.

Soul — that which moves itself; the cause of vital motion in living beings.

Power — that, which is able by itself to produce an effect.

Vision — the (bodily) habit of distinguishing substances.

Bone — marrow, consolidated by heat.

Element — that, which combines and separates (particles) brought together.

Virtue — a (mental) constitution of the best kind; a habit of a

mortal living being; the object of praise on account of itself; a habit, according to which that, which possesses it, is said to be good; a just communion of laws; a disposition, according to which that, which is constituted perfectly, is called steady; a habit, effective of a good state of law.

Discretion — a power effective by itself of the good fortune of man; a knowledge of things good and evil; a knowledge effective of felicity; a (mental) constitution, by which we determine what is to be done and what is not to be done.

Justice — an agreement of the soul with itself, and a correct arrangement of the parts of the soul towards each other and about each other; a habit, distributive to each person of that, which is according to worthiness; a habit, according to which he, who possesses it, can select what seems to him to be just; a habit in life, subservient to law; an equality that can share in common; a habit ministering to upright laws.

Temperance — a moderation of soul relating to the desires and pleasures, which exist in it according to nature; a fitness in, and correct ordering of, the soul, as regards its natural pleasures and pains; a harmony in the soul touching the states of ruling and being ruled; a self-acting according to nature; í [a well-ordering of the soul;] an intercourse of the soul, founded on reason, relating to things honourable and base; a habit according to which he, who has it, can select and be cautious of what he ought.

Fortitude — a habit of the soul, not to be moved by fear; a boldness in war; a knowledge of the things relating to war; a command over the soul relating to things of fear and dread; a boldness subservient to discretion; a bold bearing under the expectation of death; a habit, preservative of right reasoning in dangers; a strength (of mind) balancing (the apprehension) of danger;”a strength, bearing up on the side of virtue; a tranquillity of soul with reference to things that appear, according to correct reasoning, to be full of dread and daring; the safe preservation of uncertain determinations relating to things of dread; a skill in war; a habit, that can abide in law.

Continence-a power enduring pain; a following of correct reasoning; a power not exceeded by that which is perceived by

correct reasoning.

Self-sufficiency — a completion in the possession of good things; a habit, according to which they, who possess it, are the masters of themselves.

Reasonableness — a reduction in what is just and useful; a moderation in compacts; a well-ordering of the soul, founded on reason, as regards things honourable and base.

Endurance — the bearing-up against pain, for the sake of what is honourable; a bearing-up under labour for the sake of what is honourable.

Boldness — the non-expectation of an ill; an imperturbability in the presence of an ill.

Non-perception of pain — a habit, according to which we do not fall into sorrows.

The love of labour — a habit, that accomplishes what a person chooses (to do); a voluntary endurance; a habit not to be cavilled at on the subject of labour.

Modesty — a voluntary shrinking from daring on just grounds towards what seems to be the best; a voluntary laying hold of the best; a cautious care of blame on just grounds.

Freedom — the ruling power of life; a power ruling by itself on every occasion; a power over that, which relates to oneself in life; an unsparingness in the use and possession of property.

Liberality — a habit in transacting money matters in a way that is fitting; the adding to, and possession of, property, as is meet.

Mildness — the settling down of an excitement arising from passion; a moderated temperament of soul.

Decorum — a voluntary yielding to what appears the best; a well-ordering respecting the movement of the body.

Felicity — a good composed of all good things; a power self-sufficient towards living well; a consummation as regards virtue; an utility self-sufficient for a living being.

Magnificence — the estimation according to correct reason of that which is the most worthy of respect.

Sagacity — a natural ability in the soul, according to which he, who possesses it, makes a conjecture in the quickest (time) relating to what needful; an acuteness of intellect.

Honesty — a simplicity in moral conduct in union with fair speaking; a steadiness in moral conduct.

Kalokagathia — a habit of selecting things that are the best.

High-mindedness — a gentlemanly use of accidental circumstances; a majesty of soul in union with reason.

Philanthropy — a habit of moral conduct that easily leads to a friendship with man; a habit of acting kindly towards men; the having thanks; a'recollection with kind conduct.

Piety — -justice relating to the gods; a power paying attention to the gods willingly; a correct perception of the honour due to the gods; a knowledge of the honour due to the gods.

Good — that on account of itself.

Fearlessness — a habit, according to which we do not fall into fear.

Apathy — a habit, according to which we do not fall into sufferings.

Peace — a quietness as regards enmity in war.

Listlessness — an easiness of soul; apathy respecting the objects of anger.

Skilfulness — a habit, according to which he, who possesses it, is able to form a conjecture about the peculiar termination (of a thing).

Friendship — a union of sentiment, relating to things honourable and just; the choice of the same kind of life; a union in opinion on questions of sect and practice; a union in sentiment relating to a communion in life in combination with kind feelings; a communion in doing well and in suffering.

Nobility of birth — the virtue of a noble moral conduct; an easy leading of the soul to words and deeds.

Selection — a correct approval after examination.

Kind feeling — the selection of a person for the purpose of embracing by a person.

Familiarity — a sharing in the same family.

Agreement — a sharing in all things existing; a concordance in thoughts and conceptions.

Lovingness — a perfect exhibition. · Statesmanship — the knowledge of what is honourable and advantageous (for a state); a

knowledge productive of justice in a state.

‘ Sociality — a friendship arising from an association amongst persons of the same age.

Good counsel — the cognate virtue of reasoning. Belief — the correct conception of a thing being really as it seems to be; a firmness in moral conduct.

Truth — a. habit in affirming and denying; a knowledge of things true.

A wishing — a desire with right reason; a reasonable longing; a longing with reason, according to nature.

Counselling — an exhortation to another person, previous to acting, as to what manner it is meet to act.

Fit opportunity — the meeting with the time in which it is requisite to suffer or do something.

Caution — a guard against ill; the care of guarding (oneself).

Order — the working out a similarity in all things existing with a relation to each other; a symmetry of communion; the cause of all things existing with a relation to each other; a symmetry towards learning.

Application — a bracing up of the soul for learning.

Natural ability — a quickness in learning; a good production of nature; an excellence from nature.

Docility — a natural ability in the soul towards a quickness in learning.

Judgment — a peremptory decision respecting a disputed matter.

Law — the (process of a) contest respecting the having done an injury or not. .

Good legal conduct — an obedience shown to proper laws.

Cheerfulness — a. delight at the acts of a temperate person.

Honour — a gift of good things presented on actions done through virtue; a mark of esteem in return for virtue; the outward bearing of what is an object of reverence; the watching of a mark of esteem.

Alacrity — the exhibition of a practical preference.

Favour — a voluntary act of kindness; the return for a good act; a ministering at a fit time.

Concord — a similarity of opinion between rulers and ruled, how they ought to rule and be ruled.

A polity — the community of a multitude of persons, self-sufficient for a happy state; the community of a multitude according to law.

Forethought — a preparation with respect to things about to be.

Counsel — a consideration respecting future things how they may be advantageous.

Victory — a power having the superiority, as regards contention.

A ready-way-finding — a ready discrimination, that possesses a power over what is thought upon.

Bribe — the exchange for a favour.

Opportunity — the point of time suited to what is advantageous; a time that works for some good.

Memory — a disposition of the soul preservative of the truth that is in it.

The keeping in mind — the having thought on the stretch.

Thinking — the commencement of knowledge.

Holiness — a religious dread of sins against the gods; an attention to the honour due naturally to a deity.

A prophecy — a knowledge, that points out beforehand an action, without a demonstrative proof.

The prophetic art — a science, that speculates upon what is now and will be to a mortal being.

Wisdom — a science not-hypothetical; a knowledge of things as they happen to exist; a science that speculates upon the cause of things existing.

Philosophy — a longing after the knowledge of things as they happen to exist; a habit of speculating upon the truth as to how it is true; a careful study in combination with correct reasoning.

Knowledge — a comprehension by the soul, not to be changed or cast down by reasoning; [the power of comprehending a thing or things, not to be changed or thrown down by reasoning;] a true reasoning not to be changed or cast down upon reflection. .

Opinion — a conception to be changed by the persuasion of reason; a rational impetus; a notion falling upon falsehood and truth by (not-)reason.

Sensation — an impetus of the soul; a movement of mind; a heralding of the soul through the body to the seasons of man; from

which there results a power of the soul devoid of reason, having a cognizance through the body.

Habit — a disposition of the soul, according to which we are said to be with certain qualities.

Voice — a flowing through the mouth from a thought.

Speech — voice expressed by letters descriptive of each of things existing; a form of language, compounded of nouns and verbs, without melody.

Noun — a form of language uncompounded, the interpreter of that which is predicated against being, and of every thing which is not spoken of against itself.

Language — the voice of a man, expressed by letters, and some common symbol, acting as an interpreter, without melody.

Syllable — an articulation of the human voice, expressed by letters.

Definition — a sentence composed of difference and genus.

Proof — the showing forth of a thing not evident.

Demonstration — true reasoning 'founded on syllogisms; a reasoning, that makes a matter plain by what is previously known.

Element (of voice) — a vocal sound uncompounded; the cause to the rest of vocal sounds of their being vocal sounds.

Useful — the cause of doing well; the cause of good.

Advantageous — that which conduces to good.

Honourable — that which is good.

Good — the cause of safety to things existing; the cause of all that relates to itself; from which it happens to choose' what is meet.

Temperate — the orderly conduct of the soul.

Just — an ordonnance of law, productive of justice.

Voluntary — that which is drawn on by itself; that which is selected with reference to itself, (and) completed according to design.

Free — that which rules itself.

Moderate — a mean between excess and deficiency; and sufficient according to art.

Moderation — a mean between excess and deficiency.

Prize — the reward of excellence, that is chosen for its own sake.

Immortality — an existence endowed with soul and a remaining

for ever.

A holy thing — service paid to a god, acceptable to a god.

Festival — a holy time according to law.

Man — an animal, wingless, biped, with wide nails; the only one of beings that is a recipient of knowledge founded on reason.

Sacrifice — the gift of a victim to a god.

Prayer — an asking for good things, or that seem so, by man from gods.

King — a ruler according to laws; not subject to the auditing of his accounts; the chief magistrate in a political constitution.

Government — the care of the whole.

Licence — a superintendence of law.

Law-giver — a maker of laws according to which it is meet for a polity to exist.

Law — a decree, relating to the state, made by the multitude, not limited to any time.

Hypothesis — a principle not demonstrated; the summary of a discourse.

A vote — a decree of the state limited to a certain time.

Statesman — a person skilled in the constitution of a state.

A state — the residence of a multitude of persons making use of decrees in common; a multitude of persons existing under the same law.

The excellence of a state — a constitution of a correct polity.

The science of war — skill in war.

Alliance — a communion in war.

Safety — a protection from injury.

Tyrant — Vi person ruling a state according to his own notion.

Sophist — a mercenary hunter after the young, rich, (and) in high repute.

Wealth — a possession suited for happiness; an abundance of means tending to happiness.

Deposit — a thing given with faith.

Purgation — a separation of the worse from the better.

To conquer — to possess the power, when having a difference.

A good man — such a one as is able to effect good for a person.

A temperate man — one who has moderate desires.

A continent man — one who has a power over the portions of the soul contending against right reason.

A steady man — one who is perfectly good; one who preserves his virtue.

Conscience — a reflection with pain without reason.

Indocility — a slowness in learning.

Lordship — a just government, not subject to the auditing of accounts.

Dislike of wisdom — a habit, according to which he, who has it, dislikes reasoning.

Fear — a consternation of the soul on the expectation of ill.

Passion — a violent impetus without reason; mind of regulation of soul without reason.

Consternation — a fear on the expectation of ill.

Flattery — a conversation to gratify ‘without the best;’ a habit of conversing to gratify, exceeding moderation.

Anger — an exhortation by passion to revenge.

Insult — an injury leading to dishonour.

Intemperance — A habit forcing a person, contrary to right reason, towards what seem to be pleasant.

Hesitation — a flight from the commencement of labours.

Cowardice — that which lays hold of (and detains) a rushing on; the cause of a (mental) contraction.

(A beginning) — the first cause of existence.

Calumny — the setting friends apart by a word.

Opportunity — that in which it is fitting to do and suffer each thing.

Injustice — a habit disregarding of laws.

Want — a diminution of good things.

Shame — a fear on the expectation of dishonour.

Vain-gloriousness — a habit of laying claim to a good or good things, not belonging to a person.

Sinning — acting contrary to right reason.

Envy — a pain at the good things of friends, which either are or have been.

Shamelessness — a habit of the soul, that endures dishonour for the sake of gain.

Rashness — the excess of boldness in the case of dangers, which it ought not.

A love of honour — a habit of the soul, lavish of every expense without consideration.

Natural depravity — a badness by nature, and a sinning in that, which is according to nature; a disease of that, which is according to nature.

Hope — the expectation of a good.

Madness — a habit destructive of a correct perception.

Talkativeness — intemperance in speech, devoid of reason.

Contrariety — the greatest standing apart of things, that according to a certain difference fall under the same genus.

Involuntary — that which is brought to an end contrary to intention.

Instruction — a power that has the cure of the soul.

Instructing — the delivering of instruction.

Legislation — the science that renders a state firmly fixed (and without suffering.)

Admonition — a speech that finds fault from design; a speech for the sake of turning aside from error.

Assistance — the hindering an ill either existing or in the way of existing.

Punishment — a curing of the soul for an error committed. Power — a superiority in doing or speaking; a habit according to which that, which possesses it, is powerful; a strength according to nature.

To preserve — to protect from hurt.

(Science — is a knowledge without stumbling.)

EPIGRAMS

Translated by George Pallatos

These 18 epigrams — short witty and pithy sayings, many of which were inscribed on tombs — were attributed in antiquity to Plato, but are now generally considered to be spurious work by various later writers.

EPIGRAMS.

I

You stare at the stars, my Star. If only I was Heaven, so I might look at you with my many eyes.

II

Even as you shone once as the Star of Morning among the living, so too in death you shine as the Star of Evening among the dead.

III

The Fates decreed tears to Hecuba and Troy's women from their very birth; but for you, Dion, the gods spilled your widespread hopes upon the ground after you had triumphed in the doing of noble deeds. And so to the spacious land of your fathers, you lie honoured by your citizens, O Dion, how you made my heart mad with love.

IV

Now, when I have whispered that Alexis is beautiful, he is observed by all the observers. O my heart, why show dogs a bone? You'll be sorry; thus we lost Phædrus.

V

My mistress is Archeanassa of Colophon, on whose wrinkles there is bitter love. Luckless are all who met such beauty on its first voyage; through what burning did you leave behind!

VI

When I kiss Agathon, my soul is on my lips, where the pitiable thing hopes to cross over.

VII

I fling an apple at you and if you are willing to love me, take it and share your girlhood with me; but if your thoughts are what I hope they are not, even then take it, and consider how ephemeral beauty is.

VIII

I'm an apple; one who loves you and throws me at you. Say yes, Xanthippe; we fade, you and I.

IX

We are the Eretrians of Euboea, but we rest near Susa, so far from home...

X

A man who discovered gold left a noose and the man who did not find the gold, instead tied on the noose he had found.

XI

I, Laïs, who laughed so scornfully at Greece and kept a swarm of young lovers at my door, dedicate this mirror to Venus' for I do not wish to see me as I am and may never again see me as I once was.

XII

This man was agreeable to foreigners and beloved by his fellow citizens: Pindar, the servant of the mellifluous Muses.

XIII

We left the beating waves of the Aegean to rest here amid the plains of Ecbatana. Farewell, famous Eretria, our former home. Farewell, Athens, Euboea's neighbour. Farewell, beloved sea.

XIV

I am the tomb of a ship's captain and the tomb opposite belongs to a farmer; and yet beneath the land and beneath the sea lies the same Underworld.

XV

Be safe, O sailors, by the sea and the land; I must tell you now that

the tomb you pass belongs to a shipwrecked man.

XVI

Some claim there are only nine Muses. How foolish they are!
Consider Sappho of Lesbos, surely the tenth!

XVII

When Cypris met Cypris at Cnidus, “Alas!” said she, “whenever did
Praxiteles see me naked?”

XVIII

The graces, seeking a shrine that would not fall, discovered the soul
of Aristophanes.

The Epistles

Translated by R. G. Bury

The epistles are a series of thirteen letters, which were traditionally included in Plato's works, though their authenticity has been the subject of dispute for centuries, with the scholarly consensus having shifted back and forth many times. The two letters that are most commonly claimed to have been written by Plato are the Seventh and the Eighth, on the belief that these are open letters and therefore less likely to be the result of invention or forgery. The other letters enjoy varying levels of acceptance among scholars: The Sixth, Third, and Eleventh have the greatest support of the remaining letters, followed by the Fourth, Tenth, Thirteenth, and Second Letter; fewer scholars consider the Fifth, Ninth, and Twelfth to be genuine, while almost none dispute that the First is spurious.

The numbering of each letter is due solely to their placement in traditional manuscripts and does not appear to follow any apparent principle. The addressees of the Epistles fall into three main categories. Four are addressed to Dionysius II of Syracuse (I, II, III, XIII), four to Dionysius' uncle Dion and his associates (IV, VII, VIII, X), and five to various others (the Fifth to Perdiccas III of Macedon; the Sixth to Hermias of Atarneus, Erastus, and Coriscus; the Tenth to Aristodorus; the Eleventh to Laodamas; and the Ninth and Twelfth to Archytas).

I

Plato to Dionysius wishes well-doing.

After I had spent so long a time with you and was trusted above all others in my administration of your government, while you were enjoying the benefits I was enduring the slanders, grievous as they were. For I knew that men would not believe that any of your more brutal acts were done with my consent, seeing that I have for my witnesses all those who take a part in your government, many of whom I have helped in their times of trial and saved them from no small damage. But after I had oftentimes kept guard over your City as sole Dictator, I was dismissed with more ignominy than a beggar would deserve who had stayed with you for so long a time, were you to pack him off and order him to sail away. For the future, therefore, I for my part will consult my own interests in less philanthropic fashion, while you, "gross tyrant that you are, will dwell alone." And as for the splendid sum of gold which you gave for my journey home, Baccheius, the bearer of this letter, is taking it back to you. For it was neither a sufficient sum for my journey nor was it otherwise useful for my support; and since it reflects the greatest disgrace on you who offer it, and not much less on me if I accept it, I therefore refuse to accept it. But evidently neither the giving nor the accepting of such an amount makes any difference to you; take it, then, and befriend therewith some other companion of yours as you did me; for I, in sooth, have had enough of your "befriending." Indeed, I may appropriately quote the verse of Euripides — that one day, when other fortunes befall you,

Thou'lt pray for such a helper by thy side.

And I desire to remind you that most of the other tragedians also, when they show a tyrant on the stage slaughtered by someone, represent him as crying out —

Bereft of friends — ah! woe is me — I die.

But not one of them has represented him as dying for lack of gold. This other poem also to men of judgement seemeth not amiss —

In this our human life, with halting hopes,

It is not glittering gold that rarest is:
Not diamond nor couches silver-wrought
Appear so brilliant in the eyes of men:
Nor do the fertile fields of earth's broad breast,
Laden with crops, so all-sufficing seem
As gallant men's unanimous resolve.

Farewell; and may you learn how much you have lost in us, so
that you may behave yourself better towards all others.

II

Plato to Dionysius wishes well-doing.

I hear from Archedemus that you think that not only I myself should keep quiet but my friends also from doing or saying anything bad about you; and that "you except Dion only." Now your saying this, that Dion is excepted, implies that I have no control over my friends; for had I had this control over you and Dion, as well as the rest, more blessings would have come to us all and to the rest of the Greeks also, as I affirm. But as it is, my greatness consists in making myself follow my own instructions. However, I do not say this as though what Cratistolus and Polyxenus have told you is to be trusted; for it is said that one of these men declares that at Olympia he heard quite a number of my companions maligning you. No doubt his hearing is more acute than mine; for I certainly heard no such thing. For the future, whenever anyone makes such a statement about any of us, what you ought, I think, to do is to send me a letter of inquiry; for I shall tell the truth without scruple or shame. Now as for you and me, the relation in which we stand towards each other is really this. There is not a single Greek, one may say, to whom we are unknown, and our intercourse is a matter of common talk; and you may be sure of this, that it will be common talk also in days to come, because so many have heard tell of it owing to its duration and its publicity. What, now, is the point of this remark? I will go back to the beginning and tell you. It is natural for wisdom and great power to come together, and they are for ever pursuing and seeking each other and consorting together. Moreover, these are qualities which people delight in discussing themselves in private conversation and hearing others discuss in their poems. For example, when men talk about Hiero or about Pausanias the Lacedaemonian they delight to bring in their meeting with Simonides and what he did and said to them; and they are wont to harp on Periander of Corinth and Thales of Miletus, and on Pericles and Anaxagoras, and on Croesus also and Solon as wise men with Cyrus as potentate. The poets, too, follow their example, and bring together Creon and Tiresias, Polyeidus and Minos, Agamemnon and Nestor, Odysseus and Palamedes; and so it

was, I suppose, that the earliest men also brought together Prometheus and Zeus. And of these some were — as the poets tell — at feud with each other, and others were friends; while others again were now friends and now foes, and partly in agreement and partly in disagreement. Now my object in saying all this is to make it clear, that when we ourselves die men's talk about us will not likewise be silenced; so that we must be careful about it. We must necessarily, it seems, have a care also for the future, seeing that, by some law of nature, the most slavish men pay no regard to it, whereas the most upright do all they can to ensure that they shall be well spoken of in the future. Now I count this as a proof that the dead have some perception of things here on earth; for the best souls divine that this is so, while the worst deny it; and the divinings of men who are godlike are of more authority than those of men who are not. I certainly think that, had it been in their power to rectify what was wrong in their intercourse, those men of the past whom I have mentioned would have striven to the utmost to ensure a better report of themselves than they now have. In our case, then — if God so grant — it still remains possible to put right whatever has been amiss in word or deed during our intercourse in the past. For I maintain that, as regards the true philosophy, men will think and speak well of it if we ourselves are upright, and ill if we are base. And in truth we could do nothing more pious than to give attention to this matter, nothing more impious than to disregard it. How this result should be brought about, and what is the just course to pursue, I will now explain. I came to Sicily with the reputation of being by far the most eminent of those engaged in philosophy; and I desired, on my arrival in Syracuse, to gain your testimony as well, in order that I might get philosophy held in honor even by the multitude. In this, however, I was disappointed. But the reason I give for this is not that which is commonly given; rather it was because you showed that you did not fully trust me but wished rather to get rid of me somehow and invite others in my place; and owing, as I believe, to your distrust of me, you showed yourself inquisitive as to what my business was. Thereupon it was proclaimed aloud by many that you utterly despised me and were devoted to other affairs. This certainly was the story noised abroad. And now I will tell you what it is right to do

after this, that so I may reply also to your question how you and I ought to behave towards each other. If you altogether despise philosophy, leave it alone. If, again, you have been taught by someone else or have yourself invented better doctrines than mine, hold them in honor. But if you are contented with my doctrines, then you should hold me also in special honor. So now, just as at the beginning, do you lead the way and I will follow. If I am honored by you, I will honor you; but if I am not honored I will keep to myself. Moreover, if you honor me and take the lead in so doing, you will be thought to be honoring philosophy; and the very fact that you have studied other systems as well will gain you the credit, in the eyes of many, of being a philosopher yourself. But if I honor you, while you do not honor me, I shall be deemed to be a man who worships and pursues after wealth; and to such conduct everyone, we know, gives a bad name. So, to sum it all up, if you pay the honor, it will be a credit to both of us, but if I pay it a disgrace to both. So much, then, about this subject. As to the globe, there is something wrong with it; and Archedemus will point it out to you when he arrives. There is also another matter — much more valuable and divine than the globe — which he most certainly must explain, as you were puzzled about it when you sent him. For, according to his report, you say that you have not had a sufficient demonstration of the doctrine concerning the nature of “the First.” Now I must expound it to you in a riddling way in order that, should the tablet come to any harm “in folds of ocean or of earth,” he that readeth may not understand. The matter stands thus: Related to the King of All are all things, and for his sake they are, and of all things fair He is the cause. And related to the Second are the second things and related to the Third the third. About these, then, the human soul strives to learn, looking to the things that are akin to itself, whereof none is fully perfect. But as to the King and the objects I have mentioned, they are of quite different quality. In the next place the soul inquires— “Well then, what quality have they?” But the cause of all the mischief, O son of Dionysius and Doris, lies in this very question, or rather in the travail which this question creates in the soul; and unless a man delivers himself from this he will never really attain the truth. You, however, declared to me in the garden, under the laurels, that you had formed this notion

yourself and that it was a discovery of your own; and I made answer that if it was plain to you that this was so, you would have saved me from a long discourse. I said, however, that I had never met with any other person who had made this discovery; on the contrary most of the trouble I had was about this very problem. So then, after you had either, as is probable, got the true solution from someone else, or had possibly (by Heaven's favor) hit on it yourself, you fancied you had a firm grip on the proofs of it, and so you omitted to make them fast; thus your view of the truth sways now this way, now that, round about the apparent object; whereas the true object is wholly different. Nor are you alone in this experience; on the contrary, there has never yet been anyone, I assure you, who has not suffered the same confusion at the beginning, when he first learnt this doctrine from me; and they all overcome it with difficulty, one man having more trouble and another less, but scarcely a single one of them escapes with but little. So now that this has occurred, and things are in this state, we have pretty well found an answer, as I think, to the question how we ought to behave towards each other. For seeing that you are testing my doctrines both by attending the lectures of other teachers and by examining my teaching side by side with theirs, as well as by itself, then, if the test you make is a true one, not only will these doctrines implant themselves now in your mind, but you also will be devoted both to them and to us. How, then, will this, and all that I have said, be brought to pass? You have done right now in sending Archedemus; and in the future also, after he returns to you and reports my answer, you will probably be beset later on with fresh perplexities. Then, if you are rightly advised, you will send Archedemus back to me, and he with his cargo will return to you again. And if you do this twice or thrice, and fully test the doctrines I send you, I shall be surprised if your present difficulties do not assume quite a new aspect. Do you, therefore, act so, and with confidence; for there is no merchandise more fair than this or dearer to Heaven which you can ever dispatch or Archedemus transport. Beware, however, lest these doctrines be ever divulged to uneducated people. For there are hardly any doctrines, I believe, which sound more absurd than these to the vulgar, or, on the other hand, more admirable and inspired to men of fine disposition. For it is through

being repeated and listened to frequently for many years that these doctrines are refined at length, like gold, with prolonged labor. But listen now to the most remarkable result of all. Quite a number of men there are who have listened to these doctrines — men capable of learning and capable also of holding them in mind and judging them by all sorts of tests — and who have been hearers of mine for no less than thirty years and are now quite old; and these men now declare that the doctrines that they once held to be most incredible appear to them now the most credible, and what they then held most credible now appears the opposite. So, bearing this in mind, have a care lest one day you should repent of what has now been divulged improperly. The greatest safeguard is to avoid writing and to learn by heart; for it is not possible that what is written down should not get divulged. For this reason I myself have never yet written anything on these subjects, and no treatise by Plato exists or will exist, but those which now bear his name belong to a Socrates become fair and young. Fare thee well, and give me credence; and now, to begin with, read this letter over repeatedly and then burn it up.

So much, then, for that. You were surprised at my sending Polyxenus to you; but now as of old I repeat the same statement about Lycophron also and the others you have with you, that, as respects dialectic, you are far superior to them all both in natural intelligence and in argumentative ability; and I maintain that if any of them is beaten in argument, this defeat is not voluntary, as some imagine, but involuntary. All the same, it appears that you treat them with the greatest consideration and make them presents. So much, then, about these men; too much, indeed, about such as they! As for Philistion, if you are making use of him yourself by all means do so; but if not, lend him if possible to Speusippus and send him home. Speusippus, too, begs you to do so; and Philistion also promised me, that, if you would release him, he would gladly come to Athens. Many thanks for releasing the man in the stone-quarries; and my request with regard to his household and Hegesippus, the son of Ariston, is no hard matter; for in your letter you said that should anyone wrong him or them and you come to know of it you would not allow it. It is proper for me also to say what is true about Lysicleides; for of all those who have come to Athens from Sicily he

is the only one who has not misrepresented your association with me; on the contrary, he always speaks nicely about past events and puts the best construction on them.

III

Plato to Dionysius wishes well-doing.

“Plato to Dionysius wishes joy!”

If I wrote thus, should I be hitting on the best mode of address? Or rather, by writing, according to my custom, “wishes well-doing,” this being my usual mode of address, in my letters to my friends? You, indeed, — as was reported by the spectators then present — addressed even the God himself at Delphi in this same flattering phrase, and wrote, as they say, this verse —

I wish you joy! And may you always keep

The tyrant’s life a life of pleasantness.

But as for me, I would not call upon a man, and much less a god, and bid him enjoy himself — a god, because I would be imposing a task contrary to his nature (since the Deity has his abode far beyond pleasure or pain), — nor yet a man, because pleasure and pain generate mischief for the most part, since they breed in the soul mental sloth and forgetfulness and witlessness and insolence. Let such, then, be my declaration regarding the mode of address; and you, when you read it, accept it in what sense you please. It is stated by not a few that you related to some of the ambassadors at your Court, that upon one occasion I heard you speaking of your intention to occupy the Greek cities in Italy and to relieve the Syracusans by changing the government to a monarchy instead of a tyranny, and at that time (as you assert) I stopped you from doing so, although you were most eager to do it, whereas now I am urging Dion to do precisely the same thing; and thus we are robbing you of your empire by means of your own plans. Whether you derive any benefit from this talk you know best yourself, but you certainly wrong me by saying what is contrary to the fact. For of false accusation I have had enough from Philistides and many others who accused me to the mercenaries and to the Syracusan populace because I stayed in the acropolis; and the people outside, whenever a mistake occurred, ascribed it entirely to me, alleging that you obeyed me in all things. But you yourself know for certain that I willingly took part in some few of your political acts at the first, when I thought that I was doing

some good by it and that I gave a fair amount of attention to the Preludes of the laws, besides other small matters, apart from the additions in writing made by you or anyone else — for I am told that some of you afterwards revised my Preludes; but no doubt the several contributions will be evident to those who are competent to appreciate my style. Well then, as I said just now, what I need is not any further accusation to the Syracusans, or any others there may be who believe your story, but much rather a defence not only against the previous false accusations, but also against the graver and more violent accusation which is now being concocted to follow it. Against the two accusations I must necessarily make a twofold defence — stating, firstly, that I reasonably avoided sharing in your political transactions; and, secondly, that neither the advice was mine, nor yet the hindrance you alleged, — when you said that I had stopped you when you proposed to plant colonists in the Greek cities.

So, listen first to the origin of the first of the accusations I have mentioned. It was on your invitation and Dion's that I came to Syracuse. Dion was a tried comrade of mine and a guest-friend of old standing, and he was a man of staid middle age, — qualities that are specially required by men who possess even a particle of sense when they intend to advise concerning affairs so important as yours then were. You, on the other hand, were extremely young, and in your case I was quite without experience of those points regarding which experience was required, as I was totally unacquainted with you. Thereafter, some man or god or chance, with your assistance, cast out Dion, and you were left alone. Do you suppose, then, that I took any part with you in your political acts, when I had lost my wise partner and saw the unwise one left behind in the company of a crowd of evil men, not ruling himself, but being ruled by men of that sort, while fancying himself the ruler? In these circumstances what ought I to have done? Was I not bound to do as I did, — to bid farewell for the future to politics, shunning the slanders which proceed from envy, and to use every endeavor to make you and Dion as friendly to each other as possible, separated though you were and at variance with each other? Yea, you yourself also are a witness of this, that I have never yet ceased to strive for this very object. And it was agreed between us — although with difficulty — that I should sail home,

since you were engaged in war, and that, when peace was restored, Dion and I should go to Syracuse and that you should invite us. And that was how things took place as regards my first sojourn at Syracuse and my safe return home again. But on the second occasion, when peace was restored, you did not keep to our agreement in the invitation you gave me but wrote that I should come alone, and stated that you would send for Dion later on. On this account I did not go; and, moreover, I was vexed also with Dion; for he was of opinion that it was better for me to go and to yield to your wishes. Subsequently, after a year's interval, a trireme arrived with letters from you, and the first words written in the letters were to the effect that if I came I should find that Dion's affairs would all proceed as I desired, but the opposite if I failed to come. And indeed I am ashamed to say how many letters came at that time from Italy and Sicily from you and from others on your account, or to how many of my friends and acquaintances they were addressed, all enjoining me to go and beseeching me to trust you entirely. It was the firm opinion of everyone, beginning with Dion, that it was my duty to make the voyage and not be faint-hearted. But I always made my age an excuse; and as for you, I kept assuring them that you would not be able to withstand those who slander us and desire that we should quarrel; for I saw then, as I see now, that, as a rule, when great and exorbitant wealth is in the hands either of private citizens or of monarchs, the greater it is, the greater and more numerous are the slanderers it breeds and the hordes of parasites and wastrels — than which there is no greater evil generated by wealth or by the other privileges of power. Notwithstanding, I put aside all these considerations and went, resolving that none of my friends should lay it to my charge that owing to my lack of energy all their fortunes were ruined when they might have been saved from ruin. On my arrival — for you know, to be sure, all that subsequently took place — I, of course, requested, in accordance with the agreement in your letters, that you should, in the first place, recall Dion on terms of friendship — which terms I mentioned; and if you had then yielded to this request, things would probably have turned out better than they have done now both for you and Syracuse and for the rest of Greece — that, at least, is my own intuitive belief. Next, I requested

that Dion's family should have possession of his property, instead of the distributors, whom you wot of, having the distribution of it. And further, I deemed it right that the revenue which was usually paid over to him year by year should be forwarded to him all the more, rather than all the less, because of my presence. None of these requests being granted, I asked leave to depart. Thereupon you kept urging me to stop for the year, declaring that you would sell all Dion's property and send one half of the proceeds to Corinth and retain the other half for his son. And I could mention many other promises none of which you fulfilled; but the number of them is so great that I cut it short. For when you had sold all the goods, without Dion's consent — though you had declared that without his consent you would not dispose of them — you put the coping-stone on all your promises, my admirable friend, in a most outrageous way: you invented a plan that was neither noble nor ingenious nor just nor profitable — namely, to scare me off from so much as seeking for the dispatch of the money, as being in ignorance of the events then going on. For when you sought to expel Heracleides unjustly, as it seemed to the Syracusans as well as to myself — because I had joined with Theodotes and Eurybius in entreating you not to do so, you took this as an ample excuse, and asserted that it had long been plain to you that I paid no regard to you, but only to Dion and Dion's friends and connections, and now that Theodotes and Heracleides, who were Dion's connections, were the subjects of accusations, I was using every means to prevent their paying the just penalty.

Such, then, was the course of events as regards our association in political affairs. And if you perceived any other estrangement in my attitude towards you, you may reasonably suppose that that was the way in which all these things took place. Nor need you be surprised; for I should justly be accounted base by any man of sense had I been influenced by the greatness of your power to betray my old and intimate guest-friend — a man, to say the least, in no wise inferior to you — when, because of you, he was in distress, and to prefer you, the man who did the wrong, and to do everything just as you bade me — for filthy lucre's sake, obviously; for to this, and nothing else, men would have ascribed this change of front in me, if I had changed. Well, then, it was the fact that things took this course,

owing to you, which produced this wolf-love and want of fellowship between you and me.

Practically continuous with the statement made just now there comes, I find, that other statement against which, as I said, I have to make my second defence. Consider now and pay the closest attention, in case I seem to you to be lying at all and not speaking the truth. I affirm that when Archedemus and Aristocritus were with us in the garden, some twenty days before I departed home from Syracuse, you made the same complaint against me that you are making now — that I cared more for Heracleides and for all the rest than for you. And in the presence of those men you asked me whether I remembered bidding you, when I first arrived, to plant settlers in the Greek cities. I granted you that I did remember, and that I still believed that this was the best policy. But, Dionysius, I must also repeat, the next observation that was made on this occasion. For I asked you whether this and this only was what I advised, or something else besides and you made answer to me in a most indignant and most mocking tone, as you supposed — and consequently the object of your mockery then has now turned out a reality instead of a dream; for you said with a very artificial laugh, if my memory serves me— “You bade me be educated before I did all these things or else not do them.” I replied that your memory was excellent. You then said— “Did you mean educated in land-measuring or what?” But I refrained from making the retort which it occurred to me to make, for I was alarmed about the homeward voyage I was hoping for, lest instead of having an open road I should find it shut, and all because of a short saying. Well then, the purpose of all I have said is this: do not slander me by declaring that I was hindering you from colonizing the Greek cities that were ruined by the barbarians, and from relieving the Syracusans by substituting a monarchy for a tyranny. For you could never bring any false accusation against me that was less appropriate than these; and, moreover, in refutation of them I could bring still clearer statements if any competent tribunal were anywhere to be seen — showing that it was I who was urging you, and you who were refusing, to execute these plans. And, verily, it is easy to affirm frankly that these plans, if they had been executed, were the best both for you and the

Syracusans, and for all the Siceliots. But, my friend, if you deny having said this, when you have said it, I am justified; while if you confess it, you should further agree that Stesichorus was a wise man, and imitate his palinode, and renounce the false for the true tale.

IV

Plato to Dion of Syracuse wishes well-doing.

It has been plain, I believe, all along that I took a keen interest in the operations that have been carried out, and that I was most anxious to see them finally completed. In this I was mainly prompted by my jealous regard for what is noble; for I esteem it just that those who are truly virtuous, and who act accordingly, should achieve the reputation they deserve. Now for the present (God willing) affairs are going well; but it is in the future that the chief struggle lies. For while it might be thought that excellence in courage and speed and strength might belong to various other men, everyone would agree that surpassing excellence in truth, justice, generosity and the outward exhibition of all these virtues naturally belongs to those who profess to hold them in honor. Now the point of this remark is plain; but none the less it is right that we should remind ourselves that it behoves certain persons (who these are of course you know) to surpass the rest of mankind as if they were less than children. It is, therefore, incumbent upon us to show plainly that we are the sort of men we claim to be, and that all the more because (God willing) it will be an easy task. For whereas all other men find it necessary to wander far afield if they mean to get themselves known, you are in such a position now that people all the world over — bold though it be to say so — have their eyes fixed on one place only, and in that place upon you above all men. Seeing, then, that you have the eyes of all upon you, prepare yourself to play the part of that ancient worthy Lycurgus and of Cyrus and of all those others who have been famed hitherto for their excellence of character and of statesmanship; and that all the more because there are many, including nearly all the people here, who keep saying that, now that Dionysius is overthrown, there is every prospect that things will go to ruin owing to the jealous rivalry of yourself, and Heracleides and Theodotes and the other notables. I pray, then, that no one, if possible, may suffer from this complaint; but in case anyone should, after all, do so, you must play the part of a physician; and so things will turn out best for you all.

Probably it strikes you as ridiculous that I should say this, seeing that you yourself also know it quite well; but I notice how even in the theaters the players are spurred on by the plaudits of the children — not to speak of their own friends — whenever a player believes them to be genuine and well-meaning in their encouragement. So do you also play your parts now; and if you have need of anything send us word. Affairs with us are in much the same state as when you were here. Send us word also about what you have already done or happen to be doing now, since we know nothing although we hear many reports. Even at this moment letters have come to Lacedaemon and Aegina from Theodotes and Heracleides; but we, as I said, know nothing, although we hear many reports from the people here. And, Dion, do you also bear in mind that you are thought by some to be unduly wanting in affability; so do not forget that successful action depends on pleasing people, whereas arrogance is next neighbor to isolation. Good-luck attend thee!

V

Plato to Perdiccas wishes well-doing.

I counselled Euphraeus, in accordance with your message, to devote his time to the task of caring for your interests; and I feel myself bound also to give you friendly, and what is called “sacred,” counsel both about the other matters you mention and as to how you ought now to make use of Euphraeus. For the man is useful for many things, the most important being that in which you yourself are deficient owing to your youth, and also because it is a matter about which there are not many counsellors available for the young. For forms of government, like animals, have each their own kind of language, one for democracy, another for oligarchy, and a third kind for monarchy; and though a vast number of people would assert that they understand these languages, yet all but a few of them are very far indeed from discerning them. Now each of these polities, if it speaks its own language both to gods and to men, and renders its actions conformable to its language, remains always flourishing and secure; but if it imitates another it becomes corrupted. It is for this study, then, that Euphraeus will be specially useful to you, although there are also other studies in which he is competent. For he, I hope, will help you to explore the speech of monarchy as well as any of the persons you employ. So if you make use of him for this purpose you will not only benefit yourself but will also be helping him immensely. Suppose, however, that on hearing this someone were to say: “Plato, as it seems, is claiming to know what is of advantage to democracy; yet when he has had it in his power to speak before the demos and to counsel it for the best he has never yet stood up and made a speech” — to this you may reply that “Plato was born late in the history of his country, and he found the demos already old and habituated by the previous statesmen to do many things at variance with his own counsel. For he would have given counsel to it, as to his father, with the greatest possible pleasure, had he not supposed that he would be running risks in vain, and would do no good. And I suppose that he would do the same as regards counselling me. For if he deemed us to be in an incurable state, he would bid us a long

farewell and leave off giving counsel about me or my affairs.” Good-luck be thine!

VI

Plato to Hermeias and Erastus and Coriscus wishes well-doing.

Some God, as it seems plain to me, is preparing for you good fortune in a gracious and bountiful way, if only you accept it with grace. For you dwell near together as neighbors in close association so that you can help one another in the things of greatest importance. For Hermeias will find in his multitude of horses or of other military equipment, or even in the gaining of gold itself, no greater source of power for all purposes than in the gaining of steadfast friends possessed of a sound character; while Erastus and Coriscus, in addition to this fair Science of Ideas, need also — as I, old though I am, assert — the science which is a safeguard in dealing with the wicked and unjust, and a kind of self-defensive power. For they lack experience owing to the fact that they have spent a large part of their lives in company with us who are men of moderation and free from vice; and for this reason, as I have said, they need these additional qualities, so that they may not be compelled to neglect the true Science, and to pay more attention than is right to that which is human and necessitated. Now Hermeias, on the other hand, seems to me — so far as I can judge without having met him as yet — to possess this practical ability both by nature and also through the skill bred of experience. What, then, do I suggest? To you, Hermeias, I, who have made trial of Erastus and Coriscus more fully than you, affirm and proclaim and testify that you will not easily discover more trustworthy characters than these your neighbors; and I counsel you to hold fast to these men by every righteous means, and regard this as a duty of no secondary importance. To Coriscus and Erastus the counsel I give is this — that they in turn should hold fast to Hermeias, and endeavor by thus holding to one another to become united in the bonds of friendship. But in case any one of you should be thought to be breaking up this union in any way — for what is human is not altogether durable — send a letter here to me and my friends stating the grounds of complaint; for I believe that — unless the disruption should happen to be serious — the arguments sent you from here by us, based on justice and reverence, will serve better

than any incantation to weld you and bind you together once again into your former state of friendship and fellowship. If, then, all of us — both we and you — practice this philosophy, as each is able, to the utmost of our power, the prophecy I have now made will come true; but if we fail to do this, I keep silence as to the consequence; for the prophecy I am making is one of good omen, and I declare that we shall, God willing, do all these things well. All you three must read this letter, all together if possible, or if not by twos; and as often as you possibly can read it in common, and use it as a form of covenant and a binding law, as is right; and with an earnestness that is not out of tune combined with the playfulness that is sister to earnestness, swear by the God that is Ruler of all that is and that shall be, and swear by the Lord and Father of the Ruler and Cause, Whom, if we are real philosophers, we shall all know truly so far as men well-fortuned can.

VII

The seventh letter is addressed to Plato's associates and the companions of Dion, most likely after Dion's assassination in 353 BCE. It is the longest of the epistles and is now considered to be the most important. It contains a defense of Plato's political activities in Syracuse as well as a long digression concerning the nature of philosophy, the theory of the forms, and the problems inherent to teaching. It also espouses the so called "unwritten doctrine" of Plato which urges that nothing of importance should be committed to writing.

Plato to Dion's associates and friends wishes well-doing.

You wrote to me that I ought to consider that your policy was the same as that which Dion had; and moreover you charged me to support it, so far as I can, both by deed and word. Now if you really hold the same views and aims as he, I consent to support them, but if not, I will ponder the matter many times over. And what was his policy and his aim I will tell you, and that, as I may say, not from mere conjecture but from certain knowledge. For when I originally arrived at Syracuse, being about forty years old, Dion was of the age which Hipparinus has now reached, and the views which he had then come to hold he continued to hold unchanged; for he believed that the Syracusans ought to be free and dwell under the best laws. Consequently, it is no matter of surprise if some Deity has made Hipparinus also come to share his views about government and be of the same mind. Now the manner in which these views originated is a story well worth hearing for young and old alike, and I shall endeavor to narrate it to you from the beginning; for at the present moment it is opportune.

In my youth I went through the same experience as many other men. I fancied that if, early in life, I became my own master, I should at once embark on a political career. And I found myself confronted with the following occurrences in the public affairs of my own city. The existing constitution being generally condemned, a revolution took place, and fifty-one men came to the front as rulers of the

revolutionary government, namely eleven in the city and ten in the Peiraeus — each of these bodies being in charge of the market and municipal matters — while thirty were appointed rulers with full powers over public affairs as a whole. Some of these were relatives and acquaintances of mine, and they at once invited me to share in their doings, as something to which I had a claim. The effect on me was not surprising in the case of a young man. I considered that they would, of course, so manage the State as to bring men out of a bad way of life into a good one. So I watched them very closely to see what they would do.

And seeing, as I did, that in quite a short time they made the former government seem by comparison something precious as gold — for among other things they tried to send a friend of mine, the aged Socrates, whom I should scarcely scruple to describe as the most upright man of that day, with some other persons to carry off one of the citizens by force to execution, in order that, whether he wished it, or not, he might share the guilt of their conduct; but he would not obey them, risking all consequences in preference to becoming a partner in their iniquitous deeds — seeing all these things and others of the same kind on a considerable scale, I disapproved of their proceedings, and withdrew from any connection with the abuses of the time.

Not long after that a revolution terminated the power of the thirty and the form of government as it then was. And once more, though with more hesitation, I began to be moved by the desire to take part in public and political affairs. Well, even in the new government, unsettled as it was, events occurred which one would naturally view with disapproval; and it was not surprising that in a period of revolution excessive penalties were inflicted by some persons on political opponents, though those who had returned from exile at that time showed very considerable forbearance. But once more it happened that some of those in power brought my friend Socrates, whom I have mentioned, to trial before a court of law, laying a most iniquitous charge against him and one most inappropriate in his case: for it was on a charge of impiety that some of them prosecuted and others condemned and executed the very man who would not participate in the iniquitous arrest of one of the friends of the party

then in exile, at the time when they themselves were in exile and misfortune.

As I observed these incidents and the men engaged in public affairs, the laws too and the customs, the more closely I examined them and the farther I advanced in life, the more difficult it seemed to me to handle public affairs aright. For it was not possible to be active in politics without friends and trustworthy supporters; and to find these ready to my hand was not an easy matter, since public affairs at Athens were not carried on in accordance with the manners and practices of our fathers; nor was there any ready method by which I could make new friends. The laws too, written and unwritten, were being altered for the worse, and the evil was growing with startling rapidity. The result was that, though at first I had been full of a strong impulse towards political life, as I looked at the course of affairs and saw them being swept in all directions by contending currents, my head finally began to swim; and, though I did not stop looking to see if there was any likelihood of improvement in these symptoms and in the general course of public life, I postponed action till a suitable opportunity should arise. Finally, it became clear to me, with regard to all existing communities, that they were one and all misgoverned. For their laws have got into a state that is almost incurable, except by some extraordinary reform with good luck to support it. And I was forced to say, when praising true philosophy that it is by this that men are enabled to see what justice in public and private life really is. Therefore, I said, there will be no cessation of evils for the sons of men, till either those who are pursuing a right and true philosophy receive sovereign power in the States, or those in power in the States by some dispensation of providence become true philosophers.

With these thoughts in my mind I came to Italy and Sicily on my first visit. My first impressions on arrival were those of strong disapproval — disapproval of the kind of life which was there called the life of happiness, stuffed full as it was with the banquets of the Italian Greeks and Syracusans, who ate to repletion twice every day, and were never without a partner for the night; and disapproval of the habits which this manner of life produces. For with these habits formed early in life, no man under heaven could possibly attain to

wisdom — human nature is not capable of such an extraordinary combination. Temperance also is out of the question for such a man; and the same applies to virtue generally. No city could remain in a state of tranquillity under any laws whatsoever, when men think it right to squander all their property in extravagant spending, and consider it a duty to be idle in everything else except eating and drinking and the laborious prosecution of debauchery. It follows necessarily that the constitutions of such cities must be constantly changing, tyrannies, oligarchies and democracies succeeding one another, while those who hold the power cannot so much as endure the name of any form of government which maintains justice and equality of rights.

With a mind full of these thoughts, on the top of my previous convictions, I crossed over to Syracuse — led there perhaps by chance — but it really looks as if some higher power was even then planning to lay a foundation for all that has now come to pass with regard to Dion and Syracuse — and for further troubles too, I fear, unless you listen to the advice which is now for the second time offered by me. What do I mean by saying that my arrival in Sicily at that movement proved to be the foundation on which all the sequel rests? I was brought into close intercourse with Dion who was then a young man, and explained to him my views as to the ideals at which men should aim, advising him to carry them out in practice. In doing this I seem to have been unaware that I was, in a fashion, without knowing it, contriving the overthrow of the tyranny which subsequently took place. For Dion, who rapidly assimilated my teaching as he did all forms of knowledge, listened to me with an eagerness which I had never seen equalled in any young man, and resolved to live for the future in a better way than the majority of Italian and Sicilian Greeks, having set his affection on virtue in preference to pleasure and self-indulgence. The result was that until the death of Dionysios he lived in a way which rendered him somewhat unpopular among those whose manner of life was that which is usual in the courts of despots.

After that event he came to the conclusion that this conviction, which he himself had gained under the influence of good teaching, was not likely to be confined to himself. Indeed, he saw it being

actually implanted in other minds — not many perhaps, but certainly in some; and he thought that with the aid of the Gods, Dionysios might perhaps become one of these, and that, if such a thing did come to pass, the result would be a life of unspeakable happiness both for himself and for the rest of the Syracusans. Further, he thought it essential that I should come to Syracuse by all manner of means and with the utmost possible speed to be his partner in these plans, remembering in his own case how readily intercourse with me had produced in him a longing for the noblest and best life. And if it should produce a similar effect on Dionysios, as his aim was that it should, he had great hope that, without bloodshed, loss of life, and those disastrous events which have now taken place, he would be able to introduce the true life of happiness throughout the whole territory.

Holding these sound views, Dion persuaded Dionysios to send for me; he also wrote himself entreating me to come by all manner of means and with the utmost possible speed, before certain other persons coming in contact with Dionysios should turn him aside into some way of life other than the best. What he said, though perhaps it is rather long to repeat, was as follows: “What opportunities,” he said, “shall we wait for, greater than those now offered to us by Providence?” And he described the Syracusan empire in Italy and Sicily, his own influential position in it, and the youth of Dionysios and how strongly his desire was directed towards philosophy and education. His own nephews and relatives, he said, would be readily attracted towards the principles and manner of life described by me, and would be most influential in attracting Dionysios in the same direction, so that, now if ever, we should see the accomplishment of every hope that the same persons might actually become both philosophers and the rulers of great States. These were the appeals addressed to me and much more to the same effect.

My own opinion, so far as the young men were concerned, and the probable line which their conduct would take, was full of apprehension — for young men are quick in forming desires, which often take directions conflicting with one another. But I knew that the character of Dion’s mind was naturally a stable one and had also the advantage of somewhat advanced years.

Therefore, I pondered the matter and was in two minds as to whether I ought to listen to entreaties and go, or how I ought to act; and finally the scale turned in favour of the view that, if ever anyone was to try to carry out in practice my ideas about laws and constitutions, now was the time for making the attempt; for if only I could fully convince one man, I should have secured thereby the accomplishment of all good things.

With these views and thus nerved to the task, I sailed from home, in the spirit which some imagined, but principally through a feeling of shame with regard to myself, lest I might some day appear to myself wholly and solely a mere man of words, one who would never of his own will lay his hand to any act. Also there was reason to think that I should be betraying first and foremost my friendship and comradeship with Dion, who in very truth was in a position of considerable danger. If therefore anything should happen to him, or if he were banished by Dionysios and his other enemies and coming to us as exile addressed this question to me: "Plato, I have come to you as a fugitive, not for want of hoplites, nor because I had no cavalry for defence against my enemies, but for want of words and power of persuasion, which I knew to be a special gift of yours, enabling you to lead young men into the path of goodness and justice, and to establish in every case relations of friendship and comradeship among them. It is for the want of this assistance on your part that I have left Syracuse and am here now. And the disgrace attaching to your treatment of me is a small matter. But philosophy — whose praises you are always singing, while you say she is held in dishonour by the rest of mankind — must we not say that philosophy along with me has now been betrayed, so far as your action was concerned? Had I been living at Megara, you would certainly have come to give me your aid towards the objects for which I asked it; or you would have thought yourself the most contemptible of mankind. But as it is, do you think that you will escape the reputation of cowardice by making excuses about the distance of the journey, the length of the sea voyage, and the amount of labour involved? Far from it." To reproaches of this kind what creditable reply could I have made? Surely none.

I took my departure, therefore, acting, so far as a man can act, in

obedience to reason and justice, and for these reasons leaving my own occupations, which were certainly not discreditable ones, to put myself under a tyranny which did not seem likely to harmonise with my teaching or with myself. By my departure I secured my own freedom from the displeasure of Zeus Xenios, and made myself clear of any charge on the part of philosophy, which would have been exposed to detraction, if any disgrace had come upon me for faint-heartedness and cowardice.

On my arrival, to cut a long story short, I found the court of Dionysios full of intrigues and of attempts to create in the sovereign ill-feeling against Dion. I combated these as far as I could, but with very little success; and in the fourth month or thereabouts, charging Dion with conspiracy to seize the throne, Dionysios put him on board a small boat and expelled him from Syracuse with ignominy. All of us who were Dion's friends were afraid that he might take vengeance on one or other of us as an accomplice in Dion's conspiracy. With regard to me, there was even a rumour current in Syracuse that I had been put to death by Dionysios as the cause of all that had occurred. Perceiving that we were all in this state of mind and apprehending that our fears might lead to some serious consequence, he now tried to win all of us over by kindness: me in particular he encouraged, bidding me be of good cheer and entreating me on all grounds to remain. For my flight from him was not likely to redound to his credit, but my staying might do so. Therefore, he made a great pretence of entreating me. And we know that the entreaties of sovereigns are mixed with compulsion. So to secure his object he proceeded to render my departure impossible, bringing me into the acropolis, and establishing me in quarters from which not a single ship's captain would have taken me away against the will of Dionysios, nor indeed without a special messenger sent by him to order my removal. Nor was there a single merchant, or a single official in charge of points of departure from the country, who would have allowed me to depart unaccompanied, and would not have promptly seized me and taken me back to Dionysios, especially since a statement had now been circulated contradicting the previous rumours and giving out that Dionysios was becoming extraordinarily attached to Plato. What were the facts about this attachment? I must

tell the truth. As time went on, and as intercourse made him acquainted with my disposition and character, he did become more and more attached to me, and wished me to praise him more than I praised Dion, and to look upon him as more specially my friend than Dion, and he was extraordinarily eager about this sort of thing. But when confronted with the one way in which this might have been done, if it was to be done at all, he shrank from coming into close and intimate relations with me as a pupil and listener to my discourses on philosophy, fearing the danger suggested by mischief-makers, that he might be ensnared, and so Dion would prove to have accomplished all his object. I endured all this patiently, retaining the purpose with which I had come and the hope that he might come to desire the philosophic life. But his resistance prevailed against me.

The time of my first visit to Sicily and my stay there was taken up with all these incidents. On a later occasion I left home and again came on an urgent summons from Dionysios. But before giving the motives and particulars of my conduct then and showing how suitable and right it was, I must first, in order that I may not treat as the main point what is only a side issue, give you my advice as to what your acts should be in the present position of affairs; afterwards, to satisfy those who put the question why I came a second time, I will deal fully with the facts about my second visit; what I have now to say is this.

He who advises a sick man, whose manner of life is prejudicial to health, is clearly bound first of all to change his patient's manner of life, and if the patient is willing to obey him, he may go on to give him other advice. But if he is not willing, I shall consider one who declines to advise such a patient to be a man and a physician, and one who gives in to him to be unmanly and unprofessional. In the same way with regard to a State, whether it be under a single ruler or more than one, if, while the government is being carried on methodically and in a right course, it asks advice about any details of policy, it is the part of a wise man to advise such people. But when men are travelling altogether outside the path of right government and flatly refuse to move in the right path, and start by giving notice to their adviser that he must leave the government alone and make no change in it under penalty of death — if such men should order their

counsellors to pander to their wishes and desires and to advise them in what way their object may most readily and easily be once for all accomplished, I should consider as unmanly one who accepts the duty of giving such forms of advice, and one who refuses it to be a true man.

Holding these views, whenever anyone consults me about any of the weightiest matters affecting his own life, as, for instance, the acquisition of property or the proper treatment of body or mind, if it seems to me that his daily life rests on any system, or if he seems likely to listen to advice about the things on which he consults me, I advise him with readiness, and do not content myself with giving him a merely perfunctory answer. But if a man does not consult me at all, or evidently does not intend to follow my advice, I do not take the initiative in advising such a man, and will not use compulsion to him, even if he be my own son. I would advise a slave under such circumstances, and would use compulsion to him if he were unwilling. To a father or mother I do not think that piety allows one to offer compulsion, unless they are suffering from an attack of insanity; and if they are following any regular habits of life which please them but do not please me, I would not offend them by offering useless advice, nor would I flatter them or truckle to them, providing them with the means of satisfying desires which I myself would sooner die than cherish. The wise man should go through life with the same attitude of mind towards his country. If she should appear to him to be following a policy which is not a good one, he should say so, provided that his words are not likely either to fall on deaf ears or to lead to the loss of his own life. But force against his native land he should not use in order to bring about a change of constitution, when it is not possible for the best constitution to be introduced without driving men into exile or putting them to death; he should keep quiet and offer up prayers for his own welfare and for that of his country.

These are the principles in accordance with which I should advise you, as also, jointly with Dion, I advised Dionysios, bidding him in the first place to live his daily life in a way that would make him as far as possible master of himself and able to gain faithful friends and supporters, in order that he might not have the same experience as his

father. For his father, having taken under his rule many great cities of Sicily which had been utterly destroyed by the barbarians, was not able to found them afresh and to establish in them trustworthy governments carried on by his own supporters, either by men who had no ties of blood with him, or by his brothers whom he had brought up when they were younger, and had raised from humble station to high office and from poverty to immense wealth. Not one of these was he able to work upon by persuasion, instruction, services and ties of kindred, so as to make him a partner in his rule; and he showed himself inferior to Darius with a sevenfold inferiority. For Darius did not put his trust in brothers or in men whom he had brought up, but only in his confederates in the overthrow of the Mede and Eunuch; and to these he assigned portions of his empire, seven in number, each of them greater than all Sicily; and they were faithful to him and did not attack either him or one another. Thus he showed a pattern of what the good lawgiver and king ought to be; for he drew up laws by which he has secured the Persian empire in safety down to the present time.

Again, to give another instance, the Athenians took under their rule very many cities not founded by themselves, which had been hard hit by the barbarians but were still in existence, and maintained their rule over these for seventy years, because they had in each of them men whom they could trust. But Dionysios, who had gathered the whole of Sicily into a single city, and was so clever that he trusted no one, only secured his own safety with great difficulty. For he was badly off for trustworthy friends; and there is no surer criterion of virtue and vice than this, whether a man is or is not destitute of such friends.

This, then, was the advice which Dion and I gave to Dionysios, since, owing to the bringing up which he had received from his father, he had had no advantages in the way of education or of suitable lessons, in the first place . . . ; and, in the second place, that, after starting in this way, he should make friends of others among his connections who were of the same age and were in sympathy with his pursuit of virtue, but above all that he should be in harmony with himself; for this it was of which he was remarkably in need. This we did not say in plain words, for that would not have been safe; but in

covert language we maintained that every man in this way would save both himself and those whom he was leading, and if he did not follow this path, he would do just the opposite of this. And after proceeding on the course which we described, and making himself a wise and temperate man, if he were then to found again the cities of Sicily which had been laid waste, and bind them together by laws and constitutions, so as to be loyal to him and to one another in their resistance to the attacks of the barbarians, he would, we told him, make his father's empire not merely double what it was but many times greater. For, if these things were done, his way would be clear to a more complete subjugation of the Carthaginians than that which befell them in Gelon's time, whereas in our own day his father had followed the opposite course of levying tribute for the barbarians. This was the language and these the exhortations given by us, the conspirators against Dionysios according to the charges circulated from various sources — charges which, prevailing as they did with Dionysios, caused the expulsion of Dion and reduced me to a state of apprehension. But when — to summarise great events which happened in no great time — Dion returned from the Peloponnese and Athens, his advice to Dionysios took the form of action.

To proceed — when Dion had twice over delivered the city and restored it to the citizens, the Syracusans went through the same changes of feeling towards him as Dionysios had gone through, when Dion attempted first to educate him and train him to be a sovereign worthy of supreme power and, when that was done, to be his coadjutor in all the details of his career. Dionysios listened to those who circulated slanders to the effect that Dion was aiming at the tyranny in all the steps which he took at that time, his intention being that Dionysios, when his mind had fallen under the spell of culture, should neglect the government and leave it in his hands, and that he should then appropriate it for himself and treacherously depose Dionysios. These slanders were victorious on that occasion; they were so once more when circulated among the Syracusans, winning a victory which took an extraordinary course and proved disgraceful to its authors. The story of what then took place is one which deserves careful attention on the part of those who are inviting me to deal with the present situation.

I, an Athenian and friend of Dion, came as his ally to the court of Dionysios, in order that I might create good will in place of a state of war; in my conflict with the authors of these slanders I was worsted. When Dionysios tried to persuade me by offers of honours and wealth to attach myself to him, and with a view to giving a decent colour to Dion's expulsion a witness and friend on his side, he failed completely in his attempt. Later on, when Dion returned from exile, he took with him from Athens two brothers, who had been his friends, not from community in philosophic study, but with the ordinary companionship common among most friends, which they form as the result of relations of hospitality and the intercourse which occurs when one man initiates the other in the mysteries. It was from this kind of intercourse and from services connected with his return that these two helpers in his restoration became his companions. Having come to Sicily, when they perceived that Dion had been misrepresented to the Sicilian Greeks, whom he had liberated, as one that plotted to become monarch, they not only betrayed their companion and friend, but shared personally in the guilt of his murder, standing by his murderers as supporters with weapons in their hands. The guilt and impiety of their conduct I neither excuse nor do I dwell upon it. For many others make it their business to harp upon it, and will make it their business in the future. But I do take exception to the statement that, because they were Athenians, they have brought shame upon this city. For I say that he too is an Athenian who refused to betray this same Dion, when he had the offer of riches and many other honours. For his was no common or vulgar friendship, but rested on community in liberal education, and this is the one thing in which a wise man will put his trust, far more than in ties of personal and bodily kinship. So the two murderers of Dion were not of sufficient importance to be causes of disgrace to this city, as though they had been men of any note.

All this has been said with a view to counselling the friends and family of Dion. And in addition to this I give for the third time to you the same advice and counsel which I have given twice before to others — not to enslave Sicily or any other State to despots — this is my counsel — but to put it under the rule of laws — for the other course is better neither for the enslavers nor for the enslaved, for

themselves, their children's children and descendants; the attempt is in every way fraught with disaster. It is only small and mean natures that are bent upon seizing such gains for themselves, natures that know nothing of goodness and justice, divine as well as human, in this life and in the next.

These are the lessons which I tried to teach, first to Dion, secondly to Dionysios, and now for the third time to you. Do you obey me thinking of Zeus the Preserver, the patron of third ventures, and looking at the lot of Dionysios and Dion, of whom the one who disobeyed me is living in dishonour, while he who obeyed me has died honourably. For the one thing which is wholly right and noble is to strive for that which is most honourable for a man's self and for his country, and to face the consequences whatever they may be. For none of us can escape death, nor, if a man could do so, would it, as the vulgar suppose, make him happy. For nothing evil or good, which is worth mentioning at all, belongs to things soulless; but good or evil will be the portion of every soul, either while attached to the body or when separated from it.

And we should in very truth always believe those ancient and sacred teachings, which declare that the soul is immortal, that it has judges, and suffers the greatest penalties when it has been separated from the body. Therefore also we should consider it a lesser evil to suffer great wrongs and outrages than to do them. The covetous man, impoverished as he is in the soul, turns a deaf ear to this teaching; or if he hears it, he laughs it to scorn with fancied superiority, and shamelessly snatches for himself from every source whatever his bestial fancy supposes will provide for him the means of eating or drinking or glutting himself with that slavish and gross pleasure which is falsely called after the goddess of love. He is blind and cannot see in those acts of plunder which are accompanied by impiety what heinous guilt is attached to each wrongful deed, and that the offender must drag with him the burden of this impiety while he moves about on earth, and when he has travelled beneath the earth on a journey which has every circumstance of shame and misery.

It was by urging these and other like truths that I convinced Dion, and it is I who have the best right to be angered with his murderers in much the same way as I have with Dionysios. For both they and he

have done the greatest injury to me, and I might almost say to all mankind, they by slaying the man that was willing to act righteously, and he by refusing to act righteously during the whole of his rule, when he held supreme power, in which rule if philosophy and power had really met together, it would have sent forth a light to all men, Greeks and barbarians, establishing fully for all the true belief that there can be no happiness either for the community or for the individual man, unless he passes his life under the rule of righteousness with the guidance of wisdom, either possessing these virtues in himself, or living under the rule of godly men and having received a right training and education in morals. These were the aims which Dionysios injured, and for me everything else is a trifling injury compared with this.

The murderer of Dion has, without knowing it, done the same as Dionysios. For as regards Dion, I know right well, so far as it is possible for a man to say anything positively about other men, that, if he had got the supreme power, he would never have turned his mind to any other form of rule, but that, dealing first with Syracuse, his own native land, when he had made an end of her slavery, clothed her in bright apparel, and given her the garb of freedom, he would then by every means in his power have ordered aright the lives of his fellow-citizens by suitable and excellent laws; and the thing next in order, which he would have set his heart to accomplish, was to found again all the States of Sicily and make them free from the barbarians, driving out some and subduing others, an easier task for him than it was for Hiero. If these things had been accomplished by a man who was just and brave and temperate and a philosopher, the same belief with regard to virtue would have been established among the majority which, if Dionysios had been won over, would have been established, I might almost say, among all mankind and would have given them salvation. But now some higher power or avenging fiend has fallen upon them, inspiring them with lawlessness, godlessness and acts of recklessness issuing from ignorance, the seed from which all evils for all mankind take root and grow and will in future bear the bitterest harvest for those who brought them into being. This ignorance it was which in that second venture wrecked and ruined everything.

And now, for good luck's sake, let us on this third venture abstain from words of ill omen. But, nevertheless, I advise you, his friends, to imitate in Dion his love for his country and his temperate habits of daily life, and to try with better auspices to carry out his wishes — what these were, you have heard from me in plain words. And whoever among you cannot live the simple Dorian life according to the customs of your forefathers, but follows the manner of life of Dion's murderers and of the Sicilians, do not invite this man to join you, or expect him to do any loyal or salutary act; but invite all others to the work of resettling all the States of Sicily and establishing equality under the laws, summoning them from Sicily itself and from the whole Peloponnese — and have no fear even of Athens; for there, also, are men who excel all mankind in their devotion to virtue and in hatred of the reckless acts of those who shed the blood of friends.

But if, after all, this is work for a future time, whereas immediate action is called for by the disorders of all sorts and kinds which arise every day from your state of civil strife, every man to whom Providence has given even a moderate share of right intelligence ought to know that in times of civil strife there is no respite from trouble till the victors make an end of feeding their grudge by combats and banishments and executions, and of wreaking their vengeance on their enemies. They should master themselves and, enacting impartial laws, framed not to gratify themselves more than the conquered party, should compel men to obey these by two restraining forces, respect and fear; fear, because they are the masters and can display superior force; respect, because they rise superior to pleasures and are willing and able to be servants to the laws. There is no other way save this for terminating the troubles of a city that is in a state of civil strife; but a constant continuance of internal disorders, struggles, hatred and mutual distrust is the common lot of cities which are in that plight.

Therefore, those who have for the time being gained the upper hand, when they desire to secure their position, must by their own act and choice select from all Hellas men whom they have ascertained to be the best for the purpose. These must in the first place be men of mature years, who have children and wives at home, and, as far as

possible, a long line of ancestors of good repute, and all must be possessed of sufficient property. For a city of ten thousand householders their numbers should be fifty; that is enough. These they must induce to come from their own homes by entreaties and the promise of the highest honours; and having induced them to come they must entreat and command them to draw up laws after binding themselves by oath to show no partiality either to conquerors or to conquered, but to give equal and common rights to the whole State.

When laws have been enacted, what everything then hinges on is this. If the conquerors show more obedience to the laws than the conquered, the whole State will be full of security and happiness, and there will be an escape from all your troubles. But if they do not, then do not summon me or any other helper to aid you against those who do not obey the counsel I now give you. For this course is akin to that which Dion and I attempted to carry out with our hearts set on the welfare of Syracuse. It is indeed a second best course. The first and best was that scheme of welfare to all mankind which we attempted to carry out with the co-operation of Dionysios; but some chance, mightier than men, brought it to nothing. Do you now, with good fortune attending you and with Heaven's help, try to bring your efforts to a happier issue.

Let this be the end of my advice and injunction and of the narrative of my first visit to Dionysios. Whoever wishes may next hear of my second journey and voyage, and learn that it was a reasonable and suitable proceeding. My first period of residence in Sicily was occupied in the way which I related before giving my advice to the relatives and friends of Dion. After those events I persuaded Dionysios by such arguments as I could to let me go; and we made an agreement as to what should be done when peace was made; for at that time there was a state of war in Sicily. Dionysios said that, when he had put the affairs of his empire in a position of greater safety for himself, he would send for Dion and me again; and he desired that Dion should regard what had befallen him not as an exile, but as a change of residence. I agreed to come again on these conditions.

When peace had been made, he began sending for me; he

requested that Dion should wait for another year, but begged that I should by all means come. Dion now kept urging and entreating me to go. For persistent rumours came from Sicily that Dionysios was now once more possessed by an extraordinary desire for philosophy. For this reason Dion pressed me urgently not to decline his invitation. But though I was well aware that as regards philosophy such symptoms were not uncommon in young men, still it seemed to me safer at that time to part company altogether with Dion and Dionysios; and I offended both of them by replying that I was an old man, and that the steps now being taken were quite at variance with the previous agreement.

After this, it seems, Archytes came to the court of Dionysios. Before my departure I had brought him and his Tarentine circle into friendly relations with Dionysios. There were some others in Syracuse who had received some instruction from Dion, and others had learnt from these, getting their heads full of erroneous teaching on philosophical questions. These, it seems, were attempting to hold discussions with Dionysios on questions connected with such subjects, in the idea that he had been fully instructed in my views. Now he is not at all devoid of natural gifts for learning, and he has a great craving for honour and glory. What was said probably pleased him, and he felt some shame when it became clear that he had not taken advantage of my teaching during my visit. For these reasons he conceived a desire for more definite instruction, and his love of glory was an additional incentive to him. The real reasons why he had learnt nothing during my previous visit have just been set forth in the preceding narrative. Accordingly, now that I was safe at home and had refused his second invitation, as I just now related, Dionysios seems to have felt all manner of anxiety lest certain people should suppose that I was unwilling to visit him again because I had formed a poor opinion of his natural gifts and character, and because, knowing as I did his manner of life, I disapproved of it.

It is right for me to speak the truth, and make no complaint if anyone, after hearing the facts, forms a poor opinion of my philosophy, and thinks that the tyrant was in the right. Dionysios now invited me for the third time, sending a trireme to ensure me comfort on the voyage; he sent also Archedemos — one of those who had

spent some time with Archytes, and of whom he supposed that I had a higher opinion than of any of the Sicilian Greeks — and, with him, other men of repute in Sicily. These all brought the same report, that Dionysios had made progress in philosophy. He also sent a very long letter, knowing as he did my relations with Dion and Dion's eagerness also that I should take ship and go to Syracuse. The letter was framed in its opening sentences to meet all these conditions, and the tenor of it was as follows: "Dionysios to Plato," here followed the customary greeting and immediately after it he said, "If in compliance with our request you come now, in the first place, Dion's affairs will be dealt with in whatever way you yourself desire; I know that you will desire what is reasonable, and I shall consent to it. But if not, none of Dion's affairs will have results in accordance with your wishes, with regard either to Dion himself or to other matters." This he said in these words; the rest it would be tedious and inopportune to quote. Other letters arrived from Archytes and the Tarentines, praising the philosophical studies of Dionysios and saying that, if I did not now come, I should cause a complete rupture in their friendship with Dionysios, which had been brought about by me and was of no small importance to their political interests.

When this invitation came to me at that time in such terms, and those who had come from Sicily and Italy were trying to drag me thither, while my friends at Athens were literally pushing me out with their urgent entreaties, it was the same old tale — that I must not betray Dion and my Tarentine friends and supporters. Also I myself had a lurking feeling that there was nothing surprising in the fact that a young man, quick to learn, hearing talk of the great truths of philosophy, should feel a craving for the higher life. I thought therefore that I must put the matter definitely to the test to see whether his desire was genuine or the reverse, and on no account leave such an impulse unaided nor make myself responsible for such a deep and real disgrace, if the reports brought by anyone were really true. So blindfolding myself with this reflection, I set out, with many fears and with no very favourable anticipations, as was natural enough. However, I went, and my action on this occasion at any rate was really a case of "the third to the Preserver," for I had the good fortune to return safely; and for this I must, next to the God, thank

Dionysios, because, though many wished to make an end of me, he prevented them and paid some proper respect to my situation.

On my arrival, I thought that first I must put to the test the question whether Dionysios had really been kindled with the fire of philosophy, or whether all the reports which had come to Athens were empty rumours. Now there is a way of putting such things to the test which is not to be despised and is well suited to monarchs, especially to those who have got their heads full of erroneous teaching, which immediately upon my arrival I found to be very much the case with Dionysios. One should show such men what philosophy is in all its extent; what their range of studies is by which it is approached, and how much labour it involves. For the man who has heard this, if he has the true philosophic spirit and that godlike temperament which makes him akin to philosophy and worthy of it, thinks that he has been told of a marvellous road lying before him, that he must forthwith press on with all his strength, and that life is not worth living if he does anything else. After this he uses to the full his own powers and those of his guide in the path, and relaxes not his efforts, till he has either reached the end of the whole course of study or gained such power that he is not incapable of directing his steps without the aid of a guide. This is the spirit and these are the thoughts by which such a man guides his life, carrying out his work, whatever his occupation may be, but throughout it all ever cleaving to philosophy and to such rules of diet in his daily life as will give him inward sobriety and therewith quickness in learning, a good memory, and reasoning power; the kind of life which is opposed to this he consistently hates. Those who have not the true philosophic temper, but a mere surface colouring of opinions penetrating, like sunburn, only skin deep, when they see how great the range of studies is, how much labour is involved in it, and how necessary to the pursuit it is to have an orderly regulation of the daily life, come to the conclusion that the thing is difficult and impossible for them, and are actually incapable of carrying out the course of study; while some of them persuade themselves that they have sufficiently studied the whole matter and have no need of any further effort. This is the sure test and is the safest one to apply to those who live in luxury and are incapable of continuous effort; it ensures that such a man shall not

throw the blame upon his teacher but on himself, because he cannot bring to the pursuit all the qualities necessary to it. Thus it came about that I said to Dionysios what I did say on that occasion.

I did not, however, give a complete exposition, nor did Dionysios ask for one. For he professed to know many, and those the most important, points, and to have a sufficient hold of them through instruction given by others. I hear also that he has since written about what he heard from me, composing what professes to be his own handbook, very different, so he says, from the doctrines which he heard from me; but of its contents I know nothing; I know indeed that others have written on the same subjects; but who they are, is more than they know themselves. Thus much at least, I can say about all writers, past or future, who say they know the things to which I devote myself, whether by hearing the teaching of me or of others, or by their own discoveries — that according to my view it is not possible for them to have any real skill in the matter. There neither is nor ever will be a treatise of mine on the subject. For it does not admit of exposition like other branches of knowledge; but after much converse about the matter itself and a life lived together, suddenly a light, as it were, is kindled in one soul by a flame that leaps to it from another, and thereafter sustains itself. Yet this much I know — that if the things were written or put into words, it would be done best by me, and that, if they were written badly, I should be the person most pained. Again, if they had appeared to me to admit adequately of writing and exposition, what task in life could I have performed nobler than this, to write what is of great service to mankind and to bring the nature of things into the light for all to see? But I do not think it a good thing for men that there should be a disquisition, as it is called, on this topic — except for some few, who are able with a little teaching to find it out for themselves. As for the rest, it would fill some of them quite illogically with a mistaken feeling of contempt, and others with lofty and vain-glorious expectations, as though they had learnt something high and mighty.

On this point I intend to speak a little more at length; for perhaps, when I have done so, things will be clearer with regard to my present subject. There is an argument which holds good against the man who ventures to put anything whatever into writing on questions of this

nature; it has often before been stated by me, and it seems suitable to the present occasion.

For everything that exists there are three instruments by which the knowledge of it is necessarily imparted; fourth, there is the knowledge itself, and, as fifth, we must count the thing itself which is known and truly exists. The first is the name, the second the definition, the third the image, and the fourth the knowledge. If you wish to learn what I mean, take these in the case of one instance, and so understand them in the case of all. A circle is a thing spoken of, and its name is that very word which we have just uttered. The second thing belonging to it is its definition, made up names and verbal forms. For that which has the name “round,” “annular,” or, “circle,” might be defined as that which has the distance from its circumference to its centre everywhere equal. Third, comes that which is drawn and rubbed out again, or turned on a lathe and broken up — none of which things can happen to the circle itself — to which the other things mentioned have reference; for it is something of a different order from them. Fourth, comes knowledge, intelligence and right opinion about these things. Under this one head we must group everything which has its existence, not in words nor in bodily shapes, but in souls — from which it is clear that it is something different from the nature of the circle itself and from the three things mentioned before. Of these things intelligence comes closest in kinship and likeness to the fifth, and the others are farther distant.

The same applies to straight as well as to circular form, to colours, to the good, the beautiful, the just, to all bodies whether manufactured or coming into being in the course of nature, to fire, water, and all such things, to every living being, to character in souls, and to all things done and suffered. For in the case of all these, no one, if he has not somehow or other got hold of the four things first mentioned, can ever be completely a partaker of knowledge of the fifth. Further, on account of the weakness of language, these (i.e., the four) attempt to show what each thing is like, not less than what each thing is. For this reason no man of intelligence will venture to express his philosophical views in language, especially not in language that is unchangeable, which is true of that which is set

down in written characters.

Again you must learn the point which comes next. Every circle, of those which are by the act of man drawn or even turned on a lathe, is full of that which is opposite to the fifth thing. For everywhere it has contact with the straight. But the circle itself, we say, has nothing in either smaller or greater, of that which is its opposite. We say also that the name is not a thing of permanence for any of them, and that nothing prevents the things now called round from being called straight, and the straight things round; for those who make changes and call things by opposite names, nothing will be less permanent (than a name). Again with regard to the definition, if it is made up of names and verbal forms, the same remark holds that there is no sufficiently durable permanence in it. And there is no end to the instances of the ambiguity from which each of the four suffers; but the greatest of them is that which we mentioned a little earlier, that, whereas there are two things, that which has real being, and that which is only a quality, when the soul is seeking to know, not the quality, but the essence, each of the four presenting to the soul by word and in act that which it is not seeking (i.e., the quality), a thing open to refutation by the senses, being merely the thing presented to the soul in each particular case whether by statement or the act of showing, fills, one may say, every man with puzzlement and perplexity.

Now in subjects in which, by reason of our defective education, we have not been accustomed even to search for the truth, but are satisfied with whatever images are presented to us, we are not held up to ridicule by one another, the questioned by questioners, who can pull to pieces and criticise the four things. But in subjects where we try to compel a man to give a clear answer about the fifth, any one of those who are capable of overthrowing an antagonist gets the better of us, and makes the man, who gives an exposition in speech or writing or in replies to questions, appear to most of his hearers to know nothing of the things on which he is attempting to write or speak; for they are sometimes not aware that it is not the mind of the writer or speaker which is proved to be at fault, but the defective nature of each of the four instruments. The process however of dealing with all of these, as the mind moves up and down to each in

turn, does after much effort give birth in a well-constituted mind to knowledge of that which is well constituted. But if a man is ill-constituted by nature (as the state of the soul is naturally in the majority both in its capacity for learning and in what is called moral character) — or it may have become so by deterioration — not even Lynceus could endow such men with the power of sight.

In one word, the man who has no natural kinship with this matter cannot be made akin to it by quickness of learning or memory; for it cannot be engendered at all in natures which are foreign to it. Therefore, if men are not by nature or kinship allied to justice and all other things that are honourable, though they may be good at learning and remembering other knowledge of various kinds — or if they have the kinship but are slow learners and have no memory — none of all these will ever learn to the full the truth about virtue and vice. For both must be learnt together; and together also must be learnt, by complete and long continued study, as I said at the beginning, the true and the false about all that has real being. After much effort, as names, definitions, sights, and other data of sense are brought into contact and friction one with another, in the course of scrutiny and kindly testing by men who proceed by question and answer without ill will, with a sudden flash there shines forth understanding about every problem, and an intelligence whose efforts reach the furthest limits of human powers. Therefore every man of worth, when dealing with matters of worth, will be far from exposing them to ill feeling and misunderstanding among men by committing them to writing. In one word, then, it may be known from this that, if one sees written treatises composed by anyone, either the laws of a lawgiver, or in any other form whatever, these are not for that man the things of most worth, if he is a man of worth, but that his treasures are laid up in the fairest spot that he possesses. But if these things were worked at by him as things of real worth, and committed to writing, then surely, not gods, but men “have themselves bereft him of his wits.”

Anyone who has followed this discourse and digression will know well that, if Dionysios or anyone else, great or small, has written a treatise on the highest matters and the first principles of things, he has, so I say, neither heard nor learnt any sound teaching about the

subject of his treatise; otherwise, he would have had the same reverence for it, which I have, and would have shrunk from putting it forth into a world of discord and uncomeliness. For he wrote it, not as an aid to memory — since there is no risk of forgetting it, if a man's soul has once laid hold of it; for it is expressed in the shortest of statements — but if he wrote it at all, it was from a mean craving for honour, either putting it forth as his own invention, or to figure as a man possessed of culture, of which he was not worthy, if his heart was set on the credit of possessing it. If then Dionysios gained this culture from the one lesson which he had from me, we may perhaps grant him the possession of it, though how he acquired it — God wot, as the Theban says; for I gave him the teaching, which I have described, on that one occasion and never again.

The next point which requires to be made clear to anyone who wishes to discover how things really happened, is the reason why it came about that I did not continue my teaching in a second and third lesson and yet oftener. Does Dionysios, after a single lesson, believe himself to know the matter, and has he an adequate knowledge of it, either as having discovered it for himself or learnt it before from others, or does he believe my teaching to be worthless, or, thirdly, to be beyond his range and too great for him, and himself to be really unable to live as one who gives his mind to wisdom and virtue? For if he thinks it worthless, he will have to contend with many who say the opposite, and who would be held in far higher repute as judges than Dionysios; if, on the other hand, he thinks he has discovered or learnt the things and that they are worth having as part of a liberal education, how could he, unless he is an extraordinary person, have so recklessly dishonoured the master who has led the way in these subjects? How he dishonoured him, I will now state.

Up to this time he had allowed Dion to remain in possession of his property and to receive the income from it. But not long after the foregoing events, as if he had entirely forgotten his letter to that effect, he no longer allowed Dion's trustees to send him remittances to the Peloponnese, on the pretence that the owner of the property was not Dion but Dion's son, his own nephew, of whom he himself was legally the trustee. These were the actual facts which occurred up to the point which we have reached. They had opened my eyes as

to the value of Dionysios' desire for philosophy, and I had every right to complain, whether I wished to do so or not. Now by this time it was summer and the season for sea voyages; therefore I decided that I must not be vexed with Dionysios rather than with myself and those who had forced me to come for the third time into the strait of Scylla, that once again I might to fell Charybdis measure back my course, but must tell Dionysios that it was impossible for me to remain after this outrage had been put upon Dion. He tried to soothe me and begged me to remain, not thinking it desirable for himself that I should arrive post haste in person as the bearer of such tidings. When his entreaties produced no effect, he promised that he himself would provide me with transport. For my intention was to embark on one of the trading ships and sail away, being indignant and thinking it my duty to face all dangers, in case I was prevented from going — since plainly and obviously I was doing no wrong, but was the party wronged.

Seeing me not at all inclined to stay, he devised the following scheme to make me stay during that sailing season. On the next day he came to me and made a plausible proposal: "Let us put an end," he said, "to these constant quarrels between you and me about Dion and his affairs. For your sake I will do this for Dion. I require him to take his own property and reside in the Peloponnese, not as an exile, but on the understanding that it is open for him to migrate here, when this step has the joint approval of himself, me, and you his friends; and this shall be open to him on the understanding that he does not plot against me. You and your friends and Dion's friends here must be sureties for him in this, and he must give you security. Let the funds which he receives be deposited in the Peloponnese and at Athens, with persons approved by you, and let Dion enjoy the income from them but have no power to take them out of deposit without the approval of you and your friends. For I have no great confidence in him, that, if he has this property at his disposal, he will act justly towards me, for it will be no small amount; but I have more confidence in you and your friends. See if this satisfies you; and on these conditions remain for the present year, and at the next season you shall depart taking the property with you. I am quite sure that Dion will be grateful to you, if you accomplish so much on his

behalf.”

When I heard this proposal I was vexed, but after reflection said I would let him know my view of it on the following day. We agreed to that effect for the moment, and afterwards when I was by myself I pondered the matter in much distress. The first reflection that came up, leading the way in my self-communing, was this: “Come, suppose that Dionysios intends to do none of the things which he has mentioned, but that, after my departure, he writes a plausible letter to Dion, and orders several of his creatures to write to the same effect, telling him of the proposal which he has now made to me, making out that he was willing to do what he proposed, but that I refused and completely neglected Dion’s interests. Further, suppose that he is not willing to allow my departure, and without giving personal orders to any of the merchants, makes it clear, as he easily can, to all that he not wish me to sail, will anyone consent to take me as a passenger, when I leave the house of Dionysios?”

For in addition to my other troubles, I was lodging at that time in the garden which surrounds his house, from which even the gatekeeper would have refused to let me go, unless an order had been sent to him from Dionysios. “Suppose however that I wait for the year, I shall be able to write word of these things to Dion, stating the position in which I am, and the steps which I am trying to take. And if Dionysios does any of the things which he says, I shall have accomplished something that is not altogether to be sneered at; for Dion’s property is, at a fair estimate, perhaps not less than a hundred talents. If however the prospect which I see looming in the future takes the course which may reasonably be expected, I know not what I shall do with myself. Still it is perhaps necessary to go on working for a year, and to attempt to prove by actual fact the machinations of Dionysios.”

Having come to this decision, on the following day I said to Dionysios, “I have decided to remain. But,” I continued, “I must ask that you will not regard me as empowered to act for Dion, but will along with me write a letter to him, stating what has now been decided, and enquire whether this course satisfies him. If it does not, and if he has other wishes and demands, he must write particulars of them as soon as possible, and you must not as yet take any hasty step

with regard to his interests.”

This was what was said and this was the agreement which was made, almost in these words. Well, after this the trading-ships took their departure, and it was no longer possible for me to take mine, when Dionysios, if you please, addressed me with the remark that half the property must be regarded as belonging to Dion and half to his son. Therefore, he said, he would sell it, and when it was sold would give half to me to take away, and would leave half on the spot for the son. This course, he said, was the most just. This proposal was a blow to me, and I thought it absurd to argue any longer with him; however, I said that we must wait for Dion's letter, and then once more write to tell him of this new proposal. His next step was the brilliant one of selling the whole of Dion's property, using his own discretion with regard to the manner and terms of the sale and of the purchasers. He spoke not a word to me about the matter from beginning to end, and I followed his example and never talked to him again about Dion's affairs; for I did not think that I could do any good by doing so. This is the history so far of my efforts to come to the rescue of philosophy and of my friends.

After this Dionysios and I went on with our daily life, I with my eyes turned abroad like a bird yearning to fly from its perch, and he always devising some new way of scaring me back and of keeping a tight hold on Dion's property. However, we gave out to all Sicily that we were friends. Dionysios, now deserting the policy of his father, attempted to lower the pay of the older members of his body guard. The soldiers were furious, and, assembling in great numbers, declared that they would not submit. He attempted to use force to them, shutting the gates of the acropolis; but they charged straight for the walls, yelling out an unintelligible and ferocious war cry. Dionysios took fright and conceded all their demands and more to the peltasts then assembled.

A rumour soon spread that Heracleides had been the cause of all the trouble. Hearing this, Heracleides kept out of the way. Dionysios was trying to get hold of him, and being unable to do so, sent for Theodotes to come to him in his garden. It happened that I was walking in the garden at the same time. I neither know nor did I hear the rest of what passed between them, but what Theodotes said to

Dionysios in my presence I know and remember. "Plato," he said, "I am trying to convince our friend Dionysios that, if I am able to bring Heracleides before us to defend himself on the charges which have been made against him, and if he decides that Heracleides must no longer live in Sicily, he should be allowed (this is my point) to take his son and wife and sail to the Peloponnese and reside there, taking no action there against Dionysios and enjoying the income of his property. I have already sent for him and will send for him again; and if he comes in obedience either to my former message or to this one — well and good. But I beg and entreat Dionysios that, if anyone finds Heracleides either in the country or here, no harm shall come to him, but that he may retire from the country till Dionysios comes to some other decision. Do you agree to this?" he added, addressing Dionysios. "I agree," he replied, "that even if he is found at your house, no harm shall be done to him beyond what has now been said."

On the following day Eurybios and Theodotes came to me in the evening, both greatly disturbed. Theodotes said, "Plato, you were present yesterday during the promises made by Dionysios to me and to you about Heracleides?" "Certainly," I replied. "Well," he continued, "at this moment peltasts are scouring the country seeking to arrest Heracleides; and he must be somewhere in this neighbourhood. For Heaven's sake come with us to Dionysios." So we went and stood in the presence of Dionysios; and those two stood shedding silent tears, while I said: "These men are afraid that you may take strong measures with regard to Heracleides contrary to what was agreed yesterday. For it seems that he has returned and has been seen somewhere about here." On hearing this he blazed up and turned all colours, as a man would in a rage. Theodotes, falling before him in tears, took his hand and entreated him to do nothing of the sort. But I broke in and tried to encourage him, saying: "Be of good cheer, Theodotes; Dionysios will not have the heart to take any fresh step contrary to his promises of yesterday." Fixing his eye on me, and assuming his most autocratic air he said, "To you I promised nothing small or great." "By the gods," I said, "you did promise that forbearance for which our friend here now appeals." With these words I turned away and went out. After this he continued the hunt

for Heracleides, and Theodotes, sending messages, urged Heracleides to take flight. Dionysios sent out Teisias and some peltasts with orders to pursue him. But Heracleides, as it was said, was just in time, by a small fraction of a day, in making his escape into Carthaginian territory.

After this Dionysios thought that his long-cherished scheme not to restore Dion's property would give him a plausible excuse for hostility towards me; and first of all he sent me out of the acropolis, finding a pretext that the women were obliged to hold a sacrificial service for ten days in the garden in which I had my lodging. He therefore ordered me to stay outside in the house of Archedemos during this period. While I was there, Theodotes sent for me and made a great outpouring of indignation at these occurrences, throwing the blame on Dionysios. Hearing that I had been to see Theodotes he regarded this as another excuse, sister to the previous one, for quarrelling with me. Sending a messenger, he enquired if I had really been conferring with Theodotes on his invitation. "Certainly," I replied. "Well," continued the messenger, "he ordered me to tell you that you are not acting at all well in preferring always Dion and Dion's friends to him." And he did not send for me to return to his house, as though it were now clear that Theodotes and Heracleides were my friends, and he my enemy. He also thought that I had no kind feelings towards him because the property of Dion was now entirely done for.

After this I resided outside the acropolis among the mercenaries. Various people then came to me, among them those of the ships' crews who came from Athens, my own fellow citizens, and reported that I was evil spoken of among the peltasts, and that some of them were threatening to make an end of me, if they could get hold of me. Accordingly I devised the following plan for my safety.

I sent to Archytes and my other friends in Taras, telling them the plight I was in. Finding some excuse for an embassy from their city, they sent a thirty-oared galley with Lamiscos, one of themselves, who came and entreated Dionysios about me, saying that I wanted to go, and that he should on no account stand in my way. He consented and allowed me to go, giving me money for the journey. But for Dion's property I made no further request, nor was any of it restored.

I made my way to the Peloponnese to Olympia, where I found Dion a spectator at the Games, and told him what had occurred. Calling Zeus to be his witness, he at once urged me with my relatives and friends to make preparations for taking vengeance on Dionysios — our ground for action being the breach of faith to a guest — so he put it and regarded it, while his own was his unjust expulsion and banishment. Hearing this, I told him that he might call my friends to his aid, if they wished to go; “But for myself,” I continued, “you and others in a way forced me to be the sharer of Dionysios’ table and hearth and his associate in the acts of religion. He probably believed the current slanders, that I was plotting with you against him and his despotic rule; yet feelings of scruple prevailed with him, and he spared my life. Again, I am hardly of the age for being comrade in arms to anyone; also I stand as a neutral between you, if ever you desire friendship and wish to benefit one another; so long as you aim at injuring one another, call others to your aid.” This I said, because I was disgusted with my misguided journeyings to Sicily and my ill-fortune there. But they disobeyed me and would not listen to my attempts at reconciliation, and so brought on their own heads all the evils which have since taken place. For if Dionysios had restored to Dion his property or been reconciled with him on any terms, none of these things would have happened, so far as human foresight can foretell. Dion would have easily been kept in check by my wishes and influence. But now, rushing upon one another, they have caused universal disaster.

Dion’s aspiration however was the same that I should say my own or that of any other right-minded man ought to be. With regard to his own power, his friends and his country the ideal of such a man would be to win the greatest power and honour by rendering the greatest services. And this end is not attained if a man gets riches for himself, his supporters and his country, by forming plots and getting together conspirators, being all the while a poor creature, not master of himself, overcome by the cowardice which fears to fight against pleasures; nor is it attained if he goes on to kill the men of substance, whom he speaks of as the enemy, and to plunder their possessions, and invites his confederates and supporters to do the same, with the object that no one shall say that it is his fault, if he complains of

being poor. The same is true if anyone renders services of this kind to the State and receives honours from her for distributing by decrees the property of the few among the many — or if, being in charge of the affairs of a great State which rules over many small ones, he unjustly appropriates to his own State the possessions of the small ones. For neither a Dion nor any other man will, with his eyes open, make his way by steps like these to a power which will be fraught with destruction to himself and his descendants for all time; but he will advance towards constitutional government and the framing of the justest and best laws, reaching these ends without executions and murders even on the smallest scale.

This course Dion actually followed, thinking it preferable to suffer iniquitous deeds rather than to do them; but, while taking precautions against them, he nevertheless, when he had reached the climax of victory over his enemies, took a false step and fell, a catastrophe not at all surprising. For a man of piety, temperance and wisdom, when dealing with the impious, would not be entirely blind to the character of such men, but it would perhaps not be surprising if he suffered the catastrophe that might befall a good ship's captain, who would not be entirely unaware of the approach of a storm, but might be unaware of its extraordinary and startling violence, and might therefore be overwhelmed by its force. The same thing caused Dion's downfall. For he was not unaware that his assailants were thoroughly bad men, but he was unaware how high a pitch of infatuation and of general wickedness and greed they had reached. This was the cause of his downfall, which has involved Sicily in countless sorrows.

What counsel I have to offer, after this narrative of events, has been given already, and so let it suffice. But I deemed it necessary to explain the reasons why I undertook my second journey to Sicily because absurd and irrational stories are being told about it. If, therefore, the account I have now given appears to anyone more rational, and if anyone believes that it supplies sufficient excuses for what took place, then I shall regard that account as both reasonable and sufficient.

VIII

The eighth epistle is addressed to the companions of Dion and was probably written some months after the Seventh Letter but before Dion's assassin, Callippus, had been driven out by Hipparinus. It counsels compromise between the parties of Dion and Dionysius the Younger, the former favoring democracy, the latter, tyranny. The compromise would be a monarchy limited by laws. Plato to the relatives and companions of Dion wishes well-doing.

The policy which would best serve to secure your real "well-doing" is that which I shall now endeavor as best I can to describe to you. And I hope that my advice will not only be salutary to you (though to you in special), but also to all the Syracusans, in the second place, and, in the third, to your enemies and your foes, unless any of them be a doer of impious deeds; for such deeds are irremediable and none could ever wash out their stain. Mark, then, what I now say. Now that the tyranny is broken down over the whole of Sicily all your fighting rages round this one subject of dispute, the one party desiring to recover the headship, and the other to put the finishing touch to the expulsion of the tyrants. Now the majority of men always believe that the right advice about these matters is the advising of such action as will do the greatest possible harm to one's enemies and the greatest possible good to one's friends; whereas it is by no means easy to do much harm to others without also suffering in turn much harm oneself. And without going far afield one may see such consequences clearly in the recent events in Sicily itself, where the one faction is trying to inflict injury and the other to ward off the injurers; and the tale thereof, if ever you told it to others, would inevitably prove a most impressive lesson. Of such policies, one may say, there is no lack; but as for a policy which would prove beneficial to all alike, foes as well as friends, or at least as little detrimental as possible to either, such a policy is neither easy to discern, nor, when discerned, easy to carry out; and to advise such a policy or attempt to describe it is much like saying a prayer. Be it so, then, that this is nothing but a prayer (and in truth every man ought always to begin

his speaking and his thinking with the gods); yet may it attain fulfilment in indicating some such counsel as this: — Now and almost ever since the war began both you and your enemies have been ruled continuously by that one family which your fathers set on the throne in the hour of their greatest distress, when Greek Sicily was in the utmost danger of being entirely overrun by the Carthaginians and barbarized. On that occasion they chose Dionysius because of his youth and warlike prowess to take charge of the military operations for which he was suited, with Hipparinus, who was older, as his fellow-counsellor, appointing them dictators for the safeguarding of Sicily, with the title, as men say, of “tyrants.” But whether one prefers to suppose that the cause which ultimately brought about their salvation was divine Fortune and the Deity, or the virtue of the rulers, or possibly the combination of both assisted by the citizens of that age — as to this let everyone form his own notion; in any case this was the way in which salvation for the men of that generation came about. Seeing, then, that they proved themselves men of such a quality, it is surely right that they should be repaid with gratitude by all those whom they saved. But if in after times the tyrant’s house has wrongly abused the bounty of the city, the penalty for this it has suffered in part, and in part it will have to pay. What, then, is the penalty rightly to be exacted from them under existing circumstances? If you were able to get quit of them easily, without serious dangers and trouble, or if they were able to regain the empire without difficulty, then, in either case, it would not have been possible for me so much as to offer the advice which I am now about to utter; but as it is, both of you ought to bear in mind and remember how many times each party has hopefully imagined that it lacked but a little of achieving complete success almost every time; and, what is more, that it is precisely this little deficiency which is always turning out to be the cause of great and numberless evils. And of these evils no limit is ever reached, but what seems to be the end of the old is always being linked on to the beginning of a new brood; and because of this endless chain of evil the whole tribe of tyrants and democrats alike will be in danger of destruction. But should any of these consequences — likely as they are though lamentable — come to pass, hardly a trace of the Greek tongue will remain in all Sicily,

since it will have been transformed into a province or dependency of Phoenicians or Opicians. Against this all the Greeks must with all zeal provide a remedy. If, therefore, any man knows of a remedy that is truer and better than that which I am now about to propose, and puts it openly before us, he shall have the best right to the title "Friend of Greece." The remedy, however, which commends itself to me I shall now endeavor to explain, using the utmost freedom of speech and a tone of impartial justice. For indeed I am speaking somewhat like an arbitrator, and addressing to the two parties, the former despot and his subjects, as though each were a single person, the counsel I gave of old. And now also my word of advice to every despot would be that he should shun the despot's title and his task, and change his despotism for kingship. That this is possible has been actually proved by that wise and good man Lycurgus; for when he saw that the family of his kinsmen in Argos and in Messene had in both cases destroyed both themselves and their city by advancing from kingship to despotic power, he was alarmed about his own city as well as his own family, and as a remedy he introduced the authority of the Elders and of the Ephors to serve as a bond of safety for the kingly power; and because of this they have already been kept safe and glorious all these generations since Law became with them supreme king over men instead of men being despots over the laws. And now also I urgently admonish you all to do the same. Those of you who are rushing after despotic power I exhort to change their course and to flee betimes from what is counted as "bliss" by men of insatiable cravings and empty heads, and to try to transform themselves into the semblance of a king, and to become subject to kingly laws, owing their possession of the highest honors to the voluntary goodwill of the citizens and to the laws. And I should counsel those who follow after the ways of freedom, and shun as a really evil thing the yoke of bondage, to beware lest by their insatiable craving for an immoderate freedom they should ever fall sick of their forefathers' disease, which the men of that time suffered because of their excessive anarchy, through indulging an unmeasured love of freedom. For the Siceliot of the age before Dionysius and Hipparinus began to rule were living blissfully, as they supposed, being in luxury and ruling also over their rulers; and they even

stoned to death the ten generals who preceded Dionysius, without any legal trial, to show that they were no slaves of any rightful master, nor of any law, but were in all ways altogether free. Hence it was that the rule of the despots befell them. For as regards both slavery and freedom, when either is in excess it is wholly evil, but when in moderation wholly good; and moderate slavery consists in being the slave of God, immoderate, in being the slave of men; and men of sound sense have Law for their God, but men without sense Pleasure. Since these things are naturally ordained thus, I exhort Dion's friends to declare what I am advising to all the Syracusans, as being the joint advice both of Dion and myself; and I will be the interpreter of what he would have said to you now, were he alive and able to speak. "Pray then," someone might say, "what message does the advice of Dion declare to us concerning the present situation?" It is this: "Above all else, O ye Syracusans, accept such laws as do not appear to you likely to turn your minds covetously to money-making and wealth; but rather — since there are three objects, the soul, the body, and money besides, — accept such laws as cause the virtue of the soul to be held first in honor, that of the body second, subordinate to that of the soul, and the honor paid to money to come third and last, in subjection to both the body and the soul. The ordinance which effects this will be truly laid down by you as law, since it really makes those who obey it blessed; whereas the phrase which terms the rich "blessed" is not only a miserable one in itself, being the senseless phrase of women and children, but also renders those who believe it equally miserable. That this exhortation of mine is true you will learn by actual experience if you make trial of what I am now saying concerning laws; for in all matters experience is held to be the truest test. And when you have accepted laws of this kind, inasmuch as Sicily is beset with dangers, and you are neither complete victors nor utterly vanquished, it will be, no doubt, both just and profitable for you all to pursue a middle course — not only those of you who flee from the harshness of the tyranny, but also those who crave to win back that tyranny — the men whose ancestors in those days performed the mightiest deed in saving the Greeks from the barbarians, with the result that it is possible for us now to talk about constitutions; whereas, if they had then been ruined, no place would

have been left at all for either talk or hope. So, then, let the one party of you gain freedom by the aid of kingly rule, and the other gain a form of kingly rule that is not irresponsible, with the laws exercising despotic sway over the kings themselves as well as the rest of the citizens, in case they do anything illegal. On these conditions set up kings for all of you, by the help of the gods and with honest and sound intent, — my own son first in return for twofold favors, namely that conferred by me and that conferred by my father; for he delivered the city from barbarians in his own day, while I, in the present day, have twice delivered it from tyrants, whereof you yourselves are witnesses. And as your second king created the man who possesses the same name as my father and is son to Dionysius, in return for his present assistance and for his pious disposition; for he, though he is sprung from a tyrant's loins, is in act of delivering the city of his own free will, gaining thereby for himself and for his race everlasting honor in place of a transitory and unrighteous tyranny. And, thirdly, you ought to invite to become king of Syracuse — as willing king of a willing city — him who is now commander of your enemies' army, Dionysius, son of Dionysius, if so be that he is willing of his own accord to transform himself into a king, being moved thereto by fear of fortune's changes, and by pity for his country and the untended state of her temples and her tombs, lest because of his ambition he utterly ruin all and become a cause of rejoicing to the barbarians. And these three, — whether you grant them the power of the Laconian kings or curtail that power by a common agreement, — you should establish as kings in some such manner as the following, which indeed has been described to you before, yet listen to it now again. If you find that the family of Dionysius and Hipparinus is willing to make an end of the evils now occurring in order to secure the salvation of Sicily provided that they receive honors both in the present and for the future for themselves and for their family, then on these terms, as was said before, convoke envoys empowered to negotiate a pact, such men as they may choose, whether they come from Sicily or from abroad or both, and in such numbers as may be mutually agreed. And these men, on their arrival, should first lay down laws and a constitution which is so framed as to permit the kings to be put in control of the temples and

of all else that fitly belongs to those who once were benefactors. And as controllers of war and peace they should appoint Law-wardens, thirty-five in number, in conjunction with the People and the Council. And there should be various courts of law for various suits, but in matters involving death or exile the Thirty-five should form the court; and in addition to these there should be judges selected from the magistrates of each preceding year, one from each magistracy — the one, that is, who is approved as the most good and just; and these should decide for the ensuing year all cases which involve the death, imprisonment or transportation of citizens; and it should not be permissible for a king to be a judge of such suits, but he, like a priest, should remain clean from bloodshed and imprisonment and exile. This is what I planned for you when I was alive, and it is still my plan now. With your aid, had not Furies in the guise of guests prevented me, I should then have overcome our foes, and established the State in the way I planned; and after this, had my intentions been realized, I should have resettled the rest of Sicily by depriving the barbarians of the land they now hold — excepting those who fought in defence of the common liberty against the tyranny — and restoring the former occupiers of the Greek regions to their ancient and ancestral homes. And now likewise I counsel you all with one accord to adopt and execute these same plans, and to summon all to this task, and to count him who refuses as a common enemy. Nor is such a course impossible; for when plans actually exist in two souls, and when they are readily perceived upon reflection to be the best, he who pronounces such plans impossible is hardly a man of understanding. And by the “two souls” I mean the soul of Hipparinus the son of Dionysius and that of my own son; for should these agree together, I believe that all the rest of the Syracusans who have a care for their city will consent. Well then, when you have paid due honor, with prayer, to all the gods and all the other powers to whom, along with the gods, it is due, cease not from urging and exhorting both friends and opponents by gentle means and every means, until, like a heaven-sent dream presented to waking eyes, the plan which I have pictured in words be wrought by you into plain deeds and brought to a happy consummation.”

IX

Plato to Archytas of Tarentum wishes well-doing.

Archippus and Philonides and their party have arrived, bringing us the letter which you gave them, and also reporting your news. Their business with the city they have completed without difficulty — for in truth it was not at all a hard task; and they have given us a full account of you, telling us that you are somewhat distressed at not being able to get free from your public engagements. Now it is plain to almost everyone that the pleasantest thing in life is to attend to one's own business, especially when the business one chooses is such as yours; yet you ought also to bear in mind that no one of us exists for himself alone, but one share of our existence belongs to our country, another to our parents, a third to the rest of our friends, while a great part is given over to those needs of the hour with which our life is beset. And when our country itself calls us to public duties, it were surely improper not to hearken to the call; for to do so will involve the further consequence of leaving room to worthless men who engage in public affairs from motives that are by no means the best. Enough, however, of this subject. We are looking after Echecrates now and we shall do so in the future also, for your sake and that of his father Phrynion, as well as for the sake of the youth himself.

X

Plato to Aristodorus wishes well-doing.

I hear that you now are and always have been one of Dion's most intimate companions, since of all who pursue philosophy you exhibit the most philosophic disposition; for steadfastness, trustiness, and sincerity — these I affirm to be the genuine philosophy, but as to all other forms of science and cleverness which tend in other directions, I shall, I believe, be giving them their right names if I dub them "parlor-tricks." So farewell, and continue in the same disposition in which you are continuing now.

XI

Plato to Laodamas wishes well-doing.

I wrote to you before that in view of all that you say it is of great importance that you yourself should come to Athens. But since you say that this is impossible, the second best course would have been that I, if possible, or Socrates should go to you, as in fact you said in your letter. At present, however, Socrates is laid up with an attack of strangury; while if I were to go there, it would be humiliating if I failed to succeed in the task for which you are inviting me. But I myself have no great hopes of success (as to my reasons for this, another long letter would be required to explain them in full), and moreover, because of my age, I am not physically fit to go wandering about and to run such risks as one encounters both by sea and land; and at present there is nothing but danger for travellers everywhere. I am able, however, to give you and the settlers advice which may seem to be, as Hesiod says, "Trivial when uttered by me, but hard to be understood." For they are mistaken if they believe that a constitution could ever be well established by any kind of legislation whatsoever without the existence of some authority in the State which supervises the daily life both of slaves and freemen, to see that it is both temperate and manly. And this condition might be secured if you already possess men who are worthy of such authority. If, however, you require someone to train them, you do not, in my opinion, possess either the trainer or the pupils to be trained; so it only remains for you to pray to the gods. For, in truth, the earlier States also were mostly organized in this way; and they came to have a good constitution at a later date, as a result of their being confronted with grave troubles, either through war or other difficulties, whenever there arose in their midst at such a crisis a man of noble character in possession of great power. So it is both right and necessary that you should at first be eager for these results, but also that you should conceive of them in the way I suggest, and not be so foolish as to suppose that you will readily accomplish anything. Good-fortune attend you!

XII

Plato to Archytas of Tarentum wishes well-doing.

We have been wonderfully pleased at receiving the treatises which have come from you and felt the utmost possible admiration for their author; indeed we judged the man to be worthy of those ancient ancestors of his. For in truth these men are said to be Myrians; and they were amongst those Trojans who emigrated in the reign of Laomedon — valiant men, as the traditional story declares. As to those treatises of mine about which you wrote, they are not as yet completed, but I have sent them to you just in the state in which they happen to be; as concerns their preservation we are both in accord, so that there is no need to give directions.

XIII

Plato to Dionysius, Tyrant of Syracuse, wishes well-doing.

Let this greeting not only commence my letter but serve at the same time as a token that it is from me. Once when you were feasting the Locrian youths and were seated at a distance from me, you got up and came over to me and in a friendly spirit made some remark which I thought excellent, as also did my neighbor at the table, who was one of the beautiful youths. And he then said— “No doubt, Dionysius, you find Plato of great benefit as regards philosophy!” And you replied— “Yes, and in regard to much else; since from the very moment of my inviting him I derived benefit at once from the very fact that I had invited him.” This tone, then, should be carefully preserved, in order that the mutual benefit we derive from one another may always go on increasing. So by way of helping towards this end I am now sending you some of the Pythagorean works and of the “Divisions,” and also, as we arranged at that time, a man of whom you and Archytas — if Archytas has come to your court — may be able to make use. His name is Helicon, he is a native of Cyzicus, and he is a pupil of Eudoxus and exceedingly well versed in all his doctrine. Moreover, he has associated with one of the pupils of Isocrates and with Polyxenus, one of Bryson’s companions; and, what is rare in these cases, he is not without charm of address nor is he of a churlish disposition; rather he would seem to be gay and good-tempered. This, however, I say with trepidation, since I am uttering an opinion about a man, and man though not a worthless is an inconstant creature, save in very few instances and in few respects. For even in this man’s case my fears and suspicions were such that, when I met him, I observed him carefully myself and I made inquiry also from his fellow-citizens, and no one had anything bad to say of the man. But do you yourself also keep him under observation and be cautious. It were best, then, if you have any leisure at all, to take lessons from him in addition to your other studies in philosophy; but if not, get someone else thoroughly taught so that you may learn from him when you have leisure, and thereby make progress and gain glory, — that so the benefit you gain from

me may still continue. So much, then, for this subject.

As regards the things you wrote to me to send you, I have had the Apollo made and Leptines is bringing it to you. It is by a young and good craftsman named Leochares. He had at his shop another piece which was, as I thought, very artistic; so I bought it with the intention of presenting it to your wife, because she tended me both in health and sickness in a manner which did credit both to you and to me. So will you give it to her, unless you prefer to do otherwise. I am also sending twelve jars of sweet wine for the children and two of honey. We arrived too late for the stoling of the figs, and the myrtle-berries that were stored have rotted; but in future we shall take better care of them. About the plants Leptines will tell you. The money to meet these expenses — I mean for the purchases mentioned and for certain State taxes — I obtained from Leptines, telling him what I thought it best became us to tell him, it being also true, — that the sum of about sixteen minas which we spent on the Leucadian ship belonged to us; this, then, was the sum I obtained, and on obtaining it I used it myself and sent off these purchases to you. Next, let me tell you what your position is in regard to money, both what you have at Athens and my own. I shall make use of your money, as I told you previously, just as I do that of all my other friends; I use as little as I possibly can, only just so much as I and the man I get it from agree to be necessary or right or fitting. Now this is how I am situated at present. I have in my charge four daughters of those nieces of mine who died at the time when you bade me to wear a crown, and I refused; and of these one is of marriageable age, one eight years old, one a little over three years, and the fourth not yet a year old. To these girls I and my friends must give portions — to all of them, that is, whom I live to see married; as to the rest, they must look to themselves. Nor should I give portions to any whose fathers may get to be richer than I; though at present I am the wealthiest of them, and it was I who, with the help of Dion and others, gave their mothers their portions. Now the eldest one is marrying Speusippus, she being his sister's daughter. So for her I require no more than thirty minas, that being for us a reasonable dowry. Moreover, in case my own mother should die, no more than ten minas would be required for the building of her tomb. For such purposes, then, these are pretty well

all my necessary requirements at the present time. And should any further expense, private or public, be incurred owing to my visit to your court, we must do as I said before: I must strive hard to keep the expense as low as possible, and if ever that is beyond my power, the charge must fall upon you. In the next place, as regards the spending of your own money at Athens, I have to tell you, first of all, that, contrary to what we supposed, you have not a single friend who will advance money in case I am required to spend something on furnishing a chorus or the like; and further, if you yourself have some urgent affair on hand in which prompt expenditure is to your advantage, whereas it is to your disadvantage to have the expenditure deferred until the arrival of a messenger from you, such a state of affairs is not only awkward but reflects also on your honor. And in fact I discovered this myself when I sent Erastus to Andromedes the Aeginetan — from whom, as a friend of yours, you told me to borrow what I needed; as I wished to send you also some other valuable items which you had written for. He replied — naturally enough, as any man might — that when, on a previous occasion, he had advanced money on your father's account he had had difficulty in recovering it, and that he would now loan a small amount but no more. That was how I came to borrow from Leptines; and for this Leptines is deserving of praise, not that he gave it, but that he did so readily, and plainly showed his friendship and its quality in all else that he did or said regarding you. For it is surely right that I should report such actions, as well as the opposite kind, to show what I believe to be each man's attitude towards you. However, I will tell you candidly the position with regard to money matters; for it is right to do so, and, moreover, I shall be speaking from experience of your court. The agents who bring you the reports every time are unwilling to report anything which they think entails an expense, as being likely to bring them odium. Do you therefore accustom them and compel them to declare these matters as well as the rest; for it is right that you should know the whole state of affairs so far as you can and act as the judge, and not avoid this knowledge. For such a course will best serve to enhance your authority. For expenditure that is rightly laid out and rightly paid back is a good thing — as you yourself maintain and will maintain — not only for other purposes but also

for the acquisition of money itself. Therefore, do not let those who profess to be devoted to you slander you before the world; for to have the reputation of being ill to deal with is neither good for your reputation nor honorable.

In the next place I shall speak about Dion. Other matters I cannot speak of as yet, until the letters from you arrive, as you said; with regard, however, to those matters which you forbade me to mention to him, I neither mentioned nor discussed them, but I did try to discover whether he would take their occurrence hardly or calmly, and it seemed to me that if they occurred it would cause him no small vexation. As to all else Dion's attitude towards you seems to me to be reasonable both in word and deed.

To Cratinus the brother of Timotheus, and my own companion, let us present a hoplite's corslet, one of the soft kind for foot-soldiers; and to the daughters of Cebes three tunics of seven cubits, not made of the costly Amorgos stuff but of the Sicilian linen. The name of Cebes you probably know; for he is mentioned in writing in the Socratic discourses as conversing with Socrates, in company with Simmias, in the discourse concerning the Soul, he being an intimate and kindly friend of us all.

Concerning the sign which indicates which of my letters are seriously written and which not, I suppose that you remember it, but none the less bear it in mind and pay the utmost attention; for there are many bidding me to write, whom it is not easy to repulse openly. "God," then, is at the head of the serious letter, but "gods" of the less serious. The ambassadors requested me to write to you, and naturally so; for they are everywhere lauding both you and me with the utmost zeal; and not least Philagrus, who was then suffering with his hand. Philaides also, on his arrival from the Great King, was talking about you; and if it had not required a very long letter I would have told you in writing what he said; but as it is, ask Leptines to tell you. If you are sending the corslet or any of the other things I have written about, in case you have anyone you prefer yourself, give it to him, but if not, give it to Terillus; he is one of those who are constantly making the voyage, and he is a friend of ours who is skilled in philosophy as well as in other things. He is also a son-in-law of Teison who was city-steward at the time when we sailed away. Keep

well and study philosophy and exhort thereto all the other young men; and greet for me your comrades at the game of ball; and charge Aristocritus, as well as the rest, that if any message or letter from me should come to your palace, he must take care that you are informed of it as soon as possible; and bid him remind you not to neglect the contents of my letters. So too now, do not neglect to repay Leptines his money, but pay it back as promptly as possible, in order that the others also, seeing how you deal with him, may be the more ready to assist us.

Iatrocles, the man whom I released on that occasion, along with Myronides, is now sailing with the things that I am sending: I ask you, then, to give him some paid post, as he is well-disposed towards you, and employ him for whatever you wish. Preserve also this letter, either itself or a precis of it, and continue as you are.

Temple of Zeus, Athens

PRONOUNCING ANCIENT GREEK

Here is a brief guide to pronouncing Ancient Greek, allowing you to voice aloud Plato's original text. You may wish to bookmark this page for future reference.

The Letters

Like the Roman alphabet, Greek has separate capitals and lowercase letters, which are all provided here with their Roman equivalents.

A, α a

B, β b

Γ, γ g

Δ, δ d

E, ε e

Z, ζ z

H, η ê

Θ, θ th

I, ι i

K, κ k

Λ, λ l

M, μ m

N, ν n

Ξ, ξ x

O, ο o

Π, π p

P, ρ r

Σ, σ, ζ s

T, τ t

Y, υ y

Φ, φ ph

X, χ ch

Ψ, ψ ps

Ω, ω ô

Consonants

Most of the consonants are pronounced exactly as in English, except for:

The g is always hard as in ‘golf’, never soft.

z is pronounced zd.

x is pronounced with a ks sound.

r is rolled as in Spanish or Italian.

ps is always pronounced as two sounds

With aspirated consonants ph, th, ch and rh, ignore the h.

The ch should be pronounced the same as a k.

Diphthongs

ai as in aisle

ei as in vein

oi as in oil

au as ow in cow

eu as e of get followed by oo

ou as in soup

EUTHYPHRO

Εὐθύφρων [2a] τί νεώτερον, ὦ Σώκρατες, γέγονεν, ὅτι σὺ τὰς ἐν Λυκείῳ καταλιπὼν διατριβὰς ἐνθάδε νῦν διατρίβεις περὶ τὴν τοῦ βασιλέως στοάν; οὐ γάρ που καὶ σοί γε δίκη τις οὔσα τυγχάνει πρὸς τὸν βασιλέα ὥσπερ ἐμοί.

Σωκράτης οὐτοι δὴ Ἀθηναῖοί γε, ὦ Εὐθύφρων, δίκην αὐτὴν καλοῦσιν ἀλλὰ γραφήν.

Εὐθύφρων [2b] τί φῆς; γραφήν σέ τις, ὥς ἔοικε, γέγραπται· οὐ γὰρ ἐκεῖνό γε καταγνώσομαι, ὥς σὺ ἕτερον.

Σωκράτης οὐ γὰρ οὖν.

Εὐθύφρων ἀλλὰ σὲ ἄλλος;

Σωκράτης πάνυ γε.

Εὐθύφρων τίς οὗτος;

Σωκράτης οὐδ' αὐτὸς πάνυ τι γινώσκω, ὦ Εὐθύφρων, τὸν ἄνδρα, νέος γάρ τίς μοι φαίνεται καὶ ἀγνώσ· ὀνομάζουσι μέντοι αὐτόν, ὥς ἐγῶμαι, Μέλητον. ἔστι δὲ τῶν δήμων Πιτθεύς, εἴ τινα νῶ ἔχεις Πιτθέα Μέλητον οἶον τετανότριχα καὶ οὐ πάνυ εὐγένειον, ἐπίγρυπον δέ.

Εὐθύφρων οὐκ ἐννοῶ, ὦ Σώκρατες· ἀλλὰ δὴ τίνα γραφήν [2c] σε γέγραπται;

Σωκράτης ἦντινα; οὐκ ἀγεννῇ, ἔμοιγε δοκεῖ· τὸ γὰρ νέον ὄντα τοσοῦτον πρᾶγμα ἐγνωκέναι οὐ φαῦλόν ἐστιν. ἐκεῖνος γάρ, ὥς φησιν, οἶδε τίνα τρόπον οἱ νέοι διαφθείρονται καὶ τίνες οἱ διαφθείροντες αὐτούς. καὶ κινδυνεύει σοφός τις εἶναι, καὶ τὴν ἐμὴν ἀμαθίαν κατιδὼν ὥς διαφθείροντος τοὺς ἡλικιώτας αὐτοῦ, ἔρχεται κατηγορήσων μου ὥσπερ πρὸς μητέρα πρὸς τὴν πόλιν. καὶ φαίνεται μοι τῶν πολιτικῶν [2d] μόνος ἄρχεσθαι ὀρθῶς· ὀρθῶς γάρ ἐστι τῶν νέων πρῶτον ἐπιμεληθῆναι ὅπως ἔσονται ὅτι ἄριστοι, ὥσπερ γεωργὸν ἀγαθὸν τῶν νέων φυτῶν εἰκὸς πρῶτον ἐπιμεληθῆναι, μετὰ

δὲ τοῦτο καὶ τῶν ἄλλων. καὶ δὴ καὶ Μέλητος ἴσως πρῶτον [3a] μὲν ἡμᾶς ἐκκαθαίρει τοὺς τῶν νέων τὰς βλάστας διαφθείροντας, ὥς φησιν· ἔπειτα μετὰ τοῦτο δῆλον ὅτι τῶν πρεσβυτέρων ἐπιμεληθεὶς πλείστων καὶ μεγίστων ἀγαθῶν αἴτιος τῇ πόλει γενήσεται, ὥς γε τὸ εἰκὸς συμβῆναι ἐκ τοιαύτης ἀρχῆς ἀρξαμένῳ.

Εὐθύφρων βουλοίμην ἄν, ὦ Σώκρατες, ἀλλ' ὁρρώδῳ μὴ τοῦναντίον γένηται· ἀτεχνῶς γάρ μοι δοκεῖ ἀφ' ἐστίας ἄρχεσθαι κακουργεῖν τὴν πόλιν, ἐπιχειρῶν ἀδικεῖν σέ. καί μοι λέγε, τί καὶ ποιοῦντά σέ φησι διαφθεῖρειν τοὺς νέους;

Σωκράτης [3b] ἄτοπα, ὦ θαυμάσιε, ὥς οὕτω γ' ἀκοῦσαι. φησὶ γάρ με ποιητὴν εἶναι θεῶν, καὶ ὥς καινοὺς ποιοῦντα θεοὺς τοὺς δ' ἀρχαίους οὐ νομίζοντα ἐγράψατο τούτων αὐτῶν ἔνεκα, ὥς φησιν.

Εὐθύφρων μανθάνω, ὦ Σώκρατες· ὅτι δὴ σὺ τὸ δαιμόνιον φῆς σαυτῷ ἐκάστοτε γίνεσθαι. ὥς οὖν καινοτομοῦντός σου περὶ τὰ θεῖα γέγραπται ταύτην τὴν γραφὴν, καὶ ὥς διαβαλὼν δὴ ἔρχεται εἰς τὸ δικαστήριον, εἰδὼς ὅτι εὐδιάβολα τὰ τοιαῦτα πρὸς τοὺς πολλοὺς. καὶ ἐμοῦ γάρ τοι, [3c] ὅταν τι λέγω ἐν τῇ ἐκκλησίᾳ περὶ τῶν θείων, προλέγων αὐτοῖς τὰ μέλλοντα, καταγελῶσιν ὥς μαινομένου· καίτοι οὐδὲν ὅτι οὐκ ἀληθὲς εἶρηκα ὧν προεῖπον, ἀλλ' ὅμως φθονοῦσιν ἡμῖν πᾶσι τοῖς τοιούτοις. ἀλλ' οὐδὲν αὐτῶν χρὴ φροντίζειν, ἀλλ' ὁμόσε ἰέναι.

Σωκράτης ὦ φίλε Εὐθύφρων, ἀλλὰ τὸ μὲν καταγελασθῆναι ἴσως οὐδὲν πρᾶγμα. Ἀθηναίοις γάρ τοι, ὥς ἐμοὶ δοκεῖ, οὐ σφόδρα μέλει ἂν τινα δεινὸν οἶωνται εἶναι, μὴ μέντοι διδασκαλικὸν τῆς αὐτοῦ σοφίας· ὃν δ' ἂν καὶ ἄλλους οἶωνται [3d] ποιεῖν τοιούτους, θυμοῦνται, εἴτ' οὖν φθόνῳ ὥς σὺ λέγεις, εἴτε δι' ἄλλο τι.

Εὐθύφρων τούτου οὖν πέρι ὅπως ποτὲ πρὸς ἐμὲ ἔχουσιν, οὐ πάνυ ἐπιθυμῶ πειραθῆναι.

Σωκράτης ἴσως γὰρ σὺ μὲν δοκεῖς σπάνιον σεαυτὸν παρέχειν καὶ διδάσκειν οὐκ ἐθέλειν τὴν σεαυτοῦ σοφίαν· ἐγὼ δὲ φοβοῦμαι μὴ ὑπὸ φιланθρωπίας δοκῶ αὐτοῖς ὅτιπερ ἔχω ἐκκεχυμένως παντὶ ἀνδρὶ λέγειν, οὐ μόνον ἄνευ μισθοῦ, ἀλλὰ καὶ προστιθεὶς ἂν ἡδέως εἴ τίς μου ἐθέλει ἀκούειν. εἰ μὲν οὖν, ὃ νυνδὴ ἔλεγον, μέλλοιέν μου

καταγελαῖν ὥσπερ [3e] σὺ φῆς σαυτοῦ, οὐδὲν ἂν εἴη ἀηδὲς παίζοντας καὶ γελοῶντας ἐν τῷ δικαστηρίῳ διαγαγεῖν· εἰ δὲ σπουδάσονται, τοῦτ' ἤδη ὅπῃ ἀποβήσεται ἄδηλον πλὴν ὑμῖν τοῖς μάντεσιν.

Εὐθύφρων ἀλλ' ἴσως οὐδὲν ἔσται, ὦ Σώκρατες, πρᾶγμα, ἀλλὰ σύ τε κατὰ νοῦν ἀγωνιῇ τὴν δίκην, οἶμαι δὲ καὶ ἐμὲ τὴν ἐμήν.

Σωκράτης ἔστιν δὲ δὴ σοί, ὦ Εὐθύφρων, τίς ἡ δίκη; φεύγεις αὐτὴν ἢ διώκεις;

Εὐθύφρων διώκω.

Σωκράτης τίνα;

Εὐθύφρων [4a] ὃν διώκων αὐτὸν δοκῶ μαίνεσθαι.

Σωκράτης τί δέ; πετόμενόν τινα διώκεις;

Εὐθύφρων πολλοῦ γε δεῖ πέτεσθαι, ὅς γε τυγχάνει ὢν εὖ μάλα πρεσβύτης.

Σωκράτης τίς οὗτος;

Εὐθύφρων ὁ ἐμὸς πατήρ.

Σωκράτης ὁ σός, ὦ βέλτιστε;

Εὐθύφρων πάνυ μὲν οὖν.

Σωκράτης ἔστιν δὲ τί τὸ ἔγκλημα καὶ τίνος ἡ δίκη;

Εὐθύφρων φόνου, ὦ Σώκρατες.

Σωκράτης Ἡράκλεις. ἥ που, ὦ Εὐθύφρων, ἀγνοεῖται ὑπὸ τῶν πολλῶν ὅπῃ ποτὲ ὀρθῶς ἔχει· οὐ γὰρ οἶμαί γε τοῦ ἐπιτυχόντος [4b] [ὀρθῶς] αὐτὸ πρᾶξαι ἀλλὰ πόρρω που ἤδη σοφίας ἐλαύνοντος.

Εὐθύφρων πόρρω μέντοι νῆ Δία, ὦ Σώκρατες.

Σωκράτης ἔστιν δὲ δὴ τῶν οἰκείων τις ὁ τεθνεὺς ὑπὸ τοῦ σοῦ πατρός; ἢ δῆλα δῆ; οὐ γὰρ ἂν που ὑπὲρ γε ἀλλοτρίου ἐπεξῆσθα φόνου αὐτῷ.

Εὐθύφρων γελοῖον, ὃ Σώκρατες, ὅτι οἶει τι διαφέρειν εἴτε ἀλλότριος εἴτε οἰκεῖος ὁ τεθνεὼς, ἀλλ' οὐ τοῦτο μόνον δεῖν φυλάττειν, εἴτε ἐν δίκῃ ἔκτεινεν ὁ κτείνας εἴτε μή, καὶ εἰ μὲν ἐν δίκῃ, ἔαν, εἰ δὲ μή, ἐπεξίεναι, ἂν περ ὁ κτείνας συνέστιός [4c] σοι καὶ ὁμοτράπεζος ἦ· ἴσον γὰρ τὸ μίasma γίγνεται ἂν συνῆς τῷ τοιούτῳ συνειδῶς καὶ μὴ ἀφοσιοῖς σεαυτὸν τε καὶ ἐκεῖνον τῇ δίκῃ ἐπεξιών. ἐπεὶ ὁ γε ἀποθανὼν πελάτης τις ἦν ἐμός, καὶ ὡς ἐγεωργοῦμεν ἐν τῇ Νάξῳ, ἐθήτευσεν ἐκεῖ παρ' ἡμῖν. παροινήσας οὖν καὶ ὀργισθεὶς τῶν οἰκετῶν τινι τῶν ἡμετέρων ἀποσφάττει αὐτόν. ὁ οὖν πατήρ συνδήσας τοὺς πόδας καὶ τὰς χεῖρας αὐτοῦ, καταβαλὼν εἰς τάφρον τινά, πέμπει δεῦρο ἄνδρα πεισόμενον τοῦ ἐξηγητοῦ ὅτι χρεῖη [4d] ποιεῖν. ἐν δὲ τούτῳ τῷ χρόνῳ τοῦ δεδεμένου ὀλιγώρει τε καὶ ἡμέλει ὡς ἀνδροφόνου καὶ οὐδὲν ὄν πρᾶγμα εἰ καὶ ἀποθάνοι, ὅπερ οὖν καὶ ἔπαθεν· ὑπὸ γὰρ λιμοῦ καὶ ῥίγους καὶ τῶν δεσμῶν ἀποθνήσκει πρὶν τὸν ἄγγελον παρὰ τοῦ ἐξηγητοῦ ἀφικέσθαι. ταῦτα δὴ οὖν καὶ ἀγανακτεῖ ὁ τε πατήρ καὶ οἱ ἄλλοι οἰκεῖοι, ὅτι ἐγὼ ὑπὲρ τοῦ ἀνδροφόνου τῷ πατρὶ φόνου ἐπεξέρχομαι οὔτε ἀποκτείναντι, ὡς φασιν ἐκεῖνοι, οὔτ' εἰ ὅτι μάλιστα ἀπέκτεινεν, ἀνδροφόνου γε ὄντος τοῦ ἀποθανόντος, οὐ δεῖν φροντίζειν ὑπὲρ τοῦ τοιούτου — ἀνόσιον [4e] γὰρ εἶναι τὸ ὑὸν πατρὶ φόνου ἐπεξίεναι — κακῶς εἰδότες, ὃ Σώκρατες, τὸ θεῖον ὡς ἔχει τοῦ ὀσίου τε περὶ καὶ τοῦ ἀνοσίου.

Σωκράτης σὺ δὲ δὴ πρὸς Διός, ὃ Εὐθύφρων, οὕτως ἀκριβῶς οἶει ἐπίστασθαι περὶ τῶν θείων ὅπῃ ἔχει, καὶ τῶν ὀσίων τε καὶ ἀνοσίων, ὥστε τούτων οὕτω πραχθέντων ὡς σὺ λέγεις, οὐ φοβῇ δικαζόμενος τῷ πατρὶ ὅπως μὴ αὖ σὺ ἀνόσιον πρᾶγμα τυγχάνης πράττων;

Εὐθύφρων οὐδὲν γὰρ ἂν μου ὄφελος εἴη, ὃ Σώκρατες, οὐδέ [5a] τῷ ἂν διαφέροι Εὐθύφρων τῶν πολλῶν ἀνθρώπων, εἰ μὴ τὰ τοιαῦτα πάντα ἀκριβῶς εἰδείην.

Σωκράτης ἄρ' οὖν μοι, ὃ θαυμάσιε Εὐθύφρων, κράτιστόν ἐστι μαθητῇ σῶ γενέσθαι, καὶ πρὸ τῆς γραφῆς τῆς πρὸς Μέλητον αὐτὰ ταῦτα προκαλεῖσθαι αὐτόν, λέγοντα ὅτι ἔγωγε καὶ ἐν τῷ ἔμπροσθεν χρόνῳ τὰ θεῖα περὶ πολλοῦ ἐποιούμην εἰδέναι, καὶ νῦν ἐπειδὴ με ἐκεῖνος αὐτοσχεδιάζοντά φησι καὶ καινοτομοῦντα περὶ τῶν θείων ἐξαμαρτάνειν, μαθητῆς δὴ γέγονα σός—”καὶ εἰ μὲν, ὃ Μέλητε”, φαίην ἂν, “Εὐθύφρονα ὁμολογεῖς [5b] σοφὸν εἶναι τὰ τοιαῦτα, [καὶ]

ὀρθῶς νομίζειν καὶ ἐμὲ ἡγοῦ καὶ μὴ δικάζου· εἰ δὲ μή, ἐκείνῳ τῷ διδασκάλῳ λάχε δίκην πρότερον ἢ ἐμοί, ὥς τοὺς πρεσβυτέρους διαφθείροντι ἐμέ τε καὶ τὸν αὐτοῦ πατέρα, ἐμὲ μὲν διδάσκοντι, ἐκείνον δὲ νοθετοῦντί τε καὶ κολάζοντι” — καὶ ἂν μή μοι πειθῆται μηδὲ ἀφίῃ τῆς δίκης ἢ ἀντ’ ἐμοῦ γράφηται σέ, αὐτὰ ταῦτα λέγειν ἐν τῷ δικαστηρίῳ ἃ προυκαλούμην αὐτόν;

Εὐθύφρων ναὶ μὰ Δία, ὦ Σώκρατες, εἰ ἄρα ἐμὲ ἐπιχειρήσειε [5c] γράφεσθαι, εὖροιμ’ ἂν, ὥς οἶμαι, ὅπη σαθρός ἐστιν, καὶ πολὺ ἂν ἡμῖν πρότερον περὶ ἐκείνου λόγος ἐγένετο ἐν τῷ δικαστηρίῳ ἢ περὶ ἐμοῦ.

Σωκράτης καὶ ἐγὼ τοι, ὦ φίλε ἐταῖρε, ταῦτα γινώσκων μαθητῆς ἐπιθυμῶ γενέσθαι σός, εἰδὼς ὅτι καὶ ἄλλος πού τις καὶ ὁ Μέλητος οὗτος σέ μὲν οὐδὲ δοκεῖ ὀρᾶν, ἐμὲ δὲ οὕτως ὀξέως [ἀτεχνῶς] καὶ ῥαδίως κατεῖδεν ὥστε ἀσεβείας ἐγράψατο. νῦν οὖν πρὸς Διὸς λέγε μοι ὁ νυνδὴ σαφῶς εἰδέναι δισχυρίζου, ποῖόν τι τὸ εὐσεβὲς φῆς εἶναι καὶ τὸ ἀσεβὲς [5d] καὶ περὶ φόνου καὶ περὶ τῶν ἄλλων; ἢ οὐ ταυτόν ἐστιν ἐν πάσῃ πράξει τὸ ὅσιον αὐτὸ αὐτῷ, καὶ τὸ ἀνόσιον αὖ τοῦ μὲν ὀσίου παντὸς ἐναντίον, αὐτὸ δὲ αὐτῷ ὅμοιον καὶ ἔχον μίαν τινὰ ιδέαν κατὰ τὴν ἀνοσιότητα πᾶν ὅτιπερ ἂν μέλλῃ ἀνόσιον εἶναι;

Εὐθύφρων πάντως δήπου, ὦ Σώκρατες.

Σωκράτης λέγε δὴ, τί φῆς εἶναι τὸ ὅσιον καὶ τί τὸ ἀνόσιον;

Εὐθύφρων λέγω τοίνυν ὅτι τὸ μὲν ὀσιόν ἐστιν ὅπερ ἐγὼ νῦν ποιῶ, τῷ ἀδικοῦντι ἢ περὶ φόνους ἢ περὶ ἱερῶν κλοπᾶς ἢ τι ἄλλο τῶν τοιούτων ἐξαμαρτάνοντι ἐπεξιέναι, ἐάντε πατήρ [5e] ὦν τυγχάνῃ ἐάντε μήτηρ ἐάντε ἄλλος ὅστισοῦν, τὸ δὲ μὴ ἐπεξιέναι ἀνόσιον· ἐπεὶ, ὦ Σώκρατες, θέασαι ὥς μέγα σοι ἐρῶ τεκμήριον τοῦ νόμου ὅτι οὕτως ἔχει — ὁ καὶ ἄλλοις ἤδη εἶπον, ὅτι ταῦτα ὀρθῶς ἂν εἴη οὕτω γιγνόμενα — μὴ ἐπιτρέπειν τῷ ἀσεβοῦντι μηδ’ ἂν ὅστισοῦν τυγχάνῃ ὦν. αὐτοὶ γάρ οἱ ἄνθρωποι τυγχάνουσι νομίζοντες τὸν Δία τῶν θεῶν ἄριστον καὶ δικαιοτάτον, [6a] καὶ τοῦτον ὁμολογοῦσι τὸν αὐτοῦ πατέρα δῆσαι ὅτι τοὺς ὑεῖς κατέπινεν οὐκ ἐν δίκῃ, κάκεϊνόν γε αὖ τὸν αὐτοῦ πατέρα ἐκτεμεῖν δι’ ἕτερα τοιαῦτα· ἐμοὶ δὲ χαλεπαίνουσιν ὅτι τῷ πατρὶ ἐπεξέρχομαι ἀδικοῦντι, καὶ οὕτως αὐτοὶ αὐτοῖς τὰ ἐναντία λέγουσι περὶ τε τῶν θεῶν καὶ περὶ ἐμοῦ.

Σωκράτης ἄρα γε, ὦ Εὐθύφρων, τοῦτ' ἔστιν [οὔ] οὐνεκα τὴν γραφὴν φεύγω, ὅτι τὰ τοιαῦτα ἐπειδὴν τις περὶ τῶν θεῶν λέγῃ, δυσχερῶς πως ἀποδέχομαι; διὸ δὴ, ὡς ἔοικε, φήσῃ τίς με ἐξαμαρτάνειν. νῦν οὖν εἰ καὶ σοὶ ταῦτα συνδοκεῖ τῷ [6b] εὖ εἰδότε περὶ τῶν τοιούτων, ἀνάγκη δὴ, ὡς ἔοικε, καὶ ἡμῖν συγχωρεῖν. τί γὰρ καὶ φήσομεν, οἳ γε καὶ αὐτοὶ ὁμολογοῦμεν περὶ αὐτῶν μηδὲν εἰδέναι; ἀλλὰ μοι εἰπὲ πρὸς Φιλίου, σὺ ὡς ἀληθῶς ἡγῇ ταῦτα οὕτως γεγονέναι;

Εὐθύφρων καὶ ἔτι γε τούτων θαυμασιώτερα, ὦ Σώκρατες, ἃ οἱ πολλοὶ οὐκ ἴσασιν.

Σωκράτης καὶ πόλεμον ἄρα ἡγῇ σὺ εἶναι τῷ ὄντι ἐν τοῖς θεοῖς πρὸς ἀλλήλους, καὶ ἔχθρας γε δεινὰς καὶ μάχας καὶ ἄλλα τοιαῦτα πολλά, οἷα λέγεται τε ὑπὸ τῶν ποιητῶν, καὶ ὑπὸ τῶν [6c] ἀγαθῶν γραφέων τά τε ἄλλα ἱερὰ ἡμῖν καταπεποίκιλται, καὶ δὴ καὶ τοῖς μεγάλοις Παναθηναίοις ὁ πέπλος μεστὸς τῶν τοιούτων ποικιλμάτων ἀνάγεται εἰς τὴν ἀκρόπολιν; ταῦτα ἀληθῆ φῶμεν εἶναι, ὦ Εὐθύφρων;

Εὐθύφρων μὴ μόνον γε, ὦ Σώκρατες, ἀλλ' ὅπερ ἄρτι εἶπον, καὶ ἄλλα σοὶ ἐγὼ πολλά, ἐάνπερ βούλῃ, περὶ τῶν θείων διηγήσομαι, ἃ σὺ ἀκούων εὖ οἶδ' ὅτι ἐκπλαγήσῃ.

Σωκράτης οὐκ ἂν θαυμάζοιμι. ἀλλὰ ταῦτα μὲν μοι εἰς αὐθις ἐπὶ σχολῆς διηγήσῃ· νυνὶ δὲ ὅπερ ἄρτι σε ἡρόμην πειρῶ [6d] σαφέστερον εἰπεῖν. οὐ γάρ με, ὦ ἐταῖρε, τὸ πρότερον ἱκανῶς ἐδίδαξας ἐρωτήσαντα τὸ ὅσιον ὅτι ποτ' εἶπῃ, ἀλλὰ μοι εἶπες ὅτι τοῦτο τυγχάνει ὅσιον ὃν ὃ σὺ νῦν ποιεῖς, φόνου ἐπεξιὼν τῷ πατρί.

Εὐθύφρων καὶ ἀληθῆ γε ἔλεγον, ὦ Σώκρατες.

Σωκράτης ἴσως. ἀλλὰ γάρ, ὦ Εὐθύφρων, καὶ ἄλλα πολλὰ φῆς εἶναι ὅσια.

Εὐθύφρων καὶ γὰρ ἔστιν.

Σωκράτης μέμνησαι οὖν ὅτι οὐ τοῦτό σοι διεκελευόμην, ἐν τι ἢ δύο με διδάξαι τῶν πολλῶν ὁσίων, ἀλλ' ἐκεῖνο αὐτὸ τὸ εἶδος ᾧ πάντα τὰ ὅσια ὅσιά ἐστιν; ἔφησθα γάρ που μιᾷ ιδέα [6e] τά τε ἀνόσια ἀνόσια εἶναι καὶ τὰ ὅσια ὅσια· ἢ οὐ μνημονεύεις;

Εὐθύφρων ἔγωγε.

Σωκράτης ταύτην τοίνυν με αὐτὴν δίδασκον τὴν ιδέαν τίς ποτέ ἐστιν, ἵνα εἰς ἐκείνην ἀποβλέπων καὶ χρώμενος αὐτῇ παραδείγματι, ὃ μὲν ἂν τοιοῦτον ἦ ὧν ἂν ἦ σὺ ἢ ἄλλος τις πράττη φῶ ὅσιον εἶναι, ὃ δ' ἂν μὴ τοιοῦτον, μὴ φῶ.

Εὐθύφρων ἀλλ' εἰ οὕτω βούλει, ὦ Σώκρατες, καὶ οὕτω σοι φράσω.

Σωκράτης ἀλλὰ μὴν βούλομαι γε.

Εὐθύφρων ἔστι τοίνυν τὸ μὲν τοῖς θεοῖς προσφιλὲς ὅσιον, τὸ [7a] δὲ μὴ προσφιλὲς ἀνόσιον.

Σωκράτης παγκάλως, ὦ Εὐθύφρων, καὶ ὥς ἐγὼ ἐζήτουν ἀποκρίνασθαι σε, οὕτω νῦν ἀπεκρίνω. εἰ μέντοι ἀληθῶς, τοῦτο οὐπὼ οἶδα, ἀλλὰ σὺ δηλὸν ὅτι ἐπεκιδιάξεις ὥς ἔστιν ἀληθὴ ἃ λέγεις.

Εὐθύφρων πάνυ μὲν οὖν.

Σωκράτης φέρε δὴ, ἐπισκεψώμεθα τί λέγομεν. τὸ μὲν θεοφιλὲς τε καὶ θεοφιλὴς ἄνθρωπος ὅσιος, τὸ δὲ θεομισὲς καὶ ὁ θεομισὴς ἀνόσιος· οὐ ταῦτόν δ' ἐστίν, ἀλλὰ τὸ ἐναντιώτατον, τὸ ὅσιον τῷ ἀνοσίῳ· οὐχ οὕτως;

Εὐθύφρων οὕτω μὲν οὖν.

Σωκράτης καὶ εὖ γε φαίνεται εἰρηῇσθαι;

Εὐθύφρων [7b] δοκῶ, ὦ Σώκρατες. [εἴρηται γάρ.]

Σωκράτης οὐκοῦν καὶ ὅτι στασιάζουσιν οἱ θεοί, ὦ Εὐθύφρων, καὶ διαφέρονται ἀλλήλοις καὶ ἔχθρα ἐστὶν ἐν αὐτοῖς πρὸς ἀλλήλους, καὶ τοῦτο εἴρηται;

Εὐθύφρων εἴρηται γάρ.

Σωκράτης ἔχθραν δὲ καὶ ὀργάς, ὦ ἄριστε, ἢ περὶ τίνων διαφορὰ ποιεῖ; ὧδε δὲ σκοπῶμεν. ἄρ' ἂν εἰ διαφεροίμεθα ἐγὼ τε καὶ σὺ περὶ ἀριθμοῦ ὁπότερα πλείω, ἢ περὶ τούτων διαφορὰ ἐχθροῦς ἂν ἡμᾶς ποιοῖ καὶ ὀργίζεσθαι ἀλλήλοις, ἢ ἐπὶ λογισμὸν ἐλθόντες περὶ γε τῶν

τοιούτων ταχὺ ἂν [7c] ἀπαλλαγεῖμεν;

Εὐθύφρων πάνυ γε.

Σωκράτης οὐκοῦν καὶ περὶ τοῦ μείζονος καὶ ἐλάττονος εἰ διαφεροίμεθα, ἐπὶ τὸ μετρεῖν ἐλθόντες ταχὺ παυσαίμεθ' ἂν τῆς διαφορᾶς;

Εὐθύφρων ἔστι ταῦτα.

Σωκράτης καὶ ἐπὶ γε τὸ ἰστάναι ἐλθόντες, ὥς ἐγῶμαι, περὶ τοῦ βαρυτέρου τε καὶ κουφοτέρου διακριθεῖμεν ἂν;

Εὐθύφρων πῶς γὰρ οὔ;

Σωκράτης περὶ τίνος δὲ δὴ διενεχθέντες καὶ ἐπὶ τίνα κρίσιν οὐ δυνάμενοι ἀφικέσθαι ἐχθροὶ γε ἂν ἀλλήλοις εἶμεν καὶ ὀργιζοίμεθα; ἴσως οὐ πρόχειρόν σοί ἐστιν, ἀλλ' ἐμοῦ λέγοντος [7d] σκόπει εἰ τάδε ἐστὶ τό τε δίκαιον καὶ τὸ ἄδικον καὶ καλὸν καὶ αἰσχρὸν καὶ ἀγαθὸν καὶ κακόν. ἄρα οὐ ταῦτά ἐστιν περὶ ὧν διενεχθέντες καὶ οὐ δυνάμενοι ἐπὶ ἱκανὴν κρίσιν αὐτῶν ἐλθεῖν ἐχθροὶ ἀλλήλοις γινόμεθα, ὅταν γινώμεθα, καὶ ἐγὼ καὶ σὺ καὶ οἱ ἄλλοι ἄνθρωποι πάντες;

Εὐθύφρων ἀλλ' ἔστιν αὕτη ἡ διαφορά, ᾧ Σώκρατες, καὶ περὶ τούτων.

Σωκράτης τί δὲ οἱ θεοί, ᾧ Εὐθύφρων; οὐκ εἶπερ τι διαφέρονται, δι' αὐτὰ ταῦτα διαφέρουσιν ἂν;

Εὐθύφρων πολλὴ ἀνάγκη.

Σωκράτης [7e] καὶ τῶν θεῶν ἄρα, ᾧ γενναῖε Εὐθύφρων, ἄλλοι ἄλλα δίκαια ἡγοῦνται κατὰ τὸν σὸν λόγον, καὶ καλὰ καὶ αἰσχρὰ καὶ ἀγαθὰ καὶ κακά· οὐ γὰρ ἂν που ἐστασίαζον ἀλλήλοις εἰ μὴ περὶ τούτων διεφέροντο· ἦ γάρ;

Εὐθύφρων ὀρθῶς λέγεις.

Σωκράτης οὐκοῦν ἅπερ καλὰ ἡγοῦνται ἕκαστοι καὶ ἀγαθὰ καὶ δίκαια, ταῦτα καὶ φιλοῦσιν, τὰ δὲ ἐναντία τούτων μισοῦσιν;

Εὐθύφρων πάνυ γε.

Σωκράτης ταῦτά δέ γε, ὥς σὺ φῆς, οἱ μὲν δίκαια ἡγοῦνται, [8a] οἱ δὲ ἄδικοι, περὶ ἃ καὶ ἀμφισβητοῦντες στασιάζουσιν τε καὶ πολεμοῦσιν ἀλλήλοις· ἄρα οὐχ οὕτω;

Εὐθύφρων οὕτω.

Σωκράτης ταῦτ' ἄρα, ὥς ἔοικεν, μισεῖται τε ὑπὸ τῶν θεῶν καὶ φιλεῖται, καὶ θεομισῇ τε καὶ θεοφιλεῖ ταῦτ' ἂν εἴη.

Εὐθύφρων ἔοικεν.

Σωκράτης καὶ ὅσα ἄρα καὶ ἀνόσια τὰ αὐτὰ ἂν εἴη, ὧς ἔοικεν, οὐ γὰρ τοῦτο τῷ λόγῳ.

Εὐθύφρων κινδυνεύει.

Σωκράτης οὐκ ἄρα ὁ ἡρόμην ἀπεκρίνω, ὧς θαυμάσιε. οὐ γὰρ τοῦτο γε ἡρώτων, ὁ τυγχάνει ταῦτόν ὄν ὁσιόν τε καὶ ἀνόσιον· ὁ δ' ἂν θεοφιλεῖς ἦ καὶ θεομισῆς ἐστίν, ὥς ἔοικεν. [8b] ὥστε, ὧς ἔοικεν, ὁ σὺ νῦν ποιεῖς τὸν πατέρα κολάζων, οὐδὲν θαυμαστόν εἰ τοῦτο δρῶν τῷ μὲν Διὶ προσφιλεῖς ποιεῖς, τῷ δὲ Κρόνῳ καὶ τῷ Οὐρανῷ ἐχθρόν, καὶ τῷ μὲν Ἥφαιστῳ φίλον, τῇ δὲ Ἥρᾳ ἐχθρόν, καὶ εἴ τις ἄλλος τῶν θεῶν ἕτερος ἐτέρῳ διαφέρεται περὶ αὐτοῦ, καὶ ἐκείνοις κατὰ τὰ αὐτά.

Εὐθύφρων ἀλλ' οἶμαι, ὧς Σώκρατες, περὶ γε τούτου τῶν θεῶν οὐδένα ἕτερον ἐτέρῳ διαφέρεσθαι, ὥς οὐ δεῖ δίκην διδόναι ἐκείνῳ ὅς ἂν ἀδίκως τινὰ ἀποκτείνῃ.

Σωκράτης τί δέ; ἀνθρώπων, ὧς ἔοικεν, ἤδη τινὸς ἤκουσας [8c] ἀμφισβητοῦντος ὥς τὸν ἀδίκως ἀποκτείναντα ἢ ἄλλο ἀδίκως ποιοῦντα ὅτιον οὐ δεῖ δίκην διδόναι;

Εὐθύφρων οὐδὲν μὲν οὖν παύονται ταῦτα ἀμφισβητοῦντες καὶ ἄλλοι καὶ ἐν τοῖς δικαστηρίοις· ἀδικοῦντες γὰρ πάμπολλα, πάντα ποιοῦσι καὶ λέγουσι φεύγοντες τὴν δίκην.

Σωκράτης ἦ καὶ ὁμολογοῦσιν, ὧς ἔοικεν, ἀδικεῖν, καὶ ὁμολογοῦντες ὅμως οὐ δεῖν φασὶ σφᾶς διδόναι δίκην;

Εὐθύφρων οὐδαμῶς τοῦτό γε.

Σωκράτης οὐκ ἄρα πᾶν γε ποιοῦσι καὶ λέγουσι· τοῦτο γὰρ οἶμαι οὐ τολμῶσι λέγειν οὐδ' ἀμφισβητεῖν, ὥς οὐχὶ εἴπερ [8d] ἀδικοῦσί γε δοτέον δίκην, ἀλλ' οἶμαι οὐ φασιν ἀδικεῖν· ἦ γάρ;

Εὐθύφρων ἀληθῆ λέγεις.

Σωκράτης οὐκ ἄρα ἐκεῖνό γε ἀμφισβητοῦσιν, ὥς οὐ τὸν ἀδικοῦντα δεῖ διδόναι δίκην, ἀλλ' ἐκεῖνο ἴσως ἀμφισβητοῦσιν, τὸ τίς ἐστὶν ὁ ἀδικῶν καὶ τί δρῶν καὶ πότε.

Εὐθύφρων ἀληθῆ λέγεις.

Σωκράτης οὐκοῦν αὐτά γε ταῦτα καὶ οἱ θεοὶ πεπόνθασιν, εἴπερ στασιάζουσι περὶ τῶν δικαίων καὶ ἀδίκων ὥς ὁ σὸς λόγος, καὶ οἱ μὲν φασιν ἀλλήλους ἀδικεῖν, οἱ δὲ οὐ φασιν; ἐπεὶ ἐκεῖνό γε δήπου, ὃ θαυμάσιε, οὐδεὶς οὔτε θεῶν οὔτε [8e] ἀνθρώπων τολμᾷ λέγειν, ὥς οὐ τῷ γε ἀδικοῦντι δοτέον δίκην.

Εὐθύφρων ναί, τοῦτο μὲν ἀληθὲς λέγεις, ὃ Σώκρατες, τό γε κεφάλαιον.

Σωκράτης ἀλλ' ἕκαστόν γε οἶμαι, ὃ Εὐθύφρων, τῶνπραχθέντων ἀμφισβητοῦσιν οἱ ἀμφισβητοῦντες, καὶ ἄνθρωποι καὶ θεοί, εἴπερ ἀμφισβητοῦσιν θεοί· πράξέως τινος πέρι διαφερόμενοι οἱ μὲν δικαίως φασὶν αὐτὴν πεπραῆχθαι, οἱ δὲ ἀδίκως· ἄρ' οὐχ οὕτω;

Εὐθύφρων πάνυ γε.

Σωκράτης [9a] ἴθι νυν, ὃ φίλε Εὐθύφρων, δίδαξον καὶ ἐμέ, ἵνα σοφώτερος γένωμαι, τί σοι τεκμήριόν ἐστιν ὥς πάντες θεοὶ ἡγοῦνται ἐκεῖνον ἀδίκως τεθνάναι, ὃς ἂν θητεύων ἀνδροφόνος γενόμενος, συνδεθεὶς ὑπὸ τοῦ δεσπότη τοῦ ἀποθανόντος, φθάσῃ τελευτήσας διὰ τὰ δεσμὰ πρὶν τὸν συνδήσαντα παρὰ τῶν ἐξηγητῶν περὶ αὐτοῦ πυθέσθαι τί χρὴ ποιεῖν, καὶ ὑπὲρ τοῦ τοιούτου δὴ ὀρθῶς ἔχει ἐπεξιέναι καὶ ἐπισκίπτεσθαι φόνου τὸν ὑὸν τῷ πατρί; ἴθι, περὶ τούτων πειρῶ τί μοι [9b] σαφὲς ἐνδείξασθαι ὥς παντὸς μᾶλλον πάντες θεοὶ ἡγοῦνται ὀρθῶς ἔχειν ταύτην τὴν πράξιν· κἄν μοι ἰκανῶς ἐνδείξῃ, ἐγκωμιάζων σε ἐπὶ σοφίᾳ οὐδέποτε παύσομαι.

Εὐθύφρων ἀλλ' ἴσως οὐκ ὀλίγον ἔργον ἐστίν, ὃ Σώκρατες, ἐπεὶ πάνυ γε σαφῶς ἔχοιμι ἂν ἐπιδειξαί σοι.

Σωκράτης μανθάνω· ὅτι σοι δοκῶ τῶν δικαστῶν δυσμαθέστερος εἶναι, ἐπεὶ ἐκείνοις γε ἐνδείξῃ δῆλον ὅτι ὡς ἄδικά τέ ἐστιν καὶ οἱ θεοὶ ἅπαντες τὰ τοιαῦτα μισοῦσιν.

Εὐθύφρων πάνυ γε σαφῶς, ὃ Σώκρατες, ἐάνπερ ἀκούωσί γέ μου λέγοντος.

Σωκράτης [9c] ἀλλ' ἀκούσονται. ἐάνπερ εὖ δοκῇς λέγειν. τόδε δέ σου ἐνενόησα ἅμα λέγοντος καὶ πρὸς ἐμαυτὸν σκοπῶ· “εἰ ὅτι μάλιστα με Εὐθύφρων διδάξειεν ὡς οἱ θεοὶ ἅπαντες τὸν τοιοῦτον θάνατον ἡγοῦνται ἄδικον εἶναι, τί μᾶλλον ἐγὼ μεμάθηκα παρ' Εὐθύφρονος τί ποτ' ἐστὶν τὸ ὅσιόν τε καὶ τὸ ἀνόσιον; θεομισῆς μὲν γὰρ τοῦτο τὸ ἔργον, ὡς ἔοικεν, εἶη ἂν. ἀλλὰ γὰρ οὐ τούτῳ ἐφάνη ἄρτι ὠρισμένα τὸ ὅσιον καὶ μὴ· τὸ γὰρ θεομισῆς ὄν καὶ θεοφιλὲς ἐφάνη”. ὥστε τούτου μὲν ἀφίημί σε, ὃ Εὐθύφρων· εἰ βούλει, πάντες αὐτὸ [9d] ἡγείσθων θεοὶ ἄδικον καὶ πάντες μισούντων. ἀλλ' ἄρα τοῦτο ὃ νῦν ἐπανορθούμεθα ἐν τῷ λόγῳ — ὡς ὁ μὲν ἂν πάντες οἱ θεοὶ μισῶσιν ἀνόσιόν ἐστιν, ὁ δ' ἂν φιλῶσιν, ὅσιον· ὁ δ' ἂν οἱ μὲν φιλῶσιν οἱ δὲ μισῶσιν, οὐδέτερα ἢ ἀμφοτέρω — ἄρ' οὕτω βούλει ἡμῖν ὠρίσθαι νῦν περὶ τοῦ ὀσίου καὶ τοῦ ἀνοσίου;

Εὐθύφρων τί γὰρ κωλύει, ὃ Σώκρατες;

Σωκράτης οὐδὲν ἐμέ γε, ὃ Εὐθύφρων, ἀλλὰ σὺ δὴ τὸ σὸν σκόπει, εἰ τοῦτο ὑποθέμενος οὕτω ῥᾶστά με διδάξεις ὁ ὑπέσχου.

Εὐθύφρων [9e] ἀλλ' ἔγωγε φαίην ἂν τοῦτο εἶναι τὸ ὅσιον ὃ ἂν πάντες οἱ θεοὶ φιλῶσιν, καὶ τὸ ἐναντίον, ὃ ἂν πάντες θεοὶ μισῶσιν, ἀνόσιον.

Σωκράτης οὐκοῦν ἐπισκοπῶμεν αὖ τοῦτο, ὃ Εὐθύφρων, εἰ καλῶς λέγεται, ἢ ἐῷμεν καὶ οὕτω ἡμῶν τε αὐτῶν ἀποδεχόμεθα καὶ τῶν ἄλλων, ἐὰν μόνον φῇ τίς τι ἔχειν οὕτω συγχωροῦντες ἔχειν; ἢ σκεπτέον τί λέγει ὁ λέγων;

Εὐθύφρων σκεπτέον· οἶμαι μέντοι ἔγωγε τοῦτο νυνὶ καλῶς λέγεσθαι.

Σωκράτης [10a] τάχ', ὦγαθέ, βέλτιον εισόμεθα. ἐννόησον γὰρ τὸ τοιόνδε· ἄρα τὸ ὅσιον ὅτι ὅσιόν ἐστιν φιλεῖται ὑπὸ τῶν θεῶν, ἢ ὅτι φιλεῖται ὅσιόν ἐστιν;

Εὐθύφρων οὐκ οἶδ' ὅτι λέγεις, ὦ Σώκρατες.

Σωκράτης ἀλλ' ἐγὼ πειράσομαι σαφέστερον φράσαι. λέγομέν τι φερόμενον καὶ φέρον καὶ ἀγόμενον καὶ ἄγον καὶ ὀρώμενον καὶ ὀρῶν καὶ πάντα τὰ τοιαῦτα μανθάνεις ὅτι ἕτερα ἀλλήλων ἐστὶ καὶ ἡ ἕτερα;

Εὐθύφρων ἔγωγέ μοι δοκῶ μανθάνειν.

Σωκράτης οὐκοῦν καὶ φιλούμενόν τί ἐστιν καὶ τούτου ἕτερον τὸ φιλοῦν;

Εὐθύφρων πῶς γὰρ οὔ;

Σωκράτης [10b] λέγε δὴ μοι, πότερον τὸ φερόμενον διότι φέρεται φερόμενόν ἐστιν, ἢ δι' ἄλλο τι;

Εὐθύφρων οὐκ, ἀλλὰ διὰ τοῦτο.

Σωκράτης καὶ τὸ ἀγόμενον δὴ διότι ἄγεται, καὶ τὸ ὀρώμενον διότι ὀρᾶται;

Εὐθύφρων πάνυ γε.

Σωκράτης οὐκ ἄρα διότι ὀρώμενόν γε ἐστιν, διὰ τοῦτο ὀρᾶται, ἀλλὰ τὸ ἐναντίον διότι ὀρᾶται, διὰ τοῦτο ὀρώμενον· οὐδὲ διότι ἀγόμενόν ἐστιν, διὰ τοῦτο ἄγεται, ἀλλὰ διότι ἄγεται, διὰ τοῦτο ἀγόμενον· οὐδὲ διότι φερόμενον φέρεται, ἀλλὰ διότι φέρεται φερόμενον. ἄρα κατάδηλον, ὦ Εὐθύφρων, ὅ [10c] βούλομαι λέγειν; βούλομαι δὲ τόδε, ὅτι εἴ τι γίγνεται ἢ τι πάσχει, οὐχ ὅτι γιγνόμενόν ἐστι γίγνεται, ἀλλ' ὅτι γίγνεται γιγνόμενόν ἐστιν· οὐδ' ὅτι πάσχον ἐστὶ πάσχει, ἀλλ' ὅτι πάσχει πάσχον ἐστίν· ἢ οὐ συγχωρεῖς οὕτω;

Εὐθύφρων ἔγωγε.

Σωκράτης οὐκοῦν καὶ τὸ φιλούμενον ἢ γιγνόμενόν τί ἐστιν ἢ πάσχον τι ὑπὸ του;

Εὐθύφρων πάνυ γε.

Σωκράτης καὶ τοῦτο ἄρα οὕτως ἔχει ὥσπερ τὰ πρότερα· οὐχ ὅτι φιλούμενόν ἐστιν φιλεῖται ὑπὸ ὧν φιλεῖται, ἀλλ' ὅτι φιλεῖται φιλούμενον;

Εὐθύφρων ἀνάγκη.

Σωκράτης [10d] τί δὴ οὖν λέγομεν περὶ τοῦ ὁσίου, ὃ **Εὐθύφρων**; ἄλλο τι φιλεῖται ὑπὸ θεῶν πάντων, ὡς ὁ σὸς λόγος;

Εὐθύφρων ναί.

Σωκράτης ἄρα διὰ τοῦτο, ὅτι ὁσιόν ἐστιν, ἢ δι' ἄλλο τι;

Εὐθύφρων οὐκ, ἀλλὰ διὰ τοῦτο.

Σωκράτης διότι ἄρα ὁσιόν ἐστιν φιλεῖται, ἀλλ' οὐχ ὅτι φιλεῖται, διὰ τοῦτο ὁσιόν ἐστιν;

Εὐθύφρων ἔοικεν.

Σωκράτης ἀλλὰ μὲν δὴ διότι γε φιλεῖται ὑπὸ θεῶν φιλούμενόν ἐστι καὶ θεοφιλές.

Εὐθύφρων πῶς γὰρ οὔ;

Σωκράτης οὐκ ἄρα τὸ θεοφιλές ὁσιόν ἐστιν, ὃ **Εὐθύφρων**, οὐδὲ τὸ ὁσιον θεοφιλές, ὡς σὺ λέγεις, ἀλλ' ἕτερον τοῦτο τούτου.

Εὐθύφρων [10e] πῶς δὴ, ὃ Σώκρατες;

Σωκράτης ὅτι ὁμολογοῦμεν τὸ μὲν ὁσιον διὰ τοῦτο φιλεῖσθαι, ὅτι ὁσιόν ἐστιν, ἀλλ' οὐ διότι φιλεῖται ὁσιον εἶναι· ἢ γάρ;

Εὐθύφρων ναί.

Σωκράτης τὸ δέ γε θεοφιλές ὅτι φιλεῖται ὑπὸ θεῶν, αὐτῷ τούτῳ τῷ φιλεῖσθαι θεοφιλές εἶναι, ἀλλ' οὐχ ὅτι θεοφιλές, διὰ τοῦτο φιλεῖσθαι.

Εὐθύφρων ἀληθῆ λέγεις.

Σωκράτης ἀλλ' εἴ γε ταῦτόν ἦν, ὃ φίλε **Εὐθύφρων**, τὸ θεοφιλές καὶ

τὸ ὅσιον, εἰ μὲν διὰ τὸ ὅσιον εἶναι ἐφιλεῖτο τὸ [11a] ὅσιον, καὶ διὰ τὸ θεοφιλὲς εἶναι ἐφιλεῖτο ἂν τὸ θεοφιλὲς, εἰ δὲ διὰ τὸ φιλεῖσθαι ὑπὸ θεῶν τὸ θεοφιλὲς θεοφιλὲς ἦν, καὶ τὸ ὅσιον ἂν διὰ τὸ φιλεῖσθαι ὅσιον ἦν· νῦν δὲ ὁρᾷς ὅτι ἐναντίως ἔχεται, ὡς παντάπασιν ἐτέρῳ ὄντε ἀλλήλων. τὸ μὲν γάρ, ὅτι φιλεῖται, ἐστὶν οἷον φιλεῖσθαι· τὸ δ' ὅτι ἐστὶν οἷον φιλεῖσθαι, διὰ τοῦτο φιλεῖται. καὶ κινδυνεύεις, ὦ Εὐθύφρων, ἐρωτώμενος τὸ ὅσιον ὅτι ποτ' ἐστίν, τὴν μὲν οὐσίαν μοι αὐτοῦ οὐ βούλεσθαι δηλῶσαι, πάθος δέ τι περὶ αὐτοῦ λέγειν, ὅτι πέπονθε τοῦτο τὸ ὅσιον, φιλεῖσθαι ὑπὸ πάντων [11b] θεῶν· ὅτι δὲ ὄν, οὐπω εἶπες. εἰ οὖν σοι φίλον, μὴ με ἀποκρύψη ἀλλὰ πάλιν εἰπὲ ἐξ ἀρχῆς τί ποτε ὄν τὸ ὅσιον εἴτε φιλεῖται ὑπὸ θεῶν εἴτε ὅτιδ' ἀσχεῖ — οὐ γὰρ περὶ τούτου διοισόμεθα — ἀλλ' εἰπὲ προθύμως τί ἐστὶν τό τε ὅσιον καὶ τὸ ἀνόσιον;

Εὐθύφρων ἀλλ', ὦ Σώκρατες, οὐκ ἔχω ἔγωγε ὅπως σοι εἶπω ὃ νοῶ· περιέρχεται γάρ πως ἡμῖν αἰεὶ ὃ ἂν προθώμεθα καὶ οὐκ ἐθέλει μένειν ὅπου ἂν ἰδρυσώμεθα αὐτό.

Σωκράτης τοῦ ἡμετέρου προγόνου, ὦ Εὐθύφρων, ἔοικεν εἶναι [11c] Δαιδάλου τὰ ὑπὸ σοῦ λεγόμενα. καὶ εἰ μὲν αὐτὰ ἐγὼ ἔλεγον καὶ ἐτιθέμην, ἴσως ἂν με ἐπέσχωπτες ὡς ἄρα καὶ ἐμοὶ κατὰ τὴν ἐκείνου συγγένειαν τὰ ἐν τοῖς λόγοις ἔργα ἀποδιδράσκει καὶ οὐκ ἐθέλει μένειν ὅπου ἂν τις αὐτὰ θῇ· νῦν δὲ σαι γὰρ αἱ ὑποθέσεις εἰσὶν. ἄλλου δὴ τινος δεῖ σκώμματος· οὐ γὰρ ἐθέλουσι σοὶ μένειν, ὡς καὶ αὐτῷ σοι δοκεῖ.

Εὐθύφρων ἐμοὶ δὲ δοκεῖ σχεδόν τι τοῦ αὐτοῦ σκώμματος, ὦ Σώκρατες, δεῖσθαι τὰ λεγόμενα· τὸ γὰρ περιεῖναι αὐτοῖς τοῦτο καὶ μὴ μένειν ἐν τῷ αὐτῷ οὐκ ἐγὼ εἰμι ὁ ἐντιθείς, [11d] ἀλλὰ σύ μοι δοκεῖς ὁ Δαίδαλος, ἐπεὶ ἐμοῦ γε ἔνεκα ἔμενεν ἂν ταῦτα οὕτως.

Σωκράτης κινδυνεύω ἄρα, ὦ ἐταῖρε, ἐκείνου τοῦ ἀνδρὸς δεινότερος γεγονέναι τὴν τέχνην τοσοῦτῳ, ὅσῳ ὁ μὲν τὰ αὐτοῦ μόνῃ ἐποίει οὐ μένοντα, ἐγὼ δὲ πρὸς τοῖς ἑμῶν, ὡς ἔοικε, καὶ τὰ ἀλλότρια. καὶ δῆτα τοῦτό μοι τῆς τέχνης ἐστὶ κομψότατον, ὅτι ἄκων εἰμὶ σοφός· ἐβουλόμην γὰρ ἂν μοι τοὺς λόγους μένειν καὶ ἀκινήτως ἰδρῦσθαι μᾶλλον ἢ πρὸς τῇ [11e] Δαιδάλου σοφίᾳ τὰ Ταντάλου χρήματα γενέσθαι. καὶ τούτων μὲν ἄδην· ἐπειδὴ δὲ μοι δοκεῖς σὺ τρυφᾶν,

αὐτός σοι συμπροθυμήσομαι [δειξαι] ὅπως ἂν με διδάξης περὶ τοῦ ὀσίου. καὶ μὴ προαποκάμης· ἰδὲ γὰρ εἰ οὐκ ἀναγκαῖόν σοι δοκεῖ δίκαιον εἶναι πᾶν τὸ ὅσιον.

Εὐθύφρων ἔμοιγε.

Σωκράτης ἄρ' οὖν καὶ πᾶν τὸ δίκαιον ὅσιον; ἢ τὸ μὲν ὅσιον [12a] πᾶν δίκαιον, τὸ δὲ δίκαιον οὐ πᾶν ὅσιον, ἀλλὰ τὸ μὲν αὐτοῦ ὅσιον, τὸ δέ τι καὶ ἄλλο;

Εὐθύφρων οὐχ ἔπομαι, ὦ Σώκρατες, τοῖς λεγομένοις.

Σωκράτης καὶ μὴν νεώτερός γέ μου εἶ οὐκ ἔλαττον ἢ ὅσω σοφώτερος· ἀλλ', ὃ λέγω, τρυφᾷς ὑπὸ πλούτου τῆς σοφίας. ἀλλ', ὦ μακάριε, σύντεινε σαυτόν· καὶ γὰρ οὐδὲ χαλεπὸν κατανοῆσαι ὃ λέγω. λέγω γὰρ δὴ τὸ ἐναντίον ἢ ὁ ποιητὴς ἐποίησεν ὁ ποιήσας —

Ζῆνα δὲ τὸν [θ'] ἔρξαντα καὶ ὃς τάδε πάντ' ἐφύτευσεν [12b] οὐκ ἐθέλει νεικεῖν· ἵνα γὰρ δέος ἔνθα καὶ αἰδώς. (Stasinus Cypria Fr. 20)

ἐγὼ οὖν τούτῳ διαφέρομαι τῷ ποιητῇ. εἶπω σοι ὅπη;

Εὐθύφρων πάνυ γε.

Σωκράτης οὐ δοκεῖ μοι εἶναι “ἵνα δέος ἔνθα καὶ αἰδώς” πολλοὶ γάρ μοι δοκοῦσι καὶ νόσους καὶ πενίας καὶ ἄλλα πολλὰ τοιαῦτα δεδιότες δεδιέναι μὲν, αἰδεῖσθαι δὲ μηδὲν ταῦτα ἃ δεδίασιν· οὐ καὶ σοὶ δοκεῖ;

Εὐθύφρων πάνυ γε.

Σωκράτης ἀλλ' ἵνα γε αἰδώς ἔνθα καὶ δέος εἶναι· ἐπεὶ ἔστιν ὅστις αἰδούμενός τι πρᾶγμα καὶ αἰσχυνόμενος οὐ πεφόβηται [12c] τε καὶ δέδοικεν ἅμα δόξαν πονηρίας;

Εὐθύφρων δέδοικε μὲν οὖν.

Σωκράτης οὐκ ἄρ' ὀρθῶς ἔχει λέγειν· “ἵνα γὰρ δέος ἔνθα καὶ αἰδώς”, ἀλλ' ἵνα μὲν αἰδώς ἔνθα καὶ δέος, οὐ μέντοι ἵνα γε δέος πανταχοῦ αἰδώς· ἐπὶ πλέον γὰρ οἶμαι δέος αἰδοῦς. μῦριον γὰρ αἰδὼς δέους ὥσπερ ἀριθμοῦ περιττόν, ὥστε οὐχ ἵνα περ ἀριθμὸς ἔνθα καὶ περιττόν, ἵνα δὲ περιττόν ἔνθα καὶ ἀριθμὸς. ἔπη γάρ που νῦν γε;

Εὐθύφρων πάνυ γε.

Σωκράτης τὸ τοιοῦτον τοίνυν καὶ ἐκεῖ λέγων ἡρώτων· ἄρα ἵνα [12d] δίκαιον ἔνθα καὶ ὅσιον; ἢ ἵνα μὲν ὅσιον ἔνθα καὶ δίκαιον, ἵνα δὲ δίκαιον οὐ πανταχοῦ ὅσιον· μόριον γὰρ τοῦ δικαίου τὸ ὅσιον; οὕτω φῶμεν ἢ ἄλλως σοι δοκεῖ;

Εὐθύφρων οὐκ, ἀλλ' οὕτω. φαίνεται γάρ μοι ὁρθῶς λέγειν.

Σωκράτης ὅρα δὴ τὸ μετὰ τοῦτο. εἰ γὰρ μέρος τὸ ὅσιον τοῦ δικαίου, δεῖ δὴ ἡμᾶς, ὡς ἔοικεν, ἐξευρεῖν τὸ ποῖον μέρος ἂν εἴη τοῦ δικαίου τὸ ὅσιον. εἰ μὲν οὖν σύ με ἡρώτας τι τῶν νυνδῆ, οἷον ποῖον μέρος ἐστὶν ἀριθμοῦ τὸ ἄρτιον καὶ τίς ὢν τυγχάνει οὗτος ὁ ἀριθμός, εἶπον ἂν ὅτι ὅς ἂν μὴ σκαληνὸς ἦ ἀλλ' ἰσοσκελὴς· ἢ οὐ δοκεῖ σοι;

Εὐθύφρων ἔμοιγε.

Σωκράτης [12e] πειρῶ δὴ καὶ σὺ ἐμὲ οὕτω διδάξαι τὸ ποῖον μέρος τοῦ δικαίου ὅσιόν ἐστιν, ἵνα καὶ Μελήτω λέγωμεν μηκέθ' ἡμᾶς ἀδικεῖν μηδὲ ἀσεβείας γράφεσθαι, ὡς ἱκανῶς ἤδη παρὰ σοῦ μαμαθηκότας τά τε εὐσεβῆ καὶ ὅσια καὶ τὰ μῆ.

Εὐθύφρων τοῦτο τοίνυν ἔμοιγε δοκεῖ, ὦ Σώκρατες, τὸ μέρος τοῦ δικαίου εἶναι εὐσεβές τε καὶ ὅσιον, τὸ περὶ τὴν τῶν θεῶν θεραπείαν, τὸ δὲ περὶ τὴν τῶν ἀνθρώπων τὸ λοιπὸν εἶναι τοῦ δικαίου μέρος.

Σωκράτης καὶ καλῶς γέ μοι, ὦ Εὐθύφρων, φαίνεται λέγειν, ἀλλὰ [13a] σμικροῦ τινος ἔτι ἐνδεής εἰμι· τὴν γὰρ θεραπείαν οὕτω συνήμι ἥντινα ὀνομάζεις. οὐ γάρ που λέγεις γε, οἷαίπερ καὶ αἱ περὶ τὰ ἄλλα θεραπείαι εἰσιν, τοιαύτην καὶ περὶ θεοῦς — λέγομεν γάρ που — οἷόν φαμεν ἵππους οὐ πᾶς ἐπίσταται θεραπεύειν ἀλλὰ ὁ ἵππικός· ἢ γάρ;

Εὐθύφρων πάνυ γε.

Σωκράτης ἢ γάρ που ἵππικὴ ἵππων θεραπεία.

Εὐθύφρων ναί.

Σωκράτης οὐδὲ γε κύνας πᾶς ἐπίσταται θεραπεύειν ἀλλὰ ὁ κυνηγετικός.

Εὐθύφρων οὕτω.

Σωκράτης ἡ γάρ που κυνηγετικὴ κυνῶν θεραπεία.

Εὐθύφρων [13b] ναί.

Σωκράτης ἡ δέ γε βοηλατικὴ βοῶν.

Εὐθύφρων πάνυ γε.

Σωκράτης ἡ δὲ δὴ ὁσιότης τε καὶ εὐσέβεια θεῶν, ὧς **Εὐθύφρων**; οὕτω λέγεις;

Εὐθύφρων ἔγωγε.

Σωκράτης οὐκοῦν θεραπεία γε πᾶσα ταὐτὸν διαπράττεται; οἷον τοιόνδε· ἐπ' ἀγαθῷ τινὶ ἐστὶ καὶ ὠφελία τοῦ θεραπευομένου, ὥσπερ ὀρθῶς δὴ ὅτι οἱ ἵπποι ὑπὸ τῆς ἱππικῆς θεραπευόμενοι ὠφελοῦνται καὶ βελτίους γίνονται· ἢ οὐ δοκοῦσί σοι;

Εὐθύφρων ἔμοιγε.

Σωκράτης καὶ οἱ κύνες γέ που ὑπὸ τῆς κυνηγετικῆς, καὶ οἱ [13c] βόες ὑπὸ τῆς βοηλατικῆς, καὶ τᾶλλα πάντα ὡσαύτως· ἢ ἐπὶ βλάβῃ οἶε τοῦ θεραπευομένου τὴν θεραπείαν εἶναι;

Εὐθύφρων μὰ Δί' οὐκ ἔγωγε.

Σωκράτης ἀλλ' ἐπ' ὠφελία;

Εὐθύφρων πῶς δ' οὔ;

Σωκράτης ἦ οὖν καὶ ἡ ὁσιότης θεραπεία οὔσα θεῶν ὠφελία τέ ἐστὶ θεῶν καὶ βελτίους τοὺς θεοὺς ποιεῖ; καὶ σὺ τοῦτο συγχωρήσας ἄν, ὥς ἐπειδάν τι ὅσιον ποιῆς, βελτίω τινὰ τῶν θεῶν ἀπεργάζῃ;

Εὐθύφρων μὰ Δί' οὐκ ἔγωγε.

Σωκράτης οὐδὲ γὰρ ἐγώ, ὧς **Εὐθύφρων**, οἶμαί σε τοῦτο λέγειν — πολλοῦ καὶ δέω — ἀλλὰ τούτου δὴ ἔνεκα καὶ ἀνηρόμην [13d] τίνα ποτὲ λέγοις τὴν θεραπείαν τῶν θεῶν, οὐχ ἡγούμενός σε τοιαύτην λέγειν.

Εὐθύφρων καὶ ὀρθῶς γε, ὦ Σώκρατες· οὐ γὰρ τοιαύτην λέγω.

Σωκράτης εἶεν· ἀλλὰ τίς δὴ θεῶν θεραπεία εἴη ἂν ἡ ὀσιότης;

Εὐθύφρων ἦνπερ, ὦ Σώκρατες, οἱ δοῦλοι τοὺς δεσπότας θεραπεύουσιν.

Σωκράτης μανθάνω· ὑπηρετικὴ τις ἂν, ὥς ἔοικεν, εἴη θεοῖς.

Εὐθύφρων πάνυ μὲν οὖν.

Σωκράτης ἔχοις ἂν οὖν εἰπεῖν ἡ ἱατροῖς ὑπηρετικὴ εἰς τίνος ἔργου ἀπεργασίαν τυγχάνει οὕσα ὑπηρετικὴ; οὐκ εἰς ὑγείας οἶει;

Εὐθύφρων ἔγωγε.

Σωκράτης [13e] τί δὲ ἡ ναυπηγοῖς ὑπηρετικὴ; εἰς τίνος ἔργου ἀπεργασίαν ὑπηρετικὴ ἐστίν;

Εὐθύφρων δῆλον ὅτι, ὦ Σώκρατες, εἰς πλοίου.

Σωκράτης καὶ ἡ οἰκοδόμοις γέ που εἰς οἰκίας;

Εὐθύφρων ναί.

Σωκράτης εἰπέ δὴ, ὦ ἄριστε· ἡ δὲ θεοῖς ὑπηρετικὴ εἰς τίνος ἔργου ἀπεργασίαν ὑπηρετικὴ ἂν εἴη; δῆλον γὰρ ὅτι σὺ οἶσθα, ἐπειδὴ περ τά γε θεῖα κάλλιστα φῆς εἰδέναι ἀνθρώπων.

Εὐθύφρων καὶ ἀληθῆ γε λέγω, ὦ Σώκρατες.

Σωκράτης εἰπέ δὴ πρὸς Διὸς τί ποτέ ἐστιν ἐκεῖνο τὸ πάγκαλον ἔργον ὃ οἱ θεοὶ ἀπεργάζονται ἡμῖν ὑπηρεταῖς χρώμενοι;

Εὐθύφρων πολλὰ καὶ καλὰ, ὦ Σώκρατες.

Σωκράτης [14a] καὶ γὰρ οἱ στρατηγοί, ὦ φίλε· ἀλλ' ὅμως τὸ κεφάλαιον αὐτῶν ῥαδίως ἂν εἴποις, ὅτι νίκην ἐν τῷ πολέμῳ ἀπεργάζονται· ἢ οὐ;

Εὐθύφρων πῶς δ' οὐ;

Σωκράτης πολλὰ δέ γ', οἶμαι, καὶ καλὰ καὶ οἱ γεωργοί· ἀλλ' ὅμως

τὸ κεφάλαιον αὐτῶν ἐστὶν τῆς ἀπεργασίας ἡ ἐκ τῆς γῆς τροφή.

Εὐθύφρων πάνυ γε.

Σωκράτης τί δὲ δὴ τῶν πολλῶν καὶ καλῶν ἃ οἱ θεοὶ ἀπεργάζονται; τί τὸ κεφάλαιόν ἐστι τῆς ἐργασίας;

Εὐθύφρων καὶ ὀλίγον σοι πρότερον εἶπον, ὦ Σώκρατες, ὅτι [14b] πλείονος ἔργου ἐστὶν ἀκριβῶς πάντα ταῦτα ὥς ἔχει μαθεῖν· τόδε μέντοι σοι ἀπλῶς λέγω, ὅτι ἐὰν μὲν κεχαρισμένα τις ἐπίσθεται τοῖς θεοῖς λέγειν τε καὶ πράττειν εὐχόμενός τε καὶ θύων, ταῦτ' ἐστὶ τὰ ὅσια, καὶ σῶζει τὰ τοιαῦτα τοὺς τε ἰδίους οἴκους καὶ τὰ κοινὰ τῶν πόλεων· τὰ δ' ἐναντία τῶν κεχαρισμένων ἀσεβῆ, ἃ δὴ καὶ ἀνατρέπει ἅπαντα καὶ ἀπόλλυσιν.

Σωκράτης ἡ πολὺ μοι διὰ βραχυτέρων, ὦ Εὐθύφρων, εἰ ἐβούλου, εἶπες ἂν τὸ κεφάλαιον ὧν ἡρώτων· ἀλλὰ γὰρ οὐ [14c] πρόθυμός με εἰ διδάξαι — δῆλος εἶ. καὶ γὰρ νῦν ἐπειδὴ ἐπ' αὐτῷ ἦσθα ἀπετράπου, ὃ εἰ ἀπεκρίνω, ἱκανῶς ἂν ἤδη παρὰ σοῦ τὴν ὁσιότητα ἐμεμαθήκη. νῦν δὲ ἀνάγκη γὰρ τὸν ἐρῶντα τῷ ἐρωμένῳ ἀκολουθεῖν ὅπῃ ἂν ἐκεῖνος ὑπάγῃ, τί δὴ αὖ λέγεις τὸ ὅσιον εἶναι καὶ τὴν ὁσιότητα; οὐχὶ ἐπιστήμην τινὰ τοῦ θύειν τε καὶ εὐχεσθαι;

Εὐθύφρων ἔγωγε.

Σωκράτης οὐκοῦν τὸ θύειν δωρεῖσθαί ἐστι τοῖς θεοῖς, τὸ δ' εὐχεσθαι αἰτεῖν τοὺς θεούς;

Εὐθύφρων καὶ μάλα, ὦ Σώκρατες.

Σωκράτης [14d] ἐπιστήμη ἄρα αἰτήσεως καὶ δόσεως θεοῖς ὁσιότης ἂν εἴη ἐκ τούτου τοῦ λόγου.

Εὐθύφρων πάνυ καλῶς, ὦ Σώκρατες, συνήκας ὃ εἶπον.

Σωκράτης ἐπιθυμητὴς γάρ εἰμι, ὦ φίλε, τῆς σῆς σοφίας καὶ προσέχω τὸν νοῦν αὐτῇ, ὥστε οὐ χαμαὶ πεσεῖται ὅτι ἂν εἴπῃς. ἀλλὰ μοι λέξον τίς αὕτη ἡ ὑπηρεσία ἐστὶ τοῖς θεοῖς; αἰτεῖν τε φῆς αὐτοὺς καὶ διδόναι ἐκεῖνοις;

Εὐθύφρων ἔγωγε.

Σωκράτης ἄρ' οὖν οὐ τό γε ὀρθῶς αἰτεῖν ἂν εἴη ὧν δεόμεθα παρ' ἐκείνων, ταῦτα αὐτοὺς αἰτεῖν;

Εὐθύφρων ἀλλὰ τί;

Σωκράτης [14e] καὶ αὖ τὸ διδόναι ὀρθῶς, ὧν ἐκεῖνοι τυγχάνουσιν δεόμενοι παρ' ἡμῶν, ταῦτα ἐκείνοις αὖ ἀντιδωρεῖσθαι; οὐ γάρ που τεχνικόν γ' ἂν εἴη δωροφορεῖν διδόντα τῷ ταῦτα ὧν οὐδὲν δεῖται.

Εὐθύφρων ἀληθῆ λέγεις, ὦ Σώκρατες.

Σωκράτης ἐμπορικὴ ἄρα τις ἂν εἴη, ὦ Εὐθύφρων, τέχνη ἡ ὁσιότης θεοῖς καὶ ἀνθρώποις παρ' ἀλλήλων.

Εὐθύφρων ἐμπορικὴ, εἰ οὕτως ἡδιόν σοι ὀνομάζειν.

Σωκράτης ἀλλ' οὐδὲν ἡδιον ἔμοιγε, εἰ μὴ τυγχάνει ἀληθὲς ὄν. φράσον δέ μοι, τίς ἡ ὠφελία τοῖς θεοῖς τυγχάνει οὕσα ἀπὸ τῶν δώρων ὧν παρ' ἡμῶν λαμβάνουσιν; ἃ μὲν γὰρ διδόασι [15a] παντὶ δῆλον· οὐδὲν γὰρ ἡμῖν ἐστὶν ἀγαθὸν ὅτι ἂν μὴ ἐκεῖνοι δῶσιν. ἃ δὲ παρ' ἡμῶν λαμβάνουσιν, τί ὠφελοῦνται; ἢ τοσοῦτον αὐτῶν πλεονεκτοῦμεν κατὰ τὴν ἐμπορίαν, ὥστε πάντα τὰ ἀγαθὰ παρ' αὐτῶν λαμβάνομεν, ἐκεῖνοι δὲ παρ' ἡμῶν οὐδέν;

Εὐθύφρων ἀλλ' οἶει, ὦ Σώκρατες, τοὺς θεοὺς ὠφελεῖσθαι ἀπὸ τούτων ἃ παρ' ἡμῶν λαμβάνουσιν;

Σωκράτης ἀλλὰ τί δήποτ' ἂν εἴη ταῦτα, ὦ Εὐθύφρων, τὰ παρ' ἡμῶν δῶρα τοῖς θεοῖς;

Εὐθύφρων τί δ' οἶει ἄλλο ἢ τιμὴ τε καὶ γέρα καί, ὅπερ ἐγὼ ἄρτι ἔλεγον, χάρις;

Σωκράτης [15b] κεχαρισμένον ἄρα ἐστίν, ὦ Εὐθύφρων, τὸ ὅσιον, ἀλλ' οὐχὶ ὠφελίμον οὐδὲ φίλον τοῖς θεοῖς;

Εὐθύφρων οἶμαι ἔγωγε πάντων γε μάλιστα φίλον.

Σωκράτης τοῦτο ἄρ' ἐστὶν αὖ, ὡς ἔοικε, τὸ ὅσιον, τὸ τοῖς θεοῖς φίλον.

Εὐθύφρων μάλιστα γε.

Σωκράτης θαυμάση οὖν ταῦτα λέγων ἐάν σοι οἱ λόγοι φαίνωνται μὴ μένοντες ἀλλὰ βαδίζοντες, καὶ ἐμὲ αἰτιάση τὸν Δαίδαλον βαδίζοντας αὐτοὺς ποιεῖν, αὐτὸς ὢν πολὺ γε τεχνικώτερος τοῦ Δαίδαλου καὶ κύκλῳ περιούντα ποιῶν; ἢ οὐκ αἰσθάνη ὅτι ὁ λόγος ἡμῖν περιελθὼν πάλιν εἰς ταὐτὸν [15c] ἤκει; μέμνησαι γάρ που ὅτι ἐν τῷ πρόσθεν τό τε ὅσιον καὶ τὸ θεοφιλὲς οὐ ταὐτὸν ἡμῖν ἐφάνη ἀλλ' ἕτερα ἀλλήλων· ἢ οὐ μέμνησαι;

Εὐθύφρων ἔγωγε.

Σωκράτης νῦν οὖν οὐκ ἐννοεῖς ὅτι τὸ τοῖς θεοῖς φίλον φῆς ὅσιον εἶναι; τοῦτο δ' ἄλλο τι ἢ θεοφιλὲς γίγνεται; ἢ οὐ;

Εὐθύφρων πάνυ γε.

Σωκράτης οὐκοῦν ἢ ἄρτι οὐ καλῶς ὠμολογοῦμεν, ἢ εἰ τότε καλῶς, νῦν οὐκ ὀρθῶς τιθέμεθα.

Εὐθύφρων ἔοικεν.

Σωκράτης ἐξ ἀρχῆς ἄρα ἡμῖν πάλιν σκεπτέον τί ἐστὶ τὸ ὅσιον, ὥς ἐγὼ πρὶν ἂν μάθω ἐκὼν εἶναι οὐκ ἀποδειλιάσω. [15d] ἀλλὰ μὴ με ἀτιμάσης ἀλλὰ παντὶ τρόπῳ προσσχὼν τὸν νοῦν ὅτι μάλιστα νῦν εἰπὲ τὴν ἀλήθειαν· οἴσθα γὰρ εἴπερ τις ἄλλος ἀνθρώπων, καὶ οὐκ ἀφετέος εἶ ὥσπερ ὁ Πρωτεὺς πρὶν ἂν εἴπη. εἰ γὰρ μὴ ἥδησθα σαφῶς τό τε ὅσιον καὶ τὸ ἀνόσιον, οὐκ ἔστιν ὅπως ἂν ποτε ἐπεχείρησας ὑπὲρ ἀνδρὸς θητὸς ἄνδρα πρεσβύτην πατέρα διωκᾶθαι φόνου, ἀλλὰ καὶ τοὺς θεοὺς ἂν ἔδειςας παρακινδυνεύειν μὴ οὐκ ὀρθῶς αὐτὸ ποιήσεις, καὶ τοὺς ἀνθρώπους ἡσχύνῃς· νῦν δὲ εὖ οἶδα ὅτι [15e] σαφῶς οἶει εἰδέναι τό τε ὅσιον καὶ μὴ. εἰπὲ οὖν, ὦ βέλτιστε Εὐθύφρων, καὶ μὴ ἀποκρύψῃ ὅτι αὐτὸ ἡγῇ.

Εὐθύφρων εἰς αὐθις τοίνυν, ὦ Σώκρατες· νῦν γὰρ σπεύδω ποι, καὶ μοι ὥρα ἀπιέναι.

Σωκράτης οἷα ποιεῖς, ὦ ἐταῖρε. ἀπ' ἐλπίδος με καταβαλὼν μεγάλης ἀπέρχῃ ἦν εἶχον, ὥς παρὰ σοῦ μαθὼν τά τε ὅσια καὶ μὴ καὶ τῆς πρὸς Μέλητον γραφῆς ἀπαλλάξομαι, ἐνδειξάμενος [16a] ἐκείνῳ ὅτι σοφὸς

ἤδη παρ' Εὐθύφρονος τὰ θεῖα γέγονα καὶ ὅτι οὐκέτι ὑπ' ἀγνοίας
αὐτοσχεδιάζω οὐδὲ καινοτομῶ περὶ αὐτά, καὶ δὴ καὶ τὸν ἄλλον βίον
ὅτι ἄμεινον βιωσοίμην.

APOLOGY

[17a] ὅτι μὲν ὑμεῖς, ὧ ἄνδρες Ἀθηναῖοι, πεπόνθατε ὑπὸ τῶν ἐμῶν κατηγορῶν, οὐκ οἶδα· ἐγὼ δ' οὖν καὶ αὐτὸς ὑπ' αὐτῶν ὀλίγου ἑμαυτοῦ ἐπελαθόμην, οὕτω πιθανῶς ἔλεγον. καίτοι ἀληθές γε ὡς ἔπος εἰπεῖν οὐδὲν εἰρήκασιν. μάλιστα δὲ αὐτῶν ἐν ἐθαύμασα τῶν πολλῶν ὧν ἐψεύσαντο, τοῦτο ἐν ᾧ ἔλεγον ὡς χρῆν ὑμᾶς εὐλαβεῖσθαι μὴ ὑπ' ἐμοῦ ἐξαπατηθῆτε [17b] ὡς δεινοῦ ὄντος λέγειν. τὸ γὰρ μὴ αἰσχυνθῆναι ὅτι αὐτίκα ὑπ' ἐμοῦ ἐξελεγχθήσονται ἔργῳ, ἐπειδὴν μὴδ' ὅπωςτιοῦν φαίνωμαι δεινὸς λέγειν, τοῦτό μοι ἔδοξεν αὐτῶν ἀναισχυντότατον εἶναι, εἰ μὴ ἄρα δεινὸν καλοῦσιν οὗτοι λέγειν τὸν τάληθῃ λέγοντα· εἰ μὲν γὰρ τοῦτο λέγουσιν, ὁμολογοίην ἂν ἔγωγε οὐ κατὰ τούτους εἶναι ῥήτωρ. οὗτοι μὲν οὖν, ὥσπερ ἐγὼ λέγω, ἢ τι ἢ οὐδὲν ἀληθές εἰρήκασιν, ὑμεῖς δέ μου ἀκούσεσθε πᾶσαν τὴν ἀλήθειαν — οὐ μέντοι μὰ Δία, ὧ ἄνδρες Ἀθηναῖοι, κεκαλλιεπημένους γε λόγους, ὥσπερ οἱ τούτων, [17c] ῥήμασί τε καὶ ὀνόμασιν οὐδὲ κεκοσμημένους, ἀλλ' ἀκούσεσθε εἰκῇ λεγόμενα τοῖς ἐπιτυχοῦσιν ὀνόμασιν — πιστεύω γὰρ δίκαια εἶναι ἃ λέγω — καὶ μὴδεῖς ὑμῶν προσδοκησάτω ἄλλως· οὐδὲ γὰρ ἂν δήπου πρέποι, ὧ ἄνδρες, τῇδε τῇ ἡλικίᾳ ὥσπερ μεираκίῳ πλάττοντι λόγους εἰς ὑμᾶς εἰσιέναι. καὶ μέντοι καὶ πάνυ, ὧ ἄνδρες Ἀθηναῖοι, τοῦτο ὑμῶν δέομαι καὶ παρίεμαι· ἐὰν διὰ τῶν αὐτῶν λόγων ἀκούητέ μου ἀπολογουμένου δι' ὧνπερ εἴωθα λέγειν καὶ ἐν ἀγορᾷ ἐπὶ τῶν τραπεζῶν, ἵνα ὑμῶν πολλοὶ ἀκηκόασι, καὶ ἄλλοθι, μήτε [17d] θαυμάζειν μήτε θορυβεῖν τούτου ἕνεκα. ἔχει γὰρ οὕτωςί. νῦν ἐγὼ πρῶτον ἐπὶ δικαστήριον ἀναβέβηκα, ἔτη γεγωνὼς ἐβδομήκοντα· ἀτεχνῶς οὖν ξένως ἔχω τῆς ἐνθάδε λέξεως. ὥσπερ οὖν ἂν, εἰ τῷ ὄντι ξένος ἐτύγχανον ὧν, συνεγιγνώσκετε δήπου ἂν μοι εἰ ἐν ἐκείνῃ τῇ φωνῇ τε καὶ τῷ τρόπῳ [18a] ἔλεγον ἐν οἷσπερ ἐτεθράμμην, καὶ δὴ καὶ νῦν τοῦτο ὑμῶν δέομαι δίκαιον, ὥς γέ μοι δοκῶ, τὸν μὲν τρόπον τῆς λέξεως ἔαν — ἴσως μὲν γὰρ χεীরων, ἴσως δὲ βελτίων ἂν εἴη — αὐτὸ δὲ τοῦτο σκοπεῖν καὶ τούτῳ τὸν νοῦν προσέχειν, εἰ δίκαια λέγω ἢ μὴ· δικαστοῦ μὲν γὰρ αὕτη ἀρετή, ῥήτορος δὲ τάληθῃ λέγειν.

πρῶτον μὲν οὖν δίκαιός εἰμι ἀπολογήσασθαι, ὧ ἄνδρες Ἀθηναῖοι, πρὸς τὰ πρῶτά μου ψευδῇ κατηγορημένα καὶ τοὺς πρώτους

κατηγόρους, ἔπειτα δὲ πρὸς τὰ ὕστερον καὶ τοὺς [18b] ὑστέρους. ἐμοῦ γὰρ πολλοὶ κατήγοροι γεγόνασι πρὸς ὑμᾶς καὶ πάλαι πολλὰ ἤδη ἔτη καὶ οὐδὲν ἀληθὲς λέγοντες, οὓς ἐγὼ μᾶλλον φοβοῦμαι ἢ τοὺς ἀμφὶ Ἄνυτον, καίπερ ὄντας καὶ τούτους δεινούς· ἀλλ' ἐκείνοι δεινότεροι, ὧ ἄνδρες, οἱ ὑμῶν τοὺς πολλοὺς ἐκ παίδων παραλαμβάνοντες ἔπειθόν τε καὶ κατηγόρουν ἐμοῦ μᾶλλον οὐδὲν ἀληθές, ὥς ἔστιν τις Σωκράτης σοφὸς ἀνὴρ, τὰ τε μετέωρα φροντιστὴς καὶ τὰ ὑπὸ γῆς πάντα ἀνεζητηκῶς καὶ τὸν ἥττω λόγον κρείττω [18c] ποιῶν. οὗτοι, ὧ ἄνδρες Ἀθηναῖοι, <οἱ> ταύτην τὴν φήμην κατασκεδάσαντες, οἱ δεινοὶ εἰσὶν μου κατήγοροι· οἱ γὰρ ἀκούοντες ἡγοῦνται τοὺς ταῦτα ζητοῦντας οὐδὲ θεοὺς νομίζειν. ἔπειτὰ εἰσιν οὗτοι οἱ κατήγοροι πολλοὶ καὶ πολὺν χρόνον ἤδη κατηγορηκότες, ἔτι δὲ καὶ ἐν ταύτῃ τῇ ἡλικίᾳ λέγοντες πρὸς ὑμᾶς ἐν ᾗ ἂν μάλιστα ἐπιστεύσατε, παῖδες ὄντες ἔνιοι ὑμῶν καὶ μειράκια, ἀτεχνῶς ἐρήμην κατηγοροῦντες ἀπολογούμενου οὐδενός. ὁ δὲ πάντων ἀλογώτατον, ὅτι οὐδὲ τὰ [18d] ὀνόματα οἷόν τε αὐτῶν εἰδέναι καὶ εἰπεῖν, πλὴν εἴ τις κωμωδοποιὸς τυγχάνει ὦν. ὅσοι δὲ φθόνῳ καὶ διαβολῇ χρώμενοι ὑμᾶς ἀνέπειθον — οἱ δὲ καὶ αὐτοὶ πεπεισμένοι ἄλλους πείθοντες — οὗτοι πάντες ἀπορώτατοί εἰσιν· οὐδὲ γὰρ ἀναβιβάσασθαι οἷόν τ' ἔστιν αὐτῶν ἐνταυθοῖ οὐδ' ἐλέγξαι οὐδένα, ἀλλ' ἀνάγκη ἀτεχνῶς ὥσπερ σκιαμαχεῖν ἀπολογούμενόν τε καὶ ἐλέγχειν μηδενὸς ἀποκρινομένου. ἀξιώσατε οὖν καὶ ὑμεῖς, ὥσπερ ἐγὼ λέγω, διττοὺς μου τοὺς κατηγόρους γεγονέναι, ἐτέρους μὲν τοὺς ἄρτι κατηγορήσαντας, ἐτέρους δὲ [18e] τοὺς πάλαι οὓς ἐγὼ λέγω, καὶ οἰήθητε δεῖν πρὸς ἐκείνους πρῶτόν με ἀπολογήσασθαι· καὶ γὰρ ὑμεῖς ἐκείνων πρότερον ἠκούσατε κατηγορούντων καὶ πολὺ μᾶλλον ἢ τῶνδε τῶν ὕστερον.

εἶεν· ἀπολογητέον δὴ, ὧ ἄνδρες Ἀθηναῖοι, καὶ ἐπιχειρητέον [19a] ὑμῶν ἐξελεσθαι τὴν διαβολὴν ἣν ὑμεῖς ἐν πολλῷ χρόνῳ ἔσχετε ταύτην ἐν οὕτως ὀλίγῳ χρόνῳ. βουλοίμην μὲν οὖν ἂν τοῦτο οὕτως γενέσθαι, εἴ τι ἄμεινον καὶ ὑμῖν καὶ ἐμοί, καὶ πλέον τί με ποιῆσαι ἀπολογούμενον· οἶμαι δὲ αὐτὸ χαλεπὸν εἶναι, καὶ οὐ πάνυ με λανθάνει οἷόν ἐστιν. ὅμως τοῦτο μὲν ἵτω ὅπῃ τῷ θεῷ φίλον, τῷ δὲ νόμῳ πειστέον καὶ ἀπολογητέον.

ἀναλάβωμεν οὖν ἐξ ἀρχῆς τίς ἡ κατηγορία ἐστὶν ἐξ ἧς [19b] ἡ ἐμὴ

διαβολή γέγονεν, ἥ δὴ καὶ πιστεύων Μέλητός με ἐγράψατο τὴν γραφὴν ταύτην. εἶεν· τί δὴ λέγοντες διέβαλλον οἱ διαβάλλοντες; ὥσπερ οὖν κατηγορῶν τὴν ἀντωμοσίαν δεῖ ἀναγνῶναι αὐτῶν· “Σωκράτης ἀδικεῖ καὶ περιεργάζεται ζητῶν τὰ τε ὑπὸ γῆς καὶ οὐράνια καὶ τὸν ἥττω λόγον κρείττω [19c] ποιῶν καὶ ἄλλους ταῦτα ταῦτα διδάσκων”. τοιαύτη τις ἐστίν· ταῦτα γὰρ ἑωρᾶτε καὶ αὐτοὶ ἐν τῇ Ἀριστοφάνους κωμῳδίᾳ, Σωκράτη τινὰ ἐκεῖ περιφερόμενον, φάσκοντά τε ἀεροβατεῖν καὶ ἄλλην πολλὴν φλυαρίαν φλυαροῦντα, ὧν ἐγὼ οὐδὲν οὔτε μέγα οὔτε μικρὸν πέρι ἐπαῖω. καὶ οὐχ ὡς ἀτιμάζων λέγω τὴν τοιαύτην ἐπιστήμην, εἴ τις περὶ τῶν τοιούτων σοφὸς ἐστίν — μή πως ἐγὼ ὑπὸ Μελήτου τοσαύτας δίκας φεύγοιμι — ἀλλὰ γὰρ ἐμοὶ τούτων, ὧ ἄνδρες Ἀθηναῖοι, οὐδὲν μέτεστιν. [19d] μάρτυρας δὲ αὖ ὑμῶν τοὺς πολλοὺς παρέχομαι, καὶ ἀξιῶ ὑμᾶς ἀλλήλους διδάσκειν τε καὶ φράζειν, ὅσοι ἐμοῦ πώποτε ἀκηκόατε διαλεγομένου — πολλοὶ δὲ ὑμῶν οἱ τοιοῦτοὶ εἰσιν — φράζετε οὖν ἀλλήλοις εἰ πώποτε ἢ μικρὸν ἢ μέγα ἤκουσέ τις ὑμῶν ἐμοῦ περὶ τῶν τοιούτων διαλεγομένου, καὶ ἐκ τούτου γνώσεσθε ὅτι τοιαῦτ’ ἐστὶ καὶ τᾶλλα περὶ ἐμοῦ ἃ οἱ πολλοὶ λέγουσιν.

ἀλλὰ γὰρ οὔτε τούτων οὐδὲν ἐστίν, οὐδέ γ’ εἴ τις ἀκηκόατε ὡς ἐγὼ παιδεύειν ἐπιχειρῶ ἀνθρώπους καὶ χρήματα [19e] πράττομαι, οὐδὲ τοῦτο ἀληθές. ἐπεὶ καὶ τοῦτό γέ μοι δοκεῖ καλὸν εἶναι, εἴ τις οἷός τ’ εἴη παιδεύειν ἀνθρώπους ὥσπερ Γοργίας τε ὁ Λεοντῖνος καὶ Πρόδικος ὁ Κεῖος καὶ Ἰππίας ὁ Ἡλεῖος. τούτων γὰρ ἕκαστος, ὧ ἄνδρες, οἷός τ’ ἐστὶν ἰὼν εἰς ἐκάστην τῶν πόλεων τοὺς νέους — οἷς ἕξεστι τῶν ἑαυτῶν πολιτῶν προῖκα συνεῖναι ὧ ἂν βούλωνται — τούτους πείθουσι [20a] τὰς ἐκείνων συνουσίας ἀπολιπόντας σφίσιν συνεῖναι χρήματα δίδοντας καὶ χάριν προσειδέναι. ἐπεὶ καὶ ἄλλος ἀνὴρ ἐστὶ Πάριος ἐνθάδε σοφὸς ὃν ἐγὼ ἡσθόμην ἐπιδημοῦντα· ἔτυχον γὰρ προσελθὼν ἀνδρὶ ὃς τετέλεκε χρήματα σοφισταῖς πλείω ἢ σύμπαντες οἱ ἄλλοι, Καλλία τῷ Ἰππονίκου· τοῦτον οὖν ἀνηρόμην — ἐστὸν γὰρ αὐτῷ δύο ὑεῖ—”ὧ Καλλία”, ἦν δ’ ἐγώ, “εἰ μὲν σου τῷ ὑεῖ πῶλῳ ἢ μόσχῳ ἐγενέσθην, εἵχομεν ἂν αὐτοῖν ἐπιστάτην λαβεῖν καὶ μισθώσασθαι ὃς [20b] ἔμελλεν αὐτῷ καλῶ τε κἀγαθῶ ποιῆσειν τὴν προσήκουσαν ἀρετὴν, ἦν δ’ ἂν οὗτος ἢ τῶν ἵπικῶν τις ἢ τῶν γεωργικῶν· νῦν δ’ ἐπειδὴ ἀνθρώπῳ ἐστόν, τίνα αὐτοῖν ἐν νῷ ἔχεις ἐπιστάτην λαβεῖν; τίς τῆς τοιαύτης ἀρετῆς, τῆς ἀνθρωπίνης τε καὶ

πολιτικῆς, ἐπιστήμων ἐστίν; οἶμαι γάρ σε ἐσκέφθαι διὰ τὴν τῶν υἱῶν κτῆσιν. ἔστιν τις”, ἔφην ἐγώ, “ἢ οὐ;” “πάνυ γε”, ἦ δ’ ὅς. “τίς”, ἦν δ’ ἐγώ, “καὶ ποδαπός, καὶ πόσου διδάσκει;” “Εὐήνος”, ἔφην, “ὦ Σώκρατες, Πάριος, πέντε μνῶν”. καὶ ἐγὼ τὸν Εὐήνον ἐμακάρισα εἰ ὡς ἀληθῶς [20c] ἔχοι ταύτην τὴν τέχνην καὶ οὕτως ἐμμελῶς διδάσκει. ἐγὼ γοῦν καὶ αὐτὸς ἐκαλλυνόμην τε καὶ ἡβρυνόμην ἂν εἰ ἠπιστάμην ταῦτα· ἀλλ’ οὐ γὰρ ἐπίσταμαι, ὦ ἄνδρες Ἀθηναῖοι.

ὑπολάβοι ἂν οὖν τις ὑμῶν ἴσως· “ἀλλ’, ὦ Σώκρατες, τὸ σὸν τί ἐστὶ πρᾶγμα; πόθεν αἱ διαβολαὶ σοι αὐταὶ γέγονασιν; οὐ γὰρ δήπου σοῦ γε οὐδὲν τῶν ἄλλων περιττότερον πραγματευομένου ἔπειτα τοσαύτη φήμη τε καὶ λόγος γέγονεν, εἰ μὴ τι ἔπραττες ἄλλοιόν ἢ οἱ πολλοί. λέγε οὖν ἡμῖν τί [20d] ἐστίν, ἵνα μὴ ἡμεῖς περὶ σοῦ αὐτοσχεδιάζωμεν”. ταυτί μοι δοκεῖ δίκαια λέγειν ὁ λέγων, καὶ γὰρ ὑμῖν πειράσομαι ἀποδείξαι τί ποτ’ ἐστὶν τοῦτο ὃ ἐμοὶ πεποίηκεν τό τε ὄνομα καὶ τὴν διαβολήν. ἀκούετε δὴ. καὶ ἴσως μὲν δόξω τισὶν ὑμῶν παίζειν· εὖ μέντοι ἴστε, πᾶσαν ὑμῖν τὴν ἀλήθειαν ἐρῶ. ἐγὼ γάρ, ὦ ἄνδρες Ἀθηναῖοι, δι’ οὐδὲν ἀλλ’ ἢ διὰ σοφίαν τινὰ τοῦτο τὸ ὄνομα ἔσχηκα. ποῖαν δὴ σοφίαν ταύτην; ἥπερ ἐστὶν ἴσως ἀνθρωπίνη σοφία· τῷ ὄντι γὰρ κινδυνεύω ταύτην εἶναι σοφός. οὗτοι δὲ τάχ’ ἂν, οὐς ἄρτι [20e] ἔλεγον, μείζω τινὰ ἢ κατ’ ἀνθρώπον σοφίαν σοφοὶ εἶεν, ἢ οὐκ ἔχω τί λέγω· οὐ γὰρ δὴ ἔγωγε αὐτὴν ἐπίσταμαι, ἀλλ’ ὅστις φησὶ ψεύδεται τε καὶ ἐπὶ διαβολῇ τῇ ἐμῇ λέγει. καὶ μοι, ὦ ἄνδρες Ἀθηναῖοι, μὴ θορυβήσητε, μηδ’ ἐὰν δόξω τι ὑμῖν μέγα λέγειν· οὐ γὰρ ἐμὸν ἐρῶ τὸν λόγον ὃν ἂν λέγω, ἀλλ’ εἰς ἀξιώχρεων ὑμῖν τὸν λέγοντα ἀνοίσω. τῆς γὰρ ἐμῆς, εἰ δὴ τίς ἐστὶν σοφία καὶ οἷα, μάρτυρα ὑμῖν παρέξομαι τὸν θεὸν τὸν ἐν Δελφοῖς. Χαιρεφῶντα γὰρ ἴστε πού. οὗτος [21a] ἐμός τε ἐταῖρος ἦν ἐκ νέου καὶ ὑμῶν τῷ πλήθει ἐταῖρός τε καὶ συνέφυγε τὴν φυγὴν ταύτην καὶ μεθ’ ὑμῶν κατήλθε. καὶ ἴστε δὴ οἷος ἦν Χαιρεφῶν, ὡς σφοδρὸς ἐφ’ ὅτι ὀρμήσειεν. καὶ δὴ ποτε καὶ εἰς Δελφοὺς ἐλθὼν ἐτόλμησε τοῦτο μαντεύσασθαι — καί, ὅπερ λέγω, μὴ θορυβεῖτε, ὦ ἄνδρες — ἤρετο γὰρ δὴ εἰ τις ἐμοῦ εἴη σοφώτερος. ἀνεῖλεν οὖν ἡ Πυθία μηδένα σοφώτερον εἶναι. καὶ τούτων πέρι ὁ ἀδελφὸς ὑμῖν αὐτοῦ οὕτωσι μαρτυρήσει, ἐπειδὴ ἐκεῖνος τετελεύτηκεν. [21b] σκέψασθε δὴ ὧν ἔνεκα ταῦτα λέγω· μέλλω γὰρ ὑμᾶς διδάξειν ὅθεν μοι ἡ διαβολὴ γέγονεν. ταῦτα γὰρ ἐγὼ ἀκούσας ἐνεθυμούμην οὕτωσί· “τί ποτε λέγει ὁ θεός, καὶ τί ποτε

αἰνίττεται; ἐγὼ γὰρ δὴ οὔτε μέγα οὔτε σμικρὸν σύνοιδα ἐμαυτῷ σοφὸς ὢν· τί οὖν ποτε λέγει φάσκων ἐμὲ σοφώτατον εἶναι; οὐ γὰρ δήπου ψεύδεται γε· οὐ γὰρ θέμις αὐτῷ”. καὶ πολὺν μὲν χρόνον ἠπόρουν τί ποτε λέγει· ἔπειτα μόγις πάνυ ἐπὶ ζήτησιν αὐτοῦ τοιαύτην τινὰ ἐτραπόμην. ἦλθον ἐπὶ τινὰ τῶν δοκούντων σοφῶν εἶναι, ὥς [21c] ἐνταῦθα εἶπερ που ἐλέγξων τὸ μαντεῖον καὶ ἀποφανῶν τῷ χρησμῷ ὅτι “οὐτοσί ἐμοῦ σοφώτερός ἐστι, σὺ δ’ ἐμὲ ἔφησθα”. διασκοπῶν οὖν τοῦτον — ὀνόματι γὰρ οὐδὲν δέομαι λέγειν, ἦν δέ τις τῶν πολιτικῶν πρὸς ὃν ἐγὼ σκοπῶν τοιοῦτόν τι ἔπαθον, ὃ ἄνδρες Ἀθηναῖοι, καὶ διαλεγόμενος αὐτῷ — ἔδοξε μοι οὗτος ὁ ἀνὴρ δοκεῖν μὲν εἶναι σοφὸς ἄλλοις τε πολλοῖς ἀνθρώποις καὶ μάλιστα ἑαυτῷ, εἶναι δ’ οὐ· κάπειτα ἐπειρώμην αὐτῷ δεικνύναι ὅτι οἷοιτο μὲν εἶναι σοφός, εἶη δ’ οὐ. [21d] ἐντεῦθεν οὖν τούτῳ τε ἀπηχθόμην καὶ πολλοῖς τῶν παρόντων· πρὸς ἐμαυτὸν δ’ οὖν ἀπιὼν ἐλογιζόμην ὅτι τούτου μὲν τοῦ ἀνθρώπου ἐγὼ σοφώτερός εἰμι· κινδυνεύει μὲν γὰρ ἡμῶν οὐδέτερος οὐδὲν καλὸν κάγαθὸν εἰδέναι, ἀλλ’ οὗτος μὲν οἶεται τι εἰδέναι οὐκ εἰδώς, ἐγὼ δέ, ὥσπερ οὖν οὐκ οἶδα, οὐδὲ οἶομαι· ἔοικα γοῦν τούτου γε σμικρῷ τινι αὐτῷ τούτῳ σοφώτερος εἶναι, ὅτι ἂ μὴ οἶδα οὐδὲ οἶομαι εἰδέναι. ἐντεῦθεν ἐπ’ ἄλλον ἢ αὐτῶν ἐκείνου δοκούντων σοφωτέρων εἶναι καὶ [21e] μοι ταῦτα ταῦτα ἔδοξε, καὶ ἐνταῦθα κάκείνῳ καὶ ἄλλοις πολλοῖς ἀπηχθόμην.

μετὰ ταῦτ’ οὖν ἤδη ἐφεξῆς ἦα, αἰσθανόμενος μὲν καὶ λυπούμενος καὶ δεδιώς ὅτι ἀπηχθανόμην, ὅμως δὲ ἀναγκαῖον ἐδόκει εἶναι τὸ τοῦ θεοῦ περὶ πλείστου ποιεῖσθαι — ἰτέον οὖν, σκοποῦντι τὸν χρησμὸν τί λέγει, ἐπὶ ἅπαντας τοὺς τι [22a] δοκοῦντας εἰδέναι. καὶ νῆ τὸν κύνα, ὃ ἄνδρες Ἀθηναῖοι — δεῖ γὰρ πρὸς ὑμᾶς τάληθῃ λέγειν — ἥ μὴν ἐγὼ ἔπαθόν τι τοιοῦτον· οἱ μὲν μάλιστα εὐδοκιμοῦντες ἔδοξάν μοι ὀλίγου δεῖν τοῦ πλείστου ἐνδεεῖς εἶναι ζητοῦντι κατὰ τὸν θεόν, ἄλλοι δὲ δοκοῦντες φαυλότεροι ἐπιεικέστεροι εἶναι ἄνδρες πρὸς τὸ φρονίμως ἔχειν. δεῖ δὴ ὑμῖν τὴν ἐμὴν πλάνην ἐπιδειξαι ὥσπερ πόνους τινὰς πονοῦντος ἵνα μοι καὶ ἀνέλεγκτος ἡ μαντεία γένοιτο. μετὰ γὰρ τοὺς πολιτικοὺς ἦα ἐπὶ τοὺς ποιητὰς τοὺς τε τῶν τραγωδιῶν καὶ τοὺς τῶν [22b] διθυράμβων καὶ τοὺς ἄλλους, ὥς ἐνταῦθα ἐπ’ αὐτοφῶρα καταληψόμενος ἐμαυτὸν ἀμαθέστερον ἐκείνων ὄντα. ἀναλαμβάνων οὖν αὐτῶν τὰ ποιήματα ἃ μοι ἐδόκει μάλιστα πεπραγματεῦσθαι αὐτοῖς, διηρώτων ἂν αὐτοὺς τί λέγοιεν, ἴν’ ἅμα τι καὶ μανθάνοιμι

παρ' αὐτῶν. αἰσχύνομαι οὖν ὑμῖν εἰπεῖν, ὦ ἄνδρες, τάληθ' ὅμως δὲ ῥητέον. ὥς ἔπος γὰρ εἰπεῖν ὀλίγου αὐτῶν ἅπαντες οἱ παρόντες ἂν βέλτιον ἔλεγον περὶ ὧν αὐτοὶ ἐπεποιήκεσαν. ἔγνω οὖν αὐτὸ καὶ περὶ τῶν ποιητῶν ἐν ὀλίγῳ τοῦτο, ὅτι οὐ σοφία ποιοῖεν [22c] ἃ ποιοῖεν, ἀλλὰ φύσει τινὶ καὶ ἐνθουσιάζοντες ὥσπερ οἱ θεομάντεις καὶ οἱ χρησμοδοί· καὶ γὰρ οὗτοι λέγουσι μὲν πολλὰ καὶ καλὰ, ἴσασι δὲ οὐδὲν ὧν λέγουσι. τοιοῦτόν τί μοι ἐφάνησαν πάθος καὶ οἱ ποιηταὶ πεπονθότες, καὶ ἅμα ἡσθόμην αὐτῶν διὰ τὴν ποιήσιν οἰομένων καὶ τᾶλλα σοφωτάτων εἶναι ἀνθρώπων ἃ οὐκ ἦσαν. ἀπῆα οὖν καὶ ἐντεῦθεν τῷ αὐτῷ οἰόμενος περιγεγονέναι ὥπερ καὶ τῶν πολιτικῶν.

τελευτῶν οὖν ἐπὶ τοὺς χειροτέχνους ἦα· ἐμαυτῷ γὰρ [22d] συνήδη οὐδὲν ἐπισταμένῳ ὥς ἔπος εἰπεῖν, τούτους δὲ γ' ἦδη ὅτι εὐρήσοιμι πολλὰ καὶ καλὰ ἐπισταμένους. καὶ τούτου μὲν οὐκ ἐψεύσθην, ἀλλ' ἡπίσταντο ἃ ἐγὼ οὐκ ἡπιστάμην καὶ μου ταῦτη σοφώτεροι ἦσαν. ἀλλ', ὦ ἄνδρες Ἀθηναῖοι, ταυτόν μοι ἔδοξαν ἔχειν ἀμάρτημα ὅπερ καὶ οἱ ποιηταὶ καὶ οἱ ἀγαθοὶ δημιουργοί — διὰ τὸ τὴν τέχνην καλῶς ἐξεργάζεσθαι ἕκαστος ἡξίου καὶ τᾶλλα τὰ μέγιστα σοφώτατος εἶναι — καὶ αὐτῶν αὕτη ἡ πλημμέλεια ἐκείνην τὴν σοφίαν [22e] ἀποκρύπτειν· ὥστε με ἐμαυτὸν ἀνερωτᾶν ὑπὲρ τοῦ χρησιμοῦ πότερα δεξαίμην ἂν οὕτως ὥσπερ ἔχω ἔχειν, μήτε τι σοφὸς ὢν τὴν ἐκείνων σοφίαν μήτε ἀμαθὴς τὴν ἀμαθίαν, ἢ ἀμφοτέρω ἃ ἐκεῖνοι ἔχουσιν ἔχειν. ἀπεκρινάμην οὖν ἐμαυτῷ καὶ τῷ χρησμῷ ὅτι μοι λυσιτελοῖ ὥσπερ ἔχω ἔχειν.

ἐκ ταυτησὶ δὴ τῆς ἐξετάσεως, ὦ ἄνδρες Ἀθηναῖοι, [23a] πολλαὶ μὲν ἀπέχθαι μοι γεγόνاسι καὶ οἶαι χαλεπώταται καὶ βαρύταται, ὥστε πολλὰς διαβολὰς ἀπ' αὐτῶν γεγονέναι, ὄνομα δὲ τοῦτο λέγεσθαι, σοφὸς εἶναι· οἶονται γὰρ με ἐκάστοτε οἱ παρόντες ταῦτα αὐτὸν εἶναι σοφὸν ἃ ἂν ἄλλον ἐξελέγξω. τὸ δὲ κινδυνεύει, ὦ ἄνδρες, τῷ ὄντι ὁ θεὸς σοφὸς εἶναι, καὶ ἐν τῷ χρησμῷ τούτῳ τοῦτο λέγειν, ὅτι ἡ ἀνθρωπίνη σοφία ὀλίγου τινὸς ἀξία ἐστὶν καὶ οὐδενός. καὶ φαίνεται τοῦτον λέγειν τὸν Σωκράτη, προσκεχρηῆσθαι δὲ [23b] τῷ ἐμῷ ὀνόματι, ἐμὲ παράδειγμα ποιούμενος, ὥσπερ ἂν <ει> εἴποι ὅτι “οὗτος ὑμῶν, ὦ ἄνθρωποι, σοφώτατός ἐστιν, ὅστις ὥσπερ Σωκράτης ἔγνωκεν ὅτι οὐδενὸς ἀξίος ἐστὶ τῇ ἀληθείᾳ πρὸς σοφίαν”. ταῦτ' οὖν ἐγὼ μὲν ἔτι καὶ νῦν περιῶν ζητῶ καὶ ἐρευνῶ κατὰ τὸν θεὸν καὶ τῶν

ἀστών καὶ ξένων ἂν τινα οἶμαι σοφὸν εἶναι· καὶ ἐπειδὴν μοι μὴ δοκῇ, τῷ θεῷ βοηθῶν ἐνδείκνυμαι ὅτι οὐκ ἔστι σοφός. καὶ ὑπὸ ταύτης τῆς ἀσχολίας οὔτε τι τῶν τῆς πόλεως πρᾶξαί μοι σχολή γέγονεν ἄξιον λόγου οὔτε τῶν οἰκείων, ἀλλ’ ἐν [23c] πενία μυρία εἰμι διὰ τὴν τοῦ θεοῦ λατρείαν.

πρὸς δὲ τούτοις οἱ νέοι μοι ἐπακολουθοῦντες — οἷς μάλιστα σχολή ἐστίν, οἱ τῶν πλουσιωτάτων — αὐτόματοι, χαίρουσιν ἀκούοντες ἐξεταζομένων τῶν ἀνθρώπων, καὶ αὐτοὶ πολλάκις ἐμὲ μιμῶνται, εἴτα ἐπιχειροῦσιν ἄλλους ἐξετάζειν· κάπειτα οἶμαι εὐρίσκουσι πολλὴν ἀφθονίαν οἰομένων μὲν εἰδέναι τι ἀνθρώπων, εἰδότες δὲ ὀλίγα ἢ οὐδέν. ἐντεῦθεν οὖν οἱ ὑπ’ αὐτῶν ἐξεταζόμενοι ἐμοὶ ὀργίζονται, οὐχ αὐτοῖς, [23d] καὶ λέγουσιν ὡς Σωκράτης τίς ἐστι μιαιώτατος καὶ διαφθείρει τοὺς νέους· καὶ ἐπειδὴν τις αὐτοὺς ἐρωτᾷ ὅτι ποιῶν καὶ ὅτι διδάσκων, ἔχουσι μὲν οὐδὲν εἰπεῖν ἀλλ’ ἀγνοοῦσιν, ἵνα δὲ μὴ δοκῶσιν ἀπορεῖν, τὰ κατὰ πάντων τῶν φιλοσοφούντων πρόχειρα ταῦτα λέγουσιν, ὅτι “τὰ μετέωρα καὶ τὰ ὑπὸ γῆς” καὶ “θεοὺς μὴ νομίζειν” καὶ “τὸν ἥττω λόγον κρεῖττω ποιεῖν”. τὰ γὰρ ἀληθῆ οἶμαι οὐκ ἂν ἐθέλοιεν λέγειν, ὅτι κατάδηλοι γίνονται προσποιούμενοι μὲν εἰδέναι, εἰδότες δὲ οὐδέν. ἅτε οὖν οἶμαι φιλότιμοι [23e] ὄντες καὶ σφοδροὶ καὶ πολλοί, καὶ συντεταμένως καὶ πιθανῶς λέγοντες περὶ ἐμοῦ, ἐμπεπλήκασιν ὑμῶν τὰ ὧτα καὶ πάλαι καὶ σφοδρῶς διαβάλλοντες. ἐκ τούτων καὶ Μέλητος μοι ἐπέθετο καὶ Ἄνυτος καὶ Λύκων, Μέλητος μὲν ὑπὲρ τῶν ποιητῶν ἀρχόμενος, Ἄνυτος δὲ ὑπὲρ τῶν δημιουργῶν καὶ [24a] τῶν πολιτικῶν, Λύκων δὲ ὑπὲρ τῶν ῥητόρων· ὥστε, ὅπερ ἀρχόμενος ἐγὼ ἔλεγον, θαυμάζοιμ’ ἂν εἰ οἷός τ’ εἶην ἐγὼ ὑμῶν ταύτην τὴν διαβολὴν ἐξελέσθαι ἐν οὕτως ὀλίγῳ χρόνῳ οὕτω πολλὴν γεγонуῖαν. ταῦτ’ ἐστὶν ὑμῖν, ὧ ἄνδρες Ἀθηναῖοι, τάληθι, καὶ ὑμᾶς οὔτε μέγα οὔτε μικρὸν ἀποκρυσάμενος ἐγὼ λέγω οὐδ’ ὑποστειλάμενος. καίτοι οἶδα σχεδὸν ὅτι αὐτοῖς τούτοις ἀπεχθάνομαι, ὃ καὶ τεκμήριον ὅτι ἀληθῆ λέγω καὶ ὅτι αὕτη ἐστὶν ἡ διαβολή ἢ ἐμὴ καὶ τὰ αἴτια [24b] ταῦτά ἐστιν. καὶ ἐάντε νῦν ἐάντε αὐθις ζητήσητε ταῦτα, οὕτως εὐρήσετε.

περὶ μὲν οὖν ὧν οἱ πρῶτοί μου κατήγοροι κατηγόρουν αὕτη ἔστω ἱκανὴ ἀπολογία πρὸς ὑμᾶς· πρὸς δὲ Μέλητον τὸν ἀγαθὸν καὶ φιλόπολιν, ὥς φησι, καὶ τοὺς ὑστέρους μετὰ ταῦτα πειράσομαι

ἀπολογήσασθαι. αὐθις γὰρ δὴ, ὥσπερ ἑτέρων τούτων ὄντων κατηγόρων, λάβωμεν αὖ τὴν τούτων ἀντωμοσίαν. ἔχει δέ πως ὧδε· Σωκράτη φησὶν ἀδικεῖν τοὺς τε νέους διαφθείροντα καὶ θεοὺς οὓς ἡ πόλις [24c] νομίζει οὐ νομίζοντα, ἕτερα δὲ δαιμόνια καινά. τὸ μὲν δὴ ἐγκλημα τοιοῦτόν ἐστιν· τούτου δὲ τοῦ ἐγκλήματος ἐν ἑκαστον ἐξετάσωμεν.

φησὶ γὰρ δὴ τοὺς νέους ἀδικεῖν με διαφθείροντα. ἐγὼ δέ γε, ὦ ἄνδρες Ἀθηναῖοι, ἀδικεῖν φημι Μέλητον, ὅτι σπουδῇ χαριεντίζεται, ῥαδίως εἰς ἀγῶνα καθιστὰς ἀνθρώπους, περὶ πραγμάτων προσποιούμενος σπουδάζειν καὶ κήδεσθαι ὧν οὐδὲν τούτῳ πώποτε ἐμέλησεν· ὥς δὲ τοῦτο οὕτως ἔχει, πειράσομαι καὶ ὑμῖν ἐπιδείξαι. καί μοι δεῦρο, ὦ Μέλητε, εἰπέ· ἄλλο τι ἢ [24d] περὶ πλείστου ποιῇ ὅπως ὥς βέλτιστοι οἱ νεώτεροι ἔσονται;

ἐγώ γε.

ἴθι δὴ νυν εἰπὲ τούτοις, τίς αὐτοὺς βελτίους ποιεῖ; δῆλον γὰρ ὅτι οἴσθα, μέλον γέ σοι. τὸν μὲν γὰρ διαφθείροντα ἐξευρών, ὥς φῆς, ἐμέ, εἰσάγεις τουτοισὶ καὶ κατηγορεῖς· τὸν δὲ δὴ βελτίους ποιοῦντα ἴθι εἰπὲ καὶ μήνυσον αὐτοῖς τίς ἐστιν. — ὁρᾷς, ὦ Μέλητε, ὅτι σιγᾶς καὶ οὐκ ἔχεις εἰπεῖν; καίτοι οὐκ αἰσχρόν σοι δοκεῖ εἶναι καὶ ἱκανὸν τεκμήριον οὗ δὴ ἐγὼ λέγω, ὅτι σοι οὐδὲν μεμέληκεν; ἀλλ' εἰπέ, ὦγαθέ, τίς αὐτοὺς ἀμείνους ποιεῖ;

οἱ νόμοι.

[24e] ἀλλ' οὐ τοῦτο ἐρωτῶ, ὦ βέλτιστε, ἀλλὰ τίς ἄνθρωπος, ὅστις πρῶτον καὶ αὐτὸ τοῦτο οἶδε, τοὺς νόμους;

οὔτοι, ὦ Σώκρατες, οἱ δικασταί.

πῶς λέγεις, ὦ Μέλητε; οἶδε τοὺς νέους παιδεύειν οἳοί τέ εἰσι καὶ βελτίους ποιοῦσιν;

μάλιστα.

πότερον ἅπαντες, ἢ οἱ μὲν αὐτῶν, οἱ δ' οὐ;

ἅπαντες.

εὖ γε νῆ τὴν Ἥραν λέγεις καὶ πολλὴν ἀφθονίαν τῶν ὠφελούντων. τί δὲ δῆ; οἱ δὲ ἀκροαταὶ βελτίους ποιοῦσιν [25a] ἢ οὐ;

καὶ οὗτοι.

τί δέ, οἱ βουλευταί;

καὶ οἱ βουλευταί.

ἀλλ' ἄρα, ὦ Μέλητε, μὴ οἱ ἐν τῇ ἐκκλησίᾳ, οἱ ἐκκλησιασταί, διαφθεύρουσι τοὺς νεωτέρους; ἢ κάκεῖνοι βελτίους ποιοῦσιν ἅπαντες;

κάκεῖνοι.

πάντες ἄρα, ὡς ἔοικεν, Ἀθηναῖοι καλοὺς καγαθοὺς ποιοῦσι πλὴν ἐμοῦ, ἐγὼ δὲ μόνος διαφθείρω. οὕτω λέγεις;

πάνυ σφόδρα ταῦτα λέγω.

πολλὴν γέ μου κατέγνωκας δυστυχίαν. καὶ μοι ἀπόκριναι· ἢ καὶ περὶ ἵππους οὕτω σοι δοκεῖ ἔχειν; οἱ μὲν [25b] βελτίους ποιοῦντες αὐτοὺς πάντες ἄνθρωποι εἶναι, εἷς δέ τις ὁ διαφθεύρων; ἢ τοῦναντίον τούτου πᾶν εἷς μὲν τις ὁ βελτίους οἶός τ' ὢν ποιεῖν ἢ πάνυ ὀλίγοι, οἱ ἱππικοί, οἱ δὲ πολλοὶ ἑάνπερ συνῶσι καὶ χρῶνται ἵπποις, διαφθεύρουσιν; οὐχ οὕτως ἔχει, ὦ Μέλητε, καὶ περὶ ἵππων καὶ τῶν ἄλλων ἀπάντων ζώων; πάντως δῆπου, ἑάντε σὺ καὶ Ἄνυτος οὐ φῆτε ἑάντε φῆτε· πολλὴ γὰρ ἂν τις εὐδαιμονία εἴη περὶ τοὺς νέους εἰ εἷς μὲν μόνος αὐτοὺς διαφθεύρει, οἱ δ' ἄλλοι [25c] ὠφελοῦσιν. ἀλλὰ γάρ, ὦ Μέλητε, ἱκανῶς ἐπιδείκνυσαι ὅτι οὐδεπώποτε ἐφρόντισας τῶν νέων, καὶ σαφῶς ἀποφαίνεις τὴν σαυτοῦ ἀμέλειαν, ὅτι οὐδέν σοι μεμέληκεν περὶ ὧν ἐμὲ εἰσάγεις.

ἔτι δὲ ἡμῖν εἰπέ, ὦ πρὸς Διὸς Μέλητε, πότερόν ἐστιν οἰκεῖν ἄμεινον ἐν πολίταις χρηστοῖς ἢ πονηροῖς; ὦ τάν, ἀπόκριναι· οὐδέν γάρ τοι χαλεπὸν ἐρωτῶ. οὐχ οἱ μὲν πονηροὶ κακὸν τι ἐργάζονται τοὺς ἀεὶ ἐγγυτάτῳ αὐτῶν ὄντας, οἱ δ' ἀγαθοὶ ἀγαθόν τι;

πάνυ γε.

[25d] ἔστιν οὖν ὅστις βούλεται ὑπὸ τῶν συνόντων βλάπτεσθαι μᾶλλον ἢ ὠφελεῖσθαι; ἀποκρίνου, ὦ ἀγαθέ· καὶ γὰρ ὁ νόμος κελεύει

ἀποκρίνεσθαι. ἔσθ' ὅστις βούλεται βλάπτεσθαι;

οὐ δῆτα.

φέρε δὴ, πότερον ἐμὲ εἰσάγεις δεῦρο ὥς διαφθείροντα τοὺς νέους καὶ πονηροτέρους ποιοῦντα ἐκόντα ἢ ἄκοντα;

ἐκόντα ἔγωγε.

τί δῆτα, ὦ Μέλητε; τοσοῦτον σὺ ἐμοῦ σοφώτερος εἶ τηλικούτου ὄντος τηλικόσδε ὢν, ὥστε σὺ μὲν ἔγνωκας ὅτι οἱ μὲν κακοὶ κακὸν τι ἐργάζονται ἀεὶ τοὺς μάλιστα πλησίον [25e] ἐαυτῶν, οἱ δὲ ἀγαθοὶ ἀγαθόν, ἐγὼ δὲ δὴ εἰς τοσοῦτον ἀμαθίας ἤκω ὥστε καὶ τοῦτ' ἀγνοῶ, ὅτι ἐάν τινα μοχθηρὸν ποιήσω τῶν συνόντων, κινδυνεύσω κακὸν τι λαβεῖν ὑπ' αὐτοῦ, ὥστε τοῦτο <τὸ> τοσοῦτον κακὸν ἐκὼν ποιῶ, ὥς φῆς σύ; ταῦτα ἐγὼ σοι οὐ πείθομαι, ὦ Μέλητε, οἶμαι δὲ οὐδὲ ἄλλον ἀνθρώπων οὐδένα· ἀλλ' ἢ οὐ διαφθείρω, ἢ εἰ διαφθείρω, [26a] ἄκων, ὥστε σύ γε κατ' ἀμφοτέρα ψεύδῃ. εἰ δὲ ἄκων διαφθείρω, τῶν τοιούτων [καὶ ἀκουσίων] ἀμαρτημάτων οὐ δεῦρο νόμος εἰσάγειν ἐστίν, ἀλλὰ ἰδίᾳ λαβόντα διδάσκειν καὶ νουθετεῖν· δῆλον γὰρ ὅτι ἐάν μάθω, παύσομαι ὃ γε ἄκων ποιῶ. σὺ δὲ συγγενέσθαι μὲν μοι καὶ διδάξαι ἔφυγες καὶ οὐκ ἠθέλησας, δεῦρο δὲ εἰσάγεις, οἷ νόμος ἐστίν εἰσάγειν τοὺς κολάσεως δεομένους ἀλλ' οὐ μαθήσεως.

ἀλλὰ γάρ, ὦ ἄνδρες Ἀθηναῖοι, τοῦτο μὲν ἤδη δῆλον [26b] οὐγὰρ ἔλεγον, ὅτι Μελήτῳ τούτων οὔτε μέγα οὔτε μικρὸν πώποτε ἐμέλησεν. ὅμως δὲ δὴ λέγε ἡμῖν, πῶς με φῆς διαφθείρειν, ὦ Μέλητε, τοὺς νεωτέρους; ἢ δῆλον δὴ ὅτι κατὰ τὴν γραφὴν ἣν ἐγράψω θεοὺς διδάσκοντα μὴ νομίζειν οὕς ἢ πόλις νομίζει, ἕτερα δὲ δαιμόνια καινά; οὐ ταῦτα λέγεις ὅτι διδάσκων διαφθείρω;

πάνυ μὲν οὖν σφόδρα ταῦτα λέγω.

πρὸς αὐτῶν τοίνυν, ὦ Μέλητε, τούτων τῶν θεῶν ὢν νῦν ὁ λόγος ἐστίν, εἰπὲ ἔτι σαφέστερον καὶ ἐμοὶ καὶ τοῖς ἀνδράσιν [26c] τουτοισί. ἐγὼ γὰρ οὐ δύναμαι μαθεῖν πότερον λέγεις διδάσκειν με νομίζειν εἶναι τινὰς θεοὺς — καὶ αὐτὸς ἄρα νομίζω εἶναι θεοὺς καὶ οὐκ εἰμὶ τὸ παράπαν ἄθεος οὐδὲ ταύτῃ ἀδικῶ — οὐ μέντοι οὔσπερ γε ἡ πόλις ἀλλὰ ἐτέρους, καὶ τοῦτ' ἐστίν ὃ μοι ἐγκαλεῖς, ὅτι ἐτέρους, ἢ

παντάπασί με φῆς οὔτε αὐτὸν νομίζειν θεοὺς τοὺς τε ἄλλους ταῦτα διδάσκειν.

ταῦτα λέγω, ὥς τὸ παράπαν οὐ νομίζεις θεοῦς.

[26d] ὦ θαυμάσιε Μέλητε, ἵνα τί ταῦτα λέγεις; οὐδὲ ἥλιον οὐδὲ σελήνην ἄρα νομίζω θεοὺς εἶναι, ὥσπερ οἱ ἄλλοι ἄνθρωποι;

μὰ Δί', ὦ ἄνδρες δικασταί, ἐπεὶ τὸν μὲν ἥλιον λίθον φησὶν εἶναι, τὴν δὲ σελήνην γῆν.

Ἀναξαγόρου οἶε κατηγορεῖν, ὦ φίλε Μέλητε; καὶ οὕτω καταφρονεῖς τῶνδε καὶ οἶε αὐτοὺς ἀπείρους γραμμάτων εἶναι ὥστε οὐκ εἰδέναι ὅτι τὰ Ἀναξαγόρου βιβλία τοῦ Κλαζομενίου γέμει τούτων τῶν λόγων; καὶ δὴ καὶ οἱ νέοι ταῦτα παρ' ἐμοῦ μανθάνουσιν, ἃ ἔξεστιν ἐνίστε εἰ πάνυ πολλοῦ δραχμῆς [26e] ἐκ τῆς ὀρχήστρας πριαμένοις Σωκράτους καταγελαῦν, ἐὰν προσποιῇται ἑαυτοῦ εἶναι, ἄλλως τε καὶ οὕτως ἄτοπα ὄντα; ἀλλ', ὦ πρὸς Διός, οὕτωςί σοι δοκῶ; οὐδένα νομίζω θεὸν εἶναι;

οὐ μέντοι μὰ Δία οὐδ' ὅπωςτιοῦν.

ἄπιστός γ' εἶ, ὦ Μέλητε, καὶ ταῦτα μέντοι, ὥς ἐμοὶ δοκεῖς, σαυτῷ. ἐμοὶ γὰρ δοκεῖ οὕτως, ὦ ἄνδρες Ἀθηναῖοι, πάνυ εἶναι ὕβριστης καὶ ἀκόλαστος, καὶ ἀτεχνῶς τὴν γραφὴν ταύτην ὕβρει τινὶ καὶ ἀκολασίᾳ καὶ νεότητι γράψασθαι.

[27a] ἔοικεν γὰρ ὥσπερ αἶνιγμα συντιθέντι διαπειρωμένῳ “ἄρα γνώσεται Σωκράτης ὁ σοφὸς δὴ ἐμοῦ χαριεντιζομένου καὶ ἐναντί' ἐμαυτῷ λέγοντος, ἢ ἐξαπατήσω αὐτὸν καὶ τοὺς ἄλλους τοὺς ἀκούοντας;” οὗτος γὰρ ἐμοὶ φαίνεται τὰ ἐναντία λέγειν αὐτὸς ἑαυτῷ ἐν τῇ γραφῇ ὥσπερ ἂν εἰ εἶποι· “ἀδικεῖ Σωκράτης θεοὺς οὐ νομίζων, ἀλλὰ θεοὺς νομίζων”. καίτοι τοῦτό ἐστι παίζοντος.

συνεπισκέψασθε δὴ, ὦ ἄνδρες, ἥ μοι φαίνεται ταῦτα λέγειν· σὺ δὲ ἡμῖν ἀπόκριναι, ὦ Μέλητε. ὑμεῖς δέ, ὅπερ [27b] κατ' ἀρχὰς ὑμᾶς παρητησάμην, μέμνησθέ μοι μὴ θορυβεῖν ἐὰν ἐν τῷ εἰωθότῳ τρόπῳ τοὺς λόγους ποιῶμαι.

ἔστιν ὅστις ἀνθρώπων, ὦ Μέλητε, ἀνθρώπεια μὲν νομίζει πράγματ'

εἶναι, ἀνθρώπους δὲ οὐ νομίζει; ἀποκρινέσθω, ὦ ἄνδρες, καὶ μὴ ἄλλα καὶ ἄλλα θορυβεῖτω· ἔσθ' ὅστις ἵππους μὲν οὐ νομίζει, ἰππικὰ δὲ πράγματα; ἢ αὐλητὰς μὲν οὐ νομίζει εἶναι, αὐλητικὰ δὲ πράγματα; οὐκ ἔστιν, ὦ ἄριστε ἀνδρῶν· εἰ μὴ σὺ βούλει ἀποκρίνεσθαι, ἐγὼ σοὶ λέγω καὶ τοῖς ἄλλοις τουτοισί. ἀλλὰ τὸ ἐπὶ τούτῳ γε ἀπόκριναι· [27c] ἔσθ' ὅστις δαιμόνια μὲν νομίζει πράγματ' εἶναι, δαίμονας δὲ οὐ νομίζει;

οὐκ ἔστιν.

ὥς ὤνησας ὅτι μόγις ἀπεκρίνω ὑπὸ τουτωνὶ ἀναγκαζόμενος. οὐκοῦν δαιμόνια μὲν φῆς με καὶ νομίζειν καὶ διδάσκειν, εἴτ' οὖν καινὰ εἶτε παλαιά, ἀλλ' οὖν δαιμόνιά γε νομίζω κατὰ τὸν σὸν λόγον, καὶ ταῦτα καὶ διωμόσω ἐν τῇ ἀντιγραφῇ. εἰ δὲ δαιμόνια νομίζω, καὶ δαίμονας δήπου πολλὴ ἀνάγκη νομίζειν μέ ἐστιν· οὐχ οὕτως ἔχει; ἔχει δὴ· τίθημι γάρ σε ὁμολογοῦντα, ἐπειδὴ οὐκ ἀποκρίνη. τοὺς δὲ [27d] δαίμονας οὐχὶ ἤτοι θεοὺς γε ἡγούμεθα ἢ θεῶν παῖδας; φῆς ἢ οὐ;

πάνυ γε.

οὐκοῦν εἴπερ δαίμονας ἡγοῦμαι, ὥς σὺ φῆς, εἰ μὲν θεοὶ τινές εἰσιν οἱ δαίμονες, τοῦτ' ἂν εἴη ὃ ἐγὼ φημί σε αἰνίττεσθαι καὶ χαριεντίζεσθαι, θεοὺς οὐχ ἡγούμενον φάναι με θεοὺς αὖ ἡγεῖσθαι πάλιν, ἐπειδὴ περ γε δαίμονας ἡγοῦμαι· εἰ δ' αὖ οἱ δαίμονες θεῶν παῖδές εἰσιν νόθοι τινές ἢ ἐκ νυμφῶν ἢ ἐκ τινων ἄλλων ὧν δὴ καὶ λέγονται, τίς ἂν ἀνθρώπων θεῶν μὲν παῖδας ἡγοῖτο εἶναι, θεοὺς δὲ μή; ὁμοίως γὰρ [27e] ἂν ἄτοπον εἴη ὥσπερ ἂν εἴ τις ἵππων μὲν παῖδας ἡγοῖτο ἢ καὶ ὄνων, τοὺς ἡμιόνους, ἵππους δὲ καὶ ὄνους μὴ ἡγοῖτο εἶναι. ἀλλ', ὦ Μέλητε, οὐκ ἔστιν ὅπως σὺ ταῦτα οὐχὶ ἀποπειρώμενος ἡμῶν ἐγράψω τὴν γραφὴν ταύτην ἢ ἀπορῶν ὅτι ἐγκαλοῖς ἐμοὶ ἀληθὲς ἀδίκημα· ὅπως δὲ σύ τινα πείθοις ἂν καὶ μικρὸν νοῦν ἔχοντα ἀνθρώπων, ὥς οὐ τοῦ αὐτοῦ ἔστιν καὶ δαιμόνια καὶ θεῖα ἡγεῖσθαι, καὶ αὖ τοῦ αὐτοῦ μήτε [28a] δαίμονας μήτε θεοὺς μήτε ἥρωας, οὐδεμία μηχανή ἐστιν.

ἀλλὰ γάρ, ὦ ἄνδρες Ἀθηναῖοι, ὥς μὲν ἐγὼ οὐκ ἀδικῶ κατὰ τὴν Μελήτου γραφὴν, οὐ πολλῆς μοι δοκεῖ εἶναι ἀπολογίας, ἀλλὰ ἱκανὰ καὶ ταῦτα· ὃ δὲ καὶ ἐν τοῖς ἐμπροσθεν ἔλεγον, ὅτι πολλή μοι

ἀπέχθεια γέγονεν καὶ πρὸς πολλούς, εὖ ἴστε ὅτι ἀληθές ἐστιν. καὶ τοῦτ' ἔστιν ὃ ἐμὲ αἰρεῖ, ἐάνπερ αἰρή, οὐ Μέλητος οὐδὲ Ἄνυτος ἀλλ' ἢ τῶν πολλῶν διαβολή τε καὶ φθόνος. ἃ δὴ πολλούς καὶ ἄλλους καὶ ἀγαθοὺς [28b] ἄνδρας ἥρηκεν, οἶμαι δὲ καὶ αἰρήσει· οὐδὲν δὲ δεινὸν μὴ ἐν ἐμοὶ στῇ.

ἴσως ἂν οὖν εἴποι τις· “εἴτ' οὐκ αἰσχύνῃ, ὦ Σώκρατες, τοιοῦτον ἐπιτήδευμα ἐπιτηδεύσας ἐξ οὗ κινδυνεύεις νυνὶ ἀποθανεῖν;” ἐγὼ δὲ τούτῳ ἂν δίκαιον λόγον ἀντεῖποιμι, ὅτι ‘οὐ καλῶς λέγεις, ὦ ἄνθρωπε, εἰ οἶε δεῖν κίνδυνον ὑπολογίζεσθαι τοῦ ζῆν ἢ τεθνάναι ἄνδρα ὅτου τι καὶ σμικρὸν ὀφελός ἐστιν, ἀλλ' οὐκ ἐκεῖνο μόνον σκοπεῖν ὅταν πράττῃ, πότερον δίκαια ἢ ἄδικα πράττει, καὶ ἀνδρὸς ἀγαθοῦ ἔργα ἢ κακοῦ. φαῦλοι [28c] γὰρ ἂν τῷ γε σῶ λόγῳ εἶεν τῶν ἡμιθέων ὅσοι ἐν Τροίᾳ τετελευτήκασιν οἳ τε ἄλλοι καὶ ὁ τῆς Θετιδος υἱός, ὃς τοσοῦτον τοῦ κινδύνου κατεφρόνησεν παρὰ τὸ αἰσχρόν τι ὑπομεῖναι ὥστε, ἐπειδὴ εἶπεν ἡ μήτηρ αὐτῷ προθυμουμένῳ Ἑκτορα ἀποκτεῖναι, θεὸς οὐσα, οὕτωςί πως, ὡς ἐγὼ οἶμαι· “ὦ παῖ, εἰ τιμωρήσεις Πατρόκλῳ τῷ ἐταίρῳ τὸν φόνον καὶ Ἑκτορα ἀποκτενεῖς, αὐτὸς ἀποθανῇ — αὐτίκα γάρ τοι”, φησί, “μεθ' Ἑκτορα πότμος ἐτοῖμος” — ὁ δὲ τοῦτο ἀκούσας τοῦ μὲν θανάτου καὶ τοῦ κινδύνου ὀλιγώρησε, πολὺ δὲ μᾶλλον [28d] δεῖσας τὸ ζῆν κακὸς ὢν καὶ τοῖς φίλοις μὴ τιμωρεῖν, “αὐτίκα”, φησί, “τεθναίνην, δίκην ἐπιθείς τῷ ἀδικοῦντι, ἵνα μὴ ἐνθάδε μένω καταγέλαστος παρὰ νηυσὶ κορωνίσιν ἄχθος ἀρούρης”. μὴ αὐτὸν οἶε φροντίσαι θανάτου καὶ κινδύνου;’

οὕτω γὰρ ἔχει, ὦ ἄνδρες Ἀθηναῖοι, τῇ ἀληθείᾳ· οὗ ἂν τις ἐαυτὸν τάξῃ ἡγησάμενος βέλτιστον εἶναι ἢ ὑπ' ἄρχοντος ταχθῇ, ἐνταῦθα δεῖ, ὡς ἐμοὶ δοκεῖ, μένοντα κινδυνεύειν, μηδὲν ὑπολογιζόμενον μήτε θάνατον μήτε ἄλλο μηδὲν πρὸ τοῦ αἰσχροῦ. ἐγὼ οὖν δεινὰ ἂν εἶην εἰργασμένος, ὦ ἄνδρες [28e] Ἀθηναῖοι, εἰ ὅτε μὲν με οἱ ἄρχοντες ἔταττον, οὓς ὑμεῖς εἴλεσθε ἄρχειν μου, καὶ ἐν Ποτειδαίᾳ καὶ ἐν Ἀμφιπόλει καὶ ἐπὶ Δηλίῳ, τότε μὲν οὗ ἐκεῖνοι ἔταττον ἔμενον ὥσπερ καὶ ἄλλος τις καὶ ἐκινδύνευον ἀποθανεῖν, τοῦ δὲ θεοῦ τάττοντος, ὡς ἐγὼ φήθην τε καὶ ὑπέλαβον, φιλοσοφοῦντά με δεῖν ζῆν καὶ ἐξετάζοντα ἐμαυτὸν καὶ τοὺς ἄλλους, ἐνταῦθα δὲ φοβηθεῖς ἢ θάνατον [29a] ἢ ἄλλ' ὅτιοῦν πρᾶγμα λίποιμι τὴν τάξιν.

δεινὸν τὰν εἶη, καὶ ὡς ἀληθῶς τότε ἂν με δικαίως εἰσάγοι τις εἰς

δικαστήριον, ὅτι οὐ νομίζω θεοὺς εἶναι ἀπειθῶν τῇ μαντείᾳ καὶ δεδιὼς θάνατον καὶ οἰόμενος σοφὸς εἶναι οὐκ ὢν. τὸ γάρ τοι θάνατον δεδιέναι, ὃ ἄνδρες, οὐδὲν ἄλλο ἐστὶν ἢ δοκεῖν σοφὸν εἶναι μὴ ὄντα· δοκεῖν γάρ εἰδέναι ἐστὶν ἃ οὐκ οἶδεν. οἶδε μὲν γάρ οὐδεὶς τὸν θάνατον οὐδ' εἰ τυγχάνει τῷ ἀνθρώπῳ πάντων μέγιστον ὄν τῶν ἀγαθῶν, δεδίασι δ' ὡς εὖ εἰδότες [29b] ὅτι μέγιστον τῶν κακῶν ἐστί.

καίτοι πῶς οὐκ ἀμαθία ἐστὶν αὕτη ἢ ἐπονείδιστος, ἢ τοῦ οἶεσθαι εἰδέναι ἃ οὐκ οἶδεν; ἐγὼ δ', ὃ ἄνδρες, τούτῳ καὶ ἐνταῦθα ἴσως διαφέρω τῶν πολλῶν ἀνθρώπων, καὶ εἰ δὴ τῷ σοφώτερός του φαίην εἶναι, τούτῳ ἂν, ὅτι οὐκ εἰδὼς ἱκανῶς περὶ τῶν ἐν Ἄιδου οὕτω καὶ οἶομαι οὐκ εἰδέναι· τὸ δὲ ἀδικεῖν καὶ ἀπειθεῖν τῷ βελτίονι καὶ θεῷ καὶ ἀνθρώπῳ, ὅτι κακὸν καὶ αἰσχρὸν ἐστὶν οἶδα. πρὸ οὖν τῶν κακῶν ὢν οἶδα ὅτι κακά ἐστιν, ἃ μὴ οἶδα εἰ καὶ ἀγαθὰ ὄντα τυγχάνει οὐδέποτε φοβήσομαι οὐδὲ φεύξομαι· ὥστε οὐδ' εἰ [29c] με νῦν ὑμεῖς ἀφίετε Ἀνύτῳ ἀπιστήσαντες, ὃς ἔφη ἢ τὴν ἀρχὴν οὐ δεῖν ἐμὲ δεῦρο εἰσελεθεῖν ἢ, ἐπειδὴ εἰσῆλθον, οὐχ οἷόν τ' εἶναι τὸ μὴ ἀποκτεῖναί με, λέγων πρὸς ὑμᾶς ὡς εἰ διαφευξοίμην ἤδη [ἂν] ὑμῶν οἱ ὑεῖς ἐπιτηδεύοντες ἃ Σωκράτης διδάσκει πάντες παντάπασι διαφθαρήσονται, — εἰ μοι πρὸς ταῦτα εἵποτε· “ὦ Σώκρατες, νῦν μὲν Ἀνύτῳ οὐ πεισόμεθα ἀλλ' ἀφίεμέν σε, ἐπὶ τούτῳ μέντοι, ἐφ' ὅτε μηκέτι ἐν ταύτῃ τῇ ζητήσῃ διατρίβειν μηδὲ φιλοσοφεῖν· ἐὰν δὲ [29d] ἀλῶς ἔτι τοῦτο πράττων, ἀποθανῇ” —

εἰ οὖν με, ὅπερ εἶπον, ἐπὶ τούτοις ἀφίοιτε, εἵπομι' ἂν ὑμῖν ὅτι “ἐγὼ ὑμᾶς, ὃ ἄνδρες Ἀθηναῖοι, ἀσπάζομαι μὲν καὶ φιλῶ, πείσομαι δὲ μᾶλλον τῷ θεῷ ἢ ὑμῖν, καὶ ἔωσπερ ἂν ἐμπνέω καὶ οἷός τε ὢ, οὐ μὴ παύσωμαι φιλοσοφῶν καὶ ὑμῖν παρακελευόμενός τε καὶ ἐνδεικνύμενος ὅτῳ ἂν ἀεὶ ἐντυγχάνω ὑμῶν, λέγων οἷάπερ εἴωθα, ὅτι “ὦ ἄριστε ἀνδρῶν, Ἀθηναῖος ὢν, πόλεως τῆς μεγίστης καὶ εὐδοκιμωτάτης εἰς σοφίαν καὶ ἰσχύν, χρημάτων μὲν οὐκ αἰσχύνῃ ἐπιμελούμενος ὅπως σοι ἔσται ὡς πλεῖστα, [29e] καὶ δόξης καὶ τιμῆς, φρονήσεως δὲ καὶ ἀληθείας καὶ τῆς ψυχῆς ὅπως ὡς βελτίστη ἔσται οὐκ ἐπιμελῇ οὐδὲ φροντίζεις;” καὶ ἐὰν τις ὑμῶν ἀμφισβητήσῃ καὶ φῇ ἐπιμελεῖσθαι, οὐκ εὐθὺς ἀφήσω αὐτὸν οὐδ' ἅπειμι, ἀλλ' ἐρήσομαι αὐτὸν καὶ ἐξετάσω καὶ ἐλέγξω, καὶ ἐὰν μοι μὴ δοκῇ κεκτῆσθαι ἀρετὴν, [30a] φάναι δέ, ὀνειδιῶ ὅτι τὰ πλείστου ἄξια περὶ ἐλαχίστου

ποιεῖται, τὰ δὲ φαυλότερα περὶ πλείονος. ταῦτα καὶ νεωτέρῳ καὶ πρεσβυτέρῳ ὅτῳ ἂν ἐντυγχάνω ποιήσω, καὶ ξένῳ καὶ ἀστῶ, μᾶλλον δὲ τοῖς ἀστοῖς, ὅσῳ μου ἐγγυτέρῳ ἐστὲ γένει. ταῦτα γὰρ κελεύει ὁ θεός, εὖ ἴστε, καὶ ἐγὼ οἶμαι οὐδὲν πῶ ὑμῖν μείζον ἀγαθὸν γενέσθαι ἐν τῇ πόλει ἢ τὴν ἐμὴν τῷ θεῷ ὑπηρεσίαν. οὐδὲν γὰρ ἄλλο πράττων ἐγὼ περιέρχομαι ἢ πείθων ὑμῶν καὶ νεωτέρους καὶ πρεσβυτέρους μήτε σωμάτων [30b] ἐπιμελεῖσθαι μήτε χρημάτων πρότερον μηδὲ οὕτω σφόδρα ὡς τῆς ψυχῆς ὅπως ὡς ἀρίστη ἔσται, λέγων ὅτι ‘οὐκ ἐκ χρημάτων ἀρετὴ γίνεταί, ἀλλ’ ἐξ ἀρετῆς χρήματα καὶ τὰ ἄλλα ἀγαθὰ τοῖς ἀνθρώποις ἅπαντα καὶ ἰδία καὶ δημοσιά’. εἰ μὲν οὖν ταῦτα λέγων διαφθείρω τοὺς νέους, ταῦτ’ ἂν εἶη βλαβερά· εἰ δὲ τίς μέ φησιν ἄλλα λέγειν ἢ ταῦτα, οὐδὲν λέγει. πρὸς ταῦτα”, φαίην ἄν, “ὦ ἄνδρες Ἀθηναῖοι, ἢ πείθεσθε Ἀνύτῳ ἢ μή, καὶ ἢ ἀφίετέ με ἢ μή, ὡς ἐμοῦ οὐκ [30c] ἂν ποιήσαντος ἄλλα, οὐδ’ εἰ μέλλω πολλάκις τεθνάναι”.

μὴ θορυβεῖτε, ὦ ἄνδρες Ἀθηναῖοι, ἀλλ’ ἐμμείνατέ μοι οἷς ἐδεήθην ὑμῶν, μὴ θορυβεῖν ἐφ’ οἷς ἂν λέγω ἀλλ’ ἀκούειν· καὶ γάρ, ὡς ἐγὼ οἶμαι, ὀνήσεσθε ἀκούοντες. μέλλω γὰρ οὖν ἅττα ὑμῖν ἐρεῖν καὶ ἄλλα ἐφ’ οἷς ἴσως βοήσεσθε· ἀλλὰ μηδαμῶς ποιεῖτε τοῦτο. εὖ γὰρ ἴστε, ἐάν με ἀποκτείνητε τοιοῦτον ὄντα οἷον ἐγὼ λέγω, οὐκ ἐμὲ μείζω βλάνητε ἢ ὑμᾶς αὐτούς· ἐμὲ μὲν γὰρ οὐδὲν ἂν βλάνηειν οὔτε Μέλητος οὔτε Ἄνυτος — οὐδὲ γὰρ ἂν δύναίτο — οὐ γὰρ οἶμαι θεμιτὸν [30d] εἶναι ἀμείνονι ἀνδρὶ ὑπὸ χείρονος βλάπτεσθαι. ἀποκτείνειε μεντὰν ἴσως ἢ ἐξελάσειεν ἢ ἀτιμώσειεν· ἀλλὰ ταῦτα οὗτος μὲν ἴσως οἶεται καὶ ἄλλος τίς που μέγαλα κακά, ἐγὼ δ’ οὐκ οἶμαι, ἀλλὰ πολὺ μᾶλλον ποιεῖν ἢ οὗτοσι νῦν ποιεῖ, ἄνδρα ἀδίκως ἐπιχειρεῖν ἀποκτείνου. νῦν οὖν, ὦ ἄνδρες Ἀθηναῖοι, πολλοῦ δέω ἐγὼ ὑπὲρ ἐμαυτοῦ ἀπολογεῖσθαι, ὥς τις ἂν οἶοιτο, ἀλλὰ ὑπὲρ ὑμῶν, μή τι ἐξαμάρτητε περὶ τὴν τοῦ [30e] θεοῦ δόσιν ὑμῖν ἐμοῦ καταψηφισάμενοι. ἐάν γάρ με ἀποκτείνητε, οὐ ῥαδίως ἄλλον τοιοῦτον εὐρήσετε, ἀτεχνῶς — εἰ καὶ γελοιότερον εἰπεῖν — προσκείμενον τῇ πόλει ὑπὸ τοῦ θεοῦ ὥσπερ ἵππῳ μεγάλῳ μὲν καὶ γενναίῳ, ὑπὸ μεγέθους δὲ νωθεστέρῳ καὶ δεομένῳ ἐγείρεσθαι ὑπὸ μύωπός τινος, οἷον δὴ μοι δοκεῖ ὁ θεὸς ἐμὲ τῇ πόλει προστεθηκέναι τοιοῦτόν τινα, ὃς ὑμᾶς ἐγείρων καὶ πείθων καὶ ὀνειδίζων ἓνα ἕκαστον [31a] οὐδὲν παύομαι τὴν ἡμέραν ὅλην πανταχοῦ

προσκαθίζων. τοιοῦτος οὖν ἄλλος οὐ ῥαδίως ὑμῖν γενήσεται, ὃ ἄνδρες, ἀλλ' ἐὰν ἐμοὶ πεῖθῃσθε, φείσεσθέ μου· ὑμεῖς δ' ἴσως τάχ' ἂν ἀχθόμενοι, ὥσπερ οἱ νυστάζοντες ἐγειρόμενοι, κρούσαντες ἂν με, πειθόμενοι Ἀνύτῳ, ῥαδίως ἂν ἀποκτείναιτε, εἴτα τὸν λοιπὸν βίον καθεύδοντες διατελοῖτε ἂν, εἰ μὴ τινα ἄλλον ὁ θεὸς ὑμῖν ἐπιτέμψειεν κηδόμενος ὑμῶν. ὅτι δ' ἐγὼ τυγχάνω ὢν τοιοῦτος οἷος ὑπὸ τοῦ θεοῦ τῇ πόλει δεδόσθαι, ἐνθένδε [31b] ἂν κατανοήσαιτε· οὐ γὰρ ἀνθρωπίνῳ ἔοικε τὸ ἐμὲ τῶν μὲν ἐμαυτοῦ πάντων ἡμεληκέναι καὶ ἀνέχεσθαι τῶν οἰκείων ἀμελουμένων τοσαῦτα ἤδη ἔτη, τὸ δὲ ὑμέτερον πράττειν αἰεὶ, ἰδίᾳ ἐκάστῳ προσιόντα ὥσπερ πατέρα ἢ ἀδελφὸν πρεσβύτερον πείθοντα ἐπιμελεῖσθαι ἀρετῆς. καὶ εἰ μὲν τι ἀπὸ τούτων ἀπέλαυον καὶ μισθὸν λαμβάνων ταῦτα παρεκελευόμην, εἶχον ἂν τινα λόγον· νῦν δὲ ὁρᾶτε δὴ καὶ αὐτοὶ ὅτι οἱ κατήγοροι τᾶλλα πάντα ἀναισχύντως οὕτω κατηγοροῦντες τοῦτό γε οὐχ οἷοί τε ἐγένοντο ἀπαναισχυντῆσαι [31c] παρασχόμενοι μάρτυρα, ὥς ἐγὼ ποτέ τινα ἢ ἐπραξάμην μισθὸν ἢ ἦτησα. ἱκανὸν γάρ, οἶμαι, ἐγὼ παρέχομαι τὸν μάρτυρα ὡς ἀληθῆ λέγω, τὴν πενίαν.

ἴσως ἂν οὖν δόξειεν ἄτοπον εἶναι, ὅτι δὴ ἐγὼ ἰδίᾳ μὲν ταῦτα συμβουλεύω περιῶν καὶ πολυπραγμονῶ, δημοσίᾳ δὲ οὐ τολμῶ ἀναβαίνων εἰς τὸ πλῆθος τὸ ὑμέτερον συμβουλεύειν τῇ πόλει. τούτου δὲ αἰτίον ἐστὶν ὃ ὑμεῖς ἐμοῦ πολλάκις ἀκηκόατε πολλαχοῦ λέγοντος, ὅτι μοι θεῖόν τι καὶ [31d] δαιμόνιον γίγνεται [φωνή], ὃ δὴ καὶ ἐν τῇ γραφῇ ἐπικωμῶδῶν Μέλητος ἐγράψατο. ἐμοὶ δὲ τοῦτ' ἐστὶν ἐκ παιδὸς ἀρξάμενον, φωνὴ τις γιγνομένη, ἣ ὅταν γένηται, αἰεὶ ἀποτρέπει με τοῦτο ὃ ἂν μέλλω πράττειν, προτρέπει δὲ οὐποτε. τοῦτ' ἐστὶν ὃ μοι ἐναντιοῦται τὰ πολιτικὰ πράττειν, καὶ παγκάλως γέ μοι δοκεῖ ἐναντιοῦσθαι· εὗ γὰρ ἴστε, ὃ ἄνδρες Ἀθηναῖοι, εἰ ἐγὼ πάλαι ἐπεχείρησα πράττειν τὰ πολιτικὰ πράγματα, πάλαι ἂν ἀπολώλῃ καὶ οὗτ' ἂν ὑμᾶς ὠφελήκη [31e] οὐδὲν οὗτ' ἂν ἐμαυτόν. καί μοι μὴ ἄχθεσθε λέγοντι τάλῃθι· οὐ γὰρ ἐστὶν ὅστις ἀνθρώπων σωθήσεται οὔτε ὑμῖν οὔτε ἄλλῳ πλήθει οὐδενὶ γνησίως ἐναντιούμενος καὶ διακωλύων πολλὰ ἄδικα καὶ παράνομα ἐν τῇ πόλει γίγνεσθαι, ἀλλ' [32a] ἀναγκαῖον ἐστὶ τὸν τῷ ὄντι μαχοῦμενον ὑπὲρ τοῦ δικαίου, καὶ εἰ μέλλει ὀλίγον χρόνον σωθήσεσθαι, ιδιωτεύειν ἀλλὰ μὴ δημοσιεύειν.

μεγάλα δ' ἔγωγε ὑμῖν τεκμήρια παρέξομαι τούτων, οὐ λόγους ἀλλ' ὃ ὑμεῖς τιμᾶτε, ἔργα. ἀκούσατε δὴ μοι τὰ συμβεβηκότα, ἵνα εἰδῆτε ὅτι οὐδ' ἂν ἐνὶ ὑπείκῃθιμι παρὰ τὸ δίκαιον δέισας θάνατον, μὴ ὑπεῖκων δὲ ἀλλὰ κἂν ἀπολοίμην. ἐρῶ δὲ ὑμῖν φορτικά μὲν καὶ δικανικά, ἀληθῆ δέ. ἐγὼ γάρ, ὧ ἄνδρες Ἀθηναῖοι, ἄλλην μὲν ἀρχὴν οὐδεμίαν [32b] πώποτε ἤρξα ἐν τῇ πόλει, ἐβούλευσα δέ· καὶ ἔτυχεν ἡμῶν ἡ φυλὴ Ἀντιοχίς πρυτανεύουσα ὅτε ὑμεῖς τοὺς δέκα στρατηγούς τοὺς οὐκ ἀνελομένους τοὺς ἐκ τῆς ναυμαχίας ἐβουλεύσασθε ἀθρόους κρίνειν, παρανόμως, ὥς ἐν τῷ ὑστέρῳ χρόνῳ πᾶσιν ὑμῖν ἔδοξεν. τότε ἐγὼ μόνος τῶν πρυτάνεων ἠναντιώθην ὑμῖν μηδὲν ποιεῖν παρὰ τοὺς νόμους καὶ ἐναντία ἐψηφισάμην· καὶ ἐτοιμῶν ὄντων ἐνδεικνύναι με καὶ ἀπάγειν τῶν ῥητόρων, καὶ ὑμῶν κελευόντων καὶ βοώντων, μετὰ τοῦ [32c] νόμου καὶ τοῦ δικαίου ὥμην μᾶλλον με δεῖν διακινδυνεύειν ἢ μεθ' ὑμῶν γενέσθαι μὴ δίκαια βουλευομένων, φοβηθέντα δεσμὸν ἢ θάνατον. καὶ ταῦτα μὲν ἦν ἔτι δημοκρατουμένης τῆς πόλεως· ἐπειδὴ δὲ ὀλιγαρχία ἐγένετο, οἱ τριάκοντα αὖ μεταπεμψάμενοί με πέμπτον αὐτὸν εἰς τὴν θόλον προσέταξαν ἀγαγεῖν ἐκ Σαλαμῖνος Λέοντα τὸν Σαλαμίνιον ἵνα ἀποθάνοι, οἷα δὴ καὶ ἄλλοις ἐκεῖνοι πολλοῖς πολλὰ προσέταττον, βουλόμενοι ὥς πλείστους ἀναπλῆσαι αἰτιῶν. τότε μέντοι ἐγὼ [32d] οὐ λόγῳ ἀλλ' ἔργῳ αὖ ἐνεδειξάμην ὅτι ἐμοὶ θανάτου μὲν μέλει, εἰ μὴ ἀγροικότερον ἦν εἰπεῖν, οὐδ' ὅτιοῦν, τοῦ δὲ μηδὲν ἄδικον μηδ' ἀνόσιον ἐργάζεσθαι, τούτου δὲ τὸ πᾶν μέλει. ἐμὲ γὰρ ἐκείνη ἡ ἀρχὴ οὐκ ἐξέπληξεν, οὕτως ἰσχυρὰ οὔσα, ὥστε ἄδικόν τι ἐργάσασθαι, ἀλλ' ἐπειδὴ ἐκ τῆς θόλου ἐξήλθομεν, οἱ μὲν τέτταρες ὄχοντο εἰς Σαλαμῖνα καὶ ἤγαγον Λέοντα, ἐγὼ δὲ ὥχόμην ἀπιὼν οἴκαδε. καὶ ἴσως ἂν διὰ ταῦτα ἀπέθανον, εἰ μὴ ἡ ἀρχὴ διὰ ταχέων κατελύθη. καὶ [32e] τούτων ὑμῖν ἔσονται πολλοὶ μάρτυρες.

ἄρ' οὖν ἂν με οἴεσθε τοσάδε ἔτη διαγενέσθαι εἰ ἔπραττον τὰ δημόσια, καὶ πράττων ἀξίως ἀνδρὸς ἀγαθοῦ ἐβοήθουν τοῖς δικαίοις καὶ ὥσπερ χρὴ τοῦτο περὶ πλείστου ἐποιούμην; πολλοῦ γε δεῖ, ὧ ἄνδρες Ἀθηναῖοι· οὐδὲ γὰρ ἂν ἄλλος [33a] ἀνθρώπων οὐδεῖς. ἀλλ' ἐγὼ διὰ παντὸς τοῦ βίου δημοσίᾳ τε εἴ πού τι ἔπραξα τοιοῦτος φανοῦμαι, καὶ ἰδίᾳ ὁ αὐτὸς οὔτος, οὐδενὶ πώποτε συγχωρήσας οὐδὲν παρὰ τὸ δίκαιον οὔτε ἄλλῳ οὔτε τούτων οὐδενὶ οὓς δὴ διαβάλλοντες ἐμέ φασιν ἐμοὺς μαθητὰς εἶναι. ἐγὼ δὲ διδάσκαλος μὲν οὐδενὸς

πώποτ' ἐγενόμην· εἰ δέ τίς μου λέγοντος καὶ τὰ ἑμαυτοῦ πράττοντος ἐπιθυμοῖ ἀκούειν, εἴτε νεώτερος εἴτε πρεσβύτερος, οὐδενὶ πώποτε ἐφθόνησα, οὐδὲ χρήματα μὲν λαμβάνων διαλέγομαι [33b] μὴ λαμβάνων δὲ οὐ, ἀλλ' ὁμοίως καὶ πλουσίῳ καὶ πένητι παρέχω ἑμαυτὸν ἐρωτᾶν, καὶ ἐάν τις βούληται ἀποκρινόμενος ἀκούειν ὧν ἂν λέγω. καὶ τούτων ἐγὼ εἴτε τις χρηστὸς γίγνεται εἴτε μὴ, οὐκ ἂν δικαίως τὴν αἰτίαν ὑπέχοιμι, ὧν μήτε ὑπεσχόμην μηδενὶ μηδὲν πώποτε μάθημα μήτε ἐδίδαξα· εἰ δέ τίς φησι παρ' ἐμοῦ πώποτέ τι μαθεῖν ἢ ἀκοῦσαι ἰδίᾳ ὅτι μὴ καὶ οἱ ἄλλοι πάντες, εὖ ἴστε ὅτι οὐκ ἀληθῆ λέγει.

ἀλλὰ διὰ τί δὴ ποτε μετ' ἐμοῦ χαίρουσί τινες πολὺν [33c] χρόνον διατρίβοντες; ἀκηκόατε, ὧ ἄνδρες Ἀθηναῖοι, πᾶσαν ὑμῖν τὴν ἀλήθειαν ἐγὼ εἶπον· ὅτι ἀκούοντες χαίρουσιν ἐξεταζομένοις τοῖς οἰομένοις μὲν εἶναι σοφοῖς, οὗσι δ' οὐ. ἔστι γὰρ οὐκ ἀηδές. ἐμοὶ δὲ τοῦτο, ὡς ἐγὼ φημι, προστέτακται ὑπὸ τοῦ θεοῦ πράττειν καὶ ἐκ μαντείων καὶ ἐξ ἐνυπνίων καὶ παντὶ τρόπῳ ὅπῃ τίς ποτε καὶ ἄλλη θεία μοῖρα ἀνθρώπῳ καὶ ὅτιοῦν προσέταξε πράττειν. ταῦτα, ὧ ἄνδρες Ἀθηναῖοι, καὶ ἀληθῆ ἐστὶν καὶ εὐέλεγκτα. εἰ γὰρ δὴ ἔγωγε τῶν νέων [33d] τοὺς μὲν διαφθείρω τοὺς δὲ διέφθαρκα, χρῆν δήπου, εἴτε τινὲς αὐτῶν πρεσβύτεροι γενόμενοι ἔγνωσαν ὅτι νέοις οὗσιν αὐτοῖς ἐγὼ κακὸν πώποτέ τι συνεβούλευσα, νυνὶ αὐτοὺς ἀναβαίνοντας ἐμοῦ κατηγορεῖν καὶ τιμωρεῖσθαι· εἰ δὲ μὴ αὐτοὶ ἠθελον, τῶν οἰκείων τινὰς τῶν ἐκείνων, πατέρας καὶ ἀδελφούς καὶ ἄλλους τοὺς προσήκοντας, εἶπερ ὑπ' ἐμοῦ τι κακὸν ἐπεπόνθεσαν αὐτῶν οἱ οἰκεῖοι, νῦν μεμνησθαι καὶ τιμωρεῖσθαι. πάντως δὲ πάρεισιν αὐτῶν πολλοὶ ἐνταυθοῖ οὓς ἐγὼ ὀρῶ, πρῶτον μὲν Κρίτων οὐτοσί, ἐμὸς ἡλικιώτης [33e] καὶ δημότης, Κριτοβούλου τοῦδε πατὴρ, ἔπειτα Λυσανίας ὁ Σφήττιος, Αἰσχίνου τοῦδε πατὴρ, ἔτι δ' Ἀντιφῶν ὁ Κηφισιεὺς οὐτοσί, Ἐπιγένους πατὴρ, ἄλλοι τοίνυν οὗτοι ὧν οἱ ἀδελφοὶ ἐν ταύτῃ τῇ διατριβῇ γεγόνασιν, Νικόστρατος Θεοζοτίδου, ἀδελφὸς Θεοδότου — καὶ ὁ μὲν Θεόδοτος τετελεύτηκεν, ὥστε οὐκ ἂν ἐκεῖνός γε αὐτοῦ καταδεθῇ — καὶ Παράλιος ὁδε, ὁ Δημοδόκου, οὗ ἦν Θεάγης ἀδελφός· ὁδε δὲ [34a] Ἀδεΐμαντος, ὁ Ἀρίστωνος, οὗ ἀδελφὸς οὐτοσί Πλάτων, καὶ Αἰαντόδωρος, οὗ Ἀπολλόδωρος ὁδε ἀδελφός. καὶ ἄλλους πολλοὺς ἐγὼ ἔχω ὑμῖν εἰπεῖν, ὧν τινὰ ἐχρῆν μάλιστα μὲν ἐν τῷ ἑαυτοῦ λόγῳ

παρασχέσθαι Μέλητον μάρτυρα· εἰ δὲ τότε ἐπελάθετο, νῦν παρασχέσθω — ἐγὼ παραχωρῶ — καὶ λεγέτω εἴ τι ἔχει τοιοῦτον. ἀλλὰ τούτου πᾶν τὸνναντίον εὐρήσετε, ὧ ἄνδρες, πάντας ἐμοὶ βοηθεῖν ἐτοίμους τῷ διαφθείροντι, τῷ κακῷ ἐργαζομένῳ τοὺς οἰκείους αὐτῶν, ὥς φασι Μέλητος καὶ [34b] Ἄνυτος. αὐτοὶ μὲν γὰρ οἱ διεφθαρμένοι τάχ' ἂν λόγον ἔχοιεν βοηθοῦντες· οἱ δὲ ἀδιάφθαρτοι, πρεσβύτεροι ἤδη ἄνδρες, οἱ τούτων προσήκοντες, τίνα ἄλλον ἔχουσι λόγον βοηθοῦντες ἐμοὶ ἀλλ' ἢ τὸν ὀρθόν τε καὶ δίκαιον, ὅτι συνίσασι Μελήτῳ μὲν ψευδομένῳ, ἐμοὶ δὲ ἀληθεύοντι;

εἶεν δὴ, ὧ ἄνδρες· ἃ μὲν ἐγὼ ἔχοιμ' ἂν ἀπολογεῖσθαι, σχεδὸν ἐστὶ ταῦτα καὶ ἄλλα ἴσως τοιαῦτα.

τάχα δ' ἂν τις [34c] ὑμῶν ἀγανακτήσειεν ἀναμνησθεὶς ἑαυτοῦ, εἰ ὁ μὲν καὶ ἐλάττω τουτουῖ τοῦ ἀγῶνος ἀγῶνα ἀγωνιζόμενος ἐδεήθη τε καὶ ἰκέτευσε τοὺς δικαστὰς μετὰ πολλῶν δακρύων, παιδία τε αὐτοῦ ἀναβιβασάμενος ἵνα ὅτι μάλιστα ἐλεηθεῖ, καὶ ἄλλους τῶν οἰκείων καὶ φίλων πολλούς, ἐγὼ δὲ οὐδὲν ἄρα τούτων ποιήσω, καὶ ταῦτα κινδυνεύων, ὥς ἂν δόξαιμι, τὸν ἔσχατον κίνδυνον. τάχ' ἂν οὖν τις ταῦτα ἐννοήσας αὐθαδέστερον ἂν πρὸς με σχοίη καὶ ὀργισθεὶς αὐτοῖς τούτοις θεῖτο ἂν μετ' [34d] ὀργῆς τὴν ψῆφον. εἰ δὴ τις ὑμῶν οὕτως ἔχει — οὐκ ἀξιῶ μὲν γὰρ ἔγωγε, εἰ δ' οὖν — ἐπιεικῇ ἂν μοι δοκῶ πρὸς τοῦτον λέγειν λέγων ὅτι “ἐμοί, ὧ ἄριστε, εἰσὶν μὲν πού τινες καὶ οἰκεῖοι· καὶ γὰρ τοῦτο αὐτὸ τὸ τοῦ Ὀμήρου, οὐδ' ἐγὼ ‘ἀπὸ δρυὸς οὐδ' ἀπὸ πέτρης’ πέφυκα ἀλλ' ἐξ ἀνθρώπων, ὥστε καὶ οἰκεῖοί μοι εἰσι καὶ ὑεῖς γε, ὧ ἄνδρες Ἀθηναῖοι, τρεῖς, εἷς μὲν μεῖράκιον ἤδη, δύο δὲ παιδία· ἀλλ' ὅμως οὐδένα αὐτῶν δεῦρο ἀναβιβασάμενος δεήσομαι ὑμῶν ἀποψηφίσασθαι”. τί δὴ οὖν οὐδὲν τούτων ποιήσω; οὐκ αὐθαδιζόμενος, ὧ ἄνδρες [34e] Ἀθηναῖοι, οὐδ' ὑμᾶς ἀτιμάζων, ἀλλ' εἰ μὲν θαρράλως ἐγὼ ἔχω πρὸς θάνατον ἢ μὴ, ἄλλος λόγος, πρὸς δ' οὖν δόξαν καὶ ἐμοὶ καὶ ὑμῖν καὶ ὅλῃ τῇ πόλει οὐ μοι δοκεῖ καλὸν εἶναι ἐμὲ τούτων οὐδὲν ποιεῖν καὶ τηλικόνδε ὄντα καὶ τοῦτο τοῦνομα ἔχοντα, εἴτ' οὖν ἀληθὲς εἴτ' οὖν ψεῦδος, ἀλλ' οὖν δεδογμένον [35a] γέ ἐστὶ τῷ Σωκράτῃ διαφέρειν τῶν πολλῶν ἀνθρώπων. εἰ οὖν ὑμῶν οἱ δοκοῦντες διαφέρειν εἴτε σοφία εἴτε ἀνδρεία εἴτε ἄλλη ἡτινιοῦν ἀρετῇ τοιοῦτοι ἔσονται, αἰσχρὸν ἂν εἴη· οἷουσπερ ἐγὼ πολλάκις ἐώρακά τινας ὅταν κρίνονται, δοκοῦντας

μέν τι εἶναι, θαυμάσια δὲ ἐργαζομένους, ὥς δεινόν τι οἰομένους πείσεσθαι εἰ ἀποθανοῦνται, ὥσπερ ἀθανάτων ἐσομένων ἂν ὑμεῖς αὐτοὺς μὴ ἀποκτείνητε· οἱ ἐμοὶ δοκοῦσιν αἰσχύνῃ τῇ πόλει περιάπτειν, ὥστ' ἂν τινα καὶ τῶν ξένων [35b] ὑπολαβεῖν ὅτι οἱ διαφέροντες Ἀθηναίων εἰς ἀρετὴν, οὓς αὐτοὶ ἐαυτῶν ἓν τε ταῖς ἀρχαῖς καὶ ταῖς ἄλλαις τιμαῖς προκρίνουσιν, οὗτοι γυναικῶν οὐδὲν διαφέρουσιν. ταῦτα γάρ, ὧ ἄνδρες Ἀθηναῖοι, οὔτε ὑμᾶς χρὴ ποιεῖν τοὺς δοκοῦντας καὶ ὀπιοῦν τι εἶναι, οὔτ', ἂν ἡμεῖς ποιῶμεν, ὑμᾶς ἐπιτρέπειν, ἀλλὰ τοῦτο αὐτὸ ἐνδείκνυσθαι, ὅτι πολὺ μᾶλλον κατανηφειῖσθε τοῦ τὰ ἐλαινὰ ταῦτα δράματα εἰσάγοντος καὶ καταγέλαστον τὴν πόλιν ποιοῦντος ἢ τοῦ ἡσυχίαν ἄγοντος.

χωρὶς δὲ τῆς δόξης, ὧ ἄνδρες, οὐδὲ δίκαιόν μοι δοκεῖ [35c] εἶναι δεῖσθαι τοῦ δικαστοῦ οὐδὲ δεόμενον ἀποφεύγειν, ἀλλὰ διδάσκειν καὶ πείθειν. οὐ γὰρ ἐπὶ τούτῳ κάθηται ὁ δικαστής, ἐπὶ τῷ καταχαρίζεσθαι τὰ δίκαια, ἀλλ' ἐπὶ τῷ κρίνειν ταῦτα· καὶ ὁμώμοκεν οὐ χαριεῖσθαι οἷς ἂν δοκῇ αὐτῷ, ἀλλὰ δικάσειν κατὰ τοὺς νόμους. οὐκ οὐν χρὴ οὔτε ἡμᾶς ἐθίζειν ὑμᾶς ἐπιорκεῖν οὐθ' ὑμᾶς ἐθίζεσθαι· οὐδέτεροι γὰρ ἂν ἡμῶν εὐσεβοῖεν. μὴ οὖν ἀξιοῦτέ με, ὧ ἄνδρες Ἀθηναῖοι, τοιαῦτα δεῖν πρὸς ὑμᾶς πράττειν ἢ μήτε ἡγοῦμαι καλὰ εἶναι μήτε [35d] δίκαια μήτε ὅσια, ἄλλως τε μέντοι νῆ Δία πάντως καὶ ἀσεβείας φεύγοντα ὑπὸ Μελήτρου τουτουῖ. σαφῶς γὰρ ἂν, εἰ πείθοιμι ὑμᾶς καὶ τῷ δεῖσθαι βιαζοίμην ὁμωμοκότας, θεοὺς ἂν διδάσκοιμι μὴ ἡγεῖσθαι ὑμᾶς εἶναι, καὶ ἀτεχνῶς ἀπολογούμενος κατηγοροῖην ἂν ἐμαυτοῦ ὥς θεοὺς οὐ νομίζω. ἀλλὰ πολλοῦ δεῖ οὕτως ἔχειν· νομίζω τε γάρ, ὧ ἄνδρες Ἀθηναῖοι, ὥς οὐδεὶς τῶν ἐμῶν κατηγορῶν, καὶ ὑμῖν ἐπιτρέπω καὶ τῷ θεῷ κρίναι περὶ ἐμοῦ ὅπῃ μέλλει ἐμοὶ τε ἄριστα εἶναι καὶ ὑμῖν.

[35e] τὸ μὲν μὴ ἀγανακτεῖν, ὧ ἄνδρες Ἀθηναῖοι, ἐπὶ τούτῳ [36a] τῷ γεγονότι, ὅτι μου κατεψηφίσασθε, ἄλλα τέ μοι πολλὰ συμβάλλεται, καὶ οὐκ ἀνέλπιστόν μοι γέγονεν τὸ γεγονὸς τοῦτο, ἀλλὰ πολὺ μᾶλλον θαυμάζω ἐκατέρων τῶν ψήφων τὸν γεγονότα ἀριθμόν. οὐ γὰρ φόβῃ ἐγώ γε οὕτω παρ' ὀλίγον ἔσσεσθαι ἀλλὰ παρὰ πολὺ· νῦν δέ, ὥς ἔοικεν, εἰ τριάκοντα μόναι μετέπεσον τῶν ψήφων, ἀπεπεφεύγη ἂν. Μέλητρον μὲν οὖν, ὥς ἐμοὶ δοκῶ, καὶ νῦν ἀποπέφευγα, καὶ οὐ μόνον ἀποπέφευγα, ἀλλὰ παντὶ δῆλον τοῦτό γε, ὅτι εἰ μὴ ἀνέβῃ Ἄνυτος καὶ

Λύκων κατηγορήσοντες ἐμοῦ, κἄν ὧφλε [36b] χιλίας δραχμάς, οὐ μεταλαβὼν τὸ πέμπτον μέρος τῶν ψήφων.

τιμᾶται δ' οὖν μοι ὁ ἀνὴρ θανάτου. εἶεν· ἐγὼ δὲ δὴ τίνας ὑμῖν ἀντιτιμήσομαι, ὃ ἄνδρες Ἀθηναῖοι; ἢ δῆλον ὅτι τῆς ἀξίας; τί οὖν; τί ἄξιός εἰμι παθεῖν ἢ ἀποτεῖσαι, ὅτι μαθὼν ἐν τῷ βίῳ οὐχ ἡσυχίαν ἦγον, ἀλλ' ἀμελήσας ὥνπερ οἱ πολλοί, χρηματισμοῦ τε καὶ οἰκονομίας καὶ στρατηγιῶν καὶ δημηγοριῶν καὶ τῶν ἄλλων ἀρχῶν καὶ συνωμοσιῶν καὶ στάσεων τῶν ἐν τῇ πόλει γιγνομένων, ἡγησάμενος ἐμαυτὸν [36c] τῷ ὄντι ἐπιεικέστερον εἶναι ἢ ὥστε εἰς ταῦτ' ἰόντα σφάζεσθαι, ἐνταῦθα μὲν οὐκ ἦα οἱ ἐλθὼν μήτε ὑμῖν μήτε ἐμαυτῷ ἐμελλόν μηδὲν ὄφελος εἶναι, ἐπὶ δὲ τὸ ἰδίᾳ ἕκαστον ἰὼν εὐεργετῆν τὴν μεγίστην εὐεργεσίαν, ὡς ἐγὼ φημι, ἐνταῦθα ἦα, ἐπιχειρῶν ἕκαστον ὑμῶν πείθειν μὴ πρότερον μήτε τῶν ἑαυτοῦ μηδενὸς ἐπιμελεῖσθαι πρὶν ἑαυτοῦ ἐπιμεληθεῖν ὅπως ὡς βέλτιστος καὶ φρονιμώτατος ἔσοιτο, μήτε τῶν τῆς πόλεως, πρὶν αὐτῆς τῆς πόλεως, τῶν τε ἄλλων οὕτω κατὰ τὸν [36d] αὐτὸν τρόπον ἐπιμελεῖσθαι — τί οὖν εἰμι ἄξιος παθεῖν τοιοῦτος ὢν; ἀγαθόν τι, ὃ ἄνδρες Ἀθηναῖοι, εἰ δεῖ γε κατὰ τὴν ἀξίαν τῇ ἀληθείᾳ τιμᾶσθαι· καὶ ταῦτά γε ἀγαθὸν τοιοῦτον ὅτι ἂν πρόποι ἐμοί. τί οὖν πρέπει ἀνδρὶ πένητι εὐεργέτη δεομένῳ ἄγειν σχολὴν ἐπὶ τῇ ὑμετέρᾳ παρακελεύσει; οὐκ ἔσθ' ὅτι μᾶλλον, ὃ ἄνδρες Ἀθηναῖοι, πρέπει οὕτως ὡς τὸν τοιοῦτον ἄνδρα ἐν πρυτανείῳ σιτεῖσθαι, πολὺ γε μᾶλλον ἢ εἴ τις ὑμῶν ἵπῳ ἢ συνωρίδι ἢ ζεύγει νενίκηκεν Ὀλυμπίαςιν· ὁ μὲν γὰρ ὑμᾶς ποιεῖ εὐδαίμονας δοκεῖν εἶναι, ἐγὼ δὲ [36e] εἶναι, καὶ ὁ μὲν τροφῆς οὐδὲν δεῖται, ἐγὼ δὲ δέομαι. εἰ οὖν δεῖ με κατὰ τὸ δίκαιον τῆς ἀξίας τιμᾶσθαι, τούτου [37a] τιμῶμαι, ἐν πρυτανείῳ σιτήσεως.

ἴσως οὖν ὑμῖν καὶ ταυτὶ λέγων παραπλησίως δοκῶ λέγειν ὥσπερ περὶ τοῦ οἴκτου καὶ τῆς ἀντιβολήσεως, ἀπαυθαδιζόμενος· τὸ δὲ οὐκ ἔστιν, ὃ ἄνδρες Ἀθηναῖοι, τοιοῦτον ἀλλὰ τοιόνδε μᾶλλον. πέπεισμαι ἐγὼ ἐκὼν εἶναι μηδένα ἀδικεῖν ἀνθρώπων, ἀλλὰ ὑμᾶς τοῦτο οὐ πείθω· ὀλίγον γὰρ χρόνον ἀλλήλοις διειλέγμεθα. ἐπεί, ὡς ἐγῶμαι, εἰ ἦν ὑμῖν νόμος, ὥσπερ καὶ ἄλλοις ἀνθρώποις, περὶ θανάτου μὴ μίαν ἡμέραν [37b] μόνον κρίνειν ἀλλὰ πολλὰς, ἐπέισθητε ἄν· νῦν δ' οὐ ράδιον ἐν χρόνῳ ὀλίγῳ μεγάλας διαβολὰς ἀπολύεσθαι. πεπεισμένος δὲ ἐγὼ

μηδένα ἀδικεῖν πολλοῦ δέω ἐμαυτόν γε ἀδικήσειν καὶ κατ' ἐμαυτοῦ ἐρεῖν αὐτὸς ὡς ἄξιός εἰμί του κακοῦ καὶ τιμήσεσθαι τοιούτου τινὸς ἐμαυτῷ. τί δεῖσας; ἢ μὴ πάθω τοῦτο οὗ Μέλητός μοι τιμᾶται, ὃ φημι οὐκ εἰδέναι οὐτ' εἰ ἀγαθὸν οὐτ' εἰ κακὸν ἐστίν; ἀντὶ τούτου δὴ ἔλωμαι ὦν εὖ οἶδά τι κακῶν ὄντων τούτου τιμησάμενος; πότερον δεσμοῦ;

[37c] καὶ τί με δεῖ ζῆν ἐν δεσμωτηρίῳ, δουλεύοντα τῇ ἀεὶ καθισταμένῃ ἀρχῇ, τοῖς ἑνδεκα; ἀλλὰ χρημάτων καὶ δεδέσθαι ἕως ἂν ἐκτείσω; ἀλλὰ ταυτόν μοι ἐστὶν ὅπερ νυνδὴ ἔλεγον· οὐ γὰρ ἔστι μοι χρήματα ὁπόθεν ἐκτείσω. ἀλλὰ δὴ φυγῆς τιμήσωμαι; ἴσως γὰρ ἂν μοι τούτου τιμήσαίτε. πολλὴ μεντὰν με φιλοψυχία ἔχοι, ὃ ἄνδρες Ἀθηναῖοι, εἰ οὕτως ἀλόγιστός εἰμι ὥστε μὴ δύνασθαι λογίζεσθαι ὅτι ὑμεῖς μὲν ὄντες πολῖταί μου οὐχ οἷοί τε ἐγένεσθε ἐνεγκεῖν τὰς ἐμὰς [37d] διατριβὰς καὶ τοὺς λόγους, ἀλλ' ὑμῖν βαρύτεραι γεγόνασιν καὶ ἐπιφθονώτεραι, ὥστε ζητεῖτε αὐτῶν νυνὶ ἀπαλλαγῆναι· ἄλλοι δὲ ἄρα αὐτὰς οἴσουσι ῥαδίως; πολλοῦ γε δεῖ, ὃ ἄνδρες Ἀθηναῖοι. καλὸς οὖν ἂν μοι ὁ βίος εἴη ἐξελθόντι τηλικῷδε ἀνθρώπῳ ἄλλην ἐξ ἄλλης πόλεως ἀμειβομένῳ καὶ ἐξελαυνομένῳ ζῆν. εὖ γὰρ οἶδ' ὅτι ὅποι ἂν ἔλθω, λέγοντος ἐμοῦ ἀκροάσονται οἱ νέοι ὥσπερ ἐνθάδε· κἂν μὲν τούτους ἀπελαύνω, οὕτοί με αὐτοὶ ἐξελῶσι πείθοντες τοὺς πρεσβυτέρους· [37e] ἐὰν δὲ μὴ ἀπελαύνω, οἱ τούτων πατέρες δὲ καὶ οἰκεῖοι δι' αὐτοὺς τούτους.

ἴσως οὖν ἂν τις εἴποι· “σιγῶν δὲ καὶ ἡσυχίαν ἄγων, ὃ Σώκρατες, οὐχ οἷός τ' ἔσῃ ἡμῖν ἐξελθὼν ζῆν;” τουτὶ δὴ ἐστὶ πάντων χαλεπώτατον πεῖσαι τινας ὑμῶν. ἐάντε γὰρ λέγω ὅτι τῷ θεῷ ἀπειθεῖν τοῦτ' ἐστὶν καὶ διὰ τοῦτ' ἀδύνατον [38a] ἡσυχίαν ἄγειν, οὐ πείσεσθέ μοι ὡς εἰρωνευομένῳ· ἐάντ' αὖ λέγω ὅτι καὶ τυγχάνει μέγιστον ἀγαθὸν ὃν ἀνθρώπῳ τοῦτο, ἐκάστης ἡμέρας περὶ ἀρετῆς τοὺς λόγους ποιεῖσθαι καὶ τῶν ἄλλων περὶ ὧν ὑμεῖς ἐμοῦ ἀκούετε διαλεγομένου καὶ ἐμαυτὸν καὶ ἄλλους ἐξετάζοντος, ὁ δὲ ἀνεξέταστος βίος οὐ βιωτὸς ἀνθρώπῳ, ταῦτα δ' ἔτι ἥττον πείσεσθέ μοι λέγοντι. τὰ δὲ ἔχει μὲν οὕτως, ὡς ἐγὼ φημι, ὃ ἄνδρες, πείθειν δὲ οὐ ῥάδιον. καὶ ἐγὼ ἅμα οὐκ εἴθισμαι ἐμαυτὸν ἀξιοῦν κακοῦ [38b] οὐδενός. εἰ μὲν γὰρ ἦν μοι χρήματα, ἐτιμησάμην ἂν χρημάτων ὅσα ἔμελλον ἐκτεῖσειν, οὐδὲν γὰρ ἂν ἐβλάβην· νῦν δὲ οὐ γὰρ ἔστιν, εἰ μὴ ἄρα ὅσον ἂν ἐγὼ

δυναίμην ἐκτεῖσαι, τοσούτου βούλεσθέ μοι τιμῆσαι. ἴσως δ' ἂν δυναίμην ἐκτεῖσαι ὑμῖν που μὲν ἄργυρίου· τοσούτου οὖν τιμᾶμαι.

Πλάτων δὲ ὅδε, ὃ ἄνδρες Ἀθηναῖοι, καὶ Κρίτων καὶ Κριτόβουλος καὶ Ἀπολλόδωρος κελεύουσίν με τριάκοντα μνῶν τιμῆσασθαι, αὐτοὶ δ' ἐγγυᾶσθαι· τιμᾶμαι οὖν τοσούτου, ἐγγυηταὶ δὲ ὑμῖν ἔσονται τοῦ ἄργυρίου οὗτοι ἀξιοχρεῶ.

[38c] οὐ πολλοῦ γ' ἔνεκα χρόνου, ὃ ἄνδρες Ἀθηναῖοι, ὄνομα ἔχετε καὶ αἰτίαν ὑπὸ τῶν βουλομένων τὴν πόλιν λαιδορεῖν ὡς Σωκράτη ἀπεκτόνατε, ἄνδρα σοφόν — φήσουσι γὰρ δὴ σοφὸν εἶναι, εἰ καὶ μὴ εἰμι, οἱ βουλούμενοι ὑμῖν ὀνειδίζειν — εἰ γοῦν περιεμείνατε ὀλίγον χρόνον, ἀπὸ τοῦ αὐτομάτου ἂν ὑμῖν τοῦτο ἐγένετο· ὁρᾶτε γὰρ δὴ τὴν ἡλικίαν ὅτι πόρρω ἤδη ἐστὶ τοῦ βίου θανάτου δὲ ἐγγύς. λέγω δὲ τοῦτο οὐ [38d] πρὸς πάντας ὑμᾶς, ἀλλὰ πρὸς τοὺς ἐμοῦ καταψηφισαμένους θάνατον. λέγω δὲ καὶ τόδε πρὸς τοὺς αὐτοὺς τούτους. ἴσως με οἴεσθε, ὃ ἄνδρες Ἀθηναῖοι, ἀπορία λόγων ἐάλωκέναι τοιούτων οἷς ἂν ὑμᾶς ἔπεισα, εἰ ὥμην δεῖν ἅπαντα ποιεῖν καὶ λέγειν ὥστε ἀποφυγεῖν τὴν δίκην. πολλοῦ γε δεῖ. ἀλλ' ἀπορία μὲν ἐάλωκα, οὐ μέντοι λόγων, ἀλλὰ τόλμης καὶ ἀναισχυντίας καὶ τοῦ μὴ ἐθέλειν λέγειν πρὸς ὑμᾶς τοιαῦτα οἷ' ἂν ὑμῖν μὲν ἥδιστα ἦν ἀκούειν — θρηνοῦντός τέ μου καὶ ὀδυρομένου καὶ ἄλλα ποιοῦντος καὶ [38e] λέγοντος πολλὰ καὶ ἀνάξια ἐμοῦ, ὡς ἐγὼ φημι, οἷα δὴ καὶ εἴθισθε ὑμεῖς τῶν ἄλλων ἀκούειν. ἀλλ' οὔτε τότε ῥήθην δεῖν ἔνεκα τοῦ κινδύνου πρᾶξαι οὐδὲν ἀνελεύθερον, οὔτε νῦν μοι μεταμέλει οὕτως ἀπολογησαμένῳ, ἀλλὰ πολὺ μᾶλλον αἰροῦμαι ὧδε ἀπολογησάμενος τεθνάναι ἢ ἐκείνως ζῆν. οὔτε γὰρ ἐν δίκῃ οὔτ' ἐν πολέμῳ οὔτ' ἐμὲ οὔτ' ἄλλον οὐδένα δεῖ [39a] τοῦτο μηχανᾶσθαι, ὅπως ἀποφεύξεται πᾶν ποιῶν θάνατον. καὶ γὰρ ἐν ταῖς μάχαις πολλάκις δηλὸν γίνεταί ὅτι τό γε ἀποθανεῖν ἂν τις ἐκφύγοι καὶ ὅπλα ἀφείς καὶ ἐφ' ἱκετεῖαν τραπόμενος τῶν διωκόντων· καὶ ἄλλαι μηχαναὶ πολλαὶ εἰσιν ἐν ἐκάστοις τοῖς κινδύνοις ὥστε διαφεύγειν θάνατον, ἐάν τις τολμᾷ πᾶν ποιεῖν καὶ λέγειν. ἀλλὰ μὴ οὐ τοῦτ' ἦ χαλεπόν, ὃ ἄνδρες, θάνατον ἐκφυγεῖν, ἀλλὰ πολὺ χαλεπώτερον πονηρίαν· [39b] θάττον γὰρ θανάτου θεῖ. καὶ νῦν ἐγὼ μὲν ἅτε βραδὺς ὢν καὶ πρεσβύτης ὑπὸ τοῦ βραδυτέρου ἐάλων, οἱ δ' ἐμοὶ κατήγοροι ἅτε δεινοὶ καὶ ὀξεῖς ὄντες ὑπὸ τοῦ θάττονος, τῆς κακίας. καὶ νῦν ἐγὼ μὲν ἅπειμι ὑφ' ὑμῶν

θανάτου δίκην ὀφλὼν, οὗτοι δ' ὑπὸ τῆς ἀληθείας ὠφληκότες μοχθηρίαν καὶ ἀδικίαν. καὶ ἐγὼ τε τῷ τιμήματι ἐμμένω καὶ οὗτοι. ταῦτα μὲν που ἴσως οὕτως καὶ ἔδει σχεῖν, καὶ οἶμαι αὐτὰ μετρίως ἔχειν.

[39c] τὸ δὲ δὴ μετὰ τοῦτο ἐπιθυμῶ ὑμῖν χρησμοδεῖσαι, ὃ καταψηφισάμενοί μου· καὶ γὰρ εἰμι ἤδη ἐνταῦθα ἐν ᾧ μάλιστα ἄνθρωποι χρησμοδοῦσιν, ὅταν μέλλωσιν ἀποθανεῖσθαι. φημί γάρ, ὃ ἄνδρες οἱ ἐμὲ ἀπεκτόνατε, τιμωρίαν ὑμῖν ἤξιν εὐθὺς μετὰ τὸν ἐμὸν θάνατον πολὺ χαλεπωτέραν νῆ Δία ἢ οἶαν ἐμὲ ἀπεκτόνατε· νῦν γὰρ τοῦτο εἵργασθε οἰόμενοι μὲν ἀπαλλάξεσθαι τοῦ διδόναι ἔλεγχον τοῦ βίου, τὸ δὲ ὑμῖν πολὺ ἐναντίον ἀποβήσεται, ὥς ἐγὼ φημι. πλείους ἔσονται ὑμᾶς [39d] οἱ ἐλέγχοντες, οὓς νῦν ἐγὼ κατεῖχον, ὑμεῖς δὲ οὐκ ἠσθάνεσθε· καὶ χαλεπώτεροι ἔσονται ὅσῳ νεώτεροί εἰσιν, καὶ ὑμεῖς μᾶλλον ἀγανακτήσετε. εἰ γὰρ οἴεσθε ἀποκτείνοντες ἀνθρώπους ἐπισχῆσιν τοῦ ὄνειδιζειν τινὰ ὑμῖν ὅτι οὐκ ὀρθῶς ζῆτε, οὐ καλῶς διανοεῖσθε· οὐ γὰρ ἐσθ' αὕτη ἡ ἀπαλλαγὴ οὔτε πάνυ δυνατὴ οὔτε καλὴ, ἀλλ' ἐκείνη καὶ καλλίστη καὶ ῥάστη, μὴ τοὺς ἄλλους κολοῦειν ἀλλ' ἐαυτὸν παρασκευάζειν ὅπως ἔσται ὡς βέλτιστος. ταῦτα μὲν οὖν ὑμῖν τοῖς καταψηφισαμένοις μαντευσάμενος ἀπαλλάττομαι.

[39e] τοῖς δὲ ἀποψηφισαμένοις ἡδέως ἂν διαλεχθεῖην ὑπὲρ τοῦ γεγονότος τουτουὶ πράγματος, ἐν ᾧ οἱ ἄρχοντες ἀσχολίαν ἄγουσι καὶ οὐπω ἔρχομαι οἱ ἐλθόντα με δεῖ τεθνάναι. ἀλλὰ μοι, ὃ ἄνδρες, παραμείνατε τοσοῦτον χρόνον· οὐδὲν γὰρ κωλύει διαμυθολογῆσαι πρὸς ἀλλήλους ἕως ἔξεστιν. ὑμῖν [40a] γὰρ ὡς φίλοις οὗσιν ἐπιδειξαὶ ἐθέλω τὸ νυνὶ μοι συμβεβηκὸς τί ποτε νοεῖ. ἐμοὶ γάρ, ὃ ἄνδρες δικασταί — ὑμᾶς γὰρ δικαστὰς καλῶν ὀρθῶς ἂν καλοίην — θαυμάσιόν τι γέγονεν. ἡ γὰρ εἰωθυῖά μοι μαντικὴ ἢ τοῦ δαιμονίου ἐν μὲν τῷ πρόσθεν χρόνῳ παντὶ πάνυ πυκνὴ ἀεὶ ἦν καὶ πάνυ ἐπὶ μικροῖς ἐναντιουμένη, εἴ τι μέλλοιμι μὴ ὀρθῶς πράξειν. νυνὶ δὲ συμβέβηκέ μοι ἅπερ ὀρᾷτε καὶ αὐτοί, ταῦτ' ἅ γε δὴ οἰηθεῖν ἂν τις καὶ νομίζεται ἔσχατα κακῶν εἶναι· ἐμοὶ δὲ [40b] οὔτε ἐξιώντι ἔωθεν οἴκοθεν ἠναντιώθη τὸ τοῦ θεοῦ σημεῖον, οὔτε ἠνίκα ἀνέβαινον ἐνταυθοῖ ἐπὶ τὸ δικαστήριον, οὔτε ἐν τῷ λόγῳ οὐδαμοῦ μέλλοντί τι ἔρεῖν. καίτοι ἐν ἄλλοις λόγοις πολλαχοῦ δὴ με ἐπέσχε λέγοντα μεταξύ· νῦν δὲ οὐδαμοῦ περὶ ταύτην τὴν πρᾶξιν οὐτ' ἐν ἔργῳ οὐδενὶ

οὐτ' ἐν λόγῳ ἡναντίωταί μοι. τί οὖν αἴτιον εἶναι ὑπολαμβάνω; ἐγὼ ὑμῖν ἐρῶ· κινδυνεύει γάρ μοι τὸ συμβεβηκὸς τοῦτο ἀγαθὸν γεγονέναι, καὶ οὐκ ἔσθ' ὅπως ἡμεῖς ὀρθῶς ὑπολαμβάνομεν, [40c] ὅσοι οἰόμεθα κακὸν εἶναι τὸ τεθνάναι. μέγα μοι τεκμήριον τούτου γέγονεν· οὐ γὰρ ἔσθ' ὅπως οὐκ ἡναντιώθη ἄν μοι τὸ εἰωθὸς σημεῖον, εἰ μὴ τι ἔμελλον ἐγὼ ἀγαθὸν πράξειν. ἐννοήσωμεν δὲ καὶ τῇδε ὡς πολλὴ ἐλπίς ἐστὶν ἀγαθὸν αὐτὸ εἶναι. δυοῖν γὰρ θάτερόν ἐστιν τὸ τεθνάναι· ἢ γὰρ οἷον μηδὲν εἶναι μηδὲ αἰσθησιν μηδεμίαν μηδενὸς ἔχειν τὸν τεθνεῶτα, ἢ κατὰ τὰ λεγόμενα μεταβολὴ τις τυγχάνει οὐσα καὶ μετοίκησις τῇ ψυχῇ τοῦ τόπου τοῦ ἐνθένδε εἰς ἄλλον τόπον. καὶ εἴτε δὴ μηδεμία αἰσθησίς ἐστιν ἀλλ' [40d] οἷον ὕπνος ἐπειδάν τις καθεύδων μηδ' ὄναρ μηδὲν ὀρᾷ, θαυμάσιον κέρδος ἂν εἴη ὁ θάνατος — ἐγὼ γὰρ ἂν οἶμαι, εἴ τινα ἐκλεξάμενον δέοι ταύτην τὴν νύκτα ἐν ἣ οὕτω κατέδαρθεν ὥστε μηδὲ ὄναρ ἰδεῖν, καὶ τὰς ἄλλας νύκτας τε καὶ ἡμέρας τὰς τοῦ βίου τοῦ ἑαυτοῦ ἀντιπαραθέντα ταύτῃ τῇ νυκτὶ δέοι σκεψάμενον εἰπεῖν πόσας ἄμεινον καὶ ἥδιον ἡμέρας καὶ νύκτας ταύτης τῆς νυκτὸς βεβίωκεν ἐν τῷ ἑαυτοῦ βίῳ, οἶμαι ἂν μὴ ὅτι ἰδιώτην τινά, ἀλλὰ τὸν μέγαν βασιλέα εὐαριθμήτους [40e] ἂν εὐρεῖν αὐτὸν ταύτας πρὸς τὰς ἄλλας ἡμέρας καὶ νύκτας — εἰ οὖν τοιοῦτον ὁ θάνατός ἐστιν, κέρδος ἔγωγε λέγω· καὶ γὰρ οὐδὲν πλείων ὁ πᾶς χρόνος φαίνεται οὕτω δὴ εἶναι ἢ μία νύξ. εἰ δ' αὖ οἷον ἀποδημῆσαί ἐστιν ὁ θάνατος ἐνθένδε εἰς ἄλλον τόπον, καὶ ἀληθῆς ἐστὶν τὰ λεγόμενα, ὥς ἄρα ἐκεῖ εἰσι πάντες οἱ τεθνεῶτες, τί μείζον ἀγαθὸν τούτου εἴη ἂν, ὃ ἄνδρες δικασταί; εἰ γὰρ τις [41a] ἀφικόμενος εἰς Ἄιδου, ἀπαλλαγείς τουτωνὶ τῶν φασκόντων δικαστῶν εἶναι, εὐρήσει τοὺς ὡς ἀληθῶς δικαστάς, οἵπερ καὶ λέγονται ἐκεῖ δικάζειν, Μίνως τε καὶ Ῥαδάμανθυς καὶ Αἰακὸς καὶ Τριπτόλεμος καὶ ἄλλοι ὅσοι τῶν ἡμιθέων δίκαιοι ἐγένοντο ἐν τῷ ἑαυτῶν βίῳ, ἄρα φαύλη ἂν εἴη ἡ ἀποδημία; ἢ αὖ Ὅρφεϊ συγγενέσθαι καὶ Μουσαίῳ καὶ Ἡσιόδῳ καὶ Ὀμήρῳ ἐπὶ πόσῳ ἂν τις δέξαιτ' ἂν ὑμῶν; ἐγὼ μὲν γὰρ πολλάκις ἐθέλω τεθνάναι εἰ ταῦτ' ἔστιν ἀληθῆ. ἐπεὶ [41b] ἔμοιγε καὶ αὐτῷ θαυμαστὴ ἂν εἴη ἡ διατριβὴ αὐτόθι, ὁπότε ἐντύχοιμι Παλαμῆδει καὶ Αἴαντι τῷ Τελαμῶνος καὶ εἴ τις ἄλλος τῶν παλαιῶν διὰ κρίσιν ἄδικον τέθνηκεν, ἀντιπαραβάλλοντι τὰ ἑμαυτοῦ πάθη πρὸς τὰ ἐκείνων — ὥς ἐγὼ οἶμαι, οὐκ ἂν ἀηδὲς εἴη — καὶ δὴ τὸ μέγιστον, τοὺς ἐκεῖ ἐξετάζοντα καὶ ἐρευνῶντα ὥσπερ τοὺς ἐνταῦθα διάγειν, τίς αὐτῶν σοφός ἐστιν καὶ τίς οἶεται μὲν, ἔστιν δ' οὐ. ἐπὶ πόσῳ δ' ἂν τις, ὃ

ἄνδρες δικασταί, δέξαιτο ἐξετάσαι τὸν ἐπὶ Τροίαν ἀγαγόντα [41c] τὴν πολλὴν στρατιὰν ἢ Ὀδυσσέα ἢ Σίσυφον ἢ ἄλλους μυρίους ἂν τις εἴποι καὶ ἄνδρας καὶ γυναῖκας, οἷς ἐκεῖ διαλέγεσθαι καὶ συνεῖναι καὶ ἐξετάζειν ἀμήχανον ἂν εἴη εὐδαιμονίας; πάντως οὐ δῆπου τούτου γε ἔνεκα οἱ ἐκεῖ ἀποκτείνουσι· τὰ τε γὰρ ἄλλα εὐδαιμονέστεροί εἰσιν οἱ ἐκεῖ τῶν ἐνθάδε, καὶ ἤδη τὸν λοιπὸν χρόνον ἀθάνατοί εἰσιν, εἴπερ γε τὰ λεγόμενα ἀληθῆ.

ἀλλὰ καὶ ὑμᾶς χρῆ, ὧ ἄνδρες δικασταί, εὐέλπιδας εἶναι πρὸς τὸν θάνατον, καὶ ἔν τι τοῦτο διανοεῖσθαι ἀληθές, ὅτι [41d] οὐκ ἔστιν ἀνδρὶ ἀγαθῷ κακὸν οὐδὲν οὔτε ζῶντι οὔτε τελευτήσαντι, οὐδὲ ἀμελεῖται ὑπὸ θεῶν τὰ τούτου πράγματα· οὐδὲ τὰ ἐμὰ νῦν ἀπὸ τοῦ αὐτομάτου γέγονεν, ἀλλὰ μοι δῆλόν ἐστι τοῦτο, ὅτι ἤδη τεθνάναι καὶ ἀπηλλάχθαι πραγμάτων βέλτιον ἦν μοι. διὰ τοῦτο καὶ ἐμὲ οὐδαμοῦ ἀπέτρεψεν τὸ σημεῖον, καὶ ἔγωγε τοῖς καταψηφισαμένοις μου καὶ τοῖς κατηγοροῖς οὐ πάνυ χαλεπαίνω. καίτοι οὐ ταύτη τῇ διανοίᾳ κατεψηφίζοντό μου καὶ κατηγοροῦν, ἀλλ' οἰόμενοι βλέπτειν· [41e] τοῦτο αὐτοῖς ἄξιον μέμφεσθαι. τοσόνδε μέντοι αὐτῶν δέομαι· τοὺς ὑεῖς μου, ἐπειδὴν ἠβήσωσι, τιμωρήσασθε, ὧ ἄνδρες, ταῦτα ταῦτα λυποῦντες ἅπερ ἐγὼ ὑμᾶς ἐλύπων, ἐὰν ὑμῖν δοκῶσιν ἢ χρημάτων ἢ ἄλλου του πρότερον ἐπιμελεῖσθαι ἢ ἀρετῆς, καὶ ἐὰν δοκῶσί τι εἶναι μηδὲν ὄντες, ὀνειδίζετε αὐτοῖς ὥσπερ ἐγὼ ὑμῖν, ὅτι οὐκ ἐπιμελοῦνται ὧν δεῖ, καὶ οἶονταί τι εἶναι ὄντες οὐδενὸς ἄξιοι. καὶ ἐὰν [42a] ταῦτα ποιῆτε, δίκαια πεπονθὼς ἐγὼ ἔσομαι ὑφ' ὑμῶν αὐτός τε καὶ οἱ ὑεῖς. ἀλλὰ γὰρ ἤδη ὥρα ἀπιέναι, ἐμοὶ μὲν ἀποθανουμένῳ, ὑμῖν δὲ βιωσομένοις· ὁπότεροι δὲ ἡμῶν ἔρχονται ἐπὶ ἄμεινον πρᾶγμα, ἄδηλον παντὶ πλὴν ἢ τῷ θεῷ.

CRITO

Σωκράτης

[43a] τί τηνικάδε ἀφῖξαι, ὦ Κρίτων; ἢ οὐ πρὸ ἔτι ἐστίν;

Κρίτων

πάνυ μὲν οὖν.

Σωκράτης

πηνίκα μάλιστα;

Κρίτων

ὀρθρος βαθύς.

Σωκράτης

θαυμάζω ὅπως ἠθέλησέ σοι ὁ τοῦ δεσμοτηρίου φύλαξ ὑπακοῦσαι.

Κρίτων

συνήθης ἤδη μοί ἐστιν, ὦ Σώκρατες, διὰ τὸ πολλάκις δεῦρο φοιτᾶν, καί τι καὶ εὐεργέτηται ὑπ' ἐμοῦ.

Σωκράτης

ἄρτι δὲ ἤκεις ἢ πάλαι;

Κρίτων

ἐπιεικῶς πάλαι.

Σωκράτης

[43b] εἴτα πῶς οὐκ εὐθὺς ἐπήγειράς με, ἀλλὰ σιγῇ παρακάθησαι;

Κρίτων

οὐ μὰ τὸν Δία, ὦ Σώκρατες, οὐδ' ἂν αὐτὸς ἠθελον ἐν τοσαύτῃ τε ἀγρυπνίᾳ καὶ λύπῃ εἶναι, ἀλλὰ καὶ σοῦ πάλαι θαυμάζω αἰσθανόμενος

ὥς ἡδέως καθεύδεις· καὶ ἐπιτηδές σε οὐκ ἤγειρον ἵνα ὥς ἡδιστα διάγῃς. καὶ πολλάκις μὲν δὴ σε καὶ πρότερον ἐν παντὶ τῷ βίῳ ἠυδαιμόνισα τοῦ τρόπου, πολὺ δὲ μάλιστα ἐν τῇ νῦν παρεστῶσι συμφορᾷ, ὥς ῥαδίως αὐτὴν καὶ πρῶτος φέρεις.

Σωκράτης

καὶ γὰρ ἄν, ὦ Κρίτων, πλημμελὲς εἶη ἀγανακτεῖν τηλικούτων ὄντα εἰ δεῖ ἤδη τελευτᾶν.

Κρίτων

[43c] καὶ ἄλλοι, ὦ Σώκρατες, τηλικοῦτοι ἐν τοιαύταις συμφοραῖς ἀλίσκονται, ἀλλ' οὐδὲν αὐτοὺς ἐπιλύεται ἢ ἡλικία τὸ μὴ οὐχὶ ἀγανακτεῖν τῇ παρούσῃ τύχῃ.

Σωκράτης

ἔστι ταῦτα. ἀλλὰ τί δὴ οὕτω πρὸ ἀφίξαι;

Κρίτων

ἀγγελίαν, ὦ Σώκρατες, φέρων χαλεπὴν, οὐ σοί, ὥς ἐμοὶ φαίνεται, ἀλλ' ἐμοὶ καὶ τοῖς σοῖς ἐπιτηδεύουσιν πᾶσιν καὶ χαλεπὴν καὶ βαρεῖαν, ἣν ἐγώ, ὥς ἐμοὶ δοκῶ, ἐν τοῖς βαρύτατ' ἂν ἐνέγκαιμι.

Σωκράτης

τίνα ταύτην; ἢ τὸ πλοῖον ἀφίκεται ἐκ Δήλου, οὗ δεῖ [43d] ἀφικομένου τεθνάναι με;

Κρίτων

οὗτοι δὴ ἀφίκεται, ἀλλὰ δοκεῖν μὲν μοι ἥξει τήμερον ἐξ ὧν ἀπαγγέλλουσιν ἥκοντές τινες ἀπὸ Σουνίου καὶ καταλιπόντες ἐκεῖ αὐτό. δηλὸν οὖν ἐκ τούτων [τῶν ἀγγέλων] ὅτι ἥξει τήμερον, καὶ ἀνάγκη δὴ εἰς αὐρίον ἔσται, ὦ Σώκρατες, τὸν βίον σε τελευτᾶν.

Σωκράτης

ἀλλ', ὦ Κρίτων, τύχη ἀγαθὴ, εἰ ταύτῃ τοῖς θεοῖς φίλον, ταύτῃ ἔστω· οὐ μέντοι οἶμαι ἥξειν αὐτὸ τήμερον.

[44a] **Κρίτων**

πόθεν τοῦτο τεκμαίρη;

Σωκράτης

ἐγώ σοι ἐρῶ. τῇ γάρ που ὑστεραία δεῖ με ἀποθνήσκειν ἢ ἢ ἂν ἔλθῃ τὸ πλοῖον.

Κρίτων

φασί γέ τοι δὴ οἱ τούτων κύριοι.

Σωκράτης

οὐ τοίνυν τῆς ἐπιούσης ἡμέρας οἶμαι αὐτὸ ἥξειν ἀλλὰ τῆς ἐτέρας. τεκμαίρομαι δὲ ἕκ τινος ἐνυπνίου ὃ ἐώρακα ὀλίγον πρότερον ταύτης τῆς νυκτός· καὶ κινδυνεύεις ἐν καιρῷ τινι οὐκ ἐγεῖραί με.

Κρίτων

ἦν δὲ δὴ τί τὸ ἐνύπνιον;

Σωκράτης

ἐδόκει τίς μοι γυνὴ προσελθοῦσα καλὴ καὶ εὐειδής, [44b] λευκὰ ἱμάτια ἔχουσα, καλέσαι με καὶ εἰπεῖν· “ὦ Σώκρατες,

ἡματί κεν τριτάτῳ Φθίην ἐρίβωλον ἴκοιο”.

Κρίτων

ἄτοπον τὸ ἐνύπνιον, ὦ Σώκρατες.

Σωκράτης

ἐναργὲς μὲν οὖν, ὥς γέ μοι δοκεῖ, ὦ Κρίτων.

Κρίτων

λίαν γε, ὥς ἔοικεν. ἀλλ’, ὦ δαιμόνιε Σώκρατες, ἔτι καὶ νῦν ἐμοὶ πιθοῦ καὶ σώθητι· ὥς ἐμοί, ἐὰν σὺ ἀποθάνῃς, οὐ μία συμφορά ἐστίν, ἀλλὰ χωρὶς μὲν τοῦ ἐστερηῆσθαι τοιούτου ἐπιτηδείου οἷον ἐγώ

οὐδένα μή ποτε εὐρήσω, ἔτι δὲ καὶ πολλοῖς δόξω, οἱ ἐμὲ καὶ σὲ μὴ σαφῶς ἴσασιν, [44c] ὥς οἷός τ' ὦν σε σῶζειν εἰ ἤθελον ἀναλίσκειν χρήματα, ἀμελῆσαι. καίτοι τίς ἂν αἰσχίων εἴη ταύτης δόξα ἢ δοκεῖν χρήματα περὶ πλείονος ποιεῖσθαι ἢ φίλους; οὐ γὰρ πείσονται οἱ πολλοὶ ὥς σὺ αὐτὸς οὐκ ἠθέλησας ἀπιέναι ἐνθὲνδε ἡμῶν προθυμουμένων.

Σωκράτης

ἀλλὰ τί ἡμῖν, ὦ μακάριε Κρίτων, οὕτω τῆς τῶν πολλῶν δόξης μέλει; οἱ γὰρ ἐπιεικέστατοι, ὧν μᾶλλον ἄξιον φροντίζειν, ἡγήσονται αὐτὰ οὕτω πεπραῆχθαι ὥσπερ ἂν πραχθῇ.

Κρίτων

[44d] ἀλλ' ὁρᾷς δὴ ὅτι ἀνάγκη, ὦ Σώκρατες, καὶ τῆς τῶν πολλῶν δόξης μέλειν. αὐτὰ δὲ δηλὰ τὰ παρόντα νυνὶ ὅτι οἷοί τ' εἰσὶν οἱ πολλοὶ οὐ τὰ σμικρότατα τῶν κακῶν ἐξεργάζεσθαι ἀλλὰ τὰ μέγιστα σχεδόν, ἐάν τις ἐν αὐτοῖς διαβέβλημένος ᾖ.

Σωκράτης

εἰ γὰρ ὥφελον, ὦ Κρίτων, οἷοί τ' εἶναι οἱ πολλοὶ τὰ μέγιστα κακὰ ἐργάζεσθαι, ἵνα οἷοί τ' ἦσαν καὶ ἀγαθὰ τὰ μέγιστα, καὶ καλῶς ἂν εἶχεν. νῦν δὲ οὐδέτερα οἷοί τε· οὔτε γὰρ φρόνιμον οὔτε ἄφρονα δυνατοὶ ποιῆσαι, ποιοῦσι δὲ τοῦτο ὅτι ἂν τύχωσι.

Κρίτων

[44e] ταῦτα μὲν δὴ οὕτως ἐχέτω· τάδε δέ, ὦ Σώκρατες, εἰπέ μοι. ἄρά γε μὴ ἐμοῦ προμηθῇ καὶ τῶν ἄλλων ἐπιτηδείων μή, ἐάν σὺ ἐνθὲνδε ἐξέλθῃς, οἱ συκοφάνται ἡμῖν πράγματα παρέχωσιν ὥς σὲ ἐνθὲνδε ἐκκλέψασιν, καὶ ἀναγκασθῶμεν ἢ καὶ πᾶσαν τὴν οὐσίαν ἀποβαλεῖν ἢ συχνὰ χρήματα, ἢ καὶ ἄλλο τι πρὸς τούτοις παθεῖν; εἰ γάρ τι [45a] τοιοῦτον φοβῇ, ἔασον αὐτὸ χαίρειν· ἡμεῖς γάρ που δίκαιοί ἐσμεν σώσαντές σε κινδυνεύειν τοῦτον τὸν κίνδυνον καὶ ἐάν δέῃ ἔτι τούτου μείζω. ἀλλ' ἐμοὶ πείθου καὶ μὴ ἄλλως ποίει.

Σωκράτης

καὶ ταῦτα προμηθεῖν, ὦ Κρίτων, καὶ ἄλλα πολλά.

Κρίτων

μήτε τοίνυν ταῦτα φοβοῦ — καὶ γὰρ οὐδὲ πολὺ τὰργυρίον ἐστὶν ὃ θέλουσι λαβόντες τινὲς σῶσαί σε καὶ ἐξαγαγεῖν ἐνθένδε. ἔπειτα οὐχ ὀρᾷς τούτους τοὺς συκοφάντας ὡς εὐτελεῖς, καὶ οὐδὲν ἂν δέοι ἐπ' αὐτοὺς πολλοῦ ἀργυρίου; [45b] σοὶ δὲ ὑπάρχει μὲν τὰ ἐμὰ χρήματα, ὡς ἐγὼ οἶμαι, ἱκανά· ἔπειτα καὶ εἴ τι ἐμοῦ κηδόμενος οὐκ οἶε δεῖν ἀναλίσκειν τὰμά, ξένοι οὗτοι ἐνθάδε ἔτοιμοι ἀναλίσκειν· εἷς δὲ καὶ κεκόμικεν ἐπ' αὐτὸ τοῦτο ἀργύριον ἱκανόν, Σιμμίας ὁ Θηβαῖος, ἔτοιμος δὲ καὶ Κέβης καὶ ἄλλοι πολλοὶ πάννυ. ὥστε, ὅπερ λέγω, μήτε ταῦτα φοβούμενος ἀποκάμης σαυτὸν σῶσαι, μήτε, ὃ ἔλεγες ἐν τῷ δικαστηρίῳ, δυσχερές σοι γενέσθω ὅτι οὐκ ἂν ἔχοις ἐξελθὼν ὅτι χρῶο σαντῶ· πολλαχοῦ [45c] μὲν γὰρ καὶ ἄλλοσε ὅποι ἂν ἀφίκη ἀγαπήσουσί σε· ἐὰν δὲ βούλῃ εἰς Θετταλίαν ἰέναι, εἰσὶν ἐμοὶ ἐκεῖ ξένοι οἱ σε περὶ πολλοῦ ποιήσονται καὶ ἀσφάλειάν σοι παρέξονται, ὥστε σε μηδένα λυπεῖν τῶν κατὰ Θετταλίαν.

ἔτι δέ, ὦ Σώκρατες, οὐδὲ δίκαιόν μοι δοκεῖς ἐπιχειρεῖν πρᾶγμα, σαυτὸν προδοῦναι, ἐξὸν σωθῆναι, καὶ τοιαῦτα σπεύδεις περὶ σαυτὸν γενέσθαι ἅπερ ἂν καὶ οἱ ἐχθροὶ σου σπεύσαιέν τε καὶ ἔσπευσαν σὲ διαφθεῖραι βουλόμενοι. πρὸς δὲ τούτοις καὶ τοὺς ὑεῖς τοὺς σαυτοῦ ἔμοιγε δοκεῖς προδιδόναι, οὓς σοὶ [45d] ἐξὸν καὶ ἐκθρέψαι καὶ ἐκπαιδεῦσαι οἰκίῃ καταλιπὼν, καὶ τὸ σὸν μέρος ὅτι ἂν τύχῃσι τοῦτο πράξουσιν· τεύζονται δέ, ὡς τὸ εἰκός, τοιούτων οἷάπερ εἶωθεν γίνεσθαι ἐν ταῖς ὀρφανίαις περὶ τοὺς ὀρφανούς. ἢ γὰρ οὐ χρή ποιεῖσθαι παῖδας ἢ συνδιαταλαιπωρεῖν καὶ τρέφοντα καὶ παιδεύοντα, σὺ δέ μοι δοκεῖς τὰ ῥαθυμότατα αἰρεῖσθαι. χρή δέ, ἅπερ ἂν ἀνὴρ ἀγαθὸς καὶ ἀνδρεῖος ἔλοιτο, ταῦτα αἰρεῖσθαι, φάσκοντά γε δὴ ἀρετῆς διὰ παντὸς τοῦ βίου ἐπιμελεῖσθαι· ὡς ἐγώ γε καὶ [45e] ὑπὲρ σοῦ καὶ ὑπὲρ ἡμῶν τῶν σῶν ἐπιτηδεῖων αἰσχύνομαι μὴ δόξῃ ἅπαν τὸ πρᾶγμα τὸ περὶ σὲ ἀνανδρίᾳ τινὶ τῇ ἡμετέρᾳ πεπρᾶχθαι, καὶ ἢ εἰσοδος τῆς δίκης εἰς τὸ δικαστήριον ὡς εἰσῆλθεν ἐξὸν μὴ εἰσελθεῖν, καὶ αὐτὸς ὁ ἀγὼν τῆς δίκης ὡς ἐγένετο, καὶ τὸ τελευταῖον δὴ τουτί, ὥσπερ κατάγελως τῆς πράξεως, κακία τινὶ καὶ ἀνανδρίᾳ τῇ ἡμετέρᾳ διαπεφευγῆναι [46a] ἡμᾶς δοκεῖν, οὔτινές σε οὐχὶ ἐσώσαμεν οὐδὲ σὺ σαυτόν, οἷόν τε ὄν καὶ δυνατόν εἴ τι καὶ μικρὸν ἡμῶν ὄφελος ἦν.

ταῦτα οὖν, ὦ Σώκρατες, ὅρα μὴ ἅμα τῷ κακῷ καὶ αἰσχρῷ ἢ σοὶ τε καὶ ἡμῖν. ἀλλὰ βουλεύου — μᾶλλον δὲ οὐδὲ βουλεύεσθαι ἔτι ὥρα ἀλλὰ βεβουλεῦσθαι — μία δὲ βουλή· τῆς γὰρ ἐπιούσης νυκτὸς πάντα ταῦτα δεῖ πεπρᾶχθαι, εἰ δ' ἔτι περιμενουμένον, ἀδύνατον καὶ οὐκέτι οἶόν τε. ἀλλὰ παντὶ τρόπῳ, ὦ Σώκρατες, πείθου μοι καὶ μηδαμῶς ἄλλως ποίει.

Σωκράτης

[46b] ὦ φίλε Κρίτων, ἡ προθυμία σου πολλοῦ ἀξία εἰ μετὰ τινος ὀρθότητος εἴη· εἰ δὲ μή, ὅσω μείζων τοσοῦτ' ἁλεπωτέρα. σκοπεῖσθαι οὖν χρή ἡμᾶς εἴτε ταῦτα πρακτέον εἴτε μή· ὥς ἐγὼ οὐ νῦν πρῶτον ἀλλὰ καὶ ἀεὶ τοιοῦτος οἶος τῶν ἐμῶν μηδενὶ ἄλλῳ πείθεσθαι ἢ τῷ λόγῳ ὃς ἂν μοι λογιζομένῳ βέλτιστος φαίνεται. τοὺς δὴ λόγους οὕς ἐν τῷ ἔμπροσθεν ἔλεγον οὐ δύναμαι νῦν ἐκβαλεῖν, ἐπειδὴ μοι ἤδε ἡ τύχη γέγονεν, ἀλλὰ σχεδὸν τι ὅμοιοι φαίνονται μοι, [46c] καὶ τοὺς αὐτοὺς πρεσβεύω καὶ τιμῶ οὐσπερ καὶ πρότερον· ὦν ἔαν μὴ βελτίῳ ἔχωμεν λέγειν ἐν τῷ παρόντι, εὖ ἴσθι ὅτι οὐ μὴ σοι συγχωρήσω, οὐδ' ἂν πλείω τῶν νῦν παρόντων ἢ τῶν πολλῶν δύναμις ὥσπερ παῖδας ἡμᾶς μορμολύττηται, δεσμοὺς καὶ θανάτους ἐπιπέμπουσα καὶ χρημάτων ἀφαιρέσεις. πῶς οὖν ἂν μετριώτατα σκοποίμεθα αὐτά; εἰ πρῶτον μὲν τοῦτον τὸν λόγον ἀναλάβοιμεν, ὃν σὺ λέγεις περὶ τῶν δοξῶν. πρότερον καλῶς ἐλέγετο ἐκάστοτε ἢ οὐ, [46d] ὅτι ταῖς μὲν δεῖ τῶν δοξῶν προσέχειν τὸν νοῦν, ταῖς δὲ οὐ; ἢ πρὶν μὲν ἐμὲ δεῖν ἀποθνήσκειν καλῶς ἐλέγετο, νῦν δὲ κατάδηλος ἄρα ἐγένετο ὅτι ἄλλως ἔνεκα λόγου ἐλέγετο, ἣν δὲ παιδιὰ καὶ φλυαρία ὥς ἀληθῶς; ἐπιθυμῶ δ' ἔγωγ' ἐπισκέψασθαι, ὦ Κρίτων, κοινῇ μετὰ σοῦ εἰ τί μοι ἀλλοιότερος φανεῖται, ἐπειδὴ ὧδε ἔχω, ἢ ὁ αὐτός, καὶ ἐάσομεν χαίρειν ἢ πεισόμεθα αὐτῷ. ἐλέγετο δέ πως, ὥς ἐγὼμαι, ἐκάστοτε ὧδε ὑπὸ τῶν οἰομένων τί λέγειν, ὥσπερ νυνδὴ ἐγὼ ἔλεγον, ὅτι τῶν δοξῶν ἅς οἱ ἄνθρωποι [46e] δοξάζουσιν δέοι τὰς μὲν περὶ πολλοῦ ποιεῖσθαι, τὰς δὲ μή. τοῦτο πρὸς θεῶν, ὦ Κρίτων, οὐ δοκεῖ καλῶς σοὶ λέγεσθαι; — σὺ γάρ, ὅσα γε τὰνθρώπεια, ἐκτὸς εἰ τοῦ μέλλειν ἀποθνήσκειν [47a] αὔριον, καὶ οὐκ ἂν σὲ παρακρούοι ἢ παροῦσα συμφορά· σκοπεῖ δὴ — οὐχ ἱκανῶς δοκεῖ σοὶ λέγεσθαι ὅτι οὐ πάσας χρή τὰς δόξας τῶν ἀνθρώπων τιμᾶν ἀλλὰ τὰς μὲν, τὰς δ' οὐ, οὐδὲ πάντων ἀλλὰ τῶν μὲν, τῶν δ' οὐ; τί φήεις; ταῦτα οὐχὶ καλῶς

λέγεται;

Κρίτων

καλῶς.

Σωκράτης

οὐκοῦν τὰς μὲν χρηστὰς τιμᾶν, τὰς δὲ πονηρὰς μὴ;

Κρίτων

ναί.

Σωκράτης

χρησταὶ δὲ οὐχ αἱ τῶν φρονίμων, πονηραὶ δὲ αἱ τῶν ἀφρόνων;

Κρίτων

πῶς δ' οὔ;

Σωκράτης

φέρε δὴ, πῶς αὖ τὰ τοιαῦτα ἐλέγετο; γυμναζόμενος [47b] ἀνὴρ καὶ τοῦτο πράττων πότερον παντὸς ἀνδρὸς ἐπαίνῳ καὶ ψόγῳ καὶ δόξῃ τὸν νοῦν προσέχει, ἢ ἐνὸς μόνου ἐκείνου ὃς ἂν τυγχάνῃ ἰατρὸς ἢ παιδοτρίβης ὢν;

Κρίτων

ἐνὸς μόνου.

Σωκράτης

οὐκοῦν φοβεῖσθαι χρὴ τοὺς ψόγους καὶ ἀσπάζεσθαι τοὺς ἐπαίνους τοὺς τοῦ ἐνὸς ἐκείνου ἀλλὰ μὴ τοὺς τῶν πολλῶν.

Κρίτων

δῆλα δὴ.

Σωκράτης

ταύτη ἄρα αὐτῷ πρακτέον καὶ γυμναστέον καὶ ἐδεστέον γε καὶ ποτέον, ἢ ἂν τῷ ἐνὶ δοκῇ, τῷ ἐπιστάτῃ καὶ ἐπαΐοντι, μᾶλλον ἢ ἢ σύμπασι τοῖς ἄλλοις.

Κρίτων

ἔστι ταῦτα.

Σωκράτης

[47c] εἶεν. ἀπειθήσας δὲ τῷ ἐνὶ καὶ ἀτιμάσας αὐτοῦ τὴν δόξαν καὶ τοὺς ἐπαίνους, τιμήσας δὲ τοὺς τῶν πολλῶν [λόγους] καὶ μηδὲν ἐπαΐόντων, ἄρα οὐδὲν κακὸν πείσεται;

Κρίτων

πῶς γὰρ οὔ;

Σωκράτης

τί δ' ἔστι τὸ κακὸν τοῦτο, καὶ ποῖ τείνει, καὶ εἰς τί τῶν τοῦ ἀπειθοῦντος;

Κρίτων

δηλὸν ὅτι εἰς τὸ σῶμα· τοῦτο γὰρ διόλλυσι.

Σωκράτης

καλῶς λέγεις. οὐκοῦν καὶ τᾶλλα, ὃ Κρίτων, οὔτως, ἵνα μὴ πάντα διΐωμεν, καὶ δὴ καὶ περὶ τῶν δικαίων καὶ ἀδίκων καὶ αἰσχροῶν καὶ καλῶν καὶ ἀγαθῶν καὶ κακῶν, περὶ ὧν νῦν ἡ βουλή ἡμῖν ἐστίν, πότερον τῇ τῶν πολλῶν δόξῃ [47d] δεῖ ἡμᾶς ἔπεσθαι καὶ φοβεῖσθαι αὐτήν ἢ τῇ τοῦ ἐνός, εἴ τίς ἐστίν ἐπαῖων, ὃν δεῖ καὶ αἰσχύνεσθαι καὶ φοβεῖσθαι μᾶλλον ἢ σύμπαντας τοὺς ἄλλους; ὃ εἰ μὴ ἀκολουθήσομεν, διαφθεροῦμεν ἐκεῖνο καὶ λωβησόμεθα, ὃ τῷ μὲν δικαίῳ βέλτιον ἐγίγνετο τῷ δὲ ἀδίκῳ ἀπώλλυτο. ἢ οὐδὲν ἐστὶ τοῦτο;

Κρίτων

οἶμαι ἔγωγε, ὃ Σώκρατες.

Σωκράτης

φέρει δὴ, ἐὰν τὸ ὑπὸ τοῦ ὑγιεινοῦ μὲν βέλτιον γιγνόμενον, ὑπὸ τοῦ νοσώδους δὲ διαφθειρόμενον διολέσωμεν πειθόμενοι μὴ τῇ τῶν ἐπαϊόντων δόξῃ, ἄρα βιωτὸν ἡμῖν ἐστὶν [47e] διεφθαρμένου αὐτοῦ; ἔστι δέ που τοῦτο σῶμα· ἢ οὐχί;

Κρίτων

ναί.

Σωκράτης

ἄρ' οὖν βιωτὸν ἡμῖν ἐστὶν μετὰ μοχθηροῦ καὶ διεφθαρμένου σώματος;

Κρίτων

οὐδαμῶς.

Σωκράτης

ἀλλὰ μετ' ἐκείνου ἄρ' ἡμῖν βιωτὸν διεφθαρμένου, ὃ τὸ ἄδικον μὲν λωβᾶται, τὸ δὲ δίκαιον ὀνίνησιν; ἢ φαυλότερον ἡγούμεθα εἶναι τοῦ σώματος ἐκεῖνο, ὅτι ποτ' ἐστὶ τῶν [48a] ἡμετέρων, περὶ ὃ ἢ τε ἀδικία καὶ ἡ δικαιοσύνη ἐστίν;

Κρίτων

οὐδαμῶς.

Σωκράτης

ἀλλὰ τιμώτερον;

Κρίτων

πολύ γε.

Σωκράτης

οὐκ ἄρα, ὃ βέλτιστε, πάνυ ἡμῖν οὕτω φροντιστέον τί ἐροῦσιν οἱ πολλοὶ ἡμᾶς, ἀλλ' ὅτι ὁ ἐπαῖων περὶ τῶν δικαίων καὶ ἀδίκων, ὁ εἷς

καὶ αὐτὴ ἡ ἀλήθεια. ὥστε πρῶτον μὲν ταύτῃ οὐκ ὀρθῶς εἰσηγῆ, εἰσηγούμενος τῆς τῶν πολλῶν δόξης δεῖν ἡμᾶς φροντίζειν περὶ τῶν δικαίων καὶ καλῶν καὶ ἀγαθῶν καὶ τῶν ἐναντίων. “ἀλλὰ μὲν δὴ”, φαίη γ’ ἂν τις, “οἷοί τέ εἰσιν ἡμᾶς οἱ πολλοὶ ἀποκτείνονται”.

Κρίτων

[48b] δῆλα δὴ καὶ ταῦτα· φαίη γὰρ ἂν, ὦ Σώκρατες. ἀληθῆ λέγεις.

Σωκράτης

ἀλλ’, ὦ θαυμάσιε, οὗτός τε ὁ λόγος ὃν διεληλύθαμεν ἔμοιγε δοκεῖ ἔτι ὁμοῖος εἶναι καὶ πρότερον· καὶ τόνδε δὲ αὖ σκοπεῖ εἰ ἔτι μένει ἡμῖν ἢ οὐ, ὅτι οὐ τὸ ζῆν περὶ πλείστου ποιητέον ἀλλὰ τὸ εὖ ζῆν.

Κρίτων

ἀλλὰ μένει.

Σωκράτης

τὸ δὲ εὖ καὶ καλῶς καὶ δικαίως ὅτι ταυτόν ἐστιν, μένει ἢ οὐ μένει;

Κρίτων

μένει.

Σωκράτης

οὐκοῦν ἐκ τῶν ὁμολογουμένων τοῦτο σκεπτέον, πότερον δίκαιον ἐμὲ ἐνθένδε πειρᾶσθαι ἐξιέναι μὴ ἀφιέντων [48c] Ἀθηναίων ἢ οὐ δίκαιον· καὶ ἐὰν μὲν φαίνεται δίκαιον, πειρώμεθα, εἰ δὲ μή, ἐῷμεν. ἄς δὲ σὺ λέγεις τὰς σκέψεις περὶ τε ἀναλώσεως χρημάτων καὶ δόξης καὶ παίδων τροφῆς, μὴ ὥς ἀληθῶς ταῦτα, ὦ Κρίτων, σκέμματα ἢ τῶν ῥαδίως ἀποκτείνοντων καὶ ἀναβιωσκομένων γ’ ἂν, εἰ οἷοί τ’ ἦσαν, οὐδενὶ ξὺν νῷ, τούτων τῶν πολλῶν. ἡμῖν δ’, ἐπειδὴ ὁ λόγος οὕτως αἰρεῖ, μὴ οὐδὲν ἄλλο σκεπτέον ἢ ἢ ὅπερ νυνδὴ ἐλέγομεν, πότερον δίκαια πράξομεν καὶ χρήματα τελοῦντες τούτοις [48d] τοῖς ἐμὲ ἐνθένδε ἐξάξουσιν καὶ χάριτας, καὶ αὐτοὶ ἐξάγοντές τε καὶ ἐξαγόμενοι, ἢ τῇ ἀληθείᾳ ἀδικήσομεν πάντα ταῦτα ποιοῦντες· κἂν φαινώμεθα ἄδικα αὐτὰ ἐργαζόμενοι, μὴ οὐ δέη ὑπολογίζεσθαι οὗτ’ εἰ

ἀποθνήσκειν δεῖ παραμένοντας καὶ ἡσυχίαν ἄγοντας, οὔτε ἄλλο ὅτιοῦν πάσχειν πρὸ τοῦ ἀδικεῖν.

Κρίτων

καλῶς μὲν μοι δοκεῖς λέγειν, ὦ Σώκρατες, ὅρα δὲ τί δρῶμεν.

Σωκράτης

σκοπῶμεν, ὦ ἀγαθέ, κοινῇ, καὶ εἴ πη ἔχεις ἀντιλέγειν [48e] ἐμοῦ λέγοντος, ἀντίλεγε καὶ σοι πείσομαι· εἰ δὲ μή, παῦσαι ἤδη, ὦ μακάριε, πολλάκις μοι λέγων τὸν αὐτὸν λόγον, ὥς χρὴ ἐνθένδε ἀκόντων Ἀθηναίων ἐμὲ ἀπιέναι· ὥς ἐγὼ περὶ πολλοῦ ποιῶμαι πείσας σε ταῦτα πράττειν, ἀλλὰ μὴ ἄκοντος. ὅρα δὲ δὴ τῆς σκέψεως τὴν ἀρχὴν ἐάν σοι [49a] ἱκανῶς λέγηται, καὶ πειρῶ ἀποκρίνεσθαι τὸ ἐρωτώμενον ἢ ἂν μάλιστα οἷη.

Κρίτων

ἀλλὰ πειράσομαι.

Σωκράτης

οὐδενὶ τρόπῳ φαμὲν ἐκόντας ἀδικητέον εἶναι, ἢ τινὶ μὲν ἀδικητέον τρόπῳ τινὶ δὲ οὐ; ἢ οὐδαμῶς τό γε ἀδικεῖν οὔτε ἀγαθὸν οὔτε καλόν, ὥς πολλάκις ἡμῖν καὶ ἐν τῷ ἔμπροσθεν χρόνῳ ὠμολογήθη; [ὅπερ καὶ ἄρτι ἐλέγετο] ἢ πᾶσαι ἡμῖν ἐκεῖναι αἱ πρόσθεν ὁμολογίαι ἐν ταῖς οὐλίαις ἡμέραις ἐκκεχυμέναι εἰσίν, καὶ πάλαι, ὦ Κρίτων, ἄρα τηλικοῖδε [γέροντες] ἄνδρες πρὸς ἀλλήλους σπουδῇ διαλεγόμενοι [49b] ἐλάθομεν ἡμᾶς αὐτοὺς παίδων οὐδὲν διαφέροντες; ἢ παντὸς μᾶλλον οὕτως ἔχει ὥσπερ τότε ἐλέγετο ἡμῖν· εἴτε φασὶν οἱ πολλοὶ εἴτε μή, καὶ εἴτε δεῖ ἡμᾶς ἔτι τῶνδε χαλεπώτερα πάσχειν εἴτε καὶ πραότερα, ὅμως τό γε ἀδικεῖν τῷ ἀδικοῦντι καὶ κακὸν καὶ αἰσχρὸν τυγχάνει ὃν παντὶ τρόπῳ; φαμὲν ἢ οὐ;

Κρίτων

φαμέν.

Σωκράτης

οὐδαμῶς ἄρα δεῖ ἀδικεῖν.

Κρίτων

οὐ δῆτα.

Σωκράτης

οὐδὲ ἀδικούμενον ἄρα ἀνταδικεῖν, ὥς οἱ πολλοὶ οἴονται, ἐπειδὴ γε οὐδαμῶς δεῖ ἀδικεῖν.

Κρίτων

[49c] οὐ φαίνεται.

Σωκράτης

τί δὲ δῆ; κακουργεῖν δεῖ, ὦ Κρίτων, ἢ οὐ;

Κρίτων

οὐ δεῖ δῆπου, ὦ Σώκρατες.

Σωκράτης

τί δέ; ἀντικακουργεῖν κακῶς πάσχοντα, ὥς οἱ πολλοὶ φασιν, δίκαιον ἢ οὐ δίκαιον;

Κρίτων

οὐδαμῶς.

Σωκράτης

τὸ γάρ που κακῶς ποιεῖν ἀνθρώπους τοῦ ἀδικεῖν οὐδὲν διαφέρει.

Κρίτων

ἀληθῆ λέγεις.

Σωκράτης

οὔτε ἄρα ἀνταδικεῖν δεῖ οὔτε κακῶς ποιεῖν οὐδένα ἀνθρώπων, οὐδ' ἂν ὅτιοῦν πάσῃ ὑπ' αὐτῶν. καὶ ὅρα, ὦ [49d] Κρίτων, ταῦτα

καθομολογῶν, ὅπως μὴ παρὰ δόξαν ὁμολογῇς· οἶδα γὰρ ὅτι ὀλίγοις
τισὶ ταῦτα καὶ δοκεῖ καὶ δόξει. οἷς οὖν οὕτω δέδοκται καὶ οἷς μὴ,
τούτοις οὐκ ἔστι κοινὴ βουλή, ἀλλὰ ἀνάγκη τούτους ἀλλήλων
καταφρονεῖν ὀρῶντας ἀλλήλων τὰ βουλευόμενα. σκόπει δὴ οὖν καὶ
σὺ εὖ μάλα πότερον κοινωνεῖς καὶ συνδοκεῖ σοι καὶ ἀρχώμεθα
ἐντεῦθεν βουλευόμενοι, ὥς οὐδέποτε ὀρθῶς ἔχοντος οὔτε τοῦ
ἀδικεῖν οὔτε τοῦ ἀνταδικεῖν οὔτε κακῶς πάσχοντα ἀμύνεσθαι
ἀντιδρῶντα κακῶς, ἢ ἀφίστασαι καὶ οὐ κοινωνεῖς τῆς ἀρχῆς; [49e]
ἐμοὶ μὲν γὰρ καὶ πάλαι οὕτω καὶ νῦν ἔτι δοκεῖ, σοὶ δὲ εἴ πῃ ἄλλη
δέδοκται, λέγε καὶ δίδασκε. εἰ δ' ἐμμένεις τοῖς πρόσθε, τὸ μετὰ τοῦτο
ἄκουε.

Κρίτων

ἀλλ' ἐμμένω τε καὶ συνδοκεῖ μοι· ἀλλὰ λέγε.

Σωκράτης

λέγω δὴ αὖ τὸ μετὰ τοῦτο, μᾶλλον δ' ἐρωτῶ· πότερον ἂ ἂν τις
ὁμολογήσῃ τῷ δίκαια ὄντα ποιητέον ἢ ἐξαπατητέον;

Κρίτων

ποιητέον.

Σωκράτης

ἐκ τούτων δὴ ἄθρει. ἀπιδόντες ἐνθὲνδε ἡμεῖς μὴ [50a] πείσαντες τὴν
πόλιν πότερον κακῶς τινὰς ποιοῦμεν, καὶ ταῦτα οὐς ἤκιστα δεῖ, ἢ οὐ;
καὶ ἐμμένομεν οἷς ὁμολογήσαμεν δικαίοις οὖσιν ἢ οὐ;

Κρίτων

οὐκ ἔχω, ὦ Σώκρατες, ἀποκρίνασθαι πρὸς ὃ ἐρωτᾷς· οὐ γὰρ ἐννοῶ.

Σωκράτης

ἀλλ' ὧδε σκόπει. εἰ μέλλουσιν ἡμῖν ἐνθὲνδε εἶτε ἀποδιδράσκειν, εἴθ'
ὅπως δεῖ ὀνομάσαι τοῦτο, ἐλθόντες οἱ νόμοι καὶ τὸ κοινὸν τῆς
πόλεως ἐπιστάντες ἔροιντο· “εἰπέ μοι, ὦ Σώκρατες, τί ἐν νῷ ἔχεις
ποιεῖν; ἄλλο τι ἢ τούτῳ [50b] τῷ ἔργῳ ᾧ ἐπιχειρεῖς διανοῇ τούς τε

νόμους ἡμᾶς ἀπολέσαι καὶ σύμπασαν τὴν πόλιν τὸ σὸν μέρος; ἢ δοκεῖ σοι οἷόν τε ἔτι ἐκείνην τὴν πόλιν εἶναι καὶ μὴ ἀνατετράφθαι, ἐν ἧ ἂν αἱ γενόμεναι δίκαι μηδὲν ἰσχύωσιν ἀλλὰ ὑπὸ ἰδιωτῶν ἄκυροί τε γίνωνται καὶ διαφθείρωνται;” τί ἐροῦμεν, ὦ Κρίτων, πρὸς ταῦτα καὶ ἄλλα τοιαῦτα; πολλὰ γὰρ ἂν τις ἔχῃ, ἄλλως τε καὶ ῥήτωρ, εἰπεῖν ὑπὲρ τούτου τοῦ νόμου ἀπολλυμένου ὃς τὰς δίκας τὰς δικασθείσας προστάττει κυρίας εἶναι. [50c] ἢ ἐροῦμεν πρὸς αὐτοὺς ὅτι “ἡδίκηι γὰρ ἡμᾶς ἢ πόλις καὶ οὐκ ὀρθῶς τὴν δίκην ἔκρινεν;” ταῦτα ἢ τί ἐροῦμεν;

Κρίτων

ταῦτα νῆ Δία, ὦ Σώκρατες.

Σωκράτης

τί οὖν ἂν εἴπωσιν οἱ νόμοι· “ὦ Σώκρατες, ἢ καὶ ταῦτα ὁμολόγητο ἡμῖν τε καὶ σοί, ἢ ἐμμενεῖν ταῖς δίκαις αἷς ἂν ἢ πόλις δικάζη;” εἰ οὖν αὐτῶν θαυμάζοιμεν λεγόντων, ἴσως ἂν εἶποιεν ὅτι “ὦ Σώκρατες, μὴ θαύμαζε τὰ λεγόμενα ἀλλ’ ἀποκρίνου, ἐπεὶδὴ καὶ εἴωθας χρῆσθαι τῷ ἐρωτᾷν τε καὶ ἀποκρίνεσθαι. φέρε γάρ, τί ἐγκαλῶν [50d] ἡμῖν καὶ τῇ πόλει ἐπιχειρεῖς ἡμᾶς ἀπολλύναι; οὐ πρῶτον μὲν σε ἐγεννήσαμεν ἡμεῖς, καὶ δι’ ἡμῶν ἔλαβε τὴν μητέρα σου ὁ πατήρ καὶ ἐφύτευσέν σε; φράσον οὖν, τούτοις ἡμῶν, τοῖς νόμοις τοῖς περὶ τοὺς γάμους, μέμφῃ τι ὥς οὐ καλῶς ἔχουσιν;” “οὐ μέφομαι”, φαίην ἄν. “ἀλλὰ τοῖς περὶ τὴν τοῦ γενομένου τροφήν τε καὶ παιδείαν ἐν ἧ καὶ σὺ ἐπαιδεύθης; ἢ οὐ καλῶς προσέταττον ἡμῶν οἱ ἐπὶ τούτῳ τεταγμένοι νόμοι, παραγγέλλοντες τῷ πατρὶ τῷ σῷ σε ἐν [50e] μουσικῇ καὶ γυμναστικῇ παιδεύειν;” “καλῶς”, φαίην ἄν. “εἶεν. ἐπεὶδὴ δὲ ἐγένου τε καὶ ἐξετράφης καὶ ἐπαιδεύθης, ἔχῃς ἂν εἰπεῖν πρῶτον μὲν ὥς οὐχὶ ἡμέτερος ἦσθα καὶ ἔκγονος καὶ δοῦλος, αὐτός τε καὶ οἱ σοὶ πρόγονοι; καὶ εἰ τοῦθ’ οὕτως ἔχει, ἅρ’ ἐξ ἴσου οἶε εἶναι σοὶ τὸ δίκαιον καὶ ἡμῖν, καὶ ἅττ’ ἂν ἡμεῖς σε ἐπιχειρῶμεν ποιεῖν, καὶ σοὶ ταῦτα ἀντιποιεῖν οἶε δίκαιον εἶναι; ἢ πρὸς μὲν ἄρα σοὶ τὸν πατέρα οὐκ ἐξ ἴσου ἦν τὸ δίκαιον καὶ πρὸς δεσπότην, εἰ σοὶ ὢν ἐτύγχανεν, ὥστε ἄπερ πάσχοις ταῦτα καὶ ἀντιποιεῖν, οὔτε κακῶς ἀκούοντα [51a] ἀντιλέγειν οὔτε τυπτόμενον ἀντιτύπτειν οὔτε ἄλλα τοιαῦτα πολλὰ· πρὸς δὲ τὴν πατρίδα ἄρα καὶ τοὺς νόμους ἐξέσται σοι, ὥστε, ἐάν σε

ἐπιχειρῶμεν ἡμεῖς ἀπολλύναι δίκαιον ἡγούμενοι εἶναι, καὶ σὺ δὲ ἡμᾶς τοὺς νόμους καὶ τὴν πατρίδα καθ' ὅσον δύνασαι ἐπιχειρήσεις ἀνταπολλύναι, καὶ φήσεις ταῦτα ποιῶν δίκαια πράττειν, ὁ τῇ ἀληθείᾳ τῆς ἀρετῆς ἐπιμελόμενος; ἢ οὕτως εἴ σοφὸς ὥστε λέληθέν σε ὅτι μητρός τε καὶ πατρὸς καὶ τῶν ἄλλων προγόνων ἀπάντων τιμιώτερόν ἐστιν πατρίς καὶ σεμνότερον καὶ ἀγιώτερον [51b] καὶ ἐν μείζονι μοῖρα καὶ παρὰ θεοῖς καὶ παρ' ἀνθρώποις τοῖς νοῦν ἔχουσι, καὶ σέβεσθαι δεῖ καὶ μᾶλλον ὑπεῖκειν καὶ θωπεύειν πατρίδα χαλεπαίνουσαν ἢ πατέρα, καὶ ἢ πείθειν ἢ ποιεῖν ἃ ἂν κελεύῃ, καὶ πάσχειν ἔάν τι προστάτῃ παθεῖν ἡσυχίαν ἄγοντα, ἔάντε τύπτεσθαι ἔάντε δεῖσθαι, ἔάντε εἰς πόλεμον ἄγῃ τρωθησόμενον ἢ ἀποθανούμενον, ποιητέον ταῦτα, καὶ τὸ δίκαιον οὕτως ἔχει, καὶ οὐχὶ ὑπεικτέον οὐδὲ ἀναχωρητέον οὐδὲ λειπτέον τὴν τάξιν, ἀλλὰ καὶ ἐν πολέμῳ καὶ ἐν δικαστηρίῳ καὶ πανταχοῦ ποιητέον ἃ ἂν κελεύῃ ἢ [51c] πόλις καὶ ἢ πατρίς, ἢ πείθειν αὐτὴν ἢ τὸ δίκαιον πέφυκε· βιάζεσθαι δὲ οὐχ ὅσιον οὔτε μητέρα οὔτε πατέρα, πολὺ δὲ τούτων ἔτι ἥττον τὴν πατρίδα;” τί φήσομεν πρὸς ταῦτα, ὦ Κρίτων; ἀληθῆ λέγειν τοὺς νόμους ἢ οὐ;

Κρίτων

ἔμοιγε δοκεῖ.

Σωκράτης

“σκόπει τοίνυν, ὦ Σώκρατες”, φαῖεν ἂν ἴσως οἱ νόμοι, “εἰ ἡμεῖς ταῦτα ἀληθῆ λέγομεν, ὅτι οὐ δίκαια ἡμᾶς ἐπιχειρεῖς δρᾶν ἃ νῦν ἐπιχειρεῖς. ἡμεῖς γάρ σε γεννήσαντες, ἐκθρέψαντες, παιδεύσαντες, μεταδόντες ἀπάντων ὧν οἰοί τ' [51d] ἤμεν καλῶν σοὶ καὶ τοῖς ἄλλοις πᾶσιν πολίταις, ὅμως προαγορεύομεν τῷ ἐξουσίαν πεποιηκέναι Ἀθηναίων τῷ βουλομένῳ, ἐπειδὴν δοκιμασθῇ καὶ ἴδῃ τὰ ἐν τῇ πόλει πράγματα καὶ ἡμᾶς τοὺς νόμους, ὧς ἂν μὴ ἀρέσκωμεν ἡμεῖς, ἐξεῖναι λαβόντα τὰ αὐτοῦ ἀπιέναι ὅποι ἂν βούληται. καὶ οὐδεὶς ἡμῶν τῶν νόμων ἐμποδὼν ἐστὶν οὐδ' ἀπαγορεύει, ἔάντε τις βούληται ὑμῶν εἰς ἀποικίαν ἰέναι, εἰ μὴ ἀρέσκοιμεν ἡμεῖς τε καὶ ἡ πόλις, ἔάντε μετοικεῖν ἄλλοσέ ποι ἐλθών, ἰέναι ἐκεῖσε ὅποι [51e] ἂν βούληται, ἔχοντα τὰ αὐτοῦ. ὅς δ' ἂν ὑμῶν παραμείνῃ, ὁρῶν ὃν τρόπον ἡμεῖς τάς τε δίκας δικάζομεν καὶ ἄλλα τὴν πόλιν διοικοῦμεν, ἤδη φαρμέν

τοῦτον ὁμολογηκέναι ἔργῳ ἡμῖν ἃ ἂν ἡμεῖς κελεύωμεν ποιήσῃν ταῦτα, καὶ τὸν μὴ πειθόμενον τριχῇ φαμεν ἀδικεῖν, ὅτι τε γεννηταῖς οὕσιν ἡμῖν οὐ πείθεται, καὶ ὅτι τροφεῦσι, καὶ ὅτι ὁμολογήσας ἡμῖν πείσεσθαι οὔτε πείθεται οὔτε πείθει ἡμᾶς, εἰ μὴ καλῶς τι ποιοῦμεν, [52a] προτιθέντων ἡμῶν καὶ οὐκ ἀγρίως ἐπιταττόντων ποιεῖν ἃ ἂν κελεύωμεν, ἀλλὰ ἐφιέντων δυοῖν θάτερα, ἢ πείθειν ἡμᾶς ἢ ποιεῖν, τούτων οὐδέτερα ποιεῖ. ταύταις δὴ φαμεν καὶ σέ, ὦ Σώκρατες, ταῖς αἰτίαις ἐνέξεσθαι, εἴπερ ποιήσεις ἃ ἐπινοεῖς, καὶ οὐχ ἥκιστα Ἀθηναίων σέ, ἀλλ' ἐν τοῖς μάλιστα". εἰ οὖν ἐγὼ εἵπομι· "διὰ τί δή;" ἴσως ἂν μου δικαίως καθάπτοιτο λέγοντες ὅτι ἐν τοῖς μάλιστα Ἀθηναίων ἐγὼ αὐτοῖς ὁμολογηκῶς τυγχάνω ταύτην τὴν ὁμολογίαν. φαῖεν γὰρ ἂν ὅτι [52b] "ὦ Σώκρατες, μεγάλα ἡμῖν τούτων τεκμήριά ἐστιν, ὅτι σοι καὶ ἡμεῖς ἡρέσκομεν καὶ ἡ πόλις· οὐ γὰρ ἂν ποτε τῶν ἄλλων Ἀθηναίων ἀπάντων διαφερόντως ἐν αὐτῇ ἐπεδήμεις εἰ μὴ σοι διαφερόντως ἦρεσκεν, καὶ οὐτ' ἐπὶ θεωρίαν πώποτ' ἐκ τῆς πόλεως ἐξῆλθες, ὅτι μὴ ἅπαξ εἰς Ἴσθμόν, οὔτε ἄλλοσε οὐδαμόσε, εἰ μὴ ποι στρατευσόμενος, οὔτε ἄλλην ἀποδημίαν ἐποιήσω πώποτε ὥσπερ οἱ ἄλλοι ἄνθρωποι, οὐδ' ἐπιθυμία σε ἄλλης πόλεως οὐδὲ ἄλλων νόμων ἔλαβεν εἰδέναι, ἀλλὰ ἡμεῖς [52c] σοι ἱκανοὶ ἦμεν καὶ ἡ ἡμετέρα πόλις· οὕτω σφόδρα ἡμᾶς ἡροῦ καὶ ὁμολόγεις καθ' ἡμᾶς πολιτεύσεσθαι, τά τε ἄλλα καὶ παῖδας ἐν αὐτῇ ἐποιήσω, ὥς ἀρεσκούσης σοι τῆς πόλεως. ἔτι τοίνυν ἐν αὐτῇ τῇ δίκῃ ἐξῆν σοι φυγῆς τιμήσασθαι εἰ ἐβούλου, καὶ ὅπερ νῦν ἀκούσης τῆς πόλεως ἐπιχειρεῖς, τότε ἐκούσης ποιῆσαι. σὺ δὲ τότε μὲν ἐκαλλωπίζου ὥς οὐκ ἀγανακτῶν εἰ δέοι τεθνάναι σε, ἀλλὰ ἡροῦ, ὥς ἔφησθα, πρὸ τῆς φυγῆς θάνατον· νῦν δὲ οὐτ' ἐκείνους τοὺς λόγους αἰσχύνῃ, οὔτε ἡμῶν τῶν νόμων ἐντρέπῃ, ἐπιχειρῶν διαφθεῖραι, πράττεις [52d] τε ἅπερ ἂν δοῦλος ὁ φανλότετος πράξειεν, ἀποδιδράσκειν ἐπιχειρῶν παρὰ τὰς συνθήκας τε καὶ τὰς ὁμολογίας καθ' ἃς ἡμῖν συνέθου πολιτεύεσθαι. πρῶτον μὲν οὖν ἡμῖν τοῦτ' αὐτὸ ἀπόκριναι, εἰ ἀληθῆ λέγομεν φάσκοντές σε ὁμολογηκέναι πολιτεύσεσθαι καθ' ἡμᾶς ἔργῳ ἀλλ' οὐ λόγῳ, ἢ οὐκ ἀληθῆ". τί φῶμεν πρὸς ταῦτα, ὦ Κρίτων; ἄλλο τι ἢ ὁμολογῶμεν;

Κρίτων

ἀνάγκη, ὦ Σώκρατες.

Σωκράτης

“ἄλλο τι οὖν”, ἂν φαῖεν, “ἡ συνθήκας τὰς πρὸς [52e] ἡμᾶς αὐτοὺς καὶ ὁμολογίας παραβαίνεις, οὐχ ὑπὸ ἀνάγκης ὁμολογήσας οὐδὲ ἀπατηθεὶς οὐδὲ ἐν ὀλίγῳ χρόνῳ ἀναγκασθεὶς βουλευέσασθαι, ἀλλ’ ἐν ἔτεσιν ἐβδομήκοντα, ἐν οἷς ἐξῆν σοι ἀπιέναι, εἰ μὴ ἡρέσκομεν ἡμεῖς μηδὲ δίκαιαι ἐφαίνοντό σοι αἱ ὁμολογίαι εἶναι. σὺ δὲ οὔτε Λακεδαιμόνα προηροῦ οὔτε Κρήτην, ἃς δὴ ἐκάστοτε φῆς εὐνομεῖσθαι, οὔτε ἄλλην οὐδεμίαν [53a] τῶν Ἑλληνίδων πόλεων οὐδὲ τῶν βαρβαρικῶν, ἀλλὰ ἐλάττω ἐξ αὐτῆς ἀπεδήμησας ἢ οἱ χωλοὶ τε καὶ τυφλοὶ καὶ οἱ ἄλλοι ἀνάπηροι· οὕτω σοι διαφερόντως τῶν ἄλλων Ἀθηναίων ἡρεσκεν ἡ πόλις τε καὶ ἡμεῖς οἱ νόμοι δῆλον ὅτι· τίни γὰρ ἂν πόλις ἀρέσκοι ἄνευ νόμων; νῦν δὲ δὴ οὐκ ἐμμενεῖς τοῖς ὁμολογημένοις; ἐὰν ἡμῖν γε πείθῃ, ὦ Σώκρατες· καὶ οὐ καταγέλαστός γε ἔσῃ ἐκ τῆς πόλεως ἐξελθών.

“σκόπει γὰρ δὴ, ταῦτα παραβὰς καὶ ἐξαμαρτάνων τι τούτων τί ἀγαθὸν ἐργάσῃ σαυτὸν ἢ τοὺς ἐπιτηδείους τοὺς [53b] σαυτοῦ. ὅτι μὲν γὰρ κινδυνεύουσὶ γέ σου οἱ ἐπιτήδαιοι καὶ αὐτοὶ φεύγειν καὶ στερηθῆναι τῆς πόλεως ἢ τὴν οὐσίαν ἀπολέσαι, σχεδόν τι δῆλον· αὐτὸς δὲ πρῶτον μὲν ἐὰν εἰς τῶν ἐγγύτατά τινα πόλεων ἔλθῃς, ἢ Θήβαζε ἢ Μέγαράδε — εὐνομοῦνται γὰρ ἀμφοτέραι — πολέμιος ἦξεις, ὦ Σώκρατες, τῇ τούτων πολιτείᾳ, καὶ ὅσοιπερ κήδονται τῶν αὐτῶν πόλεων ὑποβλέψονται σε διαφθορέα ἡγούμενοι τῶν νόμων, καὶ βεβαιώσεις τοῖς δικασταῖς τὴν δόξαν, ὥστε δοκεῖν ὀρθῶς τὴν [53c] δίκην δικάσαι· ὅστις γὰρ νόμων διαφθορεὺς ἐστὶν σφόδρα πονηρὸς δόξειεν ἂν νέων γε καὶ ἀνοήτων ἀνθρώπων διαφθορεὺς εἶναι. πότερον οὖν φεύξῃ τὰς τε εὐνομουμένας πόλεις καὶ τῶν ἀνδρῶν τοὺς κοσμιωτάτους; καὶ τοῦτο ποιοῦντι ἄρα ἄξιόν σοι ζῆν ἔσται; ἢ πλησιάζεις τούτοις καὶ ἀναισχυντήσεις διαλεγόμενος — τίνας λόγους, ὦ Σώκρατες; ἢ οὐσπερ ἐνθάδε, ὡς ἡ ἀρετὴ καὶ ἡ δικαιοσύνη πλείστου ἄξιον τοῖς ἀνθρώποις καὶ τὰ νόμιμα καὶ οἱ νόμοι; καὶ οὐκ οἶμι ἄσχημον [ἂν] [53d] φανεῖσθαι τὸ τοῦ Σωκράτους πρᾶγμα; οἶεσθαί γε χρή. ἀλλ’ ἐκ μὲν τούτων τῶν τρόπων ἀπαρεῖς, ἦξεις δὲ εἰς Θετταλίαν παρὰ τοὺς ξένους τοὺς Κρίτωνος; ἐκεῖ γὰρ δὴ πλείστη ἀταξία καὶ ἀκολασία, καὶ ἴσως ἂν ἡδέως σου ἀκούοιεν ὡς γελοίως ἐκ τοῦ δεσμοτηρίου ἀπεδίδρασκες σκευὴν τέ τινα περιθέμενος, ἢ

διφθέραν λαβὼν ἢ ἄλλα οἷα δὴ εἰώθασιν ἐνσκευάζεσθαι οἱ ἀποδιδράσκοντες, καὶ τὸ σχῆμα τὸ σαυτοῦ μεταλλάξας· ὅτι δὲ γέρων ἀνὴρ, σμικροῦ χρόνου τῷ βίῳ λοιποῦ ὄντος ὡς τὸ [53e] εἰκός, ἐτόλμησας οὕτω γλίσχρως ἐπιθυμεῖν ζῆν, νόμους τοὺς μεγίστους παραβάς, οὐδεὶς ὃς ἐρεῖ; ἴσως, ἂν μὴ τινα λυπῆς· εἰ δὲ μή, ἀκούσῃ, ὃ Σώκρατες, πολλὰ καὶ ἀνάξια σαυτοῦ. ὑπερχόμενος δὴ βίωσῃ πάντας ἀνθρώπους καὶ δουλεύων — τί ποιῶν ἢ εὐωχούμενος ἐν Θετταλία, ὥσπερ ἐπὶ δεῖπνον ἀποδεδημηκὼς εἰς Θετταλίαν; λόγοι δὲ ἐκεῖνοι οἱ περὶ [54a] δικαιοσύνης τε καὶ τῆς ἄλλης ἀρετῆς ποῦ ἡμῖν ἔσονται; ἀλλὰ δὴ τῶν παίδων ἔνεκα βούλει ζῆν, ἵνα αὐτοὺς ἐκθρέψῃς καὶ παιδεύσῃς; τί δέ; εἰς Θετταλίαν αὐτοὺς ἀγαγὼν θρέψεις τε καὶ παιδεύσεις, ξένους ποιήσας, ἵνα καὶ τοῦτο ἀπολαύσωσιν; ἢ τοῦτο μὲν οὐ, αὐτοῦ δὲ τρεφόμενοι σοῦ ζῶντος βέλτιον θρέψονται καὶ παιδεύονται μὴ συνόντος σοῦ αὐτοῖς; οἱ γὰρ ἐπιτηδεῖοι οἱ σοὶ ἐπιμελήσονται αὐτῶν. πότερον ἐὰν μὲν εἰς Θετταλίαν ἀποδημήσῃς, ἐπιμελήσονται, ἐὰν δὲ εἰς Ἄϊδου ἀποδημήσῃς, οὐχὶ ἐπιμελήσονται; εἴπερ γέ τι ὄφελος αὐτῶν [54b] ἐστὶν τῶν σοὶ φασκόντων ἐπιτηδείων εἶναι, οἷσθαί γε χρή.

“ἀλλ’ ὃ Σώκρατες, πειθόμενος ἡμῖν τοῖς σοῖς τροφεῦσι μήτε παῖδας περὶ πλείονος ποιοῦ μήτε τὸ ζῆν μήτε ἄλλο μηδὲν πρὸ τοῦ δικαίου, ἵνα εἰς Ἄϊδου ἐλθὼν ἔχῃς πάντα ταῦτα ἀπολογήσασθαι τοῖς ἐκεῖ ἄρχουσιν· οὔτε γὰρ ἐνθάδε σοὶ φαίνεται ταῦτα πράττοντι ἄμεινον εἶναι οὐδὲ δικαιότερον οὐδὲ ὀσιώτερον, οὐδὲ ἄλλω τῶν σῶν οὐδενί, οὔτε ἐκεῖσε ἀφικομένῳ ἄμεινον ἔσται. ἀλλὰ νῦν μὲν ἡδικοημένος ἄπει, [54c] ἐὰν ἀπίης, οὐχ ὑφ’ ἡμῶν τῶν νόμων ἀλλὰ ὑπ’ ἀνθρώπων· ἐὰν δὲ ἐξέλθῃς οὕτως αἰσχρῶς ἀνταδικήσας τε καὶ ἀντικακουργήσας, τὰς σαυτοῦ ὁμολογίας τε καὶ συνθήκας τὰς πρὸς ἡμᾶς παραβάς καὶ κακὰ ἐργασάμενος τούτους οὓς ἥκιστα ἔδει, σαυτόν τε καὶ φίλους καὶ πατρίδα καὶ ἡμᾶς, ἡμεῖς τέ σοι χαλεπανοῦμεν ζῶντι, καὶ ἐκεῖ οἱ ἡμέτεροι ἀδελφοὶ οἱ ἐν Ἄϊδου νόμοι οὐκ εὐμενῶς σε ὑποδέχονται, εἰδότες ὅτι καὶ ἡμᾶς ἐπεχείρησας ἀπολέσαι τὸ σὸν μέρος. ἀλλὰ μή σε [54d] πείσῃ Κρίτων ποιεῖν ἢ λέγει μᾶλλον ἢ ἡμεῖς”.

ταῦτα, ὃ φίλε ἐταῖρε Κρίτων, εὖ ἴσθι ὅτι ἐγὼ δοκῶ ἀκούειν, ὥσπερ οἱ κορυβαντιῶντες τῶν αὐλῶν δοκοῦσιν ἀκούειν, καὶ ἐν ἐμοὶ αὕτη ἢ ἡχὴ τούτων τῶν λόγων βομβεῖ καὶ ποιεῖ μὴ δύνασθαι τῶν ἄλλων

ἀκούειν· ἀλλὰ ἴσθι, ὅσα γε τὰ νῦν ἐμοὶ δοκοῦντα, ἐὰν λέγῃς παρὰ ταῦτα, μάτην ἐρεῖς. ὅμως μέντοι εἴ τι οἶμι πλέον ποιήσῃν, λέγε.

Κρίτων

ἀλλ' , ὦ Σώκρατες, οὐκ ἔχω λέγειν.

Σωκράτης

[54e] ἔα τοίνυν, ὦ Κρίτων, καὶ πράττωμεν ταύτη, ἐπειδὴ ταύτη ὁ θεὸς ὑφηγεῖται.

HIPPIAS MAJOR

Σωκράτης, Ἰππίας.

[281a] **Σωκράτης:** Ἰππίας: ὁ καλός τε καὶ σοφός: ὥς διὰ χρόνου ἡμῖν κατῆρας εἰς τὰς Ἀθήνας.

Ἰππίας: οὐ γὰρ σχολή, ὦ Σώκρατες. ἡ γὰρ Ἥλις ὅταν τι δέηται διαπράξασθαι πρὸς τινὰ τῶν πόλεων, ἀεὶ ἐπὶ πρῶτον ἐμὲ ἔρχεται τῶν πολιτῶν αἰρουμένη πρεσβευτήν, ἡγουμένη δικαστήν καὶ ἄγγελον ἱκανώτατον εἶναι τῶν λόγων οἱ ἂν [281b] παρὰ τῶν πόλεων ἐκάστων λέγωνται. πολλάκις μὲν οὖν καὶ εἰς ἄλλας πόλεις ἐπρέσβευσα, πλεῖστα δὲ καὶ περὶ πλείστων καὶ μεγίστων εἰς τὴν Λακεδαιμόνα: διὸ δῆ, ὃ σὺ ἐρωτᾷς, οὐ θαμίζω εἰς τοῦσδε τοὺς τόπους.

Σωκράτης: τοιοῦτον μέντοι, ὦ Ἰππία, ἔστι τὸ τῇ ἀληθείᾳ σοφόν τε καὶ τέλειον ἄνδρα εἶναι. σὺ γὰρ καὶ ἰδίᾳ ἱκανὸς εἶ παρὰ τῶν νέων πολλὰ χρήματα λαμβάνων ἔτι πλείω [281c] ὠφελεῖν ὧν λαμβάνεις, καὶ αὖ δημοσίᾳ τὴν σαυτοῦ πόλιν ἱκανὸς εὐεργετεῖν, ὥσπερ χρὴ τὸν μέλλοντα μὴ καταφρονήσεσθαι ἀλλ' εὐδοκίμῃσιν ἐν τοῖς πολλοῖς. ἀτάρ, ὦ Ἰππία, τί ποτε τὸ αἴτιον ὅτι οἱ παλαιοὶ ἐκεῖνοι, ὧν ὀνόματα μεγάλα λέγεται ἐπὶ σοφία, Πιττακοῦ τε καὶ Βίαντος καὶ τῶν ἀμφὶ τὸν Μιλήσιον Θαλῆν καὶ ἔτι τῶν ὕστερον μέχρι Ἀναξαγόρου, ὥς ἡ πάντες ἢ οἱ πολλοὶ αὐτῶν φαίνονται ἀπεχόμενοι τῶν πολιτικῶν πράξεων;

Ἰππίας: τί δ' οἶε, ὦ Σώκρατες, ἄλλο γε ἢ ἀδύνατοι ἦσαν [281d] καὶ οὐχ ἱκανοὶ ἐξικνεῖσθαι φρονήσει ἐπ' ἀμφοτέρα, τὰ τε κοινὰ καὶ τὰ ἴδια;

Σωκράτης: ἄρ' οὖν πρὸς Διός, ὥσπερ αἱ ἄλλαι τέχναι ἐπιδεδώκασιν καὶ εἰσὶ παρὰ τοὺς νῦν δημιουργοὺς οἱ παλαιοὶ φαῦλοι, οὕτω καὶ τὴν ὑμετέραν τὴν τῶν σοφιστῶν τέχνην ἐπιδεδωκέναι φῶμεν καὶ εἶναι τῶν ἀρχαίων τοὺς περὶ τὴν σοφίαν φαύλους πρὸς ὑμᾶς;

Ἰππίας: πάνυ μὲν οὖν ὀρθῶς λέγεις.

Σωκράτης: εἰ ἄρα νῦν ἡμῖν, ὦ Ἰππία, ὁ Βίας ἀναβιοίῃ, γέλωτ'

[282a] ἂν ὄφλοι πρὸς ὑμᾶς, ὥσπερ καὶ τὸν Δαίδαλὸν φασιν οἱ ἀνδριαντοποιοί, νῦν εἰ γενόμενος τοιαῦτ' ἐργάζοιτο οἷα ἦν ἀφ' ὧν τοῦνομ' ἔσχεν, καταγέλαστον ἂν εἶναι.

Ἰππίας: ἔστι μὲν ταῦτα, ὃ Σώκρατες, οὕτως ὥς σὺ λέγεις: εἴωθα μέντοι ἔγωγε τοὺς παλαιούς τε καὶ προτέρους ἡμῶν προτέρους τε καὶ μᾶλλον ἐγκωμιάζειν ἢ τοὺς νῦν, εὐλαβούμενος μὲν φθόνον τῶν ζώντων, φοβούμενος δὲ μῆνιν τῶν τετελευτηκότων. [282b]

Σωκράτης: καλῶς γε σύ, ὃ Ἰππία, ὀνομάζων τε καὶ διανοούμενος, ὥς ἐμοὶ δοκεῖς. συμμαρτυρῆσαι δέ σοι ἔχω ὅτι ἀληθῆ λέγεις, καὶ τῷ ὄντι ὑμῶν ἐπιδέδωκεν ἡ τέχνη πρὸς τὸ καὶ τὰ δημόσια πράττειν δύνασθαι μετὰ τῶν ιδίων. Γοργίας τε γὰρ οὗτος ὁ Λεοντῖνος σοφιστῆς δεῦρο ἀφίκετο δημοσίᾳ οἴκοθεν πρεσβεύων, ὥς ἱκανώτατος ὢν Λεοντίνων τὰ κοινὰ πράττειν, καὶ ἔν τε τῷ δήμῳ ἔδοξεν ἄριστα εἰπεῖν, καὶ ἰδίᾳ ἐπιδείξεις ποιούμενος καὶ συνὼν τοῖς νέοις χρήματα πολλὰ ἡργάσατο [282c] καὶ ἔλαβεν ἐκ τῆσδε τῆς πόλεως: εἰ δὲ βούλει, ὁ ἡμέτερος ἐταῖρος Πρόδικος οὗτος πολλάκις μὲν καὶ ἄλλοτε δημοσίᾳ ἀφίκετο, ἀτὰρ τὰ τελευταῖα ἔναγχος ἀφικόμενος δημοσίᾳ ἐκ Κέω λέγων τ' ἐν τῇ βουλῇ πάνυ ἠυδοκίμησεν καὶ ἰδίᾳ ἐπιδείξεις ποιούμενος καὶ τοῖς νέοις συνὼν χρήματα ἔλαβεν θαυμαστὰ ὅσα. τῶν δὲ παλαιῶν ἐκείνων οὐδεὶς πώποτε ἠξίωσεν ἀργύριον μισθὸν πράξασθαι οὐδ' ἐπιδείξεις ποιήσασθαι [282d] ἐν παντοδαποῖς ἀνθρώποις τῆς ἑαυτοῦ σοφίας: οὕτως ἦσαν εὐήθεις καὶ ἐλελήθει αὐτοὺς ἀργύριον ὥς πολλοῦ ἄξιον εἶη. τούτων δ' ἐκάτερος πλεον ἀργύριον ἀπὸ σοφίας εἵργασται ἢ ἄλλος δημιουργὸς ἀφ' ἧστινος τέχνης: καὶ ἔτι πρότερος τούτων Πρωταγόρας.

Ἰππίας: οὐδὲν γάρ, ὃ Σώκρατες, οἶσθα τῶν καλῶν περὶ τοῦτο. εἰ γὰρ εἰδείης ὅσον ἀργύριον εἵργασμαι ἐγώ, θαυμάσαις ἂν: καὶ τὰ μὲν ἄλλα ἐῷ, ἀφικόμενος δὲ ποτε εἰς Σικελίαν, Πρωταγόρου [282e] αὐτόθι ἐπιδημοῦντος καὶ εὐδοκιμοῦντος καὶ πρεσβυτέρου ὄντος πολὺ νεώτερος ὢν ἐν ὀλίγῳ χρόνῳ πάνυ πλεον ἢ πεντήκοντα καὶ ἑκατὸν μνᾶς ἡργασάμην, καὶ ἐξ ἐνός γε χωρίου πάνυ σμικροῦ, Ἴνυκοῦ, πλεον ἢ εἴκοσι μνᾶς: καὶ τοῦτο ἐλθὼν οἴκαδε φέρων τῷ πατρὶ ἔδωκα, ὥστε ἐκείνον καὶ τοὺς ἄλλους πολίτας θαυμάζειν τε καὶ ἐκπεπληγῆθαι. καὶ σχεδόν τι οἶμαι ἐμὲ πλείω χρήματα εἵργασθαι ἢ

ἄλλους σύνδυο οὐστinas βούλει τῶν σοφιστῶν.

Σωκράτης: καλόν γε, ὦ Ἰππία, λέγεις καὶ μέγα τεκμήριον [283a] σοφίας τῆς τε σεαυτοῦ καὶ τῶν νῦν ἀνθρώπων πρὸς τοὺς ἀρχαίους ὅσον διαφέρουσι. τῶν γὰρ προτέρων [περὶ Ἀναξαγόρου λέγεται] πολλὴ ἀμαθία κατὰ τὸν σὸν λόγον. τοῦναντίον γὰρ Ἀναξαγόρα φασὶ συμβῆναι ἢ ὑμῖν: καταλειφθέντων γὰρ αὐτῷ πολλῶν χρημάτων καταμελῆσαι καὶ ἀπολέσαι πάνταοὔτως αὐτὸν ἀνόητα σοφίζεσθαιλέγουσι δὲ καὶ περὶ ἄλλων τῶν παλαιῶν ἕτερα τοιαῦτα. τοῦτο μὲν οὖν μοι δοκεῖς καλὸν τεκμήριον ἀποφαίνειν περὶ σοφίας τῶν [283b] νῦν πρὸς τοὺς προτέρους, καὶ πολλοῖς συνδοκεῖ ὅτι τὸν σοφὸν αὐτὸν αὐτῷ μάλιστα δεῖ σοφὸν εἶναι: τούτου δ' ὅρος ἐστὶν ἄρα, ὅς ἂν πλεῖστον ἀργύριον ἐργάσῃται. καὶ ταῦτα μὲν ἱκανῶς ἐχέτω: τόδε δέ μοι εἰπέ, σὺ αὐτὸς πόθεν πλεῖστον ἀργύριον ἡργάσω τῶν πόλεων εἰς ἃς ἀφικνῇ; ἢ δήλον ὅτι ἐκ Λακεδαιμόνου, οἷπερ καὶ πλειστάκις ἀφίξει;

Ἰππίας: οὐ μὰ τὸν Δία, ὦ Σώκρατες.

Σωκράτης: πῶς φῆς; ἀλλ' ἐλάχιστον; [283c]

Ἰππίας: οὐδὲν μὲν οὖν τὸ παράπαν πώποτε.

Σωκράτης: τέρας λέγεις καὶ θαυμαστόν, ὦ Ἰππία. καί μοι εἰπέ: πότερον ἢ σοφία ἢ σὴ οὐχ οἷα τοὺς συνόντας αὐτῇ καὶ μανθάνοντας εἰς ἀρετὴν βελτίους ποιεῖν;

Ἰππίας: καὶ πολὺ γε, ὦ Σώκρατες.

Σωκράτης: ἀλλὰ τοὺς μὲν Ἰνυκίων ὑεῖς οἷός τε ἦσθα ἀμείνους ποιῆσαι, τοὺς δὲ Σπαρτιατῶν ἡδυνάτεις;

Ἰππίας: πολλοῦ γε δέω.

Σωκράτης: ἀλλὰ δῆτα Σικελιῶται μὲν ἐπιθυμοῦσιν ἀμείνους γίγνεσθαι, Λακεδαιμόνιοι [283d]δ' οὐ;

Ἰππίας: πάντως γέ που, ὦ Σώκρατες, καὶ Λακεδαιμόνιοι.

Σωκράτης: ἄρ' οὖν χρημάτων ἐνδεία ἔφευγον τὴν σὴν ὁμιλίαν;

Ίππίας: οὐ δῆτα, ἐπεὶ ἱκανὰ αὐτοῖς ἐστίν.

Σωκράτης: τί δῆτ' ἂν εἴη ὅτι ἐπιθυμοῦντες καὶ ἔχοντες χρήματα, καὶ σοῦ δυναμένου τὰ μέγιστα αὐτοὺς ὠφελεῖν, οὐ πλήρη σε ἀργυρίου ἀπέπεμψαν; ἀλλ' ἐκεῖνο, μὲν μὴ Λακεδαιμόνιοι σοῦ βέλτιον ἂν παιδεύσειαν τοὺς αὐτῶν παῖδας; ἢ τοῦτο φῶμεν οὕτω, καὶ σὺ συγχωρεῖς; [283e]

Ίππίας: οὐδ' ὅπωςτιοῦν.

Σωκράτης: πότερον οὖν τοὺς νέους οὐχ οἷός τ' ἦσθα πείθειν ἐν Λακεδαίμονι ὥς σοὶ συνόντες πλέον ἂν εἰς ἀρετὴν ἐπιδιδόειν ἢ τοῖς ἑαυτῶν, ἢ τοὺς ἐκείνων πατέρας ἡδυνάτεις πείθειν ὅτι σοὶ χρὴ παραδιδόναι μᾶλλον ἢ αὐτοὺς ἐπιμελεῖσθαι, εἴπερ τι τῶν ὑέων κήδονται; οὐ γάρ που ἐφθόνουν γε τοῖς ἑαυτῶν παισὶν ὥς βελτίστοις γενέσθαι.

Ίππίας: οὐκ οἶμαι ἔγωγε φθονεῖν.

Σωκράτης: ἀλλὰ μὴν εὐνομός γ' ἡ Λακεδαίμων.

Ίππίας: πῶς γὰρ [284a] οὐ;

Σωκράτης: ἐν δέ γε ταῖς εὐνόμοις πόλεσιν τιμώτατον ἡ ἀρετή.

Ίππίας: πάνυ γε.

Σωκράτης: σὺ δὲ ταύτην παραδιδόναι ἄλλω κάλλιστ' ἀνθρώπων ἐπίστασαι.

Ίππίας: καὶ πολὺ γε, ὦ Σώκρατες.

Σωκράτης: ὁ οὖν κάλλιστ' ἐπιστάμενος ἵππικὴν παραδιδόναι ἄρ' οὐκ ἂν ἐν Θετταλίᾳ τῆς Ἑλλάδος μάλιστα τιμῶτο καὶ πλεῖστα χρήματα λαμβάνοι, καὶ ἄλλοθι ὅπου τοῦτο σπουδάζοιτο;

Ίππίας: εἰκός γε.

Σωκράτης: ὁ δὲ δυνάμενος παραδιδόναι τὰ πλείστου ἄξια μαθήματα εἰς ἀρετὴν οὐκ ἐν [284b] Λακεδαίμονι μάλιστα τιμήσεται καὶ πλεῖστα ἐργάσεται χρήματα, ἂν βούληται, καὶ ἐν ἄλλῃ πόλει ἥτις

τῶν Ἑλληνίδων εὐνομεῖται; ἀλλ' ἐν Σικελίᾳ, ὃ ἐταῖρε, οἶε μᾶλλον καὶ ἐν Ἰνυκῷ; ταῦτα πειθώμεθα, ὃ Ἰππία; ἐὰν γὰρ σὺ κελεύης, πειστέον.

Ἰππίας: οὐ γὰρ πάτριον, ὃ Σώκρατες, Λακεδαιμονίοις κινεῖν τοὺς νόμους, οὐδὲ παρὰ τὰ εἰωθότα παιδεύειν τοὺς υἱεῖς.

Σωκράτης: πῶς λέγεις; Λακεδαιμονίοις οὐ πάτριον ὀρθῶς [284c] πράττειν ἀλλ' ἐξαμαρτάνειν;

Ἰππίας: οὐκ ἂν φαίην ἔγωγε, ὃ Σώκρατες.

Σωκράτης: οὐκοῦν ὀρθῶς ἂν πράττοιεν βέλτιον ἀλλὰ μὴ χεῖρον παιδεύοντες τοὺς νέους;

Ἰππίας: ὀρθῶς; ἀλλὰ ξενικὴν παίδευσιν οὐ νόμιμον αὐτοῖς παιδεύειν, ἐπεὶ εὖ ἴσθι, εἴπερ τις ἄλλος ἐκεῖθεν χρήματα ἔλαβεν πώποτε ἐπὶ παιδευσεῖ, καὶ ἐμὲ ἂν λαβεῖν πολὺ μάλισταχαίρουσι γοῦν ἀκούοντες ἐμοῦ καὶ ἐπαινοῦσιν ἀλλ', ὃ λέγω, οὐ νόμος. [284d]

Σωκράτης: νόμον δὲ λέγεις, ὃ Ἰππία, βλάβην πόλεως εἶναι ἢ ὠφελίαν;

Ἰππίας: τίθεται μὲν οἶμαι ὠφελίας ἔνεκα, ἐνίοτε δὲ καὶ βλάπτει, ἐὰν κακῶς τεθῇ ὁ νόμος.

Σωκράτης: τί δέ; οὐχ ὥς ἀγαθὸν μέγιστον πόλει τίθενται τὸν νόμον οἱ τιθέμενοι; καὶ ἄνευ τούτου μετὰ εὐνομίας ἀδύνατον οἰκεῖν;

Ἰππίας: ἀληθῆ λέγεις.

Σωκράτης: ὅταν ἄρα ἀγαθοῦ ἀμάρτωσιν οἱ ἐπιχειροῦντες τοὺς νόμους τιθέναι, νομίμου τε καὶ νόμου ἡμαρτήκασιν; ἢ [284e] πῶς λέγεις;

Ἰππίας: τῷ μὲν ἀκριβεῖ λόγῳ, ὃ Σώκρατες, οὕτως ἔχει: οὐ μέντοι εἰώθασιν ἄνθρωποι ὀνομάζειν οὕτω.

Σωκράτης: πότερον, ὃ Ἰππία, οἱ εἰδότες ἢ οἱ μὴ εἰδότες;

Ἰππίας: οἱ πολλοί.

Σωκράτης: εἰσὶν δ' οὗτοι οἱ εἰδότες τάληθές, οἱ πολλοί;

Ἰππίας: οὐ δῆτα.

Σωκράτης: ἀλλὰ μὴν που οἱ γ' εἰδότες τὸ ὠφελιμώτερον τοῦ ἀνωφελεστέρου νομιμώτερον ἡγοῦνται τῇ ἀληθείᾳ πᾶσιν ἀνθρώποις· ἢ οὐ συγχωρεῖς;

Ἰππίας: ναί, συγχωρῶ, ὅτι γε τῇ ἀληθείᾳ.

Σωκράτης: οὐκοῦν ἔστιν τε καὶ ἔχει οὕτως ὥς οἱ εἰδότες ἡγοῦνται;

Ἰππίας: πάνυ γε.

Σωκράτης: ἔστι δέ γε Λακεδαιμονίοις, ὥς σὺ φῆς, ὠφελιμώτερον [285a] τὴν ὑπὸ σοῦ παίδευσιν, ξενικὴν οὖσαν, παιδεύεσθαι μᾶλλον ἢ τὴν ἐπιχωρίαν.

Ἰππίας: καὶ ἀληθῆ γε λέγω.

Σωκράτης: καὶ γὰρ ὅτι τὰ ὠφελιμώτερα νομιμωτέρᾳ ἐστι, καὶ τοῦτο λέγεις, ὦ Ἰππία;

Ἰππίας: εἶπον γάρ.

Σωκράτης: κατὰ τὸν σὸν ἄρα λόγον τοῖς Λακεδαιμονίων ὑέσιν ὑπὸ Ἰππίου παιδεύεσθαι νομιμωτέρον ἐστίν, ὑπὸ δὲ τῶν πατέρων ἀνομώτερον, εἴπερ τῷ ὄντι ὑπὸ σοῦ πλείω ὠφεληθήσονται.

Ἰππίας: ἀλλὰ μὴν ὠφεληθήσονται, [285b] ὦ Σώκρατες.

Σωκράτης: παρανομοῦσιν ἄρα Λακεδαιμόνιοι οὐ διδόντες σοι χρυσίον καὶ ἐπιτρέποντες τοὺς αὐτῶν ὑεῖς.

Ἰππίας: συγχωρῶ ταῦτα· δοκεῖς γάρ μοι τὸν λόγον πρὸς ἐμοῦ λέγειν, καὶ οὐδέν με δεῖ αὐτῷ ἐναντιοῦσθαι.

Σωκράτης: παρανόμους μὲν δῆ, ὦ ἐταῖρε, τοὺς Λάκωνας εὐρίσκομεν, καὶ ταῦτ' εἰς τὰ μέγιστα, τοὺς νομιμωτάτους δοκοῦντας εἶναι. ἐπαινοῦσι δὲ δῆ σε πρὸς θεῶν, ὦ Ἰππία, καὶ χαίρουσιν ἀκούοντες ποῖα; ἢ δῆλον δῆ ὅτι ἐκεῖνα ἃ σὺ κάλλιστα [285c] ἐπίστασαι, τὰ περὶ τὰ ἄσπρα τε καὶ τὰ οὐράνια πάθη;

Ἰππίας: οὐδ' ὅπως οἰοῦνται ταῦτά γε οὐδ' ἀνέχονται.

Σωκράτης: ἀλλὰ περὶ γεωμετρίας τι χαίρουσιν ἀκούοντες;

Ἰππίας: οὐδαμῶς, ἐπεὶ οὐδ' ἀριθμεῖν ἐκείνων γε, ὥς ἔπος εἰπεῖν, πολλοὶ ἐπίστανται.

Σωκράτης: πολλοῦ ἄρα δέουσιν περὶ γε λογισμῶν ἀνέχεσθαί σου ἐπιδεικνυμένου.

Ἰππίας: πολλοῦ μέντοι νῆ Δία.

Σωκράτης: ἀλλὰ δῆτα ἐκεῖνα ἃ σὺ ἀκριβέστατα ἐπίστασαι [285d] ἀνθρώπων διαιρεῖν, περὶ τε γραμμάτων δυνάμεως καὶ συλλαβῶν καὶ ῥυθμῶν καὶ ἁρμονιῶν;

Ἰππίας: ποίων, ὦγαθέ, ἁρμονιῶν καὶ γραμμάτων;

Σωκράτης: ἀλλὰ τί μὴν ἐστὶν ἃ ἡδέως σου ἀκροῶνται καὶ ἐπαινοῦσιν; αὐτὸς μοι εἰπέ, ἐπειδὴ ἐγὼ οὐχ εὐρίσκω.

Ἰππίας: περὶ τῶν γενῶν, ὦ Σώκρατες, τῶν τε ἡρώων καὶ τῶν ἀνθρώπων, καὶ τῶν κατοικήσεων, ὥς τὸ ἀρχαῖον ἐκτίσθησαν αἱ πόλεις, καὶ συλλήβδην πάσης τῆς ἀρχαιολογίας ἥδιστα [285e] ἀκροῶνται, ὥστ' ἔγωγε δι' αὐτοὺς ἠνάγκασμαι ἐκμεμαθηκέναι τε καὶ ἐκμεμελετηκέναι πάντα τὰ τοιαῦτα.

Σωκράτης: ναὶ μὰ Δί', ὦ Ἰππία, ἡτύχηκάς γε ὅτι Λακεδαιμόνιοι οὐ χαίρουσιν ἂν τις αὐτοῖς ἀπὸ Σόλωνος τοὺς ἄρχοντας τοὺς ἡμετέρους καταλέγη: εἰ δὲ μή, πράγματ' ἂν εἶχες ἐκμανθάνων.

Ἰππίας: πόθεν, ὦ Σώκρατες; ἅπαξ ἀκούσας πεντήκοντα ὀνόματα ἀπομνημονεύσω.

Σωκράτης: ἀληθῆ λέγεις, ἀλλ' ἐγὼ οὐκ ἐνενόησα ὅτι τὸ μνημονικὸν ἔχεις: ὥστ' ἐννοῶ ὅτι εἰκότως σοι χαίρουσιν [286a] οἱ Λακεδαιμόνιοι ἅτε πολλὰ εἰδότες, καὶ χρῶνται ὥσπερ ταῖς πρεσβύτισιν οἱ παῖδες πρὸς τὸ ἡδέως μυθολογεῖσθαι.

Ἰππίας: καὶ ναὶ μὰ Δί', ὦ Σώκρατες, περὶ γε ἐπιτηδευμάτων καλῶν καὶ ἑναγχοῦς αὐτόθι ἡυδοκίμησα διεξιὼν ἃ χρὴ τὸν νέον ἐπιτηδεύειν.

ἔστι γάρ μοι περὶ αὐτῶν παγκάλως λόγος συγκείμενος, καὶ ἄλλως εὖ διακείμενος καὶ τοῖς ὀνόμασι: πρόσχημα δέ μοί ἐστι καὶ ἀρχὴ τοιάδε τις τοῦ λόγου. ἐπειδὴ ἡ Τροία ἦλω, λέγει ὁ λόγος ὅτι Νεοπτόλεμος [286b] Νέστορα ἔροιτο ποῖα ἐστὶ καλὰ ἐπιτηδεύματα, ἃ ἂν τις ἐπιτηδεύσας νέος ὢν εὐδοκιμώτατος γένοιτο: μετὰ ταῦτα δὴ λέγων ἐστὶν ὁ Νέστωρ καὶ ὑποτιθέμενος αὐτῷ πάμπολλα νόμιμα καὶ πάγκαλα. τοῦτον δὴ καὶ ἐκεῖ ἐπεδειξάμην καὶ ἐνθάδε μέλλω ἐπιδεικνύναι εἰς τρίτην ἡμέραν, ἐν τῷ Φειδοστράτου διδασκαλείῳ, καὶ ἄλλα πολλὰ καὶ ἄξια ἀκοῆς: ἐδεήθη γάρ μου Εὐδίκος ὁ Ἀπημάντου. ἀλλ' ὅπως παρέσθ[η] [286c] καὶ αὐτὸς καὶ ἄλλους ἄξιους, οἵτινες ἱκανοὶ ἀκούσαντες κρῖναι τὰ λεγόμενα.

Σωκράτης: ἀλλὰ ταῦτ' ἔσται, ἂν θεὸς θέλῃ, ὃ Ἰππία. νυνὶ μέντοι βραχὺ τί μοι περὶ αὐτοῦ ἀποκρίναι: καὶ γάρ με εἰς καλὸν ὑπέμνησας. ἔναγχος γάρ τις, ὃ ἄριστε, εἰς ἀπορίαν με κατέβαλεν ἐν λόγοις τισὶ τὰ μὲν ψέγοντα ὡς αἰσχρά, τὰ δ' ἐπαινοῦντα ὡς καλὰ, οὕτω πως ἐρόμενος καὶ μάλα ὑβριστικῶς: πόθεν δέ μοι σύ, ἔφη, ὃ Σώκρατες, οἶσθα [286d] ὅποια καλὰ καὶ αἰσχρά; ἐπεὶ φέρε, ἔχοις ἂν εἰπεῖν τί ἐστὶ τὸ καλόν; καὶ ἐγὼ διὰ τὴν ἐμὴν φαυλότητα ἠπορούμην τε καὶ οὐκ εἶχον αὐτῷ κατὰ τρόπον ἀποκρίνασθαι: ἀπὼν οὖν ἐκ τῆς συνουσίας ἐμαυτῷ τε ὠργιζόμεν καὶ ὠνείδιζον, καὶ ἠπεῖλουν, ὅποτε πρῶτον ὑμῶν τῷ τῶν σοφῶν ἐντύχοιμι, ἀκούσας καὶ μαθὼν καὶ ἐκμελετήσας ἰέναι πάλιν ἐπὶ τὸν ἐρωτήσαντα, ἀναμαχοῦμενος τὸν λόγον. νῦν οὖν, ὃ λέγω, εἰς καλὸν ἤκεις, καί με δίδαξον ἱκανῶς αὐτὸ τὸ καλὸν ὅτι [286e] ἐστὶ, καὶ πειρῶ μοι ὅτι μάλιστα ἀκριβῶς εἰπεῖν ἀποκρινόμενος, μὴ ἐξελεγχθεὶς τὸ δεύτερον αὐθις γέλωτα ὄφλω. οἶσθα γὰρ δήπου σαφῶς, καὶ σμικρὸν που τοῦτ' ἂν εἴη μάθημα ὃν σὺ τῶν πολλῶν ἐπίστασαι.

Ἰππίας: σμικρὸν μέντοι νῆ Δί', ὃ Σώκρατες, καὶ οὐδενὸς ἄξιον, ὡς ἔπος εἰπεῖν.

Σωκράτης: ῥαδίως ἄρα μαθήσομαι καὶ οὐδεὶς με ἐξελέγξει ἔτι.

Ἰππίας: οὐδεὶς μέντοι: φαῦλον γὰρ ἂν εἴη τὸ ἐμὸν πρᾶγμα [287a] καὶ ἰδιωτικόν.

Σωκράτης: εὖ γε νῆ τὴν Ἥραν λέγεις, ὃ Ἰππία, εἰ χειρωσόμεθα τὸν

ἄνδρα. ἀτὰρ μή τι κωλύω μιμούμενος ἐγὼ ἐκεῖνον, ἐὰν σοῦ ἀποκρινομένου ἀντιλαμβάνωμαι τῶν λόγων, ἵνα ὅτι μάλιστά με ἐκμελετήσης; σχεδὸν γάρ τι ἔμπειρός εἰμι τῶν ἀντιλήψεων. εἰ οὖν μή τί σοι διαφέρει, βούλομαι ἀντιλαμβάνεσθαι, ἵν' ἐρρωμενέστερον μάθω. **Ἰππίας:**

ἀλλ' ἀντιλαμβάνου. καὶ γάρ, ὃ νυνδὴ εἶπον, οὐ [287b] μέγα ἐστὶ τὸ ἐρώτημα, ἀλλὰ καὶ πολὺ τούτου χαλεπώτερα ἂν ἀποκρίνασθαι ἐγὼ σε διδάξαιμι, ὥστε μηδὲνα ἀνθρώπων δύνασθαι σε ἐξελέγχειν.

Σωκράτης: φεῦ ὡς εὖ λέγεις: ἀλλ' ἄγ', ἐπειδὴ καὶ σὺ κελεύεις, φέρε ὅτι μάλιστα ἐκεῖνος γενόμενος πειρῶμαί σε ἐρωτᾷν. εἰ γὰρ δὴ αὐτῷ τὸν λόγον τοῦτον ἐπιδείξαις ὃν φῆς, τὸν περὶ τῶν καλῶν ἐπιτηδευμάτων, ἀκούσας, ἐπειδὴ παύσαιο λέγων, ἔροιτ' ἂν οὐ περὶ ἄλλου πρότερον ἢ περὶ τοῦ καλοῦῆθος [287c] γάρ τι τοῦτ' ἔχεικαὶ εἶποι ἄν: ὃ ξένη Ἥλειε, ἄρ' οὐ δικαιοσύνη δίκαιοί εἰσιν οἱ δίκαιοι; ἀπόκριναι δὴ, ὃ Ἰππία, ὡς ἐκείνου ἐρωτῶντος.

Ἰππίας: ἀποκρινοῦμαι ὅτι δικαιοσύνη.

Σωκράτης: οὐκοῦν ἔστι τι τοῦτο, ἡ δικαιοσύνη;

Ἰππίας: πάνν γε.

Σωκράτης: οὐκοῦν καὶ σοφία οἱ σοφοί εἰσι σοφοὶ καὶ τῷ ἀγαθῷ πάντα τὰγαθὰ ἀγαθὰ;

Ἰππίας: πῶς δ' οὔ;

Σωκράτης: οὐσί γέ τισι τούτοις: οὐ γὰρ δήπου μὴ οὔσί γε.

Ἰππίας: οὔσι μέντοι.

Σωκράτης: ἄρ' οὖν οὐ καὶ τὰ καλὰ πάντα τῷ καλῷ [287d] ἐστὶ καλά;

Ἰππίας: ναί, τῷ καλῷ.

Σωκράτης: ὄντι γέ τινι τούτῳ;

Ἰππίας: ὄντι: ἀλλὰ τί γὰρ μέλλει;

Σωκράτης: εἰπέ δὴ, ὦ ξένε, φήσει, τί ἐστὶ τοῦτο τὸ καλόν;

Ἰππίας: ἄλλο τι οὖν, ὦ Σώκρατες, ὁ τοῦτο ἐρωτῶν δεῖται πυθέσθαι τί ἐστὶ καλόν;

Σωκράτης: οὐ μοι δοκεῖ, ἀλλ' ὅτι ἐστὶ τὸ καλόν, ὦ Ἰππία.

Ἰππίας: καὶ τί διαφέρει τοῦτ' ἐκείνου;

Σωκράτης: οὐδέν σοι δοκεῖ;

Ἰππίας: οὐδὲν γὰρ διαφέρει.

Σωκράτης: ἀλλὰ μέντοι δῆλον ὅτι σὺ κάλλιον οἶσθα. ὅμως δέ, ὦγαθέ, ἄθρει: ἐρωτᾷ γάρ σε οὐ τί ἐστὶ καλόν, ἀλλ' ὅτι [287e] ἐστὶ τὸ καλόν.

Ἰππίας: μανθάνω, ὦγαθέ, καὶ ἀποκρinoῦμαι γε αὐτῷ ὅτι ἐστὶ τὸ καλόν, καὶ οὐ μὴ ποτε ἐλεγχθῶ. ἔστι γάρ, ὦ Σώκρατες, εὖ ἴσθι, εἰ δεῖ τὸ ἀληθὲς λέγειν, παρθένος καλὴ καλόν.

Σωκράτης: καλῶς γε, ὦ Ἰππία, νῆ τὸν κύνα καὶ εὐδόξως ἀπεκρίνω. ἄλλο τι οὖν, ἂν ἐγὼ τοῦτο ἀποκρίνωμαι, τὸ [288a] ἐρωτώμενόν τε ἀποκεκριμένος ἔσομαι καὶ ὀρθῶς, καὶ οὐ μὴ ποτε ἐλεγχθῶ;

Ἰππίας: πῶς γὰρ ἂν, ὦ Σώκρατες, ἐλεγχθείης, ὃ γε πᾶσιν δοκεῖ καὶ πάντες σοι μαρτυρήσουσιν οἱ ἀκούοντες ὅτι ὀρθῶς λέγεις;

Σωκράτης: εἶεν: πάνυ μὲν οὖν. φέρε δὴ, ὦ Ἰππία, πρὸς ἐμαυτὸν ἀναλάβω ὃ λέγεις. ὁ μὲν ἐρήσεται με οὕτωςί πως: ἴθι μοι, ὦ Σώκρατες, ἀπόκριται: ταῦτα πάντα ἃ φῆς καλὰ εἶναι, εἰ τί ἐστὶν αὐτὸ τὸ καλόν, ταῦτ' ἂν εἴη καλὰ; ἐγὼ δὲ δὴ ἐρῶ ὅτι εἰ παρθένος καλὴ καλόν, ἔστι δι' ὃ ταῦτ' ἂν εἴη καλὰ; [288b]

Ἰππίας: οἶει οὖν ἔτι αὐτὸν ἐπιχειρήσειν σε ἐλέγχειν ὥς οὐ καλόν ἐστὶν ὃ λέγεις, ἢ ἐὰν ἐπιχειρήσῃ, οὐ καταγέλαστον ἔσεσθαι;

Σωκράτης: ὅτι μὲν ἐπιχειρήσει, ὦ θαυμάσιε, εὖ οἶδα: εἰ δὲ ἐπιχειρήσας ἔσται καταγέλαστος, αὐτὸ δείξει. ἃ μέντοι ἐρεῖ, ἐθέλω σοι λέγειν.

Ἰππίας: λέγε δή.

Σωκράτης: ὡς γλυκὺς εἶ, φήσει, ὦ Σώκρατες. θήλεια δὲ ἵππος καλὴ οὐ καλόν, ἦν καὶ ὁ θεὸς ἐν τῷ χρησμῷ ἐπήνεσεν; [288c] τί φήσομεν, ὦ Ἰππία; ἄλλο τι ἢ φῶμεν καὶ τὴν ἵππον καλὸν εἶναι, τὴν γε καλήν; πῶς γὰρ ἂν τολμῶμεν ἕξαρνοι εἶναι τὸ καλὸν μὴ καλὸν εἶναι;

Ἰππίας: ἀληθῆ λέγεις, ὦ Σώκρατες: ἐπεὶ τοι καὶ ὀρθῶς αὐτὸ ὁ θεὸς εἶπεν: πάγκαλαι γὰρ παρ' ἡμῖν ἵπποι γίνονται.

Σωκράτης: εἶεν, φήσει δή: τί δὲ λύρα καλή; οὐ καλόν; φῶμεν, ὦ Ἰππία;

Ἰππίας: ναί.

Σωκράτης: ἐρεῖ τοίνυν μετὰ τοῦτ' ἐκεῖνος, σχεδόν τι εὖ οἶδα ἐκ τοῦ τρόπου τεκμαιρόμενος: ὦ βέλτιστε σύ, τί δὲ χύτρα καλή; οὐ καλὸν ἄρα; [288d]

Ἰππίας: ὦ Σώκρατες, τίς δ' ἐστὶν ὁ ἄνθρωπος; ὡς ἀπαίδευτός τις ὅς οὕτω φαῦλα ὀνόματα ὀνομάζειν τολμᾷ ἐν σεμνῷ πράγματι.

Σωκράτης: τοιοῦτός τις, ὦ Ἰππία, οὐ κομπὸς ἀλλὰ συρφετός, οὐδὲν ἄλλο φροντίζων ἢ τὸ ἀληθές. ἀλλ' ὅμως ἀποκριτέον τῷ ἀνδρί, καὶ ἔγωγε προαποφαίνομαι: εἴπερ ἡ χύτρα κεκεραμυμένη εἴη ὑπὸ ἀγαθοῦ κεραμέως λεία καὶ στρογγύλη καὶ καλῶς ὥπτημένη, οἶται τῶν καλῶν χυτρῶν εἰσὶ τινες δίωτοι, τῶν ἕξ χοᾶς χωρουσῶν, πάγκαλαι, εἰ τοιαύτην ἐρωτῶ [288e] χύτραν, καλήν ὁμολογητέον εἶναι. πῶς γὰρ ἂν φαῖμεν καλὸν ὃν μὴ καλὸν εἶναι;

Ἰππίας: οὐδαμῶς, ὦ Σώκρατες.

Σωκράτης: οὐκοῦν καὶ χύτρα, φήσει, καλὴ καλόν; ἀποκρίνου.

Ἰππίας: ἀλλ' οὕτως, ὦ Σώκρατες, ἔχει, οἶμαι: καλὸν μὲν καὶ τοῦτο τὸ σκευὸς ἐστὶ καλῶς εἰργασμένον, ἀλλὰ τὸ ὅλον τοῦτο οὐκ ἔστιν ἄξιον κρίνειν ὡς ὃν καλὸν πρὸς ἵππον τε καὶ παρθένον καὶ τᾶλλα πάντα τὰ καλά. [289a]

Σωκράτης: εἶεν: μανθάνω, ὦ Ἰππία, ὡς ἄρα χρή ἀντιλέγειν πρὸς τὸν ταῦτα ἐρωτῶντα τάδε: ὦ ἄνθρωπε, ἀγνοεῖς ὅτι τὸ τοῦ Ἡρακλείτου εὖ

ἔχει, ὡς ἄρα πιθήκων ὁ κάλλιστος αἰσχροῦς ἀνθρώπων γένει συμβάλλειν, καὶ χυτρῶν ἢ καλλίστη αἰσχρὰ παρθένων γένει συμβάλλειν, ὥς φησιν Ἰππίας: ὁ σοφός, οὐχ οὕτως, ὥ Ἰππία;

Ἰππίας: πάνυ μὲν οὖν, ὦ Σώκρατες, ὀρθῶς ἀπεκρίνω.

Σωκράτης: ἄκουε δὴ. μετὰ τοῦτο γὰρ εὖ οἶδ' ὅτι φήσει: τί δέ, ὦ Σώκρατες; τὸ τῶν παρθένων γένος θεῶν γένει ἂν τις [289b] συμβάλλῃ, οὐ ταῦτόν πεῖσεται ὅπερ τὸ τῶν χυτρῶν τῷ τῶν παρθένων συμβαλλόμενον; οὐχ ἢ καλλίστη παρθένος αἰσχρὰ φανεῖται; ἢ οὐ καὶ Ἡράκλειτος αὐτὸ τοῦτο λέγει, ὃν σὺ ἐπάγῃ, ὅτι ἀνθρώπων ὁ σοφώτατος πρὸς θεὸν πίθηκος φανεῖται καὶ σοφία καὶ κάλλει καὶ τοῖς ἄλλοις πᾶσιν; ὁμολογήσωμεν, Ἰππία, τὴν καλλίστην παρθένον πρὸς θεῶν γένος αἰσχρὰν εἶναι;

Ἰππίας: τίς γὰρ ἂν ἀντείποι τούτῳ γε, ὦ Σώκρατες; [289c]

Σωκράτης: ἂν τοίνυν ταῦτα ὁμολογήσωμεν, γελάσεται τε καὶ ἐρεῖ: ὦ Σώκρατες, μέμνησαι οὖν ὅτι ἠρωτήθης; ἔγωγε, φήσω, ὅτι αὐτὸ τὸ καλὸν ὅτι ποτέ ἐστιν. ἔπειτα, φήσει, ἐρωτηθεὶς τὸ καλὸν ἀποκρίνη ὃ τυγχάνει ὄν, ὡς αὐτὸς φῆς, οὐδὲν μᾶλλον καλὸν ἢ αἰσχρόν; ἔοικε, φήσω: ἢ τί μοι συμβουλεύεις, ὦ φίλε, φάναι;

Ἰππίας: τοῦτο ἔγωγε: καὶ γὰρ δὴ πρὸς γε θεοὺς ὅτι οὐ καλὸν τὸ ἀνθρώπειον γένος, ἀληθῆ ἐρεῖ.

Σωκράτης: εἰ δέ σε ἠρόμην, φήσει, ἐξ ἀρχῆς τί ἐστι [289d] καλόν τε καὶ αἰσχρόν, εἴ μοι ἅπερ νῦν ἀπεκρίνω, ἅρ' οὐκ ἂν ὀρθῶς ἀπεκέκρισο; ἔτι δὲ καὶ δοκεῖ σοι αὐτὸ τὸ καλόν, ὃ καὶ τᾶλλα πάντα κοσμεῖται καὶ καλὰ φαίνεται, ἐπειδὴν προσγένηται ἐκεῖνο τὸ εἶδος, τοῦτ' εἶναι παρθένος ἢ ἵππος ἢ λύρα;

Ἰππίας: ἀλλὰ μέντοι, ὦ Σώκρατες, εἰ τοῦτό γε ζητεῖ, πάντων ῥᾶστον ἀποκρίνασθαι αὐτῷ τί ἐστι τὸ καλόν ὃ καὶ τὰ ἄλλα πάντα κοσμεῖται καὶ προσγενομένου αὐτοῦ καλὰ φαίνεται. [289e] εὐηθέστατος οὖν ἐστὶν ὁ ἀνθρώπος καὶ οὐδὲν ἐπαῖει περὶ καλῶν κτημάτων. ἐὰν γὰρ αὐτῷ ἀποκρίνη ὅτι τοῦτ' ἐστὶν ὃ ἐρωτᾷ τὸ καλόν οὐδὲν ἄλλο ἢ χρυσός, ἀπορήσει καὶ οὐκ ἐπιχειρήσει σε ἐλέγχειν. ἴσμεν γάρ που πάντες ὅτι ὅπου ἂν τοῦτο προσγένηται, κἂν πρότερον αἰσχρόν

φαίνηται, καλὸν φανεῖται χρυσοῦ γε κοσμηθέν.

Σωκράτης: ἄπειρος εἶ τοῦ ἀνδρός, ὃ Ἰππία, ὡς σχέτλιός ἐστι καὶ οὐδὲν ῥαδίως ἀποδεχόμενος.

Ἰππίας: τί οὖν τοῦτο, ὃ Σώκρατες; τὸ γὰρ ὀρθῶς λεγόμενον [290a] ἀνάγκη αὐτῷ ἀποδέχεσθαι, ἢ μὴ ἀποδεχομένῳ καταγελάστω εἶναι.

Σωκράτης: καὶ μὲν δὴ ταύτην γε τὴν ἀπόκρισιν, ὃ ἄριστε, οὐ μόνον οὐκ ἀποδέξεται, ἀλλὰ πάνυ με καὶ τωθάσεται, καὶ ἐρεῖ: ὃ τετυφωμένε σύ, Φειδίαν οἶε κακὸν εἶναι δημιουργόν; καὶ ἐγὼ οἶμαι ἐρῶ ὅτι οὐδ' ὅπωςτιοῦν.

Ἰππίας: καὶ ὀρθῶς γ' ἐρεῖς, ὃ Σώκρατες.

Σωκράτης: ὀρθῶς μέντοι. τοιγάρτοι ἐκεῖνος, ἐπειδὰν ἐγὼ ὁμολογῶ ἀγαθὸν εἶναι δημιουργὸν τὸν Φειδίαν, εἶτα, [290b] φήσει, οἶε τοῦτο τὸ καλὸν ὃ σὺ λέγεις ἡγνόμεν Φειδίας; καὶ ἐγώ: τί μάλιστα; φήσω. ὅτι, ἐρεῖ, τῆς Ἀθηνᾶς τοὺς ὀφθαλμοὺς οὐ χρυσοῦς ἐποίησεν, οὐδὲ τὸ ἄλλο πρόσωπον οὐδὲ τοὺς πόδας οὐδὲ τὰς χεῖρας, εἴπερ χρυσοῦν γε δὴ ὄν κάλλιστον ἐμελλε φαίνεσθαι, ἀλλ' ἐλεφάντινον: δῆλον ὅτι τοῦτο ὑπὸ ἀμαθίας ἐξήμαρτεν, ἀγνοῶν ὅτι χρυσὸς ἄρ' ἐστὶν ὁ πάντα καλὰ ποιῶν, ὅπου ἂν προσγένηται. ταῦτα οὖν λέγοντι τί ἀποκρινώμεθα, ὃ Ἰππία; [290c]

Ἰππίας: οὐδὲν χαλεπόν: ἐροῦμεν γὰρ ὅτι ὀρθῶς ἐποίησε. καὶ γὰρ τὸ ἐλεφάντινον οἶμαι καλὸν ἐστίν.

Σωκράτης: τοῦ οὖν ἔνεκα, φήσει, οὐ καὶ τὰ μέσα τῶν ὀφθαλμῶν ἐλεφάντινα ἡργάσατο, ἀλλὰ λίθινα, ὡς οἶόν τ' ἦν ὁμοιότητα τοῦ λίθου τῷ ἐλέφαντι ἐξευρών; ἢ καὶ ὁ λίθος ὁ καλὸς καλὸν ἐστι; φήσομεν, ὃ Ἰππία;

Ἰππίας: φήσομεν μέντοι, ὅταν γε πρέπων ᾖ.

Σωκράτης: ὅταν δὲ μὴ πρέπων, αἰσχρόν; ὁμολογῶ ἢ μή;

Ἰππίας: ὁμολόγει, ὅταν γε μὴ πρέπη. [290d]

Σωκράτης: τί δὲ δὴ; ὁ ἐλέφας καὶ ὁ χρυσός, φήσει, ὃ σοφὲ σύ, οὐχ ὅταν μὲν πρέπη, καλὰ ποιεῖ φαίνεσθαι, ὅταν δὲ μὴ, αἰσχρά; ἔξαρνοι

ἐσόμεθα ἢ ὁμολογήσομεν αὐτῷ ὀρθῶς λέγειν αὐτόν;

Ἰππίας: ὁμολογήσομεν τοῦτό γε, ὅτι ὁ ἂν πρέπει ἐκάστῳ, τοῦτο καλὸν ποιεῖ ἕκαστον.

Σωκράτης: πότερον οὖν πρέπει, φήσει, ὅταν τις τὴν χύτραν ἦν ἄρτι ἐλέγομεν, τὴν καλὴν, ἔψη ἔτνους καλοῦ μεστήν, χρυσὴ τορύνῃ αὐτὴ ἢ συκίνη;

Ἰππίας: Ἡράκλεις, οἷον λέγεις ἄνθρωπον, ὃ Σώκρατες. οὐ [290e] βούλει μοι εἰπεῖν τίς ἐστίν;

Σωκράτης: οὐ γὰρ ἂν γνοίης, εἰ σοι εἶπομι τοῦνομα.

Ἰππίας: ἀλλὰ καὶ νῦν ἔγωγε γινώσκω, ὅτι ἀμαθής τίς ἐστίν.

Σωκράτης: μέρμερος πάνυ ἐστίν, ὃ Ἰππία: ἀλλ' ὅμως τί φήσομεν; ποτέραν πρέπει τοῖν τορύνειν τῷ ἔτνει καὶ τῇ χύτρᾳ; ἢ δὴλον ὅτι τὴν συκίνη; εὐδodέστερον γὰρ που τὸ ἔτνος ποιεῖ, καὶ ἅμα, ὃ ἐταῖρε, οὐκ ἂν συντρίψασα ἡμῖν τὴν χύτραν ἐκχέαι τὸ ἔτνος καὶ τὸ πῦρ ἀποσβέσειεν καὶ τοὺς μέλλοντας ἐστιᾶσθαι ἄνευ ὄψου ἂν πάνυ γενναίου ποιήσειεν: ἢ δὲ χρυσὴ ἐκείνη πάντα ἂν ταῦτα ποιήσειεν, ὥστ' ἔμοιγε [291a] δοκεῖν τὴν συκίνην ἡμᾶς μᾶλλον φάναι πρέπειν ἢ τὴν χρυσήν, εἰ μὴ τι σὺ ἄλλο λέγεις.

Ἰππίας: πρέπει μὲν γάρ, ὃ Σώκρατες, μᾶλλον: οὐ μεντὰν ἔγωγε τῷ ἀνθρώπῳ τοιαῦτα ἐρωτῶντι διαλεγοίμην.

Σωκράτης: ὀρθῶς γε, ὃ φίλε: σοὶ μὲν γὰρ οὐκ ἂν πρόποι τοιούτων ὀνομάτων ἀναπίμπλασθαι, καλῶς μὲν οὕτως ἀμπεχομένῳ, καλῶς δὲ ὑποδεδεμένῳ, εὐδοκιμοῦντι δὲ ἐπὶ σοφίᾳ ἐν πᾶσι τοῖς Ἑλλήσιν. ἀλλ' ἐμοὶ οὐδὲν πρᾶγμα φύρεσθαι [291b] πρὸς τὸν ἄνθρωπον: ἐμὲ οὖν προδίδασκε καὶ ἐμὴν χάριν ἀποκρίνου. εἰ γὰρ δὴ πρέπει γε μᾶλλον ἢ συκίνη τῆς χρυσῆς, φήσει ὁ ἄνθρωπος, ἄλλο τι καὶ καλλίων ἂν εἴη, ἐπειδὴ περ τὸ πρόπον, ὃ Σώκρατες, κάλλιον ὁμολόγησας εἶναι τοῦ μὴ πρόποντος; ἄλλο τι ὁμολογῶμεν, ὃ Ἰππία, τὴν συκίνην καλλίω τῆς χρυσῆς εἶναι;

Ἰππίας: βούλει σοι εἶπω, ὃ Σώκρατες, ὁ εἰπὼν εἶναι τὸ καλὸν ἀπαλλάξεις σαυτὸν τῶν πολλῶν λόγων; [291c]

Σωκράτης: πάνυ μὲν οὖν: μὴ μέντοι πρότερόν γε πρὶν ἂν μοι εἴπῃς ποτέραν ἀποκρίνωμαι οἷν ἄρτι ἔλεγον τοῖν τορύναιν πρέπουσάν τε καὶ καλλίω εἶναι.

Ἰππίας: ἀλλ', εἰ βούλει, αὐτῷ ἀπόκριναι ὅτι ἡ ἐκ τῆς συκῆς εἰργασμένη.

Σωκράτης: λέγε δὴ νυνὶ ὁ ἄρτι ἔμελλες λέγειν. ταύτη μὲν γὰρ τῇ ἀποκρίσει, [ῆ] ἂν φῶ τὸ καλὸν χρυσὸν εἶναι, οὐδὲν ὥς ἔοικέ μοι ἀναφανήσεται κάλλιον ὃν χρυσὸς ἢ ξύλον σύκινον: τὸ δὲ νῦν τί αὖ λέγεις τὸ καλὸν εἶναι; [291d]

Ἰππίας: ἐγὼ σοι ἐρῶ. ζητεῖν γάρ μοι δοκεῖς τοιοῦτόν τι τὸ καλὸν ἀποκρίνασθαι, ὃ μηδέποτε αἰσχρὸν μηδαμοῦ μηδενὶ φανεῖται.

Σωκράτης: πάνυ μὲν οὖν, ὦ Ἰππία: καὶ καλῶς γε νῦν ὑπολαμβάνεις.

Ἰππίας: ἄκουε δὴ: πρὸς γὰρ τοῦτο ἴσθι, ἐάν τις ἔχῃ ὅτι ἀντίειπε, φάναι ἐμὲ μὴδ' ὅτιοῦν ἐπαίειν.

Σωκράτης: λέγε δὴ ὥς τάχιστα πρὸς θεῶν.

Ἰππίας: λέγω τοίνυν ἀεὶ καὶ παντὶ καὶ πανταχοῦ κάλλιστον εἶναι ἀνδρί, πλουτοῦντι, ὑγιαίνοντι, τιμωμένῳ ὑπὸ τῶν Ἑλλήνων, ἀφικομένῳ εἰς γῆρας, τοὺς αὐτοῦ γονέας τελευτήσαντας [291e] καλῶς περιστείλαντι, ὑπὸ τῶν αὐτοῦ ἐκγόνων καλῶς καὶ μεγαλοπρεπῶς ταφῆναι.

Σωκράτης: ἰοὺ ἰοῦ, ὦ Ἰππία, ἡ θαυμασίως τε καὶ μεγαλείως καὶ ἀξίως σου τοῦ εἶρηκας: καὶ νῆ τὴν Ἥραν ἄγαμαί σου ὅτι μοι δοκεῖς εὐνοϊκῶς, καθ' ὅσον οἷός τ' εἶ, βοηθεῖν: ἀλλὰ γὰρ τοῦ ἀνδρὸς οὐ τυγχάνομεν, ἀλλ' ἡμῶν δὴ νῦν καὶ πλείστον καταγελάσεται, εὖ ἴσθι.

Ἰππίας: πονηρόν γ', ὦ Σώκρατες, γέλωτα: ὅταν γὰρ πρὸς ταῦτα ἔχῃ μὲν μηδὲν ὅτι λέγῃ, γελᾷ δέ, αὐτοῦ καταγελάσεται [292a] καὶ ὑπὸ τῶν παρόντων αὐτὸς ἔσται καταγέλαστος.

Σωκράτης: ἴσως οὕτως ἔχει: ἴσως μέντοι ἐπὶ γε ταύτῃ τῇ ἀποκρίσει, ὥς ἐγὼ μαντεύομαι, κινδυνεύσει οὐ μόνον μου καταγελᾶν.

Ἰππίας: ἀλλὰ τί μήν;

Σωκράτης: ὅτι, ἂν τύχη βακτηρίαν ἔχων, ἂν μὴ ἐκφύγω φεύγων αὐτόν, εὖ μάλα μου ἐφικέσθαι πειράσεται.

Ἰππίας: πῶς λέγεις; δεσπότης τίς σου ὁ ἄνθρωπός ἐστιν, καὶ τοῦτο ποιήσας οὐκ ἀχθήσεται καὶ δίκας ὀφλήσει; ἢ οὐκ [292b] ἐνδικος ὑμῖν ἡ πόλις ἐστίν, ἀλλ' ἐὰν ἀδίκως τύπτειν ἀλλήλους τοὺς πολίτας;

Σωκράτης: οὐδ' ὅπωςτιοῦν ἐᾷ.

Ἰππίας: οὐκοῦν δώσει δίκην ἀδίκως γέ σε τύπτων.

Σωκράτης: οὐ μοι δοκεῖ, ὦ Ἰππία, οὐκ, εἰ ταῦτά γε ἀποκριναίμην, ἀλλὰ δικαίως, ἔμοιγε δοκεῖ.

Ἰππίας: καὶ ἐμοὶ τοίνυν δοκεῖ, ὦ Σώκρατες, ἐπειδὴ περ γε αὐτὸς ταῦτα οἶει.

Σωκράτης: οὐκοῦν εἶπω σοι καὶ ἢ αὐτὸς οἶομαι δικαίως ἂν τύπτεσθαι ταῦτα ἀποκρινόμενος; ἢ καὶ σύ με ἄκριτον τυπτήσεις; ἢ δέξῃ λόγον; [292c]

Ἰππίας: δεινὸν γὰρ ἂν εἴη, ὦ Σώκρατες, εἰ μὴ δεχοίμην: ἀλλὰ πῶς λέγεις;

Σωκράτης: ἐγὼ σοι ἐρῶ, τὸν αὐτὸν τρόπον ὥν περ νυνδὴ, μιμούμενος ἐκεῖνον, ἵνα μὴ πρὸς σέ λέγω ῥήματα, οἷα ἐκεῖνος εἰς ἐμέ ἐρεῖ, χαλεπά τε καὶ ἀλλόκοτα. εὖ γὰρ ἴσθι, εἰπέ μοι, φήσκει, ὦ Σώκρατες, οἶει ἂν ἀδίκως πληγὰς λαβεῖν, ὅστις διθυράμβον τοσοῦτον ἄσας οὕτως ἀμούσως πολὺ ἀπῆσας ἀπὸ τοῦ ἐρωτήματος; πῶς δὴ; φήσω ἐγώ. ὅπως; φήσκει: οὐχ οἷός τ' εἶ μεμνησθαι ὅτι τὸ καλὸν αὐτὸ ἡρώτων, [292d] ὃ παντὶ ὧ ἂν προσγένηται, ὑπάρχει ἐκείνῳ καλῶ εἶναι, καὶ λίθῳ καὶ ξύλῳ καὶ ἀνθρώπῳ καὶ θεῷ καὶ πάσῃ πράξει καὶ παντὶ μαθήματι; αὐτὸ γὰρ ἔγωγε, ὦνθρωπε, κάλλος ἐρωτῶ ὅτι ἐστίν, καὶ οὐδέν σοι μᾶλλον γεγωνεῖν δύναμαι ἢ εἶ μοι παρεκάθησο λίθος, καὶ οὗτος μυλίας, μήτε ὧτα μήτε ἐγκέφαλον ἔχων. εἰ οὖν φοβηθεὶς εἶποιμι ἐγὼ ἐπὶ τούτοις τάδε, ἄρα οὐκ ἂν ἄχθοιο, ὦ Ἰππία; ἀλλὰ μέντοι τόδε τὸ [292e] καλὸν εἶναι Ἰππίας ἔφη: καίτοι ἐγὼ αὐτὸν ἡρώτων οὕτως ὥσπερ σὺν ἐμέ, ὃ πᾶσι καλὸν καὶ ἀεὶ ἐστί. πῶς οὖν φήσ; οὐκ ἀχθέσῃ, ἂν εἶπω ταῦτα;

Ἰππίας: εὖ γ' οὖν οἶδα, ὦ Σώκρατες, ὅτι πᾶσι καλὸν τοῦτ' ἐστίν, ὃ ἐγὼ εἶπον, καὶ δόξει.

Σωκράτης: ἦ καὶ ἔσται; φήσει: ἀεὶ γάρ που τό γε καλὸν καλόν.

Ἰππίας: πάνυ γε.

Σωκράτης: οὐκοῦν καὶ ἦν; φήσει.

Ἰππίας: καὶ ἦν.

Σωκράτης: ἦ καὶ τῷ Ἀχιλλεῖ, φήσει, ὁ ξένος ὁ Ἥλεϊος ἔφη καλὸν εἶναι ὑστέρω τῶν προγόνων ταφῆναι, καὶ τῷ πάππῳ αὐτοῦ Αἰακῷ, καὶ τοῖς ἄλλοις ὅσοι [293a] ἐκ θεῶν γεγόνασι, καὶ αὐτοῖς τοῖς θεοῖς;

Ἰππίας: τί τοῦτο; βάλλ' ἐς μακαρίαν. τοῦ ἀνθρώπου οὐδ' εὐφημα, ὦ Σώκρατες, ταῦτά γε τὰ ἐρωτήματα.

Σωκράτης: τί δέ; τὸ ἐρομένου ἐτέρου φάναι ταῦτα οὕτως ἔχειν οὐ πάνυ δύσφημον;

Ἰππίας: ἴσως.

Σωκράτης: ἴσως τοίνυν σὺ εἶ οὗτος, φήσει, ὃς παντὶ φῆς καὶ ἀεὶ καλὸν εἶναι ὑπὸ μὲν τῶν ἐκγόνων ταφῆναι, τοὺς δὲ γονέας θάψαι; ἦ οὐχ εἷς τῶν ἀπάντων καὶ Ἡρακλῆς ἦν καὶ οὖς νυνδὴ ἐλέγομεν πάντες;

Ἰππίας: ἀλλ' οὐ τοῖς θεοῖς ἔγωγε ἔλεγον. [293b]

Σωκράτης: οὐδὲ τοῖς ἥρωσιν, ὥς ἔοικας.

Ἰππίας: οὐχ ὅσοι γε θεῶν παῖδες ἦσαν.

Σωκράτης: ἀλλ' ὅσοι μή;

Ἰππίας: πάνυ γε.

Σωκράτης: οὐκοῦν κατὰ τὸν σὸν αὖ λόγον, ὥς φαίνεται, τῶν ἡρώων τῷ μὲν Ταντάλῳ καὶ τῷ Δαρδάνῳ καὶ τῷ Ζήθῳ δεινόν τε καὶ ἀνόσιον καὶ αἰσχρόν ἐστι, Πέλοπι δὲ καὶ τοῖς ἄλλοις τοῖς οὕτω γεγονόσι καλόν.

Ἰππίας: ἔμοιγε δοκεῖ.

Σωκράτης: σοὶ τοίνυν δοκεῖ, φήσει, ὃ ἄρτι οὐκ ἔφησθα, τὸ θάψαντι τοὺς προγόνους ταφῆναι ὑπὸ τῶν ἐκγόνων ἐνίστε καὶ [293c] ἐνίοις αἰσχρὸν εἶναι: ἔτι δὲ μᾶλλον, ὥς ἔοικεν, ἀδύνατον πᾶσι τοῦτο γενέσθαι καὶ εἶναι καλόν, ὥστε τοῦτό γε ὥσπερ καὶ τὰ ἔμπροσθεν ἐκεῖνα, ἧ τε παρθένος καὶ ἡ χύτρα, ταῦτόν πέπονθε, καὶ ἔτι γελοιοτέρως τοῖς μὲν ἐστὶ καλόν, τοῖς δ' οὐ καλόν. καὶ οὐδέπω καὶ τήμερον, φήσει, οἷός τ' εἶ, ὃ Σώκρατες, περὶ τοῦ καλοῦ ὅτι ἐστὶ τὸ ἐρωτώμενον ἀποκρίνασθαι. ταῦτά μοι καὶ τοιαῦτα ὀνειδιεῖ δικαίως, ἐὰν αὐτῷ οὕτως ἀποκρίνωμαι. τὰ μὲν οὖν πολλά, ὃ Ἰππία, σχεδὸν [293d] τί μοι οὕτω διαλέγεται: ἐνίστε δὲ ὥσπερ ἐλεήσας μου τὴν ἀπειρίαν καὶ ἀπαιδευσίαν αὐτός μοι προβάλλει ἐρωτῶν εἰ τοιόνδε μοι δοκεῖ εἶναι τὸ καλόν, ἧ καὶ περὶ ἄλλου ὅτου ἂν τύχη πυνθανόμενος καὶ περὶ οὗ ἂν λόγος ᾖ.

Ἰππίας: πῶς τοῦτο λέγεις, ὃ Σώκρατες;

Σωκράτης: ἐγὼ σοὶ φράσω. ὃ δαιμόνιε, φησί, Σώκρατες, τὰ μὲν τοιαῦτα ἀποκρινόμενος καὶ οὕτω παῦσαι λίαν γὰρ εὐήθη τε καὶ εὐεξέλεγκτά ἐστιν ἅλλα τὸ τοιόνδε [293e] σκόπει εἰ σοὶ δοκεῖ καλόν εἶναι, οὗ καὶ νυνδὴ ἐπελαβόμεθα ἐν τῇ ἀποκρίσει, ἡνίκ' ἔφαμεν τὸν χρυσὸν οἷς μὲν πρέπει καλόν εἶναι, οἷς δὲ μή, οὐ, καὶ τᾶλλα πάντα οἷς ἂν τοῦτο προσῇ: αὐτὸ δὴ τοῦτο τὸ πρέπον καὶ τὴν φύσιν αὐτοῦ τοῦ πρέποντος σκόπει εἰ τοῦτο τυγχάνει ὃν τὸ καλόν. ἐγὼ μὲν οὖν εἶωθα συμφάναι τὰ τοιαῦτα ἐκάστοτε οὐ γὰρ ἔχω ὅτι λέγω σοὶ δ' οὖν δοκεῖ τὸ πρέπον καλόν εἶναι;

Ἰππίας: πάντως δήπου, ὃ Σώκρατες.

Σωκράτης: σκοπώμεθα, μή πη ἄρ' ἐξαπατώμεθα.

Ἰππίας: ἀλλὰ χρή σκοπεῖν.

Σωκράτης: ὄρα τοίνυν: τὸ πρέπον ἄρα τοῦτο λέγομεν, ὃ παραγενόμενον [294a] ποιεῖ ἕκαστα φαίνεσθαι καλὰ τούτων οἷς ἂν παρῇ, ἧ ὃ εἶναι ποιεῖ, ἧ οὐδέτερα τούτων;

Ἰππίας: ἔμοιγε δοκεῖ [πότερα] } ὃ ποιεῖ φαίνεσθαι καλά: ὥσπερ γε ἐπειδὴν ἱμάτιά τις λάβῃ ἢ ὑποδήματα ἀρμόττοντα, κἂν ἧ γελοῖος,

καλλίων φαίνεται.

Σωκράτης: οὐκοῦν εἴπερ καλλίω ποιεῖ φαίνεσθαι ἢ ἔστι τὸ πρέπον, ἀπάτη τις ἂν εἴη περὶ τὸ καλὸν τὸ πρέπον, καὶ οὐκ ἂν εἴη τοῦτο ὃ ἡμεῖς ζητοῦμεν, ὃ Ἰππία; ἡμεῖς μὲν γὰρ που [294b] ἐκεῖνο ἐζητοῦμεν, ὃ πάντα τὰ καλὰ πράγματα καλὰ ἐστίν ὥσπερ ὃ πάντα τὰ μεγάλα ἐστὶ μεγάλα, τῷ ὑπερέχοντι: τούτῳ γὰρ πάντα μεγάλα ἐστί, καὶ ἐὰν μὴ φαίνεται, ὑπερέχῃ δέ, ἀνάγκη αὐτοῖς μεγάλους εἵναι οὕτω δῆ, φαμέν, καὶ τὸ καλόν, ὃ καλὰ πάντα ἐστίν, ἄντ' οὖν φαίνεται ἄντε μή, τί ἂν εἴη; τὸ μὲν γὰρ πρέπον οὐκ ἂν εἴη: καλλίω γὰρ ποιεῖ φαίνεσθαι ἢ ἔστιν, ὡς ὁ σὸς λόγος, οἷα δ' ἔστιν οὐκ ἐᾷ φαίνεσθαι. τὸ δὲ ποιοῦν εἶναι καλὰ, ὅπερ νυνδὴ εἶπον, [294c] ἐάντε φαίνεται ἐάντε μή, πειρατέον λέγειν τί ἐστι: τοῦτο γὰρ ζητοῦμεν, εἴπερ τὸ καλὸν ζητοῦμεν.

Ἰππίας: ἀλλὰ τὸ πρέπον, ὃ Σώκρατες, καὶ εἶναι καὶ φαίνεσθαι ποιεῖ καλὰ παρόν.

Σωκράτης: ἀδύνατον ἄρα τῷ ὄντι καλὰ ὄντα μὴ φαίνεσθαι καλὰ εἶναι, παρόντος γε τοῦ ποιοῦντος φαίνεσθαι;

Ἰππίας: ἀδύνατον.

Σωκράτης: ὁμολογήσομεν οὖν τοῦτο, ὃ Ἰππία, πάντα τὰ τῷ ὄντι καλὰ καὶ νόμιμα καὶ ἐπιτηδεύματα καὶ δοξάζεσθαι καλὰ [294d] εἶναι καὶ φαίνεσθαι ἀεὶ πᾶσιν, ἢ πᾶν τούναντίον ἀγνοεῖσθαι καὶ πάντων μάλιστα ἔριν καὶ μάχην περὶ αὐτῶν εἶναι καὶ ἰδίᾳ ἐκάστοις καὶ δημοσίᾳ ταῖς πόλεσιν;

Ἰππίας: οὕτω μᾶλλον, ὃ Σώκρατες: ἀγνοεῖσθαι.

Σωκράτης: οὐκ ἂν, εἰ γέ που τὸ φαίνεσθαι αὐτοῖς προσῆν: προσῆν δ' ἂν, εἴπερ τὸ πρέπον καλὸν ἦν καὶ μὴ μόνον καλὰ ἐποίει εἶναι ἀλλὰ καὶ φαίνεσθαι. ὥστε τὸ πρέπον, εἰ μὲν τὸ καλὰ ποιοῦν ἐστὶν εἶναι, τὸ μὲν καλὸν ἂν εἴη, ὃ ἡμεῖς ζητοῦμεν, οὐ μέντοι τό γε ποιοῦν φαίνεσθαι: εἰ δ' αὖ τὸ [294e] φαίνεσθαι ποιοῦν ἐστὶν τὸ πρέπον, οὐκ ἂν εἴη τὸ καλόν, ὃ ἡμεῖς ζητοῦμεν. εἶναι γὰρ ἐκεῖνό γε ποιεῖ, φαίνεσθαι δὲ καὶ [ποιεῖν] εἶναι οὐ μόνον καλὰ οὐκ ἂν ποτε δύναιτο τὸ αὐτό, ἀλλ' οὐδὲ ἄλλο ὅτιοῦν. ἐλώμεθα δὴ πότερα δοκεῖ τὸ πρέπον

εἶναι τὸ φαίνεσθαι καλὰ ποιοῦν, ἢ τὸ εἶναι.

Ἰππίας: τὸ φαίνεσθαι, ἔμοιγε δοκεῖ, ὦ Σώκρατες.

Σωκράτης: βαβαῖ, οἷχεται ἄρ' ἡμᾶς διαπεφευγός, ὦ Ἰππία, τὸ καλὸν γνῶναι ὅτι ποτέ ἐστιν, ἐπειδὴ γε τὸ πρόπον ἄλλο τι ἐφάνη ὃν ἢ καλόν.

Ἰππίας: ναὶ μὰ Δία, ὦ Σώκρατες, καὶ μάλα ἔμοιγε ἀτόπως. [295a]

Σωκράτης: ἀλλὰ μέντοι, ὦ ἐταῖρε, μήπω γε ἀνῶμεν αὐτό: ἔτι γάρ τινα ἐλπίδα ἔχω ἐκφανήσεσθαι τί ποτ' ἐστὶν τὸ καλόν.

Ἰππίας: πάντως δήπου, ὦ Σώκρατες: οὐδὲ γὰρ χαλεπὸν ἐστὶν εὑρεῖν. ἐγὼ μὲν οὖν εὖ οἶδ' ὅτι, εἰ ὀλίγον χρόνον εἰς ἐρημίαν ἐλθὼν σκεψαίμην πρὸς ἑμαυτόν, ἀκριβέστερον ἂν αὐτό σοι εἴποιμι τῆς ἀπάσης ἀκριβείας.

Σωκράτης: ἃ μὴ μέγα, ὦ Ἰππία, λέγε. ὁρᾷς ὅσα πράγματα ἡμῖν ἤδη παρέσχηκε: μὴ καὶ ὀργισθὲν ἡμῖν ἔτι μᾶλλον [295b] ἀποδρᾷ. καίτοι οὐδὲν λέγω: σὺ μὲν γὰρ οἶμαι ῥαδίως αὐτὸ εὐρήσεις, ἐπειδὴν μόνος γένῃ. ἀλλὰ πρὸς θεῶν ἐμοῦ ἐναντίον αὐτὸ ἔξευρε, εἰ δὲ βούλει, ὥσπερ νῦν ἐμοὶ συζήτει: καὶ ἐὰν μὲν εὕρωμεν, κάλλιστα ἔξει, εἰ δὲ μή, στέρξω οἶμαι ἐγὼ τῇ ἐμῇ τύχῃ, σὺ δ' ἀπελθὼν ῥαδίως εὐρήσεις: καὶ ἐὰν μὲν νῦν εὕρωμεν, ἀμέλει οὐκ ὀχληρὸς ἔσομαί σοι πυνθανόμενος ὅτι ἦν ἐκεῖνο ὃ κατὰ σαυτὸν ἐξηῦρες: νῦν δὲ θέασαι αὐτὸ ὃ σοι [295c] δοκεῖ εἶναι τὸ καλόν. λέγω δὴ αὐτὸ εἶναι ἀλλὰ γὰρ ἐπισκόπει μοι πάνυ προσέχων τὸν νοῦν μὴ παραληρήσω τοῦτο γὰρ δὴ ἔστω ἡμῖν καλόν, ὃ ἂν χρήσιμον ᾖ. εἶπον δὲ ἐκ τῶνδε ἐννοούμενος: καλοί, φαμέν, οἱ ὀφθαλμοὶ εἰσιν, οὐχ οἱ ἂν δοκῶσι τοιοῦτοι εἶναι οἷοι μὴ δυνατοὶ ὁρᾶν, ἀλλ' οἱ ἂν δυνατοὶ τε καὶ χρήσιμοι πρὸς τὸ ἰδεῖν. ἢ γάρ;

Ἰππίας: ναί.

Σωκράτης: οὐκοῦν καὶ τὸ ὅλον σῶμα οὕτω λέγομεν καλὸν εἶναι, τὸ μὲν πρὸς δρόμον, τὸ δὲ πρὸς πάλην, καὶ αὖ τὰ [295d] ζῶα πάντα, ἵππον καλὸν καὶ ἀλεκτρυόνα καὶ ὄρνυγα, καὶ τὰ σκεῦη πάντα καὶ τὰ ὀχήματα τὰ τε πεζὰ καὶ τὰ ἐν τῇ θαλάττῃ πλοῖα τε καὶ τριήρεις, καὶ τὰ γε ὄργανα πάντα τὰ τε ὑπὸ τῇ μουσικῇ καὶ τὰ ὑπὸ ταῖς ἄλλαις

τέχναις, εἰ δὲ βούλει, τὰ ἐπιτηδεύματα καὶ τοὺς νόμους, σχεδὸν τι πάντα ταῦτα καλὰ προσαγορεύομεν τῷ αὐτῷ τρόπῳ: ἀποβλέποντες πρὸς ἕκαστον αὐτῶν ἢ πέφυκεν, ἢ εἵργασται, ἢ κεῖται, τὸ μὲν χρήσιμον καὶ ἢ χρήσιμον καὶ πρὸς ὃ χρήσιμον [295e] καὶ ὁπότε χρήσιμον καλὸν φάμεν εἶναι, τὸ δὲ ταύτῃ πάντῃ ἄχρηστον αἰσχρόν: ἄρ' οὐ καὶ σοὶ δοκεῖ οὕτως, ὦ Ἰππία;

Ἰππίας: ἔμοιγε.

Σωκράτης: ὁρθῶς ἄρα νῦν λέγομεν ὅτι τυγχάνει παντὸς ὃν μᾶλλον καλὸν τὸ χρήσιμον;

Ἰππίας: ὁρθῶς μέντοι, ὦ Σώκρατες.

Σωκράτης: οὐκοῦν τὸ δυνατόν ἕκαστον ἀπεργάζεσθαι, εἰς ὅπερ δυνατόν, εἰς τοῦτο καὶ χρήσιμον, τὸ δὲ ἀδύνατον ἄχρηστον;

Ἰππίας: πάνυ γε.

Σωκράτης: δύναμις μὲν ἄρα καλόν, ἀδυναμία δὲ αἰσχρόν;

Ἰππίας: σφόδρα γε. τά τε γοῦν ἄλλα, [296a] ὦ Σώκρατες, μαρτυρεῖ ἡμῖν ὅτι τοῦτο οὕτως ἔχει, ἀτὰρ οὖν καὶ τὰ πολιτικά: ἐν γὰρ τοῖς πολιτικοῖς τε καὶ τῇ ἑαυτοῦ πόλει τὸ μὲν δυνατόν εἶναι πάντων κάλλιστον, τὸ δὲ ἀδύνατον πάντων αἰσχιστον.

Σωκράτης: εὖ λέγεις. ἄρ' οὖν πρὸς θεῶν, Ἰππία, διὰ ταῦτα καὶ ἡ σοφία πάντων κάλλιστον, ἡ δὲ ἀμαθία πάντων αἰσχιστον;

Ἰππίας: ἀλλὰ τί οἶει, ὦ Σώκρατες;

Σωκράτης: ἔχε δὴ ἡρέμα, ὦ φίλε ἐταῖρε: ὥς φοβοῦμαι τί ποτ' αὖ λέγομεν. [296b]

Ἰππίας: τί δ' αὖ φοβῇ, ὦ Σώκρατες, ἐπεὶ νῦν γέ σοι ὁ λόγος παγκάλως προβέβηκε;

Σωκράτης: βουλοίμην ἄν, ἀλλὰ μοι τόδε συνεπίσκεψαι: ἄρ' ἂν τίς τι ποιήσκειν ὃ μήτ' ἐπίσταιτο μήτε τὸ παράπαν δύναιτο;

Ἰππίας: οὐδαμῶς: πῶς γὰρ ἂν ὃ γε μὴ δύναιτο;

Σωκράτης: οἱ οὖν ἐξαμαρτάνοντες καὶ κακὰ ἐργαζόμενοι τε καὶ ποιοῦντες ἄκοντες, ἄλλο τι οὗτοι, εἰ μὴ ἐδύναντο ταῦτα ποιεῖν, οὐκ ἂν ποτε ἐποίουν;

Ἰππίας: δῆλον δή.

Σωκράτης: ἀλλὰ μέντοι δυνάμει [296c] γε δύνανται οἱ δυνάμενοι: οὐ γάρ που ἀδυναμία γε.

Ἰππίας: οὐ δῆτα.

Σωκράτης: δύνανται δέ γε πάντες ποιεῖν οἱ ποιοῦντες ἃ ποιοῦσιν;

Ἰππίας: ναί.

Σωκράτης: κακὰ δέ γε πολὺ πλείω ποιοῦσιν ἢ ἀγαθὰ πάντες ἄνθρωποι, ἀρξάμενοι ἐκ παίδων, καὶ ἐξαμαρτάνουσιν ἄκοντες.

Ἰππίας: ἔστι ταῦτα.

Σωκράτης: τί οὖν; ταύτην τὴν δυνάμιν καὶ ταῦτα τὰ χρήσιμα, ἃ ἂν ἦ ἐπὶ τὸ κακόν τι ἐργάζεσθαι χρήσιμα, ἄρα φήσομεν ταῦτα εἶναι [296d]καλά, ἢ πολλοῦ δεῖ;

Ἰππίας: πολλοῦ, ἔμοιγε δοκεῖ, ὦ Σώκρατες.

Σωκράτης: οὐκ ἄρα, ὦ Ἰππία, τὸ δυνατόν τε καὶ τὸ χρήσιμον ἡμῖν, ὡς ἔοικεν, ἐστὶ τὸ καλόν.

Ἰππίας: ἐάν γε, ὦ Σώκρατες, ἀγαθὰ δύνηται καὶ ἐπὶ τοιαῦτα χρήσιμον ἦ.

Σωκράτης: ἐκεῖνο μὲν τοίνυν οἷχεται, τὸ δυνατόν τε καὶ χρήσιμον ἀπλῶς εἶναι καλόν: ἀλλ' ἄρα τοῦτ' ἦν ἐκεῖνο, ὃ Ἰππία, ὃ ἐβούλετο ἡμῶν ἢ ψυχὴ εἰπεῖν, ὅτι τὸ χρήσιμόν τε καὶ τὸ δυνατόν ἐπὶ τὸ ἀγαθόν τι ποιῆσαι, τοῦτ' ἐστὶ τὸ [296e] καλόν;

Ἰππίας: ἔμοιγε δοκεῖ.

Σωκράτης: ἀλλὰ μὴν τοῦτό γε ὠφέλιμόν ἐστιν. ἢ οὐ;

Ἰππίας: πάνυ γε.

Σωκράτης: οὕτω δὴ καὶ τὰ καλὰ σώματα καὶ τὰ καλὰ νόμιμα καὶ ἡ σοφία καὶ ἃ νυνδὴ ἐλέγομεν πάντα καλὰ ἐστίν, ὅτι ὠφέλιμα.

Ἰππίας: δῆλον ὅτι.

Σωκράτης: τὸ ὠφέλιμον ἄρα ἔοικεν ἡμῖν εἶναι τὸ καλόν, ὃ Ἰππία.

Ἰππίας: πάντως δήπου, ὃ Σώκρατες.

Σωκράτης: ἀλλὰ μὴν τό γε ὠφέλιμον τὸ ποιοῦν ἀγαθόν ἐστίν.

Ἰππίας: ἔστι γάρ.

Σωκράτης: τὸ ποιοῦν δέ γ' ἐστὶν οὐκ ἄλλο τι ἢ τὸ αἴτιον: ἦ γάρ;

Ἰππίας: οὕτως.

Σωκράτης: τοῦ ἀγαθοῦ ἄρα [297a] αἰτιόν ἐστίν τὸ καλόν.

Ἰππίας: ἔστι γάρ.

Σωκράτης: ἀλλὰ μὴν τό γε αἴτιον, ὃ Ἰππία, καὶ οὐκ ἂν αἴτιον ἦ τὸ αἴτιον, ἄλλο ἐστίν: οὐ γάρ που τό γε αἴτιον αἰτίου αἴτιον ἂν εἴη. ὥδε δὲ σκόπει: οὐ τὸ αἴτιον ποιοῦν ἐφάνη;

Ἰππίας: πάνυ γε.

Σωκράτης: οὐκοῦν ὑπὸ τοῦ ποιοῦντος ποιεῖται οὐκ ἄλλο τι ἢ τὸ γινόμενον, ἀλλ' οὐ τὸ ποιοῦν;

Ἰππίας: ἔστι ταῦτα.

Σωκράτης: οὐκοῦν ἄλλο τι τὸ γινόμενον, ἄλλο δὲ τὸ ποιοῦν;

Ἰππίας: ναί.

Σωκράτης: οὐκ ἄρα τό γ' αἴτιον αἴτιον [297b] αἰτίου ἐστίν, ἀλλὰ τοῦ γιγνομένου ὑφ' ἑαυτοῦ.

Ἰππίας: πάνυ γε.

Σωκράτης: εἰ ἄρα τὸ καλόν ἐστὶν αἴτιον ἀγαθοῦ, γίγνοιτ' ἂν ὑπὸ τοῦ καλοῦ τὸ ἀγαθόν: καὶ διὰ ταῦτα, ὥς ἔοικε, σπουδάζομεν καὶ τὴν

φρόνησιν καὶ τᾶλλα πάντα τὰ καλὰ, ὅτι τὸ ἔργον αὐτῶν καὶ τὸ ἔκγονον σπουδαστόν ἐστι, τὸ ἀγαθόν, καὶ κινδυνεύει ἐξ ὧν εὐρίσκομεν ἐν πατρός τιнос ἰδέα εἶναι τὸ καλὸν τοῦ ἀγαθοῦ.

Ἰππίας: πάνυ μὲν οὖν: καλῶς γὰρ λέγεις, ὦ Σώκρατες.

Σωκράτης: οὐκοῦν καὶ τόδε καλῶς λέγω, ὅτι οὔτε ὁ πατήρ υἱός [297c] ἐστίν, οὔτε ὁ υἱός πατήρ;

Ἰππίας: καλῶς μέντοι.

Σωκράτης: οὐδέ γε τὸ αἴτιον γιγνόμενόν ἐστιν, οὐδὲ τὸ γιγνόμενον αὐτῷ αἴτιον.

Ἰππίας: ἀληθῆ λέγεις.

Σωκράτης: μὰ Δία, ὦ ἄριστε, οὐδὲ ἄρα τὸ καλὸν ἀγαθόν ἐστιν, οὐδὲ τὸ ἀγαθὸν καλόν: ἢ δοκεῖ σοι οἷόν τε εἶναι ἐκ τῶν προειρημένων;

Ἰππίας: οὐ μὰ τὸν Δία, οὐ μοι φαίνεται.

Σωκράτης: ἀρέσκει οὖν ἡμῖν καὶ ἐθέλομεν ἂν λέγειν ὡς τὸ καλὸν οὐκ ἀγαθὸν οὐδὲ τὸ ἀγαθὸν καλόν;

Ἰππίας: οὐ μὰ τὸν Δία, οὐ πάνυ μοι ἀρέσκει.

Σωκράτης: ναὶ μὰ τὸν Δία, ὦ Ἰππία: ἐμοὶ δέ γε πάντων [297d] ἥκιστα ἀρέσκει ὧν εἰρήκαμεν λόγων.

Ἰππίας: ἔοικε γὰρ οὕτως.

Σωκράτης: κινδυνεύει ἄρα ἡμῖν, οὐχ ὥσπερ ἄρτι ἐφαίνετο κάλλιστος εἶναι τῶν λόγων τὸ ὠφέλιμον καὶ τὸ χρήσιμόν τε καὶ τὸ δυνατόν ἀγαθόν τι ποιεῖν καλὸν εἶναι, οὐχ οὕτως ἔχειν, ἀλλ', εἰ οἷόν τέ ἐστιν, ἐκείνων εἶναι γελοιότερος τῶν πρώτων, ἐν οἷς τήν τε παρθένον ὥόμεθα εἶναι τὸ καλὸν καὶ ἐν ἑκαστὸν τῶν ἐμπροσθεν λεχθέντων.

Ἰππίας: ἔοικεν.

Σωκράτης: καὶ ἐγὼ μὲν γε οὐκ ἔτι ἔχω, ὦ Ἰππία, ὅποι τράπωμαι, ἀλλ' ἀπορῶ: σὺ δὲ ἔχεις τι λέγειν; [297e]

Ἰππίας: οὐκ ἔν γε τῷ παρόντι, ἀλλ', ὥσπερ ἄρτι ἔλεγον, σκεψάμενος εὖ οἶδ' ὅτι εὐρήσω.

Σωκράτης: ἀλλ' ἐγώ μοι δοκῶ ὑπὸ ἐπιθυμίας τοῦ εἰδέναι οὐχ οἷός τε σέ εἶναι περιμένειν μέλλοντα: καὶ γὰρ οὖν δὴ τι καὶ οἶμαι ἄρτι ἠὺπορηκέναί. ὄρα γάρ: εἰ ὁ ἄν χαίρειν ἡμᾶς ποιῇ, μήτι πάσας τὰς ἡδονάς, ἀλλ' ὁ ἄν διὰ τῆς ἀκοῆς καὶ τῆς ὄψεως, τοῦτο φαῖμεν εἶναι καλόν, πῶς τι ἄρ' ἄν ἀγωνιζοίμεθα; [298a] οἱ τέ γέ που καλοὶ ἄνθρωποι, ὧ Ἰππία, καὶ τὰ ποικίλματα πάντα καὶ τὰ ζωγραφήματα καὶ τὰ πλάσματα τέρπει ἡμᾶς ὀρῶντας, ἃ ἄν καλὰ ᾖ: καὶ οἱ φθόγγοι οἱ καλοὶ καὶ ἡ μουσικὴ σύμπασα καὶ οἱ λόγοι καὶ αἱ μυθολογίαι ταῦτόν τοῦτο ἐργάζονται, ὥστ' εἰ ἀποκριναίμεθα τῷ θρασεῖ ἐκείνῳ ἀνθρώπῳ ὅτι ὧ γενναῖε, τὸ καλόν ἐστὶ τὸ δι' ἀκοῆς τε καὶ δι' ὄψεως ἡδύ, οὐκ ἂν οἶε αὐτόν τοῦ θράσους ἐπίσχοιμεν;

Ἰππίας: ἐμοὶ γοῦν δοκεῖ νῦν γε, ὧ Σώκρατες, εὖ λέγεσθαι [298b] τὸ καλὸν ὃ ἔστιν.

Σωκράτης: τί δ'; ἄρα τὰ ἐπιτηδεύματα τὰ καλὰ καὶ τοὺς νόμους, ὧ Ἰππία, δι' ἀκοῆς ἢ δι' ὄψεως φήσομεν ἡδέα ὄντα καλὰ εἶναι, ἢ ἄλλο τι εἶδος ἔχειν;

Ἰππίας: ταῦτα δ' ἴσως, ὧ Σώκρατες, κἂν παραλάθοι τὸν ἄνθρωπον.

Σωκράτης: μὰ τὸν κύνα, ὧ Ἰππία, οὐχ ὄν γ' ἂν ἐγὼ μάλιστα αἰσχυνοίμην ληρῶν καὶ προσποιούμενός τι λέγειν μηδὲν λέγων.

Ἰππίας: τίνα τοῦτον;

Σωκράτης: τὸν Σωφρονίσκου, ὃς ἐμοὶ οὐδὲν ἂν μᾶλλον ταῦτα [298c] ἐπιτρέποι ἀνερεύνητα ὄντα ῥαδίως λέγειν ἢ ὡς εἰδότα ἃ μὴ οἶδα.

Ἰππίας: ἀλλὰ μὴν ἔμοιγε καὶ αὐτῷ, ἐπειδὴ σὺ εἶπες, δοκεῖ τι ἄλλο εἶναι τοῦτο τὸ περὶ τοὺς νόμους.

Σωκράτης: ἔχ' ἡσυχῇ, ὧ Ἰππία: κινδυνεύομεν γάρ τοι, ἐν τῇ αὐτῇ ἐμπεπτωκότες ἀπορία περὶ τοῦ καλοῦ ἐν ἥπερ νυνδὴ, οἶεσθαι ἐν ἄλλῃ τινὶ εὐπορία εἶναι.

Ἰππίας: πῶς τοῦτο λέγεις, ὦ Σώκρατες;

Σωκράτης: ἐγὼ σοι φράσω ὃ γ' ἐμοὶ καταφαίνεται, εἰ ἄρα τι [298d]λέγω. ταῦτα μὲν γὰρ τὰ περὶ τοὺς νόμους τε καὶ τὰ ἐπιτηδεύματα τάχ' ἂν φανείη οὐκ ἐκτὸς ὄντα τῆς αἰσθήσεως ἢ διὰ τῆς ἀκοῆς τε καὶ ὄψεως ἡμῖν οὖσα τυγχάνει· ἀλλ' ὑπομείνωμεν τοῦτον τὸν λόγον, τὸ διὰ τούτων ἡδὺ καλὸν εἶναι, μηδὲν τὸ τῶν νόμων εἰς μέσον παράγοντες. ἀλλ' εἰ ἡμᾶς ἔροιτο εἴτε οὗτος ὃν λέγω, εἴτε ἄλλος ὅστισοῦν· τί δῆ, ὦ Ἰππία τε καὶ Σώκρατες, ἀφωρίσατε τοῦ ἡδέος τὸ ταύτη ἡδὺ ἢ λέγετε καλὸν εἶναι, τὸ δὲ κατὰ τὰς ἄλλας [298e] αἰσθήσεις σίτων τε καὶ ποτῶν καὶ τῶν περὶ τὰφροδίσια καὶ τᾶλλα πάντα τὰ τοιαῦτα οὐ φατε καλὰ εἶναι; ἢ οὐδὲ ἡδέα, οὐδὲ ἡδονὰς τὸ παράπαν ἐν τοῖς τοιούτοις φατὲ εἶναι, οὐδ' ἐν ἄλλῳ ἢ τῷ ἰδεῖν τε καὶ ἀκοῦσαι; τί φήσομεν, ὦ Ἰππία;

Ἰππίας: πάντως δήπου φήσομεν, ὦ Σώκρατες, καὶ ἐν τοῖς ἄλλοις μεγάλας πάνυ ἡδονὰς εἶναι.

Σωκράτης: τί οὖν, φήσει, ἡδονὰς οὖσας οὐδὲν ἥττον ἢ καὶ ἐκείνας ἀφαιρεῖσθε τοῦτο τοῦνομα καὶ ἀποστερεῖτε τοῦ [299a] καλὰς εἶναι; ὅτι, φήσομεν, καταγελῶ ἂν ἡμῶν οὐδεὶς ὅστις οὐ, εἰ φαῖμεν μὴ ἡδὺ εἶναι φαγεῖν, ἀλλὰ καλόν, καὶ ὅζειν ἡδὺ μὴ ἡδὺ ἀλλὰ καλόν· τὰ δὲ που περὶ τὰ ἀφροδίσια πάντες ἂν ἡμῖν μάχονται ὡς ἡδιστον ὄν, δεῖν δὲ αὐτό, ἐάν τις καὶ πράττη, οὕτω πράττειν ὥστε μηδένα ὁρᾶν, ὡς αἰσχιστον ὄν ὁρᾶσθαι. ταῦτα ἡμῶν λεγόντων, ὦ Ἰππία, μανθάνω, ἂν ἴσως φαίη, καὶ ἐγὼ ὅτι πάλαι αἰσχύνεσθε ταύτας τὰς ἡδονὰς φάναι καλὰς εἶναι, ὅτι οὐ δοκεῖ τοῖς [299b] ἀνθρώποις· ἀλλ' ἐγὼ οὐ τοῦτο ἡρώτων, ὃ δοκεῖ τοῖς πολλοῖς καλὸν εἶναι, ἀλλ' ὅτι ἔστιν. ἐροῦμεν δὴ οἶμαι ὅπερ ὑπεθέμεθα, ὅτι τοῦθ' ἡμεῖς γέ φαμεν τὸ μέρος τοῦ ἡδέος, τὸ ἐπὶ τῇ ὄψει τε καὶ ἀκοῇ γιγνόμενον, καλὸν εἶναι. ἀλλὰ ἔχεις ἔτι τι χρῆσθαι τῷ λόγῳ, ἢ τι καὶ ἄλλο ἐροῦμεν, ὦ Ἰππία;

Ἰππίας: ἀνάγκη πρὸς γε τὰ εἰρημένα, ὦ Σώκρατες, μὴ ἄλλ' ἅττα ἢ ταῦτα λέγειν.

Σωκράτης: καλῶς δὴ λέγετε, φήσει. οὐκοῦν εἶπερ τὸ [299c] δι' ὄψεως καὶ ἀκοῆς ἡδὺ καλόν ἐστιν, ὃ μὴ τοῦτο τυγχάνει ὃν τῶν ἡδέων, διῆλον ὅτι οὐκ ἂν καλὸν εἴη; ὁμολογήσομεν;

Ἰππίας: ναί.

Σωκράτης: ἥ οὖν τὸ δι' ὄψεως ἡδύ, φήσκει, δι' ὄψεως καὶ ἀκοῆς ἐστὶν ἡδύ, ἥ τὸ δι' ἀκοῆς ἡδὺ δι' ἀκοῆς καὶ δι' ὄψεως ἐστὶν ἡδύ; οὐδαμῶς, φήσομεν, τὸ διὰ τοῦ ἑτέρου ὃν τοῦτο δι' ἀμφοτέρων εἶη ἄντοῦτο γὰρ δοκεῖς ἡμῖν λέγειν ἄλλ' ἡμεῖς ἐλέγομεν ὅτι καὶ ἐκάτερον τούτων αὐτὸ καθ' αὐτὸ τῶν ἡδέων καλὸν εἶη, καὶ ἀμφοτέρω. οὐχ οὕτως ἀποκρινόμεθα; [299d]

Ἰππίας: πάνυ μὲν οὖν.

Σωκράτης: ἄρ' οὖν, φήσκει, ἡδὺ ἡδέος ὅτιοι ὅτουοι διαφέρει τούτῳ, τῷ ἡδὺ εἶναι; μὴ γὰρ εἰ μείζων τις ἡδονὴ ἢ ἐλάττων ἢ μᾶλλον ἢ ἡττόν ἐστιν, ἀλλ' εἴ τις αὐτῷ τούτῳ διαφέρει, τῷ ἢ μὲν ἡδονὴ εἶναι, ἢ δὲ μὴ ἡδονή, τῶν ἡδονῶν; οὐχ ἡμῖν γε δοκεῖ; οὐ γάρ;

Ἰππίας: οὐ γὰρ οὖν δοκεῖ.

Σωκράτης: οὐκοῦν, φήσκει, δι' ἄλλο τι ἢ ὅτι ἡδοναὶ εἰσι προεῖλεσθε ταύτας τὰς ἡδονὰς ἐκ τῶν ἄλλων ἡδονῶν, τοιοῦτόν [299e] τι ὁρῶντες ἐπ' ἀμφοῖν, ὅτι ἔχουσί τι διάφορον τῶν ἄλλων, εἰς ὃ ἀποβλέποντες καλὰς φατέ αὐτὰς εἶναι; οὐ γὰρ που διὰ τοῦτο καλὴ ἐστὶν ἡδονὴ ἢ διὰ τῆς ὄψεως, ὅτι δι' ὄψεως ἐστὶν; εἰ γὰρ τοῦτο αὐτῇ ἦν τὸ αἷτιον καλῇ εἶναι, οὐκ ἂν ποτε ἦν ἢ ἑτέρα, ἢ διὰ τῆς ἀκοῆς, καλὴ; οὐκοῦν ἔστι γε δι' ὄψεως ἡδονή. ἀληθῆ λέγεις, φήσομεν;

Ἰππίας: φήσομεν γάρ. [300a]

Σωκράτης: οὐδέ γ' αὖ ἢ δι' ἀκοῆς ἡδονή, ὅτι δι' ἀκοῆς ἐστι, διὰ ταῦτα τυγχάνει καλὴ; οὐ γὰρ ἂν ποτε αὖ ἢ διὰ τῆς ὄψεως καλὴ ἦν; οὐκοῦν ἔστι γε δι' ἀκοῆς ἡδονή. ἀληθῆ φήσομεν, ὦ Ἰππία, λέγειν τὸν ἄνδρα ταῦτα λέγοντα;

Ἰππίας: ἀληθῆ.

Σωκράτης: ἀλλὰ μέντοι ἀμφοτέραι γ' εἰσι καλαί, ὥς φατέ. φαμέν γάρ;

Ἰππίας: φαμέν.

Σωκράτης: ἔχουσιν ἄρα τι τὸ αὐτὸ ὃ ποιεῖ αὐτὰς καλὰς εἶναι, τὸ

κοινὸν τοῦτο, ὃ καὶ ἀμφοτέραις αὐταῖς ἔπεστι κοινῇ [300b] καὶ ἑκατέρα ἰδίᾳ: οὐ γὰρ ἂν που ἄλλως ἀμφοτέραί γε καλαὶ ἦσαν καὶ ἑκατέρα. ἀποκρίνου ἐμοὶ ὥς ἐκείνῳ.

Ἰππίας: ἀποκρίνομαι, καὶ ἐμοὶ δοκεῖ ἔχειν ὥς λέγεις.

Σωκράτης: εἰ ἄρα τι αὐται αἱ ἡδοναὶ ἀμφοτέραι πεπόνθασιν, ἑκατέρα δὲ μή, οὐκ ἂν τούτῳ γε τῷ παθήματι εἶεν καλαί.

Ἰππίας: καὶ πῶς ἂν εἴη τοῦτο, ὃ Σώκρατες, μηδετέρας πεπονθυίας τι τῶν ὄντων ὅτιοῦν, ἔπειτα τοῦτο τὸ πάθος, ὃ μηδετέρα πέπονθεν, ἀμφοτέρας πεπονθέναι; [300c]

Σωκράτης: οὐ δοκεῖ σοι;

Ἰππίας: πολλὴ γὰρ ἂν μ' ἔχοι ἀπειρία καὶ τῆς τούτων φύσεως καὶ τῆς τῶν παρόντων λέξεως λόγων.

Σωκράτης: ἡδέως γε, ὃ Ἰππία. ἀλλὰ γὰρ ἐγὼ ἴσως κινδυνεύω δοκεῖν μέν τι ὁρᾶν οὕτως ἔχον ὥς σὺ φῆς ἀδύνατον εἶναι, ὁρῶ δ' οὐδέν.

Ἰππίας: οὐ κινδυνεύεις, ὃ Σώκρατες, ἀλλὰ πάνυ ἐτοίμως παρορᾷς.

Σωκράτης: καὶ μὴν πολλὰ γέ μοι προφαίνεται τοιαῦτα πρὸ τῆς ψυχῆς, ἀλλὰ ἀπιστῶ αὐτοῖς, ὅτι σοὶ μὲν οὐ φαντάζεται, [300d] ἀνδρὶ πλεῖστον ἀργύριον εἰργασμένῳ τῶν νῦν ἐπὶ σοφία, ἐμοὶ δέ, ὃς οὐδὲν πώποτε ἡργασάμην. καὶ ἐνθυμοῦμαι, ὃ ἑταῖρε, μὴ παίξις πρὸς με καὶ ἐκὼν ἐξαπατᾷς: οὕτως μοι σφόδρα καὶ πολλὰ φαίνεται.

Ἰππίας: οὐδεὶς σοῦ, ὃ Σώκρατες, κάλλιον εἴσεται εἴτε παίζω εἴτε μή, ἐὰν ἐπιχειρήσης λέγειν τὰ προφαινόμενά σοι ταῦτα: φανήσῃ γὰρ οὐδὲν λέγων. οὐ γὰρ μήποτε εὗρης, ὃ μήτ' ἐγὼ πέπονθα μήτε σύ, τοῦτ' ἀμφοτέρους ἡμᾶς πεπονθότας. [300e]

Σωκράτης: πῶς λέγεις, ὃ Ἰππία; ἴσως μὲν τι λέγεις, ἐγὼ δ' οὐ μανθάνω: ἀλλὰ μου σαφέστερον ἄκουσον ὃ βούλομαι λέγειν. ἐμοὶ γὰρ φαίνεται, ὃ μήτ' ἐγὼ πέπονθα εἶναι μήτ' εἰμὶ μηδ' αὖ σὺ εἶ, τοῦτο ἀμφοτέρους πεπονθέναι ἡμᾶς οἷόν τ' εἶναι: ἕτερα δ' αὖ, ἃ ἀμφοτέροι πεπόνθαμεν εἶναι, ταῦτα οὐδέτερον εἶναι ἡμῶν.

Ἰππίας: τέρατα αὖ ἀποκρινόμενῳ ἔοικας, ὃ Σώκρατες, ἔτι μείζω ἢ

ὀλίγον πρότερον ἀπεκρίνω. σκόπει γάρ: πότερον εἰ ἀμφοτέροι δίκαιοί ἐσμεν, οὐ καὶ ἐκάτερος ἡμῶν εἴη ἄν, ἢ εἰ ἄδικος ἐκάτερος, οὐ καὶ ἀμφοτέροι, ἢ εἰ ὑγιαίνοντες, [301a] οὐ καὶ ἐκάτερος; ἢ εἰ κεκημηκώς τι ἢ τετρωμένος ἢ πεπληγμένος ἢ ἄλλ' ὅτιοῦν πεπονθώς ἐκάτερος ἡμῶν εἴη, οὐ καὶ ἀμφοτέροι αὖ ἂν τοῦτο πεπόνθοιμεν; ἔτι τοίνυν εἰ χρυσοῖ ἢ ἀργυροῖ ἢ ἐλεφάντινοι, εἰ δὲ βούλει, γενναῖοι ἢ σοφοὶ ἢ τίμιοι ἢ γέροντές γε ἢ νέοι ἢ ἄλλο ὅτι βούλει τῶν ἐν ἀνθρώποις ἀμφοτέροι τύχοιμεν ὄντες, ἄρ' οὐ μεγάλη ἀνάγκη καὶ ἐκάτερον ἡμῶν τοῦτο εἶναι; [301b]

Σωκράτης: πάντως γε δήπου.

Ἰππίας: ἀλλὰ γὰρ δὴ σύ, ὦ Σώκρατες, τὰ μὲν ὅλα τῶν πραγμάτων οὐ σκοπεῖς, οὐδ' ἐκεῖνοι οἷς σὺ εἴωθας διαλέγεσθαι, κρούετε δὲ ἀπολαμβάνοντες τὸ καλὸν καὶ ἕκαστον τῶν ὄντων ἐν τοῖς λόγοις κατατέμνοντες. διὰ ταῦτα οὕτω μεγάλα ὑμᾶς λανθάνει καὶ διανεκῇ σώματα τῆς οὐσίας πεφυκότα. καὶ νῦν τοσοῦτόν σε λέληθεν, ὥστε οἶε εἶναι τι ἢ πάθος ἢ οὐσίαν, ἢ περὶ μὲν ἀμφοτέρα ταῦτα ἔστιν ἅμα, [301c] περὶ δὲ ἐκάτερον οὐ, ἢ αὖ περὶ μὲν ἐκάτερον, περὶ δὲ ἀμφοτέρα οὐ: οὕτως ἀλογίστως καὶ ἀσκέπτως καὶ εὐήθως καὶ ἀδιανοήτως διάκεισθε.

Σωκράτης: τοιαῦτα, ὦ Ἰππία, τὰ ἡμέτερά ἐστιν, οὐχ οἷα βούλεται τις, φασὶν ἄνθρωποι ἐκάστοτε παροιμαζόμενοι, ἀλλ' οἷα δύναται: ἀλλὰ σὺ ἡμᾶς ὀνίνης ἀεὶ νουθετῶν. ἐπεὶ καὶ νῦν, πρὶν ὑπὸ σοῦ ταῦτα νουθετηθῆναι, ὥς εὐήθως διεκείμεθα, ἔτι σοι μᾶλλον ἐγὼ ἐπιδείξω εἰπὼν ἃ διενοούμεθα [301d] περὶ αὐτῶν, ἢ μὴ εἶπω;

Ἰππίας: εἰδότι μὲν ἐρεῖς, ὦ Σώκρατες: οἶδα γὰρ ἐκάστους τῶν περὶ τοὺς λόγους ὥς διάκεινται. ὅμως δ' εἴ τι σοὶ ἥδιον, λέγε.

Σωκράτης: ἀλλὰ μὴν ἥδιόν γε. ἡμεῖς γάρ, ὦ βέλτιστε, οὕτως ἀβέλτεροι ἤμεν, πρὶν σε ταῦτ' εἰπεῖν, ὥστε δόξαν εἴχομεν περὶ ἐμοῦ τε καὶ σοῦ ὥς ἐκάτερος ἡμῶν εἷς ἐστι, τοῦτο δὲ ὁ ἐκάτερος ἡμῶν εἴη οὐκ ἄρα εἶμεν ἀμφοτέριοι γὰρ εἷς ἐσμεν, ἀλλὰ δύο οὕτως εὐηθικῶς εἴχομεν: νῦν δὲ παρὰ [301e] σοῦ ἤδη ἀνεδιδάχθημεν ὅτι εἰ μὲν δύο ἀμφοτέροί ἐσμεν, δύο καὶ ἐκάτερον ἡμῶν ἀνάγκη εἶναι, εἰ δὲ εἷς ἐκάτερος, ἓνα καὶ ἀμφοτέρους ἀνάγκη: οὐ γὰρ οἷόν τε διανεκεῖ λόγῳ

τῆς οὐσίας κατὰ Ἰππίαν ἄλλως ἔχειν, ἀλλ' ὁ ἂν ἀμφοτέρα ἦ, τοῦτο καὶ ἐκάτερον, καὶ ὁ ἐκάτερον, ἀμφοτέρα εἶναι. πεπεισμένος δὴ νῦν ἐγὼ ὑπὸ σοῦ ἐνθάδε κάθημαι. πρότερον μέντοι, ὃ Ἰππία, ὑπόμνησόν με: πότερον εἷς ἐσμεν ἐγὼ τε καὶ σύ, ἢ σύ τε δύο εἰ κάγῳ δύο;

Ἰππίας: τί λέγεις, ὦ Σώκρατες;

Σωκράτης: ταῦτα ἅπερ λέγω: φοβοῦμαι γάρ σε σαφῶς λέγειν, [302a] ὅτι μοι χαλεπαίνεις, ἐπειδὴν τι δόξης σαυτῷ λέγειν. ὅμως δ' ἔτι μοι εἰπέ: οὐχ εἷς ἡμῶν ἐκατέρως ἐστὶ καὶ πέπονθε τοῦτο, εἷς εἶναι;

Ἰππίας: πάνυ γε.

Σωκράτης: οὐκοῦν εἴπερ εἷς, καὶ περιττὸς ἂν εἴη ἐκάτερος ἡμῶν: ἢ οὐ τὸ ἐν περιττὸν ἡγή;

Ἰππίας: ἔγωγε.

Σωκράτης: ἢ καὶ ἀμφοτέροι οὖν περιττοὶ ἐσμεν δύο ὄντες;

Ἰππίας: οὐκ ἂν εἴη, ὦ Σώκρατες.

Σωκράτης: ἀλλ' ἄρτιοί γε ἀμφοτέροι: ἢ γάρ;

Ἰππίας: πάνυ γε.

Σωκράτης: μὲν οὖν, ὅτι ἀμφοτέροι ἄρτιοι, τούτου ἕνεκα καὶ ἐκάτερος [302b] ἄρτιος ἡμῶν ἐστίν;

Ἰππίας: οὐ δῆτα.

Σωκράτης: οὐκ ἄρα πᾶσα ἀνάγκη, ὥς νυνδὴ ἔλεγες, ἃ ἂν ἀμφοτέροι καὶ ἐκάτερον, καὶ ἃ ἂν ἐκάτερος καὶ ἀμφοτέρους εἶναι.

Ἰππίας: οὐ τά γε τοιαῦτα, ἀλλ' οἷα ἐγὼ πρότερον ἔλεγον.

Σωκράτης: ἐξαρκεῖ, ὦ Ἰππία: ἀγαπητὰ γὰρ καὶ ταῦτα, ἐπειδὴ τὰ μὲν οὕτω φαίνεται, τὰ δ' οὐχ οὕτως ἔχοντα. καὶ γὰρ ἐγὼ ἔλεγον, εἰ μέμνησαι ὅθεν οὗτος ὁ λόγος ἐλέχθη, ὅτι ἡ διὰ τῆς ὀψεως καὶ ἀκοῆς ἡδονὴ οὐ τούτῳ εἶεν καλαί, [302c] ὅτι τυγχάνοιεν ἐκατέρα μὲν αὐτῶν εἶναι πεπονθυῖα, ἀμφοτέραι δὲ μή, ἢ ἀμφοτέραι μὲν, ἐκατέρα δὲ μή, ἀλλ' ἐκείνῳ ᾧ ἀμφοτέραί τε καὶ ἐκατέρα, διότι συνεχώρεις

ἀμφοτέρας τε αὐτὰς εἶναι καλὰς καὶ ἑκατέραν. τούτου δὴ ἔνεκα τῇ οὐσίᾳ τῇ ἐπ' ἀμφοτέρα ἐπομένη ᾧμην, εἶπερ ἀμφοτέρᾳ ἐστι καλὰ, ταύτῃ δεῖν αὐτὰ καλὰ εἶναι, τῇ δὲ κατὰ τὰ ἕτερα ἀπολειπομένη μή: καὶ ἔτι νῦν οἶομαι. ἀλλὰ μοι λέγε, ὥσπερ ἐξ ἀρχῆς: ἢ δι' ὅψεως ἡδονὴ καὶ ἢ δι' ἀκοῆς, εἶπερ [302d] ἀμφοτέραί τ' εἰσὶ καλαὶ καὶ ἑκατέρα, ἄρα καὶ ὁ ποιεῖ αὐτὰς καλὰς οὐχὶ καὶ ἀμφοτέραις γε αὐταῖς ἔπεται καὶ ἑκατέρα;

Ἰππίας: πάνυ γε.

Σωκράτης: ἄρ' οὖν ὅτι ἡδονὴ ἑκατέρα τ' ἐστὶ καὶ ἀμφοτέραι, διὰ τοῦτο ἂν εἶεν καλαί; ἢ διὰ τοῦτο μὲν καὶ αἱ ἄλλαι πᾶσαι ἂν οὐδὲν τούτων ἦττον εἶεν καλαί; οὐδὲν γὰρ ἦττον ἡδοναὶ ἐφάνησαν οὔσαι, εἰ μέμνησαι.

Ἰππίας: μέμνημαι.

Σωκράτης: ἀλλ' ὅτι γε δι' ὅψεως καὶ ἀκοῆς αὐταί [302e] εἰσι, διὰ τοῦτο ἐλέγετο καλὰς αὐτὰς εἶναι.

Ἰππίας: καὶ ἐρρήθη οὕτως.

Σωκράτης: σκόπει δὲ εἰ ἀληθῆ λέγω. ἐλέγετο γάρ, ὥς ἐγὼ μνήμης ἔχω, τοῦτ' εἶναι καλὸν τὸ ἡδύ, οὐ πᾶν, ἀλλ' ὁ ἂν δι' ὅψεως καὶ ἀκοῆς ᾖ.

Ἰππίας: ἀληθῆ.

Σωκράτης: οὐκοῦν τοῦτό γε τὸ πάθος ἀμφοτέραις μὲν ἔπεται, ἑκατέρα δ' οὔ; οὐ γάρ που ἑκατέρον γε αὐτῶν, ὅπερ ἐν τοῖς πρόσθεν ἐλέγετο, δι' ἀμφοτέρων ἐστίν, ἀλλ' ἀμφοτέρα μὲν δι' ἀμφοῖν, ἑκάτερον δ' οὔ: ἔστι ταῦτα;

Ἰππίας: ἔστιν.

Σωκράτης: οὐκ ἄρα τούτῳ γε ἑκάτερον αὐτῶν ἐστὶ καλόν, ὃ μὴ ἔπεται ἑκατέρῳ (τὸ γὰρ ἀμφοτέρον ἑκατέρῳ οὐχ ἔπεται) ὥστε ἀμφοτέρα μὲν αὐτὰ φάναι καλὰ κατὰ τὴν ὑπόθεσιν ἔξεστιν, ἑκάτερον δὲ οὐκ [303a] ἔξεστιν: ἢ πῶς λέγομεν; οὐκ ἀνάγκη;

Ἰππίας: φαίνεται.

Σωκράτης: φῶμεν οὖν ἀμφοτέρα μὲν καλὰ εἶναι, ἐκάτερον δὲ μὴ φῶμεν;

Ἰππίας: τί γὰρ κωλύει;

Σωκράτης: τόδε ἔμοιγε δοκεῖ, ὦ φίλε, κωλύειν, ὅτι ἦν που ἡμῖν τὰ μὲν οὕτως ἐπιγιγνόμενα ἐκάστοις, εἴπερ ἀμφοτέροις ἐπιγίγνωιτο, καὶ ἐκατέρῳ, καὶ εἴπερ ἐκατέρῳ, καὶ ἀμφοτέροις, ἅπαντα ὅσα σὺ διῆλθες; ἦ γάρ;

Ἰππίας: ναί.

Σωκράτης: ἃ δέ γε αὖ ἐγὼ διῆλθον, οὐ: ὧν δὴ ἦν καὶ αὐτὸ τὸ ἐκάτερον καὶ τὸ ἀμφοτέρον. ἔστιν οὕτως;

Ἰππίας: ἔστιν. [303b]

Σωκράτης: ποτέρων οὖν, ὦ Ἰππία, δοκεῖ σοι τὸ καλὸν εἶναι; πότερον ὧν σὺ ἔλεγες: εἴπερ ἐγὼ ἰσχυρὸς καὶ σύ, καὶ ἀμφοτέροι, καὶ εἴπερ ἐγὼ δίκαιος καὶ σύ, καὶ ἀμφοτέροι, καὶ εἴπερ ἀμφοτέροι, καὶ ἐκάτερος: οὕτω δὴ καὶ εἴπερ ἐγὼ καλὸς καὶ σύ, καὶ ἀμφοτέροι, καὶ εἴπερ ἀμφοτέροι, καὶ ἐκάτερος; ἢ οὐδὲν κωλύει, ὥσπερ ἄρτίων ὄντων τινῶν ἀμφοτέρων τάχα μὲν ἐκάτερα περιττὰ εἶναι, τάχα δ' ἄρτια, καὶ αὖ ἄρρητων ἐκατέρων ὄντων τάχα μὲν ῥητὰ τὰ συναμφοτέρα εἶναι, τάχα [303c] δ' ἄρρητα, καὶ ἄλλα μυρία τοιαῦτα, ἃ δὴ καὶ ἐγὼ ἔφην ἐμοὶ προφαίνεσθαι; ποτέρων δὴ τιθεῖς τὸ καλόν; ἢ ὥσπερ ἐμοὶ περὶ αὐτοῦ καταφαίνεται, καὶ σοί; πολλή γὰρ ἀλογία ἔμοιγε δοκεῖ εἶναι ἀμφοτέρους μὲν ἡμᾶς εἶναι καλοὺς, ἐκάτερον δὲ μή, ἢ ἐκάτερον μὲν, ἀμφοτέρους δὲ μή, ἢ ἄλλο ὅτιοῦν τῶν τοιούτων. οὕτως αἰρή, ὥσπερ ἐγώ, ἢ 'κείνως;

Ἰππίας: οὕτως ἔγωγε, ὦ Σώκρατες.

Σωκράτης: εὖ γε σὺ ποιῶν, ὦ Ἰππία, ἵνα καὶ ἀπαλλαγῶμεν [303d] πλείονος ζητήσεως: εἰ γὰρ τούτων γ' ἐστὶ τὸ καλόν, οὐκ ἂν ἔτι εἴη τὸ δι' ὅψεως καὶ ἀκοῆς ἡδὺ καλόν. ἀμφοτέρα μὲν γὰρ ποιεῖ καλὰ τὸ δι' ὅψεως καὶ ἀκοῆς, ἐκάτερον δ' οὐ: τοῦτο δ' ἦν ἀδύνατον, ὥς ἐγώ τε καὶ σὺ δὴ ὁμολογοῦμεν, ὦ Ἰππία.

Ἰππίας: ὁμολογοῦμεν γάρ.

Σωκράτης: ἀδύνατον ἄρα τὸ δι' ὄψεως καὶ ἀκοῆς ἡδὺ καλὸν εἶναι, ἐπειδὴ γε καλὸν γιγνόμενον τῶν ἀδυνάτων τι παρέχεται.

Ἰππίας: ἔστι ταῦτα.

Σωκράτης: λέγετε δὴ πάλιν, φήσει, ἐξ ἀρχῆς, ἐπειδὴ [303e] τούτου διημάρτετε: τί φατε εἶναι τοῦτο τὸ καλὸν τὸ ἐπ' ἀμφοτέραις ταῖς ἡδοναῖς, δι' ὅτι ταύτας πρὸ τῶν ἄλλων τιμήσαντες καλὰς ὠνομάσατε; ἀνάγκη δὴ μοι δοκεῖ εἶναι, ὦ Ἰππία, λέγειν ὅτι ἀσινέσταται αὗται τῶν ἡδονῶν εἰσι καὶ βέλτισται, καὶ ἀμφοτέραι καὶ ἑκατέρα: ἢ σὺ τι ἔχεις λέγειν ἄλλο ὃ διαφέρουσι τῶν ἄλλων;

Ἰππίας: οὐδαμῶς: τῷ ὄντι γὰρ βέλτισταί εἰσιν.

Σωκράτης: τοῦτ' ἄρα, φήσει, λέγετε δὴ τὸ καλὸν εἶναι, ἡδονὴν ὠφέλιμον; εὐόικαμεν, φήσω ἔγωγε: σὺ δέ;

Ἰππίας: καὶ ἐγώ.

Σωκράτης: οὐκοῦν ὠφέλιμον, φήσει, τὸ ποιοῦν τὰγαθόν, τὸ δὲ ποιοῦν καὶ τὸ ποιούμενον ἕτερον νυνδὴ ἐφάνη, καὶ εἰς τὸν πρότερον λόγον ἥκει ὑμῖν ὁ λόγος; οὔτε γὰρ τὸ ἀγαθὸν ἂν [304a] εἴη καλὸν οὔτε τὸ καλὸν ἀγαθόν, εἴπερ ἄλλο αὐτῶν ἑκατέρον ἐστί. παντός γε μᾶλλον, φήσομεν, ὦ Ἰππία, ἂν σωφρονῶμεν: οὐ γάρ που θέμις τῷ ὀρθῶς λέγοντι μὴ συγχωρεῖν.

Ἰππίας: ἀλλὰ δὴ γ', ὦ Σώκρατες, τί οἶε ταῦτα εἶναι συνάπαντα; κνήσματα τοί ἐστι καὶ περιτιμήματα τῶν λόγων, ὅπερ ἄρτι ἔλεγον, κατὰ βραχὺ διηρημένα: ἀλλ' ἐκεῖνο καὶ καλὸν καὶ πολλοῦ ἄξιον, οἷόν τ' εἶναι εὖ καὶ καλῶς λόγον καταστησάμενον ἐν δικαστηρίῳ ἢ ἐν βουλευτηρίῳ ἢ ἐπὶ ἄλλῃ [304b] τινὶ ἀρχῇ, πρὸς ἣν ἂν ὁ λόγος ᾖ, πείσαντα οἴχεσθαι φέροντα οὐ τὰ σμικρότατα ἀλλὰ τὰ μέγιστα τῶν ἄθλων, σωτηρίαν αὐτοῦ τε καὶ τῶν αὐτοῦ χρημάτων καὶ φίλων. τούτων οὖν χρή ἀντέχεσθαι, χαίρειν ἐάσαντα τὰς σμικρολογίας ταύτας, ἵνα μὴ δοκῇ λίαν ἀνόητος εἶναι λήρους καὶ φλυαρίας ὥσπερ νῦν μεταχειριζόμενος.

Σωκράτης: ὦ Ἰππία φίλε, σὺ μὲν μακάριος εἶ, ὅτι τε οἶσθα ἃ χρή ἐπιτηδεύειν ἄνθρωπον, καὶ ἐπιτετήδευκας ἱκανῶς, ὥς [304c] φῆς: ἐμέ δὲ δαιμονία τις τύχη, ὥς ἔοικε, κατέχει, ὅστις πλανῶμαι μὲν καὶ

ἀπορῶ ἀεὶ, ἐπιδεικνὺς δὲ τὴν ἑμαυτοῦ ἀπορίαν ὑμῖν τοῖς σοφοῖς
λόγῳ αὖ ὑπὸ ὑμῶν προπηλακίζομαι, ἐπειδὴν ἐπιδείξω. λέγετε γάρ με,
ἅπερ καὶ σὺ νῦν λέγεις, ὥς ἡλίθιά τε καὶ σμικρὰ καὶ οὐδενὸς ἄξια
πραγματεύομαι: ἐπειδὴν δὲ αὖ ἀναπείσθεις ὑπὸ ὑμῶν λέγω ἅπερ
ὑμεῖς, ὥς πολὺν κράτιστόν ἐστιν οἷόν τ' εἶναι λόγον εὖ καὶ καλῶς
καταστησάμενον περαίνειν ἐν δικαστηρίῳ ἢ ἐν ἄλλῳ [304d]τινὶ
συλλόγῳ, ὑπὸ τε ἄλλων τινῶν τῶν ἐνθάδε καὶ ὑπὸ τούτου τοῦ
ἀνθρώπου τοῦ ἀεὶ με ἐλέγχοντος πάντα κακὰ ἀκούω. καὶ γάρ μοι
τυγχάνει ἐγγύτατα γένους ὦν καὶ ἐν τῷ αὐτῷ οἰκῶν: ἐπειδὴν οὖν
εἰσέλθω οἴκαδε εἰς ἑμαυτοῦ καί μου ἀκούση ταῦτα λέγοντος, ἐρωτᾷ
εἰ οὐκ αἰσχύνομαι τολμῶν περὶ καλῶν ἐπιτηδευμάτων διαλέγεσθαι,
οὕτω φανερῶς ἐξελεγχόμενος περὶ τοῦ καλοῦ ὅτι οὐδ' αὐτὸ τοῦτο
ὅτι ποτὲ ἐστιν οἶδα. καίτοι πῶς σὺ εἶση, φησίν, ἢ λόγον [304e] ὅστις
καλῶς κατεστήσατο ἢ μή, ἢ ἄλλην πρᾶξιν ἡντινοῦν, τὸ καλὸν
ἀγνοῶν; καὶ ὁπότε οὕτω διάκεισαι, οἶει σοι κρεῖττον εἶναι ζῆν
μᾶλλον ἢ τεθνάναι; συμβέβηκε δὴ μοι, ὅπερ λέγω, κακῶς μὲν ὑπὸ
ὑμῶν ἀκούειν καὶ ὀνειδίζεσθαι, κακῶς δὲ ὑπ' ἐκείνου. ἀλλὰ γὰρ ἴσως
ἀναγκαῖον ὑπομένειν ταῦτα πάντα: οὐδὲν γὰρ ἄτοπον εἰ ὠφελοίμην.
ἐγὼ οὖν μοι δοκῶ, ὦ Ἰππία, ὠφελῆσθαι ἀπὸ τῆς ἀμφοτέρων ὑμῶν
ὁμιλίας: τὴν γὰρ παροιμίαν ὅτι ποτὲ λέγει, τὸ χαλεπὰ τὰ καλά, δοκῶ
μοι εἰδέναι.

HIPPIAS MINOR

Εὐδίκος, Σωκράτης, Ἴππίας.

[363a] **Εὐδίκος:** σὺ δὲ δὴ τί σιγᾷς, ὦ Σώκρατες, Ἰππίου τοσαῦτα ἐπιδειξαμένου, καὶ οὐχὶ ἢ συνεπαινεῖς τι τῶν εἰρημένων ἢ καὶ ἐλέγχεις, εἴ τί σοι μὴ καλῶς δοκεῖ εἰρηκέναι; ἄλλως τε ἐπειδὴ καὶ αὐτοὶ λελείμμεθα, οἱ μάλιστ' ἂν ἀντιποιησαίμεθα μετεῖναι ἡμῖν τῆς ἐν φιλοσοφίᾳ διατριβῆς.

Σωκράτης: καὶ μὴν, ὦ Εὐδিকে, ἔστι γε ἃ ἡδέως ἂν πυθοίμην [363b] Ἰππίου ὧν νυνδὴ ἔλεγεν περὶ Ὀμήρου. καὶ γὰρ τοῦ σοῦ πατρὸς Ἀπημάντου ἤκουον ὅτι ἡ Ἰλιάς κάλλιον εἶη ποίημα τῷ Ὀμήρῳ ἢ ἡ Ὀδύσσεια, τοσούτῳ δὲ κάλλιον, ὅσῳ ἀμείνων Ἀχιλλεὺς Ὀδυσσέως εἶη: ἐκάτερον γὰρ τούτων τὸ μὲν εἰς Ὀδυσσέα ἔφη πεποιῆσθαι, τὸ δ' εἰς Ἀχιλλέα. περὶ ἐκείνου οὖν ἡδέως ἂν, εἰ βουλομένῳ ἐστὶν Ἰππία, ἀναπυθοίμην ὅπως αὐτῷ δοκεῖ περὶ τοῖν ἀνδροῖν τούτοις, πότερον [363c] ἀμείνω φησὶν εἶναι, ἐπειδὴ καὶ ἄλλα πολλὰ καὶ παντοδαπὰ ἡμῖν ἐπιδέδεικται καὶ περὶ ποιητῶν τε ἄλλων καὶ περὶ Ὀμήρου.

Εὐδίκος: ἀλλὰ δῆλον ὅτι οὐ φθονήσει Ἰππίας, ἐάν τι αὐτὸν ἐρωτᾷς, ἀποκρίνεσθαι. ἢ γάρ, ὦ Ἰππία, ἐάν τι ἐρωτᾷ σε Σωκράτης, ἀποκρινῇ; ἢ πῶς ποιήσεις;

Ἰππίας: καὶ γὰρ ἂν δεινὰ ποιοίην, ὦ Εὐδিকে, εἰ Ὀλυμπίαζε μὲν εἰς τὴν τῶν Ἑλλήνων πανήγυριν, ὅταν τὰ Ὀλύμπια ᾦ, [363d] ἀεὶ ἐπανιῶν οἴκοθεν ἐξ Ἥλιδος εἰς τὸ ἱερὸν παρέχω ἑμαυτὸν καὶ λέγοντα ὅτι ἂν τις βούληται ὧν ἂν μοι εἰς ἐπίδειξιν παρεσκευασμένον ᾦ, καὶ ἀποκρινόμενον τῷ βουλομένῳ ὅτι ἂν τις ἐρωτᾷ, νῦν δὲ τὴν Σωκράτους ἐρώτησιν φύγοιμι. [364a]

Σωκράτης: μακάριόν γε, ὦ Ἰππία, πάθος πέπονθας, εἰ ἐκάστης Ὀλυμπιάδος οὕτως εὐελπὶς ὦν περὶ τῆς ψυχῆς εἰς σοφίαν ἀφικνῇ εἰς τὸ ἱερόν: καὶ θαυμάσαιμ' ἂν εἴ τις τῶν περὶ τὸ σῶμα ἀθλητῶν οὕτως ἀφόβως τε καὶ πιστευτικῶς ἔχων τῷ σώματι ἔρχεται αὐτόσε ἀγωνιούμενος, ὥσπερ σὺ φῆς τῇ διανοίᾳ.

Ἰππίας: εἰκότως, ὦ Σώκρατες, ἐγὼ τοῦτο πέπονθα: ἐξ οὗ γὰρ ἤργμαι

Ὀλυμπίασιν ἀγωνίζεσθαι, οὐδενὶ πώποτε κρείττονι εἰς οὐδὲν ἔμαντοῦ ἐνέτυχον. [364b]

Σωκράτης: καλὸν γε λέγεις, ὦ Ἰππία, καὶ τῇ Ἥλειων πόλει τῆς σοφίας ἀνάθημα τὴν δόξαν εἶναι τὴν σὴν καὶ τοῖς γονεῦσι τοῖς σοῖς. ἀτὰρ τί δὴ λέγεις ἡμῖν περὶ τοῦ Ἀχιλλέως τε καὶ τοῦ Ὀδυσσέως; πότερον ἀμείνω καὶ κατὰ τί φῆς εἶναι; ἥνίκα μὲν γὰρ πολλοὶ ἔνδον ἦμεν καὶ σὺ τὴν ἐπιδείξιν ἐποιοῦ, ἀπελείφθην σου τῶν λεγομένων ὥκνουν γὰρ ἐπανερέσθαι, διότι ὄχλος τε πολὺς ἔνδον ἦν, καὶ μὴ σοι ἐμποδὼν εἴην ἐρωτῶν τῇ ἐπιδείξεινυνὶ δὲ ἐπειδὴ ἐλάττους τέ ἐσμεν καὶ Εὐδίκος ὁδε κελεύει ἐρέσθαι, εἶπέ τε καὶ [364c] δίδαξον ἡμᾶς σαφῶς, τί ἔλεγες περὶ τούτοις τοῖν ἀνδροῖν; πῶς διέκρινες αὐτούς;

Ἰππίας: ἀλλ' ἐγὼ σοι, ὦ Σώκρατες, ἐθέλω ἔτι σαφέστερον ἢ τότε διελθεῖν ἃ λέγω καὶ περὶ τούτων καὶ ἄλλων. φημί γὰρ Ὅμηρον πεποηκέναι ἄριστον μὲν ἄνδρα Ἀχιλλέα τῶν εἰς Τροίαν ἀφικομένων, σοφώτατον δὲ Νέστορα, πολυτροπώτατον δὲ Ὀδυσσεά.

Σωκράτης: βαβαῖ, ὦ Ἰππία: ἄρ' ἂν τί μοι χαρίσαιο τοιόνδε, μὴ μου καταγελᾶν, ἐὰν μόγις μανθάνω τὰ λεγόμενα καὶ [364d] πολλάκις ἀνερωτῶ; ἀλλὰ μοι πειρῶ πρῶως τε καὶ εὐκόλως ἀποκρίνεσθαι.

Ἰππίας: αἰσχρὸν γὰρ ἂν εἴη, ὦ Σώκρατες, εἰ ἄλλους μὲν αὐτὰ ταῦτα παιδεύω καὶ ἀξιώ διὰ ταῦτα χρήματα λαμβάνειν, αὐτὸς δὲ ὑπὸ σοῦ ἐρωτώμενος μὴ συγγνώμην τ' ἔχοιμι καὶ πρῶως ἀποκρινοίμην.

Σωκράτης: πάνυ καλῶς λέγεις. ἐγὼ γάρ τοι, ἥνίκα μὲν ἄριστον τὸν Ἀχιλλέα ἔφησθα πεποησθαι, ἐδόκουν σου μανθάνειν [364e] ὅτι ἔλεγες, καὶ ἥνίκα τὸν Νέστορα σοφώτατον: ἐπειδὴ δὲ τὸν Ὀδυσσεά εἶπες ὅτι πεποηκῶς εἴη ὁ ποιητὴς πολυτροπώτατον, τοῦτο δ', ὥς γε πρὸς σὲ τάληθ' εἰρήσθαι, παντάπασιν οὐκ οἶδ' ὅτι λέγεις. καί μοι εἶπέ, ἂν τι ἐνθένδε μᾶλλον μάθω: ὁ Ἀχιλλεὺς οὐ πολύτροπος τῷ Ὀμήρῳ πεποιήται;

Ἰππίας: ἥκιστα γε, ὦ Σώκρατες, ἀλλ' ἀπλούστατος καὶ ἀληθέστατος, ἐπεὶ καὶ ἐν Λιταῖς, ἥνίκα πρὸς ἀλλήλους ποιεῖ αὐτοὺς διαλεγόμενους, λέγει αὐτῷ ὁ Ἀχιλλεὺς πρὸς τὸν Ὀδυσσεά [365a] διογενὲς Λαερτιάδη, πολυμήχαν' Ὀδυσσεῦ,

χρή μὲν δὴ τὸν μῦθον ἀπηλεγέως ἀποειπεῖν,
ὥσπερ δὴ κρανέω τε καὶ ὡς τελέεσθαι οἶω:
ἐχθρὸς γάρ μοι κείνος ὁμῶς Αἴδαο πύλησιν,

Hom. Il. 9.308

[365b] ὅς χ' ἕτερον μὲν κεύθῃ ἐνὶ φρεσίν, ἄλλο δὲ εἶπῃ. αὐτὰρ ἐγὼν
ἐρέω, ὥς καὶ τετελεσμένον ἔσται.

Σωκράτης: νῦν ἤδη, ὦ Ἰπία, κινδυνεύω μανθάνειν ὃ λέγεις: τὸν
πολύτροπον ψευδῇ λέγεις, ὥς γε φαίνεται. [365c]

Ἰπίας: μάλιστα, ὦ Σώκρατες: τοιοῦτον γὰρ πεποίηκεν τὸν
Ὀδυσσεύα Ὅμηρος πολλαχοῦ καὶ ἐν Ἰλιάδι καὶ ἐν Ὀδυσσειᾷ.

Σωκράτης: ἐδόκει ἄρα, ὥς ἔοικεν, Ὀμήρῳ ἕτερος μὲν εἶναι ἀνὴρ
ἀληθής, ἕτερος δὲ ψευδής, ἀλλ' οὐχ ὁ αὐτός.

Ἰπίας: πῶς γὰρ οὐ μέλλει, ὦ Σώκρατες;

Σωκράτης: ἦ καὶ σοὶ δοκεῖ αὐτῷ, ὦ Ἰπία;

Ἰπίας: πάντων μάλιστα: καὶ γὰρ ἂν δεινὸν εἶη εἰ μή.

Σωκράτης: τὸν μὲν Ὅμηρον τοίνυν ἐάσωμεν, ἐπειδὴ καὶ [365d]
ἀδύνατον ἐπανερέσθαι τί ποτε νοῶν ταῦτα ἐποίησεν τὰ ἔπη: σὺ δ'
ἐπειδὴ φαίνει ἀναδεχόμενος τὴν αἰτίαν, καὶ σοὶ συνδοκεῖ ταῦτα ἅπερ
φῆς Ὅμηρον λέγειν, ἀπόκριναι κοινῇ ὑπὲρ Ὀμήρου τε καὶ σαυτοῦ.

Ἰπίας: ἔσται ταῦτα: ἀλλ' ἐρώτα ἔμβραχυ ὅτι βούλει.

Σωκράτης: τοὺς ψευδεῖς λέγεις οἷον ἀδυνάτους τι ποιεῖν, ὥσπερ
τοὺς κάμνοντας, ἢ δυνατοὺς τι ποιεῖν;

Ἰπίας: δυνατοὺς ἔγωγε καὶ μάλα σφόδρα ἄλλα τε πολλὰ καὶ
ἐξαπατᾶν ἀνθρώπους. [365e]

Σωκράτης: δυνατοὶ μὲν δὴ, ὥς ἔοικεν, εἰσὶ κατὰ τὸν σὸν λόγον καὶ
πολύτροποι: ἦ γάρ;

Ἰπίας: ναί.

Σωκράτης: πολύτροποι δ' εἰσὶ καὶ ἀπατεῶνες ὑπὸ ἡλιθιότητος καὶ ἀφροσύνης, ἢ ὑπὸ πανουργίας καὶ φρονήσεώς τινος;

Ἰππίας: ὑπὸ πανουργίας πάντων μάλιστα καὶ φρονήσεως.

Σωκράτης: φρόνιμοι μὲν ἄρα εἰσὶν, ὥς ἔοικεν.

Ἰππίας: ναὶ μὰ Δία, λίαν γε.

Σωκράτης: φρόνιμοι δὲ ὄντες οὐκ ἐπίστανται ὅτι ποιοῦσιν, ἢ ἐπίστανται;

Ἰππίας: καὶ μάλα σφόδρα ἐπίστανται: διὰ ταῦτα καὶ κακουργοῦσιν.

Σωκράτης: ἐπιστάμενοι δὲ ταῦτα ἃ ἐπίστανται πότερον ἀμαθεῖς εἰσιν ἢ σοφοί;

Ἰππίας: σοφοὶ μὲν οὖν αὐτά γε ταῦτα, [366a] ἐξαπατᾶν.

Σωκράτης: ἔχε δὴ: ἀναμνησθῶμεν τί ἐστὶν ὃ λέγεις. τοὺς ψευδεῖς φῆς εἶναι δυνατοὺς καὶ φρονίμους καὶ ἐπιστήμονας καὶ σοφοὺς εἰς ἅπερ ψευδεῖς;

Ἰππίας: φημὶ γὰρ οὖν.

Σωκράτης: ἄλλους δὲ τοὺς ἀληθεῖς τε καὶ ψευδεῖς, καὶ ἐναντιωτάτους ἀλλήλοις;

Ἰππίας: λέγω ταῦτα.

Σωκράτης: φέρε δὴ: τῶν μὲν δυνατῶν τινες καὶ σοφῶν, ὥς ἔοικεν, εἰσὶν οἱ ψευδεῖς κατὰ τὸν σὸν λόγον.

Ἰππίας: μάλιστα γε.

Σωκράτης: ὅταν δὲ [366b] λέγῃς δυνατοὺς καὶ σοφοὺς εἶναι τοὺς ψευδεῖς εἰς αὐτὰ ταῦτα, πότερον λέγεις δυνατοὺς εἶναι ψεύδεσθαι ἐὰν βούλωνται, ἢ ἀδυνάτους εἰς ταῦτα ἅπερ ψεύδονται;

Ἰππίας: δυνατοὺς ἔγωγε.

Σωκράτης: ὥς ἐν κεφαλαίῳ ἄρα εἰρησθαι, οἱ ψευδεῖς εἰσιν οἱ σοφοὶ τε καὶ δυνατοὶ ψεύδεσθαι.

Ἰππίας: ναί.

Σωκράτης: ἀδύνατος ἄρα ψεύδεσθαι ἀνὴρ καὶ ἀμαθὴς οὐκ ἂν εἴη ψευδής.

Ἰππίας: ἔχει οὕτως.

Σωκράτης: δυνατὸς δέ γ' ἐστὶν ἕκαστος ἄρα, ὃς ἂν ποιῇ τότε ὃ ἂν βούληται, ὅταν βούληται: [366c] οὐχ ὑπὸ νόσου λέγω ἐξειργόμενον οὐδὲ τῶν τοιούτων, ἀλλὰ ὥσπερ σὺ δυνατὸς εἶ γράψαι τοῦμὸν ὄνομα ὅταν βούλῃ, οὕτω λέγω. ἢ οὐχ, ὃς ἂν οὕτως ἔχῃ, καλεῖς σὺ δυνατόν;

Ἰππίας: ναί.

Σωκράτης: λέγε δὴ μοι, ὦ Ἰππία, οὐ σὺ μέντοι ἔμπειρος εἶ λογισμῶν καὶ λογιστικῆς;

Ἰππίας: πάντων μάλιστα, ὦ Σώκρατες.

Σωκράτης: οὐκοῦν εἰ καὶ τίς σε ἔροιτο τὰ τρεῖς ἑπτακόσια ὁπόσος ἐστὶν ἀριθμός, εἰ βούλοιο, πάντων τάχιστα καὶ [366d] μάλιστ' ἂν εἴποις τάληθῇ περὶ τούτου;

Ἰππίας: πάνυ γε.

Σωκράτης: ἄρα ὅτι δυνατώτατός τε εἶ καὶ σοφώτατος κατὰ ταῦτα;

Ἰππίας: ναί.

Σωκράτης: πότερον οὖν σοφώτατός τε εἶ καὶ δυνατώτατος μόνον, ἢ καὶ ἄριστος ταῦτα ἅπερ δυνατώτατός τε καὶ σοφώτατος, τὰ λογιστικά;

Ἰππίας: καὶ ἄριστος δήπου, ὦ Σώκρατες.

Σωκράτης: τὰ μὲν δὴ ἀληθῆ σὺ ἂν δυνατώτατα εἴποις [366e] περὶ τούτων: ἢ γάρ;

Ἰππίας: οἶμαι ἔγωγε.

Σωκράτης: τί δὲ τὰ ψευδῆ περὶ τῶν αὐτῶν τούτων; καί μοι, ὥσπερ τὰ πρότερα, γενναίως καὶ μεγαλοπρεπῶς ἀποκρίναι, ὦ Ἰππία: εἴ τίς

σε ἔροιτο τὰ τρεῖς ἑπτακόσια πόσα ἐστί, πότερον σὺ ἂν μάλιστα ψεύδοιο καὶ αἰεὶ κατὰ ταῦτα ψευδῇ λέγοις περὶ τούτων, βουλόμενος ψεύδεσθαι καὶ μηδέποτε ἀληθῆ ἀποκρίνεσθαι, ἢ ὁ [367a] ἀμαθὴς εἰς λογισμοὺς δύναιτ' ἂν σοῦ μᾶλλον ψεύδεσθαι βουλομένου; ἢ ὁ μὲν ἀμαθὴς πολλάκις ἂν βουλόμενος ψευδῇ λέγειν τάληθῆ ἂν εἴποι ἄκων, εἰ τύχοι, διὰ τὸ μὴ εἰδέναι, σὺ δὲ ὁ σοφός, εἶπερ βούλοιο ψεύδεσθαι, αἰεὶ ἂν κατὰ τὰ αὐτὰ ψεύδοιο;

Ἰππίας: ναί, οὕτως ἔχει ὥς σὺ λέγεις.

Σωκράτης: ὁ ψευδὴς οὖν πότερον περὶ μὲν τᾶλλα ψευδὴς ἐστίν, οὐ μέντοι περὶ ἀριθμόν, οὐδὲ ἀριθμῶν ἂν ψεύσαιτο;

Ἰππίας: καὶ ναὶ μὰ Δία περὶ ἀριθμόν.

Σωκράτης: θῶμεν ἄρα καὶ τοῦτο, ὃ Ἰππία, περὶ λογισμόν τε καὶ ἀριθμόν εἶναι τινα [367b] ἄνθρωπον ψευδῆ;

Ἰππίας: ναί.

Σωκράτης: τίς οὖν ἂν εἴη οὗτος; οὐχὶ δεῖ ὑπάρχειν αὐτῷ, εἶπερ μέλλει ψευδὴς ἔσεσθαι, ὥς σὺ ἄρτι ὡμολόγεις, δυνατόν εἶναι ψεύδεσθαι; ὁ γὰρ ἀδύνατος ψεύδεσθαι, εἰ μέμνησαι, ὑπὸ σοῦ ἐλέγετο ὅτι οὐκ ἂν ποτε ψευδὴς γένοιτο.

Ἰππίας: ἀλλὰ μέμνημαι καὶ ἐλέχθη οὕτως.

Σωκράτης: οὐκοῦν ἄρτι ἐφάνης σὺ δυνατότατος ὢν ψεύδεσθαι περὶ λογισμῶν;

Ἰππίας: ναί, ἐλέχθη γέ τοι καὶ τοῦτο. [367c]

Σωκράτης: ἄρ' οὖν καὶ δυνατότατος εἶ ἀληθῆ λέγειν περὶ λογισμῶν;

Ἰππίας: πάνυ γε.

Σωκράτης: οὐκοῦν ὁ αὐτὸς ψευδῆ καὶ ἀληθῆ λέγειν περὶ λογισμῶν δυνατότατος; οὗτος δ' ἐστὶν ὁ ἀγαθὸς περὶ τούτων, ὁ λογιστικός.

Ἰππίας: ναί.

Σωκράτης: τίς οὖν ψευδὴς περὶ λογισμὸν γίγνεται, ὃ Ἰππία, ἄλλος ἢ ὁ ἀγαθός; ὁ αὐτὸς γὰρ καὶ δυνατός; οὗτος δὲ καὶ ἀληθής.

Ἰππίας: φαίνεται.

Σωκράτης: ὁρᾷς οὖν ὅτι ὁ αὐτὸς ψευδὴς τε καὶ ἀληθὴς περὶ τούτων, καὶ οὐδὲν ἀμείνων ὁ ἀληθὴς τοῦ ψευδοῦς; [367d] ὁ αὐτὸς γὰρ δῆπου ἐστὶ καὶ οὐκ ἐναντιώτατα ἔχει, ὥσπερ σὺ ᾧου ἄρτι.

Ἰππίας: οὐ φαίνεται ἐνταῦθα γε.

Σωκράτης: βούλει οὖν σκεψώμεθα καὶ ἄλλοθι;

Ἰππίας: εἰ [ἄλλως] γε σὺ βούλει.

Σωκράτης: οὐκοῦν καὶ γεωμετρίας ἔμπειρος εἶ;

Ἰππίας: ἔγωγε.

Σωκράτης: τί οὖν; οὐ καὶ ἐν γεωμετρίᾳ οὕτως ἔχει: ὁ αὐτὸς δυνατώτατος ψεύδεσθαι καὶ ἀληθῆ λέγειν περὶ τῶν διαγραμμάτων, ὁ γεωμετρικός;

Ἰππίας: ναί.

Σωκράτης: περὶ ταῦτα οὖν [367e] ἀγαθὸς ἄλλος τις ἢ οὗτος;

Ἰππίας: οὐκ ἄλλος.

Σωκράτης: οὐκοῦν ὁ ἀγαθὸς καὶ σοφὸς γεωμέτρης δυνατώτατός γε ἀμφοτέρα; καὶ εἴπερ τις ἄλλος ψευδὴς περὶ διαγράμματα, οὗτος ἂν εἴη, ὁ ἀγαθός; οὗτος γὰρ δυνατός, ὁ δὲ κακὸς ἀδύνατος ἦν ψεύδεσθαι: ὥστε οὐκ ἂν γένοιτο ψευδὴς ὁ μὴ δυνάμενος ψεύδεσθαι, ὥς ὠμολόγηται.

Ἰππίας: ἔστι ταῦτα.

Σωκράτης: ἔτι τοίνυν καὶ τὸν τρίτον ἐπισκεψώμεθα, τὸν ἀστρονόμον, ἧς αὖ σὺ τέχνης ἔτι μᾶλλον ἐπιστήμων οἶε [368a] εἶναι ἢ τῶν ἔμπροσθεν. ἦ γάρ, ὦ Ἰππία;

Ἰππίας: ναί.

Σωκράτης: οὐκοῦν καὶ ἐν ἀστρονομίᾳ ταῦτά ταῦτά ἐστιν;

Ἰππίας: εἰκός γε, ὦ Σώκρατες.

Σωκράτης: καὶ ἐν ἀστρονομίᾳ ἄρα εἴπερ τις καὶ ἄλλος ψευδής, ὁ ἀγαθὸς ἀστρονόμος ψευδὴς ἔσται, ὁ δυνατὸς ψεύδεσθαι. οὐ γὰρ ὁ γε ἀδύνατος· ἀμαθὴς γάρ.

Ἰππίας: φαίνεται οὕτως.

Σωκράτης: ὁ αὐτὸς ἄρα καὶ ἐν ἀστρονομίᾳ ἀληθὴς τε καὶ ψευδὴς ἔσται.

Ἰππίας: ἔοικεν.

Σωκράτης: ἴθι δὴ, ὦ Ἰππία, ἀνέδην οὕτως ἐπίσκεψαι κατὰ [368b] πασῶν τῶν ἐπιστημῶν, εἴ που ἔστιν ἄλλως ἔχον ἢ οὕτως. πάντως δὲ πλείστας τέχνας πάντων σοφώτατος εἰ ἀνθρώπων, ὥς ἐγὼ ποτέ σου ἤκουον μεγαλαυχουμένου, πολλὴν σοφίαν καὶ ζηλωτὴν σαυτοῦ διεξιόντος ἐν ἀγορᾷ ἐπὶ ταῖς τραπέζαις. ἔφησθα δὲ ἀφικέσθαι ποτέ εἰς Ὀλυμπίαν ἃ εἶχες περὶ τὸ σῶμα ἅπαντα σαυτοῦ ἔργα ἔχων: πρῶτον μὲν δακτύλιον ἐντέϋθεν γὰρ ἤρχουδὸν εἶχες σαυτοῦ ἔχειν [368c] ἔργον, ὥς ἐπιστάμενος δακτυλίους γλύφειν, καὶ ἄλλην σφραγίδα σὸν ἔργον, καὶ στλεγγίδα καὶ λήκυθον ἃ αὐτὸς ἠργάσω: ἔπειτα ὑποδήματα ἃ εἶχες ἔφησθα αὐτὸς σκυτοτομῆσαι, καὶ τὸ ἱμάτιον ὑφῆναι καὶ τὸν χιτωνίσκον: καὶ ὁ γε πᾶσιν ἔδοξεν ἀτοπώτατον καὶ σοφίας πλείστης ἐπίδειγμα, ἐπειδὴ τὴν ζώνην ἔφησθα τοῦ χιτωνίσκου, ἣν εἶχες, εἶναι μὲν οἷαι αἱ Περσικαὶ τῶν πολυτελῶν, ταύτην δὲ αὐτὸς πλέξαι: πρὸς δὲ τούτοις ποιήματα ἔχων ἐλθεῖν, καὶ ἔπη καὶ τραγωδίας [368d] καὶ διθυράμβους, καὶ καταλογάδην πολλοὺς λόγους καὶ παντοδαποὺς συγκειμένους: καὶ περὶ τῶν τεχνῶν δὴ ὧν ἄρτι ἐγὼ ἔλεγον ἐπιστήμων ἀφικέσθαι διαφερόντως τῶν ἄλλων, καὶ περὶ ρυθμῶν καὶ ἀρμονιῶν καὶ γραμμάτων ὀρθότητος, καὶ ἄλλα ἔτι πρὸς τούτοις πάνυ πολλά, ὥς ἐγὼ δοκῶ μνημονεύειν: καίτοι τό γε μνημονικὸν ἐπελαθόμην σου, ὥς ἔοικε, τέχνημα, ἐν ᾧ σὺ οἶε λαμπρότατος εἶναι: οἶμαι δὲ καὶ [368e] ἄλλα πάμπολλα ἐπιλελῆσθαι. ἀλλ' ὅπερ ἐγὼ λέγω, καὶ εἰς τὰς σαυτοῦ τέχνας βλέψασικαναι δέκαί εἰς τὰς τῶν ἄλλων εἰπέ μοι, ἐάν που εὗρης ἐκ τῶν ὁμολογημένων ἐμοί τε καὶ σοί, ὅπου ἐστὶν ὁ μὲν

ἀληθῆς, ὁ δὲ ψευδῆς, χωρὶς καὶ οὐχ ὁ αὐτός; ἐν ἧτινι βούλει σοφία τοῦτο σκέψαι ἢ πανουργία [369a] ἢ ὅτιοῦν χαίρεις ὀνομάζων; ἀλλ' οὐχ εὐρήσεις, ὦ ἑταῖρε οὐ γὰρ ἔστιν ἐπεὶ σὺ εἶπέ.

Ἰππίας: ἀλλ' οὐκ ἔχω, ὦ Σώκρατες, νῦν γε οὕτως.

Σωκράτης: οὐδέ γε ἔξεις, ὥς ἐγὼ οἶμαι: εἰ δ' ἐγὼ ἀληθῆ λέγω, μέμνησαι ὁ ἡμῖν συμβαίνει ἐκ τοῦ λόγου, ὦ Ἰππία.

Ἰππίας: οὐ πάνυ τι ἐννοῶ, ὦ Σώκρατες, ὁ λέγεις.

Σωκράτης: νυνὶ γὰρ ἴσως οὐ χρῆ τῷ μνημονικῷ τεχνήματι δῆλον γὰρ ὅτι οὐκ οἶει δεῖν ἀλλὰ ἐγὼ σε ὑπομνήσω. οἶσθα ὅτι τὸν μὲν Ἀχιλλέα ἔφησθα ἀληθῆ εἶναι, τὸν δὲ Ὀδυσσεά [369b] ψευδῆ καὶ πολύτροπον;

Ἰππίας: ναί.

Σωκράτης: νῦν οὖν αἰσθάνῃ ὅτι ἀναπέφονται ὁ αὐτὸς ὢν ψευδῆς τε καὶ ἀληθῆς, ὥστε εἰ ψευδῆς ὁ Ὀδυσσεὺς ἦν, καὶ ἀληθῆς γίγνεται, καὶ εἰ ἀληθῆς ὁ Ἀχιλλεύς, καὶ ψευδῆς, καὶ οὐ διάφοροι ἀλλήλων οἱ ἄνδρες οὐδ' ἐναντίοι, ἀλλ' ὅμοιοι;

Ἰππίας: ὦ Σώκρατες, ἀεὶ σύ τινας τοιούτους πλέκεις λόγους, καὶ ἀπολαμβάνων ὁ ἄν ἢ δυσχερέστατον τοῦ λόγου, τούτου [369c] ἔχη κατὰ σμικρὸν ἐφαπτόμενος, καὶ οὐχ ὅλῳ ἀγωνίζῃ τῷ πράγματι περὶ οὗτοῦ ἂν ὁ λόγος ἦ: ἐπεὶ καὶ νῦν, ἐὰν βούλῃ, ἐπὶ πολλῶν τεκμηρίων ἀποδείξω σοι ἱκανῶ λόγῳ Ὅμηρον Ἀχιλλέα πεποιηκέναι ἀμείνω Ὀδυσσεώς καὶ ἀψευδῆ, τὸν δὲ δολερὸν τε καὶ πολλὰ ψευδόμενον καὶ χεῖρω Ἀχιλλεύως. εἰ δὲ βούλει, σὺ αὖ ἀντιπαράβαλλε λόγον παρὰ λόγον, ὥς ὁ ἕτερος ἀμείνων ἐστί: καὶ μᾶλλον εἴσονται οὗτοι ὀπότερος ἄμεινον λέγει. [369d]

Σωκράτης: ὦ Ἰππία, ἐγὼ τοι οὐκ ἀμφισβητῶ μὴ οὐχὶ σὲ εἶναι σοφώτερον ἢ ἐμέ: ἀλλ' ἀεὶ εἴωθα, ἐπειδάν τις λέγῃ τι, προσέχειν τὸν νοῦν, ἄλλως τε καὶ ἐπειδάν μοι δοκῇ σοφὸς εἶναι ὁ λέγων, καὶ ἐπιθυμῶν μαθεῖν ὅτι λέγει διαπυνθάνομαι καὶ ἐπανασκοπῶ καὶ συμβιβάζω τὰ λεγόμενα, ἵνα μάθω: ἐὰν δὲ φαῦλος δοκῇ μοι εἶναι ὁ λέγων, οὔτε ἐπανερωτῶ οὔτε μοι μέλει ὧν λέγει. καὶ γνώσῃ τούτῳ οὕς ἂν ἐγὼ ἡγῶμαι σοφοὺς εἶναι: εὐρήσεις γὰρ με λιπαρῇ ὄντα περὶ

τὰ λεγόμενα [369e] ὑπὸ τούτου καὶ πυνθανόμενον παρ' αὐτοῦ, ἵνα
μαθῶν τι ὠφελῇθῶ. ἐπεὶ καὶ νῦν ἐννενόηκα σοῦ λέγοντος, ὅτι ἐν τοῖς
ἔπεσιν οἷς σὺ ἄρτι ἔλεγες, ἐνδεικνύμενος τὸν Ἀχιλλέα εἰς τὸν
Ὀδυσσέα λέγειν ὡς ἀλαζόνα ὄντα, ἄτοπόν μοι δοκεῖ εἶναι, εἰ σὺ
ἀληθῆ λέγεις, ὅτι ὁ μὲν Ὀδυσσεὺς οὐδαμοῦ [370a] φαίνεται
ψευδόμενος, ὁ πολύτροπος, ὁ δὲ Ἀχιλλεὺς πολύτροπός τις φαίνεται
κατὰ τὸν σὸν λόγον· ψεύδεται γοῦν. προειπὼν γὰρ ταῦτα τὰ ἔπη,
ἅπερ καὶ σὺ εἶπες ἄρτιέχθρὸς γάρ μοι κεῖνος ὁμῶς Αἶδαο πύλῃσιν, ὅς
χ' ἔτερον μὲν κεῦθη ἐνὶ φρεσίν, ἄλλο δὲ εἶπῃ, Hom. Il. 9.312f.
[370b] ὀλίγον ὕστερον λέγει ὡς οὐτ' ἂν ἀναπαισθεῖται ὑπὸ τοῦ
Ὀδυσσέως τε καὶ τοῦ Ἀγαμέμνονος οὔτε μένοι τὸ παράπαν ἐν τῇ
Τροίᾳ, ἀλλ' αὖριον ἰρὰ Διὶ ῥέξας, φησί, καὶ πᾶσι θεοῖσιν,

νηήσας εὖ νῆας, ἐπὴν ἄλαδε προερεύσσω,

ὄψεαι, αἶ κ' ἐθέλῃσθα καὶ αἶ κέν τοι τὰ μεμήλη,

ἦρι μάλ' Ἑλλήσποντον ἐπ' ἰχθυόεντα πλεούσας [370c]

νῆας ἐμάς, ἐν δ' ἄνδρας ἐρεσσέμεναι μεμαῶτας·

εἰ δέ κεν εὐπλοῖῃν δώῃ κλυτὸς Ἑννοσίγαιος,

ἥματί κεν τριτάτῳ Φθίην ἐρίβωλον ἰκοίμην.

Hom. Il. 9.357

ἔτι δὲ πρότερον τούτων πρὸς τὸν Ἀγαμέμνονα λοιδορούμενος
εἵπεν νῦν δ' εἵμι Φθίηνδ', ἐπεὶ ἡ πολὺ λωϊὸν ἐστίν

οἶκαδ' ἵμεν σὺν νηυσὶ κορωνίσιν, οὐδέ σ' οἶω

[370d] ἐνθάδ' ἄτιμος ἐὼν ἄφενος καὶ πλοῦτον ἀφύξειν.

Hom. Il. 1.169

ταῦτα εἰπὼν τοτὲ μὲν ἐναντίον τῆς στρατιᾶς ἀπάσης, τοτὲ δὲ πρὸς
τοὺς ἑαυτοῦ ἐταίρους, οὐδαμοῦ φαίνεται οὔτε παρασκευασάμενος
οὐτ' ἐπιχειρήσας καθέλκειν τὰς ναῦς ὡς ἀποπλευσούμενος οἶκαδε,
ἀλλὰ πάνυ γενναίως ὀλιγορῶν τοῦ τάλῃθι λέγειν. ἐγὼ μὲν οὖν, ὦ
Ἰππία, καὶ ἐξ ἀρχῆς σε ἡρόμην ἀπορῶν ὁπότερος τούτοις τοῖν

ἀνδροῖν ἀμείνων [370e] πεποιήται τῷ ποιητῇ, καὶ ἡγούμενος ἀμφοτέρω ἀρίστω εἶναι καὶ δύσκριτον ὁπότερος ἀμείνων εἴη καὶ περὶ ψεύδους καὶ ἀληθείας καὶ τῆς ἄλλης ἀρετῆς· ἀμφοτέρω γὰρ καὶ κατὰ τοῦτο παραπλησίω ἐστόν.

Ἰππίας: οὐ γὰρ καλῶς σκοπεῖς, ὦ Σώκρατες. ἃ μὲν γὰρ ὁ Ἀχιλλεὺς ψεύδεται, οὐκ ἐξ ἐπιβουλῆς φαίνεται ψευδόμενος ἀλλ' ἄκων, διὰ τὴν συμφορὰν τὴν τοῦ στρατοπέδου ἀναγκασθεὶς καταμεῖναι καὶ βοηθῆσαι· ἃ δὲ ὁ Ὀδυσσεύς, ἐκὼν τε καὶ ἐξ ἐπιβουλῆς.

Σωκράτης: ἐξαπατᾷς με, ὦ φίλτατε Ἰππία, καὶ αὐτὸς τὸν Ὀδυσσεά μιμηῖ. [371a]

Ἰππίας: οὐδαμῶς, ὦ Σώκρατες· λέγεις δὴ τί καὶ πρὸς τί;

Σωκράτης: ὅτι οὐκ ἐξ ἐπιβουλῆς φῆς τὸν Ἀχιλλέα ψεύδεσθαι, ὃς ἦν οὕτω γόης καὶ ἐπίβουλος πρὸς τῇ ἀλαζονείᾳ, ὥς πεποίηκεν Ὅμηρος, ὥστε καὶ τοῦ Ὀδυσσέως τοσοῦτον φαίνεται φρονεῖν πλέον πρὸς τὸ ῥαδίως λανθάνειν αὐτὸν ἀλαζονευόμενος, ὥστε ἐναντίον αὐτοῦ αὐτὸς ἐαυτῷ ἐτόλμα ἐναντία λέγειν καὶ ἐλάνθανεν τὸν Ὀδυσσεά· οὐδὲν γοῦν φαίνεται εἰπὼν πρὸς αὐτὸν ὥς αἰσθανόμενος αὐτοῦ ψευδομένου [371b] ὁ Ὀδυσσεύς.

Ἰππίας: ποῖα δὴ ταῦτα λέγεις, ὦ Σώκρατες;

Σωκράτης: οὐκ οἶσθα ὅτι λέγων ὕστερον ἢ ὥς πρὸς τὸν Ὀδυσσεά ἔφη ἅμα τῇ ἡοῖ ἀποπλευσεῖσθαι, πρὸς τὸν Αἴαντα οὐκ αὖ φησιν ἀποπλευσεῖσθαι, ἀλλὰ ἄλλα λέγει;

Ἰππίας: ποῦ δὴ;

Σωκράτης: ἐν οἷς λέγειοι γὰρ πρὶν πολέμοιο μεδήσομαι αἱματόεντος, [371c]

πρὶν γ' υἱὸν Πριάμοιο δαΐφρονος, Ἴκτορα δῖον,

Μυρμιδόνων ἐπὶ τε κλισίας καὶ νῆας ἰκέσθαι

κτείνοντ' Ἀργείους, κατὰ τε φλέξει πυρὶ νῆας·

ἀμφὶ δέ μιν τῇ 'μῇ κλισίῃ καὶ νηϊ μελαίνῃ

Ἔκτορα καὶ μεμαῶτα μάχης σήσσεσθαι οἶω.

Hom. Il. 9.360

σὺ δὴ οὖν, ὦ Ἰππία, πότερον οὕτως ἐπιλήσμονα οἶει εἶναι [371d] τὸν τῆς Θέτιδός τε καὶ ὑπὸ τοῦ σοφωτάτου Χείρωνος πεπαιδευμένον, ὥστε ὀλίγον πρότερον λιοδοροῦντα τοὺς ἀλαζόνας τῇ ἐσχάτῃ λιοδορίᾳ αὐτὸν παραχρῆμα πρὸς μὲν τὸν Ὀδυσσέα φάναι ἀποπλευσεῖσθαι, πρὸς δὲ τὸν Αἴαντα μενεῖν, ἀλλ' οὐκ ἐπιβουλεύοντά τε καὶ ἡγούμενον ἀρχαῖον εἶναι τὸν Ὀδυσσέα καὶ αὐτοῦ αὐτῷ τούτῳ τῷ τεχνάζειν τε καὶ ψεύδεσθαι περιέσεσθαι;

Ἰππίας: οὐκ οὐν ἔμοιγε δοκεῖ, ὦ Σώκρατες: ἀλλὰ καὶ αὐτὰ [371e] ταῦτα ὑπὸ εὐνοίας ἀναπεισθεῖς πρὸς τὸν Αἴαντα ἄλλα εἶπεν ἢ πρὸς τὸν Ὀδυσσέα: ὁ δὲ Ὀδυσσεὺς ἅ τε ἀληθῆ λέγει, ἐπιβουλεύσας ἀεὶ λέγει, καὶ ὅσα ψεύδεται, ὡσαύτως.

Σωκράτης: ἀμείνων ἄρ' ἐστίν, ὥς ἔοικεν, ὁ Ὀδυσσεὺς Ἀχιλλέως.

Ἰππίας: ἥκιστα γε δήπου, ὦ Σώκρατες.

Σωκράτης: τί δέ; οὐκ ἄρτι ἐφάνησαν οἱ ἐκόντες ψευδόμενοι βελτίους ἢ οἱ ἄκοντες;

Ἰππίας: καὶ πῶς ἄν, ὦ Σώκρατες, οἱ ἐκόντες ἀδικοῦντες καὶ [372a] ἐκόντες ἐπιβουλεύσαντες καὶ κακὰ ἐργασάμενοι βελτίους ἂν εἶεν τῶν ἀκόντων, οἷς πολλὴ δοκεῖ συγγνώμη εἶναι, ἐὰν μὴ εἰδῶς τις ἀδικήσῃ ἢ ψεύσῃται ἢ ἄλλο τι κακὸν ποιήσῃ; καὶ οἱ νόμοι δήπου πολὺ χαλεπώτεροί εἰσι τοῖς ἐκοῦσι κακὰ ἐργαζομένοις καὶ ψευδομένοις ἢ τοῖς ἄκουσιν.

Σωκράτης: ὁρᾷς, ὦ Ἰππία, ὅτι ἐγὼ ἀληθῆ λέγω, λέγων ὥς [372b] λιπαρῆς εἰμι πρὸς τὰς ἐρωτήσεις τῶν σοφῶν; καὶ κινδυνεύω ἐν μόνον ἔχειν τοῦτο ἀγαθόν, τᾶλλα ἔχων πάνυ φαῦλα: τῶν μὲν γὰρ πραγμάτων ἡ ἔχει ἔσθλα, καὶ οὐκ οἶδ' ὅπῃ ἐστί. τεκμήριον δέ μοι τούτου ἰκανόν, ὅτι ἐπειδὰν συγγένωμαί τῳ ὑμῶν τῶν εὐδοκιμούντων ἐπὶ σοφία καὶ οἷς οἱ Ἕλληνες πάντες μάρτυρές εἰσι τῆς σοφίας, φαίνομαι οὐδὲν εἰδῶς: οὐδὲν γάρ μοι δοκεῖ τῶν αὐτῶν καὶ ὑμῖν, ὥς ἔπος [372c] εἰπεῖν. καίτοι τί μείζον ἀμαθίας τεκμήριον ἢ ἐπειδὰν τις σοφοῖς ἀνδράσι διαφέρηται; ἐν δὲ τοῦτο θαυμάσιον ἔχω ἀγαθόν, ὃ με

σφάζει: οὐ γὰρ αἰσχύνομαι μανθάνων, ἀλλὰ πυνθάνομαι καὶ ἐρωτῶ καὶ χάριν πολλὴν ἔχω τῷ ἀποκρινομένῳ, καὶ οὐδένα πώποτε ἀπεστέρησα χάριτος. οὐ γὰρ πώποτε ἔξαρνος ἐγενόμην μαθὼν τι, ἑμαυτοῦ ποιούμενος τὸ μάθημα εἶναι ὡς εὖρημα: ἀλλ' ἐγκωμιάζω τὸν διδάξαντά με ὡς σοφὸν ὄντα, ἀποφαίνων ἃ ἔμαθον παρ' αὐτοῦ. καὶ δὴ καὶ [372d] νῦν ἃ σὺ λέγεις οὐχ ὁμολογῶ σοι, ἀλλὰ διαφέρομαι πάννυ σφόδρα: καὶ τοῦτ' εὖ οἶδα ὅτι δι' ἐμὲ γίγνεται, ὅτι τοιοῦτός εἰμι οἷόσπερ εἰμί, ἵνα μηδὲν ἑμαυτὸν μεῖζον εἴπω. ἐμοὶ γὰρ φαίνεται, ὃ Ἰππία, πᾶν τοῦναντίον ἢ ὃ σὺ λέγεις: οἱ βλάπτοντες τοὺς ἀνθρώπους καὶ ἀδικοῦντες καὶ ψευδόμενοι καὶ ἔξαπατῶντες καὶ ἀμαρτάνοντες ἐκόντες ἀλλὰ μὴ ἄκοντες, βελτίους εἶναι ἢ οἱ ἄκοντες. ἐνίστε μέντοι καὶ τοῦναντίον δοκεῖ μοι τούτων καὶ πλανῶμαι περὶ ταῦτα, δηλὸν ὅτι διὰ [372e] τὸ μὴ εἰδέναι: νυνὶ δὲ ἐν τῷ παρόντι μοι ὥσπερ κατηβολὴ περιελήλυθεν, καὶ δοκοῦσί μοι οἱ ἐκόντες ἔξαμαρτάνοντες περὶ τι βελτίους εἶναι τῶν ἀκόντων. αἰτιῶμαι δὲ τοῦ νῦν παρόντος παθήματος τοὺς ἔμπροσθεν λόγους αἰτίους εἶναι, ὥστε φαίνεσθαι νῦν ἐν τῷ παρόντι τοὺς ἄκοντας τούτων ἕκαστα ποιῶντας πονηροτέρους ἢ τοὺς ἐκόντας. σὺ οὖν χάρισαι καὶ μὴ φθονήσης ἰάσασθαι τὴν ψυχὴν μου: πολὺ [373a] γάρ τοι μεῖζόν με ἀγαθὸν ἐργάση ἀμαθίας παύσας τὴν ψυχὴν ἢ νόσου τὸ σῶμα. μακρὸν μὲν οὖν λόγον εἰ 'θέλεις λέγειν, προλέγω σοι ὅτι οὐκ ἂν με ἰάσαιτο γὰρ ἂν ἀκολουθήσαιμι ὥσπερ δὲ ἄρτι εἰ 'θέλεις μοι ἀποκρίνεσθαι, πάννυ ὀνήσεις, οἶμαι δὲ οὐδ' αὐτὸν σὲ βλαβήσεσθαι. δικαίως δ' ἂν καὶ σὲ παρακαλοῖην, ὃ παῖ Ἀθημάντου: σὺ γὰρ με ἐπῆρας Ἰππία διαλέγεσθαι, καὶ νῦν, ἐὰν μὴ μοι ἐθέλῃ **Ἰππίας**: ἀποκρίνεσθαι, δέου αὐτοῦ ὑπὲρ ἐμοῦ.

Εὐδίκος: ἀλλ', ὃ Σώκρατες, οἶμαι οὐδὲν δεήσεσθαι Ἰππίαν [373b] τῆς ἡμετέρας δεήσεως: οὐ γὰρ τοιαῦτα αὐτῷ ἐστὶ τὰ προειρημένα, ἀλλ' ὅτι οὐδενὸς ἂν φύγοι ἀνδρὸς ἐρώτησιν. ἦ γάρ, ὃ Ἰππία; οὐ ταῦτα ἦν ἃ ἔλεγες;

Ἰππίας: ἔγωγε: ἀλλὰ Σωκράτης, ὃ Εὐδিকে, ἀεὶ ταραττεῖ ἐν τοῖς λόγοις καὶ ἔοικεν ὥσπερ κακουργοῦντι.

Σωκράτης: ὃ βέλτιστε Ἰππία, οὔτι ἐκὼν γε ταῦτα ἐγὼ ποιῶ σοφὸς γὰρ ἂν ἦ καὶ δεινὸς κατὰ τὸν σὸν λόγον· ἀλλὰ ἄκων, ὥστε μοι συγγνώμην ἔχε: φῆς γὰρ αὐ δεῖν, ὅς ἂν κακουργῇ ἄκων, συγγνώμην

ἔχειν. [373c]

Εὐδίκος: καὶ μηδαμῶς γε, ὦ Ἰππία, ἄλλως ποίει, ἀλλὰ καὶ ἡμῶν ἔνεκα καὶ τῶν προειρημένων σοι λόγων ἀποκρίνου ἃ ἂν σε ἐρωτᾷ Σωκράτης.

Ἰππίας: ἀλλ' ἀποκρινοῦμαι, σοῦ γε δεομένου. ἀλλ' ἐρώτα ὅτι βούλει.

Σωκράτης: καὶ μὴν σφόδρα γε ἐπιθυμῶ, ὦ Ἰππία, διασκέψασθαι τὸ νυνδὴ λεγόμενον, πότεροί ποτε ἀμείνους, οἱ ἐκόντες ἢ οἱ ἄκοντες ἀμαρτάνοντες. οἶμαι οὖν ἐπὶ τὴν σκέψιν ὀρθότατ' ἂν ὧδε ἐλθεῖν. ἀλλ' ἀποκρίναι: καλεῖς τινα δρομέα ἀγαθόν; [373d]

Ἰππίας: ἔγωγε.

Σωκράτης: καὶ κακόν;

Ἰππίας: ναί.

Σωκράτης: οὐκοῦν ἀγαθὸς μὲν ὁ εὖ θέων, κακὸς δὲ ὁ κακῶς;

Ἰππίας: ναί.

Σωκράτης: οὐκοῦν ὁ βραδέως θέων κακῶς θεῖ, ὁ δὲ ταχέως εὖ;

Ἰππίας: ναί.

Σωκράτης: ἐν δρόμῳ μὲν ἄρα καὶ τῷ θεῖν τάχος μὲν ἀγαθόν, βραδυτῆς δὲ κακόν;

Ἰππίας: ἀλλὰ τί μέλλει;

Σωκράτης: πότερος οὖν ἀμείνων δρομεύς, ὁ ἐκὼν βραδέως θέων ἢ ὁ ἄκων;

Ἰππίας: ὁ ἐκὼν.

Σωκράτης: ἄρ' οὖν οὐ ποιεῖν τί ἐστι τὸ θεῖν;

Ἰππίας: ποιεῖν μὲν οὖν.

Σωκράτης: εἰ δὲ ποιεῖν, οὐ καὶ ἐργάζεσθαι [373e] τι;

Ἰππίας: ναί.

Σωκράτης: ὁ κακῶς ἄρα θεὸν κακὸν καὶ αἰσχρὸν ἐν δρόμῳ τοῦτο ἐργάζεται;

Ἰππίας: κακόν: πῶς γὰρ οὐ;

Σωκράτης: κακῶς δὲ θεῖ ὁ βραδέως θεών;

Ἰππίας: ναί.

Σωκράτης: οὐκοῦν ὁ μὲν ἀγαθὸς δρομεὺς ἐκὼν τὸ κακὸν τοῦτο ἐργάζεται καὶ τὸ αἰσχρόν, ὁ δὲ κακὸς ἄκων;

Ἰππίας: ἔοικέν γε.

Σωκράτης: ἐν δρόμῳ μὲν ἄρα πονηρότερος ὁ ἄκων κακὰ ἐργαζόμενος [374a] ἢ ὁ ἐκὼν;

Ἰππίας: ἐν δρόμῳ γε.

Σωκράτης: τί δ' ἐν πάλῃ; πότερος παλαιστής ἀμείνων, ὁ ἐκὼν πίπτων ἢ ὁ ἄκων;

Ἰππίας: ὁ ἐκὼν, ὡς ἔοικεν.

Σωκράτης: πονηρότερον δὲ καὶ αἵσχιον ἐν πάλῃ τὸ πίπτειν ἢ τὸ καταβάλλειν;

Ἰππίας: τὸ πίπτειν.

Σωκράτης: καὶ ἐν πάλῃ ἄρα ὁ ἐκὼν τὰ πονηρὰ καὶ αἰσχροὶ ἐργαζόμενος βελτίων παλαιστής ἢ ὁ ἄκων.

Ἰππίας: ἔοικεν.

Σωκράτης: τί δὲ ἐν τῇ ἄλλῃ πάσῃ τῇ τοῦ σώματος χρεία; οὐχ ὁ βελτίων τὸ σῶμα δύναται ἀμφοτέρω ἐργάζεσθαι, καὶ τὰ ἰσχυρὰ καὶ τὰ [374b] ἀσθενῆ, καὶ τὰ αἰσχροὶ καὶ τὰ καλὰ: ὥστε ὅταν κατὰ τὸ σῶμα πονηρὰ ἐργάζεται, ἐκὼν ἐργάζεται ὁ βελτίων τὸ σῶμα, ὁ δὲ πονηρότερος ἄκων;

Ἰππίας: ἔοικεν καὶ τὰ κατὰ τὴν ἰσχὺν οὕτως ἔχειν.

Σωκράτης: τί δὲ κατ' εὐσχημοσύνην, ὦ Ἰππία; οὐ τοῦ βελτίονος σώματός ἐστιν ἐκόντος τὰ αἰσχροῦ καὶ πονηρὰ σχήματα σχηματίζειν, τοῦ δὲ πονηροτέρου ἄκοντος; ἢ πῶς σοι δοκεῖ;

Ἰππίας: οὕτως.

Σωκράτης: καὶ ἀσχημοσύνη ἄρα ἢ μὲν ἐκούσιος [374c] πρὸς ἀρετῆς ἐστιν, ἢ δὲ ἀκούσιος πρὸς πονηρίας σώματος.

Ἰππίας: φαίνεται.

Σωκράτης: τί δὲ φωνῆς περὶ λέγεις; ποτέραν φῆς εἶναι βελτίω, τὴν ἐκουσίως ἀπάδουσιν ἢ τὴν ἀκουσίως;

Ἰππίας: τὴν ἐκουσίως.

Σωκράτης: μοχθηροτέραν δὲ τὴν ἀκουσίως;

Ἰππίας: ναί.

Σωκράτης: δέξαιο δ' ἂν πότερον τὰγαθὰ κεκτηῖσθαι ἢ τὰ κακά;

Ἰππίας: τὰγαθὰ.

Σωκράτης: πότερον οὖν ἂν δέξαιο πόδας κεκτηῖσθαι ἐκουσίως χωλαίνοντας ἢ ἀκουσίως; [374d]

Ἰππίας: ἐκουσίως.

Σωκράτης: χωλεία δὲ ποδῶν οὐχὶ πονηρία καὶ ἀσχημοσύνη ἐστίν;

Ἰππίας: ναί.

Σωκράτης: τί δέ; ἀμβλυωπία οὐ πονηρία ὀφθαλμῶν;

Ἰππίας: ναί.

Σωκράτης: ποτέρους οὖν ἂν βούλοιο ὀφθαλμοὺς κεκτηῖσθαι καὶ ποτέροις συνεῖναι; οἷς ἐκὼν ἂν τις ἀμβλύνῃτο καὶ παρορώῃ ἢ οἷς ἄκων;

Ἰππίας: οἷς ἐκὼν.

Σωκράτης: βελτίω ἄρα ἥγησαι τῶν σαυτοῦ τὰ ἐκουσίως πονηρὰ ἐργαζόμενα ἢ τὰ ἀκουσίως;

Ἰππίας: τὰ γοῦν τοιαῦτα.

Σωκράτης: οὐκοῦν πάντα, οἷον καὶ ὄτα καὶ ῥίνας καὶ στόμα καὶ πάσας τὰς αἰσθήσεις, εἷς λόγος συνέχει, τὰς μὲν ἀκόντως [374e] κακὰ ἐργαζόμενας ἀκτήτους εἶναι ὥς πονηρὰς οὕσας, τὰς δὲ ἐκουσίως κτητὰς ὥς ἀγαθὰς οὕσας.

Ἰππίας: ἔμοιγε δοκεῖ.

Σωκράτης: τί δέ; ὀργάνων ποτέρων βελτίων ἢ κοινωνία, οἷς ἐκὼν τις κακὰ ἐργάζεται ἢ οἷς ἄκων; οἷον πηδάλιον ᾧ ἄκων κακῶς τις κυβερνήσει βέλτιον ἢ ᾧ ἐκὼν;

Ἰππίας: ᾧ ἐκὼν.

Σωκράτης: οὐ καὶ τόξον ὡσαύτως καὶ λύρα καὶ αὐλοὶ καὶ τᾶλλα σύμπαντα; [375a]

Ἰππίας: ἀληθῆ λέγεις.

Σωκράτης: τί δέ; ψυχὴν κεκτῆσθαι ἵππου, ἢ ἐκὼν τις κακῶς ἱππεύσει, ἄμεινον ἢ <ἢ> ἄκων;

Ἰππίας: ἢ ἐκὼν.

Σωκράτης: ἀμείνων ἄρα ἐστίν.

Ἰππίας: ναί.

Σωκράτης: τῇ ἀμείνονι ἄρα ψυχῇ ἵππου τὰ τῆς ψυχῆς ἔργα ταύτης τὰ πονηρὰ ἐκουσίως ἂν ποιοῖ, τῇ δὲ τῆς πονηρᾶς ἀκουσίως;

Ἰππίας: πάνυ γε.

Σωκράτης: οὐκοῦν καὶ κυνὸς καὶ τῶν ἄλλων ζώων πάντων;

Ἰππίας: ναί.

Σωκράτης: τί δὲ δῆ; ἀνθρώπου ψυχὴν ἐκτῆσθαι τοξότου ἄμεινόν ἐστιν, ἢ τις ἐκουσίως ἀμαρτάνει [375b] τοῦ σκοποῦ, ἢ ἢ τις ἀκουσίως;

Ἰππίας: ἥτις ἐκουσίως.

Σωκράτης: οὐκοῦν καὶ αὕτη ἀμείνων εἰς τοξικὴν ἐστίν;

Ἰππίας: ναί.

Σωκράτης: καὶ ψυχὴ ἄρα ἀκουσίως ἀμαρτάνουσα πονηροτέρα ἢ ἐκουσίως;

Ἰππίας: ἐν τοξικῇ γε.

Σωκράτης: τί δ' ἐν ἱατρικῇ; οὐχὶ ἢ ἐκοῦσα κακὰ ἐργαζομένη περὶ τὰ σώματα ἱατρικωτέρα;

Ἰππίας: ναί.

Σωκράτης: ἀμείνων ἄρα αὕτη ἐν ταύτῃ τῇ τέχνῃ τῆς μὴ [ἱατρικῆς].

Ἰππίας: ἀμείνων.

Σωκράτης: τί δέ; ἢ κιθαριστικωτέρα καὶ αὐλητικωτέρα καὶ τᾶλλα πάντα τὰ κατὰ τὰς τέχνας [375c] τε καὶ τὰς ἐπιστήμας, οὐχὶ ἢ ἀμείνων ἐκοῦσα τὰ κακὰ ἐργάζεται καὶ τὰ αἰσχρὰ καὶ ἐξαμαρτάνει, ἢ δὲ πονηροτέρα ἄκουσα;

Ἰππίας: φαίνεται.

Σωκράτης: ἀλλὰ μὴν που τὰς γε τῶν δούλων ψυχὰς κεκτῆσθαι δεξαίμεθ' ἂν μᾶλλον τὰς ἐκουσίως ἢ τὰς ἀκουσίως ἀμαρτανούσας τε καὶ κακουργοῦσας, ὥς ἀμείνους οὔσας εἰς ταῦτα.

Ἰππίας: ναί.

Σωκράτης: τί δέ; τὴν ἡμετέραν αὐτῶν οὐ βουλοίμεθ' ἂν ὥς βελτίστην ἐκτῆσθαι; [375d]

Ἰππίας: ναί.

Σωκράτης: οὐκοῦν βελτίων ἔσται, ἐὰν ἐκοῦσα κακουργῇ τε καὶ ἐξαμαρτάνῃ, ἢ ἐὰν ἄκουσα;

Ἰππίας: δεινὸν μεντὰν εἶη, ὃ Σώκρατες, εἰ οἱ ἐκόντες ἀδικοῦντες βελτίους ἔσονται ἢ οἱ ἄκοντες.

Σωκράτης: ἀλλὰ μὴν φαίνονται γε ἐκ τῶν εἰρημένων.

Ἰππίας: οὐκ οὖν ἔμοιγε.

Σωκράτης: ἐγὼ δ' ὦμην, ὦ Ἰππία, καὶ σοὶ φανῆναι. πάλιν δ' ἀποκρίναι: ἡ δικαιοσύνη οὐχὶ ἢ δυνάμεις τίς ἐστὶν ἢ ἐπιστήμη ἢ ἀμφοτέρω; ἢ οὐκ ἀνάγκη ἓν γέ τι τούτων εἶναι τὴν [375e] δικαιοσύνην;

Ἰππίας: ναί.

Σωκράτης: οὐκοῦν εἰ μὲν δυνάμεις ἐστὶ τῆς ψυχῆς ἡ δικαιοσύνη, ἡ δυνατωτέρα ψυχὴ δικαιοτέρα ἐστί; βελτίων γάρ που ἡμῖν ἐφάνη, ὦ ἄριστε, ἡ τοιαύτη.

Ἰππίας: ἐφάνη γάρ.

Σωκράτης: τί δ' εἰ ἐπιστήμη; οὐχ ἢ σοφωτέρα ψυχὴ δικαιοτέρα, ἡ δὲ ἀμαθεστέρα ἀδικωτέρα;<

Ἰππίας: ναί.>

Σωκράτης: τί δ' εἰ ἀμφοτέρω; οὐχ ἢ ἀμφοτέρας ἔχουσα, ἐπιστήμην καὶ δύναμιν, δικαιοτέρα, ἢ δ' ἀμαθεστέρα ἀδικωτέρα; οὐχ οὕτως ἀνάγκη ἔχειν;

Ἰππίας: φαίνεται.

Σωκράτης: οὐκοῦν ἡ δυνατωτέρα καὶ σοφωτέρα αὕτη ἀμείνων οὗσα ἐφάνη καὶ ἀμφοτέρω μᾶλλον δυναμένη ποιεῖν, καὶ τὰ [376a] καλὰ καὶ τὰ αἰσχρά, περὶ πᾶσαν ἐργασίαν;

Ἰππίας: ναί.

Σωκράτης: ὅταν ἄρα τὰ αἰσχρά ἐργάζεται, ἐκοῦσα ἐργάζεται διὰ δύναμιν καὶ τέχνην: ταῦτα δὲ δικαιοσύνης φαίνεται, ἥτοι ἀμφοτέρω ἢ τὸ ἕτερον.

Ἰππίας: ἔοικεν.

Σωκράτης: καὶ τὸ μὲν γε ἀδικεῖν κακὰ ποιεῖν ἐστὶν, τὸ δὲ μὴ ἀδικεῖν καλά.

Ἰππίας: ναί.

Σωκράτης: οὐκοῦν ἢ δυνατωτέρα καὶ ἀμείνων ψυχὴ, ὅταν περ ἀδικῇ, ἐκοῦσα ἀδικήσῃ, ἢ δὲ πονηρὰ ἄκουσα;

Ἰππίας: φαίνεται. [376b]

Σωκράτης: οὐκοῦν ἀγαθὸς ἀνὴρ ὁ τὴν ἀγαθὴν ψυχὴν ἔχων, κακὸς δὲ ὁ τὴν κακὴν;

Ἰππίας: ναί.

Σωκράτης: ἀγαθοῦ μὲν ἄρα ἀνδρός ἐστιν ἐκόντα ἀδικεῖν, κακοῦ δὲ ἄκοντα, εἴπερ ὁ ἀγαθὸς ἀγαθὴν ψυχὴν ἔχει.

Ἰππίας: ἀλλὰ μὴν ἔχει γε.

Σωκράτης: ὁ ἄρα ἐκὼν ἀμαρτάνων καὶ αἰσχρὰ καὶ ἄδικα ποιῶν, ὃ Ἰππία, εἴπερ τίς ἐστιν οὗτος, οὐκ ἂν ἄλλος εἴη ἢ ὁ ἀγαθός.

Ἰππίας: οὐκ ἔχω ὅπως σοι συγχωρήσω, ὃ Σώκρατες, ταῦτα.

Σωκράτης: οὐδὲ γὰρ ἐγὼ ἐμοί, ὃ Ἰππία: ἀλλ' ἀναγκαῖον οὕτω [376c] φαίνεσθαι νῦν γε ἡμῖν ἐκ τοῦ λόγου. ὅπερ μέντοι πάλαι ἔλεγον, ἐγὼ περὶ ταῦτα ἄνω καὶ κάτω πλανῶμαι καὶ οὐδέποτε ταῦτά μοι δοκεῖ. καὶ ἐμὲ μὲν οὐδὲν θαυμαστὸν πλανᾶσθαι οὐδὲ ἄλλον ἰδιώτην: εἰ δὲ καὶ ὑμεῖς πλανήσεσθε οἱ σοφοί, τοῦτο ἤδη καὶ ἡμῖν δεινὸν εἰ μηδὲ παρ' ὑμᾶς ἀφικόμενοι παυσόμεθα τῆς πλάνης.

FIRST ALCIBIADES

[103a] Σωκράτης

ὦ παῖ Κλεινίου, οἶμαί σε θαυμάζειν ὅτι πρῶτος ἐραστής σου γενόμενος τῶν ἄλλων πεπαυμένων μόνος οὐκ ἀπαλλάττομαι, καὶ ὅτι οἱ μὲν ἄλλοι δι' ὄχλου ἐγένοντό σοι διαλεγόμενοι, ἐγὼ δὲ τοσούτων ἐτῶν οὐδὲ προσεῖπον. τούτου δὲ τὸ αἷτιον γέγονεν οὐκ ἀνθρώπειον, ἀλλὰ τι δαιμόνιον ἐναντίωμα, οὗ σὺ τὴν δύναμιν καὶ ὕστερον πεύσῃ. νῦν δὲ [103b] ἐπειδὴ οὐκέτι ἐναντιοῦται, οὕτω προσελήλυθα: εὐέλπις δ' εἰμὶ καὶ τὸ λοιπὸν μὴ ἐναντιώσεσθαι αὐτό. σχεδὸν οὖν κατανενόηκα ἐν τούτῳ τῷ χρόνῳ σκοπούμενος ὡς πρὸς τοὺς ἐραστὰς ἔσχες: πολλῶν γὰρ γενομένων καὶ μεγαλοφρόνων οὐδεὶς ὃς οὐχ ὑπερβληθεὶς τῷ φρονήματι ὑπὸ σοῦ πέφευγεν. [104a] τὸν δὲ λόγον, ὃ ὑπερπεφρόνηκας, ἐθέλω διελθεῖν. οὐδενὸς φῆς ἀνθρώπων ἐνδεὴς εἶναι εἰς οὐδέν: τὰ γὰρ ὑπάρχοντά σοι μέγала εἶναι, ὥστε μηδενὸς δεῖσθαι, ἀπὸ τοῦ σώματος ἀρξάμενα τελευτῶντα εἰς τὴν ψυχὴν. οἶε γὰρ δὴ εἶναι πρῶτον μὲν κάλλιστός τε καὶ μέγιστος — καὶ τοῦτο μὲν δὴ παντὶ δῆλον ἰδεῖν ὅτι οὐ ψεῦδη — ἔπειτα νεανικωτάτου γένους ἐν τῇ σεαυτοῦ πόλει, οὐσὴ μέγιστη τῶν Ἑλληνίδων, καὶ [104b] ἐνταῦθα πρὸς πατρός τέ σοι φίλους καὶ συγγενεῖς πλείστους εἶναι καὶ ἀρίστους, οἱ εἴ τι δέοι ὑπηρετοῖεν ἅν σοι, τούτων δὲ τοὺς πρὸς μητρὸς οὐδὲν χείρους οὐδ' ἐλάττους. συμπάντων δὲ ὧν εἶπον μείζω οἶε σοι δύναμιν ὑπάρχειν Περικλέα τὸν Ξανθίππου, ὃν ὁ πατὴρ ἐπίτροπον κατέλιπε σοί τε καὶ τῷ ἀδελφῷ: ὃς οὐ μόνον ἐν τῇδε τῇ πόλει δύναται πράττειν ὅτι ἂν βούληται, ἀλλ' ἐν πάσῃ τῇ Ἑλλάδι καὶ τῶν βαρβάρων ἐν πολλοῖς καὶ μέγαλοις γένεσιν. προσθήσω δὲ καὶ ὅτι τῶν [104c] πλουσίων: δοκεῖς δέ μοι ἐπὶ τούτῳ ἥκιστα μέγα φρονεῖν. κατὰ πάντα δὴ ταῦτα σὺ τε μεγαλαυχούμενος κεκράτηκας τῶν ἐραστῶν ἐκεῖνοί τε ὑποδεέστεροι ὄντες ἐκρατήθησαν, καὶ σε ταῦτ' οὐ λέληθεν: ὅθεν δὴ εὖ οἶδα ὅτι θαυμάζεις τί διανοοῦμένός ποτε οὐκ ἀπαλλάττομαι τοῦ ἔρωτος, καὶ ἥντιν' ἔχων ἐλπίδα ὑπομένω τῶν ἄλλων πεφευγόντων.

Ἀλκιβιάδης

καὶ ἴσως γε, ὦ Σώκρατες, οὐκ οἶσθ' ὅτι σμικρόν [104d] με ἔφθης. ἐγὼ γάρ τοι ἐν νῷ εἶχον πρότερός σοι προσελθὼν αὐτὰ ταῦτ' ἐρέσθαι, τί ποτε βούλει καὶ εἰς τίνα ἐλπίδα βλέπων ἐνοχλεῖς με, ἀεὶ ὅπου ἂν ὦ ἐπιμελέστατα παρών: τῷ ὄντι γὰρ θαυμάζω ὅτι ποτ' ἐστὶ τὸ σὸν πρᾶγμα, καὶ ἥδιστ' ἂν πυθοίμην.

Σωκράτης

ἀκούσῃ μὲν ἄρα μου, ὥς τὸ εἰκός, προθύμως, εἵπερ, ὥς φής, ἐπιθυμεῖς εἰδέναι τί διανοοῦμαι, καὶ ὥς ἀκουσομένῳ καὶ περιμενοῦντι λέγω.

Ἀλκιβιάδης

πάνυ μὲν οὖν: ἀλλὰ λέγε.

[104e] Σωκράτης

ὄρα δὴ: οὐ γάρ τοι εἴη ἂν θαυμαστὸν εἰ, ὥσπερ μόγις ἠρξάμην, οὕτω μόγις καὶ παυσαίμην.

Ἀλκιβιάδης

ὦγαθὲ λέγε: ἀκούσομαι γάρ.

Σωκράτης

λεκτέον ἂν εἶη. χαλεπὸν μὲν οὖν πρὸς ἄνδρα οὐχ ἥττονα ἐραστῶν προσφέρεισθαι ἐραστῇ, ὅμως δὲ τολμητέον φράσαι τὴν ἐμὴν διάνοιαν. ἐγὼ γάρ, ὦ Ἀλκιβιάδη, εἰ μὲν σε ἐώρων ἃ νυνδὴ διηλθον ἀγαπῶντα καὶ οἰόμενον δεῖν ἐν τούτοις καταβῶναι, πάλοι ἂν ἀπηλλάγμην τοῦ ἔρωτος, ὥς [105a] γε δὴ ἐμαντὸν πείθω: νῦν δ'

ἕτερ' αὖ κατηγορήσω διανοήματα σὰ πρὸς αὐτὸν σέ, ᾧ καὶ γνώση ὅτι προσέχων γέ σοι τὸν νοῦν διατετέλεκα. δοκεῖς γάρ μοι, εἴ τίς σοι εἴποι θεῶν: “ὦ Ἀλκιβιάδη, πότερον βούλει ζῆν ἔχων ἢ νῦν ἔχεις, ἢ αὐτίκα τεθνάναι εἰ μὴ σοι ἐξέσται μείζω κτήσασθαι;” δοκεῖς ἂν μοι ἐλέσθαι τεθνάναι: ἀλλὰ νῦν ἐπὶ τίνι δὴ ποτε ἐλπίδι ζῆς, ἐγὼ φράσω. ἡγῆ, ἐὰν θᾶπτον εἰς τὸν Ἀθηναίων [105b] δῆμον παρέλθης — τοῦτο δ' ἔσεσθαι μάλα ὀλίγων ἡμερῶν — παρελθὼν οὖν ἐνδείξεσθαι Ἀθηναίοις ὅτι ἄξιος εἶ τιμᾶσθαι ὥς οὔτε Περικλῆς οὔτ' ἄλλος οὐδεὶς τῶν πώποτε γενομένων, καὶ τοῦτ' ἐνδειξάμενος μέγιστον δυνήσεσθαι ἐν τῇ πόλει, ἐὰν δ' ἐνθάδε μέγιστος ᾦς, καὶ ἐν τοῖς ἄλλοις Ἑλλησι, καὶ οὐ μόνον ἐν Ἑλλησιν, ἀλλὰ καὶ ἐν τοῖς βαρβάροις, ὅσοι ἐν τῇ αὐτῇ ἡμῖν οἰκοῦσιν ἡπείρω. καὶ εἰ αὖ σοι εἴποι ὁ αὐτὸς οὗτος θεὸς ὅτι αὐτοῦ σε δεῖ δυναστεύειν ἐν τῇ Εὐρώπῃ, [105c] διαβῆναι δὲ εἰς τὴν Ἀσίαν οὐκ ἐξέσται σοι οὐδὲ ἐπιθέσθαι τοῖς ἐκεῖ πράγμασιν, οὐκ ἂν αὖ μοι δοκεῖς ἐθέλειν οὐδ' ἐπὶ τούτοις μόνοις ζῆν, εἰ μὴ ἐμπλήσεις τοῦ σοῦ ὀνόματος καὶ τῆς σῆς δυνάμεως πάντα ὥς ἔπος εἰπεῖν ἀνθρώπους: καὶ οἶμαί σε πλὴν Κύρου καὶ Ξέρξου ἡγεῖσθαι οὐδένα ἄξιον λόγου γεγονέναι. ὅτι μὲν οὖν ἔχεις ταύτην τὴν ἐλπίδα, εὖ οἶδα καὶ οὐκ εἰκάζω. ἴσως ἂν οὖν εἴποις, ἅτε εἰδὼς ὅτι ἀληθῆ λέγω, “τί δὴ οὖν, ὦ Σώκρατες, τοῦτ' ἐστὶ σοι πρὸς [105d] λόγον; [ὄν ἔφησθα ἐρεῖν, διὸ ἐμοῦ οὐκ ἀπαλλάττη;]” ἐγὼ δὲ σοὶ γε ἐρῶ, ᾧ φίλε παῖ Κλεινίου καὶ Δεινομάχης. τούτων γάρ σοι ἀπάντων τῶν διανοημάτων τέλος ἐπιτεθῆναι ἄνευ ἐμοῦ ἀδύνατον: τοσαύτην ἐγὼ δύναμιν οἶμαι ἔχειν εἰς τὰ σὰ πράγματα καὶ εἰς σέ, διὸ δὴ καὶ πάλοι οἶομαί με τὸν θεὸν οὐκ ἔάν διαλέγεσθαι σοι, ὃν ἐγὼ περιέμενον ὀπηνίκα ἐάσει. ὥσπερ γὰρ σὺ ἐλπίδας ἔχεις ἐν τῇ πόλει ἐνδείξασθαι ὅτι [105e] αὐτῇ παντὸς ἄξιος εἶ, ἐνδειξάμενος δὲ [ὅτι] οὐδὲν ὅτι οὐ παραντίκα δυνήσεσθαι, οὕτω καὶ γὰρ παρὰ σοὶ ἐλπίζω μέγιστον δυνήσεσθαι ἐνδειξάμενος ὅτι παντὸς ἄξιός εἰμί σοι καὶ οὔτε ἐπίτροπος οὔτε συγγενὴς οὔτ' ἄλλος οὐδεὶς ἱκανὸς παραδοῦναι τὴν δύναμιν ἣς ἐπιθυμεῖς πλὴν ἐμοῦ, μετὰ τοῦ θεοῦ μέντοι. νεωτέρῳ μὲν οὖν ὄντι σοι καὶ πρὶν τοσαύτης ἐλπίδος γέμειν, ὥς ἐμοὶ δοκεῖ, οὐκ εἶα ὁ θεὸς διαλέγεσθαι, ἵνα μὴ μάτην [106a] διαλεγοίμην. νῦν δ' ἐφῆκεν: νῦν γὰρ ἂν μου ἀκούσαις.

Ἀλκιβιάδης

πολύ γέ μοι, ὦ Σώκρατες, νῦν ἀτοπώτερος αὖ φαίνη, ἐπειδὴ ἤρξω λέγειν, ἢ ὅτε σιγῶν εἶπυ: καίτοι σφόδρα γε ἦσθ' ἰδεῖν καὶ τότε τοιοῦτος. εἰ μὲν οὖν ἐγὼ ταῦτα διανοοῦμαι ἢ μή, ὥς ἔοικε, διέγνωκας, καὶ ἐὰν μὴ φῶ, οὐδέν μοι ἔσται πλέον πρὸς τὸ πείθειν σε. εἶεν: εἰ δὲ δὴ ὅτι μάλιστα ταῦτα διανενόημαι, πῶς διὰ σοῦ μοι ἔσται καὶ ἄνευ σοῦ οὐκ ἂν γένοιτο; ἔχεις λέγειν;

[106b] Σωκράτης

ἄρ' ἐρωτᾷς εἴ τιν' ἔχω εἰπεῖν λόγον μακρόν, οἷους δὴ ἀκούειν εἶθισαι; οὐ γάρ ἐστι τοιοῦτον τὸ ἐμόν: ἀλλ' ἐνδείξασθαι μὲν σοι, ὥς ἐγῶμαι, οἷός τ' ἂν εἶην ὅτι ταῦτα οὕτως ἔχει, ἐὰν ἐν μόνον μοι ἐθελήσης βραχὺ ὑπηρετῆσαι.

Ἀλκιβιάδης

ἀλλ' εἴ γε δὴ μὴ χαλεπὸν τι λέγεις τὸ ὑπηρετήμα, ἐθέλω.

Σωκράτης

ἢ χαλεπὸν δοκεῖ τὸ ἀποκρίνασθαι τὰ ἐρωτώμενα;

Ἀλκιβιάδης

οὐ χαλεπόν.

Σωκράτης

ἀποκρίνου δὴ.

Ἀλκιβιάδης

Ἐρώτα.

Σωκράτης

οὐκοῦν ὥς διανοοῦμένου σου ταῦτα ἐρωτῶ, ἃ φημί σε [106c]
διανοεῖσθαι;

Ἀλκιβιάδης

ἔστω, εἰ βούλει, οὕτως, ἵνα καὶ εἰδῶ ὅτι καὶ ἐρεῖς.

Σωκράτης

φέρε δῆ: διανοῇ γάρ, ὥς ἐγώ φημι, παρίεναι συμβουλευσών
Ἀθηναίοις ἐντὸς οὐ πολλοῦ χρόνου: εἰ οὖν μέλλοντός σου ἰέναι ἐπὶ
τὸ βῆμα λαβόμενος ἐροίμην: “ὦ Ἀλκιβιάδη, ἐπειδὴ περὶ τίνος
Ἀθηναῖοι διανοοῦνται βουλευέσθαι, ἀνίστασαι συμβουλευσών; ἄρ’
ἐπειδὴ περὶ ὧν σὺ ἐπίστασαι βέλτιον ἢ οὗτοι;” τί ἂν ἀποκρίναιο;

[106d] Ἀλκιβιάδης

εἵποιμ’ ἂν δήπου, περὶ ὧν οἶδα βέλτιον ἢ οὗτοι.

Σωκράτης

περὶ ὧν ἄρ’ εἰδὼς τυγχάνεις, ἀγαθὸς σύμβουλος εἶ.

Ἀλκιβιάδης

πῶς γὰρ οὐ;

Σωκράτης

οὐκοῦν ταῦτα μόνον οἶσθα, ἃ παρ' ἄλλων ἔμαθες ἢ αὐτὸς ἐξηῦρες;

Ἀλκιβιάδης

ποῖα γὰρ ἄλλα;

Σωκράτης

ἔστιν οὖν ὅπως ἂν ποτε ἔμαθές τι ἢ ἐξηῦρες μήτε μανθάνειν ἐθέλων
μήτ' αὐτὸς ζητεῖν;

Ἀλκιβιάδης

οὐκ ἔστιν.

Σωκράτης

τί δέ; ἠθέλησας ἂν ζητῆσαι ἢ μαθεῖν ἃ ἐπίστασθαι ᾧ;

Ἀλκιβιάδης

οὐ δῆτα.

[106e] Σωκράτης

ἃ ἄρα νῦν τυγχάνεις ἐπιστάμενος, ἦν χρόνος ὅτε οὐχ ἡγοῦ εἰδέναι;

Ἀλκιβιάδης

ἀνάγκη.

Σωκράτης

ἀλλὰ μὴν ἅ γε μεμάθηκας σχεδὸν τι καὶ ἐγὼ οἶδα: εἰ δέ τι ἐμὲ
λέληθεν, εἰπέ. ἔμαθες γὰρ δὴ σύ γε κατὰ μνήμην τὴν ἐμὴν γράμματα
καὶ καθαρίζειν καὶ παλαίειν: οὐ γὰρ δὴ αὐλεῖν γε ἤθελες μαθεῖν.
ταῦτ' ἐστὶν ἅ σὺν ἐπίστασαι, εἰ μὴ πού τι μανθάνων ἐμὲ λέληθας:
οἶμαι δέ γε, οὔτε νύκτωρ οὔτε μεθ' ἡμέραν ἐξιὼν ἔνδοθεν.

Ἀλκιβιάδης

ἀλλ' οὐ πεφοίτηκα εἰς ἄλλων ἢ τούτων.

[107a] Σωκράτης

πότερον οὖν, ὅταν περὶ γραμμάτων Ἀθηναῖοι βουλευόμενοι, πῶς ἂν
ὀρθῶς γράφοιεν, τότε ἀναστήσει αὐτοῖς συμβουλεύσων;

Ἀλκιβιάδης

μὰ Δί' οὐκ ἔγωγε.

Σωκράτης

ἀλλ' ὅταν περὶ κρουμάτων ἐν λύρᾳ;

Ἀλκιβιάδης

οὐδαμῶς.

Σωκράτης

οὐδὲ μὴν οὐδὲ περὶ παλαισμάτων γε εἰώθασι βουλευέσθαι ἐν τῇ ἐκκλησίᾳ.

Ἀλκιβιάδης

οὐ μέντοι.

Σωκράτης

ὅταν οὖν περὶ τίνος βουλευῶνται; οὐ γάρ που ὅταν γε περὶ οἰκοδομίας.

Ἀλκιβιάδης

οὐ δῆτα.

Σωκράτης

οἰκοδόμος γὰρ ταῦτά γε σοῦ βέλτιον συμβουλεύσει.

[107b] Ἀλκιβιάδης

ναί.

Σωκράτης

οὐδὲ μὴν ὅταν περὶ μαντικῆς βουλευῶνται;

Ἀλκιβιάδης

οὐ.

Σωκράτης

μάντις γὰρ αὖ ταῦτα ἄμεινον ἢ σύ.

Ἀλκιβιάδης

ναί.

Σωκράτης

ἐάν τέ γε σμικρὸς ἢ μέγας ᾤ, ἐάν τε καλὸς ἢ αἰσχρὸς, ἔτι τε γενναῖος
ἢ ἀγεννής.

Ἀλκιβιάδης

πῶς γὰρ οὐ;

Σωκράτης

εἰδότος γὰρ οἶμαι περὶ ἐκάστου ἢ συμβουλή, καὶ οὐ πλουτοῦντος.

Ἀλκιβιάδης

πῶς γὰρ οὐ;

Σωκράτης

ἀλλ' ἐάντε πένης ἐάντε πλούσιος ἢ ὁ παραινῶν, οὐδὲν διοίσει
Ἀθηναίοις ὅταν περὶ τῶν ἐν τῇ πόλει βουλευόμενοι, [107c] πῶς ἂν
ὕγιαίνουσιν, ἀλλὰ ζητήσουσιν ἱατρὸν εἶναι τὸν σύμβουλον.

Ἀλκιβιάδης

εἰκότως γε.

Σωκράτης

ὅταν οὖν περὶ τίνος σκοπῶνται, τότε σὺ ἀνιστάμενος ὥς
συμβουλευέσων ὀρθῶς ἀναστήσει;

Ἀλκιβιάδης

ὅταν περὶ τῶν ἐαυτῶν πραγμάτων, ὦ Σώκρατες.

Σωκράτης

τῶν περὶ ναυπηγίας λέγεις, ὅποίας τινὰς χρή αὐτοῦς τὰς ναῦς
ναυπηγεῖσθαι;

Ἀλκιβιάδης

οὐκ ἔγωγε, ὦ Σώκρατες.

Σωκράτης

ναυπηγεῖν γὰρ οἶμαι οὐκ ἐπίστασαι. τοῦτ' αἴτιον ἢ ἄλλο τι;

Ἀλκιβιάδης

οὐκ, ἀλλὰ τοῦτο.

[107d] Σωκράτης

ἀλλὰ περὶ ποίων τῶν ἑαυτῶν λέγεις πραγμάτων ὅταν βουλευόνται;

Ἀλκιβιάδης

ὅταν περὶ πολέμου, ὃ Σώκρατες, ἢ περὶ εἰρήνης ἢ ἄλλου τοῦ τῶν τῆς πόλεως πραγμάτων.

Σωκράτης

ἄρα λέγεις ὅταν βουλευόνται πρὸς τίνας χρὴ εἰρήνην ποιεῖσθαι καὶ τίσιν πολεμεῖν καὶ τίνα τρόπον;

Ἀλκιβιάδης

ναί.

Σωκράτης

χρὴ δ' οὐχ οἷς βέλτιον;

Ἀλκιβιάδης

ναί.

[107e] Σωκράτης

καὶ τόθ' ὅποτε βέλτιον;

Ἀλκιβιάδης

πάνυ γε.

Σωκράτης

καὶ τοσοῦτον χρόνον ὅσον ἄμεινον;

Ἀλκιβιάδης

ναί.

Σωκράτης

εἰ οὖν βουλευόιντο Ἀθηναῖοι τίςιν χρή προσπαλαίειν καὶ τίςιν ἀκροχειρίζεσθαι καὶ τίνα τρόπον, σὺ ἄμεινον ἂν συμβουλεύοις ἢ ὁ παιδοτρίβης;

Ἀλκιβιάδης

ὁ παιδοτρίβης δήπου.

Σωκράτης

ἔχεις οὖν εἰπεῖν πρὸς τί <ἂν> βλέπων ὁ παιδοτρίβης συμβουλεύσειεν οἷς δεῖ προσπαλαίειν καὶ οἷς μή, καὶ ὅποτε καὶ ὄντινα τρόπον; λέγω

δὲ τὸ τοιόνδε: ἄρα τούτοις δεῖ προσπαλαίειν οἷς βέλτιον, ἢ οὐ;

Ἀλκιβιάδης

ναί.

[108a] Σωκράτης

ἄρα καὶ τοσαῦτα ὅσα ἄμεινον;

Ἀλκιβιάδης

τοσαῦτα.

Σωκράτης

οὐκοῦν καὶ τότε ὅτε ἄμεινον;

Ἀλκιβιάδης

πάνυ γε.

Σωκράτης

ἀλλὰ μὴν καὶ ἄδοντα δεῖ κιθαρίζειν ποτὲ πρὸς τὴν ᾠδὴν καὶ βαίνειν;

Ἀλκιβιάδης

δεῖ γάρ.

Σωκράτης

οὐκοῦν τότε ὁπότε βέλτιον;

Ἀλκιβιάδης

ναί.

Σωκράτης

καὶ τοσαῦθ' ὅσα βέλτιον;

Ἀλκιβιάδης

φημί.

Σωκράτης

τί οὖν; ἐπειδὴ βέλτιον μὲν ὠνόμαζες ἐπ' ἀμφοτέροις, [108b] τῷ τε
κιθαρίζειν πρὸς τὴν ᾠδὴν καὶ τῷ προσπαλαίειν, τί καλεῖς τὸ ἐν τῷ
κιθαρίζειν βέλτιον, ὥσπερ ἐγὼ τὸ ἐν τῷ παλαίειν καλῶ γυμναστικόν·
σὺ δ' ἐκεῖνο τί καλεῖς;

Ἀλκιβιάδης

οὐκ ἐννοῶ.

Σωκράτης

ἀλλὰ πειρῶ ἐμὲ μιμεῖσθαι. ἐγὼ γάρ που ἀπεκρινάμην τὸ διὰ παντὸς
ὀρθῶς ἔχον, ὀρθῶς δὲ δήπου ἔχει τὸ κατὰ τὴν τέχνην γιγνόμενον· ἢ
οὐ;

Ἀλκιβιάδης

ναί.

Σωκράτης

ἢ δὲ τέχνη οὐ γυμναστικὴ ἦν;

Ἀλκιβιάδης

πῶς δ' οὔ;

[108c] Σωκράτης

ἐγὼ δ' εἶπον τὸ ἐν τῷ παλαίειν βέλτιον γυμναστικόν.

Ἀλκιβιάδης

εἶπες γάρ.

Σωκράτης

οὐκοῦν καλῶς;

Ἀλκιβιάδης

ἔμοιγε δοκεῖ.

Σωκράτης

ἴθι δὴ καὶ σύ — πρέποι γὰρ ἄν που καὶ σοὶ τὸ καλῶς διαλέγεσθαι —
εἰπὲ πρῶτον τίς ἡ τέχνη ἥς τὸ κιθαρίζειν καὶ τὸ ᾄδειν καὶ τὸ
ἐμβαίνειν ὀρθῶς; συνάπασα τίς καλεῖται; οὐπω δύνασαι εἰπεῖν;

Ἀλκιβιάδης

οὐ δῆτα.

Σωκράτης

ἀλλ' ὥδε πειρῶ: τίνες αἱ θεαὶ ὧν ἡ τέχνη;

Ἀλκιβιάδης

τὰς μούσας, ὦ Σώκρατες, λέγεις;

[108d] Σωκράτης

ἐγωγε. ὅρα δὴ: τίνα ἀπ' αὐτῶν ἐπωνυμίαν ἡ τέχνη ἔχει;

Ἀλκιβιάδης

μουσικὴν μοι δοκεῖς λέγειν.

Σωκράτης

λέγω γάρ. τί οὖν τὸ κατὰ ταύτην ὀρθῶς γιγνόμενόν ἐστιν; ὥσπερ ἐκεῖ
ἐγὼ σοὶ τὸ κατὰ τὴν τέχνην ἔλεγον ὀρθῶς, τὴν γυμναστικὴν, καὶ σὺ
δὴ οὖν οὕτως ἐνταῦθα τί φῆς; πῶς γίγνεσθαι;

Ἀλκιβιάδης

μουσικῶς μοι δοκεῖ.

Σωκράτης

εὖ λέγεις. ἴθι δὴ, καὶ τὸ ἐν τῷ πολεμεῖν βέλτιον καὶ τὸ ἐν τῷ εἰρήνην ἄγειν, τοῦτο τὸ βέλτιον τί [108e] ὀνομάζεις; ὥσπερ ἐκεῖ ἐφ’ ἐκάστῳ ἔλεγες τὸ ἄμεινον, ὅτι μουσικώτερον καὶ ἐπὶ τῷ ἐτέρῳ, ὅτι γυμναστικώτερον: πειρῶ δὴ καὶ ἐνταῦθα λέγειν τὸ βέλτιον.

Ἀλκιβιάδης

ἀλλ’ οὐ πάνυ τι ἔχω.

Σωκράτης

ἀλλὰ μέντοι αἰσχρὸν γε εἰ μὲν τις σε λέγοντα καὶ συμβουλευόντα περὶ σιτίων ὅτι βέλτιον τόδε τοῦδε καὶ νῦν καὶ τοσοῦτον, ἔπειτα ἐρωτήσκειν “τί τὸ ἄμεινον λέγεις, ὦ Ἀλκιβιάδη;” περὶ μὲν τούτων ἔχειν εἰπεῖν ὅτι τὸ ὑγιεινότερον, καίτοι οὐ προσποιῇ γε ἰατρὸς εἶναι: περὶ δὲ οὗ [109a] προσποιῇ ἐπιστήμων εἶναι καὶ συμβουλεύσεις ἀνιστάμενος ὥς εἰδώς, τούτου δ’, ὥς ἔοικας, πέρι ἐρωτηθεὶς ἐὰν μὴ ἔχῃς εἰπεῖν, οὐκ αἰσχύνῃ; ἢ οὐκ αἰσχρὸν φανεῖται;

Ἀλκιβιάδης

πάνυ γε.

Σωκράτης

σκόπει δὴ καὶ προθυμοῦ εἰπεῖν πρὸς τί τείνει τὸ ἐν τῷ εἰρήνην τε ἄγειν ἄμεινον καὶ τὸ ἐν τῷ πολεμεῖν οἷς δεῖ;

Ἀλκιβιάδης

ἀλλὰ σκοπῶν οὐ δύναμαι ἐννοῆσαι.

Σωκράτης

οὐδ' οἶσθα, ἐπειδὴν πόλεμον ποιῶμεθα, ὅτι ἐγκαλοῦντες ἀλλήλοις πάθημα ἐρχόμεθα εἰς τὸ πολεμεῖν, καὶ ὅτι αὐτὸ ὀνομάζοντες ἐρχόμεθα;

[109b] Ἀλκιβιάδης

ἔγωγε, ὅτι γε ἐξαπατῶμενοί τι ἢ βιαζόμενοι ἢ ἀποστερούμενοι.

Σωκράτης

ἔχε: πῶς ἕκαστα τούτων πάσχοντες; πειρῶ εἰπεῖν τί διαφέρει τὸ ὧδε ἢ ὧδε.

Ἀλκιβιάδης

ἢ τὸ ὧδε λέγεις, ὦ Σώκρατες, τὸ δικαίως ἢ τὸ ἀδίκως;

Σωκράτης

αὐτὸ τοῦτο.

Ἀλκιβιάδης

ἀλλὰ μὴν τοῦτο γε διαφέρει ὅλον τε καὶ πᾶν.

Σωκράτης

τί οὖν; Ἀθηναίοις σὺ πρὸς ποτέρους συμβουλεύσεις πολεμεῖν, τοὺς ἀδικοῦντας ἢ τοὺς τὰ δίκαια πράττοντας;

[109c] Ἀλκιβιάδης

δεινὸν τοῦτό γε ἐρωτᾷς: εἰ γὰρ καὶ διανοεῖται τις ὥς δεῖ πρὸς τοὺς τὰ δίκαια πράττοντας πολεμεῖν, οὐκ ἂν ὁμολογήσειεν γε.

Σωκράτης

οὐ γὰρ νόμιμον τοῦθ', ὥς ἔοικεν.

Ἀλκιβιάδης

οὐ δῆτα: οὐδέ γε καλὸν δοκεῖ εἶναι.

Σωκράτης

πρὸς ταῦτ' ἄρα καὶ σὺ [τὸ δίκαιον] τοὺς λόγους ποιήσῃ;

Ἀλκιβιάδης

ἀνάγκη.

Σωκράτης

ἄλλο τι οὖν, ὃ νυνδὴ ἐγὼ ἡρώτων βέλτιον πρὸς τὸ πολεμεῖν καὶ μή, καὶ οἷς δεῖ καὶ οἷς μή, καὶ ὅποτε καὶ μή, τὸ δικαιότερον τυγχάνει ὄν;

ἢ οὐ;

Ἀλκιβιάδης

φαίνεται γε.

[109d] Σωκράτης

πῶς οὖν, ὦ φίλε Ἀλκιβιάδη; πότερον σαυτὸν λέληθας ὅτι οὐκ ἐπίστασαι τοῦτο, ἢ ἐμὲ ἔλαθες μανθάνων καὶ φοιτῶν εἰς διδασκάλου ὅς σε ἐδίδασκε διαγιγνώσκειν τὸ δικαιότερόν τε καὶ ἀδικώτερον; καὶ τίς ἐστιν οὗτος; φράσον καὶ ἐμοί, ἵνα αὐτῷ φοιτητὴν προξενήσης καὶ ἐμέ.

Ἀλκιβιάδης

σκώπτεις, ὦ Σώκρατες.

Σωκράτης

οὐ μὰ τὸν Φίλιον τὸν ἐμόν τε καὶ σόν, ὃν ἐγὼ ἥκιστ' ἂν ἐπιιορκήσαιμι: ἀλλ' εἴπερ ἔχεις, εἰπὲ τίς ἐστιν.

[109e] Ἀλκιβιάδης

τί δ' εἰ μὴ ἔχω; οὐκ ἂν οἶει με ἄλλως εἰδέναι περὶ τῶν δικαίων καὶ ἀδίκων;

Σωκράτης

ναί, εἴ γε εὖροις.

Ἀλκιβιάδης

ἀλλ' οὐκ ἂν εὐρεῖν με ἡγῇ;

Σωκράτης

καὶ μάλα γε, εἰ ζητήσῃς.

Ἀλκιβιάδης

εἴτα ζητῆσαι οὐκ ἂν οἶμι με;

Σωκράτης

ἔγωγε, εἰ οἰηθείης γε μὴ εἰδέναι.

Ἀλκιβιάδης

εἴτα οὐκ ἦν ὅτ' εἶχον οὕτω;

Σωκράτης

καλῶς λέγεις. ἔχεις οὖν εἰπεῖν τοῦτον τὸν χρόνον [110a] ὅτε οὐκ ᾔφου εἰδέναι τὰ δίκαια καὶ τὰ ἄδिका; φέρε, πέρυσιν ἐζήτεις τε καὶ οὐκ ᾔφου εἰδέναι; ἢ ᾔφου; καὶ τάληθ' ἀποκρίνου, ἵνα μὴ μάτην οἱ διάλογοι γίνωνται.

Ἀλκιβιάδης

ἀλλ' ᾔμην εἰδέναι.

Σωκράτης

τρίτον δ' ἔτος καὶ τέταρτον καὶ πέμπτον οὐχ οὕτως;

Ἀλκιβιάδης

ἔγωγε.

Σωκράτης

ἀλλὰ μὴν τό γε πρὸ τοῦ παῖς ἦσθα. ἦ γάρ;

Ἀλκιβιάδης

ναί.

Σωκράτης

τότε μὲν τοίνυν εὖ οἶδα ὅτι ᾧου εἰδέναι.

Ἀλκιβιάδης

πῶς εὖ οἶσθα;

[110b] Σωκράτης

πολλάκις σοῦ ἐν διδασκάλων ἤκουον παιδὸς ὄντος καὶ ἄλλοθι, καὶ ὁπότε ἀστραγαλίζοις ἢ ἄλλην τινὰ παιδιὰν παίζοις, οὐχ ὥς ἀποροῦντος περὶ τῶν δικαίων καὶ ἀδίκων, ἀλλὰ μάλα μέγα καὶ θαρβράλέως λέγοντος περὶ ὅτου τύχοις τῶν παίδων ὥς πονηρός τε καὶ

ἄδικος εἶη καὶ ὡς ἀδικοῖ: ἢ οὐκ ἀληθῆ λέγω;

Ἀλκιβιάδης

ἀλλὰ τί ἔμελλον ποιεῖν, ὦ Σώκρατες, ὅποτε τίς με ἀδικοῖ;

Σωκράτης

σὺ δ' εἰ τύχοις ἀγνοῶν εἶτ' ἀδικοῖο εἶτε μὴ τότε, λέγεις, τί σε χρὴ ποιεῖν;

[110c] Ἀλκιβιάδης

μὰ Δί' ἀλλ' οὐκ ἠγνόουν ἔγωγε, ἀλλὰ σαφῶς ἐγίγνωσκον ὅτι ἠδικοῦμην.

Σωκράτης

ᾧου ἄρα ἐπίστασθαι καὶ παῖς ὦν, ὡς ἔοικε, τὰ δίκαια καὶ τὰ ἄδिका.

Ἀλκιβιάδης

ἔγωγε: καὶ ἠπιστάμην γε.

Σωκράτης

ἐν ποίῳ χρόνῳ ἐξευρών; οὐ γὰρ δήπου ἐν ᾧ γε ᾧου εἰδέναι.

Ἀλκιβιάδης

οὐ δῆτα.

Σωκράτης

πότε οὖν ἀγνοεῖν ἡγοῦ; σκόπει: οὐ γὰρ εὐρήσεις τοῦτον τὸν χρόνον.

Ἀλκιβιάδης

μὰ τὸν Δί', ὦ Σώκρατες, οὐκ οὐκ ἔχω γ' εἰπεῖν.

[110d] Σωκράτης

εὐρὼν μὲν ἄρ' οὐκ οἶσθα αὐτά.

Ἀλκιβιάδης

οὐ πάνυ φαίνομαι.

Σωκράτης

ἀλλὰ μὴν ἄρτι γε οὐδὲ μαθὼν ἔφησθα εἰδέναι: εἰ δὲ μήθ' ἡῦρες μήτ' ἔμαθες, πῶς οἶσθα καὶ πόθεν;

Ἀλκιβιάδης

ἀλλ' ἴσως τοῦτό σοι οὐκ ὀρθῶς ἀπεκρινάμην, τὸ φάναι εἰδέναι αὐτὸς ἐξευρών.

Σωκράτης

τὸ δὲ πῶς εἶχεν;

Ἀλκιβιάδης

ἔμαθον οἶμαι καὶ ἐγὼ ὥσπερ καὶ οἱ ἄλλοι.

Σωκράτης

πάλιν εἰς τὸν αὐτὸν ἤκομεν λόγον. παρὰ τοῦ; φράζε κάμοί.

[110e] Ἀλκιβιάδης

παρὰ τῶν πολλῶν.

Σωκράτης

οὐκ εἰς σπουδαίους γε διδασκάλους καταφεύγεις εἰς τοὺς πολλοὺς ἀναφέρων.

Ἀλκιβιάδης

τί δέ; οὐχ ἱκανοὶ διδάξαι οὗτοι;

Σωκράτης

οὐκ οὐν τὰ πεττεντικά γε καὶ τὰ μή; καίτοι φαυλότερα αὐτὰ οἶμαι τῶν δικαίων εἶναι. τί δέ; σὺ οὐχ οὕτως οἶει;

Ἀλκιβιάδης

ναί.

Σωκράτης

εἴτα τὰ μὲν φαυλότερα οὐχ οἷοί τε διδάσκειν, τὰ δὲ σπουδαιότερα;

Ἀλκιβιάδης

οἶμαι ἔγωγε: ἄλλα γοῦν πολλὰ οἷοί τ' εἰσὶν διδάσκειν σπουδαιότερα τοῦ πεττεῦειν.

Σωκράτης

ποῖα ταῦτα;

[111a] Ἀλκιβιάδης

οἷον καὶ τὸ ἐλληνίζειν παρὰ τούτων ἔγωγ' ἔμαθον, καὶ οὐκ ἂν ἔχοιμι εἰπεῖν ἐμαντοῦ διδάσκαλον, ἀλλ' εἰς τοὺς αὐτοὺς ἀναφέρω οὓς σὺ φῆς οὐ σπουδαίους εἶναι διδασκάλους.

Σωκράτης

ἀλλ', ὦ γενναῖε, τούτου μὲν ἀγαθοὶ διδάσκαλοι οἱ πολλοί, καὶ δικαίως ἐπαινοῖντ' ἂν αὐτῶν εἰς διδασκαλίαν.

Ἀλκιβιάδης

τί δή;

Σωκράτης

ὅτι ἔχουσι περὶ αὐτὰ ἃ χρὴ τοὺς ἀγαθοὺς διδασκάλους ἔχειν.

Ἀλκιβιάδης

τί τοῦτο λέγεις;

Σωκράτης

οὐκ οἶσθ' ὅτι χρὴ τοὺς μέλλοντας διδάσκειν ὅτιοῦν [111b] αὐτοὺς
πρῶτον εἰδέναι; ἢ οὐ;

Ἀλκιβιάδης

πῶς γὰρ οὐ;

Σωκράτης

οὐκοῦν τοὺς εἰδότας ὁμολογεῖν τε ἀλλήλοις καὶ μὴ διαφέρεσθαι;

Ἀλκιβιάδης

ναί.

Σωκράτης

ἐν οἷς δ' ἂν διαφέρωνται, ταῦτα φήσεις εἰδέναι αὐτούς;

Ἀλκιβιάδης

οὐ δῆτα.

Σωκράτης

τούτων οὖν διδάσκαλοι πῶς ἂν εἶεν;

Ἀλκιβιάδης

οὐδαμῶς.

Σωκράτης

τί οὖν; δοκοῦσί σοι διαφέρεισθαι οἱ πολλοὶ ποῖόν ἐστι λίθος ἢ ξύλον;
καὶ ἐάν τινα ἐρωτᾷς, ἅρ' οὐ τὰ αὐτὰ [111c] ὁμολογοῦσιν, καὶ ἐπὶ
ταῦτα ὁρμῶσιν ὅταν βούλωνται λαβεῖν λίθον ἢ ξύλον; ὡσαύτως καὶ
πάνθ' ὅσα τοιαῦτα: σχεδὸν γάρ τι μανθάνω τὸ ἐλληνίζειν ἐπίστασθαι
ὅτι τοῦτο λέγεις: ἢ οὐ;

Ἀλκιβιάδης

ναί.

Σωκράτης

οὐκοῦν εἰς μὲν ταῦθ', ὥσπερ εἵπομεν, ἀλλήλοις τε ὁμολογοῦσι καὶ
αὐτοὶ ἑαυτοῖς ἰδίᾳ, καὶ δημοσίᾳ αἱ πόλεις πρὸς ἀλλήλας οὐκ
ἀμφισβητοῦσιν αἱ μὲν ταῦθ' αἱ δ' ἄλλα φάσκουσαι;

Ἀλκιβιάδης

οὐ γάρ.

Σωκράτης

εικότως ἂν ἄρα τούτων γε καὶ διδάσκαλοι εἶεν ἀγαθοί.

[111d] Ἀλκιβιάδης

ναί.

Σωκράτης

οὐκοῦν εἰ μὲν βουλοίμεθα ποιῆσαί τινα περὶ αὐτῶν εἰδέναι, ὀρθῶς ἂν αὐτὸν πέμποιμεν εἰς διδασκαλίαν τούτων τῶν πολλῶν;

Ἀλκιβιάδης

πάνυ γε.

Σωκράτης

τί δ' εἰ βουλευθεῖμεν εἰδέναι, μὴ μόνον ποῖοι ἄνθρωποί εἰσιν ἢ ποῖοι ἵπποι, ἀλλὰ καὶ τίνες αὐτῶν δρομικοί τε καὶ μή, ἅρ' ἔτι οἱ πολλοὶ τοῦτο ἱκανοὶ διδάξαι;

Ἀλκιβιάδης

οὐ δῆτα.

Σωκράτης

ἱκανὸν δέ σοι τεκμήριον ὅτι οὐκ ἐπίστανται οὐδὲ [111e] κρήγυοι

διδάσκαλοί εἰσιν τούτων, ἐπειδὴ οὐδὲν ὁμολογοῦσιν ἑαυτοῖς περὶ αὐτῶν;

Ἀλκιβιάδης

ἔμοιγε.

Σωκράτης

τί δ' εἰ βουληθεῖμεν εἰδέναι, μὴ μόνον ποῖοι ἄνθρωποι εἰσιν, ἀλλ' ὅποιοι ὑγιεῖνοι ἢ νοσώδεις, ἅρ' ἱκανοὶ ἂν ἡμῖν ἦσαν διδάσκαλοι οἱ πολλοί;

Ἀλκιβιάδης

οὐ δῆτα.

Σωκράτης

ἦν δ' ἂν σοι τεκμήριον ὅτι μοχθηροὶ εἰσι τούτων διδάσκαλοι, εἰ ἑώρας αὐτοὺς διαφερομένους;

Ἀλκιβιάδης

ἔμοιγε.

Σωκράτης

τί δὲ δῆ; νῦν περὶ τῶν δικαίων καὶ ἀδίκων ἀνθρώπων [112a] καὶ πραγμάτων οἱ πολλοὶ δοκοῦσί σοι ὁμολογεῖν αὐτοὶ ἑαυτοῖς ἢ ἀλλήλοις;

Ἀλκιβιάδης

ἤκιστα νῆ Δί', ὦ Σώκρατες.

Σωκράτης

τί δέ; μάλιστα περὶ αὐτῶν διαφέρεσθαι;

Ἀλκιβιάδης

πολύ γε.

Σωκράτης

οὐκ οἶομαί γε πώποτε σε ἰδεῖν οὐδ' ἀκοῦσαι σφόδρα οὕτω
διαφερομένους ἀνθρώπους περὶ ὑγιεινῶν καὶ μὴ, ὥστε διὰ ταῦτα
μάχεσθαι τε καὶ ἀποκτείνονται ἀλλήλους.

Ἀλκιβιάδης

οὐ δῆτα.

Σωκράτης

ἀλλὰ περὶ τῶν δικαίων καὶ ἀδίκων ἔγωγ' οἷδ' ὅτι, [112b] καὶ εἰ μὴ
ἐώρακας, ἀκήκοας γοῦν ἄλλων τε πολλῶν καὶ Ὀμήρου· καὶ
Ὀδυσσεΐας γὰρ καὶ Ἰλιάδος ἀκήκοας.

Ἀλκιβιάδης

πάντως δήπου, ὦ Σώκρατες.

Σωκράτης

οὐκοῦν ταῦτα ποιήματά ἐστι περὶ διαφορᾶς δικαίων τε καὶ ἀδίκων;

Ἀλκιβιάδης

ναί.

Σωκράτης

καὶ αἱ μάχαι γε καὶ οἱ θάνατοι διὰ ταύτην τὴν διαφορὰν τοῖς τε Ἀχαιοῖς καὶ τοῖς ἄλλοις Τρωσὶν ἐγένοντο, καὶ τοῖς μνηστῆρσι τοῖς τῆς Πηνελόπης καὶ τῷ Ὀδυσσεΐ.

[112c] Ἀλκιβιάδης

ἀληθῆ λέγεις.

Σωκράτης

οἶμαι δὲ καὶ τοῖς ἐν Τανάγρα Ἀθηναίων τε καὶ Λακεδαιμονίων καὶ Βοιωτῶν ἀποθανοῦσι, καὶ τοῖς ὕστερον ἐν Κορωνεΐα, ἐν οἷς καὶ ὁ σὸς πατὴρ [Κλεινίας] ἐτελεύτησεν, οὐδὲ περὶ ἐνὸς ἄλλου ἢ διαφορὰ ἢ περὶ τοῦ δικαίου καὶ ἀδίκου τοὺς θανάτους καὶ τὰς μάχας πεποίηκεν: ἦ γάρ;

Ἀλκιβιάδης

ἀληθῆ λέγεις.

Σωκράτης

τούτους οὖν φῶμεν ἐπίστασθαι περὶ ὧν οὕτως [112d] σφόδρα διαφέρονται, ὥστε ἀμφισβητοῦντες ἀλλήλοις τὰ ἔσχατα σφᾶς αὐτοὺς ἐργάζονται;

Ἀλκιβιάδης

οὐ φαίνεται γε.

Σωκράτης

οὐκοῦν εἰς τοὺς τοιούτους διδασκάλους ἀναφέρεις οὓς ὁμολογεῖς αὐτὸς μὴ εἰδέναι;

Ἀλκιβιάδης

ἔοικα.

Σωκράτης

πῶς οὖν εἰκός σε εἰδέναι τὰ δίκαια καὶ τὰ ἄδικα, περὶ ὧν οὕτω πλανᾷ καὶ οὔτε μαθὼν φαίνει παρ' οὐδενὸς οὔτ' αὐτὸς ἐξευρών;

Ἀλκιβιάδης

ἐκ μὲν ὧν σὺ λέγεις οὐκ εἰκός.

[112e] Σωκράτης

ὁρᾷς αὖ τοῦθ' ὥς οὐ καλῶς εἶπες, ὦ Ἀλκιβιάδης;

Ἀλκιβιάδης

τὸ ποῖον;

Σωκράτης

ὅτι ἐμὲ φῆς ταῦτα λέγειν.

Ἀλκιβιάδης

τί δέ; οὐ σὺ λέγεις ὥς ἐγὼ οὐδὲν ἐπίσταμαι περὶ τῶν δικαίων καὶ ἀδίκων;

Σωκράτης

οὐ μέντοι.

Ἀλκιβιάδης

ἀλλ' ἐγώ;

Σωκράτης

ναί.

Ἀλκιβιάδης

πῶς δὴ;

Σωκράτης

ὥδε εἴσῃ. ἐάν σε ἔρωμαι τὸ ἐν καὶ τὰ δύο πότερα πλείω ἐστί, φήσεις
ὅτι τὰ δύο;

Ἀλκιβιάδης

ἔγωγε.

Σωκράτης

πόσῳ;

Ἀλκιβιάδης

ἐνί.

Σωκράτης

πότερος οὖν ἡμῶν ὁ λέγων ὅτι τὰ δύο τοῦ ἐνὸς ἐνὶ πλείῳ;

Ἀλκιβιάδης

ἐγώ.

Σωκράτης

οὐκοῦν ἐγὼ μὲν ἡρώτων, σὺ δ' ἀπεκρίνου;

Ἀλκιβιάδης

ναί.

[113a] Σωκράτης

περὶ δὴ τούτων μὲν ἐγὼ φαίνομαι λέγων ὁ ἐρωτῶν, ἢ σὺ ὁ ἀποκρινόμενος;

Ἀλκιβιάδης

ἐγώ.

Σωκράτης

τί δ' ἂν ἐγὼ μὲν ἔρωμαι ποῖα γράμματα Σωκράτους, σὺ δ' εἴπης, πότερος ὁ λέγων;

Ἀλκιβιάδης

ἐγώ.

Σωκράτης

ἴθι δὴ, ἐνὶ λόγῳ εἰπέ: ὅταν ἐρώτησίς τε καὶ ἀπόκρισις γίγνηται, πότερος ὁ λέγων, ὁ ἐρωτῶν ἢ ὁ ἀποκρινόμενος;

Ἀλκιβιάδης

ὁ ἀποκρινόμενος, ἔμοιγε δοκεῖ, ὦ Σώκρατες.

[113b] Σωκράτης

οὐκοῦν ἄρτι διὰ παντὸς ἐγὼ μὲν ἢ ὁ ἐρωτῶν;

Ἀλκιβιάδης

ναί.

Σωκράτης

σὺ δ' ὁ ἀποκρινόμενος;

Ἀλκιβιάδης

πάνυ γε.

Σωκράτης

τί οὖν; τὰ λεχθέντα πότερος ἡμῶν εἴρηκεν;

Ἀλκιβιάδης

φαίνομαι μὲν, ὦ Σώκρατες, ἐκ τῶν ὁμολογημένων ἐγώ.

Σωκράτης

οὐκοῦν ἐλέχθη περὶ δικαίων καὶ ἀδίκων ὅτι Ἀλκιβιάδης ὁ καλὸς ὁ Κλεινίου οὐκ ἐπίσταιτο, οἷοιτο δέ, καὶ μέλλοι εἰς ἐκκλησίαν ἐλθὼν συμβουλευέσκειν Ἀθηναίους περὶ ὧν οὐδὲν οἶδεν; οὐ ταῦτ' ἦν;

[113c] Ἀλκιβιάδης

φαίνεται.

Σωκράτης

τὸ τοῦ Εὐριπίδου ἄρα συμβαίνει, ὃ Ἀλκιβιάδῃ: σοῦ τάδε κινδυνεύεις, οὐκ ἐμοῦ ἀκηκοέναι, οὐδ' ἐγὼ εἰμι ὁ ταῦτα λέγων, ἀλλὰ σύ, ἐμὲ δὲ αἰτιᾷ μάτην. καὶ μέντοι καὶ εὖ λέγεις. μανικὸν γὰρ ἐν νῷ ἔχεις ἐπιχείρημα ἐπιχειρεῖν, ὃ βέλτιστε, διδάσκειν ἃ οὐκ οἶσθα, ἀμελήσας μανθάνειν.

[113d] Ἀλκιβιάδης

οἶμαι μὲν, ὃ Σώκρατες, ὀλιγάκις Ἀθηναίους βουλευέσθαι καὶ τοὺς ἄλλους Ἑλληνας πότερα δικαιότερα ἢ ἀδικότερα: τὰ μὲν γὰρ τοιαῦτα ἡγοῦνται δῆλα εἶναι, ἐάσαντες οὖν περὶ αὐτῶν σκοποῦσιν ὁπότερα συνοίσει πράξασιν. οὐ γὰρ ταῦτα οἶμαι ἐστὶν τὰ τε δίκαια καὶ τὰ συμφέροντα, ἀλλὰ πολλοῖς δὴ ἐλυσιτέλησεν ἀδικήσασι μεγάλα ἀδικήματα, καὶ ἑτέροις γε οἶμαι δίκαια ἐργασαμένοις οὐ συνήνεγκεν.

Σωκράτης

τί οὖν; εἰ ὅτι μάλιστα ἕτερα μὲν τὰ δίκαια [113e] τυγχάνει ὄντα, ἕτερα δὲ τὰ συμφέροντα, οὗ τί που αὖ σὺ οἶε ταῦτ' εἰδέναι ἃ συμφέρει τοῖς ἀνθρώποις, καὶ δι' ὅτι;

Ἀλκιβιάδης

τί γὰρ κωλύει, ὃ Σώκρατες; εἰ μή με αὖ ἐρήση παρ' ὅτου ἔμαθον ἢ ὅπως αὐτὸς ἠὔρον.

Σωκράτης

οἷον τοῦτο ποιεῖς. εἴ τι μὴ ὀρθῶς λέγεις, τυγχάνει δὲ δυνατόν ὄν ἀποδείξαι δι' οὐπὲρ καὶ τὸ πρότερον λόγου, οἷει δὴ καινὰ ἄττα δεῖν ἀκούειν ἀποδείξεις τε ἐτέρας, ὥς τῶν προτέρων οἷον σκευαρίων κατατετριμμένων, καὶ οὐκέτ' ἂν σὺ αὐτὰ ἀμπίσχοιο, εἰ μὴ τίς σοι τεκμήριον καθαρὸν [114a] καὶ ἄχραντον οἴσει. ἐγὼ δὲ χαίρειν ἐάσας τὰς σὰς προδρομὰς τοῦ λόγου οὐδὲν ἥττον ἐρήσομαι πόθεν μαθὼν αὐτὰ συμφέροντ' ἐπίστασαι, καὶ ὅστις ἐστὶν ὁ διδάσκαλος, καὶ πάντ' ἐκεῖνα τὰ πρότερον ἐρωτῶ μιᾷ ἐρωτήσει; ἀλλὰ γὰρ δῆλον ὥς εἰς ταῦτόν ἥξεις καὶ οὐχ ἕξεις ἀποδείξαι οὐθ' ὥς ἐξευρὼν οἶσθα τὰ συμφέροντα οὐθ' ὥς μαθὼν. ἐπειδὴ δὲ τρυφᾷς καὶ οὐκέτ' ἂν ἡδέως τοῦ αὐτοῦ γεύσαιο λόγου, τοῦτον μὲν ἐὼ χαίρειν, εἴτ' οἶσθα εἴτε μὴ τὰ Ἀθηναίοις συμφέροντα: [114b] πότερον δὲ ταῦτά ἐστι δίκαιά τε καὶ συμφέροντ' ἢ ἕτερα, τί οὐκ ἀπέδειξας; εἰ μὲν βούλει, ἐρωτῶν με ὥσπερ ἐγὼ σέ, εἰ δέ, καὶ αὐτὸς ἐπὶ σεαυτοῦ λόγῳ διέξελθε.

Ἀλκιβιάδης

ἀλλ' οὐκ οἶδα εἰ οἷός τ' ἂν εἶην, ὃ Σώκρατες, πρὸς σὲ διελθεῖν.

Σωκράτης

ἀλλ', ὦγαθέ, ἐμὲ ἐκκλησίαν νόμισον καὶ δῆμον: καὶ ἐκεῖ τοί σε δεήσει ἓνα ἕκαστον πείθειν. ἦ γάρ;

Ἀλκιβιάδης

ναί.

Σωκράτης

οὐκοῦν τοῦ αὐτοῦ ἓνα τε οἷόν τε εἶναι κατὰ μόνας [114c] πείθειν καὶ

συμπόλλους περὶ ὧν ἂν εἰδῇ, ὥσπερ ὁ γραμματιστὴς ἓνα τέ που
πείθει περὶ γραμμάτων καὶ πολλούς;

Ἀλκιβιάδης

ναί.

Σωκράτης

ἄρ' οὖν οὐ καὶ περὶ ἀριθμοῦ ὁ αὐτὸς ἓνα τε καὶ πολλοὺς πείσει;

Ἀλκιβιάδης

ναί.

Σωκράτης

οὗτος δ' ἔσται ὁ εἰδώς, ὁ ἀριθμητικός;

Ἀλκιβιάδης

πάνυ γε.

Σωκράτης

οὐκοῦν καὶ σὺ ἅπερ καὶ πολλοὺς οἷός τε πείθειν εἶ, ταῦτα καὶ ἓνα;

Ἀλκιβιάδης

εἰκός γε.

Σωκράτης

ἔστι δὲ ταῦτα δῆλον ὅτι ἂ οἴσθα.

Ἀλκιβιάδης

ναί.

Σωκράτης

ἄλλο τι οὖν τοσοῦτον μόνον διαφέρει τοῦ ἐν τῷ [114d] δήμῳ
ρήτορος ὁ ἐν τῇ τοιᾷδε συνουσίᾳ, ὅτι ὁ μὲν ἀθρόους πείθει τὰ αὐτά,
ὁ δὲ καθ' ἓνα;

Ἀλκιβιάδης

κινδυνεύει.

Σωκράτης

ἴθι νῦν, ἐπειδὴ τοῦ αὐτοῦ φαίνεται πολλούς τε καὶ ἓνα πείθειν, ἐν
ἐμοὶ ἐμμελέτησον καὶ ἐπιχείρησον ἐπιδεῖξαι ὥς τὸ δίκαιον ἐνίοτε οὐ
συμφέρει.

Ἀλκιβιάδης

ὕβριστὴς εἶ, ὦ Σώκρατες.

Σωκράτης

νῦν γοῦν ὑφ' ὕβρεως μέλλω σε πείθειν τάναντία οἷς σὺ ἐμὲ οὐκ ἐθέλεις.

Ἀλκιβιάδης

λέγε δῆ.

Σωκράτης

ἀποκρίνου μόνον τὰ ἐρωτώμενα.

[114e] Ἀλκιβιάδης

μή, ἀλλὰ σὺ αὐτὸς λέγε.

Σωκράτης

τί δ'; οὐχ ὅτι μάλιστα βούλει πεισθῆναι;

Ἀλκιβιάδης

πάντως δήπου.

Σωκράτης

οὐκοῦν εἰ λέγεις ὅτι ταῦθ' οὕτως ἔχει, μάλιστ' ἂν εἴης πεπεισμένος;

Ἀλκιβιάδης

ἔμοιγε δοκεῖ.

Σωκράτης

ἀποκρίνου δὴ: καὶ ἐὰν μὴ αὐτὸς σὺ σαυτοῦ ἀκούσης ὅτι τὰ δίκαια καὶ συμφέροντά ἐστιν, ἄλλω γε λέγοντι μὴ πιστεύσης.

Ἀλκιβιάδης

οὔτοι, ἀλλ' ἀποκριτέον: καὶ γὰρ οὐδὲν οἶομαι βλαβήσεσθαι.

[115a] Σωκράτης

μαντικὸς γὰρ εἶ. καὶ μοι λέγε: τῶν δικαίων φῆς ἓν μὲν συμφέρειν, ἓν δ' οὔ;

Ἀλκιβιάδης

ναί.

Σωκράτης

τί δέ; τὰ μὲν καλὰ αὐτῶν εἶναι, τὰ δ' οὔ;

Ἀλκιβιάδης

πῶς τοῦτο ἐρωτᾷς;

Σωκράτης

εἴ τις ἤδη σοι ἔδοξεν αἰσχρὰ μὲν, δίκαια δὲ πράττειν;

Ἀλκιβιάδης

οὐκ ἔμοιγε.

Σωκράτης

ἀλλὰ πάντα τὰ δίκαια καὶ καλά;

Ἀλκιβιάδης

ναί.

Σωκράτης

τί δ' αὖ τὰ καλά; πότερον πάντα ἀγαθὰ, ἢ τὰ μέν, τὰ δ' οὐ;

Ἀλκιβιάδης

οἶομαι ἔγωγε, ὦ Σώκρατες, ἓν τῶν καλῶν κακὰ εἶναι.

Σωκράτης

ἢ καὶ αἰσχροὶ ἀγαθοί;

Ἀλκιβιάδης

ναί.

[115b] Σωκράτης

ἄρα λέγεις τὰ τοιάδε, οἷον πολλοὶ ἐν πολέμῳ βοηθήσαντες ἐταίρῳ ἢ οἰκείῳ τραύματα ἔλαβον καὶ ἀπέθανον, οἱ δ' οὐ βοηθήσαντες, δέον, ὑγιεῖς ἀπῆλθον;

Ἀλκιβιάδης

πάνυ μὲν οὖν.

Σωκράτης

οὐκοῦν τὴν τοιαύτην βοήθειαν καλὴν μὲν λέγεις κατὰ τὴν ἐπιχείρησιν τοῦ σῶσαι οὓς ἔδει, τοῦτο δ' ἐστὶν ἀνδρεία: ἢ οὐ;

Ἀλκιβιάδης

ναί.

Σωκράτης

κακὴν δέ γε κατὰ τοὺς θανάτους τε καὶ ἔλκη: ἢ γάρ;

Ἀλκιβιάδης

ναί.

[115c] Σωκράτης

ἄρ' οὖν οὐκ ἄλλο μὲν ἢ ἀνδρεία, ἄλλο δὲ ὁ θάνατος;

Ἀλκιβιάδης

πάνυ γε.

Σωκράτης

οὐκ ἄρα κατὰ ταῦτόν γ' ἐστὶ καλὸν καὶ κακὸν τὸ τοῖς φίλοις βοηθεῖν;

Ἀλκιβιάδης

οὐ φαίνεται.

Σωκράτης

ὄρα τοίνυν εἰ, ἦ γε καλόν, καὶ ἀγαθόν, ὥσπερ καὶ ἐνταῦθα. κατὰ τὴν ἀνδρείαν γὰρ ὁμολόγεις καλὸν εἶναι τὴν βοήθειαν: τοῦτ' οὖν αὐτὸ σκόπει, τὴν ἀνδρείαν, ἀγαθὸν ἢ κακόν; ὥδε δὲ σκόπει: σὺ πότερ' ἂν δέξαιό σοι εἶναι, ἀγαθὰ ἢ κακά;

Ἀλκιβιάδης

ἀγαθὰ.

[115d] Σωκράτης

οὐκοῦν τὰ μέγιστα μάλιστα.

<

Ἀλκιβιάδης

ναί.>

Σωκράτης

καὶ ἥκιστα τῶν τοιούτων δέξαιο ἂν στέρεσθαι;

Ἀλκιβιάδης

πῶς γὰρ οὐ;

Σωκράτης

πῶς οὖν λέγεις περὶ ἀνδρείας; ἐπὶ πόσῳ ἂν αὐτοῦ δέξαιο στέρεσθαι;

Ἀλκιβιάδης

οὐδὲ ζῆν ἂν ἐγὼ δεξαίμην δειλὸς ὢν.

Σωκράτης

ἔσχατον ἄρα κακῶν εἶναί σοι δοκεῖ ἡ δειλία.

Ἀλκιβιάδης

ἔμοιγε.

Σωκράτης

ἐξ ἴσου τῷ τεθνάναι, ὥς ἔοικε.

Ἀλκιβιάδης

φημί.

Σωκράτης

οὐκοῦν θανάτῳ τε καὶ δειλίᾳ ἐναντιώτατον ζῶῃ καὶ ἀνδρείᾳ;

Ἀλκιβιάδης

ναί.

[115e] Σωκράτης

καὶ τὰ μὲν μάλιστ' ἂν εἶναι βούλοιο σοι, τὰ δὲ ἥκιστα;

Ἀλκιβιάδης

ναί.

Σωκράτης

ἄρ' ὅτι τὰ μὲν ἄριστα ἡγήῃ, τὰ δὲ κάκιστα;

<

Ἀλκιβιάδης

πάνυ γε.

Σωκράτης

ἐν τοῖς ἀρίστοις ἄρα σὺ ἡγῇ ἀνδρείαν εἶναι κἂν τοῖς κακίστοις θάνατον.>

Ἀλκιβιάδης

ἔγωγε.

Σωκράτης

τὸ ἄρα βοηθεῖν ἐν πολέμῳ τοῖς φίλοις, ἧ μὲν καλόν, κατ' ἀγαθοῦ πρᾶξιν τὴν τῆς ἀνδρείας, καλὸν αὐτὸ προσεῖπας;

Ἀλκιβιάδης

φαίνομαί γε.

Σωκράτης

κατὰ δέ γε κακοῦ πρᾶξιν τὴν τοῦ θανάτου κακόν;

Ἀλκιβιάδης

ναί.

Σωκράτης

οὐκοῦν ὧδε δίκαιον προσαγορεύειν ἐκάστην τῶν πράξεων: εἴπερ ἡ κακὸν ἀπεργάζεται κακὴν καλεῖς, καὶ ἡ [116a] ἀγαθὸν ἀγαθὴν κλητέον.

Ἀλκιβιάδης

ἔμοιγε δοκεῖ.

Σωκράτης

ἄρ' οὖν καὶ ἡ ἀγαθόν, καλόν· ἡ δὲ κακόν, αἰσχρόν;

Ἀλκιβιάδης

ναί.

Σωκράτης

τὴν ἄρ' ἐν τῷ πολέμῳ τοῖς φίλοις βοήθειαν λέγων καλὴν μὲν εἶναι, κακὴν δέ, οὐδὲν διαφερόντως λέγεις ἢ εἰ προσεῖπες αὐτὴν ἀγαθὴν μὲν, κακὴν δέ.

Ἀλκιβιάδης

ἀληθῆ μοι δοκεῖς λέγειν, ὦ Σώκρατες.

Σωκράτης

οὐδὲν ἄρα τῶν καλῶν, καθ' ὅσον καλόν, κακόν, οὐδὲ τῶν αἰσχρῶν, καθ' ὅσον αἰσχρόν, ἀγαθόν.

[116b] Ἀλκιβιάδης

οὐ φαίνεται.

Σωκράτης

ἔτι τοίνυν καὶ ὧδε σκέψαι. ὅστις καλῶς πράττει, οὐχὶ καὶ εὖ πράττει;

Ἀλκιβιάδης

ναί.

Σωκράτης

οἱ δ' εὖ πράττοντες οὐκ εὐδαίμονες;

Ἀλκιβιάδης

πῶς γὰρ οὐ;

Σωκράτης

οὐκοῦν εὐδαίμονες δι' ἀγαθῶν κτῆσιν;

Ἀλκιβιάδης

μάλιστα.

Σωκράτης

κτῶνται δὲ ταῦτα τῷ εὖ καὶ καλῶς πράττειν;

Ἀλκιβιάδης

ναί.

Σωκράτης

τὸ εὖ ἄρα πράττειν ἀγαθόν;

Ἀλκιβιάδης

πῶς δ' οὐ;

Σωκράτης

οὐκοῦν καλὸν ἢ εὐπραγία;

Ἀλκιβιάδης

ναί.

[116c] Σωκράτης

ταῦτόν ἄρα ἐφάνη ἡμῖν πάλιν αὖ καλὸν τε καὶ ἀγαθόν.

Ἀλκιβιάδης

φαίνεται.

Σωκράτης

ὅτι ἂν ἄρα εὕρωμεν καλόν, καὶ ἀγαθὸν εὐρήσομεν ἔκ γε τούτου τοῦ λόγου.

Ἀλκιβιάδης

ἀνάγκη.

Σωκράτης

τί δέ; τὰ ἀγαθὰ συμφέρει ἢ οὐ;

Ἀλκιβιάδης

συμφέρει.

Σωκράτης

μνημονεύεις οὖν περὶ τῶν δικαίων πῶς ὡμολογήσαμεν;

Ἀλκιβιάδης

οἶμαί γε τοὺς τὰ δίκαια πράττοντας ἀναγκαῖον εἶναι καλὰ πράττειν.

Σωκράτης

οὐκοῦν καὶ τοὺς τὰ καλὰ ἀγαθὰ;

Ἀλκιβιάδης

ναί.

[116d] Σωκράτης

τὰ δὲ ἀγαθὰ συμφέρειν;

Ἀλκιβιάδης

ναί.

Σωκράτης

τὰ δίκαια ἄρα, ὦ Ἀλκιβιάδη, συμφέροντά ἐστιν.

Ἀλκιβιάδης

ἔοικεν.

Σωκράτης

τί οὖν; ταῦτα οὐ σὺ ὁ λέγων, ἐγὼ δὲ ὁ ἐρωτῶν;

Ἀλκιβιάδης

φαίνομαι, ὥς ἔοικα.

Σωκράτης

εἰ οὖν τις ἀνίσταται συμβουλευσὼν εἴτε Ἀθηναίοις εἴτε Πεπαρηθίοις, οἴομενος γινώσκειν τὰ δίκαια καὶ τὰ ἄδिका, φήσει δ' εἶναι τὰ δίκαια κακὰ ἐνίοτε, ἄλλο τι ἢ καταγελῶνς ἂν αὐτοῦ, ἐπειδὴ περ τυγχάνεις καὶ σὺ λέγων [116e] ὅτι ταῦτά ἐστι δίκαιά τε καὶ συμφέροντα;

Ἀλκιβιάδης

ἀλλὰ μὰ τοὺς θεοὺς, ὦ Σώκρατες, οὐκ οἶδ' ἐγωγε οὐδ' ὅτι λέγω, ἀλλ'

ἀτεχνῶς ἔοικα ἀτόπως ἔχοντι· τοτὲ μὲν γάρ μοι ἕτερα δοκεῖ σοῦ ἐρωτῶντος, τοτὲ δ' ἄλλα.

Σωκράτης

εἴτα τοῦτο, ὦ φίλε, ἀγνοεῖς τὸ πάθημα τί ἐστίν;

Ἀλκιβιάδης

πάνυ γε.

Σωκράτης

οἶει ἂν οὖν, εἴ τις ἐρωτῶῃ σε δύο ὀφθαλμοὺς ἢ τρεῖς ἔχεις, καὶ δύο χεῖρας ἢ τέτταρας, ἢ ἄλλο τι τῶν τοιούτων, τοτὲ μὲν ἕτερα ἂν ἀποκρίνασθαι, τοτὲ δὲ ἄλλα, ἢ ἀεὶ τὰ αὐτά;

[117a] Ἀλκιβιάδης

δέδοικα μὲν ἔγωγε ἤδη περὶ ἐμαυτοῦ, οἶμαι μέντοι τὰ αὐτά.

Σωκράτης

οὐκοῦν ὅτι οἶσθα; τοῦτ' αἴτιον;

Ἀλκιβιάδης

οἶμαι ἔγωγε.

Σωκράτης

περὶ ὧν ἄρα ἄκων τάναντία ἀποκρίνη, δῆλον ὅτι περὶ τούτων οὐκ οἶσθα.

Ἀλκιβιάδης

εἰκός γε.

Σωκράτης

οὐκοῦν καὶ περὶ τῶν δικαίων καὶ ἀδίκων καὶ καλῶν καὶ αἰσχυρῶν καὶ κακῶν καὶ ἀγαθῶν καὶ συμφερόντων καὶ μὴ ἀποκρινόμενος φῆς πλανᾶσθαι; εἴτα οὐ δῆλον ὅτι διὰ τὸ μὴ εἰδέναι περὶ αὐτῶν, διὰ ταῦτα πλανᾷ;

[117b] Ἀλκιβιάδης

ἔμοιγε.

Σωκράτης

ἄρ' οὖν οὕτω καὶ ἔχει· ἐπειδάν τις τι μὴ εἰδῇ, ἀναγκαῖον περὶ τούτου πλανᾶσθαι τὴν ψυχὴν;

Ἀλκιβιάδης

πῶς γὰρ οὐ;

Σωκράτης

τί οὖν; οἶσθα ὄντινα τρόπον ἀναβήσῃ εἰς τὸν οὐρανόν;

Ἀλκιβιάδης

μὰ Δί' οὐκ ἔγωγε.

Σωκράτης

ἦ καὶ πλανᾶταί σου ἡ δόξα περὶ ταῦτα;

Ἀλκιβιάδης

οὐ δῆτα.

Σωκράτης

τὸ δ' αἴτιον οἶσθα ἢ ἐγὼ φράσω;

Ἀλκιβιάδης

φράσον.

Σωκράτης

ὅτι, ὦ φίλε, οὐκ οἶει αὐτὸ ἐπίστασθαι οὐκ ἐπιστάμενος.

[117c] Ἀλκιβιάδης

πῶς αὖ τοῦτο λέγεις;

Σωκράτης

ὄρα καὶ σὺ κοινῇ. ἂ μὴ ἐπίστασαι, γινώσκεις δὲ ὅτι οὐκ ἐπίστασαι,

πλανᾷ περὶ τὰ τοιαῦτα; ὥσπερ περὶ ὄψου σκευασίας οἶσθα δήπου ὅτι οὐκ οἶσθα;

Ἀλκιβιάδης

πάνυ γε.

Σωκράτης

πότερον οὖν αὐτὸς περὶ ταῦτα δοξάζεις ὅπως χρὴ σκευάζειν καὶ πλανᾷ, ἢ τῷ ἐπισταμένῳ ἐπιτρέπεις;

Ἀλκιβιάδης

οὕτως.

Σωκράτης

τί δ' εἰ ἐν νηὶ πλέοις, ἄρα δοξάζοις ἂν πότερον [117d] χρὴ τὸν οἶακα εἶσω ἄγειν ἢ ἔξω, καὶ ἅτε οὐκ εἰδὼς πλανῶ ἂν, ἢ τῷ κυβερνήτῃ ἐπιτρέψας ἂν ἡσυχίαν ἄγοις;

Ἀλκιβιάδης

τῷ κυβερνήτῃ.

Σωκράτης

οὐκ ἄρα περὶ ἃ μὴ οἶσθα πλανᾷ, ἅνπερ εἰδῆς ὅτι οὐκ οἶσθα;

Ἀλκιβιάδης

οὐκ ἔοικα.

Σωκράτης

ἐννοεῖς οὖν ὅτι καὶ τὰ ἁμαρτήματα ἐν τῇ πράξει διὰ ταύτην τὴν ἄγνοιάν ἐστι, τὴν τοῦ μὴ εἰδότα οἶεσθαι εἰδέναι;

Ἀλκιβιάδης

πῶς αὖ λέγεις τοῦτο;

Σωκράτης

τότε που ἐπιχειροῦμεν πράττειν, ὅταν οἰώμεθα εἰδέναι ὅτι πράττομεν;

Ἀλκιβιάδης

ναί.

[117e] Σωκράτης

ὅταν δέ γέ πού τινες μὴ οἶωνται εἰδέναι, ἄλλοις παραδιδόασι;

Ἀλκιβιάδης

πῶς δ' οὔ;

Σωκράτης

οὐκοῦν οἱ τοιοῦτοι τῶν μὴ εἰδόντων ἀναμάρτητοι ζῶσι διὰ τὸ ἄλλοις
περὶ αὐτῶν ἐπιτρέπειν;

Ἀλκιβιάδης

ναί.

Σωκράτης

τίνες οὖν οἱ ἀμαρτάνοντες; οὐ γάρ που οἱ γε εἰδότες.

Ἀλκιβιάδης

οὐ δῆτα.

Σωκράτης

ἐπεὶ δ' οὐθ' οἱ εἰδότες οὐθ' οἱ τῶν μὴ εἰδόντων [118a] εἰδότες ὅτι
οὐκ ἴσασιν, ἢ ἄλλοι λείπονται ἢ οἱ μὴ εἰδότες, οἰόμενοι δ' εἰδέναι;

Ἀλκιβιάδης

οὐκ, ἀλλ' οὗτοι.

Σωκράτης

αὕτη ἄρα ἡ ἄγνοια τῶν κακῶν αἰτία καὶ ἡ ἐπονείδιστος ἀμαθία;

Ἀλκιβιάδης

ναί.

Σωκράτης

οὐκοῦν ὅταν ᾗ περὶ τὰ μέγιστα, τότε κακουργοτάτη καὶ αἰσχίστη;

Ἀλκιβιάδης

πολύ γε.

Σωκράτης

τί οὖν; ἔχεις μείζω εἰπεῖν δικαίων τε καὶ καλῶν καὶ ἀγαθῶν καὶ συμφερόντων;

Ἀλκιβιάδης

οὐ δῆτα.

Σωκράτης

οὐκοῦν περὶ ταῦτα σὺ φῆς πλανᾶσθαι;

Ἀλκιβιάδης

ναί.

Σωκράτης

εἰ δὲ πλανᾷ, ἄρ' οὐ δῆλον ἐκ τῶν ἔμπροσθεν ὅτι [118b] οὐ μόνον ἀγνοεῖς τὰ μέγιστα, ἀλλὰ καὶ οὐκ εἰδὼς οἶει αὐτὰ εἰδέναι;

Ἀλκιβιάδης

κινδυνεύω.

Σωκράτης

βαβαῖ ἄρα, ὃ Ἀλκιβιάδη, οἷον πάθος πέπονθας: ὁ ἐγὼ ὀνομάζω μὲν ὀκνῶ, ὅμως δέ, ἐπειδὴ μόνῳ ἐσμέν, ῥητέον. ἀμαθία γὰρ συνοικεῖς, ὃ βέλτιστε, τῇ ἐσχάτῃ, ὥς ὁ λόγος σου κατηγορεῖ καὶ σὺ σαυτοῦ: διὸ καὶ ἄττεις ἄρα πρὸς τὰ πολιτικὰ πρὶν παιδευθῆναι. πέπονθας δὲ τοῦτο οὐ σὺ μόνος, ἀλλὰ καὶ οἱ πολλοὶ τῶν πραττόντων τὰ τῆσδε [118c] τῆς πόλεως, πλὴν ὀλίγων γε καὶ ἴσως τοῦ σοῦ ἐπιτρόπου Περικλέους.

Ἀλκιβιάδης

λέγεται γέ τοι, ὃ Σώκρατες, οὐκ ἀπὸ τοῦ αὐτομάτου σοφὸς γεγονέναι, ἀλλὰ πολλοῖς καὶ σοφοῖς συγγεγονέναι, καὶ Πυθοκλείδῃ καὶ Ἀναξαγόρᾳ: καὶ νῦν ἔτι τηλικούτος ὢν Δάμῳνι σύνεστιν αὐτοῦ τούτου ἕνεκα.

Σωκράτης

τί οὖν; ἤδη τιν' εἶδες σοφὸν ὅτιοῦν ἀδυνατοῦντα ποιῆσαι ἄλλον σοφὸν ἅπερ αὐτός; ὥσπερ ὅς σε ἐδίδαξεν γράμματα, αὐτός τ' ἦν σοφὸς καὶ σὲ ἐποίησε τῶν τε ἄλλων ὄντιν' ἐβούλετο: ἦ γάρ;

Ἀλκιβιάδης

ναί.

[118d] Σωκράτης

οὐκοῦν καὶ σὺ ὁ παρ' ἐκείνου μαθὼν ἄλλον οἷός τε ἔσῃ;

Ἀλκιβιάδης

ναί.

Σωκράτης

καὶ ὁ κιθαριστὴς δὲ καὶ ὁ παιδοτρίβης ὡσαύτως;

Ἀλκιβιάδης

πάνυ γε.

Σωκράτης

καλὸν γὰρ δήπου τεκμήριον τοῦτο τῶν ἐπισταμένων ὅτιοῦν ὅτι
ἐπίστανται, ἐπειδὰν καὶ ἄλλον οἷοί τ' ὥσιν ἀποδείξαι ἐπιστάμενον.

Ἀλκιβιάδης

ἔμοιγε δοκεῖ.

Σωκράτης

τί οὖν; ἔχεις εἰπεῖν Περικλῆς τίνα ἐποίησεν σοφόν, ἀπὸ τῶν ὑέων

ἀρξάμενος;

[118e] Ἀλκιβιάδης

τί δ' εἰ τὸ Περικλέους ὑεῖ ἡλιθίῳ ἐγενέσθην, ὦ Σώκρατες;

Σωκράτης

ἀλλὰ Κλεινίαν τὸν σὸν ἀδελφόν.

Ἀλκιβιάδης

τί δ' ἂν αὖ Κλεινίαν λέγοις, μαινόμενον ἄνθρωπον;

Σωκράτης

ἐπειδὴ τοίνυν Κλεινίας μὲν μαίνεται, τὸ δὲ Περικλέους ὑεῖ ἡλιθίῳ ἐγενέσθην, σοὶ τίνα αἰτίαν ἀναθῶμεν, δι' ὅτι σε οὕτως ἔχοντα περιορᾷ;

Ἀλκιβιάδης

ἐγὼ οἶμαι αἴτιος οὐ προσέχων τὸν νοῦν.

[119a] Σωκράτης

ἀλλὰ τῶν ἄλλων Ἀθηναίων ἢ τῶν ξένων δοῦλον ἢ ἐλεύθερον εἰπέ ὅστις αἰτίαν ἔχει διὰ τὴν Περικλέους συνουσίαν σοφώτερος γεγονέναι, ὥσπερ ἐγὼ ἔχω σοι εἰπεῖν διὰ τὴν Ζήνωνος Πυθόδωρον τὸν Ἰσολόχου καὶ Καλλίαν τὸν Καλλιιάδου, ὧν ἑκάτερος Ζήνωνι ἑκατὸν μνᾶς τελέσας σοφός τε καὶ ἐλλόγιμος γέγονεν.

Ἀλκιβιάδης

ἀλλὰ μὰ Δί' οὐκ ἔχω.

Σωκράτης

εἶεν: τί οὖν διανοῇ περὶ σαυτοῦ; πότερον ἐὰν ὥς νῦν ἔχεις, ἢ ἐπιμέλειάν τινα ποιεῖσθαι;

[119b] Ἀλκιβιάδης

κοινὴ βουλή, ὦ Σώκρατες. καίτοι ἐννοῶ σου εἰπόντος καὶ συγχωρῶ: δοκοῦσι γάρ μοι οἱ τὰ τῆς πόλεως πράττοντες ἐκτὸς ὀλίγων ἀπαίδευτοι εἶναι.

Σωκράτης

εἴτα τί δὴ τοῦτο;

Ἀλκιβιάδης

εἰ μὲν που ἦσαν πεπαιδευμένοι, ἔδει ἂν τὸν ἐπιχειροῦντα αὐτοῖς ἀνταγωνίζεσθαι μαθόντα καὶ ἀσκήσαντα ἰέναι ὥς ἐπ' ἀθλητάς: νῦν δ' ἐπειδὴ καὶ οὗτοι ιδιωτικῶς ἔχοντες ἐληλύθασιν ἐπὶ τὰ τῆς πόλεως, τί δεῖ ἀσκεῖν καὶ μανθάνοντα πράγματα ἔχειν; ἐγὼ γὰρ εὖ οἶδ' ὅτι τούτων [119c] τῇ γε φύσει πάνυ πολὺ περιέσομαι.

Σωκράτης

βαβαῖ, οἶον, ὦ ἄριστε, τοῦτ' εἴρηκας: ὥς ἀνάξιον τῆς ιδέας καὶ τῶν ἄλλων τῶν σοι ὑπαρχόντων.

Ἀλκιβιάδης

τί μάλιστα καὶ πρὸς τί τοῦτο λέγεις, ὦ Σώκρατες;

Σωκράτης

ἀγανακτῶ ὑπέρ τε σοῦ καὶ τοῦ ἐμαυτοῦ ἔρωτος.

Ἀλκιβιάδης

τί δῆ;

Σωκράτης

εἰ ἡξίωσας τὸν ἀγῶνά σοι εἶναι πρὸς τοὺς ἐνθάδε ἀνθρώπους.

Ἀλκιβιάδης

ἀλλὰ πρὸς τίνας μὴν;

[119d] Σωκράτης

ἄξιον τοῦτό γε καὶ ἐρέσθαι ἄνδρα οἰόμενον μεγαλόφρονα εἶναι.

Ἀλκιβιάδης

πῶς λέγεις; οὐ πρὸς τούτους μοι ὁ ἀγών;

Σωκράτης

ἀλλὰ κἂν εἰ τριήρη διεννοῦ κυβερνᾶν μέλλουσιν ναυμαχεῖν, ἥρκει
ἂν σοι τῶν συνναυτῶν βελτίστῳ εἶναι τὰ κυβερνητικά, ἢ ταῦτα μὲν
ᾧ οὐκ ἔστιν ὑπάρχειν, ἀπέβλεπες δ' ἂν εἰς τοὺς ὡς ἀληθῶς
ἀνταγωνιστάς, ἀλλ' οὐχ ὡς νῦν εἰς τοὺς συναγωνιστάς; ὧν δήπου
περιγενέσθαι σε δεῖ τοσοῦτον [119e] ὥστε μὴ ἀξιοῦν
ἀνταγωνίζεσθαι, ἀλλὰ καταφρονηθέντας συναγωνίζεσθαι σοι πρὸς
τοὺς πολεμίους, εἰ δὴ τῷ ὄντι γε καλόν τι ἔργον ἀποδείξασθαι διανοῇ
καὶ ἄξιον σαυτοῦ τε καὶ τῆς πόλεως.

Ἀλκιβιάδης

ἀλλὰ μὲν δὴ διανοοῦμαι γε.

Σωκράτης

πάνυ σοι ἄρα ἄξιον ἀγαπᾶν εἰ τῶν στρατιωτῶν βελτίων εἶ, ἀλλ' οὐ
πρὸς τοὺς τῶν ἀντιπάλων ἡγεμόνας ἀποβλέπειν εἴ ποτε ἐκείνων
βελτίων γέγονας, σκοποῦντα καὶ ἀσκοῦντα πρὸς ἐκείνους.

[120a] Ἀλκιβιάδης

λέγεις δὲ τίνας τούτους, ὦ Σώκρατες;

Σωκράτης

οὐκ οἶσθα ἡμῶν τὴν πόλιν Λακεδαιμονίοις τε καὶ τῷ μεγάλῳ βασιλεῖ
πολεμοῦσαν ἐκάστοτε;

Ἀλκιβιάδης

ἀληθῆ λέγεις.

Σωκράτης

οὐκοῦν εἵπερ ἐν νῶ ἔχεις ἡγεμῶν εἶναι τῆσδε τῆς πόλεως, πρὸς τοὺς
Λακεδαιμονίων βασιλέας καὶ τοὺς Περσῶν τὸν ἀγῶνα ἡγούμενός
σοι εἶναι ὀρθῶς ἂν ἡγοῖτο;

Ἀλκιβιάδης

κινδυνεύεις ἀληθῆ λέγειν.

Σωκράτης

οὐκ, ὦγαθέ, ἀλλὰ πρὸς Μειδίαν σε δεῖ τὸν ὀρτυγοκόπον [120b]
ἀποβλέπειν καὶ ἄλλους τοιοῦτους — οἱ τὰ τῆς πόλεως πράττειν
ἐπιχειροῦσιν, ἔτι τὴν ἀνδραποδώδη, φαῖεν ἂν αἱ γυναῖκες, τρίχα
ἔχοντες ἐν τῇ ψυχῇ ὑπ' ἀμουσίας καὶ οὐπω ἀποβεβληκότες, ἔτι δὲ
βαρβαρίζοντες ἐληλύθασι κολακεύσοντες τὴν πόλιν ἀλλ' οὐκ
ἄρξοντες — πρὸς τούτους σε δεῖ, οὔσπερ λέγω, βλέποντα σαυτοῦ δὴ
ἀμελεῖν, καὶ μήτε μανθάνειν ὅσα μαθήσεως ἔχεται, μέλλοντα
τοσοῦτον ἀγῶνα ἀγωνίζεσθαι, μήτε ἀσκεῖν ὅσα δεῖται ἀσκήσεως,
[120c] καὶ πᾶσαν παρασκευὴν παρασκευασμένον οὕτως ἰέναι ἐπὶ τὰ
τῆς πόλεως.

Ἀλκιβιάδης

ἀλλ', ὦ Σώκρατες, δοκεῖς μέν μοι ἀληθῆ λέγειν, οἶμαι μέντοι τούς τε
Λακεδαιμονίων στρατηγούς καὶ τὸν Περσῶν βασιλέα οὐδὲν
διαφέρειν τῶν ἄλλων.

Σωκράτης

ἀλλ', ὦ ἄριστε, τὴν οἴησιν ταύτην σκόπει οἷαν ἔχεις.

Ἀλκιβιάδης

τοῦ πέρι;

Σωκράτης

πρῶτον μὲν ποτέρως ἂν οἶει σαυτοῦ μᾶλλον ἐπιμεληθῆναι, [120d]
φοβούμενός τε καὶ οἰόμενος δεινούς αὐτοὺς εἶναι, ἢ μή;

Ἀλκιβιάδης

δῆλον ὅτι εἰ δεινούς οἰοίμην.

Σωκράτης

μῶν οὖν οἶει τι βλαβήσεσθαι ἐπιμεληθεὶς σαυτοῦ;

Ἀλκιβιάδης

οὐδαμῶς, ἀλλὰ καὶ μεγάλα ὀνήσεσθαι.

Σωκράτης

οὐκοῦν ἐν μὲν τοῦτο τοσοῦτον κακὸν ἔχει ἢ οἷσις αὕτη.

Ἀλκιβιάδης

ἀληθῆ λέγεις.

Σωκράτης

τὸ δεύτερον τοίνυν, ὅτι καὶ ψευδὴς ἐστίν, ἐκ τῶν εἰκότων σκέψαι.

Ἀλκιβιάδης

πῶς δῆ;

Σωκράτης

πότερον εἰκὸς ἀμείνους γίγνεσθαι φύσει ἐν γενναίοις [120ε] γένεσιν ἢ μή;

Ἀλκιβιάδης

δῆλον ὅτι ἐν τοῖς γενναίοις.

Σωκράτης

οὐκοῦν τοὺς εὖ φύντας, ἐὰν καὶ εὖ τραφῶσιν, οὕτω τελέους γίγνεσθαι πρὸς ἀρετήν;

Ἀλκιβιάδης

ἀνάγκη.

Σωκράτης

σκεψώμεθα δῆ, τοῖς ἐκείνων τὰ ἡμέτερα ἀντιτιθέντες, πρῶτον μὲν εἰ δοκοῦσι φαυλοτέρων γενῶν εἶναι οἱ Λακεδαιμονίων καὶ Περσῶν βασιλῆς. ἢ οὐκ ἴσμεν ὥς οἱ μὲν Ἡρακλέους, οἱ δὲ Ἀχαιμένους ἔκγονοι, τὸ δ' Ἡρακλέους τε γένος καὶ τὸ Ἀχαιμένους εἰς Περσέα τὸν Διὸς ἀναφέρεται;

[121a] Ἀλκιβιάδης

καὶ γὰρ τὸ ἡμέτερον, ὦ Σώκρατες, εἰς Εὐρυσάκη, τὸ δ' Εὐρυσάκους εἰς Δία.

Σωκράτης

καὶ γὰρ τὸ ἡμέτερον, ὦ γενναῖε Ἀλκιβιάδη, εἰς Δαίδαλον, ὁ δὲ Δαίδαλος εἰς Ἥφαιστον τὸν Διός. ἀλλὰ τὰ μὲν τούτων ἀπ' αὐτῶν ἀρξάμενα βασιλῆς εἰσιν ἐκ βασιλέων μέχρι Διός, οἱ μὲν Ἄργους τε καὶ Λακεδαιμόνος, οἱ δὲ τῆς Περσίδος τὸ ἀεὶ, πολλάκις δὲ καὶ τῆς Ἀσίας, ὥσπερ καὶ νῦν: ἡμεῖς δὲ αὐτοὶ τε ἰδιῶται καὶ οἱ πατέρες. [121b] εἰ δὲ καὶ τοὺς προγόνους σε δέοι καὶ τὴν πατρίδα Εὐρυσάκους ἐπιδεῖξαι Σαλαμῖνα ἢ τὴν Αἰακοῦ τοῦ ἔτι προτέρου Αἰγιναν Ἀρτοξέρξη τῷ Ξέρξου, πόσον ἂν οἶει γέλωτα ὀφλεῖν; ἀλλ' ὄρα μὴ τοῦ τε γένους ὄγκῳ ἐλαττώμεθα τῶν ἀνδρῶν καὶ τῇ ἄλλῃ τροφῇ. ἢ οὐκ ἦσθησαι τοῖς τε Λακεδαιμονίων βασιλεῦσιν ὡς μεγάλα τὰ ὑπάρχοντα, ὧν αἱ γυναῖκες δημοσίᾳ φυλάττονται ὑπὸ τῶν ἐφόρων, ὅπως εἰς δύναμιν μὴ λάθῃ ἐξ ἄλλου γενόμενος ὁ βασιλεὺς ἢ ἐξ [121c] Ἡρακλειδῶν; ὁ δὲ Περσῶν τοσοῦτον ὑπερβάλλει, ὥστ' οὐδεὶς ὑποψίαν ἔχει ὡς ἐξ ἄλλου ἂν βασιλεὺς γένοιτο ἢ ἐξ αὐτοῦ: διὸ οὐ φρουρεῖται ἢ βασιλέως γυνὴ ἀλλ' ἢ ὑπὸ φόβου. ἐπειδὰν δὲ γένηται ὁ παῖς ὁ πρεσβύτατος, οὗπερ ἡ ἀρχή, πρῶτον μὲν ἐορτάζουσι πάντες οἱ ἐν τῇ βασιλείᾳ, ὧν ἂν ἄρχῃ, εἴτα εἰς τὸν ἄλλον χρόνον ταύτῃ τῇ ἡμέρᾳ βασιλέως γενέθλια πᾶσα θύει καὶ ἐορτάζει ἡ Ἀσία: ἡμῶν [121d] δὲ γενομένων, τὸ τοῦ κωμωδοποιῶ, οὐδ' οἱ γείτονες σφόδρα τι αἰσθάνονται, ὦ Ἀλκιβιάδη. μετὰ τοῦτο τρέφεται ὁ παῖς, οὐχ ὑπὸ γυναικὸς τροφοῦ ὀλίγου ἀξίας, ἀλλ' ὑπ' εὐνούχων οἱ ἂν δοκῶσιν τῶν περὶ βασιλέα ἄριστοι εἶναι: οἷς τὰ τε ἄλλα προστέτακται ἐπιμέλεσθαι τοῦ γενομένου, καὶ ὅπως ὅτι κάλλιστος ἔσται μηχανᾶσθαι, ἀναπλάττοντας τὰ μέλη τοῦ παιδὸς καὶ κατορθοῦντας: καὶ ταῦτα δρῶντες [121e] ἐν μεγάλῃ τιμῇ εἰσιν. ἐπειδὰν δὲ ἐπitéτεις γένωνται οἱ παῖδες, ἐπὶ τοὺς ἵππους καὶ ἐπὶ τοὺς τούτων διδασκάλους φοιτῶσιν, καὶ ἐπὶ τὰς θήρας ἄρχονται ἰέναι. δις

ἐπὶ δὲ γενόμενον ἐτῶν τὸν παῖδα παραλαμβάνουσιν οὓς ἐκεῖνοι βασιλείους παιδαγωγοὺς ὀνομάζουσιν: εἰσὶ δὲ ἐξελεγμένοι Περσῶν οἱ ἄριστοι δόξαντες ἐν ἡλικίᾳ τέτταρες, ὃ τε σοφώτατος καὶ ὁ δικαιοτάτος καὶ ὁ σωφρονέστατος καὶ ὁ [122a] ἀνδρειότατος. ὧν ὁ μὲν μαγεῖαν τε διδάσκει τὴν Ζωροάστρου τοῦ Ὠρομάζου — ἔστι δὲ τοῦτο θεῶν θεραπεία — διδάσκει δὲ καὶ τὰ βασιλικά, ὁ δὲ δικαιοτάτος ἀληθεύειν διὰ παντὸς τοῦ βίου, ὁ δὲ σωφρονέστατος μὴδ' ὑπὸ μιᾶς ἄρχεσθαι τῶν ἡδονῶν, ἵνα ἐλεύθερος εἶναι ἐθίζηται καὶ ὄντως βασιλεύς, ἄρχων πρῶτον τῶν ἐν αὐτῷ ἀλλὰ μὴ δουλεύων, ὁ δὲ ἀνδρειότατος ἄφοβον καὶ ἀδεᾶ παρασκευάζων, ὥς ὅταν δεῖσῃ δοῦλον ὄντα: σοὶ δ', ὧ Ἀλκιβιάδῃ, [122b] Περικλῆς ἐπέστησε παιδαγωγὸν τῶν οἰκετῶν τὸν ἀχρειότατον ὑπὸ γήρωι, Ζώπυρον τὸν Θραῦκα. διήλθον δὲ καὶ τὴν ἄλλην ἂν σοι τῶν ἀνταγωνιστῶν τροφήν τε καὶ παιδείαν, εἰ μὴ πολὺ ἔργον ἦν καὶ ἅμα ταῦθ' ἱκανὰ δηλῶσαι καὶ τᾶλλα ὅσα τούτοις ἀκόλουθα: τῆς δὲ σῆς γενέσεως, ὧ Ἀλκιβιάδῃ, καὶ τροφῆς καὶ παιδείας, ἣ ἄλλου ὁτουοῦν Ἀθηναίων, ὥς ἔπος εἰπεῖν οὐδενὶ μέλει, εἰ μὴ εἴ τις ἐραστής σου τυγχάνει ὦν. εἰ δ' αὖ ἐθέλεις εἰς πλούτους [122c] ἀποβλέψαι καὶ τρυφᾶς καὶ ἐσθῆτας ἱματίων θ' ἔλξεις καὶ μύρων ἀλοιφᾶς καὶ θεραπόντων πλήθους ἀκολουθίας τὴν τε ἄλλην ἀβρότητα τὴν Περσῶν, αἰσχνυθείης ἂν ἐπὶ σεαυτῷ, αἰσθόμενος ὅσον αὐτῶν ἐλλείπεις. εἰ δ' αὖ ἐθέλῃς εἰς σωφροσύνην τε καὶ κοσμιότητα ἀποβλέψαι καὶ εὐχέρειαν καὶ εὐκολίαν καὶ μεγαλοφροσύνην καὶ εὐταξίαν καὶ ἀνδρείαν καὶ καρτερίαν καὶ φιλοπονίαν καὶ φιλονικίαν καὶ φιλοτιμίας τὰς Λακεδαιμονίων, παῖδ' ἂν ἡγήσαιο σαυτὸν πᾶσι τοῖς [122d] τοιούτοις. εἰ δ' αὖ τι καὶ πλούτῳ προσέχεις καὶ κατὰ τοῦτο οἶε τι εἶναι, μὴδὲ τοῦθ' ἡμῖν ἄρρητον ἔστω, ἐάν πως αἰσθῇ οὗ εἶ. τοῦτο μὲν γὰρ εἰ ἐθέλεις <εἰς> τοὺς Λακεδαιμονίων πλούτους ἰδεῖν, γνώσῃ ὅτι πολὺ τάνθάδε τῶν ἐκεῖ ἐλλείπει: γῆν μὲν γὰρ ὅσῃν ἔχουσιν τῆς θ' ἑαυτῶν καὶ Μεσσήνης, οὐδ' ἂν εἷς ἀμφισβητήσῃ τῶν τῆδε πλήθει οὐδ' ἀρετῇ, οὐδ' αὖ ἀνδραπόδων κτήσῃ τῶν τε ἄλλων καὶ τῶν εἰλωτικῶν, οὐδὲ μὴν ἵππων γε, οὐδ' ὅσα ἄλλα βοσκήματα [122e] κατὰ Μεσσήνην νέμεται. ἀλλὰ ταῦτα μὲν πάντα ἐῷ χαίρειν, χρυσίον δὲ καὶ ἀργύριον οὐκ ἔστιν ἐν πᾶσιν Ἑλλήσιν ὅσον ἐν Λακεδαιμόνι ἰδίᾳ: πολλὰς γὰρ ἤδη γενεὰς εἰσέρχεται μὲν αὐτόσε ἐξ ἀπάντων τῶν Ἑλλήνων, πολλάκις δὲ καὶ ἐκ τῶν βαρβάρων, ἐξέρχεται δὲ οὐδαμόσε, [123a] ἀλλ' ἀτεχνῶς κατὰ τὸν Αἰσώπου μῦθον ὃν ἡ

ἀλώπηξ πρὸς τὸν λέοντα εἶπεν, καὶ τοῦ εἰς Λακεδαιμόνα νομίσματος εἰσιόντος μὲν τὰ ἴχνη τὰ ἐκεῖσε τετραμμένα δῆλα, ἐξιόντος δὲ οὐδαμῇ ἂν τις ἴδοι. ὥστε εὖ χρή εἰδέναι ὅτι καὶ χρυσῷ καὶ ἀργύρῳ οἱ ἐκεῖ πλουσιώτατοί εἰσιν τῶν Ἑλλήνων, καὶ αὐτῶν ἐκείνων ὁ βασιλεύς· ἕκ τε γὰρ τῶν τοιούτων μέγισται λήψεις καὶ πλεῖσται εἰσι τοῖς βασιλεῦσιν, ἔτι δὲ καὶ ὁ βασιλικὸς φόρος οὐκ ὀλίγος γίγνεται, ὃν τελοῦσιν οἱ Λακεδαιμόνιοι [123b] τοῖς βασιλεῦσιν. καὶ τὰ μὲν Λακεδαιμονίων ὡς πρὸς Ἑλληνικοὺς μὲν πλούτους μεγάλα, ὡς δὲ πρὸς τοὺς Περσικοὺς καὶ τοῦ ἐκείνων βασιλέως οὐδέν. ἐπεὶ ποτ' ἐγὼ ἤκουσα ἀνδρὸς ἀξιοπίστου τῶν ἀναβεβηκότων παρὰ βασιλέα, ὃς ἔφη παρελθεῖν χώραν πάνυ πολλὴν καὶ ἀγαθὴν, ἐγγὺς ἡμερησίαν ὁδόν, ἣν καλεῖν τοὺς ἐπιχωρίους ζώνην τῆς βασιλέως γυναικός· εἶναι δὲ καὶ ἄλλην ἣν αὖ καλεῖσθαι [123c] καλύπτραν, καὶ ἄλλους πολλοὺς τόπους καλοὺς καὶ ἀγαθοὺς εἰς τὸν κόσμον ἐξηρημένους τὸν τῆς γυναικός, καὶ ὀνόματα ἔχειν ἐκάστους τῶν τόπων ἀπὸ ἐκάστου τῶν κόσμων. ὥστ' οἶμαι ἐγώ, εἴ τις εἴποι τῇ βασιλέως μητρί, Ξέρξου δὲ γυναικί, Ἀμήστριδι, ὅτι ἐν νῷ ἔχει σοῦ τῷ υἱεὶ ἀντιτάττεσθαι ὁ Δεινομάχης υἱός, ἧ ἔστι κόσμος ἴσως ἄξιος μνῶν πεντήκοντα εἰ πάνυ πολλοῦ, τῷ δ' υἱεὶ αὐτῆς γῆς πλέθρα Ἑρχίασιν οὐδὲ τριακόσια, θαυμάσαι ἂν ὅτῳ ποτὲ πιστεύων [123d] ἐν νῷ ἔχει οὗτος ὁ Ἀλκιβιάδης τῷ Ἀρτοξέρξῃ διαγωνίζεσθαι, καὶ οἶμαι ἂν αὐτὴν εἰπεῖν ὅτι οὐκ ἔσθ' ὅτῳ ἄλλῳ πιστεύων οὗτος ἀνὴρ ἐπιχειρεῖ πλὴν ἐπιμελεία τε καὶ σοφία· ταῦτα γὰρ μόνα ἄξια λόγου ἐν Ἑλλήσιν. ἐπεὶ εἴ γε πύθοιτο ὅτι Ἀλκιβιάδης οὗτος νῦν ἐπιχειρεῖ πρῶτον μὲν ἔτη οὐδέπω γεγωνὸς σφόδρα εἴκοσιν, ἔπειτα παντάπασιν ἀπαίδευτος, πρὸς δὲ τούτοις, τοῦ ἔραστοῦ αὐτῷ λέγοντος ὅτι χρή πρῶτον μαθόντα καὶ ἐπιμεληθέντα αὐτοῦ [123e] καὶ ἀσκήσαντα οὕτως ἰέναι διαγωνιούμενον βασιλεῖ, οὐκ ἐθέλει, ἀλλὰ φησιν ἐξαρκεῖν καὶ ὡς ἔχει, οἶμαι ἂν αὐτὴν θαυμάσαι τε καὶ ἐρέσθαι· “τί οὖν ποτ' ἔστιν ὅτῳ πιστεύει τὸ μεῖράκιον;” εἰ οὖν λέγομεν ὅτι κάλλει τε καὶ μεγέθει καὶ γένει καὶ πλούτῳ καὶ φύσει τῆς ψυχῆς, ἡγήσαιοι' ἂν ἡμᾶς, ὃ Ἀλκιβιάδης, μαίνεσθαι πρὸς τὰ παρὰ σφίσιν ἀποβλέψασα πάντα τὰ τοιαῦτα. οἶμαι δὲ καὶ Λαμπιδῶ, τὴν [124a] Λεωτυχίδου μὲν θυγατέρα, Ἀρχιδάμου δὲ γυναῖκα, Ἄγιδος δὲ μητέρα, οἱ πάντες βασιλῆς γεγόνασιν, θαυμάσαι ἂν καὶ ταύτην εἰς τὰ παρὰ σφίσιν ὑπάρχοντα ἀποβλέψασαν, εἰ σὺ ἐν νῷ ἔχεις τῷ υἱεὶ αὐτῆς διαγωνίζεσθαι οὕτω κακῶς ἡγμένους. καίτοι οὐκ αἰσχρὸν δοκεῖ εἶναι,

εἰ αἱ τῶν πολεμίων γυναῖκες βέλτιον περὶ ἡμῶν διανοοῦνται, οἷους
χρὴ ὄντας σφίσιν ἐπιχειρεῖν, ἢ ἡμεῖς περὶ ἡμῶν αὐτῶν; ἀλλ', ὦ
μακάριε, πειθόμενος ἐμοί τε καὶ τῷ ἐν Δελφοῖς γράμματι, γνῶθι
[124b] σαυτόν, ὅτι οὗτοι ἡμῖν εἰσιν ἀντίπαλοι, ἀλλ' οὐχ οὕς σὺ οἶει:
ὧν ἄλλω μὲν οὐδ' ἂν ἐνὶ περιγενοίμεθα, εἰ μὴ περ ἐπιμελεία γε ἂν
καὶ τέχνη. ὧν σὺ εἰ ἀπολειφθήσῃ, καὶ τοῦ ὀνομαστός γενέσθαι
ἀπολειφθήσῃ ἐν Ἑλληνσί τε καὶ βαρβάροις, οὗ μοι δοκεῖς ἐρᾶν ὥς
οὐδεὶς ἄλλος ἄλλου.

Ἀλκιβιάδης

τίνα οὖν χρὴ τὴν ἐπιμέλειαν, ὦ Σώκρατες, ποιεῖσθαι; ἔχεις
ἐξηγήσασθαι; παντὸς γὰρ μᾶλλον ἔοικας ἀληθῆ εἰρηκότι.

Σωκράτης

ναί: ἀλλὰ γὰρ κοινὴ βουλὴ ᾧτινι τρόπῳ ἂν ὅτι [124c] βέλτιστοι
γενοίμεθα. ἐγὼ γάρ τοι οὐ περὶ μὲν σοῦ λέγω ὥς χρὴ παιδευθῆναι,
περὶ ἐμοῦ δὲ οὐ: οὐ γὰρ ἔσθ' ὅτῳ σου διαφέρω πλὴν γ' ἐνί.

Ἀλκιβιάδης

τίνι;

Σωκράτης

ὁ ἐπίτροπος ὁ ἐμὸς βελτίων ἐστὶ καὶ σοφώτερος ἢ Περικλῆς ὁ σός.

Ἀλκιβιάδης

τίς οὗτος, ὦ Σώκρατες;

Σωκράτης

θεός, ὦ Ἀλκιβιάδη, ὅσπερ σοί με οὐκ εἶα πρὸ τῆσδε τῆς ἡμέρας
διαλεχθῆναι: ὧ καὶ πιστεύων λέγω ὅτι ἡ ἐπιφάνεια δι' οὐδενὸς ἄλλου
σοι ἔσται ἢ δι' ἐμοῦ.

[124d] Ἀλκιβιάδης

παίζεις, ὦ Σώκρατες.

Σωκράτης

ἴσως: λέγω μέντοι ἀληθῆ, ὅτι ἐπιμελείας δεόμεθα, μᾶλλον μὲν
πάντες ἄνθρωποι, ἀτὰρ νῶ γε καὶ μάλα σφόδρα.

Ἀλκιβιάδης

ὅτι μὲν ἐγώ, οὐ ψεύδῃ.

Σωκράτης

οὐδὲ μὴν ὅτι γε ἐγώ.

Ἀλκιβιάδης

τί οὖν ἂν ποιοῖμεν;

Σωκράτης

οὐκ ἀπορρήτεον οὐδὲ μαλθακιστέον, ὦ ἐταῖρε.

Ἀλκιβιάδης

οὗτοι δὴ πρέπει γ', ὦ Σώκρατες.

Σωκράτης

οὐ γάρ, ἀλλὰ σκεπτέον κοινῇ. καί μοι λέγε: [124e] φαμέν γὰρ δὴ ὥς
ἄριστοι βούλεσθαι γενέσθαι. ἦ γάρ;

Ἀλκιβιάδης

ναί.

Σωκράτης

τίνα ἀρετήν;

Ἀλκιβιάδης

δῆλον ὅτι ἦνπερ οἱ ἄνδρες οἱ ἀγαθοί.

Σωκράτης

οἱ τί ἀγαθοί;

Ἀλκιβιάδης

δῆλον ὅτι οἱ πράττειν τὰ πράγματα.

Σωκράτης

ποῖα; ἄρα τὰ ἵππικα;

Ἀλκιβιάδης

οὐ δῆτα.

Σωκράτης

παρὰ τοὺς ἵππικοὺς γὰρ ἂν ἤμεν;

Ἀλκιβιάδης

ναί.

Σωκράτης

ἀλλὰ τὰ ναυτικά λέγεις;

Ἀλκιβιάδης

οὔ.

Σωκράτης

παρὰ τοὺς ναυτικοὺς γὰρ ἂν ἤμεν;

Ἀλκιβιάδης

ναί.

Σωκράτης

ἀλλὰ ποῖα; ἃ τίνες πράττουσιν;

Ἀλκιβιάδης

ἅπερ Ἀθηναίων οἱ καλοὶ καγαθοί.

[125a] Σωκράτης

καλοὺς δὲ καγαθοὺς λέγεις τοὺς φρονίμους ἢ τοὺς ἄφρονες;

Ἀλκιβιάδης

τοὺς φρονίμους.

Σωκράτης

οὐκοῦν ὁ ἕκαστος φρόνιμος, τοῦτ' ἀγαθός;

Ἀλκιβιάδης

ναί.

Σωκράτης

ὁ δὲ ἄφρων, πονηρός;

Ἀλκιβιάδης

πῶς γὰρ οὔ;

Σωκράτης

ἄρ' οὖν ὁ σκυτοτόμος φρόνιμος εἰς ὑποδημάτων ἐργασίαν;

Ἀλκιβιάδης

πάνυ γε.

Σωκράτης

ἀγαθὸς ἄρ' εἰς αὐτά;

Ἀλκιβιάδης

ἀγαθός.

Σωκράτης

τί δ'; εἰς ἱματίων ἐργασίαν οὐκ ἄφρων ὁ σκυτοτόμος;

Ἀλκιβιάδης

ναί.

[125b] Σωκράτης

κακὸς ἄρα εἰς τοῦτο;

Ἀλκιβιάδης

ναί.

Σωκράτης

ὁ αὐτὸς ἄρα τούτῳ γε τῷ λόγῳ κακός τε καὶ ἀγαθός.

Ἀλκιβιάδης

φαίνεται.

Σωκράτης

ἢ οὖν λέγεις τοὺς ἀγαθοὺς ἄνδρας εἶναι καὶ κακοὺς;

Ἀλκιβιάδης

οὐ δῆτα.

Σωκράτης

ἀλλὰ τίνας ποτὲ τοὺς ἀγαθοὺς λέγεις;

Ἀλκιβιάδης

τοὺς δυναμένους ἔγωγε ἄρχειν ἐν τῇ πόλει.

Σωκράτης

οὐ δήπου ἵππων γε;

Ἀλκιβιάδης

οὐ δῆτα.

Σωκράτης

ἀλλ' ἀνθρώπων;

Ἀλκιβιάδης

ναί.

Σωκράτης

ἄρα καμνόντων;

Ἀλκιβιάδης

οὔ.

Σωκράτης

ἀλλὰ πλεόντων;

Ἀλκιβιάδης

οὔ φημι.

Σωκράτης

ἀλλὰ θεριζόντων;

Ἀλκιβιάδης

οὐ.

[125c] Σωκράτης

ἀλλ' οὐδὲν ποιούντων ἢ τι ποιούντων;

Ἀλκιβιάδης

ποιούντων λέγω.

Σωκράτης

τί; πειρῶ καὶ ἐμοὶ δηλῶσαι.

Ἀλκιβιάδης

οὐκοῦν τῶν καὶ συμβαλλόντων ἑαυτοῖς καὶ χρωμένων ἀλλήλοις,
ὥσπερ ἡμεῖς ζῶμεν ἐν ταῖς πόλεσιν.

Σωκράτης

οὐκοῦν ἀνθρώπων λέγεις ἄρχειν ἀνθρώποις χρωμένων;

Ἀλκιβιάδης

ναί.

Σωκράτης

ἄρα κελευστῶν χρωμένων ἐρέταις;

Ἀλκιβιάδης

οὐ δῆτα.

Σωκράτης

κυβερνητικὴ γὰρ αὕτη γε ἀρετή;

Ἀλκιβιάδης

ναί.

Σωκράτης

ἀλλ' ἀνθρώπων λέγεις ἄρχειν αὐλητῶν, ἀνθρώποις [125d]
ἡγουμένων ὥδῃς καὶ χρωμένων χορευταῖς;

Ἀλκιβιάδης

οὐ δῆτα.

Σωκράτης

χοροδιδασκαλικὴ γὰρ αὕτη γ' αὖ;

Ἀλκιβιάδης

πάνυ γε.

Σωκράτης

ἀλλὰ τί ποτε λέγεις χρωμένων ἀνθρώπων ἀνθρώποις οἷόν τ' εἶναι
ἄρχειν;

Ἀλκιβιάδης

κοινωνούντων ἔγωγε λέγω πολιτείας καὶ συμβαλλόντων πρὸς
ἀλλήλους, τούτων ἄρχειν τῶν ἐν τῇ πόλει.

Σωκράτης

τίς οὖν αὕτη ἡ τέχνη; ὥσπερ ἂν εἴ σε ἐροίμην πάλιν τὰ νυνδὴ,
κοινωνούντων ναυτιλίας ἐπίστασθαι ἄρχειν τίς ποιεῖ τέχνη;

Ἀλκιβιάδης

κυβερνητική.

[125e] Σωκράτης

κοινωνούντων δ' ὀδῆς, ὡς νυνδὴ ἐλέγετο, τις ἐπιστήμη ποιεῖ ἄρχειν;

Ἀλκιβιάδης

ἦνπερ σὺ ἄρτι ἔλεγες, ἡ χοροδιδασκαλία.

Σωκράτης

τί δέ; πολιτείας κοινωνούντων τίνα καλεῖς ἐπιστήμην;

Ἀλκιβιάδης

εὐβουλίαν ἔγωγε, ὦ Σώκρατες.

Σωκράτης

τί δέ; μὴν ἀβουλία δοκεῖ εἶναι ἢ τῶν κυβερνητῶν;

Ἀλκιβιάδης

οὐ δῆτα.

Σωκράτης

ἀλλ' εὐβουλία;

[126a] Ἀλκιβιάδης

ἔμοιγε δοκεῖ, εἰς γε τὸ σφύζεσθαι πλέοντας.

Σωκράτης

καλῶς λέγεις. τί δέ; ἤν σὺ λέγεις εὐβουλίαν, εἰς τί ἐστίν;

Ἀλκιβιάδης

εἰς τὸ ἄμεινον τὴν πόλιν διοικεῖν καὶ σφύζεσθαι.

Σωκράτης

ἄμεινον δὲ διοικεῖται καὶ σώζεται τίνος παραγιγνομένου ἢ ἀπογιγνομένου; ὥσπερ ἂν εἰ σύ με ἔροιο: “ἄμεινον διοικεῖται σῶμα καὶ σώζεται τίνος παραγιγνομένου ἢ ἀπογιγνομένου;” εἵποιμ’ ἂν ὅτι ὑγιείας μὲν παραγιγνομένης, νόσου δὲ ἀπογιγνομένης. οὐ καὶ σὺ οἶει οὕτως;

[126b] Ἀλκιβιάδης

ναί.

Σωκράτης

καὶ εἴ μ’ αὖ ἔροιο: “τίνος δὲ παραγιγνομένου ἄμεινον ὄμματα;” ὡσαύτως εἵποιμ’ ἂν ὅτι ὄψεως μὲν παραγιγνομένης, τυφλότητος δὲ ἀπογιγνομένης. καὶ ὅσα δὲ κωφότητος μὲν ἀπογιγνομένης, ἀκοῆς δὲ ἐγγιγνομένης βελτίω τε γίγνεται καὶ ἄμεινον θεραπεύεται.

Ἀλκιβιάδης

ὀρθῶς.

Σωκράτης

τί δὲ δῆ; πόλις τίνος παραγιγνομένου καὶ ἀπογιγνομένου βελτίων τε γίγνεται καὶ ἄμεινον θεραπεύεται καὶ διοικεῖται;

[126c] Ἀλκιβιάδης

ἐμοὶ μὲν δοκεῖ, ὦ Σώκρατες, ὅταν φιλία μὲν αὐτοῖς γίγνηται πρὸς ἀλλήλους, τὸ μισεῖν δὲ καὶ στασιάζειν ἀπογίγνηται.

Σωκράτης

ἄρ' οὖν φιλίαν λέγεις ὁμόνοιαν ἢ διχόνοιαν;

Ἀλκιβιάδης

ὁμόνοιαν.

Σωκράτης

διὰ τίν' οὖν τέχνην ὁμονοοῦσιν αἱ πόλεις περὶ ἀριθμούς;

Ἀλκιβιάδης

διὰ τὴν ἀριθμητικὴν.

Σωκράτης

τί δὲ οἱ ἰδιῶται; οὐ διὰ τὴν αὐτήν;

Ἀλκιβιάδης

ναί.

Σωκράτης

οὐκοῦν καὶ αὐτὸς αὐτῷ ἕκαστος;

Ἀλκιβιάδης

ναί.

Σωκράτης

διὰ τίνα δὲ τέχνην ἕκαστος αὐτὸς αὐτῷ ὁμονοεῖ [126d] περὶ
σπιθαμῆς καὶ πήχεος ὁπότερον μεῖζον; οὐ διὰ τὴν μετρητικὴν;

Ἀλκιβιάδης

τί μήν;

Σωκράτης

οὐκοῦν καὶ οἱ ἰδιῶται ἀλλήλοις καὶ αἱ πόλεις;

Ἀλκιβιάδης

ναί.

Σωκράτης

τί δέ; περὶ σταθμοῦ οὐχ ὡσαύτως;

Ἀλκιβιάδης

φημί.

Σωκράτης

ἦν δὲ δὴ σὺ λέγεις ὁμόνοϊαν, τίς ἐστι καὶ περὶ τοῦ, καὶ τίς αὐτὴν

τέχνη παρασκευάζει; καὶ ἄρα ἥπερ πόλει, αὐτὴ καὶ ιδιώτῃ, αὐτῷ τε πρὸς αὐτὸν καὶ πρὸς ἄλλον;

Ἀλκιβιάδης

εἰκός γέ τοι.

Σωκράτης

τίς οὖν ἔστι; μὴ κάμῃς ἀποκρινόμενος, ἀλλὰ [126e] προθυμοῦ εἰπεῖν.

Ἀλκιβιάδης

ἐγὼ μὲν οἶμαι φιλίαν τε λέγειν καὶ ὁμόνοιαν, ἥνπερ πατήρ τε υἱὸν φιλῶν ὁμονοεῖ καὶ μήτηρ, καὶ ἀδελφὸς ἀδελφῷ καὶ γυνὴ ἀνδρί.

Σωκράτης

οἶει ἂν οὖν, ὦ Ἀλκιβιάδη, ἄνδρα γυναικὶ περὶ ταλασιουργίας δύνασθαι ὁμονοεῖν, τὸν μὴ ἐπιστάμενον τῇ ἐπισταμένῃ;

Ἀλκιβιάδης

οὐ δῆτα.

Σωκράτης

οὐδέ γε δεῖ οὐδέν; γυναικεῖον γὰρ τοῦτό γε μάθημα.

Ἀλκιβιάδης

ναί.

[127a] Σωκράτης

τί δέ; γυνή ἀνδρὶ περὶ ὀπλιτικῆς δύναιτ' ἂν ὁμονοεῖν μὴ μαθοῦσα;

Ἀλκιβιάδης

οὐ δῆτα.

Σωκράτης

ἀνδρεῖον γὰρ τοῦτό γε ἴσως αὖ φαίης ἂν εἶναι.

Ἀλκιβιάδης

ἔγωγε.

Σωκράτης

ἔστιν ἄρα τὰ μὲν γυναικεῖα, τὰ δὲ ἀνδρεῖα μαθήματα κατὰ τὸν σὸν λόγον.

Ἀλκιβιάδης

πῶς δ' οὔ;

Σωκράτης

οὐκ ἄρα ἐν γε τούτοις ἐστὶν ὁμόνοια γυναιξὶ πρὸς ἄνδρας.

Ἀλκιβιάδης

οὐ.

Σωκράτης

οὐδ' ἄρα φιλία, εἴπερ ἡ φιλία ὁμόνοια ἦν.

Ἀλκιβιάδης

οὐ φαίνεται.

Σωκράτης

ἦι ἄρα αἱ γυναῖκες τὰ αὐτῶν πράττουσιν, οὐ φιλοῦνται ὑπὸ τῶν ἀνδρῶν.

[127b] Ἀλκιβιάδης

οὐκ ἔοικεν.

Σωκράτης

οὐδ' ἄρα οἱ ἄνδρες ὑπὸ τῶν γυναικῶν ἦ τὰ αὐτῶν.

Ἀλκιβιάδης

οὐ.

Σωκράτης

οὐδ' εὖ ἄρα ταύτη οἰκοῦνται αἱ πόλεις, ὅταν τὰ αὐτῶν ἕκαστοι πράττωσιν;

Ἀλκιβιάδης

οἶμαι ἔγωγε, ὦ Σώκρατες.

Σωκράτης

πῶς λέγεις, φιλίας μὴ παρούσης, ἣς ἔφαμεν ἐγγιγνομένης εὖ οἰκεῖσθαι τὰς πόλεις, ἄλλως δ' οὔ;

Ἀλκιβιάδης

ἀλλὰ μοι δοκεῖ καὶ κατὰ τοῦτ' αὐτοῖς φιλία ἐγγίγνεσθαι, ὅτι τὰ αὐτῶν ἐκάτεροι πράττουσιν.

[127c] Σωκράτης

οὐκ ἄρτι γε: νῦν δὲ πῶς αὖ λέγεις; ὁμονοίας μὴ ἐγγιγνομένης φιλία ἐγγίγνεται; ἢ οἷόν θ' ὁμόνοιαν ἐγγίγνεσθαι [περὶ τούτων] ὧν οἱ μὲν ἴσασι περὶ τούτων, οἱ δ' οὔ;

Ἀλκιβιάδης

ἀδύνατον.

Σωκράτης

δίκαια δὲ πράττουσιν ἢ ἄδικα, ὅταν τὰ αὐτῶν ἕκαστοι πράττωσιν;

Ἀλκιβιάδης

δίκαια: πῶς γὰρ οὐ;

Σωκράτης

τὰ δίκαια οὖν πραττόντων ἐν τῇ πόλει τῶν πολιτῶν φιλία οὐκ ἐγγίγνεται πρὸς ἀλλήλους;

Ἀλκιβιάδης

ἀνάγκη αὐτοὶ μοι δοκεῖ εἶναι, ὦ Σώκρατες.

[127d] Σωκράτης

τίνα οὖν ποτε λέγεις τὴν φιλίαν ἢ ὁμόνοιαν περὶ ἧς δεῖ ἡμᾶς σοφοὺς τε εἶναι καὶ εὐβούλους, ἵνα ἀγαθοὶ ἄνδρες ὦμεν; οὐ γὰρ δύναμαι μαθεῖν οὐθ' ἥτις οὐτ' ἐν οἴσισιν: τότε μὲν γὰρ ἐν τοῖς αὐτοῖς φαίνεται ἐνοῦσα, τότε δ' οὐ, ὥς ἐκ τοῦ σοῦ λόγου.

Ἀλκιβιάδης

ἀλλὰ μὰ τοὺς θεοὺς, ὦ Σώκρατες, οὐδ' αὐτὸς οἶδ' ὅτι λέγω, κινδυνεύω δὲ καὶ πάλα λεληθέναι ἐμαυτὸν αἰσχιστα ἔχων.

Σωκράτης

ἀλλὰ χρή θάρρεῖν. εἰ μὲν γὰρ αὐτὸ ἦσθου πεπονθὼς [127e] πεντηκονταετής, χαλεπὸν ἂν ἦν σοι ἐπιμεληθῆναι σαυτοῦ: νῦν δ' ἦν ἔχεις ἡλικίαν, αὕτη ἐστὶν ἐν ᾗ δεῖ αὐτὸ αἰσθέσθαι.

Ἀλκιβιάδης

τί οὖν τὸν αἰσθανόμενον χρὴ ποιεῖν, ὦ Σώκρατες;

Σωκράτης

ἀποκρίνεσθαι τὰ ἐρωτώμενα, ὦ Ἀλκιβιάδη: καὶ ἐὰν τοῦτο ποιῇς, ἂν θεὸς θέλῃ, εἴ τι δεῖ καὶ τῇ ἐμῇ μαντεία πιστεύειν, σύ τε κἀγὼ βέλτιον σχήσομεν.

Ἀλκιβιάδης

ἔσται ταῦτα ἔνεκά γε τοῦ ἐμὲ ἀποκρίνεσθαι.

Σωκράτης

φέρε δῆ, τί ἐστὶν τὸ ἐαυτοῦ ἐπιμελεῖσθαι — μὴ πολλάκις [128a] λάθωμεν οὐχ ἡμῶν αὐτῶν ἐπιμελούμενοι, οἰόμενοι δέ — καὶ πότ' ἄρα αὐτὸ ποιεῖ ἄνθρωπος; ἄρ' ὅταν τῶν αὐτοῦ ἐπιμελῇται, τότε καὶ αὐτοῦ;

Ἀλκιβιάδης

ἐμοὶ γοῦν δοκεῖ.

Σωκράτης

τί δέ; ποδῶν ἄνθρωπος ποτε ἐπιμελεῖται; ἄρ' ὅταν ἐκείνων ἐπιμελῇται ἃ ἐστί τῶν ποδῶν;

Ἀλκιβιάδης

οὐ μανθάνω.

Σωκράτης

καλεῖς δέ τι χειρός; οἷον δακτύλιον ἔστιν ὅτου ἂν ἄλλου τῶν τοῦ
ἀνθρώπου φαίης ἢ δακτύλου;

Ἀλκιβιάδης

οὐ δῆτα.

Σωκράτης

οὐκοῦν καὶ ποδὸς ὑπόδημα τὸν αὐτὸν τρόπον;

Ἀλκιβιάδης

ναί.

<

Σωκράτης

καὶ ἱμάτια καὶ στρώματα τοῦ ἄλλου σώματος ὁμοίως;

[128b] Ἀλκιβιάδης

ναί.>

Σωκράτης

ἄρ' οὖν ὅταν ὑποδημάτων ἐπιμελώμεθα, τότε ποδῶν ἐπιμελούμεθα;

Ἀλκιβιάδης

οὐ πάνυ μανθάνω, ὦ Σώκρατες.

Σωκράτης

τί δέ, ὦ Ἀλκιβιάδη; ὀρθῶς ἐπιμελεῖσθαι καλεῖς τι ὅτουοῦν πράγματος;

Ἀλκιβιάδης

ἔγωγε.

Σωκράτης

ἄρ' οὖν ὅταν τίς τι βέλτιον ποιῇ, τότε ὀρθῇν λέγεις ἐπιμέλειαν;

Ἀλκιβιάδης

ναί.

Σωκράτης

τίς οὖν τέχνη ὑποδήματα βελτίω ποιεῖ;

Ἀλκιβιάδης

σκυτική.

Σωκράτης

σκυτικῇ ἄρα ὑποδημάτων ἐπιμελούμεθα;

[128c] Ἀλκιβιάδης

ναί.

Σωκράτης

ἦ καὶ ποδὸς σκυτικῇ; ἢ ἐκείνη ἣ πόδας βελτίους ποιοῦμεν;

Ἀλκιβιάδης

ἐκείνη.

Σωκράτης

βελτίους δὲ πόδας οὐχ ἥπερ καὶ τὸ ἄλλο σῶμα;

Ἀλκιβιάδης

ἔμοιγε δοκεῖ.

Σωκράτης

αὕτη δ' οὐ γυμναστική;

Ἀλκιβιάδης

μάλιστα.

Σωκράτης

γυμναστικῇ μὲν ἄρα ποδὸς ἐπιμελούμεθα, σκυτικῇ δὲ τῶν τοῦ ποδός;

Ἀλκιβιάδης

πάνυ γε.

Σωκράτης

καὶ γυμναστικῇ μὲν χειρῶν, δακτυλιογλυφία δὲ τῶν τῆς χειρός;

Ἀλκιβιάδης

ναί.

Σωκράτης

καὶ γυμναστικῇ μὲν σώματος, ὑφαντικῇ δὲ καὶ ταῖς [128d] ἄλλαις
τῶν τοῦ σώματος;

Ἀλκιβιάδης

παντάπασι μὲν οὔν.

Σωκράτης

ἄλλη μὲν ἄρα τέχνη αὐτοῦ ἐκάστου ἐπιμελούμεθα, ἄλλη δὲ τῶν αὐτοῦ.

Ἀλκιβιάδης

φαίνεται.

Σωκράτης

οὐκ ἄρα ὅταν τῶν σαυτοῦ ἐπιμελῇ, σαυτοῦ ἐπιμελῇ.

Ἀλκιβιάδης

οὐδαμῶς.

Σωκράτης

οὐ γὰρ ἡ αὐτὴ τέχνη, ὥς ἔοικεν, ἥ τις ἂν αὐτοῦ τε ἐπιμελοῖτο καὶ τῶν αὐτοῦ.

Ἀλκιβιάδης

οὐ φαίνεται.

Σωκράτης

φέρε δὴ, ποία ποτ' ἂν ἡμῶν αὐτῶν ἐπιμεληθείημεν;

Ἀλκιβιάδης

οὐκ ἔχω λέγειν.

[128e] Σωκράτης

ἀλλὰ τοσόνδε γε ὁμολόγηται, ὅτι οὐχ ἢ ἂν τῶν ἡμετέρων καὶ ὁτιοῦν
βέλτιον ποιοῖμεν, ἀλλ' ἢ ἡμᾶς αὐτούς;

Ἀλκιβιάδης

ἀληθῆ λέγεις.

Σωκράτης

ἢ οὖν ἔγνωμεν ἂν ποτε τίς τέχνη ὑπόδημα βέλτιον ποιῇ, μὴ εἰδότες
ὑπόδημα;

Ἀλκιβιάδης

ἀδύνατον.

Σωκράτης

οὐδέ γε τίς τέχνη δακτυλίους βελτίους ποιῇ, ἀγνοοῦντες δακτύλιον.

Ἀλκιβιάδης

ἀληθῆ.

Σωκράτης

τί δέ; τίς τέχνη βελτίω ποιεῖ αὐτόν, ἄρ' ἂν ποτε γνοῖμεν ἀγνοοῦντες
τί ποτ' ἐσμὲν αὐτοί;

[129a] Ἀλκιβιάδης

ἀδύνατον.

Σωκράτης

πότερον οὖν δὴ ῥάδιον τυγχάνει τὸ γινῶναι ἑαυτόν, καί τις ἦν φαῦλος
ὁ τοῦτο ἀναθεῖς εἰς τὸν ἐν Πυθοῖ νεών, ἢ χαλεπὸν τι καὶ οὐχὶ παντός;

Ἀλκιβιάδης

ἐμοὶ μὲν, ὦ Σώκρατες, πολλάκις μὲν ἔδοξε παντός εἶναι, πολλάκις δὲ
παγγάλεπον.

Σωκράτης

ἀλλ', ὦ Ἀλκιβιάδη, εἴτε ῥάδιον εἴτε μὴ ἐστίν, ὅμως γε ἡμῖν ὧδ' ἔχει:
γνόντες μὲν αὐτὸ τάχ' ἂν γνοῖμεν τὴν ἐπιμέλειαν ἡμῶν αὐτῶν,
ἀγνοοῦντες δὲ οὐκ ἂν ποτε.

Ἀλκιβιάδης

ἔστι ταῦτα.

[129b] Σωκράτης

φέρε δὴ, τίν' ἂν τρόπον εὐρεθείη αὐτὸ ταυτό; οὕτω μὲν γὰρ ἂν τάχ'

εὔροιμεν τί ποτ' ἐσμέν αὐτοί, τούτου δ' ἔτι ὄντες ἐν ἀγνοίᾳ ἀδύνατοί
που.

Ἀλκιβιάδης

ὀρθῶς λέγεις.

Σωκράτης

ἔχε οὖν πρὸς Διός. τῷ διαλέγῃ σὺ νῦν; ἄλλο τι ἢ ἐμοί;

Ἀλκιβιάδης

ναί.

Σωκράτης

οὐκοῦν καὶ ἐγὼ σοί;

Ἀλκιβιάδης

ναί.

Σωκράτης

Σωκράτης ἄρ' ἐστὶν ὁ διαλεγόμενος;

Ἀλκιβιάδης

πάνυ γε.

Σωκράτης

Ἀλκιβιάδης δ' ὁ ἀκούων;

Ἀλκιβιάδης

ναί.

Σωκράτης

οὐκοῦν λόγῳ διαλέγεται ὁ Σωκράτης;

[129c] Ἀλκιβιάδης

τί μήν;

Σωκράτης

τὸ δὲ διαλέγεσθαι καὶ τὸ λόγῳ χρῆσθαι ταυτόν που καλεῖς.

Ἀλκιβιάδης

πάνυ γε.

Σωκράτης

ὁ δὲ χρώμενος καὶ ᾧ χρῆται οὐκ ἄλλο;

Ἀλκιβιάδης

πῶς λέγεις;

Σωκράτης

ὥσπερ σκυτοτόμος τέμνει που τομεῖ καὶ σμίλη καὶ ἄλλοις ὀργάνοις.

Ἀλκιβιάδης

ναί.

Σωκράτης

οὐκοῦν ἄλλο μὲν ὁ τέμνων καὶ χρώμενος, ἄλλο δὲ οἷς τέμνων
χρῆται;

Ἀλκιβιάδης

πῶς γὰρ οὔ;

Σωκράτης

ἄρ' οὖν οὕτως καὶ οἷς ὁ κιθαριστὴς κιθαρίζει καὶ αὐτὸς ὁ κιθαριστὴς
ἄλλο ἂν εἴη;

Ἀλκιβιάδης

ναί.

[129d] Σωκράτης

τοῦτο τοίνυν ἀρτίως ἡρώτων, εἰ ὁ χρώμενος καὶ ὃ χρηται ἀεὶ δοκεῖ
ἕτερον εἶναι.

Ἀλκιβιάδης

δοκεῖ.

Σωκράτης

τί οὖν φῶμεν τὸν σκυτοτόμον; τέμνειν ὀργάνοις μόνον ἢ καὶ χερσίν;

Ἀλκιβιάδης

καὶ χερσίν.

Σωκράτης

χρηται ἄρα καὶ ταύταις;

Ἀλκιβιάδης

ναί.

Σωκράτης

ἢ καὶ τοῖς ὀφθαλμοῖς χρώμενος σκυτοτομεῖ;

Ἀλκιβιάδης

ναί.

Σωκράτης

τὸν δὲ χρώμενον καὶ οἷς χρῆται ἕτερα ὁμολογοῦμεν;

Ἀλκιβιάδης

ναί.

Σωκράτης

ἕτερον ἄρα σκυτοτόμος καὶ καθαριστὴς χειρῶν καὶ [129e] ὀφθαλμῶν
οἷς ἐργάζονται;

Ἀλκιβιάδης

φαίνεται.

Σωκράτης

οὐκοῦν καὶ παντὶ τῷ σώματι χρῆται ἄνθρωπος;

Ἀλκιβιάδης

πάνυ γε.

Σωκράτης

ἕτερον δ' ἦν τό τε χρώμενον καὶ ᾧ χρῆται;

Ἀλκιβιάδης

ναί.

Σωκράτης

ἕτερον ἄρα ἄνθρωπός ἐστι τοῦ σώματος τοῦ ἑαυτοῦ;

Ἀλκιβιάδης

ἔοικεν.

Σωκράτης

τί ποτ' οὖν ὁ ἄνθρωπος;

Ἀλκιβιάδης

οὐκ ἔχω λέγειν.

Σωκράτης

ἔχεις μὲν οὖν, ὅτι γε τὸ τῷ σώματι χρώμενον.

Ἀλκιβιάδης

ναί.

[130a] Σωκράτης

ἢ οὖν ἄλλο τι χρῆται αὐτῷ ἢ ψυχή;

Ἀλκιβιάδης

οὐκ ἄλλο.

Σωκράτης

οὐκοῦν ἄρχουσα;

Ἀλκιβιάδης

ναί.

Σωκράτης

καὶ μὴν τόδε γ' οἶμαι οὐδένα ἂν ἄλλως οἰηθῆναι.

Ἀλκιβιάδης

τὸ ποῖον;

Σωκράτης

μὴ οὐ τριῶν ἓν γέ τι εἶναι τὸν ἄνθρωπον.

Ἀλκιβιάδης

τίνων;

Σωκράτης

ψυχὴν ἢ σῶμα ἢ συναμφοτέρων, τὸ ὅλον τοῦτο.

Ἀλκιβιάδης

τί μήν;

Σωκράτης

ἀλλὰ μὴν αὐτό γε τὸ τοῦ σώματος ἄρχον ὡμολογήσαμεν ἄνθρωπον εἶναι;

[130b] Ἀλκιβιάδης

ὡμολογήσαμεν.

Σωκράτης

ἄρ' οὖν σῶμα αὐτὸ αὐτοῦ ἄρχει;

Ἀλκιβιάδης

οὐδαμῶς.

Σωκράτης

ἄρχεσθαι γὰρ αὐτὸ εἵπομεν.

Ἀλκιβιάδης

ναί.

Σωκράτης

οὐκ ἂν δὴ τοῦτό γε εἴη ὃ ζητοῦμεν.

Ἀλκιβιάδης

οὐκ ἔοικεν.

Σωκράτης

ἀλλ' ἄρα τὸ συναμφοτέρων τοῦ σώματος ἄρχει, καὶ ἔστι δὴ τοῦτο ἄνθρωπος;

Ἀλκιβιάδης

ἴσως δῆτα.

Σωκράτης

πάντων γε ἥκιστα: μὴ γὰρ συνάρχοντος τοῦ ἐτέρου οὐδεμία που μηχανὴ τὸ συναμφοτέρων ἄρχειν.

Ἀλκιβιάδης

ὀρθῶς.

[130c] Σωκράτης

ἐπεὶ δ' οὔτε σῶμα οὔτε τὸ συναμφοτερόν ἐστιν ἄνθρωπος, λείπεται οἷμαι ἢ μηδὲν αὐτ' εἶναι, ἢ εἴπερ τί ἐστι, μηδὲν ἄλλο τὸν

ἄνθρωπον συμβαίνειν ἢ ψυχὴν.

Ἀλκιβιάδης

κομιδῇ μὲν οὖν.

Σωκράτης

ἔτι οὖν τι σαφέστερον δεῖ ἀποδειχθῆναί σοι ὅτι ἡ ψυχὴ ἐστὶν ἄνθρωπος;

Ἀλκιβιάδης

μὰ Δία, ἀλλ' ἱκανῶς μοι δοκεῖ ἔχειν.

Σωκράτης

εἰ δέ γε μὴ ἀκριβῶς ἀλλὰ καὶ μετρίως, ἐξαρκεῖ ἡμῖν: ἀκριβῶς μὲν γὰρ τότε εἰσόμεθα, ὅταν εὕρωμεν ὃ νυνδὴ [130d] παρήλθομεν διὰ τὸ πολλῆς εἶναι σκέψεως.

Ἀλκιβιάδης

τί τοῦτο;

Σωκράτης

ὁ ἄρτι οὕτω πως ἐρρήθη, ὅτι πρῶτον σκεπτέον εἴη αὐτὸ τὸ αὐτό: νῦν δὲ ἀντὶ τοῦ αὐτοῦ αὐτὸ ἕκαστον ἐσκεμμεθα ὅτι ἐστί. καὶ ἴσως ἐξαρκέσει: οὐ γάρ που κυριώτερόν γε οὐδὲν ἢ ἡμῶν αὐτῶν φήσαιμεν ἢ τὴν ψυχὴν.

Ἀλκιβιάδης

οὐ δῆτα.

Σωκράτης

οὐκοῦν καλῶς ἔχει οὕτω νομίζειν, ἐμὲ καὶ σὲ προσομιλεῖν ἀλλήλοις
τοῖς λόγοις χρωμένους τῇ ψυχῇ πρὸς τὴν ψυχὴν;

[130e] Ἀλκιβιάδης

πάνυ μὲν οὖν.

Σωκράτης

τοῦτ' ἄρα ἦν ὃ καὶ ὀλίγω ἔμπροσθεν εἵπομεν, ὅτι Σωκράτης
Ἀλκιβιάδῃ διαλέγεται λόγῳ χρώμενος, οὐ πρὸς τὸ σὸν πρόσωπον, ὥς
ἔοικεν, ἀλλὰ πρὸς τὸν Ἀλκιβιάδην ποιούμενος τοὺς λόγους· τοῦτο δέ
ἐστιν ἡ ψυχή.

Ἀλκιβιάδης

ἔμοιγε δοκεῖ.

Σωκράτης

ψυχὴν ἄρα ἡμᾶς κελεύει γνωρίσαι ὃ ἐπιτάττων γινῶναι ἑαυτόν.

[131a] Ἀλκιβιάδης

ἔοικεν.

Σωκράτης

ὅστις ἄρα τῶν τοῦ σώματός τι γινώσκει, τὰ αὐτοῦ ἀλλ' οὐχ αὐτὸν ἔγνωκεν.

Ἀλκιβιάδης

οὕτως.

Σωκράτης

οὐδεὶς ἄρα τῶν ἱατρῶν ἑαυτὸν γινώσκει, καθ' ὅσον ἱατρός, οὐδὲ τῶν παιδοτρίβων, καθ' ὅσον παιδοτρίβης.

Ἀλκιβιάδης

οὐκ ἔοικεν.

Σωκράτης

πολλοῦ ἄρα δέουσιν οἱ γεωργοὶ καὶ οἱ ἄλλοι δημιουργοὶ γινώσκειν ἑαυτούς. οὐδὲ γὰρ τὰ ἑαυτῶν οὕτοί γε, ὥς ἔοικεν, ἀλλ' ἔτι πορρώτερω τῶν ἑαυτῶν κατὰ γε τὰς [131b] τέχνας ἃς ἔχουσιν: τὰ γὰρ τοῦ σώματος γινώσκουσιν, οἷς τοῦτο θεραπεύεται.

Ἀλκιβιάδης

ἀληθῆ λέγεις.

Σωκράτης

εἰ ἄρα σωφροσύνη ἐστὶ τὸ ἑαυτὸν γινώσκειν, οὐδεὶς τούτων
σώφρων κατὰ τὴν τέχνην.

Ἀλκιβιάδης

οὐ μοι δοκεῖ.

Σωκράτης

διὰ ταῦτα δὴ καὶ βάνουσαι αὗται αἱ τέχναι δοκοῦσιν εἶναι καὶ οὐκ
ἀνδρὸς ἀγαθοῦ μαθήματα.

Ἀλκιβιάδης

πάνυ μὲν οὖν.

Σωκράτης

οὐκοῦν πάλιν ὅστις αὐτὸ σῶμα θεραπεύει, τὰ ἑαυτοῦ ἀλλ' οὐχ αὐτὸν
θεραπεύει;

Ἀλκιβιάδης

κινδυνεύει.

Σωκράτης

ὅστις δέ γε τὰ χρήματα, οὐθ' ἑαυτὸν οὔτε τὰ [131c] ἑαυτοῦ, ἀλλ' ἔτι
πορρώτερω τῶν ἑαυτοῦ;

Ἀλκιβιάδης

ἔμοιγε δοκεῖ.

Σωκράτης

οὐ τὰ αὐτοῦ ἄρα ἔτι πράττει ὁ χρηματιστής.

Ἀλκιβιάδης

ὀρθῶς.

Σωκράτης

εἰ ἄρα τις γέγονεν ἐραστής τοῦ Ἀλκιβιάδου σώματος, οὐκ Ἀλκιβιάδου ἄρα ἠράσθη ἀλλὰ τινος τῶν Ἀλκιβιάδου.

Ἀλκιβιάδης

ἀληθῆ λέγεις.

Σωκράτης

ὅστις δέ σου τῆς ψυχῆς ἐρᾷ;

Ἀλκιβιάδης

ἀνάγκη φαίνεται ἐκ τοῦ λόγου.

Σωκράτης

οὐκοῦν ὁ μὲν τοῦ σώματός σου ἐρῶν, ἐπειδὴ λήγει ἀνθοῦν, ἀπιὼν οἴχεται;

Ἀλκιβιάδης

φαίνεται.

[131d] Σωκράτης

ὁ δέ γε τῆς ψυχῆς ἐρῶν οὐκ ἄπεισιν, ἕως ἂν ἐπὶ τὸ βέλτιον ἦ;

Ἀλκιβιάδης

εἰκός γε.

Σωκράτης

οὐκοῦν ἐγὼ εἰμι ὁ οὐκ ἀπιὼν ἀλλὰ παραμένων λήγοντος τοῦ σώματος, τῶν ἄλλων ἀπεληλυθόντων.

Ἀλκιβιάδης

εὖ γε ποιῶν, ὦ Σώκρατες· καὶ μηδὲ ἀπέλθοις.

Σωκράτης

προθυμοῦ τοίνυν ὅτι κάλλιστος εἶναι.

Ἀλκιβιάδης

ἀλλὰ προθυμήσομαι.

[131e] Σωκράτης

ὥς οὕτω γέ σοι ἔχει· οὐτ' ἐγένεθ', ὥς ἔοικεν, Ἀλκιβιάδῃ τῷ Κλεινίου ἐραστῆς οὐτ' ἔστιν ἀλλ' ἢ εἷς μόνος, καὶ οὗτος ἀγαπητός, Σωκράτης ὁ Σωφρονίσκου καὶ Φαιναρέτης.

Ἀλκιβιάδης

ἀληθῆ.

Σωκράτης

οὐκοῦν ἔφησθα σμικρὸν φθῆναί με προσελθόντα σοι, ἐπεὶ πρότερος ἂν μοι προσελθεῖν, βουλόμενος πυθέσθαι δι' ὅτι μόνος οὐκ ἀπέρχομαι;

Ἀλκιβιάδης

ἦν γὰρ οὕτω.

Σωκράτης

τοῦτο τοίνυν αἴτιον, ὅτι μόνος ἐραστῆς ἦν σός, οἱ δ' ἄλλοι τῶν σῶν· τὰ δὲ σὰ λήγει ὥρας, σὺ δ' ἄρχῃ ἀνθεῖν. [132a] καὶ νῦν γε ἂν μὴ διαφθαρήs ὑπὸ τοῦ Ἀθηναίων δήμου καὶ αἰσχύων γένῃ, οὐ μὴ σε ἀπολίπω. τοῦτο γὰρ δὴ μάλιστα ἐγὼ φοβοῦμαι, μὴ δημεραστῆς ἡμῖν γενόμενος διαφθαρήs· πολλοὶ γὰρ ἤδη καὶ ἀγαθοὶ αὐτὸ πεπόνθασιν Ἀθηναίων. εὐπρόσωπος γὰρ ὁ τοῦ μεγαλήτορος δήμος Ἐρεχθέως· ἡομ. ιλ. 2.547 ἀλλ' ἀποδύντα χρὴ αὐτὸν θεάσασθαι.

εὐλαβοῦ οὖν τὴν εὐλάβειαν ἣν ἐγὼ λέγω.

Ἀλκιβιάδης

τίνα;

[132b] Σωκράτης

γύμνασαι πρῶτον, ὦ μακάριε, καὶ μάθε ἃ δεῖ μαθόντα ἰέναι ἐπὶ τὰ τῆς πόλεως, πρότερον δὲ μή, ἵν' ἀλεξιφάρμακα ἔχων ἦς καὶ μηδὲν πάθῃς δεινόν.

Ἀλκιβιάδης

εὖ μοι δοκεῖς λέγειν, ὦ Σώκρατες: ἀλλὰ πειρῶ ἐξηγεῖσθαι ὅντιν' ἂν τρόπον ἐπιμεληθεῖμεν ἡμῶν αὐτῶν.

Σωκράτης

οὐκοῦν τοσοῦτον μὲν ἡμῖν εἰς τὸ πρόσθεν πεπέρανται — ὃ γὰρ ἐσμέν, ἐπιεικῶς ὁμολόγηται — ἐφοβούμεθα δὲ μὴ τούτου σφαλέντες λάθωμεν ἑτέρου τινὸς ἐπιμελόμενοι ἀλλ' οὐχ ἡμῶν.

Ἀλκιβιάδης

ἔστι ταῦτα.

[132c] Σωκράτης

καὶ μετὰ τοῦτο δὴ ὅτι ψυχῆς ἐπιμελητέον καὶ εἰς τοῦτο βλέπτεον.

Ἀλκιβιάδης

δῆλον.

Σωκράτης

σωμάτων δὲ καὶ χρημάτων τὴν ἐπιμέλειαν ἑτέροις παραδοτέον.

Ἀλκιβιάδης

τί μήν;

Σωκράτης

τίν' οὖν ἂν τρόπον γνοῖμεν αὐτὸ ἐναργέστατα; ἐπειδὴ τοῦτο γνόντες, ὥς ἔοικεν, καὶ ἡμᾶς αὐτοὺς γνωσόμεθα. ἄρα πρὸς θεῶν εὖ λέγοντος οὗ νυνδὴ ἐμνήσθημεν τοῦ Δελφικοῦ γράμματος οὐ συνίεμεν;

Ἀλκιβιάδης

τὸ ποῖόν τι διανοούμενος λέγεις, ὦ Σώκρατες;

[132d] Σωκράτης

ἐγὼ σοι φράσω, ὃ γε ὑποπτεύω λέγειν καὶ συμβουλεύειν ἡμῖν τοῦτο τὸ γράμμα. κινδυνεύει γὰρ οὐδὲ πολλαχοῦ εἶναι παράδειγμα αὐτοῦ, ἀλλὰ κατὰ τὴν ὄψιν μόνον.

Ἀλκιβιάδης

πῶς τοῦτο λέγεις;

Σωκράτης

σκόπει καὶ σύ. εἰ ἡμῶν τῷ ὄμματι ὥσπερ ἄνθρωπῳ συμβουλευδὼν εἶπεν “ἰδὲ σαυτόν,” πῶς ἂν ὑπελάβομεν τί παραινεῖν; ἄρα οὐχὶ εἰς τοῦτο βλέπειν, εἰς ὃ βλέπων ὁ ὀφθαλμὸς ἐμελλεν αὐτὸν ἰδεῖν;

Ἀλκιβιάδης

δῆλον.

Σωκράτης

ἐννοῶμεν δὴ εἰς τί βλέποντες τῶν ὄντων ἐκεῖνό [132e] τε ὁρῶμεν ἅμα ἂν καὶ ἡμᾶς αὐτούς;

Ἀλκιβιάδης

δῆλον δὴ, ὦ Σώκρατες, ὅτι εἰς κάτοπτρά τε καὶ τὰ τοιαῦτα.

Σωκράτης

ὀρθῶς λέγεις. οὐκοῦν καὶ τῷ ὀφθαλμῷ ᾧ ὁρῶμεν ἔνεστί <τι> τῶν τοιούτων;

Ἀλκιβιάδης

πάνυ γε.

Σωκράτης

ἐννενόηκας οὖν ὅτι τοῦ ἐμβλέποντος εἰς τὸν [133a] ὀφθαλμὸν τὸ πρόσωπον ἐμφαίνεται ἐν τῇ τοῦ καταντικρὺ ὄψει ὥσπερ ἐν κατόπτρῳ, ὃ δὴ καὶ κόρην καλοῦμεν, εἰδῶλον ὃν τι τοῦ ἐμβλέποντος;

Ἀλκιβιάδης

ἀληθῆ λέγεις.

Σωκράτης

ὀφθαλμὸς ἄρα ὀφθαλμὸν θεώμενος, καὶ ἐμβλέπων εἰς τοῦτο ὅπερ βέλτιστον αὐτοῦ καὶ ᾧ ὀρᾷ, οὕτως ἂν αὐτὸν ἴδοι.

Ἀλκιβιάδης

φαίνεται.

Σωκράτης

εἰ δέ γ' εἰς ἄλλο τῶν τοῦ ἀνθρώπου βλέποι ἢ τι τῶν ὄντων, πλὴν εἰς ἐκεῖνο ᾧ τοῦτο τυγχάνει ὅμοιον, οὐκ ὄψεται ἑαυτόν.

[133b] Ἀλκιβιάδης

ἀληθῆ λέγεις.

Σωκράτης

ὀφθαλμὸς ἄρ' εἰ μέλλει ἰδεῖν αὐτόν, εἰς ὀφθαλμὸν αὐτῷ βλεπτέον, καὶ τοῦ ὀμματος εἰς ἐκεῖνον τὸν τόπον ἐν ᾧ τυγχάνει ἢ ὀφθαλμοῦ ἀρετὴ ἐγγιγνομένη: ἔστι δὲ τοῦτό που ὄψις;

Ἀλκιβιάδης

οὕτως.

Σωκράτης

ἄρ' οὖν, ὦ φίλε Ἀλκιβιάδη, καὶ ψυχὴ εἰ μέλλει γνῶσεσθαι αὐτήν, εἰς ψυχὴν αὐτῇ βλεπτέον, καὶ μάλιστ' εἰς τοῦτον αὐτῆς τὸν τόπον ἐν ᾧ ἐγγίγνεται ἡ ψυχῆς ἀρετὴ, σοφία, καὶ εἰς ἄλλο ᾧ τοῦτο τυγχάνει ὅμοιον ὄν;

Ἀλκιβιάδης

ἔμοιγε δοκεῖ, ὦ Σώκρατες.

[133c] Σωκράτης

ἔχομεν οὖν εἰπεῖν ὅτι ἐστὶ τῆς ψυχῆς θειότερον ἢ τοῦτο, περὶ ὃ τὸ εἶδέναι τε καὶ φρονεῖν ἐστίν;

Ἀλκιβιάδης

οὐκ ἔχομεν.

Σωκράτης

τῷ θεῷ ἄρα τοῦτ' ἔοικεν αὐτῆς, καὶ τις εἰς τοῦτο βλέπων καὶ πᾶν τὸ θεῖον γινούς, θεόν τε καὶ φρόνησιν, οὕτω καὶ ἑαυτὸν ἂν γνοίῃ μάλιστα.

Ἀλκιβιάδης

φαίνεται.

<

Σωκράτης

ἄρ' οὖν, ὅθ' ὥσπερ κάτοπτρά ἐστι σαφέστερα τοῦ ἐν τῷ ὀφθαλμῷ ἐνόπτρου καὶ καθαρώτερα καὶ λαμπρότερα, οὕτω καὶ ὁ θεὸς τοῦ ἐν τῇ ἡμετέρᾳ ψυχῇ βελτίστου καθαρώτερόν τε καὶ λαμπρότερον τυγχάνει ὄν;

Ἀλκιβιάδης

ἔοικέ γε, ὦ Σώκρατες.

Σωκράτης

εἰς τὸν θεὸν ἄρα βλέποντες ἐκείνῳ καλλίστῳ ἐνόπτρῳ χρώμεθ' ἂν καὶ τῶν ἀνθρωπίνων εἰς τὴν ψυχῆς ἀρετὴν, καὶ οὕτως ἂν μάλιστα ὀρῶμεν καὶ γινώσκοιμεν ἡμᾶς αὐτούς.

Ἀλκιβιάδης

ναί.>

Σωκράτης

τὸ δὲ γινώσκειν αὐτὸν ὠμολογοῦμεν σωφροσύνην εἶναι;

Ἀλκιβιάδης

πάνυ γε.

Σωκράτης

ἄρ' οὖν μὴ γινώσκοντες ἡμᾶς αὐτοὺς μηδὲ σώφρονες ὄντες
δυναίμεθ' ἂν εἰδέναι τὰ ἡμέτερα αὐτῶν κακά τε καὶ ἀγαθά;

Ἀλκιβιάδης

καὶ πῶς ἂν τοῦτο γένοιτο, ὦ Σώκρατες;

[133d] Σωκράτης

ἀδύνατον γὰρ ἴσως σοι φαίνεται μὴ γινώσκοντα Ἀλκιβιάδην τὰ
Ἀλκιβιάδου γινώσκειν ὅτι Ἀλκιβιάδου ἐστίν.

Ἀλκιβιάδης

ἀδύνατον μέντοι νῆ Δία.

Σωκράτης

οὐδ' ἄρα τὰ ἡμέτερα ὅτι ἡμέτερα, εἰ μὴδ' ἡμᾶς αὐτούς;

Ἀλκιβιάδης

πῶς γάρ;

Σωκράτης

εἰ δ' ἄρα μηδὲ τὰ ἡμέτερα, οὐδὲ τὰ τῶν ἡμετέρων;

Ἀλκιβιάδης

οὐ φαίνεται.

Σωκράτης

οὐκ ἄρα πάνυ τι ὀρθῶς ὁμολογοῦμεν ὁμολογοῦντες ἄρτι εἶναί τινας οἱ ἑαυτοὺς μὲν οὐ γινώσκουσιν, τὰ δ' αὐτῶν, ἄλλους δὲ τὰ τῶν ἑαυτῶν. ἔοικε γὰρ πάντα ταῦτα εἶναι [133e] κατιδεῖν ενός τε καὶ μιᾶς τέχνης, αὐτόν, τὰ αὐτοῦ, τὰ τῶν ἑαυτοῦ.

Ἀλκιβιάδης

κινδυνεύει.

Σωκράτης

ὅστις δὲ τὰ αὐτοῦ ἀγνοεῖ, καὶ τὰ τῶν ἄλλων που ἂν ἀγνοοῖ κατὰ ταῦτά.

Ἀλκιβιάδης

τί μήν;

Σωκράτης

οὐκοῦν εἰ τὰ τῶν ἄλλων, καὶ τὰ τῶν πόλεων ἀγνοήσει.

Ἀλκιβιάδης

ἀνάγκη.

Σωκράτης

οὐκ ἄρ' ἂν γένοιτο ὁ τοιοῦτος ἀνὴρ πολιτικός.

Ἀλκιβιάδης

οὐ δῆτα.

Σωκράτης

οὐ μὴν οὐδ' οἰκονομικός γε.

[134a] Ἀλκιβιάδης

οὐ δῆτα.

Σωκράτης

οὐδέ γε εἴσεται ὅτι πράττει.

Ἀλκιβιάδης

οὐ γὰρ οὖν.

Σωκράτης

ὁ δὲ μὴ εἰδὼς οὐχ ἁμαρτήσεται;

Ἀλκιβιάδης

πάνυ γε.

Σωκράτης

ἐξαμαρτάνων δὲ οὐ κακῶς πράξει ἰδίᾳ τε καὶ δημοσίᾳ;

Ἀλκιβιάδης

πῶς δ' οὔ;

Σωκράτης

κακῶς δὲ πράττων οὐκ ἄθλιος;

Ἀλκιβιάδης

σφόδρα γε.

Σωκράτης

τί δ' οἷς οὗτος πράττει;

Ἀλκιβιάδης

καὶ οὗτοι.

Σωκράτης

οὐκ ἄρα οἷόν τε, ἐὰν μή τις σώφρων καὶ ἀγαθὸς ᾦ, εὐδαιμόνα εἶναι.

[134b] Ἀλκιβιάδης

οὐχ οἷόν τε.

Σωκράτης

οἱ ἄρα κακοὶ τῶν ἀνθρώπων ἄθλιοι.

Ἀλκιβιάδης

σφόδρα γε.

Σωκράτης

οὐκ ἄρα οὐδ' ὁ πλουτήσας ἀθλιότητος ἀπαλλάττεται, ἀλλ' ὁ σωφρονήσας.

Ἀλκιβιάδης

φαίνεται.

Σωκράτης

οὐκ ἄρα τειχῶν οὐδὲ τριήρων οὐδὲ νεωρίων δέονται αἱ πόλεις, ὃ Ἀλκιβιάδης, εἰ μέλλουσιν εὐδαιμονήσειν, οὐδὲ πλήθους οὐδὲ μεγέθους ἄνευ ἀρετῆς.

Ἀλκιβιάδης

οὐ μέντοι.

Σωκράτης

εἰ δὴ μέλλεις τὰ τῆς πόλεως πράξειν ὀρθῶς καὶ [134c] καλῶς, ἀρετῆς σοι μεταδοτέον τοῖς πολίταις.

Ἀλκιβιάδης

πῶς γὰρ οὐ;

Σωκράτης

δύναιτο δ' ἂν τις μεταδιδόναι ὃ μὴ ἔχοι;

Ἀλκιβιάδης

καὶ πῶς;

Σωκράτης

αὐτῷ ἄρα σοὶ πρῶτον κτητέον ἀρετὴν, καὶ ἄλλω ὃς μέλλει μὴ ἰδίᾳ μόνον αὐτοῦ τε καὶ τῶν αὐτοῦ ἄρξειν καὶ ἐπιμελήσεσθαι, ἀλλὰ πόλεως καὶ τῶν τῆς πόλεως.

Ἀλκιβιάδης

ἀληθῆ λέγεις.

Σωκράτης

οὐκ ἄρα ἐξουσίαν σοι οὐδ' ἀρχὴν παρασκευαστέον σαυτῷ ποιεῖν ὅτι
ἂν βούλῃ, οὐδὲ τῇ πόλει, ἀλλὰ δικαιοσύνην καὶ σωφροσύνην.

Ἀλκιβιάδης

φαίνεται.

[134d] Σωκράτης

δικαίως μὲν γὰρ πράττοντες καὶ σωφρόνως σύ τε καὶ ἡ πόλις
θεοφιλῶς πράξετε.

Ἀλκιβιάδης

εἰκός γε.

Σωκράτης

καὶ ὅπερ γε ἐν τοῖς πρόσθεν ἐλέγομεν, εἰς τὸ θεῖον καὶ λαμπρὸν
ὀρῶντες πράξετε.

Ἀλκιβιάδης

φαίνεται.

Σωκράτης

ἀλλὰ μὴν ἐνταῦθά γε βλέποντες ὑμᾶς τε αὐτοὺς καὶ τὰ ὑμέτερα
ἀγαθὰ κατόψεσθε καὶ γνώσεσθε.

Ἀλκιβιάδης

ναί.

Σωκράτης

οὐκοῦν ὀρθῶς τε καὶ εὖ πράξετε;

Ἀλκιβιάδης

ναί.

[134e] Σωκράτης

ἀλλὰ μὴν οὕτω γε πράττοντας ὑμᾶς ἐθέλω ἐγγυήσασθαι ἢ μὴν
εὐδαιμονήσειν.

Ἀλκιβιάδης

ἀσφαλὲς γὰρ εἶ ἐγγυητής.

Σωκράτης

ἀδίκως δέ γε πράττοντες, εἰς τὸ ἄθεον καὶ σκοτεινὸν βλέποντες, ὥς
τὰ εἰκότα, ὅμοια τούτοις πράξετε ἀγνοοῦντες ὑμᾶς αὐτούς.

Ἀλκιβιάδης

ἔοικεν.

Σωκράτης

οἱ γὰρ <ἄν>, ὦ φίλε Ἀλκιβιάδη, ἐξουσία μὲν ἢ ποιεῖν ὃ βούλεται, νοῦν δὲ μὴ ἔχει, τί τὸ εἰκὸς συμβαίνειν, ιδιώτῃ ἢ καὶ πόλει; οἷον νοσοῦντι ἐξουσίας οὔσης δρᾶν ὃ [135a] βούλεται, νοῦν ἰατρικὸν μὴ ἔχοντι, τυραννοῦντι δὲ ὥς μηδὲν ἐπιπλήττοι τις αὐτῷ, τί τὸ συμβησόμενον; ἄρ' οὐχ, ὥς τὸ εἰκός, διαφθαρῆναι τὸ σῶμα;

Ἀλκιβιάδης

ἀληθῆ λέγεις.

Σωκράτης

τί δ' ἐν νηί, εἴ τῳ ἐξουσία εἴη ποιεῖν ὃ δοκεῖ, νοῦ τε καὶ ἀρετῆς κυβερνητικῆς ἐστερημένῳ, καθορᾶς ἃ ἂν συμβαίῃ αὐτῷ τε καὶ τοῖς συνναύταις;

Ἀλκιβιάδης

ἔγωγε, ὅτι γε ἀπόλουντο πάντες ἄν.

Σωκράτης

οὐκοῦν ὡσαύτως ἐν πόλει τε καὶ πάσαις ἀρχαῖς καὶ [135b] ἐξουσίαις ἀπολειπομέναις ἀρετῆς ἔπεται τὸ κακῶς πράττειν;

Ἀλκιβιάδης

ἀνάγκη.

Σωκράτης

οὐκ ἄρα τυραννίδα χρή, ὃ ἄριστε Ἀλκιβιάδῃ, παρασκευάζεσθαι οὐθ' αὐτῷ οὔτε τῇ πόλει, εἰ μέλλετε εὐδαιμονεῖν, ἀλλ' ἀρετὴν.

Ἀλκιβιάδης

ἀληθῆ λέγεις.

Σωκράτης

πρὶν δέ γε ἀρετὴν ἔχειν, τὸ ἄρχεσθαι ἄμεινον ὑπὸ τοῦ βελτίονος ἢ τὸ ἄρχεῖν ἀνδρί, οὐ μόνον παιδί.

Ἀλκιβιάδης

φαίνεται.

Σωκράτης

οὐκοῦν τό γ' ἄμεινον καὶ κάλλιον;

Ἀλκιβιάδης

ναί.

Σωκράτης

τὸ δὲ κάλλιον πρεπωδέστερον;

[135c] Ἀλκιβιάδης

πῶς δ' οὔ;

Σωκράτης

πρέπει ἄρα τῷ κακῷ δουλεύειν: ἄμεινον γάρ.

Ἀλκιβιάδης

ναί.

Σωκράτης

δουλοπρεπὲς ἄρ' ἢ κακία.

Ἀλκιβιάδης

φαίνεται.

Σωκράτης

ἐλευθεροπρεπὲς δὲ ἢ ἀρετή.

Ἀλκιβιάδης

ναί.

Σωκράτης

οὐκοῦν φεύγειν χρή, ὦ ἑταῖρε, τὴν δουλοπρέπειαν;

Ἀλκιβιάδης

μάλιστα γε, ὦ Σώκρατες.

Σωκράτης

αἰσθάνη δὲ νῦν πῶς ἔχεις; ἐλευθεροπρεπῶς ἢ οὐ;

Ἀλκιβιάδης

δοκῶ μοι καὶ μάλα σφόδρα αἰσθάνεσθαι.

Σωκράτης

οἶσθ' οὖν πῶς ἀποφεύξῃ τοῦτο τὸ περὶ σὲ νῦν; ἵνα μὴ ὀνομάζωμεν
αὐτὸ ἐπὶ καλῷ ἀνδρί,

[135d] Ἀλκιβιάδης

ἔγωγε.

Σωκράτης

πῶς;

Ἀλκιβιάδης

ἐὰν βούλῃ σύ, ὦ Σώκρατες.

Σωκράτης

οὐ καλῶς λέγεις, ὦ Ἀλκιβιάδη.

Ἀλκιβιάδης

ἀλλὰ πῶς χρὴ λέγειν;

Σωκράτης

ὅτι ἐὰν θεὸς ἐθέλῃ.

Ἀλκιβιάδης

λέγω δῆ. καὶ πρὸς τούτοις μέντοι τόδε λέγω, ὅτι κινδυνεύσομεν μεταβαλεῖν τὸ σχῆμα, ὦ Σώκρατες, τὸ μὲν σὸν ἐγώ, σὺ δὲ τοῦμόν· οὐ γὰρ ἔστιν ὅπως οὐ παιδαγωγήσω σε ἀπὸ τῆσδε τῆς ἡμέρας, σὺ δ' ὑπ' ἐμοῦ παιδαγωγήσῃ.

[135e] Σωκράτης

ὦ γενναῖε, πελαργοῦ ἄρα ὁ ἐμὸς ἔρωσ οὐδὲν διοίσει, εἰ παρὰ σοὶ ἐννεοττεύσας ἔρωτα ὑπόπτερον ὑπὸ τούτου πάλιν θεραπεύσεται.

Ἀλκιβιάδης

ἀλλὰ οὕτως ἔχει, καὶ ἄρξομαί γε ἐντεῦθεν τῆς δικαιοσύνης ἐπιμέλεσθαι.

Σωκράτης

βουλοίμην ἂν σε καὶ διατελέσαι: ὁρῶδ' ὃν δέ, οὐ τι τῇ σῇ φύσει
ἀπιστῶν, ἀλλὰ τὴν τῆς πόλεως ὀρῶν ῥώμην, μὴ ἐμοῦ τε καὶ σοῦ
κρατήση.

CHARMIDES

[153a] Σωκράτης

ἤκομεν τῇ προτεραίᾳ ἐσπέρας ἐκ Ποτειδαίας ἀπὸ τοῦ στρατοπέδου, οἷον δὲ διὰ χρόνου ἀφιγμένος ἀσμένως ἦα ἐπὶ τὰς συνήθεις διατριβάς. καὶ δὴ καὶ εἰς τὴν Ταυρέου παλαίστραν τὴν καταντικρὺ τοῦ τῆς Βασίλης ἱεροῦ εἰσῆλθον, καὶ αὐτόθι κατέλαβον πάνυ πολλοὺς, τοὺς μὲν καὶ ἀγνώτας ἐμοί, τοὺς δὲ πλείστους γνωρίμους. καί με ὡς [153b] εἶδον εἰσιόντα ἐξ ἀπροσδοκήτου, εὐθὺς πόρρωθεν ἡσπάζοντο ἄλλος ἄλλοθεν· Χαιρεφῶν δέ, ἅτε καὶ μανικὸς ὢν, ἀναπηδήσας ἐκ μέσων ἔθει πρὸς με, καί μου λαβόμενος+ τῆς χειρός +, ὦ Σώκρατες, ἦ δ' ὅς, πῶς ἐσώθης ἐκ τῆς μάχης; Ὀλίγον δὲ πρὶν ἡμᾶς ἀπιέναι μάχῃ ἐγεγόνει ἐν τῇ Ποτειδαίᾳ, ἣν ἄρτι ἦσαν οἱ τῇδε πεπυσμένοι.

καὶ ἐγὼ πρὸς αὐτὸν ἀποκρινόμενος, Οὐτωςί, ἔφην, ὡς σὺ ὀράς.

καὶ μὴν ἡγγελαί γε δεῦρο, ἔφη, ἥ τε μάχῃ πάνυ ἰσχυρὰ [153c] γεγονέναι καὶ ἐν αὐτῇ πολλοὺς τῶν γνωρίμων τεθνάναι.

καὶ ἐπιεικῶς, ἦν δ' ἐγώ, ἀληθῇ ἀπήγγελλται.

παρεγένου μὲν, ἦ δ' ὅς, τῇ μάχῃ;

παρεγενόμην.

δεῦρο δὴ, ἔφη, καθεζόμενος ἡμῖν διήγησαι· οὐ γάρ τί πω πάντα+ σαφῶς πεπύσμεθα. καὶ ἅμα με καθίζει ἄγων παρὰ Κριτίαν τὸν Καλλαισχροῦ.

παρακαθεζόμενος οὖν+ ἡσπαζόμην τὸν τε Κριτίαν καὶ τοὺς ἄλλους, καὶ διηγούμην αὐτοῖς τὰ ἀπὸ στρατοπέδου, ὅτι μέ [153d] τις ἀνέροιτο· ἡρώτων δὲ ἄλλος ἄλλο.

ἐπειδὴ δὲ τῶν τοιούτων ἄδην+ εἶχομεν, αὐθις ἐγὼ αὐτοὺς ἀνηρώτων τὰ τῇδε, περὶ φιλοσοφίας ὅπως ἔχοι τὰ νῦν, περὶ τε τῶν νέων, εἴ τινες ἐν αὐτοῖς διαφέροντες ἢ σοφία ἢ κάλλει ἢ ἀμφοτέροις ἐγγεγονότες εἶεν. καὶ ὁ Κριτίας ἀποβλέψας [154a] πρὸς τὴν θύραν, ἰδὼν τινας

νεανίσκους εισιόντας καὶ λοιδορουμένους ἀλλήλοις καὶ ἄλλον ὄχλον ὀπισθεν ἐπόμενον, περὶ μὲν τῶν καλῶν, ἔφη, ὃ Σώκρατες, αὐτίκα μοι δοκεῖς εἰσεσθαι: οὗτοι γὰρ τυγχάνουσιν οἱ εισιόντες πρόδρομοί τε καὶ ἐρασταὶ ὄντες τοῦ δοκοῦντος καλλίστου εἶναι τὰ γε δὴ νῦν, φαίνεται δέ μοι καὶ αὐτὸς ἐγγὺς ἤδη που εἶναι προσιῶν.

ἔστιν δέ, ἦν δ' ἐγώ, τίς τε καὶ τοῦ;

οἷσθά που σύ γε, ἔφη, ἀλλ' οὐπω ἐν ἡλικίᾳ ἦν πρὶν σε [154b] ἀπιέναι, Χαρμίδην τὸν τοῦ Γλαύκωνος τοῦ ἡμετέρου θεοῦ υἱόν, ἐμὸν δὲ ἀνεψιόν.

οἶδα μέντοι νῆ Δία, ἦν δ' ἐγώ: οὐ γάρ τι φαῦλος οὐδὲ τότε ἦν ἔτι παῖς ὢν, νῦν δ' οἷμαί που εὖ μάλα ἂν ἤδη μειράκιον εἴη.

αὐτίκα, ἔφη, εἴση καὶ ἡλίκος καὶ οἶος γέγονεν. καὶ ἅμα ταῦτ' αὐτοῦ λέγοντος ὁ Χαρμίδης εἰσέρχεται.

ἐμοὶ μὲν οὖν, ὃ ἐταῖρε, οὐδὲν σταθμητόν: ἀτεχνῶς γὰρ λευκὴ στάθμη εἰμὶ πρὸς τοὺς καλοὺς — σχεδὸν γάρ τί μοι πάντες οἱ ἐν τῇ ἡλικίᾳ καλοὶ φαίνονται — ἀτὰρ οὖν δὴ καὶ [154c] τότε ἐκεῖνος ἐμοὶ θαυμαστὸς ἐφάνη τό τε μέγεθος καὶ τὸ κάλλος, οἱ δὲ δὴ ἄλλοι πάντες ἐρᾶν ἔμοιγε ἐδόκουν αὐτοῦ — οὕτως ἐκπεπληγμένοι τε καὶ τεθορυβημένοι ἦσαν, ἡνίκ' εἰσῆει — πολλοὶ δὲ δὴ ἄλλοι ἐρασταὶ καὶ ἐν τοῖς ὀπισθεν εἶποντο. καὶ τὸ μὲν ἡμέτερον τὸ τῶν ἀνδρῶν ἦττον θαυμαστὸν ἦν: ἀλλ' ἐγὼ καὶ τοῖς παισὶ προσέσχον τὸν νοῦν, ὥς οὐδεὶς ἄλλος' ἔβλεπεν αὐτῶν, οὐδ' ὅστις σμικρότατος ἦν, ἀλλὰ πάντες ὥσπερ ἄγαλμα ἐθεῶντο αὐτόν. καὶ ὁ [154d] Χαιρεφῶν καλέσας με, τί σοι φαίνεται ὁ νεανίσκος, ἔφη, ὃ Σώκρατες; οὐκ εὐπρόσωπος;

ὑπερφυῶς, ἦν δ' ἐγώ.

οὗτος μέντοι, ἔφη, εἰ ἐθέλοι ἀποδῦναι, δόξει σοι ἀπρόσωπος εἶναι: οὕτως τὸ εἶδος ἀγκαλὸς ἐστιν.

συνέφασαν οὖν καὶ οἱ ἄλλοι ταῦτ' αὐτὰ+ τῷ Χαιρεφῶντι: καὶ γὰρ, Ἡράκλεις, ἔφην, ὥς ἅμαχον λέγετε τὸν ἄνδρα, εἰ ἔτι αὐτῷ ἐν δὴ μόνον τυγχάνει προσὸν σμικρόν τι.

τί; ἔφη ὁ Κριτίας.

[154e] εἰ τὴν ψυχὴν, ἣν δ' ἐγώ, τυγχάνει εὖ πεφυκώς. πρέπει δέ που, ὦ Κριτία, τοιοῦτον αὐτὸν εἶναι τῆς γε ὑμετέρας ὄντα οἰκίας.

ἀλλ', ἔφη, πάνυ καλὸς καὶ ἀγαθὸς ἐστὶν καὶ ταῦτα.

τί οὖν, ἔφην, οὐκ ἀπεδύσαμεν αὐτοῦ αὐτὸ τοῦτο καὶ ἐθεασάμεθα πρότερον τοῦ εἵδους; πάντως γάρ που τηλικούτος ὢν ἤδη ἐθέλει διαλέγεσθαι.

καὶ πάνυ γε, ἔφη ὁ Κριτίας, ἐπεὶ τοι καὶ ἔστιν φιλόσοφος [155a] τε καί, ὥς δοκεῖ ἄλλοις τε καὶ ἑαυτῷ, πάνυ ποιητικός.

τοῦτο μὲν, ἣν δ' ἐγώ, ὦ φίλε Κριτία, πόρρωθεν ὑμῖν τὸ καλὸν ὑπάρχει ἀπὸ τῆς Σόλωνος συγγενείας. ἀλλὰ τί οὐκ ἐπέδειξάς μοι τὸν νεανίαν καλέσας δεῦρο; οὐδὲ γὰρ ἂν που εἰ ἔτι ἐτύγχανε νεώτερος ὢν, αἰσχρὸν ἂν ἦν αὐτῷ διαλέγεσθαι ἡμῖν ἐναντίον γε σοῦ, ἐπιτρόπου τε ἅμα καὶ ἀνεψιοῦ ὄντος.

ἀλλὰ καλῶς, ἔφη, λέγεις, καὶ καλοῦμεν αὐτόν. καὶ [155b] ἅμα πρὸς τὸν ἀκόλουθον, Παῖ, ἔφη, κάλει Χαρμίδην, εἰπὼν ὅτι βούλομαι αὐτὸν ἱατρῷ συστήσαι περὶ τῆς ἀσθενείας ἧς πρόην πρὸς με ἔλεγεν ὅτι ἀσθενοῖ. πρὸς οὖν ἐμὲ ὁ Κριτίας, Ἐναγχὸς τοι ἔφη βαρύνεσθαι τὴν κεφαλὴν ἔωθεν ἀνιστάμενος: ἀλλὰ τί σε κωλύει προσποιησασθαι πρὸς αὐτὸν ἐπίστασθαι τὴν κεφαλῆς φάρμακον;

οὐδέν, ἣν δ' ἐγώ: μόνον ἐλθέτω.

ἀλλ' ἥξει, ἔφη.

ὁ οὖν καὶ ἐγένετο. ἦκε γάρ, καὶ ἐποίησε γέλωτα [155c] πολύν: ἕκαστος γὰρ ἡμῶν τῶν καθημένων συγχωρῶν τὸν πλησίον ἐώθει σπουδῇ, ἵνα παρ' αὐτῷ καθέζοιτο, ἕως τῶν ἐπ' ἐσχάτῳ καθημένων τὸν μὲν ἀνεστήσαμεν, τὸν δὲ πλάγιον κατεβάλομεν. ὁ δ' ἐλθὼν μεταξὺ ἐμοῦ τε καὶ τοῦ Κριτίου ἐκαθέζετο. ἐνταῦθα μέντοι, ὦ φίλε, ἐγὼ ἤδη ἠπόρουν, καὶ μου ἡ πρόσθεν θρασύτης ἐξεκέκοπτο, ἣν εἶχον ἐγὼ ὥς πάνυ ῥαδίως αὐτῷ διαλεζόμενος: ἐπειδὴ δέ, φράσαντος τοῦ Κριτίου ὅτι ἐγὼ εἶην ὁ τὸ φάρμακον ἐπιστάμενος, ἐνέβλεψέν τέ μοι [155d] τοῖς ὀφθαλμοῖς ἀμύχανόν τι οἶον καὶ ἀνήγετο ὥς ἐρωτήσων,

καὶ οἱ ἐν τῇ παλαιίστρᾳ ἅπαντες περιέρρεον ἡμᾶς κύκλῳ κοιμῶντες, τότε δὴ, ὃ γεννάδα, εἰδὼν τε τὰ ἐντὸς τοῦ ἱματίου καὶ ἐφλεγόμενην καὶ οὐκέτ' ἐν ἑμαυτοῦ ἦν καὶ ἐνόμισα σοφώτατον εἶναι τὸν Κυδῖαν τὰ ἐρωτικά, ὃς εἶπεν ἐπὶ καλοῦ λέγων παιδός, ἄλλῳ ὑποτιθέμενος, εὐλαβεῖσθαι μὴ κατέναντα λέοντος νεβρὸν ἐλθόντα μοῖραν αἰρεῖσθαι [155e] κρεῶν: αὐτὸς γάρ μοι ἐδόκουν ὑπὸ τοῦ τοιούτου θρέμματος ἐαλωκέναι. ὅμως δὲ αὐτοῦ ἐρωτήσαντος εἰ ἐπισταίμην τὸ τῆς κεφαλῆς φάρμακον, μόγις πως ἀπεκρινάμην ὅτι ἐπισταίμην.

τί οὖν, ἦ δ' ὅς, ἐστίν;

καὶ ἐγὼ εἶπον ὅτι αὐτὸ μὲν εἶη φύλλον τι, ἐπωδὴ δέ τις ἐπὶ τῷ φαρμάκῳ εἶη, ἦν εἰ μὲν τις ἐπάδοι ἅμα καὶ χρῶτο αὐτῷ, παντάπασιν ὑγιᾶ ποιοῖ τὸ φάρμακον: ἄνευ δὲ τῆς ἐπωδὴς οὐδὲν ὄφελος εἶη τοῦ φύλλου.

[156a] καὶ ὅς, Ἀπογράψομαι τοίνυν, ἔφη, παρὰ σοῦ τὴν ἐπωδήν.

πότερον, ἦν δ' ἐγώ, ἐάν με πείθῃς ἢ κἂν μή;

γελάσας οὖν, ἐάν σε πείθω, ἔφη, ὃ Σώκρατες.

εἶεν, ἦν δ' ἐγώ: καὶ τοῦνομά μου σὺ ἀκριβοῖς;

εἰ μὴ ἀδικῶ γε, ἔφη: οὐ γάρ τι σοῦ ὀλίγος λόγος ἐστίν ἐν τοῖς ἡμετέροις ἡλικιώταις, μέμνημαι+ δὲ ἔγωγε καὶ παῖς ὢν Κριτία+ τῷδε + συνόντα σε.

καλῶς γε σύ, ἦν δ' ἐγώ, ποιῶν: μᾶλλον γάρ σοι παρρησιάσομαι [156b] περὶ τῆς ἐπωδὴς οἷα τυγχάνει οὗσα: ἄρτι δ' ἠπόρουν τίνι τρόπῳ σοι ἐνδειξαίμην τὴν δύναμιν αὐτῆς. ἔστι γάρ, ὃ Χαρμίδη, τοιαύτη οἷα μὴ δύνασθαι τὴν κεφαλὴν μόνον ὑγιᾶ ποιεῖν, ἀλλ' ὥσπερ ἴσως ἤδη καὶ σὺ ἀκήκοας τῶν ἀγαθῶν ἰατρῶν, ἐπειδάν τις αὐτοῖς προσέλθῃ τοὺς ὀφθαλμοὺς ἀλγῶν, λέγουσιν οἱ ὅτι οὐχ οἷόν τε αὐτοὺς μόνους ἐπιχειρεῖν τοὺς ὀφθαλμοὺς ἰᾶσθαι, ἀλλ' ἀναγκαῖον εἶη ἅμα καὶ τὴν κεφαλὴν θεραπεύειν, εἰ μέλλοι [156c] καὶ τὰ τῶν ὀμμάτων εὖ ἔχειν: καὶ αὐτὸ τὴν κεφαλὴν οἷεσθαι ἂν ποτε θεραπεῦσαι αὐτὴν ἐφ' ἐαυτῆς ἄνευ ὅλου τοῦ σώματος πολλὴν ἄνοιαν εἶναι. ἐκ δὲ τούτου τοῦ λόγου διαίταις ἐπὶ πᾶν τὸ σῶμα τρεπόμενοι μετὰ τοῦ ὅλου τὸ μέρος ἐπιχειροῦσιν θεραπεύειν τε καὶ

ἰᾶσθαι· ἢ οὐκ ἦσθησαι ὅτι ταῦτα οὕτως λέγουσίν τε καὶ ἔχει;

πάνυ γε, ἔφη.

οὐκοῦν καλῶς σοι δοκεῖ λέγεσθαι καὶ ἀποδέχῃ τὸν λόγον;

πάντων μάλιστα, ἔφη.

[156d] καὶ γὰρ ἀκούσας αὐτοῦ ἐπαινέσαντος ἀνεθάρρῃσά τε, καὶ μοι κατὰ σμικρὸν πάλιν ἡ θρασύτης συνηγείρετο, καὶ ἀνεζωπυρούμην. καὶ εἶπον· τοιοῦτον τοίνυν ἐστίν, ὃ Χαρμίδη, καὶ τὸ ταύτης τῆς ἐπωδῆς. ἔμαθον δ' αὐτὴν ἐγὼ ἐκεῖ ἐπὶ στρατιᾷς παρά τινος τῶν Θρακῶν τῶν Ζαλμόξιδος ἰατρῶν, οἱ λέγονται καὶ ἀπαθανατίζειν. ἔλεγεν δὲ ὁ Θραξ οὗτος ὅτι ταῦτα μὲν [ἰατροί] οἱ Ἕλληνες, ἃ νυνδὴ ἐγὼ ἔλεγον, καλῶς λέγοιεν· ἀλλὰ Ζάλμοξις, ἔφη, λέγει ὁ ἡμέτερος βασιλεύς, θεὸς ὢν, [156e] ὅτι ὥσπερ ὀφθαλμοὺς ἄνευ κεφαλῆς οὐ δεῖ ἐπιχειρεῖν ἰᾶσθαι οὐδὲ κεφαλὴν ἄνευ σώματος, οὕτως οὐδὲ σῶμα ἄνευ ψυχῆς, ἀλλὰ τοῦτο καὶ αἴτιον εἶη τοῦ διαφεύγειν τοὺς παρὰ τοῖς Ἕλλησιν ἰατροὺς τὰ πολλὰ νοσήματα, ὅτι τοῦ ὅλου ἀμελοῖεν οὗ δέοι τὴν ἐπιμέλειαν ποιεῖσθαι, οὗ μὴ καλῶς ἔχοντος ἀδύνατον εἶη τὸ μέρος εὖ ἔχειν. πάντα γὰρ ἔφη ἐκ τῆς ψυχῆς ὠρμῆσθαι καὶ τὰ κακὰ καὶ τὰ ἀγαθὰ τῷ σώματι καὶ παντὶ τῷ ἀνθρώπῳ, καὶ ἐκεῖθεν ἐπιρρεῖν ὥσπερ ἐκ τῆς κεφαλῆς ἐπὶ [157a] τὰ ὄμματα· δεῖν οὖν ἐκεῖνο καὶ πρῶτον καὶ μάλιστα θεραπεύειν, εἰ μέλλει καὶ τὰ τῆς κεφαλῆς καὶ τὰ τοῦ ἄλλου σώματος καλῶς ἔχειν. θεραπεύεσθαι δὲ τὴν ψυχὴν ἔφη, ὃ μακάριε, ἐπωδαῖς τισιν, τὰς δ' ἐπωδὰς ταύτας τοὺς λόγους εἶναι τοὺς καλοῦς· ἐκ δὲ τῶν τοιούτων λόγων ἐν ταῖς ψυχαῖς σωφροσύνην ἐγγίγνεσθαι, ἧς ἐγγενομένης καὶ παρούσης ῥάδιον ἦδη εἶναι τὴν ὑγίειαν καὶ τῇ κεφαλῇ καὶ τῷ ἄλλῳ [157b] σώματι πορίζειν. διδάσκων οὖν με τό τε φάρμακον καὶ τὰς ἐπωδὰς, “ὅπως,” ἔφη, “τῷ φαρμάκῳ τούτῳ μηδεὶς σε πείσει τὴν αὐτοῦ κεφαλὴν θεραπεύειν, ὃς ἂν μὴ τὴν ψυχὴν πρῶτον παράσχη τῇ ἐπωδῇ ὑπὸ σοῦ θεραπευθῆναι. καὶ γὰρ νῦν,” ἔφη, “τοῦτ' ἐστὶν τὸ ἀμάρτημα περὶ τοὺς ἀνθρώπους, ὅτι χωρὶς ἐκατέρου, σωφροσύνης τε καὶ ὑγείας, ἰατροὶ τινες ἐπιχειροῦσιν εἶναι.” καὶ μοι πάνυ σφόδρα ἐνετέλλετο μήτε πλούσιον οὕτω μηδένα εἶναι μήτε γενναῖον μήτε καλόν, ὃς [157c] ἐμὲ πείσει ἄλλως ποιεῖν. ἐγὼ οὖν — ὁμώμοκα γὰρ αὐτῷ, καὶ μοι ἀνάγκη πείθεσθαι — πείσομαι οὖν, καὶ σοί, ἐὰν μὲν βούλῃ κατὰ τὰς τοῦ

ξένου ἐντολὰς τὴν ψυχὴν πρῶτον παρασχεῖν ἐπαῖσαι ταῖς τοῦ Θρακὸς ἐπωδαῖς, προσοίσω τὸ φάρμακον τῇ κεφαλῇ: εἰ δὲ μή, οὐκ ἂν ἔχοιμεν+ ὅτι ποιοῖμέν+ σοι, ὦ φίλε Χαρμίδη.

ἀκούσας οὖν μου ὁ Κριτίας ταῦτ' εἰπόντος, Ἑρμαιον, ἔφη, ὦ Σώκρατες, γεγονὸς ἂν εἴη ἡ τῆς κεφαλῆς ἀσθένεια τῷ νεανίσκῳ, εἰ ἀναγκασθήσεται καὶ τὴν διάνοιαν διὰ τὴν [157d] κεφαλὴν βελτίων γενέσθαι. λέγω+ μέντοι σοι ὅτι Χαρμίδης τῶν ἡλικιωτῶν οὐ μόνον τῇ ιδέᾳ δοκεῖ διαφέρειν, ἀλλὰ καὶ αὐτῷ τούτῳ, οὗ σὺ φῆς τὴν ἐπωδὴν ἔχειν: φῆς δὲ σωφροσύνης: ἦ γάρ;

πάνυ γε, ἦν δ' ἐγώ.

εὖ τοῖνυν ἴσθι, ἔφη, ὅτι πάνυ πολὺ δοκεῖ σωφρονέστατος εἶναι τῶν νυνί, καὶ ἄλλα πάντα, εἰς ὅσον ἡλικίας ἦκει, οὐδενὸς χείρων ὢν.

καὶ γάρ, ἦν δ' ἐγώ, καὶ δίκαιον, ὦ Χαρμίδη, διαφέρειν σε [157e] τῶν ἄλλων πᾶσιν τοῖς τοιούτοις: οὐ γὰρ οἶμαι ἄλλον οὐδένα τῶν ἐνθάδε ῥαδίως ἂν ἔχειν ἐπιδείξαι ποῖαι δύο οἰκίαι συνελθοῦσαι εἰς ταὐτὸν τῶν Ἀθήνησιν ἐκ τῶν εἰκότων καλλίῳ ἂν καὶ ἀμείνω γεννήσειαν ἢ ἐξ ὧν σὺ γέγονας. ἦ τε γὰρ πατρῴα ὑμῖν οἰκία, ἡ Κριτίου τοῦ Δρωπίδου, καὶ ὑπὸ Ἀνακρέοντος καὶ ὑπὸ Σόλωνος καὶ ὑπ' ἄλλων πολλῶν ποιητῶν ἐγκεκωμιασμένη παραδέδοται ἡμῖν, ὥς διαφέρουσα κάλλει τε [158a] καὶ ἀρετῇ καὶ τῇ ἄλλῃ λεγομένη εὐδαιμονία, καὶ αὖ ἢ πρὸς μητρὸς ὡσαύτως: Πυριλάμπους γὰρ τοῦ σοῦ θεοῦ οὐδεὶς τῶν ἐν τῇ ἡπείρῳ λέγεται καλλίων καὶ μείζων ἀνὴρ δόξαι εἶναι, ὡσάκις ἐκεῖνος ἢ παρὰ μέγαν βασιλέα ἢ παρὰ ἄλλον τινὰ τῶν ἐν τῇ ἡπείρῳ πρεσβεύων ἀφίκετο, σύμπασα δὲ αὕτη ἡ οἰκία οὐδὲν τῆς ἐτέρας ὑποδεεστέρα. ἐκ δὴ τοιούτων γεγονότα εἰκὸς σε εἰς πάντα πρῶτον εἶναι. τὰ μὲν οὖν ὀρώμενα+ τῆς [158b] ιδέας+, ὦ φίλε παῖ Γλαύκωνος, δοκεῖς μοι οὐδένα τῶν πρὸ σοῦ ἐν οὐδενὶ ὑποβεβηκέναι: εἰ δὲ δὴ καὶ πρὸς σωφροσύνην καὶ πρὸς ἄλλα κατὰ τὸν τοῦδε λόγον ἱκανῶς πέφυκας, μακάριόν σε, ἦν δ' ἐγώ, ὦ φίλε Χαρμίδη, ἡ μήτηρ ἔτικτεν. ἔχει δ' οὖν οὕτως. εἰ μὲν σοι ἤδη πάρεστιν, ὥς λέγει Κριτίας ὁδε, σωφροσύνη καὶ εἰ σώφρων ἱκανῶς, οὐδὲν ἔτι σοι ἔδει οὔτε τῶν Ζαλμόξιδος οὔτε τῶν Ἀβάριδος τοῦ Ὑπερβορέου ἐπωδῶν, ἀλλ' αὐτὸ σοι ἂν ἤδη δοτέον εἴη τὸ [158c] τῆς κεφαλῆς φάρμακον: εἰ δ' ἔτι τούτων ἐπιδεῆς εἶναι δοκεῖς, ἐπαστέον πρὸ τῆς τοῦ φαρμάκου

δόσεως. αὐτὸς οὖν μοι εἶπε πότερον ὁμολογεῖς τῷδε καὶ φῆς ἱκανῶς ἤδη σωφροσύνης μετέχειν ἢ ἐνδεῆς εἶναι;

ἀνευθυριάσας οὖν ὁ Χαρμίδης πρῶτον μὲν ἔτι καλλίων ἐφάνη — καὶ γὰρ τὸ αἰσχυνηλὸν αὐτοῦ τῇ ἡλικίᾳ ἔπρεψεν — ἔπειτα καὶ οὐκ ἀγεννῶς ἀπεκρίνατο: εἶπεν γὰρ ὅτι οὐ ῥάδιον εἶη ἐν τῷ παρόντι οὐθ' ὁμολογεῖν οὔτε ἐξάρνω εἶναι τὰ [158d] ἐρωτώμενα. ἐὰν μὲν γάρ, ἢ δ' ὅς, μὴ φῶ εἶναι σώφρων, ἅμα μὲν ἄτοπον αὐτὸν καθ' ἑαυτοῦ τοιαῦτα λέγειν, ἅμα δὲ καὶ Κριτίαν τόνδε ψευδῇ ἐπιδείξω καὶ ἄλλους πολλούς, οἷς δοκῶ εἶναι σώφρων, ὥς ὁ τούτου λόγος: ἐὰν δ' αὖ φῶ καὶ ἑμαυτὸν ἐπαινῶ, ἴσως ἐπαχθὲς φανεῖται. ὥστε οὐκ ἔχω ὅτι σοι ἀποκρίνωμαι.

καὶ ἐγὼ εἶπον ὅτι μοι εἰκότα φαίνει λέγειν, ὦ Χαρμίδη. καί μοι δοκεῖ, ἦν δ' ἐγώ, κοινῇ ἂν εἶη σκεπτέον εἴτε κέκτησαι [158e] εἴτε μὴ ὁ πυνθάνομαι, ἵνα μήτε σὺ ἀναγκάξῃ λέγειν ἂ μὴ βούλει, μήτ' αὖ ἐγὼ ἀσκέπτως ἐπὶ τὴν ἱατρικὴν τρέπωμαι. εἰ οὖν σοι φίλον, ἐθέλω σκοπεῖν μετὰ σοῦ: εἰ δὲ μή, ἔαν.

ἀλλὰ πάντων μάλιστα, ἔφη, φίλον: ὥστε τούτου γε ἔνεκα+, ὅπη αὐτὸς οἶε βέλτιον σκέψασθαι, ταύτη σκόπει.

τῇδε τοίνυν, ἔφην ἐγώ, δοκεῖ μοι βελτίστη εἶναι ἡ σκέψις περὶ αὐτοῦ. δῆλον γὰρ ὅτι εἴ σοι πάρεστιν σωφροσύνη, [159a] ἔχεις τι περὶ αὐτῆς δοξάζειν. ἀνάγκη γάρ που ἐνοῦσαν αὐτήν, εἴπερ ἔνεστιν, αἰσθησὶν τινα παρέχειν, ἐξ ἧς δόξα ἂν τίς σοι περὶ αὐτῆς εἶη ὅτι ἐστὶν καὶ ὁποῖόν τι ἢ σωφροσύνη: ἢ οὐκ οἶε;

ἐγωγε, ἔφη, οἶμαι.

οὐκοῦν τοῦτ' οἶε, ἔφην, ὁ οἶε, ἐπειδὴ περ ἐλληνίζειν ἐπίστασαι, κἂν εἴποις δήπου αὐτὸ ὅτι σοι φαίνεται;

ἴσως, ἔφη.

ἵνα τοίνυν τοπάσωμεν εἴτε σοι ἔνεστιν εἴτε μή, εἶπέ, ἦν δ' ἐγώ, τί φῆς εἶναι σωφροσύνην κατὰ τὴν σὴν δόξαν.

[159b] καὶ ὅς τὸ μὲν πρῶτον ὥκνει τε καὶ οὐ πάνυ ἠθελεν ἀποκρίνασθαι: ἔπειτα μέντοι εἶπεν ὅτι οἷ δοκοῖ σωφροσύνη εἶναι τὸ

κοσμίως πάντα πράττειν καὶ ἡσυχῇ, ἔν τε ταῖς ὁδοῖς βαδίζειν καὶ διαλέγεσθαι, καὶ τὰ ἄλλα πάντα ὡσαύτως ποιεῖν. καὶ μοι δοκεῖ, ἔφη, συλλήβδην ἡσυχιότης τις εἶναι ὃ ἐρωτᾷς.

ἄρ' οὖν, ἦν δ' ἐγώ, εὖ λέγεις; φασί γέ τοι, ὦ Χαρμίδη, τοὺς ἡσυχίους σώφρονας εἶναι: ἴδωμεν δὴ εἴ τι λέγουσιν. [159c] εἰπὲ γάρ μοι, οὐ τῶν καλῶν μέντοι ἡ σωφροσύνη ἐστίν;

πάνυ γε, ἔφη.

πότερον οὖν κάλλιστον ἐν γραμματιστοῦ τὰ ὅμοια γράμματα γράφειν ταχὺ ἢ ἡσυχῇ;

ταχύ.

τί δ' ἀναγιγνώσκειν; ταχέως ἢ βραδέως;

ταχέως.

καὶ μὲν δὴ καὶ τὸ κιθαρίζειν ταχέως καὶ τὸ παλαίειν ὁξέως πολὺ κάλλιον τοῦ ἡσυχῇ τε καὶ βραδέως;

ναί.

τί δὲ πυκτεύειν τε καὶ παγκρατιάζειν; οὐχ ὡσαύτως;

πάνυ γε.

θεῖν δὲ καὶ ἄλλεσθαι καὶ τὰ τοῦ σώματος ἅπαντα ἔργα, [159d] οὐ τὰ μὲν ὁξέως καὶ ταχὺ γινόμενα τὰ τοῦ καλοῦ ἐστίν, τὰ δὲ [βραδέα] μόγις τε καὶ ἡσυχῇ τὰ τοῦ αἰσχροῦ;

φαίνεται.

φαίνεται ἄρα ἡμῖν, ἔφην ἐγώ, κατὰ γε τὸ σῶμα οὐ τὸ ἡσύχιον, ἀλλὰ τὸ τάχιστον καὶ ὁξύτατον κάλλιστον ὄν. ἦ γάρ;

πάνυ γε.

ἡ δέ γε σωφροσύνη καλόν τι ἦν;

ναί.

οὐ τοίνυν κατὰ γε τὸ σῶμα ἢ ἡσυχίῃτος ἂν ἀλλ' ἢ ταχυτῆς
σωφρονέστερον εἴη, ἐπειδὴ καλὸν ἢ σωφροσύνη.

ἔοικεν, ἔφη.

[159e] τί δέ; ἦν δ' ἐγώ, εὐμαθία κάλλιον ἢ δυσμαθία;

εὐμαθία.

ἔστιν δέ γ', ἔφην, ἢ μὲν εὐμαθία ταχέως μανθάνειν, ἢ δὲ δυσμαθία
ἡσυχῇ καὶ βραδέως;

ναί.

διδάσκειν δὲ ἄλλον οὐ ταχέως [καὶ] κάλλιον καὶ σφόδρα μᾶλλον ἢ
ἡσυχῇ τε καὶ βραδέως;

ναί.

τί δέ; ἀναμιμνήσκεσθαι καὶ μεμνησθαι ἡσυχῇ τε καὶ βραδέως
κάλλιον ἢ σφόδρα καὶ ταχέως;

σφόδρ', ἔφη, καὶ ταχέως.

[160a] ἢ δ' ἀγχίνοια οὐχὶ ὀξύτης τίς ἐστιν τῆς ψυχῆς ἀλλ' οὐχὶ
ἡσυχία;

ἀληθῆ.

οὐκοῦν καὶ τὸ συνιέναι τὰ λεγόμενα, καὶ ἐν γραμματιστοῦ καὶ
κιθαριστοῦ καὶ ἄλλοθι πανταχοῦ, οὐχ ὥς ἡσυχαιτάτα ἀλλ' ὥς
τάχιστα ἐστι κάλλιστα;

ναί.

ἀλλὰ μὴν ἔν γε ταῖς ζητήσεσιν τῆς ψυχῆς καὶ τῷ βουλευέσθαι οὐχ ὁ
ἡσυχιώτατος, ὥς ἐγὼ οἶμαι, καὶ μόγις βουλευόμενός τε καὶ
ἀνευρίσκων ἐπαίνου δοκεῖ ἄξιος εἶναι, [160b] ἀλλ' ὁ ῥᾶστά τε καὶ
τάχιστα τοῦτο δρῶν.

ἔστιν ταῦτα, ἔφη.

οὐκοῦν πάντα, ἦν δ' ἐγώ, ὦ Χαρμίδη, ἡμῖν καὶ τὰ περὶ τὴν ψυχὴν καὶ

τὰ περὶ τὸ σῶμα, τὰ τοῦ τάχους τε καὶ τῆς ὀξύτητος καλλίῳ φαίνεται
ἢ τὰ τῆς βραδυτητός τε καὶ ἡσυχιότητος;

κινδυνεύει, ἔφη.

οὐκ ἄρα ἡσυχιότης τις ἢ σωφροσύνη ἂν εἴη, οὐδ' ἡσύχιος ὁ σώφρων
βίος, ἔκ γε τούτου τοῦ λόγου, ἐπειδὴ καλὸν αὐτὸν δεῖ εἶναι σώφρονα
ὄντα. δυοῖν γὰρ δὴ τὰ ἕτερα: ἢ οὐδαμοῦ [160c] ἡμῖν ἢ πάνυ που
ὀλιγαχοῦ αἱ ἡσύχιοι πράξεις ἐν τῷ βίῳ καλλίους ἐφάνησαν ἢ αἱ
ταχεῖαί τε καὶ ἰσχυραί. εἰ δ' οὖν, ὧ φίλε, ὅτι μάλιστα μηδὲν ἐλάττους
αἱ ἡσύχιοι τῶν σφοδρῶν τε καὶ ταχειῶν πράξεων τυγχάνουσιν
καλλίους οὔσαι, οὐδὲ ταύτη σωφροσύνη ἂν εἴη μᾶλλον τι τὸ ἡσυχῇ
πράττειν ἢ τὸ σφόδρα τε καὶ ταχέως, οὔτε ἐν βαδισμῷ οὔτε ἐν λέξει
οὔτε ἄλλοθι οὐδαμοῦ, οὐδὲ ὁ ἡσύχιος βίος [κόσμιος] τοῦ μὴ ἡσυχίου
[160d] σωφρονέστερος ἂν εἴη, ἐπειδὴ ἐν τῷ λόγῳ τῶν καλῶν τι ἡμῖν
ἢ σωφροσύνη ὑπετέθη, καλὰ δὲ οὐχ ἦττον ταχέα τῶν ἡσυχίων
πέφονται.

ὀρθῶς μοι δοκεῖς, ἔφη, ὦ Σώκρατες, εἰρηκέναι.

πάλιν τοίνυν, ἦν δ' ἐγώ, ὦ Χαρμίδη, μᾶλλον προσέχων τὸν νοῦν καὶ
εἰς σεαυτὸν ἐμβλέψας, ἐννοήσας ὁποῖόν τινα σε ποιεῖ ἢ σωφροσύνη
παροῦσα καὶ ποία τις οὔσα τοιοῦτον ἀπεργάζοιτο ἂν, πάντα ταῦτα
συλλογισάμενος εἰπὲ εἴ καὶ [160e] ἀνδρείως τί σοι φαίνεται εἶναι;

καὶ ὅς ἐπισχὼν καὶ πάνυ ἀνδρικῶς πρὸς ἑαυτὸν διασκεψάμενος,
δοκεῖ τοίνυν μοι, ἔφη, αἰσχύνεσθαι ποιεῖν ἢ σωφροσύνη καὶ
αἰσχυνητὸν τὸν ἄνθρωπον, καὶ εἶναι ὅπερ αἰδῶς ἢ σωφροσύνη.

εἶεν, ἦν δ' ἐγώ, οὐ καλὸν ἄρτι ὠμολόγεις τὴν σωφροσύνην εἶναι;

πάνυ γ', ἔφη.

οὐκοῦν καὶ ἀγαθοὶ ἄνδρες οἱ σώφρονες;

ναί.

ἄρ' οὖν ἂν εἴη ἀγαθὸν ὃ μὴ ἀγαθοὺς ἀπεργάζεται;

οὐ δῆτα.

οὐ μόνον οὖν ἄρα καλόν, ἀλλὰ καὶ ἀγαθόν ἐστιν.

[161a] ἔμοιγε δοκεῖ.

τί οὖν; ἦν δ' ἐγώ: Ὀμήρῳ οὐ πιστεύεις καλῶς λέγειν, λέγοντι ὅτι

αἰδῶς δ' οὐκ ἀγαθὴ κεχρημένῳ ἀνδρὶ παρεῖναι;

ηομ. οδ. 17.347

ἔγωγ', ἔφη.

ἔστιν ἄρα, ὥς ἔοικεν, αἰδῶς οὐκ ἀγαθὸν καὶ ἀγαθόν.

φαίνεται.

σωφροσύνη δέ γε ἀγαθόν, εἵπερ ἀγαθοὺς ποιεῖ οἷς ἂν παρῇ, κακοὺς δὲ μή.

ἀλλὰ μὴν οὕτω γε δοκεῖ μοι ἔχειν, ὥς σὺ λέγεις.

οὐκ ἄρα σωφροσύνη ἂν εἴη αἰδῶς, εἵπερ τὸ μὲν ἀγαθόν [161b] τυγχάνει ὄν, αἰδῶς δὲ [μὴ] οὐδὲν μᾶλλον ἀγαθόν ἢ καὶ κακόν.

ἀλλ' ἔμοιγε δοκεῖ, ἔφη, ὦ Σώκρατες, τοῦτο μὲν ὀρθῶς λέγεσθαι: τότε δὲ σκέψαι τί σοι δοκεῖ εἶναι περὶ σωφροσύνης. ἄρτι γὰρ ἀνεμνήσθην — ὃ ἤδη του ἤκουσα λέγοντος — ὅτι σωφροσύνη ἂν εἴη τὸ τὰ ἑαυτοῦ πράττειν. σκόπει οὖν τοῦτο εἰ ὀρθῶς σοι δοκεῖ λέγειν ὁ λέγων.

καὶ ἐγώ, ὦ μιარέ, ἔφην, Κριτίου τοῦδε ἀκήκοας αὐτὸ ἢ [161c] ἄλλου του τῶν σοφῶν.

ἔοικεν, ἔφη ὁ Κριτίας, ἄλλον: οὐ γὰρ δὴ ἐμοῦ γε.

ἀλλὰ τί διαφέρει, ἦ δ' ὅς, ὁ Χαρμίδης, ὦ Σώκρατες, ὅτου ἤκουσα;

οὐδέν, ἦν δ' ἐγώ: πάντως γὰρ οὐ τοῦτο σκεπτέον, ὅστις αὐτὸ εἶπεν, ἀλλὰ πότερον ἀληθὲς λέγεται ἢ οὐ.

νῦν ὀρθῶς λέγεις, ἦ δ' ὅς.

νὴ Δία, ἦν δ' ἐγώ. ἀλλ' εἰ καὶ εὐρήσομεν αὐτὸ ὅπη γε ἔχει,

θαυμάζοιμ' ἄν: αἰνίγματι γάρ τινι ἔοικεν.

ὅτι δὴ τί γε; ἔφη.

[161d] ὅτι οὐ δήπου, ἦν δ' ἐγώ, ἥ τὰ ῥήματα ἐφθέγγετο ταύτη καὶ ἐνόει, λέγων σωφροσύνην εἶναι τὸ τὰ αὐτοῦ πράττειν. ἢ σὺ οὐδὲν ἡγήῃ πράττειν τὸν γραμματιστὴν ὅταν γράφῃ ἢ ἀναγιγνώσκῃ;

ἔγωγε, ἡγοῦμαι μὲν οὖν, ἔφη.

δοκεῖ οὖν σοι τὸ αὐτοῦ ὄνομα μόνον γράφειν ὁ γραμματιστὴς καὶ ἀναγιγνώσκειν ἢ ὑμᾶς τοὺς παῖδας διδάσκειν, ἢ οὐδὲν ἤττον τὰ τῶν ἐχθρῶν ἐγράφετε ἢ τὰ ὑμέτερα καὶ τὰ τῶν φίλων ὀνόματα;

οὐδὲν ἤττον.

ἢ οὖν ἐπολυπραγμονεῖτε καὶ οὐκ ἐσωφρονεῖτε τοῦτο [161e] δρῶντες; οὐδαμῶς.

καὶ μὴν οὐ τὰ ὑμέτερά γε αὐτῶν ἐπράττετε, εἴπερ τὸ γράφειν πράττειν τί ἐστίν καὶ τὸ ἀναγιγνώσκειν.

ἀλλὰ μὴν ἔστιν.

καὶ γὰρ τὸ ἰᾶσθαι, ὧ ἑταῖρε, καὶ τὸ οἰκοδομεῖν καὶ τὸ ὑφαίνειν καὶ τὸ ἡτινιοῦν τέχνη ὅτιοῦν τῶν τέχνης ἔργων ἀπεργάζεσθαι πράττειν δήπου τί ἐστίν.

πάνυ γε.

τί οὖν; ἦν δ' ἐγώ, δοκεῖ ἄν σοι πόλις εὖ οἰκεῖσθαι ὑπὸ τούτου τοῦ νόμου τοῦ κελεύοντος τὸ ἑαυτοῦ ἱμάτιον ἕκαστον ὑφαίνειν καὶ πλύνειν, καὶ ὑποδήματα σκυτοτομεῖν, καὶ λήκυθον καὶ στλεγγίδα καὶ τᾶλλα πάντα κατὰ τὸν αὐτὸν λόγον, [162a] τῶν μὲν ἀλλοτριῶν μὴ ἄπτεσθαι, τὰ δὲ ἑαυτοῦ ἕκαστον ἐργάζεσθαι τε καὶ πράττειν;

οὐκ ἔμοιγε δοκεῖ, ἢ δ' ὅς.

ἀλλὰ μέντοι, ἔφην ἐγώ, σωφρόνως γε οἰκοῦσα εὖ ἂν οἰκοῖτο.

πῶς δ' οὐκ; ἔφη.

οὐκ ἄρα, ἦν δ' ἐγώ, τὸ τὰ τοιαῦτά τε καὶ οὕτω τὰ αὐτοῦ πράττειν σωφροσύνη ἂν εἴη.

οὐ φαίνεται.

ἡνίττετο ἄρα, ὥς ἔοικεν, ὅπερ ἄρτι ἐγὼ ἔλεγον, ὁ λέγων τὸ τὰ αὐτοῦ πράττειν σωφροσύνην εἶναι: οὐ γάρ που οὕτω [162b] γε ἦν εὐήθης. ἦ τιнос ἡλιθίου ἤκουσας τουτὶ λέγοντος, ὦ Χαρμίδη;

ἦκιστά γε, ἔφη, ἐπεὶ τοι καὶ πάνυ ἐδόκει σοφὸς εἶναι.

παντὸς τοίνυν μᾶλλον, ὥς ἐμοὶ δοκεῖ, αἵνιγμα αὐτὸ προύβαλεν, ὥς ὃν χαλεπὸν τὸ τὰ αὐτοῦ πράττειν γινῶναι ὅτι ποτε ἔστιν.

ἴσως, ἔφη.

τί οὖν ἂν εἴη ποτὲ τὸ τὰ αὐτοῦ πράττειν; ἔχεις εἰπεῖν;

οὐκ οἶδα μὰ Δία ἔγωγε, ἦ δ' ὅς: ἀλλ' ἴσως οὐδὲν κωλύει μηδὲ τὸν λέγοντα μηδὲν εἰδέναι ὅτι ἐνόει. καὶ ἅμα ταῦτα λέγων ὑπεγέλα τε καὶ εἰς τὸν Κριτίαν ἀπέβλεπεν.

[162c] καὶ ὁ Κριτίας δηλὸς μὲν ἦν καὶ πάλαι ἀγωνιῶν καὶ φιλοτίμως πρὸς τε τὸν Χαρμίδην καὶ πρὸς τοὺς παρόντας ἔχων, μόγις δ' ἑαυτὸν ἐν τῷ πρόσθεν κατέχων τότε οὐχ οἷός τε ἐγένετο: δοκεῖ γάρ μοι παντὸς μᾶλλον ἀληθὲς εἶναι, ὃ ἐγὼ ὑπέλαβον, τοῦ Κριτίου ἀκηκοέναι τὸν Χαρμίδην ταύτην τὴν ἀπόκρισιν περὶ τῆς σωφροσύνης. ὁ μὲν οὖν Χαρμίδης βουλόμενος μὴ αὐτὸς ὑπέχειν λόγον ἀλλ' ἐκεῖνον τῆς ἀποκρίσεως, [162d] ὑπεκίνει αὐτὸν ἐκεῖνον, καὶ ἐνεδείκνυτο ὥς ἐξεληλεγμένος εἴη: ὁ δ' οὐκ ἠνέσχετο, ἀλλὰ μοι ἔδοξεν ὀργισθῆναι αὐτῷ ὥσπερ ποιητῆς ὑποκριτῇ κακῶς διατιθέντι τὰ ἑαυτοῦ ποιήματα. ὥστ' ἐμβλέψας αὐτῷ+ εἶπεν, οὕτως οἶει, ὦ Χαρμίδη, εἰ σὺ μὴ οἶσθα ὅτι ποτ' ἐνόει ὃς ἔφη σωφροσύνην εἶναι τὸ τὰ ἑαυτοῦ πράττειν, οὐδὲ δὴ ἐκεῖνον εἰδέναι;

ἀλλ', ὦ βέλτιστε, ἔφην ἐγώ, Κριτία, τοῦτον μὲν οὐδὲν [162e] θαυμαστὸν ἀγνοεῖν τηλικούτον ὄντα: σὲ δέ που εἰκὸς εἰδέναι καὶ ἡλικίας ἔνεκα καὶ ἐπιμελείας. εἰ οὖν συγχωρεῖς τοῦτ' εἶναι σωφροσύνην ὅπερ οὕτοσί λέγει καὶ παραδέχη τὸν λόγον, ἔγωγε πολὺ ἂν ἥδιον μετὰ σοῦ σκοποίμην εἶτ' ἀληθὲς εἶτε μὴ τὸ λεχθέν.

ἀλλὰ πάνυ συγχωρῶ, ἔφη, καὶ παραδέχομαι.

καλῶς γε σὺ τοίνυν, ἦν δ' ἐγώ, ποιῶν. καὶ μοι λέγε, ἥ καὶ ἄ νυνδὴ ἡρώτων ἐγὼ συγχωρεῖς, τοὺς δημιουργοὺς πάντας ποιεῖν τι;

ἔγωγε.

[163a] ἥ οὖν δοκοῦσί σοι τὰ ἐαυτῶν μόνον ποιεῖν ἢ καὶ τὰ τῶν ἄλλων;

καὶ τὰ τῶν ἄλλων.

σωφρονοῦσιν οὖν οὐ τὰ ἐαυτῶν μόνον ποιοῦντες;

τί γὰρ κωλύει; ἔφη.

οὐδὲν ἐμέ γε, ἦν δ' ἐγώ: ἀλλ' ὅρα μὴ ἐκεῖνον κωλύει+, ὃς ὑποθέμενος σωφροσύνην εἶναι τὸ τὰ ἐαυτοῦ πράττειν ἔπειτα οὐδὲν φησι κωλύειν καὶ τοὺς τὰ τῶν ἄλλων πράττοντας σωφρονεῖν.

ἐγὼ γάρ που, ἥ δ' ὅς, τοῦθ' ὠμολόγηκα, ὥς οἱ τὰ τῶν ἄλλων πράττοντες σωφρονοῦσιν, εἰ τοὺς ποιοῦντας ὠμολόγησα.

[163b] εἰπέ μοι, ἦν δ' ἐγώ, οὐ ταῦτόν καλεῖς τὸ ποιεῖν καὶ τὸ πράττειν;

οὐ μέντοι, ἔφη: οὐδέ γε τὸ ἐργάζεσθαι καὶ τὸ ποιεῖν. ἔμαθον γὰρ παρ' Ἡσιόδου, ὃς ἔφη ἔργον [δ'] οὐδὲν εἶναι ὄνειδος. οἶει οὖν αὐτόν, εἰ τὰ τοιαῦτα ἔργα ἐκάλει καὶ ἐργάζεσθαι καὶ πράττειν, οἷα νυνδὴ σὺ ἔλεγες, οὐδενὶ ἄν ὄνειδος φάναι εἶναι σκυτοτομοῦντι ἢ ταριχοπωλοῦντι ἢ ἐπ' οἰκήματος καθημένῳ+; οὐκ οἶεσθαί γε χρή, ὧ Σώκρατες, ἀλλὰ καὶ ἐκεῖνος οἶμαι ποιήσιν πράξεως καὶ ἐργασίας ἄλλο ἐνόμιζεν, [163c] καὶ ποίημα μὲν γίνεσθαι ὄνειδος ἐνίετε, ὅταν μὴ

1 μετὰ τοῦ καλοῦ γίγνηται, ἔργον δὲ οὐδέποτε οὐδὲν ὄνειδος: τὰ γὰρ καλῶς τε καὶ ὠφελίμως ποιούμενα ἔργα ἐκάλει, καὶ ἐργασίας τε καὶ πράξεις τὰς τοιαύτας ποιήσεις. φάναι δέ γε χρή καὶ οἰκεῖα μόνα τὰ τοιαῦτα ἡγεῖσθαι αὐτόν, τὰ δὲ βλαβερὰ πάντα ἀλλότρια: ὥστε καὶ Ἡσιόδον χρή οἶεσθαι καὶ ἄλλον ὅστις φρόνιμος τὸν τὰ αὐτοῦ πράττοντα τοῦτον σῶφρονα καλεῖν.

[163d] ὦ Κριτία, ἦν δ' ἐγώ, καὶ εὐθύς ἀρχομένου σου σχεδὸν ἐμάνθανον τὸν λόγον, ὅτι τὰ οἰκεῖά τε καὶ τὰ αὐτοῦ ἀγαθὰ καλοῖης, καὶ τὰς τῶν ἀγαθῶν ποιήσεις πράξεις; καὶ γὰρ Προδίκου μυρία τινὰ ἀκήκοα περὶ ὀνομάτων διαιρουντος. ἀλλ' ἐγώ σοι τίθεσθαι μὲν τῶν ὀνομάτων δίδωμι ὅπῃ ἂν βούλῃ ἕκαστον: δῆλου δὲ μόνον ἐφ' ὅτι ἂν φέρῃς τοῦνομα ὅτι ἂν λέγῃς. νῦν οὖν πάλιν ἐξ ἀρχῆς σαφέστερον ὀρίσαι: [163e] ἄρα τὴν τῶν ἀγαθῶν πρᾶξιν ἢ ποιήσιν ἢ ὅπως σὺ βούλει ὀνομάζεις, ταύτην λέγεις σὺ σωφροσύνην εἶναι;

ἔγωγε, ἔφη.

οὐκ ἄρα σωφρονεῖ ὁ τὰ κακὰ πράττων, ἀλλ' ὁ τὰγαθὰ;

σοὶ δέ, ἦ δ' ὅς, ὦ βέλτιστε, οὐχ οὕτω δοκεῖ;

ἔα, ἦν δ' ἐγώ: μὴ γάρ πω τὸ ἐμοὶ δοκοῦν σκοποῦμεν, ἀλλ' ὁ σὺ λέγεις νῦν.

ἀλλὰ μέντοι ἔγωγε, ἔφη, τὸν μὴ ἀγαθὰ ἀλλὰ κακὰ ποιοῦντα οὗ φημι σωφρονεῖν, τὸν δὲ ἀγαθὰ ἀλλὰ μὴ κακὰ σωφρονεῖν: τὴν γὰρ τῶν ἀγαθῶν πρᾶξιν σωφροσύνην εἶναι σαφῶς σοι διορίζομαι.

[164a] καὶ οὐδέν γέ σε ἴσως κωλύει ἀληθῆ λέγειν: τόδε γε μέντοι, ἦν δ' ἐγώ, θαυμάζω, εἰ σωφρονοῦντας ἀνθρώπους ἡγῇ σὺ ἀγνοεῖν ὅτι σωφρονοῦσιν.

ἀλλ' οὐχ ἡγοῦμαι, ἔφη.

οὐκ ὀλίγον πρότερον, ἔφην ἐγώ, ἐλέγετο ὑπὸ σοῦ ὅτι τοὺς δημιουργοὺς οὐδέν κωλύει καὶ αὖ τὰ τῶν ἄλλων ποιοῦντας σωφρονεῖν;

ἐλέγετο γάρ, ἔφη: ἀλλὰ τί τοῦτο;

οὐδέν: ἀλλὰ λέγε εἰ δοκεῖ τίς σοι ἰατρός, ὑγιᾶ τίνα [164b] ποιῶν, ὠφέλιμα καὶ ἑαυτῷ ποιεῖν καὶ ἐκείνῳ ὃν ἰῶτο;

ἔμοιγε.

οὐκοῦν τὰ δέοντα πράττει ὁ γε ταῦτα πράττων;

ναί.

ὁ τὰ δέοντα πράττων οὐ σωφρονεῖ;

σωφρονεῖ μὲν οὖν.

ἦ οὖν καὶ γινώσκειν ἀνάγκη τῷ ἱατρῷ ὅταν τε ὠφελίμως ἰᾶται καὶ ὅταν μή; καὶ ἐκάστῳ τῶν δημιουργῶν ὅταν τε μέλλῃ ὀνήσεσθαι ἀπὸ τοῦ ἔργου οὗ ἂν πράττῃ καὶ ὅταν μή;

ἴσως οὐ.

ἐνίστε ἄρα, ἦν δ' ἐγώ, ὠφελίμως πράξας ἢ βλαβερῶς ὁ [164c] ἱατρὸς οὐ γινώσκει ἑαυτὸν ὥς ἔπραξεν: καίτοι ὠφελίμως πράξας, ὥς ὁ σὸς λόγος, σωφρόνως ἔπραξεν. ἢ οὐχ οὕτως ἔλεγες;

ἔγωγε.

οὐκοῦν, ὥς ἔοικεν, ἐνίστε ὠφελίμως πράξας πράττει μὲν σωφρόνως καὶ σωφρονεῖ, ἀγνοεῖ δ' ἑαυτὸν ὅτι σωφρονεῖ;

ἀλλὰ τοῦτο μὲν, ἔφη, ὦ Σώκρατες, οὐκ ἂν ποτε γένοιτο, ἀλλ' εἴ τι σὺ οἶε ἐκ τῶν ἔμπροσθεν ὑπ' ἐμοῦ ὠμολογημένων εἰς τοῦτο ἀναγκαῖον εἶναι συμβαίνειν, ἐκείνων ἂν τι ἔγωγε [164d] μᾶλλον ἀναθείμην, καὶ οὐκ ἂν αἰσχυρθεῖην μὴ οὐχὶ ὀρθῶς φάναι εἰρηκέναι, μᾶλλον ἢ ποτε συγχωρήσαιμι' ἂν ἀγνοοῦντα αὐτὸν ἑαυτὸν ἄνθρωπον σωφρονεῖν. σχεδὸν γάρ τι ἔγωγε αὐτὸ τοῦτό φημι εἶναι σωφροσύνην, τὸ γινώσκειν ἑαυτόν, καὶ συμφέρομαι τῷ ἐν Δελφοῖς ἀναθέντι τὸ τοιοῦτον γράμμα. καὶ γὰρ τοῦτο οὕτω μοι δοκεῖ τὸ γράμμα ἀνακεῖσθαι, ὥς δὴ πρόσρησις οὕσα τοῦ θεοῦ τῶν εἰσιόντων ἀντὶ τοῦ χαῖρε, ὥς [164e] τούτου μὲν οὐκ ὀρθοῦ ὄντος τοῦ προσρήματος, τοῦ χαίρειν, οὐδὲ δεῖν τοῦτο παρακελεύεσθαι ἀλλήλοις ἀλλὰ σωφρονεῖν. οὕτω μὲν δὴ ὁ θεὸς προσαγορεύει τοὺς εἰσιόντας εἰς τὸ ἱερὸν διαφέρον τι ἢ οἱ ἄνθρωποι, ὥς διανοούμενος ἀνέθηκεν ὁ ἀναθεῖς, ὥς μοι δοκεῖ: καὶ λέγει πρὸς τὸν αἰεὶ εἰσιόντα οὐκ ἄλλο τι ἢ Σωφρόνει, φησὶν. αἰνιγματωδέστερον δὲ δὴ, ὥς μάντις, λέγει: τὸ γὰρ Γνωθι+σαυτόν καὶ τὸ Σωφρόνει ἔστιν [165a] μὲν ταυτόν, ὥς τὰ γράμματά φησιν καὶ ἐγώ, τάχα δ' ἂν τις οἰηθείη ἄλλο εἶναι, ὃ δὴ μοι δοκοῦσιν παθεῖν καὶ οἱ τὰ ὕστερον γράμματα ἀναθέντες, τό τε μηδὲν ἄγαν καὶ τὸ Ἐγγύη πάρα δ' ἄτη. καὶ γὰρ οὗτοι συμβουλὴν ὤθησαν εἶναι τὸ

Γνωθι σαυτόν, ἀλλ' οὐ τῶν εισιόντων [ἔνεκεν] ὑπὸ τοῦ θεοῦ πρόσρησιν: εἴθ' ἵνα δὴ καὶ σφεῖς μηδὲν ἤττον συμβουλάς χρησίμους ἀναθεῖν, ταῦτα γράψαντες ἀνέθεσαν. οὗ δὴ οὖν ἔνεκα λέγω, ὦ Σώκρατες, ταῦτα πάντα, τόδ' + ἐστίν: τὰ μὲν [165b] ἔμπροσθέν σοι πάντα ἀφήμι — ἴσως μὲν γάρ τι σὺ ἔλεγες περὶ αὐτῶν ὀρθότερον, ἴσως δ' ἐγώ, σαφές δ' οὐδὲν πάνυ ἦν ὧν ἐλέγομεν — νῦν δ' ἐθέλω τούτου σοι διδόναι λόγον, εἰ μὴ ὁμολογεῖς σωφροσύνην εἶναι τὸ γινώσκειν αὐτὸν ἑαυτόν.

ἀλλ', ἦν δ' ἐγώ, ὦ Κριτία, σὺ μὲν ὡς φάσκοντος ἐμοῦ εἰδέναι περὶ ὧν ἐρωτῶ προσφέρῃ πρὸς με, καὶ ἐὰν δὴ βούλωμαι, ὁμολογήσοντός σοι: τὸ δ' οὐχ οὕτως ἔχει, ἀλλὰ ζητῶ γὰρ μετὰ σοῦ ἀεὶ τὸ προτιθέμενον διὰ τὸ μὴ αὐτὸς [165c] εἰδέναι. σκεψάμενος οὖν ἐθέλω εἰπεῖν εἴτε ὁμολογῶ εἴτε μή. ἀλλ' ἐπίσχες ἕως ἂν σκέψωμαι.

σκόπει δὴ, ἦ δ' ὅς.

καὶ γάρ, ἦν δ' ἐγώ, σκοπῶ. εἰ γὰρ δὴ γινώσκειν γέ τί ἐστιν ἡ σωφροσύνη, δῆλον ὅτι ἐπιστήμη τις ἂν εἴη καὶ τινός: ἦ οὐ;

ἔστιν, ἔφη, ἑαυτοῦ γε.

οὐκοῦν καὶ ἱατρικὴ, ἔφην, ἐπιστήμη ἐστὶν τοῦ ὑγιεινοῦ;

πάνυ γε.

εἰ τοίνυν με, ἔφην, ἔροιο σύ: “ἱατρικὴ ὑγιεινοῦ ἐπιστήμη οὗσα τί ἡμῖν χρησὶμὴ ἐστὶν καὶ τί ἀπεργάζεται,” [165d] εἵποισι' ἂν ὅτι οὐ σμικρὰν ὠφελίαν: τὴν γὰρ ὑγίειαν καλὸν ἡμῖν ἔργον ἀπεργάζεται, εἰ ἀποδέχῃ τοῦτο.

ἀποδέχομαι.

καὶ εἰ τοίνυν με ἔροιο τὴν οἰκοδομικὴν, ἐπιστήμην οὗσαν τοῦ οἰκοδομεῖν, τί φημι ἔργον ἀπεργάζεσθαι, εἵποισι' ἂν ὅτι οἰκῆσεις: ὡσαύτως δὲ καὶ τῶν ἄλλων τεχνῶν+. χρὴ οὖν καὶ σὲ ὑπὲρ τῆς σωφροσύνης, ἐπειδὴ φῆς αὐτὴν ἑαυτοῦ ἐπιστήμην εἶναι, ἔχειν εἰπεῖν ἐρωτηθέντα, “ὦ Κριτία, σωφροσύνη, [165e] ἐπιστήμη οὗσα ἑαυτοῦ, τί καλὸν ἡμῖν ἔργον ἀπεργάζεται καὶ ἄξιον τοῦ ὀνόματος;” ἴθι οὖν, εἰπέ.

ἀλλ', ὃ Σώκρατες, ἔφη, οὐκ ὀρθῶς ζητεῖς. οὐ γὰρ ὁμοία αὕτη πέφυκεν ταῖς ἄλλαις ἐπιστήμαις, οὐδέ γε αἱ ἄλλαι ἀλλήλαις· σὺ δ' ὥς ὁμοίων οὐσῶν ποιῇ τὴν ζήτησιν. ἐπεὶ λέγε μοι, ἔφη, τῆς λογιστικῆς τέχνης ἢ τῆς γεωμετρικῆς τί ἐστὶν τοιοῦτον ἔργον οἷον οἰκία οἰκοδομικῆς ἢ ἱμάτιον ὑφαντικῆς ἢ ἄλλα τοιαῦτ' ἔργα, ἃ πολλὰ ἄν τις ἔχοι πολλῶν τεχνῶν [166a] δεῖξαι; ἔχεις οὖν μοι καὶ σὺ τούτων τοιοῦτόν τι ἔργον δεῖξαι; ἀλλ' οὐχ ἔξεις.

καὶ ἐγὼ εἶπον ὅτι ἀληθῆ λέγεις· ἀλλὰ τόδε σοι ἔχω δεῖξαι, τίνος ἐστὶν ἐπιστήμη ἐκάστη τούτων τῶν ἐπιστημῶν, ὃ τυγχάνει ὄν ἄλλο αὐτῆς τῆς ἐπιστήμης. οἷον ἡ λογιστικὴ ἐστὶν που τοῦ ἀρτίου καὶ τοῦ περιττοῦ, πλήθους ὅπως ἔχει πρὸς αὐτὰ καὶ πρὸς ἄλληλα· ἢ γάρ;

πάνυ γε, ἔφη.

οὐκοῦν ἐτέρου ὄντος τοῦ περιττοῦ καὶ ἀρτίου αὐτῆς τῆς λογιστικῆς;

πῶς δ' οὐ;

[166b] καὶ μὴν αὖ ἡ στατικὴ τοῦ βαρυτέρου τε καὶ κουφοτέρου σταθμοῦ ἐστὶν στατικὴ· ἕτερον δέ ἐστὶν τὸ βαρὺ τε καὶ κοῦφον τῆς στατικῆς αὐτῆς. συγχωρεῖς;

ἔγωγε.

λέγε δὴ, καὶ ἡ σωφροσύνη τίνος ἐστὶν ἐπιστήμη, ὃ τυγχάνει ἕτερον ὄν αὐτῆς τῆς σωφροσύνης;

τοῦτό ἐστιν ἐκεῖνο, ἔφη, ὃ Σώκρατες· ἐπ' αὐτὸ ἥκεις ἐρευνῶν τὸ ᾧ διαφέρει πασῶν τῶν ἐπιστημῶν ἡ σωφροσύνη· σὺ δὲ ὁμοιότητά τινα ζητεῖς αὐτῆς ταῖς ἄλλαις. τὸ δ' οὐκ [166c] ἔστιν οὕτως, ἀλλ' αἱ μὲν ἄλλαι πᾶσαι ἄλλου εἰσὶν ἐπιστήμαι, ἑαυτῶν δ' οὐ, ἡ δὲ μόνη τῶν τε ἄλλων ἐπιστημῶν ἐπιστήμη ἐστὶ καὶ αὐτὴ ἑαυτῆς. καὶ ταῦτά σε πολλοῦ δεῖ λεληθέναι, ἀλλὰ γὰρ οἶμαι ὃ ἄρτι οὐκ ἔφησθα ποιεῖν, τοῦτο ποιεῖς· ἐμὲ γὰρ ἐπιχειρεῖς ἐλέγχειν, ἐάσας περὶ οὗ ὁ λόγος ἐστίν.

οἷον, ἦν δ' ἐγώ, ποιεῖς ἡγούμενος, εἰ ὅτι μάλιστα σὲ ἐλέγγω, ἄλλου τινὸς ἔνεκα ἐλέγχειν ἢ οὐπὲρ ἔνεκα κἂν [166d] ἑμαυτὸν διερευνώμενη τί λέγω, φοβούμενος μὴ ποτε λάθω οἰόμενος μὲν τι εἰδέναι, εἰδὼς δὲ

μή. καὶ νῦν δὴ οὖν ἔγωγέ φημι τοῦτο ποιεῖν, τὸν λόγον σκοπεῖν
μάλιστα μὲν ἑαυτοῦ ἕνεκα, ἴσως δὲ δὴ καὶ τῶν ἄλλων ἐπιτηδείων· ἢ
οὐ κοινὸν οἶει ἀγαθὸν εἶναι σχεδόν τι πᾶσιν ἀνθρώποις, γίνεσθαι
καταφανὲς ἕκαστον τῶν ὄντων ὅπῃ ἔχει;

καὶ μάλα, ἦ δ' ὅς, ἔγωγε, ὦ Σώκρατες.

θαρρῶν τοίνυν, ἦν δ' ἐγώ, ὦ μακάριε, ἀποκρινόμενος τὸ
ἔρωτώμενον ὅπῃ σοι φαίνεται, ἔα χαίρειν εἴτε Κριτίας ἐστὶν [166e]
εἴτε Σωκράτης ὁ ἐλεγχόμενος· ἀλλ' αὐτῷ προσέχων τὸν νοῦν τῷ
λόγῳ σκόπει ὅπῃ ποτὲ ἐκβήσεται ἐλεγχόμενος.

ἀλλά, ἔφη, ποιήσω οὕτω· δοκεῖς γάρ μοι μέτρια λέγειν.

λέγε τοίνυν, ἦν δ' ἐγώ, περὶ τῆς σωφροσύνης πῶς λέγεις;

λέγω τοίνυν, ἦ δ' ὅς, ὅτι μόνη τῶν ἄλλων ἐπιστημῶν αὐτὴ τε αὐτῆς
ἐστὶν καὶ τῶν ἄλλων ἐπιστημῶν ἐπιστήμη.

οὐκοῦν, ἦν δ' ἐγώ, καὶ ἀνεπιστημοσύνης ἐπιστήμη ἂν εἴη, εἴπερ καὶ
ἐπιστήμη;

πάνυ γε, ἔφη.

[167a] ὁ ἄρα σώφρων μόνος αὐτός τε ἑαυτὸν γινώσεται καὶ οἷός τε
ἔσται ἐξετάσαι τί τε τυγχάνει εἰδῶς καὶ τί μή, καὶ τοὺς ἄλλους
ὡσαύτως δυνατός ἐστι ἐπισκοπεῖν τί τις οἶδεν καὶ οἶεται, εἴπερ
οἶδεν, καὶ τί αὖ οἶεται μὲν εἰδέναί, οἶδεν δ' οὐ, τῶν δὲ ἄλλων οὐδεὶς·
καὶ ἔστιν δὴ τοῦτο τὸ σωφρονεῖν τε καὶ σωφροσύνη καὶ τὸ ἑαυτὸν
αὐτὸν γινώσκειν, τὸ εἰδέναί ἃ τε οἶδεν καὶ ἃ μὴ οἶδεν. ἄρα ταῦτά
ἐστὶν ἃ λέγεις;

ἔγωγ', ἔφη.

πάλιν τοίνυν, ἦν δ' ἐγώ, τὸ τρίτον τῷ σωτῆρι, ὥσπερ ἐξ [167b] ἀρχῆς
ἐπισκεψώμεθα πρῶτον μὲν εἰ δυνατόν ἐστιν τοῦτ' εἶναι ἢ οὐ — τὸ ἃ
οἶδεν καὶ ἃ μὴ οἶδεν εἰδέναί ὅτι οὐκ οἶδεν — ἔπειτα εἰ ὅτι μάλιστα
δυνατόν, τίς ἂν εἴη ἡμῖν ὠφελία εἰδόσιν αὐτό.

ἀλλὰ χρή, ἔφη, σκοπεῖν.

ἴθι δὴ, ἔφην ἐγώ, ὦ Κριτία, σκέψαι, ἐάν τι περὶ αὐτῶν εὐπορώτερος φανῇς ἐμοῦ· ἐγὼ μὲν γὰρ ἀπορῶ. ἧ δὲ ἀπορῶ, φράσω σοι;

πάνυ γ', ἔφη.

ἄλλο τι οὖν, ἦν δ' ἐγώ, πάντα ταῦτ' ἂν εἴη, εἰ ἔστιν ὅπερ σὺ νυνδὴ ἔλεγες, μία τις ἐπιστήμη, ἣ οὐκ ἄλλου τινός [167c] ἐστιν ἢ ἐαυτῆς τε καὶ τῶν ἄλλων ἐπιστημῶν ἐπιστήμη, καὶ δὴ καὶ ἀνεπιστημοσύνης ἢ αὐτῇ αὐτῇ;

πάνυ γε.

ιδὲ δὴ ὥς ἄτοπον ἐπιχειροῦμεν, ὦ ἐταῖρε, λέγειν· ἐν ἄλλοις γάρ που τὸ αὐτὸ τοῦτο ἐὰν σκοπῇς, δόξει σοι, ὥς ἐγῶμαι, ἀδύνατον εἶναι.

πῶς δὴ καὶ ποῦ;

ἐν τοῖσδε. ἐννόει γὰρ εἴ σοι δοκεῖ ὅψις τις εἶναι, ἣ ὧν μὲν αἱ ἄλλαι ὄψεις εἰσίν, οὐκ ἔστιν τούτων ὄψις, ἐαυτῆς δὲ καὶ τῶν ἄλλων ὄψεων ὄψις ἐστὶν καὶ μὴ ὄψεων ὡσαύτως, [167d] καὶ χρῶμα μὲν ὁρᾷ οὐδὲν ὄψις οὐσα, αὐτὴν δὲ καὶ τὰς ἄλλας ὄψεις· δοκεῖ τίς σοι εἶναι τοιαύτη;

μὰ Δί' οὐκ ἔμοιγε.

τί δὲ ἀκοήν, ἣ φωνῆς μὲν οὐδεμιᾶς ἀκούει, αὐτῆς δὲ καὶ τῶν ἄλλων ἀκοῶν ἀκούει καὶ τῶν μὴ ἀκοῶν;

οὐδὲ τοῦτο.

συλλήβδην δὴ σκόπει περὶ πασῶν τῶν αἰσθήσεων εἴ τίς σοι δοκεῖ εἶναι αἰσθήσεων μὲν αἴσθησις καὶ ἐαυτῆς, ὧν δὲ δὴ αἱ ἄλλαι αἰσθήσεις αἰσθάνονται, μηδενὸς αἰσθανομένη;

οὐκ ἔμοιγε.

[167e] ἄλλ' ἐπιθυμία δοκεῖ τίς σοι εἶναι, ἥτις ἡδονῆς μὲν οὐδεμιᾶς ἐστὶν ἐπιθυμία, αὐτῆς δὲ καὶ τῶν ἄλλων ἐπιθυμιῶν;

οὐ δῆτα.

οὐδὲ μὴν βούλησις, ὥς ἐγῶμαι, ἣ ἀγαθὸν μὲν οὐδὲν βούλεται, αὐτὴν δὲ καὶ τὰς ἄλλας βουλήσεις βούλεται.

οὐ γὰρ οὖν.

ἔρωτα δὲ φαίης ἂν τινα εἶναι τοιοῦτον, ὃς τυγχάνει ὦν ἔρωσ καλοῦ
μὲν οὐδενός, αὐτοῦ δὲ καὶ τῶν ἄλλων ἐρώτων;

οὐκ, ἔφη, ἔγωγε.

φόβον δὲ ἤδη τινὰ κατανενόηκας, ὃς ἑαυτὸν μὲν καὶ τοὺς [168a]
ἄλλους φόβους φοβεῖται, τῶν δεινῶν δ' οὐδὲ ἐν φοβεῖται;

οὐ κατανενόηκα, ἔφη.

δόξαν δὲ δοξῶν δόξαν καὶ αὐτῆς, ὧν δὲ αἱ ἄλλαι δοξάζουσιν μηδὲν
δοξάζουσιν;

οὐδαμῶς.

ἀλλ' ἐπιστήμην, ὥς ἔοικεν, φαμέν τινα εἶναι τοιαύτην, ἣτις
μαθήματος μὲν οὐδενός ἐστιν ἐπιστήμη, αὐτῆς δὲ καὶ τῶν ἄλλων
ἐπιστημῶν ἐπιστήμη;

φαμέν γάρ.

οὐκοῦν ἄτοπον, εἰ ἄρα καὶ ἔστιν; μηδὲν γάρ πω δισχυρίζομεθα ὥς
οὐκ ἔστιν, ἀλλ' εἰ ἔστιν ἔτι σκοπῶμεν.

[168b] ὀρθῶς λέγεις.

φέρε δῆ: ἔστι μὲν αὕτη ἡ ἐπιστήμη τινὸς ἐπιστήμη, καὶ ἔχει τινὰ
τοιαύτην δύναμιν ὥστε τινὸς εἶναι: ἧ γάρ;

πάνυ γε.

καὶ γὰρ τὸ μεῖζόν φαμεν τοιαύτην τινὰ ἔχειν δύναμιν, ὥστε τινὸς
εἶναι μεῖζον;

ἔχει γάρ.

οὐκοῦν ἐλάττωνός τινος, εἴπερ ἔσται μεῖζον.

ἀνάγκη.

εἰ οὖν τι εὗρομεν μεῖζον, ὃ τῶν μὲν μειζόνων ἐστὶν μεῖζον καὶ

ἑαυτοῦ, ὧν δὲ τᾶλλα μείζω ἐστὶν μηδενὸς μεῖζον, [168c] πάντως ἂν
που ἐκεῖνό γ' αὐτῷ ὑπάρχῃ, εἴπερ ἑαυτοῦ μεῖζον εἴη, καὶ ἔλαττον
ἑαυτοῦ εἶναι: ἢ οὐ;

πολλὴ ἀνάγκη, ἔφη, ὦ Σώκρατες.

οὐκοῦν καὶ εἴ τι διπλάσιόν ἐστιν τῶν τε ἄλλων διπλασίων καὶ
ἑαυτοῦ, ἡμίσεος δὴπου ὄντος ἑαυτοῦ τε καὶ τῶν ἄλλων διπλάσιον ἂν
εἴη: οὐ γάρ ἐστὶν που ἄλλου διπλάσιον ἢ ἡμίσεος.

ἀληθῆ.

πλέον δὲ αὐτοῦ ὃν οὐ καὶ ἔλαττον ἔσται, καὶ βαρύτερον ὃν
κουφότερον, καὶ πρεσβύτερον ὃν νεώτερον, καὶ τᾶλλα [168d] πάντα
ὡσαύτως, ὅτιπερ ἂν τὴν ἑαυτοῦ δύναμιν πρὸς ἑαυτὸ ἔχῃ, οὐ καὶ
ἐκείνην ἔξει τὴν οὐσίαν, πρὸς ἣν ἡ δύναμις αὐτοῦ ἦν; λέγω δὲ τὸ
τοιόνδε: οἷον ἡ ἀκοή, φαμέν, οὐκ ἄλλου τινὸς ἦν ἀκοή ἢ φωνῆς: ἢ
γάρ;

ναί.

οὐκοῦν εἴπερ αὐτὴ αὐτῆς ἀκούσεται, φωνὴν ἐχούσης ἑαυτῆς
ἀκούσεται: οὐ γὰρ ἂν ἄλλως ἀκούσειεν.

πολλὴ ἀνάγκη.

καὶ ἡ ὄψις γέ που, ὦ ἄριστε, εἴπερ ὄψεται αὐτὴ ἑαυτήν, χρῶμά τι
αὐτὴν ἀνάγκη ἔχειν: ἄχρων γὰρ ὄψις οὐδὲν [ἂν] [168e] μὴ ποτε ἴδῃ.

οὐ γὰρ οὖν.

ὁρᾷς οὖν, ὦ Κριτία, ὅτι ὅσα διεληλύθαμεν, τὰ μὲν αὐτῶν ἀδύνατα
παντάπασι φαίνεται ἡμῖν, τὰ δ' ἀπιστεῖται σφόδρα μὴ ποτ' ἂν τὴν
ἑαυτῶν δύναμιν πρὸς ἑαυτὰ σχεῖν; μεγέθη μὲν γὰρ καὶ πλήθη καὶ τὰ
τοιαῦτα παντάπασιν ἀδύνατον: ἢ οὐχί;

πάνυ γε.

ἀκοὴ δ' αὖ καὶ ὄψις καὶ ἔτι γε κίνησις αὐτὴ ἑαυτὴν κινεῖν, καὶ
θερμότης κάειν, καὶ πάντα αὖ τὰ τοιαῦτα τοῖς [169a] μὲν ἀπιστίαν
παράσχοι, ἴσως δέ τισιν οὐ. μεγάλου δὴ τινος, ὦ φίλε, ἀνδρὸς δεῖ,

ὅστις τοῦτο κατὰ πάντων ἱκανῶς διαιρήσεται, πότερον οὐδὲν τῶν ὄντων τὴν αὐτοῦ δύναμιν αὐτὸ πρὸς ἑαυτὸ πέφυκεν ἔχειν [πλὴν ἐπιστήμης], ἀλλὰ πρὸς ἄλλο, ἢ τὰ μέν, τὰ δ' οὐ: καὶ εἰ ἔστιν αὖ ἄτινα αὐτὰ πρὸς αὐτὰ ἔχει, ἄρ' ἐν τούτοις ἔστιν ἐπιστήμη, ἣν δὴ ἡμεῖς σωφροσύνην φαμέν εἶναι. ἐγὼ μὲν οὐ πιστεύω ἑμαυτῷ ἱκανὸς εἶναι ταῦτα διελέσθαι: διὸ καὶ οὗτ' εἰ δυνατόν ἐστι τοῦτο γενέσθαι, [169b] ἐπιστήμης ἐπιστήμην εἶναι, ἔχω δισχυρίσασθαι, οὗτ' εἰ ὅτι μάλιστα ἔστι, σωφροσύνην ἀποδέχομαι αὐτὸ εἶναι, πρὶν ἂν ἐπισκέψωμαι εἴτε τι ἂν ἡμᾶς ὠφελοῖ τοιοῦτον ὃν εἴτε μή. τὴν γὰρ οὖν δὴ σωφροσύνην ὠφέλιμόν τι καὶ ἀγαθὸν μαντεύομαι εἶναι: σὺ οὖν, ὦ παῖ Καλλιάρχου — τίθεσαι γὰρ σωφροσύνην τοῦτ' εἶναι, ἐπιστήμην ἐπιστήμης καὶ δὴ καὶ ἀνεπιστημοσύνης — πρῶτον μὲν τοῦτο ἐνδειξαι, ὅτι δυνατόν [ἀποδείξαι σε] ὁ νυνδὴ ἔλεγον, ἔπειτα πρὸς τῷ δυνατόν ὅτι [169c] καὶ ὠφέλιμον: κάμει τάχ' ἂν ἀποπληρώσῃς ὡς ὀρθῶς λέγεις περὶ σωφροσύνης ὃ ἔστιν.

καὶ ὁ Κριτίας ἀκούσας ταῦτα καὶ ἰδὼν με ἀποροῦντα, ὥσπερ οἱ τοὺς χασμωμένους καταντικρὺ ὀρῶντες ταυτὸν τοῦτο συμπάσχουσιν, κάκεῖνος ἔδοξέ μοι ὑπ' ἐμοῦ ἀποροῦντος ἀναγκασθῆναι καὶ αὐτὸς ἀλῶναι ὑπὸ ἀπορίας. ἅτε οὖν εὐδοκιμῶν ἐκάστοτε, ἡσχύνετο τοὺς παρόντας, καὶ οὔτε συγχωρήσαί μοι ἠθέλεν ἀδύνατος εἶναι διελέσθαι ἃ προυκαλούμην [169d] αὐτόν, ἔλεγέν τε οὐδὲν σαφές, ἐπικαλύπτων τὴν ἀπορίαν. καὶ γὰρ ἡμῖν ἵνα ὁ λόγος προῖοι, εἶπον: ἀλλ' εἰ δοκεῖ, ὦ Κριτία, νῦν μὲν τοῦτο συγχωρήσωμεν, δυνατόν εἶναι γενέσθαι ἐπιστήμην ἐπιστήμης: αὐθις δὲ ἐπισκεψόμεθα εἴτε οὕτως ἔχει εἴτε μή. ἴθι δὴ οὖν, εἰ ὅτι μάλιστα δυνατόν τοῦτο, τί μᾶλλον οἷόν τέ ἐστιν εἰδέναι ἢ τέ τις οἶδε καὶ ἃ μή; τοῦτο γὰρ δήπου ἔφαμεν εἶναι τὸ γινώσκειν αὐτόν καὶ σωφρονεῖν: ἦ γάρ;

πάνυ γε, ἦ δ' ὅς, καὶ συμβαίνει γέ που, ὦ Σώκρατες. εἰ [169e] γάρ τις ἔχει ἐπιστήμην ἢ αὐτὴ αὐτὴν γινώσκει, τοιοῦτος ἂν αὐτὸς εἴη οἷόνπερ ἐστὶν ὃ ἔχει: ὥσπερ ὅταν τάχος τις ἔχη, ταχύς, καὶ ὅταν κάλλος, καλός, καὶ ὅταν γνῶσιν, γινώσκων, ὅταν δὲ δὴ γνῶσιν αὐτὴν αὐτῆς τις ἔχη, γινώσκων που αὐτὸς ἑαυτὸν τότε ἔσται.

οὐ τοῦτο, ἦν δ' ἐγώ, ἀμφισβητῶ, ὡς οὐχ ὅταν τὸ αὐτὸ γινώσκόν τις ἔχη, αὐτὸς αὐτὸν γνῶσεται, ἀλλ' ἔχοντι τοῦτο τίς ἀνάγκη εἰδέναι ἢ τε οἶδεν καὶ ἃ μὴ οἶδεν;

[170a] ὅτι, ὦ Σώκρατες, ταυτόν ἐστιν τοῦτο ἐκείνω.

ἴσως, ἔφην, ἀλλ' ἐγὼ κινδυνεύω ἀεὶ ὅμοιος εἶναι: οὐ γὰρ αὖ
μανθάνω ὥς ἔστιν τὸ αὐτό, ἃ οἶδεν εἰδέναι καὶ ἃ τις μὴ οἶδεν εἰδέναι.

πῶς λέγεις, ἔφη;

ὦδε, ἦν δ' ἐγώ. ἐπιστήμη που ἐπιστήμης οὕσα ἄρα πλέον τι οἷα τ'
ἔσται διαιρεῖν, ἢ ὅτι τούτων τόδε μὲν ἐπιστήμη, τόδε δ' οὐκ
ἐπιστήμη;

οὐκ, ἀλλὰ τοσοῦτον.

ταυτόν οὖν ἐστιν ἐπιστήμη τε καὶ ἀνεπιστημοσύνη ὑγιεινοῦ, [170b]
καὶ ἐπιστήμη τε καὶ ἀνεπιστημοσύνη δικαίου;

οὐδαμῶς.

ἀλλὰ τὸ μὲν οἶμαι ἰατρική, τὸ δὲ πολιτική, τὸ δὲ οὐδὲν ἄλλο ἢ
ἐπιστήμη.

πῶς γὰρ οὐ;

οὐκοῦν ἐὰν μὴ προσεπίσθηταί τις τὸ ὑγιεινὸν καὶ τὸ δίκαιον, ἀλλ'
ἐπιστήμην μόνον γινώσκει ἅτε τούτου μόνον ἔχων ἐπιστήμην, ὅτι
μὲν τι ἐπίσταται καὶ ὅτι ἐπιστήμην τινὰ ἔχει, εἰκότως ἂν γινώσκοι
καὶ περὶ αὐτοῦ καὶ περὶ τῶν ἄλλων: ἦ γάρ;

ναί.

ὅτι δὲ γινώσκει, ταύτη τῇ ἐπιστήμῃ πῶς εἴσεται; [170c] γινώσκει
γὰρ δὴ τὸ μὲν ὑγιεινὸν τῇ ἰατρικῇ ἀλλ' οὐ σωφροσύνη, τὸ δ'
ἁρμονικὸν μουσικῇ ἀλλ' οὐ σωφροσύνη, τὸ δ' οἰκοδομικὸν
οἰκοδομικῇ ἀλλ' οὐ σωφροσύνη, καὶ οὕτω πάντα: ἦ οὐ;

φαίνεται.

σωφροσύνη δέ, εἴπερ μόνον ἐστὶν ἐπιστημῶν ἐπιστήμη, πῶς εἴσεται
ὅτι τὸ ὑγιεινὸν γινώσκει ἢ ὅτι τὸ οἰκοδομικόν;

οὐδαμῶς.

οὐκ ἄρα εἴσεται ὁ οἶδεν ὁ τοῦτο ἀγνοῶν, ἀλλ' ὅτι οἶδεν μόνον.

ἔοικεν.

[170d] οὐκ ἄρα σωφρονεῖν τοῦτ' ἂν εἴη οὐδὲ σωφροσύνη, εἰδέναι ἅ τε οἶδεν καὶ ἅ μὴ οἶδεν, ἀλλ', ὡς ἔοικεν, ὅτι οἶδεν καὶ ὅτι οὐκ οἶδεν μόνον.

κινδυνεύει.

οὐδὲ ἄλλον ἄρα οἷός τε ἔσται οὗτος ἐξετάσαι φάσκοντά τι ἐπίστασθαι, πότερον ἐπίσταται ὃ φησιν ἐπίστασθαι ἢ οὐκ ἐπίσταται: ἀλλὰ τοσοῦτον μόνον, ὡς ἔοικεν, γινώσκεται, ὅτι ἔχει τινὰ ἐπιστήμην, ὅτου δέ γε, ἡ σωφροσύνη οὐ ποιήσει αὐτὸν γιγνώσκειν.

οὐ φαίνεται.

[170e] οὔτε ἄρα τὸν προσποιούμενον ἱατρὸν εἶναι, ὄντα δὲ μή, καὶ τὸν ὡς ἀληθῶς ὄντα οἷός τε ἔσται διακρίνειν, οὔτε ἄλλον οὐδένα τῶν ἐπιστημόνων καὶ μή. σκεψώμεθα δὲ ἐκ τῶνδε: εἰ μέλλει ὁ σώφρων ἢ ὅστισοῦν ἄλλος τὸν ὡς ἀληθῶς ἱατρὸν διαγνώσεσθαι καὶ τὸν μή, ἄρ' οὐχ ὧδε ποιήσει: περὶ μὲν ἱατρικῆς δήπου αὐτῷ οὐ διαλέξεται — οὐδὲν γὰρ ἐπαίει, ὡς ἔφαμεν, ὁ ἱατρὸς ἀλλ' ἢ τὸ ὑγιεινὸν καὶ τὸ νοσῶδες — ἢ οὐ;

ναί, οὕτως.

περὶ δέ γε ἐπιστήμης οὐδὲν οἶδεν, ἀλλὰ τοῦτο δὴ τῇ σωφροσύνῃ μόνῃ ἀπέδομεν.

ναί.

οὐδὲ περὶ ἱατρικῆς ἄρα οἶδεν ὁ ἱατρικός, ἐπειδὴ περ ἢ [171a] ἱατρικὴ ἐπιστήμη οὔσα τυγχάνει.

ἀληθῆ.

ὅτι μὲν δὴ ἐπιστήμην τινὰ ἔχει, γινώσκεται ὁ σώφρων τὸν ἱατρὸν: δέον δὲ πείραν λαβεῖν ἥτις ἐστίν, ἄλλο τι σκέψεται ὄντινων; ἢ οὐ τούτῳ ὥριστα ἐκάστη ἐπιστήμη μὴ μόνον ἐπιστήμη εἶναι ἀλλὰ καὶ τίς, τῷ τινῶν εἶναι;

τούτῳ μὲν οὖν.

καὶ ἡ ἱατρικὴ δὴ ἐτέρα εἶναι τῶν ἄλλων ἐπιστημῶν ὠρίσθη τῷ τοῦ
ὕγινοῦ εἶναι καὶ νοσώδους ἐπιστήμη.

ναί.

οὐκοῦν ἐν τούτοις ἀναγκαῖον σκοπεῖν τὸν βουλόμενον [171b]
ἱατρικὴν σκοπεῖν, ἐν οἷς ποτ' ἔστιν: οὐ γὰρ δήπου ἐν γε τοῖς ἔξω, ἐν
οἷς οὐκ ἔστιν;

οὐ δῆτα.

ἐν τοῖς ὑγιεινοῖς ἄρα καὶ νοσώδεσιν ἐπισκέπεται τὸν ἱατρόν, ἢ
ἱατρικὸς ἔστιν, ὁ ὁρθῶς σκοπούμενος.

ἔοικεν.

οὐκοῦν ἐν τοῖς οὕτως ἢ λεγομένοις ἢ πραττομένοις τὰ μὲν λεγόμενα,
εἰ ἀληθῆ λέγεται, σκοπούμενος, τὰ δὲ πραττόμενα, εἰ ὁρθῶς
πράττεται;

ἀνάγκη.

ἢ οὖν ἄνευ ἱατρικῆς δύναιτ' ἂν τις τούτων ποτέροις ἐπακολουθῆσαι;

οὐ δῆτα.

[171c] οὐδέ γε ἄλλος οὐδεὶς, ὥς ἔοικεν, πλὴν ἱατρός, οὔτε δὲ ὁ
σώφρων: ἱατρὸς γὰρ ἂν εἴη πρὸς τῇ σωφροσύνῃ.

ἔστι ταῦτα.

παντὸς ἄρα μᾶλλον, εἰ ἡ σωφροσύνη ἐπιστήμης ἐπιστήμη μόνον
ἔστιν καὶ ἀνεπιστημοσύνης, οὔτε ἱατρόν διακρίναι οἷα τε ἔσται
ἐπιστάμενον τὰ τῆς τέχνης ἢ μὴ ἐπιστάμενον, προσποιούμενον δὲ ἢ
οιόμενον, οὔτε ἄλλον οὐδένα τῶν ἐπισταμένων καὶ ὀτιοῦν, πλὴν γε
τὸν αὐτοῦ ὁμότεχον, ὥσπερ οἱ ἄλλοι δημιουργοί.

φαίνεται, ἔφη.

[171d] τίς οὖν, ἦν δ' ἐγώ, ὦ Κριτία, ὠφελία ἡμῖν ἔτι ἂν εἴη ἀπὸ τῆς

σωφροσύνης τοιαύτης ούσης; εἰ μὲν γάρ, ὃ ἐξ ἀρχῆς ὑπετιθέμεθα, ἦδει ὁ σώφρων ἅ τε ἦδει καὶ ἃ μὴ ἦδει, τὰ μὲν ὅτι οἶδεν, τὰ δ' ὅτι οὐκ οἶδεν, καὶ ἄλλον ταυτὸν τοῦτο πεπονθότα ἐπισκέψασθαι οἷός τ' ἦν, μεγαλωστὶ ἂν ἡμῖν, φαμέν, ὠφέλιμον ἦν σώφροσιν εἶναι: ἀναμάρτητοι γὰρ ἂν τὸν βίον διεζῶμεν αὐτοὶ τε [καὶ] οἱ τὴν σωφροσύνην ἔχοντες καὶ οἱ ἄλλοι πάντες ὅσοι ὑφ' ἡμῶν ἤρχοντο. οὔτε [171e] γὰρ ἂν αὐτοὶ ἐπεχειροῦμεν πράττειν ἃ μὴ ἠπιστάμεθα, ἀλλ' ἐξευρίσκοντες τοὺς ἐπισταμένους ἐκείνοις ἂν παρεδίδομεν, οὔτε τοῖς ἄλλοις ἐπετρέπομεν, ὧν ἤρχομεν, ἄλλο τι πράττειν ἢ ὅτι πράττοντες ὀρθῶς ἔμελλον πράξειν — τοῦτο δ' ἦν ἂν, οὗ ἐπιστήμην εἶχον — καὶ οὕτω δὴ ὑπὸ σωφροσύνης οἰκία τε οἰκουμένη ἔμελλεν καλῶς οἰκεῖσθαι, πόλις τε πολιτευομένη, καὶ ἄλλο πᾶν οὗ σωφροσύνη ἄρχοι: ἀμαρτίας γὰρ [172a] ἐξηρημένης, ὀρθότητος δὲ ἡγουμένης, ἐν πάσῃ πράξει καλῶς καὶ εὖ πράττειν ἀναγκαῖον τοὺς οὕτω διακειμένους, τοὺς δὲ εὖ πράττοντας εὐδαίμονας εἶναι. ἄρ' οὐχ οὕτως, ἦν δ' ἐγώ, ὃ Κριτία, ἐλέγομεν περὶ σωφροσύνης, λέγοντες ὅσον ἀγαθὸν εἶη τὸ εἰδέναι ἅ τε οἶδέν τις καὶ ἃ μὴ οἶδεν;

πάνυ μὲν οὖν, ἔφη, οὕτως.

νῦν δέ, ἦν δ' ἐγώ, ὁρᾷς ὅτι οὐδαμοῦ ἐπιστήμη οὐδεμία τοιαύτη οὔσα πέφανται.

ὁρᾷ, ἔφη.

[172b] ἄρ' οὖν, ἦν δ' ἐγώ, τοῦτ' ἔχει τὸ ἀγαθὸν ἦν νῦν εὐρίσκομεν σωφροσύνην οὔσαν, τὸ ἐπιστήμην ἐπίστασθαι καὶ ἀνεπιστημοσύνην, ὅτι ὁ ταύτην ἔχων, ὅτι ἂν ἄλλο μανθάνῃ, ῥᾶόν τε μαθήσεται καὶ ἐναργέστερα πάντα αὐτῷ φανεῖται, ἅτε πρὸς ἐκάστῳ ᾧ ἂν μανθάνῃ προσκαθορῶντι τὴν ἐπιστήμην: καὶ τοὺς ἄλλους δὴ κάλλιον ἐξετάσει περὶ ὧν ἂν καὶ αὐτὸς μάθῃ, οἱ δὲ ἄνευ τούτου ἐξετάζοντες ἀσθενέστερον καὶ φαυλότερον τοῦτο δράσουσιν; ἄρ', ὃ φίλε, τοιαῦτα [172c] ἅττα ἐστὶν ἃ ἀπολαυσόμεθα τῆς σωφροσύνης, ἡμεῖς δὲ μεῖζόν τι βλέπομεν καὶ ζητοῦμεν αὐτὸ μεῖζόν τι εἶναι ἢ ὅσον ἐστίν;

τάχα δ' ἂν, ἔφη, οὕτως ἔχοι.

ἴσως, ἦν δ' ἐγώ: ἴσως δέ γε ἡμεῖς οὐδὲν χρηστὸν ἐζητήσαμεν.

τεκμαίρομαι δέ, ὅτι μοι ἄτοπ' ἅττα καταφαίνεται περὶ σωφροσύνης, εἰ τοιοῦτόν ἐστιν. ἴδωμεν γάρ, εἰ βούλει, συγχωρήσαντες καὶ ἐπίστασθαι ἐπιστήμην δυνατὸν εἶναι [εἰδέναι], καὶ ὃ γε ἐξ ἀρχῆς ἐτιθέμεθα σωφροσύνην εἶναι, τὸ εἰδέναι ἅ τε οἶδεν καὶ ἃ μὴ οἶδεν, μὴ [172d] ἀποστερήσωμεν, ἀλλὰ δῶμεν: καὶ πάντα ταῦτα δόντες ἔτι βέλτιον σκεψώμεθα εἰ ἄρα τι καὶ ἡμᾶς ὀνήσει τοιοῦτον ὄν. ἃ γὰρ νυνδὴ ἐλέγομεν, ὥς μέγα ἂν εἴη ἀγαθὸν ἢ σωφροσύνη εἰ τοιοῦτον εἴη, ἡγουμένη διοικήσεως καὶ οἰκίας καὶ πόλεως, οὐ μοι δοκοῦμεν, ὦ Κριτία, καλῶς ὡμολογηκέναι.

πῶς δὴ; ἦ δ' ὅς.

ὅτι, ἦν δ' ἐγώ, ῥαδίως ὡμολογήσαμεν μέγα τι ἀγαθὸν εἶναι τοῖς ἀνθρώποις εἰ ἕκαστοι ἡμῶν, ἃ μὲν ἴσασι, πράττειεν ταῦτα, ἃ δὲ μὴ ἐπίσταντο, ἄλλοις παραδιδόειν τοῖς ἐπισταμένοις.

[172e] οὐκ οὖν, ἔφη, καλῶς ὡμολογήσαμεν;

οὐ μοι δοκοῦμεν, ἦν δ' ἐγώ.

ἄτοπα λέγεις ὥς ἀληθῶς, ἔφη, ὦ Σώκρατες.

νὴ τὸν κύνα, ἔφην, καὶ ἐμοί τοι δοκεῖ οὕτω, κἀνταῦθα καὶ ἄρτι ἀποβλέψας ἄτοπ' ἅττ' ἔφην μοι προφαίνεσθαι, καὶ ὅτι φοβοίμην μὴ οὐκ ὀρθῶς σκοποῖμεν. ὥς ἀληθῶς γάρ, εἰ ὅτι μάλιστα τοιοῦτόν ἐστιν ἢ σωφροσύνη, οὐδέν μοι [173a] δῆλον εἶναι δοκεῖ ὅτι ἀγαθὸν ἡμᾶς ἀπεργάζεται.

πῶς δὴ; ἦ δ' ὅς. λέγε, ἵνα καὶ ἡμεῖς εἰδῶμεν ὅτι λέγεις.

οἶμαι μὲν, ἦν δ' ἐγώ, ληρεῖν με: ὅμως τό γε προφαινόμενον ἀναγκαῖον σκοπεῖν καὶ μὴ εἰκῇ παριέναι, εἴ τίς γε αὐτοῦ καὶ σμικρὸν κήδεται.

καλῶς γάρ, ἔφη, λέγεις.

ἄκουε δὴ, ἔφην, τὸ ἐμὸν ὄναρ, εἴτε διὰ κεράτων εἴτε δι' ἐλέφαντος ἐλήλυθεν. εἰ γὰρ ὅτι μάλιστα ἡμῶν ἄρχοι ἢ σωφροσύνη, οὕσα οἶαν νῦν ὀριζόμεθα, ἄλλο τι κατὰ τὰς [173b] ἐπιστήμας πάντ' ἂν πράττειτο, καὶ οὔτε τις κυβερνήτης φάσκων εἶναι, ὦν δὲ οὐ, ἐξαπατῶ

ἂν ἡμᾶς, οὔτε ἰατρὸς οὔτε στρατηγὸς οὔτ' ἄλλος οὐδεὶς, προσποιούμενός τι εἰδέναι ὃ μὴ οἶδεν, λανθάνοι ἄν: ἐκ δὴ τούτων οὕτως ἐχόντων ἄλλο ἂν ἡμῖν τι συμβαίνοι ἢ ὑγίεσιν τε τὰ σώματα εἶναι μᾶλλον ἢ νῦν, καὶ ἐν τῇ θαλάττῃ κινδυνεύοντας καὶ ἐν πολέμῳ σφάζεσθαι, καὶ τὰ σκευὴ καὶ τὴν ἀμπεχόνην καὶ ὑπόδεσιν [173c] πᾶσαν καὶ τὰ χρήματα πάντα τεχνικῶς ἡμῖν εἰργασμένα εἶναι καὶ ἄλλα πολλὰ διὰ τὸ ἀληθινοῖς δημιουργοῖς χρῆσθαι; εἰ δὲ βούλοιό γε, καὶ τὴν μαντικὴν εἶναι συγχωρήσωμεν ἐπιστήμην τοῦ μέλλοντος ἔσεσθαι+, καὶ τὴν σωφροσύνην, αὐτῆς ἐπιστατοῦσαν, τοὺς μὲν ἀλαζόνας ἀποτρέπειν, τοὺς δὲ ὡς ἀληθῶς μάντις καθιστάναι ἡμῖν προφήτας τῶν μελλόντων. κατεσκευασμένον δὲ οὕτω τὸ ἀνθρώπινον γένος [173d] ὅτι μὲν ἐπιστημόνως ἂν πράττοι καὶ ζῶῃ, ἔπομαι — ἢ γὰρ σωφροσύνη φυλάττουσα οὐκ ἂν ἐφῇ παρεμπίπτουσαν τὴν ἀνεπιστημοσύνην συνεργὸν ἡμῖν εἶναι — ὅτι δ' ἐπιστημόνως ἂν πράττοντες εὖ ἂν πράττοιμεν καὶ εὐδαιμονοῖμεν, τοῦτο δὲ οὐπω δυνάμεθα μαθεῖν, ὃ φίλε Κριτία.

ἀλλὰ μέντοι, ἢ δ' ὅς, οὐ ραδίως εὐρήσεις ἄλλο τι τέλος τοῦ εὖ πράττειν, ἐὰν τὸ ἐπιστημόνως ἀτιμάσης.

σμικρὸν τοίνυν με, ἦν δ' ἐγώ, ἔτι προσδίδαξον. τίνος ἐπιστημόνως λέγεις; ἢ σκυτῶν τομῆς;

[173e] μὰ Δί' οὐκ ἔγωγε.

ἀλλὰ χαλκοῦ ἐργασίας;

οὐδαμῶς.

ἀλλὰ ἐρίων ἢ ξύλων ἢ ἄλλου του τῶν τοιούτων;

οὐ δῆτα.

οὐκ ἄρα, ἦν δ' ἐγώ, ἔτι ἐμμένομεν τῷ λόγῳ τῷ εὐδαίμονα εἶναι τὸν ἐπιστημόνως ζῶντα. οὗτοι γὰρ ἐπιστημόνως ζῶντες οὐχ ὁμολογοῦνται παρὰ σοῦ εὐδαίμονες εἶναι, ἀλλὰ περὶ τινων ἐπιστημόνως ζῶντα σὺ δοκεῖς μοι ἀφορίζεσθαι τὸν εὐδαίμονα. καὶ ἴσως λέγεις ὃν νυνδὴ ἐγὼ ἔλεγον, τὸν [174a] εἰδότα τὰ μέλλοντα ἔσεσθαι πάντα, τὸν μάντιν. τοῦτον ἢ ἄλλον τινὰ λέγεις;

καὶ τοῦτον ἔγωγε, ἔφη, καὶ ἄλλον.

τίνα; ἦν δ' ἐγώ. ἄρα μὴ τὸν τοιόνδε, εἴ τις πρὸς τοῖς μέλλουσιν καὶ τὰ γεγονότα πάντα εἶδειη καὶ τὰ νῦν ὄντα, καὶ μηδὲν ἀγνοοῖ; θῶμεν γάρ τινα εἶναι αὐτόν. οὐ γὰρ οἶμαι τούτου γε ἔτι ἂν εἴποις οὐδένα ἐπιστημονέστερον ζῶντα εἶναι.

οὐ δῆτα.

τόδε δὴ ἔτι προσποθῶ, τίς αὐτὸν τῶν ἐπιστημῶν ποιεῖ εὐδαίμονα; ἢ ἅπασαι ὁμοίως;

οὐδαμῶς ὁμοίως, ἔφη.

[174b] ἀλλὰ ποία μάλιστα; ἢ τί οἶδεν καὶ τῶν ὄντων καὶ τῶν γεγονότων καὶ τῶν μελλόντων ἔσεσθαι; ἄρά γε ἢ τὸ πεττευτικόν;

ποῖον, ἢ δ' ὅς, πεττευτικόν;

ἀλλ' ἢ τὸ λογιστικόν;

οὐδαμῶς.

ἀλλ' ἢ τὸ ὑγιεινόν;

μᾶλλον, ἔφη.

ἐκεῖνη δ' ἦν λέγω μάλιστα, ἦν δ' ἐγώ, ἢ τί;

ἦι τὸ ἀγαθόν, ἔφη, καὶ τὸ κακόν.

ὦ μιარέ, ἔφην ἐγώ, πάλαι με περιέλκεις κύκλω, ἀποκρυπτόμενος ὅτι οὐ τὸ ἐπιστημόνως ἦν ζῆν τὸ εὖ πράττειν [174c] τε καὶ εὐδαιμονεῖν ποιοῦν, οὐδὲ συμπασῶν τῶν ἄλλων ἐπιστημῶν, ἀλλὰ μιᾶς οὔσης ταύτης μόνον τῆς περὶ τὸ ἀγαθόν τε καὶ κακόν. ἐπεί, ὦ Κριτία, εἰ 'θέλεις ἐξελεῖν ταύτην τὴν ἐπιστήμην ἐκ τῶν ἄλλων ἐπιστημῶν, ἥττον τι ἢ μὲν ἰατρικὴ ὑγιαίνειν ποιήσει, ἢ δὲ σκυτικὴ ὑποδεδέσθαι, ἢ δὲ ὑφαντικὴ ἡμφιέσθαι, ἢ δὲ κυβερνητικὴ κωλύσει ἐν τῇ θαλάττῃ ἀποθνήσκειν καὶ ἢ στρατηγικὴ ἐν πολέμῳ;

οὐδὲν ἥττον, ἔφη.

ἀλλ', ὦ φίλε Κριτία, τὸ εὖ γε τούτων ἕκαστα γίνεσθαι [174d] καὶ ὠφελίμως ἀπολελοιπὸς ἡμᾶς ἔσται ταύτης ἀπούσης.

ἀληθῆ λέγεις.

οὐχ αὕτη δέ γε, ὡς ἔοικεν, ἐστὶν ἡ σωφροσύνη, ἀλλ' ἥς ἔργον ἐστὶν τὸ ὠφελεῖν ἡμᾶς. οὐ γὰρ ἐπιστημῶν γε καὶ ἀνεπιστημοσυνῶν ἡ ἐπιστήμη ἐστίν, ἀλλὰ ἀγαθοῦ τε καὶ κακοῦ: ὥστε εἰ αὕτη ἐστὶν ὠφέλιμος, ἡ σωφροσύνη ἄλλο τι ἂν εἴη [ἡ ὠφελίμη] ἡμῖν.

τί δ', ἦ δ' ὅς, οὐκ ἂν αὕτη ὠφελοῖ; εἰ γὰρ ὅτι μάλιστα τῶν ἐπιστημῶν ἐπιστήμη ἐστὶν ἡ σωφροσύνη, ἐπιστατεῖ [174e] δὲ καὶ ταῖς ἄλλαις ἐπιστήμαις, καὶ ταύτης δήπου ἂν ἄρχουσα τῆς περὶ τὰγαθὸν ἐπιστήμης ὠφελοῖ ἂν ἡμᾶς.

ἦ καὶν ὑγιαίνειν ποιοῖ, ἦν δ' ἐγώ, αὕτη, ἀλλ' οὐχ ἡ ἱατρική; καὶ τᾶλλα τὰ τῶν τεχνῶν αὕτη ἂν ποιοῖ, καὶ οὐχ αἱ ἄλλαι τὸ αὐτῆς ἔργον ἐκάστη; ἦ οὐ πάλοι διεμαρτυρόμεθα ὅτι ἐπιστήμης μόνον ἐστὶν καὶ ἀνεπιστημοσύνης ἐπιστήμη, ἄλλου δὲ οὐδενός; οὐχ οὕτω;

φαίνεται γε.

οὐκ ἄρα ὑγείας ἔσται δημιουργός;

οὐ δῆτα.

[175a] ἄλλης γὰρ ἦν τέχνης ὑγεία: ἦ οὐ;

ἄλλης.

οὐδ' ἄρα ὠφελίας, ὦ ἑταῖρε: ἄλλη γὰρ αὖ ἀπέδομεν τοῦτο τὸ ἔργον τέχνῃ νυνδῆ: ἦ γάρ;

πάνυ γε.

πῶς οὖν ὠφέλιμος ἔσται ἡ σωφροσύνη, οὐδεμιᾶς ὠφελίας οὔσα δημιουργός;

οὐδαμῶς, ὦ Σώκρατες, ἔοικέν γε.

ὁρᾷς οὖν, ὦ Κριτία, ὡς ἐγὼ πάλοι εἰκότως ἐδεδοίκη καὶ δικαίως ἑμαυτὸν ἠτιώμεν ὅτι οὐδὲν χρηστὸν περὶ σωφροσύνης σκοπῶ; οὐ

γὰρ ἂν που ὁ γε κάλλιστον πάντων [175b] ὁμολογεῖται εἶναι, τοῦτο ἡμῖν ἀνωφελές ἐφάνη, εἴ τι ἐμοῦ ὄφελος ἦν πρὸς τὸ καλῶς ζητεῖν. νῦν δὲ πανταχῇ γὰρ ἡττώμεθα, καὶ οὐ δυνάμεθα εὐρεῖν ἐφ’ ὅτῳ ποτὲ τῶν ὄντων ὁ νομοθέτης τοῦτο τοῦνομα ἔθετο, τὴν σωφροσύνην. καίτοι πολλά γε συγκεχωρήκαμεν οὐ συμβαίνονθ’ ἡμῖν ἐν τῷ λόγῳ. καὶ γὰρ ἐπιστήμην ἐπιστήμης εἶναι συνεχωρήσαμεν, οὐκ ἐῶντος τοῦ λόγου οὐδὲ φάσκοντος εἶναι: καὶ ταύτη αὖ τῇ ἐπιστήμῃ καὶ τὰ τῶν ἄλλων ἐπιστημῶν ἔργα γινώσκειν [175c] συνεχωρήσαμεν, οὐδὲ τοῦτ’ ἐῶντος τοῦ λόγου, ἵνα δὴ ἡμῖν γένοιτο ὁ σώφρων ἐπιστήμων ὧν τε οἶδεν ὅτι οἶδεν, καὶ ὧν μὴ οἶδεν ὅτι οὐκ οἶδεν. τοῦτο μὲν δὴ καὶ παντάπασι μεγαλοπρεπῶς συνεχωρήσαμεν, οὐδ’ ἐπισκεψάμενοι τὸ ἀδύνατον εἶναι ἃ τις μὴ οἶδεν μηδαμῶς, ταῦτα εἰδέναι ἀμῶς γέ πως: ὅτι γὰρ οὐκ οἶδεν, φησὶν αὐτὰ εἰδέναι ἢ ἡμετέρα ὁμολογία. καίτοι, ὡς ἐγὼμαι, οὐδενὸς ὅτου οὐχὶ ἀλογώτερον+ τοῦτ’ ἂν φανεῖη. ἀλλ’ ὅμως οὕτως ἡμῶν εὐηθικῶν [175d] τυχοῦσα ἢ ζητησις καὶ οὐ σκληρῶν, οὐδὲν τι μᾶλλον εὐρεῖν δύναται τὴν ἀλήθειαν, ἀλλὰ τοσοῦτον κατεγέλασεν αὐτῆς, ὥστε ὁ ἡμεῖς πάλοι συνομολογοῦντες καὶ συμπλάττοντες ἐτιθέμεθα σωφροσύνην εἶναι, τοῦτο ἡμῖν πάνυ ὑβριστικῶς ἀνωφελές ὃν ἀπέφαινε. τὸ μὲν οὖν ἐμὸν καὶ ἥττον ἀγανακτῶ: ὑπὲρ δὲ σοῦ, ἦν δ’ ἐγώ, ὦ Χαρμίδη, πάνυ ἀγανακτῶ, εἰ σὺ τοιοῦτος ὧν τὴν ιδέαν καὶ πρὸς τούτῳ τὴν ψυχὴν [175e] σωφρονέστατος, μηδὲν ὀνήσῃ ἀπὸ ταύτης τῆς σωφροσύνης μηδὲ τί σ’ ὠφελήσῃ ἐν τῷ βίῳ παροῦσα. ἔτι δὲ μᾶλλον ἀγανακτῶ ὑπὲρ τῆς ἐπωδῆς ἣν παρὰ τοῦ Θρακὸς ἔμαθον, εἰ μηδενὸς ἀξίου πράγματος οὔσαν αὐτὴν μετὰ πολλῆς σπουδῆς ἐμάνθανον. ταῦτ’ οὖν πάνυ μὲν [οὔν] οὐκ οἶομαι οὕτως ἔχειν, ἀλλ’ ἐμὲ φαῦλον εἶναι ζητητὴν: ἐπεὶ τὴν γε σωφροσύνην μέγα τι ἀγαθὸν εἶναι, καὶ εἴπερ γε ἔχεις αὐτό, [176a] μακάριον εἶναί σε. ἀλλ’ ὅρα εἰ ἔχεις τε καὶ μηδὲν δέῃ τῆς ἐπωδῆς: εἰ γὰρ ἔχεις, μᾶλλον ἂν ἐγωγέ σοι συμβουλευσάμεν ἐμὲ μὲν λῆρον ἡγεῖσθαι εἶναι καὶ ἀδύνατον λόγῳ ὅτιοῦν ζητεῖν, σεαυτὸν δέ, ὅσῳ περ σωφρονέστερος εἶ, τοσοῦτῳ εἶναι καὶ εὐδαιμονέστερον.

καὶ ὁ Χαρμίδης, ἀλλὰ μὰ Δί’, ἦ δ’ ὅς, ἐγωγε, ὦ Σώκρατες, οὐκ οἶδα οὔτ’ εἰ ἔχω οὔτ’ εἰ μὴ ἔχω: πῶς γὰρ ἂν εἰδείην ὁ γε μηδ’ ὑμεῖς οἰοί τέ ἐστε ἐξευρεῖν ὅτι ποτ’ ἔστιν, [176b] ὡς φῆς σύ; ἐγὼ μέντοι οὐ πάνυ σοι πειθομαι, καὶ ἐμαυτόν, ὦ Σώκρατες, πάνυ οἶμαι δεῖσθαι τῆς ἐπωδῆς, καὶ τό γ’ ἐμὸν οὐδὲν κωλύει ἐπάδεσθαι ὑπὸ σοῦ ὅσαι

ἡμέραι, ἕως ἂν φῆς σὺ ἱκανῶς ἔχειν.

εἶεν: ἀλλ', ἔφη ὁ Κριτίας, ὦ Χαρμίδη, δρᾷς τοῦτο ἔμοιγ' ἔσται τοῦτο τεκμήριον ὅτι σωφρονεῖς, ἣν ἐπάδειν παρέχῃς Σωκράτει καὶ μὴ ἀπολείπη τούτου μήτε μέγα μήτε σμικρόν.

ὥς ἀκολουθήσοντος, ἔφη, καὶ μὴ ἀπολειψομένου: δεινὰ [176c] γὰρ ἂν ποιοίην, εἰ μὴ πειθοίμην σοὶ τῷ ἐπιτρόπῳ καὶ μὴ ποιοίην ἃ κελεύεις.

ἀλλὰ μὴν, ἔφη, κελεύω ἔγωγε.

ποιήσω τοίνυν, ἔφη, ἀπὸ ταυτησὶ τῆς ἡμέρας ἀρξάμενος.

οὗτοι, ἦν δ' ἐγώ, τί βουλεύεσθον ποιεῖν;

οὐδέν, ἔφη ὁ Χαρμίδης, ἀλλὰ βεβουλευμέθα.

βίαση ἄρα, ἦν δ' ἐγώ, καὶ οὐδ' ἀνάκρισίν μοι δώσεις;

ὥς βιασομένου, ἔφη, ἐπειδὴπερ ὅδε γε ἐπιτάττει: πρὸς ταῦτα σὺ αὖ βουλεύου ὅτι ποιήσεις.

[176d] ἀλλ' οὐδεμία, ἔφην ἐγώ, λείπεται βουλή: σοὶ γὰρ ἐπιχειροῦντι πράττειν ὅτιοῦν καὶ βιαζομένῳ οὐδεὶς οἷός τ' ἔσται ἐναντιοῦσθαι ἀνθρώπων.

μὴ τοίνυν, ἦ δ' ὅς, μὴδὲ σὺ ἐναντιοῦ.

οὐ τοίνυν, ἦν δ' ἐγώ, ἐναντιώσομαι.

LACHES

[178a] Λυσίμαχος

τεθέασθε μὲν τὸν ἄνδρα μαχόμενον ἐν ὅπλοις, ὃ Νικία τε καὶ Λάχης· οὗ δ' ἕνεκα ὑμᾶς ἐκελεύσαμεν συνθεάσασθαι ἐγὼ τε καὶ Μελησίας ὅδε, τότε μὲν οὐκ εἶπομεν, νῦν δ' ἐροῦμεν. ἡγοῦμεθα γὰρ χρῆναι πρὸς γε ὑμᾶς παρρησιάζεσθαι. εἰσὶ γάρ τινες οἱ τῶν τοιούτων καταγελῶσι, καὶ ἐάν [178b] τις αὐτοῖς συμβουλευέσθαι, οὐκ ἂν εἴποιεν ἃ νοοῦσιν, ἀλλὰ στοχαζόμενοι τοῦ συμβουλευομένου ἄλλα λέγουσι παρὰ τὴν αὐτῶν δόξαν· ὑμᾶς δὲ ἡμεῖς ἡγησάμενοι καὶ ἱκανοὺς γινῶναι καὶ γνόντας ἀπλῶς ἂν εἰπεῖν ἃ δοκεῖ ὑμῖν, οὕτω παρελάβομεν ἐπὶ τὴν συμβουλὴν περὶ ὧν μέλλομεν ἀνακοινοῦσθαι. ἔστιν [179a] οὖν τοῦτο, περὶ οὗ πάλοι τοσαῦτα προοιμιάζομαι, τόδε. ἡμῖν εἰσὶν ὑεῖς οὗτοί, ὅδε μὲν τοῦδε, πάππου ἔχων ὄνομα Θουκυδίδης, ἐμὸς δὲ αὖ ὅδε — παππῶν δὲ καὶ οὗτος ὄνομ' ἔχει τοῦμοῦ πατρός· Ἀριστείδην γὰρ αὐτὸν καλοῦμεν — ἡμῖν οὖν τούτων δέδοκται ἐπιμεληθῆναι ὥς οἷόν τε μάλιστα, καὶ μὴ ποιῆσαι ὅπερ οἱ πολλοί, ἐπειδὴ μεράκια γέγονεν, ἀνεῖναι αὐτοὺς ὅτι βούλονται ποιεῖν, ἀλλὰ νῦν δὴ καὶ ἄρχεσθαι αὐτῶν ἐπιμελεῖσθαι καθ' ὅσον οἰοί τ' ἐσμέν. εἰδότες οὖν καὶ [179b] ὑμῖν ὑεῖς ὄντας ἡγησάμεθα μεμεληκέναι περὶ αὐτῶν, εἴπερ τισὶν ἄλλοις, πῶς ἂν θεραπευθέντες γένοιντο ἄριστοι· εἰ δ' ἄρα πολλάκις μὴ προσεσχίκατε τὸν νοῦν τῷ τοιούτῳ, ὑπομνήσοντες ὅτι οὐ χρὴ αὐτοῦ ἀμελεῖν, καὶ παρακαλοῦντες ὑμᾶς ἐπὶ τὸ ἐπιμέλειάν τινα ποιήσασθαι τῶν ὑέων κοινῇ μεθ' ἡμῶν. ὅθεν δὲ ἡμῖν ταῦτ' ἔδοξεν, ὃ Νικία τε καὶ Λάχης, χρὴ ἀκοῦσαι, κἂν ἢ ὀλίγῳ μακρότερα. συσσιτοῦμεν γὰρ δὴ ἐγὼ τε καὶ Μελησίας ὅδε, καὶ ἡμῖν τὰ μεράκια παρασιτεῖ. [179c] ὅπερ οὖν καὶ ἀρχόμενος εἶπον τοῦ λόγου, παρρησιασόμεθα πρὸς ὑμᾶς. ἡμῶν γὰρ ἑκάτερος περὶ τοῦ ἑαυτοῦ πατρὸς πολλὰ καὶ καλὰ ἔργα ἔχει λέγειν πρὸς τοὺς νεανίσκους, καὶ ὅσα ἐν πολέμῳ ἡργάσαντο καὶ ὅσα ἐν εἰρήνῃ, διοικοῦντες τά τε τῶν συμμάχων καὶ τὰ τῆσδε τῆς πόλεως· ἡμέτερα δ' αὐτῶν ἔργα οὐδέτερος ἔχει λέγειν. ταῦτα δὴ ὑπαισχυνόμεθα τε τούσδε καὶ αἰτιώμεθα τοὺς πατέρας ἡμῶν ὅτι ἡμᾶς μὲν [179d] εἶων τρυφᾶν, ἐπειδὴ μεράκια ἐγενόμεθα, τὰ δὲ τῶν

ἄλλων πράγματα ἔπραττον· καὶ τοῖσδε τοῖς νεανίσκοις αὐτὰ ταῦτα ἐνδεικνύμεθα, λέγοντες ὅτι εἰ μὲν ἀμελήσουσιν ἑαυτῶν καὶ μὴ πείσονται ἡμῖν, ἀκλεεῖς γενήσονται, εἰ δ' ἐπιμελήσονται, τάχ' ἂν τῶν ὀνομάτων ἄξιοι γένοιτο ἃ ἔχουσιν. οὗτοι μὲν οὖν φασιν πείσεσθαι· ἡμεῖς δὲ δὴ τοῦτο σκοποῦμεν, τί ἂν οὗτοι μαθόντες ἢ ἐπιτηδεύσαντες ὅτι ἄριστοι γένοιτο. [179e] εἰσηγήσατο οὖν τις ἡμῖν καὶ τοῦτο τὸ μάθημα, ὅτι καλὸν εἶη τῷ νέῳ μαθεῖν ἐν ὅπλοις μάχεσθαι· καὶ ἐπὶ τούτῳ ὃν νῦν ὑμεῖς ἐθεάσασθε ἐπιδεικνύμενον, κἄτ' ἐκέλευε θεάσασθαι. ἔδοξε δὴ χρῆναι αὐτούς τε ἐλθεῖν ἐπὶ θεῶν τάνδρως καὶ ὑμᾶς συμπαραλαβεῖν ἅμα μὲν συνθεατάς, ἅμα δὲ συμβούλους τε καὶ κοινωνούς, ἐὰν βούλησθε, περὶ τῆς τῶν ὑέων ἐπιμελείας. [180a] ταῦτ' ἐστὶν ἃ ἐβουλόμεθα ὑμῖν ἀνακοινώσασθαι. ἤδη οὖν ὑμέτερον μέρος συμβουλεύειν καὶ περὶ τούτου τοῦ μαθήματος, εἴτε δοκεῖ χρῆναι μανθάνειν εἴτε μή, καὶ περὶ τῶν ἄλλων, εἴ τι ἔχετε ἐπαινέσαι μάθημα νέῳ ἀνδρὶ ἢ ἐπιτήδευμα, καὶ περὶ τῆς κοινωνίας λέγειν ὁποῖόν τι ποιήσετε.

Νικίας

ἐγὼ μὲν, ὦ Λυσίμαχε καὶ Μελησία, ἐπαινῶ τε ὑμῶν τὴν διάνοιαν καὶ κοινωνεῖν ἔτοιμος, οἶμαι δὲ καὶ Λάχητα τόνδε.

[180b] Λάχης

ἀληθῆ γὰρ οἶει, ὦ Νικία. ὥς ὃ γε ἔλεγεν ὁ Λυσίμαχος ἄρτι περὶ τοῦ πατρὸς τοῦ αὐτοῦ τε καὶ τοῦ Μελησίου, πάννυ μοι δοκεῖ εὖ εἰρῆσθαι καὶ εἰς ἐκείνους καὶ εἰς ἡμᾶς καὶ εἰς ἅπαντας ὅσοι τὰ τῶν πόλεων πράττουσιν, ὅτι αὐτοῖς σχεδόν τι ταῦτα συμβαίνει ἃ οὗτος λέγει καὶ περὶ παῖδας καὶ περὶ τᾶλλα, τὰ ἴδια ὀλιγωρεῖσθαι τε καὶ ἀμελῶς διατίθεσθαι. ταῦτα μὲν οὖν καλῶς λέγεις, ὦ Λυσίμαχε· ὅτι δ' ἡμᾶς μὲν συμβούλους παρακαλεῖς ἐπὶ τὴν τῶν νεανίσκων [180c] παιδείαν, Σωκράτη δὲ τόνδε οὐ παρακαλεῖς, θαυμάζω, πρῶτον μὲν ὄντα δημότην, ἔπειτα ἐνταῦθα ἀεὶ τὰς διατριβὰς ποιούμενον ὅπου τί ἐστὶ τῶν τοιούτων ὧν σὺ ζητεῖς περὶ τοὺς νέους ἢ μάθημα ἢ ἐπιτήδευμα καλόν.

Λυσίμαχος

πῶς λέγεις, ὦ Λάχης; Σωκράτης γὰρ ὁδε τινὸς τῶν τοιούτων ἐπιμέλειαν πεποιήται;

Λάχης

πάνυ μὲν οὖν, ὦ Λυσίμαχε.

Νικίας

τοῦτο μὲν σοι κἂν ἐγὼ ἔχοιμι εἰπεῖν οὐ χεῖρον Λάχητος: καὶ γὰρ αὐτῷ μοι ἔναγχος ἄνδρα προυξένησε τῷ [180d] ὑεῖ διδάσκαλον μουσικῆς, Ἀγαθοκλέους μαθητὴν Δάμωνα, ἀνδρῶν χαριέστατον οὐ μόνον τὴν μουσικὴν, ἀλλὰ καὶ τᾶλλα ὅποσου βούλει ἄξιον συνδιατρίβειν τηλικούτοις νεανίσκοις.

Λυσίμαχος

οὔτοι, ὦ Σώκρατές τε καὶ Νικία καὶ Λάχης, οἱ ἡλίκοι ἐγὼ ἔτι γινώσκομεν τοὺς νεωτέρους, ἅτε κατ' οἰκίαν τὰ πολλὰ διατρίβοντες ὑπὸ τῆς ἡλικίας: ἀλλ' εἴ τι καὶ σύ, ὦ παῖ Σωφρονίσκου, ἔχεις τῷδε τῷ σαντοῦ δημότῃ ἀγαθὸν [180e] συμβουλευσαι, χρή συμβουλεύειν. δίκαιος δ' εἶ: καὶ γὰρ πατρικὸς ἡμῖν φίλος τυγχάνεις ὢν: αἰεὶ γὰρ ἐγὼ καὶ ὁ σὸς πατήρ ἐταίρω τε καὶ φίλῳ ἦμεν, καὶ πρότερον ἐκεῖνος ἐτελεύτησε, πρὶν τι ἔμοι διενεχθῆναι. περιφέρει δέ τις με καὶ μνήμη ἄρτι τῶνδε λεγόντων: τὰ γὰρ μεράκια τάδε πρὸς ἀλλήλους οἶκοι διαλεγόμενοι θαμὰ ἐπιμένηνται Σωκράτους καὶ σφόδρα ἐπαινοῦσιν: οὐ μέντοι πώποτε αὐτοὺς ἀνηρώτησα [181a] εἰ τὸν Σωφρονίσκου λέγοιεν. ἀλλ', ὦ παῖδες, λέγετέ μοι, ὅδ' ἐστὶ Σωκράτης, περὶ οὗ ἐκάστοτε ἐμέμνησθε;

Παῖδες

πάνυ μὲν οὖν, ὦ πάτερ, οὗτος.

Λυσίμαχος

εὖ γε νῆ τὴν Ἥραν, ὦ Σώκρατες, ὅτι ὀρθοῖς τὸν πατέρα, ἄριστον ἀνδρῶν ὄντα, καὶ ἄλλως καὶ δὴ καὶ ὅτι οἰκεῖα τά τε σὰ ἡμῖν ὑπάρξει καὶ σοὶ τὰ ἡμέτερα.

Λάχης

καὶ μὴν, ὦ Λυσίμαχε, μὴ ἀφίεσό γε τὰνδρός: ὡς ἐγὼ καὶ ἄλλοθι γε αὐτὸν ἐθεασάμην οὐ μόνον τὸν πατέρα [181b] ἀλλὰ καὶ τὴν πατρίδα ὀρθοῦντα: ἐν γὰρ τῇ ἀπὸ Δηλίου φυγῇ μετ' ἐμοῦ συνανεχώρει, καὶ γὰρ σοὶ λέγω ὅτι εἰ οἱ ἄλλοι ἤθελον τοιοῦτοι εἶναι, ὀρθὴ ἂν ἡμῶν ἡ πόλις ἦν καὶ οὐκ ἂν ἔπεσε τότε τοιοῦτον πτόμα.

Λυσίμαχος

ὦ Σώκρατες, οὗτος μέντοι ὁ ἔπαινός ἐστιν καλός, ὃν σὺ νῦν ἐπαινῇ ὑπ' ἀνδρῶν ἀξίων πιστεύεσθαι καὶ εἰς ταῦτα εἰς ἃ οὗτοι ἐπαινοῦσιν. εὖ οὖν ἴσθι ὅτι ἐγὼ ταῦτα ἀκούων χαίρω ὅτι εὐδοκιμεῖς, καὶ σὺ δὲ ἡγοῦ με ἐν τοῖς εὐνοούστατον [181c] σοὶ εἶναι. χρὴν μὲν οὖν καὶ πρότερόν γε φοιτᾶν αὐτὸν παρ' ἡμᾶς καὶ οἰκεῖους ἡγεῖσθαι, ὥσπερ τὸ δίκαιον: νῦν δ' οὖν ἀπὸ τῆσδε τῆς ἡμέρας, ἐπειδὴ ἀνεγνωρίσαμεν ἀλλήλους, μὴ ἄλλως ποιεῖ, ἀλλὰ σύνισθί τε καὶ γνῶριζε καὶ ἡμᾶς καὶ τούσδε τοὺς νεωτέρους, ὅπως ἂν διασώζητε καὶ ὑμεῖς τὴν ἡμετέραν φιλίαν. ταῦτα μὲν οὖν καὶ σὺ ποιήσεις καὶ ἡμεῖς σε καὶ αὐθις ὑπομνήσομεν: περὶ δὲ ὧν ἠρξάμεθα τί φατε; τί δοκεῖ; τὸ μάθημα τοῖς μειρακίοις ἐπιτήδειον εἶναι ἢ οὐ, τὸ μαθεῖν ἐν ὅπλοις μάχεσθαι;

[181d] Σωκράτης

ἀλλὰ καὶ τούτων πέρι, ὦ Λυσίμαχε, ἔγωγε πειράσομαι συμβουλευεῖν ἄν τι δύνωμαι, καὶ αὖ ἃ προκαλῇ πάντα ποιεῖν. δικαιοτάτον μέντοι μοι δοκεῖ εἶναι ἐμὲ νεώτερον ὄντα τῶνδε καὶ ἀπειρότερον τούτων ἀκούειν πρότερον τί λέγουσιν καὶ μανθάνειν παρ' αὐτῶν: ἐὰν δ' ἔχω τι ἄλλο παρὰ τὰ ὑπὸ τούτων λεγόμενα, τότε ἤδη διδάσκειν καὶ πείθειν καὶ σὲ καὶ τούτους. ἀλλ', ὦ Νικία, τί οὐ λέγει πότερος ὑμῶν;

Νικίας

ἀλλ' οὐδὲν κωλύει, ὦ Σώκρατες. δοκεῖ γὰρ καὶ [181e] ἐμοὶ τοῦτο τὸ μάθημα τοῖς νέοις ὠφέλιμον εἶναι ἐπίστασθαι πολλαχῇ. καὶ γὰρ τὸ μὴ ἄλλοθι διατρίβειν, ἐν οἷς δὴ φιλοῦσιν οἱ νέοι τὰς διατριβάς ποιεῖσθαι ὅταν σχολὴν ἄγωσιν, ἀλλ' ἐν τούτῳ, εὖ ἔχει, ὅθεν καὶ τὸ σῶμα βέλτιον ἴσχειν ἀνάγκη — οὐδενὸς γὰρ τῶν γυμνασίων φανυλότερον οὐδ' [182a] ἐλάττω πόνον ἔχει — καὶ ἅμα προσήκει μάλιστα' ἐλευθέρῳ τοῦτό τε τὸ γυμνάσιον καὶ ἡ ἵππική: οὗ γὰρ ἀγῶνος ἀθληταὶ ἐσμεν καὶ ἐν οἷς ἡμῖν ὁ ἀγὼν πρόκειται, μόνοι οὗτοι γυμνάζονται οἱ ἐν τούτοις τοῖς [τὸν] περὶ τὸν πόλεμον ὀργάνοις γυμναζόμενοι. ἔπειτα ὀνήσει μὲν τι τοῦτο τὸ μάθημα καὶ ἐν τῇ μάχῃ αὐτῇ, ὅταν ἐν τάξει δέῃ μάχεσθαι μετὰ πολλῶν ἄλλων: μέγιστον μέντοι αὐτοῦ ὄφελος, ὅταν λυθῶσιν αἱ τάξεις καὶ ἤδη τι δέῃ μόνον πρὸς μόνον ἢ διώκοντα ἀμυνομένῳ [182b] τινὶ ἐπιθέσθαι ἢ καὶ ἐν φυγῇ ἐπιτιθεμένου ἄλλου ἀμύνασθαι αὐτόν: οὗτ' ἂν ὑπὸ γε ἐνὸς εἷς ὁ τοῦτ' ἐπιστάμενος οὐδὲν ἂν πάθοι, ἴσως δ' οὐδὲ ὑπὸ πλεόνων, ἀλλὰ πανταχῇ ἂν ταύτῃ πλεονεκτοῖ. ἔτι δὲ καὶ εἰς ἄλλου καλοῦ μαθήματος ἐπιθυμίαν παρακαλεῖ τὸ τοιοῦτον: πᾶς γὰρ ἂν μαθὼν ἐν ὅπλοις μάχεσθαι ἐπιθυμήσειε καὶ τοῦ ἐξῆς μαθήματος τοῦ περὶ τὰς τάξεις, καὶ ταῦτα λαβὼν καὶ φιλοτιμηθεὶς [182c] ἐν αὐτοῖς ἐπὶ πᾶν ἂν τὸ περὶ τὰς στρατηγίας ὀρμήσειε: καὶ ἤδη δῆλον ὅτι τὰ τούτων ἐχόμενα καὶ μαθήματα πάντα καὶ ἐπιτηδεύματα καὶ καλὰ καὶ πολλοῦ ἄξια ἀνδρὶ μαθεῖν τε καὶ ἐπιτηδεῦσαι, ὧν καθηγήσαιτ' ἂν τοῦτο τὸ μάθημα. προσθήσομεν δ' αὐτῷ οὐ μικρὰν προσθήκην, ὅτι πάντα ἄνδρα ἐν πολέμῳ καὶ θαρράλεώτερον καὶ ἀνδρειότερον ἂν ποιήσειεν αὐτόν αὐτοῦ οὐκ ὀλίγῳ αὕτη ἡ ἐπιστήμη. μὴ ἀτιμάσωμεν δὲ εἰπεῖν, εἰ καὶ τῷ μικρότερον δοκεῖ εἶναι, ὅτι καὶ εὐσχημονέστερον ἐνταῦθα οὗ χρή τὸν ἄνδρα εὐσχημονέστερον [182d] φαίνεσθαι, οὗ ἅμα καὶ

δεινότερος τοῖς ἐχθροῖς φανεῖται διὰ τὴν εὐσχημοσύνην. ἐμοὶ μὲν οὖν, ὦ Λυσίμαχε, ὥσπερ λέγω, δοκεῖ τε χρῆναι διδάσκειν τοὺς νεανίσκους ταῦτα καὶ δι' ἃ δοκεῖ εἶρηκα: Λάχητος δ', εἴ τι παρὰ ταῦτα λέγει, κἂν αὐτὸς ἡδέως ἀκούσαιομι.

Λάχης

ἀλλ' ἔστι μὲν, ὦ Νικία, χαλεπὸν λέγειν περὶ οὐτουοῦν μαθήματος ὥς οὐ χρὴ μανθάνειν: πάντα γὰρ ἐπίστασθαι ἀγαθὸν δοκεῖ εἶναι. καὶ δὴ καὶ τὸ ὀπλιτικὸν τοῦτο, [182e] εἰ μὲν ἔστιν μάθημα, ὅπερ φασὶν οἱ διδάσκοντες, καὶ οἷον Νικίας λέγει, χρὴ αὐτὸ μανθάνειν: εἰ δ' ἔστιν μὲν μὴ μάθημα, ἀλλ' ἐξαπατῶσιν οἱ ὑπισχνούμενοι, ἢ μάθημα μὲν τυγχάνει ὄν, μὴ μέντοι πάνυ σπουδαῖον, τί καὶ δεοὶ ἂν αὐτὸ μανθάνειν; λέγω δὲ ταῦτα περὶ αὐτοῦ εἰς τὰδε ἀποβλέψας, ὅτι οἶμαι ἐγὼ τοῦτο, εἰ τί ἦν, οὐκ ἂν λεληθέναι Λακεδαιμονίους, οἷς οὐδὲν ἄλλο μέλει ἐν τῷ βίῳ ἢ τοῦτο ζητεῖν καὶ ἐπιτηδεύειν, [183a] ὅτι ἂν μαθόντες καὶ ἐπιτηδεύσαντες πλεονεκτοῖεν τῶν ἄλλων περὶ τὸν πόλεμον. εἰ δ' ἐκείνους λέληθεν, ἀλλ' οὐ τούτους γε τοὺς διδασκάλους αὐτοῦ λέληθεν αὐτὸ τοῦτο, ὅτι ἐκεῖνοι μάλιστα τῶν Ἑλλήνων σπουδάζουσιν ἐπὶ τοῖς τοιοῦτοις καὶ ὅτι παρ' ἐκείνοις ἂν τις τιμηθεῖς εἰς ταῦτα καὶ παρὰ τῶν ἄλλων πλεῖστ' ἂν ἐργάζοιτο χρήματα, ὥσπερ γε καὶ τραγωδίας ποιητῆς παρ' ἡμῖν τιμηθεῖς. τοιγάρτοι ὅς ἂν οἴηται τραγωδίαν καλῶς ποιεῖν, οὐκ ἔξωθεν κύκλω περὶ τὴν Ἀττικὴν [183b] κατὰ τὰς ἄλλας πόλεις ἐπιδεικνύμενος περιέρχεται, ἀλλ' εὐθύς δεῦρο φέρεται καὶ τοῖσδ' ἐπιδείκνυσιν εἰκότως: τοὺς δὲ ἐν ὅπλοις μαχομένους ἐγὼ τούτους ὁρῶ τὴν μὲν Λακεδαίμονα ἡγουμένους εἶναι ἄβατον ἱερὸν καὶ οὐδὲ ἄκρῳ ποδὶ ἐπιβαίνοντας, κύκλω δὲ περιούντας αὐτὴν καὶ πᾶσι μᾶλλον ἐπιδεικνυμένους, καὶ μάλιστα τούτοις οἱ κἂν αὐτοὶ ὁμολογήσειαν πολλοὺς σφῶν προτέρους εἶναι πρὸς τὰ τοῦ πολέμου. [183c] ἔπειτα, ὦ Λυσίμαχε, οὐ πάνυ ὀλίγοις ἐγὼ τούτων παραγέγονα ἐν αὐτῷ τῷ ἔργῳ, καὶ ὁρῶ οἰοί εἰσιν. ἔξεστι δὲ καὶ αὐτόθεν ἡμῖν σκέψασθαι. ὥσπερ γὰρ ἐπίτηδες οὐδεὶς πώποτ' εὐδόκιμος γέγονεν ἐν τῷ πολέμῳ ἀνὴρ τῶν τὰ ὀπλιτικὰ ἐπιτηδευσάντων. καίτοι εἰς γε τᾶλλα πάντα ἐκ τούτων οἱ ὀνομαστοὶ γίνονται, ἐκ τῶν ἐπιτηδευσάντων ἕκαστα: οὗτοι δ', ὥς ἔοικε, παρὰ τοὺς ἄλλους οὕτω σφόδρα εἰς τοῦτο

δεδυστυχήκασιν. ἐπεὶ καὶ τοῦτον τὸν Στησίλεων, ὃν ὑμεῖς [183d] μετ' ἐμοῦ ἐν τοσούτῳ ὄχλῳ ἐθεάσασθε ἐπιδεικνύμενον καὶ τὰ μεγάλα περὶ αὐτοῦ λέγοντα ἃ ἔλεγεν, ἐτέρωθι ἐγὼ κάλλιον ἐθεασάμην ἐν τῇ ἀληθείᾳ ὥς ἀληθῶς ἐπιδεικνύμενον οὐχ ἐκόντα. προσβαλούσης γὰρ τῆς νεῶς ἐφ' ἣ ἐπεβάτευεν πρὸς ὀλκάδα τινά, ἐμάχετο ἔχων δορυδρέπανον, διαφέρον δὴ ὄπλον ἅτε καὶ αὐτὸς τῶν ἄλλων διαφέρων. τὰ μὲν οὖν ἄλλα οὐκ ἄξια λέγειν περὶ τάνδρος, τὸ δὲ σόφισμα τὸ τοῦ δρεπάνου [183e] τοῦ πρὸς τῇ λόγχῃ οἶον ἀπέβη. μαχομένου γὰρ αὐτοῦ ἐνέσχετό που ἐν τοῖς τῆς νεῶς σκεύεσιν καὶ ἀντελάβετο: εἶλκεν οὖν ὁ Στησίλεως βουλόμενος ἀπολῦσαι, καὶ οὐχ οἷός τ' ἦν, ἡ δὲ ναῦς τὴν ναῦν παρήει. τέως μὲν οὖν παρέθει ἐν τῇ νηὶ ἀντεχόμενος τοῦ δόρατος: ἐπεὶ δὲ δὴ παρημείβετο ἡ ναῦς τὴν ναῦν καὶ ἐπέσπα αὐτὸν τοῦ δόρατος ἐχόμενον, [184a] ἐφίει τὸ δόρυ διὰ τῆς χειρός, ἕως ἄκρου τοῦ στόμακος ἀντελάβετο. ἦν δὲ γέλως καὶ κρότος ὑπὸ τῶν ἐκ τῆς ὀλκάδος ἐπὶ τε τῷ σχήματι αὐτοῦ, καὶ ἐπειδὴ βαλόντος τινὸς λίθω παρὰ τοὺς πόδας αὐτοῦ ἐπὶ τὸ κατάστρωμα ἀφίεται τοῦ δόρατος, τότε ἤδη καὶ οἱ ἐκ τῆς τριήρους οὐκέτι οἰοί τ' ἦσαν τὸν γέλωτα κατέχειν, ὀρῶντες αἰωροῦμενον ἐκ τῆς ὀλκάδος τὸ δορυδρέπανον ἐκεῖνο. ἴσως μὲν οὖν εἴη ἂν τὰ ταῦτα, ὥσπερ Νικίας λέγει: οἷς δ' οὖν ἐγὼ ἐντετύχηκα, τοιαῦτ' [184b] ἅττα ἐστίν. ὁ οὖν καὶ ἐξ ἀρχῆς εἶπον, εἴτε οὕτω σμικρὰς ὠφελίας ἔχει μάθημα ὃν, εἴτε μὴ ὃν φασὶ καὶ προσποιοῦνται αὐτὸ εἶναι μάθημα, οὐκ ἄξιον ἐπιχειρεῖν μανθάνειν. καὶ γὰρ οὖν μοι δοκεῖ, εἰ μὲν δειλὸς τις ὢν οἰοίτο αὐτὸ ἐπίστασθαι, θρασύτερος ἂν δι' αὐτὸ γενόμενος ἐπιφανέστερος γένοιτο οἷος ἦν, εἰ δὲ ἀνδρεῖος, φυλαττόμενος ἂν ὑπὸ τῶν ἀνθρώπων, εἰ καὶ σμικρὸν ἐξαμάρτοι, μεγάλας ἂν διαβολὰς ἴσχειν: [184c] ἐπίφθονος γὰρ ἡ προσποίησις τῆς τοιαύτης ἐπιστήμης, ὥστ' εἰ μὴ τι θαυμαστὸν ὅσον διαφέρει τῇ ἀρετῇ τῶν ἄλλων, οὐκ ἔσθ' ὅπως ἂν τις φύγοι τὸ καταγέλαστος γενέσθαι φάσκων ἔχειν ταύτην τὴν ἐπιστήμην. τοιαύτη τις ἔμοιγε δοκεῖ, ὧ Λυσίμαχε, ἡ περὶ τοῦτο τὸ μάθημα εἶναι σπουδὴ: χρὴ δ' ὅπερ σοι ἐξ ἀρχῆς ἔλεγον, καὶ Σωκράτη τόνδε μὴ ἀφιέναι, ἀλλὰ δεῖσθαι συμβουλευεῖν ὅπῃ δοκεῖ αὐτῷ περὶ τοῦ προκειμένου.

Λυσίμαχος

ἀλλὰ δέομαι ἔγωγε, ὦ Σώκρατες· καὶ γὰρ ὥσπερ [184d] τοῦ ἐπιδιακρινοῦντος δοκεῖ μοι δεῖν ἡμῖν ἢ βουλή. εἰ μὲν γὰρ συνεφερέσθην τώδε, ἦττον ἂν τοῦ τοιούτου ἔδει· νῦν δὲ τὴν ἐναντίαν γάρ, ὥς ὀρθῶς, Λάχης Νικία ἔθετο, εὖ δὴ ἔχει ἀκοῦσαι καὶ σοῦ ποτέρῳ τοῖν ἀνδροῖν σύμψηφος εἶ.

Σωκράτης

τί δέ, ὦ Λυσίμαχε; ὁπότερ' ἂν οἱ πλείους ἐπαινῶσιν ἡμῶν, τούτοις μέλλεις χρῆσθαι;

Λυσίμαχος

τί γὰρ ἂν τις καὶ ποιοῖ, ὦ Σώκρατες;

Σωκράτης

ἦ καὶ σύ, ὦ Μελησία, οὕτως ἂν ποιοῖς; κἂν εἴ [184e] τις περὶ ἀγωνίας τοῦ ὑέος σοι βουλή εἴη τί χρὴ ἀσκεῖν, ἅρα τοῖς πλείοσιν ἂν ἡμῶν πείθοιο, ἢ 'κείνῳ ὅστις τυγχάνει ὑπὸ παιδοτρίβῃ ἀγαθῷ πεπαιδευμένος καὶ ἡσκηκῶς;

Μελησίας

ἐκείνῳ εἰκός γε, ὦ Σώκρατες.

Σωκράτης

αὐτῷ ἄρ' ἂν μᾶλλον πείθοιο ἢ τέτταρσιν οὗσιν ἡμῖν;

Μελησίας

ἴσως.

Σωκράτης

ἐπιστήμη γὰρ οἶμαι δεῖ κρίνεσθαι ἀλλ' οὐ πλήθει τὸ μέλλον καλῶς
κριθήσεσθαι.

Μελησίας

πῶς γὰρ οὐ;

Σωκράτης

οὐκοῦν καὶ νῦν χρὴ πρῶτον αὐτὸ τοῦτο σκέψασθαι, [185a] εἰ ἔστιν
τις ἡμῶν τεχνικὸς περὶ οὗ βουλευόμεθα ἢ οὐ; καὶ εἰ μὲν ἔστιν,
ἐκεῖνον πείθεσθαι ἐνὶ ὄντι, τοὺς δ' ἄλλους ἑᾶν, εἰ δὲ μή, ἄλλον τινὰ
ζητεῖν. ἢ περὶ σμικροῦ οἴεσθε νυνὶ κινδυνεύειν καὶ σὺ καὶ Λυσίμαχος
ἀλλ' οὐ περὶ τούτου τοῦ κτήματος ὃ τῶν ὑμετέρων μέγιστον ὄν
τυγχάνει; ὑέων γάρ που ἢ χρηστῶν ἢ τάναντία γενομένων καὶ πᾶς ὁ
οἶκος ὁ τοῦ πατρὸς οὕτως οἰκήσεται, ὅποιοι ἂν τινες οἱ παῖδες
γένωνται.

Μελησίας

ἀληθῆ λέγεις.

Σωκράτης

πολλὴν ἄρα δεῖ προμηθίαν αὐτοῦ ἔχειν.

Μελησίας

πάνυ γε.

[185b] Σωκράτης

πῶς οὖν, ὃ ἐγὼ ἄρτι ἔλεγον, ἐσκοποῦμεν ἄν, εἰ ἐβουλόμεθα σκέψασθαι τίς ἡμῶν περὶ ἀγωνίαν τεχνικώτατος; ἄρ' οὐχ ὁ μαθὼν καὶ ἐπιτηδεύσας, ᾧ καὶ διδάσκαλοι ἀγαθοὶ γεγονότες ἦσαν αὐτοῦ τούτου;

Μελισίας

ἔμοιγε δοκεῖ.

Σωκράτης

οὐκοῦν ἔτι πρότερον, τίνος ὄντος τούτου [οὔ] ζητοῦμεν τοὺς διδασκάλους;

Μελισίας

πῶς λέγεις;

Σωκράτης

ὦδε ἴσως μᾶλλον κατάδηλον ἔσται. οὐ μοι δοκεῖ ἐξ ἀρχῆς ἡμῖν ὁμολογῆσθαι τί ποτ' ἔστιν περὶ οὗ βουλευόμεθα [καὶ σκεπτόμεθα], ὅστις ἡμῶν τεχνικὸς καὶ τούτου [185c] ἕνεκα διδασκάλους ἐκτήσατο, καὶ ὅστις μή.

Νικίας

οὐ γάρ, ὦ Σώκρατες, περὶ τοῦ ἐν ὅπλοις μάχεσθαι σκοποῦμεν, εἴτε
χρὴ αὐτὸ τοὺς νεανίσκους μανθάνειν εἴτε μή;

Σωκράτης

πάνυ μὲν οὖν, ὦ Νικία. ἀλλ' ὅταν περὶ φαρμάκου τίς του πρὸς
ὀφθαλμοὺς σκοπῇται, εἴτε χρὴ αὐτὸ ὑπαλείφεσθαι εἴτε μή, πότερον
οἶει τότε εἶναι τὴν βουλὴν περὶ τοῦ φαρμάκου ἢ περὶ τῶν ὀφθαλμῶν;

Νικίας

περὶ τῶν ὀφθαλμῶν.

[185d] Σωκράτης

οὐκοῦν καὶ ὅταν ἵπῳ χαλινὸν σκοπῇται τις εἰ προσοιστέον ἢ μή, καὶ
ὅποτε, τότε που περὶ τοῦ ἵππου βουλεύεται ἀλλ' οὐ περὶ τοῦ χαλινοῦ;

Νικίας

ἀληθῆ.

Σωκράτης

οὐκοῦν ἐνὶ λόγῳ, ὅταν τίς τι ἔνεκά του σκοπῇ, περὶ ἐκείνου ἢ βουλὴ
τυγχάνει οὕσα οὗ ἔνεκα ἐσκόπει, ἀλλ' οὐ περὶ τοῦ ὃ ἔνεκα ἄλλου
ἐζήτει.

Νικίας

ἀνάγκη.

Σωκράτης

δεῖ ἄρα καὶ τὸν σύμβουλον σκοπεῖν ἄρα τεχνικός ἐστιν εἰς ἐκείνου
θεραπείαν, οὗ ἔνεκα σκοπούμενοι σκοποῦμεν.

Νικίας

πάνυ γε.

[185e] Σωκράτης

οὐκοῦν νῦν φαμεν περὶ μαθήματος σκοπεῖν τῆς ψυχῆς ἔνεκα τῆς τῶν
νεανίσκων;

Νικίας

ναί.

Σωκράτης

εἴ τις ἄρα ἡμῶν τεχνικός περὶ ψυχῆς θεραπείαν καὶ οἷός τε καλῶς
τοῦτο θεραπεῦσαι, καὶ ὅτῳ διδάσκαλοι ἀγαθοὶ γεγόνασιν, τοῦτο
σκεπτέον.

Λάχης

τί δέ, ὦ Σώκρατες; οὐπω ἐώρακας ἄνευ διδασκάλων τεχνικωτέρους
γεγονότας εἰς ἓν ἢ μετὰ διδασκάλων;

Σωκράτης

ἔγωγε, ὦ Λάχης: οἷς γε σὺ οὐκ ἂν ἐθέλοις πιστεῦσαι, εἰ φαῖεν ἀγαθοὶ εἶναι δημιουργοί, εἰ μή τί σοι τῆς αὐτῶν τέχνης ἔργον ἔχοιεν ἐπιδείξαι εὖ εἰργασμένον, καὶ ἐν [186a] καὶ πλείω.

Λάχης

τοῦτο μὲν ἀληθὴ λέγεις.

Σωκράτης

καὶ ἡμᾶς ἄρα δεῖ, ὦ Λάχης τε καὶ Νικία — ἐπειδὴ Λυσίμαχος καὶ Μελησίας εἰς συμβουλὴν παρεκαλεσάτην ἡμᾶς περὶ τοῖν ὑέοιν, προθυμούμενοι αὐτοῖν ὅτι ἀρίστας γενέσθαι τὰς ψυχὰς — εἰ μὲν φάμεν ἔχειν, ἐπιδείξαι αὐτοῖς καὶ διδασκάλους οἵτινες [ἡμῶν γεγόνασιν] αὐτοὶ πρῶτον ἀγαθοὶ ὄντες καὶ πολλῶν νέων τεθεραπευκότες ψυχὰς ἔπειτα [186b] καὶ ἡμᾶς διδάξαντες φαίνονται: ἢ εἴ τις ἡμῶν αὐτῶν ἑαυτῷ διδάσκαλον μὲν οὐ φησι γεγονέναι, ἀλλ' οὖν ἔργα αὐτὸν αὐτοῦ ἔχειν εἰπεῖν καὶ ἐπιδείξαι τίνες Ἀθηναίων ἢ τῶν ξένων, ἢ δοῦλοι ἢ ἐλεύθεροι, δι' ἐκεῖνον ὁμολογουμένως ἀγαθοὶ γεγόνασιν: εἰ δὲ μηδὲν ἡμῖν τούτων ὑπάρχει, ἄλλους κελεύειν ζητεῖν καὶ μὴ ἐν ἐταίρων ἀνδρῶν ὑέσιν κινδυνεύειν διαφθείροντας τὴν μεγίστην αἰτίαν ἔχειν ὑπὸ τῶν οἰκειοτάτων. ἐγὼ μὲν οὖν, ὦ Λυσίμαχε τε καὶ Μελησία, πρῶτος [186c] περὶ ἑμαυτοῦ λέγω ὅτι διδάσκαλός μοι οὐ γέγονε τούτου πέρι. καίτοι ἐπιθυμῶ γε τοῦ πράγματος ἐκ νέου ἀρξάμενος. ἀλλὰ τοῖς μὲν σοφισταῖς οὐκ ἔχω τελεῖν μισθοὺς, οἵπερ μόνοι ἐπηγγέλλοντό με οἷοί τ' εἶναι ποιῆσαι καλὸν τε καὶ ἀγαθόν: αὐτὸς δ' αὖ εὗρεῖν τὴν τέχνην ἀδυνατῶ ἔτι νυνί. εἰ δὲ Νικίας ἢ Λάχης ἠϋρήκεν ἢ μεμάθηκεν, οὐκ ἂν θαυμάσαιμι: καὶ γὰρ χρήμασιν ἐμοῦ δυνατότεροι, ὥστε μαθεῖν παρ' ἄλλων, καὶ ἅμα πρεσβύτεροι, ὥστε ἤδη ἠϋρήκεναι. δοκοῦσι [186d] δὴ μοι δυνατοὶ εἶναι παιδεῦσαι ἄνθρωπον: οὐ γὰρ ἂν ποτε ἀδεῶς ἀπεφάνοντο περὶ ἐπιτηδευμάτων νέῳ χρηστῶν τε καὶ πονηρῶν, εἰ μὴ αὐτοῖς ἐπίστευον ἱκανῶς εἰδέναι. τὰ μὲν οὖν ἄλλα ἔγωγε τούτοις πιστεύω: ὅτι δὲ διαφέρεσθον ἀλλήλοιν, ἐθαύμασα. τοῦτο οὖν σου ἐγὼ ἀντιδέομαι, ὦ Λυσίμαχε: καθάπερ ἄρτι Λάχης μὴ ἀφίεσθαι σε ἐμοῦ διεκελεύετο

ἀλλὰ ἐρωτᾶν, καὶ ἐγὼ νῦν παρακελεύομαι σοι μὴ ἀφίεσθαι Λάχηςτος
μηδὲ Νικίου, ἀλλ' ἐρωτᾶν λέγοντα ὅτι ὁ μὲν Σωκράτης οὐ [186e]
φησιν ἐπαΐειν περὶ τοῦ πράγματος οὐδ' ἱκανὸς εἶναι διακρίναι
ὁπότερος ὑμῶν ἀληθεῖ λέγει — οὔτε γὰρ εὐρετὴς οὔτε μαθητὴς
οὐδενὸς περὶ τῶν τοιούτων γεγονέναι — σὺ δ', ὦ Λάχης καὶ Νικία,
εἶπετον ἡμῖν ἑκάτερος τί νη δὴ δεινотάτῳ συγγεγόνατον περὶ τῆς τῶν
νέων τροφῆς, καὶ πότερα μαθόντε παρὰ τοῦ ἐπίστασθον ἢ αὐτῶ
ἐξευρόντε, καὶ εἰ μὲν μαθόντε, [187a] τίς ὁ διδάσκαλος ἑκατέρῳ καὶ
τίνες ἄλλοι ὁμότεχνοι αὐτοῖς, ἴν', ἂν μὴ ὑμῖν σχολὴ ἢ ὑπὸ τῶν τῆς
πόλεως πραγμάτων, ἐπ' ἐκείνους ἴωμεν καὶ πείθωμεν ἢ δώροις ἢ
χάρισιν ἢ ἀμφοτέρω ἐπιμεληθῆναι καὶ τῶν ἡμετέρων καὶ τῶν
ὑμετέρων παίδων, ὅπως μὴ κατασχύνωσι τοὺς αὐτῶν προγόνους
φαῦλοι γενόμενοι: εἰ δ' αὐτοὶ εὐρεταὶ γεγονότε τοῦ τοιούτου, δότε
παράδειγμα τίνων ἤδη ἄλλων ἐπιμεληθέντες ἐκ φαύλων καλοὺς τε
κάγαθοὺς ἐποίησατε. εἰ γὰρ νῦν πρῶτον ἄρξεσθε [187b] παιδεύειν,
σκοπεῖν χρὴ μὴ οὐκ ἐν τῷ Καρὶ ὑμῖν ὁ κίνδυνος κινδυνεύηται, ἀλλ'
ἐν τοῖς ὑέσι τε καὶ ἐν τοῖς τῶν φίλων παισὶ, καὶ ἀτεχνῶς τὸ
λεγόμενον κατὰ τὴν παροιμίαν ὑμῖν συμβαίνει ἐν πίθῳ ἢ κεραμεία
γιγνομένη. λέγετε οὖν τί τούτων ἢ φατέ ὑμῖν ὑπάρχειν τε καὶ
προσῆκειν ἢ οὐ φατέ. ταῦτ', ὦ Λυσίμαχε, παρ' αὐτῶν πυνθάνου τε
καὶ μὴ μεθίει τοὺς ἄνδρας.

Λυσίμαχος

καλῶς μὲν ἔμοιγε δοκεῖ, ὦ ἄνδρες, Σωκράτης λέγειν: [187c] εἰ δὲ
βουλομένοις ὑμῖν ἐστι περὶ τῶν τοιούτων ἐρωτᾶσθαι τε καὶ διδόναι
λόγον, αὐτοὺς δὴ χρὴ γινώσκειν, ὦ Νικία τε καὶ Λάχης. ἐμοὶ μὲν
γὰρ καὶ Μελησίᾳ τῷδε δῆλον ὅτι ἡδομένοις ἂν εἴη εἰ πάντα ἃ
Σωκράτης ἐρωτᾷ ἐθέλοιτε λόγῳ διεξιέναι: καὶ γὰρ ἐξ ἀρχῆς ἐντεῦθεν
ἡρχόμην λέγων, ὅτι εἰς συμβουλίην διὰ ταῦτα ὑμᾶς παρακαλέσαμεν,
ὅτι μεμεληκέναι ὑμῖν ἡγούμεθα, ὡς εἰκός, περὶ τῶν τοιούτων, καὶ
ἄλλως καὶ ἐπειδὴ οἱ παῖδες ὑμῖν ὀλίγου ὥσπερ οἱ ἡμέτεροι ἡλικίαν
[187d] ἔχουσι παιδεύεσθαι. εἰ οὖν ὑμῖν μή τι διαφέρει, εἶπατε καὶ
κοινῇ μετὰ Σωκράτους σκέψασθε, διδόντες τε καὶ δεχόμενοι λόγον
παρ' ἀλλήλων: εὖ γὰρ καὶ τοῦτο λέγει ὁδε, ὅτι περὶ τοῦ μεγίστου νῦν
βουλευόμεθα τῶν ἡμετέρων. ἀλλ' ὁρᾶτε εἰ δοκεῖ χρῆναι οὕτω ποιεῖν.

Νικίας

ὦ Λυσίμαχε, δοκεῖς μοι ὡς ἀληθῶς Σωκράτη πατρόθεν γινώσκειν μόνον, αὐτῷ δ' οὐ συγγεγονέναι ἀλλ' ἢ [187e] παιδι ὄντι, εἴ που ἐν τοῖς δημόταις μετὰ τοῦ πατρὸς ἀκολουθῶν ἐπλησίασέν σοι ἢ ἐν ἱερῷ ἢ ἐν ἄλλῳ τῷ συλλόγῳ τῶν δημοτῶν: ἐπειδὴ δὲ πρεσβύτερος γέγονεν, οὐκ ἐντετυχηκὼς τῷ ἀνδρὶ δῆλος ἔτι εἶ.

Λυσίμαχος

τί μάλιστα, ὦ Νικία;

Νικίας

οὐ μοι δοκεῖς εἰδέναι ὅτι ὃς ἂν ἐγγύτατα Σωκράτους ἦ [λόγῳ ὥσπερ γένει] καὶ πλησιάζῃ διαλεγόμενος, ἀνάγκη αὐτῷ, ἐὰν ἄρα καὶ περὶ ἄλλου του πρότερον ἄρξῃται διαλέγεσθαι, μὴ παύεσθαι ὑπὸ τούτου περιηγόμενον τῷ λόγῳ, πρὶν ἐμπέσῃ εἰς τὸ διδόναι περὶ αὐτοῦ λόγον, ὅντινα [188a] τρόπον νῦν τε ζῇ καὶ ὅντινα τὸν παρεληλυθότα βίον βεβίωκεν: ἐπειδὴ δ' ἐμπέσῃ, ὅτι οὐ πρότερον αὐτὸν ἀφήσει Σωκράτης, πρὶν ἂν βασανίσῃ ταῦτα εὖ τε καὶ καλῶς ἅπαντα. ἐγὼ δὲ συνήθης τέ εἰμι τῷδε καὶ οἶδ' ὅτι ἀνάγκη ὑπὸ τούτου πάσχειν ταῦτα, καὶ ἔτι γε αὐτὸς ὅτι πείσομαι ταῦτα εὖ οἶδα: χαίρω γάρ, ὦ Λυσίμαχε, τῷ ἀνδρὶ πλησιάζων, καὶ οὐδὲν οἶμαι κακὸν εἶναι τὸ ὑπομιμνήσκεισθαι ὅτι μὴ καλῶς ἢ πεποιήκαμεν [188b] ἢ ποιοῦμεν, ἀλλ' εἰς τὸν ἔπειτα βίον προμηθέστερον ἀνάγκη εἶναι τὸν ταῦτα μὴ φεύγοντα ἀλλ' ἐθέλοντα κατὰ τὸ τοῦ Σόλωνος καὶ ἀξιοῦντα μανθάνειν ὥσπερ ἂν ζῇ, καὶ μὴ οἰόμενον αὐτῷ τὸ γῆρας νοῦν ἔχον προσιέναι. ἐμοὶ μὲν οὖν οὐδὲν ἄηθες οὐδ' αὖ ἀηδὲς ὑπὸ Σωκράτους βασανίζεσθαι, ἀλλὰ καὶ πάλαι σχεδόν τι ἠπιστάμην ὅτι οὐ περὶ τῶν μειρακίων ἡμῖν ὁ λόγος ἔσοιτο Σωκράτους παρόντος, ἀλλὰ περὶ [188c] ἡμῶν αὐτῶν. ὅπερ οὖν λέγω, τὸ μὲν ἐμὸν οὐδὲν κωλύει Σωκράτει συνδιατρίβειν ὅπως οὗτος βούλεται: Λάχητα δὲ τόνδε ὄρα ὅπως ἔχει περὶ τοῦ τοιούτου.

ἀπλοῦν τό γ' ἐμόν, ὦ Νικία, περὶ λόγων ἐστίν, εἰ δὲ βούλει, οὐχ ἀπλοῦν ἀλλὰ διπλοῦν: καὶ γὰρ ἂν δόξαιμί τῳ φιλόλογος εἶναι καὶ αὐτὸν μισόλογος. ὅταν μὲν γὰρ ἀκούω ἀνδρὸς περὶ ἀρετῆς διαλεγομένου ἢ περὶ τινος σοφίας ὡς ἀληθῶς ὄντος ἀνδρὸς καὶ ἀξίου τῶν λόγων ὧν λέγει, [188d] χαίρω ὑπερφυῶς, θεώμενος ἅμα τὸν τε λέγοντα καὶ τὰ λεγόμενα ὅτι πρόποντα ἀλλήλοις καὶ ἀρμόττοντά ἐστι. καὶ κομιδῇ μοι δοκεῖ μουσικὸς ὁ τοιοῦτος εἶναι, ἀρμονίαν καλλίστην ἡρμοσμένος οὐ λύραν οὐδὲ παιδιᾶς ὄργανα, ἀλλὰ τῷ ὄντι [ζῆν ἡρμοσμένος οὗ] αὐτὸς αὐτοῦ τὸν βίον σύμφωνον τοῖς λόγοις πρὸς τὰ ἔργα, ἀτεχνῶς δωριστὶ ἀλλ' οὐκ ἰαστί, οἶμαι δὲ οὐδὲ φρυγιστὶ οὐδὲ λυδιστί, ἀλλ' ἥπερ μόνη Ἑλληνικὴ ἐστὶν ἀρμονία. ὁ μὲν οὖν τοιοῦτος χαίρειν με ποιεῖ [188e] φθεγγόμενος καὶ δοκεῖν ὀφροῦν φιλόλογον εἶναι — οὕτω σφόδρα ἀποδέχομαι παρ' αὐτοῦ τὰ λεγόμενα — ὁ δὲ τάναντία τούτου πράττων λυπεῖ με, ὅσῳ ἂν δοκῇ ἄμεινον λέγειν, τοσούτῳ μᾶλλον, καὶ ποιεῖ αὐτὸν δοκεῖν εἶναι μισόλογον. Σωκράτους δ' ἐγὼ τῶν μὲν λόγων οὐκ ἔμπειρός εἰμι, ἀλλὰ πρότερον, ὡς ἔοικε, τῶν ἔργων ἐπειράθην, καὶ ἐκεῖ αὐτὸν [189a] ἡῦρον ἄξιον ὄντα λόγων καλῶν καὶ πάσης παρρησίας. εἰ οὖν καὶ τοῦτο ἔχει, συμβούλομαι τάνδρῃ, καὶ ἥδιστ' ἂν ἐξεταζοίμην ὑπὸ τοῦ τοιούτου, καὶ οὐκ ἂν ἀχθοίμην μανθάνων, ἀλλὰ καὶ ἐγὼ τῷ Σόλῳνι, ἐν μόνον προσλαβὼν, συγχωρῶ: γηράσκων γὰρ πολλὰ διδάσκεσθαι ἐθέλω ὑπὸ χρηστῶν μόνον. τοῦτο γάρ μοι συγχωρεῖτω, ἀγαθὸν καὶ αὐτὸν εἶναι τὸν διδάσκαλον, ἵνα μὴ δυσμαθὴς φαίνωμαι ἀηδῶς μανθάνων: εἰ δὲ νεώτερος ὁ διδάσκων ἔσται ἢ μήπω ἐν δόξῃ ὧν ἢ τι [189b] ἄλλο τῶν τοιούτων ἔχων, οὐδέν μοι μέλει. σοὶ οὖν, ὦ Σώκρατες, ἐγὼ ἐπαγγέλλομαι καὶ διδάσκειν καὶ ἐλέγχειν ἐμὲ ὅτι ἂν βούλῃ, καὶ μανθάνειν γε ὅτι αὐτὸν οἶδα: οὕτω σὺ παρ' ἐμοὶ διάκεισαι ἀπ' ἐκείνης τῆς ἡμέρας ἢ μετ' ἐμοῦ συνδιεκινδύνευσας καὶ ἔδωκας σαυτοῦ πείραν ἀρετῆς ἣν χρὴ διδόναι τὸν μέλλοντα δικαίως δώσειν. λέγ' οὖν ὅτι σοὶ φίλον, μηδὲν τὴν ἡμετέραν ἡλικίαν ὑπόλογον ποιούμενος.

[189c] Σωκράτης

οὐ τὰ ὑμέτερα, ὥς ἔοικεν, αἰτιασόμεθα μὴ οὐχ ἔτοιμα εἶναι καὶ συμβουλευεῖν καὶ συσκοπεῖν.

Λυσιμάχος

ἀλλ' ἡμέτερον δὴ ἔργον, ὦ Σώκρατες — ἓνα γάρ σε ἔγωγε ἡμῶν τίθημι — σκόπει οὖν ἀντ' ἐμοῦ ὑπὲρ τῶν νεανίσκων ὅτι δεόμεθα παρὰ τῶνδε πυνθάνεσθαι, καὶ συμβούλευε διαλεγόμενος τούτοις. ἐγὼ μὲν γάρ καὶ ἐπιλανθάνομαι ἤδη τὰ πολλὰ διὰ τὴν ἡλικίαν ὣν ἂν διανοηθῶ ἐρέσθαι καὶ αὖ ἂ ἂν ἀκούσω: ἐὰν δὲ μεταξὺ ἄλλοι λόγοι γένωνται, οὐ πάνυ [189d] μέμνημαι. ὑμεῖς οὖν λέγετε καὶ διέξτε πρὸς ὑμᾶς αὐτοὺς περὶ ὧν προυθέμεθα: ἐγὼ δ' ἀκούσομαι καὶ ἀκούσας αὖ μετὰ Μελησίου τοῦδε ποιήσω τοῦτο ὅτι ἂν καὶ ὑμῖν δοκῇ.

Σωκράτης

πειστέον, ὦ Νικία τε καὶ Λάχης, Λυσιμάχῳ καὶ Μελησίᾳ. ἃ μὲν οὖν νυνδὴ ἐπεχειρήσαμεν σκοπεῖν, τίνες οἱ διδάσκαλοι ἡμῖν τῆς τοιαύτης παιδείας γεγόνασιν ἢ τίνας ἄλλους βελτίους πεποιήκαμεν, ἴσως μὲν οὐ κακῶς εἶχεν [189e] ἐξετάζειν καὶ τὰ τοιαῦτα ἡμᾶς αὐτούς: ἀλλ' οἶμαι καὶ ἡ τοιάδε σκέψις εἰς ταῦτόν φέρει, σχεδὸν δέ τι καὶ μᾶλλον ἐξ ἀρχῆς εἶη ἂν. εἰ γὰρ τυγχάνομεν ἐπιστάμενοι ὅτουοῦν πέρι ὅτι παραγενόμενόν τῳ βέλτιον ποιεῖ ἐκεῖνο ὃ παρεγένετο, καὶ προσέτι οἷοί τε ἐσμεν αὐτὸ ποιεῖν παραγίγνεσθαι ἐκεῖνο, δηλὸν ὅτι αὐτό γε ἴσμεν τοῦτο οὗ πέρι σύμβουλοι ἂν γενοίμεθα ὥς ἂν τις αὐτὸ ῥᾶστα καὶ ἄριστ' ἂν κτήσαιοτο. ἴσως οὖν οὐ μανθάνετε μου ὅτι λέγω, ἀλλ' ὧδε ῥᾶον μαθήσεσθε. [190a] εἰ τυγχάνομεν ἐπιστάμενοι ὅτι ὄψις παραγενομένη ὀφθαλμοῖς βελτίους ποιεῖ ἐκείνους οἷς παρεγένετο, καὶ προσέτι οἷοί τ' ἐσμεν ποιεῖν αὐτὴν παραγίγνεσθαι ὄμμασι, δηλὸν ὅτι ὄψιν γε ἴσμεν αὐτὴν ὅτι ποτ' ἔστιν, ἥς πέρι σύμβουλοι ἂν γενοίμεθα ὥς ἂν τις αὐτὴν ῥᾶστα καὶ ἄριστα κτήσαιοτο. εἰ γὰρ μηδ' αὐτὸ τοῦτο εἰδεῖμεν, ὅτι ποτ' ἔστιν ὄψις ἢ ὅτι ἔστιν ἀκοή, σχολῇ ἂν

σύμβουλοί γε ἄξιοι λόγου γενοίμεθα καὶ ἰατροὶ ἢ περὶ ὀφθαλμῶν ἢ περὶ ὠτῶν, ὅντινα τρόπον [190b] ἀκοὴν ἢ ὄψιν κάλλιστ' ἂν κτήσαιο
τις.

Λάχης

ἀληθῆ λέγεις, ὦ Σώκρατες.

Σωκράτης

οὐκοῦν, ὦ Λάχης, καὶ νῦν ἡμᾶς τώδε παρακαλεῖτον εἰς συμβουλήν,
τίν' ἂν τρόπον τοῖς ὑέσιν αὐτῶν ἀρετὴ παραγενομένη ταῖς ψυχαῖς
ἀμείνους ποιήσῃ;

Λάχης

πάνυ γε.

Σωκράτης

ἄρ' οὖν ἡμῖν τοῦτό γ' ὑπάρχειν δεῖ, τὸ εἰδέναι ὅτι ποτ' ἔστιν ἀρετή;
εἰ γάρ που μηδ' ἀρετὴν εἰδεῖμεν τὸ παράπαν ὅτι ποτε τυγχάνει ὄν,
τίν' ἂν τρόπον τούτου [190c] σύμβουλοι γενοίμεθ' ἂν ὁτῶν, ὅπως
ἂν αὐτὸ κάλλιστα κτήσαιο;

Λάχης

οὐδένα, ἔμοιγε δοκεῖ, ὦ Σώκρατες.

Σωκράτης

φάμεν ἄρα, ὦ Λάχης, εἰδέναι αὐτὸ ὅτι ἔστιν.

Λάχης

φάμεν μέντοι.

Σωκράτης

οὐκοῦν ὁ γε ἴσμεν, κἂν εἵπομεν δήπου τί ἐστιν.

Λάχης

πῶς γὰρ οὐ;

Σωκράτης

μὴ τοίνυν, ὦ ἄριστε, περὶ ὅλης ἀρετῆς εὐθέως σκοπώμεθα — πλεον γὰρ ἴσως ἔργον — ἀλλὰ μέρους τινὸς πέρι πρῶτον ἴδωμεν εἰ ἱκανῶς ἔχομεν πρὸς τὸ εἰδέναι: καὶ [190d] ἡμῖν, ὥς τὸ εἰκός, ῥάων ἢ σκέψις ἔσται.

Λάχης

ἀλλ' οὕτω ποιῶμεν, ὦ Σώκρατες, ὥς σὺ βούλει.

Σωκράτης

τί οὖν ἂν προελοίμεθα τῶν τῆς ἀρετῆς μερῶν; ἢ δῆλον δὴ ὅτι τοῦτο εἰς ὃ τείνειν δοκεῖ ἢ ἐν τοῖς ὅπλοις μάθησις; δοκεῖ δέ που τοῖς πολλοῖς εἰς ἀνδρείαν. ἢ γάρ;

Λάχης

καὶ μάλα δὴ οὕτω δοκεῖ.

Σωκράτης

τοῦτο τοίνυν πρῶτον ἐπιχειρήσωμεν, ὦ Λάχης, εἰπεῖν, ἀνδρεία τί ποτ' ἐστίν: ἔπειτα μετὰ τοῦτο σκεψόμεθα [190e] καὶ ὅτῳ ἂν τρόπῳ τοῖς νεανίσκοις παραγένοιτο, καθ' ὅσον οἷόν τε ἐξ ἐπιτηδευμάτων τε καὶ μαθημάτων παραγενέσθαι. ἀλλὰ πειρῶ εἰπεῖν ὃ λέγω, τί ἐστὶν ἀνδρεία.

Λάχης

οὐ μὰ τὸν Δία, ὦ Σώκρατες, οὐ χαλεπὸν εἰπεῖν: εἰ γάρ τις ἐθέλοι ἐν τῇ τάξει μένων ἀμύνεσθαι τοὺς πολεμίους καὶ μὴ φεύγει, εὖ ἴσθι ὅτι ἀνδρεῖος ἂν εἴη.

Σωκράτης

εὖ μὲν λέγεις, ὦ Λάχης: ἀλλ' ἴσως ἐγὼ αἴτιος, οὐ σαφῶς εἰπὼν, τὸ σὲ ἀποκρίνασθαι μὴ τοῦτο ὃ διανοούμενος ἠρόμην, ἀλλ' ἕτερον.

Λάχης

πῶς τοῦτο λέγεις, ὦ Σώκρατες;

[191a] Σωκράτης

ἐγὼ φράσω, ἐὰν οἷός τε γένωμαι. ἀνδρεῖός που οὗτος, ὃν καὶ σὺ λέγεις, ὃς ἂν ἐν τῇ τάξει μένων μάχηται τοῖς πολεμίοις.

Λάχης

ἐγὼ γοῦν φημι.

Σωκράτης

καὶ γὰρ ἐγώ. ἀλλὰ τί αὖ ὅδε, ὃς ἂν φεύγων μάχεται τοῖς πολεμίοις
ἀλλὰ μὴ μένων;

Λάχης

πῶς φεύγων;

Σωκράτης

ὥσπερ που καὶ Σκύθαι λέγονται οὐχ ἥττον φεύγοντες ἢ διώκοντες
μάχεσθαι, καὶ Ὅμηρός που ἐπαινῶν τοὺς τοῦ Αἰνείου ἵππους
κραιπνὰ μάλ' ἔνθα καὶ ἔνθαοι. ιλ. 8.107-108 [191b] ἔφη αὐτοὺς
ἐπίστασθαι διώκειν ἡδὲ φέβεσθαι: καὶ αὐτὸν τὸν Αἰνεΐαν κατὰ τοῦτ'
ἐνεκωμίασε, κατὰ τὴν τοῦ φόβου ἐπιστήμην, καὶ εἶπεν αὐτὸν εἶναι
μήστωρα φόβοιο. ηομ. ιλ. 8.107-108

Λάχης

καὶ καλῶς γε, ὦ Σώκρατες: περὶ ἀρμάτων γὰρ ἔλεγε. καὶ σὺ τὸ τῶν
Σκυθῶν ἱππέων πέρι λέγεις: τὸ μὲν γὰρ ἱππικὸν [τὸ ἐκείνων] οὕτω
μάχεται, τὸ δὲ ὀπλιτικὸν [τό γε τῶν Ἑλλήνων], ὡς ἐγὼ λέγω.

Σωκράτης

πλὴν γ' ἴσως, ὦ Λάχης, τὸ Λακεδαιμονίων. Λακεδαιμονίους [191c]
γάρ φασιν ἐν Πλαταιαῖς, ἐπειδὴ πρὸς τοῖς γερόφοροις ἐγένοντο, οὐκ
ἐθέλιν μένοντας πρὸς αὐτοὺς μάχεσθαι, ἀλλὰ φεύγειν, ἐπειδὴ δ'

ἐλύθησαν αἱ τάξεις τῶν Περσῶν, ἀναστρεφομένους ὥσπερ ἵππας μάχεσθαι καὶ οὕτω νικῆσαι τὴν ἐκεῖ μάχην.

Λάχης

ἀληθῆ λέγεις.

Σωκράτης

τοῦτο τοίνυν ὁ ἄρτι ἔλεγον, ὅτι ἐγὼ αἴτιος μὴ καλῶς σε ἀποκρίνασθαι, ὅτι οὐ καλῶς ἠρόμην — βουλόμενος [191d] γάρ σου πυθέσθαι μὴ μόνον τοὺς ἐν τῷ ὀπλιτικῷ ἀνδρείους, ἀλλὰ καὶ τοὺς ἐν τῷ ἵππικῷ καὶ ἐν σύμπαντι τῷ πολεμικῷ εἶδει, καὶ μὴ μόνον τοὺς ἐν τῷ πολέμῳ, ἀλλὰ καὶ τοὺς ἐν τοῖς πρὸς τὴν θάλατταν κινδύνοις ἀνδρείους ὄντας, καὶ ὅσοι γε πρὸς νόσους καὶ ὅσοι πρὸς πενίας ἢ καὶ πρὸς τὰ πολιτικά ἀνδρεῖοί εἰσιν, καὶ ἔτι αὖ μὴ μόνον ὅσοι πρὸς λύπας ἀνδρεῖοί εἰσιν ἢ φόβους, ἀλλὰ καὶ πρὸς ἐπιθυμίας ἢ ἡδονὰς δεινοὶ [191e] μάχεσθαι, καὶ μένοντες καὶ ἀναστρέφοντες — εἰσὶ γάρ πού τινες, ὧς Λάχης, καὶ ἐν τοῖς τοιούτοις ἀνδρεῖοι —

Λάχης

καὶ σφόδρα, ὦ Σώκρατες.

Σωκράτης

οὐκοῦν ἀνδρεῖοι μὲν πάντες οὗτοί εἰσιν, ἀλλ' οἱ μὲν ἐν ἡδοναῖς, οἱ δ' ἐν λύπαις, οἱ δ' ἐν ἐπιθυμίαις, οἱ δ' ἐν φόβοις τὴν ἀνδρείαν κέκτηνται: οἱ δέ γ' οἶμαι δειλίαν ἐν τοῖς αὐτοῖς τούτοις.

Λάχης

πάνυ γε.

Σωκράτης

τί ποτε ὃν ἐκάτερον τούτων; τοῦτο ἐπυνθανόμεν. πάλιν οὖν πειρῶ εἰπεῖν ἀνδρείαν πρῶτον τί ὃν ἐν πᾶσι τούτοις ταυτόν ἐστιν: ἢ οὐπω καταμανθάνεις ὃ λέγω;

Λάχης

οὐ πάνυ τι.

[192a] Σωκράτης

ἀλλ' ὧδε λέγω, ὥσπερ ἂν εἰ τάχος ἡρώτων τί ποτ' ἐστίν, ὃ καὶ ἐν τῷ τρέχειν τυγχάνει ὃν ἡμῖν καὶ ἐν τῷ κιθαρίζειν καὶ ἐν τῷ λέγειν καὶ ἐν τῷ μανθάνειν καὶ ἐν ἄλλοις πολλοῖς, καὶ σχεδόν τι αὐτὸ κεκτήμεθα, οὗ καὶ περί ἄξιον λέγειν, ἢ ἐν ταῖς τῶν χειρῶν πράξεσιν ἢ σκελῶν ἢ στόματός τε καὶ φωνῆς ἢ διανοίας: ἢ οὐχ οὕτω καὶ σὺ λέγεις;

Λάχης

πάνυ γε.

Σωκράτης

εἰ τοῖνυν τίς με ἔροιτο: “ὦ Σώκρατες, τί λέγεις τοῦτο ὃ ἐν πᾶσιν ὀνομάζεις ταχυτῆτα εἶναι;” εἴποιμ' ἂν [192b] αὐτῷ ὅτι τὴν ἐν ὀλίγῳ χρόνῳ πολλὰ διαπραττομένην δύναμιν ταχυτῆτα ἔγωγε καλῶ καὶ περὶ φωνὴν καὶ περὶ δρόμον καὶ περὶ τᾶλλα πάντα.

Λάχης

ὀρθῶς γε σὺ λέγων.

Σωκράτης

πειρῶ δὴ καὶ σύ, ὦ Λάχης, τὴν ἀνδρείαν οὕτως εἰπεῖν τίς οὔσα δύναμις ἢ αὐτὴ ἐν ἡδονῇ καὶ ἐν λύπῃ καὶ ἐν ἅπασιν οἷς νυνδὴ ἐλέγομεν αὐτὴν εἶναι, ἔπειτα ἀνδρεία κέκληται.

Λάχης

δοκεῖ τοίνυν μοι καρτερία τις εἶναι τῆς ψυχῆς, εἰ [192c] τό γε διὰ πάντων [περὶ ἀνδρείας] πεφυκὸς δεῖ εἰπεῖν.

Σωκράτης

ἀλλὰ μὴν δεῖ, εἴ γε τὸ ἐρωτώμενον ἀποκρινούμεθα ἡμῖν αὐτοῖς. τοῦτο τοίνυν ἔμοιγε φαίνεται: οὔτι πᾶσά γε, ὥς ἐγῶμαι, καρτερία ἀνδρεία σοι φαίνεται. τεκμαίρομαι δὲ ἐνθένδε: σχεδὸν γάρ τι οἶδα, ὦ Λάχης, ὅτι τῶν πάνυ καλῶν πραγμάτων ἡγῇ σὺ ἀνδρείαν εἶναι.

Λάχης

εὖ μὲν οὖν ἴσθι ὅτι τῶν καλλίστων.

Σωκράτης

οὐκοῦν ἢ μὲν μετὰ φρονήσεως καρτερία καλὴ καγαθή;

Λάχης

πάνυ γε.

[192d] Σωκράτης

τί δ' ἢ μετ' ἀφροσύνης; οὐ τούναντίον ταύτη βλαβερά καὶ
κακοῦργος;

Λάχης

ναί.

Σωκράτης

καλὸν οὖν τι φήσεις σὺ εἶναι τὸ τοιοῦτον, ὃν κακοῦργόν τε καὶ
βλαβερόν;

Λάχης

οὐκ οὐκ δίκαιόν γε, ὦ Σώκρατες.

Σωκράτης

οὐκ ἄρα τήν γε τοιαύτην καρτερίαν ἀνδρείαν ὁμολογήσεις εἶναι,
ἐπειδὴπερ οὐ καλή ἐστίν, ἢ δὲ ἀνδρεία καλὸν ἐστίν.

Λάχης

ἀληθῆ λέγεις.

Σωκράτης

ἢ φρόνιμος ἄρα καρτερία κατὰ τὸν σὸν λόγον ἀνδρεία ἂν εἴη.

Λάχης

ἔοικεν.

[192e] Σωκράτης

ἴδωμεν δὴ, ἢ εἰς τί φρόνιμος; ἢ ἢ εἰς ἅπαντα καὶ τὰ μεγάλα καὶ τὰ σμικρά; οἷον εἴ τις καρτερεῖ ἀναλίσκων ἀργύριον φρονίμως, εἰδὼς ὅτι ἀναλώσας πλεον ἐκτίσεται, τοῦτον ἀνδρεῖον καλοῖς ἂν;

Λάχης

μὰ Δί' οὐκ ἔγωγε.

Σωκράτης

ἀλλ' οἷον εἴ τις ἱατρὸς ὢν, περιπλευμονία τοῦ ὕεος ἐχομένου ἢ ἄλλου τινὸς καὶ δεομένου πιεῖν ἢ φαγεῖν [193a] δοῦναι, μὴ κάμπτοιτο ἀλλὰ καρτεροῖ;

Λάχης

οὐδ' ὅπωςτιοῦν οὐδ' αὕτη.

Σωκράτης

ἀλλ' ἐν πολέμῳ καρτεροῦντα ἄνδρα καὶ ἐθέλοντα μάχεσθαι, φρονίμως λογιζόμενον, εἰδότα μὲν ὅτι βοηθήσουσιν ἄλλοι αὐτῷ, πρὸς ἐλάττους δὲ καὶ φανλοτέρους μαχεῖται ἢ μεθ' ὧν αὐτός ἐστιν,

ἔτι δὲ χωρία ἔχει κρείττω, τοῦτον τὸν μετὰ τῆς τοιαύτης φρονήσεως
καὶ παρασκευῆς καρτεροῦντα ἀνδρειότερον ἂν φαίης ἢ τὸν ἐν τῷ
ἐναντίῳ στρατοπέδῳ ἐθέλοντα ὑπομένειν τε καὶ καρτερεῖν;

[193b] Λάχης

τὸν ἐν τῷ ἐναντίῳ, ἔμοιγε δοκεῖ, ὦ Σώκρατες.

Σωκράτης

ἀλλὰ μὴν ἀφρονεστέρα γε ἢ τούτου ἢ ἢ τοῦ ἐτέρου καρτερία.

Λάχης

ἀληθῆ λέγεις.

Σωκράτης

καὶ τὸν μετ' ἐπιστήμης ἄρα ἵππικῆς καρτεροῦντα ἐν ἵππομαχίᾳ ἦττον
φήσεις ἀνδρεῖον εἶναι ἢ τὸν ἄνευ ἐπιστήμης.

Λάχης

ἔμοιγε δοκεῖ.

Σωκράτης

καὶ τὸν μετὰ σφενδονητικῆς ἢ τοξικῆς ἢ ἄλλης τινὸς τέχνης
καρτεροῦντα.

[193c] Λάχης

πάνυ γε.

Σωκράτης

καὶ ὅσοι ἂν ἐθέλωσιν εἰς φρέαρ καταβαίνοντες καὶ κολυμβῶντες
καρτερεῖν ἐν τούτῳ τῷ ἔργῳ, μὴ ὄντες δεινοί, ἢ ἐν τινὶ ἄλλῳ
τοιούτῳ, ἀνδρειότερους φήσεις τῶν ταῦτα δεινῶν.

Λάχης

τί γὰρ ἂν τις ἄλλο φαίη, ὦ Σώκρατες;

Σωκράτης

οὐδέν, εἴπερ οἷοιτό γε οὕτως.

Λάχης

ἀλλὰ μὴν οἶμαί γε.

Σωκράτης

καὶ μὴν που ἀφρονεστέρως γε, ὦ Λάχης, οἱ τοιοῦτοι κινδυνεύουσιν
τε καὶ καρτεροῦσιν ἢ οἱ μετὰ τέχνης αὐτὸ πράττοντες.

Λάχης

φαίνονται.

[193d] Σωκράτης

οὐκοῦν αἰσχρὰ ἢ ἄφρων τόλμα τε καὶ καρτέρησις ἐν τῷ πρόσθεν
ἐφάνη ἡμῖν οὐσα καὶ βλαβερά;

Λάχης

πάνυ γε.

Σωκράτης

ἡ δέ γε ἀνδρεία ὁμολογεῖτο καλόν τι εἶναι.

Λάχης

ὁμολογεῖτο γάρ.

Σωκράτης

νῦν δ' αὖ πάλιν φαμέν ἐκεῖνο τὸ αἰσχρόν, τὴν ἄφρονα καρτέρησιν,
ἀνδρείαν εἶναι.

Λάχης

εὐοίκαμεν.

Σωκράτης

καλῶς οὖν σοι δοκοῦμεν λέγειν;

Λάχης

μὰ τὸν Δί', ὦ Σώκρατες, ἐμοὶ μὲν οὔ.

Σωκράτης

οὐκ ἄρα ποὺ κατὰ τὸν σὸν λόγον δωριστὶ ἡρμόσμεθα [193e] ἐγὼ τε καὶ σύ, ὦ Λάχης· τὰ γὰρ ἔργα οὐ συμφωνεῖ ἡμῖν τοῖς λόγοις. ἔργῳ μὲν γάρ, ὥς ἔοικε, φαίη ἄν τις ἡμᾶς ἀνδρείας μετέχειν, λόγῳ δ', ὥς ἐγῶμαι, οὐκ ἄν, εἰ νῦν ἡμῶν ἀκούσειε διαλεγομένων.

Λάχης

ἀληθέστατα λέγεις.

Σωκράτης

τί οὖν; δοκεῖ καλὸν εἶναι οὕτως ἡμᾶς διακεῖσθαι;

Λάχης

οὐδ' ὅπωςτιοῦν.

Σωκράτης

βούλει οὖν ᾧ λέγομεν πειθώμεθα τό γε τοσοῦτον;

Λάχης

τὸ ποῖον δὴ τοῦτο, καὶ τίνι τούτῳ;

[194a] Σωκράτης

τῷ λόγῳ ὃς καρτερεῖν κελεύει. εἰ οὖν βούλει, καὶ ἡμεῖς ἐπὶ τῇ
ζητήσῃ ἐπιμείνωμέν τε καὶ καρτερήσωμεν, ἵνα καὶ μὴ ἡμῶν αὐτὴ ἡ
ἀνδρεία καταγελάσῃ, ὅτι οὐκ ἀνδρείως αὐτὴν ζητοῦμεν, εἰ ἄρα
πολλάκις αὐτὴ ἡ καρτέρησις ἐστὶν ἀνδρεία.

Λάχης

ἐγὼ μὲν ἔτοιμος, ὦ Σώκρατες, μὴ προαφίστασθαι. καίτοι ἀήθης γ’
εἰμὶ τῶν τοιούτων λόγων· ἀλλὰ τίς με καὶ φιλονικία εἵληφεν πρὸς τὰ
εἰρημένα, καὶ ὥς ἀληθῶς ἀγανακτῶ [194b] εἰ οὕτως ἃ νοῶ μὴ οἷός
τ’ εἰμὶ εἰπεῖν. νοεῖν μὲν γὰρ ἔμοιγε δοκῶ περὶ ἀνδρείας ὅτι ἔστιν, οὐκ
οἶδα δ’ ὅπῃ με ἄρτι διέφυγεν, ὥστε μὴ συλλαβεῖν τῷ λόγῳ αὐτὴν καὶ
εἰπεῖν ὅτι ἔστιν.

Σωκράτης

οὐκοῦν, ὦ φίλε, τὸν ἀγαθὸν κυνηγέτην μεταθεῖν χρὴ καὶ μὴ ἀνιέναι.

Λάχης

παντάπασι μὲν οὖν.

Σωκράτης

βούλει οὖν καὶ Νικίαν τόνδε παρακαλῶμεν ἐπὶ τὸ κυνηγέσιον, εἴ τι
ἡμῶν εὐπορώτερός ἐστιν;

[194c] Λάχης

βούλομαι· πῶς γὰρ οὔ;

Σωκράτης

ἴθι δῆ, ὦ Νικία, ἀνδράσι φίλοις χειμαζομένοις ἐν λόγῳ καὶ ἀποροῦσιν βοήθησον, εἴ τινα ἔχεις δύναμιν. τὰ μὲν γὰρ δὴ ἡμέτερα ὀρᾷς ὥς ἄπορα· σὺ δ' εἰπὼν ὅτι ἡγῇ ἀνδρείαν εἶναι, ἡμᾶς τε τῆς ἀπορίας ἔκλυσαι καὶ αὐτὸς ἃ νοεῖς τῷ λόγῳ βεβαίωσαι.

Νικίας

δοκεῖτε τοίνυν μοι πάλαι οὐ καλῶς, ὦ Σώκρατες, ὀρίζεσθαι τὴν ἀνδρείαν· ὁ γὰρ ἐγὼ σοῦ ἤδη καλῶς λέγοντος ἀκήκοα, τούτῳ οὐ χρῆσθε.

Σωκράτης

ποίῳ δῆ, ὦ Νικία;

[194d] Νικίας

πολλάκις ἀκήκοά σου λέγοντος ὅτι ταῦτα ἀγαθὸς ἕκαστος ἡμῶν ἄπερ σοφός, ἃ δὲ ἀμαθής, ταῦτα δὲ κακός.

Σωκράτης

ἀληθῇ μέντοι νῆ Δία λέγεις, ὦ Νικία.

Νικίας

οὐκοῦν εἴπερ ὁ ἀνδρεῖος ἀγαθός, δηλὸν ὅτι σοφός ἐστιν.

Σωκράτης

ἤκουσας, ὦ Λάχης;

Λάχης

ἔγωγε, καὶ οὐ σφόδρα γε μανθάνω ὃ λέγει.

Σωκράτης

ἀλλ' ἐγὼ δοκῶ μανθάνειν, καὶ μοι δοκεῖ ἀνὴρ σοφίαν τινὰ τὴν ἀνδρείαν λέγειν.

Λάχης

ποίαν, ὦ Σώκρατες, σοφίαν;

[194e] Σωκράτης

οὐκοῦν τόνδε τοῦτο ἐρωτᾷς;

Λάχης

ἔγωγε.

Σωκράτης

ἴθι δὴ, αὐτῷ εἰπέ, ὦ Νικία, ποία σοφία ἀνδρεία ἂν εἴη κατὰ τὸν σὸν λόγον. οὐ γάρ που ἦ γε αὐλητική.

Νικίας

οὐδαμῶς.

Σωκράτης

οὐδὲ μὴν ἡ καθαριστική.

Νικίας

οὐ δῆτα.

Σωκράτης

ἀλλὰ τίς δὴ αὕτη ἡ τίνος ἐπιστήμη;

Λάχης

πάνυ μὲν οὖν ὀρθῶς αὐτὸν ἐρωτᾷς, ὦ Σώκρατες, καὶ εἰπέτω γε τίνα φησὶν αὐτὴν εἶναι.

Νικίας

ταύτην ἔγωγε, ὦ Λάχης, τὴν τῶν δεινῶν καὶ θαρράλεων [195a] ἐπιστήμην καὶ ἐν πολέμῳ καὶ ἐν τοῖς ἄλλοις ἅπασιν.

Λάχης

ὥς ἄτοπα λέγει, ὦ Σώκρατες.

Σωκράτης

πρὸς τί τοῦτ' εἶπες βλέψας, ὦ Λάχης;

Λάχης

πρὸς ὅτι; χωρὶς δήπου σοφία ἐστὶν ἀνδρείας.

Σωκράτης

οὐκ οὖν φησὶ γε Νικίας.

Λάχης

οὐ μέντοι μὰ Δία: ταῦτά τοι καὶ ληρεῖ.

Σωκράτης

οὐκοῦν διδάσκωμεν αὐτὸν ἀλλὰ μὴ λοιδορῶμεν.

Νικίας

οὐκ, ἀλλὰ μοι δοκεῖ, ὦ Σώκρατες, Λάχης ἐπιθυμεῖν κάμει φανῆναι
μηδὲν λέγοντα, ὅτι καὶ αὐτὸς ἄρτι τοιοῦτός [195b] τις ἐφάνη.

Λάχης

πάνυ μὲν οὖν, ὦ Νικία, καὶ πειράσομαί γε ἀποφῆναι: οὐδὲν γὰρ
λέγεις. ἐπεὶ αὐτίκα ἐν ταῖς νόσοις οὐχ οἱ ἰατροὶ τὰ δεινὰ ἐπίστανται;
ἢ οἱ ἀνδρεῖοι δοκοῦσί σοι ἐπίστασθαι; ἢ τοὺς ἰατροὺς σὺ ἀνδρείους
καλεῖς;

Νικίας

οὐδ' ὅπωςτιοῦν.

Λάχης

οὐδέ γε τοὺς γεωργοὺς οἶμαι. καίτοι τά γε ἐν τῇ γεωργίᾳ δεινὰ οὔτοι
δήπου ἐπίστανται, καὶ οἱ ἄλλοι δημιουργοὶ ἅπαντες τὰ ἐν ταῖς αὐτῶν
τέχναις δεινὰ τε καὶ [195c] θαρράλεα ἴσασιν· ἀλλ' οὐδέν τι μᾶλλον
οὔτοι ἀνδρεῖοί εἰσιν.

Σωκράτης

τί δοκεῖ Λάχης λέγειν, ὦ Νικία; ἔοικεν μέντοι λέγειν τι.

Νικίας

καὶ γὰρ λέγει γέ τι, οὐ μέντοι ἀληθές γε.

Σωκράτης

πῶς δῆ;

Νικίας

ὅτι οἶεται τοὺς ἰατροὺς πλεον τι εἰδέναι περὶ τοὺς κάμνοντας ἢ τὸ
ὑγιεινὸν φερεῖν οἷόν τε καὶ νοσῶδες. οἱ δὲ δήπου τοσοῦτον μόνον
ἴσασιν· εἰ δὲ δεινόν τῳ τοῦτό ἐστιν τὸ ὑγιαίνειν μᾶλλον ἢ τὸ κάμνειν,
ἡγῇ σὺ τουτί, ὦ Λάχης, τοὺς ἰατροὺς ἐπίστασθαι; ἢ οὐ πολλοῖς οἶει
ἐκ τῆς νόσου ἄμεινον εἶναι μὴ ἀναστῆναι ἢ ἀναστῆναι; τοῦτο γὰρ
εἶπέ· [195d] σὺ πᾶσι φῆς ἄμεινον εἶναι ζῆν καὶ οὐ πολλοῖς κρεῖττον

τεθνάναι;

Λάχης

οἶμαι ἔγωγε τοῦτό γε.

Νικίας

οἷς οὖν τεθνάναι λυσιτελεῖ, ταῦτά οἶει δεινὰ εἶναι καὶ οἷς ζῆν;

Λάχης

οὐκ ἔγωγε.

Νικίας

ἀλλὰ τοῦτο δὴ σὺ δίδως τοῖς ἰατροῖς γινώσκειν ἢ ἄλλῳ τινὶ
δημιουργῷ πλὴν τῷ τῶν δεινῶν καὶ μὴ δεινῶν ἐπιστήμονι, ὃν ἐγὼ
ἀνδρεῖον καλῶ;

Σωκράτης

κατανοεῖς, ὦ Λάχης, ὅτι λέγει;

[195e] Λάχης

ἔγωγε, ὅτι γε τοὺς μάντεις καλεῖ τοὺς ἀνδρεῖους: τίς γὰρ δὴ ἄλλος
εἴσεται ὅτῳ ἄμεινον ζῆν ἢ τεθνάναι; καίτοι σύ, ὦ Νικία, πότερον
ὁμολογεῖς μάντις εἶναι ἢ οὔτε μάντις οὔτε ἀνδρεῖος;

Νικίας

τί δέ; μάντει αὖ οἷσι προσήκει τὰ δεινὰ γινώσκειν καὶ τὰ θαρράλεια;

Λάχης

ἔγωγε: τίνι γὰρ ἄλλω;

Νικίας

ὦι ἐγὼ λέγω πολὺ μᾶλλον, ὦ βέλτιστε: ἐπεὶ μάντιν γε τὰ σημεία μόνον δεῖ γινώσκειν τῶν ἐσομένων, εἴτε τῷ θάνατος εἴτε νόσος εἴτε ἀποβολὴ χρημάτων ἔσται, [196a] εἴτε νίκη εἴτε ἥττα ἢ πολέμου ἢ καὶ ἄλλης τινὸς ἀγωνίας: ὅτι δέ τῳ ἄμεινον τούτων ἢ παθεῖν ἢ μὴ παθεῖν, τί μᾶλλον μάντει προσήκει κρῖναι ἢ ἄλλω ὁτῶουν;

Λάχης

ἀλλ' ἐγὼ τούτου οὐ μανθάνω, ὦ Σώκρατες, ὅτι βούλεται λέγειν: οὔτε γὰρ μάντιν οὔτε ἱατρὸν οὔτε ἄλλον οὐδένα δηλοῖ ὄντινα λέγει τὸν ἀνδρεῖον, εἰ μὴ εἰ θεόν τινα λέγει αὐτὸν εἶναι. ἐμοὶ μὲν οὖν φαίνεται Νικίας οὐκ ἐθέλειν [196b] γενναίως ὁμολογεῖν ὅτι οὐδὲν λέγει, ἀλλὰ στρέφεται ἄνω καὶ κάτω ἐπικρυπτόμενος τὴν αὐτοῦ ἀπορίαν: καίτοι κἂν ἡμεῖς οἰοί τε ἡμεῖν ἄρτι ἐγὼ τε καὶ σὺ τοιαῦτα στρέφεσθαι, εἰ ἐβουλόμεθα μὴ δοκεῖν ἐναντία ἡμῖν αὐτοῖς λέγειν. εἰ μὲν οὖν ἐν δικαστηρίῳ ἡμῖν οἱ λόγοι ἦσαν, εἶχεν ἂν τινα λόγον ταῦτα ποιεῖν: νῦν δὲ τί ἂν τις ἐν συνουσίᾳ τοιᾶδε μάτην κενοῖς λόγοις αὐτὸς αὐτὸν κοσμοῖ;

[196c] Σωκράτης

οὐδὲν οὐδ' ἐμοὶ δοκεῖ, ὦ Λάχης: ἀλλ' ὁρῶμεν μὴ Νικίας οἴεται τι λέγειν καὶ οὐ λόγου ἔνεκα ταῦτα λέγει. αὐτοῦ οὖν σαφέστερον

πυθώμεθα τί ποτε νοεῖ: καὶ ἐάν τι φαίνεται λέγων, συγχωρησόμεθα,
εἰ δὲ μή, διδάξομεν.

Λάχης

σὺ τοίνυν, ὦ Σώκρατες, εἰ βούλει πυνθάνεσθαι, πυνθάνου: ἐγὼ δ'
ἴσως ἰκανῶς πέπυσμαι.

Σωκράτης

ἀλλ' οὐδέν με κωλύει: κοινὴ γὰρ ἔσται ἡ πύστις ὑπὲρ ἐμοῦ τε καὶ
σοῦ.

Λάχης

πάνυ μὲν οὖν.

Σωκράτης

λέγε δὴ μοι, ὦ Νικία — μάλλον δ' ἡμῖν: κοινούμεθα [196d] γὰρ ἐγώ
τε καὶ Λάχης τὸν λόγον — τὴν ἀνδρείαν ἐπιστήμην φῆς δεινῶν τε
καὶ θαρράλεων εἶναι;

Νικίας

ἔγωγε.

Σωκράτης

τοῦτο δὲ οὐ παντὸς δὴ εἶναι ἀνδρὸς γινῶναι, ὅποτε γε μήτε ἰατρὸς
μήτε μάντις αὐτὸ γινώσεται μηδὲ ἀνδρεῖος ἔσται, ἐὰν μὴ αὐτὴν

ταύτην τὴν ἐπιστήμην προσλάβη: οὐχ οὕτως ἔλεγε;

Νικίας

οὕτω μὲν οὖν.

Σωκράτης

κατὰ τὴν παροιμίαν ἄρα τῷ ὄντι οὐκ ἂν πᾶσα ὕς γνοίη οὐδ' ἂν ἀνδρεία γένοιτο.

Νικίας

οὐ μοι δοκεῖ.

[196e] Σωκράτης

δῆλον δὴ, ὦ Νικία, ὅτι οὐδὲ τὴν Κρομμυωνίαν ὕν πιστεύεις σύ γε ἀνδρείαν γεγονέναι. τοῦτο δὲ λέγω οὐ παίζων, ἀλλ' ἀναγκαῖον οἶμαι τῷ ταῦτα λέγοντι μηδενὸς θηρίου ἀποδέχεσθαι ἀνδρείαν, ἢ συγχωρεῖν θηρίον τι οὕτω σοφὸν εἶναι, ὥστε ἃ ὀλίγοι ἀνθρώπων ἴσασι διὰ τὸ χαλεπὰ εἶναι γινῶναι, ταῦτα λέοντα ἢ πάρδαλιν ἢ τινα κάπρον φάναι εἰδέναι: ἀλλ' ἀνάγκη ὁμοίως λέοντα καὶ ἔλαφον καὶ ταῦρον καὶ πίθηκον πρὸς ἀνδρείαν φάναι πεφυκέναι τὸν τιθέμενον ἀνδρείαν τοῦθ' ὅπερ σὺ τίθεις.

[197a] Λάχης

νὴ τοὺς θεοὺς, καὶ εὖ γε λέγεις, ὦ Σώκρατες. καὶ ἡμῖν ὥς ἀληθῶς τοῦτο ἀπόκριναι, ὦ Νικία, πότερον σοφώτερα φῆς ἡμῶν ταῦτα εἶναι τὰ θηρία, ἃ πάντες ὁμολογοῦμεν ἀνδρεῖα εἶναι, ἢ πᾶσιν ἐναντιούμενος τολμᾷς μηδὲ ἀνδρεῖα αὐτὰ καλεῖν;

Νικίας

οὐ γάρ τι, ὦ Λάχης, ἔγωγε ἀνδρεῖα καλῶ οὔτε θηρία οὔτε ἄλλο οὐδὲν τὸ τὰ δεινὰ ὑπὸ ἀνοίας μὴ φοβούμενον, ἀλλ' ἄφοβον καὶ μῶρον· ἢ καὶ τὰ παιδιά πάντα οἶει με [197b] ἀνδρεῖα καλεῖν, ἃ δι' ἄνοιαν οὐδὲν δέδοικεν; ἀλλ' οἶμαι τὸ ἄφοβον καὶ τὸ ἀνδρεῖον οὐ ταῦτόν ἐστιν. ἐγὼ δὲ ἀνδρείας μὲν καὶ προμηθείας πάνυ τισὶν ὀλίγοις οἶμαι μετεῖναι, θρασύτητος δὲ καὶ τόλμης καὶ τοῦ ἀφόβου μετὰ ἀπρομηθείας πάνυ πολλοῖς καὶ ἀνδρῶν καὶ γυναικῶν καὶ παίδων καὶ θηρίων. ταῦτ' οὖν ἃ σὺ καλεῖς ἀνδρεῖα καὶ οἱ πολλοί, ἐγὼ [197c] θρασέα καλῶ, ἀνδρεῖα δὲ τὰ φρόνιμα περὶ ὧν λέγω.

Λάχης

θέασαι, ὦ Σώκρατες, ὡς εἴ ὅδε ἑαυτὸν δή, ὡς οἶεται, κοσμεῖ τῷ λόγῳ· οὓς δὲ πάντες ὁμολογοῦσιν ἀνδρείους εἶναι, τούτους ἀποστερεῖν ἐπιχειρεῖ ταύτης τῆς τιμῆς.

Νικίας

οὐκουν σέ γε, ὦ Λάχης, ἀλλὰ θάρρει· φημί γάρ σε εἶναι σοφόν, καὶ Λάμαχόν γε, εἴπερ ἐστὲ ἀνδρεῖοι, καὶ ἄλλους γε συχνοὺς Ἀθηναίων.

Λάχης

οὐδὲν ἐρῶ πρὸς ταῦτα, ἔχων εἰπεῖν, ἵνα μὴ με φῆς ὡς ἀληθῶς Αἰζωνέα εἶναι.

[197d] Σωκράτης

μηδέ γε εἴπης, ὦ Λάχης· καὶ γάρ μοι δοκεῖς οὐδὲ ἠσθῆσθαι ὅτι ταύτην τὴν σοφίαν παρὰ Δάμωνος τοῦ ἡμετέρου ἐταίρου

παρείληφεν, ὁ δὲ Δάμων τῷ προδίκῳ πολλὰ πλησιάζει, ὅς δὴ δοκεῖ τῶν σοφιστῶν κάλλιστα τὰ τοιαῦτα ὀνόματα διαιρεῖν.

Λάχης

καὶ γὰρ πρέπει, ὦ Σώκρατες, σοφιστῇ τὰ τοιαῦτα μᾶλλον κομψεύεσθαι ἢ ἀνδρὶ ὃν ἡ πόλις ἀξιοῖ αὐτῆς προστάναι.

[197e] Σωκράτης

πρέπει μὲν που, ὦ μακάριε, τῶν μεγίστων προστατοῦντι μεγίστης φρονήσεως μετέχειν: δοκεῖ δέ μοι Νικίας ἄξιός εἶναι ἐπισκέψεως, ὅποι ποτὲ βλέπων τοῦνομα τοῦτο τίθησι τὴν ἀνδρείαν.

Λάχης

αὐτὸς τοίνυν σκόπει, ὦ Σώκρατες.

Σωκράτης

τοῦτο μέλλω ποιεῖν, ὦ ἄριστε: μὴ μέντοι οἷου με ἀφήσιν σε τῆς κοινωνίας τοῦ λόγου, ἀλλὰ πρόσεχε τὸν νοῦν καὶ συσκόπει τὰ λεγόμενα.

Λάχης

ταῦτα δὴ ἔστω, εἰ δοκεῖ χρῆναι.

Σωκράτης

ἀλλὰ δοκεῖ. σὺ δέ, Νικία, λέγε ἡμῖν πάλιν ἐξ [198a] ἀρχῆς: οἷσθ' ὅτι

τὴν ἀνδρείαν κατ' ἀρχὰς τοῦ λόγου ἐσκοποῦμεν ὥς μέρος ἀρετῆς σκοποῦντες;

Νικίας

πάνυ γε.

Σωκράτης

οὐκοῦν καὶ σὺ τοῦτο ἀπεκρίνω ὥς μῦθον, ὄντων δὴ καὶ ἄλλων μερῶν, ἃ σύμπαντα ἀρετὴ κέκληται;

Νικίας

πῶς γὰρ οὐ;

Σωκράτης

ἄρ' οὖν ἅπερ ἐγὼ καὶ σὺ ταῦτα λέγεις; ἐγὼ δὲ καλῶ πρὸς ἀνδρεία σωφροσύνην καὶ δικαιοσύνην καὶ ἄλλ' ἅττα τοιαῦτα. οὐ καὶ σύ;

[198b] Νικίας

πάνυ μὲν οὖν.

Σωκράτης

ἔχε δὴ. ταῦτα μὲν γὰρ ὁμολογοῦμεν, περὶ δὲ τῶν δεινῶν καὶ θαρράλεων σκεψόμεθα, ὅπως μὴ σὺ μὲν ἄλλ' ἅττα ἡγῇ, ἡμεῖς δὲ ἄλλα. ἃ μὲν οὖν ἡμεῖς ἡγούμεθα, φράσομέν σοι: σὺ δὲ ἂν μὴ ὁμολογῇς, διδάξεις. ἡγούμεθα δ' ἡμεῖς δεινὰ μὲν εἶναι ἃ καὶ δέος

παρέχει, θαρράλεα δὲ ἂ μὴ δέος παρέχει — δέος δὲ παρέχει οὐ τὰ
γεγονότα οὐδὲ τὰ παρόντα τῶν κακῶν, ἀλλὰ τὰ προσδοκώμενα: δέος
γὰρ εἶναι προσδοκίαν μέλλοντος κακοῦ — ἢ οὐχ οὕτω καὶ συνδοκεῖ,
ὦ Λάχης;

[198c] Λάχης

πάνυ γε σφόδρα, ὦ Σώκρατες.

Σωκράτης

τὰ μὲν ἡμέτερα τοίνυν, ὦ Νικία, ἀκούεις, ὅτι δεινὰ μὲν τὰ μέλλοντα
κακά φαμεν εἶναι, θαρράλεα δὲ τὰ μὴ κακά ἢ ἀγαθὰ μέλλοντα: σὺ δὲ
ταύτη ἢ ἄλλη περὶ τούτων λέγεις;

Νικίας

ταύτη ἔγωγε.

Σωκράτης

τούτων δέ γε τὴν ἐπιστήμην ἀνδρείαν προσαγορεύεις;

Νικίας

κομιδῇ γε.

Σωκράτης

ἔτι δὴ τὸ τρίτον σκεψώμεθα εἰ συνδοκεῖ σοί τε καὶ ἡμῖν.

Νικίας

τὸ ποῖον δὴ τοῦτο;

[198d] Σωκράτης

ἐγὼ δὴ φράσω. δοκεῖ γὰρ δὴ ἐμοί τε καὶ τῷδε, περὶ ὅσων ἐστὶν ἐπιστήμη, οὐκ ἄλλη μὲν εἶναι περὶ γεγονότος εἰδέναι ὅπῃ γέγονεν, ἄλλη δὲ περὶ γιγνομένων ὅπῃ γίγνεται, ἄλλη δὲ ὅπῃ ἂν κάλλιστα γένοιτο καὶ γενήσεται τὸ μήπω γεγονός, ἀλλ' ἢ αὐτή. οἷον περὶ τὸ ὑγιεινὸν εἰς ἅπαντας τοὺς χρόνους οὐκ ἄλλη τις ἢ ἰατρική, μία οὕσα, ἐφορᾷ καὶ γιγνόμενα καὶ γεγονότα καὶ γενησόμενα ὅπῃ [198e] γενήσεται: καὶ περὶ τὰ ἐκ τῆς γῆς αὖ φυόμενα ἢ γεωργία ὡσαύτως ἔχει: καὶ δήπου τὰ περὶ τὸν πόλεμον αὐτοὶ ἂν μαρτυρήσαιτε ὅτι ἡ στρατηγία κάλλιστα προμηθεῖται τὰ τε ἄλλα καὶ περὶ τὸ μέλλον ἔσεσθαι, οὐδὲ τῇ μαντικῇ οἶεται δεῖν ὑπηρετεῖν ἀλλὰ ἄρχειν, ὡς εἰδυῖα κάλλιον [199a] τὰ περὶ τὸν πόλεμον καὶ γιγνόμενα καὶ γενησόμενα: καὶ ὁ νόμος οὕτω τάττει, μὴ τὸν μάντιν τοῦ στρατηγοῦ ἄρχειν, ἀλλὰ τὸν στρατηγὸν τοῦ μάντεως. φήσομεν ταῦτα, ὦ Λάχης;

Λάχης

φήσομεν.

Σωκράτης

τί δέ; σὺ ἡμῖν, ὦ Νικία, σύμφης περὶ τῶν αὐτῶν τὴν αὐτὴν ἐπιστήμην καὶ ἐσομένων καὶ γιγνομένων καὶ γεγονότων ἐπαίειν;

Νικίας

ἐγωγε: δοκεῖ γάρ μοι οὕτως, ὦ Σώκρατες.

Σωκράτης

οὐκοῦν, ὦ ἄριστε, καὶ ἡ ἀνδρεία τῶν δεινῶν ἐπιστήμη [199b] ἐστὶν
καὶ θαρράλεων, ὥς φής: ἤ γάρ;

Νικίας

ναί.

Σωκράτης

τὰ δὲ δεινὰ ὁμολόγηται καὶ τὰ θαρράλεα τὰ μὲν μέλλοντα ἀγαθὰ, τὰ
δὲ μέλλοντα κακὰ εἶναι.

Νικίας

πάνυ γε.

Σωκράτης

ἢ δέ γ' αὐτὴ ἐπιστήμη τῶν αὐτῶν καὶ μελλόντων καὶ πάντως
ἐχόντων εἶναι.

Νικίας

ἔστι ταῦτα.

Σωκράτης

οὐ μόνον ἄρα τῶν δεινῶν καὶ θαρράλεων ἡ ἀνδρεία ἐπιστήμη ἐστίν:
οὐ γὰρ μελλόντων μόνον πέρι τῶν ἀγαθῶν τε καὶ κακῶν ἐπαίξει,
ἀλλὰ καὶ γιγνομένων καὶ γεγονότων [199c] καὶ πάντως ἐχόντων,

ὥσπερ αἱ ἄλλαι ἐπιστῆμαι.

Νικίας

ἔοικέν γε.

Σωκράτης

μέρος ἄρα ἀνδρείας ἡμῖν, ὦ Νικία, ἀπεκρίνω σχεδόν τι τρίτον: καίτοι ἡμεῖς ἠρωτῶμεν ὅλην ἀνδρείαν ὅτι εἴη. καὶ νῦν δὴ, ὡς ἔοικεν, κατὰ τὸν σὸν λόγον οὐ μόνον δεινῶν τε καὶ θαρράλεων ἐπιστήμη ἢ ἀνδρεία ἐστίν, ἀλλὰ σχεδόν τι ἢ περὶ πάντων ἀγαθῶν τε καὶ κακῶν καὶ πάντως ἐχόντων, ὡς [199d] νῦν αὖ ὁ σὸς λόγος, ἀνδρεία ἂν εἴη. οὕτως αὖ μετατίθεσθαι ἢ πῶς λέγεις, ὦ Νικία;

Νικίας

ἔμοιγε δοκεῖ, ὦ Σώκρατες.

Σωκράτης

δοκεῖ οὖν σοι, ὦ δαιμόνιε, ἀπολείπειν ἂν τι ὁ τοιοῦτος ἀρετῆς, εἴπερ εἰδεῖη τά τε ἀγαθὰ πάντα καὶ παντάπασιν ὡς γίγνεται καὶ γενήσεται καὶ γέγονε, καὶ τὰ κακὰ ὡσαύτως; καὶ τοῦτον οἶει ἂν σὺ ἐνδεᾶ εἶναι σωφροσύνης ἢ δικαιοσύνης τε καὶ ὁσιότητος, ὃ γε μόνῳ προσήκει καὶ περὶ θεοῦ καὶ περὶ ἀνθρώπου ἐξευλαβεῖσθαι τε τὰ δεινὰ καὶ τὰ [199e] μῆ, καὶ τὰγαθὰ πορίζεσθαι, ἐπισταμένῳ ὀρθῶς προσομιλεῖν;

Νικίας

λέγειν τι ὦ Σώκρατές μοι δοκεῖς.

Σωκράτης

οὐκ ἄρα, ὦ Νικία, μόριον ἀρετῆς ἂν εἴη τὸ νῦν σοι λεγόμενον, ἀλλὰ
σύμπασα ἀρετή.

Νικίας

ἔοικεν.

Σωκράτης

καὶ μὴν ἔφαμέν γε τὴν ἀνδρείαν μόριον εἶναι ἐν τῶν τῆς ἀρετῆς.

Νικίας

ἔφαμεν γάρ.

Σωκράτης

τὸ δέ γε νῦν λεγόμενον οὐ φαίνεται.

Νικίας

οὐκ ἔοικεν.

Σωκράτης

οὐκ ἄρα ἠυρήκαμεν, ὦ Νικία, ἀνδρεία ὅτι ἔστιν.

Νικίας

οὐ φαινόμεθα.

Λάχης

καὶ μὴν ἔγωγε, ὦ φίλε Νικία, ὥμην σε εὐρήσειν, [200a] ἐπειδὴ ἐμοῦ κατεφρόνησας Σωκράτει ἀποκριναμένου: πάνυ δὴ μεγάλην ἐλπίδα εἶχον, ὥς τῇ παρὰ τοῦ Δάμωνος σοφία αὐτὴν ἀνευρήσεις.

Νικίας

εὖ γε, ὦ Λάχης, ὅτι οὐδὲν οἶσι σὺ ἔτι πρᾶγμα εἶναι ὅτι αὐτὸς ἄρτι ἐφάνης ἀνδρείας πέρι οὐδὲν εἰδώς, ἀλλ' εἰ καὶ ἐγὼ ἕτερος τοιοῦτος ἀναφανήσομαι, πρὸς τοῦτο βλέπεις, καὶ οὐδὲν ἔτι διοίσει, ὥς ἔοικε, σοὶ μετ' ἐμοῦ μηδὲν εἰδέναι ὧν προσήκει ἐπιστήμην ἔχειν ἀνδρὶ οἰομένῳ τί εἶναι. σὺ [200b] μὲν οὖν μοι δοκεῖς ὥς ἀληθῶς ἀνθρώπειον πρᾶγμα ἐργάζεσθαι οὐδὲ πρὸς σαυτὸν βλέπειν ἀλλὰ πρὸς τοὺς ἄλλους: ἐγὼ δ' οἶμαι ἐμοὶ περὶ ὧν ἐλέγομεν νῦν τε ἐπιεικῶς εἰρῆσθαι, καὶ εἴ τι αὐτῶν μὴ ἱκανῶς εἴρηται, ὕστερον ἐπανορθώσεσθαι καὶ μετὰ Δάμωνος — οὗ σύ που οἶσι καταγελᾶν, καὶ ταῦτα οὐδ' ἰδὼν πώποτε τὸν Δάμωνα — καὶ μετ' ἄλλων: καὶ ἐπειδὰν βεβαιώσωμαι αὐτά, διδάξω καὶ σέ, καὶ οὐ φθονήσω: δοκεῖς [200c] γάρ μοι καὶ μάλα σφόδρα δεῖσθαι μαθεῖν.

Λάχης

σοφὸς γάρ τοι σὺ εἶ, ὦ Νικία. ἀλλ' ὅμως ἐγὼ Λυσιμάχῳ τῷδε καὶ Μελησίᾳ συμβουλευῶ σὲ μὲν καὶ ἐμὲ περὶ τῆς παιδείας τῶν νεανίσκων χαίρειν ἔαν, Σωκράτη δὲ τουτονί, ὅπερ ἐξ ἀρχῆς ἔλεγον, μὴ ἀφιέναι: εἰ δὲ καὶ ἐμοὶ ἐν ἡλικίᾳ ἦσαν οἱ παῖδες, ταῦτα ἂν ταῦτ' ἐποίουν.

Νικίας

ταῦτα μὲν κἀγὼ συγχωρῶ: ἐάνπερ ἐθέλῃ Σωκράτης τῶν μειρακίων ἐπιμελεῖσθαι, μηδένα ἄλλον ζητεῖν. ἐπεὶ κἂν [200d] ἐγὼ τὸν Νικήρατον τούτῳ ἥδιστα ἐπιτρέπομι, εἰ ἐθέλοι οὗτος: ἀλλὰ γὰρ ἄλλους μοι ἐκάστοτε συνίστησιν, ὅταν τι αὐτῷ περὶ τούτου μνησθῶ, αὐτὸς δὲ οὐκ ἐθέλει. ἀλλ' ὅρα, ὦ Λυσίμαχε, εἴ τι σοῦ ἂν μᾶλλον ὑπακούοι Σωκράτης.

Λυσίμαχος

δίκαιόν γέ τοι, ὦ Νικία, ἐπεὶ καὶ ἐγὼ τούτῳ πολλὰ ἂν ἐθελήσαιμι ποιεῖν, ἃ οὐκ ἂν ἄλλοις πάνυ πολλοῖς ἐθέλοιμι. πῶς οὖν φῆς, ὦ Σώκρατες; ὑπακούσῃ τι καὶ συμπροθυμήσῃ ὡς βελτίστοις γενέσθαι τοῖς μειρακίοις;

[200e] Σωκράτης

καὶ γὰρ ἂν δεινὸν εἶη, ὦ Λυσίμαχε, τοῦτό γε, μὴ ἐθέλῃ τῳ συμπροθυμεῖσθαι ὡς βελτίστῳ γενέσθαι. εἰ μὲν οὖν ἐν τοῖς διαλόγοις τοῖς ἄρτι ἐγὼ μὲν ἐφάνην εἰδῶς, τώδε δὲ μὴ εἰδότε, δίκαιον ἂν ἦν ἐμὲ μάλιστα ἐπὶ τοῦτο τὸ ἔργον παρακαλεῖν, νῦν δ' ὁμοίως γὰρ πάντες ἐν ἀπορίᾳ ἐγενόμεθα: τί οὖν ἂν τις ἡμῶν τίνα προαιροῖτο; ἐμοὶ μὲν οὖν δὴ αὐτῷ [201a] δοκεῖ οὐδένα: ἀλλ' ἐπειδὴ ταῦτα οὕτως ἔχει, σκέψασθε ἂν τι δόξω συμβουλεύειν ὑμῖν. ἐγὼ γάρ φημι χρῆναι, ὦ ἄνδρες — οὐδεὶς γὰρ ἔκφορος λόγος — κοινῇ πάντας ἡμᾶς ζητεῖν μάλιστα μὲν ἡμῖν αὐτοῖς διδάσκαλον ὡς ἄριστον — δεόμεθα γάρ — ἔπειτα καὶ τοῖς μειρακίοις, μήτε χρημάτων φειδομένους μήτε ἄλλου μηδενός: ἔαν δὲ ἡμᾶς αὐτοὺς ἔχειν ὡς νῦν ἔχομεν οὐ συμβουλεύω. εἰ δέ τις ἡμῶν καταγελάσεται, ὅτι [201b] τηλικοῖδε ὄντες εἰς διδασκάλων ἀξιούμεν φοιτᾶν, τὸν Ὅμηρον δοκεῖ μοι χρῆναι προβάλλεσθαι, ὃς ἔφη οὐκ ἀγαθὴννομ. οδ. 17.347 εἶναι αἰδῶ κεκρημένῳ ἀνδρὶ παρεῖναι. καὶ ἡμεῖς οὖν ἐάσαντες χαίρειν εἴ τίς τι ἐρεῖ, κοινῇ ἡμῶν αὐτῶν καὶ τῶν μειρακίων ἐπιμέλειαν ποιησώμεθα.

Λυσίμαχος

ἐμοὶ μὲν ἀρέσκει, ὦ Σώκρατες, ἃ λέγεις· καὶ ἐθέλω, ὅσπερ
γεραίτατός εἰμι, τοσούτῳ προθυμότατα μανθάνειν μετὰ τῶν
νεανίσκων. ἀλλὰ μοι οὕτωςι ποιήσον· αὔριον [201c] ἔωθεν ἀφίκου
οἴκαδε καὶ μὴ ἄλλως ποιήσης, ἵνα βουλευσώμεθα περὶ αὐτῶν
τούτων, τὸ δὲ νῦν εἶναι τὴν συνουσίαν διαλύσωμεν.

Σωκράτης

ἀλλὰ ποιήσω, ὦ Λυσίμαχε, ταῦτα, καὶ ἦξω παρὰ σὲ αὔριον, ἐὰν θεὸς
ἐθέλῃ.

LYSIS

Σωκράτης

[203a] **Σωκράτης:** ἐπορευόμεν μὲν ἐξ Ἀκαδημείας εὐθὺς Λυκείου τὴν ἔξω τεῖχος ὑπ' αὐτὸ τὸ τεῖχος: ἐπειδὴ δ' ἐγενόμην κατὰ τὴν πυλίδα ἧ ἡ Πάνοπος κρήνη, ἐνταῦθα συνέντυχον Ἴπποθάλει τε τῷ Ἰερωνύμῳ καὶ Κτησίππῳ τῷ Παιανιεῖ καὶ ἄλλοις μετὰ τούτων νεανίσκοις ἀθροίοις συνεστῶσι. καί με προσιόντα ὁ Ἴπποθάλης ἰδὼν, ὃ Σώκρατες, ἔφη, ποῖ δὴ πορεύῃ καὶ [203b] πόθεν;

ἐξ Ἀκαδημείας, ἧν δ' ἐγώ, πορεύομαι εὐθὺς Λυκείου.

δεῦρο δὴ, ἧ δ' ὅς, εὐθὺς ἡμῶν. οὐ παραβάλλεις; ἄξιον μέντοι.

ποῖ, ἔφην ἐγώ, λέγεις, καὶ παρὰ τίνας τοὺς ὑμᾶς;

δεῦρο, ἔφη, δείξας μοι ἐν τῷ καταντικρὺ τοῦ τεῖχους περίβολόν τέ τινα καὶ θύραν ἀνεφγμένην. διατρίβομεν δέ, ἧ δ' ὅς, αὐτόθι ἡμεῖς τε αὐτοὶ καὶ ἄλλοι πάνυ πολλοὶ καὶ καλοί. [204a]

ἔστιν δὲ δὴ τί τοῦτο, καὶ τίς ἡ διατριβή;

παλαίστρα, ἔφη, νεωστὶ ᾠκοδομημένη: ἡ δὲ διατριβὴ τὰ πολλὰ ἐν λόγοις, ὣν ἡδέως ἂν σοι μεταδιδοίμεν.

καλῶς γε, ἧν δ' ἐγώ, ποιοῦντες: διδάσκει δὲ τίς αὐτόθι;

σὸς ἐταῖρός γε, ἧ δ' ὅς, καὶ ἐπαινέτης, Μίκκος.

μὰ Δία, ἧν δ' ἐγώ, οὐ φαῦλός γε ἀνὴρ, ἀλλ' ἱκανὸς σοφιστής.

βούλει οὖν ἔπεσθαι, ἔφη, ἵνα καὶ ἴδῃς τοὺς ὄντας αὐτόθι [αὐτοῦ]; [204b]

πρῶτον ἡδέως ἀκούσαιμ' ἂν ἐπὶ τῷ καὶ εἴσειμι καὶ τίς ὁ καλός.

ἄλλος, ἔφη, ἄλλῳ ἡμῶν δοκεῖ, ὃ Σώκρατες.

σοὶ δὲ δὴ τίς, ὃ Ἰππόθαλες; τοῦτό μοι εἰπέ.

καὶ ὅς ἐρωτηθεὶς ἠρυθρίασεν. καὶ ἐγὼ εἶπον· ὦ παῖ Ἰερωνύμου Ἰππόθαλες, τοῦτο μὲν μηκέτι εἴπης, εἴτε ἐρᾷς του εἴτε μή· οἶδα γὰρ ὅτι οὐ μόνον ἐρᾷς, ἀλλὰ καὶ πόρρω ἤδη εἶ πορευόμενος τοῦ ἐρωτος. εἰμὶ δ' ἐγὼ τὰ μὲν ἄλλα φαῦλος [204c] καὶ ἄχρηστος, τοῦτο δέ μοι πῶς ἐκ θεοῦ δέδοται, ταχὺ οἶφ' τ' εἶναι γινῶναι ἐρῶντά τε καὶ ἐρώμενον.

καὶ ὅς ἀκούσας πολὺ ἔτι μᾶλλον ἠρυθρίασεν. ὁ οὖν Κτήσιππος, Ἀστεϊόν γε, ἧ δ' ὅς, ὅτι ἐρυθρίας, ὦ Ἰππόθαλες, καὶ ὀκνεῖς εἰπεῖν Σωκράτει τοῦνομα· ἐὰν δ' οὗτος καὶ σμικρὸν χρόνον συνδιατρίψῃ σοι, παραταθήσεται ὑπὸ σοῦ ἀκούων θαμὰ λέγοντος. ἡμῶν γοῦν, ὦ Σώκρατες, ἐκκεκώφωκε τὰ [204d] ὥτα καὶ ἐμπέπληκε Λύσιδος· ἂν μὲν δὴ καὶ ὑποπῆ, εὐμαρία ἡμῖν ἐστὶν καὶ ἐξ ὕπνου ἐγρομένοις Λύσιδος οἶεσθαι τοῦνομα ἀκούειν. καὶ ἃ μὲν καταλογάδην διηγεῖται, δεινὰ ὄντα, οὐ πάνυ τι δεινὰ ἐστὶν, ἀλλ' ἐπειδὴν τὰ ποιήματα ἡμῶν ἐπιχειρήσῃ καταντλεῖν καὶ συγγράμματα. καὶ ὃ ἐστὶν τούτων δεινότερον, ὅτι καὶ ἄδει εἰς τὰ παιδικὰ φωνῇ θαυμασιά, ἣν ἡμᾶς δεῖ ἀκούοντας ἀνέχεσθαι. νῦν δὲ ἐρωτώμενος ὑπὸ σοῦ ἐρυθρία. [204e]

ἔστιν δέ, ἦν δ' ἐγώ, ὁ Λύσις νέος τις, ὡς ἔοικε· τεκμαίρομαι δέ, ὅτι ἀκούσας τοῦνομα οὐκ ἔγνων.

οὐ γὰρ πάνυ, ἔφη, τὶ αὐτοῦ τοῦνομα λέγουσιν, ἀλλ' ἔτι πατρόθεν ἐπονομάζεται διὰ τὸ σφόδρα τὸν πατέρα γινώσκεσθαι αὐτοῦ. ἐπεὶ εὖ οἶδ' ὅτι πολλοῦ δεῖς τὸ εἶδος ἀγνοεῖν τοῦ παιδός· ἱκανὸς γὰρ καὶ ἀπὸ μόνου τούτου γινώσκεσθαι.

λεγέσθω, ἦν δ' ἐγώ, οὗτινος ἔστιν.

Δημοκράτους, ἔφη, τοῦ Αἰζωνέως ὁ πρεσβύτατος υἱός.

εἶεν, ἦν δ' ἐγώ, ὦ Ἰππόθαλες, ὡς γενναῖον καὶ νεανικὸν τοῦτον τὸν ἐρωτα πανταχῇ ἀνηῦρες· καί μοι ἴθι ἐπίδειξαι ἃ [205a] καὶ τοῖσδε ἐπιδείκνυσαι, ἵνα εἰδῶ εἰ ἐπίστασαι ἃ χρὴ ἐραστὴν περὶ παιδικῶν πρὸς αὐτὸν ἢ πρὸς ἄλλους λέγειν.

τούτων δέ τι, ἔφη, σταθμᾶ, ὦ Σώκρατες, ὧν ὅδε λέγει;

πότερον, ἦν δ' ἐγώ, καὶ τὸ ἐρᾶν ἔξαρνος εἶ οὗ λέγει ὅδε;

οὐκ ἔγωγε, ἔφη, ἀλλὰ μὴ ποιεῖν εἰς τὰ παιδικὰ μηδὲ συγγράφειν.

οὐχ ὑγιαίνει, ἔφη ὁ Κτήσιππος, ἀλλὰ ληρεῖ τε καὶ μαίνεται.

καὶ ἐγὼ εἶπον· ὦ Ἰππόθαλες, οὗ τι τῶν μέτρων δέομαι [205b] ἀκοῦσαι οὐδὲ μέλος εἶ τι πεποίηκας εἰς τὸν νεανίσκον, ἀλλὰ τῆς διανοίας, ἵνα εἰδῶ τίνα τρόπον προσφέρῃ πρὸς τὰ παιδικὰ.

ὁδε δήπου σοι, ἔφη, ἐρεῖ· ἀκριβῶς γὰρ ἐπίσταται καὶ μέμνηται, εἴπερ, ὥς λέγει, ὑπ' ἐμοῦ ἀεὶ ἀκούων διατεθρύληται.

νῆ τοὺς θεούς, ἔφη ὁ Κτήσιππος, πάνυ γε. καὶ γὰρ ἐστὶ καταγέλαστα, ὦ Σώκρατες. τὸ γὰρ ἔραστήν ὄντα καὶ διαφερόντως τῶν ἄλλων τὸν νοῦν προσέχοντα τῷ παιδί ἴδιον [205c] μὲν μηδὲν ἔχειν λέγειν ὃ οὐχὶ καὶν παῖς εἶποι, πῶς οὐχὶ καταγέλαστον; ἃ δὲ ἡ πόλις ὅλη ἄδει περὶ Δημοκράτους καὶ Λύσιδος τοῦ πάππου τοῦ παιδὸς καὶ πάντων πέρι τῶν προγόνων, πλούτους τε καὶ ἵπποτροφίας καὶ νίκας Πυθοῖ καὶ Ἴσθμοῖ καὶ Νεμέᾳ τεθρίπποις τε καὶ κέλησι, ταῦτα ποιεῖ τε καὶ λέγει, πρὸς δὲ τούτοις ἔτι τούτων κρονικώτερα. τὸν γὰρ τοῦ Ἡρακλέους ξενισμὸν πρόφην ἡμῖν ἐν ποιήματί τινι διῆει, ὥς διὰ τὴν τοῦ Ἡρακλέους συγγένειαν ὁ πρόγονος αὐτῶν [205d] ὑποδέξαιτο τὸν Ἡρακλέα, γεγονῶς αὐτὸς ἐκ Διὸς τε καὶ τῆς τοῦ δήμου ἀρχηγέτου θυγατρὸς, ἅπερ αἱ γραῖαι ἄδουσι, καὶ ἄλλα πολλὰ τοιαῦτα, ὦ Σώκρατες· ταῦτ' ἐστὶν ἃ οὗτος λέγων τε καὶ ἄδων ἀναγκάζει καὶ ἡμᾶς ἀκροᾶσθαι.

καὶ ἐγὼ ἀκούσας εἶπον· ὦ καταγέλαστε Ἰππόθαλες, πρὶν νενικηκέναι ποιεῖς τε καὶ ἄδεις εἰς σαυτὸν ἐγκώμιον;

ἀλλ' οὐκ εἰς ἐμαυτόν, ἔφη, ὦ Σώκρατες, οὔτε ποιῶ οὔτε ἄδω.

οὐκ οἶει γε, ἦν δ' ἐγώ.

τὸ δὲ πῶς ἔχει; ἔφη. [205e]

πάντων μάλιστα, εἶπον, εἰς σὲ τείνουσιν αὐταὶ αἱ ᾠδαί. ἐὰν μὲν γὰρ ἔλῃς τὰ παιδικὰ τοιαῦτα ὄντα, κόσμος σοι ἔσται τὰ λεχθέντα καὶ ἄσθέντα καὶ τῷ ὄντι ἐγκώμια ὥσπερ νενικηκότι, ὅτι τοιούτων παιδικῶν ἔτυχες· ἐὰν δέ σε διαφύγῃ, ὅσῳ ἂν μείζω σοι εἰρημένα ἢ ἐγκώμια περὶ τῶν παιδικῶν, τοσοῦτον μείζονων δόξεις καλῶν τε καὶ

ἀγαθῶν ἐστερημένος [206a] καταγέλαστος εἶναι. ὅστις οὖν τὰ ἐρωτικά, ὦ φίλε, σοφός, οὐκ ἐπαινεῖ τὸν ἐρώμενον πρὶν ἂν ἔλῃ, δεδιὼς τὸ μέλλον ὅπῃ ἀποβήσεται. καὶ ἅμα οἱ καλοί, ἐπειδάν τις αὐτοὺς ἐπαινῇ καὶ αὔξη, φρονήματος ἐμπίμπλανται καὶ μεγαλαυχίας· ἢ οὐκ οἶει;

ἔγωγε, ἔφη.

οὐκοῦν ὅσῳ ἂν μεγαλαυχότεροι ᾖσιν, δυσσालωότεροι γίνονται;

εἰκός γε.

ποιός τις οὖν ἂν σοι δοκεῖ θηρευτὴς εἶναι, εἰ ἀνασοβοῖ θηρεύων καὶ δυσσालωτοτέραν τὴν ἄγρην ποιοῖ; [206b]

δῆλον ὅτι φαῦλος.

καὶ μὲν δὴ λόγοις τε καὶ ᾠδαῖς μὴ κηλεῖν ἀλλ' ἐξαγριαίνειν πολλὴ ἀμουσία· ἢ γάρ;

δοκεῖ μοι.

σκόπει δὴ, ὦ Ἰππόθαλες, ὅπως μὴ πᾶσι τούτοις ἔνοχον σαυτὸν ποιήσεις διὰ τὴν ποίησιν· καίτοι οἶμαι ἐγὼ ἄνδρα ποιήσει βλάπτοντα ἑαυτὸν οὐκ ἂν σε ἐθέλειν ὁμολογῆσαι ὡς ἀγαθὸς ποτ' ἐστὶν ποιητής, βλαβερός ὢν ἑαυτῷ.

οὐ μὰ τὸν Δία, ἔφη· πολλὴ γὰρ ἂν ἀλογία εἴη. ἀλλὰ διὰ [206c] ταῦτα δὴ σοι, ὦ Σώκρατες, ἀνακοινοῦμαι, καὶ εἴ τι ἄλλο ἔχεις, συμβούλευε τίνα ἂν τις λόγον διαλεγόμενος ἢ τί πράττων προσφιλεῖς παιδικοῖς γένοιτο.

οὐ ράδιον, ἦν δ' ἐγώ, εἰπεῖν· ἀλλ' εἴ μοι ἐθέλῃσαις αὐτὸν ποιῆσαι εἰς λόγους ἐλθεῖν, ἴσως ἂν δυναίμην σοι ἐπιδειξαι ἃ χρὴ αὐτῷ διαλέγεσθαι ἀντὶ τούτων ὧν οὗτοι λέγειν τε καὶ ᾄδειν φασί σε.

ἀλλ' οὐδέν, ἔφη, χαλεπόν. ἂν γὰρ εἰσέλθῃς μετὰ Κτησίππου τοῦδε καὶ καθεζόμενος διαλέγῃ, οἶμαι μὲν καὶ αὐτός σοι πρόσεισι φιλήκοος γάρ, ὦ Σώκρατες, διαφερόντως [206d] ἐστίν, καὶ ἅμα, ὡς Ἑρμαῖα ἄγουσιν, ἀναμειγμένοι ἐν ταῦτῳ εἰσιν οἱ τε νεανίσκοι καὶ οἱ παῖδες πρόσεισιν οὖν σοι. εἰ δὲ μή, Κτησίππῳ συνήθης ἐστὶν διὰ τὸν τούτου

ἀνεψιὸν Μενέξενον: Μενεξένω μὲν γὰρ δὴ πάντων μάλιστα ἐταῖρος ὢν τυγχάνει. καλεσάτω οὖν οὗτος αὐτόν, ἐὰν ἄρα μὴ προσίῃ αὐτός.

ταῦτα, ἣν δ' ἐγώ, χρὴ ποιεῖν. καὶ ἅμα λαβὼν τὸν [206e] Κτήσιππον προσῆα εἰς τὴν παλαίστραν: οἱ δ' ἄλλοι ὕστεροι ἡμῶν ἦσαν.

εἰσελθόντες δὲ κατελάβομεν αὐτόθι τεθυκότας τε τοὺς παῖδας καὶ τὰ περὶ τὰ ἱερεῖα σχεδόν τι ἤδη πεποιημένα, ἀστραγαλίζοντάς τε δὴ καὶ κεκοσμημένους ἅπαντας. οἱ μὲν οὖν πολλοὶ ἐν τῇ αὐλῇ ἔπαιζον ἔξω, οἱ δὲ τινες τοῦ ἀποδυτηρίου ἐν γωνίᾳ ἡρτίαζον ἀστραγάλοις παμπόλλοις, ἐκ φορμίσκων τινῶν προαιρούμενοι: τούτους δὲ περιέστασαν ἄλλοι θεωροῦντες. ὧν δὴ καὶ ὁ Λύσις ἦν, καὶ εἰστήκει ἐν [207a] τοῖς παισὶ τε καὶ νεανίσκοις ἐστεφανωμένος καὶ τὴν ὄψιν διαφέρων, οὐ τὸ καλὸς εἶναι μόνον ἄξιος ἀκοῦσαι, ἀλλ' ὅτι καλὸς τε κἀγαθός. καὶ ἡμεῖς εἰς τὸ καταντικρὺ ἀποχωρήσαντες ἐκαθεζόμεθα ἦν γὰρ αὐτόθι ἡσυχία καὶ τι ἀλλήλοις διελεγόμεθα. περιστρεφόμενος οὖν ὁ Λύσις θαμὰ ἐπεσκοπεῖτο ἡμᾶς, καὶ δῆλος ἦν ἐπιθυμῶν προσελθεῖν. τέως μὲν οὖν ἠπόρει τε καὶ ὥκνει μόνος προσιέναι, ἔπειτα ὁ Μενέξενος [207b] ἐκ τῆς αὐλῆς μεταξὺ παίζων εἰσέρχεται, καὶ ὡς εἶδεν ἐμέ τε καὶ τὸν Κτήσιππον, ἦι παρακαθιζσόμενος: ἰδὼν οὖν αὐτόν ὁ Λύσις εἶπετο καὶ συμπαρακαθέζετο μετὰ τοῦ Μενεξένου. προσῆλθον δὴ καὶ οἱ ἄλλοι, καὶ δὴ καὶ ὁ Ἴποθάλης, ἐπειδὴ πλείους ἑώρα ἐφισταμένους, τούτους ἐπηλυγισάμενος προσέστη ἢ μὴ ὄρετο κατόψεσθαι τὸν λύσιν, δεδιὼς μὴ αὐτῷ ἀπεχθάνοιτο: καὶ οὕτω προσεστὼς ἤκροατο.

καὶ ἐγὼ πρὸς τὸν Μενέξενον ἀποβλέψας, ὃ παῖ Δημοφῶντος, [207c] ἦν δ' ἐγώ, πότερος ὑμῶν πρεσβύτερος;

ἀμφισβητοῦμεν, ἔφη.

οὐκοῦν καὶ ὁπότερος γενναιότερος, ἐρίζοιτ' ἄν, ἦν δ' ἐγώ.

πάνυ γε, ἔφη.

καὶ μὴν ὁπότερός γε καλλίων, ὡσαύτως.

ἐγελασάτην οὖν ἅμφω.

οὐ μὴν ὁπότερός γε, ἔφην, πλουσιώτερος ὑμῶν, οὐκ ἐρήσομαι: φίλω

γάρ ἐστον. ἦ γάρ;

πάνυ γ', ἐφάτην.

οὐκοῦν κοινὰ τὰ γε φίλων λέγεται, ὥστε τούτῳ γε οὐδὲν διοίσετον,
εἵπερ ἀληθῆ περὶ τῆς φιλίας λέγετον.

συνεφάτην. [207d]

ἐπεχείρουν δὴ μετὰ τοῦτο ἐρωτᾶν ὁπότερος δικαιότερος καὶ
σοφώτερος αὐτῶν εἶη. μεταξὺ οὖν τις προσελθὼν ἀνέστησε τὸν
Μενέξενον, φάσκων καλεῖν τὸν παιδοτρίβην: ἐδόκει γάρ μοι
ἱεροποιῶν τυγχάνειν. ἐκεῖνος μὲν οὖν ὥχето: ἐγὼ δὲ τὸν λύσιν
ἠρόμην, ἦ που, ἦν δ' ἐγώ, ὦ Λύσι, σφόδρα φιλεῖ σε ὁ πατήρ καὶ ἡ
μήτηρ;

πάνυ γε, ἦ δ' ὅς.

οὐκοῦν βούλονται ἂν σε ὡς εὐδαιμονέστατον εἶναι;

[207e] πῶς γὰρ οὐ;

δοκεῖ δέ σοι εὐδαίμων εἶναι ἄνθρωπος δουλεύων τε καὶ ὧ μηδὲν
ἐξείη ποιεῖν ὧν ἐπιθυμοῖ;

μὰ Δί' οὐκ ἔμοιγε, ἔφη.

οὐκοῦν εἰ σε φιλεῖ ὁ πατήρ καὶ ἡ μήτηρ καὶ εὐδαίμονά σε ἐπιθυμοῦσι
γενέσθαι, τοῦτο παντὶ τρόπῳ δῆλον ὅτι προθυμοῦνται ὅπως ἂν
εὐδαιμονοίης.

πῶς γὰρ οὐχί; ἔφη.

ἐῷσιν ἄρα σε ἃ βούλει ποιεῖν, καὶ οὐδὲν ἐπιπλήττουσιν οὐδὲ
διακωλύουσι ποιεῖν ὧν ἂν ἐπιθυμῇς;

ναὶ μὰ Δία ἐμέ γε, ὦ Σώκρατες, καὶ μάλα γε πολλὰ κωλύουσιν.

πῶς λέγεις; ἦν δ' ἐγώ. βουλόμενοί σε μακάριον [208a] εἶναι
διακωλύουσι τοῦτο ποιεῖν ὃ ἂν βούλῃ; ὥδε δέ μοι λέγε. ἦν
ἐπιθυμῆσης ἐπὶ τινος τῶν τοῦ πατρὸς ἀρμάτων ὀχεῖσθαι λαβὼν τὰς
ἠνίας, ὅταν ἀμιλλᾶται, οὐκ ἂν ἐφέν σε ἀλλὰ διακωλύοιεν;

μὰ Δί' οὐ μέντοι ἄν, ἔφη, ἐῷεν.

ἀλλὰ τίνα μήν;

ἔστιν τις ἡνίοχος παρὰ τοῦ πατρὸς μισθὸν φέρων.

πῶς λέγεις; μισθωτῷ μᾶλλον ἐπιτρέπουσιν ἢ σοὶ ποιεῖν ὅτι ἂν βούληται περὶ τοὺς ἵππους, καὶ προσέτι [208b] αὐτοῦ τούτου ἀργύριον τελοῦσιν;

ἀλλὰ τί μήν; ἔφη.

ἀλλὰ τοῦ ὀρικοῦ ζεύγους οἶμαι ἐπιτρέπουσίν σοι ἄρχειν, κἂν εἰ βούλοιο λαβὼν τὴν μάστιγα τύπτειν, ἐῷεν ἄν.

πόθεν, ἦ δ' ὅς, ἐῷεν;

τί δέ; ἦν δ' ἐγώ· οὐδενὶ ἔξεστιν αὐτοὺς τύπτειν;

καὶ μάλα, ἔφη, τῷ ὀρεοκόμῳ.

δούλῳ ὄντι ἢ ἐλευθέρῳ;

δούλῳ, ἔφη.

καὶ δοῦλον, ὥς ἔοικεν, ἡγοῦνται περὶ πλείονος ἢ σὲ τὸν ὑόν, καὶ ἐπιτρέπουσι τὰ ἑαυτῶν μᾶλλον ἢ σοί, καὶ ἐῷσιν ποιεῖν ὅτι βούλεται, σὲ δὲ [208c] διακωλύουσι; καὶ μοι ἔτι τόδε εἰπέ. σὲ αὐτὸν ἐῷσιν ἄρχειν σεαυτοῦ, ἢ οὐδὲ τοῦτο ἐπιτρέπουσί σοι;

πῶς γάρ, ἔφη, ἐπιτρέπουσιν;

ἀλλ' ἄρχει τίς σου;

ὅδε, παιδαγωγός, ἔφη.

μῶν δοῦλος ὢν;

ἀλλὰ τί μήν; ἡμέτερός γε, ἔφη.

ἦ δεινόν, ἦν δ' ἐγώ, ἐλευθέρων ὄντα ὑπὸ δούλου ἄρχεσθαι. τί δὲ ποιῶν αὖ οὗτος ὁ παιδαγωγός σου ἄρχει;

ἄγων δήπου, ἔφη, εἰς διδασκάλου.

μῶν μὴ καὶ οὗτοί σου ἄρχουσιν, οἱ [208d] διδάσκαλοι;

πάντως δήπου.

παμπόλλους ἄρα σοι δεσπότας καὶ ἄρχοντας ἐκὼν ὁ πατήρ ἐφίστησιν. ἀλλ' ἄρα ἐπειδὰν οἴκαδε ἔλθῃς παρὰ τὴν μητέρα, ἐκείνη σε ἔᾶ ποιεῖν ὅτι ἂν βούλῃ, ἴν' αὐτῇ μακάριος ᾦς, ἢ περὶ τὰ ἔρια ἢ περὶ τὸν ἰστόν, ὅταν ὑφαίνῃ; οὐ τι γάρ που διακωλύει σε ἢ τῆς σπάθης ἢ τῆς κερκίδος ἢ ἄλλου τοῦ τῶν περὶ ταλασιουργίαν ὀργάνων ἄπτεσθαι.

καὶ ὃς γελάσας, μὰ Δία, ἔφη, ὦ [208e] Σώκρατες, οὐ μόνον γε διακωλύει, ἀλλὰ καὶ τυπτοίμην ἂν εἰ ἀπτοίμην.

Ἡράκλεις, ἦν δ' ἐγώ, μῶν μὴ τι ἡδίκηκας τὸν πατέρα ἢ τὴν μητέρα;

μὰ Δί' οὐκ ἔγωγε, ἔφη.

ἀλλ' ἀντὶ τίνος μὴν οὕτω σε δεινῶς διακωλύουσιν εὐδαίμονα εἶναι καὶ ποιεῖν ὅτι ἂν βούλῃ, καὶ δι' ἡμέρας ὅλης τρέφουσί σε ἀεὶ τῷ δουλεύοντα καὶ ἐνὶ λόγῳ ὀλίγου ὧν ἐπιθυμεῖς οὐδὲν ποιοῦντα; ὥστε σοι, ὡς ἔοικεν, οὔτε τῶν χρημάτων τοσοῦτων ὄντων οὐδὲν ὄφελος, ἀλλὰ πάντες [209a] αὐτῶν μᾶλλον ἄρχουσιν ἢ σύ, οὔτε τοῦ σώματος οὕτω γενναίου ὄντος, ἀλλὰ καὶ τοῦτο ἄλλος ποιμαίνει καὶ θεραπεύει: σὺ δὲ ἄρχεις οὐδενός, ὦ Λύσι, οὐδὲ ποιεῖς οὐδὲν ὧν ἐπιθυμεῖς.

οὐ γάρ πω, ἔφη, ἡλικίαν ἔχω, ὦ Σώκρατες.

μὴ οὐ τοῦτό σε, ὦ παῖ Δημοκράτους, κωλύῃ, ἐπεὶ τό γε τοσόνδε, ὡς ἐγῶμαι, καὶ ὁ πατήρ καὶ ἡ μήτηρ σοι ἐπιτρέπουσιν καὶ οὐκ ἀναμένουσιν ἕως ἂν ἡλικίαν ἔχῃς. ὅταν γὰρ βούλωνται αὐτοῖς τινα ἀναγνωσθῆναι ἢ γραφῆναι, σέ, ὡς ἐγῶμαι, [209b] πρῶτον τῶν ἐν τῇ οἰκίᾳ ἐπὶ τοῦτο τάττουσιν. ἢ γάρ;

πάνυ γ', ἔφη.

οὐκοῦν ἔξεστί σοι ἐνταῦθ' ὅτι ἂν βούλῃ πρῶτον τῶν γραμμάτων γράφειν καὶ ὅτι ἂν δεύτερον: καὶ ἀναγιγνώσκειν ὡσαύτως ἔξεστιν. καὶ ἐπειδὰν, ὡς ἐγῶμαι, τὴν λύραν λάβῃς, οὐ διακωλύουσί σε οὔτε ὁ

πατὴρ οὐτε ἡ μήτηρ ἐπιτεῖναι τε καὶ ἀνεῖναι ἦν ἂν βούλῃ τῶν χορδῶν, καὶ ψῆλαι καὶ κρούειν τῷ πλήκτρῳ. ἢ διακωλύουσιν;

οὐ δῆτα.

τί ποτ' ἂν οὖν εἶη, ὦ Λύσι, τὸ αἴτιον ὅτι ἐνταῦθα [209c] μὲν οὐ διακωλύουσιν, ἐν οἷς δὲ ἄρτι ἐλέγομεν κωλύουσι;

ὅτι οἶμαι, ἔφη, ταῦτα μὲν ἐπίσταμαι, ἐκεῖνα δ' οὔ.

εἶεν, ἦν δ' ἐγώ, ὦ ἄριστε: οὐκ ἄρα τὴν ἡλικίαν σου περιμένει ὁ πατὴρ ἐπιτρέπειν πάντα, ἀλλ' ἢ ἂν ἡμέρα ἡγήσῃται σε βέλτιον αὐτοῦ φρονεῖν, ταύτῃ ἐπιτρέψει σοι καὶ αὐτὸν καὶ τὰ αὐτοῦ.

οἶμαι ἔγωγε, ἔφη.

εἶεν, ἦν δ' ἐγώ: τί δέ; τῷ γείτονι ἄρ' οὐχ ὁ αὐτὸς ὅρος ὅσπερ τῷ πατρὶ περὶ σοῦ; [209d] πότερον οἶε αὐτὸν ἐπιτρέψειν σοι τὴν αὐτοῦ οἰκίαν οἰκονομεῖν, ὅταν σε ἡγήσῃται βέλτιον περὶ οἰκονομίας ἑαυτοῦ φρονεῖν, ἢ αὐτὸν ἐπιστατήσῃ;

ἐμοὶ ἐπιτρέψειν οἶμαι.

τί δ'; Ἀθηναίους οἶε σοι οὐκ ἐπιτρέψειν τὰ αὐτῶν, ὅταν αἰσθάνωνται ὅτι ἱκανῶς φρονεῖς;

ἔγωγε.

πρὸς Διός, ἦν δ' ἐγώ, τί ἄρα ὁ μέγας βασιλεύς; πότερον τῷ πρεσβυτάτῳ ὑεῖ, οὗ ἢ τῆς Ἀσίας ἀρχὴ γίγνεται, μᾶλλον ἂν ἐπιτρέψειεν ἐπομένων κρεῶν [ἐμβάλλειν] ὅτι ἂν βούλῃται ἐμβαλεῖν [209e] εἰς τὸν ζωμόν, ἢ ἡμῖν, εἰ ἀφικόμενοι παρ' ἐκεῖνον ἐνδειξαίμεθα αὐτῷ ὅτι ἡμεῖς κάλλιον φρονοῦμεν ἢ ὁ υἱὸς αὐτοῦ περὶ ὧρου σκευασίας; ἡμῖν δῆλον ὅτι, ἔφη.

καὶ τὸν μὲν γε οὐδ' ἂν σμικρὸν ἐάσειεν ἐμβαλεῖν: ἡμᾶς δέ, κἂν εἰ βουλοίμεθα δραξάμενοι τῶν ἀλῶν, ἐφ' ἂν ἐμβαλεῖν.

πῶς γὰρ οὐ;

τί δ' εἰ τοὺς ὀφθαλμοὺς ὁ υἱὸς αὐτοῦ ἀσθενοῖ, ἄρα ἐφ' ἂν αὐτὸν

ἄπτεσθαι τῶν ἑαυτοῦ [210a] ὀφθαλμῶν, μὴ ἱατρὸν ἡγούμενος, ἢ κωλύοι ἄν;

κωλύοι ἄν.

ἡμᾶς δέ γε εἰ ὑπολαμβάνοι ἱατρικοὺς εἶναι, κἂν εἰ βουλοίμεθα διανοίγοντες τοὺς ὀφθαλμοὺς ἐμπάσαι τῆς τέφρας, οἶμαι οὐκ ἂν κωλύσειεν, ἡγούμενος ὀρθῶς φρονεῖν.

ἀληθῆ λέγεις.

ἄρ' οὖν καὶ τᾶλλα πάντα ἡμῖν ἐπιτρέποι ἂν μᾶλλον ἢ ἑαυτῷ καὶ τῷ οὐεῖ, περὶ ὅσων ἂν δόξωμεν αὐτῷ σοφώτεροι ἐκείνων εἶναι;

ἀνάγκη, ἔφη, ὦ Σώκρατες.

οὕτως ἄρα ἔχει, ἦν δ' ἐγώ, ὦ φίλε Λύσι: εἰς μὲν ταῦτα, [210b] ἃ ἂν φρόνιμοι γενώμεθα, ἅπαντες ἡμῖν ἐπιτρέψουσιν, Ἑλληνέες τε καὶ βάρβαροι καὶ ἄνδρες καὶ γυναῖκες, ποιήσομέν τε ἐν τούτοις ὅτι ἂν βουλώμεθα, καὶ οὐδεὶς ἡμᾶς ἐκὼν εἶναι ἐμποδιεῖ, ἀλλ' αὐτοὶ τε ἐλεύθεροι ἐσόμεθα ἐν αὐτοῖς καὶ ἄλλων ἄρχοντες, ἡμέτερά τε ταῦτα ἔσται ὀνησόμεθα γὰρ ἀπ' αὐτῶν εἰς ἃ δ' ἂν νοῦν μὴ κτησώμεθα, οὔτε τις ἡμῖν ἐπιτρέψει περὶ αὐτὰ ποιεῖν τὰ ἡμῖν δοκοῦντα, ἀλλ' ἐμποδιοῦσι [210c] πάντες καθ' ὅτι ἂν δύνωνται, οὐ μόνον οἱ ἀλλότριοι, ἀλλὰ καὶ ὁ πατήρ καὶ ἡ μήτηρ καὶ εἴ τι τούτων οἰκειότερόν ἐστιν, αὐτοὶ τε ἐν αὐτοῖς ἐσόμεθα ἄλλων ὑπήκοοι, καὶ ἡμῖν ἔσται ἀλλότρια: οὐδὲν γὰρ ἀπ' αὐτῶν ὀνησόμεθα. συγχωρεῖς οὕτως ἔχειν;

συγχωρῶ.

ἄρ' οὖν τῷ φίλοι ἐσόμεθα καὶ τις ἡμᾶς φιλήσει ἐν τούτοις, ἐν οἷς ἂν ὦμεν ἀνωφελεῖς;

οὐ δῆτα, ἔφη.

νῦν ἄρα οὐδὲ σὲ ὁ πατήρ οὐδὲ ἄλλος ἄλλον οὐδένα φιλεῖ, καθ' ὅσον ἂν ᾗ ἄχρηστος.

οὐκ ἔοικεν, [210d] ἔφη.

ἐὰν μὲν ἄρα σοφὸς γένῃ, ὃ παῖ, πάντες σοι φίλοι καὶ πάντες σοι οἰκεῖοι ἔσονται χρήσιμος γὰρ καὶ ἀγαθὸς ἔσῃ εἰ δὲ μή, σοὶ οὔτε ἄλλος οὐδεὶς οὔτε ὁ πατὴρ φίλος ἔσται οὔτε ἡ μήτηρ οὔτε οἱ οἰκεῖοι. οἷόν τε οὖν ἐπὶ τούτοις, ὃ Λύσι, μέγα φρονεῖν, ἐν οἷς τις μήπω φρονεῖ;

καὶ πῶς ἄν; ἔφη.

εἰ δ' ἄρα σὺ διδασκάλου δέῃ, οὕτω φρονεῖς.

ἀληθῆ.

οὐδ' ἄρα μεγαλόφρων εἶ, εἵπερ ἄφρων ἔτι.

μὰ Δία, ἔφη, ὃ Σώκρατες, οὐ μοι δοκεῖ. [210e]

καὶ ἐγὼ ἀκούσας αὐτοῦ ἀπέβλεψα πρὸς τὸν Ἱπποθάλη, καὶ ὀλίγου ἐξήμαρτον: ἐπῆλθε γάρ μοι εἰπεῖν ὅτι οὕτω χρή, ὃ Ἱππόθαλες, τοῖς παιδικῶς διαλέγεσθαι, ταπεινοῦντα καὶ συστέλλοντα, ἀλλὰ μὴ ὥσπερ σὺ χαννοῦντα καὶ διαθρύπτοντα. κατιδὼν οὖν αὐτὸν ἀγωνιῶντα καὶ τεθορυβημένον ὑπὸ τῶν λεγομένων, ἀνεμνήσθην ὅτι καὶ προσεστὼς λανθάνειν τὸν λύσιν ἐβούλετο: ἀνέλαβον οὖν ἐμαυτὸν καὶ [211a] ἐπέσχον τοῦ λόγου. καὶ ἐν τούτῳ ὁ Μενέξενος πάλιν ἤκεν, καὶ ἐκαθέζετο παρὰ τὸν λύσιν, ὅθεν καὶ ἐξανέστη. ὁ οὖν Λύσις μάλα παιδικῶς καὶ φιλικῶς, λάθρα τοῦ Μενεξένου, σμικρὸν πρὸς με λέγων ἔφη: ὃ Σώκρατες, ἅπερ καὶ ἐμοὶ λέγεις, εἰπὲ καὶ Μενεξένῳ.

καὶ ἐγὼ εἶπον, ταῦτα μὲν σὺ αὐτῷ ἐρεῖς, ὃ Λύσι: πάντως γὰρ προσεῖχες τὸν νοῦν.

πάνυ μὲν οὖν, ἔφη.

πειρῶ τοίνυν, ἦν δ' ἐγώ, ἀπομνημονεῦσαι αὐτὰ ὅτι [211b] μάλιστα, ἵνα τούτῳ σαφῶς πάντα εἴπῃς: ἐὰν δέ τι αὐτῶν ἐπιλάβῃ, αὐθὶς με ἀνερέσθαι ὅταν ἐντύχῃς πρῶτον. ἀλλὰ ποιήσω, ἔφη, ταῦτα, ὃ Σώκρατες, πάνυ σφόδρα, εὖ ἴσθι. ἀλλά τι ἄλλο αὐτῷ λέγε, ἵνα καὶ ἐγὼ ἀκούω, ἕως ἄν οἴκαδε ὥρα ᾗ ἀπιέναι.

ἀλλὰ χρή ποιεῖν ταῦτα, ἦν δ' ἐγώ, ἐπειδὴ γε καὶ σὺ κελεύεις. ἀλλὰ

ὄρα ὅπως ἐπικουρήσεις μοι, ἐάν με ἐλέγχειν ἐπιχειρῇ ὁ Μενέξενος· ἢ οὐκ οἶσθα ὅτι ἐριστικός ἐστιν;

ναὶ μὰ Δία, ἔφη, σφόδρα γε· διὰ ταῦτά τοι καὶ βούλομαί [211c] σε αὐτῷ διαλέγεσθαι.

ἵνα, ἦν δ' ἐγώ, καταγέλαστος γένωμαι;

οὐ μὰ Δία, ἔφη, ἀλλ' ἵνα αὐτὸν κολάσῃς.

πόθεν; ἦν δ' ἐγώ. οὐ ῥάδιον· δεινὸς γάρ ὁ ἄνθρωπος, Κτησίππου μαθητής. πάρεστι δέ τοι αὐτός οὐχ ὀρθῶς; Κτήσιππος.

μηδενός σοι, ἔφη, μελέτω, ὦ Σώκρατες, ἀλλ' ἴθι διαλέγου αὐτῷ.

διαλεκτέον, ἦν δ' ἐγώ.

ταῦτα οὖν ἡμῶν λεγόντων πρὸς ἡμᾶς αὐτούς, τί ὑμεῖς, ἔφη ὁ Κτήσιππος, αὐτὸ μόνω ἐστῆσθον, ἡμῖν δὲ οὐ [211d] μεταδίδοτον τῶν λόγων;

ἀλλὰ μήν, ἦν δ' ἐγώ, μεταδοτέον. ὁδε γάρ τι ὦν λέγω οὐ μανθάνει, ἀλλὰ φησιν οἶεσθαι Μενέξενον εἰδέναι, καὶ κελεύει τοῦτον ἐρωτᾶν.

τί οὖν, ἦ δ' ὅς, οὐκ ἐρωτᾷς;

ἀλλ' ἐρήσομαι, ἦν δ' ἐγώ. καὶ μοι εἰπέ, ὦ Μενέξενε, ὃ ἂν σε ἔρωμαι. τυγχάνω γὰρ ἐκ παιδὸς ἐπιθυμῶν κτήματός του, ὥσπερ ἄλλος ἄλλου. ὁ μὲν γάρ τις ἵππους [211e] ἐπιθυμεῖ κτᾶσθαι, ὁ δὲ κύνας, ὁ δὲ χρυσίον, ὁ δὲ τιμάς· ἐγὼ δὲ πρὸς μὲν ταῦτα πράως ἔχω, πρὸς δὲ τὴν τῶν φίλων κτῆσιν πάνυ ἐρωτικῶς, καὶ βουλοίμην ἂν μοι φίλον ἀγαθὸν γενέσθαι μᾶλλον ἢ τὸν ἄριστον ἐν ἀνθρώποις ὄρνυγα ἢ ἄλεκτρυόνα, καὶ ναὶ μὰ Δία ἔγωγε μᾶλλον ἢ ἵππον τε καὶ κύνα οἶμαι δέ, νῆ τὸν κύνα, μᾶλλον ἢ τὸ Δαρείου χρυσίον κτήσασθαι δεξαίμην πολὺ πρότερον ἐταῖρον, μᾶλλον <δὲ> ἢ αὐτὸν Δαρεῖον οὕτως ἐγὼ φιλέταιρός τις εἰμι. ὑμᾶς [212a] οὖν ὁρῶν, σέ τε καὶ λύσιν, ἐκπέπληγμαι καὶ εὐδαιμονίζω ὅτι οὕτω νέοι ὄντες οἷοι τ' ἐστὸν τοῦτο τὸ κτῆμα ταχὺ καὶ ῥαδίως κτᾶσθαι, καὶ σύ τε τοῦτον οὕτω φίλον ἐκτήσω ταχύ τε καὶ σφόδρα, καὶ αὖ οὗτος σέ· ἐγὼ δὲ οὕτω πόρρω εἰμι τοῦ κτήματος, ὥστε οὐδ' ὅντινα τρόπον γίγνεται φίλος ἕτερος

έτέρου οἶδα, ἀλλὰ ταῦτα δὴ αὐτά σε βούλομαι ἐρέσθαι ἅτε ἔμπειρον.
καί μοι εἰπέ: ἐπειδὴν τίς τινα φιλή, πότερος ποτέρου [212b] φίλος
γίνεται, ὁ φιλῶν τοῦ φιλουμένου ἢ ὁ φιλούμενος τοῦ φιλοῦντος; ἢ
οὐδὲν διαφέρει; οὐδέν, ἔφη, ἔμοιγε δοκεῖ διαφέρειν.

πῶς λέγεις; ἦν δ' ἐγώ: ἀμφοτέροι ἄρα ἀλλήλων φίλοι γίνονται, ἐὰν
μόνος ὁ ἕτερος τὸν ἕτερον φιλή;

ἔμοιγε, ἔφη, δοκεῖ.

τί δέ; οὐκ ἔστιν φιλοῦντα μὴ ἀντιφιλεῖσθαι ὑπὸ τούτου ὃν ἂν φιλή;
ἔστιν.

τί δέ; ἄρα ἔστιν καὶ μισεῖσθαι φιλοῦντα; οἷόν που ἐνίοτε δοκοῦσι καὶ
οἱ ἔρασταὶ πάσχειν πρὸς τὰ παιδικά: φιλοῦντες γὰρ [212c] ὥς οἷόν τε
μάλιστα οἱ μὲν οἶονται οὐκ ἀντιφιλεῖσθαι, οἱ δὲ καὶ μισεῖσθαι. ἢ οὐκ
ἀληθὲς δοκεῖ σοι τοῦτο;

σφόδρα γε, ἔφη, ἀληθές.

οὐκοῦν ἐν τῷ τοιούτῳ, ἦν δ' ἐγώ, ὁ μὲν φιλεῖ, ὁ δὲ φιλεῖται;

ναί.

πότερος οὖν αὐτῶν ποτέρου φίλος ἐστίν; ὁ φιλῶν τοῦ φιλουμένου,
ἐάντε καὶ ἀντιφιλήται ἐάντε καὶ μισῇται, ἢ ὁ φιλούμενος τοῦ
φιλοῦντος; ἢ οὐδέτερος αὖ ἐν τῷ τοιούτῳ οὐδετέρου φίλος ἐστίν, ἂν
μὴ ἀμφοτέροι ἀλλήλους φιλῶσιν;

ἔοικε γοῦν [212d] οὕτως ἔχειν.

ἀλλοίως ἄρα νῦν ἡμῖν δοκεῖ ἢ πρότερον ἔδοξεν. τότε μὲν γάρ, εἰ ὁ
ἕτερος φιλοῖ, φίλω εἶναι ἅμφω: νῦν δέ, ἂν μὴ ἀμφοτέροι φιλῶσιν,
οὐδέτερος φίλος.

κινδυνεύει, ἔφη.

οὐκ ἄρα ἐστὶν φίλον τῷ φιλοῦντι οὐδὲν μὴ οὐκ ἀντιφιλοῦν.

οὐκ ἔοικεν.

οὐδ' ἄρα φίλιπποι εἰσιν οὓς ἂν οἱ ἵπποι μὴ ἀντιφιλῶσιν, οὐδὲ φιλόρτυγες, οὐδ' αὖ φιλόκυνές γε καὶ φίλοινοι καὶ φιλογυμνασται καὶ φιλόσοφοι, ἂν μὴ ἡ σοφία αὐτοὺς ἀντιφιλῇ. ἢ φιλοῦσι μὲν ταῦτα [212e] ἕκαστοι, οὐ μέντοι φίλα ὄντα, ἀλλὰ ψεύδεθ' ὁ ποιητής, ὃς ἔφη ὄλβιος, ᾧ παῖδές τε φίλοι καὶ μώνυχες ἵπποι καὶ κύνες ἀγρευταὶ καὶ ξένος ἀλλοδαπός; Solon 21.2

οὐκ ἔμοιγε δοκεῖ, ἦ δ' ὅς.

ἀλλ' ἀληθῆ δοκεῖ λέγειν σοι;

ναί.

τὸ φιλούμενον ἄρα τῷ φιλοῦντι φίλον ἐστίν, ὥς ἔοικεν, ᾧ Μενέξενε, ἐάντε φιλῇ ἐάντε καὶ μισῇ: οἷον καὶ τὰ νεωστὶ γεγονότα παιδιά, τὰ μὲν οὐδέπω φιλοῦντα, τὰ [213a] δὲ καὶ μισοῦντα, ὅταν κολάζεται ὑπὸ τῆς μητρὸς ἢ ὑπὸ τοῦ πατρός, ὅμως καὶ μισοῦντα ἐν ἐκείνῳ τῷ χρόνῳ πάντων μάλιστα ἐστὶ τοῖς γονεῦσι φίλτατα.

ἔμοιγε δοκεῖ, ἔφη, οὕτως ἔχειν.

οὐκ ἄρα ὁ φίλων φίλος ἐκ τούτου τοῦ λόγου, ἀλλ' ὁ φιλούμενος.

ἔοικεν.

καὶ ὁ μισούμενος ἐχθρὸς ἄρα, ἀλλ' οὐχ ὁ μισῶν.

φαίνεται.

πολλοὶ ἄρα ὑπὸ τῶν ἐχθρῶν φιλοῦνται, ὑπὸ δὲ τῶν φίλων μισοῦνται, καὶ τοῖς [213b] μὲν ἐχθροῖς φίλοι εἰσίν, τοῖς δὲ φίλοις ἐχθροί, εἰ τὸ φιλούμενον φίλον ἐστὶν ἀλλὰ μὴ τὸ φιλοῦν. καίτοι πολλὴ ἀλογία, ᾧ φίλε ἐταῖρε, μᾶλλον δὲ οἶμαι καὶ ἀδύνατον, τῷ τε φίλῳ ἐχθρὸν καὶ τῷ ἐχθρῷ φίλον εἶναι.

ἀληθῆ, ἔφη, ἔοικας λέγειν, ᾧ Σώκρατες.

οὐκοῦν εἰ τοῦτ' ἀδύνατον, τὸ φιλοῦν ἂν εἴη φίλον τοῦ φιλουμένου.

φαίνεται.

τὸ μισοῦν ἄρα πάλιν ἐχθρὸν τοῦ μισουμένου.

ἀνάγκη.

οὐκοῦν ταῦτ' ἡμῖν συμβήσεται ἀναγκαῖον εἶναι ὁμολογεῖν, [213c] ἅπερ ἐπὶ τῶν πρότερον, πολλάκις φίλον εἶναι μὴ φίλου, πολλάκις δὲ καὶ ἐχθροῦ, ὅταν ἢ μὴ φιλοῦν τις φιλῇ ἢ καὶ μισοῦν φιλῇ: πολλάκις δ' ἐχθρὸν εἶναι μὴ ἐχθροῦ ἢ καὶ φίλου, ὅταν ἢ <μὴ> μισοῦν τις μισῇ ἢ καὶ φιλοῦν μισῇ.

κινδυνεύει, ἔφη.

τί οὖν δὴ χρῆσώμεθα, ἦν δ' ἐγώ, εἰ μήτε οἱ φιλοῦντες φίλοι ἔσονται μήτε οἱ φιλούμενοι μήτε οἱ φιλοῦντές τε καὶ φιλούμενοι; ἀλλὰ καὶ παρὰ ταῦτα ἄλλους τινὰς ἔτι φήσομεν εἶναι φίλους ἀλλήλοις γιγνομένους;

οὐ μὰ τὸν Δία, ἔφη, ὃ Σώκρατες, οὐ πάνυ εὐπορῶ ἔγωγε. [213d]

ἄρα μή, ἦν δ' ἐγώ, ὃ Μενέξενε, τὸ παράπαν οὐκ ὀρθῶς ἐζητοῦμεν;

οὐκ ἔμοιγε δοκεῖ, ὃ Σώκρατες, ἔφη, ὁ Λύσις, καὶ ἅμα εἰπὼν ἠρυθρίασεν: ἐδόκει γάρ μοι ἄκοντ' αὐτὸν ἐκφεύγειν τὸ λεχθὲν διὰ τὸ σφόδρα προσέχειν τὸν νοῦν τοῖς λεγομένοις, δηλὸς δ' ἦν καὶ ὅτε ἠκροῶτο οὕτως ἔχων.

ἐγὼ οὖν βουλόμενος τὸν τε Μενέξενον ἀναπαῦσαι καὶ ἐκείνου ἡσθεῖς τῇ φιλοσοφίᾳ, οὕτω μεταβαλὼν πρὸς τὸν [213e] λύσιν ἐποιούμην τοὺς λόγους, καὶ εἶπον: ὃ Λύσι, ἀληθῇ μοι δοκεῖς λέγειν ὅτι εἰ ὀρθῶς ἡμεῖς ἐσκοποῦμεν, οὐκ ἂν ποτε οὕτως ἐπλανώμεθα. ἀλλὰ ταύτῃ μὲν μηκέτι ἴωμεν καὶ γὰρ χαλεπὴ τίς μοι φαίνεται ὥσπερ ὁδὸς ἢ σκέψις ἣ δὲ ἐτράπημεν, δοκεῖ μοι χρῆναι ἰέναι, σκοποῦντα [τὰ] κατὰ [214a] τοὺς ποιητάς: οὗτοι γὰρ ἡμῖν ὥσπερ πατέρες τῆς σοφίας εἰσὶν καὶ ἡγεμόνες. λέγουσι δὲ δήπου οὐ φαύλως ἀποφαινόμενοι περὶ τῶν φίλων, οἱ τυγχάνουσιν ὄντες: ἀλλὰ τὸν θεὸν αὐτόν φασιν ποιεῖν φίλους αὐτούς, ἄγοντα παρ' ἀλλήλους. λέγουσι δὲ πως ταῦτα, ὡς ἐγὼμαι, ὡδί αἰεὶ τοι τὸν ὁμοῖον ἄγει θεὸς ὡς τὸν ὁμοῖον Hom. Od. 17.218 [214b] καὶ ποιεῖ γνῶριμον: ἢ οὐκ ἐντετύχηκας τούτοις τοῖς ἔπεσιν;

ἔγωγ', ἔφη.

οὐκοῦν καὶ τοῖς τῶν σοφωτάτων συγγράμμασιν ἐντετύχηκας ταῦτα αὐτὰ λέγουσιν, ὅτι τὸ ὅμοιον τῷ ὁμοίῳ ἀνάγκη ἀεὶ φίλον εἶναι; εἰσὶν δέ που οὗτοι οἱ περὶ φύσεώς τε καὶ τοῦ ὅλου διαλεγόμενοι καὶ γράφοντες.

ἀληθῆ, ἔφη, λέγεις.

ἄρ' οὖν, ἦν δ' ἐγώ, εὖ λέγουσιν;

ἴσως, ἔφη.

ἴσως, ἦν δ' ἐγώ, τὸ ἡμῖς αὐτοῦ, ἴσως δὲ καὶ πᾶν, ἀλλ' ἡμεῖς οὐ συνίμεν. δοκεῖ γὰρ ἡμῖν ὃ γε πονηρὸς [214c] τῷ πονηρῷ, ὅσῳ ἂν ἐγγυτέρω προσίῃ καὶ μᾶλλον ὁμιλῇ, τοσούτῳ ἐχθίων γίγνεσθαι. ἀδικεῖ γάρ: ἀδικοῦντας δὲ καὶ ἀδικουμένους ἀδύνατόν που φίλους εἶναι. οὐχ οὕτως;

ναί, ἦ δ' ὅς.

ταύτη μὲν ἂν τοίνυν τοῦ λεγομένου τὸ ἡμῖς οὐκ ἀληθὲς εἴη, εἴπερ οἱ πονηροὶ ἀλλήλοις ὅμοιοι.

ἀληθῆ λέγεις.

ἀλλά μοι δοκοῦσιν λέγειν τοὺς ἀγαθοὺς ὁμοίους εἶναι ἀλλήλοις καὶ φίλους, τοὺς δὲ κακοὺς, ὅπερ καὶ λέγεται περὶ αὐτῶν, μηδέποτε ὁμοίους μηδ' αὐτοὺς αὐτοῖς εἶναι, ἀλλ' [214d] ἐμπλήκτους τε καὶ ἀσταθμήτους: ὃ δὲ αὐτὸ αὐτῷ ἀνόμοιον εἶη καὶ διάφορον, σχολῇ γέ τῳ ἄλλῳ ὅμοιον ἢ φίλον γένοιτ' ἂν. ἦ οὐ καὶ σοὶ δοκεῖ οὕτως; ἔμοιγ', ἔφη.

τοῦτο τοίνυν αἰνίττονται, ὥς ἐμοὶ δοκοῦσιν, ὧ ἑταῖρε, οἱ τὸ ὅμοιον τῷ ὁμοίῳ φίλον λέγοντες, ὥς ὁ ἀγαθὸς τῷ ἀγαθῷ μόνος μόνῳ φίλος, ὃ δὲ κακὸς οὔτε ἀγαθῷ οὔτε κακῷ οὐδέποτε εἰς ἀληθῆ φιλίαν ἔρχεται. συνδοκεῖ σοι;

κατένευσεν.

ἔχομεν ἄρα ἤδη τίνες εἰσὶν οἱ φίλοι: ὁ γὰρ λόγος ἡμῖν [214e] σημαίνει ὅτι οἱ ἂν ὧσιν ἀγαθοί.

πάνυ γε, ἔφη, δοκεῖ.

καὶ ἐμοί, ἦν δ' ἐγώ. καίτοι δυσχεραίνω τί γε ἐν αὐτῷ: φέρε οὖν, ὦ πρὸς Διός, ἴδωμεν τί καὶ ὑποπτεύω. ὁ ὅμοιος τῷ ὁμοίῳ καθ' ὅσον ὅμοιος φίλος, καὶ ἔστιν χρήσιμος ὁ τοιοῦτος τῷ τοιούτῳ; μᾶλλον δὲ ὧδε: ὅτι οὖν ὅμοιον ὀτρύνει ὁμοίῳ τίνα ὠφελίαν ἔχειν ἢ τίνα βλάβην ἂν ποιῆσαι δύναίτο, ὃ μὴ καὶ αὐτὸ αὐτῷ; ἢ τί ἂν παθεῖν, ὃ μὴ καὶ ὑφ' [215a] αὐτοῦ πάθοι; τὰ δὴ τοιαῦτα πῶς ἂν ὑπ' ἀλλήλων ἀγαπηθεῖη, μηδεμίαν ἐπικουρίαν ἀλλήλοις ἔχοντα; ἔστιν ὅπως; οὐκ ἔστιν.

ὁ δὲ μὴ ἀγαπῶτο, πῶς φίλον;

οὐδαμῶς.

ἀλλὰ δὴ ὁ μὲν ὅμοιος τῷ ὁμοίῳ οὐ φίλος: ὁ δὲ ἀγαθὸς τῷ ἀγαθῷ καθ' ὅσον ἀγαθός, οὐ καθ' ὅσον ὅμοιος, φίλος ἂν εἴη;

ἴσως.

τί δέ; οὐχ ὁ ἀγαθός, καθ' ὅσον ἀγαθός, κατὰ τοσοῦτον ἱκανὸς ἂν εἴη αὐτῷ;

ναί.

ὁ δέ γε ἱκανὸς οὐδενὸς δεόμενος κατὰ τὴν ἱκανότητα.

πῶς γὰρ οὐ;

ὁ δὲ μή του [215b] δεόμενος οὐδέ τι ἀγαπῶν ἄν.

οὐ γὰρ οὖν.

ὁ δὲ μὴ ἀγαπῶν, οὐδ' ἂν φιλοῖ.

οὐ δῆτα.

ὁ δὲ μὴ φιλῶν γε οὐ φίλος.

οὐ φαίνεται.

πῶς οὖν οἱ ἀγαθοὶ τοῖς ἀγαθοῖς ἡμῖν φίλοι ἔσονται τὴν ἀρχήν, οἳ μήτε ἀπόντες ποθεινοὶ ἀλλήλοις ἱκανοὶ γὰρ ἑαυτοῖς καὶ χωρὶς ὄντες μήτε παρόντες χρεῖαν αὐτῶν ἔχουσιν; τοὺς δὲ τοιούτους τίς μηχανή

περὶ πολλοῦ ποιεῖσθαι ἀλλήλους;

οὐδεμία, ἔφη.

φίλοι [215c] δέ γε οὐκ ἂν εἶεν μὴ περὶ πολλοῦ ποιούμενοι ἑαυτούς.

ἀληθῆ.

ἄθρει δὴ, ὦ Λύσι, πῇ παρακρουόμεθα. ἄρά γε ὄλω τινὶ ἐξαπατώμεθα;

πῶς δὴ; ἔφη.

ἤδη ποτέ του ἤκουσα λέγοντος, καὶ ἄρτι ἀναμνησκομαι, ὅτι τὸ μὲν ὅμοιον τῷ ὁμοίῳ καὶ οἱ ἀγαθοὶ τοῖς ἀγαθοῖς πολεμιώτατοι εἶεν: καὶ δὴ καὶ τὸν Ἡσίοδον ἐπήγετο μάρτυρα, λέγων ὡς ἄρα καὶ κεραμεὺς κεραμεῖ κοτέει καὶ ἀοιδὸς ἀοιδῷ [215d]

καὶ πτωχὸς πτωχῷ, . . .

Hes. WD 25

καὶ τᾶλλα δὴ πάντα οὕτως ἔφη ἀναγκαῖον εἶναι μάλιστα τὰ ὁμοιώτατα <πρὸς> ἀλλήλα φθόνου τε καὶ φιλονικίας καὶ ἔχθρας ἐμπίμπλασθαι, τὰ δ' ἀνομοιώτατα φιλίας: τὸν γὰρ πένητα τῷ πλουσίῳ ἀναγκάζεσθαι φίλον εἶναι καὶ τὸν ἀσθενῆ τῷ ἰσχυρῷ τῆς ἐπικουρίας ἔνεκα, καὶ τὸν κάμνοντα τῷ ἱατρῷ, καὶ πάντα δὴ τὸν μὴ εἰδότα ἀγαπᾶν τὸν εἰδότα καὶ φιλεῖν. [215e] καὶ δὴ καὶ ἔτι ἐπεξήκει τῷ λόγῳ μεγαλοπρεπέστερον, λέγων ὡς ἄρα παντὸς δέοι τὸ ὅμοιον τῷ ὁμοίῳ φίλον εἶναι, ἀλλ' αὐτὸ τὸ ἐναντίον εἶη τούτου: τὸ γὰρ ἐναντιώτατον τῷ ἐναντιωτάτῳ εἶναι μάλιστα φίλον. ἐπιθυμεῖν γὰρ τοῦ τοιοῦτου ἕκαστον, ἀλλ' οὐ τοῦ ὁμοίου: τὸ μὲν γὰρ ξηρὸν ὕγρου, τὸ δὲ ψυχρὸν θερμοῦ, τὸ δὲ πικρὸν γλυκέος, τὸ δὲ ὀξὺ ἀμβλέος, τὸ δὲ κενὸν πληρώσεως, καὶ τὸ πλήρες δὲ κενώσεως, καὶ τᾶλλα οὕτω κατὰ τὸν αὐτὸν λόγον. τροφήν γὰρ εἶναι τὸ ἐναντίον τῷ ἐναντίῳ: τὸ γὰρ ὅμοιον τοῦ ὁμοίου [216a] οὐδὲν ἂν ἀπολαῦσαι. καὶ μέντοι, ὦ ἑταῖρε, καὶ κομπὸς ἐδόκει εἶναι ταῦτα λέγων: εὖ γὰρ ἔλεγεν. ὑμῖν δέ, ἦν δ' ἐγώ, πῶς δοκεῖ λέγειν;

εὖ γε, ἔφη ὁ Μενέξενος, ὥς γε οὕτωςι ἀκοῦσαι.

φῶμεν ἄρα τὸ ἐναντίον τῷ ἐναντίῳ μάλιστα φίλον εἶναι;

πάνυ γε.

εἶεν, ἦν δ' ἐγώ: οὐκ ἀλλόκοτον, ὦ Μενέξενε; καὶ ἡμῖν εὐθὺς ἄσμενοι ἐπιπηδήσονται οὗτοι οἱ πάσσοφοι ἄνδρες, οἱ ἀντιλογικοί, καὶ ἐρήσονται εἰ [216b] οὐκ ἐναντιώτατον ἔχθρα φιλία; οἷς τί ἀποκρινούμεθα; ἢ οὐκ ἀνάγκη ὁμολογεῖν ὅτι ἀληθῆ λέγουσιν;

ἀνάγκη.

ἄρ' οὖν, φήσουσιν, τὸ ἐχθρὸν τῷ φίλῳ φίλον ἢ τὸ φίλον τῷ ἐχθρῷ;

οὐδέτερα, ἔφη.

ἀλλὰ τὸ δίκαιον τῷ ἀδίκῳ, ἢ τὸ σῶφρον τῷ ἀκολάστῳ, ἢ τὸ ἀγαθὸν τῷ κακῷ;

οὐκ ἂν μοι δοκεῖ οὕτως ἔχειν.

ἀλλὰ μέντοι, ἦν δ' ἐγώ, εἴπερ γε κατὰ τὴν ἐναντιότητά τί τῳ [φίλῳ] φίλον ἐστίν, ἀνάγκη καὶ ταῦτα φίλα εἶναι.

ἀνάγκη.

οὔτε ἄρα τὸ ὅμοιον τῷ ὁμοίῳ οὔτε τὸ ἐναντίον τῷ ἐναντίῳ φίλον.

οὐκ ἔοικεν. [216c]

ἔτι δὲ καὶ τόδε σκεψώμεθα, μὴ ἔτι μᾶλλον ἡμᾶς λανθάνει τὸ φίλον ὥς ἀληθῶς οὐδὲν τούτων ὄν, ἀλλὰ τὸ μῆτε ἀγαθὸν μῆτε κακὸν φίλον οὕτω ποτὲ γινόμενον τοῦ ἀγαθοῦ. πῶς, ἦ δ' ὅς, λέγεις;

ἀλλὰ μὰ Δία, ἦν δ' ἐγώ, οὐκ οἶδα, ἀλλὰ τῷ ὄντι αὐτὸς εἰλιγγιῶ ὑπὸ τῆς τοῦ λόγου ἀπορίας, καὶ κινδυνεύει κατὰ τὴν ἀρχαίαν παροιμίαν τὸ καλὸν φίλον εἶναι. ἔοικε γοῦν μαλακῷ τινι καὶ λείῳ καὶ λιπαρῷ: [216d] διὸ καὶ ἴσως ῥαδίως διολισθαίνει καὶ διαδύεται ἡμᾶς, ἅτε τοιοῦτον ὄν. λέγω γὰρ τὰγαθὸν καλὸν εἶναι: σὺ δ' οὐκ οἶε;

ἔγωγε.

λέγω τοίνυν ἀπομαντευόμενος, τοῦ καλοῦ τε καὶ ἀγαθοῦ φίλον εἶναι τὸ μῆτε ἀγαθὸν μῆτε κακόν: πρὸς ᾧ δὲ λέγων μαντεύομαι, ἄκουσον. δοκεῖ μοι ὥσπερ εἰ τρία ἄττα εἶναι γένη, τὸ μὲν ἀγαθόν, τὸ δὲ κακόν,

τὸ δ' οὐτ' ἀγαθὸν οὔτε κακόν: τί δὲ σοί;

καὶ ἐμοί, ἔφη.

καὶ οὔτε τὰγαθὸν τὰγαθῷ οὔτε τὸ κακὸν τῷ κακῷ οὔτε τὰγαθὸν τῷ [216e] κακῷ φίλον εἶναι, ὥσπερ οὐδ' ὁ ἔμπροσθεν λόγος ἔειπε: λείπεται δὴ, εἴπερ τὴν τί ἐστὶν φίλον, τὸ μήτε ἀγαθὸν μήτε κακὸν φίλον εἶναι ἢ τοῦ ἀγαθοῦ ἢ τοῦ τοιούτου οἷον αὐτό ἐστίν. οὐ γὰρ ἂν ποὺ τῷ κακῷ φίλον ἂν τι γένοιτο. ἀληθῆ.

οὐδὲ μὴν τὸ ὅμοιον τῷ ὁμοίῳ ἔφαμεν ἄρτι: ἦ γάρ;

ναί.

οὐκ ἄρα ἔσται τῷ μήτε ἀγαθῷ μήτε κακῷ τὸ τοιοῦτον φίλον οἷον αὐτό.

οὐ φαίνεται.

τῷ ἀγαθῷ ἄρα [217a] τὸ μήτε ἀγαθὸν μήτε κακὸν μόνῳ μόνον συμβαίνει γίνεσθαι φίλον.

ἀνάγκη, ὥς ἔοικεν.

ἄρ' οὖν καὶ καλῶς, ἣν δ' ἐγώ, ὦ παῖδες, ὑφηγεῖται ἡμῖν τὸ νῦν λεγόμενον; εἰ γοῦν θέλομεν ἐννοῆσαι τὸ ὑγιαῖνον σῶμα, οὐδὲν ἱατρικῆς δεῖται οὐδὲ ὠφελίας; ἱκανῶς γὰρ ἔχει, ὥστε ὑγιαίνων οὐδεὶς ἱατρῷ φίλος διὰ τὴν ὑγίειαν. ἦ γάρ;

οὐδεὶς.

ἀλλ' ὁ κάμων οἶμαι διὰ τὴν νόσον.

πῶς γὰρ [217b] οὐ;

νόσος μὲν δὴ κακόν, ἱατρικὴ δὲ ὠφέλιμον καὶ ἀγαθόν.

ναί.

σῶμα δὲ γέ ποὺ κατὰ τὸ σῶμα εἶναι οὔτε ἀγαθὸν οὔτε κακόν.

οὕτως.

ἀναγκάζεται δέ γε σῶμα διὰ νόσον ἰατρικὴν ἀσπάζεσθαι καὶ φιλεῖν.

δοκεῖ μοι.

τὸ μήτε κακὸν ἄρα μήτ' ἀγαθὸν φίλον γίγνεται τοῦ ἀγαθοῦ διὰ κακοῦ παρουσίαν.

ἔοικεν.

δῆλον δέ γε ὅτι πρὶν γενέσθαι αὐτὸ κακὸν ὑπὸ τοῦ κακοῦ οὐ ἔχει. οὐ γὰρ δὴ γε κακὸν γεγονὸς [217c] ἔτι ἂν τι τοῦ ἀγαθοῦ [οὔ] ἐπιθυμοῖ καὶ φίλον εἴη: ἀδύνατον γὰρ ἔφαμεν κακὸν ἀγαθῷ φίλον εἶναι.

ἀδύνατον γάρ.

σκέψασθε δὴ ὃ λέγω. λέγω γὰρ ὅτι ἓνια μὲν, οἷον ἂν ἡ τὸ παρόν, τοιαῦτά ἐστι καὶ αὐτά, ἓνια δὲ οὐ. ὥσπερ εἰ ἐθέλοι τις χρώματί τῳ ὀτιοῦν [τι] ἀλειψαι, πάρεστίν που τῷ ἀλειφθέντι τὸ ἐπαλειφθέν.

πάνυ γε.

ἄρ' οὖν καὶ ἔστιν τότε τοιοῦτον τὴν χρόαν τὸ ἀλειφθέν, οἷον τὸ ἐπόν; [217d]

οὐ μανθάνω, ἦ δ' ὅς.

ἀλλ' ὧδε, ἦν δ' ἐγώ. εἰ τίς σου ξανθὰς οὔσας τὰς τρίχας ψιμυθίῳ ἀλείψειεν, πότερον τότε λευκαὶ εἶεν ἢ φαίνονται ἄν;

φαίνονται ἄν, ἦ δ' ὅς.

καὶ μὴν παρεῖη γ' ἂν αὐταῖς λευκότης.

ναί.

ἀλλ' ὅμως οὐδέν τι μᾶλλον ἂν εἶεν λευκαὶ πῶ, ἀλλὰ παρούσης λευκότητος οὔτε τι λευκαὶ οὔτε μέλαιναί εἰσιν.

ἀληθῆ.

ἀλλ' ὅταν δὴ, ὦ φίλε, τὸ γῆρας αὐταῖς ταῦτόν τοῦτο χρῶμα ἐπαγάγη, τότε ἐγένοντο οἷόνπερ τὸ παρόν, λευκοῦ παρουσία [217e] λευκαί.

πῶς γὰρ οὐ;

τοῦτο τοίνυν ἐρωτῶ νῦν δὴ, εἰ ᾧ ἂν τι παρῇ, τοιοῦτον ἔσται τὸ ἔχον οἶον τὸ παρόν: ἢ ἐὰν μὲν κατὰ τινα τρόπον παρῇ, ἔσται, ἐὰν δὲ μή, οὐ;

οὕτω μᾶλλον, ἔφη.

καὶ τὸ μήτε κακὸν ἄρα μήτ' ἀγαθὸν ἐνίοτε κακοῦ παρόντος οὐπω κακὸν ἐστίν, ἔστιν δ' ὅτε ἤδη τὸ τοιοῦτον γέγονεν.

πάνυ γε.

οὐκοῦν ὅταν μήπω κακὸν ᾗ κακοῦ παρόντος, αὕτη μὲν ἡ παρουσία ἀγαθοῦ αὐτὸ ποιεῖ ἐπιθυμεῖν: ἢ δὲ κακὸν ποιούσα ἀποστερεῖ αὐτὸ τῆς τε ἐπιθυμίας ἅμα καὶ τῆς φιλίας τοῦ ἀγαθοῦ. οὐ γὰρ ἔτι ἐστίν [218a] οὔτε κακὸν οὔτε ἀγαθόν, ἀλλὰ κακόν: φίλον δὲ ἀγαθῷ κακὸν οὐκ ἔν.

οὐ γὰρ οὖν.

διὰ ταῦτα δὴ φαῖμεν ἂν καὶ τοὺς ἤδη σοφοὺς μηκέτι φιλοσοφεῖν, εἴτε θεοὶ εἴτε ἄνθρωποι εἰσιν οὗτοι: οὐδ' αὖ ἐκείνους φιλοσοφεῖν τοὺς οὕτως ἄγνοιαν ἔχοντας ὥστε κακοὺς εἶναι: κακὸν γὰρ καὶ ἀμαθῇ οὐδένα φιλοσοφεῖν. λείπονται δὴ οἱ ἔχοντες μὲν τὸ κακὸν τοῦτο, τὴν ἄγνοιαν, μήπω δὲ ὑπ' αὐτοῦ ὄντες ἀγνώμονες μηδὲ [218b] ἀμαθεῖς, ἀλλ' ἔτι ἡγούμενοι μὴ εἰδέναι ἢ μὴ ἴσασιν. διὸ δὴ καὶ φιλοσοφοῦσιν οἱ οὔτε ἀγαθοὶ οὔτε κακοὶ πῶ ὄντες, ὅσοι δὲ κακοὶ οὐ φιλοσοφοῦσιν, οὐδὲ οἱ ἀγαθοί: οὔτε γὰρ τὸ ἐναντίον τοῦ ἐναντίου οὔτε τὸ ὅμοιον τοῦ ὁμοίου φίλον ἡμῖν ἐφάνη ἐν τοῖς ἔμπροσθεν λόγοις. ἢ οὐ μέμνησθε;

πάνυ γε, ἐφάτην.

νῦν ἄρα, ἦν δ' ἐγώ, ὦ Λύσι τε καὶ Μενέξενε, παντὸς μᾶλλον ἐξηυρήκαμεν ὃ ἔστιν τὸ φίλον καὶ οὐ. φαμέν γὰρ αὐτό, καὶ κατὰ τὴν ψυχὴν καὶ κατὰ τὸ [218c] σῶμα καὶ πανταχοῦ, τὸ μήτε κακὸν μήτε ἀγαθὸν διὰ κακοῦ παρουσίαν τοῦ ἀγαθοῦ φίλον εἶναι.

παντάπασις ἐφάτην τε καὶ συνεχωρεῖτην οὕτω τοῦτ' ἔχειν.

καὶ δὴ καὶ αὐτὸς ἐγὼ πάνυ ἔχαιρον, ὥσπερ θηρευτῆς τις, ἔχων ἀγαπητῶς ὁ ἐθηρευόμεν. κᾶπεται· οὐκ οἶδ' ὀπόθεν μοι ἀτοπωτάτη τις ὑποψία εἰσηλθεν ὥς οὐκ ἀληθῆ εἶη τὰ ὁμολογημένα ἡμῖν, καὶ εὐθὺς ἀχθεσθεῖς εἶπον· βαβαῖ, ὦ Λύσι τε καὶ Μενέξενε, κινδυνεύομεν ὄναρ πεπλουτηκέναι. [218d]

τί μάλιστα; ἔφη ὁ Μενέξενος.

φοβοῦμαι, ἦν δ' ἐγώ, μὴ ὥσπερ ἀνθρώποις ἀλαζόσιν λόγοις τισὶν τοιούτοις [ψευδέσιν] ἐντετυχήκαμεν περὶ τοῦ φίλου.

πῶς δὴ; ἔφη.

ὦδε, ἦν δ' ἐγώ, σκοπῶμεν· φίλος ὃς ἂν εἶη, πότερόν ἐστίν τῳ φίλος ἢ οὐ;

ἀνάγκη, ἔφη.

πότερον οὖν οὐδενὸς ἔνεκα καὶ δι' οὐδέν, ἢ ἔνεκά του καὶ διὰ τι;

ἔνεκά του καὶ διὰ τι.

πότερον φίλου ὄντος ἐκείνου τοῦ πράγματος, οὗ ἔνεκα φίλος ὁ φίλος τῷ φίλῳ, ἢ οὔτε φίλου οὔτε ἐχθροῦ; [218e]

οὐ πάνυ, ἔφη, ἔπομαι.

εἰκότως γε, ἦν δ' ἐγώ· ἀλλ' ὦδε ἴσως ἀκολουθήσεις, οἶμαι δὲ καὶ ἐγὼ μᾶλλον εἴσομαι ὅτι λέγω. ὁ κάμνων, νυνδὴ ἔφαμεν, τοῦ ἱατροῦ φίλος· οὐχ οὕτως;

ναί.

οὐκοῦν διὰ νόσον ἔνεκα ὑγείας τοῦ ἱατροῦ φίλος;

ναί.

ἢ δέ γε νόσος κακόν;

πῶς δ' οὐ;

τί δὲ ὑγεία; ἦν δ' ἐγώ· ἀγαθὸν ἢ κακὸν ἢ οὐδέτερα;

ἀγαθόν, [219a] ἔφη.

ἐλέγομεν δ' ἄρα, ὡς ἔοικεν, ὅτι τὸ σῶμα, οὔτε ἀγαθὸν οὔτε κακὸν <ὄν>, διὰ τὴν νόσον, τοῦτο δὲ διὰ τὸ κακόν, τῆς ἰατρικῆς φίλον ἐστίν, ἀγαθὸν δὲ ἰατρική: ἔνεκα δὲ τῆς ὑγιείας τὴν φιλίαν ἢ ἰατρικὴ ἀνήρηται, ἢ δὲ ὑγίεια ἀγαθόν. ἢ γάρ;

ναί.

φίλον δὲ ἢ οὐ φίλον ἢ ὑγίεια;

φίλον.

ἢ δὲ νόσος ἐχθρόν.

πάνυ γε.

τὸ οὔτε κακὸν οὔτε [219b] ἀγαθὸν ἄρα διὰ τὸ κακὸν καὶ τὸ ἐχθρόν τοῦ ἀγαθοῦ φίλον ἐστίν ἔνεκα τοῦ ἀγαθοῦ καὶ φίλου.

φαίνεται.

ἔνεκα ἄρα τοῦ φίλου <τοῦ φίλου> τὸ φίλον φίλον διὰ τὸ ἐχθρόν.

ἔοικεν.

εἶεν, ἦν δ' ἐγώ. ἐπειδὴ ἐνταῦθα ἤκομεν, ὧ παῖδες, πρόσσχωμεν τὸν νοῦν μὴ ἐξαπατηθῶμεν. ὅτι μὲν γὰρ φίλον τοῦ φίλου τὸ φίλον γέγονεν, ἐῷ χαίρειν, καὶ τοῦ ὁμοίου γε τὸ ὅμοιον φίλον γίγνεται, ὃ φάμεν ἀδύνατον εἶναι: ἀλλ' ὅμως τόδε σκεψώμεθα, μὴ ἡμᾶς ἐξαπατήσῃ τὸ νῦν λεγόμενον. [219c] ἢ ἰατρική, φάμεν, ἔνεκα τῆς ὑγιείας φίλον.

ναί.

οὐκοῦν καὶ ἢ ὑγίεια φίλον;

πάνυ γε.

εἰ ἄρα φίλον, ἔνεκά του.

ναί.

φίλου γέ τινος δῆ, εἴπερ ἀκολουθήσει τῇ πρόσθεν ὁμολογίᾳ.

πάνυ γε.

οὐκοῦν καὶ ἐκεῖνο φίλον αὖ ἔσται ἔνεκα φίλου;

ναί.

ἄρ' οὖν οὐκ ἀνάγκη ἀπειπεῖν ἡμᾶς οὕτως ἰόντας ἢ ἀφικέσθαι ἐπὶ τινα ἀρχήν, ἢ οὐκέτ' ἐπανοίσει ἐπ' ἄλλο φίλον, ἀλλ' ἥξει ἐπ' ἐκεῖνο ὃ ἐστιν [219d] πρῶτον φίλον, οὗ ἔνεκα καὶ τὰ ἄλλα φαιμέν πάντα φίλα εἶναι;

ἀνάγκη.

τοῦτο δῆ ἐστιν ὃ λέγω, μὴ ἡμᾶς τᾶλλα πάντα ἃ εἵπομεν ἐκείνου ἔνεκα φίλα εἶναι, ὥσπερ εἶδωλα ἅττα ὄντα αὐτοῦ, ἐξαπατᾷ, ἢ δ' ἐκεῖνο τὸ πρῶτον, ὃ ὡς ἀληθῶς ἐστὶ φίλον. ἐννοήσωμεν γὰρ οὕτωςί: ὅταν τίς τι περὶ πολλοῦ ποιῇται, οἷόνπερ ἐνίστε πατήρ ὑδὸν ἀντὶ πάντων τῶν ἄλλων χρημάτων προτιμᾷ, ὃ δὲ τοιοῦτος ἔνεκα τοῦ τὸν [219e] ὑδὸν περὶ παντὸς ἡγεῖσθαι ἄρα καὶ ἄλλο τι ἂν περὶ πολλοῦ ποιοῖτο; οἷον εἰ αἰσθάνοιτο αὐτὸν κώνειον πεπωκότα, ἄρα περὶ πολλοῦ ποιοῖτ' ἂν οἶνον, εἴπερ τοῦτο ἡγοῖτο τὸν ὑδὸν σώσειν;

τί μήν; ἔφη.

οὐκοῦν καὶ τὸ ἀγγεῖον, ἐν ᾧ ὁ οἶνος ἐνεΐη;

πάνυ γε.

ἄρ' οὖν τότε οὐδὲν περὶ πλείονος ποιεῖται, κύλικα κεραμέαν ἢ τὸν ὑδὸν τὸν αὐτοῦ, οὐδὲ τρεῖς κοτύλας οἴνου ἢ τὸν ὕδνα; ἢ ὧδέ πως ἔχει: πᾶσα ἢ τοιαύτη σπουδὴ οὐκ ἐπὶ τούτοις ἐστὶν ἐσπουδασμένη, ἐπὶ τοῖς ἔνεκά του παρασκευαζομένοις, ἀλλ' ἐπ' ἐκεῖνο οὗ ἔνεκα πάντα τὰ [220a] τοιαῦτα παρασκευάζεται. οὐχ ὅτι πολλάκις λέγομεν ὡς περὶ πολλοῦ ποιούμεθα χρυσίον καὶ ἀργύριον: ἀλλὰ μὴ οὐδέν τι μᾶλλον οὕτω τό γε ἀληθὲς ἔχει, ἀλλ' ἐκεῖνό ἐστιν ὃ περὶ παντὸς ποιούμεθα, ὃ ἂν φανῇ ὄν, ὅτου ἔνεκα καὶ χρυσίον καὶ πάντα τὰ παρασκευαζόμενα παρασκευάζεται. ἄρ' οὕτως φήσομεν;

πάνυ γε.

οὐκοῦν καὶ περὶ τοῦ φίλου ὁ αὐτὸς λόγος; ὅσα γάρ φαμεν φίλα εἶναι ἡμῖν ἔνεκα φίλου [220b] τινὸς ἑτέρου, ῥήματι φαινόμεθα λέγοντες αὐτό: φίλον δὲ τῷ ὄντι κινδυνεύει ἐκεῖνο αὐτὸ εἶναι, εἰς ὃ πᾶσαι αὐται αἱ λεγόμεναι φιλίαι τελευτῶσιν.

κινδυνεύει οὕτως, ἔφη, ἔχειν.

οὐκοῦν τό γε τῷ ὄντι φίλον οὐ φίλου τινὸς ἔνεκα φίλον ἐστίν;

ἀληθῆ.

τοῦτο μὲν δὴ ἀπήλλακται, μὴ φίλου τινὸς ἔνεκα τὸ φίλον φίλον εἶναι: ἀλλ' ἄρα τὸ ἀγαθὸν ἐστὶν φίλον;

ἔμοιγε δοκεῖ.

ἄρ' οὖν διὰ τὸ κακὸν τὸ ἀγαθὸν φιλεῖται, [220c] καὶ ἔχει ὧδε: εἰ τριῶν ὄντων ὧν νυνδὴ ἐλέγομεν, ἀγαθοῦ καὶ κακοῦ καὶ μήτε ἀγαθοῦ μήτε κακοῦ, τὰ δύο λειφθεῖη, τὸ δὲ κακὸν ἐκποδὼν ἀπέλθοι καὶ μηδενὸς ἐφάπτοιο μήτε σώματος μήτε ψυχῆς μήτε τῶν ἄλλων, ἃ δὴ φαμεν αὐτὰ καθ' αὐτὰ οὔτε κακὰ εἶναι οὔτε ἀγαθὰ, ἄρα τότε οὐδὲν ἂν ἡμῖν χρήσιμον εἴη τὸ ἀγαθόν, ἀλλ' ἄχρηστον ἂν γεγονὸς εἴη; εἰ γὰρ μηδὲν ἡμᾶς ἔτι βλάπτοι, οὐδὲν ἂν οὐδεμιᾶς [220d] ὠφελίας δεοίμεθα, καὶ οὕτω δὴ ἂν τότε γένοιτο κατάδηλον ὅτι διὰ τὸ κακὸν τὰγαθὸν ἠγαπῶμεν καὶ ἐφιλοῦμεν, ὥς φάρμακον ὃν τοῦ κακοῦ τὸ ἀγαθόν, τὸ δὲ κακὸν νόσημα: νοσήματος δὲ μὴ ὄντος οὐδὲν δεῖ φαρμάκου. ἄρ' οὕτω πέφυκέν τε καὶ φιλεῖται τὰγαθὸν διὰ τὸ κακὸν ὑφ' ἡμῶν, τῶν μεταξὺ ὄντων τοῦ κακοῦ τε καὶ τὰγαθοῦ, αὐτὸ δ' ἑαυτοῦ ἔνεκα οὐδεμίαν χρεῖαν ἔχει; ἔοικεν, ἦ δ' ὅς, οὕτως ἔχειν.

τὸ ἄρα φίλον ἡμῖν ἐκεῖνο, εἰς ὃ ἐτελεύτα πάντα τὰ ἄλλα [220e] ἔνεκα ἑτέρου φίλου φίλα ἔφαμεν εἶναι ἐκεῖνα οὐδὲν [δὲ] τούτοις ἔοικεν. ταῦτα μὲν γὰρ φίλου ἔνεκα φίλα κέκληται, τὸ δὲ τῷ ὄντι φίλον πᾶν τούναντίον τούτου φαίνεται πεφυκός: φίλον γὰρ ἡμῖν ἀνεφάνη ὃν ἐχθροῦ ἔνεκα, εἰ δὲ τὸ ἐχθρὸν ἀπέλθοι, οὐκέτι, ὥς ἔοικ', ἔσθ' ἡμῖν φίλον.

οὐ μοι δοκεῖ, ἔφη, ὥς γε νῦν λέγεται.

πότερον, ἦν δ' ἐγώ, πρὸς Διός, ἐὰν τὸ κακὸν ἀπόληται, οὐδὲ πεινῆν

ἔτι ἔσται οὐδὲ [221a] διψῆν οὐδὲ ἄλλο οὐδὲν τῶν τοιούτων; ἢ πείνη μὲν ἔσται, ἐάνπερ ἄνθρωποί τε καὶ τᾶλλα ζῶα ἦ, οὐ μέντοι βλαβερά γε; καὶ δίψα δὴ καὶ αἱ ἄλλαι ἐπιθυμίαι, ἀλλ' οὐ κακαί, ἅτε τοῦ κακοῦ ἀπολωλότες; ἢ γελοῖον τὸ ἐρώτημα, ὅτι ποτ' ἔσται τότε ἢ μὴ ἔσται; τίς γὰρ οἶδεν; ἀλλ' οὖν τόδε γ' ἴσμεν, ὅτι καὶ νῦν ἔστιν πεινῶντα βλάπτεσθαι, ἔστιν δὲ καὶ ὠφελεῖσθαι. ἦ γάρ;

πάνυ γε.

οὐκοῦν καὶ διψῶντα καὶ [221b] τῶν ἄλλων τῶν τοιούτων πάντων ἐπιθυμοῦντα ἔστιν ἐνίοτε μὲν ὠφελίμως ἐπιθυμεῖν, ἐνίοτε δὲ βλαβερώς, ἐνίοτε δὲ μηδέτερα;

σφόδρα γε.

οὐκοῦν ἐὰν ἀπολλύηται τὰ κακά, ἅ γε μὴ τυγχάνει ὄντα κακά, τί προσήκει τοῖς κακοῖς συναπόλλυσθαι;

οὐδέν.

ἔσονται ἄρα αἱ μήτε ἀγαθαὶ μήτε κακαὶ ἐπιθυμίαι καὶ ἐὰν ἀπόληται τὰ κακά.

φαίνεται.

οἷόν τε οὖν ἔστιν ἐπιθυμοῦντα καὶ ἐρῶντα τούτου οὗ ἐπιθυμεῖ καὶ ἐρᾷ μὴ φιλεῖν;

οὐκ ἔμοιγε δοκεῖ.

ἔσται ἄρα [221c] καὶ τῶν κακῶν ἀπολομένων, ὥς ἔοικεν, φίλ' ἅττα.

ναί.

οὐκ ἂν, εἴ γε τὸ κακὸν αἴτιον ἦν τοῦ φίλον τι εἶναι, οὐκ ἂν ἦν τούτου ἀπολομένου φίλον ἕτερον ἐτέρῳ. αἰτίας γὰρ ἀπολομένης ἀδύνατόν που ἦν ἔτ' ἐκεῖνο εἶναι, οὗ ἦν αὕτη ἡ αἰτία.

ὀρθῶς λέγεις.

οὐκοῦν ὠμολόγηται ἡμῖν τὸ φίλον φιλεῖν τι καὶ διὰ τι: καὶ φήθημεν τότε γε διὰ τὸ κακὸν τὸ μήτε ἀγαθὸν μήτε κακὸν τὸ ἀγαθὸν φιλεῖν;

ἀληθῆ.

[221d] νῦν δέ γε, ὡς ἔοικε, φαίνεται ἄλλη τις αἰτία τοῦ φιλεῖν τε καὶ φιλεῖσθαι.

ἔοικεν.

ἄρ' οὖν τῷ ὄντι, ὥσπερ ἄρτι ἐλέγομεν, ἡ ἐπιθυμία τῆς φιλίας αἰτία, καὶ τὸ ἐπιθυμοῦν φίλον ἐστὶν τούτῳ οὗ ἐπιθυμεῖ καὶ τότε ὅταν ἐπιθυμῇ, ὃ δὲ τὸ πρότερον ἐλέγομεν φίλον εἶναι, ὕθλος τις ἦν, ὥσπερ ποίημα μακρὸν συγκεείμενον;

κινδυνεύει, ἔφη.

ἀλλὰ μέντοι, ἦν δ' ἐγώ, τό γε ἐπιθυμοῦν, οὗ ἂν ἐνδεὲς ᾖ, τούτου [221e] ἐπιθυμεῖ. ἦ γάρ;

ναί.

τὸ δ' ἐνδεὲς ἄρα φίλον ἐκείνου οὗ ἂν ἐνδεὲς ᾖ;

δοκεῖ μοι.

ἐνδεὲς δὲ γίγνεται οὗ ἂν τι ἀφαιρῇται.

πῶς δ' οὗ;

τοῦ οἰκείου δῆ, ὡς ἔοικεν, ὃ τε ἔρως καὶ ἡ φιλία καὶ ἡ ἐπιθυμία τυγχάνει οὕσα, ὡς φαίνεται, ὧ Μενέξενέ τε καὶ Λύσι.

συνεφάτην.

ὅμεις ἄρα εἰ φίλοι ἐστὸν ἀλλήλοις, φύσει πῃ οἰκεῖοί ἐσθ' ὅμιν αὐτοῖς.

κομιδῇ, ἐφάτην.

καὶ εἰ ἄρα τις ἕτερος ἐτέρου ἐπιθυμεῖ, ἦν δ' ἐγώ, [222a] ὧ παῖδες, ἡ ἐρᾶ, οὐκ ἂν ποτε ἐπεθύμει οὐδὲ ἦρα οὐδὲ ἐφίλει, εἰ μὴ οἰκεῖός πῃ τῷ ἐρωμένῳ ἐτύγχανεν ὦν ἡ κατὰ τὴν ψυχὴν ἡ κατὰ τι τῆς ψυχῆς ἡθὸς ἡ τρόπους ἡ εἶδος.

πάνυ γε, ἔφη ὁ Μενέξενος: ὁ δὲ Λύσις ἐσίγησεν.

εἶεν, ἦν δ' ἐγώ. τὸ μὲν δὴ φύσει οἰκεῖον ἀναγκαῖον ἡμῖν πέφανται φιλεῖν.

ἔοικεν, ἔφη.

ἀναγκαῖον ἄρα τῷ γνησίῳ ἐραστῇ καὶ μὴ προσποιήτῳ φιλεῖσθαι ὑπὸ τῶν παιδικῶν. [222b] ὁ μὲν οὖν Λύσις καὶ ὁ Μενέξενος μόγις πως ἐπενευσάτην, ὁ δὲ Ἱπποθάλης ὑπὸ τῆς ἡδονῆς παντοδαπὰ ἠφίει χρώματα.

καὶ ἐγὼ εἶπον, βουλόμενος τὸν λόγον ἐπισκέψασθαι, εἰ μὲν τι τὸ οἰκεῖον τοῦ ὁμοίου διαφέρει, λέγοιμεν ἂν τι, ὥς ἐμοὶ δοκεῖ, ὃ Λύσις τε καὶ Μενέξενος, περὶ φίλου, ὃ ἔστιν: εἰ δὲ ταῦτόν τι τυγχάνει ὄν ὁμοίον τε καὶ οἰκεῖον, οὐ ῥάδιον ἀποβαλεῖν τὸν πρόσθεν λόγον, ὥς οὐ τὸ ὅμοιον τῷ ὁμοίῳ κατὰ τὴν ὁμοιότητα ἄχρηστον: τὸ δὲ ἄχρηστον φίλον [222c] ὁμολογεῖν πλημμελές. βούλεσθ' οὖν, ἦν δ' ἐγώ, ἐπειδὴ ὥσπερ μεθύομεν ὑπὸ τοῦ λόγου, συγχωρήσωμεν καὶ φῶμεν ἕτερόν τι εἶναι τὸ οἰκεῖον τοῦ ὁμοίου; πάνυ γε.

πότερον οὖν καὶ τὰγαθὸν οἰκεῖον θήσομεν παντί, τὸ δὲ κακὸν ἀλλότριον εἶναι; ἢ τὸ μὲν κακὸν τῷ κακῷ οἰκεῖον, τῷ δὲ ἀγαθῷ τὸ ἀγαθόν, τῷ δὲ μήτε ἀγαθῷ μήτε κακῷ τὸ μήτε ἀγαθὸν μήτε κακόν;

οὕτως ἐφάτην δοκεῖν σφίσιν ἕκαστον ἐκάστῳ [222d] οἰκεῖον εἶναι.

πάλιν ἄρα, ἦν δ' ἐγώ, ὃ παῖδες, οὐς τὸ πρῶτον λόγους ἀπεβαλόμεθα περὶ φιλίας, εἰς τούτους εἰσπεπτώκαμεν: ὁ γὰρ ἄδικος τῷ ἀδίκῳ καὶ ὁ κακὸς τῷ κακῷ οὐδὲν ἦττον φίλος ἔσται ἢ ὁ ἀγαθὸς τῷ ἀγαθῷ.

ἔοικεν, ἔφη.

τί δέ; τὸ ἀγαθὸν καὶ τὸ οἰκεῖον ἂν ταῦτόν φῶμεν εἶναι, ἄλλο τι ἢ ὁ ἀγαθὸς τῷ ἀγαθῷ μόνον φίλος;

πάνυ γε.

ἀλλὰ μὴν καὶ τοῦτό γε φόμεθα ἐξελέγξαι ἡμᾶς αὐτούς: ἢ οὐ μέμνησθε;

μεμνήμεθα. [222e]

τί οὖν ἂν ἔτι χρῆσάιμεθα τῷ λόγῳ; ἢ δῆλον ὅτι οὐδέν; δέομαι οὖν, ὥσπερ οἱ σοφοὶ ἐν τοῖς δικαστηρίοις, τὰ εἰρημένα ἅπαντα ἀναπεμπάσασθαι. εἰ γὰρ μήτε οἱ φιλούμενοι μήτε οἱ φιλοῦντες μήτε οἱ ὅμοιοι μήτε οἱ ἀνόμοιοι μήτε οἱ ἀγαθοὶ μήτε οἱ οἰκεῖοι μήτε τὰ ἄλλα ὅσα διεληλύθαμεν οὐ γὰρ ἔγωγε ἔτι μέμνημαι ὑπὸ τοῦ πλήθους ἀλλ' εἰ μηδὲν τούτων φίλον ἐστίν, ἐγὼ μὲν οὐκέτι ἔχω τί λέγω. [223a]

ταῦτα δ' εἰπὼν ἐν νῷ εἶχον ἄλλον ἤδη τινὰ τῶν πρεσβυτέρων κινεῖν: κᾶτα, ὥσπερ δαίμονες τινες, προσελθόντες οἱ παιδαγωγοί, ὃ τε τοῦ Μενεξένου καὶ ὁ τοῦ Λύσιδος, ἔχοντες αὐτῶν τοὺς ἀδελφούς, παρεκάλουν καὶ ἐκέλευον αὐτοὺς οἴκαδ' ἀπιέναι: ἤδη γὰρ ἦν ὀψέ. τὸ μὲν οὖν πρῶτον καὶ ἡμεῖς καὶ οἱ περιεστῶτες αὐτοὺς ἀπηλαύνομεν: ἐπειδὴ δὲ οὐδὲν ἐφρόντιζον ἡμῶν, ἀλλ' ὑποβαρβαρίζοντες ἡγανάκτουν τε καὶ [223b] οὐδὲν ἤττον ἐκάλουν, ἀλλ' ἐδόκουν ἡμῖν ὑποπεπωκότες ἐν τοῖς Ἑρμαίοις ἄποροι εἶναι προσφέρεσθαι, ἡττηθέντες οὖν αὐτῶν διελύσαμεν τὴν συνουσίαν. ὅμως δ' ἔγωγε ἤδη ἀπιόντων αὐτῶν, νῦν μὲν, ἦν δ' ἐγώ, ὧ Λύσι τε καὶ Μενέξενε, καταγέλαστοι γεγόναμεν ἐγώ τε, γέρων ἀνὴρ, καὶ ὑμεῖς. ἐροῦσι γὰρ οἶδε ἀπιόντες ὡς οἴόμεθα ἡμεῖς ἀλλήλων φίλοι εἶναι καὶ ἐμὲ γὰρ ἐν ὑμῖν τίθημι οὕτω δὲ ὅτι ἔστιν ὁ φίλος οἰοί τε ἐγενόμεθα ἐξευρεῖν.

ΙΟΝ

1.

Σ ω κ ρ ά τ η ς

[530a] τὸν Ἴωνα χαίρειν. πόθεν τὰ νῦν ἡμῖν ἐπιδεδήμηκας; ἢ οἴκοθεν ἐξ Ἐφέσου;

Ἴ ω ν

οὐδαμῶς, ὦ Σώκρατες, ἀλλ' ἐξ Ἐπιδάουρου ἐκ τῶν Ἀσκληπιείων.

Σ ω κ ρ ά τ η ς

μῶν καὶ ῥαψωιδῶν ἀγῶνα τιθέασιν τῷ θεῷ οἱ Ἐπιδάουριοι;

Ἴ ω ν

πάνυ γε, καὶ τῆς ἄλλης γε μουσικῆς.

Σ ω κ ρ ά τ η ς

τί οὖν; ἡγωνίζου τι ἡμῖν; καὶ πῶς τι ἡγωνίσω;

Ἴ ω ν

τὰ πρῶτα τῶν ἄθλων ἡνεγκάμεθα, [530b] ὦ Σώκρατες.

Σ ω κ ρ ά τ η ς

εὖ λέγεις· ἄγε δὴ ὅπως καὶ τὰ Παναθήναια νικήσομεν.

Ἴ ω ν

ἀλλ' ἔσται ταῦτα, ἐὰν θεὸς ἐθέλῃ.

Σ ω κ ρ ά τ η ς

καὶ μὴν πολλάκις γε ἐζήλωσα ὑμᾶς τοὺς ῥαψωιδούς, ὦ Ἴων, τῆς τέχνης· τὸ γὰρ ἅμα μὲν τὸ σῶμα κεκοσμησθαι ἀεὶ πρέπον ὑμῶν εἶναι τῇ τέχνῃ καὶ ὡς καλλίστοις φαίνεσθαι, ἅμα δὲ ἀναγκαῖον εἶναι ἔν τε ἄλλοις ποιηταῖς διατρίβειν πολλοῖς καὶ ἀγαθοῖς καὶ δὴ καὶ μάλιστα ἐν Ὀμήρῳ, τῷ ἀρίστῳ καὶ θειοτάτῳ τῶν ποιητῶν, καὶ τὴν τούτου διάνοιαν ἐκμανθάνειν, [530c] μὴ μόνον τὰ ἔπη, ζηλωτόν ἐστιν. οὐ γὰρ ἂν γένοιτό ποτε ἀγαθὸς ῥαψωιδός, εἰ μὴ συνείῃ τὰ λεγόμενα ὑπὸ

τοῦ ποιητοῦ. τὸν γὰρ ῥαψωιδὸν ἐρμηνεῖα δεῖ τοῦ ποιητοῦ τῆς
διανοίας γίνεσθαι τοῖς ἀκούουσι· τοῦτο δὲ καλῶς ποιεῖν μὴ
γινώσκοντα ὅτι λέγει ὁ ποιητῆς ἀδύνατον. ταῦτα οὖν πάντα ἄξια
ζηλοῦσθαι.

2.

Ἴ ω ν

ἀληθῆ λέγεις, ὦ Σώκρατες· ἐμοὶ γοῦν τοῦτο πλεῖστον ἔργον
παρέσχεν τῆς τέχνης, καὶ οἶμαι κάλλιστα ἀνθρώπων λέγειν περὶ
Ὅμηρου, ὥς οὔτε Μητρόδωρος ὁ Λαμψακηνὸς οὔτε [530d]
Στησίμβροτος ὁ Θάσιος οὔτε Γλαύκων οὔτε ἄλλος οὐδεὶς τῶν
πώποτε γενομένων ἔσχεν εἰπεῖν οὕτω πολλὰς καὶ καλὰς διανοίας
περὶ Ὅμηρου ὅσας ἐγώ.

Σ ω κ ρ ά τ η ς

εὖ λέγεις, ὦ Ἴων· δηλὸν γὰρ ὅτι οὐ φθονήσεις μοι ἐπιδεῖξαι.

Ἴ ω ν

καὶ μὴν ἄξιόν γε ἀκοῦσαι, ὦ Σώκρατες, ὥς εὖ κεκόσμηκα τὸν
Ὅμηρον· ὥστε οἶμαι ὑπὸ Ὀμηριδῶν ἄξιος εἶναι χρυσῶι στεφάνῳ
στεφανωθῆναι.

Σ ω κ ρ ά τ η ς

καὶ μὴν ἐγὼ ἔτι ποιήσομαι σχολὴν ἀκροάσασθαί [531a] σου, νῦν δέ
μοι τοσόνδε ἀποκρίναι· πότερον περὶ Ὅμηρου μόνον δεινὸς εἶ ἢ καὶ
περὶ Ἡσιόδου καὶ Ἀρχιλόχου;

Ἴ ω ν

οὐδαμῶς, ἀλλὰ περὶ Ὅμηρου μόνον· ἱκανὸν γάρ μοι δοκεῖ εἶναι.

Σ ω κ ρ ά τ η ς

ἔστι δὲ περὶ ὅτου Ὅμηρός τε καὶ Ἡσίοδος ταῦτα λέγετον;

Ἴ ω ν

οἶμαι ἔγωγε καὶ πολλὰ.

Σ ω κ ρ ά τ η ς

πότερον οὖν περὶ τούτων κάλλιον ἂν ἐξηγήσαιο ἃ Ὅμηρος λέγει ἢ ἃ Ἡσίοδος;

Ἰω ν

ὁμοίως ἂν περὶ γε τούτων, ὦ [531b] Σώκρατες, περὶ ὧν ταῦτά λέγουσιν.

Σωκράτης

τί δὲ ὧν πέρι μὴ ταῦτά λέγουσιν; οἷον περὶ μαντικῆς λέγει τι Ὅμηρός τε καὶ Ἡσίοδος.

Ἰω ν

πάνυ γε.

Σωκράτης

τί οὖν; ὅσα τε ὁμοίως καὶ ὅσα διαφόρως περὶ μαντικῆς λέγετον τὸ ποιητὰ τούτω, πότερον σὺ κάλλιον ἂν ἐξηγήσαιο ἢ τῶν μάντεών τις τῶν ἀγαθῶν;

Ἰω ν

τῶν μάντεων.

Σωκράτης

εἰ δὲ σὺ ἦσθα μάντις, οὐκ, εἴπερ περὶ τῶν ὁμοίως λεγομένων οἷός τ' ἦσθα ἐξηγήσασθαι, καὶ περὶ τῶν διαφόρως λεγομένων ἠπίστω ἂν ἐξηγεῖσθαι;

Ἰω ν

δῆλον ὅτι.

Σωκράτης

τί οὖν ποτε [531c] περὶ μὲν Ὀμήρου δεινὸς εἶ, περὶ δὲ Ἡσιόδου οὐ, οὐδὲ τῶν ἄλλων ποιητῶν; ἢ Ὅμηρος περὶ ἄλλων τινῶν λέγει ἢ ὧν περ σύμπαντες οἱ ἄλλοι ποιηταί; οὐ περὶ πολέμου τε τὰ πολλὰ διελέλυθεν καὶ περὶ ὁμιλιῶν πρὸς ἀλλήλους ἀνθρώπων ἀγαθῶν τε καὶ κακῶν καὶ ἰδιωτῶν καὶ δημιουργῶν, καὶ περὶ θεῶν πρὸς ἀλλήλους καὶ πρὸς ἀνθρώπους ὁμιλούντων, ὥς ὁμιλοῦσι, καὶ περὶ

τῶν οὐρανίων παθημάτων καὶ περὶ τῶν ἐν Ἄιδου, καὶ γενέσεις καὶ
θεῶν καὶ ἡρώων; οὐ ταῦτά ἐστι περὶ [531d] ὧν Ὅμηρος τὴν ποίησιν
πεποίηκεν;

Ἰω ν
ἀληθῆ λέγεις, ὦ Σώκρατες.

3.
Σωκράτης
τί δὲ οἱ ἄλλοι ποιηταί; οὐ περὶ τῶν αὐτῶν τούτων;

Ἰω ν
ναί, ἀλλ', ὦ Σώκρατες, οὐχ ὁμοίως πεποιήκασι καὶ Ὅμηρος.

Σωκράτης
τί μήν; κάκιον;

Ἰω ν
πολύ γε.

Σωκράτης
Ὅμηρος δὲ ἄμεινον;

Ἰω ν
ἄμεινον μέντοι νῆ Δία.

Σωκράτης
οὐκοῦν, ὦ φίλη κεφαλὴ Ἰων, ὅταν περὶ ἀριθμοῦ πολλῶν λεγόντων
εἷς τις ἄριστα λέγηι, γνώσεται δήπου τις τὸν εὖ λέγοντα;

Ἰω ν
[531e] φημί.

Σωκράτης
πότερον οὖν ὁ αὐτὸς ὅσπερ καὶ τοὺς κακῶς λέγοντας, ἢ ἄλλος;

Ἰω ν

ὁ αὐτὸς δῆπου.

Σ ω κ ρ ά τ η ς

οὐκοῦν ὁ τὴν ἀριθμητικὴν τέχνην ἔχων οὗτός ἐστιν;

Ἰ ω ν

ναί.

Σ ω κ ρ ά τ η ς

τί δ'; ὅταν πολλῶν λεγόντων περὶ ὑγιεινῶν σιτίων ὅποιά ἐστιν, εἷς τις ἄριστα λέγῃ, πότερον ἕτερος μὲν τις τὸν ἄριστα λέγοντα γινώσεται ὅτι ἄριστα λέγει, ἕτερος δὲ τὸν κάκιον ὅτι κάκιον, ἢ ὁ αὐτός;

Ἰ ω ν

δῆλον δῆπου, ὁ αὐτός.

Σ ω κ ρ ά τ η ς

τίς οὗτος; τί ὄνομα αὐτῷ;

Ἰ ω ν

ιατρός.

Σ ω κ ρ ά τ η ς

οὐκοῦν ἐν κεφαλαίῳ λέγομεν ὡς ὁ αὐτὸς γινώσεται ἀεὶ, περὶ τῶν αὐτῶν πολλῶν λεγόντων, ὅστις τε εὖ λέγει καὶ [532a] ὅστις κακῶς· ἢ εἰ μὴ γινώσεται τὸν κακῶς λέγοντα, δῆλον ὅτι οὐδὲ τὸν εὖ, περὶ γε τοῦ αὐτοῦ.

Ἰ ω ν

οὕτως.

Σ ω κ ρ ά τ η ς

οὐκοῦν ὁ αὐτὸς γίγνεται δεινὸς περὶ ἀμφοτέρων;

Ἰ ω ν

ναί.

Σωκράτης

οὐκοῦν σὺ φῆις καὶ Ὅμηρον καὶ τοὺς ἄλλους ποιητάς, ἐν οἷς καὶ Ἡσίοδος καὶ Ἀρχίλοχος ἐστίν, περὶ γε τῶν αὐτῶν λέγειν, ἀλλ' οὐχ ὁμοίως, ἀλλὰ τὸν μὲν εὖ γε, τοὺς δὲ χεῖρον;

Ἴων

καὶ ἀληθῆ λέγω.

Σωκράτης

οὐκοῦν, εἴπερ τὸν εὖ λέγοντα γινώσκεις, καὶ τοὺς χεῖρον λέγοντας [532b] γινώσκεις ἂν ὅτι χεῖρον λέγουσιν.

Ἴων

ἔοικέν γε.

Σωκράτης

οὐκοῦν, ὃ βέλτιστε, ὁμοίως τὸν Ἴωνα λέγοντες περὶ Ὀμήρου τε δεινὸν εἶναι καὶ περὶ τῶν ἄλλων ποιητῶν οὐχ ἁμαρτησόμεθα, ἐπειδὴ γε αὐτὸς ὁμολογῇ τὸν αὐτὸν ἔσεσθαι κριτὴν ἱκανὸν πάντων ὅσοι ἂν περὶ τῶν αὐτῶν λέγωσι, τοὺς δὲ ποιητάς σχεδὸν ἅπαντας τὰ αὐτὰ ποιεῖν.

4.

Ἴων

τί οὖν ποτε τὸ αἴτιον, ὃ Σώκρατες, ὅτι ἐγώ, ὅταν μὲν τις περὶ ἄλλου τοῦ ποιητοῦ διαλέγεται, οὔτε προσέχω τὸν νοῦν [532c] ἀδυνατῶ τε καὶ ὅτιοῦν συμβαλέσθαι λόγου ἄξιον, ἀλλ' ἀτεχνῶς νυστάζω, ἐπειδὴν δέ τις περὶ Ὀμήρου μνησθῇ, εὐθύς τε ἐγρήγορα καὶ προσέχω τὸν νοῦν καὶ εὐπορῶ ὅτι λέγω;

Σωκράτης

οὐ χαλεπὸν τοῦτό γε εἰκάσαι, ὃ ἐταῖρε, ἀλλὰ παντὶ δῆλον ὅτι τέχνη καὶ ἐπιστήμη περὶ Ὀμήρου λέγειν ἀδύνατος εἶ· εἰ γὰρ τέχνη οἷός τε ἦσθα, καὶ περὶ τῶν ἄλλων ποιητῶν ἀπάντων λέγειν οἷός τ' ἂν ἦσθα· ποιητικὴ γάρ πού ἐστιν τὸ ὅλον. ἢ οὐ;

Ἴων

ναί.

Σ ω κ ρ ά τ η ς

[532d] οὐκοῦν ἐπειδὴν λάβῃ τις καὶ ἄλλην τέχνην ἡντινοῦν ὅλην, ὁ αὐτὸς τρόπος τῆς σκέψεως ἔσται περὶ ἀπασῶν τῶν τεχνῶν; πῶς τοῦτο λέγω, δέῃ τί μου ἀκοῦσαι, ὦ Ἴων;

Ἴ ω ν

ναὶ μὰ τὸν Δία, ὦ Σώκρατες, ἔγωγε· χαίρω γὰρ ἀκούων ὑμῶν τῶν σοφῶν.

Σ ω κ ρ ά τ η ς

βουλοίμην ἂν σε ἀληθῆ λέγειν, ὦ Ἴων· ἀλλὰ σοφοὶ μὲν ποὺ ἐστε ὑμεῖς οἱ ῥαψωιδοὶ καὶ ὑποκριταὶ καὶ ὧν ὑμεῖς αἰδετε τὰ ποιήματα, ἐγὼ δὲ οὐδὲν ἄλλο ἢ τάληθῆ λέγω, οἷον εἰκὸς [532e] ἰδιώτην ἀνθρωπον. ἐπεὶ καὶ περὶ τούτου οὗ νῦν ἡρόμην σε, θέασαι ὥς φαῦλον καὶ ἰδιωτικόν ἐστι καὶ παντὸς ἀνδρὸς γινῶναι ὃ ἔλεγον, τὴν αὐτὴν εἶναι σκέψιν, ἐπειδὴν τις ὅλην τέχνην λάβῃ. λάβωμεν γὰρ τῷ λόγῳ· γραφικὴ γάρ τίς ἐστι τέχνη τὸ ὅλον;

Ἴ ω ν

ναί.

Σ ω κ ρ ά τ η ς

οὐκοῦν καὶ γραφῆς πολλοὶ καὶ εἰσὶ καὶ γεγόνασιν ἀγαθοὶ καὶ φαῦλοι;

Ἴ ω ν

πάνυ γε.

Σ ω κ ρ ά τ η ς

ἥδη οὖν τινα εἶδες ὅστις περὶ μὲν Πολυγνώτου τοῦ Ἀγλαοφῶντος δεινὸς ἐστὶν ἀποφαίνειν ἃ εὖ τε γράφει καὶ ἃ μὴ, περὶ δὲ τῶν ἄλλων γραφέων ἀδύνατος; [533a] καὶ ἐπειδὴν μὲν τις τὰ τῶν ἄλλων ζωγράφων ἔργα ἐπιδεικνύῃ, νυστάζει τε καὶ ἀπορεῖ καὶ οὐκ ἔχει ὅτι συμβάλῃται, ἐπειδὴν δὲ περὶ Πολυγνώτου ἢ ἄλλου ὅτου βούλει τῶν γραφέων ἐνὸς μόνου δέῃ ἀποφύνασθαι γνώμην, ἐγγήγορέν τε καὶ προσέχει τὸν νοῦν καὶ εὐπορεῖ ὅτι εἴπη;

Ἴων

οὐ μὰ τὸν Δία, οὐ δῆτα.

Σωκράτης

τί δέ; ἐν ἀνδριαντοποιίαι ἤδη τιν' εἶδες ὅστις περὶ μὲν Δαιδάλου τοῦ Μητίονος ἢ Ἐπειοῦ τοῦ Πανοπέως ἢ Θεοδώρου τοῦ Σαμίου [533b] ἢ ἄλλου τινὸς ἀνδριαντοποιοῦ ἐνὸς πέρι δεινός ἐστιν ἐξηγεῖσθαι ἃ εὖ πεποίηκεν, ἐν δὲ τοῖς τῶν ἄλλων ἀνδριαντοποιῶν ἔργοις ἀπορεῖ τε καὶ νυστάζει, οὐκ ἔχων ὅτι εἴπη;

Ἴων

οὐ μὰ τὸν Δία, οὐδὲ τοῦτον ἐώρακα.

Σωκράτης

ἀλλὰ μήν, ὥς γ' ἐγὼ οἶμαι, οὐδ' ἐν αὐλήσει γε οὐδὲ ἐν κιθαρίσει οὐδὲ ἐν κιθαρωιδίαι οὐδὲ ἐν ῥαψωιδίαι οὐδεπώποτ' εἶδες ἄνδρα ὅστις περὶ μὲν Ὀλύμπου δεινός ἐστιν ἐξηγεῖσθαι ἢ περὶ Θαμύρου ἢ περὶ [533c] Ὀρφέως ἢ περὶ Φημίου τοῦ Ἰθακησίου ῥαψωιδοῦ, περὶ δὲ Ἴωνος τοῦ Ἐφεσίου ῥαψωιδοῦ ἀπορεῖ καὶ οὐκ ἔχει συμβαλέσθαι ἅ τε εὖ ῥαψωιδεῖ καὶ ἃ μή.

Ἴων

οὐκ ἔχω σοι περὶ τούτου ἀντιλέγειν, ὦ Σώκρατες· ἀλλ' ἐκεῖνο ἐμαυτῶι σύννοια, ὅτι περὶ Ὀμήρου κάλλιστ' ἀνθρώπων λέγω καὶ εὐπορῶ καὶ οἱ ἄλλοι πάντες μέ φασιν εὖ λέγειν, περὶ δὲ τῶν ἄλλων οὔ. καίτοι ὅρα τοῦτο τί ἔστιν.

5.

Σωκράτης

καὶ ὁρῶ, ὦ Ἴων, καὶ ἔρχομαί γέ σοι ἀποφανόμενος ὃ μοι δοκεῖ [533d] τοῦτο εἶναι. ἔστι γὰρ τοῦτο τέχνη μὲν οὐκ ὄν παρὰ σοὶ περὶ Ὀμήρου εὖ λέγειν, ὃ νυνδὴ ἔλεγον, θεία δὲ δύναμις ἢ σε κινεῖ, ὥσπερ ἐν τῇ λίθῳ ἦν Εὐριπίδης μὲν Μαγνητὶν ὠνόμασεν, οἱ δὲ πολλοὶ Ἡρακλείαν. καὶ γὰρ αὕτη ἡ λίθος οὐ μόνον αὐτοὺς τοὺς δακτυλίους ἄγει τοὺς σιδηροὺς, ἀλλὰ καὶ δύναμιν ἐντίθησι τοῖς δακτυλίοις ὥστ' αὐτὸ δύνασθαι ταῦτόν τοῦτο ποιεῖν ὅπερ ἡ λίθος, ἄλλους ἄγειν

δακτυλίους, [533e] ὥστ' ἐνίοτε ὀρμαθὸς μακρὸς πάνυ σιδηρίων καὶ δακτυλίων ἐξ ἀλλήλων ἥρτηται· πᾶσι δὲ τούτοις ἐξ ἐκείνης τῆς λίθου ἡ δύναμις ἀνήρτηται. οὕτω δὲ καὶ ἡ Μοῦσα ἐνθέους μὲν ποιεῖ αὐτή, διὰ δὲ τῶν ἐνθέων τούτων ἄλλων ἐνθουσιαζόντων ὀρμαθὸς ἐξαρτᾶται. πάντες γὰρ οἱ τε τῶν ἐπῶν ποιηταὶ οἱ ἀγαθοὶ οὐκ ἐκ τέχνης ἀλλ' ἐνθεοὶ ὄντες καὶ κατεχόμενοι πάντα ταῦτα τὰ καλὰ λέγουσι ποιήματα, καὶ οἱ μελοποιοὶ οἱ ἀγαθοὶ ὡσαύτως, ὥσπερ οἱ κορυβαντιῶντες [534a] οὐκ ἔμφρονες ὄντες ὀρχοῦνται, οὕτω καὶ οἱ μελοποιοὶ οὐκ ἔμφρονες ὄντες τὰ καλὰ μέλη ταῦτα ποιοῦσιν, ἀλλ' ἐπειδὴ ἐμβῶσιν εἰς τὴν ἀρμονίαν καὶ εἰς τὸν ρυθμόν, βακχεύουσι καὶ κατεχόμενοι, ὥσπερ αἱ βάκχαι ἀρύονται ἐκ τῶν ποταμῶν μέλι καὶ γάλα κατεχόμεναι, ἔμφρονες δὲ οὔσαι οὐ, καὶ τῶν μελοποιῶν ἡ ψυχὴ τοῦτο ἐργάζεται, ὅπερ αὐτοὶ λέγουσι. λέγουσι γὰρ δῆπουθεν πρὸς ἡμᾶς οἱ ποιηταὶ ὅτι ἀπὸ κρηνῶν μελιρρύτων ἐκ Μουσῶν κήπων [534b] τινῶν καὶ ναπῶν δρεπόμενοι τὰ μέλη ἡμῖν φέρουσιν ὥσπερ αἱ μέλιται, καὶ αὐτοὶ οὕτω πετόμενοι· καὶ ἀληθῆ λέγουσι. κοῦφον γὰρ χρῆμα ποιητῆς ἐστὶν καὶ πτηνὸν καὶ ἱερόν, καὶ οὐ πρότερον οἷός τε ποιεῖν πρὶν ἂν ἐνθεὸς τε γένηται καὶ ἔκφρων καὶ ὁ νοῦς μηκέτι ἐν αὐτῷ ἐνῇ· ἕως δ' ἂν τουτὶ ἔχη τὸ κτῆμα, ἀδύνατος πᾶς ποιεῖν ἄνθρωπός ἐστιν καὶ χρησμοιδεῖν. ἅτε οὖν οὐ τέχνηι ποιοῦντες καὶ πολλὰ λέγοντες καὶ καλὰ περὶ τῶν πραγμάτων, ὥσπερ σὺ περὶ Ὅμηρου, [534c] ἀλλὰ θεῖαι μοίραι, τοῦτο μόνον οἷός τε ἕκαστος ποιεῖν καλῶς ἐφ' ὃ ἡ Μοῦσα αὐτὸν ὥρμησεν, ὁ μὲν διθυράμβους, ὁ δὲ ἐγκώμια, ὁ δὲ ὑπορχήματα, ὁ δ' ἔπη, ὁ δ' ἰάμβους· τὰ δ' ἄλλα φαῦλος αὐτῶν ἕκαστός ἐστιν. οὐ γὰρ τέχνηι ταῦτα λέγουσιν ἀλλὰ θεῖαι δυνάμει, ἐπεὶ, εἰ περὶ ἐνὸς τέχνηι καλῶς ἠπίσταντο λέγειν, κἂν περὶ τῶν ἄλλων ἀπάντων· διὰ ταῦτα δὲ ὁ θεὸς ἐξαιρούμενος τούτων τὸν νοῦν τούτοις χρῆται ὑπηρέταις καὶ τοῖς χρησμοιδοῖς καὶ τοῖς μάντεσι τοῖς [534d] θείοις, ἵνα ἡμεῖς οἱ ἀκούοντες εἰδῶμεν ὅτι οὐχ οὐτοὶ εἰσιν οἱ ταῦτα λέγοντες οὕτω πολλοῦ ἄξια, οἷς νοῦς μὴ πάρεστιν, ἀλλ' ὁ θεὸς αὐτός ἐστιν ὁ λέγων, διὰ τούτων δὲ φθέγγεται πρὸς ἡμᾶς. μέγιστον δὲ τεκμήριον τῷ λόγῳ Τύννιχος ὁ Χαλκιδεύς, ὃς ἄλλο μὲν οὐδὲν πώποτε ἐποίησε ποίημα ὅτου τις ἂν ἀξιώσειεν μνησθῆναι, τὸν δὲ παῖωνα ὃν πάντες αἰδοῦσι, σχεδόν τι πάντων μελῶν κάλλιστον, ἀτεχνῶς, ὅπερ αὐτὸς λέγει, ἐν τούτῳ γὰρ [534e] δὴ μάλιστά μοι δοκεῖ ὁ θεὸς ἐνδείξασθαι ἡμῖν, ἵνα μὴ διστάζωμεν, ὅτι οὐκ ἀνθρώπινά ἐστιν τὰ καλὰ ταῦτα ποιήματα οὐδὲ ἀνθρώπων,

ἀλλὰ θεῖα καὶ θεῶν, οἱ δὲ ποιηταὶ οὐδὲν ἄλλ' ἢ ἑρμηνῆς εἰσιν τῶν θεῶν, κατεχόμενοι ἐξ ὅτου ἂν ἕκαστος κατέχηται. ταῦτα ἐνδεικνύμενος ὁ θεὸς ἐξεπίτηδες διὰ τοῦ φαυλοτάτου ποιητοῦ [535a] τὸ κάλλιστον μέλος ἤτισεν· ἢ οὐ δοκῶ σοι ἀληθῆ λέγειν, ὦ Ἴων;

Ἴων

ναὶ μὰ τὸν Δία, ἔμοιγε· ἅπτει γάρ πῶς μου τοῖς λόγοις τῆς ψυχῆς, ὦ Σώκρατες, καὶ μοι δοκοῦσι θεῖαι μοίραι ἡμῖν παρὰ τῶν θεῶν ταῦτα οἱ ἀγαθοὶ ποιηταὶ ἐρμηνεύειν.

6.

Σωκράτης

οὐκοῦν ὑμεῖς αὖ οἱ ῥαψωιδοὶ τὰ τῶν ποιητῶν ἐρμηνεύετε;

Ἴων

καὶ τοῦτο ἀληθὲς λέγεις.

Σωκράτης

οὐκοῦν ἐρμηνέων ἐρμηνῆς γίνεσθε;

Ἴων

παντάπασί γε.

Σωκράτης

[535b] ἔχε δὴ μοι τόδε εἰπέ, ὦ Ἴων, καὶ μὴ ἀποκρύψῃ ὅτι ἂν σε ἔρωμαι· ὅταν εὖ εἴπηις ἔπη καὶ ἐκπλήξῃς μάλιστα τοὺς θεωμένους, ἢ τὸν Ὀδυσσέα ὅταν ἐπὶ τὸν οὐδὸν ἐφαλλόμενον αἰδῆις, ἐκφανῇ γιγνόμενον τοῖς μνηστῆρσι καὶ ἐκχέοντα τοὺς οἰστοὺς πρὸ τῶν ποδῶν, ἢ Ἀχιλλέα ἐπὶ τὸν Ἑκτορα ὀρμώντα, ἢ καὶ τῶν περὶ Ἀνδρομάχην ἐλείνων τι ἢ περὶ Ἑκάβην ἢ περὶ Πρίαμον, τότε πότερον ἔμφρων εἶ ἢ ἔξω σαυτοῦ γίγνηι καὶ παρὰ τοῖς πράγμασιν [535c] οἰεταί σου εἶναι ἢ ψυχὴ οἷς λέγεις ἐνθουσιάζουσα, ἢ ἐν Ἰθάκῃ οὔσιν ἢ ἐν Τροίᾳ ἢ ὅπως ἂν καὶ τὰ ἔπη ἔχη;

Ἴων

ὥς ἐναργὲς μοι τοῦτο, ὦ Σώκρατες, τὸ τεκμήριον εἶπες· οὐ γάρ σε ἀποκρυψάμενος ἔρω. ἐγὼ γὰρ ὅταν ἐλείνων τι λέγω, δακρύων

ἐμπίμπλανταί μου οἱ ὀφθαλμοί· ὅταν τε φοβερὸν ἢ δεινόν, ὀρθαὶ αἱ τρίχες ἴστανται ὑπὸ φόβου καὶ ἡ καρδία πηδαί.

Σ ω κ ρ á τ η ς

τί οὖν; φῶμεν, ὃ Ἴων, ἔμφρονα [535d] εἶναι τότε τοῦτον τὸν ἄνθρωπον, ὃς ἂν κεκοσμημένος ἐσθῇτι ποικίλῃ καὶ χρυσοῖσι στεφάνοις κλάηι τ' ἐν θυσίαις καὶ ἐορταῖς, μηδὲν ἀπολωλεκῶς τούτων, ἢ φοβῇται πλέον ἢ ἐν δισμυρίοις ἀνθρώποις ἐστηκῶς φιλίοις, μηδενὸς ἀποδύοντος μηδὲ ἀδικοῦντος;

Ἴ ω ν

οὐ μὰ τὸν Δία, οὐ πάνυ, ὃ Σώκρατες, ὥς γε τάληθές εἰρῆσθαι.

Σ ω κ ρ á τ η ς

οἴσθα οὖν ὅτι καὶ τῶν θεατῶν τοὺς πολλοὺς ταῦτά ταῦτα ὑμεῖς ἐργάζεσθε;

Ἴ ω ν

καὶ μάλα καλῶς [535e] οἶδα· καθορῶ γὰρ ἐκάστοτε αὐτοὺς ἄνωθεν ἀπὸ τοῦ βήματος κλάοντάς τε καὶ δεινὸν ἐμβλέποντας καὶ συνθαμβοῦντας τοῖς λεγομένοις. δεῖ γάρ με καὶ σφόδρ' αὐτοῖς τὸν νοῦν προσέχειν· ὥς ἐὰν μὲν κλάοντας αὐτοὺς καθίσω, αὐτὸς γελάσομαι ἀργύριον λαμβάνων, ἐὰν δὲ γελῶντας, αὐτὸς κλαύσομαι ἀργύριον ἀπολλύς.

7.

Σ ω κ ρ á τ η ς

οἴσθα οὖν ὅτι οὗτός ἐστιν ὁ θεατῆς τῶν δακτυλίων ὁ ἔσχατος, ὃν ἐγὼ ἔλεγον ὑπὸ τῆς Ἡρακλειώτιδος λίθου ἀπ' ἀλλήλων τὴν δύναμιν λαμβάνειν; ὁ δὲ μέσος σὺ ὁ ῥαψωιδὸς καὶ ὑποκριτής, ὁ δὲ [536a] πρῶτος αὐτὸς ὁ ποιητής· ὁ δὲ θεὸς διὰ πάντων τούτων ἔλκει τὴν ψυχὴν ὅποι ἂν βούληται τῶν ἀνθρώπων, ἀνακρεμαννὺς ἐξ ἀλλήλων τὴν δύναμιν. καὶ ὥσπερ ἐκ τῆς λίθου ἐκείνης ὀρμαθὸς πάμπολυς ἐξήρτηται χορευτῶν τε καὶ διδασκάλων καὶ ὑποδιδασκάλων, ἐκ πλαγίου ἐξηρτημένων τῶν τῆς Μούσης ἐκκρεμαμένων δακτυλίων. καὶ ὁ μὲν τῶν ποιητῶν ἐξ ἄλλης Μούσης, ὁ δὲ ἐξ ἄλλης ἐξήρτηται — ὀνομάζομεν δὲ αὐτὸ κατέχεται, τὸ δὲ ἐστὶ [536b] παραπλήσιον·

ἔχεται γάρ — ἐκ δὲ τούτων τῶν πρώτων δακτυλίων, τῶν ποιητῶν, ἄλλοι ἐξ ἄλλου αὐτῶν ἡρτημένοι εἰσὶ καὶ ἐνθουσιάζουσιν, οἱ μὲν ἐξ Ὀρφέως, οἱ δὲ ἐκ Μουσαίου· οἱ δὲ πολλοὶ ἐξ Ὀμήρου κατέχονται τε καὶ ἔχονται. ὧν σύ, ὦ Ἴων, εἷς εἶ καὶ κατέχει ἐξ Ὀμήρου, καὶ ἐπειδὴν μὲν τις ἄλλου τοῦ ποιητοῦ αἰδῆι, καθεύδεις τε καὶ ἀπορεῖς ὅτι λέγῃς, ἐπειδὴν δὲ τούτου τοῦ ποιητοῦ φθέγγῃται τις μέλος, εὐθὺς ἐργήγορας καὶ ὀρχεῖται σου ἡ ψυχὴ καὶ εὐπορεῖς [536c] ὅτι λέγῃς· οὐ γὰρ τέχνῃ οὐδ' ἐπιστήμῃ περὶ Ὀμήρου λέγεις ἢ λέγεις, ἀλλὰ θείαι μοῖραι καὶ κατοκωχῇ, ὥσπερ οἱ κορυβαντιῶντες ἐκείνου μόνου αἰσθάνονται τοῦ μέλους ὁξέως ὃ ἂν ἦ τοῦ θεοῦ ἐξ ὅτου ἂν κατέχωνται, καὶ εἰς ἐκεῖνο τὸ μέλος καὶ σχημάτων καὶ ῥημάτων εὐποροῦσι, τῶν δὲ ἄλλων οὐ φροντίζουν· οὕτω καὶ σύ, ὦ Ἴων, περὶ μὲν Ὀμήρου ὅταν τις μνησθῇ, εὐπορεῖς, περὶ δὲ τῶν ἄλλων ἀπορεῖς· τούτου δ' ἐστὶ τὸ αἴτιον, ὃ μ' ἐρωτᾷς, [536d] δι' ὅτι σὺ περὶ μὲν Ὀμήρου εὐπορεῖς, περὶ δὲ τῶν ἄλλων οὐ, ὅτι οὐ τέχνῃ ἀλλὰ θείαι μοῖραι Ὀμήρου δεινὸς εἶ ἐπαινέτης.

8.

Ἴων

σὺ μὲν εὖ λέγεις, ὦ Σώκρατες· θαυμάζοιμι μεντὰν εἰ οὕτως εὖ εἴποις, ὥστε με ἀναπεῖσαι ὡς ἐγὼ κατεχόμενος καὶ μαινόμενος Ὀμηρον ἐπαινῶ. οἶμαι δὲ οὐδ' ἂν σοὶ δόξαιμι, εἴ μου ἀκούσῃς λέγοντος περὶ Ὀμήρου.

Σωκράτης

καὶ μὴν ἐθέλω γε ἀκοῦσαι, οὐ μέντοι πρότερον πρὶν ἂν μοι ἀποκρίνηι τόδε· ὧν [536e] Ὀμηρος λέγει περὶ τίνος εὖ λέγεις; οὐ γὰρ δήπου περὶ πάντων γε.

Ἴων

εὖ ἴσθι, ὦ Σώκρατες, περὶ οὐδενὸς ὅτου οὔ.

Σωκράτης

οὐ δήπου καὶ περὶ τούτων ὧν σὺ μὲν τυγχάνεις οὐκ εἰδώς, Ὀμηρος δὲ λέγει.

Ἴων

καὶ ταῦτα ποῖά ἐστιν ἃ Ὅμηρος μὲν λέγει, ἐγὼ δὲ οὐκ οἶδα;

Σ ω κ ρ ά τ η ς

οὐ καὶ περὶ τεχνῶν μέντοι λέγει [537a] πολλαχοῦ Ὅμηρος καὶ πολλά;
οἶον καὶ περὶ ἡνιοχείας — ἐὰν μνησθῶ τὰ ἔπη, ἐγὼ σοι φράσω.

Ἴ ω ν

ἀλλ' ἐγὼ ἐρῶ· ἐγὼ γὰρ μέμνημαι.

Σ ω κ ρ ά τ η ς

εἰπέ δὴ μοι ἃ λέγει Νέστωρ Ἀντιλόχῳ τῷ υἱεῖ, παραινῶν
εὐλαβηθῆναι περὶ τὴν καμπὴν ἐν τῇ ἵπποδρομίᾳ τῇ ἐπὶ Πατρόκλῳ.

Ἴ ω ν

κλινθῆναι δέ, φησί, καὶ αὐτὸς ἐυξέστωι ἐνὶ δίφρῳ
ἦκ' ἐπ' ἀριστερὰ τοῖν· ἀτὰρ τὸν δεξιὸν [537b] ἵππον
κένσαι ὁμοκλήσας, εἵξαι τέ οἱ ἡνία χερσίν.
ἐν νύσσει δέ τοι ἵππος ἀριστερὸς ἐγχερμιφθήτω,
ὥς ἂν τοι πλήμνη γε δοάσσεται ἄκρον ἰκέσθαι
κύκλου ποιητοῖο· λίθου δ' ἀλέασθαι ἐπαυρεῖν.

Σ ω κ ρ ά τ η ς

ἄρκεϊ. ταῦτα δὴ, ὦ Ἴων, τὰ ἔπη εἴτε [537c] ὀρθῶς λέγει Ὅμηρος εἴτε
μὴ, πότερος ἂν γνοίῃ ἄμεινον, ἱατρὸς ἢ ἡνίοχος;

Ἴ ω ν

Ἡνίοχος δῆπου.

Σ ω κ ρ ά τ η ς

πότερον ὅτι τέχνην ταύτην ἔχει ἢ κατ' ἄλλο τι;

Ἴ ω ν

οὐκ, ἀλλ' ὅτι τέχνην.

Σ ω κ ρ ά τ η ς

οὐκοῦν ἐκάστῃ τῶν τεχνῶν ἀποδέδοται τι ὑπὸ τοῦ θεοῦ ἔργον οἷαι
τε εἶναι γινώσκειν; οὐ γάρ που ἃ κυβερνητικῇ γινώσκομεν,

γνωσόμεθα καὶ ἰατρικῇ.

Ἴω ν
οὐ δῆτα.

Σωκράτης
οὐδέ γε ἂ ἰατρικῇ, ταῦτα καὶ τεκτονικῇ.

Ἴω ν
οὐ δῆτα.

Σωκράτης
[537d] οὐκοῦν οὕτω καὶ κατὰ πασῶν τῶν τεχνῶν, ἃ τῇ ἐτέραι τέχνῃ
γιγνώσκομεν, οὐ γνωσόμεθα τῇ ἐτέραι; τόδε δέ μοι πρότερον τούτου
ἀπόκριναι· τὴν μὲν ἐτέραν φῆις εἶναί τινα τέχνην, τὴν δ' ἐτέραν;

Ἴω ν
ναί.

Σωκράτης
ἄρα ὥσπερ ἐγὼ τεκμαιρόμενος, ὅταν ἡ μὲν ἐτέρων πραγμάτων ἦ
ἐπιστήμη, ἡ δ' ἐτέρων, οὕτω καλῶ τὴν μὲν ἄλλην, τὴν δὲ ἄλλην
τέχνην, οὕτω καὶ σύ;

Ἴω ν
[537e] ναί.

Σωκράτης
εἰ γάρ που τῶν αὐτῶν πραγμάτων ἐπιστήμη εἴη τις, τί ἂν τὴν μὲν
ἐτέραν φαῖμεν εἶναι, τὴν δ' ἐτέραν, ὅποτε γε ταῦτά εἴη εἰδέναι ἀπ'
ἀμφοτέρων; ὥσπερ ἐγὼ τε γινώσκω ὅτι πέντε εἰσὶν οὗτοι οἱ
δάκτυλοι, καὶ σύ, ὥσπερ ἐγώ, περὶ τούτων ταῦτα γινώσκεις· καὶ εἴ
σε ἐγὼ ἐροίμην εἰ τῇ αὐτῇ τέχνῃ γινώσκομεν τῇ ἀριθμητικῇ τὰ
αὐτὰ ἐγὼ τε καὶ σὺ ἢ ἄλλῃ, φαίης ἂν δήπου τῇ αὐτῇ.

Ἴω ν
ναί.

Σωκράτης

ὁ τοίνυν ἄρτι [538a] ἔμελλον ἐρήσεσθαί σε, νυνὶ εἰπέ, εἰ κατὰ πασῶν τῶν τεχνῶν οὕτω σοι δοκεῖ, τῇ μὲν αὐτῇ τέχνῃ τὰ αὐτὰ ἀναγκαῖον εἶναι γινώσκειν, τῇ δ' ἑτέραι μὴ τὰ αὐτά, ἀλλ' εἴπερ ἄλλη ἐστίν, ἀναγκαῖον καὶ ἕτερα γινώσκειν.

Ἴων

οὕτω μοι δοκεῖ, ὦ Σώκρατες.

9.

Σωκράτης

οὐκοῦν ὅστις ἂν μὴ ἔχῃ τινὰ τέχνην, ταύτης τῆς τέχνης τὰ λεγόμενα ἢ πραττόμενα καλῶς γινώσκειν οὐχ οἷός τ' ἔσται;

Ἴων

[538b] ἀληθῆ λέγεις.

Σωκράτης

πότερον οὖν περὶ τῶν ἐπῶν ὧν εἶπες, εἴτε καλῶς λέγει Ὅμηρος εἴτε μὴ, σὺ κάλλιον γνώσῃ ἢ ἡνίοχος;

Ἴων

ἡνίοχος.

Σωκράτης

ῥαψωιδὸς γάρ που εἶ ἀλλ' οὐχ ἡνίοχος.

Ἴων

ναί.

Σωκράτης

ἢ δὲ ῥαψωιδικὴ τέχνη ἑτέρα ἐστὶ τῆς ἡνιοχικῆς;

Ἴων

ναί.

Σ ω κ ρ ά τ η ς

εἰ ἄρα ἐτέρα, περὶ ἐτέρων καὶ ἐπιστήμη πραγμάτων ἐστίν.

Ἴ ω ν

ναί.

Σ ω κ ρ ά τ η ς

τί δὲ δὴ ὅταν Ὅμηρος λέγῃ ὡς τετρωμένῳ τῷ Μαχάονι Ἑκαμήδῃ ἢ Νέστορος παλλακὴ κυκεῶνα πίνειν [538c] δίδωσι; καὶ λέγει πως οὕτως —

οἴνῳ πραμνεῖωι, φησίν, ἐπὶ δ' αἴγειον κνῆ τυρὸν
κνήστῃ χαλκείῃ· παρὰ δὲ κρόμυον ποτῶι ὄψον·
ταῦτα εἴτε ὀρθῶς λέγει Ὅμηρος εἴτε μή, πότερον ἰατρικῆς ἐστὶ
διαγνῶναι καλῶς ἢ ῥαψωδικῆς;

Ἴ ω ν

ἰατρικῆς.

Σ ω κ ρ ά τ η ς

τί δέ, ὅταν λέγῃ Ὅμηρος —

[538d] ἢ δὲ μολυβδαίνειν ἱκέλη ἐς βυσσὸν ἵκανεν,
ἦ τε κατ' ἀγραύλοιο βοὸς κέρας ἐμμεμαυῖα
ἔρχεται ὠμηστῆσι μετ' ἰχθύσι πῆμα φέρουσα·
ταῦτα πότερον φῶμεν ἀλιευτικῆς εἶναι τέχνης μᾶλλον κρῖναι ἢ
ῥαψωδικῆς, ἅττα λέγει καὶ εἴτε καλῶς εἴτε μή;

Ἴ ω ν

δῆλον δὴ, ὃ Σώκρατες, ὅτι ἀλιευτικῆς.

Σ ω κ ρ ά τ η ς

σκέψαι δὴ, σοῦ ἐρομένου, εἰ ἔροιό με· <ἐπειδὴ [538e] τοίνυν, ὃ
Σώκρατες, τούτων τῶν τεχνῶν ἐν Ὀμήρῳ εὕρισκεις ἃ προσήκει
ἐκάστη διακρίνειν, ἴθι μοι ἔξευρε καὶ τὰ τοῦ μάντεώς τε καὶ
μαντικῆς, ποῖά ἐστὶν ἃ προσήκει αὐτῶι οἶω τ' εἶναι διαγιγνώσκειν,
εἴτε εὖ εἴτε κακῶς πεποιήται> — σκέψαι ὡς ῥαιδίως τε καὶ ἀληθῆ
ἐγὼ σοι ἀποκρινοῦμαι. πολλαχοῦ μὲν γὰρ καὶ ἐν Ὀδυσσεΐα λέγει,
οἶον καὶ ἃ ὁ τῶν Μελαμποδιδῶν λέγει μάντις πρὸς τοὺς μνηστῆρας,

Θεοκλύμενος —

[539a] δαιμόνιοι, τί κακὸν τόδε πάσχετε; νυκτὶ μὲν ὑμέων

εἰλύεται κεφαλαί τε πρόσωπά τε νέρθε τε γυῖα,

οἰμωγὴ δὲ δέδηκε, δεδάκρυνται δὲ παρειαί·

εἰδῶλων τε πλεόν πρόθυρον, πλείη δὲ καὶ αὐλὴ

ἱεμένων ἔρεβόςδε ὑπὸ ζόφον· ἥελιος δὲ

[539b] οὐρανοῦ ἐξαπόλωλε, κακὴ δ' ἐπιδέδρομεν ἀχλὺς·

πολλαχοῦ δὲ καὶ ἐν Ἰλιάδι, οἷον καὶ ἐπὶ τειχομαχίαι· λέγει γὰρ καὶ

ἐνταῦθα —

ὄρνις γάρ σφιν ἐπῆλθε περησέμεναι μεμαῶσιν,

αἰετὸς ὑψιπέτης, ἐπ' ἀριστερὰ λαὸν ἐέργων,

[539c] φοινήμεντα δράκοντα φέρων ὀνύχεσσι πέλωρον,

ζῶιον, ἔτ' ἀσπαίροντα· καὶ οὐπω λήθετο χάρμης.

κόψε γὰρ αὐτὸν ἔχοντα κατὰ στῆθος παρὰ δειρὴν

ἰδνωθεὶς ὀπίσω, ὃ δ' ἀπὸ ἔθην ἤκε χαμᾶζε

ἀλγήσας ὀδύνησι, μέσῳ δ' ἐνὶ κάββαλ' ὀμίλῳ·

[539d] αὐτὸς δὲ κλάγξας πέτετο πνοιῇς ἀνέμοιο.

ταῦτα φήσω καὶ τὰ τοιαῦτα τῷ μάντει προσήκειν καὶ σκοπεῖν καὶ

κρίνειν.

Ἰ ω ν

ἀληθὴ γε σὺ λέγων, ὦ Σώκρατες.

10.

Σ ω κ ρ ά τ η ς

καὶ σύ γε, ὦ Ἴων, ἀληθὴ ταῦτα λέγεις. ἴθι δὴ καὶ σὺ ἐμοί, ὥσπερ

ἐγὼ σοὶ ἐξέλεξα καὶ ἐξ Ὀδυσσεΐας καὶ ἐξ Ἰλιάδος ὅποια τοῦ μάντεώς

ἐστι καὶ ὅποια τοῦ ἱατροῦ καὶ ὅποια τοῦ [539e] ἀλiewς, οὕτω καὶ σὺ

ἐμοὶ ἔκλεξον, ἐπειδὴ καὶ ἐμπειρότερος εἶ ἐμοῦ τῶν Ὀμήρου, ὅποια

τοῦ ῥαψωιδοῦ ἐστιν, ὦ Ἴων, καὶ τῆς τέχνης τῆς ῥαψωιδικῆς, ἃ τῷ

ῥαψωιδῷ προσήκει καὶ σκοπεῖσθαι καὶ διακρίνειν παρὰ τοὺς ἄλλους

ἀνθρώπους.

Ἰ ω ν

ἐγὼ μὲν φημι, ὦ Σώκρατες, ἅπαντα.

Σ ω κ ρ ά τ η ς

οὐ σύ γε φής, ὦ Ἴων, ἅπαντα· ἢ οὕτως ἐπιλήσμων εἶ; καίτοι οὐκ ἄν
πρέποι γε ἐπιλήσμονα εἶναι ῥαψωιδὸν ἄνδρα.

Ἴων

τί δὲ δὴ [540a] ἐπιλανθάνομαι;

Σωκράτης

οὐ μέμνησαι ὅτι ἔφησθα τὴν ῥαψωιδικὴν τέχνην ἑτέραν εἶναι τῆς
ἡνιοχικῆς;

Ἴων

μέμνημαι.

Σωκράτης

οὐκοῦν καὶ ἑτέραν οὕσαν ἔτερα γνώσεσθαι ὠμολόγεις;

Ἴων

ναί.

Σωκράτης

οὐκ ἄρα πάντα γε γινώσκεται ἡ ῥαψωιδικὴ κατὰ τὸν σὸν λόγον οὐδὲ ὁ
ῥαψωιδός.

Ἴων

πλήν γε ἴσως τὰ τοιαῦτα, ὦ Σώκρατες.

Σωκράτης

τὰ τοιαῦτα [540b] δὲ λέγεις πλὴν τὰ τῶν ἄλλων τεχνῶν σχεδόν τι·
ἀλλὰ ποῖα δὴ γινώσκεται, ἐπειδὴ οὐχ ἅπαντα;

Ἴων

ἂν πρέπει, οἶμαι ἔγωγε, ἀνδρὶ εἰπεῖν καὶ ὅποια γυναικί, καὶ ὅποια
δούλῳ καὶ ὅποια ἐλευθέρῳ, καὶ ὅποια ἀρχομένῳ καὶ ὅποια
ἄρχοντι.

Σωκράτης

ἄρα ὅποια ἄρχοντι, λέγεις, ἐν θαλάττῃ χειμαζομένου πλοίου πρέπει

εἰπεῖν, ὁ ῥαψωιδὸς γινώσεται κάλλιον ἢ ὁ κυβερνήτης;

Ἰω ν

οὐκ, ἀλλὰ ὁ κυβερνήτης τοῦτό γε.

Σωκράτης

ἀλλ' ὅποῖα ἄρχοντι [540c] κάμνοντος πρέπει εἰπεῖν, ὁ ῥαψωιδὸς γινώσεται κάλλιον ἢ ὁ ἰατρός;

Ἰω ν

οὐδὲ τοῦτο.

Σωκράτης

ἀλλ' οἷα δούλῳ πρέπει, λέγεις;

Ἰω ν

ναί.

Σωκράτης

οἷον βουκόλῳ λέγεις δούλῳ ἃ πρέπει εἰπεῖν ἀγριαίνουσῶν βοῶν παραμυθουμένῳ, ὁ ῥαψωιδὸς γινώσεται ἀλλ' οὐχ ὁ βουκόλος;

Ἰω ν

οὐ δῆτα.

Σωκράτης

ἀλλ' οἷα γυναικὶ πρόποντά ἐστιν εἰπεῖν ταλασιουργῷ περὶ ἐρίων [540d] ἐργασίας;

Ἰω ν

οὔ.

Σωκράτης

ἀλλ' οἷα ἀνδρὶ πρέπει εἰπεῖν γινώσεται στρατηγῷ στρατιώταις παραινούντι;

Ἰω ν

ναί, τὰ τοιαῦτα γινώσεται ὁ ῥαψωιδός.

11.

Σ ω κ ρ ά τ η ς

τί δέ; ἡ ῥαψωιδικὴ τέχνη στρατηγική ἐστιν;

Ἴ ω ν

γνοίην γοῦν ἂν ἔγωγε οἷα στρατηγὸν πρέπει εἰπεῖν.

Σ ω κ ρ ά τ η ς

ἴσως γὰρ εἶ καὶ στρατηγικός, ὦ Ἴων. καὶ γὰρ εἰ ἐτύγχανες ἱππικὸς ὢν ἅμα καὶ καθαριστικός, ἔγνωσ ἂν ἵππους εὖ καὶ κακῶς ἱππαζομένους· ἀλλ' εἴ σ' [540e] ἐγὼ ἠρόμην· <ποτέραι δὴ τέχνηι, ὦ Ἴων, γινώσκεις τοὺς εὖ ἱππαζομένους ἵππους; ἢ ἱππεὺς εἶ ἢ ἢ καθαριστής;> τί ἂν μοι ἀπεκρίνω;

Ἴ ω ν

ἢ ἱππεύς, ἔγωγ' ἄν.

Σ ω κ ρ ά τ η ς

οὐκοῦν εἰ καὶ τοὺς εὖ καθαρίζοντας διεγίνωσκες, ὠμολόγεις ἂν, ἢ καθαριστὴς εἶ, ταύτην διαγινώσκειν, ἀλλ' οὐχ ἢ ἱππεύς.

Ἴ ω ν

ναί.

Σ ω κ ρ ά τ η ς

ἐπειδὴ δὲ τὰ στρατιωτικὰ γινώσκεις, πότερον ἢ στρατηγικὸς εἶ γινώσκεις ἢ ἢ ῥαψωιδὸς ἀγαθός;

Ἴ ω ν

οὐδὲν ἔμοιγε δοκεῖ διαφέρειν.

Σ ω κ ρ ά τ η ς

πῶς; οὐδὲν [541a] λέγεις διαφέρειν; μίαν λέγεις τέχνην εἶναι τὴν ῥαψωιδικὴν καὶ τὴν στρατηγικὴν ἢ δύο;

Ἴων
μία ἔμοιγε δοκεῖ.

Σωκράτης
ὅστις ἄρα ἀγαθὸς ῥαψωιδὸς ἐστίν, οὗτος καὶ ἀγαθὸς στρατηγὸς
τυγχάνει ὢν;

Ἴων
μάλιστα, ὦ Σώκρατες.

Σωκράτης
οὐκοῦν καὶ ὅστις ἀγαθὸς στρατηγὸς τυγχάνει ὢν, ἀγαθὸς καὶ
ῥαψωιδὸς ἐστίν.

Ἴων
οὐκ αὖ μοι δοκεῖ τοῦτο.

Σωκράτης
ἀλλ' ἐκεῖνο μὴν δοκεῖ σοι, ὅστις γε ἀγαθὸς ῥαψωιδὸς, καὶ στρατηγὸς
[541b] ἀγαθὸς εἶναι;

Ἴων
πάνυ γε.

Σωκράτης
οὐκοῦν σὺ τῶν Ἑλλήνων ἄριστος ῥαψωιδὸς εἶ;

Ἴων
πολύ γε, ὦ Σώκρατες.

Σωκράτης
ἦ καὶ στρατηγός, ὦ Ἴων, τῶν Ἑλλήνων ἄριστος εἶ;

Ἴων
εἶ ἴσθι, ὦ Σώκρατες· καὶ ταῦτά γε ἐκ τῶν Ὀμήρου μαθών.

Σωκράτης

τί δή ποτ' οὖν πρὸς τῶν θεῶν, ὦ Ἴων, ἀμφοτέρα ἄριστος ὢν τῶν Ἑλλήνων, καὶ στρατηγὸς καὶ ῥαψωιδός, ῥαψωιδεῖς μὲν περιῶν τοῖς Ἑλλήσι, στρατηγεῖς δ' οὐ; ἢ ῥαψωιδοῦ μὲν δοκεῖ σοι χρυσῶι [541c] στεφάνωι ἐστεφανωμένου πολλή χρεία εἶναι τοῖς Ἑλλήσι, στρατηγοῦ δὲ οὐδεμία;

Ἴων

ἢ μὲν γὰρ ἡμετέρα, ὦ Σώκρατες, πόλις ἄρχεται ὑπὸ ὑμῶν καὶ στρατηγεῖται καὶ οὐδὲν δεῖται στρατηγοῦ, ἢ δὲ ὑμετέρα καὶ ἡ Λακεδαιμονίων οὐκ ἂν με ἔλοιτο στρατηγόν· αὐτοὶ γὰρ οἶσθε ἱκανοὶ εἶναι.

Σωκράτης

ὦ βέλτιστε Ἴων, Ἀπολλόδορον οὐ γινώσκεις τὸν Κυζικηνόν;

Ἴων

ποῖον τοῦτον;

Σωκράτης

ὃν Ἀθηναῖοι πολλάκις ἐαυτῶν στρατηγὸν [541d] ἡιρηνται ξένον ὄντα· καὶ Φανοσθένη τὸν Ἄνδριον καὶ Ἡρακλείδην τὸν Κλαζομένιον, οὓς ἤδε ἡ πόλις ξένους ὄντας, ἐνδειξαμένους ὅτι ἄξιοι λόγου εἰσί, καὶ εἰς στρατηγίας καὶ εἰς τὰς ἄλλας ἀρχὰς ἄγει· Ἴωνα δ' ἄρα τὸν Ἐφέσιον οὐχ αἰρήσεται στρατηγὸν καὶ τιμήσει, ἐὰν δοκῇ ἄξιος λόγου εἶναι; τί δέ; οὐκ Ἀθηναῖοι μὲν ἐστε οἱ Ἐφέσιοι τὸ ἀρχαῖον, καὶ ἡ Ἐφεσος οὐδεμιᾶς ἐλάττων πόλεως; [541e] ἀλλὰ γὰρ σύ, ὦ Ἴων, εἰ μὲν ἀληθῆ λέγεις ὡς τέχνη καὶ ἐπιστήμη οἶός τε εἶ Ὅμηρον ἐπαινεῖν, ἀδικεῖς, ὅστις ἐμοὶ ὑποσχόμενος ὡς πολλὰ καὶ καλὰ περὶ Ὁμήρου ἐπίστασαι καὶ φάσκων ἐπιδείξειν, ἐξαπαταῖς με καὶ πολλοῦ δεῖς ἐπιδεῖξαι, ὅς γε οὐδὲ ἅττα ἐστὶ ταῦτα περὶ ὧν δεινὸς εἶ ἐθέλεις εἰπεῖν, πάλαι ἐμοῦ λιπαροῦντος, ἀλλὰ ἀτεχνῶς ὥσπερ ὁ Πρωτεὺς παντοδαπὸς γίγνηι στρεφόμενος ἄνω καὶ κάτω, ἕως τελευτῶν διαφυγών με στρατηγὸς ἀνεφάνης, ἵνα μὴ ἐπιδείξῃς ὡς δεινὸς εἶ [542a] τὴν περὶ Ὁμήρου σοφίαν. εἰ μὲν οὖν τεχνικὸς ὢν, ὅπερ νυνδὴ ἔλεγον, περὶ Ὁμήρου ὑποσχόμενος ἐπιδείξῃς ἐξαπαταῖς με, ἄδικος εἶ· εἰ δὲ μὴ τεχνικὸς εἶ, ἀλλὰ θεῖαι μοίραι κατεχόμενος ἐξ

Ὅμηρου μηδὲν εἰδὼς πολλὰ καὶ καλὰ λέγεις περὶ τοῦ ποιητοῦ, ὥσπερ ἐγὼ εἶπον περὶ σοῦ, οὐδὲν ἀδικεῖς. ἐλοῦ οὖν πότερα βούλει νομίζεσθαι ὑπὸ ἡμῶν ἄδικος ἀνὴρ εἶναι ἢ θεῖος.

Ἴ ω ν

πολὺ διαφέρει, [542b] ὦ Σώκρατες· πολὺ γὰρ κάλλιον τὸ θεῖον νομίζεσθαι.

Σ ω κ ρ ά τ η ς

τοῦτο τοίνυν τὸ κάλλιον ὑπάρχει σοι παρ' ἡμῖν, ὦ Ἴων, θεῖον εἶναι καὶ μὴ τεχνικὸν περὶ Ὀμήρου ἐπαινέτην.

PHAEDO

Ἐχεκράτης

[57a] αὐτός, ὃ Φαίδων, παρεγένου Σωκράτει ἐκείνη τῇ ἡμέρᾳ ἢ τὸ φάρμακον ἔπιεν ἐν τῷ δεσμοτηρίῳ, ἢ ἄλλου του ἤκουσας;

Φαίδων

αὐτός, ὃ Ἐχέκρατες.

Ἐχεκράτης

τί οὖν δὴ ἐστὶν ἅττα εἶπεν ὁ ἀνὴρ πρὸ τοῦ θανάτου; καὶ πῶς ἐτελεύτα; ἡδέως γὰρ ἂν ἐγὼ ἀκούσαιμι. καὶ γὰρ οὔτε [τῶν πολιτῶν] Φλειασίων οὐδεὶς πάνυ τι ἐπιχωριάζει τὰ νῦν Ἀθήναζε, οὔτε τις ξένος ἀφίκεται χρόνου συχνοῦ [57b] ἐκεῖθεν ὅστις ἂν ἡμῖν σαφές τι ἀγγεῖλαι οἷός τ' ἦν περὶ τούτων, πλήν γε δὴ ὅτι φάρμακον πιὼν ἀποθάνοι· τῶν δὲ ἄλλων οὐδὲν εἶχεν φράζειν.[58a]

Φαίδων

οὐδὲ τὰ περὶ τῆς δίκης ἄρα ἐπύθεσθε ὃν τρόπον ἐγένετο;

Ἐχεκράτης

ναί, ταῦτα μὲν ἡμῖν ἡγγειλέ τις, καὶ ἐθαιμάζομέν γε ὅτι πάλαι γενομένης αὐτῆς πολλῶ ὕστερον φαίνεται ἀποθανών. τί οὖν ἦν τοῦτο, ὃ Φαίδων;

Φαίδων

τύχη τις αὐτῷ, ὃ Ἐχέκρατες, συνέβη· ἔτυχεν γὰρ τῇ προτεραίᾳ τῆς δίκης ἢ πρῦμα ἐστεμμένη τοῦ πλοίου ὃ εἰς Δῆλον Ἀθηναῖοι πέμπουσιν.

Ἐχεκράτης

τοῦτο δὲ δὴ τί ἐστίν;

Φαίδων

τοῦτ' ἔστι τὸ πλοῖον, ὥς φασιν Ἀθηναῖοι, ἐν ᾧ Θησεύς ποτε εἰς Κρήτην τοὺς “δῖς ἑπτὰ” ἐκείνους ὥχετο [58b] ἄγων καὶ ἔσωσέ τε καὶ αὐτὸς ἐσώθη. τῷ οὖν Απόλλωνι ἠϋζάντο ὥς λέγεται τότε, εἰ σωθεῖεν, ἐκάστου ἔτους θεωρίαν ἀπάξειν εἰς Δῆλον· ἦν δὴ ἀεὶ καὶ νῦν ἔτι ἐξ

ἐκείνου κατ' ἐνιαυτὸν τῷ θεῷ πέμπουσιν. ἐπειδὴν οὖν ἄρξωνται τῆς
θεωρίας, νόμος ἐστὶν αὐτοῖς ἐν τῷ χρόνῳ τούτῳ καθαρεύειν τὴν
πόλιν καὶ δημοσίᾳ μηδένα ἀποκτείνουσαι, πρὶν ἂν εἰς Δῆλόν τε
ἀφίκηται τὸ πλοῖον καὶ πάλιν δεῦρο· τοῦτο δ' ἐνίστε ἐν πολλῷ χρόνῳ
γίνεται, ὅταν τύχῃσιν ἄνεμοι ἀπολαβόντες [58c] αὐτούς. ἀρχὴ δ'
ἐστὶ τῆς θεωρίας ἐπειδὴν ὁ ἱερεὺς τοῦ Ἀπόλλωνος στέψη τὴν
πρύμναν τοῦ πλοίου· τοῦτο δ' ἔτυχεν, ὥσπερ λέγω, τῇ προτεραίᾳ τῆς
δίκης γεγονός. διὰ ταῦτα καὶ πολλὸς χρόνος ἐγένετο τῷ Σωκράτει ἐν
τῷ δεσμοτηρίῳ ὁ μεταξὺ τῆς δίκης τε καὶ τοῦ θανάτου.

Ἐχεκράτης

τί δὲ δὴ τὰ περὶ αὐτὸν τὸν θάνατον, ὦ Φαίδων; τί ἦν τὰ λεχθέντα καὶ
πραχθέντα, καὶ τίνες οἱ παραγενόμενοι τῶν ἐπιτηδείων τῷ ἀνδρί; ἢ
οὐκ εἶον οἱ ἄρχοντες παρῆναι, ἀλλ' ἔρημος ἐτελεύτα φίλων; [58d]

Φαίδων

οὐδαμῶς, ἀλλὰ παρῆσαν τινες, καὶ πολλοὶ γε.

Ἐχεκράτης

ταῦτα δὴ πάντα προθυμήθητι ὥς σαφέστατα ἡμῖν ἀπαγγεῖλαι, εἰ μὴ
τίς σοι ἀσχολία τυγχάνει οὕσα.

Φαίδων

ἀλλὰ σχολάζω γε καὶ πειράσομαι ὑμῖν διηγήσασθαι· καὶ γὰρ τὸ
μεμνησθαι Σωκράτους καὶ αὐτὸν λέγοντα καὶ ἄλλου ἀκούοντα
ἔμοιγε αἰεὶ πάντων ἥδιστον.

Ἐχεκράτης

ἀλλὰ μὴν, ὦ Φαίδων, καὶ τοὺς ἀκουσομένους γε τοιούτους ἑτέρους
ἔχεις· ἀλλὰ πειρῶ ὥς ἂν δύνῃ ἀκριβέστατα διεξελθεῖν πάντα. [58e]

Φαίδων

καὶ μὴν ἔγωγε θαυμάσια ἔπαθον παραγενόμενος. οὔτε γὰρ ὥς
θανάτῳ παρόντα με ἀνδρὸς ἐπιτηδείου ἔλεος εἰσῆι· εὐδαίμων γάρ
μοι ἀνὴρ ἐφαίνετο, ὃ Ἐχέκρατες, καὶ τοῦ τρόπου καὶ τῶν λόγων, ὥς
ἀδεῶς καὶ γενναίως ἐτελεύτα, ὥστε μοι ἐκεῖνον παρίστασθαι μὴδ' εἰς
Ἄιδου ἰόντα ἄνευ θείας μοίρας ἰέναι, ἀλλὰ καὶ ἐκεῖσε ἀφικόμενον εὖ
πράξειν [59a] εἶπερ τις πώποτε καὶ ἄλλος. διὰ δὴ ταῦτα οὐδὲν πάνυ
μοι ἐλείπον εἰσῆι, ὥς εἰκὸς ἂν δόξειεν εἶναι παρόντι πένθει, οὔτε αὖ

ἡδονὴ ὡς ἐν φιλοσοφίᾳ ἡμῶν ὄντων ὥσπερ εἰώθεμεν — καὶ γὰρ οἱ λόγοι τοιοῦτοί τινες ἦσαν — ἀλλ' ἀτεχνῶς ἄτοπόν τί μοι πάθος παρῆν καὶ τις ἀήθης κρᾶσις ἀπὸ τε τῆς ἡδονῆς συγκεκραμένη ὁμοῦ καὶ ἀπὸ τῆς λύπης, ἐνθυμουμένῳ ὅτι αὐτίκα ἐκεῖνος ἔμελλε τελευτᾶν. καὶ πάντες οἱ παρόντες σχεδόν τι οὕτω διεκείμεθα, τοτὲ μὲν γελῶντες, ἐνίστε δὲ δακρύοντες, εἷς δὲ ἡμῶν καὶ διαφερόντως, Ἀπολλόδωρος — [59b] οἶσθα γάρ που τὸν ἄνδρα καὶ τὸν τρόπον αὐτοῦ.

Ἐχεκράτης

πῶς γὰρ οὐ;

Φαίδων

ἐκεῖνός τε τοίνυν παντάπασιν οὕτως εἶχεν, καὶ αὐτὸς ἔγωγε ἐτεταράγμην καὶ οἱ ἄλλοι.

Ἐχεκράτης

ἔτυχον δέ, ὦ Φαίδων, τίνες παραγενόμενοι;

Φαίδων

οὗτός τε δὴ ὁ Ἀπολλόδωρος τῶν ἐπιχωρίων παρῆν καὶ Κριτόβουλος καὶ ὁ πατήρ αὐτοῦ καὶ ἔτι Ἑρμογένης καὶ Ἐπιγένης καὶ Αἰσχίνης καὶ Ἀντισθένης· ἦν δὲ καὶ Κτήσιππος ὁ Παιανιεὺς καὶ Μενέξενος καὶ ἄλλοι τινὲς τῶν ἐπιχωρίων. Πλάτων δὲ οἶμαι ἠσθένει.

Ἐχεκράτης

ξένοι δέ τινες παρῆσαν;

Φαίδων

[59c] ναί, Συμμίας τέ γε ὁ Θηβαῖος καὶ Κέβης καὶ Φαιδώνδης καὶ Μεγαρόθεν Εὐκλείδης τε καὶ Τερψίων.

Ἐχεκράτης

τί δέ; Ἀρίστιππος καὶ Κλεόμβροτος παρεγένοντο;

Φαίδων

οὐ δῆτα· ἐν Αἰγίνῃ γὰρ ἐλέγοντο εἶναι.

Ἐχεκράτης

ἄλλος δέ τις παρῆν;

Φαίδων

σχεδόν τι οἶμαι τούτους παραγενέσθαι.

Ἐχεκράτης

τί οὖν δῆ; τίνες φῆς ἦσαν οἱ λόγοι;

Φαίδων

ἐγὼ σοι ἐξ ἀρχῆς πάντα πειράσομαι διηγήσασθαι. [59d] ἀεὶ γὰρ δὴ καὶ τὰς πρόσθεν ἡμέρας εἰώθεμεν φοιτᾶν καὶ ἐγὼ καὶ οἱ ἄλλοι παρὰ τὸν Σωκράτη, συλλεγόμενοι ἔωθεν εἰς τὸ δικαστήριον ἐν ᾧ καὶ ἡ δίκη ἐγένετο· πλησίον γὰρ ἦν τοῦ δεσμοτηρίου. περιεμένομεν οὖν ἐκάστοτε ἕως ἀνοιχθεῖν τὸ δεσμοτήριον, διατρίβοντες μετ' ἀλλήλων, ἀνεώγετο γὰρ οὐ πρῶ· ἐπειδὴ δὲ ἀνοιχθεῖν, εἰσῆμεν παρὰ τὸν Σωκράτη καὶ τὰ πολλὰ διημερεύομεν μετ' αὐτοῦ. καὶ δὴ καὶ τότε πρῶταίτερον συνελέγημεν· τῇ γὰρ προτεραίᾳ [ἡμέρᾳ] [59e] ἐπειδὴ ἐξήλθομεν ἐκ τοῦ δεσμοτηρίου ἐσπέρας, ἐπυθόμεθα ὅτι τὸ πλοῖον ἐκ Δήλου ἀφιγμένον εἴη. παρηγγεῖλαμεν οὖν ἀλλήλοις ἡκεῖν ὥς πρῶταίτατα εἰς τὸ εἰωθός. καὶ ἤκομεν καὶ ἡμῖν ἐξελθὼν ὁ θυρωρός, ὅσπερ εἰώθει ὑπακούειν, εἶπεν περιμένειν καὶ μὴ πρότερον παριέναι ἕως ἂν αὐτὸς κελεύσῃ· “λύουσι γάρ”, ἔφη, “οἱ ἔνδεκα Σωκράτη καὶ παραγγέλλουσιν ὅπως ἂν τῇδε τῇ ἡμέρᾳ τελευτᾷ”. οὐ πολὺν δ' οὖν χρόνον ἐπισχὼν ἤκεν καὶ ἐκέλευεν ἡμᾶς εἰσιέναι. εἰσιόντες οὖν [60a] κατελαμβάνομεν τὸν μὲν Σωκράτη ἄρτι λελυμένον, τὴν δὲ Ξανθίππην — γινώσκεις γάρ — ἔχουσάν τε τὸ παιδίον αὐτοῦ καὶ παρακαθημένην. ὥς οὖν εἶδεν ἡμᾶς ἡ Ξανθίππη, ἀνηυφήμησέ τε καὶ τοιαῦτ' ἄττα εἶπεν, οἷα δὴ εἰώθασιν αἱ γυναῖκες, ὅτι “ὦ Σώκρατες, ὕστατον δὴ σε προσεροῦσι νῦν οἱ ἐπιτήδειοι καὶ σὺ τούτους”. καὶ ὁ Σωκράτης βλέψας εἰς τὸν Κρίτωνα, “ὦ Κρίτων”, ἔφη, “ἀπαγέτω τις αὐτὴν οἶκαδε”.

καὶ ἐκείνην μὲν ἀπῆγόν τινες τῶν τοῦ Κρίτωνος βοῶσάν [60b] τε καὶ κοπτομένην· ὁ δὲ Σωκράτης ἀνακατιζόμενος εἰς τὴν κλίνην συνέκαμψέ τε τὸ σκέλος καὶ ἐξέτριψε τῇ χειρί, καὶ τρίβων ἅμα, ὥς ἄτοπον, ἔφη, ὦ ἄνδρες, εἰσὶν οἱ ἐπὶ τοῦτο ὁ καλοῦσιν οἱ ἄνθρωποι ἡδύ· ὥς θαυμασίως πέφυκε πρὸς τὸ δοκοῦν ἐναντίον εἶναι, τὸ λυπηρόν, τὸ ἅμα μὲν αὐτῷ μὴ ἔλαιν παραγίγνεσθαι τῷ ἄνθρωπῳ, ἐὰν δὲ τις διώκῃ τὸ ἕτερον καὶ λαμβάνῃ, σχεδόν τι ἀναγκάζεσθαι ἀεὶ λαμβάνειν καὶ τὸ ἕτερον, ὅσπερ ἐκ μιᾶς κορυφῆς ἡμμένῳ [60c] δύ’

όντε. καί μοι δοκεῖ, ἔφη, εἰ ἐνενόησεν αὐτὰ Αἰσωπος, μῦθον ἂν συνθεῖναι ὥς ὁ θεὸς βουλόμενος αὐτὰ διαλλάξαι πολεμοῦντα, ἐπειδὴ οὐκ ἐδύνατο, συνῆψεν εἰς ταὐτὸν αὐτοῖς τὰς κορυφάς, καὶ διὰ ταῦτα ὧ ἂν τὸ ἕτερον παραγένηται ἐπακολουθεῖ ὕστερον καὶ τὸ ἕτερον. ὥσπερ οὖν καὶ αὐτῷ μοι ἔοικεν· ἐπειδὴ ὑπὸ τοῦ δεσμοῦ ἦν ἐν τῷ σκέλει τὸ ἀλγαινόν, ἦκειν δὴ φαίνεται ἐπακολουθοῦν τὸ ἡδύ.

ὁ οὖν Κέβης ὑπολαβόν, νῆ τὸν Δία, ὧ Σώκρατες, ἔφη, εὖ γ' ἐποίησας ἀναμνήσας με. περὶ γάρ τοι τῶν [60d] ποιημάτων ὧν πεποίηκας ἐντέINAS τοὺς τοῦ Αἰσώπου λόγους καὶ τὸ εἰς τὸν Ἀπόλλω προοίμιον καὶ ἄλλοι τινές με ἤδη ἤροντο, ἀτὰρ καὶ Εὐήνος πρῶην, ὅτι ποτὲ διανοηθεῖς, ἐπειδὴ δεῦρο ἦλθες, ἐποίησας αὐτά, πρότερον οὐδὲν πώποτε ποιήσας. εἰ οὖν τί σοι μέλει τοῦ ἔχειν ἐμὲ Εὐήνω ἀποκρίνασθαι ὅταν με αὖτις ἐρωτᾷ — εὖ οἶδα γὰρ ὅτι ἐρήσεται — εἰπὲ τί χρὴ λέγειν.

λέγε τοίνυν, ἔφη, αὐτῷ, ὧ Κέβης, τάληθῃ, ὅτι οὐκ ἐκείνῳ βουλόμενος οὐδὲ τοῖς ποιήμασιν αὐτοῦ ἀντίτεχνος [60e] εἶναι ἐποίησα ταῦτα — ἤδη γὰρ ὥς οὐ ῥάδιον εἶη — ἀλλ' ἐνυπνίων τινῶν ἀποπειρώμενος τί λέγοι, καὶ ἀφοσιούμενος εἰ ἄρα πολλάκις ταύτην τὴν μουσικὴν μοι ἐπιτάττοι ποιεῖν. ἦν γὰρ δὴ ἅττα τοιάδε· πολλάκις μοι φοιτῶν τὸ αὐτὸ ἐνύπνιον ἐν τῷ παρελθόντι βίῳ, ἄλλοτ' ἐν ἄλλῃ ὄψει φαινόμενον, τὰ αὐτὰ δὲ λέγον, “ὧ Σώκρατες”, ἔφη, “μουσικὴν ποίει καὶ ἐργάζου”. καὶ ἐγὼ ἔν γε τῷ πρόσθεν χρόνῳ ὅπερ ἔπραττον τοῦτο ὑπελάμβανον αὐτό μοι παρακελεύεσθαι τε [61a] καὶ ἐπικελεύειν, ὥσπερ οἱ τοῖς θεοῦσι διακελευόμενοι, καὶ ἐμοὶ οὕτω τὸ ἐνύπνιον ὅπερ ἔπραττον τοῦτο ἐπικελεύειν, μουσικὴν ποιεῖν, ὥς φιλοσοφίας μὲν οὔσης μεγίστης μουσικῆς, ἐμοῦ δὲ τοῦτο πράττοντος. νῦν δ' ἐπειδὴ ἡ τε δίκη ἐγένετο καὶ ἡ τοῦ θεοῦ ἐορτὴ διεκώλυέ με ἀποθνήσκειν, ἔδοξε χρῆναι, εἰ ἄρα πολλάκις μοι προστάττοι τὸ ἐνύπνιον ταύτην τὴν δημόδῃ μουσικὴν ποιεῖν, μὴ ἀπειθῆσαι αὐτῷ ἀλλὰ ποιεῖν· ἀσφαλέστερον γὰρ εἶναι μὴ ἀπιέναι πρὶν ἀφοσιώσασθαι [61b] ποιήσαντα ποιήματα [καὶ] πιθόμενον τῷ ἐνυπνίῳ. οὕτω δὴ πρῶτον μὲν εἰς τὸν θεὸν ἐποίησα οὗ ἦν ἡ παροῦσα θυσία· μετὰ δὲ τὸν θεόν, ἐννοήσας ὅτι τὸν ποιητὴν δέοι, εἴπερ μέλλοι ποιητὴς εἶναι, ποιεῖν μύθους ἀλλ' οὐ λόγους, καὶ αὐτὸς οὐκ ἦ μυθολογικός, διὰ ταῦτα δὴ οὓς προχείρους εἶχον μύθους καὶ

ἡπιστάμην τοὺς Αἰσώπου, τούτων ἐποίησα οἷς πρώτοις ἐνέτυχον. ταῦτα οὖν, ὦ Κέβης, Εὐήνω φράζε, καὶ ἐρῶσθαι καί, ἂν σωφρονῇ, ἐμὲ διώκειν ὡς τάχιστα. [61c] ἅπειμι δέ, ὡς ἔοικε, τήμερον· κελεύουσι γὰρ Ἀθηναῖοι.

καὶ ὁ Σιμμίας, οἷον παρακελεύη, ἔφη, τοῦτο, ὦ Σώκρατες, Εὐήνω. πολλὰ γὰρ ἤδη ἐντετύχηκα τῷ ἀνδρί· σχεδὸν οὖν ἐξ ὧν ἐγὼ ἥσθημαι οὐδ' ὅπωςτιοῦν σοι ἐκὼν εἶναι πείσεται.

τί δέ; ἦ δ' ὅς, οὐ φιλόσοφος Εὐήνος;

ἔμοιγε δοκεῖ, ἔφη ὁ Σιμμίας.

ἐθελήσει τοίνυν καὶ Εὐήνος καὶ πᾶς ὅτῳ ἀξίως τούτου τοῦ πράγματος μέτεστιν. οὐ μέντοι ἴσως βιάσεται αὐτόν· οὐ γὰρ φασὶ θεμιτὸν εἶναι. καὶ ἅμα λέγων ταῦτα καθῆκε [61d] τὰ σκέλη ἐπὶ τὴν γῆν, καὶ καθεζόμενος οὕτως ἤδη τὰ λοιπὰ διελέγετο.

ἦρετο οὖν αὐτὸν ὁ Κέβης· πῶς τοῦτο λέγεις, ὦ Σώκρατες, τὸ μὴ θεμιτὸν εἶναι ἑαυτὸν βιάζεσθαι, ἐθέλειν δ' ἂν τῷ ἀποθνήσκοντι τὸν φιλόσοφον ἔπεσθαι;

τί δέ, ὦ Κέβης; οὐκ ἀκηκόατε σύ τε καὶ Σιμμίας περὶ τῶν τοιούτων Φιλολάφ συγγεγονότες;

οὐδέν γε σαφές, ὦ Σώκρατες.

ἀλλὰ μὴν καὶ ἐγὼ ἐξ ἀκοῆς περὶ αὐτῶν λέγω· ἃ μὲν οὖν τυγχάνω ἀκηκοὼς φθόνος οὐδεὶς λέγειν. καὶ γὰρ ἴσως [61e] καὶ μάλιστα πρέπει μέλλοντα ἐκεῖσε ἀποδημεῖν διασκοπεῖν τε καὶ μυθολογεῖν περὶ τῆς ἀποδημίας τῆς ἐκεῖ, ποίαν τινὰ αὐτὴν οἴομεθα εἶναι· τί γὰρ ἂν τις καὶ ποιοῖ ἄλλο ἐν τῷ μέχρῃ ἡλίου δυσμῶν χρόνῳ;

κατὰ τί δὴ οὖν ποτε οὐ φασὶ θεμιτὸν εἶναι αὐτὸν ἑαυτὸν ἀποκτείνουσαι, ὦ Σώκρατες; ἤδη γὰρ ἔγωγε, ὅπερ νυνδὴ σὺ ἤρου, καὶ Φιλολάου ἤκουσα, ὅτε παρ' ἡμῖν διητᾶτο, ἤδη δὲ καὶ ἄλλων τινῶν, ὡς οὐ δέοι τοῦτο ποιεῖν· σαφές δὲ περὶ αὐτῶν οὐδενὸς πώποτε οὐδὲν ἀκήκοα. [62a] ἀλλὰ προθυμεῖσθαι χρή, ἔφη· τάχα γὰρ ἂν καὶ ἀκούσαις. ἴσως μέντοι θαυμαστόν σοι φανεῖται εἰ τοῦτο μόνον τῶν ἄλλων ἀπάντων ἀπλοῦν ἐστίν, καὶ οὐδέποτε τυγχάνει τῷ ἀνθρώπῳ,

ὥσπερ καὶ τᾷλλα, ἔστιν ὅτε καὶ οἷς βέλτιον <ὄν> τεθνάναι ἢ ζῆν, οἷς δὲ βέλτιον τεθνάναι, θαυμαστὸν ἴσως σοι φαίνεται εἰ τούτοις τοῖς ἀνθρώποις μὴ ὅσιον αὐτοὺς ἑαυτοὺς εὖ ποιεῖν, ἀλλὰ ἄλλον δεῖ περιμένειν εὐεργέτην.

καὶ ὁ Κέβης ἡρέμα ἐπιγελάσας, Ἰττω Ζεὺς, ἔφη, τῇ αὐτοῦ φωνῇ εἰπών.

[62b] καὶ γὰρ ἂν δόξειεν, ἔφη ὁ Σωκράτης, οὕτω γ' εἶναι ἄλογον· οὐ μέντοι ἀλλ' ἴσως γ' ἔχει τινὰ λόγον. ὁ μὲν οὖν ἐν ἀπορρήτοις λεγόμενος περὶ αὐτῶν λόγος, ὥς ἐν τινι φρουρᾷ ἔσμεν οἱ ἄνθρωποι καὶ οὐ δεῖ δὴ ἑαυτὸν ἐκ ταύτης λύειν οὐδ' ἀποδιδράσκειν, μέγας τέ τίς μοι φαίνεται καὶ οὐ ῥάδιος διδεῖν· οὐ μέντοι ἀλλὰ τόδε γέ μοι δοκεῖ, ὦ Κέβης, εὖ λέγεσθαι, τὸ θεοὺς εἶναι ἡμῶν τοὺς ἐπιμελουμένους καὶ ἡμᾶς τοὺς ἀνθρώπους ἐν τῶν κτημάτων τοῖς θεοῖς εἶναι. ἢ σοὶ οὐ δοκεῖ οὕτως;

ἔμοιγε, φησὶν ὁ Κέβης.

[62c] οὐκοῦν, ἦ δ' ὅς, καὶ σὺ ἂν τῶν σαυτοῦ κτημάτων εἴ τι αὐτὸ ἑαυτὸ ἀποκτείνουι, μὴ σημήναντός σου ὅτι βούλει αὐτὸ τεθνάναι, χαλεπαίνεις ἂν αὐτῷ καί, εἴ τινα ἔχοις τιμωρίαν, τιμωροῖο ἄν;

πάνυ γ', ἔφη.

ἴσως τοίνυν ταύτῃ οὐκ ἄλογον μὴ πρότερον αὐτὸν ἀποκτείνουναί δεῖν, πρὶν ἀνάγκην τινὰ θεοῦ ἐπιτέμψη, ὥσπερ καὶ τὴν νῦν ἡμῖν παροῦσαν.

ἀλλ' εἰκός, ἔφη ὁ Κέβης, τοῦτό γε φαίνεται. ὁ μέντοι νυνδὴ ἔλεγες, τὸ τοὺς φιλοσόφους ῥαδίως ἂν ἐθέλειν [62d] ἀποθνήσκειν, ἔοικεν τοῦτο, ὦ Σώκρατες, ἀτόπω, εἴπερ ὁ νυνδὴ ἐλέγομεν εὐλόγως ἔχει, τὸ θεόν τε εἶναι τὸν ἐπιμελούμενον ἡμῶν καὶ ἡμᾶς ἐκείνου κτήματα εἶναι. τὸ γὰρ μὴ ἀγανακτεῖν τοὺς φρονιμωτάτους ἐκ ταύτης τῆς θεραπείας ἀπιόντας, ἐν ᾗ ἐπιστατοῦσιν αὐτῶν οἵπερ ἄριστοὶ εἰσιν τῶν ὄντων ἐπιστάται, θεοί, οὐκ ἔχει λόγον· οὐ γάρ που αὐτός γε αὐτοῦ οἶται ἄμεινον ἐπιμελήσεσθαι ἐλεύθερος γενόμενος. ἀλλ' ἀνόητος μὲν ἄνθρωπος τάχ' ἂν οἰηθεῖ ταῦτα, φευκτέον [62e] εἶναι ἀπὸ τοῦ δεσπότου, καὶ οὐκ ἂν λογίζοιτο ὅτι οὐ δεῖ ἀπὸ γε τοῦ ἀγαθοῦ

φεύγειν ἀλλ' ὅτι μάλιστα παραμένειν, διὸ ἀλογίστως ἂν φεύγοι· ὁ δὲ νοῦν ἔχων ἐπιθυμοῖ που ἂν αἰεὶ εἶναι παρὰ τῷ αὐτοῦ βελτίονι. καίτοι οὕτως, ὃ Σώκρατες, τὸναντίον εἶναι εἰκὸς ἢ ὁ νυνδὴ ἐλέγετο· τοὺς μὲν γὰρ φρονίμους ἀγανακτεῖν ἀποθνήσκοντας πρέπει, τοὺς δὲ ἄφρονας χαίρειν.

ἀκούσας οὖν ὁ Σωκράτης ἡσθῆναί τε μοι ἔδοξε τῇ τοῦ [63a] κέβητος πραγματεία, καὶ ἐπιβλέψας εἰς ἡμᾶς, αἰεὶ τοι, ἔφη, [ὁ] Κέβης λόγους τινὰς ἀνερευνᾷ, καὶ οὐ πάνυ εὐθέως ἐθέλει πείθεσθαι ὅτι ἂν τις εἴπῃ.

καὶ ὁ Σιμμίας, ἀλλὰ μὴν, ἔφη, ὃ Σώκρατες, νῦν γέ μοι δοκεῖ τι καὶ αὐτῷ λέγειν Κέβης· τί γὰρ ἂν βουλόμενοι ἄνδρες σοφοὶ ὥς ἀληθῶς δεσπότης ἀμείνους αὐτῶν φεύγοιεν καὶ ῥαδίως ἀπαλλάττοιεντο αὐτῶν; καὶ μοι δοκεῖ Κέβης εἰς σὲ τείνειν τὸν λόγον, ὅτι οὕτω ῥαδίως φέρεις καὶ ἡμᾶς ἀπολείπων καὶ ἄρχοντας ἀγαθοὺς, ὥς αὐτὸς ὁμολογεῖς, θεοὺς.

[63b] δίκαια, ἔφη, λέγετε· οἶμαι γὰρ ὑμᾶς λέγειν ὅτι χρή με πρὸς ταῦτα ἀπολογήσασθαι ὥσπερ ἐν δικαστηρίῳ.

πάνυ μὲν οὖν, ἔφη ὁ Σιμμίας.

φέρει δὴ, ἣ δ' ὅς, πειραθῶ πιθανώτερον πρὸς ὑμᾶς ἀπολογήσασθαι ἢ πρὸς τοὺς δικαστάς. ἐγὼ γάρ, ἔφη, ὃ Σιμμία τε καὶ Κέβης, εἰ μὲν μὴ ὥμην ἤξειν πρῶτον μὲν παρὰ θεοὺς ἄλλους σοφούς τε καὶ ἀγαθοὺς, ἔπειτα καὶ παρ' ἀνθρώπους τετελευτηκότας ἀμείνους τῶν ἐνθάδε, ἡδίκουν ἂν οὐκ ἀγανακτῶν τῷ θανάτῳ· νῦν δὲ εὖ ἴστε ὅτι παρ' [63c] ἄνδρας τε ἐλπίζω ἀφίξεσθαι ἀγαθοὺς — καὶ τοῦτο μὲν οὐκ ἂν πάνυ δισχυρισαίμην — ὅτι μέντοι παρὰ θεοὺς δεσπότης πάνυ ἀγαθοὺς ἤξειν, εὖ ἴστε ὅτι εἶπερ τι ἄλλο τῶν τοιούτων δισχυρισαίμην ἂν καὶ τοῦτο. ὥστε διὰ ταῦτα οὐχ ὁμοίως ἀγανακτῶ, ἀλλ' εὐελπίς εἰμι εἶναι τι τοῖς τετελευτηκόσι καί, ὥσπερ γε καὶ πάλαι λέγεται, πολὺ ἄμεινον τοῖς ἀγαθοῖς ἢ τοῖς κακοῖς.

τί οὖν, ἔφη ὁ Σιμμίας, ὃ Σώκρατες; αὐτὸς ἔχων τὴν διάνοιαν ταύτην ἐν νῷ ἔχεις ἀπιέναι, ἢ κἂν ἡμῖν μεταδοίης; [63d] κοινὸν γὰρ δὴ ἔμοιγε δοκεῖ καὶ ἡμῖν εἶναι ἀγαθὸν τοῦτο, καὶ ἅμα σοι ἡ ἀπολογία ἔσται, ἐὰν ἅπερ λέγεις ἡμᾶς πείσης.

ἀλλὰ πειράσομαι, ἔφη. πρῶτον δὲ Κρίτωνα τόνδε σκεψώμεθα τί ἐστὶν ὃ βούλεσθαί μοι δοκεῖ πάλαι εἰπεῖν.

τί δέ, ὦ Σώκρατες, ἔφη ὁ Κρίτων, ἄλλο γε ἢ πάλαι μοι λέγει ὁ μέλλων σοι δώσειν τὸ φάρμακον ὅτι χρή σοι φράζειν ὡς ἐλάχιστα διαλέγεσθαι; φησὶ γὰρ θερμαίνεσθαι μᾶλλον διαλεγομένους, δεῖν δὲ οὐδὲν τοιοῦτον προσφέρειν [63e] τῷ φαρμάκῳ· εἰ δὲ μή, ἐνίστε ἀναγκάζεσθαι καὶ δις καὶ τρίς πίνειν τοὺς τι τοιοῦτον ποιοῦντας.

καὶ ὁ Σωκράτης, ἔα, ἔφη, χαίρειν αὐτόν· ἀλλὰ μόνον τὸ ἑαυτοῦ παρασκευάζετω ὡς καὶ δις δώσων, ἐὰν δὲ δέῃ, καὶ τρίς.

ἀλλὰ σχεδὸν μὲν τι ἤδη, ἔφη ὁ Κρίτων· ἀλλὰ μοι πάλαι πράγματα παρέχει.

ἔα αὐτόν, ἔφη. ἀλλ' ὑμῖν δὴ τοῖς δικασταῖς βούλομαι ἤδη τὸν λόγον ἀποδοῦναι, ὥς μοι φαίνεται εἰκότως ἀνὴρ τῷ ὄντι ἐν φιλοσοφίᾳ διατρίψας τὸν βίον θάρρεῖν μέλλων [64a] ἀποθανεῖσθαι καὶ εὐελπὶς εἶναι ἐκεῖ μέγιστα οἶσεσθαι ἀγαθὰ ἐπειδὴν τελευτήσῃ. πῶς ἂν οὖν δὴ τοῦθ' οὕτως ἔχοι, ὦ Σιμμία τε καὶ Κέβης, ἐγὼ πειράσομαι φράσαι.

κινδυνεύουσι γὰρ ὅσοι τυγχάνουσιν ὀρθῶς ἀπτόμενοι φιλοσοφίας λεληθέναι τοὺς ἄλλους ὅτι οὐδὲν ἄλλο αὐτοῖ ἐπιτηδεύουσιν ἢ ἀποθνήσκεν τε καὶ τεθνάναι. εἰ οὖν τοῦτο ἀληθές, ἄτοπον δήπου ἂν εἶη προθυμεῖσθαι μὲν ἐν παντὶ τῷ βίῳ μηδὲν ἄλλο ἢ τοῦτο, ἥκοντος δὲ δὴ αὐτοῦ ἀγανακτεῖν ὃ πάλαι προθυμοῦντό τε καὶ ἐπετήδευον.

καὶ ὁ Σιμμίας γελάσας, νῆ τὸν Δία, ἔφη, ὦ Σώκρατες, [64b] οὐ πάνυ γέ με νυνδὴ γελασεῖοντα ἐποίησας γελάσαι. οἶμαι γὰρ ἂν τοὺς πολλοὺς αὐτὸ τοῦτο ἀκούσαντας δοκεῖν εὖ πάνυ εἰρησθαι εἰς τοὺς φιλοσοφοῦντας — καὶ συμφάναι ἂν τοὺς μὲν παρ' ἡμῖν ἀνθρώπους καὶ πάνυ — ὅτι τῷ ὄντι οἱ φιλοσοφοῦντες θανατῶσι, καὶ σφᾶς γε οὐ λεληθασιν ὅτι ἄξιοί εἰσιν τοῦτο πάσχειν.

καὶ ἀληθῇ γ' ἂν λέγοιεν, ὦ Σιμμία, πλὴν γε τοῦ σφᾶς μὴ λεληθέναι. λέληθεν γὰρ αὐτοὺς ἢ τε θανατῶσι καὶ ἢ ἄξιοί εἰσιν θανάτου καὶ οἷου θανάτου οἱ ὡς ἀληθῶς φιλόσοφοι. [64c] εἵπωμεν γάρ, ἔφη, πρὸς ἡμᾶς αὐτούς, χαίρειν εἰπόντες ἐκείνοις· ἡγούμεθά τι τὸν θάνατον εἶναι;

πάνυ γε, ἔφη ὑπολαβὼν ὁ Σιμμίας.

ἄρα μὴ ἄλλο τι ἢ τὴν τῆς ψυχῆς ἀπὸ τοῦ σώματος ἀπαλλαγὴν; καὶ εἶναι τοῦτο τὸ τεθνάναι, χωρὶς μὲν ἀπὸ τῆς ψυχῆς ἀπαλλαγὴν αὐτὸ καθ' αὐτὸ τὸ σῶμα γεγονέναι, χωρὶς δὲ τὴν ψυχὴν [ἀπὸ] τοῦ σώματος ἀπαλλαγεῖσαν αὐτὴν καθ' αὐτὴν εἶναι; ἄρα μὴ ἄλλο τι ἢ ὁ θάνατος ἢ τοῦτο;

οὐκ, ἀλλὰ τοῦτο, ἔφη.

σκέψαι δὴ, ὠγαθέ, ἐὰν ἄρα καὶ σοὶ συνδοκῇ ἅπερ ἐμοί· [64d] ἐκ γὰρ τούτων μᾶλλον οἶμαι ἡμᾶς εἴσεσθαι περὶ ὧν σκοποῦμεν. φαίνεται σοι φιλοσόφου ἀνδρὸς εἶναι ἐσπουδακέναι περὶ τὰς ἡδονὰς καλουμένας τὰς τοιάσδε, οἷον σιτίων [τε} } καὶ ποτῶν;

ἥκιστα, ὦ Σώκρατες, ἔφη ὁ Σιμμίας.

τί δὲ τὰς τῶν ἀφροδισίων;

οὐδαμῶς.

τί δὲ τὰς ἄλλας τὰς περὶ τὸ σῶμα θεραπείας; δοκεῖ σοι ἐντίμους ἡγεῖσθαι ὁ τοιοῦτος; οἷον ἱματίων διαφερόντων κτήσεις καὶ ὑποδημάτων καὶ τοὺς ἄλλους καλλωπισμοὺς τοὺς περὶ τὸ σῶμα πότερον τιμᾶν δοκεῖ σοι ἢ ἀτιμάζειν, [64e] καθ' ὅσον μὴ πολλὴ ἀνάγκη μετέχειν αὐτῶν;

ἀτιμάζειν ἔμοιγε δοκεῖ, ἔφη, ὅ γε ὡς ἀληθῶς φιλόσοφος.

οὐκοῦν ὅλως δοκεῖ σοι, ἔφη, ἢ τοῦ τοιούτου πραγματεία οὐ περὶ τὸ σῶμα εἶναι, ἀλλὰ καθ' ὅσον δύναται ἀφεστάναι αὐτοῦ, πρὸς δὲ τὴν ψυχὴν τετράφθαι;

ἔμοιγε.

ἄρ' οὖν πρῶτον μὲν ἐν τοῖς τοιούτοις δηλὸς ἐστὶν ὁ [65a] φιλόσοφος ἀπολύων ὅτι μάλιστα τὴν ψυχὴν ἀπὸ τῆς τοῦ σώματος κοινωνίας διαφερόντως τῶν ἄλλων ἀνθρώπων;

φαίνεται.

καὶ δοκεῖ γέ που, ὦ Σιμμία, τοῖς πολλοῖς ἀνθρώποις ὅ μὴδὲν ἢδὺ τῶν τοιούτων μὴδὲ μετέχει αὐτῶν οὐκ ἄξιον εἶναι ζῆν, ἀλλ' ἐγγύς τι τείνειν τοῦ τεθνάναι ὁ μὴδὲν φροντίζων τῶν ἡδονῶν αἰ διὰ τοῦ σώματός εἰσιν.

πάνυ μὲν οὖν ἀληθῆ λέγεις.

τί δὲ δὴ περὶ αὐτὴν τὴν τῆς φρονήσεως κτῆσιν; πότερον ἐμπόδιον τὸ σῶμα ἢ οὐ, ἐάν τις αὐτὸ ἐν τῇ ζητήσει [65b] κοινωνὸν συμπααραλαμβάνῃ; οἷον τὸ τοιόνδε λέγω· ἄρα ἔχει ἀλήθειάν τινα ὅψις τε καὶ ἀκοή τοῖς ἀνθρώποις, ἢ τά γε τοιαῦτα καὶ οἱ ποιεῖται ἡμῖν ἀεὶ θρυλοῦσιν, ὅτι οὐτ' ἀκούομεν ἀκριβὲς οὐδὲν οὔτε ὁρῶμεν; καίτοι εἰ αὗται τῶν περὶ τὸ σῶμα αἰσθήσεων μὴ ἀκριβεῖς εἰσιν μὴδὲ σαφεῖς, σχολῇ αἰ γε ἄλλαι· πᾶσαι γάρ που τούτων φαυλότεραί εἰσιν. ἢ σοὶ οὐ δοκοῦσιν;

πάνυ μὲν οὖν, ἔφη.

πότε οὖν, ἢ δ' ὅς, ἡ ψυχὴ τῆς ἀληθείας ἄπτεται; ὅταν μὲν γὰρ μετὰ τοῦ σώματος ἐπιχειρῇ τι σκοπεῖν, δηλὸν ὅτι τότε ἐξαπατᾶται ὑπ' αὐτοῦ.

[65c] ἀληθῆ λέγεις.

ἄρ' οὖν οὐκ ἐν τῷ λογίζεσθαι εἴπερ που ἄλλοθι κατάδηλον αὐτῇ γίγνεται τι τῶν ὄντων;

ναί.

λογίζεται δέ γέ που τότε κάλλιστα, ὅταν αὐτὴν τούτων μὴδὲν παραλυπῇ, μήτε ἀκοή μήτε ὅψις μήτε ἀλγηδὼν μὴδὲ τις ἡδονή, ἀλλ' ὅτι μάλιστα αὐτὴ καθ' αὐτὴν γίγνηται ἐῷσα χαίρειν τὸ σῶμα, καὶ καθ' ὅσον δύναται μὴ κοινωνοῦσα αὐτῷ μὴδ' ἀπτομένη ὁρέγεται τοῦ ὄντος.

ἔστι ταῦτα.

οὐκοῦν καὶ ἐνταῦθα ἢ τοῦ φιλοσόφου ψυχὴ μάλιστα [65d] ἀτιμάζει τὸ σῶμα καὶ φεύγει ἀπ' αὐτοῦ, ζητεῖ δὲ αὐτὴ καθ' αὐτὴν γίνεσθαι;

φαίνεται.

τί δὲ δὴ τὰ τοιάδε, ὦ Σιμμία; φαμέν τι εἶναι δίκαιον αὐτὸ ἢ οὐδέν;
φαμέν μέντοι νῆ Δία.

καὶ αὖ καλόν γέ τι καὶ ἀγαθόν;

πῶς δ' οὐ;

ἤδη οὖν πάποτε τι τῶν τοιούτων τοῖς ὀφθαλμοῖς εἶδες;

οὐδαμῶς, ἦ δ' ὅς.

ἀλλ' ἄλλη τινὶ αἰσθήσει τῶν διὰ τοῦ σώματος ἐφήψω αὐτῶν; λέγω δὲ
περὶ πάντων, οἷον μεγέθους πέρι, ὑγιείας, ἰσχύος, καὶ τῶν ἄλλων ἐνὶ
λόγῳ ἀπάντων τῆς οὐσίας ὃ [65e] τυγχάνει ἕκαστον ὄν· ἄρα διὰ τοῦ
σώματος αὐτῶν τὸ ἀληθέστατον θεωρεῖται, ἢ ὧδε ἔχει· ὅς ἂν
μάλιστα ἡμῶν καὶ ἀκριβέστατα παρασκευάσῃται αὐτὸ ἕκαστον
διανοηθῆναι περὶ οὗ σκοπεῖ, οὗτος ἂν ἐγγύτατα ἴοι τοῦ γινῶναι
ἕκαστον;

πάνυ μὲν οὖν.

ἄρ' οὖν ἐκεῖνος ἂν τοῦτο ποιήσειεν καθαρώτατα ὅστις ὅτι μάλιστα
αὐτῇ τῇ διανοίᾳ ἴοι ἐφ' ἕκαστον, μήτε τιν' ὅπιν παρατιθέμενος ἐν τῷ
διανοεῖσθαι μήτε [τινὰ] ἄλλην [66a] αἰσθησιν ἐφέλκων μηδεμίαν
μετὰ τοῦ λογισμοῦ, ἀλλ' αὐτῇ καθ' αὐτὴν εἰλικρινεῖ τῇ διανοίᾳ
χρώμενος αὐτὸ καθ' αὐτὸ εἰλικρινές ἕκαστον ἐπιχειροῖ θηρεύειν τῶν
ὄντων, ἀπαλλαγείς ὅτι μάλιστα ὀφθαλμῶν τε καὶ ὧτων καὶ ὥς ἔπος
εἰπεῖν σύμπαντος τοῦ σώματος, ὥς ταράττοντος καὶ οὐκ ἐῶντος τὴν
ψυχὴν κτήσασθαι ἀλήθειάν τε καὶ φρόνησιν ὅταν κοινωνῇ; ἄρ' οὐχ
οὗτός ἐστιν, ὦ Σιμμία, εἴπερ τις [καὶ] ἄλλος ὁ τευξόμενος τοῦ ὄντος;

ὑπερφυῶς, ἔφη ὁ Σιμμία, ὥς ἀληθῆ λέγεις, ὦ Σώκρατες.

[66b] οὐκοῦν ἀνάγκη, ἔφη, ἐκ πάντων τούτων παρίστασθαι δόξαν
τοιάνδε τινὰ τοῖς γνησίως φιλοσόφοις, ὥστε καὶ πρὸς ἀλλήλους
τοιαῦτα ἅττα λέγειν, ὅτι “κινδυνεύει τοι ὥσπερ ἀτραπὸς τις ἐκφέρειν
ἡμᾶς [μετὰ τοῦ λόγου ἐν τῇ σκέψει], ὅτι, ἔως ἂν τὸ σῶμα ἔχωμεν καὶ
συμπεφυρμένη ἢ ἡμῶν ἡ ψυχὴ μετὰ τοιούτου κακοῦ, οὐ μὴ ποτε
κτησώμεθα ἱκανῶς οὗ ἐπιθυμοῦμεν· φαμέν δὲ τοῦτο εἶναι τὸ ἀληθές.

μυρίας μὲν γὰρ ἡμῖν ἀσχολίας παρέχει τὸ σῶμα διὰ τὴν ἀναγκαίαν [66c] τροφήν· ἔτι δέ, ἂν τινες νόσοι προσπέσωσιν, ἐμποδίζουσιν ἡμῶν τὴν τοῦ ὄντος θήραν. ἐρώτων δὲ καὶ ἐπιθυμιῶν καὶ φόβων καὶ εἰδώλων παντοδαπῶν καὶ φλυαρίας ἐμπύμπλησιν ἡμᾶς πολλῆς, ὥστε τὸ λεγόμενον ὡς ἀληθῶς τῷ ὄντι ὑπ’ αὐτοῦ οὐδὲ φρονῆσαι ἡμῖν ἐγγίγνεται οὐδέποτε οὐδέν. καὶ γὰρ πολέμους καὶ στάσεις καὶ μάχας οὐδὲν ἄλλο παρέχει ἢ τὸ σῶμα καὶ αἱ τούτου ἐπιθυμίαι. διὰ γὰρ τὴν τῶν χρημάτων κτήσιν πάντες οἱ πόλεμοι γίνονται, τὰ δὲ χρήματα [66d] ἀναγκαζόμεθα κτᾶσθαι διὰ τὸ σῶμα, δουλεύοντες τῇ τούτου θεραπείᾳ· καὶ ἐκ τούτου ἀσχολίαν ἄγομεν φιλοσοφίας περὶ διὰ πάντα ταῦτα. τὸ δ’ ἔσχατον πάντων ὅτι, ἐὰν τις ἡμῖν καὶ σχολὴ γένηται ἀπ’ αὐτοῦ καὶ τραπώμεθα πρὸς τὸ σκοπεῖν τι, ἐν ταῖς ζητήσεσιν αὐτὸ πανταχοῦ παραπίπτον θόρυβον παρέχει καὶ ταραχὴν καὶ ἐκπλήττει, ὥστε μὴ δύνασθαι ὑπ’ αὐτοῦ καθορᾶν ἀληθές. ἀλλὰ τῷ ὄντι ἡμῖν δέδεικται ὅτι, εἰ μέλλομέν ποτε καθαρῶς τι εἶσεσθαι, [66e] ἀπαλλακτέον αὐτοῦ καὶ αὐτῇ τῇ ψυχῇ θεατέον αὐτὰ τὰ πράγματα· καὶ τότε, ὡς ἔοικεν, ἡμῖν ἔσται οὗ ἐπιθυμοῦμέν τε καὶ φαμεν ἐρασταὶ εἶναι, φρονήσεως, ἐπειδὰν τελευτήσωμεν, ὡς ὁ λόγος σημαίνει, ζῶσιν δὲ οὐ. εἰ γὰρ μὴ οἷόν τε μετὰ τοῦ σώματος μηδὲν καθαρῶς γνῶναι, δυοῖν θάτερον, ἢ οὐδαμοῦ ἔστιν κτήσασθαι τὸ εἰδέναι ἢ τελευτήσασιν· τότε [67a] γὰρ αὐτὴ καθ’ αὐτήν ἡ ψυχὴ ἔσται χωρὶς τοῦ σώματος, πρότερον δ’ οὐ. καὶ ἐν ᾧ ἂν ζῶμεν, οὕτως, ὡς ἔοικεν, ἐγγυτάτω ἐσόμεθα τοῦ εἰδέναι, ἐὰν ὅτι μάλιστα μηδὲν ὁμιλῶμεν τῷ σώματι μηδὲ κοινωνῶμεν, ὅτι μὴ πᾶσα ἀνάγκη, μηδὲ ἀναπιμπλώμεθα τῆς τούτου φύσεως, ἀλλὰ καθαρεύομεν ἀπ’ αὐτοῦ, ἕως ἂν ὁ θεὸς αὐτὸς ἀπολύσῃ ἡμᾶς· καὶ οὕτω μὲν καθαροὶ ἀπαλλαττόμενοι τῆς τοῦ σώματος ἀφροσύνης, ὡς τὸ εἰκὸς μετὰ τοιούτων τε ἐσόμεθα καὶ γνωσόμεθα δι’ ἡμῶν [67b] αὐτῶν πᾶν τὸ εἰλικρινές, τοῦτο δ’ ἐστὶν ἴσως τὸ ἀληθές· μὴ καθαρῷ γὰρ καθαροῦ ἐφάπτεσθαι μὴ οὐ θεμιτὸν ἦ”. τοιαῦτα οἶμαι, ὦ Σιμμία, ἀναγκαῖον εἶναι πρὸς ἀλλήλους λέγειν τε καὶ δοξάζειν πάντας τοὺς ὀρθῶς φιλομαθεῖς· ἢ οὐ δοκεῖ σοι οὕτως;

παντός γε μᾶλλον, ὦ Σώκρατες.

οὐκοῦν, ἔφη ὁ Σωκράτης, εἰ ταῦτα ἀληθῆ, ὦ ἑταῖρε, πολλὴ ἐλπίς ἀφικομένῳ οἷ ἐγὼ πορεύομαι, ἐκεῖ ἱκανῶς, εἴπερ που ἄλλοθι,

κτῆσασθαι τοῦτο οὐ ἔνεκα ἢ πολλή πραγματεία ἡμῖν ἐν τῷ παρελθόντι βίῳ γέγονεν, ὥστε ἢ γε [67c] ἀποδημία ἢ νῦν μοι προστεταγμένη μετὰ ἀγαθῆς ἐλπίδος γίγνεται καὶ ἄλλω ἀνδρὶ ὅς ἡγεῖται οἱ παρεσκευάσθαι τὴν διάνοιαν ὥσπερ κεκαθαρμένην.

πάνυ μὲν οὖν, ἔφη ὁ Σιμμίας.

κάθαρσις δὲ εἶναι ἄρα οὐ τοῦτο συμβαίνει, ὅπερ πάλαι ἐν τῷ λόγῳ λέγεται, τὸ χωρίζειν ὅτι μάλιστα ἀπὸ τοῦ σώματος τὴν ψυχὴν καὶ ἐθίσαι αὐτὴν καθ' αὐτὴν πανταχόθεν ἐκ τοῦ σώματος συναγείρεσθαι τε καὶ ἀθροίζεσθαι, καὶ οἰκεῖν κατὰ τὸ δυνατόν καὶ ἐν τῷ νῦν παρόντι καὶ ἐν τῷ [67d] ἔπειτα μόνῃν καθ' αὐτήν, ἐκλυομένην ὥσπερ [ἐκ] δεσμῶν ἐκ τοῦ σώματος;

πάνυ μὲν οὖν, ἔφη.

οὐκοῦν τοῦτό γε θάνατος ὀνομάζεται, λύσις καὶ χωρισμὸς ψυχῆς ἀπὸ σώματος;

παντάπασί γε, ἢ δ' ὅς.

λύειν δέ γε αὐτήν, ὥς φαμεν, προθυμοῦνται ἀεὶ μάλιστα καὶ μόνοι οἱ φιλοσοφοῦντες ὀρθῶς, καὶ τὸ μελέτημα αὐτὸ τοῦτό ἐστιν τῶν φιλοσόφων, λύσις καὶ χωρισμὸς ψυχῆς ἀπὸ σώματος· ἢ οὐ;

φαίνεται.

οὐκοῦν, ὅπερ ἐν ἀρχῇ ἔλεγον, γελοῖον ἂν εἴη ἄνδρα [67e] παρασκευάζονθ' ἑαυτὸν ἐν τῷ βίῳ ὅτι ἐγγυτάτῳ ὄντα τοῦ τεθνάναι οὕτω ζῆν, κἄπειθ' ἤκοντος αὐτῷ τούτου ἀγανακτεῖν;

γελοῖον· πῶς δ' οὐ;

τῷ ὄντι ἄρα, ἔφη, ὃ Σιμμία, οἱ ὀρθῶς φιλοσοφοῦντες ἀποθνήσκουν μελετῶσι, καὶ τὸ τεθνάναι ἥκιστα αὐτοῖς ἀνθρώπων φοβερόν. ἐκ τῶνδε δὲ σκόπει. εἰ γὰρ διαβέβληνται μὲν πανταχῇ τῷ σώματι, αὐτὴν δὲ καθ' αὐτὴν ἐπιθυμοῦσι τὴν ψυχὴν ἔχειν, τούτου δὲ γιγνομένου εἰ φοβοῖντο καὶ ἀγανακτοῖεν, οὐ πολλὴ ἂν ἀλογία εἴη, εἰ μὴ [68a] ἄσμενοι ἐκεῖσε ἴοιεν, οἳ ἀφικομένοις ἐλπίς ἐστιν οὗ διὰ βίου ἥρων τυχεῖν — ἥρων δὲ φρονήσεως — ὃ τε διεβέβληντο, τούτου

ἀπηλλάχθαι συνόντος αὐτοῖς; ἢ ἀνθρωπίνων μὲν παιδικῶν καὶ γυναικῶν καὶ ὑέων ἀποθανόντων πολλοὶ δὴ ἐκόντες ἠθέλησαν εἰς Ἄιδου μετελθεῖν, ὑπὸ ταύτης ἀγόμενοι τῆς ἐλπίδος, τῆς τοῦ ὄψεσθαι τε ἐκεῖ ὧν ἐπεθύμουν καὶ συνέσεσθαι· φρονήσεως δὲ ἄρα τις τῷ ὄντι ἐρῶν, καὶ λαβὼν σφόδρα τὴν αὐτὴν ταύτην ἐλπίδα, μηδαμοῦ ἄλλοθι ἐντεύξεσθαι αὐτῇ [68b] ἀξίως λόγου ἢ ἐν Ἄιδου, ἀγανακτήσει τε ἀποθνήσκων καὶ οὐχ ἄσμενος εἰσιν αὐτόσε; οἶεσθαι γε χρή, ἐὰν τῷ ὄντι γε ἦ, ὃ ἐταῖρε, φιλόσοφος· σφόδρα γὰρ αὐτῷ ταῦτα δόξει, μηδαμοῦ ἄλλοθι καθαρῶς ἐντεύξεσθαι φρονήσει ἀλλ’ ἢ ἐκεῖ. εἰ δὲ τοῦτο οὕτως ἔχει, ὅπερ ἄρτι ἔλεγον, οὐ πολλὴ ἂν ἀλογία εἴη εἰ φοβοῖτο τὸν θάνατον ὁ τοιοῦτος;

πολλὴ μέντοι νῆ Δία, ἦ δ’ ὅς.

οὐκοῦν ἱκανόν σοι τεκμήριον, ἔφη, τοῦτο ἀνδρός, ὃν ἂν ἴδης ἀγανακτοῦντα μέλλοντα ἀποθανεῖσθαι, ὅτι οὐκ ἄρ’ [68c] ἦν φιλόσοφος ἀλλὰ τις φιλοσώματος; ὁ αὐτὸς δέ που οὗτος τυγχάνει ὧν καὶ φιλοχρήματος καὶ φιλότιμος, ἦτοι τὰ ἕτερα τούτων ἢ ἀμφοτέρω.

πάνυ, ἔφη, ἔχει οὕτως ὥς λέγεις.

ἄρ’ οὖν, ἔφη, ὃ Σιμμία, οὐ καὶ ἡ ὀνομαζομένη ἀνδρεία τοῖς οὕτω διακειμένοις μάλιστα προσήκει;

πάντως δῆπου, ἔφη.

οὐκοῦν καὶ ἡ σωφροσύνη, ἦν καὶ οἱ πολλοὶ ὀνομάζουσι σωφροσύνην, τὸ περὶ τὰς ἐπιθυμίας μὴ ἐπτοῇσθαι ἀλλ’ ὀλιγώρως ἔχειν καὶ κοσμίως, ἄρ’ οὐ τούτοις μόνοις προσήκει, τοῖς μάλιστα τοῦ σώματος ὀλιγωροῦσιν τε καὶ ἐν φιλοσοφίᾳ ζῶσιν;

[68d] ἀνάγκη, ἔφη.

εἰ γὰρ ἐθέλεις, ἦ δ’ ὅς, ἐννοῆσαι τὴν γε τῶν ἄλλων ἀνδρείαν τε καὶ σωφροσύνην, δόξει σοι εἶναι ἄτοπος.

πῶς δῆ, ὃ Σώκρατες;

οἶσθα, ἦ δ’ ὅς, ὅτι τὸν θάνατον ἡγοῦνται πάντες οἱ ἄλλοι τῶν μεγάλων κακῶν;

καὶ μάλ', ἔφη.

οὐκοῦν φόβῳ μειζόνων κακῶν ὑπομένουσιν αὐτῶν οἱ ἀνδρεῖοι τὸν θάνατον, ὅταν ὑπομένωσιν;

ἔστι ταῦτα.

τῷ δεδιέναι ἄρα καὶ δεεὶ ἀνδρεῖοί εἰσι πάντες πλην οἱ φιλόσοφοι· καίτοι ἄλογόν γε δεεὶ τινὰ καὶ δειλία ἀνδρεῖον εἶναι.

[68e] πάνυ μὲν οὖν.

τί δὲ οἱ κόσμιοι αὐτῶν; οὐ ταὐτὸν τοῦτο πεπόνθασιν· ἀκολασίᾳ τινὶ σῶφρονές εἰσιν; καίτοι φαμέν γε ἀδύνατον εἶναι, ἀλλ' ὅμως αὐτοῖς συμβαίνει τούτῳ ὅμοιον τὸ πάθος τὸ περὶ ταύτην τὴν εὐήθη σωφροσύνην· φοβούμενοι γὰρ ἐτέρων ἡδονῶν στερηθῆναι καὶ ἐπιθυμοῦντες ἐκείνων, ἄλλων ἀπέχονται ὑπ' ἄλλων κρατούμενοι. καίτοι καλοῦσί γε ἀκολασίαν [69a] τὸ ὑπὸ τῶν ἡδονῶν ἄρχεσθαι, ἀλλ' ὅμως συμβαίνει αὐτοῖς κρατούμενοις ὑφ' ἡδονῶν κρατεῖν ἄλλων ἡδονῶν. τοῦτο δ' ὅμοιόν ἐστιν ὃ νυνδὴ ἐλέγετο, τῷ τρόπον τινὰ δι' ἀκολασίαν αὐτοὺς σεσωφρονίσθαι.

ἔοικε γάρ.

ὦ μακάριε Σιμμία, μὴ γὰρ οὐχ αὕτη ἢ ἡ ὀρθὴ πρὸς ἀρετὴν ἀλλαγὴ, ἡδονὰς πρὸς ἡδονὰς καὶ λύπας πρὸς λύπας καὶ φόβον πρὸς φόβον καταλλάττεσθαι, [καὶ] μείζω πρὸς ἐλάττω ὥσπερ νομίσματα, ἀλλ' ἢ ἐκεῖνο μόνον τὸ νόμισμα ὀρθόν, ἀντὶ οὗ δεῖ πάντα ταῦτα καταλλάττεσθαι, φρόνησις, [69b] [καὶ τούτου μὲν πάντα}} καὶ μετὰ τούτου [ᾠνούμενά τε καὶ πιπρασκόμενα}} τῷ ὄντι ἢ καὶ ἀνδρεία καὶ σωφροσύνη καὶ δικαιοσύνη καὶ συλλήβδην ἀληθοῦς ἀρετῇ, μετὰ φρονήσεως, καὶ προσγιγνομένων καὶ ἀπογιγνομένων καὶ ἡδονῶν καὶ φόβων καὶ τῶν ἄλλων πάντων τῶν τοιούτων· χωριζόμενα δὲ φρονήσεως [καὶ] ἀλλαττόμενα ἀντὶ ἀλλήλων μὴ σκιαγραφία τις ἢ ἡ τοιαύτη ἀρετὴ καὶ τῷ ὄντι ἀνδραποδώδης τε καὶ οὐδὲν ὑγιὲς οὐδ' ἀληθὲς ἔχη, τὸ δ' ἀληθὲς τῷ ὄντι ἢ [69c] κάθαρσίς τις τῶν τοιούτων πάντων καὶ ἡ σωφροσύνη καὶ ἡ δικαιοσύνη καὶ ἀνδρεία, καὶ αὕτη ἡ φρόνησις μὴ καθαρμός τις ἢ. καὶ κινδυνεύουσι καὶ οἱ τὰς τελετὰς ἡμῖν οὗτοι καταστήσαντες οὐ φαῦλοί τινες εἶναι, ἀλλὰ τῷ ὄντι πάλοι

αἰνίττεσθαι ὅτι ὃς ἂν ἀμύητος καὶ ἀτέλεστος εἰς Ἄιδου ἀφίκηται ἐν βορβόρῳ κείσεται, ὁ δὲ κεκαθαρμένος τε καὶ τετελεσμένος ἐκεῖσε ἀφικόμενος μετὰ θεῶν οἰκήσει. εἰσὶν γὰρ δὴ, [ὥς] φασιν οἱ περὶ τὰς τελετάς, “ναρθηκοφόροι [69d] μὲν πολλοί, βάκχοι δὲ τε παῦροι”· οὗτοι δ’ εἰσὶν κατὰ τὴν ἐμὴν δόξαν οὐκ ἄλλοι ἢ οἱ πεφιλοσοφηκότες ὀρθῶς. ὦν δὴ καὶ ἐγὼ κατὰ γε τὸ δυνατόν οὐδὲν ἀπέλιπον ἐν τῷ βίῳ ἀλλὰ παντὶ τρόπῳ προουθυμήθην γενέσθαι· εἰ δ’ ὀρθῶς προουθυμήθην καὶ τι ἠνύσαμεν, ἐκεῖσε ἐλθόντες τὸ σαφὲς εἰσόμεθα, ἂν θεὸς ἐθέλῃ, ὀλίγον ὕστερον, ὥς ἐμοὶ δοκεῖ. ταῦτ’ οὖν ἐγώ, ἔφη, ὦ Σιμμία τε καὶ Κέβης, ἀπολογοῦμαι, ὥς εἰκότως ὑμᾶς τε ἀπολείπων καὶ τοὺς ἐνθάδε δεσπότας οὐ [69e] χαλεπῶς φέρω οὐδ’ ἀγανακτῶ, ἡγούμενος κἀκεῖ οὐδὲν ἥττον ἢ ἐνθάδε δεσπόταις τε ἀγαθοῖς ἐντεύξεσθαι καὶ ἐταίροις· [τοῖς δὲ πολλοῖς ἀπιστίαν παρέχει]· εἴ τι οὖν ὑμῖν πιθανώτερός εἰμι ἐν τῇ ἀπολογίᾳ ἢ τοῖς Ἀθηναίων δικασταῖς, εὖ ἂν ἔχοι.

εἰπόντος δὴ τοῦ Σωκράτους ταῦτα, ὑπολαβὼν ὁ Κέβης ἔφη· ὦ Σώκρατες, τὰ μὲν ἄλλα ἔμοιγε δοκεῖ καλῶς λέγεσθαι, [70a] τὰ δὲ περὶ τῆς ψυχῆς πολλὴν ἀπιστίαν παρέχει τοῖς ἀνθρώποις μή, ἐπειδὴν ἀπαλλαγῇ τοῦ σώματος, οὐδαμοῦ ἔτι ἦ, ἀλλ’ ἐκείνῃ τῇ ἡμέρᾳ διαφθείρηται τε καὶ ἀπολλύηται ἢ ἂν ὁ ἄνθρωπος ἀποθνήσκῃ, εὐθύς ἀπαλλαττομένη τοῦ σώματος, καὶ ἐκβαίνουσα ὥσπερ πνεῦμα ἢ καπνὸς διασκεδασθεῖσα οἴχηται διαπτομένη καὶ οὐδὲν ἔτι οὐδαμοῦ ἦ. ἐπεὶ, εἴπερ εἴῃ που αὐτὴ καθ’ αὐτὴν συνηθροισμένη καὶ ἀπηλλαγμένη τούτων τῶν κακῶν ὧν σὺ νυνδὴ διήλθες, πολλὴ ἂν εἴῃ ἐλπίς καὶ καλή, ὦ [70b] Σώκρατες, ὥς ἀληθὴ ἐστὶν ἃ σὺ λέγεις· ἀλλὰ τοῦτο δὴ ἴσως οὐκ ὀλίγης παραμυθίας δεῖται καὶ πίστεως, ὥς ἔστι τε ψυχὴ ἀποθανόντος τοῦ ἀνθρώπου καὶ τινα δύναμιν ἔχει καὶ φρόνησιν.

ἀληθῆ, ἔφη, λέγεις, ὁ Σωκράτης, ὦ Κέβης· ἀλλὰ τί δὴ ποιῶμεν; ἢ περὶ αὐτῶν τούτων βούλει διαμυθολογῶμεν, εἴτε εἰκὸς οὕτως ἔχειν εἴτε μή;

ἐγὼ γοῦν, ἔφη ὁ Κέβης, ἡδέως ἂν ἀκούσαιμι ἥντινα δόξαν ἔχεις περὶ αὐτῶν.

οὐκ οἶμαι, ἢ δ’ ὃς ὁ Σωκράτης, εἰπεῖν τινα νῦν [70c]

ἀκούσαντα, οὐδ' εἰ κωμωδοποιὸς εἴη, ὡς ἀδολεσχεῶ καὶ οὐ περὶ
προσηκόντων τοὺς λόγους ποιοῦμαι. εἰ οὖν δοκεῖ, χρηρὴ
διασκοπεῖσθαι.

σκεψώμεθα δὲ αὐτὸ τῇδέ πη, εἴτ' ἄρα ἐν Ἄιδου εἰσὶν αἱ ψυχαὶ
τελευτησάντων τῶν ἀνθρώπων εἴτε καὶ οὐ. παλαιὸς μὲν οὖν ἔστι τις
λόγος οὗ μεμνήμεθα, ὡς εἰσὶν ἐνθ' ἐνδὲ ἀφικόμεναι ἐκεῖ, καὶ πάλιν γε
δεῦρο ἀφικνοῦνται καὶ γίνονται ἐκ τῶν τεθνεώτων· καὶ εἰ τοῦθ'
οὕτως ἔχει, πάλιν γίνεσθαι ἐκ τῶν ἀποθανόντων τοὺς ζῶντας, ἄλλο
τι ἢ εἶεν [70d] ἂν αἱ ψυχαὶ ἡμῶν ἐκεῖ; οὐ γὰρ ἂν που πάλιν ἐγίγνοντο
μὴ οὔσαι, καὶ τοῦτο ἱκανὸν τεκμήριον τοῦ ταῦτ' εἶναι, εἰ τῷ ὄντι
φανερὸν γίγνοιτο ὅτι οὐδαμῶθεν ἄλλοθεν γίνονται οἱ ζῶντες ἢ ἐκ
τῶν τεθνεώτων· εἰ δὲ μὴ ἔστι τοῦτο, ἄλλου ἂν του δέοι λόγου.

πάνυ μὲν οὖν, ἔφη ὁ Κέβης.

μὴ τοίνυν κατ' ἀνθρώπων, ἥ δ' ὅς, σκόπει μόνον τοῦτο, εἰ βούλει
ῥᾶον μαθεῖν, ἀλλὰ καὶ κατὰ ζώων πάντων καὶ φυτῶν, καὶ συλλήβδην
ὅσα περ ἔχει γενεαὶς περὶ πάντων [70e] ἴδωμεν ἅρ' οὕτως γίγνεται
πάντα, οὐκ ἄλλοθεν ἢ ἐκ τῶν ἐναντίων τὰ ἐναντία, ὅσοις τυγχάνει ὄν
τοιούτων τι, οἷον τὸ καλὸν τῷ αἰσχυρῷ ἐναντίον που καὶ δίκαιον
ἀδίκῳ, καὶ ἄλλα δὴ μυρία οὕτως ἔχει. τοῦτο οὖν σκεψώμεθα, ἄρα
ἀναγκαῖον ὅσοις ἔστι τι ἐναντίον, μηδαμῶθεν ἄλλοθεν αὐτὸ
γίνεσθαι ἢ ἐκ τοῦ αὐτῷ ἐναντίου. οἷον ὅταν μείζον τι γίγνηται,
ἀνάγκη που ἐξ ἐλάττονος ὄντος πρότερον ἔπειτα μείζον γίνεσθαι;

ναί.

οὐκοῦν κὰν ἔλαττον γίγνηται, ἐκ μείζονος ὄντος πρότερον [71a]
ὑστερον ἔλαττον γενήσεται;

ἔστιν οὕτω, ἔφη.

καὶ μὴν ἐξ ἰσχυροτέρου γε τὸ ἀσθενέστερον καὶ ἐκ βραδυτέρου τὸ
θάπτον;

πάνυ γε.

τί δέ; ἂν τι χεῖρον γίγνηται, οὐκ ἐξ ἀμείνονος, καὶ ἂν δικαιότερον, ἐξ
ἀδίκωτέρου;

πῶς γὰρ οὐ;

ἰκανῶς οὖν, ἔφη, ἔχομεν τοῦτο, ὅτι πάντα οὕτω γίγνεται, ἐξ ἐναντίων τὰ ἐναντία πράγματα;

πάνυ γε.

τί δ' αὖ; ἔστι τι καὶ τοιόνδε ἐν αὐτοῖς, οἷον μεταξὺ ἀμφοτέρων πάντων τῶν ἐναντίων δυοῖν ὄντοιν δύο γενέσεις, [71b] ἀπὸ μὲν τοῦ ἐτέρου ἐπὶ τὸ ἕτερον, ἀπὸ δ' αὖ τοῦ ἐτέρου πάλιν ἐπὶ τὸ ἕτερον· μείζονος μὲν πράγματος καὶ ἐλάττονος μεταξὺ αὐξήσις καὶ φθίσις, καὶ καλοῦμεν οὕτω τὸ μὲν αὐξάνεσθαι, τὸ δὲ φθίνειν;

ναί, ἔφη.

οὐκοῦν καὶ διακρίνεσθαι καὶ συγκρίνεσθαι, καὶ ψύχεσθαι καὶ θερμαίνεσθαι, καὶ πάντα οὕτω, κἂν εἰ μὴ χρώμεθα τοῖς ὀνόμασιν ἐνιαχοῦ, ἀλλ' ἔργῳ γοῦν πανταχοῦ οὕτως ἔχειν ἀναγκαῖον, γίνεσθαι τε αὐτὰ ἐξ ἀλλήλων γενέσιν τε εἶναι ἐκατέρου εἰς ἄλληλα;

πάνυ μὲν οὖν, ἦ δ' ὅς.

[71c] τί οὖν; ἔφη, τῷ ζῆν ἐστὶ τι ἐναντίον, ὥσπερ τῷ ἐγρηγορέναι τὸ καθεύδειν;

πάνυ μὲν οὖν, ἔφη.

τί;

τὸ τεθνάναι, ἔφη.

οὐκοῦν ἐξ ἀλλήλων τε γίγνεται ταῦτα, εἴπερ ἐναντία ἐστίν, καὶ αἱ γενέσεις εἰσὶν αὐτοῖν μεταξὺ δύο δυοῖν ὄντοιν;

πῶς γὰρ οὐ;

τὴν μὲν τοίνυν ἐτέραν συζυγίαν ὣν νυνδὴ ἔλεγον ἐγὼ σοι, ἔφη, ἐρῶ, ὁ Σωκράτης, καὶ αὐτὴν καὶ τὰς γενέσεις· σὺ δέ μοι τὴν ἐτέραν. λέγω δὲ τὸ μὲν καθεύδειν, τὸ δὲ ἐγρηγορέναι, καὶ ἐκ τοῦ καθεύδειν τὸ ἐγρηγορέναι γίνεσθαι καὶ [71d] ἐκ τοῦ ἐγρηγορέναι τὸ καθεύδειν, καὶ τὰς γενέσεις αὐτοῖν τὴν μὲν καταδαρθάνειν εἶναι, τὴν δ'

ἀνεγείρεσθαι. ἰκανῶς σοι, ἔφη, ἢ οὐ;

πάνυ μὲν οὖν.

λέγε δὴ μοι καὶ σύ, ἔφη, οὕτω περὶ ζωῆς καὶ θανάτου. οὐκ ἐναντίον
μὲν φῆς τῷ ζῆν τὸ τεθνάναι εἶναι;

ἔγωγε.

γίνεσθαι δὲ ἐξ ἀλλήλων;

ναί.

ἐξ οὖν τοῦ ζῶντος τί τὸ γιγνόμενον;

τὸ τεθνηκός, ἔφη.

τί δέ, ἦ δ' ὅς, ἐκ τοῦ τεθνεῶτος;

ἀναγκαῖον, ἔφη, ὁμολογεῖν ὅτι τὸ ζῶν.

ἐκ τῶν τεθνεώτων ἄρα, ὦ Κέβης, τὰ ζῶντά τε καὶ οἱ ζῶντες
γίγονται;

[71e] φαίνεται, ἔφη.

εἰσὶν ἄρα, ἔφη, αἱ ψυχαὶ ἡμῶν ἐν Ἄιδου.

ἔοικεν.

οὐκοῦν καὶ τοῖν γενεσέοιν τοῖν περὶ ταῦτα ἢ γ' ἑτέρα σαφὲς οὕσα
τυγχάνει; τὸ γὰρ ἀποθνήσκειν σαφὲς δήπου, ἢ οὐ;

πάνυ μὲν οὖν, ἔφη.

πῶς οὖν, ἦ δ' ὅς, ποιήσομεν; οὐκ ἀνταποδώσομεν τὴν ἐναντίαν
γένεσιν, ἀλλὰ ταύτη χωλὴ ἔσται ἢ φύσις; ἢ ἀνάγκη ἀποδοῦναι τῷ
ἀποθνήσκειν ἐναντίαν τινὰ γένεσιν;

πάντως που, ἔφη.

τίνα ταύτην;

τὸ ἀναβιώσκεσθαι.

οὐκοῦν, ἥ δ' ὅς, εἴπερ ἔστι τὸ ἀναβιώσκεσθαι, ἐκ τῶν [72a] τεθνεώτων ἂν εἴη γένεσις εἰς τοὺς ζῶντας αὕτη, τὸ ἀναβιώσκεσθαι;

πάνυ γε.

ὁμολογεῖται ἄρα ἡμῖν καὶ ταύτη τοὺς ζῶντας ἐκ τῶν τεθνεώτων γεγονέναι οὐδὲν ἦττον ἢ τοὺς τεθνεώτας ἐκ τῶν ζώντων, τούτου δὲ ὄντος ἱκανόν που ἐδόκει τεκμήριον εἶναι ὅτι ἀναγκαῖον τὰς τῶν τεθνεώτων ψυχὰς εἶναί που, ὅθεν δὴ πάλιν γίνεσθαι.

δοκεῖ μοι, ἔφη, ὦ Σώκρατες, ἐκ τῶν ὁμολογημένων ἀναγκαῖον οὕτως ἔχειν.

ιδε τοίνυν οὕτως, ἔφη, ὦ Κέβης, ὅτι οὐδ' ἀδίκως ὁμολογήκαμεν, ὥς ἐμοὶ δοκεῖ. εἰ γὰρ μὴ αἰεὶ ἀνταποδιδοίη τὰ [72b] ἕτερα τοῖς ἐτέροις γιγνόμενα, ὥσπερ κύκλῳ περιόντα, ἀλλ' εὐθεῖα τις εἴη ἡ γένεσις ἐκ τοῦ ἐτέρου μόνον εἰς τὸ καταντικρὺ καὶ μὴ ἀνακάμπτοι πάλιν ἐπὶ τὸ ἕτερον μηδὲ καμπὴν ποιοῖτο, οἷσθ' ὅτι πάντα τελευτῶντα τὸ αὐτὸ σχῆμα ἂν σχοίη καὶ τὸ αὐτὸ πάθος ἂν πάθοι καὶ παύσαιτο γιγνόμενα;

πῶς λέγεις; ἔφη.

οὐδὲν χαλεπόν, ἥ δ' ὅς, ἐννοῆσαι ὃ λέγω· ἀλλ' οἷον εἰ τὸ καταδαρθάνειν μὲν εἴη, τὸ δ' ἀνεγείρεσθαι μὴ ἀνταποδιδοίη γιγνόμενον ἐκ τοῦ καθεύδοντος, οἷσθ' ὅτι τελευτῶντα πάντ' [72c] <ἂν> λῆρον τὸν Ἐνδυμίωνα ἀποδείξειεν καὶ οὐδαμοῦ ἂν φαίνοιτο διὰ τὸ καὶ τᾶλλα πάντα ταυτὸν ἐκείνῳ πεπονθέναι, καθεύδειν. καὶ εἰ συγκρίνοιτο μὲν πάντα, διακρίνοιτο δὲ μή, ταχὺ ἂν τὸ τοῦ Ἀναξαγόρου γεγονὸς εἴη, “ὁμοῦ πάντα χρήματα”. ὥσαύτως δέ, ὦ φίλε Κέβης, καὶ εἰ ἀποθνήσκοι μὲν πάντα ὅσα τοῦ ζῆν μεταλάβοι, ἐπειδὴ δὲ ἀποθάνοι, μένοι ἐν τούτῳ τῷ σχήματι τὰ τεθνεῶτα καὶ μὴ πάλιν ἀναβιώσκοιτο, ἄρ' οὐ πολλὴ ἀνάγκη τελευτῶντα πάντα [72d] τεθνάναι καὶ μηδὲν ζῆν; εἰ γὰρ ἐκ μὲν τῶν ἄλλων τὰ ζῶντα γίγνοιτο, τὰ δὲ ζῶντα θνήσκοι, τίς μηχανὴ μὴ οὐχὶ πάντα καταναλωθῆναι εἰς τὸ τεθνάναι;

οὐδὲ μία μοι δοκεῖ, ἔφη ὁ Κέβης, ὦ Σώκρατες, ἀλλὰ μοι δοκεῖς παντάπασιν ἀληθῆ λέγειν.

ἔστιν γάρ, ἔφη, ὦ Κέβης, ὥς ἐμοὶ δοκεῖ, παντὸς μᾶλλον οὕτω, καὶ

ἡμεῖς αὐτὰ ταῦτα οὐκ ἐξαπατῶμενοι ὁμολογοῦμεν, ἀλλ' ἔστι τῷ ὄντι καὶ τὸ ἀναβιώσκεσθαι καὶ ἐκ τῶν τεθνεώτων τοὺς ζῶντας γίγνεσθαι καὶ τὰς τῶν τεθνεώτων ψυχὰς [72e] εἶναι [καὶ ταῖς μὲν γε ἀγαθαῖς ἄμεινον εἶναι, ταῖς δὲ κακαῖς κάκιον].

καὶ μὴν, ἔφη ὁ Κέβης ὑπολαβὼν, καὶ κατ' ἐκεῖνόν γε τὸν λόγον, ὦ Σώκρατες, εἰ ἀληθὴς ἐστίν, ὃν σὺ εἰωθας θαμὰ λέγειν, ὅτι ἡμῖν ἡ μάθησις οὐκ ἄλλο τι ἢ ἀνάμνησις τυγχάνει οὕσα, καὶ κατὰ τοῦτον ἀνάγκη που ἡμᾶς ἐν προτέρῳ τινὶ χρόνῳ μεμαθηκέναι ἃ νῦν ἀναμνησκόμεθα. τοῦτο δὲ [73a] ἀδύνατον, εἰ μὴ ἦν που ἡμῖν ἡ ψυχὴ πρὶν ἐν τῷδε τῷ ἀνθρωπίνῳ εἶδει γενέσθαι· ὥστε καὶ ταύτη ἀθάνατον ἢ ψυχὴ τι ἔοικεν εἶναι.

ἀλλά, ὦ Κέβης, ἔφη ὁ Σιμμίας ὑπολαβὼν, ποῖαι τούτων αἰ ἀποδείξεις; ὑπόμνησόν με· οὐ γὰρ σφόδρα ἐν τῷ παρόντι μέμνημαι.

ἐνὶ μὲν λόγῳ, ἔφη ὁ Κέβης, καλλίστῳ, ὅτι ἐρωτῶμενοι οἱ ἄνθρωποι, ἐάν τις καλῶς ἐρωτᾷ, αὐτοὶ λέγουσιν πάντα ἣ ἔχει — καίτοι εἰ μὴ ἐτύγγανεν αὐτοῖς ἐπιστήμη ἐνοῦσα καὶ ὀρθὸς λόγος, οὐκ ἂν οἷοι τ' ἦσαν τοῦτο ποιῆσαι — ἔπειτα [73b] ἐάν τις ἐπὶ τὰ διαγράμματα ἄγῃ ἢ ἄλλο τι τῶν τοιούτων, ἐνταῦθα σαφέστατα κατηγορεῖ ὅτι τοῦτο οὕτως ἔχει.

εἰ δὲ μὴ ταύτη γε, ἔφη, πείθῃ, ὦ Σιμμία, ὁ Σωκράτης, σκέψαι ἂν τῇδέ πῃ σοι σκοπούμενῳ συνδόξη. ἀπιστεῖς γὰρ δὴ πῶς ἡ καλουμένη μάθησις ἀνάμνησίς ἐστιν;

ἀπιστῶ μὲν [σοι] ἔγωγε, ἦ δ' ὅς ὁ Σιμμίας, οὐ, αὐτὸ δὲ τοῦτο, ἔφη, δέομαι παθεῖν περὶ οὗ ὁ λόγος, ἀναμνησθῆναι. καὶ σχεδόν γε ἐξ ὧν Κέβης ἐπεχείρησε λέγειν ἤδη μέμνημαι καὶ πείθομαι· οὐδὲν μεντὰν ἦττον ἀκούοιμι νῦν πῇ σὺ ἐπεχείρησας λέγειν.

[73c] τῇδ' ἔγωγε, ἦ δ' ὅς. ὁμολογοῦμεν γὰρ δήπου, εἴ τίς τι ἀναμνησθήσεται, δεῖν αὐτὸν τοῦτο πρότερόν ποτε ἐπίστασθαι.

πάνυ γ', ἔφη.

ἄρ' οὖν καὶ τότε ὁμολογοῦμεν, ὅταν ἐπιστήμη παραγίγνηται τρόπῳ τοιούτῳ, ἀνάμνησιν εἶναι; λέγω δὲ τίνα τρόπον; τόνδε. ἐάν τις τι ἕτερον ἢ ἰδὼν ἢ ἀκούσας ἢ τινα ἄλλην αἴσθησιν λαβὼν μὴ μόνον

ἐκεῖνο γνῶ, ἀλλὰ καὶ ἕτερον ἐννοήσῃ οὐ μὴ ἡ αὐτὴ ἐπιστήμη ἀλλ’ ἄλλη, ἄρα οὐχὶ τοῦτο δικαίως λέγομεν ὅτι ἀνεμνήσθη, οὐ τὴν ἐννοιαν [73d] ἔλαβεν;

πῶς λέγεις;

οἷον τὰ τοιαῦδε· ἄλλη που ἐπιστήμη ἀνθρώπου καὶ λύρας.

πῶς γὰρ οὐ;

οὐκοῦν οἴσθα ὅτι οἱ ἐρασταί, ὅταν ἴδωσιν λύραν ἢ ἱμάτιον ἢ ἄλλο τι οἷς τὰ παιδικὰ αὐτῶν εἶωθε χρῆσθαι, πάσχουσι τοῦτο· ἐγνωσάν τε τὴν λύραν καὶ ἐν τῇ διανοίᾳ ἔλαβον τὸ εἶδος τοῦ παιδὸς οὗ ἦν ἡ λύρα; τοῦτο δέ ἐστιν ἀνάμνησις· ὥσπερ γε καὶ Σιμμίαν τις ἰδὼν πολλάκις κέβητος ἀνεμνήσθη, καὶ ἄλλα που μυρία τοιαῦτ’ ἂν εἴῃ.

μυρία μέντοι νῆ Δία, ἔφη ὁ Σιμμίας.

[73e] οὐκοῦν, ἦ δ’ ὅς, τὸ τοιοῦτον ἀνάμνησις τίς ἐστι; μάλιστα μέντοι ὅταν τις τοῦτο πάθῃ περὶ ἐκεῖνα ἃ ὑπὸ χρόνου καὶ τοῦ μὴ ἐπισκοπεῖν ἤδη ἐπελέληστο;

πάνυ μὲν οὖν, ἔφη.

τί δέ; ἦ δ’ ὅς· ἐστὶν ἵππον γεγραμμένον ἰδόντα καὶ λύραν γεγραμμένην ἀνθρώπου ἀναμνησθῆναι, καὶ Σιμμίαν ἰδόντα γεγραμμένον κέβητος ἀναμνησθῆναι;

πάνυ γε.

οὐκοῦν καὶ Σιμμίαν ἰδόντα γεγραμμένον αὐτοῦ Σιμμίου ἀναμνησθῆναι;

[74a] ἔστι μέντοι, ἔφη.

ἄρ’ οὖν οὐ κατὰ πάντα ταῦτα συμβαίνει τὴν ἀνάμνησιν εἶναι μὲν ἀφ’ ὁμοίων, εἶναι δὲ καὶ ἀπὸ ἀνομοίων;

συμβαίνει.

ἀλλ’ ὅταν γε ἀπὸ τῶν ὁμοίων ἀναμνησκηταί τις τι, ἄρ’ οὐκ ἀναγκαῖον τότε προσπάσχειν, ἐννοεῖν εἴτε τι ἐλλείπει τοῦτο κατὰ τὴν

ὁμοιότητα εἴτε μὴ ἐκείνου οὐ̣ ἀνεμνήσθῃ;

ἀνάγκῃ, ἔφη.

σκόπει δὴ, ἦ δ' ὅς, εἰ ταῦτα οὕτως ἔχει. φαμέν πού τι εἶναι ἴσον, οὐ̣
ξύλον λέγω ξύλω οὐδὲ λίθον λίθῳ οὐδ' ἄλλο τῶν τοιούτων οὐδέν,
ἀλλὰ παρὰ ταῦτα πάντα ἕτερόν τι, αὐτὸ τὸ ἴσον· φῶμέν τι εἶναι ἢ
μηδέν;

[74b] φῶμεν μέντοι νῆ Δί', ἔφη ὁ Σιμμίας, θαυμαστώς γε.

ἦ καὶ ἐπιστάμεθα αὐτὸ ὃ ἔστιν;

πάνυ γε, ἦ δ' ὅς.

πόθεν λαβόντες αὐτοῦ τὴν ἐπιστήμην; ἄρ' οὐκ ἐξ ὧν νυνδὴ
ἐλέγομεν, ἢ ξύλα ἢ λίθους ἢ ἄλλα ἅττα ἰδόντες ἴσα, ἐκ τούτων ἐκεῖνο
ἐνενοήσαμεν, ἕτερον ὃν τούτων; ἢ οὐχ ἕτερόν σοι φαίνεται; σκόπει
δὲ καὶ τηδε. ἄρ' οὐ λίθοι μὲν ἴσοι καὶ ξύλα ἐνίοτε ταῦτά ὄντα τῷ μὲν
ἴσα φαίνεται, τῷ δ' οὐ̣;

πάνυ μὲν οὖν.

[74c] τί δέ; αὐτὰ τὰ ἴσα ἔστιν ὅτε ἄνισά σοι ἐφάνη, ἢ ἡ ἰσότης
ἀνισότης;

οὐδεπώποτε γε, ὦ Σώκρατες.

οὐ ταῦτ' ἄρα ἐστίν, ἦ δ' ὅς, ταῦτά τε τὰ ἴσα καὶ αὐτὸ τὸ ἴσον.

οὐδαμῶς μοι φαίνεται, ὦ Σώκρατες.

ἀλλὰ μὴν ἐκ τούτων γ', ἔφη, τῶν ἴσων, ἐτέρων ὄντων ἐκείνου τοῦ
ἴσου, ὅμως αὐτοῦ τὴν ἐπιστήμην ἐννεονήκας τε καὶ εἴληφας;

ἀληθέστατα, ἔφη, λέγεις.

οὐκοῦν ἢ ὁμοίου ὄντος τούτοις ἢ ἀνομοίου;

πάνυ γε.

διαφέρει δέ γε, ἦ δ' ὅς, οὐδέν· ἔως ἂν ἄλλο ἰδὼν ἀπὸ [74d] ταύτης
τῆς ὄψεως ἄλλο ἐννοήσῃς, εἴτε ὁμοιον εἴτε ἀνόμοιον, ἀναγκαῖον,

ἔφη, αὐτὸ ἀνάμνησιν γεγονέναι.

πάνυ μὲν οὖν.

τί δέ; ἢ δ' ὅς· ἢ πάσχομέν τι τοιοῦτον περὶ τὰ ἐν τοῖς ξύλοις τε καὶ οἷς νυνδὴ ἐλέγομεν τοῖς ἴσοις; ἄρα φαίνεται ἡμῖν οὕτως ἴσα εἶναι ὥσπερ αὐτὸ τὸ ὃ ἔστιν, ἢ ἐνδεῖ τι ἐκείνου τῷ τοιοῦτον εἶναι οἷον τὸ ἴσον, ἢ οὐδέν;

καὶ πολὺ γε, ἔφη, ἐνδεῖ.

οὐκοῦν ὁμολογοῦμεν, ὅταν τίς τι ἰδὼν ἐννοήσῃ ὅτι βούλεται μὲν τοῦτο ὃ νῦν ἐγὼ ὀρῶ εἶναι οἷον ἄλλο τι τῶν ὄντων, [74e] ἐνδεῖ δὲ καὶ οὐ δύναται τοιοῦτον εἶναι [ἴσον] οἷον ἐκεῖνο, ἀλλ' ἔστιν φαυλότερον, ἀναγκαῖόν που τὸν τοῦτο ἐννοοῦντα τυχεῖν προειδότα ἐκεῖνο ὧ φησιν αὐτὸ προσεοικέναι μὲν, ἐνδεεστερώς δὲ ἔχειν;

ἀνάγκη.

τί οὖν; τὸ τοιοῦτον πεπόνθαμεν καὶ ἡμεῖς ἢ οὐ περί τε τὰ ἴσα καὶ αὐτὸ τὸ ἴσον;

παντάπασί γε.

ἀναγκαῖον ἄρα ἡμᾶς προειδέναι τὸ ἴσον πρὸ ἐκείνου τοῦ [75a] χρόνου ὅτε τὸ πρῶτον ἰδόντες τὰ ἴσα ἐννεοήσαμεν ὅτι ὀρέγεται μὲν πάντα ταῦτα εἶναι οἷον τὸ ἴσον, ἔχει δὲ ἐνδεεστερώς.

ἔστι ταῦτα.

ἀλλὰ μὴν καὶ τόδε ὁμολογοῦμεν, μὴ ἄλλοθεν αὐτὸ ἐννενοηκέναι μηδὲ δυνατόν εἶναι ἐννοῆσαι ἀλλ' ἢ ἐκ τοῦ ἰδεῖν ἢ ἄψασθαι ἢ ἔκ τινος ἄλλης τῶν αἰσθήσεων· ταῦτόν δὲ πάντα ταῦτα λέγω.

ταῦτόν γάρ ἔστιν, ὃ Σώκρατες, πρὸς γε ὃ βούλεται δηλῶσαι ὁ λόγος.

ἀλλὰ μὲν δὴ ἔκ γε τῶν αἰσθήσεων δεῖ ἐννοῆσαι ὅτι [75b] πάντα τὰ ἐν ταῖς αἰσθήσεσιν ἐκείνου τε ὀρέγεται τοῦ ὃ ἔστιν ἴσον, καὶ αὐτοῦ ἐνδεέστερά ἐστιν· ἢ πῶς λέγομεν;

οὕτως.

πρὸ τοῦ ἄρα ἄρξασθαι ἡμᾶς ὁρᾶν καὶ ἀκούειν καὶ τᾶλλα αἰσθάνεσθαι
τυχεῖν ἔδει που εἰληφότας ἐπιστήμην αὐτοῦ τοῦ ἴσου ὅτι ἔστιν, εἰ
ἐμέλλομεν τὰ ἐκ τῶν αἰσθήσεων ἴσα ἐκεῖσε ἀνοίσειν, ὅτι
προθυμεῖται μὲν πάντα τοιαῦτ' εἶναι οἷον ἐκεῖνο, ἔστιν δὲ αὐτοῦ
φανυλότερα.

ἀνάγκη ἐκ τῶν προειρημένων, ὦ Σώκρατες.

οὐκοῦν γενόμενοι εὐθὺς ἐωρῶμέν τε καὶ ἠκούομεν καὶ τὰς ἄλλας
αἰσθήσεις εἴχομεν;

πάνυ γε.

[75c] ἔδει δέ γε, φαμέν, πρὸ τούτων τὴν τοῦ ἴσου ἐπιστήμην
εἰληφέναι;

ναί.

πρὶν γενέσθαι ἄρα, ὥς ἔοικεν, ἀνάγκη ἡμῖν αὐτὴν εἰληφέναι.

ἔοικεν.

οὐκοῦν εἰ μὲν λαβόντες αὐτὴν πρὸ τοῦ γενέσθαι ἔχοντες ἐγενόμεθα,
ἠπιστάμεθα καὶ πρὶν γενέσθαι καὶ εὐθὺς γενόμενοι οὐ μόνον τὸ ἴσον
καὶ τὸ μείζον καὶ τὸ ἔλαττον ἀλλὰ καὶ σύμπαντα τὰ τοιαῦτα; οὐ γὰρ
περὶ τοῦ ἴσου νῦν ὁ λόγος ἡμῖν μᾶλλον τι ἢ καὶ περὶ αὐτοῦ τοῦ
καλοῦ καὶ αὐτοῦ τοῦ [75d] ἀγαθοῦ καὶ δικαίου καὶ ὀσίου καί, ὅπερ
λέγω, περὶ ἀπάντων οἷς ἐπισφραγίζόμεθα τὸ “αὐτὸ ὃ ἔστι” καὶ ἐν ταῖς
ἐρωτήσεσιν ἐρωτῶντες καὶ ἐν ταῖς ἀποκρίσεσιν ἀποκρινόμενοι. ὥστε
ἀναγκαῖον ἡμῖν τούτων πάντων τὰς ἐπιστήμας πρὸ τοῦ γενέσθαι
εἰληφέναι.

ἔστι ταῦτα.

καὶ εἰ μὲν γε λαβόντες ἐκάστοτε μὴ ἐπιλελήσμεθα, εἰδότας ἀεὶ
γίγνεσθαι καὶ ἀεὶ διὰ βίου εἰδέναι· τὸ γὰρ εἰδέναι τοῦτ' ἔστιν,
λαβόντα του ἐπιστήμην ἔχειν καὶ μὴ ἀπολωλεκένα· ἢ οὐ τοῦτο
λήθην λέγομεν, ὦ Σιμμία, ἐπιστήμης ἀποβολήν;

[75e] πάντως δήπου, ἔφη, ὦ Σώκρατες.

εἰ δέ γε οἶμαι λαβόντες πρὶν γενέσθαι γιγνόμενοι ἀπωλέσαμεν, ὕστερον δὲ ταῖς αἰσθήσεσι χρώμενοι περὶ αὐτὰ ἐκείνας ἀναλαμβάνομεν τὰς ἐπιστήμας ἄς ποτε καὶ πρὶν εἶχομεν, ἄρ' οὐχ ὁ καλοῦμεν μανθάνειν οἰκείαν ἂν ἐπιστήμην ἀναλαμβάνειν εἴη; τοῦτο δέ που ἀναμνησκεσθαι λέγοντες ὀρθῶς ἂν λέγοιμεν;

πάνυ γε.

[76a] δυνατὸν γὰρ δὴ τοῦτό γε ἐφάνη, αἰσθόμενόν τι ἢ ἰδόντα ἢ ἀκούσαντα ἢ τινα ἄλλην αἴσθησιν λαβόντα ἕτερόν τι ἀπὸ τούτου ἐννοῆσαι ὃ ἐπελέληστο, ᾧ τοῦτο ἐπλησίαζεν ἀνόμοιον ὢν ἢ ᾧ ὁμοιον· ὥστε, ὅπερ λέγω, δυοῖν θάτερα, ἥτοι ἐπιστάμενοί γε αὐτὰ γεγόναμεν καὶ ἐπιστάμεθα διὰ βίου πάντες, ἢ ὕστερον, οὓς φάμεν μανθάνειν, οὐδὲν ἄλλ' ἢ ἀναμνησκονται οὗτοι, καὶ ἡ μάθησις ἀνάμνησις ἂν εἴη.

καὶ μάλα δὴ οὕτως ἔχει, ὦ Σώκρατες.

πότερον οὖν αἰρῇ, ὦ Σιμμία; ἐπισταμένους ἡμᾶς γεγονέναι, [76b] ἢ ἀναμνησκεσθαι ὕστερον ὢν πρότερον ἐπιστήμην εἰληφότες ἤμεν;

οὐκ ἔχω, ὦ Σώκρατες, ἐν τῷ παρόντι ἐλέσθαι.

τί δέ; τόδε ἔχεις ἐλέσθαι, καὶ πῇ σοι δοκεῖ περὶ αὐτοῦ; ἀνὴρ ἐπιστάμενος περὶ ὧν ἐπίσταται ἔχει ἂν δοῦναι λόγον ἢ οὔ;

πολλὴ ἀνάγκη, ἔφη, ὦ Σώκρατες.

ἢ καὶ δοκοῦσί σοι πάντες ἔχειν διδόναι λόγον περὶ τούτων ὧν νυνδὴ ἐλέγομεν;

βουλοίμην μεντᾶν, ἔφη ὁ Σιμμίας· ἀλλὰ πολὺ μᾶλλον φοβοῦμαι μὴ αὔριον τηνικάδε οὐκέτι ἢ ἀνθρώπων οὐδεὶς ἀξίως οἶός τε τοῦτο ποιῆσαι.

[76c] οὐκ ἄρα δοκοῦσί σοι ἐπίστασθαί γε, ἔφη, ὦ Σιμμία, πάντες αὐτά;

οὐδαμῶς.

ἀναμνησκονται ἄρα ἅ ποτε ἔμαθον;

ανάγκη.

πότε λαβοῦσαι αἱ ψυχαὶ ἡμῶν τὴν ἐπιστήμην αὐτῶν; οὐ γὰρ δὴ ἀφ' οὗ γε ἄνθρωποι γεγόναμεν.

οὐ δῆτα.

πρότερον ἄρα.

ναί.

ἦσαν ἄρα, ὦ Σιμμία, αἱ ψυχαὶ καὶ πρότερον, πρὶν εἶναι ἐν ἀνθρώπου εἶδει, χωρὶς σωμάτων, καὶ φρόνησιν εἶχον.

εἰ μὴ ἄρα ἅμα γιγνόμενοι λαμβάνομεν, ὦ Σώκρατες, ταύτας τὰς ἐπιστήμας· οὗτος γὰρ λείπεται ἔτι ὁ χρόνος.

[76d] εἶεν, ὦ ἐταῖρε· ἀπόλλυμεν δὲ αὐτὰς ἐν ποίῳ ἄλλῳ χρόνῳ; — οὐ γὰρ δὴ ἔχοντές γε αὐτὰς γιγνόμεθα, ὥς ἄρτι ὡμολογήσαμεν — ἢ ἐν τούτῳ ἀπόλλυμεν ἐν ᾧ περ καὶ λαμβάνομεν; ἢ ἔχεις ἄλλον τινὰ εἰπεῖν χρόνον;

οὐδαμῶς, ὦ Σώκρατες, ἀλλὰ ἔλαθον ἐμαυτὸν οὐδὲν εἰπών.

ἄρ' οὖν οὕτως ἔχει, ἔφη, ἡμῖν, ὦ Σιμμία; εἰ μὲν ἔστιν ἃ θρυλοῦμεν ἀεὶ, καλὸν τέ τι καὶ ἀγαθὸν καὶ πᾶσα ἡ τοιαύτη οὐσία, καὶ ἐπὶ ταύτην τὰ ἐκ τῶν αἰσθήσεων πάντα ἀναφέρομεν, [76e] ὑπάρχουσιν πρότερον ἀνευρίσκοντες ἡμετέραν οὖσαν, καὶ ταῦτα ἐκείνῃ ἀπεικάζομεν, ἀναγκαῖον, οὕτως ὥσπερ καὶ ταῦτα ἔστιν, οὕτως καὶ τὴν ἡμετέραν ψυχὴν εἶναι καὶ πρὶν γεγονέναι ἡμᾶς· εἰ δὲ μὴ ἔστι ταῦτα, ἄλλως ἂν ὁ λόγος οὗτος εἰρημένος εἴη; ἄρ' οὕτως ἔχει, καὶ ἴση ἀνάγκη ταῦτά τε εἶναι καὶ τὰς ἡμετέρας ψυχὰς πρὶν καὶ ἡμᾶς γεγονέναι, καὶ εἰ μὴ ταῦτα, οὐδὲ τάδε;

ὑπερφυδῶς, ὦ Σώκρατες, ἔφη ὁ Σιμμία, δοκεῖ μοι ἡ αὐτὴ ἀνάγκη εἶναι, καὶ εἰς καλὸν γε καταφεύγει ὁ λόγος εἰς [77a] τὸ ὁμοίως εἶναι τὴν τε ψυχὴν ἡμῶν πρὶν γενέσθαι ἡμᾶς καὶ τὴν οὐσίαν ἣν σὺ νῦν λέγεις. οὐ γὰρ ἔχω ἔγωγε οὐδὲν οὕτω μοι ἐναργὲς ὄν ὥς τοῦτο, τὸ πάντα τὰ τοιαῦτ' εἶναι ὥς οἷόν τε μάλιστα, καλὸν τε καὶ ἀγαθὸν καὶ τᾶλλα πάντα ἃ σὺ νυνδὴ ἔλεγες· καὶ ἔμοιγε δοκεῖ ἱκανῶς

ἀποδέδεικται.

τί δὲ δὴ Κέβητι; ἔφη ὁ Σωκράτης· δεῖ γὰρ καὶ Κέβητα πείθειν.

ἱκανῶς, ἔφη ὁ Σιμμίας, ὥς ἔγωγε οἶμαι· καίτοι καρτερώτατος ἀνθρώπων ἐστὶν πρὸς τὸ ἀπιστεῖν τοῖς λόγοις. ἀλλ' οἶμαι οὐκ ἐνδεῶς τοῦτο πεπεῖσθαι αὐτόν, ὅτι πρὶν γενέσθαι [77b] ἡμᾶς ἦν ἡμῶν ἡ ψυχὴ· εἰ μέντοι καὶ ἐπειδὰν ἀποθάνωμεν ἔτι ἔσται, οὐδὲ αὐτῷ μοι δοκεῖ, ἔφη, ὦ Σώκρατες, ἀποδεδείχθαι, ἀλλ' ἔτι ἐνέστηκεν ὁ νυνδὴ Κέβης ἔλεγε, τὸ τῶν πολλῶν, ὅπως μὴ ἅμα ἀποθνήσκοντος τοῦ ἀνθρώπου διασκεδάννυται ἡ ψυχὴ καὶ αὐτῇ τοῦ εἶναι τοῦτο τέλος ἦ. τί γὰρ κωλύει γίνεσθαι μὲν αὐτὴν καὶ συνίστασθαι ἄλλοθεν ποθεν καὶ εἶναι πρὶν καὶ εἰς ἀνθρώπειον σῶμα ἀφικέσθαι, ἐπειδὰν δὲ ἀφίκηται καὶ ἀπαλλάττηται τούτου, τότε καὶ αὐτὴν τελευτᾶν καὶ διαφθείρεσθαι;

[77c] εὖ λέγεις, ἔφη, ὦ Σιμμία, ὁ Κέβης. φαίνεται γὰρ ὥσπερ ἡμισυ ἀποδεδείχθαι οὗ δεῖ, ὅτι πρὶν γενέσθαι ἡμᾶς ἦν ἡμῶν ἡ ψυχὴ, δεῖ δὲ προσapoδεῖξαι ὅτι καὶ ἐπειδὰν ἀποθάνωμεν οὐδὲν ἦττον ἔσται ἢ πρὶν γενέσθαι, εἰ μέλλει τέλος ἢ ἀπόδειξις ἔξειν.

ἀποδέδεικται μὲν, ἔφη, ὦ Σιμμία τε καὶ Κέβης, ὁ Σωκράτης, καὶ νῦν, εἰ θέλετε συνθεῖναι τοῦτόν τε τὸν λόγον εἰς ταῦτόν καὶ ὃν πρὸ τούτου ὡμολογήσαμεν, τὸ γίνεσθαι πᾶν τὸ ζῶν ἐκ τοῦ τεθνεῶτος. εἰ γὰρ ἔστιν μὲν [77d] ἡ ψυχὴ καὶ πρότερον, ἀνάγκη δὲ αὐτῇ εἰς τὸ ζῆν ἰούση τε καὶ γιγνομένη μηδαμόθεν ἄλλοθεν ἢ ἐκ θανάτου καὶ τοῦ τεθνάναι γίνεσθαι, πῶς οὐκ ἀνάγκη αὐτὴν καὶ ἐπειδὰν ἀποθάνῃ εἶναι, ἐπειδὴ γε δεῖ αὐτὴς αὐτὴν γίνεσθαι; ἀποδέδεικται μὲν οὖν ὅπερ λέγετε καὶ νῦν. ὅμως δέ μοι δοκεῖς σύ τε καὶ Σιμμίας ἡδέως ἂν καὶ τοῦτον διαπραγματεύσασθαι τὸν λόγον ἔτι μᾶλλον, καὶ δεδιέναι τὸ τῶν παίδων, μὴ ὥς ἀληθῶς ὁ ἄνεμος αὐτὴν ἐκβαίνουσαν ἐκ τοῦ σώματος διαφυσᾷ [77e] καὶ διασκεδάννυσιν, ἄλλως τε καὶ ὅταν τύχη τις μὴ ἐν νηνεμία ἀλλ' ἐν μεγάλῳ τινὶ πνεύματι ἀποθνήσκων.

καὶ ὁ Κέβης ἐπιγελάσας, ὥς δεδιότων, ἔφη, ὦ Σώκρατες, πειρῶ ἀναπείθειν· μᾶλλον δὲ μὴ ὥς ἡμῶν δεδιότων, ἀλλ' ἴσως ἐνι τις καὶ ἐν ἡμῖν παῖς ὅστις τὰ τοιαῦτα φοβεῖται. τοῦτον οὖν πειρῶ μεταπείθειν μὴ δεδιέναι τὸν θάνατον ὥσπερ τὰ μορμολύκεια.

ἀλλὰ χρή, ἔφη ὁ Σωκράτης, ἐπάδειν αὐτῷ ἐκάστης ἡμέρας ἕως ἂν ἐξεπάσῃτε.

[78a] πόθεν οὖν, ἔφη, ὦ Σώκρατες, τῶν τοιούτων ἀγαθὸν ἐπωδὸν ληψόμεθα, ἐπειδὴ σύ, ἔφη, ἡμᾶς ἀπολείπεις;

πολλή μὲν ἡ Ἑλλάς, ἔφη, ὦ Κέβης, ἐν ἧ ἔννεσί που ἀγαθοὶ ἄνδρες, πολλὰ δὲ καὶ τὰ τῶν βαρβάρων γένη, οὓς πάντας χρή διερευνᾶσθαι ζητοῦντας τοιοῦτον ἐπωδόν, μήτε χρημάτων φειδομένους μήτε πόνων, ὥς οὐκ ἔστιν εἰς ὅτι ἂν εὐκαιρότερον ἀναλίσκοιτε χρήματα. ζητεῖν δὲ χρή καὶ αὐτοὺς μετ' ἀλλήλων· ἴσως γὰρ ἂν οὐδὲ ῥαδίως εὔροιτε μᾶλλον ὑμῶν δυναμένους τοῦτο ποιεῖν.

ἀλλὰ ταῦτα μὲν δή, ἔφη, ὑπάρξει, ὁ Κέβης· ὅθεν δὲ [78b] ἀπελίπομεν ἐπανέλθωμεν, εἴ σοι ἡδομένῳ ἐστίν.

ἀλλὰ μὴν ἡδομένῳ γε· πῶς γὰρ οὐ μέλλει;

καλῶς, ἔφη, λέγεις.

οὐκοῦν τοιόνδε τι, ἧ δ' ὅς ὁ Σωκράτης, δεῖ ἡμᾶς ἀνερέσθαι ἑαυτούς, τῷ ποίῳ τινὶ ἄρα προσήκει τοῦτο τὸ πάθος πάσχειν, τὸ διασκεδάννυσθαι, καὶ ὑπὲρ τοῦ ποίου τινὸς δεδιέναι μὴ πάθῃ αὐτό, καὶ τῷ ποίῳ τινὶ <οὔ> καὶ μετὰ τοῦτο αὖ ἐπισκέψασθαι πότερον [ἡ] ψυχὴ ἐστίν, καὶ ἐκ τούτων θαρρεῖν ἢ δεδιέναι ὑπὲρ τῆς ἡμετέρας ψυχῆς;

ἀληθῆ, ἔφη, λέγεις.

[78c] ἄρ' οὖν τῷ μὲν συντεθέντι τε καὶ συνθέντ' ὄντι φύσει προσήκει τοῦτο πάσχειν, διαιρεθῆναι ταύτῃ ἥπερ συνετέθη· εἰ δέ τι τυγχάνει ὄν ἀσύνθετον, τούτῳ μόνῳ προσήκει μὴ πάσχειν ταῦτα, εἴπερ τῷ ἄλλῳ;

δοκεῖ μοι, ἔφη, οὕτως ἔχειν, ὁ Κέβης.

οὐκοῦν ἅπερ ἀεὶ κατὰ ταῦτά καὶ ὡσαύτως ἔχει, ταῦτα μάλιστα εἰκὸς εἶναι τὰ ἀσύνθετα, τὰ δὲ ἄλλοτ' ἄλλως καὶ μηδέποτε κατὰ ταῦτά, ταῦτα δὲ σύνθετα;

ἔμοιγε δοκεῖ οὕτως.

ἴωμεν δὴ, ἔφη, ἐπὶ ταῦτά ἐφ' ἅπερ ἐν τῷ ἔμπροσθεν [78d] λόγῳ. αὐτὴ ἡ οὐσία ἥς λόγον δίδομεν τοῦ εἶναι καὶ ἐρωτῶντες καὶ ἀποκρινόμενοι, πότερον ὡσαύτως αἰεὶ ἔχει κατὰ ταῦτά ἢ ἄλλοτ' ἄλλως; αὐτὸ τὸ ἴσον, αὐτὸ τὸ καλόν, αὐτὸ ἕκαστον ὃ ἔστιν, τὸ ὄν, μή ποτε μεταβολὴν καὶ ἡντινοῦν ἐνδέχεται; ἢ αἰεὶ αὐτῶν ἕκαστον ὃ ἔστι, μονοειδὲς ὄν αὐτὸ καθ' αὐτό, ὡσαύτως κατὰ ταῦτά ἔχει καὶ οὐδέποτε οὐδαμῇ οὐδαμῶς ἀλλοίωσιν οὐδεμίαν ἐνδέχεται;

ὡσαύτως, ἔφη, ἀνάγκη, ὁ Κέβης, κατὰ ταῦτά ἔχειν, ὃ Σώκρατες.

τί δὲ τῶν πολλῶν καλῶν, οἷον ἀνθρώπων ἢ ἵππων ἢ [78e] ἱματίων ἢ ἄλλων ὠντινωτῶν τοιούτων, ἢ ἴσων [ἢ καλῶν] ἢ πάντων τῶν ἐκείνοις ὁμωνύμων; ἄρα κατὰ ταῦτά ἔχει, ἢ πᾶν τοῦναντίον ἐκείνοις οὔτε αὐτὰ αὐτοῖς οὔτε ἀλλήλοις οὐδέποτε ὡς ἔπος εἰπεῖν οὐδαμῶς κατὰ ταῦτά;

οὕτως αὖ, ἔφη ὁ Κέβης, ταῦτα· οὐδέποτε ὡσαύτως ἔχει.

[79a] οὐκοῦν τούτων μὲν κἂν ἄψαιο κἂν ἴδοις κἂν ταῖς ἄλλαις αἰσθήσεσιν αἰσθοιο, τῶν δὲ κατὰ ταῦτά ἐχόντων οὐκ ἔστιν ὅτῳ ποτ' ἂν ἄλλῳ ἐπιλάβοιο ἢ τῷ τῆς διανοίας λογισμῷ, ἀλλ' ἔστιν αἰδῆ τὰ τοιαῦτα καὶ οὐχ ὁράτά;

παντάπασι, ἔφη, ἀληθῇ λέγεις.

θῶμεν οὖν βούλει, ἔφη, δύο εἶδη τῶν ὄντων, τὸ μὲν ὁρατόν, τὸ δὲ αἰδές;

θῶμεν, ἔφη.

καὶ τὸ μὲν αἰδὲς αἰεὶ κατὰ ταῦτά ἔχον, τὸ δὲ ὁρατὸν μηδέποτε κατὰ ταῦτά;

καὶ τοῦτο, ἔφη, θῶμεν.

[79b] φέρε δὴ, ἢ δ' ὅς, ἄλλο τι ἡμῶν αὐτῶν τὸ μὲν σῶμά ἐστι, τὸ δὲ ψυχὴ;

οὐδὲν ἄλλο, ἔφη.

ποτέρῳ οὖν ὁμοιότερον τῷ εἶδει φαμὲν ἂν εἶναι καὶ συγγενέστερον

τὸ σῶμα;

παντί, ἔφη, τοῦτό γε δῆλον, ὅτι τῷ ὁρατῷ.

τί δὲ ἡ ψυχὴ; ὁρατὸν ἢ ἀιδέες;

οὐχ ὑπ' ἀνθρώπων γε, ὃ Σώκρατες, ἔφη.

ἀλλὰ μὴν ἡμεῖς γε τὰ ὁρατὰ καὶ τὰ μὴ τῇ τῶν ἀνθρώπων φύσει ἐλέγομεν· ἢ ἄλλη τινὶ οἶει;

τῇ τῶν ἀνθρώπων.

τί οὖν περὶ ψυχῆς λέγομεν; ὁρατὸν ἢ ἀόρατον εἶναι;

οὐχ ὁρατόν.

αἰδὲς ἄρα;

ναί.

ὁμοιότερον ἄρα ψυχὴ σώματός ἐστιν τῷ αἰδεῖ, τὸ δὲ τῷ ὁρατῷ.

[79c] πᾶσα ἀνάγκη, ὃ Σώκρατες.

οὐκοῦν καὶ τόδε πάλαι ἐλέγομεν, ὅτι ἡ ψυχὴ, ὅταν μὲν τῷ σώματι προσχρῆται εἰς τὸ σκοπεῖν τι ἢ διὰ τοῦ ὁρᾶν ἢ διὰ τοῦ ἀκούειν ἢ δι' ἄλλης τινὸς αἰσθήσεως — τοῦτο γάρ ἐστιν τὸ διὰ τοῦ σώματος, τὸ δι' αἰσθήσεως σκοπεῖν τι — τότε μὲν ἔλκεται ὑπὸ τοῦ σώματος εἰς τὰ οὐδέποτε κατὰ ταῦτα ἔχοντα, καὶ αὐτὴ πλανᾶται καὶ ταράττεται καὶ εἰλιγγιᾷ ὥσπερ μεθύουσα, ἅτε τοιούτων ἐφαπτομένη;

πάνυ γε.

[79d] ὅταν δέ γε αὐτὴ καθ' αὐτὴν σκοπῇ, ἐκεῖσε οἴχεται εἰς τὸ καθαρὸν τε καὶ ἀεὶ ὄν καὶ ἀθάνατον καὶ ὡσαύτως ἔχον, καὶ ὡς συγγενῆς οὔσα αὐτοῦ ἀεὶ μετ' ἐκείνου τε γίγνεται, ὅταν περ αὐτὴ καθ' αὐτὴν γένηται καὶ ἐξῇ αὐτῇ, καὶ πέπαυταί τε τοῦ πλάνου καὶ περὶ ἐκεῖνα ἀεὶ κατὰ ταῦτα ὡσαύτως ἔχει, ἅτε τοιούτων ἐφαπτομένη· καὶ τοῦτο αὐτῆς τὸ πάθημα φρόνησις κέκληται;

παντάπασι, ἔφη, καλῶς καὶ ἀληθῆ λέγεις, ὃ Σώκρατες.

ποτέρῳ οὖν αὖ σοι δοκεῖ τῷ εἶδει καὶ ἐκ τῶν πρόσθεν καὶ ἐκ [79e]
τῶν νῦν λεγομένων ψυχὴ ὁμοιότερον εἶναι καὶ συγγενέστερον;

παῖς ἂν μοι δοκεῖ, ἣ δ' ὅς, συγχωρήσαι, ὃ Σώκρατες, ἐκ ταύτης τῆς
μεθόδου, καὶ ὁ δυσμαθέστατος, ὅτι ὅλῳ καὶ παντὶ ὁμοιότερόν ἐστι
ψυχὴ τῷ αἰεὶ ὡσαύτως ἔχοντι μᾶλλον ἢ τῷ μή.

τί δὲ τὸ σῶμα;

τῷ ἐτέρῳ.

ὄρα δὴ καὶ τηδε ὅτι ἐπειδὴν ἐν τῷ αὐτῷ ὥσι ψυχὴ καὶ [80a] σῶμα,
τῷ μὲν δουλεύειν καὶ ἄρχεσθαι ἢ φύσις προστάττει, τῇ δὲ ἄρχειν καὶ
δεσπόζειν· καὶ κατὰ ταῦτα αὖ πότερόν σοι δοκεῖ ὅμοιον τῷ θείῳ
εἶναι καὶ πότερον τῷ θνητῷ; ἢ οὐ δοκεῖ σοι τὸ μὲν θεῖον οἶον ἄρχειν
τε καὶ ἡγεμονεύειν πεφυκέναι, τὸ δὲ θνητὸν ἄρχεσθαί τε καὶ
δουλεύειν;

ἔμοιγε.

ποτέρῳ οὖν ἡ ψυχὴ ἔοικεν;

δῆλα δὴ, ὃ Σώκρατες, ὅτι ἡ μὲν ψυχὴ τῷ θείῳ, τὸ δὲ σῶμα τῷ
θνητῷ.

σκόπει δὴ, ἔφη, ὃ Κέβης, εἰ ἐκ πάντων τῶν εἰρημένων [80b] τάδε
ἡμῖν συμβαίνει, τῷ μὲν θείῳ καὶ ἀθανάτῳ καὶ νοητῷ καὶ μονοειδεῖ
καὶ ἀδιαλύτῳ καὶ αἰεὶ ὡσαύτως κατὰ ταῦτα ἔχοντι ἑαυτῷ ὁμοιότατον
εἶναι ψυχὴν, τῷ δὲ ἀνθρωπίνῳ καὶ θνητῷ καὶ πολυειδεῖ καὶ ἀνοήτῳ
καὶ διαλυτῷ καὶ μηδέποτε κατὰ ταῦτα ἔχοντι ἑαυτῷ ὁμοιότατον αὖ
εἶναι σῶμα. ἔχομέν τι παρὰ ταῦτα ἄλλο λέγειν, ὃ φίλε Κέβης, ἢ οὐχ
οὕτως ἔχει;

οὐκ ἔχομεν.

τί οὖν; τούτων οὕτως ἐχόντων ἄρ' οὐχὶ σώματι μὲν ταχὺ διαλύεσθαι
προσέκει, ψυχῇ δὲ αὖ τὸ παράπαν ἀδιαλύτῳ εἶναι ἢ ἐγγύς τι τούτου;

[80c] πῶς γὰρ οὐ;

ἐννοεῖς οὖν, ἔφη, ἐπειδὴν ἀποθάνῃ ὁ ἄνθρωπος, τὸ μὲν ὁρατὸν

αὐτοῦ, τὸ σῶμα, καὶ ἐν ὁρατῷ κείμενον, ὃ δὴ νεκρὸν καλοῦμεν, ὃ προσήκει διαλύεσθαι καὶ διαπίπτειν καὶ διαπνεῖσθαι, οὐκ εὐθὺς τούτων οὐδὲν πέπονθεν, ἀλλ' ἐπιεικῶς συχρὸν ἐπιμένει χρόνον, ἐὰν μὲν τις καὶ χαριέντως ἔχων τὸ σῶμα τελευτήσῃ καὶ ἐν τοιαύτῃ ὥρᾳ, καὶ πάνυ μάλα· συμπεσὼν γὰρ τὸ σῶμα καὶ ταριχευθὲν, ὥσπερ οἱ ἐν Αἰγύπτῳ ταριχευθέντες, ὀλίγου ὅλον μένει ἀμήχανον ὅσον χρόνον, [80d] ἔνια δὲ μέρη τοῦ σώματος, καὶ ἂν σαπῇ, ὅστ' αὖ τε καὶ νεῦρα καὶ τὰ τοιαῦτα πάντα, ὅμως ὥς ἔπος εἰπεῖν ἀθάνατά ἐστιν· ἢ οὐ;

ναί.

ἡ δὲ ψυχὴ ἄρα, τὸ αἰδέξ, τὸ εἰς τοιοῦτον τόπον ἕτερον οἰχόμενον γενναῖον καὶ καθαρὸν καὶ αἰδέῃ, εἰς Ἄιδου ὡς ἀληθῶς, παρὰ τὸν ἀγαθὸν καὶ φρόνιμον θεόν, οἷ, ἂν θεὸς θέλῃ, αὐτίκα καὶ τῇ ἐμῇ ψυχῇ ἰτέον, αὕτη δὲ δὴ ἡμῖν ἡ τοιαύτη καὶ οὕτω πεφυκυῖα ἀπαλλαττομένη τοῦ σώματος εὐθὺς διαπεφύσεται καὶ ἀπόλωλεν, ὥς φασι οἱ πολλοὶ [80e] ἄνθρωποι; πολλοῦ γε δεῖ, ὃ φίλε Κέβης τε καὶ Σιμμία, ἀλλὰ πολλῷ μᾶλλον ὥδ' ἔχει· ἐὰν μὲν καθαρὰ ἀπαλλάττηται, μηδὲν τοῦ σώματος συνεφέλκουσα, ἅτε οὐδὲν κοινωνοῦσα αὐτῷ ἐν τῷ βίῳ ἔκοῦσα εἶναι, ἀλλὰ φεύγουσα αὐτὸ καὶ συνηθροισμένη αὐτὴ εἰς ἑαυτήν, ἅτε μελετῶσα ἀεὶ τοῦτο — τὸ δὲ οὐδὲν ἄλλο ἐστὶν ἢ ὀρθῶς φιλοσοφοῦσα καὶ τῷ ὄντι [81a] τεθνάναι μελετῶσα ῥαδίως· ἢ οὐ τοῦτ' ἂν εἴη μελέτη θανάτου;

παντάπασί γε.

οὐκοῦν οὕτω μὲν ἔχουσα εἰς τὸ ὅμοιον αὐτῇ τὸ αἰδέξ ἀπέρχεται, τὸ θεϊόν τε καὶ ἀθάνατον καὶ φρόνιμον, οἷ ἀφικομένη ὑπάρχει αὐτῇ εὐδαίμονι εἶναι, πλάνης καὶ ἀνοίας καὶ φόβων καὶ ἀγρίων ἐρώτων καὶ τῶν ἄλλων κακῶν τῶν ἀνθρωπείων ἀπηλλαγμένη, ὥσπερ δὲ λέγεται κατὰ τῶν μεμνημένων, ὡς ἀληθῶς τὸν λοιπὸν χρόνον μετὰ θεῶν διάγουσα; οὕτω φῶμεν, ὃ Κέβης, ἢ ἄλλως;

οὕτω νῆ Δία, ἔφη ὁ Κέβης.

[81b] ἐὰν δέ γε οἷμαι μεμιασμένη καὶ ἀκάθαρτος τοῦ σώματος ἀπαλλάττηται, ἅτε τῷ σώματι ἀεὶ συνοῦσα καὶ τοῦτο θεραπεύουσα καὶ ἐρῶσα καὶ γοητευομένη ὑπ' αὐτοῦ ὑπὸ τε τῶν ἐπιθυμιῶν καὶ ἡδονῶν, ὥστε μηδὲν ἄλλο δοκεῖν εἶναι ἀληθές ἀλλ' ἢ τὸ

σωματοειδές, οὗ τις ἂν ἄψαιτο καὶ ἴδοι καὶ πίοι καὶ φάγοι καὶ πρὸς τὰ ἀφροδίσια χρῆσαιτο, τὸ δὲ τοῖς ὄμμασι σκοτῶδες καὶ αἰδές, νοητὸν δὲ καὶ φιλοσοφία αἰρετόν, τοῦτο δὲ εἰθισμένη μισεῖν τε καὶ τρέμειν καὶ φεύγειν, οὕτω [81c] δὴ ἔχουσιν οἷι ψυχὴν αὐτὴν καθ' αὐτὴν εἰλικρινῇ ἀπαλλάξασθαι;

οὐδ' ὅπωςτιοῦν, ἔφη.

ἀλλὰ [καὶ] διειλημμένην γε οἶμαι ὑπὸ τοῦ σωματοειδοῦς, ὃ αὐτῇ ἢ ὁμιλία τε καὶ συνουσία τοῦ σώματος διὰ τὸ ἀεὶ συνεῖναι καὶ διὰ τὴν πολλὴν μελέτην ἐνεποίησε σύμφυτον;

πάνυ γε.

ἐμβριθὲς δέ γε, ὦ φίλε, τοῦτο οἶεσθαι χρὴ εἶναι καὶ βαρὺ καὶ γεῶδες καὶ ὁρατόν· ὃ δὴ καὶ ἔχουσα ἢ τοιαύτη ψυχὴ βαρύνεται τε καὶ ἔλκεται πάλιν εἰς τὸν ὁρατὸν τόπον φόβῳ τοῦ αἰδοῦς τε καὶ Ἰδίου, ὥσπερ λέγεται, περὶ τὰ [81d] μνήματά τε καὶ τοὺς τάφους κυλινδουμένη, περὶ ἃ δὴ καὶ ὥφθη ἅττα ψυχῶν σκιοειδῆ φαντάσματα, οἷα παρέχονται αἱ τοιαῦται ψυχαὶ εἰδῶλα, αἱ μὴ καθαρῶς ἀπολυθεῖσαι ἀλλὰ τοῦ ὁρατοῦ μετέχουσαι, διὸ καὶ ὁρῶνται.

εἰκὸς γε, ὦ Σώκρατες.

εἰκὸς μέντοι, ὦ Κέβης· καὶ οὐ τί γε τὰς τῶν ἀγαθῶν αὐτὰς εἶναι, ἀλλὰ τὰς τῶν φαύλων, αἱ περὶ τὰ τοιαῦτα ἀναγκάζονται πλανᾶσθαι δίκην τίνουσαι τῆς προτέρας τροφῆς κακῆς οὔσης. καὶ μέχρι γε τούτου πλανῶνται, ἕως ἂν τῇ [81e] τοῦ συνεπακολουθοῦντος, τοῦ σωματοειδοῦς, ἐπιθυμία πάλιν ἐνδεθῶσιν εἰς σῶμα· ἐνδοῦνται δέ, ὥσπερ εἰκός, εἰς τοιαῦτα ἦθη ὅποῖ' ἅττ' ἂν καὶ μεμελετηκυῖαι τύχωσιν ἐν τῷ βίῳ.

τὰ ποῖα δὴ ταῦτα λέγεις, ὦ Σώκρατες;

οἷον τοὺς μὲν γαστριμαργίας τε καὶ ὕβρεις καὶ φιλοποσίας μεμελετηκότας καὶ μὴ διηυλαβημένους εἰς τὰ τῶν ὄνων γένη [82a] καὶ τῶν τοιούτων θηρίων εἰκὸς ἐνδύεσθαι. ἢ οὐκ οἶει;

πάνυ μὲν οὖν εἰκὸς λέγεις.

τοὺς δέ γε ἀδικίας τε καὶ τυραννίδας καὶ ἀρπαγὰς προτετιμηκότας εἰς τὰ τῶν λύκων τε καὶ ἱεράκων καὶ ἰκτίνων γένη· ἢ ποῖ ἂν ἄλλοσέ φαμεν τὰς τοιαύτας ἰέναι;

ἀμέλει, ἔφη ὁ Κέβης, εἰς τὰ τοιαῦτα.

οὐκοῦν, ἦ δ' ὅς, δῆλα δὴ καὶ τᾶλλα ἢ ἂν ἕκαστα ἴοι κατὰ τὰς αὐτῶν ὁμοιότητας τῆς μελέτης;

δῆλον δὴ, ἔφη· πῶς δ' οὐ;

οὐκοῦν εὐδαιμονέστατοι, ἔφη, καὶ τούτων εἰσὶ καὶ εἰς βέλτιστον τόπον ἰόντες οἱ τὴν δημοτικὴν καὶ πολιτικὴν [82b] ἀρετὴν ἐπιτετηδευκότες, ἦν δὴ καλοῦσι σωφροσύνην τε καὶ δικαιοσύνην, ἐξ ἔθους τε καὶ μελέτης γεγонуῖαν ἄνευ φιλοσοφίας τε καὶ νοῦ;

πῇ δὴ οὗτοι εὐδαιμονέστατοι;

ὅτι τούτους εἰκὸς ἐστὶν εἰς τοιοῦτον πάλιν ἀφικνεῖσθαι πολιτικὸν καὶ ἡμερον γένος, ἢ που μελιττῶν ἢ σφηκῶν ἢ μυρμήκων, καὶ εἰς ταυτόν γε πάλιν τὸ ἀνθρώπινον γένος, καὶ γίνεσθαι ἐξ αὐτῶν ἄνδρας μετρίους.

εἰκὸς.

εἰς δέ γε θεῶν γένος μὴ φιλοσοφήσαντι καὶ παντελῶς [82c] καθαρῷ ἀπιόντι οὐ θέμις ἀφικνεῖσθαι ἀλλ' ἢ τῷ φιλομαθεῖ. ἀλλὰ τούτων ἕνεκα, ὃ ἐταῖρε Σιμμία τε καὶ Κέβης, οἱ ὀρθῶς φιλόσοφοι ἀπέχονται τῶν κατὰ τὸ σῶμα ἐπιθυμιῶν ἀπασῶν καὶ καρτεροῦσι καὶ οὐ παραδιδόασιν αὐταῖς ἑαυτούς, οὐ τι οἰκοφθορίαν τε καὶ πενίαν φοβούμενοι, ὥσπερ οἱ πολλοὶ καὶ φιλοχρήματοι· οὐδὲ αὖ ἀτιμίαν τε καὶ ἀδοξίαν μοχθηρίας δεδιότες, ὥσπερ οἱ φίλαρχοί τε καὶ φιλότιμοι, ἔπειτα ἀπέχονται αὐτῶν.

οὐ γὰρ ἂν πρέποι, ἔφη, ὃ Σώκρατες, ὁ Κέβης.

[82d] οὐ μέντοι μὰ Δία, ἦ δ' ὅς. τοιγάρτοι τούτοις μὲν ἅπασιν, ὃ Κέβης, ἐκεῖνοι οἷς τι μέλει τῆς ἑαυτῶν ψυχῆς ἀλλὰ μὴ σώματι πλάττοντες ζῶσι, χαίρειν εἰπόντες, οὐ κατὰ ταῦτα πορεύονται αὐτοῖς ὥς οὐκ εἰδόσιν ὅπῃ ἔρχονται, αὐτοὶ δὲ ἡγούμενοι οὐ δεῖν ἐναντία τῇ

φιλοσοφία πράττειν καὶ τῇ ἐκείνης λύσει τε καὶ καθαρμῷ ταύτη δὴ
τρέπονται ἐκείνη ἐπόμενοι, ἣ ἐκείνη ὑφηγεῖται.

πῶς, ὦ Σώκρατες;

ἐγὼ ἐρῶ, ἔφη. γινώσκουσι γάρ, ἣ δ' ὅς, οἱ φιλομαθεῖς [82e] ὅτι
παραλαβοῦσα αὐτῶν τὴν ψυχὴν ἡ φιλοσοφία ἀτεχνῶς διαδεδεμένην
ἐν τῷ σώματι καὶ προσκεκολλημένην, ἀναγκαζομένην δὲ ὥσπερ διὰ
εἴργμου διὰ τούτου σκοπεῖσθαι τὰ ὄντα ἀλλὰ μὴ αὐτὴν δι' αὐτῆς, καὶ
ἐν πάσῃ ἀμαθία κυλινδουμένην, καὶ τοῦ εἴργμου τὴν δεινότητα
κατιδοῦσα ὅτι δι' ἐπιθυμίας ἐστίν, ὡς ἂν μάλιστα αὐτὸς ὁ δεδεδεμένος
συλλήπτωρ [83a] εἴη τοῦ δεδέσθαι, — ὅπερ οὖν λέγω, γινώσκουσιν
οἱ φιλομαθεῖς ὅτι οὕτω παραλαβοῦσα ἡ φιλοσοφία ἔχουσιν αὐτῶν
τὴν ψυχὴν ἡρέμα παραμυθεῖται καὶ λύειν ἐπιχειρεῖ, ἐνδεικνυμένη ὅτι
ἀπάτης μὲν μεστή ἢ διὰ τῶν ὁμμάτων σκέψις, ἀπάτης δὲ ἢ διὰ τῶν
ὥτων καὶ τῶν ἄλλων αἰσθήσεων, πείθουσα δὲ ἐκ τούτων μὲν
ἀναχωρεῖν, ὅσον μὴ ἀνάγκη αὐτοῖς χρῆσθαι, αὐτὴν δὲ εἰς αὐτὴν
συλλέγεσθαι καὶ ἀθροίζεσθαι παρακελευομένη, πιστεύειν δὲ μηδενὶ
ἄλλῳ ἄλλ' [83b] ἢ αὐτὴν αὐτῇ, ὅτι ἂν νοήσῃ αὐτὴ καθ' αὐτὴν αὐτὸ
καθ' αὐτὸ τῶν ὄντων· ὅτι δ' ἂν δι' ἄλλων σκοπῇ ἐν ἄλλοις ὄν ἄλλο,
μηδὲν ἡγεῖσθαι ἀληθές· εἶναι δὲ τὸ μὲν τοιοῦτον αἰσθητόν τε καὶ
ὀρατόν, ὃ δὲ αὐτὴ ὀρᾷ νοητόν τε καὶ αἰδέες. ταύτη οὖν τῇ λύσει οὐκ
οἰομένη δεῖν ἐναντιοῦσθαι ἢ τοῦ ὡς ἀληθῶς φιλοσόφου ψυχὴ οὕτως
ἀπέχεται τῶν ἡδονῶν τε καὶ ἐπιθυμιῶν καὶ λυπῶν [καὶ φόβων] καθ'
ὅσον δύναται, λογιζομένη ὅτι, ἐπειδάν τις σφόδρα ἡσθῇ ἢ φοβηθῇ [ἢ
λυπηθῇ] ἢ ἐπιθυμήσῃ, οὐδὲν τοσοῦτον κακὸν ἔπαθεν ἀπ' [83c]
αὐτῶν ὧν ἂν τις οἰηθεῖν, οἷον ἢ νοσήσας ἢ τι ἀναλώσας διὰ τὰς
ἐπιθυμίας, ἀλλ' ὃ πάντων μέγιστόν τε κακῶν καὶ ἔσχατόν ἐστι, τοῦτο
πάσχει καὶ οὐ λογίζεται αὐτό.

τί τοῦτο, ὦ Σώκρατες; ἔφη ὁ Κέβης.

ὅτι ψυχὴ παντὸς ἀνθρώπου ἀναγκάζεται ἅμα τε ἡσθῆναι σφόδρα ἢ
λυπηθῆναι ἐπὶ τῷ καὶ ἡγεῖσθαι περὶ ὃ ἂν μάλιστα τοῦτο πάσχει, τοῦτο
ἐναργέστατόν τε εἶναι καὶ ἀληθέστατον, οὐχ οὕτως ἔχον· ταῦτα δὲ
μάλιστα <τὰ> ὀρατά· ἢ οὐ;

πάνυ γε.

[83d] οὐκοῦν ἐν τούτῳ τῷ πάθει μάλιστα καταδεῖται ψυχὴ ὑπὸ σώματος;

πῶς δὴ;

ὅτι ἐκάστη ἡδονὴ καὶ λύπη ὥσπερ ἦλον ἔχουσα προσηλοῖ αὐτὴν πρὸς τὸ σῶμα καὶ προσπερονᾷ καὶ ποιεῖ σωματοειδῆ, δοξάζουσιν αὐτὰ ἀληθῆ εἶναι ἅπερ ἂν καὶ τὸ σῶμα φῇ. ἐκ γὰρ τοῦ ὁμοδοξεῖν τῷ σώματι καὶ τοῖς αὐτοῖς χαίρειν ἀναγκάζεται οἶμαι ὁμότροπός τε καὶ ὁμότροφος γίνεσθαι καὶ οἷα μηδέποτε εἰς Ἄιδου καθαρῶς ἀφικέσθαι, ἀλλὰ ἀεὶ τοῦ σώματος ἀναπλέα ἐξίεναι, ὥστε ταχὺ πάλιν πίπτειν εἰς [83e] ἄλλο σῶμα καὶ ὥσπερ σπειρομένη ἐμφύεσθαι, καὶ ἐκ τούτων ἅμοιρος εἶναι τῆς τοῦ θείου τε καὶ καθαροῦ καὶ μονοειδοῦς συνουσίας.

ἀληθέστατα, ἔφη, λέγεις, ὁ Κέβης, ὦ Σώκρατες.

τούτων τοίνυν ἔνεκα, ὦ Κέβης, οἱ δικαίως φιλομαθεῖς κόσμιοί εἰσι καὶ ἀνδρεῖοι, οὐχ ὧν οἱ πολλοὶ ἔνεκά φασιν· ἢ σὺ οἶει;

[84a] οὐ δῆτα ἔγωγε.

οὐ γάρ· ἀλλ' οὕτω λογίσαιτ' ἂν ψυχὴ ἀνδρὸς φιλοσόφου, καὶ οὐκ ἂν οἰηθεῖν τὴν μὲν φιλοσοφίαν χρῆναι αὐτὴν λύειν, λυούσης δὲ ἐκείνης, αὐτὴν παραδιδόναι ταῖς ἡδοναῖς καὶ λύπαις ἑαυτὴν πάλιν αὐτῇ ἐγκαταδεῖν καὶ ἀνήνυτον ἔργον πράττειν Πηνελόπης τινὰ ἐναντίως ἱστὸν μεταχειριζομένης, ἀλλὰ γαλήνην τούτων παρασκευάζουσα, ἐπομένη τῷ λογισμῷ καὶ ἀεὶ ἐν τούτῳ οὔσα, τὸ ἀληθές καὶ τὸ θεῖον καὶ τὸ ἀδόξαστον [84b] θεωμένη καὶ ὑπ' ἐκείνου τρεφομένη, ζῆν τε οἶεται οὕτω δεῖν ἕως ἂν ζῇ, καὶ ἐπειδὰν τελευτήσῃ, εἰς τὸ συγγενές καὶ εἰς τὸ τοιοῦτον ἀφικομένη ἀπηλλάχθαι τῶν ἀνθρωπίνων κακῶν. ἐκ δὲ τῆς τοιαύτης τροφῆς οὐδὲν δεινὸν μὴ φοβηθῇ, [ταῦτα δ' ἐπιτηδεύσασα,] ὦ Σιμμία τε καὶ Κέβης, ὅπως μὴ διασπασθεῖσα ἐν τῇ ἀπαλλαγῇ τοῦ σώματος ὑπὸ τῶν ἀνέμων διαφυσηθεῖσα καὶ διαπτομένη οἴχεται καὶ οὐδὲν ἔτι οὐδαμοῦ ᾗ.

[84c] σιγὴ οὖν ἐγένετο ταῦτα εἰπόντος τοῦ Σωκράτους ἐπὶ πολὺν χρόνον, καὶ αὐτός τε πρὸς τῷ εἰρημένῳ λόγῳ ἦν ὁ Σωκράτης, ὥς ἰδεῖν ἐφαίνετο, καὶ ἡμῶν οἱ πλεῖστοι· Κέβης δὲ καὶ Σιμμία σμικρὸν

πρὸς ἀλλήλω διελεγέσθην. καὶ ὁ Σωκράτης ἰδὼν αὐτὸ ἤρετο, τί; ἔφη, ὑμῖν τὰ λεχθέντα μὴν μὴ δοκεῖ ἐνδεῶς λέγεσθαι; πολλὰς γὰρ δὴ ἔτι ἔχει ὑποψίας καὶ ἀντιλαβάς, εἴ γε δὴ τις αὐτὰ μέλλει ἱκανῶς διεξιέναι. εἰ μὲν οὖν τι ἄλλο σκοπεῖσθον, οὐδὲν λέγω· εἰ δέ τι περὶ τούτων ἀπορεῖτον, μηδὲν ἀποκνήσῃτε καὶ αὐτοὶ εἰπεῖν καὶ [84d] διελθεῖν, εἴ πῃ ὑμῖν φαίνεται βέλτιον <ἀν> λεχθῆναι, καὶ αὖ καὶ ἐμὲ συμπααραλαβεῖν, εἴ τι μᾶλλον οἴεσθε μετ' ἐμοῦ εὐπορήσειν.

καὶ ὁ Σιμμίας ἔφη· καὶ μὴν, ὦ Σώκρατες, τάλῃθ' ἔσσι σοι ἐρῶ. πάλαι γὰρ ἡμῶν ἐκάτερος ἀπορῶν τὸν ἕτερον προωθεῖ καὶ κελεύει ἐρέσθαι διὰ τὸ ἐπιθυμεῖν μὲν ἀκοῦσαι, ὀκνεῖν δὲ ὄχλον παρέχειν, μὴ σοι ἀηδὲς ἦ διὰ τὴν παροῦσαν συμφορὰν.

καὶ ὁ ἀκούσας ἐγέλασέν τε ἡρέμα καὶ φησιν· Βαβαί, ὦ Σιμμία· ἦ που χαλεπῶς ἂν τοὺς ἄλλους ἀνθρώπους πείσαιμι [84e] ὥς οὐ συμφορὰν ἡγοῦμαι τὴν παροῦσαν τύχην, ὅτε γε μηδ' ὑμᾶς δύναμαι πείθειν, ἀλλὰ φοβεῖσθε μὴ δυσκολώτερόν τι νῦν διάκειμαι ἢ ἐν τῷ πρόσθεν βίῳ· καί, ὥς ἔοικε, τῶν κύκνων δοκῶ φαυλότερος ὑμῖν εἶναι τὴν μαντικὴν, οἱ ἐπειδὴν αἰσθωνται ὅτι δεῖ αὐτοὺς ἀποθανεῖν, ἄδοντες καὶ ἐν [85a] τῷ πρόσθεν χρόνῳ, τότε δὴ πλεῖστα καὶ κάλλιστα ἄδουσι, γεγηθότες ὅτι μέλλουσι παρὰ τὸν θεὸν ἀπιέναι οὐπὲρ εἰσι θεράποντες. οἱ δ' ἄνθρωποι διὰ τὸ αὐτῶν δέος τοῦ θανάτου καὶ τῶν κύκνων καταψεύδονται, καὶ φασιν αὐτοὺς θρηνοῦντας τὸν θάνατον ὑπὸ λύπης ἐξάδειν, καὶ οὐ λογιζονται ὅτι οὐδὲν ὄρνεον ἄδει ὅταν πεινῇ ἢ ρίγῃ ἢ τινα ἄλλην λύπην λυπῇται, οὐδὲ αὐτὴ ἢ τε ἀηδὼν καὶ χελιδὼν καὶ ὁ ἔποψ, ἃ δὴ φασι διὰ λύπην θρηνοῦντα ἄδειν. ἀλλ' οὔτε ταῦτά μοι φαίνεται [85b] λυπούμενα ἄδειν οὔτε οἱ κύκνοι, ἀλλ' ἅτε οἶμαι τοῦ Ἀπόλλωνος ὄντες, μαντικοὶ τέ εἰσι καὶ προειδότες τὰ ἐν Ἄϊδου ἀγαθὰ ἄδουσι καὶ τέρπονται ἐκείνην τὴν ἡμέραν διαφερόντως ἢ ἐν τῷ ἐμπροσθεν χρόνῳ. ἐγὼ δὲ καὶ αὐτὸς ἡγοῦμαι ὁμόδουλός τε εἶναι τῶν κύκνων καὶ ἱερὸς τοῦ αὐτοῦ θεοῦ, καὶ οὐ χεῖρον ἐκείνων τὴν μαντικὴν ἔχειν παρὰ τοῦ δεσπότου, οὐδὲ δυσθυμότερον αὐτῶν τοῦ βίου ἀπαλλάττεσθαι. ἀλλὰ τούτου γ' ἔνεκα λέγειν τε χρὴ καὶ ἐρωτᾶν ὅτι ἂν βούλησθε, ἕως ἂν Ἀθηναίων ἐῷσιν ἄνδρες ἔνδεκα.

καλῶς, ἔφη, λέγεις, ὁ Σιμμίας· καὶ ἐγὼ τέ σοι ἐρῶ ὃ [85c] ἀπορῶ, καὶ αὖ ὅδε, ἦ οὐκ ἀποδέχεται τὰ εἰρημένα. ἐμοὶ γὰρ δοκεῖ, ὦ Σώκρατες,

περὶ τῶν τοιούτων ἴσως ὥσπερ καὶ σοὶ τὸ μὲν σαφὲς εἰδέναι ἐν τῷ νῦν βίῳ ἢ ἀδύνατον εἶναι ἢ παγχάλεπόν τι, τὸ μέντοι αὐτὰ λεγόμενα περὶ αὐτῶν μὴ οὐχὶ παντὶ τρόπῳ ἐλέγχειν καὶ μὴ προαφίστασθαι πρὶν ἂν πανταχῇ σκοπῶν ἀπείπῃ τις, πάνυ μαλθακοῦ εἶναι ἀνδρός· δεῖν γὰρ περὶ αὐτὰ ἓν γέ τι τούτων διαπράξασθαι, ἢ μαθεῖν ὅπῃ ἔχει ἢ εὐρεῖν ἢ, εἰ ταῦτα ἀδύνατον, τὸν γοῦν βέλτιστον τῶν ἀνθρωπίνων λόγων λαβόντα καὶ δυσεξελεγκτότατον, [85d] ἐπὶ τούτου ὀχοῦμενον ὥσπερ ἐπὶ σχεδίας κινδυνεύοντα διαπλεῦσαι τὸν βίον, εἰ μὴ τις δύναιτο ἀσφαλέστερον καὶ ἀκινδυνότερον ἐπὶ βεβαιότερου ὀχήματος, [ἦ] λόγου θείου τινός, διαπορευθῆναι. καὶ δὴ καὶ νῦν ἔγωγε οὐκ ἐπαισχυνθήσομαι ἐρέσθαι, ἐπειδὴ καὶ σὺ ταῦτα λέγεις, οὐδ' ἐμαυτὸν αἰτιάσομαι ἐν ὑστέρῳ χρόνῳ ὅτι νῦν οὐκ εἶπον ἅ μοι δοκεῖ. ἐμοὶ γάρ, ὦ Σώκρατες, ἐπειδὴ καὶ πρὸς ἐμαυτὸν καὶ πρὸς τόνδε σκοπῶ τὰ εἰρημένα, οὐ πάνυ φαίνεται ἱκανῶς εἰρηῆσθαι.

[85e] καὶ ὁ Σωκράτης, ἴσως γάρ, ἔφη, ὦ ἐταῖρε, ἀληθῆ σοι φαίνεται· ἀλλὰ λέγε ὅπῃ δὴ οὐχ ἱκανῶς.

ταύτῃ ἔμοιγε, ἦ δ' ὅς, ἦ δὴ καὶ περὶ ἀρμονίας ἂν τις καὶ λύρας τε καὶ χορδῶν τὸν αὐτὸν τοῦτον λόγον εἴποι, ὥς ἡ μὲν ἀρμονία ἀόρατον καὶ ἀσώματον καὶ πάγκαλόν τι καὶ [86a] θεῖον ἐστὶν ἐν τῇ ἡρμοσμένῃ λύρᾳ, αὐτὴ δ' ἡ λύρα καὶ αἱ χορδαὶ σώματά τε καὶ σωματοειδῆ καὶ σύνθετα καὶ γεώδη ἐστὶ καὶ τοῦ θνητοῦ συγγενῆ. ἐπειδὴν οὖν ἡ κατάξῃ τις τὴν λύραν ἢ διατέμῃ καὶ διαρρήξῃ τὰς χορδὰς, εἴ τις δισχυρίζοιτο τῷ αὐτῷ λόγῳ ὥσπερ σὺ, ὥς ἀνάγκη ἔτι εἶναι τὴν ἀρμονίαν ἐκείνην καὶ μὴ ἀπολωλέναι — οὐδεμία γὰρ μηχανὴ ἂν εἴη τὴν μὲν λύραν ἔτι εἶναι διερρώγωνιων τῶν χορδῶν καὶ τὰς χορδὰς θνητοειδεῖς οὔσας, τὴν δὲ ἀρμονίαν [86b] ἀπολωλέναι τὴν τοῦ θείου τε καὶ ἀθανάτου ὁμοφυῇ τε καὶ συγγενῇ, προτέραν τοῦ θνητοῦ ἀπολομένην — ἀλλὰ φαίη ἀνάγκη ἔτι πού εἶναι αὐτὴν τὴν ἀρμονίαν, καὶ πρότερον τὰ ξύλα καὶ τὰς χορδὰς κατασαπήσεσθαι πρὶν τι ἐκείνην παθεῖν — καὶ γὰρ οὖν, ὦ Σώκρατες, οἶμαι ἔγωγε καὶ αὐτόν σε τοῦτο ἐντεθυμῆσθαι, ὅτι τοιοῦτόν τι μάλιστα ὑπολαμβάνομεν τὴν ψυχὴν εἶναι, ὥσπερ ἐντεταμένου τοῦ σώματος ἡμῶν καὶ συνεχομένου ὑπὸ θερμοῦ καὶ ψυχροῦ καὶ ξηροῦ καὶ ὕγροῦ καὶ τοιούτων τινῶν, κρᾶσιν εἶναι καὶ ἀρμονίαν [86c] αὐτῶν τούτων τὴν ψυχὴν ἡμῶν, ἐπειδὴν ταῦτα καλῶς καὶ μετρίως κραθῇ πρὸς ἄλληλα

— εἰ οὖν τυγχάνει ἡ ψυχὴ οὕσα ἁρμονία τις, δῆλον ὅτι, ὅταν χαλασθῇ τὸ σῶμα ἡμῶν ἀμέτρως ἢ ἐπιταθῇ ὑπὸ νόσων καὶ ἄλλων κακῶν, τὴν μὲν ψυχὴν ἀνάγκη εὐθὺς ὑπάρχει ἀπολωλέναι, καίπερ οὕσαν θειοτάτην, ὥσπερ καὶ αἱ ἄλλαι ἁρμονίαι αἵ τ' ἐν τοῖς φθόγγοις καὶ ἐν τοῖς τῶν δημιουργῶν ἔργοις πᾶσι, τὰ δὲ λείψανα τοῦ σώματος ἐκάστου πολὺν χρόνον παραμένειν, [86d] ἕως ἂν ἢ κατακαυθῇ ἢ κατασαπῇ — ὅρα οὖν πρὸς τοῦτον τὸν λόγον τί φήσομεν, ἐάν τις ἀξιοῖ κρᾶσιν οὕσαν τὴν ψυχὴν τῶν ἐν τῷ σώματι ἐν τῷ καλουμένῳ θανάτῳ πρώτην ἀπόλλυσθαι.

διαβλέψας οὖν ὁ Σωκράτης, ὥσπερ τὰ πολλὰ εἰώθει, καὶ μειδιάσας, δίκαια μέντοι, ἔφη, λέγει ὁ Σιμμίας. εἰ οὖν τις ὑμῶν εὐπορώτερος ἐμοῦ, τί οὐκ ἀπεκρίνατο; καὶ γὰρ οὐ φαύλως ἔοικεν ἀπτομένῳ τοῦ λόγου. δοκεῖ μέντοι μοι χρῆναι πρὸ τῆς ἀποκρίσεως ἔτι πρότερον κέβητος ἀκοῦσαι [86e] τί αὖ ὁδε ἐγκαλεῖ τῷ λόγῳ, ἵνα χρόνου ἐγγενομένου βουλευσώμεθα τί ἐροῦμεν, ἔπειτα [δὲ] ἀκούσαντας ἢ συγχωρεῖν αὐτοῖς ἐάν τι δοκῶσι προσάδειν, ἐάν δὲ μή, οὕτως ἤδη ὑπερδικεῖν τοῦ λόγου. ἀλλ' ἄγε, ἦ δ' ὅς, ὦ Κέβης, λέγε, τί ἦν τὸ σὲ αὖ θραῦτον [ἀπιστίαν παρέχει].

λέγω δὴ, ἦ δ' ὅς ὁ Κέβης. ἐμοὶ γὰρ φαίνεται ἔτι ἐν τῷ αὐτῷ ὁ λόγος εἶναι, καί, ὅπερ ἐν τοῖς πρόσθεν ἐλέγομεν, [87a] ταῦτόν ἐγκλημα ἔχειν. ὅτι μὲν γὰρ ἦν ἡμῶν ἡ ψυχὴ καὶ πρὶν εἰς τόδε τὸ εἶδος ἐλθεῖν, οὐκ ἀνατίθεμαι μὴ οὐχὶ πάνυ χαριέντως καί, εἰ μὴ ἐπαχθές ἐστιν εἰπεῖν, πάνυ ἱκανῶς ἀποδεδείχθαι· ὥς δὲ καὶ ἀποθανόντων ἡμῶν ἔτι που ἔστιν, οὗ μοι δοκεῖ τηδε. ὥς μὲν οὐκ ἰσχυρότερον καὶ πολυχρονιώτερον ψυχὴ σώματος, οὐ συγχωρῶ τῇ Σιμμίου ἀντιλήψει· δοκεῖ γάρ μοι πᾶσι τούτοις πάνυ πολὺ διαφέρειν. τί οὖν, ἂν φαίη ὁ λόγος, ἔτι ἀπιστεῖς, ἐπειδὴ ὀρθῶς ἀποθανόντος τοῦ ἀνθρώπου τό γε ἀσθενέστερον ἔτι ὄν; τὸ δὲ πολυχρονιώτερον [87b] οὐ δοκεῖ σοι ἀναγκαῖον εἶναι ἔτι σφύζεσθαι ἐν τούτῳ τῷ χρόνῳ; πρὸς δὲ τοῦτο τόδε ἐπίσκειναι, εἴ τι λέγω· εἰκόνης γάρ τινος, ὥς ἔοικεν, κἀγὼ ὥσπερ Σιμμίας δέομαι. ἐμοὶ γὰρ δοκεῖ ὁμοίως λέγεσθαι ταῦτα ὥσπερ ἂν τις περὶ ἀνθρώπου ὑφάντου πρεσβύτου ἀποθανόντος λέγοι τοῦτον τὸν λόγον, ὅτι οὐκ ἀπόλωλεν ὁ ἄνθρωπος ἀλλ' ἔστι που σῶς, τεκμήριον δὲ παρέχοιτο θοιμάτιον ὃ ἡμπείχετο αὐτὸς ὑφηνάμενος ὅτι ἐστὶ σῶν καὶ οὐκ ἀπόλωλεν, καὶ εἴ τις [87c] ἀπιστοίῃ αὐτῷ,

ἀνερωτώῃ πότερον πολυχρονιώτερόν ἐστι τὸ γένος ἀνθρώπου ἢ ἱματίου ἐν χρειᾷ τε ὄντος καὶ φορουμένου, ἀποκριναμένου δὴ [τινος] ὅτι πολὺ τὸ τοῦ ἀνθρώπου, οἷοιτο ἀποδεδεῖχθαι ὅτι παντὸς ἄρα μᾶλλον ὃ γε ἄνθρωπος σῶς ἐστιν, ἐπειδὴ τό γε ὀλιγοχρονιώτερον οὐκ ἀπόλωλεν. τὸ δ' οἶμαι, ὧ Σιμμία, οὐχ οὕτως ἔχει· σκόπει γὰρ καὶ σὺ ἃ λέγω. πᾶς [γὰρ] ἂν ὑπολάβοι ὅτι εὖθες λέγει ὁ τοῦτο λέγων· ὁ γὰρ ὑφάντης οὗτος πολλὰ κατατρίψας τοιαῦτα ἱμάτια καὶ ὑφηνάμενος ἐκείνων μὲν ὕστερος ἀπόλωλεν πολλῶν [87d] ὄντων, τοῦ δὲ τελευταίου οἶμαι πρότερος, καὶ οὐδέν τι μᾶλλον τούτου ἔνεκα ἄνθρωπός ἐστιν ἱματίου φαυλότερον οὐδ' ἀσθενέστερον. τὴν αὐτὴν δὲ ταύτην οἶμαι εἰκόνα δέξαιτ' ἂν ψυχὴ πρὸς σῶμα, καὶ τις λέγων αὐτὰ ταῦτα περὶ αὐτῶν μέτρι' ἂν μοι φαίνοιτο λέγειν, ὥς ἡ μὲν ψυχὴ πολυχρόνιον ἐστι, τὸ δὲ σῶμα ἀσθενέστερον καὶ ὀλιγοχρονιώτερον· ἀλλὰ γὰρ ἂν φαίη ἐκάστην τῶν ψυχῶν πολλὰ σώματα κατατρίβειν, ἄλλως τε κἂν πολλὰ ἔτη βιώ — εἰ γὰρ ῥέοι τὸ σῶμα καὶ ἀπολλύοιτο ἔτι ζώντος τοῦ ἀνθρώπου, [87e] ἀλλ' ἡ ψυχὴ ἀεὶ τὸ κατατριβόμενον ἀνυφαίνοι — ἀναγκαῖον μεντᾶν εἶη, ὅποτε ἀπολλύοιτο ἡ ψυχὴ, τὸ τελευταῖον ὕφασμα τυχεῖν αὐτὴν ἔχουσιν καὶ τούτου μόνου προτέραν ἀπόλλυσθαι, ἀπολομένης δὲ τῆς ψυχῆς τότε' ἤδη τὴν φύσιν τῆς ἀσθενείας ἐπιδεικνύοι τὸ σῶμα καὶ ταχὺ σαπὲν διοίχοιτο. ὥστε τούτῳ τῷ λόγῳ οὕπῳ ἄξιον πιστεύσαντα θαρρῆν ὥς [88a] ἐπειδὴν ἀποθάνωμεν ἔτι που ἡμῶν ἡ ψυχὴ ἔστιν. εἰ γὰρ τις καὶ πλέον ἔτι τῷ λέγοντι ἢ ἃ σὺ λέγεις συγχωρήσειεν, δοὺς αὐτῷ μὴ μόνον ἐν τῷ πρὶν καὶ γενέσθαι ἡμᾶς χρόνῳ εἶναι ἡμῶν τὰς ψυχὰς, ἀλλὰ μηδὲν κωλύειν καὶ ἐπειδὴν ἀποθάνωμεν ἐνίων ἔτι εἶναι καὶ ἔσσεσθαι καὶ πολλάκις γενήσεσθαι καὶ ἀποθανεῖσθαι αὐθις — οὕτω γὰρ αὐτὸ φύσει ἰσχυρὸν εἶναι, ὥστε πολλάκις γιγνομένην ψυχὴν ἀντέχειν — δοὺς δὲ ταῦτα ἐκεῖνο μηκέτι συγχωροῖ, μὴ οὐ πονεῖν αὐτὴν ἐν ταῖς πολλαῖς γενέσεσιν καὶ τελευτῶσάν γε ἐν τινι τῶν θανάτων παντάπασιν ἀπόλλυσθαι, τοῦτον δὲ τὸν [88b] θάνατον καὶ ταύτην τὴν διάλυσιν τοῦ σώματος ἢ τῇ ψυχῇ φέρει ὀλεθρον μηδένα φαίη εἰδέναι — ἀδύνατον γὰρ εἶναι ὀτρωοῦν αἰσθῆσθαι ἡμῶν — εἰ δὲ τοῦτο οὕτως ἔχει, οὐδενὶ προσήκει θάνατον θαρρόυντι μὴ οὐκ ἀνοήτως θαρρῆν, ὅς ἂν μὴ ἔχη ἀποδείξαι ὅτι ἔστι ψυχὴ παντάπασιν ἀθάνατόν τε καὶ ἀνώλεθρον· εἰ δὲ μή, ἀνάγκην εἶναι ἀεὶ τὸν μέλλοντα ἀποθανεῖσθαι δεδιέναι ὑπὲρ τῆς αὐτοῦ ψυχῆς μὴ ἐν τῇ νῦν τοῦ σώματος διαζεύξει παντάπασιν ἀπόληται.

[88c] πάντες οὖν ἀκούσαντες εἰπόντων αὐτῶν ἀηδῶς διετέθημεν, ὥς ὕστερον ἐλέγομεν πρὸς ἀλλήλους, ὅτι ὑπὸ τοῦ ἔμπροσθεν λόγου σφόδρα πεπεισμένους ἡμᾶς πάλιν ἐδόκουν ἀναταράξαι καὶ εἰς ἀπιστίαν καταβαλεῖν οὐ μόνον τοῖς προειρημένοις λόγοις, ἀλλὰ καὶ εἰς τὰ ὕστερον μέλλοντα ῥηθήσεται, μὴ οὐδενὸς ἄξιοι εἶμεν κριταὶ ἢ καὶ τὰ πράγματα αὐτὰ ἄπιστα ἦ.

Ἐχεκράτης νῆ τοὺς θεοὺς, ὦ Φαίδων, συγγνώμην γε ἔχω ὑμῖν. καὶ γὰρ αὐτόν με νῦν ἀκούσαντά σου τοιοῦτόν τι λέγειν [88d] πρὸς ἑμαυτὸν ἐπέρχεται· “τίνι οὖν ἔτι πιστεύομεν λόγῳ; ὥς γὰρ σφόδρα πιθανὸς ὢν, ὃν ὁ Σωκράτης ἔλεγε λόγον, νῦν εἰς ἀπιστίαν καταπέπτωκεν”. θαυμαστῶς γάρ μου ὁ λόγος οὗτος ἀντιλαμβάνεται καὶ νῦν καὶ ἀεὶ, τὸ ἀρμονίαν τινὰ ἡμῶν εἶναι τὴν ψυχὴν, καὶ ὥσπερ ὑπέμνησέν με ῥηθεὶς ὅτι καὶ αὐτῷ μοι ταῦτα προυδέδοκτο. καὶ πάνυ δέομαι πάλιν ὥσπερ ἐξ ἀρχῆς ἄλλου τινὸς λόγου ὅς με πείσει ὥς τοῦ ἀποθανόντος οὐ συναποθνήσκει ἡ ψυχὴ. λέγε οὖν πρὸς Διὸς πῆ ὁ Σωκράτης μετῆλθε τὸν λόγον; καὶ πότερον [88e] κἀκεῖνος, ὥσπερ ὑμᾶς φῆς, ἔνδηλός τι ἐγένετο ἀχθόμενος ἢ οὐ, ἀλλὰ πρῶως ἐβοήθει τῷ λόγῳ; [ἦ] καὶ ἱκανῶς ἐβοήθησεν ἢ ἐνδεῶς; πάντα ἡμῖν διέλθε ὥς δύνασαι ἀκριβέστατα.

Φαίδων καὶ μὴν, ὦ Ἐχέκρατες, πολλάκις θαυμάσας Σωκράτη οὐ πώποτε μᾶλλον ἠγάσθην ἢ τότε παραγενόμενος. [89a] τὸ μὲν οὖν ἔχειν ὅτι λέγοι ἐκεῖνος ἴσως οὐδὲν ἄτοπον· ἀλλὰ ἔγωγε μάλιστα ἐθαύμασα αὐτοῦ πρῶτον μὲν τοῦτο, ὥς ἡδέως καὶ εὐμενῶς καὶ ἀγαμένως τῶν νεανίσκων τὸν λόγον ἀπεδέξατο, ἔπειτα ἡμῶν ὥς ὀξέως ἦσθετο ὃ ὑπεπόνθεμεν ὑπὸ τῶν λόγων, ἔπειτα ὥς εὖ ἡμᾶς ἰάσατο καὶ ὥσπερ πεφευγότας καὶ ἡττημένους ἀνεκαλέσατο καὶ προύτρεψεν πρὸς τὸ παρέπεσθαι τε καὶ συσκοπεῖν τὸν λόγον.

Ἐχεκράτης πῶς δῆ;

Φαίδων ἐγὼ ἐρῶ. ἔτυχον γὰρ ἐν δεξιᾷ αὐτοῦ καθήμενος [89b] παρὰ τὴν κλίνην ἐπὶ χαμαιζήλου τινός, ὁ δὲ ἐπὶ πολὺ ὑψηλοτέρου ἢ ἐγώ. καταψήσας οὖν μου τὴν κεφαλὴν καὶ συμπίεσας τὰς ἐπὶ τῷ αὐχένι τρίχας — εἰώθει γάρ, ὁπότε τύχοι, παίζειν μου εἰς τὰς τρίχας — Αὐριον δῆ, ἔφη, ἴσως, ὦ Φαίδων, τὰς καλὰς ταύτας κόμας ἀποκερῆ.

ἔοικεν, ἦν δ' ἐγώ, ὦ Σώκρατες.

οὐκ, ἂν γε ἐμοὶ πείθῃ.

ἀλλὰ τί; ἦν δ' ἐγώ.

τήμερον, ἔφη, καὶ γὰρ τὰς ἐμὰς καὶ σὺ ταύτας, ἐάνπερ γε ἡμῖν ὁ λόγος τελευτήσῃ καὶ μὴ δυνώμεθα αὐτὸν ἀναβιώσασθαι. [89c] καὶ ἔγωγ' ἂν, εἰ σὺ εἶην καὶ με διαφεύγοι ὁ λόγος, ἔνορκον ἂν ποιησαίμην ὥσπερ Ἀργεῖοι, μὴ πρότερον κομήσειν, πρὶν ἂν νικήσω ἀναμαχόμενος τὸν Σιμμίου τε καὶ κέβητος λόγον.

ἀλλ', ἦν δ' ἐγώ, πρὸς δύο λέγεται οὐδ' ὁ Ἡρακλῆς οἴός τε εἶναι.

ἀλλὰ καὶ ἐμέ, ἔφη, τὸν Ἰόλεων παρακάλει, ἕως ἔτι φῶς ἐστίν.

παρακαλῶ τοίνυν, ἔφην, οὐχ ὥς Ἡρακλῆς, ἀλλ' ὥς Ἰόλεως τὸν Ἡρακλῆ.

οὐδὲν διοίσει, ἔφη. ἀλλὰ πρῶτον εὐλαβηθῶμέν τι πάθος μὴ πάθωμεν.

τὸ ποῖον; ἦν δ' ἐγώ.

[89d] μὴ γενώμεθα, ἦ δ' ὅς, μισόλογοι, ὥσπερ οἱ μισάνθρωποι γινόμενοι· ὥς οὐκ ἔστιν, ἔφη, ὅτι ἂν τις μεῖζον τούτου κακὸν πάθῃ ἢ λόγους μισήσας. γίγνεται δὲ ἐκ τοῦ αὐτοῦ τρόπου μισολογία τε καὶ μισανθρωπία. ἦ τε γὰρ μισανθρωπία ἐνδύεται ἐκ τοῦ σφόδρα τινὶ πιστεῦσαι ἄνευ τέχνης, καὶ ἡγήσασθαι παντάπασί γε ἀληθῆ εἶναι καὶ ὑγιῆ καὶ πιστὸν τὸν ἄνθρωπον, ἔπειτα ὀλίγον ὕστερον εὐρεῖν τοῦτον πονηρόν τε καὶ ἄπιστον, καὶ αὖθις ἕτερον· καὶ ὅταν τοῦτο πολλάκις πάθῃ τις καὶ ὑπὸ τούτων μάλιστα οὕς ἂν ἡγήσαιο [89e] οἰκειοτάτους τε καὶ ἐταιροτάτους, τελευτῶν δὴ θαμὰ προσκρούων μισεῖ τε πάντας καὶ ἡγεῖται οὐδενὸς οὐδὲν ὑγιὲς εἶναι τὸ παράπαν. ἦ οὐκ ἦσθησαι σύ πω τοῦτο γινόμενον;

πάνυ γε, ἦν δ' ἐγώ.

οὐκοῦν, ἦ δ' ὅς, αἰσχρόν, καὶ δῆλον ὅτι ἄνευ τέχνης τῆς περὶ τάνθρώπεια ὁ τοιοῦτος χρῆσθαι ἐπεχειρεῖ τοῖς ἀνθρώποις; εἰ γάρ που μετὰ τέχνης ἐχρήτο, ὥσπερ ἔχει οὕτως [90a] ἂν ἡγήσατο, τοὺς μὲν

χρηστούς καὶ πονηροὺς σφόδρα ὀλίγους εἶναι ἑκατέρους, τοὺς δὲ μεταξὺ πλείστους.

πῶς λέγεις; ἔφην ἐγώ.

ὥσπερ, ἣ δ' ὅς, περὶ τῶν σφόδρα σμικρῶν καὶ μεγάλων· οἷε τι σπανιώτερον εἶναι ἢ σφόδρα μέγαν ἢ σφόδρα σμικρὸν ἐξευρεῖν ἄνθρωπον ἢ κύνα ἢ ἄλλο ὅτιοῦν; ἢ αὖ ταχὺν ἢ βραδὺν ἢ αἰσχρὸν ἢ καλὸν ἢ λευκὸν ἢ μέλανα; ἢ οὐχὶ ἦσθησαι ὅτι πάντων τῶν τοιούτων τὰ μὲν ἄκρα τῶν ἐσχάτων σπάνια καὶ ὀλίγα, τὰ δὲ μεταξὺ ἄφθονα καὶ πολλὰ;

πάνυ γε, ἦν δ' ἐγώ.

[90b] οὐκοῦν οἷε, ἔφη, εἰ πονηρίας ἀγὼν προτεθείη, πάνυ ἂν ὀλίγους καὶ ἐνταῦθα τοὺς πρώτους φανῆναι;

εἰκὸς γε, ἦν δ' ἐγώ.

εἰκὸς γάρ, ἔφη. ἀλλὰ ταύτη μὲν οὐχ ὅμοιοι οἱ λόγοι τοῖς ἀνθρώποις, ἀλλὰ σοῦ νυνδὴ προάγοντος ἐγὼ ἐφεσπόμεν, ἀλλ' ἐκείνη, ἣ, ἐπειδὴν τις πιστεύσῃ λόγῳ τινὶ ἀληθεῖ εἶναι ἄνευ τῆς περὶ τοὺς λόγους τέχνης, κἄπειτα ὀλίγον ὕστερον αὐτῷ δόξῃ ψευδὴς εἶναι, ἐνίστε μὲν ὦν, ἐνίστε δ' οὐκ ὦν, καὶ αὐθις ἕτερος καὶ ἕτερος· — καὶ μάλιστα δὴ οἱ [90c] περὶ τοὺς ἀντιλογικοὺς λόγους διατρίψαντες οἶσθ' ὅτι τελευτῶντες οἴονται σοφώτατοι γεγονέναι καὶ κατανενοηκέναι μόνοι ὅτι οὔτε τῶν πραγμάτων οὐδενὸς οὐδὲν ὑγιὲς οὐδὲ βέβαιον οὔτε τῶν λόγων, ἀλλὰ πάντα τὰ ὄντα ἀτεχνῶς ὥσπερ ἐν Εὐρίπῳ ἄνω κάτω στρέφεται καὶ χρόνον οὐδένα ἐν οὐδενὶ μένει.

πάνυ μὲν οὖν, ἔφην ἐγώ, ἀληθὴ λέγεις.

οὐκοῦν, ὦ Φαίδων, ἔφη, οἰκτρὸν ἂν εἴη τὸ πάθος, εἰ ὄντος δὴ τινος ἀληθοῦς καὶ βεβαίου λόγου καὶ δυνατοῦ [90d] κατανοῆσαι, ἔπειτα διὰ τὸ παραγίγνεσθαι τοιούτοις τισὶ λόγοις, τοῖς αὐτοῖς τοτὲ μὲν δοκοῦσιν ἀληθέσιν εἶναι, τοτὲ δὲ μή, μὴ ἑαυτόν τις αἰτιῶτο μηδὲ τὴν ἑαυτοῦ ἀτεχνίαν, ἀλλὰ τελευτῶν διὰ τὸ ἀλγεῖν ἄσμενος ἐπὶ τοὺς λόγους ἀφ' ἑαυτοῦ τὴν αἰτίαν ἀπώσαιο καὶ ἤδη τὸν λοιπὸν βίον μισῶν τε καὶ λαιδορῶν τοὺς λόγους διατελοῖ, τῶν δὲ ὄντων τῆς ἀληθείας τε καὶ ἐπιστήμης στερηθεῖ.

νῆ τὸν Δία, ἦν δ' ἐγώ, οἰκτρὸν δῆτα.

πρῶτον μὲν τοίνυν, ἔφη, τοῦτο εὐλαβηθῶμεν, καὶ μὴ [90e] παρίωμεν εἰς τὴν ψυχὴν ὡς τῶν λόγων κινδυνεύει οὐδὲν ὑγιὲς εἶναι, ἀλλὰ πολὺ μᾶλλον ὅτι ἡμεῖς οὐπω ὑγιῶς ἔχομεν, ἀλλὰ ἀνδριστέον καὶ προθυμητέον ὑγιῶς ἔχειν, σοὶ μὲν οὖν καὶ τοῖς ἄλλοις καὶ τοῦ ἔπειτα βίου παντὸς ἔνεκα, ἐμοὶ δὲ [91a] αὐτοῦ ἔνεκα τοῦ θανάτου, ὡς κινδυνεύω ἔγωγε ἐν τῷ παρόντι περὶ αὐτοῦ τούτου οὐ φιλοσόφως ἔχειν ἀλλ' ὥσπερ οἱ πάνυ ἀπαίδευτοι φιλονίκως. καὶ γὰρ ἐκεῖνοι ὅταν περὶ τοῦ ἀμφισβητῶσιν, ὅπη μὲν ἔχει περὶ ὧν ἂν ὁ λόγος ἦ οὐ φροντίζουσιν, ὅπως δὲ ἂ αὐτοὶ ἔθεντο ταῦτα δόξει τοῖς παροῦσιν, τοῦτο προθυμοῦνται. καὶ ἐγὼ μοι δοκῶ ἐν τῷ παρόντι τοσοῦτον μόνον ἐκείνων διοίσειν· οὐ γὰρ ὅπως τοῖς παροῦσιν ἂ ἐγὼ λέγω δόξει ἀληθῆ εἶναι προθυμήσομαι, εἰ μὴ εἴη πάρεργον, ἀλλ' ὅπως αὐτῷ ἐμοὶ ὅτι μάλιστα δόξει οὕτως [91b] ἔχειν. λογίζομαι γάρ, ὃ φίλε ἐταῖρε — θέασαι ὡς πλεονεκτικῶς — εἰ μὲν τυγχάνει ἀληθῆ ὄντα ἂ λέγω, καλῶς δὴ ἔχει τὸ πεισθῆναι· εἰ δὲ μηδὲν ἐστὶ τελευτήσαντι, ἀλλ' οὖν τοῦτόν γε τὸν χρόνον αὐτὸν τὸν πρὸ τοῦ θανάτου ἦττον τοῖς παροῦσιν ἀηδὴς ἔσομαι ὀδυρόμενος, ἢ δὲ ἄνοιά μοι αὕτη οὐ συνδιατελεῖ — κακὸν γὰρ ἂν ἦν — ἀλλ' ὀλίγον ὕστερον ἀπολεῖται. παρεσκευασμένος δὴ, ἔφη, ὦ Σιμμία τε καὶ Κέβης, οὕτως ἐρχομαι ἐπὶ τὸν λόγον· ὑμεῖς μέντοι, ἂν ἐμοὶ πείθησθε, [91c] σμικρὸν φροντίσαντες Σωκράτους, τῆς δὲ ἀληθείας πολὺ μᾶλλον, ἐὰν μὲν τι ὑμῖν δοκῶ ἀληθὲς λέγειν, συνομολογήσατε, εἰ δὲ μή, παντὶ λόγῳ ἀντιτείνετε, εὐλαβούμενοι ὅπως μὴ ἐγὼ ὑπὸ προθυμίας ἅμα ἐμαυτὸν τε καὶ ὑμᾶς ἐξαπατήσας, ὥσπερ μέλιττα τὸ κέντρον ἐγκαταλιπὼν οἰχίσσομαι.

ἀλλ' ἰτέον, ἔφη. πρῶτόν με ὑπομνήσατε ἂ ἐλέγετε, ἐὰν μὴ φαίνωμαι μεμνημένος. Σιμμίας μὲν γάρ, ὡς ἐγῶμαι, ἀπιστεῖ τε καὶ φοβεῖται μὴ ἡ ψυχὴ ὅμως καὶ θειότερον καὶ [91d] κάλλιον ὢν τοῦ σώματος προαπολλύηται ἐν ἀρμονίας εἶδει οὕσα· Κέβης δὲ μοι ἔδοξε τοῦτο μὲν ἐμοὶ συγχωρεῖν, πολυχρονιώτερόν γε εἶναι ψυχὴν σώματος, ἀλλὰ τότε ἄδηλον παντί, μὴ πολλὰ δὴ σώματα καὶ πολλάκις κατατρίψασα ἢ ψυχὴ τὸ τελευταῖον σῶμα καταλιποῦσα νῦν αὕτη ἀπολλύηται, καὶ ἦ αὐτὸ τοῦτο θάνατος, ψυχῆς ὄλεθρος, ἐπεὶ σῶμά γε ἀεὶ ἀπολλύμενον οὐδὲν παύεται. ἄρα ἀλλ' ἢ ταῦτ' ἐστίν, ὦ Σιμμία τε καὶ

Κέβης, ἃ δεῖ ἡμᾶς ἐπισκοπεῖσθαι;

[91e] συνωμολογεῖτην δὴ ταῦτ' εἶναι ἄμφω.

πότερον οὖν, ἔφη, πάντας τοὺς ἔμπροσθε λόγους οὐκ ἀποδέχεσθε, ἢ τοὺς μὲν, τοὺς δ' οὐ;

τοὺς μὲν, ἐφάτην, τοὺς δ' οὐ.

τί οὖν, ἢ δ' ὅς, περὶ ἐκείνου τοῦ λόγου λέγετε ἐν ᾧ ἔφαμεν τὴν μάθησιν ἀνάμνησιν εἶναι, καὶ τούτου οὕτως ἔχοντος ἀναγκαίως ἔχειν ἄλλοθι πρότερον ἡμῶν εἶναι τὴν [92a] ψυχὴν, πρὶν ἐν τῷ σώματι ἐνδεθῆναι;

ἐγὼ μὲν, ἔφη ὁ Κέβης, καὶ τότε θαυμαστῶς ὥς ἐπείσθην ὑπ' αὐτοῦ καὶ νῦν ἐμμένω ὥς οὐδενὶ λόγῳ.

καὶ μὴν, ἔφη ὁ Σιμμίας, καὶ αὐτὸς οὕτως ἔχω, καὶ πάνυ ἄν θαυμάζοιμι εἴ μοι περὶ γε τούτου ἄλλο ποτέ τι δόξειεν.

καὶ ὁ Σωκράτης, ἀλλὰ ἀνάγκη σοι, ἔφη, ὧ ξένη Θηβαῖε, ἄλλα δόξαι, ἐάνπερ μείνη ἦδε ἡ οἴησις, τὸ ἁρμονίαν μὲν εἶναι σύνθετον πρᾶγμα, ψυχὴν δὲ ἁρμονίαν τινὰ ἐκ τῶν κατὰ τὸ σῶμα ἐντεταμένων συγκεῖσθαι· οὐ γάρ που ἀποδέξῃ γε [92b] σαυτοῦ λέγοντος ὥς πρότερον ἦν ἁρμονία συγκειμένη, πρὶν ἐκεῖνα εἶναι ἐξ ὧν ἔδει αὐτὴν συντεθῆναι. ἢ ἀποδέξῃ;

οὐδαμῶς, ἔφη, ὧ Σώκρατες.

αἰσθάνη οὖν, ἢ δ' ὅς, ὅτι ταῦτά σοι συμβαίνει λέγειν, ὅταν φῆς μὲν εἶναι τὴν ψυχὴν πρὶν καὶ εἰς ἀνθρώπου εἰδός τε καὶ σῶμα ἀφικέσθαι, εἶναι δὲ αὐτὴν συγκειμένην ἐκ τῶν οὐδέπω ὄντων; οὐ γὰρ δὴ ἁρμονία γέ σοι τοιοῦτόν ἐστιν ᾧ ἀπεικάξεις, ἀλλὰ πρότερον καὶ ἡ λύρα καὶ αἱ χορδαὶ καὶ [92c] οἱ φθόγγοι ἔτι ἀνάρμοστοι ὄντες γίνονται, τελευταῖον δὲ πάντων συνίσταται ἡ ἁρμονία καὶ πρῶτον ἀπόλλυται. οὗτος οὖν σοι ὁ λόγος ἐκείνῳ πῶς συνάσσεται;

οὐδαμῶς, ἔφη ὁ Σιμμίας.

καὶ μὴν, ἢ δ' ὅς, πρέπει γε εἴπερ τῷ ἄλλῳ λόγῳ συνωδῶ εἶναι καὶ τῷ περὶ ἁρμονίας.

πρέπει γάρ, ἔφη ὁ Σιμμίας.

οὗτος τοίνυν, ἔφη, σοὶ οὐ συνωδός· ἀλλ' ὅρα πότερον αἰρή τῶν λόγων, τὴν μάθησιν ἀνάμνησιν εἶναι ἢ ψυχὴν ἀρμονίαν;

πολὺ μᾶλλον, ἔφη, ἐκείνον, ὃ Σώκρατες. ὁδε μὲν γάρ [92d] μοι γέγονεν ἄνευ ἀποδείξεως μετὰ εἰκότος τινὸς καὶ εὐπρεπείας, ὅθεν καὶ τοῖς πολλοῖς δοκεῖ ἀνθρώποις· ἐγὼ δὲ τοῖς διὰ τῶν εἰκότων τὰς ἀποδείξεις ποιουμένοις λόγοις σύνοιδα οὕσιν ἀλαζόσιν, καὶ ἂν τις αὐτοὺς μὴ φυλάττηται, εὖ μάλα ἐξαπατᾷσι, καὶ ἐν γεωμετρίας καὶ ἐν τοῖς ἄλλοις ἅπασιν. ὁ δὲ περὶ τῆς ἀναμνήσεως καὶ μαθήσεως λόγος δι' ὑποθέσεως ἀξίας ἀποδέξασθαι εἴρηται. ἐρρήθη γάρ που οὕτως ἡμῶν εἶναι ἢ ψυχὴ καὶ πρὶν εἰς σῶμα ἀφικέσθαι, ὥσπερ αὐτῆς ἐστὶν ἢ οὐσία ἔχουσα τὴν ἐπωνυμίαν τὴν τοῦ “ὅ ἐστιν” [92e] ἐγὼ δὲ ταύτην, ὡς ἐμαυτὸν πείθω, ἱκανῶς τε καὶ ὀρθῶς ἀποδέδεγμαι. ἀνάγκη οὖν μοι, ὡς ἔοικε, διὰ ταῦτα μήτε ἐμαυτοῦ μήτε ἄλλου ἀποδέχεσθαι λέγοντος ὡς ψυχὴ ἐστὶν ἀρμονία.

τί δέ, ἦ δ' ὅς, ὃ Σιμμία, τῇδε; δοκεῖ σοι ἀρμονία ἢ ἄλλη [93a] τινὶ συνθέσει προσήκειν ἄλλως πως ἔχειν ἢ ὡς ἂν ἐκεῖνα ἔχη ἐξ ὧν ἂν συγκείμεται;

οὐδαμῶς.

οὐδὲ μὴν ποιεῖν τι, ὡς ἐγῶμαι, οὐδέ τι πάσχειν ἄλλο παρ' ἃ ἂν ἐκεῖνα ἢ ποιῇ ἢ πάσχη; συνέφη.

οὐκ ἄρα ἡγεῖσθαι γε προσήκει ἀρμονίαν τούτων ἐξ ὧν ἂν συντεθῇ, ἀλλ' ἔπεσθαι. συνεδόκει.

πολλοῦ ἄρα δεῖ ἐναντία γε ἀρμονία κινηθῆναι ἂν ἢ φθέγξασθαι ἢ τι ἄλλο ἐναντιωθῆναι τοῖς αὐτῆς μέρεσιν.

πολλοῦ μέντοι, ἔφη.

τί δέ; οὐχ οὕτως ἀρμονία πέφυκεν εἶναι ἐκάστη ἀρμονία ὡς ἂν ἀρμοσθῇ;

οὐ μανθάνω, ἔφη.

ἢ οὐχί, ἦ δ' ὅς, ἂν μὲν μᾶλλον ἀρμοσθῇ καὶ ἐπὶ πλεον, [93b] εἴπερ

ἐνδέχεται τοῦτο γίγνεσθαι, μᾶλλον τε ἂν ἀρμονία εἴη καὶ πλείων, εἰ δ' ἥττον τε καὶ ἐπ' ἔλαττον, ἥττων τε καὶ ἐλάττων;

πάνυ γε.

ἢ οὖν ἔστι τοῦτο περὶ ψυχὴν, ὥστε καὶ κατὰ τὸ σμικρότατον μᾶλλον ἑτέραν ἑτέρας ψυχῆς ἐπὶ πλεόν καὶ μᾶλλον ἢ ἐπ' ἔλαττον καὶ ἥττον αὐτὸ τοῦτο εἶναι, ψυχὴν;

οὐδ' ὁπωστιοῦν, ἔφη.

φέρει δὴ, ἔφη, πρὸς Διός· λέγεται ψυχὴ ἢ μὲν νοῦν τε ἔχειν καὶ ἀρετὴν καὶ εἶναι ἀγαθὴ, ἢ δὲ ἄνοιάν τε καὶ μοχθηρίαν [93c] καὶ εἶναι κακὴ; καὶ ταῦτα ἀληθῶς λέγεται;

ἀληθῶς μέντοι.

τῶν οὖν θεμένων ψυχὴν ἀρμονίαν εἶναι τί τις φήσει ταῦτα ὄντα εἶναι ἐν ταῖς ψυχαῖς, τὴν τε ἀρετὴν καὶ τὴν κακίαν; πότερον ἀρμονίαν αὖτις ἀλλήν καὶ ἀναρμοστίαν; καὶ τὴν μὲν ἡρμόσθαι, τὴν ἀγαθὴν, καὶ ἔχειν ἐν αὐτῇ ἀρμονίᾳ οὔση ἄλλην ἀρμονίαν, τὴν δὲ ἀνάρμοστον αὐτὴν τε εἶναι καὶ οὐκ ἔχειν ἐν αὐτῇ ἄλλην;

οὐκ ἔχω ἔγωγ', ἔφη ὁ Σιμμίας, εἰπεῖν· δῆλον δ' ὅτι τοιαῦτ' ἅττ' ἂν λέγοι ὁ ἐκεῖνο ὑποθέμενος.

[93d] ἀλλὰ προωμολόγηται, ἔφη, μηδὲν μᾶλλον μηδ' ἥττον ἑτέραν ἑτέρας ψυχὴν ψυχῆς εἶναι· τοῦτο δ' ἔστι τὸ ὁμολόγημα, μηδὲν μᾶλλον μηδ' ἐπὶ πλεόν μηδ' ἥττον μηδ' ἐπ' ἔλαττον ἑτέραν ἑτέρας ἀρμονίαν ἀρμονίας εἶναι. ἢ γάρ;

πάνυ γε.

τὴν δέ γε μηδὲν μᾶλλον μηδὲ ἥττον ἀρμονίαν οὔσαν μήτε μᾶλλον μήτε ἥττον ἡρμόσθαι· ἔστιν οὕτως;

ἔστιν.

ἢ δὲ μήτε μᾶλλον μήτε ἥττον ἡρμολογούμενη ἔστιν ὅτι πλεόν ἢ ἔλαττον ἀρμονίας μετέχει, ἢ τὸ ἴσον;

τὸ ἴσον.

οὐκοῦν ψυχὴ ἐπειδὴ οὐδὲν μᾶλλον οὐδ' ἥττον ἄλλη [93e] ἄλλης αὐτὸ τοῦτο, ψυχὴ, ἐστίν, οὐδὲ δὴ μᾶλλον οὐδὲ ἥττον ἡρμოსται;

οὕτω.

τοῦτο δέ γε πεπονθυῖα οὐδὲν πλέον ἀναρμოსτίας οὐδὲ ἀρμονίας μετέχῃ ἄν;

οὐ γὰρ οὖν.

τοῦτο δ' αὖ πεπονθυῖα ἄρ' ἂν τι πλέον κακίας ἢ ἀρετῆς μετέχῃ ἑτέρα ἑτέρας, εἴπερ ἢ μὲν κακία ἀναρμოსτία, ἢ δὲ ἀρετὴ ἀρμονία εἴη;

οὐδὲν πλέον.

[94a] μᾶλλον δέ γέ που, ὦ Σιμμία, κατὰ τὸν ὀρθὸν λόγον κακίας οὐδεμία ψυχὴ μεθέξει, εἴπερ ἀρμονία ἐστίν· ἀρμονία γὰρ δήπου παντελῶς αὐτὸ τοῦτο οὖσα, ἀρμονία, ἀναρμოსτίας οὐποτ' ἂν μετᾴσχοι.

οὐ μέντοι.

οὐδέ γε δήπου ψυχὴ, οὖσα παντελῶς ψυχὴ, κακίας.

πῶς γὰρ ἔκ γε τῶν προειρημένων;

ἐκ τούτου ἄρα τοῦ λόγου ἡμῖν πᾶσαι ψυχαὶ πάντων ζώων ὁμοίως ἀγαθαὶ ἔσονται, εἴπερ ὁμοίως ψυχαὶ πεφύκασιν αὐτὸ τοῦτο, ψυχαί, εἶναι.

ἔμοιγε δοκεῖ, ἔφη, ὦ Σώκρατες.

ἦ καὶ καλῶς δοκεῖ, ἦ δ' ὅς, οὕτω λέγεσθαι, καὶ πάσχειν [94b] ἂν ταῦτα ὁ λόγος εἰ ὀρθὴ ἢ ὑπόθεσις ᾗν, τὸ ψυχὴν ἀρμονίαν εἶναι;

οὐδ' ὅπωςτιοῦν, ἔφη.

τί δέ; ἦ δ' ὅς· τῶν ἐν ἀνθρώπῳ πάντων ἔσθ' ὅτι ἄλλο λέγεις ἄρχειν ἢ ψυχὴν ἄλλως τε καὶ φρόνιμον;

οὐκ ἔγωγε.

πότερον συγχωροῦσαν τοῖς κατὰ τὸ σῶμα πάθεσιν ἢ καὶ ἐναντιουμένην; λέγω δὲ τὸ τοιόνδε, οἷον καύματος ἐνόητος καὶ δίψους ἐπὶ τὸνναντίον ἔλκειν, τὸ μὴ πίνειν, καὶ πείνης ἐνόησης ἐπὶ τὸ μὴ ἐσθίειν, καὶ ἄλλα μυρία που ὁρῶμεν [94c] ἐναντιουμένην τὴν ψυχὴν τοῖς κατὰ τὸ σῶμα· ἢ οὐ;

πάνυ μὲν οὖν.

οὐκοῦν αὖ ὁμολογήσαμεν ἐν τοῖς πρόσθεν μήποτ' ἂν αὐτὴν, ἀρμονίαν γε οὔσαν, ἐναντία ἅδειν οἷς ἐπιτείνετο καὶ χαλῶτο καὶ ψάλλοιτο καὶ ἄλλο ὅτιοῦν πάθος πάσχοι ἐκεῖνα ἐξ ὧν τυγχάνοι οὔσα, ἀλλ' ἔπεσθαι ἐκείνοις καὶ οὔποτ' ἂν ἡγεμονεύειν;

ὁμολογήσαμεν, ἔφη· πῶς γὰρ οὐ;

τί οὖν; νῦν οὐ πᾶν τὸνναντίον ἡμῖν φαίνεται ἐργαζομένη, ἡγεμονεύουσα τε ἐκείνων πάντων ἐξ ὧν φησί τις αὐτὴν [94d] εἶναι, καὶ ἐναντιουμένη ὀλίγου πάντα διὰ παντὸς τοῦ βίου καὶ δεσπύζουσα πάντας τρόπους, τὰ μὲν χαλεπώτερον κολάζουσα καὶ μετ' ἀλγηδόνων, τὰ τε κατὰ τὴν γυμναστικὴν καὶ τὴν ἰατρικὴν, τὰ δὲ πρῶτον, καὶ τὰ μὲν ἀπειλοῦσα, τὰ δὲ νοθετοῦσα, ταῖς ἐπιθυμίαις καὶ ὀργαῖς καὶ φόβοις ὡς ἄλλη οὔσα ἄλλῳ πράγματι διαλεγόμενη; οἷόν που καὶ Ὅμηρος ἐν Ὀδυσσεΐᾳ πεποίηκεν, οὗ λέγει τὸν Ὀδυσσεῆα· στήθος δὲ πλήξας κραδίην ἠνίπαπε μύθῳ· [94e] τέτλαθι δὴ, κραδίη· καὶ κύντερον ἄλλο ποτ' ἔτλης. [Ὀμ. Ὀδύσσεια υ 17]

ἄρ' οἶει αὐτὸν ταῦτα ποιῆσαι διανοούμενον ὡς ἀρμονίας αὐτῆς οὔσης καὶ οἷας ἄγεσθαι ὑπὸ τῶν τοῦ σώματος παθημάτων, ἀλλ' οὐχ οἷας ἄγειν τε ταῦτα καὶ δεσπύζειν, καὶ οὔσης αὐτῆς πολὺ θειοτέρου τινὸς πράγματος ἢ καθ' ἀρμονίαν;

νὴ Δία, ὦ Σώκρατες, ἔμοιγε δοκεῖ.

οὐκ ἄρα, ὦ ἄριστε, ἡμῖν οὐδαμῇ καλῶς ἔχει ψυχὴν [95a] ἀρμονίαν τινὰ φάναι εἶναι· οὔτε γὰρ ἂν, ὡς ἔοικεν, Ὀμήρῳ θεῖῳ ποιητῇ ὁμολογοῖμεν οὔτε αὐτοὶ ἡμῖν αὐτοῖς.

ἔχει οὕτως, ἔφη.

εἶεν δὴ, ἥ δ' ὅς ὁ Σωκράτης, τὰ μὲν Ἀρμονίας ἡμῖν τῆς Θηβαϊκῆς Ἰλαά πως, ὡς ἔοικε, μετρίως γέγονεν· τί δὲ δὴ τὰ Κάδμου, ἔφη, ὦ Κέβης, πῶς ἰλασόμεθα καὶ τίνι λόγῳ;

σύ μοι δοκεῖς, ἔφη ὁ Κέβης, ἐξευρήσειν· τουτονὶ γοῦν τὸν λόγον τὸν πρὸς τὴν ἁρμονίαν θαυμαστῶς μοι εἶπες ὡς παρὰ δόξαν. Σιμμίου γὰρ λέγοντος ὅτε ἠπóρει, πάνυ ἐθαύμαζον [95b] εἴ τι ἔξει τις χρῆσασθαι τῷ λόγῳ αὐτοῦ· πάνυ οὖν μοι ἀτόπως ἔδοξεν εὐθὺς τὴν πρώτην ἔφοδον οὐ δέξασθαι τοῦ σοῦ λόγου. ταῦτά δὴ οὐκ ἂν θαυμάσαιμι καὶ τὸν τοῦ Κάδμου λόγον εἰ πάθοι.

ὦγαθέ, ἔφη ὁ Σωκράτης, μὴ μέγα λέγε, μὴ τις ἡμῖν βασκανία περιτρέψῃ τὸν λόγον τὸν μέλλοντα ἔσεσθαι. ἀλλὰ δὴ ταῦτα μὲν τῷ θεῷ μελήσει, ἡμεῖς δὲ Ὀμηρικῶς ἐγγὺς ἰόντες πειρώμεθα εἰ ἄρα τι λέγεις. ἔστι δὲ δὴ τὸ κεφάλαιον ὧν ζητεῖς· ἀξιοῖς ἐπιδειχθῆναι ἡμῶν τὴν ψυχὴν [95c] ἀνώλεθρόν τε καὶ ἀθάνατον οὖσαν, εἰ φιλόσοφος ἀνὴρ μέλλων ἀποθανεῖσθαι, θαρρῶν τε καὶ ἠγούμενος ἀποθανὼν ἐκεῖ εὖ πράξειν διαφερόντως ἢ εἰ ἐν ἄλλῳ βίῳ βιοῦς ἐτελεύτα, μὴ ἀνόητόν τε καὶ ἡλίθιον θάρρος θαρρήσει. τὸ δὲ ἀποφαίνειν ὅτι ἰσχυρόν τί ἐστὶν ἡ ψυχὴ καὶ θεοειδὲς καὶ ἦν ἔτι πρότερον, πρὶν ἡμᾶς ἀνθρώπους γενέσθαι, οὐδὲν κωλύειν φῆς πάντα ταῦτα μηνύειν ἀθανασίαν μὲν μὴ, ὅτι δὲ πολυχρόνιον τέ ἐστὶν ψυχὴ καὶ ἦν που πρότερον ἀμήχανον ὅσον χρόνον καὶ ἦδει τε καὶ ἔπραττεν πολλὰ ἄττα· ἀλλὰ γὰρ [95d] οὐδὲν τι μᾶλλον ἦν ἀθάνατον, ἀλλὰ καὶ αὐτὸ τὸ εἰς ἀνθρώπου σῶμα ἐλθεῖν ἀρχὴ ἦν αὐτῇ ὀλέθρου, ὥσπερ νόσος· καὶ τάλαιπωρομένη τε δὴ τοῦτον τὸν βίον ζῶη καὶ τελευτῶσά γε ἐν τῷ καλουμένῳ θανάτῳ ἀπολλύοιτο. διαφέρειν δὲ δὴ φῆς οὐδὲν εἴτε ἅπαξ εἰς σῶμα ἔρχεται εἴτε πολλάκις, πρὸς γε τὸ ἕκαστον ἡμῶν φοβεῖσθαι· προσήκει γὰρ φοβεῖσθαι, εἰ μὴ ἀνόητος εἴη, τῷ μὴ εἰδότι μηδὲ ἔχοντι λόγον διδόναι [95e] ὡς ἀθάνατόν ἐστι. τοιαῦτ' ἄττα ἐστίν, οἶμαι, ὦ Κέβης, ἃ λέγεις· καὶ ἐξεπίτηδες πολλάκις ἀναλαμβάνω, ἵνα μὴ τι διαφύγῃ ἡμᾶς, εἴ τέ τι βούλει, προσθῆς ἢ ἀφέλῃς.

καὶ ὁ Κέβης, ἀλλ' οὐδὲν ἔγωγε ἐν τῷ παρόντι, ἔφη, οὔτε ἀφελεῖν οὔτε προσθεῖναι δέομαι· ἔστι δὲ ταῦτα ἃ λέγω.

ὁ οὖν Σωκράτης συχνὸν χρόνον ἐπισχὼν καὶ πρὸς ἑαυτόν τι

σκεψάμενος, οὐ φαῦλον πρᾶγμα, ἔφη, ὦ Κέβης, ζητεῖς· ὅλως γὰρ δεῖ
περὶ γενέσεως καὶ φθορᾶς τὴν αἰτίαν διαπραγματεύσασθαι. [96a]
ἐγὼ οὖν σοι δίδειμι περὶ αὐτῶν, ἐὰν βούλῃ, τά γε ἐμὰ πάθη· ἔπειτα ἂν
τί σοι χρήσιμον φαίνεται ὧν ἂν λέγω, πρὸς τὴν πειθῶ περὶ ὧν δὴ
λέγεις χρήσῃ.

ἀλλὰ μὲν, ἔφη ὁ Κέβης, βούλομαι γε.

ἄκουε τοίνυν ὡς ἐροῦντος. ἐγὼ γάρ, ἔφη, ὦ Κέβης, νέος ὢν
θαυμαστῶς ὡς ἐπεθύμησα ταύτης τῆς σοφίας ἦν δὴ καλοῦσι περὶ
φύσεως ἱστορίαν· ὑπερήφανος γάρ μοι ἐδόκει εἶναι, εἰδέναι τὰς
αἰτίας ἐκάστου, διὰ τί γίγνεται ἕκαστον καὶ διὰ τί ἀπόλλυται καὶ διὰ
τί ἔστι. καὶ πολλάκις [96b] ἐμαυτὸν ἄνω κάτω μετέβαλλον σκοπῶν
πρῶτον τὰ τοιάδε· “ἄρ’ ἐπειδὴν τὸ θερμὸν καὶ τὸ ψυχρὸν σηπεδόνα
τινὰ λάβῃ, ὥς τινες ἔλεγον, τότε δὴ τὰ ζῷα συντρέφεται; καὶ πότερον
τὸ αἷμά ἐστιν ὃ φρονοῦμεν, ἢ ὁ ἀήρ ἢ τὸ πῦρ; ἢ τούτων μὲν οὐδέν, ὁ
δ’ ἐγκέφαλός ἐστιν ὁ τὰς αἰσθήσεις παρέχων τοῦ ἀκούειν καὶ ὁρᾶν
καὶ ὁσφραίνεισθαι, ἐκ τούτων δὲ γίγνεται μνήμη καὶ δόξα, ἐκ δὲ
μνήμης καὶ δόξης λαβούσης τὸ ἡρμεῖν, κατὰ ταῦτα γίνεσθαι
ἐπιστήμην; καὶ αὖ τούτων τὰς φθορὰς σκοπῶν, καὶ τὰ περὶ τὸν
οὐρανόν [96c] τε καὶ τὴν γῆν πάθη, τελευτῶν οὕτως ἐμαυτῷ ἔδοξα
πρὸς ταύτην τὴν σκέψιν ἀφυῆς εἶναι ὡς οὐδέν χρημα. τεκμήριον δέ
σοι ἐρῶ ἱκανόν· ἐγὼ γὰρ ἂ καὶ πρότερον σαφῶς ἠπιστάμην, ὥς γε
ἐμαυτῷ καὶ τοῖς ἄλλοις ἐδόκουν, τότε ὑπὸ ταύτης τῆς σκέψεως οὕτω
σφόδρα ἐτυφλώθην, ὥστε ἀπέμαθον καὶ ταῦτα ἂ πρὸ τοῦ ὥμην
εἰδέναι, περὶ ἄλλων τε πολλῶν καὶ διὰ τί ἄνθρωπος αὐξάνεται. τοῦτο
γὰρ ὥμην πρὸ τοῦ παντὶ δῆλον εἶναι, ὅτι διὰ τὸ ἐσθίειν καὶ πίνειν·
[96d] ἐπειδὴν γὰρ ἐκ τῶν σιτίων ταῖς μὲν σαρκὶ σάρκες
προσγένωνται, τοῖς δὲ ὅστοις ὅστᾱ, καὶ οὕτω κατὰ τὸν αὐτὸν λόγον
καὶ τοῖς ἄλλοις τὰ αὐτῶν οἰκεῖα ἐκάστοις προσγένηται, τότε δὴ τὸν
ὀλίγον ὄγκον ὄντα ὕστερον πολὺν γεγονέναι, καὶ οὕτω γίνεσθαι τὸν
σμικρὸν ἄνθρωπον μέγαν. οὕτως τότε ὥμην· οὐ δοκῶ σοι μετρίως;

ἔμοιγε, ἔφη ὁ Κέβης.

σκέψαι δὴ καὶ τάδε ἔτι. ὥμην γὰρ ἱκανῶς μοι δοκεῖν, ὁπότε τις
φαίνοιτο ἄνθρωπος παραστάς μέγας σμικρῷ μείζων [96e] εἶναι αὐτῇ
τῇ κεφαλῇ, καὶ ἵππος ἵππου· καὶ ἔτι γε τούτων ἐναργέστερα, τὰ δέκα

μοι ἐδόκει τῶν ὀκτὼ πλέονα εἶναι διὰ τὸ δύο αὐτοῖς προσεῖναι, καὶ τὸ δίπηχυ τοῦ πηχυαίου μείζον εἶναι διὰ τὸ ἡμίσει αὐτοῦ ὑπερέχειν.

νῦν δὲ δὴ, ἔφη ὁ Κέβης, τί σοι δοκεῖ περὶ αὐτῶν;

πόρρω που, ἔφη, νῆ Δία ἐμὲ εἶναι τοῦ οἶσθαι περὶ τούτων του τὴν αἰτίαν εἰδέναι, ὅς γε οὐκ ἀποδέχομαι ἐμαυτοῦ οὐδὲ ὥς ἐπειδὴν ἐνὶ τις προσθῇ ἓν, ἢ τὸ ἐν ᾧ προσετέθη δύο γέγονεν, <ἢ τὸ προστεθέν>, ἢ τὸ προστεθέν καὶ ᾧ προσετέθη [97a] διὰ τὴν πρόσθεσιν τοῦ ἐτέρου τῷ ἐτέρῳ δύο ἐγένετο· θαυμάζω γὰρ εἰ ὅτε μὲν ἐκάτερον αὐτῶν χωρὶς ἀλλήλων ἦν, ἐν ἅρα ἐκάτερον ἦν καὶ οὐκ ἦσθην τότε δύο, ἐπεὶ δ' ἐπλησίασαν ἀλλήλοις, αὕτη ἅρα αἰτία αὐτοῖς ἐγένετο τοῦ δύο γενέσθαι, ἢ σύνοδος τοῦ πλησίον ἀλλήλων τεθῆναι. οὐδέ γε ὥς ἐάν τις ἐν διασχίσει, δύναμαι ἔτι πείθεσθαι ὥς αὕτη αὖ αἰτία γέγονεν, ἢ σχίσιν, τοῦ δύο γεγονέναι· ἐναντία γὰρ [97b] γίνεταί ἢ τότε αἰτία τοῦ δύο γίνεσθαι. τότε μὲν γὰρ ὅτι συνήγετο πλησίον ἀλλήλων καὶ προσετίθετο ἕτερον ἐτέρῳ, νῦν δ' ὅτι ἀπάγεται καὶ χωρίζεται ἕτερον ἀφ' ἐτέρου. οὐδέ γε δι' ὅτι ἐν γίνεταί ὥς ἐπίσταμαι, ἔτι πείθω ἐμαυτόν, οὐδ' ἄλλο οὐδὲν ἐνὶ λόγῳ δι' ὅτι γίνεταί ἢ ἀπόλλυται ἢ ἔστι, κατὰ τοῦτον τὸν τρόπον τῆς μεθόδου, ἀλλὰ τιν' ἄλλον τρόπον αὐτὸς εἰκῇ φύρῳ, τοῦτον δὲ οὐδαμῇ προσίεμαι.

ἀλλ' ἀκούσας μὲν ποτε ἐκ βιβλίου τινός, ὥς ἔφη, Ἀναξαγόρου [97c] ἀναγιγνώσκοντος, καὶ λέγοντος ὥς ἅρα νοῦς ἐστὶν ὁ διακοσμῶν τε καὶ πάντων αἴτιος, ταύτη δὴ τῇ αἰτίᾳ ἦσθην τε καὶ ἔδοξέ μοι τρόπον τινὰ εὖ ἔχειν τὸ τὸν νοῦν εἶναι πάντων αἴτιον, καὶ ἡγησάμην, εἰ τοῦθ' οὕτως ἔχει, τὸν γε νοῦν κοσμοῦντα πάντα κοσμεῖν καὶ ἕκαστον τιθέναι ταύτη ὅπῃ ἂν βέλτιστα ἔχῃ· εἰ οὖν τις βούλοιο τὴν αἰτίαν εὐρεῖν περὶ ἐκάστου ὅπῃ γίνεταί ἢ ἀπόλλυται ἢ ἔστι, τοῦτο δεῖν περὶ αὐτοῦ εὐρεῖν, ὅπῃ βέλτιστον αὐτῷ ἐστὶν ἢ εἶναι ἢ [97d] ἄλλο ὅτιοῦν πάσχειν ἢ ποιεῖν· ἐκ δὲ δὴ τοῦ λόγου τούτου οὐδὲν ἄλλο σκοπεῖν προσήκειν ἀνθρώπῳ καὶ περὶ αὐτοῦ ἐκείνου καὶ περὶ τῶν ἄλλων ἄλλ' ἢ τὸ ἄριστον καὶ τὸ βέλτιστον. ἀναγκαῖον δὲ εἶναι τὸν αὐτὸν τοῦτον καὶ τὸ χεῖρον εἰδέναι· τὴν αὐτὴν γὰρ εἶναι ἐπιστήμην περὶ αὐτῶν. ταῦτα δὴ λογιζόμενος ἄσμενος ἡύρηκέναί ᾧ μὴν διδάσκαλον τῆς αἰτίας περὶ τῶν ὄντων κατὰ νοῦν ἐμαυτῷ, τὸν Ἀναξαγόραν, καί μοι φράσειν πρῶτον μὲν πότερον ἢ γῆ πλατεῖά ἐστιν ἢ [97e] στρογγύλη, ἐπειδὴ δὲ φράσειεν, ἐπεκδιηγῆσεσθαι τὴν αἰτίαν καὶ τὴν

ἀνάγκην, λέγοντα τὸ ἄμεινον καὶ ὅτι αὐτὴν ἄμεινον ἦν τοιαύτην εἶναι· καὶ εἰ ἐν μέσῳ φαίη εἶναι αὐτήν, ἐπεκδιηγῆσεσθαι ὡς ἄμεινον ἦν αὐτὴν ἐν μέσῳ εἶναι· καὶ εἴ μοι [98a] ταῦτα ἀποφαίνοι, παρεσκευάσμην ὡς οὐκέτι ποθεσόμενος αἰτίας ἄλλο εἶδος. καὶ δὴ καὶ περὶ ἡλίου οὕτω παρεσκευάσμην ὡσαύτως πευσόμενος, καὶ σελήνης καὶ τῶν ἄλλων ἄστρον, τάχους τε πέρι πρὸς ἄλληλα καὶ τροπῶν καὶ τῶν ἄλλων παθημάτων, πῇ ποτε ταῦτ' ἄμεινόν ἐστιν ἕκαστον καὶ ποιεῖν καὶ πάσχειν ἢ πάσχει. οὐ γὰρ ἂν ποτε αὐτὸν ὦμην, φάσκοντά γε ὑπὸ νοῦ αὐτὰ κεκοσμηῆσθαι, ἄλλην τινὰ αὐτοῖς αἰτίαν ἐπενεγκεῖν ἢ ὅτι βέλτιστον αὐτὰ οὕτως ἔχειν [98b] ἐστὶν ὥσπερ ἔχει· ἐκάστῳ οὖν αὐτῶν ἀποδιδόντα τὴν αἰτίαν καὶ κοινῇ πᾶσι τὸ ἐκάστῳ βέλτιστον ὦμην καὶ τὸ κοινὸν πᾶσιν ἐπεκδιηγῆσεσθαι ἀγαθόν· καὶ οὐκ ἂν ἀπεδόμην πολλοῦ τὰς ἐλπίδας, ἀλλὰ πάνυ σπουδῇ λαβὼν τὰς βίβλους ὡς τάχιστα οἷός τ' ἢ ἀνεγίνωσκον, ἵν' ὡς τάχιστα εἰδείην τὸ βέλτιστον καὶ τὸ χεῖρον.

ἀπὸ δὴ θαυμαστῆς ἐλπίδος, ὃ ἑταῖρε, ὥχόμην φερόμενος, ἐπειδὴ προῖόν καὶ ἀναγινώσκων ὁρῶ ἄνδρα τῷ μὲν νῷ οὐδὲν χρώμενον οὐδέ τινας αἰτίας ἐπαιτιώμενον εἰς τὸ [98c] διακοσμεῖν τὰ πράγματα, ἀέρας δὲ καὶ αἰθέρας καὶ ὕδατα αἰτιώμενον καὶ ἄλλα πολλὰ καὶ ἄτοπα. καὶ μοι ἔδοξεν ὁμοιότατον πεπονθέναι ὥσπερ ἂν εἴ τις λέγων ὅτι Σωκράτης πάντα ὅσα πράττει νῷ πράττει, κἄπειτα ἐπιχειρήσας λέγειν τὰς αἰτίας ἐκάστων ὧν πράττω, λέγοι πρῶτον μὲν ὅτι διὰ ταῦτα νῦν ἐνθάδε κάθημαι, ὅτι σύγκειται μοι τὸ σῶμα ἐξ ὁστῶν καὶ νεύρων, καὶ τὰ μὲν ὁστᾶ ἐστὶν στερεὰ καὶ διαφυὰς ἔχει χωρὶς ἀπ' ἀλλήλων, τὰ δὲ νεῦρα οἷα ἐπιτείνεσθαι [98d] καὶ ἀνίσθαι, περιαμπέχοντα τὰ ὁστᾶ μετὰ τῶν σαρκῶν καὶ δέρματος ὃ συνέχει αὐτά· αἰωρουμένων οὖν τῶν ὁστῶν ἐν ταῖς αὐτῶν συμβολαῖς χαλῶντα καὶ συντείνοντα τὰ νεῦρα κάμπτεσθαι που ποιεῖ οἷόν τ' εἶναι ἐμὲ νῦν τὰ μέλη, καὶ διὰ ταύτην τὴν αἰτίαν συγκαμφοθεὶς ἐνθάδε κάθημαι· καὶ αὖ περὶ τοῦ διαλέγεσθαι ὑμῖν ἑτέρας τοιαύτας αἰτίας λέγοι, φωνάς τε καὶ ἀέρας καὶ ἀκοάς καὶ ἄλλα μυρία [98e] τοιαῦτα αἰτιώμενος, ἀμελήσας τὰς ὡς ἀληθῶς αἰτίας λέγειν, ὅτι, ἐπειδὴ Ἀθηναίοις ἔδοξε βέλτιον εἶναι ἐμοῦ καταψηφίσασθαι, διὰ ταῦτα δὴ καὶ ἐμοὶ βέλτιον αὖ δέδοκται ἐνθάδε καθῆσθαι, καὶ δικαιότερον παραμένοντα ὑπέχειν τὴν δίκην ἢν ἂν κελεύσωσιν· ἐπεὶ νῆ τὸν κύνα, ὡς ἐγῶμαι, πάλαι ἂν [99a] ταῦτα τὰ νεῦρα καὶ τὰ ὁστᾶ ἢ περὶ

Μέγαρα ἢ Βοιωτοὺς ἦν, ὑπὸ δόξης φερόμενα τοῦ βελτίστου, εἰ μὴ δικαιότερον ᾧμην καὶ κάλλιον εἶναι πρὸ τοῦ φεύγειν τε καὶ ἀποδιδράσκειν ὑπέχειν τῇ πόλει δίκην ἦντιν' ἂν τάττη. ἀλλ' αἷτια μὲν τὰ τοιαῦτα καλεῖν λίαν ἄτοπον· εἰ δέ τις λέγοι ὅτι ἄνευ τοῦ τὰ τοιαῦτα ἔχειν καὶ ὁστᾶ καὶ νεῦρα καὶ ὅσα ἄλλα ἔχω οὐκ ἂν οἷός τ' ἦ ποιεῖν τὰ δόξαντά μοι, ἀληθῆ ἂν λέγοι· ὥς μέντοι διὰ ταῦτα ποιῶ ἃ ποιῶ, καὶ ταῦτα νῶ πράττων, ἀλλ' οὐ [99b] τῇ τοῦ βελτίστου αἰρέσει, πολλῇ ἂν καὶ μακρὰ ῥαθυμία εἴη τοῦ λόγου. τὸ γὰρ μὴ διελέσθαι οἷόν τ' εἶναι ὅτι ἄλλο μὲν τί ἐστι τὸ αἷτιον τῷ ὄντι, ἄλλο δὲ ἐκεῖνο ἄνευ οὗ τὸ αἷτιον οὐκ ἂν ποτ' εἴη αἷτιον· ὃ δὴ μοι φαίνονται ψηλαφῶντες οἱ πολλοὶ ὥσπερ ἐν σκότει, ἀλλοτρίῳ ὀνόματι προσχρώμενοι, ὥς αἷτιον αὐτὸ προσαγορεύειν. διὸ δὴ καὶ ὁ μὲν τις δίνην περιτιθεὶς τῇ γῇ ὑπὸ τοῦ οὐρανοῦ μένειν δὴ ποιεῖ τὴν γῆν, ὃ δὲ ὥσπερ καρδόπῳ πλατεία βάθρον τὸν ἀέρα ὑπερείδει· [99c] τὴν δὲ τοῦ ὥς οἷόν τε βέλτιστα αὐτὰ τεθῆναι δύναμιν οὕτω νῦν κείσθαι, ταύτην οὔτε ζητοῦσιν οὔτε τινὰ οἷονται δαιμονίαν ἰσχὺν ἔχειν, ἀλλὰ ἡγοῦνται τούτου Ἄτλαντα ἂν ποτε ἰσχυρότερον καὶ ἀθανατώτερον καὶ μᾶλλον ἅπαντα συνέχοντα ἐξευρεῖν, καὶ ὥς ἀληθῶς τὸ ἀγαθὸν καὶ δέον συνδεῖν καὶ συνέχειν οὐδὲν οἷονται. ἐγὼ μὲν οὖν τῆς τοιαύτης αἰτίας ὅπη ποτὲ ἔχει μαθητῆς ὅτουοῦν ἥδιστ' ἂν γενοίμην· ἐπειδὴ δὲ ταύτης ἐστερήθη καὶ οὗτ' αὐτὸς εὐρεῖν οὔτε παρ' ἄλλου μαθεῖν οἷός τε ἐγενόμην, τὸν δεύτερον [99d] πλοῦν ἐπὶ τὴν τῆς αἰτίας ζήτησιν ἢ πεπραγμάτευμαι βούλει σοι, ἔφη, ἐπίδειξιν ποιήσωμαι, ὧ Κέβης;

ὑπερφυῶς μὲν οὖν, ἔφη, ὥς βούλομαι.

ἔδοξε τοίνυν μοι, ἢ δ' ὅς, μετὰ ταῦτα, ἐπειδὴ ἀπειρήκη τὰ ὄντα σκοπῶν, δεῖν εὐλαβηθῆναι μὴ πάθοιμι ὅπερ οἱ τὸν ἥλιον ἐκλείποντα θεωροῦντες καὶ σκοποῦμενοι πάσχουσιν· διαφθείρονται γάρ που ἔνιοι τὰ ὄμματα, ἐὰν μὴ ἐν ὕδατι ἢ [99e] τινι τοιοῦτῳ σκοπῶνται τὴν εἰκόνα αὐτοῦ. τοιοῦτόν τι καὶ ἐγὼ διανοήθη, καὶ ἔδωκα μὴ παντάπασιν τὴν ψυχὴν τυφλωθεῖν βλέπων πρὸς τὰ πράγματα τοῖς ὄμμασι καὶ ἐκάστη τῶν αἰσθήσεων ἐπιχειρῶν ἅπτεσθαι αὐτῶν. ἔδοξε δὴ μοι χρῆναι εἰς τοὺς λόγους καταφυγόντα ἐν ἐκείνοις σκοπεῖν τῶν ὄντων τὴν ἀλήθειαν. ἴσως μὲν οὖν ᾧ εἰκάζω τρόπον [100a] τινὰ οὐκ ἔοικεν· οὐ γὰρ πάνυ συγχωρῶ τὸν ἐν [τοῖς] λόγοις σκοπούμενον τὰ

ὄντα ἐν εἰκόσι μᾶλλον σκοπεῖν ἢ τὸν ἐν [τοῖς] ἔργοις. ἀλλ' οὖν δὴ ταύτη γε ὥρμησα, καὶ ὑποθέμενος ἐκάστοτε λόγον ὃν ἂν κρίνω ἐρρώμενέστατον εἶναι, ἃ μὲν ἂν μοι δοκῇ τούτῳ συμφωνεῖν τίθημι ὡς ἀληθῆ ὄντα, καὶ περὶ αἰτίας καὶ περὶ τῶν ἄλλων ἀπάντων [ὄντων], ἃ δ' ἂν μή, ὡς οὐκ ἀληθῆ. βούλομαι δέ σοι σαφέστερον εἰπεῖν ἃ λέγω· οἶμαι γάρ σε νῦν οὐ μανθάνειν.

οὐ μὰ τὸν Δία, ἔφη ὁ Κέβης, οὐ σφόδρα.

[100b] ἀλλ', ἡ δ' ὅς, ὧδε λέγω, οὐδὲν καινόν, ἀλλ' ἅπερ αἰεὶ τε ἄλλοτε καὶ ἐν τῷ παρεληλυθότι λόγῳ οὐδὲν πέπαυμαι λέγων. ἔρχομαι [γὰρ] δὴ ἐπιχειρῶν σοι ἐπιδείξασθαι τῆς αἰτίας τὸ εἶδος ὃ πεπραγμάτευμαι, καὶ εἴμι πάλιν ἐπ' ἐκείνα τὰ πολυθρύλητα καὶ ἄρχομαι ἀπ' ἐκείνων, ὑποθέμενος εἶναι τι καλὸν αὐτὸ καθ' αὐτὸ καὶ ἀγαθὸν καὶ μέγα καὶ ἄλλα πάντα· ἃ εἴ μοι δίδως τε καὶ συγχωρεῖς εἶναι ταῦτα, ἐλπίζω σοι ἐκ τούτων τὴν αἰτίαν ἐπιδείξειν καὶ ἀνευρήσειν ὡς ἀθάνατον [ἡ] ψυχή.

[100c] ἀλλὰ μὲν, ἔφη ὁ Κέβης, ὡς διδόντος σοι οὐκ ἂν φθάνοις περαίνων.

σκόπει δὴ, ἔφη, τὰ ἐξῆς ἐκείνοις ἐάν σοι συνδοκῇ ὥσπερ ἐμοί. φαίνεται γάρ μοι, εἴ τί ἐστιν ἄλλο καλὸν πλὴν αὐτὸ τὸ καλόν, οὐδὲ δι' ἐν ἄλλο καλὸν εἶναι ἢ διότι μετέχει ἐκείνου τοῦ καλοῦ· καὶ πάντα δὴ οὕτως λέγω. τῇ τοιαύτῃ αἰτίᾳ συγχωρεῖς;

συγχωρῶ, ἔφη.

οὐ τοίνυν, ἡ δ' ὅς, ἔτι μανθάνω οὐδὲ δύναμαι τὰς ἄλλας αἰτίας τὰς σοφὰς ταύτας γινώσκειν· ἀλλ' ἐάν τις μοι λέγῃ [100d] δι' ὅτι καλὸν ἐστιν ὅτιοῦν, ἡ χρῶμα εὐανθὲς ἔχον ἢ σχῆμα ἢ ἄλλο ὅτιοῦν τῶν τοιούτων, τὰ μὲν ἄλλα χαίρειν ἐῶ, — ταραττομαι γὰρ ἐν τοῖς ἄλλοις πᾶσι — τοῦτο δὲ ἀπλῶς καὶ ἀτέχνως καὶ ἴσως εὐήθως ἔχω παρ' ἐμαυτῷ, ὅτι οὐκ ἄλλο τι ποιεῖ αὐτὸ καλὸν ἢ ἡ ἐκείνου τοῦ καλοῦ εἴτε παρουσία εἴτε κοινωνία εἴτε ὅπῃ δὴ καὶ ὅπως †προσγενομένη· οὐ γὰρ ἔτι τοῦτο δισχυρίζομαι, ἀλλ' ὅτι τῷ καλῷ πάντα τὰ καλὰ [γίγνεται] καλά. τοῦτο γάρ μοι δοκεῖ ἀσφαλέστατον εἶναι καὶ ἐμαυτῷ ἀποκρίνασθαι καὶ ἄλλῳ, καὶ τούτου ἐχόμενος [100e] ἡγοῦμαι οὐκ ἂν ποτε πεσεῖν, ἀλλ' ἀσφαλὲς εἶναι καὶ ἐμοί καὶ ὁπόσῳ ἄλλῳ ἀποκρίνασθαι ὅτι τῷ καλῷ τὰ καλὰ [γίγνεται] καλά· ἢ οὐ καὶ σοι δοκεῖ;

δοκεῖ.

καὶ μεγέθει ἄρα τὰ μεγάλα μεγάλα καὶ τὰ μείζω μείζω, καὶ σμικρότητι τὰ ἐλάττω ἐλάττω;

ναί.

οὐδὲ σὺ ἄρ' ἂν ἀποδέχοιο εἴ τις τινα φαίη ἕτερον ἐτέρου τῇ κεφαλῇ μείζω εἶναι, καὶ τὸν ἐλάττω τῷ αὐτῷ τούτῳ [101a] ἐλάττω, ἀλλὰ διαμαρτύροιο ἂν ὅτι σὺ μὲν οὐδὲν ἄλλο λέγεις ἢ ὅτι τὸ μείζον πᾶν ἕτερον ἐτέρου οὐδενὶ ἄλλῳ μείζον ἐστὶν ἢ μεγέθει, καὶ διὰ τοῦτο μείζον, διὰ τὸ μέγεθος, τὸ δὲ ἔλαττον οὐδενὶ ἄλλῳ ἔλαττον ἢ σμικρότητι, καὶ διὰ τοῦτο ἔλαττον, διὰ τὴν σμικρότητα, φοβούμενος οἶμαι μὴ τις σοι ἐναντίος λόγος ἀπαντήσῃ, ἐὰν τῇ κεφαλῇ μείζονά τινα φῇς εἶναι καὶ ἐλάττω, πρῶτον μὲν τῷ αὐτῷ τὸ μείζον μείζον εἶναι καὶ τὸ ἔλαττον ἔλαττον, ἔπειτα τῇ κεφαλῇ σμικρᾷ οὕσῃ τὸν [101b] μείζω μείζω εἶναι, καὶ τοῦτο δὴ τέρας εἶναι, τὸ σμικρῷ τινὶ μέγαν τινὰ εἶναι· ἢ οὐκ ἂν φοβοῖο ταῦτα;

καὶ ὁ Κέβης γελάσας, ἔγωγε, ἔφη.

οὐκοῦν, ἦ δ' ὅς, τὰ δέκα τῶν ὀκτὼ δυοῖν πλείω εἶναι, καὶ διὰ ταύτην τὴν αἰτίαν ὑπερβάλλειν, φοβοῖο ἂν λέγεις, ἀλλὰ μὴ πλήθει καὶ διὰ τὸ πλῆθος; καὶ τὸ δίπηχυ τοῦ πηχυαίου ἡμίσει μείζον εἶναι ἀλλ' οὐ μεγέθει; ὁ αὐτὸς γάρ που φόβος.

πάνυ γ', ἔφη.

τί δέ; ἐνὶ ἐνὸς προστεθέντος τὴν πρόσθεσιν αἰτίαν εἶναι [101c] τοῦ δύο γενέσθαι ἢ διασχισθέντος τὴν σχίσιν οὐκ εὐλαβοῖο ἂν λέγεις; καὶ μέγα ἂν βοῶης ὅτι οὐκ οἶσθα ἄλλως πως ἕκαστον γιγνόμενον ἢ μετασχὸν τῆς ἰδίας οὐσίας ἐκάστου οὗ ἂν μετάσχη, καὶ ἐν τούτοις οὐκ ἔχεις ἄλλην τινὰ αἰτίαν τοῦ δύο γενέσθαι ἀλλ' ἢ τὴν τῆς δυάδος μετάσχεσιν, καὶ δεῖν τούτου μετασχεῖν τὰ μέλλοντα δύο ἔσσεσθαι, καὶ μονάδος ὃ ἂν μέλλῃ ἐν ἔσσεσθαι, τὰς δὲ σχίσεις ταύτας καὶ προσθέσεις καὶ τὰς ἄλλας τὰς τοιαύτας κομψείας ἐφῆς ἂν χαίρειν, παρεῖς ἀποκρίνασθαι τοῖς σεαυτοῦ σοφωτέροις· σὺ δὲ δεδιώς ἂν, τὸ [101d] λεγόμενον, τὴν σαυτοῦ σκιὰν καὶ τὴν ἀπειρίαν, ἐχόμενος ἐκείνου τοῦ ἀσφαλοῦς τῆς ὑποθέσεως, οὕτως ἀποκρίναιο ἂν. εἰ δέ τις αὐτῆς τῆς ὑποθέσεως ἔχοιτο, χαίρειν ἐφῆς ἂν καὶ οὐκ ἀποκρίναιο ἕως ἂν τὰ ἀπ' ἐκείνης ὀρμηθέντα σκέψαιο εἴ σοι ἀλλήλοις συμφωνεῖ ἢ διαφωνεῖ· ἐπειδὴ δὲ ἐκείνης αὐτῆς δέοι σε διδόναι λόγον, ὡσαύτως ἂν διδοίης, ἄλλην αὖ ὑπόθεσιν ὑποθέμενος ἥτις τῶν ἄνωθεν βελτίστη

φαίνοιτο, [101e] ἕως ἐπὶ τι ἱκανὸν ἔλθοις, ἅμα δὲ οὐκ ἂν φύροιο ὥσπερ οἱ ἀντιλογικοὶ περὶ τε τῆς ἀρχῆς διαλεγόμενος καὶ τῶν ἐξ ἐκείνης ὠρμημένων, εἶπερ βούλοιό τι τῶν ὄντων εὐρεῖν; ἐκείνοις μὲν γὰρ ἴσως οὐδὲ εἷς περὶ τούτου λόγος οὐδὲ φροντίς· ἱκανοὶ γὰρ ὑπὸ σοφίας ὁμοῦ πάντα κυκῶντες ὅμως δύνασθαι αὐτοὶ αὐτοῖς ἀρέσκειν· σὺ δ', εἶπερ εἷ τῶν φιλοσόφων, [102a] οἶμαι ἂν ὡς ἐγὼ λέγω ποιοῖς.

ἀληθέστατα, ἔφη, λέγεις, ὃ τε Σιμμίας ἅμα καὶ ὁ Κέβης.

Ἐχεκράτης

νῆ Δία, ὦ Φαίδων, εἰκότως γε· θαυμαστῶς γάρ μοι δοκεῖ ὡς ἐναργῶς τῷ καὶ σμικρὸν νοῦν ἔχοντι εἰπεῖν ἐκεῖνος ταῦτα.

Φαίδων

πάνυ μὲν οὖν, ὦ Ἐχέκρατες, καὶ πᾶσι τοῖς παροῦσιν ἔδοξεν.

Ἐχεκράτης

καὶ γὰρ ἡμῖν τοῖς ἀποῦσι, νῦν δὲ ἀκούουσιν. ἀλλὰ τίνα δὴ ἦν τὰ μετὰ ταῦτα λεχθέντα;

Φαίδων

ὡς μὲν ἐγὼ οἶμαι, ἐπεὶ αὐτῷ ταῦτα συνεχωρήθη, [102b] καὶ ὁμολογεῖτο εἶναί τι ἕκαστον τῶν εἰδῶν καὶ τούτων τᾶλλα μεταλαμβάνοντα αὐτῶν τούτων τὴν ἐπωνυμίαν ἴσχειν, τὸ δὴ μετὰ ταῦτα ἡρώτα, εἰ δὴ, ἦ δ' ὅς, ταῦτα οὕτως λέγεις, ἄρ' οὐχ, ὅταν Σιμμίαν Σωκράτους φῆς μείζω εἶναι, Φαίδωνος δὲ ἐλάττω, λέγεις τότε εἶναι ἐν τῷ Σιμμίᾳ ἀμφότερα, καὶ μέγεθος καὶ σμικρότητα;

ἔγωγε.

ἀλλὰ γάρ, ἦ δ' ὅς, ὁμολογεῖς τὸ τὸν Σιμμίαν ὑπερέχειν Σωκράτους οὐχ ὡς τοῖς ῥήμασι λέγεται οὕτω καὶ τὸ ἀληθὲς [102c] ἔχειν; οὐ γάρ που πεφυκέναι Σιμμίαν ὑπερέχειν τούτῳ, τῷ Σιμμίαν εἶναι, ἀλλὰ τῷ μεγέθει ὃ τυγχάνει ἔχων· οὐδ' αὖ Σωκράτους ὑπερέχειν ὅτι Σωκράτης ὁ Σωκράτης ἐστίν, ἀλλ' ὅτι σμικρότητα ἔχει ὁ Σωκράτης πρὸς τὸ ἐκεῖνου μέγεθος;

ἀληθῆ.

οὐδέ γε αὖ ὑπὸ Φαίδωνος ὑπερέχεσθαι τῷ ὅτι Φαίδων ὁ Φαίδων

ἐστίν, ἀλλ' ὅτι μέγεθος ἔχει ὁ Φαίδων πρὸς τὴν Σιμμίου σμικρότητα;
ἔστι ταῦτα.

οὕτως ἄρα ὁ Σιμμίας ἐπωνυμίαν ἔχει σμικρός τε καὶ μέγας εἶναι, ἐν μέσῳ ὧν ἀμφοτέρων, τοῦ μὲν τῷ μεγέθει [102d] ὑπερέχειν τὴν σμικρότητα ὑπέχων, τῷ δὲ τὸ μέγεθος τῆς σμικρότητος παρέχων ὑπερέχον. καὶ ἅμα μειδιάσας, ἔοικα, ἔφη, καὶ συγγραφικῶς ἐρεῖν, ἀλλ' οὖν ἔχει γέ που ὡς λέγω. συνέφη.

λέγω δὴ τοῦδ' ἔνεκα, βουλόμενος δόξαι σοὶ ὅπερ ἐμοί. ἐμοὶ γὰρ φαίνεται οὐ μόνον αὐτὸ τὸ μέγεθος οὐδέποτε ἑθέλειν ἅμα μέγα καὶ σμικρὸν εἶναι, ἀλλὰ καὶ τὸ ἐν ἡμῖν μέγεθος οὐδέποτε προσδέχεσθαι τὸ σμικρὸν οὐδ' ἑθέλειν ὑπερέχεσθαι, ἀλλὰ δυοῖν τὸ ἕτερον, ἢ φεύγειν καὶ ὑπεκχωρεῖν ὅταν αὐτῷ [102e] προσίῃ τὸ ἐναντίον, τὸ σμικρὸν, ἢ προσελθόντος ἐκείνου ἀπολωλέναι· ὑπομένον δὲ καὶ δεξάμενον τὴν σμικρότητα οὐκ ἑθέλειν εἶναι ἕτερον ἢ ὅπερ ἦν. ὥσπερ ἐγὼ δεξάμενος καὶ ὑπομείνας τὴν σμικρότητα, καὶ ἔτι ὧν ὅσπερ εἰμί, οὗτος ὁ αὐτὸς σμικρός εἰμι· ἐκεῖνο δὲ οὐ τετόλμηκεν μέγα ὄν σμικρὸν εἶναι· ὡς δ' αὐτως καὶ τὸ σμικρὸν τὸ ἐν ἡμῖν οὐκ ἑθέλει ποτὲ μέγα γίνεσθαι οὐδὲ εἶναι, οὐδ' ἄλλο οὐδὲν τῶν ἐναντίων, ἔτι ὄν ὅπερ ἦν, ἅμα τοῦναντίον γίνεσθαι τε [103a] καὶ εἶναι, ἀλλ' ἦτοι ἀπέρχεται ἢ ἀπόλλυται ἐν τούτῳ τῷ παθήματι.

παντάπασιν, ἔφη ὁ Κέβης, οὕτω φαίνεται μοι.

καὶ τις εἶπε τῶν παρόντων ἀκούσας — ὅστις δ' ἦν, οὐ σαφῶς μέμνημαι — πρὸς θεῶν, οὐκ ἐν τοῖς πρόσθεν ἡμῖν λόγοις αὐτὸ τὸ ἐναντίον τῶν νυνὶ λεγομένων ὠμολογεῖτο, ἐκ τοῦ ἐλάττονος τὸ μεῖζον γίνεσθαι καὶ ἐκ τοῦ μεΐζονος τὸ ἔλαττον, καὶ ἀτεχνῶς αὕτη εἶναι ἢ γένεσις τοῖς ἐναντίοις, ἐκ τῶν ἐναντίων; νῦν δέ μοι δοκεῖ λέγεσθαι ὅτι τοῦτο οὐκ ἂν ποτε γένοιτο.

καὶ ὁ Σωκράτης παραβαλὼν τὴν κεφαλὴν καὶ ἀκούσας, [103b] ἀνδρικῶς, ἔφη, ἀπεμνημόνευκας, οὐ μέντοι ἐννοεῖς τὸ διαφέρον τοῦ τε νῦν λεγομένου καὶ τοῦ τότε. τότε μὲν γὰρ ἐλέγετο ἐκ τοῦ ἐναντίου πράγματος τὸ ἐναντίον πρᾶγμα γίνεσθαι, νῦν δέ, ὅτι αὐτὸ τὸ ἐναντίον ἑαυτῷ ἐναντίον οὐκ ἂν ποτε γένοιτο, οὔτε τὸ ἐν ἡμῖν οὔτε τὸ ἐν τῇ φύσει. τότε μὲν γάρ, ὦ φίλε, περὶ τῶν ἐχόντων τὰ ἐναντία

ἐλέγομεν, ἐπονομάζοντες αὐτὰ τῇ ἐκείνων ἐπωνυμία, νῦν δὲ περὶ ἐκείνων αὐτῶν ὧν ἐνόντων ἔχει τὴν ἐπωνυμίαν τὰ ὀνομαζόμενα· [103c] αὐτὰ δ' ἐκεῖνα οὐκ ἂν ποτέ φαμεν ἐθελῆσαι γένεσιν ἀλλήλων δέξασθαι. καὶ ἅμα βλέψας πρὸς τὸν Κέβητα εἶπεν, ἄρα μὴ που, ὦ Κέβης, ἔφη, καὶ σέ τι τούτων ἐτάραξεν ὧν ὁδε εἶπεν;

οὐδ' αὖ, ἔφη ὁ Κέβης, οὕτως ἔχω· καίτοι οὔτι λέγω ὥς οὐ πολλά με ταράττει.

συνωμολογήκαμεν ἄρα, ἦ δ' ὅς, ἀπλῶς τοῦτο, μηδέποτε ἐναντίον ἐαυτῷ τὸ ἐναντίον ἔσεσθαι.

παντάπασιν, ἔφη.

ἔτι δὴ μοι καὶ τόδε σκέψαι, ἔφη, εἰ ἄρα συνομολογήσεις. θερμόν τι καλεῖς καὶ ψυχρόν;

ἔγωγε.

ἄρ' ὅπερ χιόνα καὶ πῦρ;

[103d] μὰ Δί' οὐκ ἔγωγε.

ἀλλ' ἕτερόν τι πυρὸς τὸ θερμόν καὶ ἕτερόν τι χιόνος τὸ ψυχρόν;

ναί.

ἀλλὰ τόδε γ' οἶμαι δοκεῖ σοι, οὐδέποτε χιόνα γ' οὔσαν δεξαμένην τὸ θερμόν, ὥσπερ ἐν τοῖς πρόσθεν ἐλέγομεν, ἔτι ἔσεσθαι ὅπερ ἦν, χιόνα καὶ θερμόν, ἀλλὰ προσιόντος τοῦ θερμοῦ ἢ ὑπεκχωρήσειν αὐτῷ ἢ ἀπολεῖσθαι.

πάνυ γε.

καὶ τὸ πῦρ γε αὖ προσιόντος τοῦ ψυχροῦ αὐτῷ ἢ ὑπεξιέναι ἢ ἀπολεῖσθαι, οὐ μέντοι ποτὲ τολμήσειν δεξάμενον τὴν ψυχρότητα ἔτι εἶναι ὅπερ ἦν, πῦρ καὶ ψυχρόν.

[103e] ἀληθῆ, ἔφη, λέγεις.

ἔστιν ἄρα, ἦ δ' ὅς, περὶ ἔνια τῶν τοιούτων, ὥστε μὴ μόνον αὐτὸ τὸ εἶδος ἀξιοῦσθαι τοῦ αὐτοῦ ὀνόματος εἰς τὸν ἀεὶ χρόνον, ἀλλὰ καὶ

ἄλλο τι ὃ ἔστι μὲν οὐκ ἐκεῖνο, ἔχει δὲ τὴν ἐκείνου μορφήν αἰεί, ὅτανπερ ᾗ. ἔτι δὲ ἐν τῷδε ἴσως ἔσται σαφέστερον ὃ λέγω· τὸ γὰρ περιττὸν αἰεί που δεῖ τούτου τοῦ ὀνόματος τυγχάνειν ὅπερ νῦν λέγομεν· ἢ οὐ;

πάνυ γε.

ἄρα μόνον τῶν ὄντων — τοῦτο γὰρ ἐρωτῶ — ἢ καὶ ἄλλο [104a] τι ὃ ἔστι μὲν οὐχ ὅπερ τὸ περιττόν, ὅμως δὲ δεῖ αὐτὸ μετὰ τοῦ ἑαυτοῦ ὀνόματος καὶ τοῦτο καλεῖν αἰεί διὰ τὸ οὕτω πεφυκέναι ὥστε τοῦ περιττοῦ μηδέποτε ἀπολείπεσθαι; λέγω δὲ αὐτὸ εἶναι οἶον καὶ ἡ τριάς πέπονθε καὶ ἄλλα πολλά. σκόπει δὲ περὶ τῆς τριάδος. ἄρα οὐ δοκεῖ σοι τῷ τε αὐτῆς ὀνόματι αἰεί προσαγορευτέα εἶναι καὶ τῷ τοῦ περιττοῦ, ὄντος οὐχ ὅπερ τῆς τριάδος; ἀλλ' ὅμως οὕτως πέφυκε καὶ ἡ τριάς καὶ ἡ πεμπτάς καὶ ὁ ἡμισυς τοῦ ἀριθμοῦ ἅπας, ὥστε [104b] οὐκ ὦν ὅπερ τὸ περιττὸν αἰεί ἕκαστος αὐτῶν ἐστι περιττός· καὶ αὖ τὰ δύο καὶ [τὰ] τέτταρα καὶ ἅπας ὁ ἕτερος αὖ στίχος τοῦ ἀριθμοῦ οὐκ ὦν ὅπερ τὸ ἄρτιον ὅμως ἕκαστος αὐτῶν ἄρτιός ἐστιν αἰεί· συγχωρεῖς ἢ οὐ;

πῶς γὰρ οὐκ; ἔφη.

ὁ τοίνυν, ἔφη, βούλομαι δηλῶσαι, ἄθρει. ἔστιν δὲ τόδε, ὅτι φαίνεται οὐ μόνον ἐκεῖνα τὰ ἐναντία ἀλλήλα οὐ δεχόμενα, ἀλλὰ καὶ ὅσα οὐκ ὄντ' ἀλλήλοις ἐναντία ἔχει αἰεί τὰναντία, οὐδὲ ταῦτα ἔοικε δεχομένοις ἐκείνην τὴν ιδέαν ἢ ἂν τῇ ἐν αὐτοῖς οὔσῃ ἐναντία ᾗ, ἀλλ' ἐπιούσης αὐτῆς ἦτοι [104c] ἀπολλύμενα ἢ ὑπεκχωροῦντα. ἢ οὐ φήσομεν τὰ τρία καὶ ἀπολεῖσθαι πρότερον καὶ ἄλλο ὅτιοῦν πείσεσθαι, πρὶν ὑπομεῖναι ἔτι τρία ὄντα ἄρτια γενέσθαι;

πάνυ μὲν οὖν, ἔφη ὁ Κέβης.

οὐδὲ μὴν, ἢ δ' ὅς, ἐναντίον γέ ἐστι δυὰς τριάδι.

οὐ γὰρ οὖν.

οὐκ ἄρα μόνον τὰ εἶδη τὰ ἐναντία οὐχ ὑπομένει ἐπιόντα ἀλλήλα, ἀλλὰ καὶ ἄλλ' ἅττα τὰ ἐναντία οὐχ ὑπομένει ἐπιόντα.

ἀληθέστατα, ἔφη, λέγεις.

βούλει οὖν, ἢ δ' ὅς, ἐὰν οἰοί τ' ὦμεν, ὀρισώμεθα ὅποια ταῦτά ἐστιν;

πάνυ γε.

[104d] ἄρ' οὖν, ἔφη, ὦ Κέβης, τάδε εἴη ἄν, ἃ ὅτι ἂν κατάσχη μὴ μόνον ἀναγκάζει τὴν αὐτοῦ ιδέαν αὐτὸ ἴσχειν, ἀλλὰ καὶ ἐναντίου αὐτῷ ἀεὶ τινος;

πῶς λέγεις;

ὥσπερ ἄρτι ἐλέγομεν. οἴσθα γὰρ δήπου ὅτι ἃ ἂν ἡ τῶν τριῶν ιδέα κατάσχη, ἀνάγκη αὐτοῖς οὐ μόνον τρισὶν εἶναι ἀλλὰ καὶ περιττοῖς.

πάνυ γε.

ἐπὶ τὸ τοιοῦτον δὴ, φαμέν, ἡ ἐναντία ιδέα ἐκείνη τῇ μορφῇ ἣ ἂν τοῦτο ἀπεργάζεται οὐδέποτε ἂν ἔλθοι.

οὐ γάρ.

εἰργάζεται δέ γε ἡ περιττή;

ναί.

ἐναντία δὲ ταύτῃ ἡ τοῦ ἀρτίου;

ναί.

[104e] ἐπὶ τὰ τρία ἄρα ἡ τοῦ ἀρτίου ιδέα οὐδέποτε ἥξει.

οὐ δῆτα.

ἄμοιρα δὴ τοῦ ἀρτίου τὰ τρία.

ἄμοιρα.

ἀνάρτιος ἄρα ἡ τριάς.

ναί.

ὁ τοίνυν ἔλεγον ὀρίσασθαι, ποῖα οὐκ ἐναντία τινὶ ὄντα ὅμως οὐ δέχεται αὐτό, τὸ ἐναντίον — οἷον νῦν ἡ τριάς τῷ ἀρτίῳ οὐκ οὔσα ἐναντία οὐδὲν τι μᾶλλον αὐτὸ δέχεται, τὸ γὰρ ἐναντίον ἀεὶ αὐτῷ

ἐπιφέρει, καὶ ἡ δυνὰς τῷ περιττῷ καὶ [105a] τὸ πῦρ τῷ ψυχρῷ καὶ ἄλλα πάμπολλα — ἀλλ' ὅρα δὴ εἰ οὕτως ὀρίζη, μὴ μόνον τὸ ἐναντίον τὸ ἐναντίον μὴ δέχεσθαι, ἀλλὰ καὶ ἐκεῖνο, ὃ ἂν ἐπιφέρει τὸ ἐναντίον ἐκείνῳ, ἐφ' ὅτι ἂν αὐτὸ ἦ, αὐτὸ τὸ ἐπιφέρον τὴν τοῦ ἐπιφερομένου ἐναντιότητα μηδέποτε δέξασθαι. πάλιν δὲ ἀναμιμνήσκου· οὐ γὰρ χεῖρον πολλάκις ἀκούειν. τὰ πέντε τὴν τοῦ ἀρτίου οὐ δέξεται, οὐδὲ τὰ δέκα τὴν τοῦ περιττοῦ, τὸ διπλάσιον. τοῦτο μὲν οὖν καὶ αὐτὸ ἄλλῳ ἐναντίον, ὅμως δὲ τὴν [105b] τοῦ περιττοῦ οὐ δέξεται· οὐδὲ δὴ τὸ ἡμιόλιον οὐδὲ τᾶλλα τὰ τοιαῦτα, τὸ ἡμισυ, τὴν τοῦ ὅλου, καὶ τριτημόριον αὐτὸ καὶ πάντα τὰ τοιαῦτα, εἴπερ ἔπη τε καὶ συνδοκεῖ σοι οὕτως.

πάνυ σφόδρα καὶ συνδοκεῖ, ἔφη, καὶ ἔπομαι.

πάλιν δὴ μοι, ἔφη, ἐξ ἀρχῆς λέγε. καὶ μή μοι ὃ ἂν ἐρωτῶ ἀποκρίνου, ἀλλὰ μιμούμενος ἐμέ. λέγω δὴ παρ' ἣν τὸ πρῶτον ἔλεγον ἀπόκρισιν, τὴν ἀσφαλῆ ἐκείνην, ἐκ τῶν νῦν λεγομένων ἄλλην ὁρῶν ἀσφάλειαν. εἰ γὰρ ἔροιο με ὅ ἂν τί ἐν τῷ σώματι ἐγγένηται θερμὸν ἔσται, οὐ τὴν [105c] ἀσφαλῆ σοι ἐρῶ ἀπόκρισιν ἐκείνην τὴν ἀμαθῆ, ὅτι ὅ ἂν θερμότης, ἀλλὰ κομψοτέραν ἐκ τῶν νῦν, ὅτι ὅ ἂν πῦρ· οὐδὲ ἂν ἔρη ὅ ἂν σώματι τί ἐγγένηται νοσήσει, οὐκ ἐρῶ ὅτι ὅ ἂν νόσος, ἀλλ' ὅ ἂν πυρετός· οὐδ' ὅ ἂν ἀριθμῷ τί ἐγγένηται περιττός ἔσται, οὐκ ἐρῶ ὅ ἂν περιττότης, ἀλλ' ὅ ἂν μονάς, καὶ τᾶλλα οὕτως. ἀλλ' ὅρα εἰ ἤδη ἱκανῶς οἶσθ' ὅτι βούλομαι.

ἀλλὰ πάνυ ἱκανῶς, ἔφη.

ἀποκρίνου δὴ, ἡ δ' ὅς, ὅ ἂν τί ἐγγένηται σώματι ζῶν ἔσται;

ὅι ἂν ψυχῇ, ἔφη.

[105d] οὐκοῦν ἀεὶ τοῦτο οὕτως ἔχει;

πῶς γὰρ οὐχί; ἡ δ' ὅς.

ψυχῇ ἄρα ὅτι ἂν αὐτὴ κατάσχη, ἀεὶ ἥκει ἐπ' ἐκεῖνο φέρουσα ζωήν;

ἥκει μέντοι, ἔφη.

πότερον δ' ἔστι τι ζωῆς ἐναντίον ἢ οὐδέν;

ἔστιν, ἔφη.

τί;

θάνατος.

οὐκοῦν ψυχὴ τὸ ἐναντίον ᾧ αὐτὴ ἐπιφέρει αἰεὶ οὐ μή ποτε δέξεται, ὥς ἐκ τῶν πρόσθεν ὁμολόγηται;

καὶ μάλα σφόδρα, ἔφη ὁ Κέβης.

τί οὖν; τὸ μὴ δεχόμενον τὴν τοῦ ἀρτίου ιδέαν τί νυνδὴ ὠνομάζομεν; ἀνάρτιον, ἔφη.

τὸ δὲ δίκαιον μὴ δεχόμενον καὶ ὃ ἂν μουσικὸν μὴ δέχεται;

[105e] ἄμουσον, ἔφη, τὸ δὲ ἄδικον.

εἶεν· ὃ δ' ἂν θάνατον μὴ δέχεται τί καλοῦμεν;

ἀθάνατον, ἔφη.

οὐκοῦν ψυχὴ οὐ δέχεται θάνατον;

οὔ.

ἀθάνατον ἄρα ψυχὴ.

ἀθάνατον.

εἶεν, ἔφη· τοῦτο μὲν δὴ ἀποδεδειχθαι φῶμεν; ἢ πῶς δοκεῖ;

καὶ μάλα γε ἱκανῶς, ὦ Σώκρατες.

τί οὖν, ἢ δ' ὅς, ὦ Κέβης; εἰ τῷ ἀναρτίῳ ἀναγκαῖον ἦν [106a] ἀνωλέθρῳ εἶναι, ἄλλο τι τὰ τρία ἢ ἀνώλεθρα ἂν ἦν;

πῶς γὰρ οὔ;

οὐκοῦν εἰ καὶ τὸ ἄθερμον ἀναγκαῖον ἦν ἀνώλεθρον εἶναι, ὁπότε τις ἐπὶ χιόνα θερμὸν ἐπάγοι, ὑπεξήει ἂν ἡ χιὼν οὔσα σῶς καὶ ἄτηκτος; οὐ γὰρ ἂν ἀπώλετό γε, οὐδ' αὖ ὑπομένουσα ἐδέξατο ἂν τὴν θερμότητα.

ἀληθῆ, ἔφη, λέγεις.

ὥς δ' αὐτως οἶμαι καὶν εἰ τὸ ἄψυκτον ἀνώλεθρον ἦν, ὁπότε ἐπὶ τὸ πῦρ ψυχρόν τι ἐπῆει, οὐποτ' ἂν ἀπεσβέννυτο οὐδ' ἀπώλλυτο, ἀλλὰ σὼν ἂν ἀπελθὼν ὄχγετο.

ἀνάγκη, ἔφη.

[106b] οὐκοῦν καὶ ὧδε, ἔφη, ἀνάγκη περὶ τοῦ ἀθανάτου εἰπεῖν; εἰ μὲν τὸ ἀθάνατον καὶ ἀνώλεθρόν ἐστιν, ἀδύνατον ψυχῇ, ὅταν θάνατος ἐπ' αὐτὴν ἴη, ἀπόλλυσθαι· θάνατον μὲν γὰρ δὴ ἐκ τῶν προειρημένων οὐ δέξεται οὐδ' ἔσται τεθνηκυῖα, ὥσπερ τὰ τρία οὐκ ἔσται, ἔφαμεν, ἄρτιον, οὐδέ γ' αὖ τὸ περιττόν, οὐδὲ δὴ πῦρ ψυχρόν, οὐδέ γε ἡ ἐν τῷ πυρὶ θερμότης. “ἀλλὰ τί κωλύει”, φαίη ἄν τις, “ἄρτιον μὲν τὸ περιττόν μὴ γίγνεσθαι ἐπιόντος τοῦ ἀρτίου, ὥσπερ ὁμολόγηται, [106c] ἀπολομένου δὲ αὐτοῦ ἀντ' ἐκείνου ἄρτιον γεγενέσθαι;” τῷ ταῦτα λέγοντι οὐκ ἂν ἔχοιμεν διαμαχέσασθαι ὅτι οὐκ ἀπόλλυται· τὸ γὰρ ἀνάρτιον οὐκ ἀνώλεθρόν ἐστιν· ἐπεὶ εἰ τοῦτο ὁμολόγητο ἡμῖν, ῥαδίως ἂν διεμαχόμεθα ὅτι ἐπελθόντος τοῦ ἀρτίου τὸ περιττόν καὶ τὰ τρία οἴχεται ἀπιόντα· καὶ περὶ πυρὸς καὶ θερμοῦ καὶ τῶν ἄλλων οὕτως ἂν διεμαχόμεθα. ἢ οὐ;

πάνυ μὲν οὖν.

οὐκοῦν καὶ νῦν περὶ τοῦ ἀθανάτου, εἰ μὲν ἡμῖν ὁμολογεῖται καὶ ἀνώλεθρον εἶναι, ψυχῇ ἂν εἴη πρὸς τῷ ἀθάνατος εἶναι [106d] καὶ ἀνώλεθρος· εἰ δὲ μή, ἄλλου ἂν δέοι λόγου.

ἀλλ' οὐδὲν δεῖ, ἔφη, τούτου γε ἔνεκα· σχολῇ γὰρ ἂν τι ἄλλο φθορὰν μὴ δέχοιτο, εἰ τό γε ἀθάνατον αἰδίων ὄν φθορὰν δέξεται.

ὁ δὲ γε θεὸς οἶμαι, ἔφη ὁ Σωκράτης, καὶ αὐτὸ τὸ τῆς ζωῆς εἶδος καὶ εἴ τι ἄλλο ἀθάνατόν ἐστιν, παρὰ πάντων ἂν ὁμολογηθεῖ μηδέποτε ἀπόλλυσθαι.

παρὰ πάντων μέντοι νῆ Δί', ἔφη, ἀνθρώπων τέ γε καὶ ἔτι μᾶλλον, ὥς ἐγώ μαι, παρὰ θεῶν.

[106e] ὁπότε δὴ τὸ ἀθάνατον καὶ ἀδιάφθορόν ἐστιν, ἄλλο τι ψυχῇ ἢ, εἰ ἀθάνατος τυγχάνει οὐσα, καὶ ἀνώλεθρος ἂν εἴη;

πολλή ἀνάγκη.

ἐπιόντος ἄρα θανάτου ἐπὶ τὸν ἄνθρωπον τὸ μὲν θνητόν, ὡς ἔοικεν, αὐτοῦ ἀποθνήσκει, τὸ δ' ἀθάνατον σὼν καὶ ἀδιάφθορον οἴχεται ἀπίόν, ὑπεκχωρήσαν τῷ θανάτῳ.

φαίνεται.

παντὸς μᾶλλον ἄρα, ἔφη, ὃ Κέβης, ψυχὴ ἀθάνατον καὶ [107a] ἀνώλεθρον, καὶ τῷ ὄντι ἔσονται ἡμῶν αἱ ψυχαὶ ἐν Ἄιδου.

οὐκ οὐν ἔγωγε, ὃ Σώκρατες, ἔφη, ἔχω παρὰ ταῦτα ἄλλο τι λέγειν οὐδέ πη ἀπιστεῖν τοῖς λόγοις. ἀλλ' εἰ δὴ τι Σιμμίας ὁδε ἢ τις ἄλλος ἔχει λέγειν, εὖ ἔχει μὴ κατασιγῆσαι· ὡς οὐκ οἶδα εἰς ὄντινά τις ἄλλον καιρὸν ἀναβάλλοιτο ἢ τὸν νῦν παρόντα, περὶ τῶν τοιούτων βουλόμενος ἢ τι εἰπεῖν ἢ ἀκοῦσαι.

ἀλλὰ μὲν, ἢ δ' ὅς ὁ Σιμμίας, οὐδ' αὐτὸς ἔχω ἔτι ὅπῃ ἀπιστῶ ἔκ γε τῶν λεγομένων· ὑπὸ μέντοι τοῦ μεγέθους περὶ [107b] ὧν οἱ λόγοι εἰσίν, καὶ τὴν ἀνθρωπίνην ἀσθένειαν ἀτιμάζων, ἀναγκάζομαι ἀπιστίαν ἔτι ἔχειν παρ' ἐμαυτῷ περὶ τῶν εἰρημένων.

οὐ μόνον γ', ἔφη, ὃ Σιμμία, ὁ Σωκράτης, ἀλλὰ ταῦτά τε εὖ λέγεις καὶ τάς γε ὑποθέσεις τὰς πρώτας, καὶ εἰ πισταὶ ὑμῖν εἰσιν, ὅμως ἐπισκεπτέαι σαφέστερον· καὶ ἐὰν αὐτὰς ἱκανῶς διέλῃτε, ὡς ἐγὼμαι, ἀκολουθήσετε τῷ λόγῳ, καθ' ὅσον δυνατὸν μάλιστ' ἀνθρώπῳ ἐπακολουθήσαι· κἂν τοῦτο αὐτὸ σαφὲς γένηται, οὐδὲν ζητήσετε περαιτέρω.

ἀληθῆ, ἔφη, λέγεις.

[107c] ἀλλὰ τότε γ', ἔφη, ὃ ἄνδρες, δίκαιον διανοηθῆναι, ὅτι, εἴπερ ἢ ψυχὴ ἀθάνατος, ἐπιμελείας δὴ δεῖται οὐχ ὑπὲρ τοῦ χρόνου τούτου μόνον ἐν ᾧ καλοῦμεν τὸ ζῆν, ἀλλ' ὑπὲρ τοῦ παντός, καὶ ὁ κίνδυνος νῦν δὴ καὶ δόξειεν ἂν δεινὸς εἶναι, εἰ τις αὐτῆς ἀμελήσει. εἰ μὲν γὰρ ἦν ὁ θάνατος τοῦ παντός ἀπαλλαγὴ, ἔρμαιον ἂν ἦν τοῖς κακοῖς ἀποθανοῦσι τοῦ τε σώματος ἅμ' ἀπηλλάχθαι καὶ τῆς αὐτῶν κακίας μετὰ τῆς ψυχῆς· νῦν δ' ἐπειδὴ ἀθάνατος φαίνεται οὐσα, οὐδεμία ἂν [107d] εἴη αὐτῇ ἄλλη ἀποφυγὴ κακῶν οὐδὲ σωτηρία πλὴν τοῦ ὡς βελτίστην τε καὶ φρονιμωτάτην γενέσθαι. οὐδὲν γὰρ ἄλλο ἔχουσα εἰς

Ἄιδου ἡ ψυχὴ ἔρχεται πλὴν τῆς παιδείας τε καὶ τροφῆς, ἃ δὴ καὶ μέγιστα λέγεται ὠφελεῖν ἢ βλάπτειν τὸν τελευτήσαντα εὐθὺς ἐν ἀρχῇ τῆς ἐκεῖσε πορείας. λέγεται δὲ οὕτως, ὥς ἄρα τελευτήσαντα ἕκαστον ὁ ἐκάστου δαίμων, ὅσπερ ζῶντα εἰλήχει, οὗτος ἅγειν ἐπιχειρεῖ εἰς δὴ τινα τόπον, οἱ δὲ τοὺς συλλεγέντας διαδικασαμένους εἰς Ἄιδου [107e] πορεύεσθαι μετὰ ἡγεμόνος ἐκείνου ᾧ δὴ προστέτακται τοὺς ἐνθένδε ἐκεῖσε πορεύσασθαι· τυχόντας δὲ ἐκεῖ ὧν δὴ τυχεῖν καὶ μείναντας ὃν χρόνόν ἄλλος δεῦρο πάλιν ἡγεμῶν κομίζει ἐν πολλαῖς χρόνου καὶ μακραῖς περιόδοις. ἔστι δὲ ἄρα ἡ πορεία οὐχ ὥς ὁ Αἰσχύλου Τήλεφος λέγει· ἐκεῖνος [108a] μὲν γὰρ ἀπλὴν οἷμόν φησιν εἰς Ἄιδου φέρειν, ἡ δ' οὔτε ἀπλὴ οὔτε μία φαίνεται μοι εἶναι. οὐδὲ γὰρ ἂν ἡγεμόνων ἔδει· οὐ γάρ πού τις ἂν διαμάρτοι οὐδαμῶσε μιᾶς ὁδοῦ οὔσης. νῦν δὲ ἔοικε σχίσεις τε καὶ τριόδους πολλὰς ἔχειν· ἀπὸ τῶν θυσιῶν τε καὶ νομίμων τῶν ἐνθάδε τεκμαιρόμενος λέγω. ἡ μὲν οὖν κοσμία τε καὶ φρόνιμος ψυχὴ ἔπεται τε καὶ οὐκ ἀγνοεῖ τὰ παρόντα· ἡ δ' ἐπιθυμητικῶς τοῦ σώματος ἔχουσα, ὅπερ ἐν τῷ ἔμπροσθεν εἶπον, περὶ ἐκεῖνο πολὺν [108b] χρόνον ἐπτοημένη καὶ περὶ τὸν ὁρατὸν τόπον, πολλὰ ἀντιτείνασα καὶ πολλὰ παθοῦσα, βία καὶ μόγις ὑπὸ τοῦ προστεταγμένου δαίμονος οἴχεται ἀγομένη. ἀφικομένην δὲ ὅθιπερ αἱ ἄλλαι, τὴν μὲν ἀκάθαρτον καὶ τι πεποιηκυῖαν τοιοῦτον, ἢ φόνων ἀδίκων ἡμμένην ἢ ἄλλ' ἅττα τοιαῦτα εἰργασμένην, ἃ τούτων ἀδελφά τε καὶ ἀδελφῶν ψυχῶν ἔργα τυγχάνει ὄντα, ταύτην μὲν ἅπας φεύγει τε καὶ ὑπεκτρέπεται καὶ οὔτε συνέμπορος οὔτε ἡγεμῶν ἐθέλει γίνεσθαι, αὐτὴ [108c] δὲ πλανᾶται ἐν πάσῃ ἐχομένη ἀπορία ἕως ἂν δὴ τινες χρόνοι γένωνται, ὧν ἐλθόντων ὑπ' ἀνάγκης φέρεται εἰς τὴν αὐτῇ πρέπουσαν οἴκησιν· ἡ δὲ καθαρῶς τε καὶ μετρίως τὸν βίον διεξελθοῦσα, καὶ συνεμπόρων καὶ ἡγεμόνων θεῶν τυχοῦσα, ὥκησεν τὸν αὐτῇ ἐκάστη τόπον προσήκοντα. εἰσὶν δὲ πολλοὶ καὶ θαυμαστοὶ τῆς γῆς τόποι, καὶ αὐτὴ οὔτε οἶα οὔτε ὅση δοξάζεται ὑπὸ τῶν περὶ γῆς εἰωθότων λέγειν, ὥς ἐγὼ ὑπὸ τινος πέπεισμαι.

[108d] καὶ ὁ Σιμμίας, πῶς ταῦτα, ἔφη, λέγεις, ὦ Σώκρατες; περὶ γάρ τοι γῆς καὶ αὐτὸς πολλὰ δὴ ἀκήκοα, οὐ μέντοι ταῦτα ἃ σὲ πείθει· ἡδέως οὖν ἂν ἀκούσαιμι.

ἀλλὰ μέντοι, ὦ Σιμμία, οὐχ ἡ Γλαύκου τέχνη γέ μοι δοκεῖ εἶναι

διηγῆσασθαι ἃ γ' ἐστίν· ὥς μέντοι ἀληθῆ, χαλεπώτερόν μοι φαίνεται ἢ κατὰ τὴν Γλαύκου τέχνην, καὶ ἅμα μὲν ἐγὼ ἴσως οὐδ' ἂν οἷός τε εἶην, ἅμα δέ, εἰ καὶ ἠπιστάμην, ὁ βίος μοι δοκεῖ ὁ ἐμός, ὦ Σιμμία, τῷ μήκει τοῦ λόγου οὐκ ἐξαρκεῖν. τὴν μέντοι ιδέαν τῆς γῆς οἶαν [108e] πέπεισμαι εἶναι, καὶ τοὺς τόπους αὐτῆς οὐδέν με κωλύει λέγειν.

ἀλλ', ἔφη ὁ Σιμμίας, καὶ ταῦτα ἄρκει.

πέπεισμαι τοίνυν, ἦ δ' ὅς, ἐγὼ ὥς πρῶτον μὲν, εἰ ἔστιν ἐν μέσῳ τῷ οὐρανῷ περιφερὴς οὖσα, μηδὲν αὐτῇ δεῖν μήτε [109a] ἀέρος πρὸς τὸ μὴ πεσεῖν μήτε ἄλλης ἀνάγκης μηδεμιᾶς τοιαύτης, ἀλλὰ ἱκανὴν εἶναι αὐτὴν ἴσχειν τὴν ὁμοιότητα τοῦ οὐρανοῦ αὐτοῦ ἐαυτῷ πάντα καὶ τῆς γῆς αὐτῆς τὴν ἰσορροπίαν· ἰσορρόπον γὰρ πρᾶγμα ὁμοίου τινὸς ἐν μέσῳ τεθὲν οὐχ ἔξει μᾶλλον οὐδ' ἦττον οὐδαμῶσε κλιθῆναι, ὁμοίως δ' ἔχον ἀκλινὲς μενεῖ. πρῶτον μὲν τοίνυν, ἦ δ' ὅς, τοῦτο πέπεισμαι.

καὶ ὀρθῶς γε, ἔφη ὁ Σιμμίας.

ἔτι τοίνυν, ἔφη, πάμμεγά τι εἶναι αὐτό, καὶ ἡμᾶς οἰκεῖν [109b] τοὺς μέχρι Ἡρακλείων στηλῶν ἀπὸ Φάσιδος ἐν σμικρῷ τινι μορίῳ, ὥσπερ περὶ τέλμα μύρμηκας ἢ βατράχους περὶ τὴν θάλατταν οἰκοῦντας, καὶ ἄλλους ἄλλοθι πολλοὺς ἐν πολλοῖσι τοιούτοις τόποις οἰκεῖν. εἶναι γὰρ πανταχῇ περὶ τὴν γῆν πολλὰ κοῖλα καὶ παντοδαπὰ καὶ τὰς ιδέας καὶ τὰ μεγέθη, εἰς ἃ συνερρύηκέναι τό τε ὕδωρ καὶ τὴν ὁμίχλην καὶ τὸν ἀέρα· αὐτὴν δὲ τὴν γῆν καθαρὰν ἐν καθαρῷ κεῖσθαι τῷ οὐρανῷ ἐν ᾧπέρ ἐστι τὰ ἄστρα, ὃν δὴ αἰθέρα ὀνομάζειν [109c] τοὺς πολλοὺς τῶν περὶ τὰ τοιαῦτα εἰωθότων λέγειν· οὗ δὴ ὑποστάμην ταῦτα εἶναι καὶ συρρεῖν ἀεὶ εἰς τὰ κοῖλα τῆς γῆς. ἡμᾶς οὖν οἰκοῦντας ἐν τοῖς κοίλοις αὐτῆς λεληθέναι καὶ οἰεσθαι ἄνω ἐπὶ τῆς γῆς οἰκεῖν, ὥσπερ ἂν εἴ τις ἐν μέσῳ τῷ πυθμένι τοῦ πελάγους οἰκῶν οἰοιτό τε ἐπὶ τῆς θαλάττης οἰκεῖν καὶ διὰ τοῦ ὕδατος ὀρῶν τὸν ἥλιον καὶ τὰ ἄλλα ἄστρα τὴν θάλατταν ἡγοῖτο οὐρανὸν εἶναι, διὰ δὲ [109d] βραδυτητά τε καὶ ἀσθένειαν μηδεπώποτε ἐπὶ τὰ ἄκρα τῆς θαλάττης ἀφιγμένος μηδὲ ἑωρακὼς εἶη, ἐκδὺς καὶ ἀνακύψας ἐκ τῆς θαλάττης εἰς τὸν ἐνθάδε τόπον, ὅσῳ καθαρώτερος καὶ καλλίων τυγχάνει ὢν τοῦ παρὰ σφίσι, μηδὲ ἄλλου ἀκηκοὼς εἶη τοῦ ἑωρακότος. ταῦτόν δὴ τοῦτο καὶ ἡμᾶς πεπονθέναι· οἰκοῦντας γὰρ ἐν τινὶ κοίλῳ τῆς γῆς οἰεσθαι ἐπάνω αὐτῆς οἰκεῖν, καὶ τὸν ἀέρα οὐρανὸν καλεῖν, ὥς διὰ τούτου οὐρανοῦ

ὄντος τὰ ἄστροα χωροῦντα· τὸ δὲ εἶναι ταυτόν, [109e] ὑπ' ἀσθενείας καὶ βραδυτήτος οὐχ οἴους τε εἶναι ἡμᾶς διεξελεθεῖν ἐπ' ἔσχατον τὸν ἀέρα· ἐπεὶ εἴ τις αὐτοῦ ἐπ' ἄκρα ἔλθοι ἢ πτηνὸς γενόμενος ἀνάπτοιτο, κατιδεῖν <ἂν> ἀνακύψαντα, ὥσπερ ἐνθάδε οἱ ἐκ τῆς θαλάττης ἰχθύες ἀνακύπτοντες ὁρῶσι τὰ ἐνθάδε, οὕτως ἂν τινα καὶ τὰ ἐκεῖ κατιδεῖν, καὶ εἰ ἡ φύσις ἱκανὴ εἴη ἀνασχέσθαι θεωροῦσα, γνῶναι ἂν ὅτι ἐκεῖνός ἐστιν ὁ ἀληθῶς οὐρανὸς καὶ τὸ ἀληθινὸν φῶς [110a] καὶ ἡ ὥς ἀληθῶς γῆ. ἥδε μὲν γὰρ ἡ γῆ καὶ οἱ λίθοι καὶ ἅπας ὁ τόπος ὁ ἐνθάδε διεφθαρμένα ἐστὶν καὶ καταβεβρωμένα, ὥσπερ τὰ ἐν τῇ θαλάττῃ ὑπὸ τῆς ἄλμης, καὶ οὔτε φύεται ἄξιον λόγου οὐδὲν ἐν τῇ θαλάττῃ, οὔτε τέλειον ὥς ἔπος εἰπεῖν οὐδὲν ἐστὶ, σήραγγες δὲ καὶ ἄμμος καὶ πηλὸς ἀμήχανος καὶ βόρβοροι εἰσιν, ὅπου ἂν καὶ [ἡ] γῆ ἦ, καὶ πρὸς τὰ παρ' ἡμῖν κάλλη κρίνεσθαι οὐδ' ὅπως τι οὐκ ἄξια. ἐκεῖνα δὲ αὖ τῶν παρ' ἡμῖν πολὺ ἂν ἔτι πλέον φανεῖν διαφέρειν· [110b] εἰ γὰρ δὴ καὶ μῦθον λέγειν καλόν, ἄξιον ἀκοῦσαι, ὃ Σιμμία, οἷα τυγχάνει τὰ ἐπὶ τῆς γῆς ὑπὸ τῷ οὐρανῷ ὄντα.

ἀλλὰ μὲν, ἔφη ὁ Σιμμίας, ὃ Σώκρατες, ἡμεῖς γε τούτου τοῦ μύθου ἠδέως ἂν ἀκούσαιμεν.

λέγεται τοίνυν, ἔφη, ὃ ἐταῖρε, πρῶτον μὲν εἶναι τοιαύτη ἡ γῆ αὐτὴ ἰδεῖν, εἴ τις ἄνωθεν θεῶτο, ὥσπερ αἱ δωδεκάσκυτοι σφαῖραι, ποικίλη, χρώμασιν διειλημμένη, ὧν καὶ τὰ ἐνθάδε εἶναι χρώματα ὥσπερ δείγματα, οἷς δὴ οἱ γραφῆς [110c] καταχρῶνται. ἐκεῖ δὲ πᾶσαν τὴν γῆν ἐκ τοιούτων εἶναι, καὶ πολὺ ἔτι ἐκ λαμπροτέρων καὶ καθαρωτέρων ἢ τούτων· τὴν μὲν γὰρ ἀλουργῇ εἶναι [καὶ] θαυμαστήν τὸ κάλλος, τὴν δὲ χρυσοειδῆ, τὴν δὲ ὅση λευκὴ γύψου ἢ χιόνος λευκοτέραν, καὶ ἐκ τῶν ἄλλων χρωμάτων συγκειμένην ὡσαύτως, καὶ ἔτι πλειόνων καὶ καλλιόνων ἢ ὅσα ἡμεῖς ἐωράκαμεν. καὶ γὰρ αὐτὰ ταῦτα τὰ κοῖλα αὐτῆς, ὕδατός τε καὶ ἀέρος ἔκπλεα [110d] ὄντα, χρώματός τι εἶδος παρέχεσθαι στίλβοντα ἐν τῇ τῶν ἄλλων χρωμάτων ποικιλίᾳ, ὥστε ἐν τῇ αὐτῆς εἶδος συνεχὲς ποικίλον φαντάζεσθαι. ἐν δὲ ταύτῃ οὔση τοιαύτῃ ἀνὰ λόγον τὰ φυόμενα φύεσθαι, δένδρα τε καὶ ἄνθη καὶ τοὺς καρπούς· καὶ αὖ τὰ ὄρη ὡσαύτως καὶ τοὺς λίθους ἔχειν ἀνὰ τὸν αὐτὸν λόγον τὴν τε λειότητα καὶ τὴν διαφάνειαν καὶ τὰ χρώματα καλλίω· ὧν καὶ τὰ ἐνθάδε λιθίδια εἶναι ταῦτα τὰ ἀγαπώμενα μόρια, σάρδιά τε καὶ ἰάσπιδας καὶ σμαράγδους [110e]

καὶ πάντα τὰ τοιαῦτα· ἐκεῖ δὲ οὐδὲν ὅτι οὐ τοιοῦτον εἶναι καὶ ἔτι τούτων καλλίω. τὸ δ' αἴτιον τούτου εἶναι ὅτι ἐκεῖνοι οἱ λίθοι εἰσὶ καθαροὶ καὶ οὐ κατεδηδεσμένοι οὐδὲ διεφθαρμένοι ὥσπερ οἱ ἐνθάδε ὑπὸ σηπεδόνοιο καὶ ἄλμης ὑπὸ τῶν δεῦρο συνερρύηκόντων, ἃ καὶ λίθοις καὶ γῇ καὶ τοῖς ἄλλοις ζώοις τε καὶ φυτοῖς αἴσχη τε καὶ νόσους παρέχει. τὴν δὲ γῆν αὐτὴν κεκοσμηθῆσαι τούτοις τε ἅπασιν καὶ ἔτι χρυσῷ τε καὶ ἀργύρῳ καὶ [111a] τοῖς ἄλλοις αὖ τοῖς τοιούτοις. ἐκφανῆ γὰρ αὐτὰ πεφυκέναι, ὄντα πολλὰ πλήθει καὶ μεγάλα καὶ πανταχοῦ τῆς γῆς, ὥστε αὐτὴν ἰδεῖν εἶναι θέαμα εὐδαιμόνων θεατῶν. ζῶα δ' ἐπ' αὐτῇ εἶναι ἄλλα τε πολλὰ καὶ ἀνθρώπους, τοὺς μὲν ἐν μεσογαίᾳ οἰκοῦντας, τοὺς δὲ περὶ τὸν ἀέρα ὥσπερ ἡμεῖς περὶ τὴν θάλατταν, τοὺς δ' ἐν νήσοις ἃς περιρρέειν τὸν ἀέρα πρὸς τῇ ἡπείρῳ οὕσας· καὶ ἐνὶ λόγῳ, ὅπερ ἡμῖν τὸ ὕδωρ τε καὶ ἡ θάλαττά ἐστι πρὸς τὴν ἡμετέραν χρεῖαν, τοῦτο ἐκεῖ [111b] τὸν ἀέρα, ὃ δὲ ἡμῖν ἀήρ, ἐκείνοις τὸν αἰθέρα. τὰς δὲ ὥρας αὐτοῖς κρᾶσιν ἔχειν τοιαύτην ὥστε ἐκείνους ἀνόσους εἶναι καὶ χρόνον τε ζῆν πολὺ πλείω τῶν ἐνθάδε, καὶ ὄψει καὶ ἀκοῇ καὶ φρονήσει καὶ πᾶσι τοῖς τοιούτοις ἡμῶν ἀφεστάναι τῇ αὐτῇ ἀποστάσει ἥπερ ἀήρ τε ὕδατος ἀφέστηκεν καὶ αἰθήρ ἀέρος πρὸς καθαρότητα. καὶ δὴ καὶ θεῶν ἄλση τε καὶ ἱερὰ αὐτοῖς εἶναι, ἐν οἷς τῷ ὄντι οἰκητὰς θεοὺς εἶναι, καὶ φήμας τε καὶ μαντείας καὶ αἰσθήσεις τῶν θεῶν καὶ τοιαύτας συνουσίας [111c] γίνεσθαι αὐτοῖς πρὸς αὐτούς· καὶ τὸν γε ἥλιον καὶ σελήνην καὶ ἄστρα ὁρᾶσθαι ὑπ' αὐτῶν οἷα τυγχάνει ὄντα, καὶ τὴν ἄλλην εὐδαιμονίαν τούτων ἀκόλουθον εἶναι.

καὶ ὅλην μὲν δὴ τὴν γῆν οὕτω πεφυκέναι καὶ τὰ περὶ τὴν γῆν· τόπους δ' ἐν αὐτῇ εἶναι κατὰ τὰ ἔγκοιλα αὐτῆς κύκλῳ περὶ ὅλην πολλοὺς, τοὺς μὲν βαθυτέρους καὶ ἀναπεπταμένους μᾶλλον ἢ ἐν ᾧ ἡμεῖς οἰκοῦμεν, τοὺς δὲ βαθυτέρους ὄντας τὸ χάσμα αὐτοὺς ἔλαττον ἔχειν τοῦ παρ' ἡμῖν [111d] τόπου, ἔστι δ' οὗς καὶ βραχυτέρους τῷ βάθει τοῦ ἐνθάδε εἶναι καὶ πλατυτέρους. τούτους δὲ πάντας ὑπὸ γῆν εἰς ἀλλήλους συντετρηῆσθαι τε πολλαχῇ καὶ κατὰ στενότερα καὶ εὐρύτερα καὶ διεξόδους ἔχειν, ἥ πολὺ μὲν ὕδωρ ρεῖν ἐξ ἀλλήλων εἰς ἀλλήλους ὥσπερ εἰς κρατῆρας, καὶ ἀενάων ποταμῶν ἀμήχανα μεγέθη ὑπὸ τὴν γῆν καὶ θερμῶν ὑδάτων καὶ ψυχρῶν, πολὺ δὲ πῦρ καὶ πυρὸς μεγάλους ποταμούς, πολλοὺς δὲ ὑγροῦ πηλοῦ καὶ καθαρωτέρου καὶ βορβορωδεστέρου, [111e] ὥσπερ ἐν Σικελίᾳ οἱ πρὸ

τοῦ ῥύακος πηλοῦ ῥέοντες ποταμοὶ καὶ αὐτὸς ὁ ῥύαξ· ὧν δὴ καὶ ἐκάστους τοὺς τόπους πληροῦσθαι, ὡς ἂν ἐκάστοις τύχη ἐκάστοτε ἢ περιῤῥοή γιγνομένη. ταῦτα δὲ πάντα κινεῖν ἄνω καὶ κάτω ὥσπερ αἰώραν τινὰ ἐνοῦσαν ἐν τῇ γῇ· ἔστι δὲ ἄρα αὕτη ἢ αἰώρα διὰ φύσιν τοιάνδε τινά. ἐν τι τῶν χασμάτων τῆς γῆς ἄλλως τε [112a] μέγιστον τυγχάνει ὃν καὶ διαμπερὲς τετρημένον δι' ὅλης τῆς γῆς, τοῦτο ὅπερ Ὅμηρος εἶπε, λέγων αὐτὸ τῆλε μάλ', ἧχι βάθιστον ὑπὸ χθονός ἐστι βέρεθρον· [Ὅμ. Ἰλιάς Θ, 14]

ὁ καὶ ἄλλοθι καὶ ἐκεῖνος καὶ ἄλλοι πολλοὶ τῶν ποιητῶν Τάρταρον κεκλήκασιν. εἰς γὰρ τοῦτο τὸ χάσμα συρρέουσιν τε πάντες οἱ ποταμοὶ καὶ ἐκ τούτου πάλιν ἐκρέουσιν· γίνονται δὲ ἕκαστοι τοιοῦτοι δι' οἷας ἂν καὶ τῆς γῆς ῥέωσιν. ἢ δὲ [112b] αἰτία ἐστὶν τοῦ ἐκρεῖν τε ἐντεῦθεν καὶ εἰσεῖν πάντα τὰ ρεύματα, ὅτι πυθμένα οὐκ ἔχει οὐδὲ βάσιν τὸ ὑγρὸν τοῦτο. αἰωρεῖται δὴ καὶ κυμαίνει ἄνω καὶ κάτω, καὶ ὁ ἀῆρ καὶ τὸ πνεῦμα τὸ περὶ αὐτὸ ταῦτόν ποιεῖ· συνέπεται γὰρ αὐτῷ καὶ ὅταν εἰς τὸ ἐπ' ἐκεῖνα τῆς γῆς ὀρμήσῃ καὶ ὅταν εἰς τὸ ἐπὶ τάδε, καὶ ὥσπερ τῶν ἀναπνεόντων ἀεὶ ἐκπνεῖ τε καὶ ἀναπνεῖ ῥέον τὸ πνεῦμα, οὕτω καὶ ἐκεῖ συναιωρούμενον τῷ ὑγρῷ τὸ πνεῦμα δεινούς τινας ἀνέμους καὶ ἀμηχάνους παρέχεται καὶ [112c] εἰσὶν καὶ ἐξίον. ὅταν τε οὖν ὑποχωρήσῃ τὸ ὕδωρ εἰς τὸν τόπον τὸν δὴ κάτω καλούμενον, τοῖς κατ' ἐκεῖνα τὰ ρεύματα [διὰ] τῆς γῆς εἰσεῖ τε καὶ πληροῖ αὐτὰ ὥσπερ οἱ ἐπαντλοῦντες· ὅταν τε αὖ ἐκεῖθεν μὲν ἀπολίπη, δεῦρο δὲ ὀρμήσῃ, τὰ ἐνθάδε πληροῖ αὐθις, τὰ δὲ πληρωθέντα ρεῖ διὰ τῶν ὀχετῶν καὶ διὰ τῆς γῆς, καὶ εἰς τοὺς τόπους ἕκαστα ἀφικνούμενα, εἰς οὓς ἐκάστοις ὁδοποιῆται, θαλάττας τε καὶ λίμνας καὶ ποταμοὺς καὶ κρήνας ποιεῖ· ἐντεῦθεν δὲ πάλιν δυόμενα [112d] κατὰ τῆς γῆς, τὰ μὲν μακροτέρους τόπους περιελθόντα καὶ πλείους, τὰ δὲ ἐλάττους καὶ βραχυτέρους, πάλιν εἰς τὸν Τάρταρον ἐμβάλλει, τὰ μὲν πολὺ κατωτέρω <ἢ> ἢ ἐπὶ νηλεῖτο, τὰ δὲ ὀλίγον· πάντα δὲ ὑποκάτω εἰσεῖ τῆς ἐκροῆς, καὶ ἔνια μὲν καταντικρὺ <ἢ> ἢ [εἰσεῖ] ἐξέπεσεν, ἔνια δὲ κατὰ τὸ αὐτὸ μέρος· ἔστι δὲ ἅ παντάπασιν κύκλῳ περιελθόντα, ἢ ἅπαξ ἢ καὶ πλεονάκις περιελιχθέντα περὶ τὴν γῆν ὥσπερ οἱ ὄφεις, εἰς τὸ δυνατόν κάτω καθέντα πάλιν ἐμβάλλει. [112e] δυνατόν δὲ ἐστὶν ἐκατέρωσε μέχρι τοῦ μέσου καθέναι, πέρα δ' οὐ· ἄναντες γὰρ ἀμφοτέροις τοῖς ρεύμασι τὸ ἐκατέρωθεν γίνεταί μέρος.

τὰ μὲν οὖν δὴ ἄλλα πολλά τε καὶ μεγάλα καὶ παντοδαπὰ ρεύματά ἐστι· τυγχάνει δ' ἄρα ὄντα ἐν τούτοις τοῖς πολλοῖς τέτταρ' ἄττα ρεύματα, ὧν τὸ μὲν μέγιστον καὶ ἐξωτάτω ρέον περὶ κύκλῳ ὁ καλούμενος Ὠκεανός ἐστιν, τούτου δὲ καταντικρὺ καὶ ἐναντίως ρέων Ἀχέρων, ὃς δι' ἐρήμων τε τόπων [113a] ρεῖ ἄλλων καὶ δὴ καὶ ὑπὸ γῆν ρέων εἰς τὴν λίμνην ἀφικνεῖται τὴν Ἀχερουσιάδα, οὗ αἱ τῶν τετελευτηκότων ψυχαὶ τῶν πολλῶν ἀφικνοῦνται καὶ τινες εἰμαρμένους χρόνους μέιναι, αἱ μὲν μακροτέρους, αἱ δὲ βραχυτέρους, πάλιν ἐκπέμπονται εἰς τὰς τῶν ζώων γενέσεις. τρίτος δὲ ποταμός τούτων κατὰ μέσον ἐκβάλλει, καὶ ἐγγὺς τῆς ἐκβολῆς ἐκπίπτει εἰς τόπον μέγαν πυρὶ πολλῷ καόμενον, καὶ λίμνην ποιεῖ μείζω τῆς παρ' ἡμῖν θαλάττης, ζέουσιν ὕδατος καὶ πηλοῦ· ἐντεῦθεν δὲ [113b] χωρεῖ κύκλῳ θολερὸς καὶ πηλώδης, περιελιττόμενος δὲ τῇ γῇ ἄλλοσέ τε ἀφικνεῖται καὶ παρ' ἔσχατα τῆς Ἀχερουσιάδος λίμνης, οὐ συμμειγνύμενος τῷ ὕδατι· περιελιγθεὶς δὲ πολλάκις ὑπὸ γῆς ἐμβάλλει κατωτέρω τοῦ Ταρτάρου· οὗτος δ' ἐστὶν ὃν ἐπονομάζουσιν Πυριφλεγέθοντα, οὗ καὶ οἱ ρύακες ἀποσπάσματα ἀναφυῶσιν ὅπῃ ἂν τύχωσι τῆς γῆς. τούτου δὲ αὖ καταντικρὺ ὁ τέταρτος ἐκπίπτει εἰς τόπον πρῶτον δεινόν τε καὶ ἄγριον, ὡς λέγεται, χρῶμα δ' ἔχοντα ὅλον οἶον ὁ [113c] κυανός, ὃν δὴ ἐπονομάζουσι Στύγιον, καὶ τὴν λίμνην ἣν ποιεῖ ὁ ποταμός ἐμβάλλων, Στύγα· ὁ δ' ἐμπεσὼν ἐνταῦθα καὶ δεινὰς δυνάμεις λαβὼν ἐν τῷ ὕδατι, δὺς κατὰ τῆς γῆς, περιελιττόμενος χωρεῖ ἐναντίος τῷ Πυριφλεγέθοντι καὶ ἀπαντᾷ ἐν τῇ Ἀχερουσιάδι λίμνῃ ἐξ ἐναντίας· καὶ οὐδὲ τὸ τούτου ὕδωρ οὐδενὶ μίγνυται, ἀλλὰ καὶ οὗτος κύκλῳ περιελθὼν ἐμβάλλει εἰς τὸν Τάρταρον ἐναντίος τῷ Πυριφλεγέθοντι· ὄνομα δὲ τούτῳ ἐστίν, ὡς οἱ ποιηταὶ λέγουσιν, κωκυτός.

[113d] τούτων δὲ οὕτως πεφυκότων, ἐπειδὴν ἀφίκονται οἱ τετελευτηκότες εἰς τὸν τόπον οἷ ὁ δαίμων ἕκαστον κομίζει, πρῶτον μὲν διεδικάσαντο οἷ τε καλῶς καὶ ὀσίως βιώσαντες καὶ οἱ μὴ. καὶ οἱ μὲν ἂν δόξωσι μέσως βεβιωκέναι, πορευθέντες ἐπὶ τὸν Ἀχέροντα, ἀναβάντες ἃ δὴ αὐτοῖς ὀχήματά ἐστιν, ἐπὶ τούτων ἀφικνοῦνται εἰς τὴν λίμνην, καὶ ἐκεῖ οἰκοῦσίν τε καὶ καθαιρόμενοι τῶν τε ἀδικημάτων διδόντες δίκας ἀπολύονται, εἴ τίς τι ἠδίκηκεν, τῶν τε εὐεργεσιῶν [113e] τιμὰς φέρονται κατὰ τὴν ἀξίαν ἕκαστος· οἱ δ' ἂν δόξωσιν ἀνιάτως ἔχειν διὰ τὰ μεγέθη τῶν ἀμαρτημάτων, ἡ ἱεροσυλίας πολλὰς

καὶ μεγάλας ἢ φόνους ἀδίκους καὶ παρανόμους πολλοὺς ἐξειργασμένοι ἢ ἄλλα ὅσα τοιαῦτα τυγχάνει ὄντα, τούτους δὲ ἢ προσήκουσα μοῖρα ρίπτει εἰς τὸν Τάρταρον, ὅθεν οὐποτε ἐκβαίνουσιν. οἱ δ' ἂν ἰάσιμα μὲν μέγαλα δὲ δόξωσιν ἡμαρτηκέναι ἁμαρτήματα, οἷον πρὸς πατέρα ἢ μητέρα [114a] ὑπ' ὀργῆς βίαιόν τι πράξαντες, καὶ μεταμέλον αὐτοῖς τὸν ἄλλον βίον βιώσιν, ἢ ἀνδροφόνου τοιοῦτω τινὶ ἄλλω τρόπῳ γένωνται, τούτους δὲ ἐμπεσεῖν μὲν εἰς τὸν Τάρταρον ἀνάγκη, ἐμπεσόντας δὲ αὐτοὺς καὶ ἐνιαυτὸν ἐκεῖ γενομένους ἐκβάλλει τὸ κύμα, τοὺς μὲν ἀνδροφόνους κατὰ τὸν Κωκυτὸν, τοὺς δὲ πατραλοίας καὶ μητραλοίας κατὰ τὸν Πυριφλεγέθοντα· ἐπειδὴν δὲ φερόμενοι γένωνται κατὰ τὴν λίμνην τὴν Ἀχερουσιάδα, ἐνταῦθα βοῶσί τε καὶ καλοῦσιν, οἱ μὲν οὖς ἀπέκτειναν, οἱ δὲ οὖς ὕβρισαν, καλέσαντες δ' ἰκετεύουσι [114b] καὶ δέονται ἑᾶσαι σφᾶς ἐκβῆναι εἰς τὴν λίμνην καὶ δέξασθαι, καὶ ἐὰν μὲν πείσωσιν, ἐκβαίνουσί τε καὶ λήγουσι τῶν κακῶν, εἰ δὲ μή, φέρονται αὖθις εἰς τὸν Τάρταρον καὶ ἐκεῖθεν πάλιν εἰς τοὺς ποταμούς, καὶ ταῦτα πάσχοντες οὐ πρότερον παύονται πρὶν ἂν πείσωσιν οὖς ἡδίκησαν· αὕτη γὰρ ἡ δίκη ὑπὸ τῶν δικαστῶν αὐτοῖς ἐτάχθη. οἱ δὲ δὴ ἂν δόξωσι διαφερόντως πρὸς τὸ ὀσίως βιώναι, οὗτοί εἰσιν οἱ τῶνδε μὲν τῶν τόπων τῶν ἐν τῇ γῇ ἐλευθερούμενοί τε καὶ ἀπαλλαττόμενοι [114c] ὥσπερ δεσμοτηρίων, ἄνω δὲ εἰς τὴν καθαρὰν οἴκησιν ἀφικνούμενοι καὶ ἐπὶ γῆς οἰκίζόμενοι. τούτων δὲ αὐτῶν οἱ φιλοσοφία ἱκανῶς καθηράμενοι ἄνευ τε σωμάτων ζῶσι τὸ παράπαν εἰς τὸν ἔπειτα χρόνον, καὶ εἰς οἰκήσεις ἔτι τούτων καλλίους ἀφικνοῦνται, ἃς οὔτε ῥάδιον δηλῶσαι οὔτε ὁ χρόνος ἱκανὸς ἐν τῷ παρόντι. ἀλλὰ τούτων δὴ ἔνεκα χρή ὧν διεληλύθαμεν, ὦ Σιμμία, πᾶν ποιεῖν ὥστε ἀρετῆς καὶ φρονήσεως ἐν τῷ βίῳ μετασχεῖν· καλὸν γὰρ τὸ ἄθλον καὶ ἡ ἐλπίς μεγάλη.

[114d] τὸ μὲν οὖν ταῦτα διυσχυρίσασθαι οὕτως ἔχειν ὥς ἐγὼ διελέλυθα, οὐ πρέπει νοῦν ἔχοντι ἀνδρί· ὅτι μέντοι ἢ ταῦτ' ἐστὶν ἢ τοιαῦτ' ἅττα περὶ τὰς ψυχὰς ἡμῶν καὶ τὰς οἰκήσεις, ἐπείπερ ἀθάνατόν γε ἡ ψυχὴ φαίνεται οὕσα, τοῦτο καὶ πρέπει μοι δοκεῖ καὶ ἄξιον κινδυνεῦσαι οἰομένῳ οὕτως ἔχειν — καλὸς γὰρ ὁ κίνδυνος — καὶ χρή τὰ τοιαῦτα ὥσπερ ἐπάδειν ἑαυτῷ, διὸ δὴ ἔγωγε καὶ πάλαι μηκύνω τὸν μῦθον. ἀλλὰ τούτων δὴ ἔνεκα θαρρῆναι χρή περὶ τῇ ἑαυτοῦ ψυχῇ [114e] ἀνδρα ὅστις ἐν τῷ βίῳ τὰς μὲν ἄλλας ἡδονὰς τὰς

περὶ τὸ σῶμα καὶ τοὺς κόσμους εἶασε χαίρειν, ὥς ἀλλοτρίους τε ὄντας, καὶ πλέον θάτερον ἡγησάμενος ἀπεργάζεσθαι, τὰς δὲ περὶ τὸ μανθάνειν ἐσπούδασέ τε καὶ κοσμήσας τὴν ψυχὴν οὐκ ἀλλοτρίῳ ἀλλὰ τῷ αὐτῆς κόσμῳ, σωφροσύνη τε καὶ [115a] δικαιοσύνη καὶ ἀνδρεία καὶ ἐλευθερία καὶ ἀληθεία, οὕτω περιμένει τὴν εἰς Ἄιδου πορείαν [ὥς πορευσόμενος ὅταν ἡ εἰμαρμένη καλῇ]. ὑμεῖς μὲν οὖν, ἔφη, ὦ Σιμμία τε καὶ Κέβης καὶ οἱ ἄλλοι, εἰς αὐθις ἔν τινι χρόνῳ ἕκαστοι πορεύσεσθε· ἐμὲ δὲ νῦν ἤδη καλεῖ, φαίη ἂν ἀνὴρ τραγικός, ἡ εἰμαρμένη, καὶ σχεδὸν τί μοι ὥρα τραπέσθαι πρὸς τὸ λουτρόν· δοκεῖ γὰρ δὴ βέλτιον εἶναι λουσάμενον πιεῖν τὸ φάρμακον καὶ μὴ πράγματα ταῖς γυναιξὶ παρέχειν νεκρὸν λούειν.

[115b] ταῦτα δὴ εἰπόντος αὐτοῦ ὁ Κρίτων, εἶεν, ἔφη, ὦ Σώκρατες· τί δὲ τοῦτοις ἢ ἐμοὶ ἐπιστέλλεις ἢ περὶ τῶν παίδων ἢ περὶ ἄλλου του, ὅτι ἂν σοι ποιοῦντες ἡμεῖς ἐν χάριτι μάλιστα ποιοῖμεν;

ἅπερ ἀεὶ λέγω, ἔφη, ὦ Κρίτων, οὐδὲν καινότερον· ὅτι ὑμῶν αὐτῶν ἐπιμελούμενοι ὑμεῖς καὶ ἐμοὶ καὶ τοῖς ἐμοῖς καὶ ὑμῖν αὐτοῖς ἐν χάριτι ποιήσετε ἅττ' ἂν ποιῆτε, κἂν μὴ νῦν ὁμολογήσητε· ἐὰν δὲ ὑμῶν [μὲν] αὐτῶν ἀμελήτε καὶ μὴ 'θέλητε ὥσπερ κατ' ἴχνη κατὰ τὰ νῦν τε εἰρημένα καὶ τὰ ἐν τῷ ἔμπροσθεν χρόνῳ ζῆν, οὐδὲ ἐὰν πολλὰ ὁμολογήσητε [115c] ἐν τῷ παρόντι καὶ σφόδρα, οὐδὲν πλέον ποιήσετε.

ταῦτα μὲν τοίνυν προθυμησόμεθα, ἔφη, οὕτω ποιεῖν· θάπτωμεν δέ σε τίνα τρόπον;

ὅπως ἂν, ἔφη, βούλησθε, ἐάνπερ γε λάβητέ με καὶ μὴ ἐκφύγω ὑμᾶς. γελάσας δὲ ἅμα ἡσυχῇ καὶ πρὸς ἡμᾶς ἀποβλέψας εἶπεν· οὐ πείθω, ὦ ἄνδρες, Κρίτωνα, ὥς ἐγὼ εἰμι οὗτος Σωκράτης, ὁ νυνὶ διαλεγόμενος καὶ διατάττων ἕκαστον τῶν λεγομένων, ἀλλ' οἶεταί με ἐκεῖνον εἶναι [115d] ὃν ὄψεται ὀλίγον ὕστερον νεκρὸν, καὶ ἐρωτᾷ δὴ πῶς με θάπτῃ. ὅτι δὲ ἐγὼ πάλαι πολλὸν λόγον πεποίημαι, ὥς, ἐπειδὰν πῖω τὸ φάρμακον, οὐκέτι ὑμῖν παραμενῶ, ἀλλ' οἰχήσομαι ἀπὼν εἰς μακάρων δὴ τινὰς εὐδαιμονίας, ταῦτά μοι δοκῶ αὐτῷ ἄλλως λέγειν, παραμυθούμενος ἅμα μὲν ὑμᾶς, ἅμα δ' ἐμαυτόν. ἐγγυήσασθε οὖν με πρὸς Κρίτωνα, ἔφη, τὴν ἐναντίαν ἐγγυήν ἢ ἣν οὗτος πρὸς τοὺς δικαστὰς ἡγγυᾶτο. οὗτος μὲν γὰρ ἢ μὴν παραμενεῖν· ὑμεῖς δὲ ἢ μὴν

μη παραμενεῖν ἐγγυήσασθε ἐπειδὰν ἀποθάνω, ἀλλὰ οἰχήσεσθαι [115e] ἀπιόντα, ἵνα Κρίτων ῥᾶον φέρῃ, καὶ μὴ ὀρῶν μου τὸ σῶμα ἢ καόμενον ἢ κατορυπτόμενον ἀγανακτῇ ὑπὲρ ἐμοῦ ὥς δεινὰ πάσχοντος, μηδὲ λέγῃ ἐν τῇ ταφῇ ὥς ἢ προτίθεται Σωκράτῃ ἢ ἐκφέρει ἢ κατορύττει. εὖ γὰρ ἴσθι, ἦ δ' ὅς, ὦ ἄριστε Κρίτων, τὸ μὴ καλῶς λέγειν οὐ μόνον εἰς αὐτὸ τοῦτο πλημμελές, ἀλλὰ καὶ κακόν τι ἐμποιεῖ ταῖς ψυχαῖς. ἀλλὰ θαρρῆναι τε χρὴ καὶ φάναι τοῦμὸν σῶμα θάπτειν, καὶ θάπτειν [116a] οὕτως ὅπως ἂν σοι φίλον ἦ καὶ μάλιστα ἡγῇ νόμιμον εἶναι.

ταῦτ' εἰπὼν ἐκεῖνος μὲν ἀνίστατο εἰς οἴκημά τι ὥς λουσόμενος, καὶ ὁ Κρίτων εἶπετο αὐτῷ, ἡμᾶς δ' ἐκέλευε περιμένειν. περιεμένομεν οὖν πρὸς ἡμᾶς αὐτοὺς διαλεγόμενοι περὶ τῶν εἰρημένων καὶ ἀνασκοποῦντες, τοτὲ δ' αὖ περὶ τῆς συμφορᾶς διεξιόντες ὅση ἡμῖν γεγонуῖα εἴη, ἀτεχνῶς ἡγούμενοι ὥσπερ πατρὸς στερηθέντες διάξειν ὀρφανοὶ τὸν ἔπειτα βίον. ἐπειδὴ [116b] δὲ ἐλούσατο καὶ ἠνέχθη παρ' αὐτὸν τὰ παιδία — δύο γὰρ αὐτῷ ὑεῖς μικροὶ ἦσαν, εἷς δὲ μέγας — καὶ αἱ οἰκεῖαι γυναῖκες ἀφίκοντο ἐκεῖναι, ἐναντίον τοῦ Κρίτωνος διαλεχθεῖς τε καὶ ἐπιστείλας ἅττα ἐβούλετο, τὰς μὲν γυναῖκας καὶ τὰ παιδία ἀπιέναι ἐκέλευσεν, αὐτὸς δὲ ἦκε παρ' ἡμᾶς. καὶ ἦν ἡδὴ ἐγγυὺς ἡλίου δυσμῶν· χρόνον γὰρ πολὺν διέτριψεν ἔνδον. ἐλθὼν δ' ἐκαθέζετο λελουμένος καὶ οὐ πολλὰ ἅττα μετὰ ταῦτα διελέχθη, καὶ ἦκεν ὁ τῶν ἑνδεκα ὑπηρέτης καὶ στάς [116c] παρ' αὐτόν, ὃ Σώκρατες, ἔφη, οὐ καταγνώσομαί γε σοῦ ὅπερ ἄλλων καταγιγνώσκω, ὅτι μοι χαλεπαίνουσι καὶ καταρῶνται ἐπειδὰν αὐτοῖς παραγγείλω πίνειν τὸ φάρμακον ἀναγκαζόντων τῶν ἀρχόντων. σὲ δὲ ἐγὼ καὶ ἄλλως ἔγνωκα ἐν τούτῳ τῷ χρόνῳ γενναϊότατον καὶ πραότατον καὶ ἄριστον ἄνδρα ὄντα τῶν πώποτε δεῦρο ἀφικομένων, καὶ δὴ καὶ νῦν εὖ οἶδ' ὅτι οὐκ ἐμοὶ χαλεπαίνεις, γινώσκεις γὰρ τοὺς αἰτίους, ἀλλὰ ἐκεῖνοις. νῦν οὖν, οἴσθα γὰρ ἃ ἦλθον [116d] ἀγγέλλων, χαῖρέ τε καὶ πειρῶ ὥς ῥᾶστα φέρειν τὰ ἀναγκαῖα. καὶ ἅμα δακρύσας μεταστρεφόμενος ἀπῆει.

καὶ ὁ Σωκράτης ἀναβλέψας πρὸς αὐτόν, καὶ σύ, ἔφη, χαῖρε, καὶ ἡμεῖς ταῦτα ποιήσομεν. καὶ ἅμα πρὸς ἡμᾶς, ὥς ἀστεῖος, ἔφη, ὁ ἄνθρωπος· καὶ παρὰ πάντα μοι τὸν χρόνον προσῆει καὶ διελέγετο ἐνίοτε καὶ ἦν ἀνδρῶν λῶστος, καὶ νῦν ὥς γενναίως με ἀποδακρύει. ἀλλ' ἄγε δὴ, ὦ

Κρίτων, πειθώμεθα αὐτῷ, καὶ ἐνεγκάτω τις τὸ φάρμακον, εἰ τέτριπται· εἰ δὲ μή, τριψάτω ὁ ἄνθρωπος.

[116e] καὶ ὁ Κρίτων, ἀλλ' οἶμαι, ἔφη, ἔγωγε, ὦ Σώκρατες, ἔτι ἥλιον εἶναι ἐπὶ τοῖς ὅρεσιν καὶ οὐπω δεδυκέναι. καὶ ἅμα ἐγὼ οἶδα καὶ ἄλλους πάνυ ὁψὲ πίνοντας, ἐπειδὰν παραγγελθῇ αὐτοῖς, δειπνήσαντάς τε καὶ πίνοντας εὖ μάλα, καὶ συγγενομένους γ' ἐνίους ὧν ἂν τύχωσιν ἐπιθυμοῦντες. ἀλλὰ μηδὲν ἐπείγου· ἔτι γὰρ ἐγχορεῖ.

καὶ ὁ Σωκράτης, εἰκότως γε, ἔφη, ὦ Κρίτων, ἐκεῖνοί τε ταῦτα ποιοῦσιν, οὓς σὺ λέγεις — οἶονται γὰρ κερδαίνειν ταῦτα ποιήσαντες — καὶ ἔγωγε ταῦτα εἰκότως οὐ ποιήσω· οὐδὲν γὰρ [117a] οἶμαι κερδανεῖν ὀλίγον ὕστερον πίων ἄλλο γε ἢ γέλωτα ὀφλήσειν παρ' ἐμαντῷ, γλιχόμενος τοῦ ζῆν καὶ φειδόμενος οὐδενὸς ἔτι ἐνόντος. ἀλλ' ἴθι, ἔφη, πείθου καὶ μὴ ἄλλως ποίει.

καὶ ὁ Κρίτων ἀκούσας ἔνευσε τῷ παιδί πλησίον ἐστῶτι. καὶ ὁ παῖς ἐξελθὼν καὶ συχνὸν χρόνον διατρίψας ἦκεν ἄγων τὸν μέλλοντα δώσειν τὸ φάρμακον, ἐν κύλικι φέροντα τετριμμένον. ἰδὼν δὲ ὁ Σωκράτης τὸν ἄνθρωπον, εἶεν, ἔφη, ὦ βέλτιστε, σὺ γὰρ τούτων ἐπιστήμων, τί χρὴ ποιεῖν;

οὐδὲν ἄλλο, ἔφη, ἢ πίνοντα περιέειναι, ἕως ἂν σου βάρος [117b] ἐν τοῖς σκέλεσι γένηται, ἔπειτα κατακεῖσθαι· καὶ οὕτως αὐτὸ ποιήσει. καὶ ἅμα ὥρεξε τὴν κύλικα τῷ Σωκράτει.

καὶ ὃς λαβὼν καὶ μάλα ἴλεως, ὦ Ἐχέκρατες, οὐδὲν τρέσας οὐδὲ διαφθείρας οὔτε τοῦ χρώματος οὔτε τοῦ προσώπου, ἀλλ' ὥσπερ εἰώθει ταυρηδὸν ὑποβλέψας πρὸς τὸν ἄνθρωπον, τί λέγεις, ἔφη, περὶ τοῦδε τοῦ πώματος πρὸς τὸ ἀποσπεῖσαί τινι; ἔξεστιν ἢ οὐ;

τοσοῦτον, ἔφη, ὦ Σώκρατες, τρίβομεν ὅσον οἰόμεθα μέτριον εἶναι πιεῖν.

[117c] μανθάνω, ἦ δ' ὅς· ἀλλ' εὐχεσθαί γέ που τοῖς θεοῖς ἔξεστί τε καὶ χρὴ, τὴν μετοίκησιν τὴν ἐνθένδε ἐκεῖσε εὐτυχῇ γενέσθαι· ἃ δὴ καὶ ἐγὼ εὐχομαί τε καὶ γένοιτο ταύτῃ. καὶ ἅμ' εἰπὼν ταῦτα ἐπισχόμενος καὶ μάλα εὐχερῶς καὶ εὐκόλως ἐξέπιεν. καὶ ἡμῶν οἱ πολλοὶ τέως μὲν ἐπιεικῶς οἷοί τε ἦσαν κατέχειν τὸ μὴ δακρύειν, ὥς

δὲ εἶδομεν πίνοντά τε καὶ πεπωκότα, οὐκέτι, ἀλλ' ἐμοῦ γε βίᾳ καὶ αὐτοῦ ἀστακτὶ ἐχώρει τὰ δάκρυα, ὥστε ἐγκαλυψάμενος ἀπέκλαον ἑμαυτόν — οὐ γὰρ δὴ ἐκεῖνόν γε, ἀλλὰ τὴν ἑμαυτοῦ τύχην, οἷου ἀνδρὸς [117d] ἐταίρου ἐστερημένος εἶην. ὁ δὲ Κρίτων ἔτι πρότερος ἐμοῦ, ἐπειδὴ οὐχ οἷός τ' ἦν κατέχειν τὰ δάκρυα, ἐξανέστη. Ἀπολλόδωρος δὲ καὶ ἐν τῷ ἔμπροσθεν χρόνῳ οὐδὲν ἐπαύετο δακρύων, καὶ δὴ καὶ τότε ἀναβρυχησάμενος κλάων καὶ ἀγανακτῶν οὐδένα ὄντινα οὐ κατέκλασε τῶν παρόντων πλήν γε αὐτοῦ Σωκράτους.

ἐκεῖνος δέ,

— οἶα, ἔφη, ποιεῖτε, ὧ θαυμάσιοι. ἐγὼ μέντοι οὐχ ἥκιστα τούτου ἕνεκα τὰς γυναῖκας ἀπέπεμψα, ἵνα μὴ [117e] τοιαῦτα πλημμελοῖεν· καὶ γὰρ ἀκήκοα ὅτι ἐν εὐφημίᾳ χρή τελευτᾶν. ἀλλ' ἡσυχίαν τε ἄγετε καὶ καρτερεῖτε.

καὶ ἡμεῖς ἀκούσαντες ἠσχύνθημέν τε καὶ ἐπέσχομεν τοῦ δακρύειν. ὁ δὲ περιελθὼν, ἐπειδὴ οἱ βαρύνεσθαι ἔφη τὰ σκέλη, κατεκλίνη ὑπτίως — οὕτω γὰρ ἐκέλευεν ὁ ἄνθρωπος — καὶ ἅμα ἐφαπτόμενος αὐτοῦ οὗτος ὁ δοὺς τὸ φάρμακον, διαλιπὼν χρόνον ἐπεσκόπει τοὺς πόδας καὶ τὰ σκέλη, κᾶπειτα σφόδρα πῖεσας αὐτοῦ τὸν πόδα ἤρετο εἰ αἰσθάνοιτο, [118a] ὁ δ' οὐκ ἔφη. καὶ μετὰ τοῦτο αὐθις τὰς κνήμας· καὶ ἐπανιών οὕτως ἡμῖν ἐπεδείκνυτο ὅτι ψύχοιτό τε καὶ πήγνυτο. καὶ αὐτὸς ἤπτετο καὶ εἶπεν ὅτι, ἐπειδὴν πρὸς τῇ καρδίᾳ γένηται αὐτῷ, τότε οἰχῆσεται.

ἤδη οὖν σχεδὸν τι αὐτοῦ ἦν τὰ περὶ τὸ ἥτρον ψυχόμενα, καὶ ἐγκαλυψάμενος — ἐνεκεκάλυπτο γάρ — εἶπεν — ὁ δὴ τελευταῖον ἐφθέγγετο —

— ὧ Κρίτων, ἔφη, τῷ Ἀσκληπιῷ ὀφείλομεν ἀλεκτρυόνα· ἀλλὰ ἀπόδοτε καὶ μὴ ἀμελήσητε.

ἀλλὰ ταῦτα, ἔφη, ἔσται, ὁ Κρίτων· ἀλλ' ὅρα εἴ τι ἄλλο λέγεις.

ταῦτα ἐρομένου αὐτοῦ οὐδὲν ἔτι ἀπεκρίνατο, ἀλλ' ὀλίγον χρόνον διαλιπὼν ἐκινήθη τε καὶ ὁ ἄνθρωπος ἐξεκάλυπεν αὐτόν, καὶ ὃς τὰ ὄμματα ἔστησεν· ἰδὼν δὲ ὁ Κρίτων συνέλαβε τὸ στόμα καὶ τοὺς

ὀφθαλμούς.

ἦδε ἡ τελευτή, ὃ Ἐχέκρατες, τοῦ ἐταίρου ἡμῖν ἐγένετο, ἀνδρός, ὡς ἡμεῖς φαῖμεν ἄν, τῶν τότε ὧν ἐπειράθημεν ἀρίστου καὶ ἄλλως φρονιμωτάτου καὶ δικαιοτάτου.

CRATYLUS

Ἑρμογένης, Κρατύλος, Σωκράτης

[383a] **Ἑρμογένης:** βούλει οὖν καὶ Σωκράτει τῷδε ἀνακοινωσώμεθα τὸν λόγον;

Κρατύλος: εἴ σοι δοκεῖ.

Ἑρμογένης: Κρατύλος φησὶν ὅδε, ὃ Σώκρατες, ὀνόματος ὀρθότητα εἶναι ἐκάστῳ τῶν ὄντων φύσει πεφυκυῖαν, καὶ οὐ τοῦτο εἶναι ὄνομα ὃ ἂν τινες συνθέμενοι καλεῖν καλῶσι, τῆς αὐτῶν φωνῆς μῆριον ἐπιφθεγγόμενοι, ἀλλὰ ὀρθότητά τινα τῶν [383b] ὀνομάτων πεφυκέναι καὶ Ἑλλησι καὶ βαρβάροις τὴν αὐτὴν ἅπασιν. ἐρωτῶ οὖν αὐτὸν ἐγὼ εἰ αὐτῷ Κρατύλος τῇ ἀληθείᾳ ὄνομα [ἐστὶν ἢ οὐ]: ὁ δὲ ὁμολογεῖ. τί δὲ Σωκράτει; ἔφην. Σωκράτης, ἣ δ' ὅς. οὐκοῦν καὶ τοῖς ἄλλοις ἀνθρώποις πᾶσιν, ὅπερ καλοῦμεν ὄνομα ἕκαστον, τοῦτό ἐστιν ἐκάστῳ ὄνομα; ὁ δέ, οὐκ οὐν σοί γε, ἣ δ' ὅς, ὄνομα Ἑρμογένης, οὐδὲ ἂν πάντες καλῶσιν ἄνθρωποι. καὶ ἐμοῦ ἐρωτῶντος καὶ προθυμουμένου εἰδέναι ὅτι ποτὲ [384a] λέγει, οὔτε ἀποσαφεῖ οὐδὲν εἰρωνεύεταιί τε πρὸς με, προσποιούμενός τι αὐτὸς ἐν ἑαυτῷ διανοεῖσθαι ὡς εἰδῶς περὶ αὐτοῦ, ὃ εἰ βούλοιτο σαφῶς εἰπεῖν, ποιήσειεν ἂν καὶ ἐμὲ ὁμολογεῖν καὶ λέγειν ἅπερ αὐτὸς λέγει. εἰ οὖν πῃ ἔχεις συμβαλεῖν τὴν Κρατύλου μαντείαν, ἡδέως ἂν ἀκούσαιμι: μᾶλλον δὲ αὐτῷ σοι ὅπῃ δοκεῖ [ἔχειν] περὶ ὀνομάτων ὀρθότητος ἔτι ἂν ἥδιον πυθοίμην, εἴ σοι βουλομένῳ [ἐστίν].

Σωκράτης: ὃ παῖ Ἰππονίκου Ἑρμογένες, παλαιὰ παροιμία ὅτι [384b] χαλεπὰ τὰ καλὰ ἐστὶν ὅπῃ ἔχει μαθεῖν: καὶ δὴ καὶ τὸ περὶ τῶν ὀνομάτων οὐ σμικρὸν τυγχάνει ὄν μάθημα. εἰ μὲν οὖν ἐγὼ ἤδη ἡκηκὴ παρὰ Προδίκου τὴν πεντηκοντάδραχμον ἐπίδειξιν, ἣν ἀκούσαντι ὑπάρχει περὶ τοῦτο πεπαιδεῦσθαι, ὥς φησιν ἐκεῖνος, οὐδὲν ἂν ἐκώλυνεν σε αὐτίκα μάλα εἰδέναι τὴν ἀλήθειαν περὶ ὀνομάτων ὀρθότητος: νῦν δὲ οὐκ ἀκήκοα, [384c] ἀλλὰ τὴν δραχμιαίαν. οὐκ οὐν οἶδα πῇ ποτε τὸ ἀληθὲς ἔχει περὶ τῶν τοιούτων: συζητεῖν μέντοι ἔτοιμός εἰμι καὶ σοὶ καὶ Κρατύλῳ κοινῇ. ὅτι δὲ οὐ φησὶ σοὶ Ἑρμογένη ὄνομα εἶναι τῇ ἀληθείᾳ, ὥσπερ ὑποπτεύω αὐτὸν

σκώπτειν: οἶται γὰρ ἴσως σε χρημάτων ἐφιέμενον κτήσεως ἀποτυγχάνειν ἐκάστοτε. ἀλλ', ὁ νυνδὴ ἔλεγον, εἰδέναι μὲν τὰ τοιαῦτα χαλεπόν, εἰς τὸ κοινὸν δὲ καταθέντας χρὴ σκοπεῖν εἴτε ὥς σὺ λέγεις ἔχει εἴτε ὥς Κρατύλος.

Ἑρμογένης: καὶ μὴν ἔγωγε, ὦ Σώκρατες, πολλάκις δὴ καὶ τούτῳ διαλεχθεὶς καὶ ἄλλοις πολλοῖς, οὐ δύναμαι πεισθῆναι [384d] ὥς ἄλλη τις ὀρθότης ὀνόματος ἢ συνθήκη καὶ ὁμολογία. ἐμοὶ γὰρ δοκεῖ ὅτι ἂν τίς τῷ θῇται ὄνομα, τοῦτο εἶναι τὸ ὀρθόν: καὶ ἂν αὐθὶς γε ἕτερον μεταθῇται, ἐκεῖνο δὲ μηκέτι καλῇ, οὐδὲν ἦττον τὸ ὕστερον ὀρθῶς ἔχειν τοῦ προτέρου, ὥσπερ τοῖς οἰκέταις ἡμεῖς μετατιθέμεθα [οὐδὲν ἦττον τοῦτ' εἶναι ὀρθὸν τὸ μετατεθὲν τοῦ πρότερον κειμένου]: οὐ γὰρ φύσει ἐκάστῳ πεφυκέναι ὄνομα οὐδὲν οὐδενί, ἀλλὰ νόμῳ καὶ ἔθει τῶν ἐθισάντων τε καὶ καλούντων. εἰ δέ πῃ ἄλλη [384e] ἔχει, ἔτοιμος ἔγωγε καὶ μαθάνειν καὶ ἀκούειν οὐ μόνον παρὰ Κρατύλου, ἀλλὰ καὶ παρ' ἄλλου ὁποιοῦν. [385a]

Σωκράτης: ἴσως μέντοι τί λέγεις, ὦ Ἑρμόγενης: σκεψώμεθα δέ. ὁ ἂν φῇς καλῇ τις ἕκαστον, τοῦθ' ἐκάστῳ ὄνομα;

Ἑρμογένης: ἔμοιγε δοκεῖ.

Σωκράτης: καὶ ἐὰν ιδιώτης καλῇ καὶ ἐὰν πόλις;

Ἑρμογένης: φημί.

Σωκράτης: τί οὖν; ἐὰν ἐγὼ καλῶ ὅτιοῦν τῶν ὄντων, οἷον ὁ νῦν καλοῦμεν ἄνθρωπον, ἐὰν ἐγὼ τοῦτο ἵππον προσαγορεύω, ὁ δὲ νῦν ἵππον, ἄνθρωπον, ἔσται δημοσίᾳ μὲν ὄνομα ἄνθρωπος τῷ αὐτῷ, ἰδίᾳ δὲ ἵππος; καὶ ἰδίᾳ μὲν αὖ ἄνθρωπος, δημοσίᾳ δὲ ἵππος; οὕτω λέγεις; [385b]

Ἑρμογένης: ἔμοιγε δοκεῖ.

Σωκράτης: φέρε δὴ μοι τόδε εἰπέ: καλεῖς τι ἀληθῆ λέγειν καὶ ψευδῆ;

Ἑρμογένης: ἔγωγε.

Σωκράτης: οὐκοῦν εἴη ἂν λόγος ἀληθείας, ὁ δὲ ψευδῆς;

Ἑρμογένης: πάνυ γε.

Σωκράτης: ἄρ' οὖν οὗτος ὃς ἂν τὰ ὄντα λέγῃ ὡς ἔστιν, ἀληθής· ὃς δ' ἂν ὡς οὐκ ἔστιν, ψευδής;

Ἑρμογένης: ναί.

Σωκράτης: ἔστιν ἄρα τοῦτο, λόγῳ λέγειν τὰ ὄντα τε καὶ μή;

Ἑρμογένης: πάνυ γε. [385c]

Σωκράτης: ὁ λόγος δ' ἐστὶν ὁ ἀληθής πότερον μὲν ὅλος ἀληθής, τὰ μέρη δ' αὐτοῦ οὐκ ἀληθῆ;

Ἑρμογένης: οὐκ, ἀλλὰ καὶ τὰ μέρη.

Σωκράτης: πότερον δὲ τὰ μὲν μεγάλα μέρη ἀληθῆ, τὰ δὲ μικρὰ οὐ· ἢ πάντα;

Ἑρμογένης: πάντα, οἶμαι ἔγωγε.

Σωκράτης: ἔστιν οὖν ὅτι λέγεις λόγου μικρότερον μέρος ἄλλο ἢ ὄνομα;

Ἑρμογένης: οὐκ, ἀλλὰ τοῦτο μικρότατον.

Σωκράτης: καὶ τοῦτο [ὄνομα} } ἄρα τὸ τοῦ ἀληθοῦς λόγου λέγεται;

Ἑρμογένης: ναί.

Σωκράτης: ἀληθές γε, ὡς φής.

Ἑρμογένης: ναί.

Σωκράτης: τὸ δὲ τοῦ ψεύδους μέρος οὐ ψεύδος;

Ἑρμογένης: φημί.

Σωκράτης: ἔστιν ἄρα ὄνομα ψεύδος καὶ ἀληθές λέγειν, εἴπερ καὶ λόγον; [385d]

Ἑρμογένης: πῶς γὰρ οὐ;

Σωκράτης: ὁ ἂν ἄρα ἕκαστος φῇ τῷ ὄνομα εἶναι, τοῦτό ἐστιν ἕκαστῳ ὄνομα;

Ἑρμογένης: ναί.

Σωκράτης: ἥ καὶ ὅποσα ἂν φῇ τις ἐκάστω ὀνόματα εἶναι, τοσαῦτα ἔσται καὶ τότε ὅποταν φῇ;

Ἑρμογένης: οὐ γὰρ ἔχω ἔγωγε, ὦ Σώκρατες, ὀνόματος ἄλλην ὀρθότητα ἢ ταύτην, ἐμοὶ μὲν ἕτερον εἶναι καλεῖν ἐκάστω ὄνομα, ὃ ἐγὼ ἐθέμην, σοὶ δὲ ἕτερον, ὃ αὖ σύ. οὕτω δὲ καὶ [385e]ταῖς πόλεσιν ὀρῶ ἰδίᾳ [ἐκάσταις] ἐνίοις ἐπὶ τοῖς αὐτοῖς κείμενα ὀνόματα, καὶ Ἑλλησι παρὰ τοὺς ἄλλους Ἑλληνας, καὶ Ἑλλησι παρὰ βαρβάρους.

Σωκράτης: φέρε δὴ ἴδωμεν, ὦ Ἑρμόγενης, πότερον καὶ τὰ ὄντα οὕτως ἔχειν σοι φαίνεται, ἰδίᾳ αὐτῶν ἢ οὐσία εἶναι ἐκάστω, ὥσπερ Πρωταγόρας ἔλεγεν λέγων πάντων χρημάτων [386a]μέτρον εἶναι ἄνθρωπον ὡς ἄρα οἷα μὲν ἂν ἐμοὶ φαίνηται τὰ πράγματα [εἶναι], τοιαῦτα μὲν ἔστιν ἐμοί: οἷα δ' ἂν σοί, τοιαῦτα δὲ σοί ἢ ἔχειν δοκεῖ σοι αὐτὰ αὐτῶν τινα βεβαιότητα τῆς οὐσίας;

Ἑρμογένης: ἤδη ποτὲ ἔγωγε, ὦ Σώκρατες, ἀπορῶν καὶ ἐνταῦθα ἐξηνέχθην εἰς ἅπερ Πρωταγόρας λέγει: οὐ πάνυ τι μέντοι μοι δοκεῖ οὕτως ἔχειν.

Σωκράτης: τί δέ; ἐς τόδε ἤδη ἐξηνέχθης, ὥστε μὴ πάνυ σοι [386b]δοκεῖν εἶναί τινα ἄνθρωπον πονηρόν;

Ἑρμογένης: οὐ μὰ τὸν Δία, ἀλλὰ πολλάκις δὴ αὐτὸ πέπονθα, ὥστε μοι δοκεῖν πάνυ πονηροὺς εἶναί τινας ἀνθρώπους, καὶ μάλα συχνούς.

Σωκράτης: τί δέ; πάνυ χρηστοὶ οὐπω σοι ἔδοξαν εἶναι [ἄνθρωποι];

Ἑρμογένης: καὶ μάλα ὀλίγοι.

Σωκράτης: ἔδοξαν δ' οὖν;

Ἑρμογένης: ἔμοιγε.

Σωκράτης: πῶς οὖν τοῦτο τίθесαι; ἄρ' ὧδε: τοὺς μὲν πάνυ χρηστοὺς πάνυ φρονίμους, τοὺς δὲ πάνυ πονηροὺς πάνυ ἄφρονας; [386c]

Ἑρμογένης: ἔμοιγε δοκεῖ οὕτως.

Σωκράτης: οἷόν τε οὖν [ἐστίν], εἰ Πρωταγόρας ἀληθῆ ἔλεγεν καὶ ἔστιν αὕτη ἡ ἀλήθεια, τὸ οἷα ἂν δοκῇ ἐκάστω τοιαῦτα καὶ εἶναι, τοὺς μὲν ἡμῶν φρονίμους εἶναι, τοὺς δὲ ἄφρονας;

Ἑρμογένης: οὐ δῆτα.

Σωκράτης: καὶ ταῦτά γε, ὥς ἐγῴμαι, σοὶ πάνυ δοκεῖ, φρονήσεως οὐσης καὶ ἀφροσύνης μὴ πάνυ δυνατὸν εἶναι Πρωταγόραν ἀληθῆ λέγειν: οὐδὲν γὰρ ἂν που τῇ ἀληθείᾳ ὁ ἕτερος τοῦ ἐτέρου φρονιμώτερος εἴη, εἴπερ ἃ ἂν ἐκάστω [386d]δοκῇ ἐκάστω ἀληθῆ ἔσται.

Ἑρμογένης: ἔστι ταῦτα.

Σωκράτης: ἀλλὰ μὴν οὐδὲ κατ' Εὐθύδημόν γε οἶμαι σοὶ δοκεῖ πᾶσι πάντα ὁμοίως εἶναι ἅμα καὶ ἀεὶ: οὐδὲ γὰρ ἂν οὕτως εἶεν οἱ μὲν χρηστοί, οἱ δὲ πονηροί, εἰ ὁμοίως ἅπασι καὶ ἀεὶ ἀρετὴ τε καὶ κακία εἴη.

Ἑρμογένης: ἀληθῆ λέγεις.

Σωκράτης: οὐκοῦν εἰ μήτε πᾶσι πάντα ἐστὶν ὁμοίως ἅμα καὶ ἀεὶ, μήτε ἐκάστω ἰδίᾳ ἕκαστον [τῶν ὄντων ἐστίν], δῆλον δὴ [386e]ὅτι αὐτὰ αὐτῶν οὐσίαν ἔχοντά τινα βέβαιόν ἐστι τὰ πράγματα, οὐ πρὸς ἡμᾶς οὐδὲ ὑφ' ἡμῶν ἐλκόμενα ἄνω καὶ κάτω τῷ ἡμετέρῳ φαντάσματι, ἀλλὰ καθ' αὐτὰ πρὸς τὴν αὐτῶν οὐσίαν ἔχοντα ἥπερ πέφυκεν.

Ἑρμογένης: δοκεῖ μοι, ὦ Σώκρατες, οὕτω.

Σωκράτης: πότερον οὖν αὐτὰ μὲν ἂν εἴη οὕτω πεφυκότα, αἱ δὲ πράξεις αὐτῶν οὐ κατὰ τὸν αὐτὸν τρόπον; ἢ οὐ καὶ αὗται ἓν τι εἶδος τῶν ὄντων εἰσίν, αἱ πράξεις;

Ἑρμογένης: πάνυ γε καὶ αὗται. [387a]

Σωκράτης: κατὰ τὴν αὐτῶν ἄρα φύσιν καὶ αἱ πράξεις πράττονται, οὐ κατὰ τὴν ἡμετέραν δόξαν. οἷον ἐάν τι ἐπιχειρήσωμεν ἡμεῖς τῶν ὄντων τέμνειν, πότερον ἡμῖν τμητέον [ἐστίν] ἕκαστον ὥς ἂν ἡμεῖς βουλώμεθα καὶ ᾧ ἂν βουλευθῶμεν, ἢ ἐὰν μὲν κατὰ τὴν φύσιν

βουληθῶμεν ἕκαστον τέμνειν τοῦ τέμνειν τε καὶ τέμνεσθαι καὶ ὃ πέφυκε, τεμοῦμέν τε καὶ πλέον τι ἡμῖν ἔσται καὶ ὀρθῶς πράξομεν τοῦτο, ἐὰν δὲ παρὰ φύσιν, ἐξαμαρτησόμεθ' αὖτε καὶ οὐδὲν πράξομεν; [387b]

Ἑρμογένης: ἔμοιγε δοκεῖ οὕτω.

Σωκράτης: οὐκοῦν καὶ ἐὰν κάειν τι ἐπιχειρήσωμεν, οὐ κατὰ πᾶσαν δόξαν δεῖ κάειν, ἀλλὰ κατὰ τὴν ὀρθήν; αὕτη δ' ἐστὶν ἣ ἐπεφύκει ἕκαστον κάεσθαι τε καὶ κάειν καὶ ὃ ἐπεφύκει;

Ἑρμογένης: ἔστι ταῦτα.

Σωκράτης: οὐκοῦν καὶ τᾶλλα οὕτω;

Ἑρμογένης: πάνυ γε.

Σωκράτης: ἄρ' οὖν οὐ καὶ τὸ λέγειν μία τις τῶν πράξεων ἐστίν;

Ἑρμογένης: ναί.

Σωκράτης: πότερον οὖν ἢ ἂν τῷ δοκῇ λεκτέον εἶναι, ταύτη [387c] λέγων ὀρθῶς λέξει, ἢ ἐὰν μὲν ἢ πέφυκε τὰ πράγματα λέγειν τε καὶ λέγεσθαι καὶ ὃ, ταύτη καὶ τούτῳ λέγῃ, πλέον τέ τι ποιήσει καὶ ἐρεῖ: ἂν δὲ μή, ἐξαμαρτησεται τε καὶ οὐδὲν ποιήσει;

Ἑρμογένης: οὕτω μοι δοκεῖ ὡς λέγεις.

Σωκράτης: οὐκοῦν τοῦ λέγειν μῦθον τὸ ὀνομάζειν; διονομάζοντες γάρ που λέγουσι τοὺς λόγους.

Ἑρμογένης: πάνυ γε.

Σωκράτης: οὐκοῦν καὶ τὸ ὀνομάζειν πρᾶξις [τίς] ἐστίν, εἴπερ καὶ τὸ λέγειν πρᾶξις τις ἦν περὶ τὰ πράγματα;

Ἑρμογένης: ναί. [387d]

Σωκράτης: αἱ δὲ πράξεις ἐφάνησαν ἡμῖν οὐ πρὸς ἡμᾶς οὔσαι, ἀλλ' αὐτῶν τινα ἰδίαν φύσιν ἔχουσαι;

Ἑρμογένης: ἔστι ταῦτα.

Σωκράτης: οὐκοῦν καὶ ὀνομαστέον [ἐστὶν] ἣ πέφυκε τὰ πράγματα ὀνομάζειν τε καὶ ὀνομάζεσθαι καὶ ᾧ, ἀλλ' οὐχ ἣ ἂν ἡμεῖς βουληθῶμεν, εἴπερ τι τοῖς ἔμπροσθεν μέλλει ὁμολογούμενον εἶναι; καὶ οὐτῷ μὲν ἂν πλεον τι ποιοῖμεν καὶ ὀνομάζοιμεν, ἄλλως δὲ οὐ;

Ἑρμογένης: φαίνεται μοι.

Σωκράτης: φέρε δὴ, ὃ ἔδει τέμνειν, ἔδει τῷ, φαμέν, τέμνειν;

Ἑρμογένης: ναί. [387e]

Σωκράτης: καὶ ὃ ἔδει κερκίζειν, ἔδει τῷ κερκίζειν; καὶ ὃ ἔδει τρυπᾶν, ἔδει τῷ τρυπᾶν;

Ἑρμογένης: πάνυ γε.

Σωκράτης: καὶ ὃ ἔδει δὴ ὀνομάζειν, ἔδει τῷ ὀνομάζειν; [388a]

Ἑρμογένης: ἔστι ταῦτα.

Σωκράτης: τί δὲ ἦν ἐκεῖνο ᾧ ἔδει τρυπᾶν;

Ἑρμογένης: τρύπανον.

Σωκράτης: τί δὲ ᾧ κερκίζειν;

Ἑρμογένης: κερκίς.

Σωκράτης: τί δὲ ᾧ ὀνομάζειν;

Ἑρμογένης: ὄνομα.

Σωκράτης: εὖ λέγεις. ὄργανον ἄρα τί ἐστι καὶ τὸ ὄνομα.

Ἑρμογένης: πάνυ γε.

Σωκράτης: εἰ οὖν ἐγὼ ἐροίμην τί ἦν ὄργανον ἢ κερκίς; οὐχ ᾧ κερκίζομεν;

Ἑρμογένης: ναί. [388b]

Σωκράτης: κερκίζοντες δὲ τί δρῶμεν; οὐ τὴν κρόκην καὶ τοὺς στήμονας συγκεχυμένους διακρίνομεν;

Ερμογένης: ναί.

Σωκράτης: οὐκοῦν καὶ περὶ τρυπάνου ἔξεις οὕτως εἰπεῖν καὶ περὶ τῶν ἄλλων;

Ερμογένης: πάνυ γε.

Σωκράτης: ἔχεις δὴ καὶ περὶ ὀνόματος οὕτως εἰπεῖν; ὀργάνῳ ὄντι τῷ ὀνόματι ὀνομάζοντες τί ποιοῦμεν;

Ερμογένης: οὐκ ἔχω λέγειν.

Σωκράτης: ἄρ' οὐ διδάσκομέν τι ἀλλήλους καὶ τὰ πράγματα διακρίνομεν ἢ ἔχει;

Ερμογένης: πάνυ γε.

Σωκράτης: ὄνομα ἄρα διδασκαλικόν τί ἐστὶν ὄργανον καὶ [388c]διακριτικὸν τῆς οὐσίας ὥσπερ κερκὶς ὑφάσματος.

Ερμογένης: ναί.

Σωκράτης: ὑφαντικὸν δέ γε ἡ κερκὶς;

Ερμογένης: πῶς δ' οὐ;

Σωκράτης: ὑφαντικὸς μὲν ἄρα κερκίδι καλῶς χρήσεται, καλῶς δ' ἐστὶν ὑφαντικῶς· διδασκαλικὸς δὲ ὀνόματι, καλῶς δ' ἐστὶ διδασκαλικῶς.

Ερμογένης: ναί.

Σωκράτης: τῷ τίνος οὖν ἔργῳ ὁ ὑφάντης καλῶς χρήσεται ὅταν τῇ κερκίδι χρῆται;

Ερμογένης: τῷ τοῦ τέκτονος.

Σωκράτης: πᾶς δὲ τέκτων ἢ ὁ τὴν τέχνην ἔχων;

Ερμογένης: ὁ τὴν τέχνην. [388d]

Σωκράτης: τῷ τίνος δὲ ἔργῳ ὁ τρυπητὴς καλῶς χρήσεται ὅταν τῷ τρυπάνῳ χρῆται;

Ἑρμογένης: τῷ τοῦ χαλκέως.

Σωκράτης: ἄρ' οὖν πᾶς χαλκεὺς ἢ ὁ τὴν τέχνην ἔχων;

Ἑρμογένης: ὁ τὴν τέχνην.

Σωκράτης: εἶεν. τῷ δὲ τίνος ἔργῳ ὁ διδασκαλικὸς χρήσεται ὅταν τῷ ὀνόματι χρῆται;

Ἑρμογένης: οὐδὲ τοῦτ' ἔχω.

Σωκράτης: οὐδὲ τοῦτό γ' ἔχεις εἰπεῖν, τίς παραδίδωσιν ἡμῖν τὰ ὀνόματα οἷς χρώμεθα;

Ἑρμογένης: οὐ δῆτα.

Σωκράτης: ἄρ' οὐχὶ ὁ νόμος δοκεῖ σοι [εἶναι] ὁ παραδιδούς αὐτά;

Ἑρμογένης: ἔοικεν. [388e]

Σωκράτης: νομοθέτου ἄρα ἔργῳ χρήσεται ὁ διδασκαλικὸς ὅταν ὀνόματι χρῆται;

Ἑρμογένης: δοκεῖ μοι.

Σωκράτης: νομοθέτης δέ σοι δοκεῖ πᾶς εἶναι ἀνὴρ ἢ ὁ τὴν τέχνην ἔχων;

Ἑρμογένης: ὁ τὴν τέχνην.

Σωκράτης: οὐκ ἄρα παντὸς ἀνδρός, ὃν Ἑρμόγενης, ὄνομα θέσθαι [389a][ἐστίν] ἀλλὰ τίνος ὀνοματούργου; οὗτος δ' ἐστίν, ὡς ἔοικεν, ὁ νομοθέτης, ὃς δὴ τῶν δημιουργῶν σπανιώτατος ἐν ἀνθρώποις γίγνεται.

Ἑρμογένης: ἔοικεν.

Σωκράτης: ἴθι δὴ, ἐπίσκεψαι ποῖ βλέπων ὁ νομοθέτης τὰ ὀνόματα τίθεται: ἐκ τῶν ἔμπροσθεν δὲ ἀνάσκειναι. ποῖ βλέπων ὁ τέκτων τὴν κερκίδα ποιεῖ; ἄρ' οὐ πρὸς τοιοῦτόν τι ὃ ἐπεφύκει κερκίζειν;

Ἑρμογένης: πάνυ γε. [389b]

Σωκράτης: τί δέ; ἂν καταγῇ αὐτῷ ἡ κερκὶς ποιοῦντι, πότερον πάλιν ποιήσει ἄλλην πρὸς τὴν κατεαγυῖαν βλέπων, ἢ πρὸς ἐκεῖνο τὸ εἶδος πρὸς ὅπερ καὶ ἦν κατέαξεν ἐποίει;

Ἑρμογένης: πρὸς ἐκεῖνο, ἔμοιγε δοκεῖ.

Σωκράτης: οὐκοῦν ἐκεῖνο δικαιοτάτ' ἂν αὐτὸ ὃ ἔστιν κερκὶς καλέσαιμεν;

Ἑρμογένης: ἔμοιγε δοκεῖ.

Σωκράτης: οὐκοῦν ἐπειδὴν δέη λεπτῷ ἱματίῳ ἢ παχεῖ ἢ λινῷ ἢ ἐρεῷ ἢ ὅποιω οὖν τινι κερκίδα ποιεῖν, πάσας μὲν δεῖ τὸ τῆς κερκίδος ἔχειν εἶδος, οἷα δ' ἐκάστω καλλίστη ἐπεφύκει, [389c] ταύτην ἀποδιδόναι τὴν φύσιν εἰς τὸ ἔργον ἕκαστον;

Ἑρμογένης: ναί.

Σωκράτης: καὶ περὶ τῶν ἄλλων δὴ ὀργάνων ὁ αὐτὸς τρόπος: τὸ φύσει ἐκάστω πεφυκὸς ὄργανον ἐξευρόντα δεῖ ἀποδοῦναι εἰς ἐκεῖνο ἐξ οὗ ἂν ποιῇ [τὸ ἔργον], οὐχ οἷον ἂν αὐτὸς βουλευθῇ, ἀλλ' οἷον ἐπεφύκει. τὸ φύσει γὰρ ἐκάστω, ὥς ἔοικε, τρύπανον πεφυκὸς εἰς τὸν σίδηρον δεῖ ἐπίστασθαι τιθέναι.

Ἑρμογένης: πάνυ γε.

Σωκράτης: καὶ τὴν φύσει κερκίδα ἐκάστω πεφυκυῖαν εἰς ξύλον.

Ἑρμογένης: ἔστι ταῦτα. [389d]

Σωκράτης: φύσει γὰρ ἦν ἐκάστω εἶδει ὑφάσματος, ὥς ἔοικεν, ἐκάστη κερκὶς, καὶ τᾶλλα οὕτως.

Ἑρμογένης: ναί.

Σωκράτης: ἄρ' οὖν, ὧ βέλτιστε, καὶ τὸ ἐκάστω φύσει πεφυκὸς ὄνομα τὸν νομοθέτην ἐκεῖνον εἰς τοὺς φθόγγους καὶ τὰς συλλαβὰς δεῖ ἐπίστασθαι τιθέναι, καὶ βλέποντα πρὸς αὐτὸ ἐκεῖνο ὃ ἔστιν ὄνομα, πάντα τὰ ὀνόματα ποιεῖν τε καὶ τίθεσθαι, εἰ μέλλει κύριος εἶναι ὀνομάτων θέτης; εἰ δὲ μὴ εἰς τὰς αὐτὰς συλλαβὰς ἕκαστος ὁ νομοθέτης τίθησιν, οὐδὲν [389e] δεῖ τοῦτο ἀ<μφι>γνοεῖν: οὐδὲ γὰρ

εἰς τὸν αὐτὸν σίδηρον ἅπας χαλκεὺς τίθησιν, τοῦ αὐτοῦ ἔνεκα ποιῶν τὸ αὐτὸ ὄργανον· ἀλλ’ ὅμως, ἕως ἂν τὴν αὐτὴν ιδέαν ἀποδιδῶ, ἐάντε [390a] ἐν ἄλλῳ σιδήρῳ, ὅμως ὀρθῶς ἔχει τὸ ὄργανον, ἐάντε ἐνθάδε ἐάντε ἐν βαρβάροις τις ποιῇ. ἢ γάρ;

Ἑρμογένης: πάνυ γε.

Σωκράτης: οὐκοῦν οὕτως ἀξιῶσεις καὶ τὸν νομοθέτην τόν τε ἐνθάδε καὶ τὸν ἐν τοῖς βαρβάροις, ἕως ἂν τὸ τοῦ ὀνόματος εἶδος ἀποδιδῶ τὸ προσῆκον ἐκάστω ἐν ὁποιασοῦν συλλαβαῖς, οὐδὲν χεῖρω νομοθέτην εἶναι τὸν ἐνθάδε ἢ τὸν ὅπουοῦν ἄλλοθι;

Ἑρμογένης: πάνυ γε. [390b]

Σωκράτης: τίς οὖν ὁ γνωσόμενος εἰ τὸ προσῆκον εἶδος κερκίδος ἐν ὀποιῶοῦν ξύλῳ κεῖται; ὁ ποιήσας, ὁ τέκτων, ἢ ὁ χρησόμενος [ὁ] ὑφάντης;

Ἑρμογένης: εἰκὸς μὲν μᾶλλον, ὦ Σώκρατες, τὸν χρησόμενον.

Σωκράτης: τίς οὖν ὁ τῷ τοῦ λυροποιοῦ ἔργῳ χρησόμενος; ἄρ’ οὐχ οὗτος ὃς ἐπίσταιτο ἂν ἐργαζομένῳ κάλλιστα ἐπιστατεῖν καὶ εἰργασμένον γνοίῃ εἴτ’ εὖ εἵργασται εἴτε μή;

Ἑρμογένης: πάνυ γε.

Σωκράτης: τίς;

Ἑρμογένης: ὁ κιθαριστής.

Σωκράτης: τίς δὲ ὁ τῷ τοῦ ναυπηγοῦ; [390c]

Ἑρμογένης: κυβερνήτης.

Σωκράτης: τίς δὲ τῷ τοῦ νομοθέτου ἔργῳ ἐπιστατήσειέ τ’ ἂν κάλλιστα καὶ εἰργασμένον κρίνειε καὶ ἐνθάδε καὶ ἐν τοῖς βαρβάροις; ἄρ’ οὐχ ὅσπερ χρήσεται;

Ἑρμογένης: ναί.

Σωκράτης: ἄρ’ οὖν οὐχ ὁ ἐρωτᾶν ἐπιστάμενος οὗτός ἐστιν;

Ἑρμογένης: πάνυ γε.

Σωκράτης: ὁ δὲ αὐτὸς καὶ ἀποκρίνεσθαι;

Ἑρμογένης: ναί.

Σωκράτης: τὸν δὲ ἐρωτᾷν καὶ ἀποκρίνεσθαι ἐπιστάμενον ἄλλο τι σὺ καλεῖς ἢ διαλεκτικόν;

Ἑρμογένης: οὐκ, ἀλλὰ τοῦτο. [390d]

Σωκράτης: τέκτονος μὲν ἄρα ἔργον ἐστὶν ποιῆσαι πηδάλιον ἐπιστατοῦντος κυβερνήτου, εἰ μέλλει καλὸν εἶναι τὸ πηδάλιον.

Ἑρμογένης: φαίνεται.

Σωκράτης: νομοθέτου δέ γε, ὡς ἔοικεν, ὄνομα, ἐπιστάτην ἔχοντος διαλεκτικὸν ἄνδρα, εἰ μέλλει καλῶς ὀνόματα θήσεσθαι.

Ἑρμογένης: ἔστι ταῦτα.

Σωκράτης: κινδυνεύει ἄρα, ὃ Ἑρμόγενης, εἶναι οὐ φαῦλον, ὡς σὺ οἶει, ἢ τοῦ ὀνόματος θέσις, οὐδὲ φαύλων ἀνδρῶν οὐδὲ τῶν ἐπιτυχόντων. καὶ Κρατύλος ἀληθῆ λέγει λέγων φύσει [390e] τὰ ὀνόματα εἶναι τοῖς πράγμασι, καὶ οὐ πάντα δημιουργὸν ὀνομάτων εἶναι, ἀλλὰ μόνον ἐκεῖνον τὸν ἀποβλέποντα εἰς τὸ τῇ φύσει ὄνομα ὃν ἐκάστω καὶ δυνάμενον αὐτοῦ τὸ εἶδος τιθέναι εἰς τε τὰ γράμματα καὶ τὰς συλλαβάς.

Ἑρμογένης: οὐκ ἔχω, ὃ Σώκρατες, ὅπως χρὴ πρὸς ἃ λέγεις [391a] ἐναντιοῦσθαι. ἴσως μέντοι οὐ ῥάδιόν ἐστιν οὕτως ἐξαίφνης πεισθῆναι, ἀλλὰ δοκῶ μοι ὧδε ἂν μᾶλλον πιθέσθαι σοι, εἴ μοι δείξειας ἥντινα φῆς εἶναι τὴν φύσει ὀρθότητα ὀνόματος.

Σωκράτης: ἐγὼ μὲν, ὃ μακάριε Ἑρμόγενης, οὐδεμίαν λέγω, ἀλλ' ἐπελάθου γε ὧν ὀλίγον πρότερον ἔλεγον, ὅτι οὐκ εἰδείην ἀλλὰ σκευοίμην μετὰ σοῦ. νῦν δὲ σκοπούμενοις ἡμῖν, ἐμοί τε καὶ σοί, τοσοῦτον μὲν ἤδη φαίνεται παρὰ τὰ πρότερα, φύσει τέ τινα ὀρθότητα ἔχον εἶναι τὸ ὄνομα καὶ οὐ [391b] παντὸς ἀνδρὸς ἐπίστασθαι [καλῶς] αὐτὸ πράγματι ὁτφοῦν θέσθαι: ἢ οὐ;

Ἑρμογένης: πάνυ γε.

Σωκράτης: οὐκοῦν τὸ μετὰ τοῦτο χρή ζητεῖν, εἴπερ ἐπιθυμεῖς εἰδέναι, ἥτις ποτ' αὖ ἐστὶν αὐτοῦ ἡ ὀρθότης.

Ἑρμογένης: ἀλλὰ μὴν ἐπιθυμῶ γε εἰδέναι.

Σωκράτης: σκόπει τοίνυν.

Ἑρμογένης: πῶς οὖν χρή σκοπεῖν;

Σωκράτης: ὀρθοτάτη μὲν τῆς σκέψεως, ᾧ ἐταῖρε, μετὰ τῶν ἐπισταμένων, χρήματα ἐκείνοις τελοῦντα καὶ χάριτας κατατιθέμενον. εἰσὶ δὲ οὗτοι οἱ σοφισταί, οἷσπερ καὶ ὁ ἀδελφός [391c] σου Καλλίας πολλὰ τελέσας χρήματα σοφὸς δοκεῖ εἶναι. ἐπειδὴ δὲ οὐκ ἐγκρατὴς εἶ τῶν πατρῶν, λιπαρεῖν χρή τὸν ἀδελφὸν καὶ δεῖσθαι αὐτοῦ διδάξαι σε τὴν ὀρθότητα περὶ τῶν τοιούτων ἣν ἔμαθεν παρὰ Πρωταγόρου.

Ἑρμογένης: ἄτοπος μεντὰν εἶη μου, ᾧ Σώκρατες, ἡ δέησις, εἰ τὴν μὲν ἀλήθειαν τὴν Πρωταγόρου ὅλως οὐκ ἀποδέχομαι, τὰ δὲ τῇ τοιαύτῃ ἀληθείᾳ ῥηθέντα ἀγαπῶν ὥς του ἄξια.

Σωκράτης: ἀλλ' εἰ μὴ αὖ σε ταῦτα ἀρέσκει, παρ' Ὀμήρου χρή [391d] μανθάνειν καὶ παρὰ τῶν ἄλλων ποιητῶν.

Ἑρμογένης: καὶ τί λέγει, ᾧ Σώκρατες, Ὅμηρος περὶ ὀνομάτων, καὶ ποῦ;

Σωκράτης: πολλαχοῦ· μέγιστα δὲ καὶ κάλλιστα ἐν οἷς διορίζει ἐπὶ τοῖς αὐτοῖς ἅ τε οἱ ἄνθρωποι ὀνόματα καλοῦσι καὶ οἱ θεοί. ἢ οὐκ οἶε αὐτὸν μέγα τι καὶ θαυμάσιον λέγειν ἐν τούτοις περὶ ὀνομάτων ὀρθότητος; δῆλον γὰρ δὴ ὅτι οἱ γε θεοὶ αὐτὰ καλοῦσιν πρὸς ὀρθότητα ἅπερ ἔστι φύσει ὀνόματα: [391e] ἢ σὺ οὐκ οἶε;

Ἑρμογένης: εὖ οἶδα μὲν οὖν ἔγωγε, εἴπερ καλοῦσιν, ὅτι ὀρθῶς καλοῦσιν. ἀλλὰ ποῖα ταῦτα λέγεις;

Σωκράτης: οὐκ οἶσθα ὅτι περὶ τοῦ ποταμοῦ τοῦ ἐν τῇ Τροίᾳ, ὃς ἔμονομάχει τῷ Ἡφαίστῳ, ὃν Ξάνθον, φησί, καλέουσι θεοί, ἄνδρες δὲ Σκάμανδρον;

Έρμολόγης: ἔγωγε. [392a]

Σωκράτης: τί οὖν δή; οὐκ οἶε τοῦτο σεμνόν τι εἶναι γινῶναι, ὅπη ποτὲ ὀρθῶς ἔχει ἐκεῖνον τὸν ποταμὸν Ξάνθον καλεῖν μᾶλλον ἢ Σκάμανδρον; εἰ δὲ βούλει, περὶ τῆς ὀρνιθοῦς ἦν λέγει ὅτι χαλκίδα κυκλήσκουσι θεοί, ἄνδρες δὲ κύμινδιν,

(Hom. Il. 14.291) φαῦλον ἡγή τὸ μάθημα ὅσῳ ὀρθότερόν ἐστι καλεῖσθαι χαλκίς κυμίνδιδος τῷ αὐτῷ ὀρνέῳ; ἢ τὴν Βατίειάν τε καὶ Μυρίνην, [392b] καὶ ἄλλα πολλὰ καὶ τούτου τοῦ ποιητοῦ καὶ ἄλλων; ἀλλὰ ταῦτα μὲν ἴσως μείζω ἐστὶν ἢ κατ' ἐμὲ καὶ σὲ ἐξευρεῖν: ὁ δὲ Σκαμάνδριός τε καὶ ὁ Ἀστυάναξ ἀνθρωπινώτερον διασκέψασθαι, ὡς ἐμοὶ δοκεῖ, καὶ ῥᾶον, ἃ φησὶν ὀνόματα εἶναι τῷ τοῦ Ἑκτορος υἱεῖ, τίνα ποτὲ λέγει τὴν ὀρθότητα αὐτῶν. οἶσθα γὰρ δήπου ταῦτα τὰ ἔπη ἐν οἷς ἔνεστιν ἂ ἐγὼ λέγω.

Έρμολόγης: πάνυ γε.

Σωκράτης: πότερον οὖν οἶε Ὅμηρον ὀρθότερον ἡγεῖσθαι τῶν ὀνομάτων κεῖσθαι τῷ παιδί, τὸν Ἀστυάνακτα ἢ τὸν Σκαμάνδριον ; [392c]

Έρμολόγης: οὐκ ἔχω λέγειν.

Σωκράτης: ὧδε δὴ σκόπει. εἴ τις ἔροιτό σε πότερον οἶε ὀρθότερον καλεῖν τὰ ὀνόματα τοὺς φρονιμωτέρους ἢ τοὺς ἀφρονεστέρους;

Έρμολόγης: δηλὸν δὴ ὅτι τοὺς φρονιμωτέρους, φαίην ἄν.

Σωκράτης: πότερον οὖν αἱ γυναῖκες ἐν ταῖς πόλεσιν φρονιμώτεραί σοι δοκοῦσιν εἶναι ἢ οἱ ἄνδρες, ὡς τὸ ὅλον εἰπεῖν γένος;

Έρμολόγης: οἱ ἄνδρες.

Σωκράτης: οὐκοῦν οἶσθα ὅτι Ὅμηρος τὸ παιδίον τὸ τοῦ Ἑκτορος [392d] ὑπὸ τῶν Τρώων φησὶν καλεῖσθαι Ἀστυάνακτα, Σκαμάνδριον δὲ δηλὸν ὅτι ὑπὸ τῶν γυναικῶν, ἐπειδὴ οἱ γε ἄνδρες αὐτὸν Ἀστυάνακτα ἐκάλουν;

Έρμολόγης: ἔοικέ γε.

Σωκράτης: οὐκοῦν καὶ Ὅμηρος τοὺς Τρῶας σοφωτέρους ἡγεῖτο ἢ τὰς γυναῖκας αὐτῶν;

Ἑρμογένης: οἶμαι ἔγωγε.

Σωκράτης: τὸν Ἀστυάνακτα ἄρα ὀρθότερον ᾤετο κεῖσθαι τῷ παιδί ἢ τὸν Σκαμάνδριον ;

Ἑρμογένης: φαίνεται.

Σωκράτης: σκοπῶμεν δὴ διὰ τί ποτε. ἢ αὐτὸς ἡμῖν κάλλιστα ὑφηγεῖται τὸ διότι; φησὶν γάρ [392e] οἷος γάρ σφιν ἔρυτο πόλιν καὶ τείχεα μακρά. (Hom. Il. 22.507) διὰ ταῦτα δὴ, ὥς ἔοικεν, ὀρθῶς ἔχει καλεῖν τὸν τοῦ σωτῆρος ὕδν Ἀστυάνακτα τούτου ὃ ἔσφρξεν ὁ πατὴρ αὐτοῦ, ὥς φησιν Ὅμηρος.

Ἑρμογένης: φαίνεται μοι.

Σωκράτης: τί δὴ ποτε; οὐ γάρ πω οὐδ' αὐτὸς ἔγωγε μανθάνω: ὦ Ἑρμόγενης, σὺ δὲ μανθάνεις;

Ἑρμογένης: μὰ Δί' οὐκ ἔγωγε. [393a]

Σωκράτης: ἀλλ' ἄρα, ὦγαθέ, καὶ τῷ Ἑκτορι αὐτὸς ἔθετο τὸ ὄνομα Ὅμηρος;

Ἑρμογένης: τί δὴ;

Σωκράτης: ὅτι μοι δοκεῖ καὶ τοῦτο παραπλήσιόν τι εἶναι τῷ Ἀστυάνακτι, καὶ ἔοικεν Ἑλληνικοῖς ταῦτα [τὰ ὀνόματα]. ὁ γὰρ ἄναξ καὶ ὁ Ἑκτωρ σχεδόν τι ταῦτὸν σημαίνει, βασιλικά ἀμφότερα εἶναι τὰ ὀνόματα: οὐ γὰρ ἂν τις ἄναξ ἦ, καὶ Ἑκτωρ δήπου ἐστὶν τούτου: δῆλον γὰρ ὅτι κρατεῖ [393b] τε αὐτοῦ καὶ κέκτηται καὶ ἔχει αὐτό. ἢ οὐδέν σοι δοκῶ λέγειν, ἀλλὰ λανθάνω καὶ ἐμαυτὸν οἰόμενός τινος ὥσπερ ἵχνους ἐφάπτεσθαι τῆς Ὀμήρου δόξης περὶ ὀνομάτων ὀρθότητος;

Ἑρμογένης: μὰ Δί' οὐ σύ γε, ὥς ἐμοὶ δοκεῖς, ἀλλὰ ἴσως τοῦ ἐφάπτη.

Σωκράτης: δίκαιόν γέ τοί ἐστιν, ὥς ἐμοὶ φαίνεται, τὸν λέοντος ἔκγονον λέοντα καλεῖν καὶ τὸν ἵππου ἔκγονον ἵππον. οὐ τι λέγω ἐὰν

ὥσπερ τέρας γένηται ἐξ ἵππου ἄλλο τι ἢ ἵππος, [393c] ἀλλ' οὐ ἂν ἦ τοῦ γένους ἔκγονον τὴν φύσιν, τοῦτο λέγω: ἐὰν βοὸς ἔκγονον φύσει ἵππος παρὰ φύσιν τέκη μόσχον, οὐ πῶλον κλητέον ἀλλὰ μόσχον: οὐδ' ἂν ἐξ ἀνθρώπου οἶμαι μὴ τὸ ἀνθρώπου ἔκγονον γένηται, [ἀλλ' ὁ ἂν] τὸ ἔκγονον ἄνθρωπος κλητέος: καὶ τὰ δένδρα ὡσαύτως καὶ τᾶλλα ἅπαντα: ἢ οὐ συνδοκεῖ;

Ἑρμογένης: συνδοκεῖ.

Σωκράτης: καλῶς λέγεις: φύλαττε γάρ με μή πη παρακρούσωμαι σε. κατὰ γὰρ τὸν αὐτὸν λόγον κἂν ἐκ βασιλέως γίγνηται τι [393d] ἔκγονον, βασιλεὺς κλητέος: εἰ δὲ ἐν ἐτέραις συλλαβαῖς ἢ ἐν ἐτέραις τὸ αὐτὸ σημαίνει, οὐδὲν πρᾶγμα: οὐδ' εἰ πρόσκειται τι γράμμα ἢ ἀφήρηται, οὐδὲν οὐδὲ τοῦτο, ἕως ἂν ἐγκρατὴς ἦ ἡ οὐσία τοῦ πράγματος δηλουμένη ἐν τῷ ὀνόματι.

Ἑρμογένης: πῶς τοῦτο λέγεις;

Σωκράτης: οὐδὲν ποικίλον, ἀλλ' ὥσπερ τῶν στοιχείων οἶσθα ὅτι ὀνόματα λέγομεν ἀλλ' οὐκ αὐτὰ τὰ στοιχεῖα, πλὴν τεττάρων, τοῦ Ε καὶ τοῦ Υ καὶ τοῦ Ο καὶ τοῦ Ω: τοῖς δ' [393e] ἄλλοις φωνήεσσι τε καὶ ἀφώνοις οἶσθα ὅτι περιτιθέντες ἄλλα γράμματα λέγομεν, ὀνόματα ποιοῦντες: ἀλλ' ἕως ἂν αὐτοῦ δηλουμένην τὴν δύναμιν ἐντιθῶμεν, ὀρθῶς ἔχει ἐκεῖνο τὸ ὄνομα καλεῖν ὃ αὐτὸ ἡμῖν δηλώσει. οἷον τὸ βῆτα : ὀρθῶς ὅτι τοῦ ἦτα καὶ τοῦ ταῦ καὶ τοῦ ἄλφα προστεθέντων οὐδὲν ἐλύπησεν, ὥστε μὴ οὐχὶ τὴν ἐκείνου τοῦ στοιχείου φύσιν δηλῶσαι ὅλῳ τῷ ὀνόματι οὗ ἐβούλετο ὁ νομοθέτης: οὕτως ἡπιστήθη καλῶς θέσθαι τοῖς γράμμασι τὰ ὀνόματα.

Ἑρμογένης: ἀληθῆ μοι δοκεῖς λέγειν. [394a]

Σωκράτης: οὐκοῦν καὶ περὶ βασιλέως ὁ αὐτὸς λόγος; ἔσται γάρ ποτε ἐκ βασιλέως βασιλεὺς, καὶ ἐξ ἀγαθοῦ ἀγαθός, καὶ ἐκ καλοῦ καλός, καὶ τᾶλλα πάντα οὕτως, ἐξ ἐκάστου γένους ἕτερον τοιοῦτον ἔκγονον, ἐὰν μὴ τέρας γίγνηται: κλητέον δὴ ταῦτα ὀνόματα. ποικίλλειν δὲ ἔξεστι ταῖς συλλαβαῖς, ὥστε δόξαι ἂν τῷ ιδιωτικῶς ἔχοντι ἕτερα εἶναι ἀλλήλων τὰ αὐτὰ ὄντα: ὥσπερ ἡμῖν τὰ τῶν ἱατρῶν φάρμακα χρώμασιν καὶ ὁσμαῖς πεποικιλμένα ἄλλα φαίνεται τὰ αὐτὰ ὄντα, τῷ δὲ γε [394b] ἱατρῷ, ἅτε τὴν δύναμιν τῶν φαρμάκων

σκοπουμένῳ, τὰ αὐτὰ φαίνεται, καὶ οὐκ ἐκπλήττεται ὑπὸ τῶν προσόντων. οὕτω δὲ ἴσως καὶ ὁ ἐπιστάμενος περὶ ὀνομάτων τὴν δύναμιν αὐτῶν σκοπεῖ, καὶ οὐκ ἐκπλήττεται εἴ τι πρόσκειται γράμμα ἢ μετὰκειται ἢ ἀφήρηται, ἢ καὶ ἐν ἄλλοις παντάπασιν γράμμασιν ἐστὶν ἢ τοῦ ὀνόματος δύναμις. ὥσπερ ὁ νυνδὴ ἐλέγομεν, Ἀστυάναξ τε καὶ Ἐκτωρ οὐδὲν τῶν αὐτῶν [394c] γραμμάτων ἔχει πλὴν τοῦ ταυ, ἀλλ' ὅμως ταὐτὸν σημαίνει. καὶ Ἀρχέπολις γε τῶν μὲν γραμμάτων τί ἐπικοινωνεῖ; δηλοῖ δὲ ὅμως τὸ αὐτό: καὶ ἄλλα πολλὰ ἐστὶν ἃ οὐδὲν ἀλλ' ἢ βασιλέα σημαίνει: καὶ ἄλλα γε αὖ στρατηγόν, οἷον Ἅγις καὶ Πολέμαρχος καὶ Εὐπόλεμος. καὶ ἱατρικά γε ἕτερα, Ἰατροκλῆς καὶ Ἀκεσίμβροτος: καὶ ἕτερα ἂν ἴσως συχνὰ εὕροιμεν ταῖς μὲν συλλαβαῖς καὶ τοῖς γράμμασι διαφωνοῦντα, τῇ δὲ δυνάμει ταὐτὸν φθεγγόμενα. φαίνεται οὕτως ἢ οὐ; [394d]

Ἑρμογένης: πάνυ μὲν οὖν.

Σωκράτης: τοῖς μὲν δὴ κατὰ φύσιν γιγνομένοις τὰ αὐτὰ ἀποδοτέον ὀνόματα.

Ἑρμογένης: πάνυ γε.

Σωκράτης: τί δὲ τοῖς παρὰ φύσιν, οἳ ἂν ἐν τέρατος εἶδει γένωνται; οἷον ὅταν ἐξ ἀνδρὸς ἀγαθοῦ καὶ θεοσεβοῦς ἀσεβῆς γένηται, ἄρ' οὐχ ὥσπερ ἐν τοῖς ἔμπροσθεν, κὰν ἵππος βοῶς ἐκγονον τέκη, οὐ τοῦ τεκόντος δήπου ἔδει τὴν ἐπωνυμίαν ἔχειν, ἀλλὰ τοῦ γένους οὗ εἶη;

Ἑρμογένης: πάνυ γε. [394e]

Σωκράτης: καὶ τῷ ἐκ τοῦ εὐσεβοῦς ἄρα γενομένῳ ἀσεβεῖ τὸ τοῦ γένους ὄνομα ἀποδοτέον.

Ἑρμογένης: ἔστι ταῦτα.

Σωκράτης: οὐ Θεόφιλον, ὥς ἔοικεν, οὐδὲ Μνησίθεον οὐδὲ τῶν τοιούτων οὐδέν: ἀλλ' ὅτι τὰναντία τούτοις σημαίνει, ἐάνπερ τῆς ὀρθότητος τυγχάνῃ τὰ ὀνόματα.

Ἑρμογένης: παντός γε μᾶλλον, ὃ Σώκρατες.

Σωκράτης: ὥσπερ γε καὶ ὁ Ὀρέστης, ὃ Ἑρμόγενης, κινδυνεύει

ὀρθῶς ἔχειν, εἴτε τις τύχη ἔθετο αὐτῷ τὸ ὄνομα εἴτε καὶ ποιητής τις, τὸ θηριῶδες τῆς φύσεως καὶ τὸ ἄγριον αὐτοῦ καὶ τὸ ὀρεινὸν ἐνδεικνύμενος τῷ ὀνόματι. [395a]

Ἑρμογένης: φαίνεται οὕτως, ὦ Σώκρατες.

Σωκράτης: ἔοικεν δέ γε καὶ τῷ πατρὶ αὐτοῦ κατὰ φύσιν τὸ ὄνομα εἶναι.

Ἑρμογένης: φαίνεται.

Σωκράτης: κινδυνεύει γὰρ τοιοῦτός τις εἶναι ὁ Ἀγαμέμνων, οἷος ἂ δόξειεν αὐτῷ διαπνεῖσθαι καὶ καρτερεῖν τέλος ἐπιτιθεῖς τοῖς δόξασιν δι' ἀρετὴν. σημεῖον δὲ αὐτοῦ ἢ ἐν Τροίᾳ μονὴ τοῦ πάθους τε καὶ καρτερίας. ὅτι οὖν ἀγαστὸς κατὰ [395b]τὴν ἐπιμονὴν οὗτος ὁ ἀνὴρ ἐνσημαίνει τὸ ὄνομα ὁ Ἀγαμέμνων. ἴσως δὲ καὶ ὁ Ἀτρεὺς ὀρθῶς ἔχει. ὁ τε γὰρ τοῦ Χρυσίππου αὐτῷ φόνος καὶ ἂ πρὸς τὸν Θυέστην ὡς ὠμὰ διεπράττετο, πάντα ταῦτα ζημιώδη καὶ ἀτηρὰ πρὸς ἀρετὴν. ἢ οὖν τοῦ ὀνόματος ἐπωνυμία σμικρὸν παρακλίνει καὶ ἐπικεκάλυπται, ὥστε μὴ πᾶσι δηλοῦν τὴν φύσιν τοῦ ἀνδρός: τοῖς δ' ἐπαῖουσι περὶ ὀνομάτων ἱκανῶς δηλοῖ ὁ βούλεται ὁ Ἀτρεὺς. καὶ γὰρ κατὰ τὸ ἀτειρὲς καὶ [395c]κατὰ τὸ ἄτρεστον καὶ κατὰ τὸ ἀτηρὸν πανταχῇ ὀρθῶς αὐτῷ τὸ ὄνομα κεῖται. δοκεῖ δέ μοι καὶ τῷ Πέλοπι τὸ ὄνομα ἐμμέτρως κεῖσθαι: σημαίνει γὰρ τοῦτο τὸ ὄνομα τὸν τὰ ἐγγὺς ὀρῶντα [ἄξιον εἶναι ταύτης τῆς ἐπωνυμίας].

Ἑρμογένης: πῶς δῆ;

Σωκράτης: οἷόν που καὶ κατ' ἐκείνου λέγεται τοῦ ἀνδρός ἐν τῷ τοῦ Μυρτίλου φόνῳ οὐδὲν οἴου τε γενέσθαι προνοηθῆναι οὐδὲ προϊδεῖν τῶν πόρρῳ τῶν εἰς τὸ πᾶν γένος, ὅσης αὐτὸ [395d]δυστυχίας ἐνεπίμπλη, τὸ ἐγγὺς μόνον ὀρῶν καὶ τὸ παραχρῆμα τοῦτο δ' ἐστὶ πέλας ἥνικα προεθυμείτο λαβεῖν παντὶ τρόπῳ τὸν τῆς Ἱπποδαμείας γάμον. τῷ δὲ Ταντάλῳ καὶ πᾶς ἂν ἡγήσαιτο τοῦνομα ὀρθῶς καὶ κατὰ φύσιν τεθῆναι εἰ ἀληθὴ τὰ περὶ αὐτὸν λεγόμενα.

Ἑρμογένης: τὰ ποῖα ταῦτα;

Σωκράτης: ἃ τέ που ἔτι ζῶντι δυστυχήματα ἐγένετο πολλὰ καὶ δεινά, ὧν καὶ τέλος ἢ πατρίς αὐτοῦ ὅλη ἀνετράπετο, καὶ

τελευτήσαντι ἐν Ἰδου ἢ ὑπὲρ τῆς κεφαλῆς τοῦ λίθου [395e]ταλαντεία θαυμαστὴ ὡς σύμφωνος τῷ ὀνόματι: καὶ ἀτεχνῶς ἔοικεν, ὥσπερ ἂν εἴ τις βουλόμενος ταλάντατον ὀνομάσαι ἀποκρυπτόμενος ὀνομάσειε καὶ εἴποι ἂντ' ἐκείνου Τάνταλον, τοιοῦτόν τι καὶ τούτῳ τὸ ὄνομα ἔοικεν ἐκπορίσαι ἢ τύχη τῆς φήμης. φαίνεται δὲ καὶ τῷ πατρὶ αὐτοῦ λεγομένῳ τῷ Διὶ [396a]παγκάλως τὸ ὄνομα κεῖσθαι: ἔστι δὲ οὐ ράδιον κατανοῆσαι. ἀτεχνῶς γάρ ἐστιν οἶον λόγος τὸ τοῦ Διὸς ὄνομα, διελόντες δὲ αὐτὸ διχῇ οἱ μὲν τῷ ἐτέρῳ μέρει, οἱ δὲ τῷ ἐτέρῳ χρώμεθα οἱ μὲν γὰρ Ζῆνα, οἱ δὲ Δία καλοῦσιν συντιθέμενα δ' εἰς ἓν δηλοῖ τὴν φύσιν τοῦ θεοῦ, ὃ δὴ προσήκειν φάμεν ὀνόματι οἷω τε εἶναι ἀπεργάζεσθαι. οὐ γὰρ ἔστιν ἡμῖν καὶ τοῖς ἄλλοις πᾶσιν ὅστις ἐστὶν αἴτιος μᾶλλον τοῦ ζῆν ἢ ὁ ἄρχων τε καὶ βασιλεὺς τῶν πάντων. συμβαίνει οὖν ὀρθῶς [396b]ὀνομάζεσθαι οὗτος ὁ θεὸς εἶναι, δι' ὃν ζῆν ἀεὶ πᾶσι τοῖς ζῶσιν ὑπάρχει: διείληπται δὲ δίχα, ὥσπερ λέγω, ἐν ὃν τὸ ὄνομα, τῷ Διὶ καὶ τῷ Ζηνί. τοῦτον δὲ Κρόνου υἱὸν ὑβριστικὸν μὲν ἂν τις δόξειεν εἶναι ἀκούσαντι ἐξαίφνης, εὐλογον δὲ μεγάλης τινὸς διανοίας ἔκγονον εἶναι τὸν Δία: κόρον γὰρ σημαίνει οὐ παῖδα, ἀλλὰ τὸ καθαρὸν αὐτοῦ καὶ ἀκήρατον τοῦ νοῦ. ἔστι δὲ οὗτος Οὐρανοῦ υἱός, ὡς λόγος: ἡ δὲ αὖ ἐς τὸ ἄνω ὄψις καλῶς ἔχει τοῦτο τὸ ὄνομα καλεῖσθαι, [396c] οὐρανία, ὁρῶσα τὰ ἄνω, ὅθεν δὴ καὶ φασιν, ὃ Ἑρμόγενης, τὸν καθαρὸν νοῦν παραγίγνεσθαι οἱ μετεωρολόγοι, καὶ τῷ οὐρανῷ ὀρθῶς τὸ ὄνομα κεῖσθαι: εἰ δ' ἐμμενήμην τὴν Ἡσιόδου γενεαλογίαν, τίνας ἔτι τοὺς ἀνωτέρω προγόνους λέγει τούτων, οὐκ ἂν ἐπαυόμην διεξιὼν ὡς ὀρθῶς αὐτοῖς τὰ ὀνόματα κεῖται, ἕως ἀπεπειράθην τῆς σοφίας ταυτησὶ τί ποιήσει, εἰ ἄρα ἀπερεῖ ἢ οὐ, ἢ ἐμοὶ ἐξαίφνης νῦν οὕτως [396d]προσπέπτωκεν ἄρτι οὐκ οἶδ' ὀπόθεν.

Ἑρμογένης: καὶ μὲν δὴ, ὦ Σώκρατες, ἀτεχνῶς γέ μοι δοκεῖς ὥσπερ οἱ ἐνθουσιῶντες ἐξαίφνης χρησμοδεῖν.

Σωκράτης: καὶ αἰτιῶμαί γε, ὦ Ἑρμόγενης, μάλιστα αὐτὴν ἀπὸ Εὐθύφρονος τοῦ Προσπαλτίου προσπεπτωκέναι μοι: ἔωθεν γὰρ πολλὰ αὐτῷ συνῆ καὶ παρεῖχον τὰ ὦτα. κινδυνεύει οὖν ἐνθουσιῶν οὐ μόνον τὰ ὦτά μου ἐμπλῆσαι τῆς δαιμονίας σοφίας, ἀλλὰ καὶ τῆς ψυχῆς ἐπειληφθαι. δοκεῖ οὖν μοι [396e]χρῆναι οὕτως ἡμᾶς ποιῆσαι: τὸ μὲν τήμερον εἶναι χρήσασθαι αὐτῇ καὶ τὰ λοιπὰ περὶ τῶν

ὀνομάτων ἐπισκέψασθαι, αὐριον δέ, ἄν και ὑμῖν συνδοκῇ, ἀποδιοπομπησόμεθά τε αὐτήν και καθαρούμεθα ἐξευρόντες ὅστις τὰ τοιαῦτα δεινὸς [397a]καθαίρειν, εἴτε τῶν ἱερέων τις εἴτε τῶν σοφιστῶν.

Ἑρμογένης: ἀλλ' ἐγὼ μὲν συγχωρῶ: πάνυ γὰρ ἄν ἡδέως τὰ ἐπίλοιπα περὶ τῶν ὀνομάτων ἀκούσαιομι.

Σωκράτης: ἀλλὰ χρή οὕτω ποιεῖν. πόθεν οὖν βούλει ἀρξώμεθα διασκοποῦντες, ἐπειδήπερ εἰς τύπον τινὰ ἐμβεβήκαμεν, ἵνα εἰδῶμεν εἰ ἄρα ἡμῖν ἐπιμαρτυρήσει αὐτὰ τὰ ὀνόματα μὴ πάνυ ἀπὸ τοῦ αὐτομάτου οὕτως ἕκαστα κεῖσθαι, ἀλλ' ἔχειν [397b]τινὰ ὀρθότητα; τὰ μὲν οὖν τῶν ἡρώων και ἀνθρώπων λεγόμενα ὀνόματα ἴσως ἄν ἡμᾶς ἐξαπατήσειεν: πολλὰ μὲν γὰρ αὐτῶν κεῖται κατὰ προγόνων ἐπωνυμίας, οὐδὲν προσῆκον ἐνίοις, ὥσπερ κατ' ἀρχὰς ἐλέγομεν, πολλὰ δὲ ὥσπερ εὐχόμενοι τίθενται, οἷον Εὐτυχίδην και Σωσίαν και Θεόφιλον και ἄλλα πολλά. τὰ μὲν οὖν τοιαῦτα δοκεῖ μοι χρήναι ἔαν: εἰκὸς δὲ μάλιστα ἡμᾶς εὐρεῖν τὰ ὀρθῶς κείμενα περὶ τὰ ἀεὶ ὄντα και πεφυκότα. ἐσπουδάσθαι γὰρ ἐνταῦθα [397c]μάλιστα πρέπει τὴν θέσιν τῶν ὀνομάτων: ἴσως δ' ἔνια αὐτῶν και ὑπὸ θειοτέρας δυνάμεως ἢ τῆς τῶν ἀνθρώπων ἐτέθη.

Ἑρμογένης: δοκεῖς μοι καλῶς λέγειν, ὦ Σώκρατες.

Σωκράτης: ἄρ' οὖν οὐ δίκαιον ἀπὸ τῶν θεῶν ἄρχεσθαι, σκοπουμένους πῇ ποτε αὐτὸ τοῦτο τὸ ὄνομα οἱ θεοὶ ὀρθῶς ἐκλήθησαν;

Ἑρμογένης: εἰκὸς γε.

Σωκράτης: τοιόνδε τοῖνυν ἔγωγε ὑποπτεύω: φαίνονται μοι οἱ πρῶτοι τῶν ἀνθρώπων τῶν περὶ τὴν Ἑλλάδα τούτους μόνους [397d] [τοὺς θεοὺς] ἡγεῖσθαι οὗσπερ νῦν πολλοὶ τῶν βαρβάρων, ἥλιον και σελήνην και γῆν και ἄστρα και οὐρανόν: ἅτε οὖν αὐτὰ ὀρῶντες πάντα ἀεὶ ἰόντα δρόμῳ και θέοντα, ἀπὸ ταύτης τῆς φύσεως τῆς τοῦ δαήμονες θεοὺς αὐτοὺς ἐπονομάσαι: ὕστερον δὲ κατανοοῦντες τοὺς ἄλλους πάντας ἡδὴ τούτῳ τῷ ὀνόματι προσαγορεύειν. ἔοικέ τι ὁ λέγω τῷ ἀληθεῖ ἢ οὐδέν;

Έρμογένης: πάνυ μὲν οὖν ἔοικεν.

Σωκράτης: τί οὖν ἂν μετὰ τοῦτο σκοποῖμεν;

Έρμογένης: δῆλον δὴ ὅτι [δαίμονάς τε καὶ ἥρωας καὶ ἀνθρώπους] δαίμονας. [397e]

Σωκράτης: καὶ ὡς ἀληθῶς, ὦ Έρμόγενης, τί ἂν ποτε νοοῖ τὸ ὄνομα οἱ δαίμονες ; σκέψαι ἂν τί σοι δόξω εἰπεῖν.

Έρμογένης: λέγε μόνον.

Σωκράτης: οἴσθα οὖν τίνας φησὶν Ἡσίοδος εἶναι τοὺς δαίμονας;

Έρμογένης: οὐκ ἐννοῶ.

Σωκράτης: οὐδὲ ὅτι χρυσοῦν γένος τὸ πρῶτόν φησιν γενέσθαι τῶν ἀνθρώπων;

Έρμογένης: οἶδα τοῦτό γε.

Σωκράτης: λέγει τοίνυν περὶ αὐτοῦ αὐτὰρ ἐπειδὴ τοῦτο γένος κατὰ μοῖρ' ἐκάλυπεν, [398a]

οἱ μὲν δαίμονες ἀγνοὶ ὑποχθόνιοι καλέονται,

ἑσθλοί, ἀλεξίκακοι, φύλακες θνητῶν ἀνθρώπων. (Hes. WD 122 ff.)

Έρμογένης: τί οὖν δῆ;

Σωκράτης: ὅτι οἶμαι ἐγὼ λέγειν αὐτὸν τὸ χρυσοῦν γένος οὐκ ἐκ χρυσοῦ πεφυκὸς ἀλλ' ἀγαθόν τε καὶ καλόν. τεκμήριον δέ μοί ἐστιν ὅτι καὶ ἡμᾶς φησιν σιδηροῦν εἶναι γένος.

Έρμογένης: ἀληθῆ λέγεις.

Σωκράτης: οὐκοῦν καὶ τῶν νῦν οἶει ἂν φάναι αὐτὸν εἶ τις [398b]ἀγαθός ἐστιν ἐκείνου τοῦ χρυσοῦ γένους εἶναι;

Έρμογένης: εἰκός γε.

Σωκράτης: οἱ δ' ἀγαθοὶ ἄλλο τι ἢ φρόνιμοι;

Ἑρμογένης: φρόνιμοι.

Σωκράτης: τοῦτο τοίνυν παντὸς μᾶλλον λέγει, ὥς ἐμοὶ δοκεῖ, τοὺς δαίμονας: ὅτι φρόνιμοι καὶ δαήμονες ἦσαν, δαίμονας αὐτοὺς ὠνόμασεν: καὶ ἔν γε τῇ ἀρχαίᾳ τῇ ἡμετέρᾳ φωνῇ αὐτὸ συμβαίνει τὸ ὄνομα. λέγει οὖν καλῶς καὶ οὗτος καὶ ἄλλοι ποιεῖται πολλοὶ ὅσοι λέγουσιν ὥς, ἐπειδὴν τις ἀγαθὸς ὢν τελευτήσῃ, μεγάλην μοῖραν καὶ τιμὴν ἔχει καὶ γίγνεται [398c]δαίμων κατὰ τὴν τῆς φρονήσεως ἐπωνυμίαν. ταύτῃ οὖν τίθεται καὶ ἐγὼ [τὸν δαήμονα} }πάντ' ἄνδρα ὃς ἂν ἀγαθὸς ᾖ, δαιμόνιον εἶναι καὶ ζῶντα καὶ τελευτήσαντα, καὶ ὁρθῶς δαίμονα καλεῖσθαι.

Ἑρμογένης: καὶ ἐγὼ μοι δοκῶ, ὦ Σώκρατες, τούτου πάνυ σοὶ σύμψηφος εἶναι. ὁ δὲ δὴ ἥρως τί ἂν εἴῃ;

Σωκράτης: τοῦτο δὲ οὐ πάνυ χαλεπὸν ἐννοῆσαι. σμικρὸν γὰρ παρῆκται αὐτῶν τὸ ὄνομα, δηλοῦν τὴν ἐκ τοῦ ἔρωτος γένεσιν.

Ἑρμογένης: πῶς λέγεις;

Σωκράτης: οὐκ οἶσθα ὅτι ἡμίθεοι οἱ ἥρωες;

Ἑρμογένης: τί οὖν; [398d]

Σωκράτης: πάντες δὴπου γεγόνασιν ἐρασθέντος ἢ θεοῦ θνητῆς ἢ θνητοῦ θεᾶς. ἐὰν οὖν σκοπῆς καὶ τοῦτο κατὰ τὴν Ἀττικὴν τὴν παλαιὰν φωνήν, μᾶλλον εἴσῃ: δηλώσει γάρ σοι ὅτι παρὰ τὸ τοῦ ἔρωτος ὄνομα, ὅθεν γεγόνασιν οἱ ἥρωες, σμικρὸν παρηγμένον ἐστὶν ὀνόματος χάριν. καὶ ἤτοι τοῦτο λέγει τοὺς ἥρωας, ἢ ὅτι σοφοὶ ἦσαν καὶ ῥήτορες [καὶ] δεινοὶ καὶ διαλεκτικοί, ἐρωτᾶν ἱκανοὶ ὄντες: τὸ γὰρ εἶρειν λέγειν ἐστίν. ὅπερ οὖν ἄρτι λέγομεν, ἐν τῇ Ἀττικῇ φωνῇ λεγόμενοι [398e]οἱ ἥρωες ῥήτορές τινες καὶ ἐρωτητικοὶ συμβαίνουσιν, ὥστε ῥητόρων καὶ σοφιστῶν γένος γίγνεται τὸ ἥρωικὸν φῦλον. ἀλλὰ οὐ τοῦτο χαλεπὸν ἐστὶν ἐννοῆσαι, ἀλλὰ μᾶλλον τὸ τῶν ἀνθρώπων, διὰ τί ποτε ἄνθρωποι καλοῦνται: <ἦ> σὺ ἔχεις εἰπεῖν;

Ἑρμογένης: πόθεν, ὦγαθέ, ἔχω; οὐδ' εἴ τι οἶός τ' ἂν εἶην εὐρεῖν, οὐ συντείνω διὰ τὸ ἡγεῖσθαι σὲ μᾶλλον εὐρήσειν ἢ ἐμαυτόν. [399a]

Σωκράτης: τῇ τοῦ Εὐθύφρονος ἐπιπνοίᾳ πιστεύεις, ὥς ἔοικας.

Ἑρμογένης: δῆλα δῆ.

Σωκράτης: ὀρθῶς γε σὺ πιστεύων: ὥς καὶ νῦν γέ μοι φαίνομαι κομψῶς ἐννενοηκέναι, καὶ κινδυνεύσω, ἐὰν μὴ εὐλαβῶμαι, ἔτι τήμερον σοφώτερος τοῦ δέοντος γενέσθαι. σκοπεῖ δὴ ὁ λέγω. πρῶτον μὲν γὰρ τὸ τοιόνδε δεῖ ἐννοῆσαι περὶ ὀνομάτων, ὅτι πολλάκις ἐπεμβάλλομεν γράμματα, τὰ δ' ἐξαιροῦμεν, παρ' ὃ βουλόμεθα ὀνομάζοντες, καὶ τὰς ὀξύτητας μεταβάλλομεν. οἷον Διὶ φίλος τοῦτο ἵνα [399b] ἀντὶ ῥήματος ὄνομα ἡμῖν γένηται, τό τε ἕτερον αὐτόθεν ἰῶτα ἐξείλομεν καὶ ἀντὶ ὀξείας τῆς μέσης συλλαβῆς βαρεῖαν ἐφθεγξάμεθα. ἄλλον δὲ τοῦναντίον ἐμβάλλομεν γράμματα, τὰ δὲ βαρύτερα <ὀξύτερα> φθεγγόμεθα.

Ἑρμογένης: ἀληθῇ λέγεις.

Σωκράτης: τούτων τοίνυν ἓν καὶ τὸ τῶν ἀνθρώπων ὄνομα πέπονθεν, ὥς ἐμοὶ δοκεῖ. ἐκ γὰρ ῥήματος ὄνομα γέγονεν, ἐνὸς γράμματος τοῦ ἄλφα ἐξαιρεθέντος καὶ βαρυτέρας τῆς τελευτῆς γενομένης.

Ἑρμογένης: πῶς λέγεις; [399c]

Σωκράτης: ᾧδε. σημαίνει τοῦτο τὸ ὄνομα ὁ ἄνθρωπος ὅτι τὰ μὲν ἄλλα θηρία ὧν ὀρᾷ οὐδὲν ἐπισκοπεῖ οὐδὲ ἀναλογίζεται οὐδὲ ἀναθρεῖ, ὁ δὲ ἄνθρωπος ἅμα ἐώρακεν τοῦτο δ' ἐστὶ [τὸ] ὅπως καὶ ἀναθρεῖ καὶ λογίζεται τοῦτο ὃ ὅπως ἐντεῦθεν δὴ μόνον τῶν θηρίων ὀρθῶς ὁ ἄνθρωπος ἄνθρωπος ὀνομάσθη, ἀναθρῶν ἃ ὅπως.

Ἑρμογένης: τί οὖν τὸ μετὰ τοῦτο; ἔρωμαί σε ὃ ἡδέως ἂν πυθοίμην;

Σωκράτης: πάνυ γε. [399d]

Ἑρμογένης: ὥσπερ τοίνυν μοι δοκεῖ τούτοις ἐξῆς εἶναι τι χρῆμα. ψυχὴν γὰρ που καὶ σῶμα καλοῦμεν τοῦ ἀνθρώπου.

Σωκράτης: πῶς γὰρ οὐ;

Ἑρμογένης: πειρώμεθα δὴ καὶ ταῦτα διελεῖν ὥσπερ τὰ ἔμπροσθεν.

Σωκράτης: ψυχὴν λέγεις ἐπισκέψασθαι ὡς εἰκότως τούτου τοῦ ὀνόματος τυγχάνει, ἔπειτ' αὐτὸ τὸ σῶμα;

Ἑρμογένης: ναί.

Σωκράτης: ὥς μὲν τοίνυν ἐκ τοῦ παραχρῆμα λέγειν, οἶμαί τι τοιοῦτον νοεῖν τοὺς τὴν ψυχὴν ὀνομάσαντας, ὥς τοῦτο ἄρα, ὅταν παρῇ τῷ σώματι, αἰτίον ἐστὶ τοῦ ζῆν αὐτῷ, τὴν τοῦ [399e] ἀναπνεῖν δύναμιν παρέχον καὶ ἀναψύχον, ἅμα δὲ ἐκλείποντος τοῦ ἀναψύχοντος τὸ σῶμα ἀπόλλυται τε καὶ τελευτᾷ: ὅθεν δὴ μοι δοκοῦσιν αὐτὸ ψυχὴν καλέσαι. εἰ δὲ βούλει ἔχε ἡρέμα: δοκῶ γάρ μοί τι καθορᾶν πιθανώτερον τούτου [400a] τοῖς ἀμφὶ Εὐθύφρονα. τούτου μὲν γάρ, ὥς ἐμοὶ δοκεῖ, καταφρονήσαιεν ἂν καὶ ἡγήσαιντο φορτικὸν εἶναι: τότε δὲ σκόπει ἐὰν ἄρα καὶ σοὶ ἀρέσῃ.

Ἑρμογένης: λέγε μόνον.

Σωκράτης: τὴν φύσιν παντὸς τοῦ σώματος, ὥστε καὶ ζῆν καὶ περιεῖναι, τί σοι δοκεῖ ἔχειν τε καὶ ὀχεῖν ἄλλο ἢ ψυχὴ;

Ἑρμογένης: οὐδὲν ἄλλο.

Σωκράτης: τί δέ; καὶ τὴν τῶν ἄλλων ἀπάντων φύσιν οὐ πιστεύεις Ἀναξαγόρα νοῦν καὶ ψυχὴν εἶναι τὴν διακοσμοῦσαν καὶ ἔχουσαν;

Ἑρμογένης: ἔγωγε. [400b]

Σωκράτης: καλῶς ἄρα ἂν τὸ ὄνομα τοῦτο ἔχοι τῇ δυνάμει ταύτῃ ἢ φύσιν ὀχεῖ καὶ ἔχει φυσέχην ἐπονομάζειν. ἔξεστι δὲ καὶ ψυχὴν κομψευόμενον λέγειν.

Ἑρμογένης: πάνυ μὲν οὖν, καὶ δοκεῖ γέ μοι τοῦτο ἐκείνου τεχνικώτερον εἶναι.

Σωκράτης: καὶ γὰρ ἔστιν: γελοῖον μέντοι φαίνεται ὡς ἀληθῶς ὀνομαζόμενον ὡς ἐτέθη.

Ἑρμογένης: ἀλλὰ δὴ τὸ μετὰ τοῦτο πῶς φῶμεν ἔχειν;

Σωκράτης: τὸ σῶμα λέγεις;

Ἑρμογένης: ναί.

Σωκράτης: πολλαχῇ μοι δοκεῖ τοῦτό γε: ἂν μὲν καὶ σμικρόν [400c] τις παρακλίνη, καὶ πάνυ. καὶ γὰρ σῆμά τινές φασιν αὐτὸ εἶναι τῆς ψυχῆς, ὡς τεθαμμένης ἐν τῷ νῦν παρόντι: καὶ διότι αὐτὸ τούτῳ σημαίνει ἃ ἂν σημαίνη ἡ ψυχὴ, καὶ ταύτῃ σῆμα ὀρθῶς καλεῖσθαι. δοκοῦσι μέντοι μοι μάλιστα θέσθαι οἱ ἀμφὶ Ὀρφέα τοῦτο τὸ ὄνομα, ὡς δίκην διδούσης τῆς ψυχῆς ὣν δὴ ἔνεκα δίδωσιν, τοῦτον δὲ περίβολον ἔχειν, ἵνα σφύζεται, δεσμωτηρίου εἰκόνα: εἶναι οὖν τῆς ψυχῆς τοῦτο, ὥσπερ αὐτὸ ὀνομάζεται, ἕως ἂν ἐκτείσῃ τὰ ὀφειλόμενα, [τὸ] σῶμα, καὶ οὐδὲν δεῖν παράγειν οὐδ' ἐν γράμμα. [400d]

Ἑρμογένης: ταῦτα μὲν μοι δοκεῖ ἱκανῶς, ὦ Σώκρατες, εἰρησθαι: περὶ δὲ τῶν θεῶν τῶν ὀνομάτων, οἷον καὶ περὶ τοῦ Διὸς νυνδὴ ἔλεγες, ἔχοιμεν ἂν που κατὰ τὸν αὐτὸν τρόπον ἐπισκέψασθαι κατὰ τίνα ποτὲ ὀρθότητα αὐτῶν τὰ ὀνόματα κεῖται;

Σωκράτης: ναὶ μὰ Δία ἡμεῖς γε, ὦ Ἑρμογένες, εἶπερ γε νοῦν ἔχοιμεν, ἓνα μὲν τὸν κάλλιστον τρόπον, ὅτι περὶ θεῶν οὐδὲν ἴσμεν, οὔτε περὶ αὐτῶν οὔτε περὶ τῶν ὀνομάτων, ἅττα ποτὲ ἑαυτοὺς καλοῦσιν: δῆλον γὰρ ὅτι ἐκεῖνοί γε τάληθ' ἑκαλοῦσι. [400e]δεύτερος δ' αὐτὸς τρόπος ὀρθότητος, ὥσπερ ἐν ταῖς εὐχαῖς νόμος ἐστὶν ἡμῖν εὐχέσθαι, οἵτινές τε καὶ ὀπόθεν χαίρουσιν ὀνομαζόμενοι, ταῦτα καὶ ἡμᾶς αὐτοὺς καλεῖν, ὡς ἄλλο μηδὲν [401a]εἰδότας: καλῶς γὰρ δὴ ἔμοιγε δοκεῖ νενομίσθαι. εἰ οὖν βούλει, σκοπῶμεν ὥσπερ προειπόντες τοῖς θεοῖς ὅτι περὶ αὐτῶν οὐδὲν ἡμεῖς σκεψόμεθα οὐ γὰρ ἀξιούμεν οἰοί τ' ἂν εἶναι σκοπεῖν ἀλλὰ περὶ τῶν ἀνθρώπων, ἣν ποτέ τινα δόξαν ἔχοντες ἐτίθεντο αὐτοῖς τὰ ὀνόματα: τοῦτο γὰρ ἀνεμέσητον.

Ἑρμογένης: ἀλλὰ μοι δοκεῖς, ὦ Σώκρατες, μετρίως λέγειν, καὶ οὕτω ποιῶμεν. [401b]

Σωκράτης: ἄλλο τι οὖν ἂφ' Ἑστίας ἀρχώμεθα κατὰ τὸν νόμον;

Ἑρμογένης: δίκαιον γοῦν.

Σωκράτης: τί οὖν ἂν τις φαίη διανοούμενον τὸν ὀνομάσαντα

Ἐστίαν ὀνομάσαι;

Ἑρμογένης: οὐ μὰ τὸν Δία οὐδὲ τοῦτο οἶμαι ῥάδιον εἶναι.

Σωκράτης: κινδυνεύουσι γοῦν, ὡγαθὲ Ἑρμόγενης, οἱ πρῶτοι τὰ ὀνόματα τιθέμενοι οὐ φαῦλοι εἶναι ἀλλὰ μετεωρολόγοι καὶ ἀδολέσχει τινές.

Ἑρμογένης: τί δή;

Σωκράτης: καταφαίνεται μοι ἡ θέσις τῶν ὀνομάτων τοιούτων [401c]τινῶν ἀνθρώπων, καὶ ἐάν τις τὰ ξενικὰ ὀνόματα ἀνασκοπῇ, οὐχ ἥττον ἀνευρίσκεται ὁ ἕκαστον βούλεται. οἶον καὶ ἐν τούτῳ ὁ ἡμεῖς οὐσίαν καλοῦμεν, εἰσὶν οἱ ἐσσίαν καλοῦσιν, οἱ δ' αὖ ὠσίαν. πρῶτον μὲν οὖν κατὰ τὸ ἕτερον ὄνομα τούτων ἡ τῶν πραγμάτων οὐσία Ἐστία καλεῖσθαι ἔχει λόγον, καὶ ὅτι γε αὖ ἡμεῖς τὸ τῆς οὐσίας μετέχον ἔστιν φαμέν, καὶ κατὰ τοῦτο ὀρθῶς ἂν καλοῖτο Ἐστία : εἰκότα γὰρ καὶ ἡμεῖς τὸ παλαιὸν ἐσσίαν καλεῖν τὴν οὐσίαν. ἔτι δὲ καὶ κατὰ τὰς θυσίας ἂν τις [401d]ἐννοήσας ἡγήσαιτο οὕτω νοεῖν ταῦτα τοὺς τιθεμένους: τὸ γὰρ πρὸ πάντων θεῶν τῇ Ἐστίᾳ πρώτη προθύειν εἰκὸς ἐκείνους οἵτινες τὴν πάντων οὐσίαν ἐσσίαν ἐπωνόμασαν. ὅσοι δ' αὖ ὠσίαν, σχεδὸν τι αὖ οὗτοι καθ' Ἡράκλειτον ἂν ἡγοῖντο τὰ ὄντα ἰέναι τε πάντα καὶ μένειν οὐδέν: τὸ οὖν αἴτιον καὶ τὸ ἀρχηγὸν αὐτῶν εἶναι τὸ ὠθοῦν, ὅθεν δὴ καλῶς ἔχειν αὐτὸ ὠσίαν ὀνομάσθαι. καὶ ταῦτα [401e]μὲν δὴ ταύτῃ ὥς παρὰ μηδὲν εἰδότες εἰρήσθω: μετὰ δ' Ἐστίαν δίκαιον ῥέαν καὶ Κρόνον ἐπισκέψασθαι. καίτοι τό γε τοῦ Κρόνου ὄνομα ἤδη διήλθομεν. ἴσως μέντοι οὐδὲν λέγω.

Ἑρμογένης: τί δή, ὦ Σώκρατες;

Σωκράτης: ὡγαθέ, ἐννεονόηκά τι σμῆνος σοφίας.

Ἑρμογένης: ποῖον δὴ τοῦτο; [402a]

Σωκράτης: γελοῖον μὲν πάνυ εἰπεῖν, οἶμαι μέντοι τινὰ πιθανότητα ἔχον.

Ἑρμογένης: τίνα ταύτην;

Σωκράτης: τὸν Ἡράκλειτόν μοι δοκῶ καθορᾶν παλαί' ἅττα σοφὰ λέγοντα, ἀτεχνῶς τὰ ἐπὶ Κρόνου καὶ Ῥέας, ἃ καὶ Ὅμηρος ἔλεγεν.

Ἑρμογένης: πῶς τοῦτο λέγεις;

Σωκράτης: λέγει που Ἡράκλειτος ὅτι πάντα χωρεῖ καὶ οὐδὲν μένει, καὶ ποταμοῦ ῥοῇ ἀπεικάζων τὰ ὄντα λέγει ὥς δις ἐς τὸν αὐτὸν ποταμὸν οὐκ ἂν ἐμβαίης.

Ἑρμογένης: ἔστι ταῦτα. [402b]

Σωκράτης: τί οὖν; δοκεῖ σοι ἀλλοιοότερον Ἡρακλείτου νοεῖν ὁ τιθέμενος τοῖς τῶν ἄλλων θεῶν προγόνους Ῥεᾶν τε καὶ Κρόνον; ἄρα οἶε ἀπὸ τοῦ αὐτομάτου αὐτὸν ἀμφοτέροις ῥευμάτων ὀνόματα θέσθαι; ὥσπερ αὖ Ὅμηρος Ὠκεανόν τε θεῶν γένεσιν φησιν καὶ μητέρα Τηθύν: οἶμαι δὲ καὶ Ἡσίοδος. λέγει δέ που καὶ Ὀρφεὺς ὅτι Ὠκεανὸς πρῶτος καλλίρροος ἦρξε γάμοιο, [402c]

ὅς ῥα κασιγνήτην ὁμομήτορα Τηθὺν ὄπυιεν.

(Orpheus Fr.) ταῦτ' οὖν σκόπει ὅτι καὶ ἀλλήλοις συμφωνεῖ καὶ πρὸς τὰ τοῦ Ἡρακλείτου πάντα τείνει.

Ἑρμογένης: φαίνει τί μοι λέγειν, ὦ Σώκρατες: τὸ μέντοι τῆς Τηθύος οὐκ ἐννοῶ ὄνομα τί βούλεται.

Σωκράτης: ἀλλὰ μὴν τοῦτό γε ὀλίγου αὐτὸ λέγει ὅτι πηγῆς ὄνομα ἐπικεκρυμμένον ἐστίν. τὸ γὰρ διαπτώμενον καὶ [402d] τὸ ἠθούμενον πηγῆς ἀπείκασμά ἐστιν: ἐκ δὲ τούτων ἀμφοτέρων τῶν ὀνομάτων ἡ Τηθύς τὸ ὄνομα σύγκειται.

Ἑρμογένης: τοῦτο μὲν, ὦ Σώκρατες, κομψόν.

Σωκράτης: τί δ' οὐ μέλλει; ἀλλὰ τί τὸ μετὰ τοῦτο; τὸν μὲν Δία εἵπομεν.

Ἑρμογένης: ναί.

Σωκράτης: τοὺς ἀδελφοὺς δὴ αὐτοῦ λέγωμεν, τὸν τε Ποσειδῶ καὶ τὸν Πλούτωνα καὶ τὸ ἕτερον ὄνομα ὃ ὀνομάζουσιν αὐτόν.

Ἑρμογένης: πάνυ γε.

Σωκράτης: τὸ μὲν τοῖνυν τοῦ Ποσειδῶνός μοι φαίνεται ὠνομάσθαι [402e][τοῦ πρώτου ὀνομάσαντος], ὅτι αὐτὸν βαδίζοντα ἐπέσχεν ἡ τῆς θαλάττης φύσις καὶ οὐκέτι εἴασεν προελθεῖν, ἀλλ' ὥσπερ δεσμός τῶν ποδῶν αὐτῷ ἐγένετο. τὸν οὖν ἄρχοντα τῆς δυνάμεως ταύτης θεὸν ὠνόμασεν Ποσειδῶνα, ὡς ποσίδεσμον ὄντα: τὸ δὲ Ε ἔγκειται ἴσως εὐπρεπείας ἔνεκα. τάχα δὲ οὐκ ἂν τοῦτο λέγοι, ἀλλ' ἀντὶ τοῦ σῆγμα [403a]δύο λάβδα τὸ πρῶτον ἐλέγετο, ὡς πολλὰ εἰδότης τοῦ θεοῦ. ἴσως δὲ ἀπὸ τοῦ σείειν ὁ σείων ὠνόμασται: πρόσκειται δὲ τὸ πεῖ καὶ τὸ δέλτα. τὸ δὲ Πλούτωνος, τοῦτο μὲν κατὰ τὴν τοῦ πλούτου δόσιν, ὅτι ἐκ τῆς γῆς κάτωθεν ἀνίεται ὁ πλοῦτος, ἐπωνομάσθη: ὁ δὲ Ἄιδης, οἱ πολλοὶ μὲν μοι δοκοῦσιν ὑπολαμβάνειν τὸ αἰδὲς προσειρησθαι τῷ ὀνόματι τούτῳ, καὶ φοβούμενοι τὸ ὄνομα Πλούτωνα καλοῦσιν αὐτόν. [403b]

Ἑρμογένης: σοὶ δὲ πῶς φαίνεται, ὦ Σώκρατες;

Σωκράτης: πολλαχῇ ἔμοιγε δοκοῦσιν ἄνθρωποι διημαρτηκέναι περὶ τούτου τοῦ θεοῦ τῆς δυνάμεως καὶ φοβεῖσθαι αὐτὸν οὐκ ἄξιον <ὄν>. ὅτι τε γάρ, ἐπειδὴν ἅπαξ τις ἡμῶν ἀποθάνῃ, αἰεὶ ἐκεῖ ἐστίν, φοβούνται, καὶ ὅτι ἡ ψυχὴ γυμνὴ τοῦ σώματος παρ' ἐκεῖνον ἀπέρχεται, καὶ τοῦτο πεφόβηνται: τὰ δ' ἐμοὶ δοκεῖ πάντα ἐς ταῦτόν τι συντείνειν, καὶ ἡ ἀρχὴ τοῦ θεοῦ καὶ τὸ ὄνομα.

Ἑρμογένης: πῶς δὴ; [403c]

Σωκράτης: ἐγὼ σοὶ ἐρῶ ἃ γέ μοι φαίνεται. εἰπὲ γάρ μοι, δεσμός ζῶν ὁτῶν ὥστε μένειν ὅπου οὖν, πότερος ἰσχυρότερός ἐστιν, ἀνάγκη ἢ ἐπιθυμία;

Ἑρμογένης: πολὺ διαφέρει, ὦ Σώκρατες, ἡ ἐπιθυμία.

Σωκράτης: οἶει οὖν τὸν Ἄιδην οὐκ ἂν πολλοὺς ἐκφεύγειν, εἰ μὴ τῷ ἰσχυροτάτῳ δεσμῷ ἔδει τοὺς ἐκεῖσε ἰόντας;

Ἑρμογένης: δῆλα δὴ.

Σωκράτης: ἐπιθυμία ἄρα τινὶ αὐτούς, ὡς ἔοικε, δεῖ, εἴπερ τῷ μεγίστῳ δεσμῷ δεῖ, καὶ οὐκ ἀνάγκῃ.

Ἑρμογένης: φαίνεται.

Σωκράτης: οὐκοῦν ἐπιθυμία αὖ πολλάι εἰσιν;

Ἑρμογένης: ναί. [403d]

Σωκράτης: τῇ μεγίστῃ ἄρα ἐπιθυμία τῶν ἐπιθυμιῶν δεῖ αὐτούς, εἴπερ μέλλει τῷ μεγίστῳ δεσμῷ κατέχειν.

Ἑρμογένης: ναί.

Σωκράτης: ἔστιν οὖν τις μείζων ἐπιθυμία ἢ ὅταν τίς τῷ συνῶν οἴηται δι' ἐκεῖνον ἔσεσθαι ἀμείνων ἀνὴρ;

Ἑρμογένης: μὰ Δί' οὐδ' ὅπωςτιοῦν, ὦ Σώκρατες.

Σωκράτης: διὰ ταῦτα ἄρα φῶμεν, ὦ Ἑρμόγενης, οὐδένα δεῦρο ἐθελῆσαι ἀπελθεῖν τῶν ἐκεῖθεν, οὐδὲ αὐτὰς τὰς Σειρήνας, [403e] ἀλλὰ κατακεκληῆσθαι ἐκείνας τε καὶ τοὺς ἄλλους πάντας: οὕτω καλοὺς τινας, ὡς ἔοικεν, ἐπίσταται λόγους λέγειν ὁ Ἄιδης, καὶ ἔστιν, ὥς γ' ἐκ τοῦ λόγου τούτου, ὁ θεὸς [οὔτος] τέλεος σοφιστῆς τε καὶ μέγας εὐεργέτης τῶν παρ' αὐτῷ, ὅς γε καὶ τοῖς ἐνθάδε τοσαῦτα ἀγαθὰ ἀνίησιν: οὕτω πολλὰ αὐτῷ τὰ περιόντα ἐκεῖ ἐστιν, καὶ τὸν Πλούτωνα ἀπὸ τούτου ἔσχε τὸ ὄνομα. καὶ τὸ αὖ μὴ ἐθέλῃν συνεῖναι τοῖς ἀνθρώποις ἔχουσι τὰ σώματα, ἀλλὰ τότε συγγίγνεσθαι, [404a] ἐπειδὰν ἡ ψυχὴ καθαρὰ ᾗ πάντων τῶν περὶ τὸ σῶμα κακῶν καὶ ἐπιθυμιῶν, οὐ φιλοσόφου δοκεῖ σοι εἶναι καὶ εὖ ἐντεθυμημένου ὅτι οὕτω μὲν ἂν κατέχοι αὐτοὺς δῆσας τῇ περὶ ἀρετὴν ἐπιθυμία, ἔχοντας δὲ τὴν τοῦ σώματος πτοίησιν καὶ μανίαν οὐδ' ἂν ὁ Κρόνος δύναιτο ὁ πατὴρ συγκατέχειν αὐτῷ ἐν τοῖς δεσμοῖς δῆσας τοῖς αὐτοῦ λεγομένοις;

Ἑρμογένης: κινδυνεύεις τί λέγειν, ὦ Σώκρατες. [404b]

Σωκράτης: καὶ τό γε ὄνομα ὁ Ἄιδης, ὦ Ἑρμόγενης, πολλοῦ δεῖ ἀπὸ τοῦ αἰδοῦς ἐπωνομάσθαι, ἀλλὰ πολὺ μᾶλλον ἀπὸ τοῦ πάντα τὰ καλὰ εἰδέναι, ἀπὸ τούτου ὑπὸ τοῦ νομοθέτου Ἄιδης ἐκλήθη.

Ἑρμογένης: εἶεν: τί δὲ Δήμητρά τε καὶ Ἥραν καὶ Ἀπόλλω καὶ Ἀθηνᾶν καὶ Ἥφαιστον καὶ Ἄρη καὶ τοὺς ἄλλους θεοὺς, πῶς

λέγομεν;

Σωκράτης: Δημήτηρ μὲν φαίνεται κατὰ τὴν δόσιν τῆς ἐδωδῆς διδοῦσα ὡς μήτηρ Δημήτηρ κεκλησθαι, Ἥρα δὲ ἐρατὴ [404c] τις, ὥσπερ οὖν καὶ λέγεται ὁ Ζεὺς αὐτῆς ἐρασθεὶς ἔχειν. ἴσως δὲ μετεωρολογῶν ὁ νομοθέτης τὸν ἄερα Ἥραν ὠνόμασεν ἐπικρυπτόμενος, θεὶς τὴν ἀρχὴν ἐπὶ τελευτῇ: γνοίης δ' ἂν, εἰ πολλάκις λέγοις τὸ τῆς Ἥρας ὄνομα. Φερρέφαττα δέ: πολλοὶ μὲν καὶ τοῦτο φοβοῦνται τὸ ὄνομα καὶ τὸν Ἀπόλλω, ὑπὸ ἀπειρίας, ὡς ἔοικεν, ὀνομάτων ὀρθότητος. καὶ γὰρ μεταβάλλοντες σκοποῦνται τὴν Φερσεφόνην, καὶ δεινὸν αὐτοῖς φαίνεται: τὸ δὲ μηνύει [404d] σοφὴν εἶναι τὴν θεόν. ἅτε γὰρ φερομένων τῶν πραγμάτων τὸ ἐφαπτόμενον καὶ ἐπαφῶν καὶ δυνάμενον ἐπακολουθεῖν σοφία ἂν εἴη. Φερέπαφα οὖν διὰ τὴν σοφίαν καὶ τὴν ἐπαφὴν τοῦ φερομένου ἢ θεοῦ ἂν ὀρθῶς καλοῖτο, ἢ τοιοῦτόν τι δι' ὅπερ καὶ σύνεστιν αὐτῇ ὁ Ἄιδης σοφὸς ὢν, διότι τοιαύτη ἐστὶν νῦν δὲ αὐτῆς ἐκκλίνουσι τὸ ὄνομα εὐστομίαν περὶ πλείονος ποιούμενοι τῆς ἀληθείας, ὥστε Φερρέφατταν αὐτὴν καλεῖν. ταῦτόν δὲ καὶ περὶ τὸν [404e] Ἀπόλλω, ὅπερ λέγω, πολλοὶ πεφόβηνται περὶ τὸ ὄνομα τοῦ θεοῦ, ὥς τι δεινὸν μηνύοντος: ἢ οὐκ ἦσθησαι;

Ἑρμογένης: πάνυ μὲν οὖν, καὶ ἀληθῆ λέγεις.

Σωκράτης: τὸ δέ γ' ἐστίν, ὡς ἐμοὶ δοκεῖ, κάλλιστα κείμενον πρὸς τὴν δύναμιν τοῦ θεοῦ.

Ἑρμογένης: πῶς δὴ;

Σωκράτης: ἐγὼ πειράσομαι φράσαι ὃ γέ μοι φαίνεται: οὐ γὰρ [405a] ἔστιν ὅτι ἂν μᾶλλον ὄνομα ἤρμοσεν ἐν ὄν τέτταρσι δυνάμεσι ταῖς τοῦ θεοῦ, ὥστε πασῶν ἐφάπτεσθαι καὶ δηλοῦν τρόπον τινὰ μουσικὴν τε καὶ μαντικὴν καὶ ἰατρικὴν καὶ τοξικὴν.

Ἑρμογένης: λέγε δὴ: ἄτοπον γάρ τί μοι λέγεις τὸ ὄνομα εἶναι.

Σωκράτης: εὐάρμοστον μὲν οὖν, ἅτε μουσικοῦ ὄντος τοῦ θεοῦ. πρῶτον μὲν γὰρ ἡ κάθαρσις καὶ οἱ καθαρμοὶ καὶ κατὰ τὴν ἰατρικὴν καὶ κατὰ τὴν μαντικὴν καὶ αἱ τοῖς ἰατροῖς [405b] φαρμάκοις καὶ αἱ τοῖς μαντικοῖς περιθειώσεις τε καὶ τὰ λουτρά τὰ ἐν τοῖς τοιούτοις καὶ

αἱ περιρράνσεις, πάντα ἔν τι ταῦτα δύναιτ' ἄν, καθαρὸν παρέχειν τὸν ἄνθρωπον καὶ κατὰ τὸ σῶμα καὶ κατὰ τὴν ψυχὴν: ἢ οὐ;

Ἑρμογένης: πάνυ μὲν οὖν.

Σωκράτης: οὐκοῦν ὁ καθαίρων θεὸς καὶ ὁ ἀπολούων τε καὶ ἀπολύων τῶν τοιούτων κακῶν οὗτος ἂν εἴη;

Ἑρμογένης: πάνυ μὲν οὖν.

Σωκράτης: κατὰ μὲν τοίνυν τὰς ἀπολύσεις τε καὶ ἀπολούσεις, [405c]ὡς ἱατρὸς ὢν τῶν τοιούτων, Ἀπολούων ἂν ὀρθῶς καλοῖτο: κατὰ δὲ τὴν μαντικὴν καὶ τὸ ἀληθές τε καὶ τὸ ἀπλοῦν ταῦτόν γάρ ἐστιν ὥσπερ οὖν οἱ Θετταλοὶ καλοῦσιν αὐτόν, ὀρθότατ' ἂν καλοῖτο: Ἄπλουν γάρ φασι πάντες Θετταλοὶ τοῦτον τὸν θεόν. διὰ δὲ τὸ αἰετοῦ βολῶν ἐγκρατὴς εἶναι τοξικῇ Ἀειβάλλων ἐστίν. κατὰ δὲ τὴν μουσικὴν δεῖ ὑπολαβεῖν [ὥσπερ τὸν ἀκόλουθόν τε καὶ τὴν ἄκοιτιν] ὅτι τὸ ἄλφα σημαίνει πολλαχού τὸ ὁμοῦ, καὶ ἐνταῦθα τὴν ὁμοῦ πόλιν καὶ περὶ τὸν οὐρανόν, οὗς δὴ πόλεις καλοῦσιν, καὶ [τὴν] περὶ [405d]τὴν ἐν τῇ ᾠδῇ ἁρμονίαν, ἣ δὴ συμφωνία καλεῖται, ὅτι ταῦτα πάντα, ὡς φασι οἱ κομψοὶ περὶ μουσικὴν καὶ ἀστρονομίαν, ἁρμονία τινὶ πολεὶ ἅμα πάντα: ἐπιστατεῖ δὲ οὗτος ὁ θεὸς τῇ ἁρμονίᾳ ὁμοπολῶν αὐτὰ πάντα καὶ κατὰ θεοὺς καὶ κατ' ἀνθρώπους: ὥσπερ οὖν τὸν ὁμοκέλευθον καὶ ὁμόκοιτιν ἀκόλουθον καὶ ἄκοιτιν ἐκαλέσαμεν, μεταβαλόντες ἀντὶ τοῦ ὁμο- ἀ-, οὕτω καὶ Ἀπόλλωνα ἐκαλέσαμεν [405e]ὃς ἦν ὁμοπολῶν, ἕτερον λάβδρα ἐμβαλόντες, ὅτι ὁμώνυμον ἐγένετο τῷ χαλεπῷ ὀνόματι. ὅπερ καὶ νῦν ὑποπτεύοντες τινες διὰ τὸ μὴ ὀρθῶς σκοπεῖσθαι τὴν δύναμιν τοῦ ὀνόματος φοβούνται αὐτὸ ὡς σημαῖνον φθοράν τινα: τὸ [406a]δὲ [πολύ], ὥσπερ ἄρτι ἐλέγετο, πασῶν ἐφαπτόμενον κεῖται τῶν τοῦ θεοῦ δυνάμεων, ἀπλοῦ, αἰετοῦ, ἀπολούοντος, ὁμοπολῶντος. τὰς δὲ Μούσας τε καὶ ὅλως τὴν μουσικὴν ἀπὸ τοῦ μῶσθαι, ὡς εἴκειν, καὶ τῆς ζητήσεώς τε καὶ φιλοσοφίας τὸ ὄνομα τοῦτο ἐπωνόμασεν. Λητὼ δὲ ἀπὸ τῆς πρᾶότητος τῆς θεοῦ, κατὰ τὸ ἐθελήμονα εἶναι ὢν ἂν τις δέχεται. ἴσως δὲ ὡς οἱ ξένοι καλοῦσιν πολλοὶ γὰρ Ληθὼ καλοῦσιν εἴκειν οὖν πρὸς τὸ μὴ τραχὺ τοῦ ἥθους ἀλλ' ἡμερόν τε καὶ λεῖον Ληθὼ [406b]κεκλησθαι ὑπὸ τῶν τοῦτο καλούντων. Ἄρτεμις δὲ <διὰ> τὸ ἀρτεμὲς φαίνεται καὶ τὸ κόσμιον, διὰ τὴν τῆς παρθενίας

ἐπιθυμίαν: ἴσως δὲ ἀρετῆς ἵστορα τὴν θεὸν ἐκάλεσεν ὁ καλέσας, τάχα δ' ἂν καὶ ὥς τὸν ἄροτον μισησάσης τὸν ἀνδρὸς ἐν γυναικί: ἢ διὰ τούτων τι ἢ διὰ πάντα ταῦτα τὸ ὄνομα τοῦτο ὁ τιθέμενος ἔθετο τῇ θεῷ.

Ἑρμογένης: τί δὲ ὁ Διόνυσός τε καὶ ἡ ἀφροδίτη ;

Σωκράτης: μεγάλη, ὦ παῖ Ἱππονίκου, ἐρωτᾷς. ἀλλὰ ἔστι γὰρ καὶ σπουδαίως εἰρημένος ὁ τρόπος τῶν ὀνομάτων τούτοις [406c] τοῖς θεοῖς καὶ παιδικῶς. τὸν μὲν οὖν σπουδαῖον ἄλλους τινὰς ἐρώτα, τὸν δὲ παιδικὸν οὐδὲν κωλύει διελθεῖν: φιλοπαίσιμονες γὰρ καὶ οἱ θεοί. ὅ τε γὰρ Διόνυσος εἴη ἂν ὁ διδοὺς τὸν οἶνον Διδοίνυσος ἐν παιδιᾷ καλούμενος, οἶνος δ' , ὅτι οἶεσθαι νοῦν ἔχειν ποιεῖ τῶν πινόντων τοὺς πολλοὺς οὐκ ἔχοντας, οἰόνους δικαιοτάτ' ἂν καλούμενος. περὶ δὲ ἀφροδίτης οὐκ ἄξιον Ἡσιόδῳ ἀντιλέγειν, ἀλλὰ [406d] συγχωρεῖν ὅτι διὰ τὴν <ἐκ> τοῦ ἀφροῦ γένεσιν ἀφροδίτη ἐκλήθη.

Ἑρμογένης: ἀλλὰ μὴν οὐδ' Ἀθηνᾶς Ἀθηναῖός γ' ὦν, ὦ Σώκρατες, ἐπιλήση, οὐδ' Ἡφαίστου τε καὶ Ἄρεως.

Σωκράτης: οὐδὲ εἰκός γε.

Ἑρμογένης: οὐ γάρ.

Σωκράτης: οὐκοῦν τὸ μὲν ἕτερον ὄνομα αὐτῆς οὐ χαλεπὸν εἰπεῖν δι' ὃ κεῖται.

Ἑρμογένης: τὸ ποῖον;

Σωκράτης: Παλλάδα που αὐτὴν καλοῦμεν.

Ἑρμογένης: πῶς γὰρ οὐ;

Σωκράτης: τοῦτο μὲν τοίνυν ἀπὸ τῆς ἐν τοῖς ὅπλοις ὀρχήσεως [406e] ἡγούμενοι τεθῆναι ὀρθῶς ἂν, ὥς ἐγῶμαι, ἡγοίμεθα: τὸ γάρ που ἢ αὐτὸν ἢ τι ἄλλο μετεωρίζειν ἢ ἀπὸ τῆς γῆς ἢ ἐν ταῖς [407a] χερσὶν πάλλιν τε καὶ πάλλυσθαι καὶ ὀρχεῖν καὶ ὀρχεῖσθαι καλοῦμεν.

Ἑρμογένης: πάνυ μὲν οὖν.

Σωκράτης: Παλλάδα μὲν τοίνυν ταύτη.

Ερμογένης: καὶ ὀρθῶς γε. ἀλλὰ δὴ τὸ ἕτερον πῶς λέγεις;

Σωκράτης: τὸ τῆς Ἀθηνᾶς;

Ερμογένης: ναί.

Σωκράτης: τοῦτο ἐμβριθέστερον, ὃ φίλε. εἰκόασι δὴ καὶ οἱ παλαιοὶ τὴν Ἀθηνᾶν νομίζειν ὥσπερ οἱ νῦν περὶ Ὅμηρον [407b]δεινοί. καὶ γὰρ τούτων οἱ πολλοὶ ἐξηγούμενοι τὸν ποιητὴν φασι τὴν Ἀθηνᾶν αὐτὸν νοῦν τε καὶ διάνοιαν πεποιηκέναι, καὶ ὁ τὰ ὀνόματα ποιῶν ἔοικε τοιοῦτόν τι περὶ αὐτῆς διανοεῖσθαι, ἔτι δὲ μειζόνως λέγων θεοῦ νόησιν ὥσπερ εἰ λέγει ὅτι ἁ θεονόα ἐστὶν αὕτη, τῷ ἄλφα ξενικῶς ἀντὶ τοῦ ἦτα χρησάμενος καὶ τὸ ἰῶτα καὶ τὸ σῖγμα ἀφελών. ἴσως δὲ οὐδὲ ταύτη, ἀλλ' ὥς τὰ θεῖα νοούσης αὐτῆς διαφερόντως τῶν ἄλλων Θεονόην ἐκάλεσεν. οὐδὲν δὲ ἀπέχει καὶ τὴν ἐν τῷ ἦθει νόησιν ὥς οὔσαν τὴν θεὸν ταύτην Ἡθονόην μὲν [407c]βούλεσθαι προσειπεῖν: παραγαγὼν δὲ ἢ αὐτὸς ἢ τινες ὕστερον ἐπὶ τὸ κάλλιον ὥς ᾤοντο, Ἀθηνάαν ἐκάλεσαν.

Ερμογένης: τί δὲ δὴ τὸν Ἥφαιστον, πῇ λέγεις;

Σωκράτης: ἢ τὸν γενναῖον τὸν φάεος ἱστορα ἐρωτᾷς;

Ερμογένης: ἔοικα.

Σωκράτης: οὐκοῦν οὗτος μὲν παντὶ δῆλος Φαῖστος ὢν, τὸ ἦτα προσελκυσάμενος;

Ερμογένης: κινδυνεύει, ἐὰν μὴ πῇ σοι, ὥς ἔοικεν, ἔτι ἄλλη δόξη.

Σωκράτης: ἀλλ' ἵνα μὴ δόξη, τὸν Ἄρη ἐρώτα.

Ερμογένης: ἐρωτῶ. [407d]

Σωκράτης: οὐκοῦν, εἰ μὲν βούλει, κατὰ τὸ ἄρρεν τε καὶ κατὰ τὸ ἀνδρεῖον Ἄρης ἂν εἴη: εἰ δ' αὖ κατὰ τὸ σκληρόν τε καὶ ἀμετάστροφον, ὃ δὴ ἄρρατον καλεῖται, καὶ ταύτη ἂν πανταχῇ πολεμικῷ θεῷ πρέποι Ἄρη καλεῖσθαι.

Ερμογένης: πάνυ μὲν οὖν.

Σωκράτης: ἐκ μὲν οὖν τῶν θεῶν πρὸς θεῶν ἀπαλλαγῶμεν, ὥς ἐγὼ δέδοικα περὶ αὐτῶν διαλέγεσθαι: περὶ δὲ ἄλλων <ῶν> τινων βούλει προβαλλέ μοι, ὄφρα ἴδῃαι οἷοι Εὐθύφρονος ἵπποι. [407e]

Ἑρμογένης: ἀλλὰ ποιήσω ταῦτα, ἔτι γε ἐν ἐρόμενός σε περὶ Ἑρμοῦ, ἐπειδὴ με καὶ οὐ φησιν Κρατύλος Ἑρμογένη εἶναι. πειρώμεθα οὖν τὸν Ἑρμῆν σκέψασθαι τί καὶ νοεῖ τὸ ὄνομα, ἵνα καὶ εἰδῶμεν εἰ τί ὁδε λέγει.

Σωκράτης: ἀλλὰ μὴν τοῦτό γε ἔοικε περὶ λόγον τι εἶναι ὁ Ἑρμῆς, καὶ τὸ ἐρμηνέα εἶναι καὶ τὸ ἄγγελον καὶ τὸ [408a]κλοπικόν τε καὶ τὸ ἀπατηλὸν ἐν λόγοις καὶ τὸ ἀγοραστικόν, περὶ λόγου δύναμιν ἐστὶν πᾶσα αὕτη ἡ πραγματεία: ὅπερ οὖν καὶ ἐν τοῖς πρόσθεν ἐλέγομεν, τὸ εἶρην λόγου χρεία ἐστί, τὸ δέ, οἷον καὶ Ὅμηρος πολλαχοῦ λέγει, ἐμήσατό φησιν, τοῦτο δὲ μηχανήσασθαι ἐστίν. ἐξ ἀμφοτέρων οὖν τούτων τὸν τὸ λέγειν τε καὶ τὸν λόγον μηχανήσασθαι τὸ δὲ λέγειν δὴ ἐστὶν εἶρην τοῦτον τὸν θεὸν ὥσπερ εἰ ἐπιτάττει [408b]ἡμῖν ὁ νομοθέτης: ὃ ἄνθρωποι, ὅς τὸ εἶρην ἐμήσατο, δικαίως ἂν καλοῖτο ὑπὸ ὑμῶν εἰρέμης: νῦν δὲ ἡμεῖς, ὥς οἰόμεθα, καλλωπίζοντες τὸ ὄνομα Ἑρμῆν καλοῦμεν. [καὶ ἢ γε Ἰρις ἀπὸ τοῦ εἶρην ἔοικεν κεκλημένη, ὅτι ἄγγελος ἦν.]

Ἑρμογένης: νῆ τὸν Δία, εὖ ἄρα μοι δοκεῖ Κρατύλος λέγειν τὸ ἐμὲ μὴ εἶναι Ἑρμογένη: οὐκ οὖν εὐμήχανός γέ εἰμι λόγου.

Σωκράτης: καὶ τό γε τὸν Πᾶνα τοῦ Ἑρμοῦ εἶναι ὕον διφυῆ ἔχει τὸ εἰκός, ὃ ἑταῖρε. [408c]

Ἑρμογένης: πῶς δὴ;

Σωκράτης: οἴσθα ὅτι ὁ λόγος τὸ πᾶν σημαίνει καὶ κυκλεῖ καὶ πολεῖ αἰεὶ, καὶ ἐστὶ διπλοῦς, ἀληθής τε καὶ ψευδής.

Ἑρμογένης: πάνυ γε.

Σωκράτης: οὐκοῦν τὸ μὲν ἀληθὲς αὐτοῦ λεῖον καὶ θεῖον καὶ ἄνω οἰκοῦν ἐν τοῖς θεοῖς, τὸ δὲ ψεῦδος κάτω ἐν τοῖς πολλοῖς τῶν ἀνθρώπων καὶ τραχὺ καὶ τραγικόν: ἐνταῦθα γὰρ πλεῖστοι οἱ μῦθοι τε καὶ τὰ ψεύδη ἐστίν, περὶ τὸν τραγικὸν βίον.

Ἑρμογένης: πάνυ γε.

Σωκράτης: ὁρθῶς ἄρ' <ἂν> ὁ πᾶν μηνύων καὶ ἀεὶ πολλῶν [408d]
Πὰν αἰπόλος εἶη, διφυῆς Ἑρμοῦ ὑός, τὰ μὲν ἄνωθεν λεῖος, τὰ δὲ
κάτωθεν τραχὺς καὶ τραγοειδής. καὶ ἔστιν ἤτοι λόγος ἢ λόγου
ἀδελφὸς ὁ Πάν, εἵπερ Ἑρμοῦ ὑός ἐστιν: ἀδελφῷ δὲ εἰοικέναι ἀδελφὸν
οὐδὲν θαυμαστόν. ἀλλ' ὅπερ ἐγὼ ἔλεγον, ὦ μακάριε, ἀπαλλαγῶμεν
ἐκ τῶν θεῶν.

Ἑρμογένης: τῶν γε τοιούτων, ὦ Σώκρατες, εἰ βούλει. περὶ τῶν
τοιῶνδε δὲ τί σε κωλύει διελθεῖν, οἷον ἡλίου τε καὶ σελήνης καὶ
ἄστρον καὶ γῆς καὶ αἰθέρος καὶ ἀέρος καὶ πυρὸς [408e]καὶ ὕδατος
καὶ ὥρων καὶ ἐνιαυτοῦ;

Σωκράτης: συχνὰ μὲν μοι προστάτεις, ὅμως δέ, εἵπερ σοὶ
κεχαρισμένον ἔσται, ἐθέλω.

Ἑρμογένης: καὶ μὴν χαριῇ.

Σωκράτης: τί δὴ οὖν πρῶτον βούλει; ἢ ὥσπερ εἶπες τὸν ἥλιον
διέλθωμεν;

Ἑρμογένης: πάνυ γε.

Σωκράτης: ἔοικε τοίνυν κατάδηλον γενόμενον ἂν μᾶλλον εἰ
[409a]τῷ Δωρικῷ τις ὀνόματι χρῶτο ἄλιον γὰρ καλοῦσιν οἱ Δωριῆς
ἄλιος οὖν εἶη μὲν ἂν κατὰ τὸ ἀλίζειν εἰς ταῦτόν τοὺς ἀνθρώπους
ἐπειδὰν ἀνατείλῃ, εἶη δ' ἂν καὶ τῷ περὶ τὴν γῆν ἀεὶ εἰλεῖν ἰών, εἰκοί
δ' ἂν καὶ ὅτι ποικίλλει ἰών τὰ γινόμενα ἐκ τῆς γῆς: τὸ δὲ ποικίλλειν
καὶ αἰολεῖν ταῦτόν.

Ἑρμογένης: τί δὲ ἡ σελήνη;

Σωκράτης: τοῦτο δὲ τὸ ὄνομα φαίνεται τὸν Ἀναξαγόραν πιέζειν.

Ἑρμογένης: τί δὴ;

Σωκράτης: ἔοικε δηλοῦντι παλαιότερον ὃ ἐκεῖνος νεωστὶ ἔλεγεν,
[409b]ὅτι ἡ σελήνη ἀπὸ τοῦ ἡλίου ἔχει τὸ φῶς.

Ἑρμογένης: πῶς δὴ;

Σωκράτης: τὸ μέν που σέλας καὶ τὸ φῶς ταυτόν.

Ερμογένης: ναί.

Σωκράτης: νέον δέ που καὶ ἕνον αἰέ ἐστι περὶ τὴν σελήνην τοῦτο τὸ φῶς, εἴπερ ἀληθῆ οἱ Ἀναξαγόρειοι λέγουσιν: κύκλω γάρ που αἰέ αὐτὴν περιῶν νέον αἰέ ἐπιβάλλει, ἕνον δέ ὑπάρχει τὸ τοῦ προτέρου μηνός.

Ερμογένης: πάνυ γε.

Σωκράτης: Σελαναίαν δέ γε καλοῦσιν αὐτὴν πολλοί.

Ερμογένης: πάνυ γε.

Σωκράτης: ὅτι δέ σέλας νέον καὶ ἕνον ἔχει αἰέ, Σελαενοεοάεια [409c] μὲν δικαιοτάτ' ἂν [τῶν] ὀνομάτων καλοῖτο, συγκεκροτημένον δέ Σελαναία κέκληται.

Ερμογένης: διθυραμβῶδές γε τοῦτο τοῦνομα, ὦ Σώκρατες. ἀλλὰ τὸν μήνα καὶ τὰ ἄστρα πῶς λέγεις;

Σωκράτης: ὁ μὲν μείς ἀπὸ τοῦ μειοῦσθαι εἶη ἂν μείης ὀρθῶς κεκλημένος, τὰ δ' ἄστρα ἔοικε τῆς ἀστραπῆς ἐπωνυμίαν ἔχειν. ἡ δὲ ἀστραπή, ὅτι τὰ ὦπα ἀναστρέφει, ἀναστρωπὴ ἂν εἶη, νῦν δὲ ἀστραπὴ καλλωπισθεῖσα κέκληται.

Ερμογένης: τί δὲ τὸ πῦρ καὶ τὸ ὕδωρ; [409d]

Σωκράτης: τὸ πῦρ ἀπορῶ: καὶ κινδυνεύει ἥτοι ἡ τοῦ Εὐθύφρονός με μοῦσα ἐπιλελοιπέναι, ἢ τοῦτό τι παγχάλεπον εἶναι. σκέψαι οὖν ἥν εἰσάγω μηχανὴν ἐπὶ πάντα τὰ τοιαῦτα ἃ ἂν ἀπορῶ.

Ερμογένης: τίνα δὴ;

Σωκράτης: ἐγὼ σοι ἐρῶ. ἀποκρίναι γάρ μοι: ἔχοις ἂν εἰπεῖν πῦρ κατὰ τίνα τρόπον καλεῖται;

Ερμογένης: μὰ Δί' οὐκ ἔγωγε.

Σωκράτης: σκέψαι δὴ ὁ ἐγὼ ὑποπτεύω περὶ αὐτοῦ. ἐννοῶ γὰρ [409e] ὅτι πολλὰ οἱ Ἑλληνες ὀνόματα ἄλλως τε καὶ οἱ ὑπὸ τοῖς

βαρβάροις οἰκοῦντες παρὰ τῶν βαρβάρων εἰλήφασιν.

Ἑρμογένης: τί οὖν δή;

Σωκράτης: εἴ τις ζητοῖ ταῦτα κατὰ τὴν Ἑλληνικὴν φωνὴν ὡς εἰκότως κεῖται, ἀλλὰ μὴ κατ' ἐκείνην ἐξ ἧς τὸ ὄνομα τυγχάνει ὄν, οἶσθα ὅτι ἀποροῖ ἄν.

Ἑρμογένης: εἰκότως γε. [410a]

Σωκράτης: ὅρα τοίνυν καὶ τοῦτο τὸ ὄνομα τὸ πῦρ μή τι βαρβαρικὸν ἦ. τοῦτο γὰρ οὔτε ῥάδιον προσάψαι ἐστὶν Ἑλληνικῇ φωνῇ, φανεροί τ' εἰσὶν οὕτως αὐτὸ καλοῦντες Φρύγες σμικρὸν τι παρακλίνοντες: καὶ τό γε ὕδωρ καὶ τὰς κύνας καὶ ἄλλα πολλὰ.

Ἑρμογένης: ἔστι ταῦτα.

Σωκράτης: οὐ τοίνυν δεῖ ταῦτα προσβιάζεσθαι, ἐπεὶ ἔχοι γ' ἂν τις εἰπεῖν περὶ αὐτῶν. τὸ μὲν οὖν πῦρ καὶ τὸ ὕδωρ ταύτη [410b]ἀπωθοῦμαι: ὁ δὲ δὴ ἀήρ ἄρά γε, ὃ Ἑρμόγενης, ὅτι αἶρει τὰ ἀπὸ τῆς γῆς, ἀήρ κέκληται; ἢ ὅτι ἀεὶ ρεῖ; ἢ ὅτι πνεῦμα ἐξ αὐτοῦ γίγνεται ῥέοντος; οἱ γὰρ ποιηταί που τὰ πνεύματα ἀήτας καλοῦσιν: ἴσως οὖν λέγει, ὥσπερ ἂν εἰ εἶποι πνευματόρρουν, ἀητόρρουν [ὅθεν δὴ βούλεται αὐτὸν οὕτως εἰπεῖν, ὅτι ἐστὶν ἀήρ]. τὸν δὲ αἰθέρα τῇδέ πη ὑπολαμβάνω, ὅτι ἀεὶ θεῖ περὶ τὸν ἀέρα ῥέων ἀειθεὴρ δικαίως ἂν καλοῖτο. γῇ δὲ μᾶλλον σημαίνει ὃ βούλεται ἐάν τις [410c] γαῖαν ὀνομάσῃ: γαῖα γὰρ γεννήτειρα ἂν εἴη ὀρθῶς κεκλημένη, ὥς φησιν Ὅμηρος: τὸ γὰρ γεγάσιν γεγεννησθαι λέγει. εἶεν: τί οὖν ἡμῖν ἦν τὸ μετὰ τοῦτο;

Ἑρμογένης: ὦραι, ὃ Σώκρατες, καὶ ἐνιαυτὸς καὶ ἔτος.

Σωκράτης: αἱ μὲν δὴ ὦραι Ἀττικιστὶ ὡς τὸ παλαιὸν ῥητέον, εἶπερ βούλει τὸ εἰκὸς εἰδέναι: HOPAI γάρ εἰσι διὰ τὸ ὀρίζειν χειμῶνάς τε καὶ θέρη καὶ πνεύματα καὶ τοὺς καρποὺς τοὺς ἐκ τῆς γῆς: ὀρίζουσαι δὲ δικαίως ἂν ὦραι καλοῖντο. [410d]ἐνιαυτὸς δὲ καὶ ἔτος κινδυνεύει ἐν τι εἶναι. τὸ γὰρ τὰ φυόμενα καὶ τὰ γιγνόμενα ἐν μέρει ἕκαστον προάγον εἰς φῶς καὶ αὐτὸ ἐν αὐτῷ ἐξετάζον, τοῦτο, ὥσπερ ἐν τοῖς πρόσθεν τὸ τοῦ Διὸς ὄνομα δίχα διηρημένον οἱ μὲν Ζῆνα, οἱ δὲ Δία ἐκάλουν, οὕτω καὶ ἐνταῦθα οἱ μὲν ἐνιαυτόν, ὅτι ἐν ἑαυτῷ, οἱ δὲ ἔτος,

ὅτι ἐτάζει· ὁ δὲ ὅλος λόγος ἐστὶν τὸ ἐν ἑαυτῷ ἐτάζον τοῦτο προσαγορεύεσθαι ἐν ὃν δίχα, ὥστε δύο ὀνόματα γεγονέναι, ἐνιαυτόν τε καὶ [410e] ἔτος, ἐξ ἐνὸς λόγου.

Ἑρμογένης: ἀλλὰ δῆτα, ὦ Σώκρατες, πολὺ ἐπιδίδως.

Σωκράτης: πόρρω ἤδη οἶμαι φαίνομαι σοφίας ἐλαύνειν.

Ἑρμογένης: πάνυ μὲν οὖν.

Σωκράτης: τάχα μᾶλλον φήσεις. [411a]

Ἑρμογένης: ἀλλὰ μετὰ τοῦτο τὸ εἶδος ἔγωγε ἡδέως ἂν θεασαίμην ταῦτα τὰ καλὰ ὀνόματα τίνι ποτὲ ὀρθότητι κεῖται, τὰ περὶ τὴν ἀρετὴν, οἷον φρόνησις τε καὶ σύνεσις καὶ δικαιοσύνη καὶ τᾶλλα τὰ τοιαῦτα πάντα.

Σωκράτης: ἐγείρεις μὲν, ὦ ἐταῖρε, οὐ φαῦλον γένος ὀνομάτων· ὅμως δὲ ἐπειδήπερ τὴν λεοντὴν ἐνδέδουκα, οὐκ ἀποδειλιάτεον ἀλλ' ἐπισκεπτέον, ὥς ἔοικε, φρόνησιν καὶ σύνεσιν καὶ γνώμην καὶ ἐπιστήμην καὶ τᾶλλα δὴ ἃ φῆς πάντα ταῦτα τὰ [411b]καλὰ ὀνόματα.

Ἑρμογένης: πάνυ μὲν οὖν οὐ δεῖ ἡμᾶς προαποστῆναι.

Σωκράτης: καὶ μὴν, νῆ τὸν κύνα, δοκῶ γέ μοι οὐ κακῶς μαντεύεσθαι, ὃ καὶ νυνδὴ ἐνενόησα, ὅτι οἱ πάνυ παλαιοὶ ἄνθρωποι οἱ τιθέμενοι τὰ ὀνόματα παντὸς μᾶλλον, ὥσπερ καὶ τῶν νῦν οἱ πολλοὶ τῶν σοφῶν ὑπὸ τοῦ πυκνὰ περιστρέφεσθαι ζητοῦντες ὅπῃ ἔχει τὰ ὄντα εἰλιγγιῶσιν, κᾶπειτα αὐτοῖς φαίνεται περιφέρεισθαι τὰ πράγματα καὶ πάντως [411c]φέρεισθαι. αἰτιῶνται δὴ οὐ τὸ ἔνδον τὸ παρὰ σφίσιν πάθος αἴτιον εἶναι ταύτης τῆς δόξης, ἀλλὰ αὐτὰ τὰ πράγματα οὕτω πεφυκέναι, οὐδὲν αὐτῶν μόνιμον εἶναι οὐδὲ βέβαιον, ἀλλὰ ρεῖν καὶ φέρεσθαι καὶ μεστὰ εἶναι πάσης φορᾶς καὶ γενέσεως ἀεί. λέγω δὴ ἐννοήσας πρὸς πάντα τὰ νυνδὴ ὀνόματα.

Ἑρμογένης: πῶς δὴ τοῦτο, ὦ Σώκρατες;

Σωκράτης: οὐ κατενόησας ἴσως τὰ ἄρτι λεγόμενα ὅτι παντάπασιν ὥς φερομένοις τε καὶ ρέουσιν καὶ γιγνομένοις τοῖς πράγμασι τὰ ὀνόματα ἐπὶκειται.

Ερμογένης: οὐ πάνυ ἐνεθυμήθην. [411d]

Σωκράτης: καὶ μὴν πρῶτον μὲν τοῦτο ὃ πρῶτον εἵπομεν παντάπασιν ὡς ἐπὶ τοιούτων ἐστίν.

Ερμογένης: τὸ ποῖον;

Σωκράτης: ἡ φρόνησις : φορᾶς γάρ ἐστι καὶ ῥοῦ νόησις. εἴη δ' ἂν καὶ ὄνησιν ὑπολαβεῖν φορᾶς: ἀλλ' οὖν περὶ γε τὸ φέρεσθαι ἐστίν. εἰ δὲ βούλει, ἡ γνώμη παντάπασιν δηλοῖ γονῆς σκέψιν καὶ νόμησιν: τὸ γὰρ νωμᾶν καὶ τὸ σκοπεῖν ταυτόν. εἰ δὲ βούλει, αὐτὸ ἡ νόησις τοῦ νέου ἐστίν ἔσις, τὸ δὲ νέα εἶναι τὰ ὄντα σημαίνει [411e]γιγνόμενα ἀεὶ εἶναι: τούτου οὖν ἐφίεσθαι τὴν ψυχὴν μηνύει τὸ ὄνομα ὃ θέμενος τὴν νεόεσιν. οὐ γὰρ νόησις τὸ ἀρχαῖον ἐκαλεῖτο, ἀλλ' ἀντὶ τοῦ ἦτα εἰ ἔδει λέγειν δύο, νοέεσιν. σωφροσύνη δὲ σωτηρία οὗ νυνδὴ ἐσκέμμεθα, [412a]φρονήσεως. καὶ μὴν ἢ γε ἐπιστήμη μηνύει ὡς φερομένοις τοῖς πράγμασι ἐπομένης τῆς ψυχῆς τῆς ἀξίας λόγου, καὶ οὔτε ἀπολειπομένης οὔτε προθεούσης: διὸ δὴ ἐμβάλλοντας δεῖ τὸ εἰ ἐπεῖστήμην αὐτὴν ὀνομάζειν. σύνεσις δ' αὖ οὕτω μὲν δόξειεν ἂν ὥσπερ συλλογισμὸς εἶναι, ὅταν δὲ συνιέναι λέγῃ, ταυτόν παντάπασιν τῷ ἐπίστασθαι συμβαίνει λεγόμενον: συμπορεύεσθαι γὰρ λέγει [412b]τὴν ψυχὴν τοῖς πράγμασι τὸ συνιέναι. ἀλλὰ μὴν ἢ γε σοφία φορᾶς ἐφάπτεσθαι σημαίνει. σκοτωδέστερον δὲ τοῦτο καὶ ξενικώτερον: ἀλλὰ δεῖ ἐκ τῶν ποιητῶν ἀναμνησέσθαι ὅτι πολλαχοῦ λέγουσιν περὶ ὅτου ἂν τύχωσιν τῶν ἀρχομένων ταχὺ προῖέναι ἐσύθη φασίν. Λακωνικῶ δὲ ἀνδρὶ τῶν εὐδοκίμων καὶ ὄνομα ἦν Σοῦς : τὴν γὰρ ταχεῖαν ὁρμὴν οἱ Λακεδαιμόνιοι τοῦτο καλοῦσιν. ταύτης οὖν τῆς φορᾶς ἐπαφὴν σημαίνει ἡ σοφία, ὡς φερομένων τῶν ὄντων. [412c]καὶ μὴν τό γε ἀγαθόν, τοῦτο τῆς φύσεως πάσης τῷ ἀγαστῷ βούλεται τὸ ὄνομα ἐπικεῖσθαι. ἐπειδὴ γὰρ πορεύεται τὰ ὄντα, ἓν μὲν ἄρ' αὐτοῖς τάχος, ἓν δὲ βραδυτής. ἐστὶν οὖν οὐ πᾶν τὸ ταχὺ ἀλλὰ τί αὐτοῦ ἀγαστόν. τοῦ θοοῦ δὴ τῷ ἀγαστῷ αὕτη ἡ ἐπωνυμία ἐστίν, τὰγαθόν.

δικαιοσύνη δέ, ὅτι μὲν ἐπὶ τῇ τοῦ δικαίου συνέσει τοῦτο κεῖται τὸ ὄνομα, ῥάδιον συμβαλεῖν: αὐτὸ δὲ τὸ δίκαιον χαλεπόν. καὶ γὰρ δὴ καὶ ἔοικε μέχρι μὲν του ὁμολογεῖσθαι [412d]παρὰ πολλῶν, ἔπειτα δὲ ἀμφισβητεῖσθαι. ὅσοι γὰρ ἡγοῦνται τὸ πᾶν εἶναι ἐν πορείᾳ, τὸ μὲν

πολὺ αὐτοῦ ὑπολαμβάνουσιν τοιοῦτόν τι εἶναι οἷον οὐδὲν ἄλλο ἢ χωρεῖν, διὰ δὲ τούτου παντὸς εἶναι τι διεξιόν, δι' οὗ πάντα τὰ γινόμενα γίνεσθαι: εἶναι δὲ τάχιστον τοῦτο καὶ λεπτότατον. οὐ γὰρ ἂν δύνασθαι ἄλλως διὰ τοῦ ὄντος ἰέναι παντός, εἰ μὴ λεπτότατόν τε ἦν ὥστε αὐτὸ μηδὲν στέγειν, καὶ τάχιστον ὥστε χρῆσθαι ὥσπερ ἐστῶσι τοῖς ἄλλοις. ἐπεὶ δ' οὖν ἐπιτροπεύει τὰ [412e] ἄλλα πάντα διαῖον, τοῦτο τὸ ὄνομα ἐκλήθη ὀρθῶς δίκαιον, εὐστομίας ἕνεκα τὴν τοῦ κάππα δύναμιν προσλαβόν. μέχρι μὲν οὖν ἐνταῦθα, ὃ νυνδὴ ἐλέγομεν, παρὰ πολλῶν ὁμολογεῖται [413a] τοῦτο εἶναι τὸ δίκαιον: ἐγὼ δέ, ὦ Ἑρμόγενης, ἅτε λιπαρῆς ὢν περὶ αὐτοῦ, ταῦτα μὲν πάντα διαπέψυσμαι ἐν ἀπορρήτοις, ὅτι τοῦτό ἐστι τὸ δίκαιον καὶ τὸ αἴτιον δι' ὃ γὰρ γίγνεται, τοῦτ' ἐστι τὸ αἴτιον καὶ Δία καλεῖν ἔφη τις τοῦτο ὀρθῶς ἔχειν διὰ ταῦτα. ἐπειδὴν δ' ἡρέμα αὐτοὺς ἐπανερωτῶ ἀκούσας ταῦτα μηδὲν ἤττον: τί οὖν ποτ' ἐστίν, ὦ ἄριστε, δίκαιον, εἰ τοῦτο οὕτως ἔχει; δοκῶ τε ἤδη μακρότερα τοῦ προσήκοντος ἐρωτᾶν καὶ ὑπὲρ τὰ ἐσκαμμένα [413b] ἄλλεσθαι. ἱκανῶς γάρ μέ φασι πεπύσθαι [ἀκηκοέναι] καὶ ἐπιχειροῦσιν, βουλόμενοι ἀποπιμπλάναι με, ἄλλος ἄλλα ἤδη λέγειν, καὶ οὐκέτι συμφωνοῦσιν. ὁ μὲν γὰρ τίς φησιν τοῦτο εἶναι δίκαιον, τὸν ἥλιον: τοῦτον γὰρ μόνον διαῖοντα καὶ κάοντα ἐπιτροπεύειν τὰ ὄντα. ἐπειδὴν οὖν τῷ λέγω αὐτὸ ἄσμενος ὥς καλὸν τι ἀκηκῶς, καταγελαῖ μου οὗτος ἀκούσας καὶ ἐρωτᾷ εἰ οὐδὲν δίκαιον οἶμαι εἶναι ἐν τοῖς ἀνθρώποις ἐπειδὴν [413c] ὁ ἥλιος δύῃ. λιπαροῦντος οὖν ἐμοῦ ὅτι αὐτὸς ἐκεῖνος λέγει αὐτό, τὸ πῦρ φησιν: τοῦτο δὲ οὐ ῥάδιόν ἐστιν εἰδέναι. ὁ δὲ οὐκ αὐτὸ τὸ πῦρ φησιν, ἀλλ' αὐτὸ τὸ θερμὸν τὸ ἐν τῷ πυρὶ ἐνόν. ὁ δὲ τούτων μὲν πάντων καταγελαῖν φησιν, εἶναι δὲ τὸ δίκαιον ὃ λέγει Ἀναξαγόρας, νοῦν εἶναι τοῦτο: αὐτοκράτορα γὰρ αὐτὸν ὄντα καὶ οὐδενὶ μεμειγμένον πάντα φησὶν αὐτὸν κοσμεῖν τὰ πράγματα διὰ πάντων ἰόντα. ἐνταῦθα δὴ ἐγώ, ὦ φίλε, πολὺ ἐν πλείονι ἀπορία εἰμὶ ἢ πρὶν ἐπιχειρῆσαι μανθάνειν [413d] περὶ τοῦ δικαίου ὅτι ποτ' ἐστίν. ἀλλ' οὖν οὐπὲρ ἕνεκα ἐσκοποῦμεν, τό γε ὄνομα τοῦτο φαίνεται αὐτῷ διὰ ταῦτα κεῖσθαι.

Ἑρμογένης: φαίνη μοι, ὦ Σώκρατες, ταῦτα μὲν ἀκηκοέναι του καὶ οὐκ αὐτοσχεδιάζειν.

Σωκράτης: τί δὲ τᾶλλα;

Ἑρμογένης: οὐ πάνυ.

Σωκράτης: ἄκουε δὴ: ἴσως γὰρ ἂν σε καὶ τὰ ἐπίλοιπα ἐξαπατήσαιμι ὥς οὐκ ἀκηκοὼς λέγω. μετὰ γὰρ δικαιοσύνην τί ἡμῖν λείπεται; ἀνδρείαν οἶμαι οὐπω διήλθομεν. ἀδικία μὲν γὰρ [413e]δῆλον ὅτι ἐστὶν ὄντος ἐμπόδισμα τοῦ διαϊόντος, ἀνδρεία δὲ σημαίνει ὥς ἐν μάχῃ ἐπονομαζομένης τῆς ἀνδρείας μάχην δ' εἶναι ἐν τῷ ὄντι, εἴπερ ῥεῖ, οὐκ ἄλλο τι ἢ τὴν ἐναντίαν ῥοὴν ἂν οὖν τις ἐξέλῃ τὸ δέλτα τοῦ ὀνόματος τῆς ἀνδρείας, αὐτὸ μηνύει τὸ ἔργον τὸ ὄνομα ἢ ἀνρεία. δῆλον οὖν ὅτι οὐ πάσῃ ῥοῇ ἢ ἐναντία ῥοῇ ἀνδρεία ἐστίν, ἀλλὰ τῇ παρὰ [414a]τὸ δίκαιον ρεούσῃ: οὐ γὰρ ἂν ἐπηνεῖτο ἢ ἀνδρεία. καὶ τὸ ἄρρεν καὶ ὁ ἀνὴρ ἐπὶ παραπλησίῳ τινὶ τούτῳ ἐστί, τῇ ἄνω ῥοῇ. γυνὴ δὲ γονὴ μοι φαίνεται βούλεσθαι εἶναι. τὸ δὲ θῆλυ ἀπὸ τῆς θηλῆς τι φαίνεται ἐπωνομάσθαι: ἢ δὲ θηλὴ ἄρά γε, ὧ Ἑρμόγενης, ὅτι τεθληέναι ποιεῖ ὥσπερ τὰ ἀρδόμενα;

Ἑρμογένης: ἔοικέν γε, ὦ Σώκρατες.

Σωκράτης: καὶ μὴν αὐτό γε τὸ θάλλειν τὴν αὔξην μοι δοκεῖ ἀπεικάζειν τὴν τῶν νέων, ὅτι ταχεῖα καὶ ἐξαιφνιδία γίνεται. [414b]οἷόν περ οὖν μεμίμηται τῷ ὀνόματι, συναρμόσας ἀπὸ τοῦ θεῖν καὶ ἄλλεσθαι τὸ ὄνομα. ἀλλ' οὐ γὰρ ἐπισκοπεῖς με ὥσπερ ἐκτὸς δρόμου φερόμενον ἐπειδὰν λείου ἐπιλάβωμαι: ἐπίλοιπα δὲ ἡμῖν ἔτι συχνὰ τῶν δοκούντων σπουδαίων εἶναι.

Ἑρμογένης: ἀληθὴ λέγεις.

Σωκράτης: ὧν γ' ἔστιν ἐν καὶ τέχνην ἰδεῖν ὅτι ποτὲ βούλεται εἶναι.

Ἑρμογένης: πάνυ μὲν οὖν.

Σωκράτης: οὐκοῦν τοῦτό γε ἕξιν νοῦ σημαίνει, τὸ μὲν ταῦ [414c]ἀφελόντι, ἐμβαλόντι δὲ οὗ μετὰ τοῦ χει καὶ τοῦ νῦ καὶ <τοῦ νῦ καὶ> τοῦ ἦτα;

Ἑρμογένης: καὶ μάλα γε γλίσχρως, ὦ Σώκρατες.

Σωκράτης: ὦ μακάριε, οὐκ οἶσθ' ὅτι τὰ πρῶτα ὀνόματα τεθέντα κατακέχωσται ἤδη ὑπὸ τῶν βουλομένων τραγωδεῖν αὐτά, περιτιθέντων γράμματα καὶ ἐξαιρούντων εὐστομίας ἔνεκα καὶ πανταχῇ στρεφόντων, καὶ ὑπὸ καλλωπισμοῦ καὶ ὑπὸ χρόνου. ἐπεὶ ἐν τῷ κατόπτρῳ οὐ δοκεῖ [σοι] ἄτοπον εἶναι τὸ ἐμβεβλῆσθαι τὸ ῥῶ;

ἀλλὰ τοιαῦτα οἶμαι ποιοῦσιν οἱ τῆς μὲν [414d] ἀληθείας οὐδὲν φροντίζοντες, τὸ δὲ στόμα πλάττοντες, ὥστ' ἐπεμβάλλοντες πολλὰ ἐπὶ τὰ πρῶτα ὀνόματα τελευτῶντες ποιοῦσιν μὴδ' ἂν ἓνα ἀνθρώπων συνεῖναι ὅτι ποτὲ βούλεται τὸ ὄνομα: ὥσπερ καὶ τὴν Σφίγγα ἀντὶ φικὸς σφίγγα καλοῦσιν, καὶ ἄλλα πολλὰ.

Ἑρμογένης: ταῦτα μὲν ἔστιν οὕτως, ὦ Σώκρατες.

Σωκράτης: εἰ δ' αὖ τις ἐάσει καὶ ἐντιθέσθαι καὶ ἐξαίρειν ἅττ' ἂν βούληται τις εἰς τὰ ὀνόματα, πολλὴ εὐπορία ἔσται καὶ πᾶν ἂν παντὶ τις ὄνομα πράγματι προσαρμόσειεν. [414ε]

Ἑρμογένης: ἀληθῆ λέγεις.

Σωκράτης: ἀληθῆ μέντοι. ἀλλὰ τὸ μέτριον οἶμαι δεῖ φυλάττειν καὶ τὸ εἰκὸς σὲ τὸν σοφὸν ἐπιστάτην.

Ἑρμογένης: βουλοίμην ἄν.

Σωκράτης: καὶ ἐγὼ σοι συμβούλομαι, ὦ Ἑρμόγενης. ἀλλὰ μὴ [415a] λῖαν, ὧ δαιμόνιε, ἀκριβολογοῦ, μὴ μ' ἀπογυιώσης μένεος. Hom. Il. 6.265 ἔρχομαι γὰρ ἐπὶ τὴν κορυφὴν ὣν εἶρηκα, ἐπειδὴν μετὰ τέχνην μηχανὴν ἐπισκεψόμεθα. μηχανὴ γάρ μοι δοκεῖ τοῦ ἄνειν ἐπὶ πολὺ σημεῖον εἶναι: τὸ γὰρ μῆκός πως τὸ πολὺ σημαίνει: ἐξ ἀμφοῖν οὖν τούτοις σύγκειται, μήκους τε καὶ τοῦ ἄνειν, τὸ ὄνομα ἢ μηχανή. ἀλλ', ὅπερ νυνδὴ εἶπον, ἐπὶ τὴν κορυφὴν δεῖ τῶν εἰρημένων ἐλθεῖν: ἀρετὴ γὰρ καὶ κακία ὅτι βούλεται τὰ ὀνόματα [415b] ζητητέα. τὸ μὲν οὖν ἕτερον οὐπω καθορῶ, τὸ δ' ἕτερον δοκεῖ μοι κατάδηλον εἶναι. συμφωνεῖ γὰρ τοῖς ἔμπροσθεν πᾶσιν. ἅτε γὰρ ἰόντων τῶν πραγμάτων, πᾶν τὸ κακῶς ἰὼν κακία ἂν εἴη: τοῦτο δὲ ὅταν ἐν ψυχῇ ᾗ, τὸ κακῶς ἰέναι ἐπὶ τὰ πράγματα, μάλιστα τὴν τοῦ ὅλου ἐπωνυμίαν ἔχει τῆς κακίας. τὸ δὲ κακῶς ἰέναι ὅτι ποτ' ἔστιν, δοκεῖ μοι δηλοῦν καὶ ἐν τῇ δειλίᾳ, ὃ οὐπω διήλθομεν ἀλλ' [415c] ὑπερέβημεν, δέον αὐτὸ μετὰ τὴν ἀνδρείαν σκέψασθαι: δοκοῦμεν δέ μοι καὶ ἄλλα πολλὰ ὑπερβεβηκέναι. ἢ δ' οὖν δειλία τῆς ψυχῆς σημαίνει δεσμὸν εἶναι ἰσχυρόν: τὸ γὰρ λῖαν ἰσχύς τίς ἐστιν. δεσμός οὖν ὁ λῖαν καὶ ὁ μέγιστος τῆς ψυχῆς ἢ δειλία ἂν εἴη: ὥσπερ γε καὶ ἡ ἀπορία κακόν, καὶ πᾶν, ὡς ἔοικεν, ὅτι ἂν ἐμποδῶν ἢ τῷ ἰέναι καὶ πορεύεσθαι. τοῦτ' οὖν φαίνεται τὸ κακῶς ἰέναι δηλοῦν, τὸ ἰσχομένως τε καὶ

ἐμποδιζομένως πορεύεσθαι, ὃ δὴ ψυχὴ ὅταν ἔχη, κακία μεστὴ γίγνεται. εἰ δ' ἐπὶ τοιούτοις ἡ κακία ἐστὶν τοῦνομα, τοῦναντίον τούτου ἡ ἀρετὴ ἂν εἴη, σημαῖνον πρῶτον [415d] μὲν εὐπορίαν, ἔπειτα δὲ λελυμένην τὴν ροὴν τῆς ἀγαθῆς ψυχῆς εἶναι ἀεὶ, ὥστε τὸ ἀσχέτως καὶ τὸ ἀκωλύτως ἀεὶ ῥέον ἐπωνυμίαν εἴληφεν, ὡς ἔοικε, τοῦτο τοῦνομα, <ὁ> ὀρθῶς μὲν ἔχει ἀειρείτην καλεῖν, [ἴσως δὲ αἰρετὴν λέγει, ὡς οὕσης ταύτης τῆς ἕξεως αἰρετωτάτης,] συγκεκριόται δὲ καὶ καλεῖται ἀρετὴ. καὶ ἴσως με αὖ φήσεις πλάττειν: ἐγὼ δὲ φημι, εἴπερ ὁ ἔμπροσθεν εἶπον ὀρθῶς ἔχει, ἡ κακία, [415e] καὶ τοῦτο τὸ ὄνομα τὴν ἀρετὴν ὀρθῶς ἔχειν. [416a]

Ἑρμογένης: τὸ δὲ δὴ κακόν, δι' οὗ πολλὰ τῶν ἔμπροσθεν εἴρηκας, τί ἂν νοοῖ τοῦνομα;

Σωκράτης: ἄτοπόν τι νῆ Δία ἔμοιγε δοκεῖ καὶ χαλεπὸν συμβαλεῖν. ἐπάγω οὖν καὶ τούτῳ ἐκείνην τὴν μηχανήν.

Ἑρμογένης: ποίαν ταύτην;

Σωκράτης: τὴν τοῦ βαρβαρικόν τι καὶ τοῦτο φάναι εἶναι.

Ἑρμογένης: καὶ ἔοικας γε ὀρθῶς λέγοντι. ἀλλ' εἰ δοκεῖ, ταῦτα μὲν ἐῷμεν, τὸ δὲ καλὸν καὶ [τὸ] αἰσχρὸν πειρώμεθα ἰδεῖν πῇ εὐλόγως ἔχει.

Σωκράτης: τὸ μὲν τοίνυν αἰσχρὸν καὶ δὴ κατάδηλόν μοι [416b] φαίνεται ὁ νοεῖ: καὶ τοῦτο γὰρ τοῖς ἔμπροσθεν ὁμολογεῖται. τὸ γὰρ ἐμποδίζον καὶ ἴσχον τῆς ροῆς τὰ ὄντα λειδορεῖν μοι φαίνεται διὰ παντὸς ὅ τὰ ὀνόματα τιθεῖς, καὶ νῦν τῷ ἀεὶ ἴσχοντι τὸν ῥοῦν τοῦτο τὸ ὄνομα ἔθετο <τὸ> αἰσχροῦν : νῦν δὲ συγκροτήσαντες αἰσχρὸν καλοῦσιν.

Ἑρμογένης: τί δὲ τὸ καλόν ;

Σωκράτης: τοῦτο χαλεπώτερον κατανοῆσαι. καίτοι λέγει γε αὐτό: ἁρμονία μόνον καὶ μήκει τοῦ οὗ παρῆκται.

Ἑρμογένης: πῶς δὴ;

Σωκράτης: τῆς διανοίας τις ἔοικεν ἐπωνυμία εἶναι τοῦτο τὸ ὄνομα.

Ερμογένης: πῶς λέγεις; [416c]

Σωκράτης: φέρε, τί οἶει σὺ εἶναι τὸ αἷτιον κληθῆναι ἐκάστῳ τῶν ὄντων; ἄρ' οὐκ ἐκεῖνο τὸ τὰ ὀνόματα θέμενον;

Ερμογένης: πάντως που.

Σωκράτης: οὐκοῦν διάνοια ἂν εἴη τοῦτο ἥτοι θεῶν ἢ ἀνθρώπων ἢ ἀμφοτέρων;

Ερμογένης: ναί.

Σωκράτης: οὐκοῦν τὸ καλέσαν τὰ πράγματα καὶ τὸ καλοῦν ταυτόν ἐστιν τοῦτο, διάνοια;

Ερμογένης: φαίνεται.

Σωκράτης: οὐκοῦν καὶ ὅσα μὲν ἂν νοῦς τε καὶ διάνοια ἐργάσῃται, ταῦτά ἐστι τὰ ἐπαινετά, ἃ δὲ μή, ψεκτά;

Ερμογένης: πάνυ γε. [416d]

Σωκράτης: τὸ οὖν ἱατρικὸν ἱατρικὰ ἐργάζεται καὶ τὸ τεκτονικὸν τεκτονικά; ἢ πῶς λέγεις;

Ερμογένης: οὕτως ἔγωγε.

Σωκράτης: καὶ τὸ καλοῦν ἄρα καλά;

Ερμογένης: δεῖ γέ τοι.

Σωκράτης: ἔστι δέ γε τοῦτο, ὥς φαμεν, διάνοια;

Ερμογένης: πάνυ γε.

Σωκράτης: ὀρθῶς ἄρα φρονήσεως αὕτη ἡ ἐπωνυμία ἐστὶν τὸ καλὸν τῆς τὰ τοιαῦτα ἀπεργαζομένης, ἃ δὴ καλὰ φάσκοντες εἶναι ἀσπαζόμεθα.

Ερμογένης: φαίνεται. [416e]

Σωκράτης: τί οὖν ἔτι ἡμῖν λοιπὸν τῶν τοιούτων;

Ἑρμογένης: ταῦτα τὰ περὶ τὸ ἀγαθὸν τε καὶ καλόν, συμφέροντά [417a]τε καὶ λυσιτελοῦντα καὶ ὠφέλιμα καὶ κερδαλέα καὶ τάναντία τούτων.

Σωκράτης: οὐκοῦν τὸ μὲν συμφέρον ἤδη που κἂν σὺ εὖροις ἐκ τῶν πρότερον ἐπισκοπῶν: τῆς γὰρ ἐπιστήμης ἀδελφόν τι φαίνεται. οὐδὲν γὰρ ἄλλο δηλοῖ ἢ τὴν ἅμα φορὰν τῆς ψυχῆς μετὰ τῶν πραγμάτων, καὶ τὰ ὑπὸ τοῦ τοιοῦτου πραττόμενα συμφέροντά τε καὶ σύμφορα κεκληῆσθαι ἀπὸ τοῦ συμπεριφέρεσθαι ἔοικε, τὸ δέ γε κερδαλέον ἀπὸ τοῦ [417b]κέρδους. κέρδος δὲ νῦν ἀντὶ τοῦ δέλτα ἀποδιδόντι ἐς τὸ ὄνομα δηλοῖ ὃ βούλεται: τὸ γὰρ ἀγαθὸν κατ' ἄλλον τρόπον ὀνομάζει. ὅτι γὰρ κεράννυται ἐς πάντα διεξιόν, ταύτην αὐτοῦ τὴν δύναμιν ἐπονομάζων ἔθετο τοῦνομα: δέλτα <δ> ἐνθεῖς ἀντὶ τοῦ νῦν κέρδος ἐφθέγγατο.

Ἑρμογένης: Λυσιτελοῦν δὲ τί δή;

Σωκράτης: ἔοικεν, ὃ Ἑρμόγενης, οὐχὶ καθάπερ οἱ κάπηλοι αὐτῷ χρῶνται, ἐὰν τὸ ἀνάλωμα ἀπολύῃ, οὐ ταύτη λέγειν [417c]μοι δοκεῖ τὸ λυσιτελοῦν, ἀλλ' ὅτι τάχιστον ὄν τοῦ ὄντος ἵστασθαι οὐκ ἔξ τὰ πράγματα, οὐδὲ τέλος λαβοῦσαν τὴν φορὰν τοῦ φέρεσθαι στήναι τε καὶ παύσασθαι, ἀλλ' αἰεὶ λύει αὐτῆς ἂν τι ἐπιχειρῇ τέλος ἐγγίγνεσθαι, καὶ παρέχει ἄπαστον καὶ ἀθάνατον αὐτήν, ταύτη μοι δοκεῖ ἐπιφημίσαι τὸ ἀγαθὸν λυσιτελοῦν: τὸ γὰρ τῆς φορᾶς λύον τὸ τέλος λυσιτελοῦν καλέσαι. ὠφέλιμον δὲ ξενικὸν τοῦνομα, ὃ καὶ Ὅμηρος πολλαχοῦ κέχρηται, τῷ ὀφέλλειν: ἔστι δὲ τοῦτο τοῦ αὔξειν καὶ ποιεῖν ἐπωνυμία. [417d]

Ἑρμογένης: τὰ δὲ δὴ τούτων ἐναντία πῶς ἔχει ἡμῖν;

Σωκράτης: ὅσα μὲν ἀπόφησιν αὐτῶν, ὥς γέ μοι δοκεῖ, οὐδὲν δεῖ ταῦτα διεξιέναι.

Ἑρμογένης: ποῖα ταῦτα;

Σωκράτης: ἀσύμφορον καὶ ἀνωφελὲς καὶ ἀλυσιτελὲς καὶ ἀκερδές.

Ἑρμογένης: ἀληθῆ λέγεις.

Σωκράτης: ἀλλὰ βλαβερὸν γε καὶ ζημιῶδες.

Ἑρμογένης: ναί.

Σωκράτης: καὶ τὸ μέν γε βλαβερὸν τὸ [417e]βλάπτον τὸν ῥοῦν εἶναι λέγει· τὸ δὲ βλάπτον αὖ σημαίνει βουλόμενον ἅπτειν· τὸ δὲ ἅπτειν καὶ δεῖν ταυτόν ἐστι, τοῦτο δὲ πανταχοῦ ψέγει. τὸ βουλόμενον οὖν ἅπτειν ῥοῦν ὀρθότατα μὲν ἂν εἴη βουλαπτεροῦν, καλλωπισθὲν δὲ καλεῖσθαι μοι φαίνεται βλαβερὸν.

Ἑρμογένης: ποικίλα γέ σοι, ὦ Σώκρατες, ἐκβαίνει τὰ ὀνόματα. καὶ γὰρ νῦν μοι ἔδοξας ὥσπερ τοῦ τῆς Ἀθηνάας νόμου προαύλιον στομαυλῆσαι, τοῦτο τὸ ὄνομα προειπὼν τὸ [418a] βουλαπτεροῦν.

Σωκράτης: οὐκ ἐγώ, ὦ Ἑρμόγενης, αἴτιος, ἀλλ' οἱ θέμενοι τὸ ὄνομα.

Ἑρμογένης: ἀληθῆ λέγεις· ἀλλὰ δὴ τὸ ζημιῶδες τί ἂν εἴη;

Σωκράτης: τί δ' ἂν εἴη ποτὲ ζημιῶδες ; θέασαι, ὦ Ἑρμόγενης, ὡς ἐγὼ ἀληθῆ λέγω λέγων ὅτι προστιθέντες γράμματα καὶ ἐξαιροῦντες σφόδρα ἀλλοιοῦσι τὰς τῶν ὀνομάτων διανοίας, οὕτως ὥστε σμικρὰ πάνυ παραστρέφοντες ἐνίοτε τὰναντία [418b]ποιεῖν σημαίνειν. οἷον καὶ ἐν τῷ δέοντι : ἐνενόησα γὰρ αὐτὸ καὶ ἀνεμνήσθην ἄρτι ἀπὸ τοῦδε ὁ ἔμελλον σοι ἐρεῖν ὅτι ἡ μὲν νέα φωνὴ ἡμῖν ἡ καλὴ αὐτῇ καὶ τοῦναντίον περιέτρεψε μηνύειν τὸ δέον καὶ τὸ ζημιῶδες, ἀφανίζουσα ὅτι νοεῖ, ἡ δὲ παλαιὰ ἀμφοτέρων δηλοῖ ὁ βούλεται τοῦνομα.

Ἑρμογένης: πῶς λέγεις;

Σωκράτης: ἐγὼ σοι ἐρῶ. οἶσθα ὅτι οἱ παλαιοὶ οἱ ἡμέτεροι τῷ ἰῶτα καὶ τῷ δέλτα εὖ μάλα ἐχρῶντο, καὶ οὐχ ἥκιστα [418c]αἱ γυναῖκες, αἵπερ μάλιστα τὴν ἀρχαίαν φωνὴν σφύζουσι. νῦν δὲ ἀντὶ μὲν τοῦ ἰῶτα ἢ εἴ ἢ ἦτα μεταστρέφουσιν, ἀντὶ δὲ τοῦ δέλτα ζῆτα, ὡς δὴ μεγαλοπρεπέστερα ὄντα.

Ἑρμογένης: πῶς δὴ;

Σωκράτης: οἷον οἱ μὲν ἀρχαιότατοι ἡμέραν τὴν ἡμέραν ἐκάλουν, οἱ δὲ ἐμέραν, οἱ δὲ νῦν ἡμέραν.

Ἑρμογένης: ἔστι ταῦτα.

Σωκράτης: οἶσθα οὖν ὅτι μόνον τούτων δηλοῖ τὸ ἀρχαῖον ὄνομα τὴν διάνοιαν τοῦ θεμένου; ὅτι γὰρ ἀσμένοις τοῖς [418d]ἀνθρώποις καὶ ἱμεῖρουσιν ἐκ τοῦ σκότους τὸ φῶς ἐγίγνετο, ταύτη ὠνόμασαν ἡμέραν.

Ἑρμογένης: φαίνεται.

Σωκράτης: νῦν δέ γε τετραγωδημένον οὐδ' ἂν κατανοήσῃς ὅτι βούλεται ἡ ἡμέρα. καίτοι τινὲς οἴονται, ὥς δὴ ἡ ἡμέρα ἡμερα ποιεῖ, διὰ ταῦτα ὠνομάσθαι αὐτὴν οὕτως.

Ἑρμογένης: δοκεῖ μοι.

Σωκράτης: καὶ τό γε ζυγὸν οἶσθα ὅτι δυογὸν οἱ παλαιοὶ ἐκάλουν.

Ἑρμογένης: πάνυ γε.

Σωκράτης: καὶ τὸ μέν γε ζυγὸν οὐδὲν δηλοῖ, τὸ δὲ τοῖν [418e]δυοῖν ἔνεκα τῆς δέσεως ἐς τὴν ἀγωγὴν ἐπωνόμασται δυογὸν δικαίως: νῦν δὲ ζυγόν. καὶ ἄλλα πάμπολλα οὕτως ἔχει.

Ἑρμογένης: φαίνεται.

Σωκράτης: κατὰ ταῦτα τοίνυν πρῶτον μὲν τὸ δέον οὕτω λεγόμενον τοῦναντίον σημαίνει πᾶσι τοῖς περὶ τὸ ἀγαθὸν ὀνόμασιν: ἀγαθοῦ γὰρ ἰδέα οὕσα τὸ δέον φαίνεται δεσμὸς εἶναι καὶ κώλυμα φορᾶς, ὥσπερ ἀδελφὸν ὃν τοῦ βλαβεροῦ.

Ἑρμογένης: καὶ μάλα, ὦ Σώκратες, οὕτω φαίνεται.

Σωκράτης: ἀλλ' οὐκ ἐὰν τῷ ἀρχαίῳ ὀνόματι χρῆ, ὃ πολὺ [419a]μᾶλλον εἰκὸς ἐστὶν ὀρθῶς κεῖσθαι ἢ τὸ νῦν, ἀλλ' ὁμολογήσει τοῖς πρόσθεν ἀγαθοῖς, ἐὰν ἀντὶ τοῦ εἶ τὸ ἰῶτα ἀποδιδῶς, ὥσπερ τὸ παλαιόν: διὺν γὰρ αὖ σημαίνει, ἀλλ' οὐ δέον, τὰγαθόν, ὅπερ δὴ ἐπαινεῖ. καὶ οὕτω οὐκ ἐναντιοῦται αὐτὸς αὐτῷ ὃ τὰ ὀνόματα τιθέμενος, ἀλλὰ δέον καὶ ὠφέλιμον καὶ λυσιτελοῦν καὶ κερδαλέον καὶ ἀγαθὸν καὶ συμφέρον καὶ εὖπορον τὸ αὐτὸ φαίνεται, ἑτέροις ὀνόμασι σημαῖνον τὸ διακοσμοῦν καὶ ἰὸν πανταχοῦ ἐγκεκωμιασμένον, [419b]τὸ δὲ ἴσχον καὶ δοῦν ψεγόμενον. καὶ δὴ καὶ τὸ ζημιῶδες, ἐὰν κατὰ τὴν ἀρχαίαν φωνὴν ἀποδῶς ἀντὶ τοῦ ζητα δέλτα, φανεῖται σοι κεῖσθαι τὸ ὄνομα ἐπὶ τῷ δοῦντι τὸ ἰόν,

ἐπονομασθὲν δημιῶδες.

Ἑρμογένης: τί δὲ δὴ ἡδονὴ καὶ λύπη καὶ ἐπιθυμία καὶ τὰ τοιαῦτα, ὦ Σώκρατες;

Σωκράτης: οὐ πάνυ χαλεπά μοι φαίνεται, ὦ Ἑρμόγενης. ἢ τε γὰρ ἡδονή, ἢ πρὸς τὴν ὄνησιν ἔοικε τείνουσα πρᾶξις τοῦτο ἔχειν τὸ ὄνομα τὸ δέλτα δὲ ἔγκειται, ὥστε ἡδονή [419c] ἀντὶ ἡονῆς καλεῖται ἢ τε λύπη ἀπὸ τῆς διαλύσεως τοῦ σώματος ἔοικεν ἐπωνομάσθαι ἦν ἐν τούτῳ τῷ πάθει ἴσχει τὸ σῶμα. καὶ ἢ γε ἀνία τὸ ἐμποδίζον τοῦ ἰέναι. ἢ δὲ ἀλγηδὼν ξενικόν τι φαίνεται μοι ἀπὸ τοῦ ἀλγεινοῦ ὀνομασμένον. ὀδύνη δὲ ἀπὸ τῆς ἐνδύσεως τῆς λύπης κεκλημένη ἔοικεν. ἀχθηδὼν δὲ καὶ παντὶ δῆλον ἀπεικασμένον τὸ ὄνομα τῷ τῆς φορᾶς βάρει. χαρὰ δὲ τῇ διαχύσει καὶ εὐπορίᾳ τῆς ροῆς τῆς ψυχῆς ἔοικε κεκλημένη. [419d] τέρψις δὲ ἀπὸ τοῦ τερπνοῦ: τὸ δὲ τερπνὸν ἀπὸ τῆς διὰ τῆς ψυχῆς ἔρψεως πνοῇ ἀπεικασθὲν κέκληται, ἐν δίκῃ μὲν ἂν ἔρπνουν καλούμενον, ὑπὸ χρόνου δὲ τερπνὸν παρηγμένον. εὐφροσύνη δὲ οὐδὲν προσδεῖται τοῦ διότι ῥηθῆναι: παντὶ γὰρ δῆλον ὅτι ἀπὸ τοῦ εὖ τοῖς πράγμασι τὴν ψυχὴν συμφέρεσθαι τοῦτο ἔλαβε τὸ ὄνομα, εὐφεροσύνην τό γε δίκαιον: ὅμως δὲ αὐτὸ καλοῦμεν εὐφροσύνην. οὐδ' ἐπιθυμία χαλεπὸν: τῇ γὰρ ἐπὶ τὸν θυμὸν ἰούσῃ [419e] δυνάμει δῆλον ὅτι τοῦτο ἐκλήθη τὸ ὄνομα. θυμὸς δὲ ἀπὸ τῆς θύσεως καὶ ξέσεως τῆς ψυχῆς ἔχει ἂν τοῦτο τὸ ὄνομα. ἀλλὰ μὴν ἵμερός γε τῷ μάλιστα ἔλκοντι τὴν ψυχὴν ῥῶ [420a] ἐπωνομάσθη: ὅτι γὰρ ἰέμενος ῥεῖ καὶ ἐφιέμενος τῶν πραγμάτων, καὶ οὕτω δὴ ἐπισπᾷ σφόδρα τὴν ψυχὴν διὰ τὴν ἔσιν τῆς ροῆς, ἀπὸ ταύτης οὖν πάσης τῆς δυνάμεως ἵμερος ἐκλήθη. καὶ μὴν πόθος αὖ καλεῖται σημαίνων οὐ τοῦ παρόντος εἶναι [ἱμέρου τε καὶ ρεύματος] ἀλλὰ τοῦ ἄλλοθι που ὄντος καὶ ἀπόντος, ὅθεν πόθος ἐπωνόμασται ὃς τότε, ὅταν παρῇ οὗ τις ἐφίετο, ἵμερος ἐκαλεῖτο: ἀπογενομένου δὲ ὁ αὐτὸς οὗτος πόθος ἐκλήθη. ἔρως δέ, ὅτι εἰσρεῖ ἔξωθεν καὶ οὐκ οἰκεία ἐστὶν ἡ ροὴ [420b] αὕτῃ τῷ ἔχοντι ἀλλ' ἐπείσακτος διὰ τῶν ὁμμάτων, διὰ ταῦτα ἀπὸ τοῦ ἐσρεῖν ἔσρος τό γε παλαιὸν ἐκαλεῖτο τῷ γὰρ οὗ ἀντὶ τοῦ ὦ ἐχρώμεθα νῦν δ' ἔρως κέκληται διὰ τὴν τοῦ ὦ ἀντὶ τοῦ οὗ μεταλλαγὴν. ἀλλὰ τί ἔτι σὺ λέγεις ὅτι σκοπῶμεν;

Ἑρμογένης: δόξα καὶ τὰ τοιαῦτα πῇ σοι φαίνεται;

Σωκράτης: δόξα δὴ ἤτοι τῇ διώξει ἐπωνόμασται, ἣν ἡ ψυχὴ διώκουσα τὸ εἰδέναι ὅπῃ ἔχει τὰ πράγματα πορεύεται, ἢ τῇ ἀπὸ τοῦ τόξου βολῇ. ἔοικε δὲ τούτῳ μᾶλλον. ἢ [420c]γοῦν οἴησις τούτῳ συμφωνεῖ. οἷσιν γὰρ τῆς ψυχῆς ἐπὶ πᾶν πρᾶγμα, οἷόν ἐστιν ἕκαστον τῶν ὄντων, δηλοῦσθαι προσέεικεν, ὥσπερ γε καὶ ἡ βουλή πως τὴν βολήν, καὶ τὸ βούλεσθαι τὸ ἐφίεσθαι σημαίνει καὶ <τὸ> βουλεύεσθαι : πάντα ταῦτα δόξῃ ἐπόμεν' ἅττα φαίνεται τῆς βολῆς ἀπεικασματα, ὥσπερ αὖ καὶ τοῦναντίον ἡ ἀβουλία ἀτυχία δοκεῖ εἶναι, ὡς οὐ βαλόντος οὐδὲ τυχόντος οὐ τ' ἔβαλλε καὶ ὁ ἐβούλετο καὶ περὶ οὗ ἐβουλεύετο καὶ οὗ ἐφίετο. [420d]

Ἑρμογένης: ταῦτα ἤδη μοι δοκεῖς, ὦ Σώκρατες, πυκνότερα ἐπάγειν.

Σωκράτης: τέλος γὰρ ἤδη θέω. ἀνάγκην δ' οὖν ἔτι βούλομαι διαπερᾶναι, ὅτι τούτοις ἐξῆς ἐστι, καὶ τὸ ἐκούσιον. τὸ μὲν οὖν ἐκούσιον, τὸ εἶκον καὶ μὴ ἀντιτυποῦν ἀλλ', ὥσπερ λέγω, εἶκον τῷ ἰόντι δεδηλωμένον ἂν εἴη τούτῳ τῷ ὀνόματι, τῷ κατὰ τὴν βούλησιν γιγνομένῳ: τὸ δὲ ἀναγκαῖον καὶ ἀντίτυπον, παρὰ τὴν βούλησιν ὄν, τὸ περὶ τὴν ἀμαρτίαν ἂν εἴη καὶ ἀμαθίαν, ἀπείκασται δὲ τῇ κατὰ τὰ [420e]ἄγκη πορείᾳ, ὅτι δύσπορα καὶ τραχέα καὶ λασία ὄντα ἴσχει τοῦ ἰέναι. ἐντεῦθεν οὖν ἴσως ἐκλήθη ἀναγκαῖον, τῇ διὰ τοῦ ἄγκους ἀπεικασθὲν πορείᾳ. ἕως δὲ πάρεστιν ἡ ῥώμη, μὴ ἀνιῶμεν αὐτήν: ἀλλὰ καὶ σὺ μὴ ἀνίει, ἀλλὰ ἐρώτα. [421a]

Ἑρμογένης: ἐρωτῶ δὴ τὰ μέγιστα καὶ τὰ κάλλιστα, τὴν τε ἀλήθειαν καὶ τὸ ψεῦδος καὶ τὸ ὄν καὶ αὐτὸ τοῦτο περὶ ὧν νῦν ὁ λόγος ἡμῖν ἐστιν, ὄνομα, δι' ὅτι τὸ ὄνομα ἔχει.

Σωκράτης: μαίεσθαι οὖν καλεῖς τι;

Ἑρμογένης: ἔγωγε, τό γε ζητεῖν. **Σωκράτης:** ἔοικε τοίνυν ἐκ λόγου ὀνόματι συγκεκριομένην, λέγοντος ὅτι τοῦτ' ἐστὶν ὄν, οὗ τυγχάνει ζήτημα <ὄν>, [τὸ] ὄνομα. μᾶλλον δὲ ἂν αὐτὸ γνοίης ἐν ᾧ λέγομεν τὸ ὀνομαστόν : ἐνταῦθα γὰρ σαφῶς λέγει τοῦτο εἶναι ὄν οὗ μᾶσμα ἐστίν. [421b]ἢ δ' ἀλήθεια, καὶ τοῦτο τοῖς ἄλλοις ἔοικε [συγκεκριομένη]: ἢ γὰρ θεία τοῦ ὄντος φορὰ ἔοικε προσειρησθαι τούτῳ τῷ ῥήματι, τῇ ἀληθείᾳ, ὡς θεία οὕσα ἄλη. τὸ <δὲ> ψεῦδος τοῦναντίον τῇ φορᾷ: πάλιν γὰρ αὖ λοιδορούμενον ἤκει τὸ ἰσχύμενον

καὶ τὸ ἀναγκαζόμενον ἡσυχάζειν, ἀπείκασται δὲ τοῖς καθεύδουσι: τὸ ψεῖ δὲ προσγενόμενον ἐπικρύπτει τὴν βούλησιν τοῦ ὀνόματος. τὸ δὲ ὄν καὶ ἡ οὐσία ὁμολογεῖ τῷ ἀληθεῖ, τὸ ἰῶτα ἀπολαβόν: ἰὸν γὰρ [421c]σημαίνει, καὶ τὸ οὐκ ὄν αὖ, ὥς τινες καὶ ὀνομάζουσιν αὐτό, οὐκ ἰόν.

Ἑρμογένης: ταῦτα μὲν μοι δοκεῖς, ὦ Σώκρατες, ἀνδρείως πάνυ διακεκροτηκέναι: εἰ δέ τις σε ἔροιτο τοῦτο τὸ ἰὸν καὶ τὸ ῥέον καὶ τὸ δοῦν, τίνα ἔχει ὀρθότητα ταῦτα τὰ ὀνόματα

Σωκράτης: τί ἂν αὐτῷ ἀποκριναίμεθα; λέγεις; ἦ γάρ;

Ἑρμογένης: πάνυ μὲν οὖν.

Σωκράτης: ἔν μὲν τοίνυν ἄρτι που ἐπορισάμεθα ὥστε δοκεῖν τι λέγειν ἀποκρινόμενοι.

Ἑρμογένης: τὸ ποῖον τοῦτο;

Σωκράτης: φάναι, ὃ ἂν μὴ γινώσκωμεν, βαρβαρικόν τι τοῦτ' [421d]εῖναι. εἴη μὲν οὖν ἴσως ἂν τι τῇ ἀληθείᾳ καὶ τοιοῦτον αὐτῶν, εἴη δὲ καὶ ὑπὸ παλαιότητος τὰ πρῶτα τῶν ὀνομάτων ἀνεύρετα εῖναι: διὰ γὰρ τὸ πανταχῇ στρέφεσθαι τὰ ὀνόματα, οὐδὲν θαυμαστὸν [ἂν] εἰ ἡ παλαιὰ φωνὴ πρὸς τὴν νυνὶ βαρβαρικῇς μὴδὲν διαφέρει.

Ἑρμογένης: καὶ οὐδὲν γε ἀπὸ τρόπου λέγεις.

Σωκράτης: λέγω γὰρ οὖν εἰκότα. οὐ μέντοι μοι δοκεῖ προφάσεις ἀγὼν δέχεσθαι, ἀλλὰ προθυμητέον ταῦτα διασκέψασθαι. ἐνθυμηθῶμεν δέ, εἴ τις ἀεί, δι' ὧν ἂν λέγεται τὸ [421e]ῶνομα, ἐκεῖνα ἀνερήσεται τὰ ῥήματα, καὶ αὐθις αὖ δι' ὧν ἂν τὰ ῥήματα λεχθῇ, ἐκεῖνα πεύσεται, καὶ τοῦτο μὴ παύσεται ποιῶν, ἄρ' οὐκ ἀνάγκη τελευτῶντα ἀπειπεῖν τὸν ἀποκρινόμενον;

Ἑρμογένης: ἔμοιγε δοκεῖ. [422a]

Σωκράτης: πότε οὖν ἀπειπὼν ὁ ἀπαγορεύων δικαίως παύοιτο ἂν; ἄρ' οὐκ ἐπειδὴν ἐπ' ἐκείνοις γένηται τοῖς ὀνόμασιν, ἃ ὥσπερ εἰ στοιχεῖα τῶν ἄλλων ἐστὶ καὶ λόγων καὶ ὀνομάτων; ταῦτα γὰρ που οὐκέτι δίκαιον φανῆναι ἐξ ἄλλων ὀνομάτων συγκείμενα, ἂν οὕτως

ἔχῃ. οἶον νυνδὴ τὸ ἀγαθὸν ἔφαμεν ἐκ τοῦ ἀγαστοῦ καὶ ἐκ τοῦ θοοῦ συγκεῖσθαι, τὸ δὲ θοὸν ἴσως φαῖμεν ἂν ἐξ ἐτέρων, ἐκεῖνα δὲ ἐξ ἄλλων: [422b]ἀλλ' ἐάν ποτέ γε λάβωμεν ὃ οὐκέτι ἔκ τινων ἐτέρων σύγκειται ὀνομάτων, δικαίως ἂν φαῖμεν ἐπὶ στοιχείῳ τε ἤδη εἶναι καὶ οὐκέτι τοῦτο ἡμᾶς δεῖν εἰς ἄλλα ὀνόματα ἀναφέρειν.

Ἑρμογένης: ἔμοιγε δοκεῖς ὀρθῶς λέγειν.

Σωκράτης: ἄρ' οὖν καὶ νῦν ἃ γ' ἐρωτᾷς τὰ ὀνόματα στοιχεῖα ὄντα τυγχάνει, καὶ δεῖ αὐτῶν ἄλλω τινὶ τρόπῳ ἤδη τὴν ὀρθότητα ἐπισκέψασθαι ἥτις ἐστίν;

Ἑρμογένης: εἰκός γε.

Σωκράτης: εἰκὸς δῆτα, ὃ Ἑρμόγενης: πάντα γοῦν φαίνεται τὰ [422c]ἐμπροσθεν εἰς ταῦτα ἀνεληλυθέναι. εἰ δὲ τοῦτο οὕτως ἔχει, ὥς μοι δοκεῖ ἔχειν, δεῦρο αὖ συνεπίσκεψαι μετ' ἐμοῦ μή τι παραληρήσω λέγων οἷαν δεῖ τὴν τῶν πρώτων ὀνομάτων ὀρθότητα εἶναι.

Ἑρμογένης: λέγε μόνον, ὥς ὅσον γε δυνάμεως παρ' ἐμοί ἐστιν συνεπισκέψομαι.

Σωκράτης: ὅτι μὲν τοίνυν μία γέ τις ἡ ὀρθότης παντὸς ὀνόματος καὶ πρώτου καὶ ὑστάτου, καὶ οὐδὲν διαφέρει τῷ ὀνομα εἶναι οὐδὲν αὐτῶν, οἶμαι καὶ σοὶ συνδοκεῖ.

Ἑρμογένης: πάνυ γε. [422d]

Σωκράτης: ἀλλὰ μὴν ὧν γε νυν<δὴ> διεληλύθαμεν τῶν ὀνομάτων ἡ ὀρθότης τοιαύτη τις ἐβούλετο εἶναι, οἷα δηλοῦν οἶον ἕκαστόν ἐστι τῶν ὄντων.

Ἑρμογένης: πῶς γὰρ οὐ;

Σωκράτης: τοῦτο μὲν ἄρα οὐδὲν ἥττον καὶ τὰ πρῶτα δεῖ ἔχειν καὶ τὰ ὕστερα, εἴπερ ὀνόματα ἔσται.

Ἑρμογένης: πάνυ γε.

Σωκράτης: ἀλλὰ τὰ μὲν ὕστερα, ὥς ἔοικε, διὰ τῶν προτέρων οἷά τε ἦν τοῦτο ἀπεργάζεσθαι.

Ἑρμογένης: φαίνεται.

Σωκράτης: εἶεν: τὰ δὲ δὴ πρῶτα, οἷς οὐπω ἕτερα ὑπόκειται, τίνι τρόπῳ κατὰ τὸ δυνατόν ὅτι μάλιστα φανερά ἡμῖν [422e]ποιήσῃ τὰ ὄντα, εἴπερ μέλλει ὀνόματα εἶναι; ἀπόκριναι δέ μοι τόδε: εἰ φωνὴν μὴ εἶχομεν μηδὲ γλῶτταν, ἐβουλόμεθα δὲ δηλοῦν ἀλλήλοις τὰ πράγματα, ἅρ' οὐκ ἂν, ὥσπερ νῦν οἱ ἐνεοί, ἐπεχειροῦμεν ἂν σημαίνειν ταῖς χερσὶ καὶ κεφαλῇ καὶ τῷ ἄλλῳ σώματι;

Ἑρμογένης: πῶς γὰρ ἂν ἄλλως, ὦ Σώκρατες; [423a]

Σωκράτης: εἰ μὲν γ' οἶμαι τὸ ἄνω καὶ τὸ κοῦφον ἐβουλόμεθα δηλοῦν, ἥρομεν ἂν πρὸς τὸν οὐρανὸν τὴν χεῖρα, μιμούμενοι αὐτὴν τὴν φύσιν τοῦ πράγματος: εἰ δὲ τὰ κάτω καὶ τὰ βαρέα, πρὸς τὴν γῆν. καὶ εἰ ἵππον θέοντα ἢ τι ἄλλο τῶν ζώων ἐβουλόμεθα δηλοῦν, οἴσθα ὅτι ὡς ὁμοιότατ' ἂν τὰ ἡμέτερα αὐτῶν σώματα καὶ σχήματα ἐποιοῦμεν ἐκεῖνοις.

Ἑρμογένης: ἀνάγκη μοι δοκεῖ ὡς λέγεις ἔχειν.

Σωκράτης: οὕτω γὰρ ἂν οἶμαι δήλωμά του [σώματος] ἐγίγνετο, [423b]μιμησαμένου, ὡς ἔοικε, τοῦ σώματος ἐκεῖνο ὃ ἐβούλετο δηλῶσαι.

Ἑρμογένης: ναί.

Σωκράτης: ἐπειδὴ δὲ φωνὴ τε καὶ γλῶττι καὶ στόματι βουλόμεθα δηλοῦν, ἅρ' οὐ τότε ἐκάστου δήλωμα ἡμῖν ἔσται τὸ ἀπὸ τούτων γιγνόμενον, ὅταν μίμημα γένηται διὰ τούτων περὶ ὅτιον;

Ἑρμογένης: ἀνάγκη μοι δοκεῖ.

Σωκράτης: ὄνομ' ἅρ' ἐστίν, ὡς ἔοικε, μίμημα φωνῇ ἐκεῖνου ὃ μιμεῖται, καὶ ὀνομάζει ὁ μιμούμενος τῇ φωνῇ ὃ ἂν μιμηται

Ἑρμογένης: δοκεῖ μοι. [423c]

Σωκράτης: μὰ Δί' ἄλλ' οὐκ ἐμοί πω δοκεῖ καλῶς λέγεσθαι, ὦ ἐταῖρε.

Ἑρμογένης: τί δή;

Σωκράτης: τοὺς τὰ πρόβατα μιμουμένους τούτους καὶ τοὺς ἀλεκτρούνας καὶ τὰ ἄλλα ζῶα ἀναγκαζοίμεθ' ἂν ὁμολογεῖν ὀνομάζειν ταῦτα ἅπερ μιμοῦνται.

Ἑρμογένης: ἀληθῆ λέγεις.

Σωκράτης: καλῶς οὖν ἔχειν δοκεῖ σοι;

Ἑρμογένης: οὐκ ἔμοιγε. ἀλλὰ τίς ἂν, ὦ Σώκρατες, μίμησις εἴη τὸ ὄνομα;

Σωκράτης: πρῶτον μὲν, ὥς ἐμοὶ δοκεῖ, οὐκ ἐὰν καθάπερ τῇ [423d]μουσικῇ μιμούμεθα τὰ πράγματα οὕτω μιμώμεθα, καίτοι φωνῇ γε καὶ τότε μιμούμεθα: ἔπειτα οὐκ ἐὰν ἅπερ ἡ μουσικὴ μιμεῖται καὶ ἡμεῖς μιμώμεθα, οὗ μοι δοκοῦμεν ὀνομάσειν. λέγω δέ τοι τοῦτο: ἔστι τοῖς πράγμασι φωνὴ καὶ σχῆμα ἐκάστω, καὶ χρῶμά γε πολλοῖς;

Ἑρμογένης: πάνυ γε.

Σωκράτης: ἔοικε τοίνυν οὐκ ἐὰν τις ταῦτα μιῆται, οὐδὲ περὶ ταύτας τὰς μιμήσεις ἡ τέχνη ἡ ὀνομαστικὴ εἶναι. αὗται μὲν γάρ εἰσιν ἡ μὲν μουσικὴ, ἡ δὲ γραφικὴ: ἡ γάρ;

Ἑρμογένης: ναί. [423e]

Σωκράτης: τί δὲ δὴ τόδε; οὐ καὶ οὐσία δοκεῖ σοι εἶναι ἐκάστω, ὥσπερ καὶ χρῶμα καὶ ἃ νυνδὴ ἐλέγομεν; πρῶτον αὐτῷ τῷ χρώματι καὶ τῇ φωνῇ οὐκ ἔστιν οὐσία τις ἐκατέρω αὐτῶν καὶ τοῖς ἄλλοις πᾶσιν ὅσα ἡξιώται ταύτης τῆς προσρήσεως, τοῦ εἶναι;

Ἑρμογένης: ἔμοιγε δοκεῖ.

Σωκράτης: τί οὖν; εἴ τις αὐτὸ τοῦτο μιμεῖσθαι δύναιτο ἐκάστου, τὴν οὐσίαν, γράμμασί τε καὶ συλλαβαῖς, ἅρ' οὐκ ἂν δηλοῖ ἕκαστον ὃ ἔστιν; ἢ οὐ; [424a]

Ἑρμογένης: πάνυ μὲν οὖν.

Σωκράτης: καὶ τί ἂν φαίης τὸν τοῦτο δυνάμενον, ὥσπερ τοὺς προτέρους τὸν μὲν μουσικὸν ἔφησθα, τὸν δέ [τινα} γραφικόν.

τοῦτον δὲ τίνα;

Ἑρμογένης: τοῦτο ἔμοιγε δοκεῖ, ὦ Σώκρατες, ὅπερ πάλαι ζητοῦμεν, οὗτος ἂν εἶναι ὁ ὀνομαστικός.

Σωκράτης: εἰ ἄρα τοῦτο ἀληθές, ἥδη ἔοικεν ἐπισκεπτέον περὶ ἐκείνων τῶν ὀνομάτων ὧν σὺ ἤρου, περὶ ῥοῆς τε καὶ τοῦ ἰέναι καὶ σχέσεως, εἰ τοῖς γράμμασι καὶ ταῖς συλλαβαῖς [424b] τοῦ ὄντος ἐπιλαμβάνεται αὐτῶν ὥστε ἀπομιμεῖσθαι τὴν οὐσίαν, εἴτε καὶ οὐ;

Ἑρμογένης: πάνυ μὲν οὖν.

Σωκράτης: φέρε δὴ ἴδωμεν πότερον ἄρα ταῦτα μόνα ἐστὶ τῶν πρώτων ὀνομάτων ἢ καὶ ἄλλα πολλά.

Ἑρμογένης: οἶμαι ἔγωγε καὶ ἄλλα.

Σωκράτης: εἰκὸς γάρ. ἀλλὰ τίς ἂν εἴη ὁ τρόπος τῆς διαιρέσεως ὅθεν ἄρχεται μιμεῖσθαι ὁ μιμούμενος; ἄρα οὐκ ἐπεὶ συλλαβαῖς τε καὶ γράμμασιν ἢ μίμησις τυγχάνει οὕσα τῆς οὐσίας, ὀρθότατόν ἐστι διελέσθαι τὰ στοιχεῖα πρῶτον, ὥσπερ [424c] οἱ ἐπιχειροῦντες τοῖς ῥυθμοῖς τῶν στοιχείων πρῶτον τὰς δυνάμεις διείλοντο, ἔπειτα τῶν συλλαβῶν, καὶ οὕτως ἥδη ἔρχονται ἐπὶ τοὺς ῥυθμοὺς σκεπόμενοι, πρότερον δ' οὐ;

Ἑρμογένης: ναί.

Σωκράτης: ἄρ' οὖν καὶ ἡμᾶς οὕτω δεῖ πρῶτον μὲν τὰ φωνήεντα διελέσθαι, ἔπειτα τῶν ἐτέρων κατὰ εἶδη τὰ τε ἄφωνα καὶ ἄφθογγα οὕτως γάρ που λέγουσιν οἱ δεινοὶ περὶ τούτων καὶ τὰ αὐτὰ φωνήεντα μὲν οὐ, οὐ μέντοι γε ἄφθογγα; καὶ αὐτῶν τῶν φωνηέντων ὅσα διάφορα εἶδη ἔχει ἀλλήλων; καὶ [424d] ἐπειδὴν ταῦτα διελῶμεθα [τὰ ὄντα}] εὖ πάντα αὐτὰ οἷς δεῖ ὀνόματα ἐπιθεῖναι, εἰ ἔστιν εἰς ἃ ἀναφέρεται πάντα ὥσπερ τὰ στοιχεῖα, ἐξ ὧν ἔστιν ἰδεῖν αὐτά τε καὶ εἰ ἐν αὐτοῖς ἔνεστιν εἶδη κατὰ τὸν αὐτὸν τρόπον ὥσπερ ἐν τοῖς στοιχείοις: ταῦτα πάντα καλῶς διαθεασαμένους ἐπίστασθαι ἐπιφέρειν ἕκαστον κατὰ τὴν ὁμοιότητα, ἐάντε ἐν ἐνὶ δέῃ ἐπιφέρειν, ἐάντε συγκεραννύντα πολλὰ [ἐνί], ὥσπερ οἱ ζωγράφοι βουλόμενοι ἀφομοιοῦν ἐνίετε μὲν ὄστρεον μόνον ἐπήνεγκαν, ἐνίετε δὲ [424e] ὅτιοῦν ἄλλο τῶν φαρμάκων, ἔστι δὲ ὅτε πολλὰ

συγκεράσαντες, οἷον ὅταν ἀνδρεῖκελον σκευάζωσιν ἢ ἄλλο τι τῶν τοιούτων ὡς ἂν οἶμαι δοκῇ ἐκάστη ἢ εἰκὼν δεῖσθαι ἐκάστου φαρμάκου οὕτω δὴ καὶ ἡμεῖς τὰ στοιχεῖα ἐπὶ τὰ πράγματα ἐποίσομεν, καὶ ἓν ἐπὶ ἓν, οὗ ἂν δοκῇ δεῖν, καὶ σύμπολλα, ποιοῦντες ὃ δὴ συλλαβὰς καλοῦσιν, καὶ συλλαβὰς αὖ συντιθέντες, [425a]ἐξ ὧν τὰ τε ὀνόματα καὶ τὰ ῥήματα συντίθενται: καὶ πάλιν ἐκ τῶν ὀνομάτων καὶ ῥημάτων μέγα ἤδη τι καὶ καλὸν καὶ ὅλον συστήσομεν, ὥσπερ ἐκεῖ τὸ ζῶον τῇ γραφικῇ, ἐνταῦθα τὸν λόγον τῇ ὀνομαστικῇ ἢ ῥητορικῇ ἢ ἥτις ἐστὶν ἡ τέχνη. μᾶλλον δὲ οὐχ ἡμεῖς, ἀλλὰ λέγων ἐξηνέχθην. συνέθεσαν μὲν γὰρ οὕτως ἥπερ σύγκειται οἱ παλαιοί: ἡμᾶς δὲ δεῖ, εἴπερ τεχνικῶς ἐπιστησόμεθα σκοπεῖσθαι αὐτὰ πάντα, [425b]οὕτω διελομένους, εἴτε κατὰ τρόπον τὰ τε πρῶτα ὀνόματα κεῖται καὶ τὰ ὕστερα εἴτε μή, οὕτω θεᾶσθαι: ἄλλως δὲ συνείρειν μὴ φαῦλον ἢ καὶ οὐ καθ' ὁδόν, ὧ φίλε Ἑρμόγενης.

Ἑρμογένης: ἴσως νῆ Δί', ὧ Σώκρατες.

Σωκράτης: τί οὖν; σὺ πιστεύεις σαυτῷ οἷός τ' ἂν εἶναι ταῦτα οὕτω διελέσθαι; ἐγὼ μὲν γὰρ οὐ.

Ἑρμογένης: πολλοῦ ἄρα δέω ἔγωγε.

Σωκράτης: ἐάσομεν οὖν, ἢ βούλει οὕτως ὅπως ἂν δυνώμεθα, καὶ ἂν σμικρόν τι αὐτῶν οἰοί τ' ὧμεν κατιδεῖν, ἐπιχειρῶμεν, [425c]προειπόντες, ὥσπερ ὀλίγον πρότερον τοῖς θεοῖς, ὅτι οὐδὲν εἰδότες τῆς ἀληθείας τὰ τῶν ἀνθρώπων δόγματα περὶ αὐτῶν εἰκάζομεν, οὕτω δὲ καὶ νῦν αὖ εἰπόντες [ἡμῖν] αὐτοῖς ἴωμεν, ὅτι εἰ μὲν τι χρῆν [ἔδει] αὐτὰ διελέσθαι εἴτε ἄλλον ὄντινον εἴτε ἡμᾶς, οὕτως ἔδει αὐτὰ διαιρεῖσθαι, νῦν δὲ τὸ λεγόμενον κατὰ δύναμιν δεήσει ἡμᾶς περὶ αὐτῶν πραγματεύεσθαι; δοκεῖ ταῦτα, ἢ πῶς λέγεις;

Ἑρμογένης: πάνυ μὲν οὖν σφόδρα ἔμοιγε δοκεῖ. [425d]

Σωκράτης: γελοῖα μὲν οἶμαι φανεῖσθαι, ὧ Ἑρμόγενης, γράμμασι καὶ συλλαβαῖς τὰ πράγματα μεμιμημένα κατάδηλα γιγνόμενα: ὅμως δὲ ἀνάγκη. οὐ γὰρ ἔχομεν τούτου βέλτιον εἰς ὅτι ἐπανενέγκωμεν περὶ ἀληθείας τῶν πρώτων ὀνομάτων, εἰ μὴ ἄρα <βού>λει, ὥσπερ οἱ τραγωδοποιοὶ ἐπειδάν τι ἀπορῶσιν ἐπὶ τὰς μηχανὰς καταφεύγουσι θεοὺς αἶροντες, καὶ ἡμεῖς οὕτως εἰπόντες ἀπαλλαγῶμεν, ὅτι τὰ

πρῶτα ὀνόματα οἱ θεοὶ ἔθεσαν καὶ διὰ ταῦτα ὀρθῶς ἔχει. ἄρα [425e]καὶ ἡμῖν κράτιστος οὗτος τῶν λόγων; ἢ ἐκεῖνος, ὅτι παρὰ βαρβάρων τινῶν αὐτὰ παρειλήφαμεν, εἰσὶ δὲ ἡμῶν ἀρχαιότεροι βάρβαροι; ἢ ὅτι ὑπὸ παλαιότητος ἀδύνατον αὐτὰ [426a]ἐπισκέψασθαι, ὥσπερ καὶ τὰ βαρβαρικά; αὐταὶ γὰρ ἂν πᾶσαι ἐκδύσεις εἶεν καὶ μάλα κομψαὶ τῷ μὴ ἐθέλοντι λόγον διδόναι περὶ τῶν πρώτων ὀνομάτων ὡς ὀρθῶς κεῖται. καίτοι ὅτῳ τις τρὸς τῶν πρώτων ὀνομάτων τὴν ὀρθότητα μὴ οἶδεν, ἀδύνατόν του τῶν γε ὑστέρων εἰδέναι, ἃ ἐξ ἐκείνων ἀνάγκη δηλοῦσθαι ὧν τις πέρι μηδὲν οἶδεν: ἀλλὰ δῆλον ὅτι τὸν φάσκοντα περὶ αὐτῶν τεχνικὸν εἶναι περὶ τῶν πρώτων [426b]ὀνομάτων μάλιστα τε καὶ καθαρώτατα δεῖ ἔχειν ἀποδειξαι, ἢ εὖ εἰδέναι ὅτι τὰ γε ὕστερα ἤδη φλυαρήσει. ἢ σοὶ ἄλλως δοκεῖ;

Ἑρμογένης: οὐδ' ὅπωςτιοῦν, ὦ Σώκρατες, ἄλλως.

Σωκράτης: ἃ μὲν τοίνυν ἐγὼ ἤσθημαι περὶ τῶν πρώτων ὀνομάτων πάνυ μοι δοκεῖ ὑβριστικὰ εἶναι καὶ γελοῖα. τούτων οὖν σοὶ μεταδώσω, ἂν βούλῃ: σὺ δ' ἂν τι ἔχῃς βέλτιόν ποθεν λαβεῖν, πειρᾶσθαι καὶ ἐμοὶ μεταδιδόναι.

Ἑρμογένης: ποιήσω ταῦτα. ἀλλὰ θαρρῶν λέγε. [426c]

Σωκράτης: πρῶτον μὲν τοίνυν τὸ ῥῶ ἔμοιγε φαίνεται ὥσπερ ὄργανον εἶναι πάσης τῆς κινήσεως, ἣν οὐδ' εἵπομεν δι' ὅτι ἔχει τοῦτο τοῦνομα: ἀλλὰ γὰρ δῆλον ὅτι ἔσις βούλεται εἶναι: οὐ γὰρ ἦτα ἐχρώμεθα ἀλλὰ εἴ τὸ παλαιόν. ἢ δὲ ἀρχὴ ἀπὸ τοῦ κίειν ξενικὸν δὲ τοῦνομα τοῦτο δ' ἐστὶν ἰέναι. εἰ οὖν τις τὸ παλαιὸν αὐτῆς εὖροι ὄνομα εἰς τὴν ἡμετέραν φωνὴν συμβαῖνον, ἔσις ἂν ὀρθῶς καλοῖτο: νῦν δὲ ἀπὸ τε τοῦ ξενικοῦ τοῦ κίειν καὶ ἀπὸ τῆς τοῦ ἦτα μεταβολῆς καὶ τῆς τοῦ νῦ ἐνθέσεως κίνησις κέκληται, ἔδει [426d]δὲ κίεινησιν καλεῖσθαι [ἢ εἴσιν]. ἢ δὲ στάσις ἀπόφασις τοῦ ἰέναι βούλεται εἶναι, διὰ δὲ τὸν καλλωπισμὸν στάσις ὠνόμασται. τὸ δὲ οὖν ῥῶ τὸ στοιχεῖον, ὥσπερ λέγω, καλὸν ἔδοξεν ὄργανον εἶναι τῆς κινήσεως τῷ τὰ ὀνόματα τιθεμένῳ πρὸς τὸ ἀφομοιοῦν τῇ φορᾷ, πολλαχοῦ γοῦν χρῆται αὐτῷ εἰς αὐτήν: πρῶτον μὲν ἐν αὐτῷ τῷ ρεῖν καὶ ροῇ διὰ τούτου τοῦ γράμματος τὴν φορὰν μιμεῖται, εἴτα ἐν τῷ [426e] τρόμῳ, εἴτα ἐν τῷ τρέχειν, ἔτι δὲ ἐν τοῖς τοιοῖσδε ῥήμασιν οἷον κρούειν,

θραύειν, ἐρείκειν, θρύπτειν, κερματίζειν, ῥυμβεῖν, πάντα ταῦτα τὸ πολὺ ἀπεικάζει διὰ τοῦ ῥῶ. ἐώ<ρα> γὰρ οἶμαι τὴν γλῶτταν ἐν τούτῳ ἥκιστα μένουσαν, μάλιστα δὲ σειομένην: διὸ φαίνεται μοι τούτῳ πρὸς ταῦτα κατακεχρησθαι. τῷ δὲ αὖ ἰῶτα πρὸς τὰ λεπτά πάντα, ἃ δὴ μάλιστα διὰ πάντων ἴοι ἄν. διὰ ταῦτα τὸ [427a] ἰέναι καὶ τὸ ἴεσθαι διὰ τοῦ ἰῶτα ἀπομιμεῖται, ὥσπερ γε διὰ τοῦ φεῖ καὶ τοῦ ψεῖ καὶ τοῦ σῖγμα καὶ τοῦ ζῆτα, ὅτι πνευματώδη τὰ γράμματα, πάντα τὰ τοιαῦτα μεμίμηται αὐτοῖς ὀνομάζων, οἷον τὸ ψυχρὸν καὶ τὸ ζέον καὶ τὸ σεῖεσθαι καὶ ὅλως σεισμόν. καὶ ὅταν που τὸ φυσῶδες μιμῆται, πανταχοῦ ἐνταῦθα ὡς τὸ πολὺ τὰ τοιαῦτα γράμματα ἐπιφέρειν φαίνεται ὁ τὰ ὀνόματα τιθέμενος. τῆς δ' αὖ τοῦ δέλτα συμπίεσεως καὶ τοῦ ταῦ καὶ ἀπερείσεως τῆς γλώττης [427b]τὴν δύναμιν χρήσιμον φαίνεται ἡγήσασθαι πρὸς τὴν μίμησιν τοῦ δεσμοῦ καὶ τῆς στάσεως. ὅτι δὲ ὀλισθάνει μάλιστα ἐν τῷ λάβδα ἢ γλῶττα κατιδών, ἀφομοιῶν ὠνόμασε τὰ τε λεία καὶ αὐτὸ τὸ ὀλισθάνειν καὶ τὸ λιπαρὸν καὶ τὸ κολλῶδες καὶ τᾶλλα πάντα τὰ τοιαῦτα. ἥ δὲ ὀλισθανούσης τῆς γλώττης ἀντιλαμβάνεται ἡ τοῦ γάμμα δύναμις, τὸ γλίσχρον ἀπεμιμήσατο καὶ γλυκὺ καὶ γλοιῶδες. [427c]τοῦ δ' αὖ νῦ τὸ εἶσω αἰσθόμενος τῆς φωνῆς, τὸ ἔνδον καὶ τὰ ἐντὸς ὠνόμασεν, ὡς ἀφομοιῶν τοῖς γράμμασι τὰ ἔργα. τὸ δ' αὖ ἄλφα τῷ μεγάλῳ ἀπέδωκε, καὶ τῷ μήκει τὸ ἦτα, ὅτι μεγάλα τὰ γράμματα. εἰς δὲ τὸ γογγύλον τοῦ οὗ δεόμενος σημείου, τοῦτο πλεῖστον αὐτῷ εἰς τὸ ὄνομα ἐνεκέρασεν. καὶ τᾶλλα οὕτω φαίνεται προσβιβάζειν καὶ κατὰ γράμματα καὶ κατὰ συλλαβὰς ἐκάστῳ τῶν ὄντων σημείον τε καὶ ὄνομα ποιῶν ὁ νομοθέτης, ἐκ δὲ τούτων τὰ λοιπὰ ἤδη αὐτοῖς τούτοις συντιθέναι ἀπομιμούμενος. αὕτη [427d]μοι φαίνεται, ὦ Ἑρμόγενης, βούλεσθαι εἶναι ἢ τῶν ὀνομάτων ὀρθότης, εἰ μὴ τι ἄλλο Κρατύλος ὁδε λέγει.

Ἑρμογένης: καὶ μὴν, ὦ Σώκρατες, πολλὰ γέ μοι πολλάκις πράγματα παρέχει Κρατύλος, ὥσπερ κατ' ἀρχὰς ἔλεγον, φάσκων μὲν εἶναι ὀρθότητα ὀνομάτων, ἥτις δ' ἐστὶν οὐδὲν σαφὲς λέγων, ὥστε με μὴ δύνασθαι εἰδέναι πότερον ἐκὼν ἢ ἄκων οὕτως ἀσαφῶς ἐκάστοτε περὶ αὐτῶν λέγει. νῦν οὖν [427e]μοι, ὦ Κρατύλε, ἐναντίον Σωκράτους εἰπέ πότερον ἀρέσκει σοι ἢ λέγει Σωκράτης περὶ ὀνομάτων, ἢ ἔχεις πῃ ἄλλη κάλλιον λέγειν; καὶ εἰ ἔχεις, λέγε, ἵνα ἦτοι μάθης παρὰ Σωκράτους ἢ διδάξης ἡμᾶς ἀμφοτέρους.

Κρατύλος: τί δέ, ὦ Ἑρμόγενης; δοκεῖ σοι ῥάδιον εἶναι οὕτω ταχὺ μαθεῖν τε καὶ διδάξαι ὅτιοῦν πρᾶγμα, μὴ ὅτι τοσοῦτον, ὃ δὴ δοκεῖ ἐν τοῖς [μεγίστοις] μέγιστον εἶναι; [428a]

Ἑρμογένης: μὰ Δί', οὐκ ἔμοιγε. ἀλλὰ τὸ τοῦ Ἡσιόδου καλῶς μοι φαίνεται ἔχειν, τὸ εἰ καὶ τις σμικρὸν ἐπὶ σμικρῷ καταθείη, προὔργου εἶναι. εἰ οὖν καὶ σμικρὸν τι οἷός τ' εἶ πλέον ποιῆσαι, μὴ ἀπόκαμνε ἀλλ' εὐεργέτει καὶ Σωκράτη τόνδε δίκαιος δ' εἶ καὶ ἐμέ.

Σωκράτης: καὶ μὲν δὴ ἔγωγε καὶ αὐτός, ὦ Κρατύλε, οὐδὲν ἂν ἰσχυρισαίμην ὧν εἴρηκα, ἥ δέ μοι ἐφαίνετο μεθ' Ἑρμογένους ἐπεσκεψάμην, ὥστε τούτου γε ἔνεκα θαρρῶν λέγε, εἴ τι [428b] ἔχεις βέλτιον, ὥς ἐμοῦ ἐνδεξομένου. εἰ μέντοι ἔχεις τι σὺ κάλλιον τούτων λέγειν, οὐκ ἂν θαυμάζοιμι: δοκεῖς γάρ μοι αὐτός τε ἐσκέφθαι τὰ τοιαῦτα καὶ παρ' ἄλλων μεμαθηκέναι. ἐὰν οὖν λέγῃς τι κάλλιον, ἕνα τῶν μαθητῶν περὶ ὁρθότητος ὀνομάτων καὶ ἐμὲ γράφου.

Κρατύλος: ἀλλὰ μὲν δὴ, ὦ Σώκρατες, ὥσπερ σὺ λέγεις, μεμέληκέν τέ μοι περὶ αὐτῶν καὶ ἴσως ἂν σε ποιησαίμην [428c] μαθητήν. φοβοῦμαι μέντοι μὴ τούτου πᾶν τοῦναντίον ἦ, ὅτι μοί πως ἐπέρχεται λέγειν πρὸς σέ τὸ τοῦ Ἀχιλλέως, ὃ ἐκεῖνος ἐν Λιταῖς πρὸς τὸν Αἴαντα λέγει. φησὶ δὲ Αἴαν διογενὲς Τελαμώνιε, κοίρανε λαῶν, πάντα τί μοι κατὰ θυμὸν ἐείσω μυθήσασθαι. (Hom. Il. 9.644) καὶ ἐμοὶ σύ, ὦ Σώκρατες, ἐπιεικῶς φαίνη κατὰ νοῦν χρησμοδεῖν, εἴτε παρ' Εὐθύφρονος ἐπίπνους γενόμενος, εἴτε καὶ ἄλλη τις Μοῦσα πάλαι σε ἐνοῦσα ἐλελήθει. [428d]

Σωκράτης: ὦγαθὲ Κρατύλε, θαυμάζω καὶ αὐτὸς πάλαι τὴν ἐμαυτοῦ σοφίαν καὶ ἀπιστῶ. δοκεῖ οὖν μοι χρῆναι ἐπανασκέψασθαι τί καὶ λέγω. τὸ γὰρ ἐξαπατᾶσθαι αὐτὸν ὑφ' αὐτοῦ πάντων χαλεπώτατον: ὅταν γὰρ μηδὲ σμικρὸν ἀποστατῇ ἀλλ' αἰεὶ παρῇ ὁ ἐξαπατήσων, πῶς οὐ δεινόν; δεῖ δὴ, ὥς ἔοικε, θαμὰ μεταστρέφεσθαι ἐπὶ τὰ προειρημένα, καὶ πειρᾶσθαι, τὸ ἐκείνου τοῦ ποιητοῦ, βλέπειν ἅμα πρόσσω καὶ ὀπίσσω. καὶ δὴ καὶ νυνὶ ἡμεῖς ἴδωμεν τί ἡμῖν εἴρηται. [428e] ὀνόματος, φαμέν, ὁρθότης ἐστὶν αὕτη, ἥτις ἐνδείξεται οἷόν ἐστι τὸ πρᾶγμα: τοῦτο φῶμεν ἱκανῶς εἰρῆσθαι;

Κρατύλος: ἐμοὶ μὲν δοκεῖ πάννυ σφόδρα, ὦ Σώκρατες.

Σωκράτης: διδασκαλίας ἄρα ἔνεκα τὰ ὀνόματα λέγεται;

Κρατύλος: πάνυ γε.

Σωκράτης: οὐκοῦν φῶμεν καὶ ταύτην τέχνην εἶναι καὶ δημιουργοὺς αὐτῆς;

Κρατύλος: πάνυ γε.

Σωκράτης: τίνας; [429a]

Κρατύλος: οὔσπερ σὺ κατ' ἀρχὰς ἔλεγες, τοὺς νομοθέτας.

Σωκράτης: πότερον οὖν καὶ ταύτην φῶμεν τὴν τέχνην ἐν τοῖς ἀνθρώποις ἐγγίγνεσθαι ὥσπερ καὶ τὰς ἄλλας ἢ μή; βούλομαι δὲ λέγειν τὸ τοιόνδε. ζωγράφοι εἰσὶν που οἱ μὲν χεῖρους, οἱ δὲ ἀμείνους;

Κρατύλος: πάνυ γε.

Σωκράτης: οὐκοῦν οἱ μὲν ἀμείνους τὰ αὐτῶν ἔργα καλλίως παρέχονται, τὰ ζῷα, οἱ δὲ φαυλότερα; καὶ οἰκοδόμοι ὡσαύτως οἱ μὲν καλλίους τὰς οἰκίας ἐργάζονται, οἱ δὲ αἰσχύους;

Κρατύλος: ναί. [429b]

Σωκράτης: ἄρ' οὖν καὶ νομοθέται οἱ μὲν καλλίως τὰ [ἔργα]} αὐτῶν παρέχονται, οἱ δὲ αἰσχύω;

Κρατύλος: οὐ μοι δοκεῖ τοῦτο ἔτι.

Σωκράτης: οὐκ ἄρα δοκοῦσί σοι νόμοι οἱ μὲν βελτίους, οἱ δὲ φαυλότεροι εἶναι;

Κρατύλος: οὐ δῆτα.

Σωκράτης: οὐδὲ δὴ ὄνομα, ὡς ἔοικε, δοκεῖ σοι κεῖσθαι τὸ μὲν χεῖρον, τὸ δὲ ἄμεινον;

Κρατύλος: οὐ δῆτα.

Σωκράτης: πάντα ἄρα τὰ ὀνόματα ὀρθῶς κεῖται;

Κρατύλος: ὅσα γε ὀνόματά ἐστιν.

Σωκράτης: τί οὖν; ὁ καὶ ἄρτι ἐλέγετο, Ἑρμογένει τῷδε πότερον [429c]μηδὲ ὄνομα τοῦτο κεῖσθαι φῶμεν, εἰ μὴ τι αὐτῷ Ἑρμοῦ γενέσεως προσήκει, ἢ κεῖσθαι μέν, οὐ μέντοι ὀρθῶς γε;

Κρατύλος: οὐδὲ κεῖσθαι ἔμοιγε δοκεῖ, ὦ Σώκρατες, ἀλλὰ δοκεῖν κεῖσθαι, εἶναι δὲ ἐτέρου τοῦτο τοῦνομα, οὐπὲρ καὶ ἡ φύσις [ἢ τὸ ὄνομα δηλοῦσα].

Σωκράτης: πότερον οὐδὲ ψεύδεται ὅταν τις φῇ Ἑρμογένη αὐτὸν εἶναι; μὴ γὰρ οὐδὲ τοῦτο αὖ ἤ, τὸ τοῦτον φάναι Ἑρμογένη εἶναι, εἰ μὴ ἔστιν;

Κρατύλος: πῶς λέγεις; [429d]

Σωκράτης: ἄρα ὅτι ψευδῇ λέγειν τὸ παράπαν οὐκ ἔστιν, ἄρα τοῦτό σοι δύναται ὁ λόγος; συχνοὶ γὰρ τινες οἱ λέγοντες, ὦ φίλε Κρατύλε, καὶ νῦν καὶ πάλαι.

Κρατύλος: πῶς γὰρ ἂν, ὦ Σώκρατες, λέγων γέ τις τοῦτο ὃ λέγει, μὴ τὸ ὄν λέγοι; ἢ οὐ τοῦτό ἐστιν τὸ ψευδῇ λέγειν, τὸ μὴ τὰ ὄντα λέγειν;

Σωκράτης: κομψότερος μὲν ὁ λόγος ἢ κατ' ἐμὲ καὶ κατὰ τὴν ἐμὴν ἡλικίαν, ὦ ἐταῖρε. ὅμως μέντοι εἰπέ μοι τοσόνδε: [429e]πότερον λέγειν μὲν οὐ δοκεῖ σοι εἶναι ψευδῇ, φάναι δέ;

Κρατύλος: οὐ μοι δοκεῖ οὐδὲ φάναι.

Σωκράτης: οὐδὲ εἰπεῖν οὐδὲ προσεῖπεῖν; οἷον εἴ τις ἀπαντήσας σοι ἐπὶ ξενίας, λαβόμενος τῆς χειρὸς εἶποι: χαῖρε, ὦ ξένη Ἀθηναῖε, υἱὲ Σμικρίωνος Ἑρμόγενης, οὗτος λέξιεν ἂν ταῦτα ἢ φαίη ἂν ταῦτα ἢ εἶποι ἂν ταῦτα ἢ προσεῖποι ἂν οὕτω σὲ μὲν οὐ, Ἑρμογένη δὲ τόνδε; ἢ οὐδένα;

Κρατύλος: ἐμοὶ μὲν δοκεῖ, ὦ Σώκρατες, ἄλλως ἂν οὗτος ταῦτα φηέξασθαι. [430a]

Σωκράτης: ἀλλ' ἀγαπητὸν καὶ τοῦτο. πότερον γὰρ ἀληθῆ ἂν φηέξαιτο ταῦτα ὁ φηεζάμενος ἢ ψευδῇ; ἢ τὸ μὲν τι αὐτῶν ἀληθές, τὸ δὲ ψεῦδος; καὶ γὰρ ἂν καὶ τοῦτο ἐξαρκoῖ.

Κρατύλος: ψοφεῖν ἔγωγ' ἂν φαίην τὸν τοιοῦτον, μάτην αὐτὸν

ἐαυτὸν κινεῖντα, ὥσπερ ἂν εἴ τις χαλκίον κινήσειε κρούσας.

Σωκράτης: φέρε δὴ, ἐάν πη διαλλαχθῶμεν, ὦ Κρατύλε: ἄρ' οὐκ ἄλλο μὲν ἂν φαίης τὸ ὄνομα εἶναι, ἄλλο δὲ ἐκεῖνο οὐ τὸ ὄνομά ἐστιν;

Κρατύλος: ἔγωγε.

Σωκράτης: οὐκοῦν καὶ τὸ ὄνομα ὁμολογεῖς μίμημά τι εἶναι τοῦ [430b]πράγματος;

Κρατύλος: πάντων μάλιστα.

Σωκράτης: οὐκοῦν καὶ τὰ ζωγραφήματα τρόπον τινὰ ἄλλον λέγεις μιμήματα εἶναι πραγμάτων τινῶν;

Κρατύλος: ναί.

Σωκράτης: φέρε δὴ ἴσως γὰρ ἐγὼ οὐ μανθάνω ἅττα ποτ' ἔστιν ἃ λέγεις, σὺ δὲ τάχ' ἂν ὀρθῶς λέγοις ἔστι διανεῖμαι καὶ προσενεγκεῖν ταῦτα ἀμφοτέρω τὰ μιμήματα, τὰ τε ζωγραφήματα κακεῖνα τὰ ὀνόματα, τοῖς πράγμασιν ὧν μιμήματά ἐστιν, ἢ οὐ; [430c]

Κρατύλος: ἔστιν.

Σωκράτης: πρῶτον μὲν δὴ σκόπει τόδε. ἄρ' ἂν τις τὴν μὲν τοῦ ἀνδρὸς εἰκόνα τῷ ἀνδρὶ ἀποδοίη, τὴν δὲ τῆς γυναικὸς τῇ γυναικί, καὶ τᾶλλα οὕτως;

Κρατύλος: πάνυ μὲν οὖν.

Σωκράτης: οὐκοῦν καὶ τοῦναντίον τὴν μὲν τοῦ ἀνδρὸς τῇ γυναικί, τὴν δὲ τῆς γυναικὸς τῷ ἀνδρί;

Κρατύλος: ἔστι καὶ ταῦτα.

Σωκράτης: ἄρ' οὖν αὗται αἱ διανομαὶ ἀμφοτέρω ὀρθαί, ἢ ἡ ἐτέρα;

Κρατύλος: ἡ ἐτέρα.

Σωκράτης: ἢ ἂν ἐκάστῳ οἶμαι τὸ προσήκον τε καὶ τὸ ὅμοιον ἀποδιδῶ.

Κρατύλος: ἔμοιγε δοκεῖ. [430d]

Σωκράτης: ἵνα τοίνυν μὴ μαχώμεθα ἐν τοῖς λόγοις ἐγὼ τε καὶ σὺ φίλοι ὄντες, ἀποδεξαί μου ὃ λέγω. τὴν τοιαύτην γάρ, ὃ ἑταῖρε, καλῶ ἔγωγε διανομὴν ἐπ' ἀμφοτέροις μὲν τοῖς μιμήμασιν, τοῖς τε ζώοις καὶ τοῖς ὀνόμασιν, ὀρθήν, ἐπὶ δὲ τοῖς ὀνόμασι πρὸς τῷ ὀρθῷ καὶ ἀληθῇ: τὴν δ' ἐτέραν, τὴν τοῦ ἀνομοίου δόσιν τε καὶ ἐπιφοράν, οὐκ ὀρθήν, καὶ ψευδῇ ὅταν ἐπ' ὀνόμασιν ᾗ.

Κρατύλος: ἀλλ' ὅπως μή, ὦ Σώκρατες, ἐν μὲν τοῖς ζωγραφήμασιν [430e] ἢ τοῦτο, τὸ μὴ ὀρθῶς διανέμειν, ἐπὶ δὲ τοῖς ὀνόμασιν οὐ, ἀλλ' ἀναγκαῖον ἢ αἰεὶ ὀρθῶς.

Σωκράτης: πῶς λέγεις; τί τοῦτο ἐκείνου διαφέρει; ἄρ' οὐκ ἔστι προσελθόντα ἀνδρὶ τῷ εἰπεῖν ὅτι τουτί ἐστι σὸν γράμμα, καὶ δεῖξαι

αὐτῷ, ἂν μὲν τύχη, ἐκείνου εἰκόνα, ἂν δὲ τύχη, γυναικός; τὸ δὲ δεῖξαι λέγω εἰς τὴν τῶν ὀφθαλμῶν αἴσθησιν καταστήσαι.

Κρατύλος: πάνυ γε.

Σωκράτης: τί δέ; πάλιν αὐτῷ τούτῳ προσελθόντα εἰπεῖν ὅτι τουτί ἐστιν σὸν ὄνομα ; ἔστι δέ που καὶ τὸ ὄνομα μίμημα ὥσπερ τὸ ζωγράφημα. τοῦτο δὴ λέγω: ἄρ' οὐκ ἂν εἴη αὐτῷ [431a]εἰπεῖν ὅτι τουτί ἐστι σὸν ὄνομα, καὶ μετὰ τοῦτο εἰς τὴν τῆς ἀκοῆς αὐτῷ αἴσθησιν καταστήσαι, ἂν μὲν τύχη, τὸ ἐκείνου μίμημα, εἰπόντα ὅτι ἀνὴρ, ἂν δὲ τύχη, τὸ τοῦ θήλεος τοῦ ἀνθρωπίνου γένους, εἰπόντα ὅτι γυνή; οὐ δοκεῖ σοι τοῦτο οἷόν τ' εἶναι καὶ γίνεσθαι ἐνίστε;

Κρατύλος: ἐθέλω σοι, ὦ Σώκρατες, συγχωρῆσαι καὶ ἔστω οὕτως.

Σωκράτης: καλῶς γε σὺ ποιῶν, ὦ φίλε, εἰ ἔστι τοῦτο οὕτως: οὐδὲν γὰρ δεῖ νῦν πάνυ διαμάχεσθαι περὶ αὐτοῦ. εἰ δ' οὖν [431b]ἔστι τοιαύτη τις διανομή καὶ ἐνταῦθα, τὸ μὲν ἕτερον τούτων ἀληθεύειν βουλόμεθα καλεῖν, τὸ δ' ἕτερον ψεύδεσθαι. εἰ δὲ τοῦτο οὕτως ἔχει, καὶ ἔστι μὴ ὀρθῶς διανέμειν τὰ ὀνόματα μηδὲ ἀποδιδόναι τὰ προσήκοντα ἐκάστῳ, ἀλλ' ἐνίστε τὰ μὴ προσήκοντα, εἴη ἂν καὶ ῥήματα ταῦτόν τοῦτο ποιεῖν. εἰ δὲ ῥήματα καὶ ὀνόματα ἔστιν οὕτω τιθέναι, ἀνάγκη καὶ λόγους; [431c]λόγοι γάρ που, ὥς ἐγὼμαι, ἢ τούτων σύνθεσις ἐστίν: ἢ πῶς λέγεις, ὦ Κρατύλε;

Κρατύλος: οὕτω: καλῶς γάρ μοι δοκεῖς λέγειν.

Σωκράτης: οὐκοῦν εἰ γράμμασιν αὖ τὰ πρῶτα ὀνόματα ἀπεικάζομεν, ἔστιν ὥσπερ ἐν τοῖς ζωγραφήμασιν καὶ πάντα τὰ προσήκοντα χρώματά τε καὶ σχήματα ἀποδοῦναι, καὶ μὴ πάντα αὖ, ἀλλ' ἔνια ἐλλείπειν, ἔνια δὲ καὶ προστιθέναι, καὶ πλείω καὶ μείζω: ἢ οὐκ ἔστιν;

Κρατύλος: ἔστιν.

Σωκράτης: οὐκοῦν ὁ μὲν ἀποδιδούς πάντα καλὰ τὰ γράμματά τε καὶ τὰς εἰκόνας ἀποδίδωσιν, ὁ δὲ ἢ προστιθεῖς ἢ ἀφαιρῶν γράμματα μὲν καὶ εἰκόνας ἐργάζεται καὶ οὗτος, ἀλλὰ πονηράς; [431d]

Κρατύλος: ναί.

Σωκράτης: τί δὲ ὁ διὰ τῶν συλλαβῶν τε καὶ γραμμάτων τὴν οὐσίαν τῶν πραγμάτων ἀπομιμούμενος; ἄρα οὐ κατὰ τὸν αὐτὸν λόγον, ἂν μὲν πάντα ἀποδῶ τὰ προσήκοντα, καλὴ ἢ εἰκὼν ἔσται τοῦτο δ' ἔστιν ὄνομα ἐὰν δὲ σμικρὰ ἐλλείπη ἢ προστιθῇ ἐνίοτε, εἰκὼν μὲν γενήσεται, καλὴ δὲ οὐ; ὥστε τὰ μὲν καλῶς εἰργασμένα ἔσται τῶν ὀνομάτων, τὰ δὲ κακῶς;

Κρατύλος: ἴσως. [431e]

Σωκράτης: ἴσως ἄρα ἔσται ὁ μὲν ἀγαθὸς δημιουργὸς ὀνομάτων, ὁ δὲ κακός;

Κρατύλος: ναί.

Σωκράτης: οὐκοῦν τούτῳ ὁ νομοθέτης ἦν ὄνομα.

Κρατύλος: ναί.

Σωκράτης: ἴσως ἄρα νῆ Δί' ἔσται, ὥσπερ ἐν ταῖς ἄλλαις τέχναις, καὶ νομοθέτης ὁ μὲν ἀγαθός, ὁ δὲ κακός, ἐάνπερ τὰ ἔμπροσθεν ἐκεῖνα ὁμολογηθῇ ἡμῖν.

Κρατύλος: ἔστι ταῦτα. ἀλλ' ὁρᾷς, ὦ Σώκρατες, ὅταν ταῦτα τὰ γράμματα, τό τε ἄλφα καὶ τὸ βῆτα καὶ ἕκαστον τῶν στοιχείων, τοῖς ὀνόμασιν ἀποδιδῶμεν τῇ γραμματικῇ τέχνῃ, [432a]ἐάν τι ἀφέλωμεν ἢ προσθῶμεν ἢ μεταθῶμεν τι, <οὐ> γέγραπται μὲν ἡμῖν τὸ ὄνομα, οὐ μέντοι ὀρθῶς, ἀλλὰ τὸ παράπαν οὐδὲ γέγραπται, ἀλλ' εὐθὺς ἕτερόν ἐστιν ἐάν τι τούτων πάθῃ.

Σωκράτης: μὴ γὰρ οὐ καλῶς σκοπῶμεν οὕτω σκοποῦντες, ὦ Κρατύλε.

Κρατύλος: πῶς δὴ;

Σωκράτης: ἴσως ὅσα ἕκ τινος ἀριθμοῦ ἀναγκαῖον εἶναι ἢ μὴ εἶναι πάσχοι ἂν τοῦτο ὃ σὺ λέγεις, ὥσπερ καὶ αὐτὰ τὰ δέκα ἢ ὅστις βούλει ἄλλος ἀριθμός, ἐὰν ἀφέλῃς τι ἢ [432b]προσθῇς, ἕτερος εὐθὺς γέγονε: τοῦ δὲ ποιοῦ τινος καὶ συμπάσης εἰκόνος μὴ οὐχ αὕτη <ἦ> ἢ ὀρθότης, ἀλλὰ τὸ ἐναντίον οὐδὲ τὸ παράπαν δέη πάντα ἀποδοῦναι οἷόν ἐστιν ὃ εἰκάζει, εἰ μέλλει εἰκὼν εἶναι. σκόπει δὲ εἰ τι λέγω. ἄρ'

ἂν δύο πράγματα εἴη τοιάδε, οἷον Κρατύλος καὶ Κρατύλου εἰκόν, εἴ τις θεῶν μὴ μόνον τὸ σὸν χρῶμα καὶ σχῆμα ἀπεικάσειεν ὥσπερ οἱ ζωγράφοι, ἀλλὰ καὶ τὰ ἐντὸς πάντα τοιαῦτα ποιήσειεν οἷάπερ τὰ σά, καὶ μαλακότητος [432c] καὶ θερμότητος τὰς αὐτὰς ἀποδοίη, καὶ κίνησιν καὶ ψυχὴν καὶ φρόνησιν οἷαπερ ἡ παρὰ σοὶ ἐνθεῖη αὐτοῖς, καὶ ἐνὶ λόγῳ πάντα ἅπερ σὺ ἔχεις, τοιαῦτα ἕτερα καταστήσειεν πλησίον σου; πότερον Κρατύλος ἂν καὶ εἰκὼν Κρατύλου τότε εἴη τὸ τοιοῦτον, ἢ δύο Κρατύλοι;

Κρατύλος: δύο ἔμοιγε δοκοῦσιν, ὦ Σώκρατες, Κρατύλοι.

Σωκράτης: ὁρᾷς οὖν, ὦ φίλε, ὅτι ἄλλην χρὴ εἰκόνος ὀρθότητα ζητεῖν καὶ ὧν νυνδὴ ἐλέγομεν, καὶ οὐκ ἀναγκάζειν, ἐάν τι [432d] ἀπὴ ἢ προσῇ, μηκέτι αὐτὴν εἰκόνα εἶναι; ἢ οὐκ αἰσθάνῃ ὅσου ἐνδέουσιν αἱ εἰκόνες τὰ αὐτὰ ἔχειν ἐκείνοις ὧν εἰκόνες εἰσίν;

Κρατύλος: ἔγωγε.

Σωκράτης: γελοῖα γοῦν, ὦ Κρατύλε, ὑπὸ τῶν ὀνομάτων πάθοι ἂν ἐκεῖνα ὧν ὀνόματά ἐστιν τὰ ὀνόματα, εἰ πάντα πανταχῇ αὐτοῖς ὁμοιωθεῖν. διττὰ γὰρ ἂν που πάντα γένοιτο, καὶ οὐκ ἂν ἔχοι αὐτῶν εἰπεῖν <οὐδεὶς> οὐδέτερον ὁπότερόν ἐστι τὸ μὲν αὐτό, τὸ δὲ ὄνομα.

Κρατύλος: ἀληθῆ λέγεις.

Σωκράτης: θαρρῶν τοίνυν, ὦ γενναῖε, ἕα καὶ ὄνομα τὸ μὲν εὖ [432e] κεῖσθαι, τὸ δὲ μή, καὶ μὴ ἀνάγκαζε πάντ' ἔχειν τὰ γράμματα, ἵνα κομιδῇ ἢ τοιοῦτον οἷόνπερ οὗ ὄνομά ἐστιν, ἀλλ' ἕα καὶ τὸ μὴ προσήκον γράμμα ἐπιφέρειν. εἰ δὲ γράμμα, καὶ ὄνομα ἐν λόγῳ: εἰ δὲ ὄνομα, καὶ λόγον ἐν λόγῳ μὴ προσήκοντα τοῖς πράγμασιν ἐπιφέρεσθαι, καὶ μηδὲν ἥττον ὀνομάζεσθαι τὸ πρᾶγμα καὶ λέγεσθαι, ἕως ἂν ὁ τύπος ἐνῇ τοῦ πράγματος περὶ οὗ ἂν ὁ λόγος ᾖ, ὥσπερ ἐν τοῖς [433a] τῶν στοιχείων ὀνόμασιν, εἰ μέμνησαι ἃ νυνδὴ ἐγὼ καὶ Ἑρμογένης ἐλέγομεν.

Κρατύλος: ἀλλὰ μέμνημαι.

Σωκράτης: καλῶς τοίνυν. ὅταν γὰρ τοῦτο ἐνῇ, κἂν μὴ πάντα τὰ προσήκοντα ἔχῃ, λέξεταί γε τὸ πρᾶγμα, καλῶς ὅταν πάντα, κακῶς δὲ ὅταν ὀλίγα: λέγεσθαι δ' οὖν, ὦ μακάριε, ἐῷμεν, ἵνα μὴ ὀφλωμεν

ὥσπερ οἱ ἐν Αἰγίνῃ νύκτωρ περιόντες ὁπὲρ ὁδοῦ, καὶ ἡμεῖς ἐπὶ τὰ πράγματα δόξωμεν αὖ [433b]τῇ ἀληθείᾳ οὕτω πως ἐληλυθέναι ὀψιαιότερον τοῦ δέοντος, ἢ ζητεῖ τινὰ ἄλλην ὀνόματος ὀρθότητα, καὶ μὴ ὁμολόγει δῆλωμα συλλαβαῖς καὶ γράμμασι πράγματος ὄνομα εἶναι. εἰ γὰρ ταῦτα ἀμφοτέρω ἐρεῖς, οὐχ οἷός τ' ἔσῃ συμφωνεῖν σαυτῷ.

Κρατύλος: ἀλλὰ μοι δοκεῖς γε, ὦ Σώκρατες, μετρίως λέγειν, καὶ οὕτω τίθεμαι.

Σωκράτης: ἐπειδὴ τοίνυν ταῦτα ἡμῖν συνδοκεῖ, μετὰ ταῦτα τάδε σκοπῶμεν: εἰ μέλλει φαμέν καλῶς κεῖσθαι τὸ ὄνομα, τὰ προσήκοντα δεῖ αὐτὸ γράμματα ἔχειν;

Κρατύλος: ναί. [433c]

Σωκράτης: προσήκει δὲ τὰ ὅμοια τοῖς πράγμασιν;

Κρατύλος: πάνυ γε.

Σωκράτης: τὰ μὲν ἄρα καλῶς κείμενα οὕτω κεῖται: εἰ δὲ μή τι καλῶς ἐτέθη, τὸ μὲν ἂν πολὺ ἴσως ἐκ προσηκόντων εἴη γραμμάτων καὶ ὁμοίων, εἴπερ ἔσται εἰκὼν, ἔχοι δ' ἂν τι καὶ οὐ προσῆκον, δι' ὃ οὐκ ἂν καλὸν εἴη οὐδὲ καλῶς εἰργασμένον τὸ ὄνομα. οὕτω φαμέν ἢ ἄλλως;

Κρατύλος: οὐδὲν δεῖ οἶμαι διαμάχεσθαι, ὦ Σώκρατες: ἐπεὶ οὐκ ἀρέσκει γέ με τὸ φάναι ὄνομα μὲν εἶναι, μὴ μέντοι καλῶς γε κεῖσθαι. [433d]

Σωκράτης: πότερον τοῦτο οὐκ ἀρέσκει σε, τὸ εἶναι τὸ ὄνομα δῆλωμα τοῦ πράγματος;

Κρατύλος: ἔμοιγε.

Σωκράτης: ἀλλὰ τὸ εἶναι τῶν ὀνομάτων τὰ μὲν ἐκ προτέρων συγκείμενα, τὰ δὲ πρῶτα, οὐ καλῶς σοι δοκεῖ λέγεσθαι;

Κρατύλος: ἔμοιγε.

Σωκράτης: ἀλλὰ τὰ πρῶτα εἰ μέλλει δηλώματά τινων γίνεσθαι,

ἔχεις τινὰ καλλίῳ τρόπον τοῦ δηλῶματα αὐτὰ γενέσθαι [433e] ἄλλον ἢ αὐτὰ ποιῆσαι ὅτι μάλιστα τοιαῦτα οἷα ἐκεῖνα ἃ δεῖ δηλοῦν αὐτά; ἢ ὅδε μᾶλλον σε ἀρέσκει ὁ τρόπος ὃν Ἑρμογένης λέγει καὶ ἄλλοι πολλοί, τὸ συνθήματα εἶναι τὰ ὀνόματα καὶ δηλοῦν τοῖς συνθεμένοις προειδόσι δὲ τὰ πράγματα, καὶ εἶναι ταύτην ὀρθότητα ὀνόματος, συνθήκην, διαφέρειν δὲ οὐδὲν ἑάντε τις συνθῇται ὥσπερ νῦν σύγκειται, ἑάντε καὶ τοῦναντίον ἐπὶ μὲν ᾧ νῦν σμικρόν, μέγα καλεῖν, ἐπὶ δὲ ᾧ μέγα, σμικρόν; πότερός σε ὁ τρόπος ἀρέσκει; [434a]

Κρατύλος: ὄλω καὶ παντὶ διαφέρει, ὃ Σώκρατες, τὸ ὁμοιώματι δηλοῦν ὅτι ἂν τις δηλοῖ ἀλλὰ μὴ τῷ ἐπιτυχόντι.

Σωκράτης: καλῶς λέγεις. οὐκοῦν εἴπερ ἔσται τὸ ὄνομα ὅμοιον τῷ πράγματι, ἀναγκαῖον πεφυκέναι τὰ στοιχεῖα ὅμοια τοῖς πράγμασιν, ἐξ ὧν τὰ πρῶτα ὀνόματά τις συνθήσει; ὥδε δὲ λέγω: ἄρά ποτ' ἂν τις συνέθηκεν ὁ νυνδὴ ἐλέγομεν ζωγράφημα ὁμοίον τῷ τῶν ὄντων, εἰ μὴ φύσει ὑπῆρχε [434b] φαρμακεῖα ὅμοια ὄντα, ἐξ ὧν συντίθεται τὰ ζωγραφούμενα, ἐκείνοις ἃ μιμεῖται ἡ γραφικὴ: ἢ ἀδύνατον;

Κρατύλος: ἀδύνατον.

Σωκράτης: οὐκοῦν ὡσαύτως καὶ ὀνόματα οὐκ ἂν ποτε ὅμοια γένοιτο οὐδενί, εἰ μὴ ὑπάρξει ἐκεῖνα πρῶτον ὁμοιότητά τινα ἔχοντα, ἐξ ὧν συντίθεται τὰ ὀνόματα, ἐκείνοις ὧν ἐστί τὰ ὀνόματα μιμήματα; ἐστί δέ, ἐξ ὧν συνθετέον, στοιχεῖα;

Κρατύλος: ναί.

Σωκράτης: ἤδη τοίνυν καὶ σὺ κοινῶνι τοῦ λόγου οὐπερ ἄρτι [434c] Ἑρμογένης. φέρε, καλῶς σοι δοκοῦμεν λέγειν ὅτι τὸ ῥῶ τῇ φορᾷ καὶ κινήσει καὶ σκληρότητι προσέοικεν, ἢ οὐ καλῶς;

Κρατύλος: καλῶς ἔμοιγε.

Σωκράτης: τὸ δὲ λάβδα τῷ λείφ καὶ μαλακῷ καὶ οἷς νυνδὴ ἐλέγομεν;

Κρατύλος: ναί.

Σωκράτης: οἶσθα οὖν ὅτι ἐπὶ τῷ αὐτῷ ἡμεῖς μὲν φαμεν σκληρότης,

Ἐρετριῆς δὲ σκληροτήρ ;

Κρατύλος: πάνυ γε.

Σωκράτης: πότερον οὖν τό τε ῥῶ καὶ τὸ σῖγμα ἔοικεν ἀμφοτέρα τῷ αὐτῷ, καὶ δημοῖ ἐκείνοις τε τὸ αὐτὸ τελευτῶντος τοῦ ῥῶ καὶ ἡμῖν τοῦ σῖγμα, ἢ τοῖς ἑτέροις ἡμῶν οὐ δημοῖ; [434d]

Κρατύλος: δημοῖ μὲν οὖν ἀμφοτέροις.

Σωκράτης: πότερον ἢ ὅμοια τυγχάνει ὄντα τὸ ῥῶ καὶ τὸ σῖγμα, ἢ ἢ μὴ;

Κρατύλος: ἢ ὅμοια.

Σωκράτης: ἢ οὖν ὅμοιά ἐστι πανταχῇ;

Κρατύλος: πρὸς γε τὸ ἴσως φορὰν δηλοῦν.

Σωκράτης: ἢ καὶ τὸ λάβδα ἐγκείμενον; οὐ τὸ ἐναντίον δημοῖ σκληρότητος;

Κρατύλος: ἴσως γὰρ οὐκ ὀρθῶς ἔγκειται, ὃ Σώκρατες: ὥσπερ καὶ ἅ νυνδὴ σὺ πρὸς Ἑρμογένη ἔλεγες ἐξαιρῶν τε καὶ ἐντιθεὶς γράμματα οὗ δέοι, καὶ ὀρθῶς ἐδόκεις ἔμοιγε. καὶ νῦν ἴσως ἀντὶ τοῦ λάβδα ῥῶ δεῖ λέγειν. [434e]

Σωκράτης: εὖ λέγεις. τί οὖν; νῦν ὥς λέγομεν, οὐδὲν μανθάνομεν ἀλλήλων, ἐπειδάν τις φῇ σκληρόν, οὐδὲ οἶσθα σὺ νῦν ὅτι ἐγὼ λέγω;

Κρατύλος: ἔγωγε, διὰ γε τὸ ἔθος, ὃ φίλτατε.

Σωκράτης: ἔθος δὲ λέγων οἶμι τι διάφορον λέγειν συνθήκης; ἢ ἄλλο τι λέγεις τὸ ἔθος ἢ ὅτι ἐγώ, ὅταν τοῦτο φθέγγωμαι, διανοοῦμαι ἐκεῖνο, σὺ δὲ γινώσκεις ὅτι ἐκεῖνο διανοοῦμαι; οὐ τοῦτο λέγεις; [435a]

Κρατύλος: ναί.

Σωκράτης: οὐκοῦν εἰ γινώσκεις ἐμοῦ φθεγγομένου, δῆλωμα σοι γίγνεται παρ' ἐμοῦ;

Κρατύλος: ναί.

Σωκράτης: ἀπὸ τοῦ ἀνομοίου γε ἢ ὁ διανοούμενος φθέγγομαι, εἴπερ τὸ λάβδα ἀνόμοιον ἐστὶ τῇ ἤ φῆς σὺ σκληρότητι· εἰ δὲ τοῦτο οὕτως ἔχει, τί ἄλλο ἢ αὐτὸς σαυτῷ συνέθου καὶ σοι γίγνεται ἡ ὀρθότης τοῦ ὀνόματος συνθήκη, ἐπειδὴ γε δηλοῖ καὶ τὰ ὅμοια καὶ τὰ ἀνόμοια γράμματα, ἔθους τε καὶ συνθήκης τυχόντα; εἰ δ' ὅτι μάλιστα μὴ ἐστὶ τὸ ἔθος [435b] συνθήκη, οὐκ ἂν καλῶς ἔτι ἔχοι λέγειν τὴν ὁμοιότητα δῆλωμα εἶναι, ἀλλὰ τὸ ἔθος· ἐκεῖνο γάρ, ὡς ἔοικε, καὶ ὁμοίῳ καὶ ἀνομοίῳ δηλοῖ. ἐπειδὴ δὲ ταῦτα συγχωροῦμεν, ὦ Κρατύλε τὴν γὰρ σιγὴν σου συγχώρησιν θήσω ἀναγκαῖον που καὶ συνθήκην τι καὶ ἔθος συμβάλλεσθαι πρὸς δῆλωσιν ὧν διανοούμενοι λέγομεν· ἐπεὶ, ὦ βέλτιστε, εἰ 'θέλεις ἐπὶ τὸν ἀριθμὸν ἐλθεῖν, πόθεν οἶε ἕξιν ὀνόματα ὅμοια ἐνὶ ἐκάστῳ τῶν ἀριθμῶν ἐπενεγκεῖν, ἐὰν μὴ ἕξ τι [435c] τὴν σὴν ὁμολογίαν καὶ συνθήκην κῦρος ἔχειν τῶν ὀνομάτων ὀρθότητος πέρι; ἐμοὶ μὲν οὖν καὶ αὐτῷ ἀρέσκει μὲν κατὰ τὸ δυνατόν ὅμοια εἶναι τὰ ὀνόματα τοῖς πράγμασιν· ἀλλὰ μὴ ὡς ἀληθῶς, τὸ τοῦ Ἑρμογένους, γλίσχρα ἢ ἡ ὀλκὴ αὕτη τῆς ὁμοιότητος, ἀναγκαῖον δὲ ἢ καὶ τῷ φορτικῷ τούτῳ προσχρῆσθαι, τῇ συνθήκῃ, εἰς ὀνομάτων ὀρθότητα. ἐπεὶ ἴσως κατὰ γε τὸ δυνατόν κάλλιστ' ἂν λέγοιτο ὅταν ἢ πᾶσιν ἢ ὡς πλείστοις ὁμοίοις λέγεται, τοῦτο δ' ἐστὶ προσήκουσιν, [435d] αἰσχιστα δὲ τοῦναντίον. τότε δέ μοι ἔτι εἰπὲ μετὰ ταῦτα, τίνα ἡμῖν δύναμιν ἔχει τὰ ὀνόματα καὶ τί φῶμεν αὐτὰ καλὸν ἀπεργάζεσθαι;

Κρατύλος: διδάσκειν ἔμοιγε δοκεῖ, ὦ Σώκρατες, καὶ τοῦτο πάνυ ἀπλοῦν εἶναι, ὅς ἂν τὰ ὀνόματα ἐπίσθηται, ἐπίστασθαι καὶ τὰ πράγματα.

Σωκράτης: ἴσως γάρ, ὦ Κρατύλε, τὸ τοιόνδε λέγεις, ὡς ἐπειδὴν τις εἰδῇ τὸ ὄνομα οἷόν ἐστιν ἐστὶ δὲ οἷόν περ τὸ πρᾶγμα [435e] εἴσεται δὴ καὶ τὸ πρᾶγμα, ἐπεὶ περ ὁμοιον τυγχάνει ὃν τῷ ὀνόματι, τέχνη δὲ μία ἄρ' ἐστὶν ἡ αὕτη πάντων τῶν ἀλλήλοις ὁμοίων. κατὰ τοῦτο δὴ μοι δοκεῖς λέγειν ὡς ὅς ἂν τὰ ὀνόματα εἰδῇ εἴσεται καὶ τὰ πράγματα.

Κρατύλος: ἀληθέστατα λέγεις.

Σωκράτης: ἔχε δὴ, ἴδωμεν τίς ποτ' ἂν εἴη ὁ τρόπος οὗτος τῆς

διδασκαλίας τῶν ὄντων ὃν σὺ λέγεις νῦν, καὶ πότερον ἔστι μὲν καὶ ἄλλος, οὗτος μέντοι βελτίων, ἢ οὐδ' ἔστιν ἄλλος ἢ οὗτος. ποτέρως οἶει; [436a]

Κρατύλος: οὕτως ἔγωγε, οὐ πάνυ τι εἶναι ἄλλον, τοῦτον δὲ καὶ μόνον καὶ βέλτιστον.

Σωκράτης: πότερον δὲ καὶ εὗρεσιν τῶν ὄντων τὴν αὐτὴν ταύτην εἶναι, τὸν τὰ ὀνόματα εὐρόντα καὶ ἐκεῖνα ἠύρηκέναι ὧν ἔστι τὰ ὀνόματα: ἢ ζητεῖν μὲν καὶ εὐρίσκειν ἕτερον δεῖν τρόπον, μαθάνειν δὲ τοῦτον;

Κρατύλος: πάντων μάλιστα καὶ ζητεῖν καὶ εὐρίσκειν τὸν αὐτὸν τρόπον τοῦτον κατὰ ταυτά.

Σωκράτης: φέρε δὴ ἐννοήσωμεν, ὦ Κρατύλε, εἴ τις ζητῶν τὰ [436b]πράγματα ἀκολουθοῖ τοῖς ὀνόμασι, σκοπῶν οἷον ἕκαστον βούλεται εἶναι, ἄρ' ἐννοεῖς ὅτι οὐ σμικρὸς κίνδυνός ἐστιν ἐξαπατηθῆναι;

Κρατύλος: πῶς;

Σωκράτης: δῆλον ὅτι ὁ θέμενος πρῶτος τὰ ὀνόματα, οἷα ἡγεῖτο εἶναι τὰ πράγματα, τοιαῦτα ἐτίθετο καὶ τὰ ὀνόματα, ὥς φαμεν. ἦ γάρ;

Κρατύλος: ναί.

Σωκράτης: εἰ οὖν ἐκεῖνος μὴ ὀρθῶς ἡγεῖτο, ἔθετο δὲ οἷα ἡγεῖτο, τί οἶει ἡμᾶς τοὺς ἀκολουθοῦντας αὐτῷ πείσεσθαι; ἄλλο τι ἢ ἐξαπατηθήσεσθαι;

Κρατύλος: ἀλλὰ μὴ οὐχ οὕτως ἔχει, ὦ Σώκρατες, ἀλλ' ἀναγκαῖον [436c]ἢ εἰδότα τίθεσθαι τὸν τιθέμενον τὰ ὀνόματα: εἰ δὲ μή, ὅπερ πάλαι ἐγὼ ἔλεγον, οὐδ' ἂν ὀνόματα εἴη. μέγιστον δέ σοι ἔστω τεκμήριον ὅτι οὐκ ἔσφαλται τῆς ἀληθείας ὁ τιθέμενος: οὐ γὰρ ἂν ποτε οὕτω σύμφωνα ἦν αὐτῷ ἅπαντα. ἢ οὐκ ἐνενόεις αὐτὸς λέγων ὡς πάντα κατὰ ταῦτόν καὶ ἐπὶ ταῦτόν ἐγίγνετο τὰ ὀνόματα;

Σωκράτης: ἀλλὰ τοῦτο μὲν, ὦγαθὲ Κρατύλε, οὐδέν ἐστιν ἀπολόγημα. εἰ γὰρ τὸ πρῶτον σφαιεῖς ὁ τιθέμενος τᾶλλα ἤδη

[436d]πρὸς τοῦτ' ἐβιάζετο καὶ αὐτῷ συμφωνεῖν ἠνάγκαζεν, οὐδὲν ἄτοπον, ὥσπερ τῶν διαγραμμάτων ἐνίοτε τοῦ πρώτου σμικροῦ καὶ ἀδήλου ψεύδους γενομένου, τὰ λοιπὰ πάμπολλα ἤδη ὄντα ἐπόμενα ὁμολογεῖν ἀλλήλοις. δεῖ δὴ περὶ τῆς ἀρχῆς παντὸς πράγματος παντὶ ἀνδρὶ τὸν πολὺν λόγον εἶναι καὶ τὴν πολλὴν σκέψιν εἴτε ὀρθῶς εἴτε μὴ ὑπόκειται: ἐκείνης δὲ ἐξετασθείσης ἱκανῶς, τὰ λοιπὰ φαίνεσθαι ἐκείνη ἐπόμενα. οὐ μέντοι ἀλλὰ [436e]θαυμάζοιμ' ἂν εἰ καὶ τὰ ὀνόματα συμφωνεῖ αὐτὰ αὐτοῖς. πάλιν γὰρ ἐπισκεψώμεθα ἃ τὸ πρότερον διήλθομεν. ὥς τοῦ παντὸς ἰόντος τε καὶ φερομένου καὶ ῥεόντος φαμεν σημαίνειν ἡμῖν τὴν οὐσίαν τὰ ὀνόματα. ἄλλο τι οὕτω σοι δοκεῖ δηλοῦν; [437a]

Κρατύλος: πάνυ σφόδρα, καὶ ὀρθῶς γε σημαίνει.

Σωκράτης: σκοπῶμεν δὴ ἐξ αὐτῶν ἀναλαβόντες πρῶτον μὲν τοῦτο τὸ ὄνομα, τὴν ἐπιστήμην, ὥς ἀμφίβολόν [ἐστι], καὶ μᾶλλον ἔοικε σημαίνοντι ὅτι ἴστησιν ἡμῶν ἐπὶ τοῖς πράγμασι τὴν ψυχὴν ἢ ὅτι συμπεριφέρεται, καὶ ὀρθότερόν ἐστιν ὥσπερ νῦν αὐτοῦ τὴν ἀρχὴν λέγειν μᾶλλον ἢ ἐμβάλλοντας τὸ εἶ ἐπέιστήμην, ἀλλὰ τὴν ἐμβολὴν ποιήσασθαι ἀντὶ τῆς ἐν τῷ εἶ ἐν τῷ ἰῶτα. ἔπειτα τὸ βέβαιον, ὅτι βάσεως τινός ἐστιν καὶ στάσεως μίμημα ἀλλ' οὐ φορᾶς. [437b]ἔπειτα ἡ ἱστορία αὐτὸ που σημαίνει ὅτι ἴστησι τὸν ῥοῦν. καὶ τὸ πιστὸν ἰστὰν παντάπασι σημαίνει. ἔπειτα δὲ ἡ μνήμη παντί που μνηύει ὅτι μονή ἐστιν ἐν τῇ ψυχῇ ἀλλ' οὐ φορά. εἰ δὲ βούλει, ἡ ἀμαρτία καὶ ἡ συμφορά, εἰ κατὰ τὸ ὄνομά τις ἀκολουθήσει, φανέται ταῦτόν τῇ συνέσει ταύτῃ καὶ ἐπιστήμῃ καὶ τοῖς ἄλλοις πᾶσι τοῖς περὶ τὰ σπουδαῖα ὀνόμασιν. ἔτι τοίνυν ἡ ἀμαθία καὶ ἡ ἀκολασία παραπλησία τούτοις φαίνεται: ἡ μὲν [437c]γὰρ τοῦ ἅμα θεῷ ἰόντος πορεία φαίνεται, ἡ ἀμαθία, ἡ δ' ἀκολασία παντάπασιν ἀκολουθία τοῖς πράγμασι φαίνεται. καὶ οὕτως, ἃ νομίζομεν ἐπὶ τοῖς κακίστοις ὀνόματα εἶναι, ὁμοίωτάτ' ἂν φαίνοιτο τοῖς ἐπὶ τοῖς καλλίστοις. οἶμαι δὲ καὶ ἄλλα πόλλ' ἂν τις εὔροι εἰ πραγματεύοιτο, ἐξ ὧν οἰηθείη ἂν αὖ πάλιν τὸν τὰ ὀνόματα τιθέμενον οὐχὶ ἰόντα οὐδὲ φερόμενα ἀλλὰ μένοντα τὰ πράγματα σημαίνειν. [437d]

Κρατύλος: ἀλλ', ὦ Σώκρατες, ὁρᾷς ὅτι τὰ πολλὰ ἐκείνως ἐσήμαινεν.

Σωκράτης: τί οὖν τοῦτο, ὦ Κρατύλε; ὥσπερ ψήφους διαριθμησόμεθα τὰ ὀνόματα, καὶ ἐν τούτῳ ἔσται ἡ ὀρθότης; ὁπότερα ἂν πλείω φαίνεται τὰ ὀνόματα σημαίνοντα, ταῦτα δὴ ἔσται τάληθῃ;

Κρατύλος: οὐκουν εἰκός γε.

Σωκράτης: οὐδ' ὅπωςτιοῦν, ὦ φίλε. καὶ ταῦτα μὲν γε αὐτοῦ [438a] ἐάσωμεν, ἐπανέλθωμεν δὲ πάλιν ὅθεν δεῦρο μετέβημεν. ἄρτι γὰρ ἐν τοῖς πρόσθεν, εἰ μέμνησαι, τὸν τιθέμενον τὰ ὀνόματα ἀναγκαῖον ἔφησθα εἶναι εἰδότα τίθεσθαι οἷς ἐτίθετο. πότερον οὖν ἐτι σοι δοκεῖ οὕτως ἢ οὐ;

Κρατύλος: ἔτι.

Σωκράτης: ἦ καὶ τὸν τὰ πρῶτα τιθέμενον εἰδότα φῆς τίθεσθαι;

Κρατύλος: εἰδότα.

Σωκράτης: ἐκ ποίων οὖν ὀνομάτων ἢ μεμαθηκῶς ἢ ἠύρηκῶς ἦν [438b] τὰ πράγματα, εἶπερ τά γε πρῶτα μήπω ἔκειτο, μαθεῖν δ' αὐ φάμεν τὰ πράγματα καὶ εὑρεῖν ἀδύνατον εἶναι ἄλλως ἢ τὰ ὀνόματα μαθόντας ἢ αὐτοὺς ἐξευρόντας οἷά ἐστι;

Κρατύλος: δοκεῖς τί μοι λέγειν, ὦ Σώκρατες.

Σωκράτης: τίνα οὖν τρόπον φῶμεν αὐτοὺς εἰδότας θέσθαι ἢ νομοθέτας εἶναι, πρὶν καὶ ὅτιοῦν ὄνομα κεῖσθαι τε καὶ ἐκείνους εἰδέναι, εἶπερ μὴ ἔσται τὰ πράγματα μαθεῖν ἀλλ' ἢ ἐκ τῶν ὀνομάτων; [438c]

Κρατύλος: οἶμαι μὲν ἐγὼ τὸν ἀληθέστατον λόγον περὶ τούτων εἶναι, ὦ Σώκρατες, μείζω τινὰ δύναμιν εἶναι ἢ ἀνθρωπείαν τὴν θεμένην τὰ πρῶτα ὀνόματα τοῖς πράγμασιν, ὥστε ἀναγκαῖον εἶναι αὐτὰ ὀρθῶς ἔχειν.

Σωκράτης: εἶτα οἶει ἐναντία ἂν ἐτίθετο αὐτὸς αὐτῷ ὁ θεός, ὦν δαίμων τις ἢ θεός; ἢ οὐδέν σοι ἐδοκοῦμεν ἄρτι λέγειν;

Κρατύλος: ἀλλὰ μὴ οὐκ ἦν τούτων τὰ ἕτερα ὀνόματα.

Σωκράτης: πότερα, ὦ ἄριστε, τὰ ἐπὶ τὴν στάσιν ἄγοντα ἢ τὰ ἐπὶ τὴν

φοράν; οὐ γάρ που κατὰ τὸ ἄρτι λεχθὲν πλήθει κριθήσεται. [438d]

Κρατύλος: οὗτοι δὴ δίκαιόν γε, ὦ Σώκρατες.

Σωκράτης: ὀνομάτων οὖν στασιασάντων, καὶ τῶν μὲν φασκόντων ἑαυτὰ εἶναι τὰ ὅμοια τῇ ἀληθείᾳ, τῶν δ' ἑαυτά, τίνι ἔτι διακρινοῦμεν, ἢ ἐπὶ τί ἐλθόντες; οὐ γάρ που ἐπὶ ὀνόματά γε ἕτερα ἄλλα τούτων: οὐ γὰρ ἔστιν, ἀλλὰ δηλονότι ἅλλ' ἅττα ζητητέα πλὴν ὀνομάτων, ἃ ἡμῖν ἐμφανιεῖ ἄνευ ὀνομάτων ὁπότερα τούτων ἐστὶ τάληθῃ, δείξαντα δηλονότι τὴν ἀλήθειαν τῶν ὄντων. [438e]

Κρατύλος: δοκεῖ μοι οὕτω.

Σωκράτης: ἔστιν ἄρα, ὥς ἔοικεν, ὦ Κρατύλε, δυνατόν μαθεῖν ἄνευ ὀνομάτων τὰ ὄντα, εἴπερ ταῦτα οὕτως ἔχει.

Κρατύλος: φαίνεται.

Σωκράτης: διὰ τίνος ἄλλου οὖν ἔτι προσδοκᾷς ἂν ταῦτα μαθεῖν; ἄρα δι' ἄλλου τοῦ ἢ οὐπὲρ εἰκός τε καὶ δικαιοτάτον, δι' ἀλλήλων γε, εἴ πη συγγενῇ ἔστιν, καὶ αὐτὰ δι' αὐτῶν; τὸ γάρ που ἕτερον ἐκείνων καὶ ἄλλοιον ἕτερον ἂν τι καὶ ἄλλοιον σημαῖνοι ἄλλ' οὐκ ἐκεῖνα.

Κρατύλος: ἀληθῇ μοι φαίνῃ λέγειν. [439a]

Σωκράτης: ἔχε δὴ πρὸς Διός: τὰ δὲ ὀνόματα οὐ πολλάκις μέντοι ὁμολογήσαμεν τὰ καλῶς κείμενα ἑοικότα εἶναι ἐκείνοις ὧν ὀνόματα κεῖται, καὶ εἶναι εἰκόνας τῶν πραγμάτων;

Κρατύλος: ναί.

Σωκράτης: εἰ οὖν ἔστι μὲν ὅτι μάλιστα δι' ὀνομάτων τὰ πράγματα μανθάνειν, ἔστι δὲ καὶ δι' αὐτῶν, ποτέρα ἂν εἴη καλλίων καὶ σαφεστέρα ἢ μάθησις; ἐκ τῆς εἰκόνης μανθάνειν αὐτὴν τε αὐτὴν εἰ καλῶς εἰκασται, καὶ τὴν ἀλήθειαν ἧς ἦν εἰκόν, [439b] ἢ ἐκ τῆς ἀληθείας αὐτὴν τε αὐτὴν καὶ τὴν εἰκόνα αὐτῆς εἰ πρεπόντως εἴργασται;

Κρατύλος: ἐκ τῆς ἀληθείας μοι δοκεῖ ἀνάγκη εἶναι.

Σωκράτης: ὄντινα μὲν τοίνυν τρόπον δεῖ μανθάνειν ἢ εὐρίσκειν τὰ

όντα, μείζον ἴσως ἐστὶν ἐγνωκέναι ἢ κατ' ἐμὲ καὶ σέ: ἀγαπητὸν δὲ καὶ τοῦτο ὁμολογήσασθαι, ὅτι οὐκ ἐξ ὀνομάτων ἀλλὰ πολὺ μᾶλλον αὐτὰ ἐξ αὐτῶν καὶ μαθητέον καὶ ζητητέον ἢ ἐκ τῶν ὀνομάτων.

Κρατύλος: φαίνεται, ὦ Σώκρατες.

Σωκράτης: ἔτι τοίνυν τόδε σκεψώμεθα, ὅπως μὴ ἡμᾶς τὰ [439c]πολλὰ ταῦτα ὀνόματα ἐς ταῦτὸν τείνοντα ἐξαπατᾷ, εἰ τῷ ὄντι μὲν οἱ θέμενοι αὐτὰ διανοηθέντες γε ἔθεντο ὡς ἰόντων ἀπάντων ἀεὶ καὶ ρεόντων φαίνονται γὰρ ἔμοιγε καὶ αὐτῷ οὕτω διανοηθῆναι τὸ δ', εἰ ἔτυχεν, οὐχ οὕτως ἔχει, ἀλλ' οὗτοι αὐτοὶ τε ὥσπερ εἰς τινα δίνην ἐμπεσόντες κυκῶνται καὶ ἡμᾶς ἐφελκόμενοι προσεμβάλλουσιν. σκέψαι γάρ, ὦ θαυμάσιε Κρατύλε, ὃ ἔγωγε πολλάκις ὀνειρώττω. πότερον φῶμέν τι εἶναι αὐτὸ καλὸν καὶ ἀγαθὸν καὶ ἐν ἕκαστον τῶν [439d]όντων οὕτω, ἢ μή;

Κρατύλος: ἔμοιγε δοκεῖ, ὦ Σώκρατες, [εἶναι].

Σωκράτης: αὐτὸ τοίνυν ἐκεῖνο σκεψώμεθα, μὴ εἰ πρόσωπόν τι ἐστὶν καλὸν ἢ τι τῶν τοιούτων, καὶ δοκεῖ ταῦτα πάντα ρεῖν: ἀλλ' αὐτό, φῶμεν, τὸ καλὸν οὐ τοιοῦτον ἀεὶ ἐστὶν οἷόν ἐστιν;

Κρατύλος: ἀνάγκη.

Σωκράτης: ἄρ' οὖν οἷόν τε προσειπεῖν αὐτὸ ὀρθῶς, εἰ ἀεὶ ὑπεξέρχεται, πρῶτον μὲν ὅτι ἐκεῖνό ἐστιν, ἔπειτα ὅτι τοιοῦτον, ἢ ἀνάγκη ἅμα ἡμῶν λεγόντων ἄλλο αὐτὸ εὐθὺς γίγνεσθαι καὶ ὑπεξίεναι καὶ μηκέτι οὕτως ἔχειν;

Κρατύλος: ἀνάγκη. [439e]

Σωκράτης: πῶς οὖν ἂν εἴη τι ἐκεῖνο ὃ μηδέποτε ὡσαύτως ἔχει; εἰ γάρ ποτε ὡσαύτως ἴσχει, ἔν γ' ἐκείνῳ τῷ χρόνῳ δῆλον ὅτι οὐδὲν μεταβαίνει: εἰ δὲ ἀεὶ ὡσαύτως ἔχει καὶ τὸ αὐτὸ ἐστὶ, πῶς ἂν τοῦτό γε μεταβάλλοι ἢ κινοῖτο, μηδὲν ἐξιστάμενον τῆς αὐτοῦ ιδέας;

Κρατύλος: οὐδαμῶς.

Σωκράτης: ἀλλὰ μὴν οὐδ' ἂν γνωσθεῖη γε ὑπ' οὐδενός. ἅμα [440a]γὰρ ἂν ἐπιόντος τοῦ γνωσομένου ἄλλο καὶ ἄλλοιον γίγνοιτο,

ὥστε οὐκ ἂν γνωσθεῖη ἔτι ὁποῖόν γέ τί ἐστιν ἢ πῶς ἔχον· γνώσις δὲ δῆπου οὐδεμία γινώσκει ὃ γινώσκει μηδαμῶς ἔχον.

Κρατύλος: ἔστιν ὡς λέγεις.

Σωκράτης: ἀλλ' οὐδὲ γνώσιν εἶναι φάναι εἰκός, ὦ Κρατύλε, εἰ μεταπίπτει πάντα χρήματα καὶ μηδὲν μένει. εἰ μὲν γὰρ αὐτὸ τοῦτο, ἡ γνώσις, τοῦ γνώσις εἶναι μὴ μεταπίπτει, μένοι τε ἂν αἰεὶ ἡ γνώσις καὶ εἴη γνώσις. εἰ δὲ καὶ αὐτὸ τὸ εἶδος [440b] μεταπίπτει τῆς γνώσεως, ἅμα τ' ἂν μεταπίπτει εἰς ἄλλο εἶδος γνώσεως καὶ οὐκ ἂν εἴη γνώσις· εἰ δὲ αἰεὶ μεταπίπτει, αἰεὶ οὐκ ἂν εἴη γνώσις, καὶ ἐκ τούτου τοῦ λόγου οὔτε τὸ γνωσόμενον οὔτε τὸ γνωσθησόμενον ἂν εἴη. εἰ δὲ ἔστι μὲν αἰεὶ τὸ γιγνώσκον, ἔστι δὲ τὸ γιγνώσκόμενον, ἔστι δὲ τὸ καλόν, ἔστι δὲ τὸ ἀγαθόν, ἔστι δὲ ἐν ἑκάστων τῶν ὄντων, οὐ μοι φαίνεται ταῦτα ὅμοια ὄντα, ἃ νῦν ἡμεῖς λέγομεν, ῥοῇ [440c] οὐδὲν οὐδὲ φορᾷ. ταῦτ' οὖν πότερόν ποτε οὕτως ἔχει ἢ ἐκείνως ὡς οἱ περὶ Ἡράκλειτόν τε λέγουσιν καὶ ἄλλοι πολλοί, μὴ οὐ ῥάδιον ἢ ἐπισκέψασθαι, οὐδὲ πάνυ νοῦν ἔχοντος ἀνθρώπου ἐπιτρέψαντα ὀνόμασιν αὐτὸν καὶ τὴν αὐτοῦ ψυχὴν θεραπεύειν, πεπιστευκότα ἐκείνοις καὶ τοῖς θεμένοις αὐτά, δισχυρίζεσθαι ὥς τι εἰδότα, καὶ αὐτοῦ τε καὶ τῶν ὄντων καταγιγνώσκειν ὡς οὐδὲν ὑγιὲς οὐδενός, ἀλλὰ πάντα ὥσπερ κεράμια ῥεῖ, καὶ ἀτεχνῶς ὥσπερ οἱ κατάρρῳ νοσοῦντες [440d] ἀνθρωποὶ οὕτως οἶεσθαι καὶ τὰ πράγματα διακεῖσθαι, ὑπὸ ῥεύματός τε καὶ κατάρρου πάντα [τὰ] χρήματα ἔχεσθαι. ἴσως μὲν οὖν δῆ, ὦ Κρατύλε, οὕτως ἔχει, ἴσως δὲ καὶ οὐ. σκοπεῖσθαι οὖν χρὴ ἀνδρείως τε καὶ εὖ, καὶ μὴ ῥαδίως ἀποδέχεσθαι ἔτι γὰρ νέος εἶ καὶ ἡλικίαν ἔχεις σκεψάμενον δέ, ἐὰν εὗρης, μεταδιδόναι καὶ ἐμοί.

Κρατύλος: ἀλλὰ ποιήσω ταῦτα. εὖ μέντοι ἴσθι, ὦ Σώκρατες, ὅτι οὐδὲ νυνὶ ἀσκέπτως ἔχω, ἀλλὰ μοι σκοπούμενῳ καὶ [440e] πράγματα ἔχοντι πολὺ μᾶλλον ἐκείνως φαίνεται ἔχειν ὡς Ἡράκλειτος λέγει.

Σωκράτης: εἰς αὐθις τοίνυν με, ὦ ἑταῖρε, διδάξεις, ἐπειδὰν ἤκης· νῦν δέ, ὥσπερ παρεσκεύασαι, πορεύου εἰς ἀγρόν· προπέμψει δέ σε καὶ Ἑρμογένης ὁδε.

Κρατύλος: ταῦτ' ἔσται, ὦ Σώκρατες, ἀλλὰ καὶ σὺ πειρῶ ἔτι ἐννοεῖν ταῦτα ἥδη.

EUTHYDEMUS

Κρίτων, Σωκράτης.

[271a] **Κρίτων:** τίς ἦν, ὃ Σώκρατες, ὃ χθὲς ἐν Λυκείῳ διελέγου; ἢ πολὺς ὑμᾶς ὄχλος περιειστήκει, ὥστ' ἔγωγε βουλόμενος ἀκούειν προσελθὼν οὐδὲν οἶός τ' ἢ ἀκοῦσαι σαφές: ὑπερκύψας μέντοι κατεῖδον, καί μοι ἔδοξεν εἶναι ξένος τις ὃ διελέγου. τίς ἦν;

Σωκράτης: πότερον καὶ ἐρωτᾷς, ὃ Κρίτων; οὐ γὰρ εἷς ἀλλὰ δύο ἦσθην.

Κρίτων: ὃν μὲν ἐγὼ λέγω, ἐκ δεξιᾶς τρίτος ἀπὸ σοῦ καθῆστο: [271b] ἐν μέσῳ δ' ὑμῶν τὸ Ἀξιόχου μειράκιον ἦν. καὶ μάλα πολὺ, ὃ Σώκρατες, ἐπιδεδωκέναι μοι ἔδοξεν, καὶ τοῦ ἡμετέρου οὐ πολὺ τὴν ἡλικίαν διαφέρειν Κριτοβούλου. ἀλλ' ἐκεῖνος μὲν σκληφρός, οὗτος δὲ προφερὴς καὶ καλὸς καὶ ἀγαθὸς τὴν ὄψιν.

Σωκράτης: Εὐθύδημος οὗτός ἐστιν, ὃ Κρίτων, ὃν ἐρωτᾷς, ὁ δὲ παρ' ἐμὲ καθήμενος ἐξ ἀριστερᾶς ἀδελφὸς τούτου, Διονυσόδωρος: μετέχει δὲ καὶ οὗτος τῶν λόγων.

Κρίτων: οὐδέτερον γινώσκω, ὃ Σώκρατες. καινοὶ τινες αὖ [271c] οὔτοι, ὡς ἔοικε, σοφισταί: ποδαποί; καὶ τίς ἡ σοφία;

Σωκράτης: οὔτοι τὸ μὲν γένος, ὡς ἐγὼμαι, ἐντεῦθεν ποθέν εἰσιν ἐκ Χίου, ἀπώκησαν δὲ ἐς Θουρίους, φεύγοντες δὲ ἐκεῖθεν πόλλ' ἤδη ἔτη περὶ τούσδε τοὺς τόπους διατρίβουσιν. ὃ δὲ σὺ ἐρωτᾷς τὴν σοφίαν αὐτοῖν, θαυμασία, ὃ Κρίτων: πάσσοφοι ἀτεχνῶς τῷ γε, οὐδ' ἤδη πρὸ τοῦ ὅτι εἶεν οἱ παγκρατιασταί. τούτῳ γάρ ἐστον κομιδῇ παμμάχῳ. οὐ κατὰ τὸ Ἀκαρνᾶνε ἐγενέσθην τὸ παγκρατιαστὰ ἀδελφῷ: ἐκείνῳ [271d] μὲν γὰρ τῷ σώματι μόνον οἶω τε μάχεσθαι, τούτῳ δὲ πρῶτον μὲν τῷ σώματι δεινотάτῳ ἐστὸν [καὶ μάχη, ἢ πάντων ἔστι κρατεῖν] ἐν ὅπλοις γὰρ αὐτῷ τε σοφῶ πάνυ μάχεσθαι καὶ [272a] ἄλλον, ὃς ἂν διδῷ μισθόν, οἶω τε ποιῆσαι ἔπειτα τὴν ἐν τοῖς δικαστηρίοις μάχην κρατίστῳ καὶ ἀγωνίσασθαι καὶ ἄλλον διδάξαι λέγειν τε καὶ συγγράφεσθαι λόγους οἷους εἰς τὰ δικαστήρια. πρὸ τοῦ μὲν οὖν ταῦτα δεινῶ ἦσθην μόνον, νῦν δὲ τέλος

ἐπιτεθήκατον παγκρατιαστικῇ τέχνῃ. ἡ γὰρ ἦν λοιπὴ αὐτοῖν μάχη ἀργός, ταύτην νῦν ἐξείργασθον, ὥστε μὴδ' ἂν ἓνα αὐτοῖς οἶόν τ' εἶναι μὴδ' ἀντᾶραι· οὕτω δεινὸν γεγόνατον ἐν τοῖς λόγοις μάχεσθαι τε καὶ ἐξελέγχειν [272b] τὸ αἰεὶ λεγόμενον, ὁμοίως ἑάντε ψεῦδος ἑάντε ἀληθές ἦ. ἐγὼ μὲν οὖν, ὦ Κρίτων, ἐν νῶ ἔχω τοῖν ἀνδροῖν παραδοῦναι ἑμαυτόν· καὶ γὰρ φατον ἐν ὀλίγῳ χρόνῳ ποιῆσαι ἂν καὶ ἄλλον ὄντιν οὖν τὰ αὐτὰ ταῦτα δεινόν.

Κρίτων: τί δέ, ὦ Σώκρατες; οὐ φοβῇ τὴν ἡλικίαν, μὴ ἤδη πρεσβύτερος ᾖ;

Σωκράτης: ἥκιστα γε, ὦ Κρίτων· ἱκανὸν τεκμήριον ἔχω καὶ παραμύθιον τοῦ μὴ φοβεῖσθαι. αὐτὸ γὰρ τούτῳ, ὥς ἔπος εἰπεῖν, γέροντε ὄντε ἡρξάσθην ταύτης τῆς σοφίας ἧς ἔγωγε ἐπιθυμῶ, τῆς ἐριστικῆς· πέρυσιν ἢ προπέρυσιν οὐδέπω ἦσθην [272c] σοφώ. ἀλλ' ἐγὼ ἐν μόνον φοβοῦμαι, μὴ αὖ ὄνειδος τοῖν ξένοιν περιάψω, ὥσπερ Κόννῳ τῷ Μητροβίου, τῷ κιθαριστῇ, ὃς ἐμὲ διδάσκει ἔτι καὶ νῦν κιθαρίζειν· ὀρῶντες οὖν οἱ παῖδες οἱ συμφοιτηταί μοι ἐμοῦ τε καταγελῶσι καὶ τὸν Κόννον καλοῦσι γεροντοδιδάσκαλον. μὴ οὖν καὶ τοῖν ξένοιν τις ταῦτόν τοῦτο ὀνειδίσῃ; οἱ δ' αὐτὸ τοῦτο ἴσως φοβούμενοι τάχα με οὐκ ἂν ἐθέλοιεν προσδέξασθαι. ἐγὼ δ', ὦ Κρίτων, ἐκεῖσε μὲν ἄλλους πέπεικα συμμαθητάς μοι φοιτᾶν πρεσβύτας, [272d] ἐνταῦθα δέ γε ἑτέρους πειράσομαι πείθειν. καὶ σὺ τί οὐ συμφοιτᾷς; ὥς δὲ δέλεαρ αὐτοῖς ἄζομεν τοὺς σοὺς ὑεῖς· ἐφιέμενοι γὰρ ἐκείνων οἶδ' ὅτι καὶ ἡμᾶς παιδεύουσιν.

Κρίτων: ἀλλ' οὐδὲν κωλύει, ὦ Σώκρατες, ἐάν γε σοὶ δοκῇ. πρῶτον δέ μοι διήγησαι τὴν σοφίαν τοῖν ἀνδροῖν τίς ἐστίν, ἵνα εἰδῶ ὅτι καὶ μαθησόμεθα.

Σωκράτης: οὐκ ἂν φθάνοις ἀκούων· ὥς οὐκ ἂν ἔχοιμί γε εἰπεῖν ὅτι οὐ προσεῖχον τὸν νοῦν αὐτοῖν, ἀλλὰ πάνυ καὶ προσεῖχον καὶ μέμνημαι, καὶ σοὶ πειράσομαι ἐξ ἀρχῆς ἅπαντα διηγῆσασθαι. [272e] κατὰ θεὸν γάρ τινα ἔτυχον καθήμενος ἐνταῦθα, οὐδὲρ σὺ με εἶδες, ἐν τῷ ἀποδυτηρίῳ μόνος, καὶ ἤδη ἐν νῶ εἶχον ἀναστῆναι· ἀνισταμένου δέ μου ἐγένετο τὸ εἰωθὸς σημεῖον τὸ δαιμόνιον. πάλιν οὖν ἐκαθεζόμην, καὶ ὀλίγῳ [273a] ὕστερον εἰσέρχεσθον τούτῳ ὃ τ' Εὐθύδημος καὶ ὁ Διονυσόδωρος καὶ ἄλλοι μαθηταὶ ἅμα αὖ πολλοὶ

ἐμοὶ δοκεῖν: εἰσελθόντε δὲ περιπατεῖτην ἐν τῷ καταστέγῳ δρόμῳ. καὶ οὐπω τούτῳ δὴ ἢ τρεῖς δρόμους περιεληλυθότε ἦστην, καὶ εἰσέρχεται Κλεινίας, ὃν σὺ φῆς πολὺ ἐπιδεδωκέναι, ἀληθῆ λέγων: ὀπισθεν δὲ αὐτοῦ ἔρασται πάνυ πολλοὶ τε καὶ ἄλλοι καὶ Κτήσιππος, νεανίσκος τις Παιανιεύς, μάλα καλὸς τε κάγαθος τὴν φύσιν, ὅσον μὴ ὑβριστῆς [δὲ] διὰ τὸ [273b] νέος εἶναι. ἰδὼν οὖν με ὁ Κλεινίας ἀπὸ τῆς εἰσόδου μόνον καθήμενον, ἄντικρυς ἰὼν παρεκαθέζετο ἐκ δεξιᾶς, ὥσπερ καὶ σὺ φῆς. ἰδόντε δὲ αὐτὸν ὃ τε Διονυσόδωρος καὶ ὁ Εὐθύδημος πρῶτον μὲν ἐπιστάντε διελεγέσθην ἀλλήλοις, ἄλλην καὶ ἄλλην ἀποβλέποντε εἰς ἡμᾶς καὶ γὰρ πάνυ αὐτοῖς προσεῖχον τὸν νοῦν ἔπειτα ἰόντε ὁ μὲν παρὰ τὸ μειράκιον ἐκαθέζετο, ὁ Εὐθύδημος, ὁ δὲ παρ' αὐτὸν ἐμὲ ἐξ ἀριστερᾶς, οἱ δ' ἄλλοι ὡς ἕκαστος ἐτύγχανεν. [273c] ἤσπαζόμεν οὖν αὐτῷ ἅτε διὰ χρόνου ἐωρακώς: μετὰ δὲ τοῦτο εἶπον πρὸς τὸν Κλεινίαν: ὦ Κλεινία, τῷδε μέντοι τῷ ἄνδρῳ σοφῷ, Εὐθύδημός τε καὶ Διονυσόδωρος, οὐ τὰ σμικρὰ ἀλλὰ τὰ μεγάλα: τὰ γὰρ περὶ τὸν πόλεμον πάντα ἐπίστασθον, ὅσα δεῖ τὸν μέλλοντα ἀγαθὸν στρατηγὸν ἔσσεσθαι, τάς τε τάξεις καὶ τὰς ἡγεμονίας τῶν στρατοπέδων καὶ [ὅσα]} ἐν ὅπλοις μάχεσθαι [διδασκτέον]: οἶω τε δὲ καὶ ποιῆσαι δυνατὸν εἶναι αὐτὸν αὐτῷ βοηθεῖν ἐν τοῖς δικαστηρίοις, ἂν τις αὐτὸν ἀδικῇ. [273d] εἰπὼν οὖν ταῦτα κατεφρονήθη ὑπ' αὐτοῖς: ἐγελασάτην οὖν ἅμφω βλέψαντε εἰς ἀλλήλῳ, καὶ ὁ Εὐθύδημος εἶπεν: οὗτοι ἔτι ταῦτα, ὦ Σώκρατες, σπουδάζομεν, ἀλλὰ παρέργοις αὐτοῖς χρώμεθα.

καὶ γὰρ θαυμάσας εἶπον: καλὸν ἂν που τὸ ἔργον ὑμῶν εἴη, εἰ τηλικαῦτα πράγματα πάρεργα ὑμῖν τυγχάνει ὄντα, καὶ πρὸς θεῶν εἵπετόν μοι τί ἐστὶ τοῦτο τὸ καλόν. ἀρετὴν, ἔφη, ὦ Σώκρατες, οἴομεθα οἶω τ' εἶναι παραδοῦναι κάλλιστ' ἀνθρώπων καὶ τάχιστα. [273e]

ὦ Ζεῦ, οἶον, ἣν δ' ἐγώ, λέγετον πρᾶγμα: πόθεν τοῦτο τὸ ἔρμαιον ἠϋρέτην; ἐγὼ δὲ περὶ ὑμῶν διενοοῦμην ἔτι, ὥσπερ νυνδὴ ἔλεγον, ὡς τὸ πολὺ τοῦτο δεινοῖν ὄντοιν, ἐν ὅπλοις μάχεσθαι, καὶ ταῦτα ἔλεγον περὶ σφῶν: ὅτε γὰρ τὸ πρότερον ἐπεδημησάτην, τοῦτο μέμνημαι σφῶ ἐπαγγελιομένῳ. εἰ δὲ νῦν ἀληθῶς ταύτην τὴν ἐπιστήμην ἔχετον, ὦλεω εἶτον ἀτεχνῶς γὰρ ἐγωγε σφῶ ὥσπερ θεῶ προσαγορεύω, συγγνώμην [274a] δεόμενος ἔχειν μοι τῶν ἔμπροσθεν εἰρημένων.

ἀλλ' ὁράτον, ὦ Εὐθύδημέ τε καὶ Διονυσόδωρε, εἰ ἀληθῆ λέγετον· ὑπὸ γὰρ τοῦ μεγέθους τοῦ ἐπαγγέλματος οὐδὲν θαυμαστὸν ἀπιστεῖν.

ἀλλ' εὖ ἴσθι, ὦ Σώκρατες, [ἔφατον,] τοῦτο οὕτως ἔχον.

μακαρίζω ἄρ' ὑμᾶς ἔγωγε τοῦ κτήματος πολὺ μᾶλλον ἢ μέγαν βασιλέα τῆς ἀρχῆς· τοσόνδε δέ μοι εἶπετον, εἰ ἐν νῶ ἔχετον ἐπιδεικνύναι ταύτην τὴν σοφίαν, ἢ πῶς σφῶν βεβούλευται.

ἐπ' αὐτό γε τοῦτο πάρεσμεν, ὦ Σώκρατες, ὡς ἐπιδείζοντε [274b] καὶ διδάζοντε, ἐάν τις ἐθέλῃ μανθάνειν.

ἀλλ' ὅτι μὲν ἐθελήσουσιν ἅπαντες οἱ μὴ ἔχοντες, ἐγὼ ὑμῖν ἐγγυῶμαι, πρῶτος μὲν ἐγώ, ἔπειτα δὲ Κλεινίας οὐτοσί, πρὸς δ' ἡμῖν Κτήσιππός τε ὅδε καὶ οἱ ἄλλοι οὗτοι, ἦν δ' ἐγὼ δεικνὺς αὐτῷ τοὺς ἐραστὰς τοὺς Κλεινίου· οἱ δὲ ἐτύγχανον ἡμᾶς ἤδη περιεστάμενοι. ὁ γὰρ Κτήσιππος ἔτυχε πόρρῳ καθεζόμενος τοῦ Κλεινίου κάμοι δοκεῖν ὡς ἐτύγχανεν ὁ Εὐθύδημος ἐμοὶ διαλεγόμενος προνευκῶς εἰς τὸ πρόσθεν, [274c] ἐν μέσῳ ὄντος ἡμῶν τοῦ Κλεινίου ἐπεσκότει τῷ Κτησίπῳ τῆς θεάς βουλόμενός τε οὖν θεάσασθαι ὁ Κτήσιππος τὰ παιδικὰ καὶ ἅμα φιλήκοος ὢν ἀναπηδήσας πρῶτος προσέστη ἡμῖν ἐν τῷ καταντικρὺ· οὕτως οὖν καὶ οἱ ἄλλοι ἐκεῖνον ἰδόντες περιέστησαν ἡμᾶς, οἳ τε τοῦ Κλεινίου ἐρασταὶ καὶ οἱ τοῦ Εὐθυδήμου τε καὶ Διονυσοδώρου ἐταῖροι. τούτους δὴ ἐγὼ δεικνὺς ἔλεγον τῷ Εὐθυδήμῳ ὅτι πάντες ἔτοιμοι εἶεν [274d] μανθάνειν· ὁ τε οὖν Κτήσιππος συνέφη μάλα προθύμως καὶ οἱ ἄλλοι, καὶ ἐκέλευον αὐτῷ κοινῇ πάντες ἐπιδείξασθαι τὴν δύναμιν τῆς σοφίας.

εἶπον οὖν ἐγώ· ὦ Εὐθύδημε καὶ Διονυσόδωρε, πάνυ μὲν οὖν παντὶ τρόπῳ καὶ τούτοις χαρίσασθον καὶ ἐμοῦ ἕνεκα ἐπιδείξασθον. τὰ μὲν οὖν πλεῖστα δηλὸν ὅτι οὐκ ὀλίγον ἔργον ἐπιδείξαι· τόδε δέ μοι εἶπετον, πότερον πεπεισμένον ἤδη ὡς χρή παρ' ὑμῶν μανθάνειν δύναισθ' ἂν ἀγαθὸν ποιῆσαι [274e] ἄνδρα μόνον, ἢ καὶ ἐκεῖνον τὸν μήπω πεπεισμένον διὰ τὸ μὴ οἶεσθαι ὅλως τὸ πρᾶγμα τὴν ἀρετὴν μαθητὸν εἶναι ἢ μὴ σφῶ εἶναι αὐτῆς διδασκάλῳ; φέρε, καὶ τὸν οὕτως ἔχοντα τῆς αὐτῆς τέχνης ἔργον πεῖσαι ὡς καὶ διδασκτὸν ἢ ἀρετὴ καὶ οὗτοι ὑμεῖς ἐστὲ παρ' ὧν ἂν κάλλιστά τις αὐτὸ μάθοι, ἢ ἄλλης;

ταύτης μὲν οὖν, ἔφη, τῆς αὐτῆς, ὦ Σώκρατες, ὁ Διονυσόδωρος.

ὕμεῖς ἄρα, ἦν δ' ἐγώ, ὦ Διονυσόδωρε, τῶν νῦν ἀνθρώπων [275a]
κάλλιστ' ἂν προτρέψαιτε εἰς φιλοσοφίαν καὶ ἀρετῆς ἐπιμέλειαν;

οἰόμεθά γε δὴ, ὦ Σώκρατες.

τῶν μὲν τοίνυν ἄλλων τὴν ἐπιδείξιν ἡμῖν, ἔφην, εἰς αὐθις ἀπόθεσθον,
τοῦτο δ' αὐτὸ ἐπιδείξασθον: τουτονὶ τὸν νεανίσκον πείσατον ὥς χρὴ
φιλοσοφεῖν καὶ ἀρετῆς ἐπιμελεῖσθαι, καὶ χαριεῖσθον ἐμοί τε καὶ
τουτοῖσι πᾶσιν. συμβέβηκεν γάρ τι τοιοῦτον τῷ μειρακίῳ τούτῳ: ἐγώ
τε καὶ οἶδε πάντες τυγχάνομεν ἐπιθυμοῦντες ὥς βέλτιστον αὐτὸν
γενέσθαι. ἔστι δὲ οὗτος Ἀξιόχου μὲν υἱὸς τοῦ Ἀλκιβιάδου τοῦ
παλαιοῦ, αὐτανεπιὸς [275b] δὲ τοῦ νῦν ὄντος Ἀλκιβιάδου: ὄνομα δ'
αὐτῷ Κλεινίας. ἔστι δὲ νέος: φοβούμεθα δὴ περὶ αὐτῷ, οἷον εἰκὸς
περὶ νέῳ, μὴ τις φθῇ ἡμᾶς ἐπ' ἄλλο τι ἐπιτήδευμα τρέψας αὐτοῦ τὴν
διάνοιαν καὶ διαφθείρῃ. σφὼ οὖν ἤκετον εἰς κάλλιστον: ἀλλ' εἰ μὴ τι
διαφέρει ὑμῖν, λάβετον πείραν τοῦ μειρακίου καὶ διαλέχθητον
ἐναντίον ἡμῶν.

εἰπόντος οὖν ἐμοῦ σχεδὸν τι αὐτὰ ταῦτα ὁ Εὐθύδημος ἅμα ἀνδρείως
τε καὶ θαρραλέως, ἀλλ' οὐδὲν διαφέρει, ὦ [275c] Σώκρατες, ἔφη,
ἐὰν μόνον ἐθέλῃ ἀποκρίνεσθαι ὁ νεανίσκος.

ἀλλὰ μὲν δὴ, ἔφην ἐγώ, τοῦτό γε καὶ εἴθισται: θαμὰ γὰρ αὐτῷ οἶδε
προσιόντες πολλὰ ἐρωτῶσίν τε καὶ διαλέγονται, ὥστε ἐπιεικῶς
θαρρεῖ τὸ ἀποκρίνασθαι.

τὰ δὲ μετὰ ταῦτα, ὦ Κρίτων, πῶς ἂν καλῶς σοι διηγησαίμην; οὐ γὰρ
σμικρὸν τὸ ἔργον δύνασθαι ἀναλαβεῖν διεξιόντα σοφίαν ἀμήχανον
ᾧσιν: ὥστ' ἔγωγε, καθάπερ οἱ [275d] ποιηταί, δέομαι ἀρχόμενος τῆς
διηγέσεως μούσας τε καὶ Μνημοσύνην ἐπικαλεῖσθαι. ἦρξατο δ' οὖν
ἐνθένδε ποθὲν ὁ Εὐθύδημος, ὥς ἐγῶμαι: ὦ Κλεινία, πότεροί εἰσι τῶν
ἀνθρώπων οἱ μανθάνοντες, οἱ σοφοὶ ἢ οἱ ἀμαθεῖς;

καὶ τὸ μειράκιον, ἅτε μεγάλου ὄντος τοῦ ἐρωτήματος, ἠρυθρίασέν τε
καὶ ἀπορήσας ἐνέβλεψεν εἰς ἐμέ: καὶ ἐγὼ γνοὺς αὐτὸν
τεθορυβημένον, θάρρει, ἦν δ' ἐγώ, ὦ Κλεινία, [275e] καὶ ἀποκρίναι
ἀνδρείως, ὁπότερά σοι φαίνεται: ἴσως γάρ τοι ὠφελεῖ τὴν μεγίστην
ὠφελίαν.

καὶ ἐν τούτῳ ὁ Διονυσόδωρος προσκύψας μοι μικρὸν πρὸς τὸ οὖς, πάνυ μειδιάσας τῷ προσώπῳ, καὶ μὴν, ἔφη, σοί, ὦ Σώκρατες, προλέγω ὅτι ὁπότῃρ' ἂν ἀποκρίνηται τὸ μειράκιον, ἐξελεγχθήσεται.

καὶ αὐτοῦ μεταξὺ ταῦτα λέγοντος ὁ Κλεινίας ἔτυχεν ἀποκρινάμενος, ὥστε οὐδὲ παρακελεύσασθαί μοι ἐξεγένετο [276a] εὐλαβηθῆναι τῷ μειρακίῳ, ἀλλ' ἀπεκρίνατο ὅτι οἱ σοφοὶ εἶεν οἱ μανθάνοντες.

καὶ ὁ Εὐθύδημος, καλεῖς δέ τινας, ἔφη, διδασκάλους, ἢ οὐ;

ὠμολόγει.

οὐκοῦν τῶν μανθανόντων οἱ διδάσκαλοι διδάσκαλοί εἰσιν, ὥσπερ ὁ κιθαριστῆς καὶ ὁ γραμματιστῆς διδάσκαλοι δήπου ἦσαν σοῦ καὶ τῶν ἄλλων παίδων, ὑμεῖς δὲ μαθηταί;

συνέφη.

ἄλλο τι οὖν, ἡνίκα ἐμανθάνετε, οὔπω ἠπίστασθε ταῦτα ἃ ἐμανθάνετε;

οὐκ ἔφη.

ἄρ' οὖν [276b] σοφοὶ ἦτε, ὅτε ταῦτα οὐκ ἠπίστασθε;

οὐ δῆτα, ἦ δ' ὅς.

οὐκοῦν εἰ μὴ σοφοί, ἀμαθεῖς;

πάνυ γε.

ὑμεῖς ἄρα μανθάνοντες ἃ οὐκ ἠπίστασθε, ἀμαθεῖς ὄντες ἐμανθάνετε.

ἐπένευσε τὸ μειράκιον.

οἱ ἀμαθεῖς ἄρα μανθάνουσιν, ὦ Κλεινία, ἀλλ' οὐχ οἱ σοφοί, ὥς σὺ οἶε.

ταῦτ' οὖν εἰπόντος αὐτοῦ, ὥσπερ ὑπὸ διδασκάλου χορὸς ἀποσημήναντος, ἅμα ἀνεθορύβησάν τε καὶ ἐγέλασαν οἱ ἐπόμενοι [276c] ἐκεῖνοι μετὰ τοῦ Διονυσοδώρου τε καὶ Εὐθυδήμου: καὶ πρὶν ἀναπνεῦσαι καλῶς τε καὶ εὖ τὸ μειράκιον, ἐκδεξάμενος ὁ

Διονυσόδωρος, τί δέ, ὦ Κλεινία, ἔφη, ὅποτε ἀποστοματίζοι ὑμῖν ὁ γραμματιστής, πότεροι ἐμάνθανον τῶν παίδων τὰ ἀποστοματιζόμενα, οἱ σοφοί ἢ οἱ ἀμαθεῖς;

οἱ σοφοί, ἔφη ὁ Κλεινίας.

οἱ σοφοί ἄρα μανθάνουσιν ἀλλ' οὐχ οἱ ἀμαθεῖς, καὶ οὐκ εὖ σὺ ἄρτι Εὐθυδήμῳ ἀπεκρίνω. [276d]

ἐνταῦθα δὴ καὶ πάνυ μέγα ἐγέλασάν τε καὶ ἐθορύβησαν οἱ ἐρασταὶ τοῖν ἀνδροῖν, ἀγασθέντες τῆς σοφίας αὐτοῖν: οἱ δ' ἄλλοι ἡμεῖς ἐκπεπληγμένοι ἐσιωπῶμεν. γνοὺς δὲ ἡμᾶς ὁ Εὐθύδημος ἐκπεπληγμένους, ἴν' ἐτι μᾶλλον θαυμάζοιμεν αὐτόν, οὐκ ἀνίει τὸ μειράκιον, ἀλλ' ἡρώτα, καὶ ὥσπερ οἱ ἀγαθοὶ ὀρχησταί, διπλᾶ ἔστρεφε τὰ ἐρωτήματα περὶ τοῦ αὐτοῦ, καὶ ἔφη: πότερον γὰρ οἱ μανθάνοντες μανθάνουσιν ἢ ἐπίστανται ἢ ἄ μὴ ἐπίστανται;

καὶ ὁ Διονυσόδωρος πάλιν μικρὸν πρὸς με ψιθυρίσας, [276e] καὶ τοῦτ', ἔφη, ὦ Σώκρατες, ἕτερον τοιοῦτον οἶον τὸ πρότερον.

ὦ Ζεῦ, ἔφην ἐγώ, ἦ μὴν καὶ τὸ πρότερόν γε καλὸν ἡμῖν ἐφάνη τὸ ἐρώτημα.

πάντ', ἔφη, ὦ Σώκρατες, τοιαῦτα ἡμεῖς ἐρωτῶμεν ἄφικτα.

τοιγάρτοι, ἦν δ' ἐγώ, δοκεῖτέ μοι εὐδοκιμεῖν παρὰ τοῖς μαθηταῖς.

ἐν δὲ τούτῳ ὁ μὲν Κλεινίας τῷ Εὐθυδήμῳ ἀπεκρίνατο ὅτι μανθάνοιεν οἱ μανθάνοντες ἢ οὐκ ἐπίσταιντο: ὁ δὲ ἤρετο [277a] αὐτόν διὰ τῶν αὐτῶν ὥνπερ τὸ πρότερον: τί δέ; ἦ δ' ὅς, οὐκ ἐπίστασαι σὺ γράμματα;

ναί, ἔφη.

οὐκοῦν ἅπαντα;

ὠμολόγει.

ὅταν οὖν τις ἀποστοματίζῃ ὅτιοῦν, οὐ γράμματα ἀποστοματίζει;

ὠμολόγει.

οὐκοῦν ὦν τι σὺ ἐπίστασαι, ἔφη, ἀποστοματίζει, εἶπερ πάντα ἐπίστασαι;

καὶ τοῦτο ὁμολόγει.

τί οὖν; ἦ δ' ὅς, ἄρα σὺ <οὐ> μανθάνεις ἅττ' ἂν ἀποστοματίζῃ τις, ὁ δὲ μὴ ἐπιστάμενος γράμματα μανθάνει;

οὐκ, ἀλλ', ἦ δ' ὅς, μανθάνω.

οὐκοῦν ἂ ἐπίστασαι, ἦ δ' [277b] ὅς, μανθάνεις, εἶπερ γε ἅπαντα τὰ γράμματα ἐπίστασαι.

ὁμολόγησεν.

οὐκ ἄρα ὀρθῶς ἀπεκρίνω, ἔφη.

καὶ οὕτω σφόδρα τι ταῦτα εἶρητο τῷ Εὐθυδήμῳ, καὶ ὁ Διονυσόδωρος ὥσπερ σφαῖραν ἐκδεξάμενος τὸν λόγον πάλιν ἐστοχάζετο τοῦ μειρακίου, καὶ εἶπεν: Ἐξαπατᾷ σε Εὐθύδημος, ὦ Κλεινία. εἰπὲ γάρ μοι, τὸ μανθάνειν οὐκ ἐπιστήμην ἐστὶ λαμβάνειν τούτου οὗ ἂν τις μανθάνῃ;

ὁμολόγει ὁ Κλεινίας.

τὸ δ' ἐπίστασθαι, ἦ δ' ὅς, ἄλλο τι ἢ ἔχειν ἐπιστήμην ἤδη ἐστίν;

συνέφη.

τὸ ἄρα μὴ ἐπίστασθαι [277c] μήπω ἔχειν ἐπιστήμην ἐστίν;

ὁμολόγει αὐτῷ.

πότερον οὖν εἰσιν οἱ λαμβάνοντες ὅτιοῦν οἱ ἔχοντες ἤδη ἢ οἱ ἂν μὴ ἔχωσιν;

οἱ ἂν μὴ.

οὐκοῦν ὁμολόγηκας εἶναι τούτων καὶ τοὺς μὴ ἐπισταμένους, τῶν μὴ ἐχόντων;

κατένευσε.

τῶν λαμβανόντων ἄρ' εἰσὶν οἱ μανθάνοντες, ἀλλ' οὐ τῶν ἐχόντων;
συνέφη.

οἱ μὴ ἐπιστάμενοι ἄρα, ἔφη, μανθάνουσιν, ὦ Κλεινία, ἀλλ' οὐχ οἱ ἐπιστάμενοι. [277d]

ἔτι δὴ ἐπὶ τὸ τρίτον καταβαλὼν ὥσπερ πάλαισμα ὥρμα ὁ Εὐθύδημος τὸν νεανίσκον: καὶ ἐγὼ γνοὺς βαπτιζόμενον τὸ μειράκιον, βουλόμενος ἀναπαῦσαι αὐτό, μὴ ἡμῖν ἀποδειλιάσειε, παραμυθούμενος εἶπον: ὦ Κλεινία, μὴ θαύμαζε εἴ σοι φαίνονται ἀήθεις οἱ λόγοι. ἴσως γὰρ οὐκ αἰσθάνῃ οἷον ποιεῖτον τὸ ξένω περὶ σέ: ποιεῖτον δὲ ταῦτόν ὅπερ οἱ ἐν τῇ τελετῇ τῶν Κορυβάντων, ὅταν τὴν θρόνῳσιν ποιῶσιν περὶ τοῦτον ὃν ἂν μέλλωσι τελεῖν. καὶ γὰρ ἐκεῖ χορεία τίς ἐστι καὶ παιδιὰ, εἰ ἄρα καὶ τετέλεσαι: καὶ νῦν [277e] τούτῳ οὐδὲν ἄλλο ἢ χορεύετον περὶ σέ καὶ οἷον ὀρχεῖσθον παίζοντε, ὥς μετὰ τοῦτο τελοῦντε. νῦν οὖν νόμισον τὰ πρῶτα τῶν ἱερῶν ἀκούειν τῶν σοφιστικῶν. πρῶτον γάρ, ὥς φησι Πρόδικος, περὶ ὀνομάτων ὀρθότητος μαθεῖν δεῖ: ὃ δὴ καὶ ἐνδείκνυσθόν σοι τὸ ξένω, ὅτι οὐκ ἤδησθα τὸ μανθάνειν ὅτι οἱ ἄνθρωποι καλοῦσι μὲν ἐπὶ τῷ τοιῷδε, ὅταν τις ἐξ ἀρχῆς μηδεμίαν ἔχων ἐπιστήμην περὶ πράγματός [278a] τινος ἔπειτα ὕστερον αὐτοῦ λαμβάνῃ τὴν ἐπιστήμην, καλοῦσι δὲ ταῦτόν τοῦτο καὶ ἐπειδὰν ἔχων ἤδη τὴν ἐπιστήμην ταύτῃ τῇ ἐπιστήμῃ ταῦτόν τοῦτο πρᾶγμα ἐπισκοπῇ ἢ πραττόμενον ἢ λεγόμενον μᾶλλον μὲν αὐτὸ συνιέναι καλοῦσιν ἢ μανθάνειν, ἔστι δ' ὅτε καὶ μανθάνειν σέ δὲ τοῦτο, ὥς οὗτοι ἐνδείκνυνται, διαλέληθεν, ταῦτόν ὄνομα ἐπ' ἀνθρώποις ἐναντίως ἔχουσιν κείμενον, τῷ τε εἰδότι καὶ ἐπὶ τῷ μὴ: παραπλήσιον δὲ τούτῳ καὶ τὸ ἐν τῷ δευτέρῳ ἐρωτήματι, ἐν ᾧ [278b] ἡρώτων σε πότερα μανθάνουσιν οἱ ἄνθρωποι ἢ ἐπίστανται ἢ ἢ μὴ. ταῦτα δὴ τῶν μαθημάτων παιδιὰ ἐστὶν διὸ καὶ φημι ἐγὼ σοι τούτους προσπαίξειν παιδιὰν δὲ λέγω διὰ ταῦτα, ὅτι, εἰ καὶ πολλὰ τις ἢ καὶ πάντα τὰ τοιαῦτα μάθοι, τὰ μὲν πράγματα οὐδὲν ἂν μᾶλλον εἰδείῃ πῇ ἔχει, προσπαίξειν δὲ οἷός τ' ἂν εἴῃ τοῖς ἀνθρώποις διὰ τὴν τῶν ὀνομάτων διαφορὰν ὑποσκελίζων καὶ ἀνατρέπων, ὥσπερ οἱ τὰ σκολύθρια τῶν μελλόντων καθιζήσεσθαι ὑποσπῶντες χαίρουσι [278c] καὶ γελῶσιν, ἐπειδὰν ἴδωσιν ὕπτιον ἀνατετραμμένον. ταῦτα μὲν οὖν σοι παρὰ τούτων νόμιζε παιδιὰν γεγενέναι: τὸ δὲ μετὰ ταῦτα δῆλον ὅτι τούτῳ γέ σοι αὐτὸ τὰ

σπουδαῖα ἐνδείξεσθον, καὶ ἐγὼ ὑφηγήσομαι αὐτοῖν ἵνα μοι ὁ ὑπέσχοντο ἀποδῶσιν. ἐφάτην γὰρ ἐπιδείξασθαι τὴν προτρεπτικὴν σοφίαν: νῦν δέ, μοι δοκεῖ, δεῖν ᾠηθήτην πρότερον παῖσαι πρὸς σέ. ταῦτα μὲν οὖν, ὦ Εὐθύδημέ τε καὶ Διονυσόδωρε, [278d] πεπαίσθω τε ὑμῖν, καὶ ἴσως ἱκανῶς ἔχει: τὸ δὲ δὴ μετὰ ταῦτα ἐπιδείξατον προτρέποντε τὸ μειράκιον ὅπως χρή σοφίας τε καὶ ἀρετῆς ἐπιμεληθῆναι. πρότερον δ' ἐγὼ σφῶν ἐνδείξομαι οἷον αὐτὸ ὑπολαμβάνω καὶ οἷου αὐτοῦ ἐπιθυμῶ ἀκοῦσαι. ἐὰν οὖν δόξω ὑμῖν ἰδιωτικῶς τε καὶ γελοίως αὐτὸ ποιεῖν, μὴ μου καταγελάτε: ὑπὸ προθυμίας γὰρ τοῦ ἀκοῦσαι τῆς ὑμετέρας σοφίας τολμήσω ἀπαντοσχεδιάσαι ἐναντίον [278e] ὑμῶν. ἀνάσχεσθον οὖν ἀγελαστὶ ἀκούοντες αὐτοὶ τε καὶ οἱ μαθηταὶ ὑμῶν: σὺ δέ μοι, ὦ παῖ Ἀξιόχου, ἀπόκριναι.

ἄρά γε πάντες ἄνθρωποι βουλόμεθα εὖ πράττειν; ἢ τοῦτο μὲν ἐρώτημα ὧν νυνδὴ ἐφοβούμην ἐν τῶν καταγελάστων; ἀνόητον γὰρ δήπου καὶ τὸ ἐρωτᾶν τὰ τοιαῦτα: τίς γὰρ οὐ βούλεται ἀνθρώπων εὖ πράττειν;

οὐδεὶς ὅστις οὐκ, ἔφη [279a] ὁ Κλεινίας.

εἶεν, ἦν δ' ἐγώ: τὸ δὴ μετὰ τοῦτο, ἐπειδὴ βουλόμεθα εὖ πράττειν, πῶς ἂν εὖ πράττοιμεν; ἄρ' ἂν εἰ ἡμῖν πολλὰ κάγαθὰ εἴη; ἢ τοῦτο ἐκείνου ἔτι εὐηθέστερον; δῆλον γάρ που καὶ τοῦτο ὅτι οὕτως ἔχει.

συνέφη.

φέρε δή, ἀγαθὰ δὲ ποῖα ἄρα τῶν ὄντων τυγχάνει ἡμῖν ὄντα; ἢ οὐ χαλεπὸν οὐδὲ σεμνοῦ ἀνδρὸς πάνυ τι οὐδὲ τοῦτο ἔοικεν εἶναι εὐπορεῖν; πᾶς γὰρ ἂν ἡμῖν εἴποι ὅτι τὸ πλουτεῖν ἀγαθόν: ἢ γάρ:

πάνυ γ', ἔφη.

οὐκοῦν καὶ τὸ ὑγιαίνειν καὶ τὸ [279b] καλὸν εἶναι καὶ τᾶλλα κατὰ τὸ σῶμα ἱκανῶς παρεσκευάσθαι;

συνεδόκει.

ἀλλὰ μὴν εὐγένειαί γε καὶ δυνάμεις καὶ τιμαὶ ἐν τῇ ἐαυτοῦ δηλὰ ἐστὶν ἀγαθὰ ὄντα.

ὁμολόγει.

τί οὖν, ἔφην, ἔτι ἡμῖν λείπεται τῶν ἀγαθῶν; τί ἄρα ἐστὶν τὸ σῶφρονά τε εἶναι καὶ δίκαιον καὶ ἀνδρεῖον; πότερον πρὸς Διός, ὃ Κλεινία, ἡγῇ σύ, ἐὰν ταῦτα τιθῶμεν ὡς ἀγαθὰ, ὀρθῶς ἡμᾶς θήσειν, ἢ ἐὰν μή; ἴσως γὰρ ἂν τις ἡμῖν ἀμφισβητήσκειν: σοὶ δὲ πῶς δοκεῖ;

ἀγαθὰ, ἔφη ὁ Κλεινίας. [279c]

εἶεν, ἦν δ' ἐγώ: τὴν δὲ σοφίαν ποῦ χοροῦ τάξομεν; ἐν τοῖς ἀγαθοῖς, ἢ πῶς λέγεις;

ἐν τοῖς ἀγαθοῖς.

ἐνθυμοῦ δὴ μή τι παραλείπωμεν τῶν ἀγαθῶν, ὅτι καὶ ἄξιον λόγου.

ἀλλὰ μοι δοκοῦμεν, ἔφη, οὐδέν, ὁ Κλεινίας.

καὶ ἐγὼ ἀναμνησθεὶς εἶπον ὅτι ναὶ μὰ Δία κινδυνεύομέν γε τὸ μέγιστον τῶν ἀγαθῶν παραλιπεῖν.

τί τοῦτο; ἦ δ' ὅς.

τὴν εὐτυχίαν, ὃ Κλεινία: ὁ πάντες φασί, καὶ οἱ πάνυ φαῦλοι, μέγιστον τῶν ἀγαθῶν εἶναι.

ἀληθῆ λέγεις, ἔφη.

καὶ ἐγὼ αὖ πάλιν μετανοήσας εἶπον ὅτι ὀλίγου καταγέλαστοι [279d] ἐγενόμεθα ὑπὸ τῶν ξένων ἐγὼ τε καὶ σύ, ὃ παῖ Ἀξιόχου.

τί δή, ἔφη, τοῦτο;

ὅτι εὐτυχίαν ἐν τοῖς ἔμπροσθεν θέμενοι νυνδὴ αὔθις περὶ τοῦ αὐτοῦ ἐλέγομεν.

τί οὖν δὴ τοῦτο;

καταγέλαστον δήπου, ὃ πάλαι πρόκειται, τοῦτο πάλιν προτιθέναι καὶ δις ταῦτα λέγειν.

πῶς, ἔφη, τοῦτο λέγεις;

ή σοφία δήπου, ἦν δ' ἐγώ, εὐτυχία ἐστίν: τοῦτο δὲ καὶ παῖς γνοίη.

καὶ ὅς ἐθαύμασεν: οὕτως ἔτι νέος τε καὶ εὐήθης ἐστί.

καὶ γὰρ γνοὺς αὐτὸν θαυμάζοντα, ἄρα [279e] οὐκ οἶσθα, ἔφην, ὦ Κλεινία, ὅτι περὶ ἀϋλημάτων εὐπραγίαν οἱ ἀϋληταὶ εὐτυχέστατοί εἰσιν;

συνέφη.

οὐκοῦν, ἦν δ' ἐγώ, καὶ περὶ γραμμάτων γραφῆς τε καὶ ἀναγνώσεως οἱ γραμματισταί;

πάνυ γε.

τί δέ; πρὸς τοὺς τῆς θαλάττης κινδύνους μὲν οἶει εὐτυχέστερους τινὰς εἶναι τῶν σοφῶν κυβερνητῶν, ὥς ἐπὶ πάν εἰπεῖν;

οὐ δῆτα.

τί δέ; στρατευόμενος μετὰ ποτέρου ἂν ἥδιον τοῦ κινδύνου τε καὶ τῆς [280a] τύχης μετέχοις, μετὰ σοφοῦ στρατηγοῦ ἢ μετὰ ἀμαθοῦς;

μετὰ σοφοῦ.

τί δέ; ἀσθενῶν μετὰ ποτέρου ἂν ἡδέως κινδυνεύοις, μετὰ σοφοῦ ἰατροῦ ἢ μετὰ ἀμαθοῦς;

μετὰ σοφοῦ.

ἄρ' οὖν, ἦν δ' ἐγώ, ὅτι εὐτυχέστερον ἂν οἶει πράττειν μετὰ σοφοῦ πράττων ἢ μετὰ ἀμαθοῦς;

συνεχώρει. ἡ σοφία ἄρα πανταχοῦ εὐτυχεῖν ποιεῖ τοὺς ἀνθρώπους. οὐ γὰρ δήπου ἀμαρτάνοι γ' ἂν ποτέ τι σοφία, ἀλλ' ἀνάγκη ὀρθῶς πράττειν καὶ τυγχάνειν: ἡ γὰρ ἂν οὐκέτι σοφία εἴη. [280b]

συνωμολογησάμεθα τελευτῶντες οὐκ οἶδ' ὅπως ἐν κεφαλαίῳ οὕτω τοῦτο ἔχειν, σοφίας παρούσης, ᾧ ἂν παρῇ, μηδὲν προσδεῖσθαι εὐτυχίας: ἐπειδὴ δὲ τοῦτο συνωμολογησάμεθα, πάλιν ἐπυνθανόμην αὐτοῦ τὰ πρότερον ὡμολογημένα πῶς ἂν ἡμῖν ἔχοι. ὡμολογήσαμεν γάρ, ἔφην, εἰ ἡμῖν ἀγαθὰ πολλὰ παρείη, εὐδαιμονεῖν ἂν καὶ εὖ

πράττειν.

συνέφη.

ἄρ' οὖν εὐδαιμονοῖμεν ἂν διὰ τὰ παρόντα ἀγαθὰ, εἰ μηδὲν ἡμᾶς ὠφελοῖ ἢ εἰ ὠφελοῖ;

εἰ ὠφελοῖ, ἔφη.

ἄρ' οὖν ἂν [280c] τι ὠφελοῖ, εἰ εἴη μόνον ἡμῖν, χρώμεθα δ' αὐτοῖς μή; οἷον σιτία εἰ ἡμῖν εἴη πολλά, ἐσθίοιμεν δὲ μή, ἢ ποτόν, πίνοιμεν δὲ μή, ἔσθ' ὅτι ὠφελοίμεθ' ἂν;

οὐ δῆτα, ἔφη.

τί δέ; οἱ δημιουργοὶ πάντες, εἰ αὐτοῖς εἴη πάντα τὰ ἐπιτήδεια παρεσκευασμένα ἐκάστω εἰς τὸ ἑαυτοῦ ἔργον, χρῶντο δὲ αὐτοῖς μή, ἄρ' ἂν οὗτοι εὖ πράττειεν διὰ τὴν κτῆσιν, ὅτι κεκτημένοι εἶεν πάντα ἃ δεῖ κεκτηῖσθαι τὸν δημιουργόν; οἷον τέκτων, εἰ παρεσκευασμένος εἴη τὰ τε ὄργανα ἅπαντα καὶ ξύλα ἱκανά, τεκταίνοιτο δὲ μή, ἔσθ' ὅτι ὠφελοῖτ' ἂν [280d] ἀπὸ τῆς κτήσεως;

οὐδαμῶς, ἔφη.

τί δέ, εἴ τις κεκτημένος εἴη πλοῦτόν τε καὶ ἃ νυνδὴ ἐλέγομεν πάντα τὰ ἀγαθὰ, χρῶτο δὲ αὐτοῖς μή, ἄρ' ἂν εὐδαιμονοῖ διὰ τὴν τούτων κτῆσιν τῶν ἀγαθῶν;

οὐ δῆτα, ὦ Σώκρατες.

δεῖ ἄρα, ἔφην, ὥς ἔοικεν, μὴ μόνον κεκτηῖσθαι τὰ τοιαῦτα ἀγαθὰ τὸν μέλλοντα εὐδαίμονα ἔσεσθαι, ἀλλὰ καὶ χρῆσθαι αὐτοῖς; ἢ οὐδὲν ὄφελος τῆς κτήσεως γίγνεται.

ἀληθῆ λέγεις.

ἄρ' [280e] οὖν, ὦ Κλεινία, ἤδη τοῦτο ἱκανὸν πρὸς τὸ εὐδαίμονα ποιῆσαι τινα, τό τε κεκτηῖσθαι τὰγαθὰ καὶ τὸ χρῆσθαι αὐτοῖς;

ἔμοιγε δοκεῖ.

πότερον, ἦν δ' ἐγώ, ἐὰν ὀρθῶς χρῆται τις ἢ καὶ ἐὰν μή;

ἐὰν ὀρθῶς.

καλῶς γε, ἦν δ' ἐγώ, λέγεις. πλέον γάρ που οἶμαι θάτερόν ἐστιν, ἐάν τις χρηται ὀφθοῦν μὴ ὀρθῶς πράγματι ἢ ἐὰν ἐᾷ: τὸ μὲν γὰρ κακόν, τὸ δὲ οὔτε [281a] κακὸν οὔτε ἀγαθόν. ἢ οὐχ οὕτω φαμέν;

συνεχώρει.

τί οὖν; ἐν τῇ ἐργασίᾳ τε καὶ χρήσει τῇ περὶ τὰ ξύλα μὲν ἄλλο τί ἐστιν τὸ ἀπεργαζόμενον ὀρθῶς χρησθαι ἢ ἐπιστήμη ἢ τεκτονική;

οὐ δῆτα, ἔφη.

ἀλλὰ μὲν που καὶ ἐν τῇ περὶ τὰ σκεύη ἐργασίᾳ τὸ ὀρθῶς ἐπιστήμη ἐστὶν ἢ ἀπεργαζομένη.

συνέφη.

ἄρ' οὖν, ἦν δ' ἐγώ, καὶ περὶ τὴν χρεῖαν ὧν ἐλέγομεν τὸ πρῶτον τῶν ἀγαθῶν, πλούτου τε καὶ ὑγείας καὶ κάλλους, τὸ ὀρθῶς πᾶσι τοῖς τοιούτοις χρησθαι ἐπιστήμη [281b] ἦν ἡγουμένη καὶ κατορθοῦσα τὴν πράξιν, ἢ ἄλλο τι;

ἐπιστήμη, ἢ δ' ὅς.

οὐ μόνον ἄρα εὐτυχίαν ἀλλὰ καὶ εὐπραγίαν, ὥς ἔοικεν, ἢ ἐπιστήμη παρέχει τοῖς ἀνθρώποις ἐν πάσῃ κτήσει τε καὶ πράξει.

ὠμολόγει.

ἄρ' οὖν ὧ πρὸς Διός, ἦν δ' ἐγώ, ὄφελός τι τῶν ἄλλων κτημάτων ἄνευ φρονήσεως καὶ σοφίας; ἄρά γε ἂν ὄναιτο ἄνθρωπος πολλὰ κεκτημένος καὶ πολλὰ πράττων νοῦν μὴ ἔχων, ἢ μᾶλλον ὀλίγα νοῦν ἔχων; ὧδε δὲ σκόπει: οὐκ ἐλάττω πράττων [281c] ἐλάττω ἂν ἐξαμαρτάνοι, ἐλάττω δὲ ἀμαρτάνων ἦττον ἂν κακῶς πράττοι, ἦττον δὲ κακῶς πράττων ἄθλιος ἦττον ἂν εἴη;

πάνυ γ', ἔφη.

πότερον οὖν ἂν μᾶλλον ἐλάττω τις πράττοι πένης ὢν ἢ πλούσιος;

πένης, ἔφη.

πότερον δὲ ἀσθενὴς ἢ ἰσχυρός;

ἀσθενής.

πότερον δὲ ἔντιμος ἢ ἄτιμος;

ἄτιμος.

πότερον δὲ ἀνδρεῖος ὢν καὶ σώφρων ἐλάττω ἢ πράττει ἢ δειλός;

δειλός.

οὐκοῦν καὶ ἀργὸς μᾶλλον ἢ ἐργάτης;

συνεχώνει.

καὶ βραδὺς μᾶλλον ἢ [281d] ταχύς, καὶ ἀμβλὺ ὀρῶν καὶ ἀκούων
μᾶλλον ἢ ὀξύ;

πάντα τὰ τοιαῦτα συνεχωροῦμεν ἀλλήλοις.

ἐν κεφαλαίῳ δ', ἔφην, ὃ Κλεινία, κινδυνεύει σύμπαντα ἃ τὸ πρῶτον
ἔφαμεν ἀγαθὰ εἶναι, οὐ περὶ τούτου ὁ λόγος αὐτοῖς εἶναι, ὅπως αὐτὰ
γε καθ' αὐτὰ πέφυκεν ἀγαθὰ [εἶναι], ἀλλ' ὥς ἔοικεν ὧδ' ἔχει: ἐὰν
μὲν αὐτῶν ἡγήται ἀμαθία, μείζω κακὰ εἶναι τῶν ἐναντίων, ὅσῳ
δυνατώτερα ὑπηρετεῖν τῷ ἡγουμένῳ κακῷ ὄντι, ἐὰν δὲ φρόνησίς τε
καὶ σοφία, μείζω ἀγαθὰ, αὐτὰ δὲ καθ' [281e] αὐτὰ οὐδέτερα αὐτῶν
οὐδενὸς ἄξια εἶναι.

φαίνεται, ἔφη, ὥς ἔοικεν, οὕτως, ὥς σὺ λέγεις.

τί οὖν ἡμῖν συμβαίνει ἐκ τῶν εἰρημένων; ἄλλο τι ἢ τῶν μὲν ἄλλων
οὐδὲν ὃν οὔτε ἀγαθὸν οὔτε κακόν, τούτοις δὲ δυοῖν ὄντοις ἢ μὲν
σοφία ἀγαθόν, ἢ δὲ ἀμαθία κακόν; ὡμολόγει. [282a]

ἔτι τοίνυν, ἔφην, τὸ λοιπὸν ἐπισκεψώμεθα. ἐπειδὴ εὐδαίμονες μὲν
εἶναι προθυμούμεθα πάντες, ἐφάνημεν δὲ τοιοῦτοι γιγνόμενοι ἐκ τοῦ
χρησθαί τε τοῖς πράγμασιν καὶ ὀρθῶς χρησθαι, τὴν δὲ ὀρθότητα καὶ
εὐτυχίαν ἐπιστήμη <ἦν> ἢ παρέχουσα, δεῖ δὴ, ὥς ἔοικεν, ἐκ παντὸς
τρόπου ἅπαντα ἄνδρα τοῦτο παρασκευάζεσθαι, ὅπως ὥς σοφώτατος
ἔσται: ἢ οὐ;

ναί, ἔφη.

καὶ παρὰ πατρός γε δήπου τοῦτο οἰόμενον δεῖν παραλαμβάνειν πολὺ μᾶλλον ἢ χρήματα, καὶ [282b] παρ' ἐπιτρόπων καὶ φίλων τῶν τε ἄλλων καὶ τῶν φασκόντων ἐραστῶν εἶναι, καὶ ξένων καὶ πολιτῶν, δεόμενον καὶ ἰκετεύοντα σοφίας μεταδιδόναι, οὐδὲν αἰσχρὸν, ὃ Κλεινία, οὐδὲ νεμεσητὸν ἔνεκα τούτου ὑπηρετεῖν καὶ δουλεύειν καὶ ἐραστῇ καὶ παντὶ ἀνθρώπῳ, ὅτιοῦν ἐθέλοντα ὑπηρετεῖν τῶν καλῶν ὑπηρετημάτων, προθυμούμενον σοφὸν γενέσθαι: ἢ οὐ δοκεῖ σοι, ἔφην ἐγώ, οὕτως;

πάνυ μὲν οὖν εὖ μοι δοκεῖς [282c] λέγειν, ἢ δ' ὅς.

εἰ ἔστι γε, ὃ Κλεινία, ἦν δ' ἐγώ, ἡ σοφία διδακτὸν, ἀλλὰ μὴ ἀπὸ ταῦτομάτου παραγίγνεται τοῖς ἀνθρώποις: τοῦτο γὰρ ἡμῖν ἔτι ἄσκεπτον καὶ οὐπω διωμολογημένον ἐμοί τε καὶ σοί.

ἀλλ' ἔμοιγε, ἔφη, ὃ Σώκρατες, διδακτὸν εἶναι δοκεῖ.

καὶ ἐγὼ ἡσθεῖς εἶπον: ἢ καλῶς λέγεις, ὃ ἄριστε ἀνδρῶν, καὶ εὖ ἐποίησας ἀπαλλάξας με σκέψεως πολλῆς περὶ τούτου αὐτοῦ, πότερον διδακτὸν ἢ οὐ διδακτὸν ἡ σοφία. νῦν οὖν ἐπειδὴ σοι καὶ διδακτὸν δοκεῖ καὶ μόνον τῶν ὄντων εὐδαίμονα καὶ εὐτυχῇ ποιεῖν τὸν [282d] ἄνθρωπον, ἄλλο τι ἢ φαίης ἂν ἀναγκαῖον εἶναι φιλοσοφεῖν καὶ αὐτὸς ἐν νῷ ἔχεις αὐτὸ ποιεῖν;

πάνυ μὲν οὖν, ἔφη, ὃ Σώκρατες, ὡς οἶόν τε μάλιστα.

καὶ γὰρ ταῦτα ἄσμενος ἀκούσας, τὸ μὲν ἐμόν, ἔφην, παράδειγμα, ὃ Διονυσόδωρέ τε καὶ Εὐθύδημε, οἷων ἐπιθυμῶ τῶν προτρεπτικῶν λόγων εἶναι, τοιοῦτον, ιδιωτικὸν ἴσως καὶ μόλις διὰ μακρῶν λεγόμενον: σφῶν δὲ ὁπότερος βούλεται, ταῦτόν τοῦτο τέχνη πράττων ἐπιδειξάτω ἡμῖν. εἰ δὲ μὴ [282e] τοῦτο βούλεσθον, ὅθεν ἐγὼ ἀπέλιπον, τὸ ἐξῆς ἐπιδείξατον τῷ μειρακίῳ, πότερον πᾶσαν ἐπιστήμην δεῖ αὐτὸν κτᾶσθαι, ἢ ἔστι τις μία ἣν δεῖ λαβόντα εὐδαιμονεῖν τε καὶ ἀγαθὸν ἄνδρα εἶναι, καὶ τίς αὕτη. ὥς γὰρ ἔλεγον ἀρχόμενος, περὶ πολλοῦ ἡμῖν τυγχάνει ὃν τόνδε τὸν νεανίσκον σοφόν τε καὶ ἀγαθὸν γενέσθαι. [283a]

ἐγὼ μὲν οὖν ταῦτα εἶπον, ὃ Κρίτων: τῷ δὲ μετὰ τοῦτο ἐσομένῳ πάνυ

σφόδρα προσεῖχον τὸν νοῦν, καὶ ἐπεσκόπουν τίνα ποτὲ τρόπον ἄψοιντο τοῦ λόγου καὶ ὁπόθεν ἄρξοιντο παρακελευόμενοι τῷ νεανίσκῳ σοφίαν τε καὶ ἀρετὴν ἀσκεῖν. ὁ οὖν πρεσβύτερος αὐτῶν, ὁ Διονυσόδωρος, πρότερος ἤρχετο τοῦ λόγου, καὶ ἡμεῖς πάντες ἐβλέπομεν πρὸς αὐτὸν ὡς αὐτίκα μάλα ἀκουσόμενοι θαυμασίους τινὰς λόγους. ὅπερ [283b] οὖν καὶ συνέβη ἡμῖν: θαυμαστὸν γάρ τινα, ὃ Κρίτων, ἀνὴρ κατῆρχεν λόγον, οὗ σοὶ ἄξιον ἀκοῦσαι, ὡς παρακελευστικὸς ὁ λόγος ἦν ἐπ' ἀρετῇν.

εἶπέ μοι, ἔφη, ὃ Σώκρατες τε καὶ ὑμεῖς οἱ ἄλλοι, ὅσοι φατὲ ἐπιθυμεῖν τόνδε τὸν νεανίσκον σοφὸν γενέσθαι, πότερον παίζετε ταῦτα λέγοντες ἢ ὡς ἀληθῶς ἐπιθυμεῖτε καὶ σπουδάζετε;

κἀγὼ διενόηθην ὅτι ᾤθητήν ἄρα ἡμᾶς τὸ πρότερον παίζειν, ἥνίκα ἐκελεύομεν διαλεχθῆναι τῷ νεανίσκῳ αὐτῷ, καὶ διὰ ταῦτα προσεπαισάτην τε καὶ οὐκ ἐσπουδασάτην:

[283c] ταῦτα οὖν διανοηθεῖς ἔτι μᾶλλον εἶπον ὅτι θαυμαστῶς σπουδάζοιμεν.

καὶ ὁ Διονυσόδωρος, σκόπει μὲν, ἔφη, ὃ Σώκρατες, ὅπως μὴ ἔξαρνος ἔσῃ ἂ νῦν λέγεις.

ἔσκεμμαι, ἦν δ' ἐγώ: οὐ γὰρ μή ποτ' ἔξαρνος γένωμαι.

τί οὖν; ἔφη: φατὲ βούλεσθαι αὐτὸν σοφὸν γενέσθαι;

πάνυ μὲν οὖν.

νῦν δέ, ἦ δ' ὅς, Κλεινίας πότερον σοφός ἐστιν ἢ οὐ;

οὐκουν φησί γέ πω: ἔστιν δέ, ἦν δ' ἐγώ, οὐκ ἀλαζών.

ὑμεῖς δέ, [283d] ἔφη, βούλεσθε γενέσθαι αὐτὸν σοφόν, ἀμαθὴ δὲ μὴ εἶναι;

ὠμολογοῦμεν.

οὐκοῦν ὅς μὲν οὐκ ἔστιν, βούλεσθε αὐτὸν γενέσθαι, ὅς δ' ἔστι νῦν, μηκέτι εἶναι.

καὶ ἐγὼ ἀκούσας ἐθορυβήθην· ὁ δέ μου θορυβουμένου ὑπολαβὼν, ἄλλο τι οὖν, ἔφη, ἐπεὶ βούλεσθε αὐτὸν ὃς νῦν ἐστὶν μηκέτι εἶναι, βούλεσθε αὐτόν, ὥς ἔοικεν, ἀπολωλέναι; καίτοι πολλοῦ ἂν ἄξιοι οἱ τοιοῦτοι εἶεν φίλοι τε καὶ ἐρασταί, οἵτινες τὰ παιδικὰ περὶ παντὸς ἂν ποιήσαιντο ἐξολωλέναι. [283e]

καὶ ὁ Κτήσιππος ἀκούσας ἠγανάκτησέν τε ὑπὲρ τῶν παιδικῶν καὶ εἶπεν· ὦ ξένη Θούριε, εἰ μὴ ἀγροικότερον, ἔφη, ἦν εἰπεῖν, εἶπον ἄν· σοὶ εἰς κεφαλὴν, ὅτι μαθὼν μου καὶ τῶν ἄλλων καταψεύδῃ τοιοῦτον πρᾶγμα, ὃ ἐγὼ οἶμαι οὐδ' ὅσιον εἶναι λέγειν, ὥς ἐγὼ τόνδε βουλοίμην ἂν ἐξολωλέναι.

τί δέ, ἔφη, ὦ Κτήσιππε, ὁ Εὐθύδημος, ἧ δοκεῖ σοι οἶόν τ' εἶναι ψεύδεσθαι;

νὴ Δία, ἔφη, εἰ μὴ μαίνομαι γε.

πότερον λέγοντα τὸ πρᾶγμα περὶ οὗ ἂν ὁ λόγος ἦ, ἢ μὴ [284a] λέγοντα;

λέγοντα, ἔφη.

οὐκοῦν εἵπερ λέγει αὐτό, οὐκ ἄλλο λέγει τῶν ὄντων ἢ ἐκεῖνο ὅπερ λέγει;

πῶς γὰρ ἄν; ἔφη ὁ Κτήσιππος.

ἐν μὴν κάκεϊνό γ' ἐστὶν τῶν ὄντων, ὃ λέγει, χωρὶς τῶν ἄλλων.

πάνυ γε.

οὐκοῦν ὁ ἐκεῖνο λέγων τὸ ὄν, ἔφη, λέγει;

ναί.

ἀλλὰ μὴν ὅ γε τὸ ὄν λέγων καὶ τὰ ὄντα τάληθ' ἔφη· ὥστε ὁ Διονυσόδωρος, εἵπερ λέγει τὰ ὄντα, λέγει τάληθ' καὶ οὐδὲν κατὰ σοῦ ψεύδεται. [284b]

ναί, ἔφη· ἀλλ' ὁ ταῦτα λέγων, ἔφη ὁ Κτήσιππος, ὦ Εὐθύδημε, οὐ τὰ ὄντα λέγει.

καὶ ὁ Εὐθύδημος, τὰ δὲ μὴ ὄντα, ἔφη, ἄλλο τι ἢ οὐκ ἔστιν;
οὐκ ἔστιν.

ἄλλο τι οὖν οὐδαμοῦ τά γε μὴ ὄντα ὄντα ἐστίν;
οὐδαμοῦ.

ἔστιν οὖν ὅπως περὶ ταῦτα, τὰ μὴ ὄντα, πράξειεν ἂν τίς τι, ὥστ'
ἐκεῖνα ποιήσειεν ἂν καὶ ὅστισοῦν τὰ μηδαμοῦ ὄντα;

οὐκ ἔμοιγε δοκεῖ, ἔφη ὁ Κτήσιππος.

τί οὖν; οἱ ῥήτορες ὅταν λέγωσιν ἐν τῷ δήμῳ, οὐδὲν πράττουσι;
πράττουσι μὲν οὖν, ἦ δ' ὅς.

οὐκοῦν [284c] εἴπερ πράττουσι, καὶ ποιοῦσι;
ναί.

τὸ λέγειν ἄρα πράττειν τε καὶ ποιεῖν ἐστιν;
ὁμολόγησεν.

οὐκ ἄρα τά γε μὴ ὄντ', ἔφη, λέγει οὐδεὶς ποιοῖ γὰρ ἂν ἤδη τί: σὺ δὲ
ὁμολόγηκας τὸ μὴ ὂν μὴ οἶόν τ' εἶναι μηδένα ποιεῖν ὥστε κατὰ τὸν
σὸν λόγον οὐδεὶς ψευδῇ λέγει, ἀλλ' εἴπερ λέγει Διονυσόδωρος,
τάληθ' ἔχει τε καὶ τὰ ὄντα λέγει.

νὴ Δία, ἔφη ὁ Κτήσιππος, ὃ Εὐθύδημε: ἀλλὰ τὰ ὄντα μὲν τρόπον
τινὰ λέγει, οὐ μέντοι ὥς γε ἔχει.

πῶς λέγεις, ἔφη ὁ Διονυσόδωρος, ὃ Κτήσιππε; εἰσὶν [284d] γάρ τινες
οἱ λέγουσι τὰ πράγματα ὥς ἔχει;

εἰσὶν μέντοι, ἔφη, οἱ καλοὶ τε καὶ ἀγαθοὶ καὶ οἱ τάληθ' ἔχοντες.

τί οὖν; ἦ δ' ὅς: τὰγαθὰ οὐκ εὖ, ἔφη, ἔχει, τὰ δὲ κακὰ κακῶς;
συνεχώνει.

τοὺς δὲ καλοὺς τε καὶ ἀγαθοὺς ὁμολογεῖς λέγειν ὥς ἔχει τὰ

πράγματα;

ὁμολογῶ.

κακῶς ἄρα, ἔφη, λέγουσιν, ὦ Κτήσιππε, οἱ ἀγαθοὶ τὰ κακά, εἵπερ ὡς ἔχει λέγουσιν.

ναὶ μὰ Δία, ἥ δ' ὅς, σφόδρα γε, τοὺς γοῦν κακοὺς ἀνθρώπους: ὧν σύ, ἐάν μοι πείθῃ, εὐλαβήσῃ εἶναι, [284e] ἵνα μή σε οἱ ἀγαθοὶ κακῶς λέγωσιν. ὡς εὖ ἴσθ' ὅτι κακῶς λέγουσιν οἱ ἀγαθοὶ τοὺς κακοὺς.

καὶ τοὺς μεγάλους, ἔφη ὁ Εὐθύδημος, μεγάλως λέγουσι καὶ τοὺς θερμοὺς θερμῶς;

μάλιστα δήπου, ἔφη ὁ Κτήσιππος: τοὺς γοῦν ψυχροὺς ψυχρῶς λέγουσί τε καὶ φασὶν διαλέγεσθαι.

σὺ μὲν, ἔφη ὁ Διονυσόδωρος, λοιδορῇ, ὦ Κτήσιππε, λοιδορῇ.

μὰ Δί' οὐκ ἔγωγε, ἥ δ' ὅς, ὦ Διονυσόδωρε, ἐπεὶ φιλῶ σε, ἀλλὰ νουθετῶ σε ὡς ἐταῖρον, καὶ πειρῶμαι πείθειν μηδέποτε ἐναντίον ἐμοῦ οὕτως ἀγροίκως λέγειν ὅτι ἐγὼ τούτους βούλομαι [285a] ἐξολωλέναι, οὓς περὶ πλείστου ποιοῦμαι.

ἐγὼ οὖν, ἐπειδὴ μοι ἐδόκουν ἀγριωτέρως πρὸς ἀλλήλους ἔχειν, προσέπαιζόν τε τὸν Κτήσιππον καὶ εἶπον ὅτι ὦ Κτήσιππε, ἐμοὶ μὲν δοκεῖ χρῆναι ἡμᾶς παρὰ τῶν ξένων δέχεσθαι ἃ λέγουσιν, ἐὰν ἐθέλωσι διδόναι, καὶ μὴ ὀνόματι διαφέρεισθαι. εἰ γὰρ ἐπίστανται οὕτως ἐξολλύναι ἀνθρώπους, ὥστ' ἐκ πονηρῶν τε καὶ ἀφρόνων χρηστοὺς τε καὶ ἔμφρονας ποιεῖν, καὶ τοῦτο εἴτε αὐτῷ ἡυρήκατον εἴτε καὶ [285b] παρ' ἄλλου του ἐμαθέτην φθόρον τινὰ καὶ ὀλεθρον τοιοῦτον, ὥστε ἀπολέσαντες πονηρὸν ὄντα χρηστὸν πάλιν ἀποφῆναι: εἰ τοῦτο ἐπίστασθον δῆλον δὲ ὅτι ἐπίστασθον: ἐφάτην γοῦν τὴν τέχνην σφῶν εἶναι τὴν νεωστὶ ἡυρημένην ἀγαθοὺς ποιεῖν τοὺς ἀνθρώπους ἐκ πονηρῶν συγχωρήσωμεν οὖν αὐτοῖν αὐτό: ἀπολεσάντων ἡμῖν τὸ μειράκιον καὶ φρόνιμον ποιησάντων, καὶ ἅπαντάς γε ἡμᾶς τοὺς ἄλλους. εἰ δὲ ὑμεῖς [285c] οἱ νέοι φοβεῖσθε, ὥσπερ ἐν Καρὶ ἐν ἐμοὶ ἔστω ὁ κίνδυνος: ὡς ἐγώ, ἐπειδὴ καὶ πρεσβύτης εἰμί, παρακινδυνεύειν ἕτοιμος καὶ παραδίδωμι ἐμαυτὸν Διονυσοδώρῳ τούτῳ ὥσπερ τῇ Μηδεῖᾳ τῇ Κόλχῳ. ἀπολλύτω με, καὶ

εἰ μὲν βούλεται, ἐψέτω, εἰ δ', ὅτι βούλεται, τοῦτο ποιείτω· μόνον χρηστὸν ἀποφηνάτω.

καὶ ὁ Κτήσιππος, ἐγὼ μὲν, ἔφη, καὶ αὐτός, ὃ Σώκρατες, ἔτοιμός εἰμι παρέχειν ἐμαυτὸν τοῖς ξένοις, καὶ ἐὰν βούλωνται δέρειν ἔτι μᾶλλον ἢ νῦν δέρουσιν, εἴ μοι ἢ δορὰ μὴ εἰς [285d] ἀσκὸν τελευτήσῃ, ὥσπερ ἢ τοῦ Μαρσίου, ἀλλ' εἰς ἀρετὴν. καίτοι με οἶται Διονυσόδωρος οὐτοσὶ χαλεπαίνειν αὐτῷ: ἐγὼ δὲ οὐ χαλεπαίνω, ἀλλ' ἀντιλέγω πρὸς ταῦτα ἃ μοι δοκεῖ πρὸς με μὴ καλῶς λέγειν. ἀλλὰ σὺ τὸ ἀντιλέγειν, ἔφη, ὃ γενναῖε Διονυσόδωρε, μὴ κάλει λοιδορεῖσθαι: ἕτερον γάρ τί ἐστὶ τὸ λοιδορεῖσθαι.

καὶ Διονυσόδωρος, ὡς ὄντος, ἔφη, τοῦ ἀντιλέγειν, ὃ Κτήσιππε, ποιῇ τοὺς λόγους; [285e]

πάντως δήπου, ἔφη, καὶ σφόδρα γε: ἢ σὺ, ὃ Διονυσόδωρε, οὐκ οἶε εἶναι ἀντιλέγειν;

οὐκ οὖν σὺ γ' ἄν, ἔφη, ἀποδείξαις πάποτε ἀκούσας οὐδενὸς ἀντιλέγοντος ἐτέρου ἐτέρῳ.

ἀληθῆ λέγεις; ἔφη: ἀλλὰ ἀκούων μὲν νυνὶ σοὶ ἀποδείκνυμι ἀντιλέγοντος Κτησίππου Διονυσοδώρῳ.

ἦ καὶ ὑπόσχοις ἂν τούτου λόγον;

πάνυ, ἔφη.

τί οὖν; ἦ δ' ὅς: εἰσὶν ἐκάστῳ τῶν ὄντων λόγοι;

πάνυ γε.

οὐκοῦν ὡς ἔστιν ἕκαστον ἢ ὡς οὐκ ἔστιν; [286a]

ὡς ἔστιν.

εἰ γὰρ μέμνησαι, ἔφη, ὃ Κτήσιππε, καὶ ἄρτι ἐπεδείξαμεν μηδένα λέγοντα ὡς οὐκ ἔστι: τὸ γὰρ μὴ ὄν οὐδεὶς ἐφάνη λέγων.

τί οὖν δὴ τοῦτο; ἦ δ' ὅς ὁ Κτήσιππος: ἥττόν τι ἀντιλέγομεν ἐγὼ τε καὶ σὺ;

πότερον οὖν, ἢ δ' ὅς, ἀντιλέγοιμεν ἂν τοῦ αὐτοῦ πράγματος λόγον ἀμφοτέρωι λέγοντες, ἢ οὕτω μὲν ἂν δήπου ταῦτα λέγοιμεν;

συνεχώρει.

ἀλλ' ὅταν μηδέτερος, ἔφη, τὸν τοῦ πράγματος [286b] λόγον λέγῃ, τότε ἀντιλέγοιμεν ἂν; ἢ οὕτω γε τὸ παράπαν οὐδ' ἂν μεμνημένος εἴη τοῦ πράγματος οὐδέτερος ἡμῶν; καὶ τοῦτο συνωμολόγει.

ἀλλ' ἄρα, ὅταν ἐγὼ μὲν τὸν τοῦ πράγματος λόγον λέγω, σὺ δὲ ἄλλου τινὸς ἄλλον, τότε ἀντιλέγομεν; ἢ ἐγὼ λέγω μὲν τὸ πρᾶγμα, σὺ δὲ οὐδὲ λέγεις τὸ παράπαν; ὁ δὲ μὴ λέγων τῷ λέγοντι πῶς <ἂν> ἀντιλέγοι;

καὶ ὁ μὲν Κτήσιππος ἐσίγησεν: ἐγὼ δὲ θαυμάσας τὸν λόγον, πῶς, ἔφην, ὦ Διονυσόδωρε, λέγεις; οὐ γάρ τοι [286c] ἀλλὰ τοῦτόν γε τὸν λόγον πολλῶν δὴ καὶ πολλάκις ἀκηκοὼς ἀεὶ θαυμάζω καὶ γὰρ οἱ ἀμφὶ Πρωταγόραν σφόδρα ἐχρῶντο αὐτῷ καὶ οἱ ἔτι παλαιότεροι: ἐμοὶ δὲ ἀεὶ θαυμαστός τις δοκεῖ εἶναι καὶ τοὺς τε ἄλλους ἀνατρέπων καὶ αὐτὸς αὐτόν οἶμαι δὲ αὐτοῦ τὴν ἀλήθειαν παρὰ σοῦ κάλλιστα πεύσεσθαι. ἄλλο τι ψευδῇ λέγειν οὐκ ἔστιν; τοῦτο γὰρ δύναται ὁ λόγος: ἢ γάρ; ἀλλ' ἢ λέγοντ' ἀληθῆ λέγειν ἢ μὴ λέγειν;

συνεχώρει. [286d]

πότερον οὖν ψευδῇ μὲν λέγειν οὐκ ἔστι, δοξάζειν μέντοι ἔστιν;

οὐδὲ δοξάζειν, ἔφη.

οὐδ' ἄρα ψευδῆς, ἦν δ' ἐγώ, δόξα ἔστι τὸ παράπαν.

οὐκ ἔφη.

οὐδ' ἄρα ἀμαθία οὐδ' ἀμαθεῖς ἄνθρωποι: ἢ οὐ τοῦτ' ἂν εἴη ἀμαθία, εἴπερ εἴη, τὸ ψεύδεσθαι τῶν πραγμάτων;

πάνυ γε, ἔφη.

ἀλλὰ τοῦτο οὐκ ἔστιν, ἦν δ' ἐγώ.

οὐκ ἔφη.

λόγου ἔνεκα, ὃ Διονυσόδωρε, λέγεις τὸν λόγον, ἵνα δὴ ἄτοπον λέγῃς, ἢ ὡς ἀληθῶς δοκεῖ σοι οὐδεὶς εἶναι ἀμαθὴς ἀνθρώπων; [286e]

ἀλλὰ σύ, ἔφη, ἔλεγετον.

ἦ καὶ ἔστι τοῦτο κατὰ τὸν σὸν λόγον, ἐξελέγξαι, μηδενὸς ψευδομένου;

οὐκ ἔστιν, ἔφη ὁ Εὐθύδημος.

οὐδ' ἄρα ἐκέλευεν, ἔφην ἐγώ, νυνδὴ Διονυσόδωρος ἐξελέγξαι;

τὸ γὰρ μὴ ὄν πῶς ἂν τις κελεύσαι; σὺ δὲ κελεύεις;

ὅτι, ἦν δ' ἐγώ, ὃ Εὐθύδημε, τὰ σοφὰ ταῦτα καὶ τὰ εὖ ἔχοντα οὐ πάνυ τι μανθάνω, ἀλλὰ παχέως πως ἐννοῶ. ἴσως μὲν οὖν φορτικώτερόν τι ἐρήσομαι, ἀλλὰ συγγίγνωσκε. [287a] ὅρα δέ: εἰ γὰρ μήτε ψεύδεσθαι ἔστιν μήτε ψευδῇ δοξάζειν μήτε ἀμαθῇ εἶναι, ἄλλο τι οὐδ' ἐξαμαρτάνειν ἔστιν, ὅταν τίς τι πράττῃ; πράττοντα γὰρ οὐκ ἔστιν ἀμαρτάνειν τούτου ὃ πράττει: οὐχ οὕτω λέγετε;

πάνυ γ', ἔφη.

τοῦτό ἐστιν ἥδη, ἦν δ' ἐγώ, τὸ φορτικὸν ἐρώτημα. εἰ γὰρ μὴ ἀμαρτάνομεν μήτε πράττοντες μήτε λέγοντες μήτε διανοούμενοι, ὑμεῖς, ὃ πρὸς Διός, εἰ ταῦτα οὕτως ἔχει, τίνος διδάσκαλοι ἦκατε; ἢ οὐκ ἄρτι ἔφατε ἀρετὴν κάλλιστ' ἂν [287b] παραδοῦναι ἀνθρώπων τῷ ἐθέλοντι μανθάνειν;

εἴτ', ἔφη, ὃ Σώκρατες, ὁ Διονυσόδωρος ὑπολαβὼν, οὕτως εἰ Κρόνος, ὥστε ἂν τὸ πρῶτον εἴπομεν νῦν ἀναμνησκή, καὶ εἴ τι πέρυσιν εἶπον, νῦν ἀναμνησθήσῃ, τοῖς δ' ἐν τῷ παρόντι λεγομένοις οὐχ ἕξεις ὅτι χρῆ;

καὶ γὰρ, ἔφην ἐγώ, χαλεποὶ εἰσιν πάνυ εἰκότως: παρὰ σοφῶν γὰρ λέγονται ἐπεὶ καὶ τούτῳ τῷ τελευταίῳ παγχάλεπον χρήσασθαι ἔστιν, ὃ λέγεις. τὸ γὰρ οὐκ ἔχω ὅτι χρῶμαι τί ποτε λέγεις, ὃ Διονυσόδωρε; ἦ δῆλον ὅτι ὡς [287c] οὐκ ἔχω ἐξελέγξαι αὐτόν; ἐπεὶ εἶπέ, τί σοι ἄλλο νοεῖ τοῦτο τὸ ῥῆμα, τὸ οὐκ ἔχω ὅτι χρήσωμαι τοῖς λόγοις ;

ἀλλ' ὃ σὺ λέγεις, ἔφη, [τούτῳ τῷ πάνυ χαλεπὸν χρῆσθαι:] ἐπεὶ

ἀποκρίναι.

πρὶν σὲ ἀποκρίνασθαι, ἦν δ' ἐγώ, ὦ Διονυσόδωρε;

οὐκ ἀποκρίνη; ἔφη.

ἦ καὶ δίκαιον;

δίκαιον μέντοι, ἔφη.

κατὰ τίνα λόγον; ἦν δ' ἐγώ: ἢ δῆλον ὅτι κατὰ τόνδε, ὅτι σὺ νῦν πάσσοφός τις ἡμῖν ἀφίξει περὶ λόγους, καὶ οἶσθα [287d] ὅτε δεῖ ἀποκρίνασθαι καὶ ὅτε μὴ; καὶ νῦν οὐδ' ἂν ὁτιοῦν ἀποκρίνη, ἅτε γινώσκων ὅτι οὐ δεῖ;

λαλεῖς, ἔφη, ἀμελήσας ἀποκρίνασθαι: ἀλλ', ὦγαθέ, πείθου καὶ ἀποκρίνου, ἐπειδὴ καὶ ὁμολογεῖς με σοφὸν εἶναι.

πειστέον τοίνυν, ἦν δ' ἐγώ, καὶ ἀνάγκη, ὥς ἔοικεν: σὺ γὰρ ἄρχεις. ἀλλ' ἐρώτα.

πότερον οὖν ψυχὴν ἔχοντα νοεῖ τὰ νοοῦντα, ἢ καὶ τὰ ἄψυχα;

τὰ ψυχὴν ἔχοντα.

οἶσθα οὖν τι, ἔφη, ῥῆμα ψυχὴν ἔχον;

μὰ Δία οὐκ ἔγωγε. [287e]

τί οὖν ἄρτι ἤρου ὅτι μοι νοοῖ τὸ ῥῆμα;

τί ἄλλο γε, ἦν δ' ἐγώ, ἢ ἐξήμαρτον διὰ τὴν βλακείαν; ἢ οὐκ ἐξήμαρτον ἀλλὰ καὶ τοῦτο ὀρθῶς εἶπον, εἰπὼν ὅτι νοεῖ τὰ ῥήματα; πότερα φῆς ἐξαμαρτάνειν με ἢ οὐ; εἰ γὰρ μὴ ἐξήμαρτον, οὐδὲ σὺ ἐξελέγξεις, καίπερ σοφὸς ὢν, οὐδ' ἔχεις ὅτι χρῆ τῷ λόγῳ: εἰ δ' ἐξήμαρτον, οὐδ' οὕτως ὀρθῶς [288a] λέγεις, φάσκων οὐκ εἶναι ἐξαμαρτάνειν. καὶ ταῦτα οὐ πρὸς ἃ πέρυσιν ἔλεγες λέγω. ἀλλὰ ἔοικεν, ἔφην ἐγώ, ὦ Διονυσόδωρέ τε καὶ Εὐθύδημε, οὗτος μὲν ὁ λόγος ἐν ταῦτῃ μένειν καὶ ἔτι ὥσπερ τὸ παλαιὸν καταβαλὼν πίπτειν, καὶ ὥστε τοῦτο μὴ πάσχειν οὐδ' ὑπὸ τῆς ὑμετέρας πω τέχνης ἐξηυρῆσθαι, καὶ ταῦτα οὕτως θυμαστικῆς οὔσης εἰς ἀκρίβειαν

λόγων.

καὶ ὁ Κτήσιππος, Θαυμάσιά γε λέγετ', ἔφη, ὧ ἄνδρες [288b] θούριοι εἴτε Χῖοι εἴθ' ὁπόθεν καὶ ὅπη χαίρετον ὀνομαζόμενοι: ὥς οὐδὲν ὑμῖν μέλει τοῦ παραληρεῖν. καὶ ἐγὼ φοβηθεὶς μὴ λοιδορία γένηται, πάλιν κατεπράυνον τὸν Κτήσιππον καὶ εἶπον: ὧ Κτήσιππε, καὶ νυνδὴ ἃ πρὸς Κλεινίαν ἔλεγον, καὶ πρὸς σέ ταυτὰ ταῦτα λέγω, ὅτι οὐ γινώσκεις τῶν ξένων τὴν σοφίαν ὅτι θαυμασία ἐστίν. ἀλλ' οὐκ ἐθέλετον ἡμῖν ἐπιδείξασθαι σπουδάζοντε, ἀλλὰ τὸν Πρωτέα μιμεῖσθον τὸν Αἰγύπτιον σοφιστὴν γοητεύοντε ἡμᾶς. [288c] ἡμεῖς οὖν τὸν Μενέλαον μιμώμεθα, καὶ μὴ ἀφιώμεθα τοῖν ἀνδροῖν ἕως ἂν ἡμῖν ἐκφανῇτον ἐφ' ᾧ αὐτῷ σπουδάζετον: οἶμαι γάρ τι αὐτοῖν πάγκαλον φανεῖσθαι, ἐπειδὰν ἄρξωνται σπουδάζειν. ἀλλὰ δεώμεθα καὶ παραμυθώμεθα καὶ προσευχώμεθα αὐτοῖν ἐκφανῆναι. ἐγὼ οὖν μοι δοκῶ καὶ αὐτὸς πάλιν ὑφηγήσασθαι οἷω προσεύχομαι αὐτῷ φανῆναί μοι: ὅθεν γὰρ [288d] τὸ πρότερον ἀπέλιπον, τὸ ἐξῆς τούτοις πειράσομαι, ὅπως ἂν δύνωμαι, διελθεῖν, ἐάν πως ἐκκαλέσωμαι καὶ ἐλεήσαντέ με καὶ οἰκτίραντε συντεταμένον καὶ σπουδάζοντα καὶ αὐτῷ σπουδάσητον.

σὺ δέ, ὧ Κλεινία, ἔφην, ἀνάμνησόν με πόθεν τότ' ἀπελίπομεν. ὥς μὲν οὖν ἐγῶμαι, ἐνθένδε ποθέν. φιλοσοφητέον ὠμολογήσαμεν τελευτῶντες: ἦ γάρ;

ναί, ἦ δ' ὅς.

ἦ δέ γε φιλοσοφία κτήσις ἐπιστήμης: οὐχ οὕτως; ἔφην.

ναί, ἔφη.

τίνα ποτ' οὖν ἂν κτησάμενοι ἐπιστήμην ὀρθῶς [288e] κτησαίμεθα; ἄρ' οὐ τοῦτο μὲν ἀπλοῦν, ὅτι ταύτην ἥτις ἡμᾶς ὀνήσει;

πάνυ γ', ἔφη.

ἄρ' οὖν ἂν τι ἡμᾶς ὀνήσειεν, εἰ ἐπισταίμεθα γινώσκειν περιόντες ὅπου τῆς γῆς χρυσίον πλεῖστον κατορώρεται;

ἴσως, ἔφη.

ἀλλὰ τὸ πρότερον, ἦν δ' ἐγώ, τοῦτό γε ἐξηλέγξαμεν, ὅτι οὐδὲν πλέον, οὐδ' εἰ ἄνευ πραγμάτων καὶ τοῦ ὀρύττειν τὴν γῆν τὸ πᾶν ἡμῖν χρυσίον γένοιτο: ὥστε οὐδ' εἰ τὰς πέτρας χρυσᾶς ἐπισταίμεθα [289a] ποιεῖν, οὐδενὸς ἂν ἀξία ἢ ἐπιστήμη εἴη. εἰ γὰρ μὴ καὶ χρῆσθαι ἐπιστησόμεθα τῷ χρυσίῳ, οὐδὲν ὄφελος αὐτοῦ ἐφάνη ὄν: ἢ οὐ μέμνησαι; ἔφην ἐγώ.

πάνυ γ', ἔφη, μέμνημαι.

οὐδέ γε, ὡς ἔοικε, τῆς ἄλλης ἐπιστήμης ὄφελος γίγνεται οὐδέν, οὔτε χρηματιστικῆς οὔτε ἰατρικῆς οὔτε ἄλλης οὐδεμιᾶς, ἣτις ποιεῖν τι ἐπίσταται, χρῆσθαι δὲ μὴ ᾧ ἂν ποιήσῃ: οὐχ οὕτως;

συνέφη.

οὐδέ γε εἴ τις ἔστιν ἐπιστήμη [289b] ὥστε ἀθανάτους ποιεῖν, ἄνευ τοῦ ἐπίστασθαι τῇ ἀθανασίᾳ χρῆσθαι οὐδὲ ταύτης ἔοικεν ὄφελος οὐδέν, εἴ τι δεῖ τοῖς πρόσθεν ὁμολογημένοις τεκμαίρεσθαι.

συνεδόκει ἡμῖν πάντα ταῦτα.

τοιαύτης τινὸς ἄρα ἡμῖν ἐπιστήμης δεῖ, ᾧ καλὲ παῖ, ἦν δ' ἐγώ, ἐν ἣ συμπέπτωκεν ἅμα τό τε ποιεῖν καὶ τὸ ἐπίστασθαι χρῆσθαι τούτῳ ὃ ἂν ποιῇ.

φαίνεται, ἔφη.

πολλοῦ ἄρα δεῖ, ὡς ἔοικεν, ἡμᾶς λυροποιούς δεῖν [289c] εἶναι καὶ τοιαύτης τινὸς ἐπιστήμης ἐπηβόλους. ἐνταῦθα γὰρ δὴ χωρὶς μὲν ἡ ποιοῦσα τέχνη, χωρὶς δὲ ἡ χρωμένη διήρηται τοῦ αὐτοῦ πέρι: ἡ γὰρ λυροποιικὴ καὶ ἡ κιθαριστικὴ πολὺ διαφέρειτον ἀλλήλοιν. οὐχ οὕτως;

συνέφη.

οὐδὲ μὴν ἀυλοποιικῆς γε δῆλον ὅτι δεόμεθα: καὶ γὰρ αὕτη ἐτέρα τοιαύτη.

συνεδόκει.

ἀλλὰ πρὸς θεῶν, ἔφην ἐγώ, εἰ τὴν λογοποιικὴν τέχνην μάθοιμεν, ἄρα ἔστιν αὕτη ἣν ἔδει κεκτημένους ἡμᾶς εὐδαίμονας εἶναι;

οὐκ οἶμαι, ἔφη, ἐγώ, ὁ Κλεινίας ὑπολαβών. [289d]

τίني τεκμηρίῳ, ἦν δ' ἐγώ, χρῆ;

ὁρῶ, ἔφη, τινὰς λογοποιούς, οἱ τοῖς ἰδίῳις λόγοις, οἷς αὐτοὶ ποιῶσιν, οὐκ ἐπίστανται χρῆσθαι, ὥσπερ οἱ λυροποιοὶ ταῖς λύραις, ἀλλὰ καὶ ἐνταῦθα ἄλλοι δυνατοὶ χρῆσθαι οἷς ἐκεῖνοι ἠργάσαντο, οἱ λογοποιεῖν αὐτοὶ ἀδύνατοι: δῆλον οὖν ὅτι καὶ περὶ λόγους χωρὶς ἢ τοῦ ποιεῖν τέχνη καὶ ἢ τοῦ χρῆσθαι. ἱκανόν μοι δοκεῖς, ἔφην ἐγώ, τεκμήριον λέγειν, ὅτι οὐχ αὕτη ἐστὶν ἡ τῶν λογοποιῶν τέχνη, ἣν ἂν κτησάμενός τις εὐδαίμων εἴη. καίτοι ἐγὼ ὥμην ἐνταῦθά που φανήσεσθαι [289e] τὴν ἐπιστήμην ἣν δὴ πάλα ζητοῦμεν. καὶ γάρ μοι οἷ τε ἄνδρες αὐτοὶ οἱ λογοποιοί, ὅταν συγγένωμαι αὐτοῖς, ὑπέρσοφοι, ὦ Κλεινία, δοκοῦσιν εἶναι, καὶ αὕτη ἡ τέχνη αὐτῶν θεσπεσία τις καὶ ὑψηλή. καὶ μέντοι οὐδὲν θαυμαστόν: ἔστι γὰρ τῆς τῶν ἐπιδῶν τέχνης μῶριον μικρῷ τε ἐκείνης ὑποδεεστέρα. [290a] ἡ μὲν γὰρ τῶν ἐπιδῶν ἔχεών τε καὶ φαλαγγίων καὶ σκορπίων καὶ τῶν ἄλλων θηρίων τε καὶ νόσων κήλησίς ἐστιν, ἡ δὲ δικαστῶν τε καὶ ἐκκλησιαστῶν καὶ τῶν ἄλλων ὄχλων κήλησίς τε καὶ παραμυθία τυγχάνει οὕσα: ἢ σοί, ἔφην ἐγώ, ἄλλως πως δοκεῖ;

οὐκ, ἀλλ' οὕτω μοι φαίνεται, ἔφη, ὡς σὺ λέγεις.

ποῖ οὖν, ἔφην ἐγώ, τραποίμεθ' ἂν ἔτι; ἐπὶ ποίαν τέχνην;

ἐγὼ μὲν οὐκ εὐπορῶ, ἔφη.

ἀλλ', ἦν δ' ἐγώ, ἐμὲ οἶμαι ἠύρηκέναι.

τίνα; ἔφη ὁ Κλεινίας. [290b]

ἡ στρατηγική μοι δοκεῖ, ἔφην ἐγώ, τέχνη παντὸς μᾶλλον εἶναι ἣν ἂν τις κτησάμενος εὐδαίμων εἴη.

οὐκ ἔμοιγε δοκεῖ.

πῶς; ἦν δ' ἐγώ.

θηρευτική τις ἦδε γέ ἐστιν τέχνη ἀνθρώπων.

τί δὴ οὖν; ἔφην ἐγώ.

οὐδεμία, ἔφη, τῆς θηρευτικῆς αὐτῆς ἐπὶ πλεόν ἐστιν ἢ ὅσον θηρεῦσαι καὶ χειρώσασθαι: ἐπειδὴν δὲ χειρώσονται τοῦτο ὃ ἂν θηρεύονται, οὐ δύνανται τούτῳ χρῆσθαι, ἀλλ' οἱ μὲν κυνηγέται καὶ οἱ ἀλιῆς τοῖς ὀψοποιοῖς παραδιδόασιν, οἱ [290c] δ' αὖ γεωμέτραι καὶ οἱ ἀστρονόμοι καὶ οἱ λογιστικοὶ θηρευτικοὶ γὰρ εἰσι καὶ οὔτοι: οὐ γὰρ ποιοῦσι τὰ διαγράμματα ἕκαστοι τούτων, ἀλλὰ τὰ ὄντα ἀνευρίσκουσιν ἅτε οὖν χρῆσθαι αὐτοὶ αὐτοῖς οὐκ ἐπιστάμενοι, ἀλλὰ θηρεῦσαι μόνον, παραδιδόασι δῆπου τοῖς διαλεκτικοῖς καταχρῆσθαι αὐτῶν τοῖς εὐρήμασιν, ὅσοι γε αὐτῶν μὴ παντάπασιν ἀνόητοί εἰσιν.

εἶεν, ἦν δ' ἐγώ, ὦ κάλλιστε καὶ σοφώτατε Κλεινία: τοῦτο οὕτως ἔχει;

πάνυ μὲν οὖν. καὶ οἱ γε στρατηγοί, ἔφη, οὕτω τὸν αὐτὸν [290d] τρόπον: ἐπειδὴν ἢ πόλιν τινὰ θηρεύσονται ἢ στρατόπεδον, παραδιδόασι τοῖς πολιτικοῖς ἀνδράσιν αὐτοὶ γὰρ οὐκ ἐπίστανται χρῆσθαι τούτοις ἃ ἐθήρευσαν ὥσπερ οἶμαι οἱ ὀρτυγοθῆραι τοῖς ὀρτυγοτρόφοις παραδιδόασιν. εἰ οὖν, ἦ δ' ὅς, δεόμεθα ἐκείνης τῆς τέχνης, ἥτις ὅ ἂν κτήσεται ἢ ποιήσασα ἢ θηρευσαμένη αὐτὴ καὶ ἐπιστήσεται χρῆσθαι, καὶ ἡ τοιαύτη ποιήσει ἡμᾶς μακαρίους, ἄλλην δὴ τινα, ἔφη, ζητητέον ἀντὶ τῆς στρατηγικῆς. [290e]

Κρίτων: τί λέγεις σύ, ὦ Σώκρατες; ἐκεῖνο τὸ μειράκιον τοιαῦτ' ἐφθέγγατο;

Σωκράτης: οὐκ οἶει, ὦ Κρίτων;

Κρίτων: μὰ Δί' οὐ μέντοι. οἶμαι γὰρ αὐτὸν ἐγώ, εἰ ταῦτ' εἶπεν, οὗτ' Εὐθυδήμου οὔτε ἄλλου οὐδενὸς ἔτ' ἀνθρώπου δεῖσθαι εἰς παιδείαν.

Σωκράτης: ἀλλ' ἄρα, ὦ πρὸς Δίος, μὴ ὁ Κτήσιππος ἦν ὁ ταῦτ' εἰπών, ἐγὼ δὲ οὐ μέμνημαι; [291a]

Κρίτων: ποῖος Κτήσιππος;

Σωκράτης: ἀλλὰ μὴν τόδε γε εὖ οἶδα, ὅτι οὔτε Εὐθύδημος οὔτε Διονυσόδωρος ἦν ὁ εἰπών ταῦτα: ἀλλ', ὦ δαιμόνιε **Κρίτων:**, μή τις τῶν κρειττόνων παρὼν αὐτὰ ἐφθέγγατο; ὅτι γὰρ ἤκουσά γε ταῦτα, εὖ οἶδα.

Κρίτων: ναὶ μὰ Δία, ὦ Σώκρατες; τῶν κρειττόνων μέντοι τις ἐμοὶ

δοκεῖ, καὶ πολὺ γε. ἀλλὰ μετὰ τοῦτο ἔτι τινὰ ἐζητήσατε τέχνην; καὶ ἠϋρετε ἐκείνην ἢ οὐχ ἠϋρετε, ἥς ἔνεκα ἐζητεῖτε; [291b]

Σωκράτης: πόθεν, ὦ μακάριε, ἠϋρομεν; ἀλλ' ἡμεν πάνυ γελοῖοι: ὥσπερ τὰ παιδιά τὰ τοὺς κορύδους διώκοντα, ἀεὶ ῥόμεθα ἐκάστην τῶν ἐπιστημῶν αὐτίκα λήψεσθαι, αἱ δ' ἀεὶ ὑπεξέφευγον. τὰ μὲν οὖν πολλὰ τί ἂν σοι λέγοιμι; ἐπὶ δὲ δὴ τὴν βασιλικὴν ἐλθόντες τέχνην καὶ διασκοπούμενοι αὐτὴν εἰ αὕτη εἴη ἢ τὴν εὐδαιμονίαν παρέχουσα τε καὶ ἀπεργαζομένη, ἐνταῦθα ὥσπερ εἰς λαβύρινθον ἐμπεσόντες, οἴομενοι ἤδη ἐπὶ τέλει εἶναι, περικάμψαντες πάλιν ὥσπερ ἐν ἀρχῇ τῆς [291c] ζητήσεως ἀνεφάνημεν ὄντες καὶ τοῦ ἴσου δεόμενοι ὅσους περ ὅτε τὸ πρῶτον ἐζητοῦμεν.

Κρίτων: πῶς δὴ τοῦτο ὑμῖν συνέβη, ὦ Σώκρατες;

Σωκράτης: ἐγὼ φράσω. ἔδοξε γὰρ δὴ ἡμῖν ἡ πολιτικὴ καὶ ἡ βασιλικὴ τέχνη ἢ αὐτὴ εἶναι.

Κρίτων: τί οὖν δὴ;

Σωκράτης: ταύτη τῇ τέχνῃ ἢ τε στρατηγικὴ καὶ αἱ ἄλλαι παραδιδόναι ἄρχειν τῶν ἔργων ὧν αὐταὶ δημιουργοὶ εἰσιν, ὥς μόνῃ ἐπισταμένη χρῆσθαι. σαφῶς οὖν ἐδόκει ἡμῖν αὕτη εἶναι ἢ ἐζητοῦμεν, καὶ ἡ αἰτία τοῦ ὀρθῶς πράττειν ἐν τῇ [291d] πόλει, καὶ ἀτεχνῶς κατὰ τὸ Αἰσχύλου ἱαμβεῖον μόνῃ ἐν τῇ πρῶτῃ καθῆσθαι τῆς πόλεως, πάντα κυβερνῶσα καὶ πάντων ἄρχουσα πάντα χρήσιμα ποιεῖν.

Κρίτων: οὐκοῦν καλῶς ὑμῖν ἐδόκει, ὦ Σώκρατες;

Σωκράτης: σὺ κρινεῖς, ὦ Κρίτων, ἐὰν βούλῃ ἀκούειν καὶ τὰ μετὰ ταῦτα συμβάντα ἡμῖν. αὐτίς γὰρ δὴ πάλιν ἐσκοποῦμεν ὧδέ πως: φέρε, πάντων ἄρχουσα ἢ βασιλικὴ τέχνη τί ἡμῖν [291e] ἀπεργάζεται ἔργον ἢ οὐδέν; πάντως δὴπου, ἡμεῖς ἔφαμεν πρὸς ἀλλήλους. οὐ καὶ σὺ ἂν ταῦτα φαίης, ὦ Κρίτων;

Κρίτων: ἔγωγε.

Σωκράτης: τί οὖν ἂν φαίης αὐτῆς ἔργον εἶναι; ὥσπερ εἰ σὲ ἐγὼ ἐρωτήην, πάντων ἄρχουσα ἢ ἰατρικὴ ὧν ἄρχει, τί ἔργον παρέχεται;

οὐ τὴν ὑγίειαν <ἄν> φαίης;

Κρίτων: ἔγωγε.

Σωκράτης: τί δὲ ἡ ὑμετέρα τέχνη ἢ γεωργία; πάντων ἄρχουσα [292a] ὧν ἄρχει, τί [ἔργον] ἀπεργάζεται; οὐ τὴν τροφὴν ἂν φαίης τὴν ἐκ τῆς γῆς παρέχειν ἡμῖν;

Κρίτων: ἔγωγε.

Σωκράτης: τί δὲ ἡ βασιλικὴ πάντων ἄρχουσα ὧν ἄρχει; τί ἀπεργάζεται; ἴσως οὐ πάνυ γ' εὐπορεῖς.

Κρίτων: μὰ τὸν Δία, ὦ Σώκρατες.

Σωκράτης: οὐδὲ γὰρ ἡμεῖς, ὦ Κρίτων; ἀλλὰ τοσόνδε γε οἶσθα, ὅτι εἴπερ ἐστὶν αὕτη ἣν ἡμεῖς ζητοῦμεν, ὠφέλιμον αὐτὴν δεῖ εἶναι.

Κρίτων: πάνυ γε.

Σωκράτης: οὐκοῦν ἀγαθὸν γέ τι δεῖ ἡμῖν αὐτὴν παραδιδόναι;

Κρίτων: ἀνάγκη, ὦ Σώκρατες. [292b]

Σωκράτης: ἀγαθὸν δέ γε που ὠμολογήσαμεν ἀλλήλοις ἐγὼ τε καὶ Κλεινίας οὐδὲν εἶναι ἄλλο ἢ ἐπιστήμην τινά.

Κρίτων: ναί, οὕτως ἔλεγες.

Σωκράτης: οὐκοῦν τὰ μὲν ἄλλα ἔργα, ἃ φαίη ἂν τις πολιτικῆς εἶναι πολλὰ δέ που ταῦτ' ἂν εἴη, οἷον πλουσίους τοὺς πολίτας παρέχειν καὶ ἐλευθέρους καὶ ἀστασιάστους πάντα ταῦτα οὔτε κακὰ οὔτε ἀγαθὰ ἐφάνη, ἔδει δὲ σοφοὺς ποιεῖν καὶ ἐπιστήμης μεταδιδόναι, εἴπερ ἔμελλεν αὕτη εἶναι ἢ [292c] ὠφελοῦσά τε καὶ εὐδαίμονα ποιοῦσα.

Κρίτων: ἔστι ταῦτα: τότε γοῦν οὕτως ὑμῖν ὠμολογήθη, ὥς σὺ τοὺς λόγους ἀπήγγειλας.

Σωκράτης: ἄρ' οὖν ἡ βασιλικὴ σοφοὺς ποιεῖ τοὺς ἀνθρώπους καὶ ἀγαθοὺς;

Κρίτων: τί γὰρ κωλύει, ὦ Σώκρατες;

Σωκράτης: ἀλλ' ἄρα πάντας καὶ πάντα ἀγαθοὺς; καὶ πᾶσαν ἐπιστήμην, σκυτοτομικὴν τε καὶ τεκτονικὴν καὶ τὰς ἄλλας ἀπάσας, αὕτη ἡ παραδιδουσα ἔστιν;

Κρίτων: οὐκ οἶμαι ἔγωγε, ὦ Σώκρατες. [292d]

Σωκράτης: ἀλλὰ τίνα δὴ ἐπιστήμην; ἢ τί χρησόμεθα; τῶν μὲν γὰρ ἔργων οὐδενὸς δεῖ αὐτὴν δημιουργὸν εἶναι τῶν μήτε κακῶν μήτε ἀγαθῶν, ἐπιστήμην δὲ παραδιδόναι μηδεμίαν ἄλλην ἢ αὐτὴν ἑαυτήν. λέγωμεν δὴ οὖν τίς ποτέ ἐστιν αὕτη, ἢ τί χρησόμεθα; βούλει φῶμεν, ὦ Κρίτων, ἢ ἄλλους ἀγαθοὺς ποιήσομεν;

Κρίτων: πάνυ γε.

Σωκράτης: οἱ τί ἔσονται ἡμῖν ἀγαθοὶ καὶ τί χρήσιμοι; ἢ ἔτι λέγωμεν ὅτι ἄλλους ποιήσουσιν, οἱ δὲ ἄλλοι ἐκεῖνοι ἄλλους; [292e] ὅτι δὲ ποτε ἀγαθοὶ εἰσιν, οὐδαμοῦ ἡμῖν φαίνονται, ἐπειδὴ περ τὰ ἔργα τὰ λεγόμενα εἶναι τῆς πολιτικῆς ἡτιμάσαμεν, ἀλλ' ἀτεχνῶς τὸ λεγόμενον ὁ Διὸς Κόρινθος γίγνεται, καὶ ὅπερ ἔλεγον, τοῦ ἴσου ἡμῖν ἐνδεῖ ἢ ἔτι πλεονος πρὸς τὸ εἰδέναι τίς ποτέ ἐστιν ἡ ἐπιστήμη ἐκείνη ἢ ἡμᾶς εὐδαίμονας ποιήσει;

Κρίτων: νῆ τὸν Δία, ὦ Σώκρατες, εἰς πολλήν γε ἀπορίαν, ὡς ἔοικεν, ἀφίκεσθε.

Σωκράτης: ἔγωγε οὖν καὶ αὐτός, ὦ Κρίτων, ἐπειδὴ ἐν ταύτῃ [293a] τῇ ἀπορίᾳ ἐνεπεπτώκη, πᾶσαν ἥδη φωνὴν ἠφίειν, δεόμενος τοῖν ξένοιον ὥσπερ Διοσκούρων ἐπικαλούμενος σῶσαι ἡμᾶς, ἐμέ τε καὶ τὸ μειράκιον, ἐκ τῆς τρικυμίας τοῦ λόγου, καὶ παντὶ τρόπῳ σπουδάσαι, καὶ σπουδάσαντας ἐπιδείξαι τίς ποτ' ἐστὶν ἡ ἐπιστήμη ἣς τυχόντες ἂν καλῶς τὸν ἐπίλοιπον βίον διέλθοιμεν.

Κρίτων: τί οὖν; ἠθέλησέν τι ὑμῖν ἐπιδείξαι ὁ Εὐθύδημος;

Σωκράτης: πῶς γὰρ οὐ; καὶ ἡρξάτο γε, ὦ ἐταῖρε, πάνυ μεγαλοφρόνως τοῦ λόγου ὧδε [293b]

πότερον δὴ σε, ἔφη, ὦ Σώκρατες, ταύτην τὴν ἐπιστήμην, περὶ ἣν πάλαι ἀπορεῖτε, διδάξω, ἢ ἐπιδείξω ἔχοντα;

ὦ μακάριε, ἦν δ' ἐγώ, ἔστι δὲ ἐπὶ σοὶ τοῦτο;

πάνυ μὲν οὖν, ἔφη.

ἐπίδειξον τοίνυν με νῆ Δί', ἔφην ἐγώ, ἔχοντα: πολὺ γὰρ ῥᾶον ἢ
μανθάνειν τηλικόνδε ἄνδρα.

φέρε δὴ μοι ἀπόκριναι, ἔφη: ἔστιν ὅτι ἐπίστασαι;

πάνυ γε, ἦν δ' ἐγώ, καὶ πολλὰ, σμικρά γε.

ἄρκεϊ, ἔφη. ἄρ' οὖν δοκεῖς οἷόν τέ τι τῶν ὄντων τοῦτο ὃ τυγχάνει ὄν,
αὐτὸ τοῦτο [293c] μὴ εἶναι;

ἀλλὰ μὰ Δί' οὐκ ἔγωγε.

οὐκοῦν σύ, ἔφη, ἐπίστασαί τι;

ἔγωγε.

οὐκοῦν ἐπιστήμων εἶ, εἵπερ ἐπίστασαι;

πάνυ γε, τούτου γε αὐτοῦ.

οὐδὲν διαφέρει: ἀλλ' οὐκ ἀνάγκη σε ἔχει πάντα ἐπίστασθαι
ἐπιστήμονά γε ὄντα;

μὰ Δί', ἔφην ἐγώ: ἐπεὶ πολλὰ ἄλλ' οὐκ ἐπίσταμαι.

οὐκοῦν εἴ τι μὴ ἐπίστασαι, οὐκ ἐπιστήμων εἶ.

ἐκείνου γε, ὦ φίλε, ἦν δ' ἐγώ.

ἦττον οὖν τι, ἔφη, οὐκ ἐπιστήμων εἶ; ἄρτι δὲ ἐπιστήμων ἔφησθα
εἶναι: καὶ οὕτως τυγχάνεις ὣν [293d] αὐτὸς οὗτος ὃς εἶ, καὶ αὖ πάλιν
οὐκ εἶ, κατὰ ταυτὰ ἅμα. εἶεν, ἦν δ' ἐγώ, Εὐθύδημε: τὸ γὰρ
λεγόμενον, καλὰ δὴ παταγεῖς: πῶς οὖν ἐπίσταμαι ἐκείνην τὴν
ἐπιστήμην ἣν ἐζητοῦμεν; ὥς δὴ τοῦτο ἀδύνατόν ἐστιν τὸ αὐτὸ εἶναί
τε καὶ μὴ, εἵπερ ἓν ἐπίσταμαι, ἅπαντα ἐπίσταμαι οὐ γὰρ ἂν εἶην
ἐπιστήμων τε καὶ ἀνεπιστήμων ἅμα ἐπεὶ δὲ πάντα ἐπίσταμαι,
κάκείνην δὴ τὴν ἐπιστήμην ἔχω: ἄρα οὕτως λέγεις, καὶ τοῦτό ἐστιν
τὸ σοφόν; [293e]

αὐτὸς σαυτὸν γε δὴ ἐξελέγχεις, ἔφη, ὦ Σώκρατες.

τί δέ, ἦν δ' ἐγώ, ὦ Εὐθύδημε, σὺ οὐ πέπονθας τοῦτο τὸ αὐτὸ πάθος; ἐγὼ γάρ τοι μετὰ σοῦ ὅτιοῦν ἂν πάσχων καὶ μετὰ Διονυσόδωρου τοῦδε, φίλης κεφαλῆς, οὐκ ἂν πάνυ ἀγανακτοίην. εἰπέ μοι, σφὼ οὐχὶ τὰ μὲν ἐπίστασθον τῶν ὄντων, τὰ δὲ οὐκ ἐπίστασθον;

ἥκιστα γε, ἔφη, ὦ Σώκρατες, ὁ Διονυσόδωρος.

πῶς λέγετον; ἔφην ἐγώ: ἀλλ' οὐδὲν ἄρα ἐπίστασθον;

καὶ μάλα, ἦ δ' ὅς. [294a]

πάντ' ἄρα, ἔφην ἐγώ, ἐπίστασθον, ἐπειδὴ περ καὶ ὅτιοῦν;

πάντ', ἔφη: καὶ σύ γε πρὸς, εἴπερ καὶ ἔν ἐπίστασαι, πάντα ἐπίστασαι.

ὦ Ζεῦ, ἔφην ἐγώ, ὡς θαυμαστὸν λέγεις καὶ ἀγαθὸν μέγα πεφάνθαι. μῶν καὶ οἱ ἄλλοι πάντες ἄνθρωποι πάντ' ἐπίστανται, ἢ οὐδέν;

οὐ γὰρ δήπου, ἔφη, τὰ μὲν ἐπίστανται, τὰ δ' οὐκ ἐπίστανται, καὶ εἰσὶν ἅμα ἐπιστήμονές τε καὶ ἀνεπιστήμονες.

ἀλλὰ τί; ἦν δ' ἐγώ.

πάντες, ἦ δ' ὅς, πάντα ἐπίστανται, εἴπερ καὶ ἔν. [294b]

ὦ πρὸς τῶν θεῶν, ἦν δ' ἐγώ, ὦ Διονυσόδωρε δηλοὶ γάρ μοί ἐστιν ἤδη ὅτι σπουδάζετον, καὶ μόλις ὑμᾶς προυκαλεσάμην σπουδάζειν αὐτῷ τῷ ὄντι πάντα ἐπίστασθον; οἷον τεκτονικὴν καὶ σκυτικὴν;

πάνυ γ', ἔφη.

ἦ καὶ νευρορραφεῖν δυνατὸν ἐστιν;

καὶ ναὶ μὰ Δία καττύειν, ἔφη.

ἦ καὶ τὰ τοιαῦτα, τοὺς ἀστέρας ὁπόσοι εἰσὶ, καὶ τὴν ἄμμον;

πάνυ γε, ἦ δ' ὅς: εἴτ' οὐκ ἂν οἶει ὁμολογήσαι ἡμᾶς;

καὶ ὁ Κτήσιππος ὑπολαβὼν: πρὸς Διός, ἔφη, Διονυσόδωρε, [294c] τεκμήριόν τί μοι τούτων ἐπιδείξατον τοιόνδε, ὃ εἴσομαι ὅτι ἀληθῆ

λέγετον.

τί ἐπιδείξω; ἔφη.

οἶσθα Εὐθύδημον ὁπόσους ὀδόντας ἔχει, καὶ ὁ Εὐθύδημος ὁπόσους σύ;

οὐκ ἐξαρκεῖ σοι, ἔφη, ἀκοῦσαι ὅτι πάντα ἐπιστάμεθα;

μηδαμῶς, ἦ δ' ὅς, ἀλλὰ τοῦτο ἔτι ἡμῖν μόνον εἶπατον καὶ ἐπιδείξατον ὅτι ἀληθῆ λέγετον: καὶ ἐὰν εἴπητον ὁπόσους ἐκάτερος ἔχει ὑμῶν, καὶ φαίνησθε γνόντες ἡμῶν ἀριθμησάντων, ἤδη πεισόμεθα ὑμῖν καὶ τᾶλλα. [294d]

ἡγουμένω οὖν σκώπτεσθαι οὐκ ἠθελέτην, ἀλλ' ὠμολογησάτην πάντα χρήματα ἐπίστασθαι, καθ' ἕνα ἕνα ἐρωτώμενοι ὑπὸ Κτησίππου. ὁ γὰρ Κτήσιππος πάνυ ἀπαρακαλύπτως οὐδὲν ὅτι οὐκ ἡρώτα τελευτῶν, καὶ τὰ αἰσχιστα, εἰ ἐπισταίστην: τῷ δὲ ἀνδρειότατα ὁμόσε ἦτην τοῖς ἐρωτήμασιν, ὁμολογοῦντες εἰδέναι, ὥσπερ οἱ κάπροι οἱ πρὸς τὴν πληγὴν ὁμόσε ὠθούμενοι, ὥστ' ἔγωγε καὶ αὐτός, ὦ Κρίτων, ὑπ' ἀπιστίας ἠναγκάσθην τελευτῶν ἐρέσθαι [τὸν Εὐθύδημον] εἰ [294e] καὶ ὀρχεῖσθαι ἐπίσταιτο ὁ Διονυσόδωρος: ὁ δέ, πάνυ, ἔφη.

οὐ δῆπου, ἦν δ' ἐγώ, καὶ ἐς μαχαίρας γε κυβιστᾶν καὶ ἐπὶ τροχοῦ δινεῖσθαι τηλικοῦτος ὢν, οὕτω πόρρω σοφίας ἦκεις;

οὐδέν, ἔφη, ὅτι οὐ.

πότερον δέ, ἦν δ' ἐγώ, πάντα νῦν μόνον ἐπίστασθον ἢ καὶ αἰεῖ;

καὶ αἰεῖ, ἔφη.

καὶ ὅτε παιδιά ἦσθην καὶ εὐθὺς γενόμενοι ἠπίστασθε πάντα;

ἐφάτην ἅμα ἀμφοτέρω. [295a]

καὶ ἡμῖν μὲν ἄπιστον ἐδόκει τὸ πρᾶγμα εἶναι: ὁ δ' Εὐθύδημος, ἀπιστεῖς, ἔφη, ὦ Σώκρατες;

πλήν γ' ὅτι, <ἦν δ' > ἐγώ, εἰκὸς ὑμᾶς ἐσθι σοφοὺς εἶναι.

ἀλλ' ἦν, ἔφη, ἐθελήσης μοι ἀποκρίνεσθαι, ἐγὼ ἐπιδείξω καὶ σὲ ταῦτα

τὰ θαυμαστὰ ὁμολογοῦντα.

ἀλλὰ μήν, ἦν δ' ἐγώ, ἥδιστα ταῦτα ἐξελέγχομαι. εἰ γάρ τοι λέληθα ἐμαυτὸν σοφὸς ὢν, σὺ δὲ τοῦτο ἐπιδείξεις ὥς πάντα ἐπίσταμαι καὶ ἀεὶ, τί μεῖζον ἔρμαιον αὐτοῦ ἂν εὕροιμι ἐν παντὶ τῷ βίῳ;

ἀποκρίνου δὴ, ἔφη. [295b]

ὥς ἀποκρινουμένου ἐρώτα.

ἄρ' οὖν, ἔφη, ὦ Σώκρατες, ἐπιστήμων του εἶ ἢ οὐ;

ἔγωγε.

πότερον οὖν ᾧ ἐπιστήμων εἶ, τούτῳ καὶ ἐπίστασαι, ἢ ἄλλῳ τῷ;

ὦι ἐπιστήμων. οἶμαι γάρ σε τὴν ψυχὴν λέγειν: ἢ οὐ τοῦτο λέγεις;

οὐκ αἰσχύνῃ, ἔφη, ὦ Σώκρατες; ἐρωτώμενος ἀντερωτᾷς;

εἶεν, ἦν δ' ἐγώ: ἀλλὰ πῶς ποιῶ; οὕτω γὰρ ποιήσω ὅπως ἂν σὺ κελεύῃς. ὅταν μὴ εἰδῶ ὅτι ἐρωτᾷς, κελεύεις με ὅμως ἀποκρίνεσθαι, ἀλλὰ μὴ ἐπανερέσθαι; [295c]

ὑπολαμβάνεις γὰρ δήπου τι, ἔφη, ὃ λέγω;

ἔγωγε, ἦν δ' ἐγώ.

πρὸς τοῦτο τοίνυν ἀποκρίνου ὃ ὑπολαμβάνεις.

τί οὖν, ἔφην, ἂν σὺ μὲν ἄλλη ἐρωτᾷς διανοούμενος, ἐγὼ δὲ ἄλλη ὑπολάβω, ἔπειτα πρὸς τοῦτο ἀποκρίνωμαι, ἐξαρκεῖ σοι ἐὰν μηδὲν πρὸς ἔπος ἀποκρίνωμαι;

ἔμοιγε, ἦ δ' ὅς: οὐ μέντοι σοί γε, ὥς ἐγὼμαι.

οὐ τοίνυν μὰ Δία ἀποκρινούμαι, ἦν δ' ἐγώ, πρότερον πρὶν ἂν πύθωμαι.

οὐκ ἀποκρινῇ, ἔφη, πρὸς ᾧ ἂν ἀεὶ ὑπολαμβάνῃς, ὅτι ἔχων φλυαρεῖς καὶ ἀρχαιότερος εἶ τοῦ δέοντος. [295d]

κἀγὼ ἔγνων αὐτὸν ὅτι μοι χαλεπαῖνοι διαστέλλοντι τὰ λεγόμενα,

βουλόμενός με θηρεῦσαι τὰ ὀνόματα περιστήσας. ἀνεμνήσθην οὖν τοῦ Κόννου, ὅτι μοι κακεῖνος χαλεπαίνει ἐκάστοτε ὅταν αὐτῷ μὴ ὑπέικω, ἔπειτά μου ἦττον ἐπιμελεῖται ὡς ἀμαθοῦς ὄντος· ἐπεὶ δὲ οὖν διενενοήμην καὶ παρὰ τοῦτον φοιτᾶν, ᾤήθην δεῖν ὑπεῖκειν, μὴ με σκαιὸν ἡγησάμενος φοιτητὴν μὴ προσδέχοιτο. εἶπον οὖν: ἀλλ' εἰ δοκεῖ σοι, [295e] Εὐθύδημε, οὕτω ποιεῖν, ποιητέον: σὺ γὰρ πάντως πού κάλλιον ἐπίστασαι διαλέγεσθαι ἢ ἐγώ, τέχνην ἔχων ιδιώτου ἀνθρώπου. ἐρώτα οὖν πάλιν ἐξ ἀρχῆς.

ἀποκρίνου δὴ, ἔφη, πάλιν, πότερον ἐπίστασαί τῳ ἢ ἐπίστασαι, ἢ οὐ;

ἔγωγε, ἔφην, τῇ γε ψυχῇ. [296a]

οὗτος αὖ, ἔφη, προσαποκρίνεται τοῖς ἐρωτωμένοις. οὐ γὰρ ἔγωγε ἐρωτῶ ὅτῳ, ἀλλ' εἰ ἐπίστασαί τῳ.

πλέον αὖ, ἔφην ἐγώ, τοῦ δέοντος ἀπεκρινάμην ὑπὸ ἀπαιδευσίας. ἀλλὰ συγγίνωσκέ μοι: ἀποκρινοῦμαι γὰρ ἤδη ἀπλῶς ὅτι ἐπίσταμαί τῳ ἢ ἐπίσταμαι.

πότερον, ἦ δ' ὅς, τῷ αὐτῷ τούτῳ γ' αἰεὶ, ἢ ἔστι μὲν ὅτε τούτῳ, ἔστιν δὲ ὅτε ἐτέρῳ;

αἰεὶ, ὅταν ἐπίστωμαι, ἦν δ' ἐγώ, τούτῳ.

οὐκ αὖ, ἔφη, παύση παραφθεγγόμενος;

ἀλλ' ὅπως μὴ τι ἡμᾶς σφήλη τὸ αἰεὶ τοῦτο. [296b]

οὐκ οὖν ἡμᾶς γ', ἔφη, ἀλλ' εἵπερ, σέ. ἀλλ' ἀποκρίνου: ἦ αἰεὶ τούτῳ ἐπίστασαι;

αἰεὶ, ἦν δ' ἐγώ, ἐπειδὴ δεῖ ἀφελεῖν τὸ ὅταν.

οὐκοῦν αἰεὶ μὲν τούτῳ ἐπίστασαι: αἰεὶ δ' ἐπιστάμενος πότερον τὰ μὲν τούτῳ ἐπίστασαι ᾧ ἐπίστασαι, τὰ δ' ἄλλῳ, ἢ τούτῳ πάντα;

τούτῳ, ἔφην ἐγώ, ἅπαντα, ἃ γ' ἐπίσταμαι.

τοῦτ' ἐκεῖνο, ἔφη: ἥκει τὸ αὐτὸ παράφθεγμα.

ἀλλ' ἀφαιρῶ, ἔφην ἐγώ, τὸ ἃ γ' ἐπίσταμαι.

ἀλλὰ μηδὲ ἔν, ἔφη, ἀφέλης: οὐδὲν γάρ σου δέομαι. [296c] ἀλλὰ μοι ἀπόκριται: δύναιο ἂν ἅπαντα ἐπίστασθαι, εἰ μὴ πάντα ἐπίσταιο;

τέρας γὰρ ἂν εἴη, ἣν δ' ἐγώ.

καὶ ὃς εἶπε: Προστίθει τοίνυν ἤδη ὅτι βούλει: ἅπαντα γὰρ ὁμολογεῖς ἐπίστασθαι.

ἔοικα, ἔφην ἐγώ, ἐπειδὴ περ γε οὐδεμίαν ἔχει δύναμιν τὸ ἅ ἐπίσταμαι, πάντα δὲ ἐπίσταμαι.

οὐκοῦν καὶ ἀεὶ ὁμολόγηκας ἐπίστασθαι τούτῳ ᾧ ἐπίστασαι, εἴτε ὅταν ἐπίστη εἴτε ὅπως βούλει: ἀεὶ γὰρ ὁμολόγηκας ἐπίστασθαι καὶ ἅμα πάντα. δῆλον οὖν ὅτι καὶ παῖς ὢν [296d] ἠπίστω, καὶ ὅτ' ἐγίγνου, καὶ ὅτ' ἐφύου: καὶ πρὶν αὐτὸς γενέσθαι, καὶ πρὶν οὐρανὸν καὶ γῆν γενέσθαι, ἠπίστω ἅπαντα, εἶπερ ἀεὶ ἐπίστασαι. καὶ ναὶ μὰ Δία, ἔφη, αὐτὸς ἀεὶ ἐπιστήσῃ καὶ ἅπαντα, ἂν ἐγὼ βούλωμαι.

ἀλλὰ βουληθείης, ἣν δ' ἐγώ, ᾧ πολυτίμητε Εὐθύδημε, εἰ δὴ τῷ ὄντι ἀληθῆ λέγεις. ἀλλ' οὐ σοὶ πάνυ πιστεύω ἱκανῶ εἶναι, εἰ μὴ σοὶ συμβουληθείῃ ὁ ἀδελφός σου οὐτοσί Διονυσόδωρος: οὕτω δὲ τάχα ἂν. εἶπετον δέ μοι, ἣν δ' ἐγώ [296e] τὰ μὲν γὰρ ἄλλα οὐκ ἔχω ὑμῖν πῶς ἀμφισβητοῖν, οὕτως εἰς σοφίαν τερατώδεσιν ἀνθρώποις, ὅπως ἐγὼ οὐ πάντα ἐπίσταμαι, ἐπειδὴ γε ὑμεῖς φατε τὰ δὲ τοιάδε πῶς φῶ ἐπίστασθαι, Εὐθύδημε, ὥς οἱ ἀγαθοὶ ἄνδρες ἄδικοί εἰσιν; φέρε εἰπέ, τοῦτο ἐπίσταμαι ἢ οὐκ ἐπίσταμαι;

ἐπίστασαι μέντοι, ἔφη.

τί; ἣν δ' ἐγώ.

ὅτι οὐκ ἄδικοί εἰσιν οἱ ἀγαθοί. [297a]

πάνυ γε, ἣν δ' ἐγώ, πάλαι. ἀλλ' οὐ τοῦτο ἐρωτῶ: ἀλλ' ὥς ἄδικοί εἰσιν οἱ ἀγαθοί, ποῦ ἐγὼ τοῦτο ἔμαθον;

οὐδαμοῦ, ἔφη ὁ Διονυσόδωρος.

οὐκ ἄρα ἐπίσταμαι, ἔφην, τοῦτο ἐγώ.

διαφθείρεις, ἔφη, τὸν λόγον, ὁ Εὐθύδημος πρὸς τὸν Διονυσόδωρον,

καὶ φανήσεται οὗτοσὶ οὐκ ἐπιστάμενος, καὶ ἐπιστήμων ἅμα ὢν καὶ ἀνεπιστήμων. καὶ ὁ Διονυσόδωρος ἠρυθρίασεν.

ἀλλὰ σύ, ἦν δ' ἐγώ, πῶς λέγεις, ὦ Εὐθύδημε; οὐ δοκεῖ [297b] σοὶ ὀρθῶς ἀδελφὸς λέγειν ὁ πάντ' εἰδώς;

ἀδελφὸς γάρ, ἔφη, ἐγώ εἰμι Εὐθύδημου, ταχὺ ὑπολαβὼν ὁ Διονυσόδωρος;

καὶ γὰρ εἶπον: ἔασον, ὠγαθέ, ἕως ἂν Εὐθύδημός με διδάξῃ ὥς ἐπίσταμαι τοὺς ἀγαθοὺς ἄνδρας ὅτι ἄδικοί εἰσι, καὶ μὴ μοι φθονήσῃς τοῦ μαθήματος.

φεύγεις, ἔφη, ὦ Σώκρατες, ὁ Διονυσόδωρος, καὶ οὐκ ἐθέλεις ἀποκρίνεσθαι.

εἰκότως γ', εἶπον ἐγώ: ἥττων γάρ εἰμι καὶ τοῦ ἐτέρου ὑμῶν, ὥστε πολλοῦ δέω μὴ οὐ δύο γε φεύγειν. πολὺ γάρ [297c] πού εἰμι φαυλότερος τοῦ Ἡρακλέους, ὃς οὐχ οἷός τε ἦν τῇ τε ὕδρᾳ διαμάχεσθαι, σοφιστρία οὔσῃ καὶ διὰ τὴν σοφίαν ἀνιείσῃ, εἰ μίαν κεφαλὴν τοῦ λόγου τις ἀποτέμῃ, πολλὰς ἀντὶ τῆς μιᾶς, καὶ καρκίνῳ τινὶ ἐτέρῳ σοφιστῇ ἐκ θαλάττης ἀφιγμένῳ, νεωστί, μοι δοκεῖν, καταπεπλευκότι: ὃς ἐπειδὴ αὐτὸν ἐλύπει οὕτως ἐκ τοῦ ἐπ' ἀριστερὰ λέγων καὶ δάκνων, τὸν Ἰόλεω τὸν ἀδελφιδοῦν βοηθὸν ἐπεκαλέσατο, ὁ δὲ αὐτῷ [297d] ἱκανῶς ἐβοήθησεν. ὁ δ' ἐμὸς Ἰόλεως [Πατροκλῆς] εἰ ἔλθοι, πλεον ἂν θάτερον ποιήσειεν.

ἀπόκριναι δὴ, ἔφη ὁ Διονυσόδωρος, ὁπότε σοὶ ταῦτα ὑμνηται: πότερον ὁ Ἰόλεως τοῦ Ἡρακλέους μᾶλλον ἦν ἀδελφιδοῦς ἢ σός;

κράτιστον τοῖνυν μοι, ὦ Διονυσόδωρε, ἦν δ' ἐγώ, ἀποκρίνασθαι σοὶ. οὐ γὰρ μὴ ἀνῆς ἐρωτῶν, σχεδόν τι ἐγὼ τοῦτ' εὖ οἶδα, φθονῶν καὶ διακωλύων, ἵνα μὴ διδάξῃ με Εὐθύδημος ἐκεῖνο τὸ σοφόν.

ἀποκρίνου δὴ, ἔφη.

ἀποκρίνομαι δὴ, εἶπον, ὅτι τοῦ Ἡρακλέους ἦν ὁ Ἰόλεως ἀδελφιδοῦς, [297e] ἐμὸς δ', ὥς ἐμοὶ δοκεῖ, οὐδ' ὅπως οἶσιν. οὐ γὰρ Πατροκλῆς ἦν αὐτῷ πατήρ, ὁ ἐμὸς ἀδελφός, ἀλλὰ παραπλήσιον μὲν τοῦνομα Ἰφικλῆς, ὁ Ἡρακλέους ἀδελφός.

Πατροκλῆς δέ, ἥ δ' ὅς, σός;

πάνυ γ', ἔφην ἐγώ, ὁμομήτριός γε, οὐ μέντοι ὁμοπάτριος.

ἀδελφὸς ἄρα ἐστί σοι καὶ οὐκ ἀδελφός.

οὐχ ὁμοπάτριός γε, ὧ βέλτιστε, ἔφην: ἐκείνου μὲν γὰρ Χαιρέδημος ἦν πατήρ, ἐμός δὲ Σωφρονίσκος.

πατὴρ δὲ ἦν, ἔφη, Σωφρονίσκος καὶ Χαιρέδημος;

πάνυ [298a] γ', ἔφην: ὁ μὲν γε ἐμός, ὁ δὲ ἐκείνου.

οὐκοῦν, ἥ δ' ὅς, ἕτερος ἦν Χαιρέδημος τοῦ πατρός;

τοῦμοῦ γ', ἔφην ἐγώ.

ἄρ' οὖν πατὴρ ἦν ἕτερος ὢν πατρός; ἢ σὺ εἶ ὁ αὐτὸς τῷ λίθῳ;

δέδοικα μὲν ἔγωγ', ἔφην, μὴ φανῶ ὑπὸ σοῦ ὁ αὐτός: οὐ μέντοι μοι δοκῶ.

οὐκοῦν ἕτερος εἶ, ἔφη, τοῦ λίθου;

ἕτερος μέντοι.

ἄλλο τι οὖν ἕτερος, ἥ δ' ὅς, ὢν λίθου οὐ λίθος εἶ; καὶ ἕτερος ὢν χρυσοῦ οὐ χρυσὸς εἶ;

ἔστι ταῦτα.

οὐκ οὖν καὶ ὁ Χαιρέδημος, ἔφη, ἕτερος ὢν πατρός [οὐκ ἂν] πατήρ ἐστιν.

ἔοικεν, ἦν δ' ἐγώ, οὐ πατὴρ εἶναι. [298b]

εἰ γὰρ δήπου, ἔφη, πατήρ ἐστιν ὁ Χαιρέδημος, ὑπολαβὼν ὁ Εὐθύδημος, πάλιν αὖ ὁ Σωφρονίσκος ἕτερος ὢν πατρός οὐ πατήρ ἐστιν, ὥστε σύ, ὦ Σώκρατες, ἀπάτωρ εἶ.

καὶ ὁ Κτήσιππος ἐκδεξάμενος, ὁ δὲ ὑμέτερος, ἔφη, αὖ πατὴρ οὐ ταῦτα ταῦτα πέπονθεν; ἕτερός ἐστιν τοῦμοῦ πατρός;

πολλοῦ γ', ἔφη, δεῖ, ὁ Εὐθύδημος.

ἀλλά, ἦ δ' ὅς, ὁ αὐτός;

ὁ αὐτὸς μέντοι.

οὐκ ἂν συμβουλοίμην. ἀλλὰ [298c] πότερον, ὦ Εὐθύδημε, ἐμὸς μόνον ἐστὶ πατὴρ ἢ καὶ τῶν ἄλλων ἀνθρώπων;

καὶ τῶν ἄλλων, ἔφη: ἢ οἶει τὸν αὐτὸν πατέρα ὄντα οὐ πατέρα εἶναι;

ὦϊμην δῆτα, ἔφη ὁ Κτήσιππος.

τί δέ; ἦ δ' ὅς: χρυσὸν ὄντα μὴ χρυσὸν εἶναι; ἢ ἄνθρωπον ὄντα μὴ ἄνθρωπον;

μὴ γάρ, ἔφη ὁ Κτήσιππος, ὦ Εὐθύδημε, τὸ λεγόμενον, οὐ λίνον λίνῳ συνάπτεις: δεινὸν γὰρ λέγεις πρᾶγμα εἰ ὁ σὸς πατὴρ πάντων ἐστὶν πατήρ.

ἀλλ' ἔστιν, ἔφη.

πότερον ἀνθρώπων; ἦ δ' ὅς ὁ Κτήσιππος, ἢ καὶ ἵππων καὶ τῶν ἄλλων πάντων ζώων; [298d]

πάντων, ἔφη.

ἦ καὶ μήτηρ ἢ μήτηρ;

καὶ ἡ μήτηρ γε.

καὶ τῶν ἐχίνων ἄρα, ἔφη, ἡ σὴ μήτηρ μήτηρ ἐστὶ τῶν θαλαττίων.

καὶ ἡ σὴ γ', ἔφη.

καὶ σὺ ἄρα ἀδελφὸς εἶ τῶν κωβιῶν καὶ κυναρίων καὶ χοιριδίων.

καὶ γὰρ σύ, ἔφη.

κάπρος ἄρα σοι πατήρ ἐστι καὶ κύων.

καὶ γὰρ σοί, ἔφη.

αὐτίκα δέ γε, ἦ δ' ὅς ὁ Διονυσόδωρος, ἂν μοι ἀποκρίνη, ὦ Κτήσιππε,

ὁμολογήσεις ταῦτα. εἰπὲ γάρ μοι, ἔστι σοι κύων;

καὶ μάλα πονηρός, ἔφη ὁ Κτήσιππος.

ἔστιν οὖν [298e] αὐτῷ κυνίδια;

καὶ μάλ', ἔφη, ἕτερα τοιαῦτα.

οὐκοῦν πατήρ ἐστιν αὐτῶν ὁ κύων;

ἐγωγέ τοι εἶδον, ἔφη, αὐτὸν ὀχεύοντα τὴν κύνα.

τί οὖν; οὐ σός ἐστιν ὁ κύων;

πάνυ γ', ἔφη.

οὐκοῦν πατήρ ὢν σός ἐστιν, ὥστε σὸς πατήρ γίγνεται ὁ κύων καὶ σὺ κυναρίων ἀδελφός;

καὶ αὖθις ταχὺ ὑπολαβὼν ὁ Διονυσόδωρος, ἵνα μὴ πρότερόν τι εἴποι ὁ Κτήσιππος, καὶ ἔτι γέ μοι μικρόν, ἔφη, ἀπόκριναι: τύπτεις τὸν κύνα τοῦτον;

καὶ ὁ Κτήσιππος γελάσας, νῆ τοὺς θεούς, ἔφη: οὐ γὰρ δύναμαι σέ.

οὐκοῦν τὸν σαυτοῦ πατέρα, ἔφη, τύπτεις; [299a]

πολὺ μέντοι, ἔφη, δικαιότερον τὸν ὑμέτερον πατέρ' ἅ<v> τύπτωμι, ὅτι μαθὼν σοφοὺς ὑεῖς οὕτως ἔφυσεν. ἀλλ' ἦ που, ὦ Εὐθύδημε [ὁ Κτήσιππος], πόλλ' ἀγαθὰ ἀπὸ τῆς ὑμετέρας σοφίας ταύτης ἀπολέλαικεν ὁ πατήρ ὁ ὑμέτερός τε καὶ τῶν κυνιδίων.

ἀλλ' οὐδὲν δεῖται πολλῶν ἀγαθῶν, ὦ Κτήσιππε, οὐτ' ἐκεῖνος οὔτε σύ.

οὐδὲ σύ, ἦ δ' ὅς, ὦ Εὐθύδημε, αὐτός;

οὐδὲ ἄλλος γε οὐδεὶς ἀνθρώπων. εἰπὲ γάρ μοι, ὦ [299b] Κτήσιππε, εἰ ἀγαθὸν νομίζεις εἶναι ἀσθενοῦντι φάρμακον πιεῖν ἢ οὐκ ἀγαθὸν εἶναι δοκεῖ σοι, ὅταν δέηται: ἢ εἰς πόλεμον ὅταν ἦ, ὅπλα ἔχοντα μᾶλλον ἰέναι ἢ ἄνοπλον.

ἔμοιγε, ἔφη. καίτοι οἴμαί τί σε τῶν καλῶν ἐρεῖν.

σὺ ἄριστα εἶση, ἔφη· ἀλλ' ἀποκρίνου. ἐπεὶδὴ γὰρ ὁμολόγεις ἀγαθὸν εἶναι φάρμακον, ὅταν δέῃ, πίνειν ἀνθρώπῳ, ἄλλο τι τοῦτο τὸ ἀγαθὸν ὥς πλεῖστον δεῖ πίνειν, καὶ καλῶς ἐκεῖ ἔξει, ἐάν τις αὐτῷ τρίψας ἐγκεράσῃ ἐλλεβόρου ἄμαξαν;

καὶ ὁ Κτήσιππος εἶπεν· πάνυ γε σφόδρα, ὦ Εὐθύδημε, ἐὰν ἦ γε [299c] ὁ πίνων ὅσος ὁ ἀνδριάς ὁ ἐν Δελφοῖς.

οὐκοῦν, ἔφη, καὶ ἐν τῷ πολέμῳ ἐπεὶδὴ ἀγαθὸν ἐστὶν ὄπλα ἔχειν, ὥς πλεῖστα δεῖ ἔχειν δόρατά τε καὶ ἀσπίδας, ἐπεὶδήπερ ἀγαθὸν ἐστὶν;

μάλα δήπου, ἔφη ὁ Κτήσιππος· σὺ δ' οὐκ οἶει, ὦ Εὐθύδημε, ἀλλὰ μίαν καὶ ἐν δόρυ;

ἔγωγε.

ἦ καὶ τὸν Γηρυόνην ἄν, ἔφη, καὶ τὸν Βριάρεων οὕτως σὺ ὀπλίσαις; ἐγὼ δὲ ὦμην σὲ δεινότερον εἶναι, ἅτε ὀπλομάχην ὄντα, καὶ τόνδε τὸν ἐταῖρον.

καὶ ὁ μὲν Εὐθύδημος ἐσίγησεν· ὁ δὲ Διονυσόδωρος πρὸς [299d] τὰ πρότερον ἀποκεκριμένα τῷ Κτησίππῳ ἤρετο, οὐκοῦν καὶ χρυσίον, ἦ δ' ὅς, ἀγαθὸν δοκεῖ σοι εἶναι ἔχειν;

πάνυ, καὶ ταῦτά γε πολὺ, ἔφη ὁ Κτήσιππος.

τί οὖν; ἀγαθὰ οὐ δοκεῖ σοι χρῆναι ἀεὶ τ' ἔχειν καὶ πανταχοῦ;

σφόδρα γ', ἔφη.

οὐκοῦν καὶ τὸ χρυσίον ἀγαθὸν ὁμολογεῖς εἶναι;

ὁμολόγηκα μὲν οὖν, ἦ δ' ὅς.

οὐκοῦν ἀεὶ δεῖ αὐτὸ ἔχειν καὶ πανταχοῦ καὶ ὥς μάλιστα ἐν ἑαυτῷ; καὶ εἴη ἂν εὐδαιμονέστατος [299e] εἰ ἔχοι χρυσίου μὲν τρία τάλαντα ἐν τῇ γαστρὶ, τάλαντον δ' ἐν τῷ κρανίῳ, στατήρα δὲ χρυσοῦ ἐν ἑκατέρῳ τῷ φθαλμῷ;

φασὶ γε οὖν, ὦ Εὐθύδημε, ἔφη ὁ Κτήσιππος, τούτους εὐδαιμονεστάτους εἶναι Σκυθῶν καὶ ἀρίστους ἄνδρας, οἱ χρυσίον τε

ἐν τοῖς κρανίοις ἔχουσιν πολὺ τοῖς ἑαυτῶν, ὥσπερ σὺ νυνδὴ ἔλεγες
τὸν κύνα τὸν πατέρα, καὶ ὁ θαυμασιώτερόν γε ἔτι, ὅτι καὶ πίνουσιν
ἐκ τῶν ἑαυτῶν κρανίων κεχρυσωμένων, καὶ ταῦτα ἐντὸς καθορῶσιν,
τὴν ἑαυτῶν κορυφὴν ἐν ταῖς χερσὶν ἔχοντες. [300a]

πότερον δὲ ὀρῶσιν, ἔφη ὁ Εὐθύδημος, καὶ Σκύθαι τε καὶ οἱ ἄλλοι
ἄνθρωποι τὰ δυνατὰ ὀρᾶν ἢ τὰ ἀδύνατα;

τὰ δυνατὰ δήπου.

οὐκοῦν καὶ σύ, ἔφη;

κἀγώ.

ὀρᾷς οὖν τὰ ἡμέτερα ἰμάτια;

ναί.

δυνατὰ οὖν ὀρᾶν ἐστὶν ταῦτα.

ὑπερφυῶς, ἔφη ὁ Κτήσιππος.

τί δέ; ἦ δ' ὅς.

μηδέν. σὺ δὲ ἴσως οὐκ οἶει αὐτὰ ὀρᾶν: οὕτως ἡδὺς εἶ. ἀλλὰ μοι
δοκεῖς, Εὐθύδημε, οὐ καθεύδων ἐπικεκοιμησθαι καί, <εἰ> οἷόν τε
λέγοντα μηδὲν λέγειν, καὶ σὺ τοῦτο ποιεῖν. [300b]

ἦ γὰρ οὐχ οἷόν τ', ἔφη ὁ Διονυσόδωρος, σιγῶντα λέγειν;

οὐδ' ὅπωςτιοῦν, ἦ δ' ὅς ὁ Κτήσιππος.

ἄρ' οὐδὲ λέγοντα σιγᾶν;

ἔτι ἦττον, ἔφη.

ὅταν οὖν λίθους λέγῃς καὶ ξύλα καὶ σιδήρια, οὐ σιγῶντα λέγεις;

οὐκ οὐν εἶ γε ἐγώ, ἔφη, παρέρχομαι ἐν τοῖς χαλκείοις, ἀλλὰ
φθεγγόμενα καὶ βοῶντα μέγιστον τὰ σιδήρια λέγεται, ἐάν τις ἄψηται:
ὥστε τοῦτο μὲν ὑπὸ σοφίας ἔλαθες οὐδὲν εἰπών. ἀλλ' ἔτι μοι τὸ
ἕτερον ἐπιδείξατον, ὅπως αὖ ἐστιν λέγοντα σιγᾶν. [300c]

καί μοι ἐδόκει ὑπεραγωνιᾶν ὁ Κτήσιππος διὰ τὰ παιδικά.

ὅταν σιγᾷς, ἔφη ὁ Εὐθύδημος, οὐ πάντα σιγᾷς;

ἔγωγε, ἦ δ' ὅς.

οὐκοῦν καὶ τὰ λέγοντα σιγᾷς, εἴπερ τῶν ἀπάντων ἐστὶν [τὰ λεγόμενα].

τί δέ; ἔφη ὁ Κτήσιππος, οὐ σιγᾷ πάντα;

οὐ δήπου, ἔφη ὁ Εὐθύδημος.

ἀλλ' ἄρα, ὦ βέλτιστε, λέγει τὰ πάντα;

τά γε δήπου λέγοντα.

ἀλλά, ἦ δ' ὅς, οὐ τοῦτο ἐρωτῶ, ἀλλὰ τὰ πάντα σιγᾷ ἢ λέγει; [300d]

οὐδέτερα καὶ ἀμφοτέρα, ἔφη ὑφαρπάσας ὁ Διονυσόδωρος; εὖ γὰρ οἶδα ὅτι τῇ ἀποκρίσει οὐχ ἔξεις ὅτι χρῆ.

καὶ ὁ Κτήσιππος, ὥσπερ εἰώθει, μέγα πάνυ ἀνακαγχάσας, ὦ Εὐθύδημε, ἔφη, ὁ ἀδελφός σου ἐξημποτέρικεν τὸν λόγον, καὶ ἀπόλωλέ τε καὶ ἥττηται. καὶ ὁ Κλεινίας πάνυ ἥσθη καὶ ἐγέλασεν, ὥστε ὁ Κτήσιππος ἐγένετο πλεῖον ἢ δεκαπλάσιος. ὁ δέ μοι δοκεῖ ἄτε πανοῦργος ὢν, ὁ Κτήσιππος, παρ' αὐτῶν τούτων αὐτὰ ταῦτα παρηκηκόει: οὐ γάρ ἐστιν ἄλλων τοιαύτη σοφία τῶν νῦν ἀνθρώπων. [300e]

κἀγὼ εἶπον: τί γελᾷς, ὦ Κλεινία, ἐπὶ σπουδαίοις οὕτω πράγμασιν καὶ καλοῖς;

σὺ γὰρ ἤδη τι πάποτ' εἶδες, ὦ Σώκρατες, καλὸν πράγμα; ἔφη ὁ Διονυσόδωρος.

ἔγωγε, ἔφην, καὶ πολλά γε, ὦ Διονυσόδωρε. [301a]

ἄρα ἕτερα ὄντα τοῦ καλοῦ, ἔφη, ἢ ταῦτά τῳ καλῷ;

κἀγὼ ἐν παντὶ ἐγενόμην ὑπὸ ἀπορίας, καὶ ἡγούμην δίκαια πεπονθέναι ὅτι ἔγρυξα, ὅμως δὲ ἕτερα ἔφην αὐτοῦ γε τοῦ καλοῦ:

πάρεστιν μέντοι ἐκάστῳ αὐτῶν κάλλος τι. ἐὰν οὖν, ἔφη, παραγένηται σοι βοῦς, βοῦς εἶ, καὶ ὅτι νῦν ἐγὼ σοι πάρειμι, Διονυσόδωρος εἶ;

εὐφήμει τοῦτό γε, ἦν δ' ἐγώ.

ἀλλὰ τίνα τρόπον, ἔφη, ἐτέρου ἐτέρῳ παραγενομένου τὸ ἕτερον ἕτερον ἂν εἶη; [301b]

ἄρα τοῦτο, ἔφην ἐγώ, ἀπορεῖς; ἤδη δὲ τοῖν ἀνδροῖν τὴν σοφίαν ἐπεχειροῦν μιμεῖσθαι, ἅτε ἐπιθυμῶν αὐτῆς.

πῶς γὰρ οὐκ ἀπορῶ, ἔφη, καὶ ἐγὼ καὶ οἱ ἄλλοι ἅπαντες ἄνθρωποι ὃ μὴ ἔστι;

τί λέγεις, ἦν δ' ἐγώ, ὦ Διονυσόδωρε; οὐ τὸ καλὸν καλὸν ἐστὶν καὶ τὸ αἰσχροὺς αἰσχρόν;

ἐὰν ἔμοιγε, ἔφη, δοκῇ.

οὐκοῦν δοκεῖ;

πάνυ γ', ἔφη.

οὐκοῦν καὶ τὸ ταῦτὸν ταῦτὸν καὶ τὸ ἕτερον ἕτερον; οὐ γὰρ δήπου τό γε ἕτερον ταῦτόν, ἀλλ' [301c] ἔγωγε οὐδ' ἂν παῖδα ὥμην τοῦτο ἀπορῆσαι, ὥς οὐ τὸ ἕτερον ἕτερόν ἐστιν. ἀλλ', ὦ Διονυσόδωρε, τοῦτο μὲν ἐκὼν παρήκας, ἐπεὶ τὰ ἄλλα μοι δοκεῖτε ὥσπερ οἱ δημιουργοὶ οἷς ἕκαστα προσήκει ἀπεργάζεσθαι, καὶ ὑμεῖς τὸ διαλέγεσθαι παγκάλως ἀπεργάζεσθαι.

οἶσθα οὖν, ἔφη, ὅτι προσήκει ἐκάστοις τῶν δημιουργῶν; πρῶτον τίνα χαλκεύειν προσήκει, οἶσθα;

ἔγωγε: ὅτι χαλκέα.

τί δέ, κεραμεύειν;

κεραμέα.

τί δέ, σφάττειν τε καὶ ἐκδέρειν καὶ τὰ μικρὰ κρέα κατακόψαντα ἔψειν καὶ ὀπτᾶν; [301d]

μάγειρον, ἦν δ' ἐγώ.

οὐκοῦν ἐάν τις, ἔφη, τὰ προσήκοντα πράττη, ὀρθῶς πράξει;

μάλιστα.

προσέκει δέ γε, ὡς φῆς, τὸν μάγειρον κατακόπτειν καὶ ἐκδέρειν; ὁμολόγησας ταῦτα ἢ οὐ;

ὁμολόγησα, ἔφην, ἀλλὰ συγγνώμην μοι ἔχε.

δῆλον τοίνυν, ἦ δ' ὅς, ὅτι ἂν τις σφάζας τὸν μάγειρον καὶ κατακόψας ἐψήσῃ καὶ ὀπτήσῃ, τὰ προσήκοντα ποιήσει: καὶ ἐὰν τὸν χαλκέα τις αὐτὸν χαλκεύῃ καὶ τὸν κεραμέα κεραμεύῃ, καὶ οὗτος τὰ προσήκοντα πράξει. [301e]

ὦ Πόσειδον, ἦν δ' ἐγώ, ἤδη κολοφῶνα ἐπιτιθεῖς τῇ σοφίᾳ. ἄρά μοι ποτε αὕτη παραγενήσεται ὥστε μοι οἰκεῖα γενέσθαι;

ἐπιγνοίης ἂν αὐτήν, ὦ Σώκρατες, ἔφη, οἰκεῖαν γενομένην;

ἐὰν σύ γε βούλῃ, ἔφην ἐγώ, δῆλον ὅτι.

τί δέ, ἦ δ' ὅς, τὰ σαυτοῦ οἶει γινώσκειν;

εἰ μή τι σὺ ἄλλο λέγεις: ἀπὸ σοῦ γὰρ δεῖ ἄρχεσθαι, τελευτᾶν δ' εἰς Εὐθύδημον τόνδε.

ἄρ' οὖν, ἔφη, ταῦτα ἡγῇ σὰ εἶναι, ὣν ἂν ἄρξης καὶ ἐξῇ [302a] σοι αὐτοῖς χρῆσθαι ὅτι ἂν βούλῃ; οἷον βοῦς καὶ πρόβατον, ἄρ' ἂν ἡγοῖο ταῦτα σὰ εἶναι, ἃ σοι ἐξείῃ καὶ ἀποδόσθαι καὶ δοῦναι καὶ θῦσαι ὅτῳ βούλοιο θεῶν; ἃ δ' ἂν μὴ οὕτως ἔχη, οὐ σά;

κἀγώ (ἥδη γὰρ ὅτι ἐξ αὐτῶν καλόν τι ἀνακύψοιτο τῶν ἐρωτημάτων, καὶ ἅμα βουλόμενος ὅτι τάχιστ' ἀκοῦσαι) πάνυ μὲν οὖν, ἔφην, οὕτως ἔχει: τὰ τοιαῦτά ἐστιν μόνα ἐμά. τί δέ; ζῶα, ἔφη, οὐ ταῦτα καλεῖς ἃ ἂν ψυχὴν ἔχη; [302b]

ναί, ἔφην.

ὁμολογεῖς οὖν τῶν ζώων ταῦτα μόνα εἶναι σά, περὶ ἃ ἂν σοι ἐξουσία ἦ πάντα ταῦτα ποιεῖν ἃ νυνδὴ ἐγὼ ἔλεγον;

ὁμολογῶ.

καὶ ὅς, εἰρωνικῶς πάνυ ἐπισχὼν ὥς τι μέγα σκοπούμενος, εἰπέ μοι, ἔφη, ὦ Σώκρατες, ἔστιν σοι Ζεὺς πατὴρ;

καὶ ἐγὼ ὑποπτέυσας ἤξιν τὸν λόγον οἷπερ ἐτελεύτησεν, ἄπορόν τινα στροφὴν ἔφηνόν τε καὶ ἐστρεφόμην ἤδη ὥσπερ ἐν δικτύῳ εἰλημμένος· οὐκ ἔστιν, ἦν δ' ἐγώ, ὦ Διονυσόδωρε.

ταλαίπωρος ἄρα τις σύ γε ἄνθρωπος [302c] εἶ καὶ οὐδὲ Ἀθηναῖος, ὦ μήτε θεοὶ πατῆροί εἰσιν μήτε ἱερὰ μήτε ἄλλο μηδὲν καλὸν καὶ ἀγαθόν.

ἔα, ἦν δ' ἐγώ, ὦ Διονυσόδωρε, εὐφήμει τε καὶ μὴ χαλεπῶς με προδίδασκε. ἔστι γὰρ ἔμοιγε καὶ βωμοὶ καὶ ἱερὰ οἰκεῖα καὶ πατῆρα καὶ τὰ ἄλλα ὅσα περ τοῖς ἄλλοις Ἀθηναίοις τῶν τοιούτων.

εἶτα τοῖς ἄλλοις, ἔφη, Ἀθηναίοις οὐκ ἔστιν Ζεὺς ὁ πατὴρ;

οὐκ ἔστιν, ἦν δ' ἐγώ, αὕτη ἡ ἐπωνυμία Ἰώνων οὐδενί, οὔθ' ὅσοι ἐκ τῆσδε τῆς πόλεως ἀπωκισμένοι εἰσιν οὔθ' ἡμῖν, [302d] ἀλλὰ Ἀπόλλων πατὴρ διὰ τὴν τοῦ Ἰωνος γένεσιν· Ζεὺς δ' ἡμῖν πατὴρ μὲν οὐ καλεῖται, ἔρκειος δὲ καὶ φράτριος, καὶ Ἀθηναία φρατρία.

ἀλλ' ἄρκεῖ γ', ἔφη ὁ Διονυσόδωρος· ἔστιν γάρ σοι, ὥς ἔοικεν, Ἀπόλλων τε καὶ Ζεὺς καὶ Ἀθηνᾶ.

πάνυ, ἦν δ' ἐγώ.

οὐκοῦν καὶ οὗτοι σοὶ θεοὶ ἂν εἶεν; ἔφη.

πρόγονοι, ἦν δ' ἐγώ, καὶ δεσπότες.

ἀλλ' οὖν σοὶ γε, ἔφη· ἢ οὐ σοὺς ὁμολόγηκας αὐτοὺς εἶναι;

ὁμολόγηκα, ἔφην· τί γὰρ πάθω;

οὐκοῦν, ἔφη, καὶ ζῶα εἰσιν οὗτοι οἱ [302e] θεοί; ὁμολόγηκας γὰρ ὅσα ψυχὴν ἔχει ζῶα εἶναι. ἢ οὗτοι οἱ θεοὶ οὐκ ἔχουσιν ψυχὴν;

ἔχουσιν, ἦν δ' ἐγώ.

οὐκοῦν καὶ ζῶα εἰσιν;

ζῶα, ἔφην.

τῶν δέ γε ζώων, ἔφη, ὁμολόγηκας ταῦτ' εἶναι σά, ὅσα ἂν σοι ἐξῇ καὶ δοῦναι καὶ ἀποδόσθαι καὶ θῦσαι δὴ θεῷ ὅτ' ἂν βούλῃ.

ὁμολόγηκα, ἔφην: οὐκ ἔστιν γάρ μοι ἀνάδυσις, ὦ Εὐθύδημε.

ἴθι δὴ μοι εὐθύς, ἧ δ' ὅς, εἰπέ: ἐπειδὴ σὸν ὁμολογεῖς εἶναι τὸν Δία [303a] καὶ τοὺς ἄλλους θεοὺς, ἄρα ἔξεστί σοι αὐτοὺς ἀποδόσθαι ἢ δοῦναι ἢ ἄλλ' ὅτι ἂν βούλῃ χρῆσθαι ὥσπερ τοῖς ἄλλοις ζώοις;

ἐγὼ μὲν οὖν, ὦ Κρίτων, ὥσπερ πληγεὶς ὑπὸ τοῦ λόγου, ἐκείμην ἄφρονος: ὁ δὲ Κτήσιππός μοι ἰὼν ὡς βοηθήσων, Πυππᾶξ ὦ Ἡράκλεις, ἔφη, καλοῦ λόγου.

καὶ ὁ Διονυσόδωρος, πότερον οὖν, ἔφη, ὁ Ἡρακλῆς πυππᾶξ ἐστὶν ἢ ὁ πυππᾶξ Ἡρακλῆς;

καὶ ὁ Κτήσιππος, ὦ Πόσειδον, ἔφη, δεινῶν λόγων. ἀφίσταμαι: ἀμάχω τὼ ἄνδρε. [303b]

ἐνταῦθα μέντοι, ὦ φίλε Κρίτων, οὐδεὶς ὅστις οὐ τῶν παρόντων ὑπερεπήνεσε τὸν λόγον καὶ τὼ ἄνδρε, καὶ γελῶντες καὶ κροτοῦντες καὶ χαίροντες ὀλίγου παρετάθησαν. ἐπὶ μὲν γὰρ τοῖς ἔμπροσθεν ἐφ' ἐκάστοις πᾶσι παγκάλως ἐθορύβουν μόνοι οἱ τοῦ Εὐθύδημου ἐρασταί, ἐνταῦθα δὲ ὀλίγου καὶ οἱ κίονες οἱ ἐν τῷ Λυκείῳ ἐθορύβησάν τ' ἐπὶ τοῖν ἀνδροῖν καὶ ἦσθησαν. ἐγὼ μὲν οὖν καὶ αὐτὸς οὕτω διετέθην, ὥστε [303c] ὁμολογεῖν μηδένας πώποτε ἀνθρώπους ἰδεῖν οὕτω σοφοὺς, καὶ παντάπασι καταδουλωθεὶς ὑπὸ τῆς σοφίας αὐτοῖν ἐπὶ τὸ ἐπαινεῖν τε καὶ ἐγκωμιάζειν αὐτῷ ἐτραπόμην, καὶ εἶπον: ὦ μακάριοι σφὼ τῆς θαυμαστῆς φύσεως, οἱ τοσοῦτον πρᾶγμα οὕτω ταχὺ καὶ ἐν ὀλίγῳ χρόνῳ ἐξείργασθον. πολλὰ μὲν οὖν καὶ ἄλλα οἱ λόγοι ὑμῶν καλὰ ἔχουσιν, ὦ Εὐθύδημέ τε καὶ Διονυσόδωρε: ἐν δὲ τοῖς καὶ τοῦτο μεγαλοπρεπέστατον, ὅτι τῶν πολλῶν ἀνθρώπων καὶ τῶν σεμνῶν δὴ καὶ δοκούντων [303d] τί εἶναι οὐδὲν ὑμῖν μέλει, ἀλλὰ τῶν ὁμοίων ὑμῖν μόνον. ἐγὼ γὰρ εὖ οἶδα ὅτι τούτους τοὺς λόγους πάννυ μὲν ἂν ὀλίγοι ἀγαπῶεν ἄνθρωποι ὅμοιοι ὑμῖν, οἱ δ' ἄλλοι οὕτως ἀγνοοῦσιν αὐτούς, ὥστ' εὖ οἶδα ὅτι αἰσχυνοῦσιν ἂν μᾶλλον

ἐξελέγχοντες τοιούτοις λόγοις τοὺς ἄλλους ἢ αὐτοὶ ἐξελεγχόμενοι. καὶ τότε αὖ ἕτερον δημοτικόν τι καὶ πρᾶον ἐν τοῖς λόγοις: ὁπότεν φῆτε μήτε καλὸν εἶναι μηδὲν μήτε ἀγαθὸν πρᾶγμα μήτε λευκὸν μηδ' ἄλλο τῶν τοιούτων μηδέν, μηδὲ τὸ παράπαν [303e] ἐτέρων ἕτερον, ἀτεχνῶς μὲν τῷ ὄντι συρράπτετε τὰ στόματα τῶν ἀνθρώπων, ὥσπερ καὶ φατέ: ὅτι δ' οὐ μόνον τὰ τῶν ἄλλων, ἀλλὰ δόξατε ἂν καὶ τὰ ὑμέτερα αὐτῶν, τοῦτο πάνυ χαρίεν τέ ἐστίν καὶ τὸ ἐπαχθὲς τῶν λόγων ἀφαιρεῖται. τὸ δὲ δὴ μέγιστον, ὅτι ταῦτα οὕτως ἔχει ὑμῖν καὶ τεχνικῶς ἐξηύρηται, ὥστ' ἐ<v> πάνυ ὀλίγῳ χρόνῳ ὄντινόν ἂν μαθεῖν ἀνθρώπων: ἔγνω ἔγωγε καὶ τῷ Κτησίπῳ τὸν νοῦν προσέχων ὡς ταχὺ ὑμᾶς ἐκ τοῦ παραχρήμα μιμεῖσθαι οἷός τε ἦν. [304a] τοῦτο μὲν οὖν τοῦ πράγματος σφῶν τὸ σοφὸν πρὸς μὲν τὸ ταχὺ παραδιδόναι καλόν, ἐναντίον δ' ἀνθρώπων διαλέγεσθαι οὐκ ἐπιτήδειον, ἀλλ' ἂν γέ μοι πείθησθε, εὐλαβήσεσθε μὴ πολλῶν ἐναντίον λέγειν, ἵνα μὴ ταχὺ ἐκμαθόντες ὑμῖν μὴ εἰδῶσιν χάριν. ἀλλὰ μάλιστα μὲν αὐτῷ πρὸς ἀλλήλῳ μόνῳ διαλέγεσθον: εἰ δὲ μή, εἴπερ ἄλλου του ἐναντίον, ἐκείνου μόνου ὅς ἂν ὑμῖν διδῶ ἀργύριον. τὰ αὐτὰ δὲ ταῦτα, ἐὰν [304b] σωφρονῆτε, καὶ τοῖς μαθηταῖς συμβουλεύσετε, μηδέποτε μηδενὶ ἀνθρώπων διαλέγεσθαι ἀλλ' ἢ ὑμῖν τε καὶ αὐτοῖς: τὸ γὰρ σπάνιον, ὃ Εὐθύδημε, τίμιον, τὸ δὲ ὕδωρ εὐωνότατον, ἄριστον ὄν, ὡς ἔφη Πίνδαρος. ἀλλ' ἄγετε, ἦν δ' ἐγώ, ὅπως κάμει καὶ Κλεινίαν τόνδε παραδέξεσθον.

ταῦτα, ὃ Κρίτων, καὶ ἄλλα ἅττα ἔτι βραχεὰ διαλεχθέντες ἀπῆμεν. σκόπει οὖν ὅπως συμφοιτήσεις παρὰ τῷ [304c] ἄνδρῃ, ὡς ἐκείνῳ φατὸν οἶω τε εἶναι διδάξαι τὸν ἐθέλοντ' ἀργύριον διδόναι, καὶ οὔτε φύσιν οὔθ' ἡλικίαν ἐξείργειν οὐδεμίαν ὃ δὲ καὶ σοὶ μάλιστα προσήκει ἀκοῦσαι, ὅτι οὐδὲ τοῦ χρηματίζεσθαι φατὸν διακωλύειν οὐδέν μὴ οὐ παραλαβεῖν ὄντινόν εὐπετῶς τὴν σφετέραν σοφίαν.

Κρίτων: καὶ μὴν, ὃ Σώκρατες, φιλήκοος μὲν ἔγωγε καὶ ἡδέως ἂν τι μανθάνοιμι, κινδυνεύω μέντοι κάγῳ εἰς εἶναι τῶν οὐχ ὁμοίων Εὐθύδημῳ, ἀλλ' ἐκείνων ὧν δὴ καὶ σὺ [304d] ἔλεγες, τῶν ἡδίων ἂν ἐξελεγχόμενων ὑπὸ τῶν τοιούτων λόγων ἢ ἐξελεγχόντων. ἀτὰρ γελοῖον μὲν μοι δοκεῖ εἶναι τὸ νουθετεῖν σε, ὅμως δέ, ἃ γ' ἤκουον, ἐθέλω σοὶ ἀπαγγεῖλαι. τῶν ἀφ' ὑμῶν ἀπιόντων ἴσθ' ὅτι προσελθὼν τίς μοι περιπατοῦντι, ἀνὴρ οἰόμενος πάνυ εἶναι σοφός, τούτων τις

τῶν περὶ τοὺς λόγους τοὺς εἰς τὰ δικαστήρια δεινῶν, ὧ Κρίτων, ἔφη, οὐδὲν ἄκροα τῶνδε τῶν σοφῶν;

οὐ μὰ τὸν Δία, ἦν δ' ἐγώ: οὐ γὰρ οἷός τ' ἢ προσστάς κατακούειν ὑπὸ τοῦ ὄχλου.

καὶ μὴν, ἔφη, ἄξιόν γ' ἦν ἀκοῦσαι.

τί [304e] δέ; ἦν δ' ἐγώ.

ἵνα ἤκουσας ἀνδρῶν διαλεγομένων οἱ νῦν σοφώτατοί εἰσι τῶν περὶ τοὺς τοιούτους λόγους.

κἀγὼ εἶπον: τί οὖν ἐφαίνοντό σοι;

τί δὲ ἄλλο, ἦ δ' ὅς, ἢ οἷάπερ ἀεὶ ἂν τις τῶν τοιούτων ἀκούσαι ληρούντων καὶ περὶ οὐδενὸς ἀξίων ἀναξίαν σπουδὴν ποιουμένων; (οὐτωσὶ γάρ πως καὶ εἶπεν τοῖς ὀνόμασιν) .

καὶ ἐγώ, ἀλλὰ μέντοι, ἔφην, χαρίεν γέ τι πρᾶγμα ἔστιν ἡ φιλοσοφία.

ποῖον, ἔφη, χαρίεν, ὧ [305a] μακάριε; οὐδενὸς μὲν οὖν ἄξιον. ἀλλὰ καὶ εἰ νῦν παρεγένου, πάνυ ἂν σε οἶμαι αἰσχυνθῆναι ὑπὲρ τοῦ σεαυτοῦ ἐταίρου: οὕτως ἦν ἄτοπος, ἐθέλων ἑαυτὸν παρέχειν ἀνθρώποις οἷς οὐδὲν μέλει ὅτι ἂν λέγωσιν, παντὸς δὲ ῥήματος ἀντέχονται. καὶ οὗτοι, ὅπερ ἄρτι ἔλεγον, ἐν τοῖς κράτιστοί εἰσι τῶν νῦν. ἀλλὰ γάρ, ὧ Κρίτων, ἔφη, τὸ πρᾶγμα αὐτὸ καὶ οἱ ἄνθρωποι οἱ ἐπὶ τῷ πράγματι διατρίβοντες φαῦλοί εἰσιν καὶ καταγέλαστοι. ἐμοὶ δέ, ὧ Σώκρατες, τὸ πρᾶγμα ἐδόκει [305b] οὐκ ὀρθῶς ψέγειν οὐθ' οὗτος οὐτ' εἴ τις ἄλλος ψέγει: τὸ μέντοι ἐθέλειν διαλέγεσθαι τοιούτοις ἐναντίον πολλῶν ἀνθρώπων ὀρθῶς μοι ἐδόκει μέμφεσθαι.

Σωκράτης: ὧ Κρίτων, θαυμάσιοί εἰσιν οἱ τοιοῦτοι ἄνδρες. ἀτὰρ οὐπω οἶδα ὅτι μέλλω ἐρεῖν. ποτέρων ἦν ὁ προσελθὼν σοι καὶ μεμφόμενος τὴν φιλοσοφίαν; πότερον τῶν ἀγωνίσασθαι δεινῶν ἐν τοῖς δικαστηρίοις, ῥήτωρ τις, ἢ τῶν τοὺς τοιούτους εἰσπεμπόντων, ποιητῆς τῶν λόγων οἷς οἱ ῥήτορες ἀγωνίζονται; [305c]

Κρίτων: ἥκιστα νῆ τὸν Δία ῥήτωρ, οὐδὲ οἶμαι πώποτ' αὐτὸν ἐπὶ δικαστήριον ἀναβεβηκέναι: ἀλλ' ἐπαῖτειν αὐτόν φασι περὶ τοῦ

πράγματος νή τὸν Δία καὶ δεινὸν εἶναι καὶ δεινοὺς λόγους συντιθέναι.

Σωκράτης: ἤδη μανθάνω: περὶ τούτων καὶ αὐτὸς νυνδὴ ἔμελλον λέγειν. οὗτοι γάρ εἰσιν μὲν, ὃ Κρίτων, οὓς ἔφη Πρόδικος μεθόρια φιλοσόφου τε ἀνδρὸς καὶ πολιτικοῦ, οἷονται δ' εἶναι πάντων σοφώτατοι ἀνθρώπων, πρὸς δὲ τῷ εἶναι καὶ δοκεῖν πάνυ παρὰ πολλοῖς, ὥστε παρὰ πᾶσιν εὐδοκιμεῖν [305d] ἐμποδὼν σφίσιν εἶναι οὐδένας ἄλλους ἢ τοὺς περὶ φιλοσοφίαν ἀνθρώπους. ἡγοῦνται οὖν, ἐὰν τούτους εἰς δόξαν καταστήσωσιν μηδενὸς δοκεῖν ἀξίους εἶναι, ἀναμφισβητήτως ἤδη παρὰ πᾶσιν τὰ νικητήρια εἰς δόξαν οἴσεσθαι σοφίας πέρι. εἶναι μὲν γὰρ τῇ ἀληθείᾳ σφᾶς σοφωτάτους, ἐν δὲ τοῖς ἰδίῳις λόγοις ὅταν ἀποληφθῶσιν, ὑπὸ τῶν ἀμφὶ Εὐθύδημον κολούεσθαι. σοφοὶ δὲ ἡγοῦνται εἶναι πάνυ εἰκότως: μετρίως μὲν γὰρ φιλοσοφίας ἔχειν, μετρίως δὲ πολιτικῶν, [305e] πάνυ ἐξ εἰκότος λόγου μετέχειν γὰρ ἀμφοτέρων ὅσον ἔδει, ἐκτὸς δὲ ὄντες κινδύνων καὶ ἀγώνων καρποῦσθαι τὴν σοφίαν.

Κρίτων: τί οὖν; δοκοῦσί σοί τι, ὃ Σώκρατες, λέγειν; οὐ γάρ τοι ἀλλὰ ὁ γε λόγος ἔχει τινὰ εὐπρέπειαν τῶν ἀνδρῶν.

Σωκράτης: καὶ γὰρ ἔχει ὄντως, ὃ Κρίτων, εὐπρέπειαν μᾶλλον [306a] ἢ ἀλήθειαν. οὐ γὰρ ῥάδιον αὐτοὺς πείσαι ὅτι καὶ ἄνθρωποι καὶ τᾶλλα πάντα ὅσα μεταξὺ τινοῖν δυοῖν ἐστὶν καὶ ἀμφοτέροις τυγχάνει μετέχοντα, ὅσα μὲν ἐκ κακοῦ καὶ ἀγαθοῦ, τοῦ μὲν βελτίω, τοῦ δὲ χείρω γίνονται: ὅσα δὲ ἐκ δυοῖν ἀγαθοῖν μὴ πρὸς ταῦτόν, ἀμφοῖν χείρω πρὸς ὃ ἂν ἐκάτερον ἢ χρηστὸν ἐκείνων ἐξ ὧν συνετέθη: ὅσα δ' ἐκ δυοῖν κακοῖν συντεθέντα μὴ πρὸς τὸ αὐτὸ ὄντων ἐν τῷ μέσῳ ἐστίν, ταῦτα [306b] μόνον βελτίω ἐκατέρου ἐκείνων ἐστίν, ὧν ἀμφοτέρων μέρος μετέχουσιν. εἰ μὲν οὖν ἡ φιλοσοφία ἀγαθὸν ἐστὶν καὶ ἡ πολιτικὴ πρᾶξις, πρὸς ἄλλο δὲ ἐκάτερα, οὗτοι δ' ἀμφοτέρων μετέχοντες τούτων ἐν μέσῳ εἰσίν, οὐδὲν λέγουσιν ἀμφοτέρων γὰρ εἰσι φαυλότεροι εἰ δὲ ἀγαθὸν καὶ κακόν, τῶν μὲν βελτίους, τῶν δὲ χείρους: εἰ δὲ κακὰ ἀμφοτέρα, οὕτως ἂν τι λέγοιεν ἀληθές, ἄλλως δ' οὐδαμῶς. οὐκ ἂν οὖν οἶμαι [306c] αὐτοὺς ὁμολογήσαι οὔτε κακῶ αὐτῶ ἀμφοτέρω εἶναι οὔτε τὸ μὲν κακόν, τὸ δὲ ἀγαθόν: ἀλλὰ τῷ ὄντι οὗτοι ἀμφοτέρων μετέχοντες ἀμφοτέρων ἥττους εἰσὶν πρὸς ἐκάτερον πρὸς ὃ ἢ τε πολιτικὴ καὶ ἡ

φιλοσοφία ἀξίω λόγου ἐστόν, καὶ τρίτοι ὄντες τῇ ἀληθείᾳ ζητοῦσι
πρῶτοι δοκεῖν εἶναι. συγγινώσκειν μὲν οὖν αὐτοῖς χρή τῆς
ἐπιθυμίας καὶ μὴ χαλεπαίνειν, ἡγεῖσθαι μέντοι τοιούτους εἶναι οἷοί
εἰσιν: πάντα γὰρ ἄνδρα χρή ἀγαπᾶν ὅστις καὶ ὅτιοῦν λέγει ἐχόμενον
[306d] φρονήσεως πρᾶγμα καὶ ἀνδρείως ἐπεξιών διαπονεῖται.

Κρίτων: καὶ μὴν, ὦ Σώκρατες, καὶ αὐτὸς περὶ τῶν ὑέων, ὥσπερ ἀεὶ
πρὸς σε λέγω, ἐν ἀπορίᾳ εἰμὶ τί δεῖ αὐτοῖς χρῆσασθαι. ὁ μὲν οὖν
νεώτερος ἔτι καὶ σμικρὸς ἐστίν, Κριτόβουλος δ' ἤδη ἡλικίαν ἔχει καὶ
δεῖται τις ὅστις αὐτὸν ὀνήσει. ἐγὼ μὲν οὖν ὅταν σοὶ συγγένωμαι,
οὕτω διατίθεμαι ὥστ' ἐμοὶ δοκεῖ μανίαν εἶναι τὸ ἔνεκα τῶν παιδῶν
ἄλλων μὲν πολλῶν σπουδὴν τοιαύτην ἐσχηκέναι, καὶ περὶ [306e] τοῦ
γάμου ὅπως ἐκ γενναιοτάτης ἔσονται μητρός, καὶ περὶ τῶν χρημάτων
ὅπως ὡς πλουσιώτατοι, αὐτῶν δὲ περὶ παιδείας ἀμελῆσαι: ὅταν δὲ εἷς
τινα ἀποβλέψω τῶν φασκόντων ἂν παιδεῦσαι ἀνθρώπους,
ἐκπέπληγμαί καί μοι δοκεῖ εἷς ἕκαστος αὐτῶν σκοποῦντι πάνυ
ἀλλόκοτος εἶναι, [307a] ὥς γε πρὸς σὲ τάληθ' εἰρησθαι: ὥστε οὐκ
ἔχω ὅπως προτρέπω τὸ μειράκιον ἐπὶ φιλοσοφίαν.

Σωκράτης: ὦ φίλε Κρίτων, οὐκ οἶσθα ὅτι ἐν παντὶ ἐπιτηδεύματι οἱ
μὲν φαῦλοι πολλοὶ καὶ οὐδενὸς ἄξιοι, οἱ δὲ σπουδαῖοι ὀλίγοι καὶ
παντὸς ἄξιοι; ἐπεὶ γυμναστικὴ οὐ καλὸν δοκεῖ σοι εἶναι, καὶ
χρηματιστικὴ καὶ ῥητορικὴ καὶ στρατηγία;

Κρίτων: ἔμοιγε πάντως δήπου.

Σωκράτης: τί οὖν; ἐν ἐκάστη τούτων τοὺς πολλοὺς πρὸς [307b]
ἕκαστον τὸ ἔργον οὐ καταγελάστους ὀρεᾷς;

Κρίτων: ναὶ μὰ τὸν Δία, καὶ μάλα ἀληθῆ λέγεις.

Σωκράτης: ἦ οὖν τούτου ἔνεκα αὐτός τε φεύξῃ πάντα τὰ
ἐπιτηδεύματα καὶ τῷ ὑεὶ οὐκ ἐπιτρέψεις;

Κρίτων: οὐκ οὐν δίκαιόν γε, ὦ Σώκρατες.

Σωκράτης: μὴ τοίνυν ὅ γε οὐ χρή ποιεῖ, ὦ Κρίτων, ἀλλ' ἐάσας
χαίρειν τοὺς ἐπιτηδεύοντας φιλοσοφίαν, εἴτε χρηστοὶ εἰσιν εἴτε
πονηροί, αὐτὸ τὸ πρᾶγμα βασανίσας καλῶς τε καὶ εὖ, [307c] ἐὰν μὲν
σοι φαίνεται φαῦλον ὄν, πάντ' ἄνδρα ἀπότρεπε, μὴ μόνον τοὺς ὑεῖς:

ἐὰν δὲ φαίνεται οἷον οἶμαι αὐτὸ ἐγὼ εἶναι, θαρρῶν δίωκε καὶ ἄσκει,
τὸ λεγόμενον δὴ τοῦτο, αὐτός τε καὶ τὰ παιδία.

PROTAGORAS

Ἐταῖρος, Σωκράτης.

[309a] **Ἐταῖρος:** πόθεν, ὦ Σώκρατες, φαίνῃ; ἢ δῆλα δὴ ὅτι ἀπὸ κυνηγεσίου τοῦ περὶ τὴν Ἀλκιβιάδου ὥραν; καὶ μήν μοι καὶ πρόφην ἰδόντι καλὸς μὲν ἐφαίνετο ἀνὴρ ἔτι, ἀνὴρ μέντοι, ὦ Σώκρατες, ὥς γ' ἐν αὐτοῖς ἡμῖν εἰρήσθαι, καὶ πάγωνος ἦδη ὑποπιμπλάμενος.

Σωκράτης: εἶτα τί τοῦτο; οὐ σὺ μέντοι Ὀμήρου ἐπαινέτης εἶ, [309b] ὃς ἔφη χαριεστάτην ἥβην εἶναι τοῦ <πρώτου> ὑπηνήτου, ἣν νῦν Ἀλκιβιάδης ἔχει;

Ἐταῖρος: τί οὖν τὰ νῦν; ἢ παρ' ἐκείνου φαίνῃ; καὶ πῶς πρὸς σε ὁ νεανίας διάκειται;

Σωκράτης: εὖ, ἔμοιγε ἔδοξεν, οὐχ ἥκιστα δὲ καὶ τῇ νῦν ἡμέρα: καὶ γὰρ πολλὰ ὑπὲρ ἐμοῦ εἶπε βοηθῶν ἐμοί, καὶ οὖν καὶ ἄρτι ἀπ' ἐκείνου ἔρχομαι. ἄτοπον μέντοι τί σοι ἐθέλω εἰπεῖν: παρόντος γὰρ ἐκείνου, οὔτε προσεῖχον τὸν νοῦν, ἐπελανθανόμην τε αὐτοῦ θαμά. [309c]

Ἐταῖρος: καὶ τί ἂν γεγονὸς εἴη περὶ σὲ κάκεῖνον τοσοῦτον πρᾶγμα; οὐ γὰρ δήπου τινὶ καλλίονι ἐνέτυχες ἄλλω ἢ γε τῇδε τῇ πόλει.

Σωκράτης: καὶ πολὺ γε.

Ἐταῖρος: τί φῆς; ἀστῶ ἢ ξένω;

Σωκράτης: ξένω.

Ἐταῖρος: ποδαπῶ;

Σωκράτης: Ἀβδηρίτη.

Ἐταῖρος: καὶ οὕτω καλὸς τις ὁ ξένος ἔδοξέν σοι εἶναι, ὥστε τοῦ Κλεινίου ὑέος καλλίων σοι φανῆναι;

Σωκράτης: πῶς δ' οὐ μέλλει, ὦ μακάριε, τὸ σοφώτατον κάλλιον φαίνεσθαι;

Ἐταῖρος: ἀλλ' ἢ σοφῶ τινι ἡμῖν, ὦ Σώκρατες, ἐντυχὼν πάρει;

[309d]

Σωκράτης: σοφωτάτῳ μὲν οὖν δήπου τῶν γε νῦν, εἴ σοι δοκεῖ σοφώτατος εἶναι Πρωταγόρας.

Ἑταῖρος: ὦ τί λέγεις; Πρωταγόρας ἐπιδεδήμηκεν;

Σωκράτης: τρίτην γε ἡδὴ ἡμέραν.

Ἑταῖρος: καὶ ἄρτι ἄρα ἐκείνῳ συγγεγονὼς ἦκεις; [310a]

Σωκράτης: πάνυ γε, πολλὰ καὶ εἰπὼν καὶ ἀκούσας.

Ἑταῖρος: τί οὖν οὐ διηγῆσω ἡμῖν τὴν συνουσίαν, εἰ μὴ σέ τι κωλύει, καθεζόμενος ἐνταυθί, ἐξαναστήσας τὸν παῖδα τουτονί;

Σωκράτης: πάνυ μὲν οὖν: καὶ χάριν γε εἴσομαι, ἐὰν ἀκούητε.

Ἑταῖρος: καὶ μὴν καὶ ἡμεῖς σοί, ἐὰν λέγῃς.

Σωκράτης: διπλῇ ἂν εἴῃ ἡ χάρις. ἀλλ' οὖν ἀκούετε.

τῆς γὰρ παρελθούσης νυκτὸς ταυτησί, ἔτι βαθέος ὄρθρου, Ἴπποκράτης, ὁ Απολλοδώρου υἱὸς Φάσωνος δὲ ἀδελφός, τὴν [310b] θύραν τῇ βακτηρίᾳ πάνυ σφόδρα ἔκρουε, καὶ ἐπειδὴ αὐτῷ ἀνέφξέ τις, εὐθὺς εἶσω ἦι ἐπειγόμενος, καὶ τῇ φωνῇ μέγα λέγων, ὦ Σώκρατες, ἔφη, ἐργήγορας ἢ καθεύδεις; καὶ ἐγὼ τὴν φωνὴν γνοὺς αὐτοῦ, Ἴπποκράτης, ἔφην, οὗτος: μὴ τι νεώτερον ἀγγέλλεις; οὐδέν γ', ἦ δ' ὅς, εἰ μὴ ἀγαθὰ γε. εὖ ἂν λέγοις, ἦν δ' ἐγώ: ἔστι δὲ τί, καὶ τοῦ ἔνεκα τηνικάδε ἀφίκου;

Πρωταγόρας, ἔφη, ἦκει, στὰς παρ' ἐμοί. πρόην, ἔφην ἐγώ: σὺ δὲ ἄρτι πέπυσαι; νῆ τοὺς θεοὺς, ἔφη, ἐσπέρας γε. [310c] καὶ ἅμα ἐπιψηλαφήσας τοῦ σκίμποδος ἐκαθέζετο παρὰ τοὺς πόδας μου, καὶ εἶπεν: ἐσπέρας δῆτα, μάλα γε ὥπὲ ἀφικόμενος ἐξ Οἰνός. ὁ γάρ τοι παῖς με ὁ Σάτυρος ἀπέδρα: καὶ δῆτα μέλλων σοι φράζειν ὅτι διωξοίμην αὐτόν, ὑπὸ τινος ἄλλου ἐπελαθόμην. ἐπειδὴ δὲ ἦλθον καὶ δεδειπνηκότες ἦμεν καὶ ἐμέλλομεν ἀναπαύεσθαι, τότε μοι ἀδελφὸς λέγει ὅτι ἦκει Πρωταγόρας. καὶ ἔτι μὲν ἐνεχείρησα εὐθὺς παρὰ σέ ιέναι, ἔπειτά μοι λίαν πόρρω ἔδοξε τῶν νυκτῶν εἶναι: ἐπειδὴ [310d] δὲ τάχιστα με ἐκ τοῦ κόπου ὁ ὕπνος ἀνῆκεν, εὐθὺς ἀναστὰς οὕτω

δεῦρο ἐπορευόμην. καὶ ἐγὼ γινώσκων αὐτοῦ τὴν ἀνδρείαν καὶ τὴν πτοίησιν, τί οὖν σοι, ἦν δ' ἐγώ, τοῦτο; μὲν τί σε ἀδικεῖ Πρωταγόρας; καὶ ὃς γελάσας, νῆ τοὺς θεοὺς, ἔφη, ὦ Σώκρατες, ὅτι γε μόνος ἐστὶ σοφός, ἐμὲ δὲ οὐ ποιεῖ. ἀλλὰ ναι μὰ Δία, ἔφην ἐγώ, ἂν αὐτῷ διδῶς ἀργύριον καὶ πείθης ἐκεῖνον, ποιήσει καὶ σὲ σοφόν. εἰ γάρ, ἦ δ' ὅς, ὦ Ζεῦ καὶ θεοί, ἐν [310e] τούτῳ εἶη: ὡς οὐτ' ἂν τῶν ἐμῶν ἐπιλίπομι οὐδὲν οὔτε τῶν φίλων: ἀλλ' αὐτὰ ταῦτα καὶ νῦν ἤκω παρὰ σέ, ἵνα ὑπὲρ ἐμοῦ διαλεχθῇς αὐτῷ. ἐγὼ γὰρ ἅμα μὲν καὶ νεώτερός εἰμι, ἅμα δὲ οὐδὲ ἐώρακα Πρωταγόραν πώποτε οὐδ' ἀκήκοα οὐδέν: ἔτι γὰρ παῖς ἦ ὅτε τὸ πρότερον ἐπεδήμησε.

ἀλλὰ γάρ, ὦ Σώκρατες, πάντες τὸν ἄνδρα ἐπαινοῦσιν καὶ φασιν σοφώτατον εἶναι λέγειν: ἀλλὰ τί οὐ βαδίζομεν παρ' αὐτόν, ἵνα [311a] ἔνδον καταλάβωμεν; καταλύει δ', ὡς ἐγὼ ἤκουσα, παρὰ Καλλιᾶ τῷ Ἴππονίκου: ἀλλ' ἴωμεν. καὶ ἐγὼ εἶπον: μήπω, ἀγαθέ, ἐκεῖσε ἴωμεν, πρὶν γάρ ἐστὶν ἀλλὰ δεῦρο ἐξαναστῶμεν εἰς τὴν αὐλήν, καὶ περιόντες αὐτοῦ διατρίψωμεν ἕως ἂν φῶς γένηται: εἶτα ἴωμεν. καὶ γὰρ τὰ πολλὰ Πρωταγόρας ἔνδον διατρίβει, ὥστε, θάρρει, καταληψόμεθα αὐτόν, ὡς τὸ εἰκός, ἔνδον. μετὰ ταῦτα ἀναστάντες εἰς τὴν αὐλήν περιήμεν: καὶ ἐγὼ [311b] ἀποπειρώμενος τοῦ Ἴπποκράτους τῆς ῥώμης διεσκόπουν αὐτόν καὶ ἡρώτων, εἰπέ μοι, ἔφην ἐγώ, ὦ Ἰππόκράτες, παρὰ Πρωταγόραν νῦν ἐπιχειρεῖς ἰέναι, ἀργύριον τελῶν ἐκείνῳ μισθὸν ὑπὲρ σεαυτοῦ, ὡς παρὰ τίνα ἀφιζόμενος καὶ τίς γενησόμενος; ὥσπερ ἂν εἰ ἐπενόεις παρὰ τὸν σαντοῦ ὁμώνυμον ἐλθὼν Ἰπποκράτη τὸν Κῶν, τὸν τῶν Ἀσκληπιαδῶν, ἀργύριον τελεῖν ὑπὲρ σεαυτοῦ μισθὸν ἐκείνῳ, εἰ τίς σε ἤρετο: εἰπέ μοι, μέλλεις τελεῖν, ὦ Ἰππόκράτες, Ἰπποκράτει [311c] μισθὸν ὡς τίνι ὄντι; τί ἂν ἀπεκρίνω;

εἶπον ἄν, ἔφη, ὅτι ὡς ἱατρῷ.

ὡς τίς γενησόμενος;

ὡς ἱατρός, ἔφη.

εἰ δὲ παρὰ Πολύκλειτον τὸν Ἀργεῖον ἢ Φειδίαν τὸν Ἀθηναῖον ἐπενόεις ἀφικόμενος μισθὸν ὑπὲρ σεαυτοῦ τελεῖν ἐκείνοις, εἰ τίς σε ἤρετο: τελεῖν τοῦτο τὸ ἀργύριον ὡς τίνι ὄντι ἐν νῷ ἔχεις Πολυκλείτῳ

τε καὶ Φειδία; τί ἂν ἀπεκρίνω;

εἶπον ἂν ὡς ἀγαλματοποιοῖς.

ὡς τίς δὲ γενησόμενος αὐτός;

δῆλον ὅτι ἀγαλματοποιός.

εἶεν, ἦν δ' ἐγώ: [311d] παρὰ δὲ δὴ Πρωταγόραν νῦν ἀφικόμενοι ἐγώ τε καὶ σὺ ἀργύριον ἐκείνῳ μισθὸν ἔτοιμοι ἐσόμεθα τελεῖν ὑπὲρ σοῦ, ἂν μὲν ἐξικνῆται τὰ ἡμέτερα χρήματα καὶ τούτοις πείθωμεν αὐτόν, εἰ δὲ μή, καὶ τὰ τῶν φίλων προσαναλίσκοντες. εἰ οὖν τις ἡμᾶς περὶ ταῦτα οὕτω σφόδρα σπουδάζοντας ἔροιτο: εἰπέ μοι, ὦ Σώκρατες τε καὶ Ἰπόκρατες, ὡς τίνι ὄντι τῷ Πρωταγόρᾳ ἐν νῷ ἔχετε χρήματα τελεῖν; τί ἂν αὐτῷ [311e] ἀποκρινάμεθα; τί ὄνομα ἄλλο γε λεγόμενον περὶ Πρωταγόρου ἀκούομεν; ὥσπερ περὶ Φειδίου ἀγαλματοποιὸν καὶ περὶ Ὀμήρου ποιητήν, τί τοιοῦτον περὶ Πρωταγόρου ἀκούομεν;

σοφιστὴν δὴ τοι ὀνομάζουσὶ γε, ὦ Σώκρατες, τὸν ἄνδρα εἶναι, ἔφη.

ὡς σοφιστὴ ἄρα ἐρχόμεθα τελοῦντες τὰ χρήματα;

μάλιστα.

εἰ οὖν καὶ τοῦτό τίς σε προσέροιτο: [312a] αὐτὸς δὲ δὴ ὡς τίς γενησόμενος ἔρχῃ παρὰ τὸν Πρωταγόραν;

καὶ ὅς εἶπεν ἐρυθρίασας ἥδη γὰρ ὑπέφαινέν τι ἡμέρας, ὥστε καταφανῆ αὐτὸν γενέσθαι εἰ μὲν τι τοῖς ἔμπροσθεν ἔοικεν, δῆλον ὅτι σοφιστὴς γενησόμενος.

σὺ δέ, ἦν δ' ἐγώ, πρὸς θεῶν, οὐκ ἂν αἰσχύνοιο εἰς τοὺς Ἑλληνας σαυτὸν σοφιστὴν παρέχων;

νῆ τὸν Δία, ὦ Σώκρατες, εἶπερ γε ἅ διανοοῦμαι χρὴ λέγειν.

ἀλλ' ἄρα, ὦ Ἰπόκρατες, μὴ οὐ τοιαύτην ὑπολαμβάνεις σου τὴν παρὰ Πρωταγόρου μάθησιν [312b] ἔσεσθαι, ἀλλ' οἴαπερ ἡ παρὰ τοῦ γραμματιστοῦ ἐγένετο καὶ κιθαριστοῦ καὶ παιδοτρίβου; τούτων γὰρ σὺ ἐκάστην οὐκ ἐπὶ τέχνῃ ἔμαθες, ὡς δημιουργὸς ἐσόμενος, ἀλλ' ἐπὶ

παιδεία, ὥς τὸν ιδιώτην καὶ τὸν ἐλεύθερον πρέπει. πάνυ μὲν οὖν μοι δοκεῖ, ἔφη, τοιαύτη μᾶλλον εἶναι ἢ παρὰ Πρωταγόρου μάθησις.

οἶσθα οὖν ὁ μέλλεις νῦν πράττειν, ἢ σε λανθάνει; ἦν δ' ἐγώ.

τοῦ πέρι;

ὅτι μέλλεις τὴν ψυχὴν τὴν σαυτοῦ παρασχεῖν [312c] θεραπεῦσαι ἀνδρί, ὥς φῆς, σοφιστῇ: ὅτι δέ ποτε ὁ σοφιστής ἐστιν, θαυμάζοιμ' ἂν εἰ οἶσθα. καίτοι εἰ τοῦτ' ἀγνοεῖς, οὐδὲ ὅτῳ παραδίδως τὴν ψυχὴν οἶσθα, οὔτ' εἰ ἀγαθῷ οὔτ' εἰ κακῷ πράγματι.

οἶμαί γ', ἔφη, εἰδέναι.

λέγε δή, τί ἡγῇ εἶναι τὸν σοφιστήν;

ἐγὼ μὲν, ἦ δ' ὅς, ὥσπερ τοῦνομα λέγει, τοῦτον εἶναι τὸν τῶν σοφῶν ἐπιστήμονα.

οὐκοῦν, ἦν δ' ἐγώ, τοῦτο μὲν ἔξεστι λέγειν καὶ περὶ ζωγράφων καὶ περὶ τεκτόνων, ὅτι οὗτοί εἰσιν οἱ τῶν σοφῶν ἐπιστήμονες: ἀλλ' [312d] εἴ τις ἔροιτο ἡμᾶς, τῶν τί σοφῶν εἰσιν οἱ ζωγράφοι ἐπιστήμονες, εἵπομεν ἂν πού αὐτῷ ὅτι τῶν πρὸς τὴν ἀπεργασίαν τὴν τῶν εἰκόνων, καὶ τᾶλλα οὕτως. εἰ δέ τις ἐκεῖνο ἔροιτο, ὁ δὲ σοφιστής τῶν τί σοφῶν ἐστιν; τί ἂν ἀποκρινοίμεθα αὐτῷ; ποίας ἐργασίας ἐπιστάτης;

τί ἂν εἵπομεν αὐτὸν εἶναι, ὃ Σώκρατες, ἢ ἐπιστάτην τοῦ ποιῆσαι δεινὸν λέγειν;

ἴσως ἂν, ἦν δ' ἐγώ, ἀληθῆ λέγομεν, οὐ μέντοι ἱκανῶς γε: ἐρωτήσεως γὰρ ἔτι ἡ ἀπόκρισις ἡμῖν δεῖται, περὶ οὗτου ὁ σοφιστής δεινὸν ποιεῖ λέγειν: ὥσπερ ὁ κιθαριστής [312e] δεινὸν δήπου ποιεῖ λέγειν περὶ οὗπερ καὶ ἐπιστήμονα, περὶ κιθαρίσεως; ἦ γάρ;

ναί.

εἶεν: ὁ δὲ δὴ σοφιστής περὶ τίνος δεινὸν ποιεῖ λέγειν;

δηλὸν ὅτι περὶ οὗπερ καὶ ἐπίστασθαι;

εἰκός γε. τί δὴ ἐστὶν τοῦτο περὶ οὗ αὐτός τε ἐπιστήμων ἐστὶν ὁ σοφιστής καὶ τὸν μαθητὴν ποιεῖ;

μὰ Δί', ἔφη, οὐκέτι ἔχω σοι λέγειν. [313a]

καὶ ἐγὼ εἶπον μετὰ τοῦτο: τί οὖν; οἴσθα εἰς οἶόν τινα κίνδυνον ἔρχη ὑποθήσων τὴν ψυχὴν; ἢ εἰ μὲν τὸ σῶμα ἐπιτρέπειν σε ἔδει τῷ διακινδυνεύοντα ἢ χρηστὸν αὐτὸ γενέσθαι ἢ πονηρόν, πολλὰ ἂν περιεσκέψω εἴτ' ἐπιτρεπτέον εἴτε οὐ, καὶ εἰς συμβουλήν τοὺς τε φίλους ἂν παρεκάλεις καὶ τοὺς οἰκείους σκοπούμενος ἡμέρας συχνάς: ὁ δὲ περὶ πλείονος τοῦ σώματος ἡγῇ, τὴν ψυχὴν, καὶ ἐν ᾧ πάντ' ἐστὶν τὰ σὰ ἢ εὖ ἢ κακῶς πράττειν, χρηστοῦ ἢ πονηροῦ αὐτοῦ γενομένου, περὶ δὲ τούτου οὔτε τῷ πατρὶ οὔτε τῷ ἀδελφῷ [313b] ἐπεκοινώσω οὔτε ἡμῶν τῶν ἐταίρων οὐδενί, εἴτ' ἐπιτρεπτέον εἴτε καὶ οὐ τῷ ἀφικομένῳ τούτῳ ξένῳ τὴν σὴν ψυχὴν, ἀλλ' ἐσπέρας ἀκούσας, ὡς φῆς, ὄρθριος ἦκων περὶ μὲν τούτου οὐδένα λόγον οὐδὲ συμβουλήν ποιῇ, εἴτε χρὴ ἐπιτρέπειν σαυτὸν αὐτῷ εἴτε μή, ἔτοιμος δ' εἶ ἀναλίσκειν τὰ τε σαυτοῦ καὶ τὰ τῶν φίλων χρήματα, ὡς ἤδη διεγνωκὼς ὅτι πάντως συνεστέον Πρωταγόρα, ὃν οὔτε γινώσκεις, ὡς φῆς, οὔτε [313c] διείλεξαι οὐδεπώποτε, σοφιστὴν δ' ὀνομάζεις, τὸν δὲ σοφιστὴν ὅτι ποτ' ἐστὶν φαίνει ἀγνοῶν, ᾧ μέλλεις σαυτὸν ἐπιτρέπειν;

καὶ ὅς ἀκούσας, ἔοικεν, ἔφη, ᾧ Σώκρατες, ἐξ ὧν σὺ λέγεις.

ἄρ' οὖν, ᾧ Ἰππόκρατες, ὁ σοφιστής τυγχάνει ὢν ἔμπορός τις ἢ κάπηλος τῶν ἀγωγίμων, ἀφ' ὧν ψυχὴ τρέφεται; φαίνεται γὰρ ἔμοιγε τοιοῦτός τις.

τρέφεται δέ, ᾧ Σώκρατες, ψυχὴ τίनि;

μαθήμασιν δήπου, ἣν δ' ἐγώ. καὶ ὅπως γε μή, ᾧ ἐταῖρε, ὁ σοφιστής ἐπαινῶν ἃ πωλεῖ ἐξαπατήσῃ ἡμᾶς, ὥσπερ οἱ περὶ τὴν τοῦ σώματος τροφήν, ὁ [313d] ἔμπορός τε καὶ κάπηλος. καὶ γὰρ οὗτοί που ὧν ἄγουσιν ἀγωγίμων οὔτε αὐτοὶ ἴσασιν ὅτι χρηστὸν ἢ πονηρόν περὶ τὸ σῶμα, ἐπαινοῦσιν δὲ πάντα πωλοῦντες, οὔτε οἱ ὠνούμενοι παρ' αὐτῶν, ἐὰν μή τις τύχη γυμναστικός ἢ ἰατρὸς ὢν. οὕτω δὲ καὶ οἱ τὰ μαθήματα περιάγοντες κατὰ τὰς πόλεις καὶ πωλοῦντες καὶ κατηλεύοντες τῷ αἰεὶ ἐπιθυμοῦντι ἐπαινοῦσιν μὲν πάντα ἃ πωλοῦσιν,

τάχα δ' ἂν τινες, ὧ ἄριστε, καὶ τούτων ἀγνοοῖεν ὧν πωλοῦσιν ὅτι χρηστὸν ἢ πονηρὸν [313e] πρὸς τὴν ψυχὴν: ὥς δ' αὐτως καὶ οἱ ὠνούμενοι παρ' αὐτῶν, ἐὰν μὴ τις τύχη περὶ τὴν ψυχὴν αὐτῶν ἰατρικὸς ὦν. εἰ μὲν οὖν σὺ τυγχάνεις ἐπιστήμων τούτων τί χρηστὸν καὶ πονηρὸν, ἀσφαλές σοι ὠνεῖσθαι μαθήματα καὶ παρὰ Πρωταγόρου καὶ παρ' ἄλλου ὅτουσιν: εἰ δὲ μὴ, ὄρα, ὧ μακάριε, [314a] μὴ περὶ τοῖς φιλτάτοις κυβεύης τε καὶ κινδυνεύης. καὶ γὰρ δὴ καὶ πολὺ μείζων κίνδυνος ἐν τῇ τῶν μαθημάτων ὦνῃ ἢ ἐν τῇ τῶν σιτίων. σιτία μὲν γὰρ καὶ ποτὰ πριάμενον παρὰ τοῦ κατήλου καὶ ἐμπορίου ἔξεστιν ἐν ἄλλοις ἀγγείοις ἀποφέρειν, καὶ πρὶν δέξασθαι αὐτὰ εἰς τὸ σῶμα πίνοντα ἢ φαγόντα, καταθέμενον οἴκαδε ἔξεστιν συμβουλευσασθαι, παρακαλέσαντα τὸν ἐπαῖοντα, ὅτι τε ἐδεστέον ἢ ποτέον καὶ ὅτι μὴ, καὶ ὁπόσον καὶ ὁπότε: ὥστε ἐν τῇ ὦνῃ οὐ μέγας ὁ [314b] κίνδυνος. μαθήματα δὲ οὐκ ἔστιν ἐν ἄλλῳ ἀγγεῖῳ ἀπενεγκεῖν, ἀλλ' ἀνάγκη καταθέντα τὴν τιμὴν τὸ μάθημα ἐν αὐτῇ τῇ ψυχῇ λαβόντα καὶ μαθόντα ἀπιέναι ἢ βεβλαμμένον ἢ ὠφελημένον. ταῦτα οὖν σκοπούμεθα καὶ μετὰ τῶν πρεσβυτέρων ἡμῶν: ἡμεῖς γὰρ ἔτι νέοι ὥστε τοσοῦτον πρᾶγμα διελέσθαι. νῦν μέντοι, ὥσπερ ὠρμήσαμεν, ἴωμεν καὶ ἀκούσωμεν τοῦ ἀνδρός, ἔπειτα ἀκούσαντες καὶ ἄλλοις ἀνακοινώσωμεθα: καὶ γὰρ οὐ μόνος Πρωταγόρας αὐτόθι ἐστίν, [314c] ἀλλὰ καὶ Ἰππίας ὁ Ἥλειος οἶμαι δὲ καὶ πρόδικον τὸν Κεῖον καὶ ἄλλοι πολλοὶ καὶ σοφοί.

δόξαν ἡμῖν ταῦτα ἐπορευόμεθα: ἐπεὶ δὲ ἐν τῷ προθύρῳ ἐγενόμεθα, ἐπιστάντες περὶ τινος λόγου διελεγόμεθα, ὃς ἡμῖν κατὰ τὴν ὁδὸν ἐνέπεσεν: ἴν' οὖν μὴ ἀτελὴς γένοιτο, ἀλλὰ διαπερανάμενοι οὕτως ἐσίοιμεν, στάντες ἐν τῷ προθύρῳ διελεγόμεθα ἕως συνωμολογήσαμεν ἀλλήλοις. δοκεῖ οὖν μοι, ὁ θυρωρός, εὐνοῦχός τις, κατήκουεν ἡμῶν, κινδυνεύει δὲ [314d] διὰ τὸ πλῆθος τῶν σοφιστῶν ἄχθεσθαι τοῖς φοιτῶσιν εἰς τὴν οἰκίαν: ἐπεὶ γοῦν ἐκρούσαμεν τὴν θύραν, ἀνοίξας καὶ ἰδὼν ἡμᾶς, ἔα, ἔφη, σοφισταί τινες: οὐ σχολὴ αὐτῷ; καὶ ἅμα ἀμφοῖν τοῖν χεροῖν τὴν θύραν πάνυ προθύμως ὥς οἶός τ' ἦν ἐπήραξεν. καὶ ἡμεῖς πάλιν ἐκρούομεν, καὶ ὃς ἐγκεκλημένης τῆς θύρας ἀποκρινόμενος εἶπεν, ὧ ἄνθρωποι, ἔφη, οὐκ ἀκηκόατε ὅτι οὐ σχολὴ αὐτῷ; ἀλλ' ὦγαθέ, ἔφη ἐγώ, οὔτε παρὰ Καλλίαν ἤκομεν οὔτε σοφισταί ἐσμεν. ἀλλὰ θάρρει: [314e] Πρωταγόραν γάρ τοι δεόμενοι ἰδεῖν ἤλθομεν: εἰσάγγελον οὖν. μόγις

οὐν ποτε ἡμῖν ἄνθρωπος ἀνέωξεν τὴν θύραν.

ἐπειδὴ δὲ εἰσήλθομεν, κατελάβομεν Πρωταγόραν ἐν τῷ προστώφῳ περιπατοῦντα, ἐξῆς δ' αὐτῷ συμπεριεπάτουν ἐκ μὲν τοῦ ἐπὶ θάτερα Καλλίας ὁ Ἰππονίκου καὶ ὁ ἀδελφὸς αὐτοῦ [315a] ὁ ὁμομήτριος, Πάραλος ὁ Περικλέους, καὶ Χαρμίδης ὁ Γλαύκωνος, ἐκ δὲ τοῦ ἐπὶ θάτερα ὁ ἕτερος τῶν Περικλέους Ξάνθιππος, καὶ Φιλιππίδης ὁ Φιλομήλου καὶ Ἀντίμοιρος ὁ Μενδαῖος, ὅσπερ εὐδοκιμεῖ μάλιστα τῶν Πρωταγόρου μαθητῶν καὶ ἐπὶ τέχνῃ μανθάνει, ὡς σοφιστὴς ἐσόμενος. τούτων δὲ οἱ ὀπισθεν ἠκολούθουν ἐπακούοντες τῶν λεγομένων τὸ μὲν πολὺ ξένοι ἐφαίνοντο οὓς ἄγει ἐξ ἐκάστων τῶν πόλεων ὁ Πρωταγόρας, δι' ὧν διεξέρχεται, κηλῶν τῇ φωνῇ ὥσπερ [315b] Ὀρφεύς, οἱ δὲ κατὰ τὴν φωνὴν ἔπονται κεκληλημένοι ἦσαν δέ τινες καὶ τῶν ἐπιχωρίων ἐν τῷ χορῷ. τοῦτον τὸν χορὸν μάλιστα ἔγωγε ἰδὼν ἦσθην, ὡς καλῶς ἠύλαβοῦντο μηδέποτε ἐμποδὼν ἐν τῷ πρόσθεν εἶναι Πρωταγόρου, ἀλλ' ἐπειδὴ αὐτὸς ἀναστρέφοι καὶ οἱ μετ' ἐκείνου, εὖ πως καὶ ἐν κόσμῳ περιεσχίζοντο οὗτοι οἱ ἐπήκοοι ἔνθεν καὶ ἔνθεν, καὶ ἐν κύκλῳ περιόντες αἰεὶ εἰς τὸ ὀπισθεν καθίσταντο κάλλιστα.

τὸν δὲ μετ' εἰσένοησα, Hom. Od. 11.601 ἔφη Ὅμηρος, Ἰππίαν τὸν [315c] Ἥλεϊον, καθήμενον ἐν τῷ κατ' ἀντικρὺ προστώφῳ ἐν θρόνῳ: περὶ αὐτὸν δ' ἐκάθηντο ἐπὶ βάθρων Ἐρυζίμαχος τε ὁ Ἀκουμενοῦ καὶ Φαῖδρος ὁ Μυρρινούσιος καὶ Ἄνδρων ὁ Ἀνδροτίωνος καὶ τῶν ξένων πολῖται τε αὐτοῦ καὶ ἄλλοι τινές. ἐφαίνοντο δὲ περὶ φύσεώς τε καὶ τῶν μετεώρων ἀστρονομικὰ ἄττα διερωτᾶν τὸν Ἰππίαν, ὁ δ' ἐν θρόνῳ καθήμενος ἐκάστοις αὐτῶν διέκρινεν καὶ διεξήει τὰ ἐρωτώμενα.

καὶ μὲν δὴ καὶ Τάνταλόν Hom. Od. 11.582 γε εἰσεῖδον Hom. Od. 11.582 ἐπεδήμει [315d] γὰρ ἄρα καὶ Πρόδικος ὁ Κεῖος ἦν δὲ ἐν οἰκῆματί τινι, ᾧ πρὸ τοῦ μὲν ὡς ταμειεῖ ἐχρήτο Ἰππόνικος, νῦν δὲ ὑπὸ τοῦ πλήθους τῶν καταλύνοντων ὁ Καλλίας καὶ τοῦτο ἐκκενώσας ξένοις κατάλυσιν πεποίηκεν. ὁ μὲν οὖν Πρόδικος ἔτι κατέκειτο, ἐγκεκαλυμμένος ἐν κωδίῳ τισὶν καὶ στρώμασιν καὶ μάλα πολλοῖς, ὡς ἐφαίνετο: παρεκάθηντο δὲ αὐτῷ ἐπὶ ταῖς πλησίον κλίναις Πausanίας τε ὁ ἐκ Κεραμέων καὶ μετὰ Πausανίου νέον τι ἔτι μειράκιον, ὡς μὲν ἐγῶμαι καλόν τε [315e] κἀγαθὸν τὴν φύσιν, τὴν δ'

οὖν ιδέαν πάνυ καλός. ἔδοξα ἀκοῦσαι ὄνομα αὐτῷ εἶναι Ἀγάθωνα, καὶ οὐκ ἂν θαυμάζοιμι εἰ παιδικὰ Πausανίου τυγχάνει ὦν. τοῦτό τ' ἦν τὸ μεираκιον, καὶ τῷ Ἀδειμάντῳ ἀμφοτέρῳ, ὃ τε Κήπιδος καὶ ὁ Λευκολοφίδου, καὶ ἄλλοι τινὲς ἐφαίνοντο: περὶ δὲ ὧν διελέγοντο οὐκ ἐδυνάμην ἔγωγε μαθεῖν ἔξωθεν, καίπερ λιπαρῶς ἔχων ἀκοῦειν τοῦ Προδίκου πάσσοφος γάρ μοι δοκεῖ ἀνὴρ [316a] εἶναι καὶ θεῖος ἀλλὰ διὰ τὴν βαρύτητα τῆς φωνῆς βόμβος τις ἐν τῷ οἰκῆματι γιγνόμενος ἀσαφῆ ἐποίει τὰ λεγόμενα.

καὶ ἡμεῖς μὲν ἄρτι εἰσεληλύθεμεν, κατόπιν δὲ ἡμῶν ἐπεισῆλθον Ἀλκιβιάδης τε ὁ καλός, ὡς φῆς σὺ καὶ ἐγὼ πείθομαι, καὶ Κριτίας ὁ Καλλαίσχρου.

ἡμεῖς οὖν ὡς εἰσῆλθομεν, ἔτι σμίκρ' ἄττα διατρίψαντες καὶ ταῦτα διαθεασάμενοι προσῆμεν πρὸς τὸν Πρωταγόραν, [316b] καὶ ἐγὼ εἶπον: ὦ Πρωταγόρα, πρὸς σέ τοι ἦλθομεν ἐγὼ τε καὶ Ἴπποκράτης οὗτος.

πότερον, ἔφη, μόνῳ βουλόμενοι διαλεχθῆναι ἢ καὶ μετὰ τῶν ἄλλων;

ἡμῖν μὲν, ἦν δ' ἐγώ, οὐδὲν διαφέρει: ἀκούσας δὲ οὗ ἔνεκα ἦλθομεν, αὐτὸς σκέψαι.

τί οὖν δὴ ἐστίν, ἔφη, οὗ ἔνεκα ἦκετε;

Ἴπποκράτης ὁδε ἐστίν μὲν τῶν ἐπιχωρίων, Ἀπολλοδώρου υἱός, οἰκίας μεγάλης τε καὶ εὐδαίμονος, αὐτὸς δὲ τὴν φύσιν δοκεῖ ἐνάμιλλος εἶναι τοῖς ἡλικιώταις. ἐπιθυμεῖν δέ μοι [316c] δοκεῖ ἐλλόγιμος γενέσθαι ἐν τῇ πόλει, τοῦτο δὲ οἶεταί οἱ μάλιστ' ἄ<v> γενέσθαι, εἰ σοὶ συγγένοιτο: ταῦτ' οὖν ἤδη σὺ σκόπει, πότερον περὶ αὐτῶν μόνος οἶει δεῖν διαλέγεσθαι πρὸς μόνους, ἢ μετ' ἄλλων.

ὀρθῶς, ἔφη, προμηθεῖ, ὦ Σώκρατες, ὑπὲρ ἐμοῦ. ξένον γὰρ ἄνδρα καὶ ἰόντα εἰς πόλεις μεγάλας, καὶ ἐν ταύταις πείθοντα τῶν νέων τοὺς βελτίστους ἀπολείποντας τὰς τῶν ἄλλων συνουσίας, καὶ οἰκείων καὶ ὀθνείων, καὶ πρεσβυτέρων καὶ νεωτέρων, ἑαυτῷ συνεῖναι ὡς βελτίους ἐσομένους διὰ [316d] τὴν ἑαυτοῦ συνουσίαν, χρὴ εὐλαβεῖσθαι τὸν ταῦτα πράττοντα: οὐ γὰρ σμικροὶ περὶ αὐτὰ φθόνοι τε γίγνονται καὶ ἄλλαι δυσμένειαι τε καὶ ἐπιβουλαί. ἐγὼ δὲ τὴν

σοφιστικὴν τέχνην φημί μὲν εἶναι παλαιάν, τοὺς δὲ μεταχειριζομένους αὐτὴν τῶν παλαιῶν ἀνδρῶν, φοβουμένους τὸ ἐπαχθὲς αὐτῆς, πρόσχημα ποιεῖσθαι καὶ προκαλύπτεσθαι, τοὺς μὲν ποιήσιν, οἷον Ὅμηρόν τε καὶ Ἡσίοδον καὶ Σιμωνίδην, τοὺς δὲ αὖτελετάς τε καὶ χρησμοφῆδας, τοὺς ἀμφὶ τε Ὀρφέα καὶ Μουσαῖον: ἐνίους δὲ τινὰς ἥσθηται καὶ γυμναστικὴν, οἷον Ἴκκος τε ὁ Ταραντῖνος καὶ ὁ νῦν ἔστι ὢν οὐδενὸς ἥττων σοφιστῆς [316e] Ἡρόδικος ὁ Σηλυμβριανός, τὸ δὲ ἀρχαῖον Μεγαρεύς: μουσικὴν δὲ Ἀγαθοκλῆς τε ὁ ὑμέτερος πρόσχημα ἐποιήσατο, μέγας ὢν σοφιστῆς, καὶ Πυθοκλείδης ὁ Κεῖος καὶ ἄλλοι πολλοί. οὗτοι πάντες, ὥσπερ λέγω, φοβηθέντες τὸν φθόνον ταῖς τέχναις ταύταις παραπετάσμασιν ἐχρήσαντο. ἐγὼ δὲ τούτοις [317a] ἅπασιν κατὰ τοῦτο εἶναι οὐ συμφέρομαι: ἡγοῦμαι γὰρ αὐτοὺς οὐ τι διαπράξασθαι ὃ ἐβουλήθησαν οὐ γὰρ λαθεῖν τῶν ἀνθρώπων τοὺς δυναμένους ἐν ταῖς πόλεσι πράττειν, ὥνπερ ἕνεκα ταῦτ' ἐστὶν τὰ προσχήματα: ἐπεὶ οἱ γε πολλοὶ ὥς ἔπος εἰπεῖν οὐδὲν αἰσθάνονται, ἀλλ' ἄττ' ἂν οὗτοι διαγγέλλωσι, ταῦτα ὑμνοῦσιν τὸ οὖν ἀποδιδράσκοντα μὴ δύνασθαι ἀποδρᾶναι, ἀλλὰ καταφανῆ εἶναι, πολλὴ μωρία καὶ τοῦ ἐπιχειρήματος, [317b] καὶ πολὺ δυσμενεστέρους παρέχεσθαι ἀνάγκη τοὺς ἀνθρώπους: ἡγοῦνται γὰρ τὸν τοιοῦτον πρὸς τοῖς ἄλλοις καὶ πανοῦργον εἶναι. ἐγὼ οὖν τούτων τὴν ἐναντίαν ἅπασαν ὁδὸν ἐλήλυθα, καὶ ὁμολογῶ τε σοφιστῆς εἶναι καὶ παιδεύειν ἀνθρώπους, καὶ εὐλάβειαν ταύτην οἶμαι βελτίω ἐκείνης εἶναι, τὸ ὁμολογεῖν μᾶλλον ἢ ἔξαρνον εἶναι: καὶ ἄλλας πρὸς ταύτην ἔσκεμμαι, ὥστε, σὺν θεῷ εἰπεῖν, μηδὲν δεινὸν πάσχειν διὰ [317c] τὸ ὁμολογεῖν σοφιστῆς εἶναι. καίτοι πολλὰ γε ἔτη ἤδη εἰμι ἐν τῇ τέχνῃ: καὶ γὰρ καὶ τὰ σύμπαντα πολλὰ μοί ἐστιν οὐδενὸς ὅτου οὐ πάντων ἂν ὑμῶν καθ' ἡλικίαν πατὴρ εἴην ὥστε πολὺ μοι ἡδιστόν ἐστιν, εἴ τι βούλεσθε, περὶ τούτων ἀπάντων ἐναντίον τῶν ἔνδον ὄντων τὸν λόγον ποιεῖσθαι.

καὶ ἐγὼ ὑπώπτεισα γὰρ βούλεσθαι αὐτὸν τῷ τε προδίκῳ καὶ τῷ Ἰππία ἐνδείξασθαι καὶ καλλωπίσασθαι ὅτι ἐρασταὶ [317d] αὐτοῦ ἀφιγμένοι εἴμεν τί οὖν, ἔφην ἐγώ, οὐ καὶ πρόδικον καὶ Ἰππίαν ἐκαλέσαμεν καὶ τοὺς μετ' αὐτῶν, ἵνα ἐπακούσωσιν ἡμῶν;

πάνυ μὲν οὖν, ἔφη ὁ Πρωταγόρας.

βούλεσθε οὖν, ὁ Καλλίας ἔφη, συνέδριον κατασκευάσωμεν, ἵνα

καθεζόμενοι διαλέγησθε;

ἐδόκει χρῆναι: ἄσμενοι δὲ πάντες ἡμεῖς, ὡς ἀκουσόμενοι ἀνδρῶν σοφῶν, καὶ αὐτοὶ τε ἀντιλαβόμενοι τῶν βάθρων καὶ τῶν κλινῶν κατεσκευάζομεν παρὰ τῷ Ἰππία ἐκεῖ γὰρ προϋπῆρχε τὰ βάθρα ἐν δὲ τούτῳ Καλλίας τε καὶ Ἀλκιβιάδης [317e] ἠκέτην ἄγοντε τὸν πρόδικον, ἀναστήσαντες ἐκ τῆς κλίνης, καὶ τοὺς μετὰ τοῦ Προδίκου.

ἐπεὶ δὲ πάντες συνεκαθεζόμεθα, ὁ Πρωταγόρας, νῦν δὴ ἄν, ἔφη, λέγοις, ὦ Σώκρατες, ἐπειδὴ καὶ οἶδε πάρεισιν, περὶ ὧν ὀλίγον πρότερον μνεῖαν ἐποιούῃ πρὸς ἐμὲ ὑπὲρ τοῦ νεανίσκου. [318a]

καὶ ἐγὼ εἶπον ὅτι ἡ αὐτὴ μοι ἀρχὴ ἐστίν, ὦ Πρωταγόρα, ἥπερ ἄρτι, περὶ ὧν ἀφικόμην. Ἰπποκράτης γὰρ ὅδε τυγχάνει ἐν ἐπιθυμίᾳ ὧν τῆς σῆς συνουσίας: ὅτι οὖν αὐτῷ ἀποβήσεται, ἐάν σοι συνῇ, ἡδέως ἂν φησι πυθέσθαι. τοσοῦτος ὁ γε ἡμέτερος λόγος.

ὑπολαβὼν οὖν ὁ Πρωταγόρας εἶπεν: ὦ νεανίσκε, ἔσται τοίνυν σοι, ἐάν ἐμοὶ συνῇς, ἥ ἂν ἡμέρα ἐμοὶ συγγένῃ, ἀπιέναι οἴκαδε βελτίονι γεγονότι, καὶ ἐν τῇ ὑστεραίᾳ ταῦτά ταῦτα: καὶ ἐκάστης ἡμέρας ἀεὶ ἐπὶ τὸ βέλτιον ἐπιδιδόναι. [318b]

καὶ ἐγὼ ἀκούσας εἶπον: ὦ Πρωταγόρα, τοῦτο μὲν οὐδὲν θαυμαστὸν λέγεις, ἀλλὰ εἰκός, ἐπεὶ κἂν σύ, καίπερ τηλικούτος ὢν καὶ οὕτως σοφός, εἴ τίς σε διδάξειεν ὃ μὴ τυγχάνοις ἐπιστάμενος, βελτίων ἂν γένοιο. ἀλλὰ μὴ οὕτως, ἀλλ' ὥσπερ ἂν εἰ αὐτίκα μάλα μεταβαλὼν τὴν ἐπιθυμίαν Ἰπποκράτης ὅδε ἐπιθυμήσειεν τῆς συνουσίας τούτου τοῦ νεανίσκου τοῦ νῦν νεωστὶ ἐπιδημοῦντος, Ζευξίππου τοῦ Ἡρακλεώτου, καὶ ἀφικόμενος παρ' αὐτόν, ὥσπερ παρὰ σὲ [318c] νῦν, ἀκούσειεν αὐτοῦ ταῦτά ταῦτα ἅπερ σοῦ, ὅτι ἐκάστης ἡμέρας συνὼν αὐτῷ βελτίων ἔσται καὶ ἐπιδώσει, εἰ αὐτόν ἐπανέροιτο: τί δὴ φῆς βελτίῳ ἔσεσθαι καὶ εἰς τί ἐπιδώσειν; εἶποι ἂν αὐτῷ ὁ Ζευξίππος ὅτι πρὸς γραφικὴν: κἂν εἰ Ὀρθαγόρα τῷ Θηβαίῳ συγγενόμενος, ἀκούσας ἐκείνου ταῦτά ταῦτα ἅπερ σοῦ, ἐπανέροιτο αὐτόν εἰς ὅτι βελτίων καθ' ἡμέραν ἔσται συγγιγνόμενος ἐκείνῳ, εἶποι ἂν ὅτι εἰς αὐλησιν: οὕτω δὴ καὶ σὺ εἶπε τῷ νεανίσκῳ καὶ ἐμοὶ ὑπὲρ [318d] τούτου ἐρωτῶντι, Ἰπποκράτης ὅδε Πρωταγόρα συγγενόμενος, ἥ ἂν αὐτῷ ἡμέρα συγγένῃται, βελτίων ἅπεισι γενόμενος καὶ τῶν ἄλλων

ήμερων ἐκάστης οὕτως ἐπιδώσει εἰς τί, ὦ Πρωταγόρα, καὶ περὶ τοῦ;

καὶ ὁ Πρωταγόρας ἐμοῦ ταῦτα ἀκούσας, σύ τε καλῶς ἐρωτᾷς, ἔφη, ὦ Σώκρατες, καὶ ἐγὼ τοῖς καλῶς ἐρωτῶσι χαίρω ἀποκρινόμενος. Ἴπποκράτης γὰρ παρ' ἐμὲ ἀφικόμενος οὐ πείσεται ἄπερ ἂν ἔπαθεν ἄλλῳ τῷ συγγενόμενος τῶν σοφιστῶν. οἱ μὲν γὰρ ἄλλοι λωβῶνται τοὺς νέους: [318e] τὰς γὰρ τέχνας αὐτοὺς πεφευγότας ἄκοντας πάλιν αὖ ἄγοντες ἐμβάλλουσιν εἰς τέχνας, λογισμούς τε καὶ ἀστρονομίαν καὶ γεωμετρίαν καὶ μουσικὴν διδάσκοντες καὶ ἅμα εἰς τὸν Ἰππίαν ἀπέβλεπεν παρὰ δ' ἐμὲ ἀφικόμενος μαθήσεται οὐ περὶ ἄλλου του ἢ περὶ οὗ ἥκει. τὸ δὲ μάθημά ἐστιν εὐβουλία περὶ τῶν οἰκείων, ὅπως ἂν ἄριστα τὴν αὐτοῦ οἰκίαν διοικοῖ, [319a] καὶ περὶ τῶν τῆς πόλεως, ὅπως τὰ τῆς πόλεως δυνατώτατος ἂν εἴη καὶ πράττειν καὶ λέγειν.

ἄρα, ἔφην ἐγώ, ἔπομαί σου τῷ λόγῳ; δοκεῖς γάρ μοι λέγειν τὴν πολιτικὴν τέχνην καὶ ὑπισχνεῖσθαι ποιεῖν ἄνδρας ἀγαθοὺς πολίτας.

αὐτὸ μὲν οὖν τοῦτό ἐστιν, ἔφη, ὦ Σώκρατες, τὸ ἐπάγγελμα ὃ ἐπαγγέλλομαι.

ἦ καλόν, ἦν δ' ἐγώ, τέχνημα ἄρα κέκτησαι, εἴπερ κέκτησαι: οὐ γάρ τι ἄλλο πρὸς γε σὲ εἰρήσεται ἢ ἄπερ νοῶ. ἐγὼ γὰρ τοῦτο, ὦ Πρωταγόρα, οὐκ ὥμην διδασκὸν [319b] εἶναι, σοὶ δὲ λέγοντι οὐκ ἔχω ὅπως [ἂν] ἀπιστᾷ. ὅθεν δὲ αὐτὸ ἡγοῦμαι οὐ διδασκὸν εἶναι μὴδ' ὑπ' ἀνθρώπων παρασκευαστὸν ἀνθρώποις, δίκαιός εἰμι εἰπεῖν. ἐγὼ γὰρ Ἀθηναίους, ὥσπερ καὶ οἱ ἄλλοι Ἕλληνες, φημί σοφοὺς εἶναι. ὁρῶ οὖν, ὅταν συλλεγῶμεν εἰς τὴν ἐκκλησίαν, ἐπειδὴ μὲν περὶ οἰκοδομίας τι δέη πρᾶξαι τὴν πόλιν, τοὺς οἰκοδόμους μεταπεμπομένους συμβούλους περὶ τῶν οἰκοδομημάτων, ὅταν δὲ περὶ ναυπηγίας, τοὺς ναυπηγούς, καὶ τᾶλλα πάντα οὕτως, [319c] ὅσα ἡγοῦνται μαθητὰ τε καὶ διδασκὰ εἶναι: ἐὰν δέ τις ἄλλος ἐπιχειρῇ αὐτοῖς συμβουλεύειν ὃν ἐκεῖνοι μὴ οἶονται δημιουργὸν εἶναι, καὶ πάνυ καλὸς ἦ καὶ πλούσιος καὶ τῶν γενναίων, οὐδέν τι μᾶλλον ἀποδέχονται, ἀλλὰ καταγελῶσι καὶ θορυβοῦσιν, ἕως ἂν ἡ αὐτὸς ἀποστῇ ὁ ἐπιχειρῶν λέγειν καταθορυβηθείς, ἢ οἱ τοξόται αὐτὸν ἀφελκύσωσιν ἢ ἐξάρωνται κελευόντων τῶν πρυτάνεων. περὶ μὲν οὖν ὧν οἶονται ἐν τέχνῃ εἶναι, οὕτω διαπράττονται: ἐπειδὴ δέ τι περὶ τῶν τῆς [319d] πόλεως διοικήσεως δέη βουλεύσασθαι, συμβουλεύει

αὐτοῖς ἀνιστάμενος περὶ τούτων ὁμοίως μὲν τέκτων, ὁμοίως δὲ χαλκεὺς σκυτοτόμος, ἔμπορος ναύκληρος, πλούσιος πένης, γενναῖος ἀγεννής, καὶ τούτοις οὐδεὶς τοῦτο ἐπιπλήττει ὥσπερ τοῖς πρότερον, ὅτι οὐδαμῶθεν μαθὼν, οὐδὲ ὄντος διδασκάλου οὐδενὸς αὐτῷ, ἔπειτα συμβουλευεῖν ἐπιχειρεῖ: δῆλον γὰρ ὅτι οὐχ ἡγοῦνται διδακτὸν εἶναι. μὴ τοίνυν ὅτι τὸ κοινὸν τῆς [319e] πόλεως οὕτως ἔχει, ἀλλὰ ἰδίᾳ ἡμῖν οἱ σοφώτατοι καὶ ἄριστοι τῶν πολιτῶν ταύτην τὴν ἀρετὴν ἦν ἔχουσιν οὐχ οἰοί τε ἄλλοις παραδιδόναι: ἐπεὶ Περικλῆς, ὁ τουτωνῶν τῶν νεανίσκων πατήρ, τούτους ἃ μὲν διδασκάλων εἶχετο καλῶς καὶ εὖ ἐπαίδευσεν, [320a] ἃ δὲ αὐτὸς σοφός ἐστιν οὔτε αὐτὸς παιδεύει οὔτε τῷ ἄλλῳ παραδίδωσιν, ἀλλ' αὐτοὶ περιόντες νέμονται ὥσπερ ἄφρονοι, ἐάν που αὐτόματοι περιτύχωσιν τῇ ἀρετῇ. εἰ δὲ βούλει, Κλεινίαν, τὸν Ἀλκιβιάδου τουτουῖ νεώτερον ἀδελφόν, ἐπιτροπεύων ὁ αὐτὸς οὗτος ἀνὴρ Περικλῆς, δεδιὼς περὶ αὐτοῦ μὴ διαφθαρεῖ δὴ ὑπὸ Ἀλκιβιάδου, ἀποσπάσας ἀπὸ τούτου, καταθέμενος ἐν Ἀρίφρονος ἐπαίδευε: καὶ πρὶν ἕξ μῆνας γεγονέναι, [320b] ἀπέδωκε τούτῳ οὐκ ἔχων ὅτι χρήσαιτο αὐτῷ. καὶ ἄλλους σοὶ παμπόλλους ἔχω λέγειν, οἳ αὐτοὶ ἀγαθοὶ ὄντες οὐδένα πώποτε βελτίῳ ἐποίησαν οὔτε τῶν οἰκείων οὔτε τῶν ἀλλοτριῶν. ἐγὼ οὖν, ὦ Πρωταγόρα, εἰς ταῦτα ἀποβλέπων οὐχ ἡγοῦμαι διδακτὸν εἶναι ἀρετὴν: ἐπειδὴ δέ σου ἀκούω ταῦτα λέγοντος, κάμπτομαι καὶ οἶμαί τί σε λέγειν διὰ τὸ ἡγεῖσθαι σε πολλῶν μὲν ἔμπειρον γεγονέναι, πολλὰ δὲ μεμαθηκέναι, τὰ δὲ αὐτὸν ἐξηυρηκέναι. εἰ οὖν ἔχεις ἐναργέστερον ἡμῖν ἐπιδείξαι ὥς [320c] διδακτὸν ἐστὶν ἡ ἀρετὴ, μὴ φθονήσης ἀλλ' ἐπιδείξον.

ἀλλ', ὦ Σώκρατες, ἔφη, οὐ φθονήσω: ἀλλὰ πότερον ὑμῖν, ὡς πρεσβύτερος νεωτέροις, μῦθον λέγων ἐπιδείξω ἢ λόγῳ διεξελθών;

πολλοὶ οὖν αὐτῷ ὑπέλαβον τῶν παρακαθημένων ὁποτέρως βούλοιτο οὕτως διεξιέναι. δοκεῖ τοίνυν μοι, ἔφη, χαριέστερον εἶναι μῦθον ὑμῖν λέγειν.

ἦν γὰρ ποτε χρόνος ὅτε θεοὶ μὲν ἦσαν, θνητὰ δὲ γένη [320d] οὐκ ἦν. ἐπειδὴ δὲ καὶ τούτοις χρόνος ἦλθεν εἰμαρμένος γενέσεως, τυποῦσιν αὐτὰ θεοὶ γῆς ἔνδον ἐκ γῆς καὶ πυρὸς μείζαντες καὶ τῶν ὅσα πυρὶ καὶ γῇ κεράννυται. ἐπειδὴ δ' ἄγειν αὐτὰ πρὸς φῶς ἔμελλον, προσέταξαν Προμηθεὶ καὶ Ἐπιμηθεὶ κοσμήσαι τε καὶ νεῖμαι δυνάμεις ἐκάστοις ὥς πρέπει. Προμηθεὰ δὲ παραιτεῖται Ἐπιμηθεὺς αὐτὸς νεῖμαι,

νείμαντος δέ μου, ἔφη, ἐπίσκεψαι· καὶ οὕτω πείσας νέμει. νέμων δὲ τοῖς μὲν ἰσχὺν ἄνευ τάχους προσῆπτεν, [320e] τοὺς δ' ἀσθενεστεροὺς τάχει ἐκόσμει· τοὺς δὲ ὥπλιζε, τοῖς δ' ἄοπλον διδούς φύσιν ἄλλην τιν' αὐτοῖς ἐμηχανᾶτο δύναμιν εἰς σωτηρίαν. ἃ μὲν γὰρ αὐτῶν σμικρότητι ἤμπισχεν, πτηνὸν φυγὴν ἢ κατὰγειον οἴκησιν ἔνεμεν· ἃ δὲ ἠῤῥξε μεγέθει, τῷδε [321a] αὐτῷ αὐτὰ ἔσφωζεν· καὶ τᾶλλα οὕτως ἐπανισθὼν ἔνεμεν. ταῦτα δὲ ἐμηχανᾶτο εὐλάβειαν ἔχων μὴ τι γένος αἰστωθείη· ἐπειδὴ δὲ αὐτοῖς ἀλληλοφθοριῶν διαφυγὰς ἐπήρκεσε, πρὸς τὰς ἐκ Διὸς ὥρας εὐμάρειαν ἐμηχανᾶτο ἀμφιεννὺς αὐτὰ πυκναῖς τε θριξίν καὶ στερεοῖς δέρμασιν, ἱκανοῖς μὲν ἀμῦναι χεიმῶνα, δυνατοῖς δὲ καὶ καύματα, καὶ εἰς εὐνὰς ἰοῦσιν ὅπως ὑπάρχοι τὰ αὐτὰ ταῦτα στρωμνὴ οἰκεῖα τε καὶ αὐτοφυῆς ἐκάστω· καὶ [321b] ὑποδῶν τὰ μὲν ὀπλαῖς, τὰ δὲ [θριξίν καὶ] δέρμασιν στερεοῖς καὶ ἀναίμοις. τοῦντεῦθεν τροφὰς ἄλλοις ἄλλας ἐξεπόριζεν, τοῖς μὲν ἐκ γῆς βοτάνην, ἄλλοις δὲ δένδρων καρπούς, τοῖς δὲ ῥίζας· ἔστι δ' οἷς ἔδωκεν εἶναι τροφήν ζώων ἄλλων βοράν· καὶ τοῖς μὲν ὀλιγογονίαν προσῆψε, τοῖς δ' ἀναλίσκομένοις ὑπὸ τούτων πολυγονίαν, σωτηρίαν τῷ γένει πορίζων. ἄτε δὴ οὖν οὐ πάνυ τι σοφὸς ὢν ὁ Ἐπιμηθεὺς ἔλαθεν αὐτὸν [321c] καταναλώσας τὰς δυνάμεις εἰς τὰ ἄλογα· λοιπὸν δὴ ἀκόσμητον ἔτι αὐτῷ ἦν τὸ ἀνθρώπων γένος, καὶ ἠπόρει ὅτι χρήσαιτο. ἀποροῦντι δὲ αὐτῷ ἔρχεται Προμηθεὺς ἐπισκεψόμενος τὴν νομὴν, καὶ ὁρᾷ τὰ μὲν ἄλλα ζῶα ἐμμελῶς πάντων ἔχοντα, τὸν δὲ ἄνθρωπον γυμνόν τε καὶ ἀνυπόδητον καὶ ἄστρωτον καὶ ἄοπλον· ἦδη δὲ καὶ ἡ εἰμαρμένη ἡμέρα παρῆν, ἐν ἣ ἔδει καὶ ἄνθρωπον ἐξιέναι ἐκ γῆς εἰς φῶς. ἀπορία οὖν σχόμενος ὁ Προμηθεὺς ἦντινα σωτηρίαν τῷ ἀνθρώπῳ εὖροι, [321d] κλέπτει Ἥφαιστου καὶ Ἀθηνᾶς τὴν ἔντεχνον σοφίαν σὺν πυρίἀμήχανον γὰρ ἦν ἄνευ πυρὸς αὐτὴν κτητὴν τῷ ἢ χρησίμην γενέσθαι καὶ οὕτω δὴ δωρεῖται ἀνθρώπῳ. τὴν μὲν οὖν περὶ τὸν βίον σοφίαν ἄνθρωπος ταύτῃ ἔσχεν, τὴν δὲ πολιτικὴν οὐκ εἶχεν· ἦν γὰρ παρὰ τῷ Δίῳ. τῷ δὲ Προμηθεῖ εἰς μὲν τὴν ἀκρόπολιν τὴν τοῦ Διὸς οἴκησιν οὐκέτι ἐνεχώρει εἰσελθεῖν πρὸς δὲ καὶ αἱ Διὸς φυλακαὶ φοβεραὶ ἦσαν εἰς δὲ τὸ τῆς Ἀθηνᾶς καὶ Ἥφαιστου οἴκημα τὸ κοινόν, ἐν ᾧ [321e] ἐφιλοτεχνεῖτην, λαθὼν εἰσέρχεται, καὶ κλέψας τὴν τε ἔμπυρον τέχνην τὴν τοῦ Ἥφαιστου καὶ τὴν ἄλλην τὴν τῆς Ἀθηνᾶς δίδωσιν ἀνθρώπῳ, καὶ ἐκ τούτου εὐπορία μὲν ἀνθρώπῳ τοῦ [322a] βίου γίγνεται, Προμηθεᾶ δὲ δι' Ἐπιμηθεᾶ ὕστερον, ἥπερ λέγεται,

κλοπῆς δίκη μετῆλθεν.

ἐπειδὴ δὲ ὁ ἄνθρωπος θείας μετέσχε μοίρας, πρῶτον μὲν διὰ τὴν τοῦ θεοῦ συγγένειαν ζῶων μόνον θεοὺς ἐνόμισεν, καὶ ἐπεχείρει βωμούς τε ιδρύεσθαι καὶ ἀγάλματα θεῶν: ἔπειτα φωνὴν καὶ ὀνόματα ταχὺ διηρθρώσατο τῇ τέχνῃ, καὶ οἰκήσεις καὶ ἐσθῆτας καὶ ὑποδέσεις καὶ στρωμνάς καὶ τὰς ἐκ γῆς τροφὰς ἤϋρετο. οὕτω δὴ παρεσκευασμένοι κατ' ἀρχὰς [322b] ἄνθρωποι ᾤκουν σποράδην, πόλεις δὲ οὐκ ἦσαν: ἀπώλλυντο οὖν ὑπὸ τῶν θηρίων διὰ τὸ πανταχῇ αὐτῶν ἀσθενέστεροι εἶναι, καὶ ἡ δημιουργικὴ τέχνη αὐτοῖς πρὸς μὲν τροφήν ἱκανὴ βοηθὸς ἦν, πρὸς δὲ τὸν τῶν θηρίων πόλεμον ἐνδεής πολιτικὴν γὰρ τέχνην οὐπω εἶχον, ἥς μέρος πολεμικὴ ἐζήτουν διὰ ἀθροίζεσθαι καὶ σφάζεσθαι κτίζοντες πόλεις: ὅτ' οὖν ἀθροισθεῖεν, ἡδίκουν ἀλλήλους ἅτε οὐκ ἔχοντες τὴν πολιτικὴν τέχνην, ὥστε πάλιν σκεδαννύμενοι διεφθείροντο. [322c] Ζεὺς οὖν δείσας περὶ τῷ γένει ἡμῶν μὴ ἀπόλοιτο πᾶν, Ἑρμῆν πέμπει ἄγοντα εἰς ἀνθρώπους αἰδῶ τε καὶ δίκην, ἵν' εἶεν πόλεων κόσμοι τε καὶ δεσμοὶ φιλίας συναγωγοί. ἐρωτᾷ οὖν Ἑρμῆς Δία τίνα οὖν τρόπον δοίῃ δίκην καὶ αἰδῶ ἀνθρώποις: πότερον ὥς αἱ τέχναι νενέμηνται, οὕτω καὶ ταύτας νείμω; νενέμηνται δὲ ὧδε: εἷς ἔχων ἰατρικὴν πολλοῖς ἱκανὸς ἰδιώταις, καὶ οἱ ἄλλοι δημιουργοί: καὶ δίκην δὴ καὶ αἰδῶ [322d] οὕτω θῶ ἐν τοῖς ἀνθρώποις, ἢ ἐπὶ πάντα νείμω; ἐπὶ πάντας, ἔφη ὁ Ζεὺς, καὶ πάντες μετεχόντων: οὐ γὰρ ἂν γένοιτο πόλεις, εἰ ὀλίγοι αὐτῶν μετέχοιεν ὥσπερ ἄλλων τεχνῶν: καὶ νόμον γε θεὸς παρ' ἐμοῦ τὸν μὴ δυνάμενον αἰδοῦς καὶ δίκης μετέχειν κτείνειν ὥς νόσον πόλεως. οὕτω δὴ, ὦ Σώκρατες, καὶ διὰ ταῦτα οἱ τε ἄλλοι καὶ Ἀθηναῖοι, ὅταν μὲν περὶ ἀρετῆς τεκτονικῆς ἢ λόγος ἢ ἄλλης τινὸς δημιουργικῆς, ὀλίγοις οἴονται μετεῖναι συμβουλῆς, καὶ ἐάν [322e] τις ἐκτὸς ὧν τῶν ὀλίγων συμβουλευῇ, οὐκ ἀνέχονται, ὥς σὺ φῆς εἰκότως, ὥς ἐγὼ φημι ὅταν δὲ εἰς συμβουλὴν πολιτικῆς [323a] ἀρετῆς ἴωσιν, ἣν δεῖ διὰ δικαιοσύνης πᾶσαν ἰέναι καὶ σωφροσύνης, εἰκότως ἅπαντος ἀνδρὸς ἀνέχονται, ὥς παντὶ προσῆκον ταύτης γε μετέχειν τῆς ἀρετῆς ἢ μὴ εἶναι πόλεις. αὕτη, ὦ Σώκρατες, τούτου αἰτία.

ἵνα δὲ μὴ οἷη ἀπαταᾶσθαι ὥς τῷ ὄντι ἡγοῦνται πάντες ἄνθρωποι πάντα ἄνδρα μετέχειν δικαιοσύνης τε καὶ τῆς ἄλλης πολιτικῆς ἀρετῆς, τόδε αὖ λαβὲ τεκμήριον. ἐν γὰρ ταῖς ἄλλαις ἀρεταῖς, ὥσπερ

σὺ λέγεις, ἐάν τις φῇ ἀγαθὸς ἀύλητῆς εἶναι, ἢ ἄλλην ἡντινοῦν τέχνην ἦν μὴ ἐστίν, ἢ καταγελῶσιν [323b] ἢ χαλεπαίνουσιν, καὶ οἱ οἰκεῖοι προσιόντες νουθετοῦσιν ὡς μαινόμενον: ἐν δὲ δικαιοσύνῃ καὶ ἐν τῇ ἄλλῃ πολιτικῇ ἀρετῇ, ἐάν τινα καὶ εἰδῶσιν ὅτι ἄδικός ἐστιν, ἐάν οὗτος αὐτὸς καθ' αὐτοῦ τάληθῇ λέγῃ ἐναντίον πολλῶν, ὃ ἐκεῖ σωφροσύνην ἡγοῦντο εἶναι, τάληθῇ λέγειν, ἐνταῦθα μανίαν, καὶ φασιν πάντας δεῖν φάναι εἶναι δικαίους, ἐάντε ᾧσιν ἐάντε μὴ, ἢ μαίνεσθαι τὸν μὴ προσποιούμενον [δικαιοσύνην]: ὡς ἀναγκαῖον [323c] οὐδένα ὄντιν' οὐχὶ ἀμῶς γέ πως μετέχειν αὐτῆς, ἢ μὴ εἶναι ἐν ἀνθρώποις.

ὅτι μὲν οὖν πάντ' ἄνδρα εἰκότως ἀποδέχονται περὶ ταύτης τῆς ἀρετῆς σύμβουλον διὰ τὸ ἡγεῖσθαι παντὶ μετεῖναι αὐτῆς, ταῦτα λέγω: ὅτι δὲ αὐτὴν οὐ φύσει ἡγοῦνται εἶναι οὐδ' ἀπὸ τοῦ αὐτομάτου, ἀλλὰ διδακτόν τε καὶ ἐξ ἐπιμελείας παραγίγνεσθαι ὃ ἂν παραγίγνηται, τοῦτό σοι μετὰ τοῦτο πειράσομαι ἀποδείξαι. ὅσα γὰρ ἡγοῦνται ἀλλήλους κακὰ ἔχειν ἄνθρωποι [323d] φύσει ἢ τύχῃ, οὐδεὶς θυμοῦται οὐδὲ νουθετεῖ οὐδὲ διδάσκει οὐδὲ κολάζει τοὺς ταῦτα ἔχοντας, ἵνα μὴ τοιοῦτοι ᾧσιν, ἀλλ' ἐλεοῦσιν: οἷον τοὺς αἰσχροὺς ἢ σμικροὺς ἢ ἀσθενεῖς τίς οὕτως ἀνόητος ὥστε τι τούτων ἐπιχειρεῖν ποιεῖν; ταῦτα μὲν γὰρ οἶμαι ἴσασιν ὅτι φύσει τε καὶ τύχῃ τοῖς ἀνθρώποις γίγνεται, τὰ καλὰ καὶ τὰναντία τούτοις: ὅσα δὲ ἐξ ἐπιμελείας καὶ ἀσκήσεως καὶ διδαχῆς οἶονται γίγνεσθαι ἀγαθὰ ἀνθρώποις, [323e] ἐάν τις ταῦτα μὴ ἔχῃ, ἀλλὰ τὰναντία τούτων κακὰ, ἐπὶ τούτοις που οἷ τε θυμοὶ γίνονται καὶ αἱ κολάσεις καὶ αἱ νουθετήσεις. ὧν ἐστίν ἐν καὶ ἡ ἀδικία καὶ ἡ ἀσέβεια καὶ [324a] συλλήβδην πᾶν τὸ ἐναντίον τῆς πολιτικῆς ἀρετῆς: ἔνθα δὴ πᾶς παντὶ θυμοῦται καὶ νουθετεῖ, δηλὸν ὅτι ὡς ἐξ ἐπιμελείας καὶ μαθήσεως κτητῆς οὔσης. εἰ γὰρ ἐθέλεις ἐννοῆσαι τὸ κολάζειν, ὃ Σώκρατες, τοὺς ἀδικοῦντας τί ποτε δύναται, αὐτό σε διδάξει ὅτι οἷ γε ἄνθρωποι ἡγοῦνται παρασκευαστὸν εἶναι ἀρετῇ. οὐδεὶς γὰρ κολάζει τοὺς ἀδικοῦντας πρὸς τούτῳ τὸν νοῦν ἔχων καὶ τούτου ἕνεκα, ὅτι ἠδίκησεν, ὅστις [324b] μὴ ὥσπερ θηρίον ἀλογίστως τιμωρεῖται: ὁ δὲ μετὰ λόγου ἐπιχειρῶν κολάζειν οὐ τοῦ παρεληλυθότος ἕνεκα ἀδικήματος τιμωρεῖται οὐ γὰρ ἂν τό γεπραχθὲν ἀγέννητον θεῖη ἀλλὰ τοῦ μέλλοντος χάριν, ἵνα μὴ αὐθις ἀδικήσῃ μήτε αὐτὸς οὗτος μήτε ἄλλος ὁ τοῦτον ἰδὼν κολασθέντα. καὶ τοιαύτην διάνοιαν ἔχων

διανοεῖται παιδευτὴν εἶναι ἀρετὴν: ἀποτροπῆς γοῦν ἔνεκα κολάζει. ταύτην οὖν τὴν δόξαν πάντες ἔχουσιν ὅσοιπερ [324c] τιμωροῦνται καὶ ἰδίᾳ καὶ δημοσίᾳ. τιμωροῦνται δὲ καὶ κολάζονται οἱ τε ἄλλοι ἄνθρωποι οὓς ἂν οἴωνται ἀδικεῖν, καὶ οὐχ ἥκιστα Ἀθηναῖοι οἱ σοὶ πολῖται: ὥστε κατὰ τοῦτον τὸν λόγον καὶ Ἀθηναῖοί εἰσι τῶν ἡγουμένων παρασκευαστὸν εἶναι καὶ διδακτὸν ἀρετὴν. ὥς μὲν οὖν εἰκότως ἀποδέχονται οἱ σοὶ πολῖται καὶ χαλκέως καὶ σκυτοτόμου συμβουλευόντος τὰ πολιτικά, καὶ ὅτι διδακτὸν καὶ παρασκευαστὸν ἡγοῦνται ἀρετὴν, ἀποδέδεικται σοι, ὦ Σώκρατες, ἱκανῶς, ὥς γέ μοι [324d] φαίνεται.

ἔτι δὴ λοιπὴ ἀπορία ἐστίν, ἣν ἀπορεῖς περὶ τῶν ἀνδρῶν τῶν ἀγαθῶν, τί δῆποτε οἱ ἄνδρες οἱ ἀγαθοὶ τὰ μὲν ἄλλα τοὺς αὐτῶν ὑεῖς διδάσκουσιν ἃ διδασκάλων ἔχεται καὶ σοφοὺς ποιοῦσιν, ἣν δὲ αὐτοὶ ἀρετὴν ἀγαθοὶ οὐδενὸς βελτίους ποιοῦσιν. τούτου δὴ πέρι, ὦ Σώκρατες, οὐκέτι μῦθόν σοι ἐρῶ ἀλλὰ λόγον. ὥδε γὰρ ἐννόησον: πότερον ἔστιν τι ἐν ἧ οὐκ ἔστιν οὗ ἀναγκαῖον πάντας τοὺς πολίτας μετέχειν, [324e] εἴπερ μέλλει πόλις εἶναι; ἐν τούτῳ γὰρ αὕτη λύεται ἡ ἀπορία ἣν σὺ ἀπορεῖς ἢ ἄλλοθι οὐδαμοῦ. εἰ μὲν γὰρ ἔστιν, καὶ τοῦτό ἐστιν τὸ ἐν οὐ τεκτονικῇ οὐδὲ χαλκεῖᾳ οὐδὲ κεραμεῖᾳ [325a] ἀλλὰ δικαιοσύνῃ καὶ σωφροσύνῃ καὶ τὸ ὅσιον εἶναι, καὶ συλλήβδην ἐν αὐτῷ προσαγορεύω εἶναι ἀνδρὸς ἀρετὴν εἰ τοῦτ' ἐστίν οὗ δεῖ πάντας μετέχειν καὶ μετὰ τούτου πάντ' ἄνδρα, ἐὰν τι καὶ ἄλλο βούληται μανθάνειν ἢ πράττειν, οὕτω πράττειν, ἄνευ δὲ τούτου μή, ἢ τὸν μὴ μετέχοντα καὶ διδάσκειν καὶ κολάζειν καὶ παῖδα καὶ ἄνδρα καὶ γυναῖκα, ἕωσπερ ἂν κολαζόμενος βελτίων γένηται, ὅς δ' ἂν μὴ ὑπακούῃ κολαζόμενος καὶ διδασκόμενος, ὥς ἀνίατον ὄντα τοῦτον [325b] ἐκβάλλειν ἐκ τῶν πόλεων ἢ ἀποκτείνειν εἰ οὕτω μὲν ἔχει, οὕτω δ' αὐτοῦ πεφυκότος οἱ ἀγαθοὶ ἄνδρες εἰ τὰ μὲν ἄλλα διδάσκονται τοὺς ὑεῖς, τοῦτο δὲ μή, σκέψαι ὥς θαυμασίως γίνονται οἱ ἀγαθοί. ὅτι μὲν γὰρ διδακτὸν αὐτὸ ἡγοῦνται καὶ ἰδίᾳ καὶ δημοσίᾳ, ἀπεδείξαμεν: διδακτοῦ δὲ ὄντος καὶ θεραπευτοῦ τὰ μὲν ἄλλα ἄρα τοὺς ὑεῖς διδάσκονται, ἐφ' οἷς οὐκ ἔστι θάνατος ἢ ζημία ἐὰν μὴ ἐπίστανται, ἐφ' ᾧ δὲ ἢ τε ζημία θάνατος αὐτῶν τοῖς παισὶ καὶ φυγαὶ μὴ μαθοῦσι [325c] μηδὲ θεραπευθεῖσιν εἰς ἀρετὴν, καὶ πρὸς τῷ θανάτῳ χρημάτων τε δημεύσεις καὶ ὥς ἔπος εἰπεῖν συλλήβδην τῶν οἴκων ἀνατροπαί, ταῦτα δ' ἄρα οὐ διδάσκονται οὐδ' ἐπιμελοῦνται

παῖσαν ἐπιμέλειαν; οἷεσθαί γε χρή, ὃ Σώκρατες. ἐκ παίδων σμικρῶν ἀρξάμενοι, μέχρι οὐπὲρ ἂν ζῶσι, καὶ διδάσκουσι καὶ νουθετοῦσιν. ἐπειδὰν θάπτον συνῆ τις τὰ λεγόμενα, καὶ τροφὸς καὶ μήτηρ καὶ παιδαγωγὸς καὶ αὐτὸς [325d] ὁ πατὴρ περὶ τούτου διαμάχονται, ὅπως <ὥς> βέλτιστος ἔσται ὁ παῖς, παρ' ἑκαστον καὶ ἔργον καὶ λόγον διδάσκοντες καὶ ἐνδεικνύμενοι ὅτι τὸ μὲν δίκαιον, τὸ δὲ ἄδικον, καὶ τότε μὲν καλόν, τότε δὲ αἰσχρόν, καὶ τότε μὲν ὅσιον, τότε δὲ ἀνόσιον, καὶ τὰ μὲν ποίει, τὰ δὲ μὴ ποίει. καὶ ἐὰν μὲν ἐκὼν πείθεται: εἰ δὲ μή, ὥσπερ ξύλον διαστρεφόμενον καὶ καμπτόμενον εὐθύνουσιν ἀπειλαῖς καὶ πληγαῖς. μετὰ δὲ ταῦτα εἰς διδασκάλων πέμποντες πολὺ μᾶλλον ἐντέλλονται ἐπιμελεῖσθαι [325e] εὐκοσμίας τῶν παίδων ἢ γραμμάτων τε καὶ κιθαρίσεως: οἱ δὲ διδάσκαλοι τούτων τε ἐπιμελοῦνται, καὶ ἐπειδὰν αὐτὰ γράμματα μάθωσιν καὶ μέλλωσιν συνήσειν τὰ γεγραμμένα ὥσπερ τότε τὴν φωνήν, παρατιθέασιν αὐτοῖς ἐπὶ τῶν βάθρων ἀναγινώσκειν ποιητῶν ἀγαθῶν ποιήματα καὶ ἐκμανθάνειν [326a] ἀναγκάζουσιν, ἐν οἷς πολλὰ μὲν νουθετήσεις ἔννευσιν πολλὰ δὲ διέξοδοι καὶ ἔπαινοι καὶ ἐγκώμια παλαιῶν ἀνδρῶν ἀγαθῶν, ἵνα ὁ παῖς ζηλῶν μιμῆται καὶ ὀρέγῃται τοιοῦτος γενέσθαι. οἳ τ' αὐτὰ κιθαρισταί, ἕτερα τοιαῦτα, σωφροσύνης τε ἐπιμελοῦνται καὶ ὅπως ἂν οἱ νέοι μηδὲν κακουργῶσιν: πρὸς δὲ τούτοις, ἐπειδὰν κιθαρίζειν μάθωσιν, ἄλλων αὐτὰ ποιητῶν ἀγαθῶν ποιήματα διδάσκουσι μελοποιῶν, εἰς τὰ [326b] κιθαρίσματα ἐντείνοντες, καὶ τοὺς ῥυθμούς τε καὶ τὰς ἀρμονίας ἀναγκάζουσιν οἰκειοῦσθαι ταῖς ψυχαῖς τῶν παίδων, ἵνα ἡμερώτεροί τε ᾧσιν, καὶ εὐρυθμότεροι καὶ εὐαρμοσσότεροι γινόμενοι χρήσιμοι ᾧσιν εἰς τὸ λέγειν τε καὶ πράττειν: πᾶς γὰρ ὁ βίος τοῦ ἀνθρώπου εὐρυθμίας τε καὶ εὐαρμοστίας δεῖται. ἔτι τοίνυν πρὸς τούτοις εἰς παιδοτρίβου πέμπουσιν, ἵνα τὰ σώματα βελτίῳ ἔχοντες ὑπηρετῶσι τῇ διανοίᾳ χρηστῇ [326c] οὔσῃ, καὶ μὴ ἀναγκάζονται ἀποδειλιᾶν διὰ τὴν πονηρίαν τῶν σωμάτων καὶ ἐν τοῖς πολέμοις καὶ ἐν ταῖς ἄλλαις πράξεσιν. καὶ ταῦτα ποιοῦσιν οἱ μάλιστα δυνάμενοι <μάλιστα> μάλιστα δὲ δύνανται οἱ πλουσιώτατοι καὶ οἱ τούτων ὑεῖς, πρωαίτατα εἰς διδασκάλων τῆς ἡλικίας ἀρξάμενοι φοιτᾶν, ὀψιαίτατα ἀπαλλάττονται. ἐπειδὰν δὲ ἐκ διδασκάλων ἀπαλλαγῶσιν, ἢ πόλις αὐτοὺς τε νόμους ἀναγκάζει μανθάνειν καὶ κατὰ τούτους ζῆν κατὰ παράδειγμα, [326d] ἵνα μὴ αὐτοὶ ἐφ' αὐτῶν εἰκῇ πράττωσιν, ἀλλ' ἀτεχνῶς ὥσπερ οἱ γραμματισταὶ τοῖς μήπω δεινοῖς γράφειν τῶν

παίδων ὑπογράψαντες γραμμὰς τῇ γραφίδι οὕτω τὸ γραμματεῖον διδόασιν καὶ ἀναγκάζουσι γράφειν κατὰ τὴν ὑφήγησιν τῶν γραμμῶν, ὥς δὲ καὶ ἡ πόλις νόμους ὑπογράψασα, ἀγαθῶν καὶ παλαιῶν νομοθετῶν εὐρήματα, κατὰ τούτους ἀναγκάζει καὶ ἄρχειν καὶ ἄρχεσθαι, ὅς δ' ἂν ἐκτὸς βαίνειν τούτων, κολάζει: καὶ ὄνομα τῇ κολάσει ταύτη καὶ παρ' ὑμῖν [326e] καὶ ἄλλοθι πολλαχοῦ, ὡς εὐθυνούσης τῆς δίκης, εὐθύναι. τοσαύτης οὖν τῆς ἐπιμελείας οὔσης περὶ ἀρετῆς ἰδίᾳ καὶ δημοσίᾳ, θαυμάζεις, ὦ Σώκρατες, καὶ ἀπορεῖς εἰ διδακτόν ἐστιν ἀρετὴ; ἀλλ' οὐ χρὴ θαυμάζειν, ἀλλὰ πολὺ μᾶλλον εἰ μὴ διδακτόν.

διὰ τί οὖν τῶν ἀγαθῶν πατέρων πολλοὶ υἱεῖς φαῦλοι γίνονται; τοῦτο αὖ μάθε: οὐδὲν γὰρ θαυμαστόν, εἴπερ ἀληθὴ ἐγὼ ἐν τοῖς ἔμπροσθεν ἔλεγον, ὅτι τούτου τοῦ πράγματος, [327a] τῆς ἀρετῆς, εἰ μέλλει πόλις εἶναι, οὐδένα δεῖ ιδιωτεύειν. εἰ γὰρ δὴ ὁ λέγω οὕτως ἔχει ἔχει δὲ μάλιστα πάντων οὕτως ἐνθυμήθητι ἄλλο τῶν ἐπιτηδευμάτων ὅτιοῦν καὶ μαθημάτων προελόμενος. εἰ μὴ οἷόν τ' ἦν πόλιν εἶναι εἰ μὴ πάντες αὐληταὶ ἤμεν ὁποῖός τις ἐδύνατο ἕκαστος, καὶ τοῦτο καὶ ἰδίᾳ καὶ δημοσίᾳ πᾶς πάντα καὶ ἐδίδασκε καὶ ἐπέπληττε τὸν μὴ καλῶς αὐλοῦντα, καὶ μὴ ἐφθόνει τούτου, ὥσπερ νῦν τῶν δικαίων καὶ τῶν νομίμων οὐδεὶς φθονεῖ οὐδ' [327b] ἀποκρύπτεται ὥσπερ τῶν ἄλλων τεχνημάτων λυσιτελεῖ γὰρ οἶμαι ἡμῖν ἢ ἀλλήλων δικαιοσύνη καὶ ἀρετὴ: διὰ ταῦτα πᾶς παντὶ προθύμως λέγει καὶ διδάσκει καὶ τὰ δίκαια καὶ τὰ νόμιμα εἰ οὖν οὕτω καὶ ἐν αὐλήσει πᾶσαν προθυμίαν καὶ ἀφθονίαν εἶχομεν ἀλλήλους διδάσκειν, οἶει ἂν τι, ἔφη, μᾶλλον, ὦ Σώκρατες, τῶν ἀγαθῶν αὐλητῶν ἀγαθοὺς αὐλητὰς τοὺς υἱεῖς γίνεσθαι ἢ τῶν φαύλων; οἶμαι μὲν οὐ, ἀλλὰ ὅτου ἔτυχεν ὁ υἱὸς εὐφύεστατος γενόμενος εἰς αὐλησιν, οὗτος [327c] ἂν ἐλλόγιμος ηὔξηθη, ὅτου δὲ ἀφυῆς, ἀκλεῆς: καὶ πολλάκις μὲν ἀγαθοῦ αὐλητοῦ φαῦλος ἂν ἀπέβη, πολλάκις δ' ἂν φαύλου ἀγαθός: ἀλλ' οὖν αὐληταὶ γ' ἂν πάντες ἦσαν ἱκανοὶ ὡς πρὸς τοὺς ἰδιώτας καὶ μηδὲν αὐλήσεως ἐπαίοντας. οὕτως οἷου καὶ νῦν, ὅστις σοι ἀδικώτατος φαίνεται ἄνθρωπος τῶν ἐν νόμοις καὶ ἀνθρώποις τεθραμμένων, δίκαιον αὐτὸν εἶναι καὶ δημιουργὸν τούτου τοῦ πράγματος, εἰ δέοι αὐτὸν κρίνεσθαι [327d] πρὸς ἀνθρώπους οἷς μήτε παιδεία ἐστὶν μήτε δικαστήρια μήτε νόμοι μηδὲ ἀνάγκη μηδεμία διὰ παντὸς ἀναγκάζουσα ἀρετῆς ἐπιμελεῖσθαι, ἀλλ' εἶεν ἄγριοί τινες οἰοίπερ οὐς πέρυσιν Φερεκράτης

ὁ ποιητὴς ἐδίδαξεν ἐπὶ Ληναίῳ. ἡ σφόδρα ἐν τοῖς τοιούτοις ἀνθρώποις γενόμενος, ὥσπερ οἱ ἐν ἐκείνῳ τῷ χορῷ μισάνθρωποι, ἀγαπήσας ἂν εἰ ἐντύχοις Εὐρυβάτῳ καὶ Φρυνώνδῃ, καὶ ἀνολοφύραι' ἂν ποθῶν τὴν τῶν ἐνθάδε ἀνθρώπων [327e] πονηρίαν. νῦν δὲ τρυφᾷς, ὃ Σώκρατες, διότι πάντες διδάσκαλοί εἰσιν ἀρετῆς καθ' ὅσον δύνανται ἕκαστος, καὶ οὐδεὶς σοι φαίνεται: εἴθ', ὥσπερ ἂν εἰ ζητοῖς τίς διδάσκαλος [328a] τοῦ ἐλληνίζειν, οὐδ' ἂν εἷς φανείη, οὐδέ γ' ἂν οἶμαι εἰ ζητοῖς τίς ἂν ἡμῖν διδάξειεν τοὺς τῶν χειροτεχνῶν ὑεῖς αὐτὴν ταύτην τὴν τέχνην ἣν δὴ παρὰ τοῦ πατρὸς μεμαθήκασιν, καθ' ὅσον οἷός τ' ἦν ὁ πατήρ καὶ οἱ τοῦ πατρὸς φίλοι ὄντες ὁμότεχνοι, τούτους ἔτι τίς ἂν διδάξειεν, οὐ ῥάδιον οἶμαι εἶναι, ὃ Σώκρατες, τούτων διδάσκαλον φανῆναι, τῶν δὲ ἀπείρων παντάπασιν ῥάδιον, οὕτω δὲ ἀρετῆς καὶ τῶν ἄλλων πάντων: ἀλλὰ κἂν εἰ ὀλίγον ἔστιν τις ὅστις διαφέρει [328b] ἡμῶν προβιάσαι εἰς ἀρετὴν, ἀγαπητόν. ὣν δὴ ἐγὼ οἶμαι εἷς εἶναι, καὶ διαφερόντως ἂν τῶν ἄλλων ἀνθρώπων ὀνῆσαι τίνα πρὸς τὸ καλὸν καὶ ἀγαθὸν γενέσθαι, καὶ ἀξίως τοῦ μισθοῦ ὃν πράττομαι καὶ ἔτι πλείονος, ὥστε καὶ αὐτῷ δοκεῖν τῷ μαθόντι. διὰ ταῦτα καὶ τὸν τρόπον τῆς πράξεως τοῦ μισθοῦ τοιοῦτον πεποίημαι: ἐπειδὴν γάρ τις παρ' ἐμοῦ μάθῃ, ἐὰν μὲν βούληται, ἀποδέδωκεν ὃ ἐγὼ πράττομαι ἀργύριον: [328c] ἐὰν δὲ μή, ἐλθὼν εἰς ἱερόν, ὁμόσας ὅσου ἂν φῇ ἄξια εἶναι τὰ μαθήματα, τοσοῦτον κατέθηκε.

τοιοῦτόν σοι, ἔφη, ὃ Σώκρατες, ἐγὼ καὶ μῦθον καὶ λόγον εἴρηκα, ὡς διδασκτὸν ἀρετὴ καὶ Ἀθηναῖοι οὕτως ἡγοῦνται, καὶ ὅτι οὐδὲν θαυμαστὸν τῶν ἀγαθῶν πατέρων φαύλους ὑεῖς γίνεσθαι καὶ τῶν φαύλων ἀγαθοὺς, ἐπεὶ καὶ οἱ Πολυκλείτου ὑεῖς, Παράλου καὶ Ξανθίππου τοῦδε ἡλικιωταί, οὐδὲν πρὸς τὸν πατέρα εἰσίν, καὶ ἄλλοι ἄλλων δημιουργῶν. τῶνδε δὲ [328d] οὕπῳ ἄξιον τοῦτο κατηγορεῖν: ἔτι γὰρ ἐν αὐτοῖς εἰσιν ἐλπίδες: νέοι γάρ.

Πρωταγόρας μὲν τοσαῦτα καὶ τοιαῦτα ἐπιδειξάμενος ἀπεπαύσατο τοῦ λόγου. καὶ ἐγὼ ἐπὶ μὲν πολὺν χρόνον κεκλημένος ἔτι πρὸς αὐτὸν ἔβλεπον ὡς ἐροῦντά τι, ἐπιθυμῶν ἀκούειν: ἐπεὶ δὲ δὴ ἡσθόμην ὅτι τῷ ὄντι πεπαυμένος εἴη, μόγις πῶς ἐμαυτὸν ὥσπερ εἰ συναγείρας εἶπον, βλέψας πρὸς τὸν Ἴπποκράτη: ὃ παῖ Ἀπολλοδώρου, ὡς χάριν σοι ἔχω ὅτι προύτρεψάς με ὧδε ἀφικέσθαι: πολλοῦ γὰρ ποιῶμαι

[328e] ἀκηκοέναι ἃ ἀκήκοα Πρωταγόρου. ἐγὼ γὰρ ἐν μὲν τῷ ἔμπροσθεν χρόνῳ ἡγούμην οὐκ εἶναι ἀνθρωπίνην ἐπιμέλειαν ἢ ἀγαθοὶ οἱ ἀγαθοὶ γίνονται: νῦν δὲ πέπεισμαι. πλὴν σμικρόν τί μοι ἐμποδῶν, ὃ δῆλον ὅτι Πρωταγόρας ῥαδίως ἐπεκδιδάξει, ἐπειδὴ καὶ τὰ πολλὰ ταῦτα ἐξεδίδασκεν. καὶ γὰρ εἰ μὲν τις περὶ αὐτῶν τούτων συγγένοιτο ὁτῶν τῶν [329a] δημηγόρων, τάχ' ἂν καὶ τοιούτους λόγους ἀκούσειεν ἢ Περικλέους ἢ ἄλλου τινὸς τῶν ἱκανῶν εἰπεῖν: εἰ δὲ ἐπανεροῖτό τινά τι, ὥσπερ βιβλία οὐδὲν ἔχουσιν οὔτε ἀποκρίνασθαι οὔτε αὐτοὶ ἐρέσθαι, ἀλλ' ἐάν τις καὶ σμικρὸν ἐπερωτήσῃ τι τῶν ῥηθέντων, ὥσπερ τὰ χαλκία πληγέντα μακρὸν ἤχεϊ καὶ ἀποτείνει ἐὰν μὴ ἐπιλάβηται τις, καὶ οἱ ῥήτορες οὕτω, σμικρὰ [329b] ἐρωτηθέντες δόλιχον κατατείνουσι τοῦ λόγου. Πρωταγόρας δὲ ὅδε ἱκανὸς μὲν μακροὺς λόγους καὶ καλοὺς εἰπεῖν, ὡς αὐτὰ δηλοῖ, ἱκανὸς δὲ καὶ ἐρωτηθεὶς ἀποκρίνασθαι κατὰ βραχὺ καὶ ἐρόμενος περιμεῖναι τε καὶ ἀποδέξασθαι τὴν ἀπόκρισιν, ἃ ὀλίγοις ἐστὶ παρεσκευασμένα. νῦν οὖν, ὃ Πρωταγόρα, σμικροῦ τινος ἐνδεής εἰμι πάντ' ἔχειν, εἴ μοι ἀποκρίναιο τόδε. τὴν ἀρετὴν φῆς διδασκὸν εἶναι, καὶ ἐγὼ εἶπερ ἄλλω τῷ ἀνθρώπῳ πειθοίμην ἂν, καὶ σοὶ πείθομαι: [329c] ὃ δ' ἐθαύμασά σου λέγοντος, τοῦτό μοι ἐν τῇ ψυχῇ ἀποπλήρωσον. ἔλεγες γὰρ ὅτι ὁ Ζεὺς τὴν δικαιοσύνην καὶ τὴν αἰδῶ πέμψειε τοῖς ἀνθρώποις, καὶ αὖ πολλοῖς ἐν τοῖς λόγοις ἐλέγετο ὑπὸ σοῦ ἡ δικαιοσύνη καὶ σωφροσύνη καὶ ὁσιότης καὶ πάντα ταῦτα ὡς ἐν τι εἴῃ συλλήβδην, ἀρετή: ταῦτ' οὖν αὐτὰ δίδεχθαι μοι ἀκριβῶς τῷ λόγῳ, πότερον ἐν μὲν τί ἐστὶν ἡ ἀρετή, μόρια δὲ αὐτῆς ἐστὶν ἡ δικαιοσύνη καὶ σωφροσύνη καὶ ὁσιότης, ἢ ταῦτ' ἐστὶν ἃ νυνδὴ ἐγὼ [329d] ἔλεγον πάντα ὀνόματα τοῦ αὐτοῦ ἐνὸς ὄντος. τοῦτ' ἐστὶν ὃ ἔτι ἐπιποθῶ.

ἀλλὰ ῥάδιον τοῦτό γ', ἔφη, ὃ Σώκρατες, ἀποκρίνασθαι, ὅτι ἐνὸς ὄντος τῆς ἀρετῆς μόριά ἐστιν ἃ ἐρωτᾷς.

πότερον, ἔφην, ὥσπερ προσώπου τὰ μόρια μόριά ἐστιν, στόμα τε καὶ ῥίς καὶ ὀφθαλμοὶ καὶ ὦτα, ἢ ὥσπερ τὰ τοῦ χρυσοῦ μόρια οὐδὲν διαφέρει τὰ ἕτερα τῶν ἐτέρων, ἀλλήλων καὶ τοῦ ὅλου, ἀλλ' ἢ μεγέθει καὶ σμικρότητι;

ἐκείνως μοι φαίνεται, ὃ [329e] Σώκρατες, ὥσπερ τὰ τοῦ προσώπου μόρια ἔχει πρὸς τὸ ὅλον πρόσωπον.

πότερον οὖν, ἦν δ' ἐγώ, καὶ μεταλαμβάνουσιν οἱ ἄνθρωποι τούτων τῶν τῆς ἀρετῆς μορίων οἱ μὲν ἄλλο, οἱ δὲ ἄλλο, ἢ ἀνάγκη, ἐάνπερ τις ἐν λάβῃ, ἅπαντα ἔχειν; οὐδαμῶς, ἔφη, ἐπεὶ πολλοὶ ἀνδρεῖοί εἰσιν, ἄδικοι δέ, καὶ δίκαιοι αὖ, σοφοὶ δὲ οὐ.

ἔστιν γὰρ οὖν καὶ ταῦτα μόρια [330a] τῆς ἀρετῆς, ἔφην ἐγώ, σοφία τε καὶ ἀνδρεία;

πάντων μάλιστα δήπου, ἔφη: καὶ μέγιστόν γε ἡ σοφία τῶν μορίων.

ἕκαστον δὲ αὐτῶν ἐστίν, ἦν δ' ἐγώ, ἄλλο, τὸ δὲ ἄλλο;

ναί.

ἦ καὶ δύναμιν αὐτῶν ἕκαστον ἰδίαν ἔχει; ὥσπερ τὰ τοῦ προσώπου, οὐκ ἔστιν ὀφθαλμὸς οἷον τὰ ὦτα, οὐδ' ἡ δύναμις αὐτοῦ ἡ αὐτή: οὐδὲ τῶν ἄλλων οὐδὲν ἐστίν οἷον τὸ ἕτερον οὔτε κατὰ τὴν δύναμιν οὔτε κατὰ τὰ ἄλλα: ἄρ' οὖν οὕτω καὶ τὰ τῆς ἀρετῆς μόρια οὐκ ἔστιν τὸ ἕτερον οἷον τὸ [330b] ἕτερον, οὔτε αὐτὸ οὔτε ἡ δύναμις αὐτοῦ; ἢ δηλαδὴ ὅτι οὕτως ἔχει, εἶπερ τῷ παραδείγματί γε ἔοικε;

ἀλλ' οὕτως, ἔφη, ἔχει, ὦ Σώκρατες.

καὶ ἐγὼ εἶπον: οὐδὲν ἄρα ἐστὶν τῶν τῆς ἀρετῆς μορίων ἄλλο οἷον ἐπιστήμη, οὐδ' οἷον δικαιοσύνη, οὐδ' οἷον ἀνδρεία, οὐδ' οἷον σωφροσύνη, οὐδ' οἷον ὁσιότης. οὐκ ἔφη.

φέρε δὴ, ἔφην ἐγώ, κοινῇ σκεψώμεθα ποῖόν τι αὐτῶν ἐστὶν ἕκαστον. πρῶτον μὲν τὸ τοιόνδε: [330c] ἡ δικαιοσύνη πρᾶγμα τί ἐστὶν ἢ οὐδὲν πρᾶγμα; ἐμοὶ μὲν γὰρ δοκεῖ: τί δὲ σοί;

κάμοι, ἔφη.

τί οὖν; εἴ τις ἔροιτο ἐμέ τε καὶ σέ: ὦ Πρωταγόρα τε καὶ Σώκρατες, εἶπετον δὴ μοι, τοῦτο τὸ πρᾶγμα ὃ ὠνομάσατε ἄρτι, ἡ δικαιοσύνη, αὐτὸ τοῦτο δίκαιόν ἐστιν ἢ ἄδικον; ἐγὼ μὲν ἂν αὐτῷ ἀποκριναίμην ὅτι δίκαιον: σὺ δὲ τίν' ἂν ψῆφον θεῖο; τὴν αὐτὴν ἐμοὶ ἢ ἄλλην;

τὴν αὐτήν, ἔφη.

ἔστιν ἄρα τοιοῦτον ἡ δικαιοσύνη οἷον δίκαιον εἶναι, φαίην ἂν ἐγωγε

ἀποκρινόμενος τῷ [330d] ἐρωτῶντι: οὐκοῦν καὶ σύ;

ναί, ἔφη.

εἰ οὖν μετὰ τοῦτο ἡμᾶς ἔροιτο: οὐκοῦν καὶ ὁσιότητά τινά φατε εἶναι; φαῖμεν ἄν, ὥς ἐγῶμαι.

ναί, ἡ δ' ὅς.

οὐκοῦν φατε καὶ τοῦτο πρᾶγμα τι εἶναι; φαῖμεν ἄν: ἢ οὐ;

καὶ τοῦτο συνέφη.

πότερον δὲ τοῦτο αὐτὸ τὸ πρᾶγμα φατε τοιοῦτον πεφυκέναι οἷον ἀνόσιον εἶναι ἢ οἷον ὅσιον; ἀγανακτήσασιν ἂν ἐγώ, ἔφην, τῷ ἐρωτήματι, καὶ εἵποιμ' ἄν: εὐφήμει, ὃ ἄνθρωπε: σχολῇ μεντάν τι ἄλλο ὅσιον εἴη, εἰ μὴ αὐτὴ [330e] γε ἡ ὁσιότης ὅσιον ἔσται. τί δὲ σύ; οὐχ οὕτως ἂν ἀποκρίναιο;

πάνυ μὲν οὖν, ἔφη.

εἰ οὖν μετὰ τοῦτο εἴποι ἐρωτῶν ἡμᾶς: πῶς οὖν ὀλίγον πρότερον ἐλέγετε; ἄρ' οὐκ ὀρθῶς ὑμῶν κατήκουσα; ἐδόξατέ μοι φάναι <τὰ> τῆς ἀρετῆς μόρια εἶναι οὕτως ἔχοντα πρὸς ἄλληλα, ὥς οὐκ εἶναι τὸ ἕτερον αὐτῶν οἷον τὸ ἕτερον: εἵποιμ' ἂν ἐγώ γε ὅτι τὰ μὲν ἄλλα ὀρθῶς ἤκουσας, ὅτι δὲ καὶ ἐμὲ οἶει εἰπεῖν τοῦτο, παρήκουσας: Πρωταγόρας γὰρ [331a] ὅδε ταῦτα ἀπεκρίνατο, ἐγὼ δὲ ἡρώτων. εἰ οὖν εἴποι: ἀληθῆ ὅδε λέγει, ὃ Πρωταγόρα; σὺ φῆς οὐκ εἶναι τὸ ἕτερον μόριον οἷον τὸ ἕτερον τῶν τῆς ἀρετῆς; σὺ οὕτως ὁ λόγος ἐστίν; τί ἂν αὐτῷ ἀποκρίναιο;

ἀνάγκη, ἔφη, ὃ Σώκρατες, ὁμολογεῖν.

τί οὖν, ὃ Πρωταγόρα, ἀποκρινόμεθα αὐτῷ, ταῦτα ὁμολογήσαντες, ἐὰν ἡμᾶς ἐπανέρηται: οὐκ ἄρα ἐστὶν ὁσιότης οἷον δίκαιον εἶναι πρᾶγμα, οὐδὲ δικαιοσύνη οἷον ὅσιον ἀλλ' οἷον μὴ ὅσιον: ἡ δ' ὁσιότης οἷον μὴ δίκαιον, ἀλλ' ἄδικον [331b] ἄρα, τὸ δὲ ἀνόσιον; τί αὐτῷ ἀποκρινόμεθα; ἐγὼ μὲν γὰρ αὐτὸς ὑπὲρ γε ἑμαυτοῦ φαίην ἂν καὶ τὴν δικαιοσύνην ὅσιον εἶναι καὶ τὴν ὁσιότητα δίκαιον: καὶ ὑπὲρ σοῦ δέ, εἰ με ἐφῆς, ταῦτα ἂν ταῦτα ἀποκρινοίμην, ὅτι ἤτοι ταυτόν γ'

ἐστὶν δικαιοσύνη ὁσίοτητι ἢ ὅτι ὁμοιότατον, καὶ μάλιστα πάντων ἢ τε δικαιοσύνη οἷον ὁσιότης καὶ ἡ ὁσιότης οἷον δικαιοσύνη. ἀλλ' ὅρα εἰ διακωλύεις ἀποκρίνεσθαι, ἢ καὶ σοὶ συνδοκεῖ οὕτως.

οὐ πάνυ μοι δοκεῖ, ἔφη, ὦ Σώκρατες, οὕτως ἀπλοῦν [331c] εἶναι, ὥστε συγχωρῆσαι τὴν τε δικαιοσύνην ὅσιον εἶναι καὶ τὴν ὁσιότητα δίκαιον, ἀλλὰ τί μοι δοκεῖ ἐν αὐτῷ διάφορον εἶναι. ἀλλὰ τί τοῦτο διαφέρει; ἔφη: εἰ γὰρ βούλει, ἔστω ἡμῖν καὶ δικαιοσύνη ὅσιον καὶ ὁσιότης δίκαιον.

μή μοι, ἦν δ' ἐγώ: οὐδὲν γὰρ δέομαι τὸ εἰ βούλει τοῦτο καὶ εἴ σοι δοκεῖ ἐλέγχεσθαι, ἀλλ' ἐμέ τε καὶ σέ: τὸ δ' ἐμέ τε καὶ σέ τοῦτο λέγω, οἰόμενος οὕτω τὸν λόγον βέλτιστ' [331d] ἂν ἐλέγχεσθαι, εἴ τις τὸ εἰ ἀφέλοι αὐτοῦ.

ἀλλὰ μέντοι, ἦ δ' ὅς, προσέεικέν τι δικαιοσύνη ὁσιότητι: καὶ γὰρ ὅτιοῦν ὅτωοῦν ἀμῇ γέ πη προσέεικεν. τὸ γὰρ λευκὸν τῷ μέλανι ἔστιν ὅπη προσέεικεν, καὶ τὸ σκληρὸν τῷ μαλακῷ, καὶ τὰλλα ἃ δοκεῖ ἐναντιώτατα εἶναι ἀλλήλοις: καὶ ἃ τότε ἔφαμεν ἄλλην δύναμιν ἔχειν καὶ οὐκ εἶναι τὸ ἕτερον οἷον τὸ ἕτερον, τὰ τοῦ προσώπου μόρια, ἀμῇ γέ πη προσέεικεν καὶ ἔστιν τὸ ἕτερον οἷον τὸ ἕτερον. ὥστε τούτῳ γε τῷ τρόπῳ [331e] κἂν ταῦτα ἐλέγχῃς, εἰ βούλοιο, ὥς ἅπαντά ἐστιν ὅμοια ἀλλήλοις. ἀλλ' οὐχὶ τὰ ὁμοιὸν τι ἔχοντα ὅμοια δίκαιον καλεῖν, οὐδὲ τὰ ἀνόμοιόν τι ἔχοντα ἀνόμοια, κἂν πάνυ σμικρὸν ἔχη τὸ ὅμοιον.

καὶ ἐγὼ θαυμάσας εἶπον πρὸς αὐτόν: ἦ γὰρ οὕτω σοὶ τὸ δίκαιον καὶ τὸ ὅσιον πρὸς ἀλλήλα ἔχει, ὥστε ὁμοιὸν τι σμικρὸν ἔχειν ἀλλήλοις;

οὐ πάνυ, [332a] ἔφη, οὕτως, οὐ μέντοι οὐδὲ αὖ ὥς σύ μοι δοκεῖς οἶεσθαι.

ἀλλὰ μήν, ἔφην ἐγώ, ἐπειδὴ δυσχερῶς δοκεῖς μοι ἔχειν πρὸς τοῦτο, τοῦτο μὲν ἐάσωμεν, τόδε δὲ ἄλλο ὣν ἔλεγες ἐπισκεψώμεθα. ἀφροσύνην τι καλεῖς;

ἔφη.

τούτῳ τῷ πράγματι οὐ πᾶν τούναντίον ἐστὶν ἡ σοφία;

ἔμοιγε δοκεῖ, ἔφη.

πότερον δὲ ὅταν πράττωσιν ἄνθρωποι ὀρθῶς τε καὶ ὠφελίμως, τότε σωφρονεῖν σοι δοκοῦσιν οὕτω πράττοντες, ἢ [εἰ] τοῦναντίον [ἔπραττον];

σωφρονεῖν, ἔφη.

οὐκοῦν [332b] σωφροσύνη σωφρονοῦσιν;

ἀνάγκη.

οὐκοῦν οἱ μὴ ὀρθῶς πράττοντες ἀφρόνως πράττουσιν καὶ οὐ σωφρονοῦσιν οὕτω πράττοντες;

συνδοκεῖ μοι, ἔφη.

τοῦναντίον ἄρα ἐστὶν τὸ ἀφρόνως πράττειν τῷ σωφρόνως;

ἔφη.

οὐκοῦν τὰ μὲν ἀφρόνως πραττόμενα ἀφροσύνη πράττεται, τὰ δὲ σωφρόνως σωφροσύνη;

ὠμολόγει.

οὐκοῦν εἴ τι ἰσχύϊ πράττεται, ἰσχυρῶς πράττεται, καὶ εἴ τι ἀσθενεία, ἀσθενῶς;

ἐδόκει.

καὶ εἴ τι μετὰ τάχους, ταχέως, καὶ εἴ τι μετὰ βραδυτήτος, [332c] βραδέως;

ἔφη.

καὶ εἴ τι δὴ ὡσαύτως πράττεται, ὑπὸ τοῦ αὐτοῦ πράττεται, καὶ εἴ τι ἐναντίως, ὑπὸ τοῦ ἐναντίου;

συνέφη.

φέρε δὴ, ἦν δ' ἐγώ, ἔστιν τι καλόν;

συνεχώρει.

τούτω ἔστιν τι ἐναντίον πλὴν τὸ αἰσχρόν;

οὐκ ἔστιν.

τί δέ; ἔστιν τι ἀγαθόν;

ἔστιν.

τούτω ἔστιν τι ἐναντίον πλὴν τὸ κακόν;

οὐκ ἔστιν.

τί δέ; ἔστιν τι ὁξὺ ἐν φωνῇ;

ἔφη.

τούτω μὴ ἔστιν τι ἐναντίον ἄλλο πλὴν τὸ βαρύ;

οὐκ ἔφη.

οὐκοῦν, ἦν δ' ἐγώ, ἐνὶ ἐκάστῳ τῶν ἐναντίων ἓν μόνον ἐστὶν ἐναντίον καὶ οὐ πολλά;

συνωμολόγει. [332d]

ἴθι δῆ, ἦν δ' ἐγώ, ἀναλογισώμεθα τὰ ὁμολογημένα ἡμῖν. ὁμολογήκαμεν ἓν ἐνὶ μόνον ἐναντίον εἶναι, πλείω δὲ μή;

ὁμολογήκαμεν.

τὸ δὲ ἐναντίως πραττόμενον ὑπὸ ἐναντίων πράττεσθαι;

ἔφη.

ὁμολογήκαμεν δὲ ἐναντίως πράττεσθαι ὃ ἂν ἀφρόνως πράττηται τῷ σωφρόνως πραττομένῳ;

ἔφη.

τὸ δὲ σωφρόνως πραττόμενον ὑπὸ σωφροσύνης πράττεσθαι, τὸ δὲ ἀφρόνως ὑπὸ ἀφροσύνης; [332e]

συνεχώνει.

οὐκοῦν εἴπερ ἐναντίως πράττεται, ὑπὸ ἐναντίου πράττειτ' ἄν;

ναί.

πράττεται δὲ τὸ μὲν ὑπὸ σωφροσύνης, τὸ δὲ ὑπὸ ἀφροσύνης;

ναί.

ἐναντίως;

πάνυ γε.

οὐκοῦν ὑπὸ ἐναντίων ὄντων;

ναί.

ἐναντίον ἄρ' ἐστὶν ἀφροσύνη σωφροσύνης;

φαίνεται.

μέμνησαι οὖν ὅτι ἐν τοῖς ἔμπροσθεν ὁμολόγηται ἡμῖν ἀφροσύνη σοφία ἐναντίον εἶναι;

συνωμολόγει.

ἐν δὲ ἐνὶ μόνον ἐναντίον [333a] εἶναι;

φημί.

πότερον οὖν, ὃ Πρωταγόρα, λύσωμεν τῶν λόγων; τὸ ἐν ἐνὶ μόνον ἐναντίον εἶναι, ἢ ἐκεῖνον ἐν ᾧ ἐλέγετο ἕτερον εἶναι σωφροσύνης σοφία, μόνιον δὲ ἐκάτερον ἀρετῆς, καὶ πρὸς τῷ ἕτερον εἶναι καὶ ἀνόμοια καὶ αὐτὰ καὶ αἱ δυνάμεις αὐτῶν, ὥσπερ τὰ τοῦ προσώπου μόρια; πότερον οὖν δὴ λύσωμεν; οὗτοι γὰρ οἱ λόγοι ἀμφοτέροι οὐ πάνυ μουσικῶς λέγονται: οὐ γὰρ συνάδουσιν οὐδὲ συναρμόττουσιν ἀλλήλοις. πῶς γὰρ ἂν συνάδοιεν, εἴπερ γε ἀνάγκη ἐνὶ [333b] μὲν ἐν μόνον ἐναντίον εἶναι, πλείοσιν δὲ μή, τῇ δὲ ἀφροσύνη ἐνὶ ὄντι σοφία ἐναντία καὶ σωφροσύνη αὐτὴ φαίνεται: ἢ γάρ, ὃ Πρωταγόρα, ἔφην ἐγώ, ἢ ἄλλως πως;

ὁμολόγησεν καὶ μάλ' ἀκόντως.

οὐκοῦν ἔν ἄν εἴη ἡ σωφροσύνη καὶ ἡ σοφία; τὸ δὲ πρότερον αὐ
ἐφάνη ἡμῖν ἡ δικαιοσύνη καὶ ἡ ὁσιότης σχεδόν τι ταῦτόν ὄν.

ἴθι δὴ, ἦν δ' ἐγώ, ὦ Πρωταγόρα, μὴ ἀποκάμωμεν ἀλλὰ καὶ τὰ λοιπὰ
διασκεψώμεθα. ἄρά τίς σοι δοκεῖ ἀδικῶν [333c] ἄνθρωπος
σωφρονεῖν, ὅτι ἀδικεῖ;

αἰσχυνοίμην ἄν ἔγωγ', ἔφη, ὦ Σώκρατες, τοῦτο ὁμολογεῖν, ἐπεὶ
πολλοὶ γέ φασιν τῶν ἀνθρώπων.

πότερον οὖν πρὸς ἐκείνους τὸν λόγον ποιήσομαι, ἔφην, ἢ πρὸς σέ;

εἰ βούλει, ἔφη, πρὸς τοῦτον πρῶτον τὸν λόγον διαλέχθητι τὸν τῶν
πολλῶν.

ἀλλ' οὐδέν μοι διαφέρει, ἐὰν μόνον σύ γε ἀποκρίνη, εἴτ' οὖν δοκεῖ
σοι ταῦτα εἶτε μὴ: τὸν γὰρ λόγον ἔγωγε μάλιστα ἐξετάζω, συμβαίνει
μέντοι ἴσως καὶ ἐμὲ τὸν ἐρωτῶντα καὶ τὸν ἀποκρινόμενον
ἐξετάζεσθαι. [333d]

τὸ μὲν οὖν πρῶτον ἐκαλλωπίζετο ἡμῖν ὁ Πρωταγόρας τὸν γὰρ λόγον
ἠτιᾶτο δυσχερῆ εἶναι ἔπειτα μέντοι συνεχώρησεν ἀποκρίνεσθαι.

ἴθι δὴ, ἔφην ἐγώ, ἐξ ἀρχῆς μοι ἀπόκριναι. δοκοῦσί τινές σοι
σωφρονεῖν ἀδικοῦντες;

ἔστω, ἔφη.

τὸ δὲ σωφρονεῖν λέγεις εὖ φρονεῖν;

ἔφη.

τὸ δ' εὖ φρονεῖν εὖ βουλευέσθαι, ὅτι ἀδικοῦσιν;

ἔστω, ἔφη.

πότερον, ἦν δ' ἐγώ, εἰ εὖ πράττουσιν ἀδικοῦντες ἢ εἰ κακῶς;

εἰ εὖ.

λέγεις οὖν ἀγαθὰ ἅττα εἶναι;

λέγω.

ἄρ' οὖν, ἦν δ' ἐγώ, ταῦτ' ἐστὶν ἀγαθὰ ἃ ἐστὶν ὠφέλιμα τοῖς ἀνθρώποις; [333e]

καὶ ναὶ μὰ Δί', ἔφη, κἂν μὴ τοῖς ἀνθρώποις ὠφέλιμα ἦ, ἔγωγε καλῶ ἀγαθὰ.

καί μοι ἐδόκει ὁ Πρωταγόρας ἤδη τετραχύνθαι τε καὶ ἀγωνιᾶν καὶ παρατετάχθαι πρὸς τὸ ἀποκρίνεσθαι: ἐπειδὴ οὖν ἐώρων αὐτὸν οὕτως ἔχοντα, εὐλαβούμενος ἡρέμα ἡρόμην. πότερον, ἦν δ' ἐγώ, λέγεις, ὃ [334a] Πρωταγόρα, ἃ μηδενὶ ἀνθρώπων ὠφέλιμά ἐστιν, ἢ ἃ μηδὲ τὸ παράπαν ὠφέλιμα; καὶ τὰ τοιαῦτα σὺ ἀγαθὰ καλεῖς;

οὐδαμῶς, ἔφη: ἀλλ' ἔγωγε πολλὰ οἷδ' ἃ ἀνθρώποις μὲν ἀνωφελῆ ἐστὶ, καὶ σιτία καὶ ποτὰ καὶ φάρμακα καὶ ἄλλα μυρία, τὰ δέ γε ὠφέλιμα: τὰ δὲ ἀνθρώποις μὲν οὐδέτερα, ἵπποις δέ: τὰ δὲ βουσὶν μόνον, τὰ δὲ κυσίν: τὰ δέ γε τούτων μὲν οὐδενί, δένδροις δέ: τὰ δὲ τοῦ δένδρου ταῖς μὲν ρίζαις ἀγαθὰ, ταῖς δὲ βλάσταις πονηρά, οἶον καὶ ἡ κόπρος πάντων [334b] τῶν φυτῶν ταῖς μὲν ρίζαις ἀγαθὸν παραβαλλομένη, εἰ δ' ἐθέλοις ἐπὶ τοὺς πτόρθους καὶ τοὺς νέους κλῶνας ἐπιβάλλειν, πάντα ἀπόλλυσιν: ἐπεὶ καὶ τὸ ἔλαιον τοῖς μὲν φυτοῖς ἅπασιν ἐστὶν ἀγκακὸν καὶ ταῖς θριξίν πολεμιώτατον ταῖς τῶν ἄλλων ζώων πλὴν ταῖς τοῦ ἀνθρώπου, ταῖς δὲ τοῦ ἀνθρώπου ἄρωγόν καὶ τῷ ἄλλῳ σώματι. οὕτω δὲ ποικίλον τί ἐστὶν τὸ ἀγαθὸν καὶ παντοδαπόν, ὥστε καὶ ἐνταῦθα τοῖς μὲν ἔξωθεν τοῦ [334c] σώματος ἀγαθὸν ἐστὶν τῷ ἀνθρώπῳ, τοῖς δ' ἐντὸς ταῦτόν τοῦτο κάκιστον: καὶ διὰ τοῦτο οἱ ἱατροὶ πάντες ἀπαγορεύουσιν τοῖς ἀσθενοῦσιν μὴ χρῆσθαι ἐλαίῳ ἀλλ' ἢ ὅτι σμικροτάτῳ ἐν τούτοις οἷς μέλλει ἔδεσθαι, ὅσον μόνον τὴν δυσχέρειαν κατασβέσαι τὴν ἐπὶ ταῖς αἰσθήσεσι ταῖς διὰ τῶν ῥινῶν γιγνομένην ἐν τοῖς σιτίοις τε καὶ ὄψοις.

εἰπόντος οὖν ταῦτα αὐτοῦ οἱ παρόντες ἀνεθορύβησαν ὥς εὖ λέγοι, καὶ ἐγὼ εἶπον: ὦ Πρωταγόρα, ἐγὼ τυγχάνω ἐπιλήσμων τις ὢν ἄνθρωπος, καὶ ἐάν τις μοι μακρὰ λέγῃ, [334d] ἐπιλανθάνομαι περὶ οὗ ἂν ἦ ὁ λόγος, ὥσπερ οὖν εἰ ἐτύγχανον ὑπόκωφος ὢν, ὧν ἂν χρῆναι, εἴπερ ἔμελλές μοι διαλέξεσθαι, μεῖζον φθέγγεσθαι ἢ πρὸς τοὺς ἄλλους, οὕτω καὶ νῦν, ἐπειδὴ ἐπιλήσμωνι ἐνέτυχες, σύντεμνέ μοι τὰς ἀποκρίσεις καὶ βραχυτέρας ποίει, εἰ μέλλω σοι ἔπεσθαι.

πῶς οὖν κελεύεις με βραχέα ἀποκρίνεσθαι; ἢ βραχυτέρά σοι, ἔφη, ἀποκρίνωμαι ἢ δεῖ;

μηδαμῶς, ἦν δ' ἐγώ.

ἀλλ' ὅσα δεῖ; ἔφη. [334e]

ναί, ἦν δ' ἐγώ.

πότερα οὖν ὅσα ἐμοὶ δοκεῖ δεῖν ἀποκρίνεσθαι, τοσαῦτά σοι ἀποκρίνωμαι, ἢ ὅσα σοί;

ἀκήκοα γοῦν, ἦν δ' ἐγώ, ὅτι σὺ οἶός τ' εἶ καὶ αὐτὸς καὶ ἄλλον διδάξαι περὶ τῶν αὐτῶν καὶ μακρὰ λέγειν, ἐὰν βούλῃ, οὕτως ὥστε τὸν λόγον μηδέποτε ἐπιλιπεῖν, καὶ αὖ βραχέα [335a] οὕτως ὥστε μηδένα σοῦ ἐν βραχυτέροις εἰπεῖν: εἰ οὖν μέλλεις ἐμοὶ διαλέξεσθαι, τῷ ἐτέρῳ χρῶ τρόπῳ πρὸς με, τῇ βραχυλογίᾳ.

ὦ Σώκρατες, ἔφη, ἐγὼ πολλοῖς ἤδη εἰς ἀγῶνα λόγων ἀφικόμην ἀνθρώποις, καὶ εἰ τοῦτο ἐποιοῦν ὁ σὺ κελεύεις, ὥς ὁ ἀντιλέγων ἐκέλευέν με διαλέγεσθαι, οὕτω διελεγόμην, οὐδενὸς ἂν βελτίων ἐφαινόμην οὐδ' ἂν ἐγένετο Πρωταγόρου ὄνομα ἐν τοῖς Ἑλλήσιν.

καὶ ἐγὼ ἔγνων γὰρ ὅτι οὐκ ἤρεσεν αὐτὸς αὐτῷ ταῖς [335b] ἀποκρίσειςιν ταῖς ἔμπροσθεν, καὶ ὅτι οὐκ ἐθελήσοι ἐκὼν εἶναι ἀποκρινόμενος διαλέγεσθαι ἡγησάμενος οὐκέτι ἐμὸν ἔργον εἶναι παρεῖναι ἐν ταῖς συνουσίαις, ἀλλὰ τοι, ἔφη, ὦ Πρωταγόρα, οὐδ' ἐγὼ λιπαρῶς ἔχω παρὰ τὰ σοὶ δοκοῦντα τὴν συνουσίαν ἡμῖν γίγνεσθαι, ἀλλ' ἐπειδὴν σὺ βούλῃ διαλέγεσθαι ὥς ἐγὼ δύναμαι ἔπεσθαι, τότε σοι διαλέξομαι. σὺ μὲν γάρ, ὥς λέγεται περὶ σοῦ, φῆς δὲ καὶ αὐτός, καὶ ἐν μακρολογίᾳ καὶ ἐν βραχυλογίᾳ οἶός τ' εἶ συνουσίας ποιεῖσθαι [335c] σοφὸς γὰρ εἶ ἐγὼ δὲ τὰ μακρὰ ταῦτα ἀδύνατος, ἐπεὶ ἐβουλόμην ἂν οἶός τ' εἶναι. ἀλλὰ σὲ ἐχρῆν ἡμῖν συγχωρεῖν τὸν ἀμφοτέρα δυνάμενον, ἵνα ἡ συνουσία ἐγίγνετο: νῦν δὲ ἐπειδὴ οὐκ ἐθέλεις καὶ ἐμοὶ τις ἀσχολία ἐστὶν καὶ οὐκ ἂν οἶός τ' εἶην σοι παραμεῖναι ἀποτεινόντι μακροὺς λόγους ἐλθεῖν γάρ ποί με δεῖ εἶμι: ἐπεὶ καὶ ταῦτ' ἂν ἴσως οὐκ ἀηδῶς σου ἤκουον.

καὶ ἅμα ταῦτ' εἰπὼν ἀνιστάμην ὥς ἀπιών: καί μου ἀνισταμένου ἐπιλαμβάνεται ὁ Καλλίας τῆς χειρὸς τῇ δεξιᾷ, [335d] τῇ δ' ἀριστερᾷ

ἀντελάβετο τοῦ τρίβωνος τουτουῖ, καὶ εἶπεν: οὐκ ἀφήσομέν σε, ὦ Σώκρατες: ἐὰν γὰρ σὺ ἐξέλθῃς, οὐχ ὁμοίως ἡμῖν ἔσονται οἱ διάλογοι. δέομαι οὖν σου παραμεῖναι ἡμῖν: ὥς ἐγὼ οὐδ' ἂν ἐνὸς ἡδίου ἀκούσαιμι ἢ σοῦ τε καὶ Πρωταγόρου διαλεγομένων. ἀλλὰ χάρισαι ἡμῖν πᾶσιν.

καὶ ἐγὼ εἶπον ἤδη δὲ ἀνειστήκη ὥς ἐξίων ὦ παῖ Ἴππονίκου, ἀεὶ μὲν ἔγωγέ σου τὴν φιλοσοφίαν ἄγαμαι, ἀτὰρ [335e] καὶ νῦν ἐπαινῶ καὶ φιλῶ, ὥστε βουλοίμην ἂν χαρίζεσθαί σοι, εἴ μου δυνατὰ δέοιο: νῦν δ' ἐστὶν ὥσπερ ἂν εἰ δέοιό μου Κρίσωνι τῷ Ἱμεραίῳ δρομεῖ ἀκμάζοντι ἔπεσθαι, ἢ τῶν δολιχοδρόμων τῷ ἢ τῶν ἡμεροδρόμων διαθεῖν τε καὶ ἔπεσθαι, [336a] εἵποίμι ἂν σοι ὅτι πολὺ σοῦ μᾶλλον ἐγὼ ἐμαυτοῦ δέομαι θεοῦσιν τούτοις ἀκολουθεῖν, ἀλλ' οὐ γὰρ δύναμαι, ἀλλ' εἴ τι δέῃ θεάσασθαι ἐν τῷ αὐτῷ ἐμέ τε καὶ Κρίσωνα θεόντας, τούτου δέου συγκαθεῖναι: ἐγὼ μὲν γὰρ οὐ δύναμαι ταχὺ θεῖν, οὗτος δὲ δύναται βραδέως. εἰ οὖν ἐπιθυμεῖς ἐμοῦ καὶ Πρωταγόρου ἀκούειν, τούτου δέου, ὥσπερ τὸ πρῶτόν μοι ἀπεκρίνατο διὰ βραχέων τε καὶ αὐτὰ τὰ ἐρωτώμενα, οὕτω καὶ νῦν ἀποκρίνεσθαι: [336b] εἰ δὲ μή, τίς ὁ τρόπος ἔσται τῶν διαλόγων; χωρὶς γὰρ ἔγωγ' ὥμην εἶναι τὸ συνεῖναι τε ἀλλήλοις διαλεγομένους καὶ τὸ δημηγορεῖν.

ἀλλ' ὀρθῶς; ἔφη, ὦ Σώκρατες, δίκαια δοκεῖ λέγειν Πρωταγόρας ἀξιῶν αὐτῷ τε ἐξεῖναι διαλέγεσθαι ὅπως βούλεται, καὶ σὺ ὅπως ἂν αὐτὸν σὺ βούλῃ.

ὑπολαβὼν οὖν ὁ Ἀλκιβιάδης, οὐ καλῶς λέγεις, ἔφη, ὦ Καλλία: Σωκράτης μὲν γὰρ ὅδε ὁμολογεῖ μὴ μετεῖναι οἱ μακρολογίας καὶ παραχωρεῖ Πρωταγόρα, τοῦ δὲ διαλέγεσθαι [336c] οἷός τ' εἶναι καὶ ἐπίστασθαι λόγον τε δοῦναι καὶ δέξασθαι θαυμάζοιμ' ἂν εἴ τῳ ἀνθρώπων παραχωρεῖ. εἰ μὲν οὖν καὶ Πρωταγόρας ὁμολογεῖ φανλότερος εἶναι Σωκράτους διαλεχθῆναι, ἐξαρκεῖ Σωκράτης: εἰ δὲ ἀντιποιεῖται, διαλεγέσθω ἐρωτῶν τε καὶ ἀποκρινόμενος, μὴ ἐφ' ἐκάστη ἐρωτήσει μακρὸν λόγον ἀποτείνων, ἐκκρούων τοὺς λόγους καὶ οὐκ ἐθέλων [336d] διδόναι λόγον, ἀλλ' ἀπομηκύνων ἕως ἂν ἐπιλάθωνται περὶ οὗτου τὸ ἐρώτημα ἦν οἱ πολλοὶ τῶν ἀκουόντων: ἐπεὶ Σωκράτης γε ἐγὼ ἐγγυῶμαι μὴ ἐπιλήσεσθαι, οὐχ ὅτι παίζει καὶ φησιν ἐπιλήσμων εἶναι. ἐμοὶ μὲν οὖν δοκεῖ ἐπιεικέστερα Σωκράτης

λέγειν: χρή γὰρ ἕκαστον τὴν ἑαυτοῦ γνώμην ἀποφαίνεσθαι.

μετὰ δὲ τὸν Ἀλκιβιάδην, ὡς ἐγῶμαι, Κριτίας ἦν ὁ εἰπών: ὦ Πρόδικε καὶ Ἰππία, Καλλίας μὲν δοκεῖ μοι μάλα πρὸς [336e] Πρωταγόρου εἶναι, Ἀλκιβιάδης δὲ αἰεὶ φιλόνομος ἐστὶ πρὸς ὃ ἂν ὀρμήσῃ: ἡμᾶς δὲ οὐδὲν δεῖ συμφιλονικεῖν οὔτε Σωκράτει οὔτε Πρωταγόρᾳ, ἀλλὰ κοινῇ ἀμφοτέρων δεῖσθαι μὴ μεταξὺ διαλυῖσαι τὴν συνουσίαν. [337a]

εἰπόντος δὲ αὐτοῦ ταῦτα, ὁ Πρόδικος, καλῶς μοι, ἔφη, δοκεῖς λέγειν, ὦ Κριτία: χρή γὰρ τοὺς ἐν τοιοῖσδε λόγοις παραγινομένους κοινούς μὲν εἶναι ἀμφοῖν τοῖν διαλεγομένοιν ἀκροατάς, ἴσους δὲ μὴ ἔστιν γὰρ οὐ ταυτόν: κοινῇ μὲν γὰρ ἀκοῦσαι δεῖ ἀμφοτέρων, μὴ ἴσον δὲ νεῖμαι ἑκατέρῳ, ἀλλὰ τῷ μὲν σοφωτέρῳ πλεον, τῷ δὲ ἀμαθεστέρῳ ἔλαττον. ἐγὼ μὲν καὶ αὐτός, ὦ Πρωταγόρα τε καὶ Σώκρατες, ἀξιῶ ὑμᾶς συγχωρεῖν καὶ ἀλλήλοις περὶ τῶν λόγων ἀμφισβητεῖν μὲν, [337b] ἐρίζειν δὲ μὴ ἀμφισβητοῦσι μὲν γὰρ καὶ δι' εὐνοίαν οἱ φίλοι τοῖς φίλοις, ἐρίζουσιν δὲ οἱ διάφοροί τε καὶ ἐχθροὶ ἀλλήλοις καὶ οὕτως ἂν καλλίστη ἡμῖν ἡ συνουσία γίγνοιτο: ὑμεῖς τε γὰρ οἱ λέγοντες μάλιστ' ἂν οὕτως ἐν ἡμῖν τοῖς ἀκούουσιν εὐδοκιμοῖτε καὶ οὐκ ἐπαινοῖσθε εὐδοκιμεῖν μὲν γὰρ ἔστιν παρὰ ταῖς ψυχαῖς τῶν ἀκουόντων ἄνευ ἀπάτης, ἐπαινεῖσθαι δὲ ἐν λόγῳ πολλάκις παρὰ δόξαν ψευδομένων [337c] ἡμεῖς τ' αὖ οἱ ἀκούοντες μάλιστ' ἂν οὕτως εὐφραينوίμεθα, οὐχ ἡδοίμεσθα εὐφραίνεσθαι μὲν γὰρ ἔστιν μανθάνοντά τι καὶ φρονήσεως μεταλαμβάνοντα αὐτῇ τῇ διανοίᾳ, ἥδεσθαι δὲ ἐσθίοντά τι ἢ ἄλλο ἡδὺ πάσχοντα αὐτῷ τῷ σώματι.

ταῦτα οὖν εἰπόντος τοῦ Προδίκου πολλοὶ πάνυ τῶν παρόντων ἀπεδέξαντο: μετὰ δὲ τὸν πρόδικον Ἰππίας ὁ σοφὸς εἶπεν, ὦ ἄνδρες, ἔφη, οἱ παρόντες, ἡγοῦμαι ἐγὼ ὑμᾶς συγγενεῖς τε καὶ οἰκείους καὶ πολίτας ἅπαντας εἶναι [337d] φύσει, οὐ νόμῳ: τὸ γὰρ ὅμοιον τῷ ὁμοίῳ φύσει συγγενές ἐστίν, ὁ δὲ νόμος, τύραννος ὢν τῶν ἀνθρώπων, πολλὰ παρὰ τὴν φύσιν βιάζεται ἡμᾶς οὖν αἰσχροὺς τὴν μὲν φύσιν τῶν πραγμάτων εἰδέναι, σοφωτάτους δὲ ὄντας τῶν Ἑλλήνων, καὶ κατ' αὐτὸ τοῦτο νῦν συνεληλυθότας τῆς τε Ἑλλάδος εἰς αὐτὸ τὸ πρυτανεῖον τῆς σοφίας καὶ αὐτῆς τῆς πόλεως εἰς τὸν μέγιστον καὶ ὀλβιώτατον οἶκον τόνδε, μηδὲν τούτου τοῦ [337e] ἀξιώματος ἄξιον ἀποφίνασθαι, ἀλλ' ὥσπερ τοὺς φαυλοτάτους τῶν ἀνθρώπων διαφέρεσθαι ἀλλήλοις. ἐγὼ μὲν οὖν καὶ δέομαι καὶ συμβουλευῶ, ὦ

Πρωταγόρα τε καὶ Σώκρατες, συμβῆναι ὑμᾶς ὥσπερ ὑπὸ διαιτητῶν ἡμῶν συμβιβαζόντων [338a] εἰς τὸ μέσον, καὶ μήτε σὲ τὸ ἀκριβὲς τοῦτο εἶδος τῶν διαλόγων ζητεῖν τὸ κατὰ βραχὺ λίαν, εἰ μὴ ἡδὺ Πρωταγόρα, ἀλλ' ἐφείναι καὶ χαλάσαι τὰς ἡνίας τοῖς λόγοις, ἵνα μεγαλοπρεπέστεροι καὶ εὐσχημονέστεροι ἡμῖν φαίνωνται, μήτ' αὖ Πρωταγόραν πάντα κάλων ἐκτείναντα, οὐρία ἐφέντα, φεύγειν εἰς τὸ πέλαγος τῶν λόγων ἀποκρύψαντα γῆν, ἀλλὰ μέσον τι ἀμφοτέρους τεμεῖν. ὥς οὖν ποιήσετε, καὶ πείθεσθέ μοι ῥαβδοῦχον καὶ ἐπιστάτην καὶ πρύτανιν ἐλέσθαι ὃς ὑμῖν [338b] φυλάξει τὸ μέτριον μήκος τῶν λόγων ἐκατέρου.

ταῦτα ἤρесе τοῖς παροῦσι, καὶ πάντες ἐπήνεσαν, καὶ ἐμέ τε ὁ Καλλίας οὐκ ἔφη ἀφήσειν καὶ ἐλέσθαι ἐδέοντο ἐπιστάτην. εἶπον οὖν ἐγὼ ὅτι αἰσχρὸν εἶη βραβευτὴν ἐλέσθαι τῶν λόγων. εἶτε γὰρ χεῖρων ἔσται ἡμῶν ὁ αἰρεθείς, οὐκ ὀρθῶς ἂν ἔχοι τὸν χεῖρω τῶν βελτιόνων ἐπιστατεῖν, εἶτε ὁμοιος, οὐδ' οὕτως ὀρθῶς· ὁ γὰρ ὁμοιος ἡμῖν ὁμοια καὶ ποιήσει, ὥστε ἐκ [338c] περιττοῦ ἡρήσεται. ἀλλὰ δὴ βελτίονα ἡμῶν αἰρήσεσθε. τῇ μὲν ἀληθείᾳ, ὥς ἐγῶμαι, ἀδύνατον ὑμῖν ὥστε Πρωταγόρου τοῦδε σοφώτερόν τινα ἐλέσθαι· εἰ δὲ αἰρήσεσθε μὲν μηδὲν βελτίω, φήσετε δέ, αἰσχρὸν καὶ τοῦτο τῷδε γίνεται, ὥσπερ φαύλῳ ἀνθρώπῳ ἐπιστάτην αἰρεῖσθαι, ἐπεὶ τό γ' ἐμὸν οὐδὲν μοι διαφέρει. ἀλλ' οὕτως ἐθέλω ποιῆσαι, ἵν' ὁ προθυμείσθε συνουσία τε καὶ διάλογοι ἡμῖν γίνωνται· εἰ μὴ βούλεται [338d] Πρωταγόρας ἀποκρίνεσθαι, οὗτος μὲν ἐρωτάτω, ἐγὼ δὲ ἀποκρινοῦμαι, καὶ ἅμα πειράσομαι αὐτῷ δεῖξαι ὥς ἐγὼ φημι χρῆναι τὸν ἀποκρινόμενον ἀποκρίνεσθαι· ἐπειδὴν δὲ ἐγὼ ἀποκρίνωμαι ὁπός' ἂν οὗτος βούληται ἐρωτᾶν, πάλιν οὗτος ἐμοὶ λόγον ὑποσχέτω ὁμοίως. ἐὰν οὖν μὴ δοκῇ πρόθυμος εἶναι πρὸς αὐτὸ τὸ ἐρωτώμενον ἀποκρίνεσθαι, καὶ ἐγὼ καὶ ὑμεῖς κοινῇ δεησόμεθα αὐτοῦ ἅπερ ὑμεῖς ἐμοῦ, μὴ διαφθεῖρουν τὴν συνουσίαν· [338e] καὶ οὐδὲν δεῖ τούτου ἔνεκα ἓνα ἐπιστάτην γενέσθαι, ἀλλὰ πάντες κοινῇ ἐπιστατήσετε. ἐδόκει πᾶσιν οὕτω ποιητέον εἶναι· καὶ ὁ Πρωταγόρας πάνυ μὲν οὐκ ἠθέλεν, ὅμως δὲ ἠναγκάσθη ὁμολογήσαι ἐρωτήσεων, καὶ ἐπειδὴν ἱκανῶς ἐρωτήσῃ, πάλιν δώσειν λόγον κατὰ σμικρὸν ἀποκρινόμενος. ἤρξατο οὖν ἐρωτᾶν οὕτως ὡς·

ἡγοῦμαι, ἔφη, ὦ Σώκρατες, ἐγὼ ἀνδρὶ παιδείας μέγιστον μέρος εἶναι

περὶ ἐπῶν [339a] δεινὸν εἶναι: ἔστιν δὲ τοῦτο τὰ ὑπὸ τῶν ποιητῶν λεγόμενα οἷόν τ' εἶναι συνιέναι ἅ τε ὀρθῶς πεποιήται καὶ ἅ μὴ, καὶ ἐπίστασθαι διελεῖν τε καὶ ἐρωτώμενον λόγον δοῦναι. καὶ δὴ καὶ νῦν ἔσται τὸ ἐρώτημα περὶ τοῦ αὐτοῦ μὲν περὶ οὐπὲρ ἐγὼ τε καὶ σὺ νῦν διαλεγόμεθα, περὶ ἀρετῆς, μετενηνεγμένον δ' εἰς ποίησιν: τοσοῦτον μόνον διοίσει. λέγει γάρ που Σιμωνίδης πρὸς Σκόπαν τὸν Κρέοντος υἱὸν τοῦ Θετταλοῦ ὅτι [339b]

ἄνδρ' ἀγαθὸν μὲν ἀλαθέως γενέσθαι χαλεπόν,

χερσίν τε καὶ ποσὶ καὶ νόῳ τετράγωνον, ἄνευ ψόγου

τετυγμένον.

Simonides Fr. 37.1.1

τοῦτο ἐπίστασαι τὸ ἄσμα, ἢ πᾶν σοι διεξέλθω;

καὶ ἐγὼ εἶπον ὅτι οὐδὲν δεῖ: ἐπίσταμαί τε γάρ, καὶ πάνυ μοι τυγχάνει μεμεληκὸς τοῦ ἁσματος.

εὔ, ἔφη, λέγεις. πότερον οὖν καλῶς σοι δοκεῖ πεποιῆσθαι καὶ ὀρθῶς, ἢ οὐ;

πάνυ, ἔφην ἐγώ, <καλῶς> τε καὶ ὀρθῶς.

δοκεῖ δέ σοι καλῶς πεποιῆσθαι, εἰ ἐναντία λέγει αὐτὸς αὐτῷ ὁ ποιητής;

οὐ καλῶς, ἦν δ' ἐγώ.

ὅρα δὴ, ἔφη, [339c] βέλτιον.

ἀλλ', ὦγαθέ, ἔσκεμμαι ἱκανῶς.

οἶσθα οὖν, ἔφη, ὅτι προιόντος τοῦ ἁσματος λέγει που

οὐδέ μοι ἐμμελέως τὸ Πιττάκειον νέμεται,

καίτοι σοφοῦ παρὰ φωτὸς εἰρημένον: χαλεπὸν φάτ' ἐσθλὸν

ἔμμεναι.

ἐννοεῖς ὅτι ὁ αὐτὸς οὗτος καὶ τάδε λέγει κάκεῖνα τὰ ἔμπροσθεν;
οἶδα, ἦν δ' ἐγώ.

δοκεῖ οὖν σοι, ἔφη, ταῦτα ἐκείνοις ὁμολογεῖσθαι;

φαίνεται ἔμοιγε (καὶ ἅμα μέντοι ἐφοβούμην μὴ τι λέγοι) ἀτάρ,
ἔφην ἐγώ, σοὶ οὐ φαίνεται;

πῶς γὰρ ἂν [339d] φαίνοιτο ὁμολογεῖν αὐτὸς ἑαυτῷ ὁ ταῦτα
ἀμφοτέρω λέγων, ὅς γε τὸ μὲν πρῶτον αὐτὸς ὑπέθετο χαλεπὸν εἶναι
ἄνδρα ἀγαθὸν γενέσθαι ἀλαθεία, ὀλίγον δὲ τοῦ ποιήματος εἰς τὸ
πρόσθεν προελθὼν ἐπελάθετο, καὶ Πιπτακὸν τὸν ταῦτα λέγοντα
ἑαυτῷ, ὅτι χαλεπὸν ἐσθλὸν ἔμμεναι, τοῦτον μέμφεται τε καὶ οὐ
φησιν ἀποδέχεσθαι αὐτοῦ τὰ αὐτὰ ἑαυτῷ λέγοντος; καίτοι ὁπότε τὸν
ταῦτα λέγοντα αὐτῷ μέμφεται, δῆλον ὅτι καὶ ἑαυτὸν μέμφεται, ὥστε
ἦτοι τὸ πρότερον ἢ ὕστερον οὐκ ὀρθῶς λέγει.

εἰπὼν οὖν ταῦτα πολλοῖς θόρυβον παρέσχεν καὶ ἔπαινον [339e] τῶν
ἀκουόντων: καὶ ἐγὼ τὸ μὲν πρῶτον, ὥσπερ εἰ ὑπὸ ἀγαθοῦ πύκτου
πληγεῖς, ἐσκοτώθην τε καὶ ἰλιγγίασα εἰπόντος αὐτοῦ ταῦτα καὶ τῶν
ἄλλων ἐπιθορυβησάντων: ἔπειτα ὥς γε πρὸς σὲ εἰρῆσθαι τάληθῃ, ἵνα
μοι χρόνος ἐγγένηται τῇ σκέψει τί λέγοι ὁ ποιητής τρέπομαι πρὸς τὸν
πρόδικον, καὶ καλέσας αὐτόν, ὃ Πρόδικε, ἔφην ἐγώ, σὸς μέντοι
Σιμωνίδης πολίτης: [340a] δίκαιος εἴ βοηθεῖν τῷ ἀνδρί. δοκῶ οὖν μοι
ἐγὼ παρακαλεῖν σέ: ὥσπερ ἔφη Ὅμηρος τὸν Σκάμανδρον
πολιορκούμενον ὑπὸ τοῦ Ἀχιλλέως τὸν Σιμόεντα παρακαλεῖν,
εἰπόντα φίλε κασίγνητε, σθένος ἀνέρος ἀμφοτέροί περ σχῶμεν, . . .

Hom. Il. 21.308 ἀτὰρ καὶ ἐγὼ σὲ παρακαλῶ, μὴ ἡμῖν ὁ Πρωταγόρας
τὸν Σιμωνίδην ἐκπέρσῃ. καὶ γὰρ οὖν καὶ δεῖται τὸ ὑπὲρ Σιμωνίδου
ἐπανόρθωμα τῆς σῆς μουσικῆς, ἥ τό τε βούλεσθαι καὶ [340b]
ἐπιθυμεῖν διαιρεῖς ὥς οὐ ταυτὸν ὄν, καὶ ἃ νυνδὴ εἶπες πολλὰ τε καὶ
καλά. καὶ νῦν σκόπει εἴ σοι συνδοκεῖ ὅπερ ἐμοί. οὐ γὰρ φαίνεται
ἐναντία λέγειν αὐτὸς αὐτῷ Σιμωνίδης. σὺ γάρ, ὃ Πρόδικε,
προαπόφηναι τὴν σὴν γνώμην: ταυτὸν σοι δοκεῖ εἶναι τὸ γενέσθαι
καὶ τὸ εἶναι, ἢ ἄλλο;

ἄλλο νῆ Δί', ἔφη ὁ Πρόδικος.

οὐκοῦν, ἔφην ἐγώ, ἐν μὲν τοῖς πρώτοις αὐτὸς ὁ Σιμωνίδης τὴν ἑαυτοῦ γνώμην ἀπεφάνετο, ὅτι ἄνδρα [340c] ἀγαθὸν ἀληθείᾳ γενέσθαι χαλεπὸν εἶη;

ἀληθὴ λέγεις, ἔφη ὁ Πρόδικος.

τὸν δέ γε Πιττακόν, ἦν δ' ἐγώ, μέμφεται, οὐχ ὥς οἶεται Πρωταγόρας, ταῦτόν ἑαυτῷ λέγοντα, ἀλλ' ἄλλο. οὐ γὰρ τοῦτο ὁ Πιττακὸς ἔλεγεν τὸ χαλεπὸν, γενέσθαι ἐσθλόν, ὥσπερ ὁ Σιμωνίδης, ἀλλὰ τὸ ἔμμεναι: ἔστιν δὲ οὐ ταῦτόν, ὃ Πρωταγόρα, ὥς φησιν Πρόδικος ὅδε, τὸ εἶναι καὶ τὸ γενέσθαι. εἰ δὲ μὴ τὸ αὐτὸ ἐστὶν τὸ εἶναι τῷ γενέσθαι, οὐκ ἐναντία λέγει ὁ Σιμωνίδης αὐτὸς αὐτῷ. καὶ ἴσως ἂν [340d] φαίη Πρόδικος ὅδε καὶ ἄλλοι πολλοὶ καθ' Ἡσίοδον γενέσθαι μὲν ἀγαθὸν χαλεπὸν εἶναι τῆς γὰρ ἀρετῆς ἔμπροσθεν Hes. WD 289 τοὺς θεοὺς ἰδρῶτα Hes. WD 289 θεῖναι ὅταν δέ τις αὐτῆς εἰς ἄκρον ἵκηται, ῥηϊδίην δῆπεια πέλειν, χαλεπὴν περ ἐοῦσαν Hes. WD 289, ἐκτῆσθαι.

ὁ μὲν οὖν Πρόδικος ἀκούσας ταῦτα ἐπήνεσέν με: ὁ δὲ Πρωταγόρας, τὸ ἐπανόρθωμά σοι, ἔφη, ὃ Σώκρατες, μείζον ἀμάρτημα ἔχει ἢ ὁ ἐπανορθοῖς.

καὶ ἐγὼ εἶπον: κακὸν ἄρα μοι εἵργασται, ὥς ἔοικεν, ὃ [340e] Πρωταγόρα, καὶ εἰμί τις γελοῖος ἰατρός: ἰώμενος μείζον τὸ νόσημα ποιῶ.

ἀλλ' οὕτως ἔχει, ἔφη.

πῶς δῆ; ἦν δ' ἐγώ.

πολλὴ ἂν, ἔφη, ἀμαθία εἶη τοῦ ποιητοῦ, εἰ οὕτω φαῦλόν τί φησιν εἶναι τὴν ἀρετὴν ἐκτῆσθαι, ὃ ἐστὶν πάντων χαλεπώτατον, ὥς ἅπασιν δοκεῖ ἀνθρώποις.

καὶ ἐγὼ εἶπον: νῆ τὸν Δία, εἰς καιρὸν γε παρατετύχηκεν ἡμῖν ἐν τοῖς λόγοις Πρόδικος ὅδε. κινδυνεύει γάρ τοι, ὃ [341a] Πρωταγόρα, ἢ Προδίκου σοφία θεία τις εἶναι πάλαι, ἥτοι ἀπὸ Σιμωνίδου ἀρξαμένη, ἢ καὶ ἔτι παλαιότερα. σὺ δὲ ἄλλων πολλῶν ἔμπειρος ὢν ταύτης

ἄπειρος εἶναι φαίνει, οὐχ ὥσπερ ἐγὼ ἔμπειρος διὰ τὸ μαθητῆς εἶναι Προδίκου τουτουῖ: καὶ νῦν μοι δοκεῖς οὐ μαθάνειν ὅτι καὶ τὸ χαλεπὸν τοῦτο ἴσως οὐχ οὕτως Σιμωνίδης ὑπελάμβανεν ὥσπερ σὺ ὑπολαμβάνεις, ἀλλ' ὥσπερ περὶ τοῦ δεινοῦ Πρόδικός με οὕτοσιν νοθετεῖ ἐκάστοτε, ὅταν ἐπαινῶν ἐγὼ ἢ σὲ ἢ ἄλλον τινὰ λέγω ὅτι Πρωταγόρας σοφὸς καὶ δεινὸς ἐστὶν ἀνὴρ, ἐρωτᾷ [341b] εἰ οὐκ αἰσχύνομαι τὰγαθὰ δεινὰ καλῶν. τὸ γὰρ δεινόν, φησίν, κακόν ἐστιν: οὐδεὶς γοῦν λέγει ἐκάστοτε δεινοῦ πλούτου οὐδὲ δεινῆς εἰρήνης οὐδὲ δεινῆς ὑγιείας, ἀλλὰ δεινῆς νόσου καὶ δεινοῦ πολέμου καὶ δεινῆς πενίας, ὡς τοῦ δεινοῦ κακοῦ ὄντος. ἴσως οὖν καὶ τὸ χαλεπὸν αὐτοῖς οἱ Κεῖοι καὶ ὁ Σιμωνίδης ἢ κακὸν ὑπολαμβάνουσι ἢ ἄλλο τι ὃ σὺ οὐ μαθάνεις: ἐρώμεθα οὖν πρόδικονδίκαιον γὰρ τὴν Σιμωνίδου φωνὴν τοῦτον ἐρωτᾶν τί ἔλεγεν, ὃ Πρόδικε, τὸ [341c] χαλεπὸν Σιμωνίδης;

κακόν, ἔφη.

διὰ ταῦτ' ἄρα καὶ μέμφεται, ἣν δ' ἐγὼ, ὃ Πρόδικε, τὸν Πιττακὸν λέγοντα χαλεπὸν ἐσθλὸν ἔμμεναι, ὥσπερ ἂν εἰ ἤκουεν αὐτοῦ λέγοντος ὅτι ἐστὶν κακὸν ἐσθλὸν ἔμμεναι. ἀλλὰ τί οἶει, ἔφη, λέγειν, ὃ Σώκρατες, Σιμωνίδην ἄλλο ἢ τοῦτο, καὶ ὀνειδίζειν τῷ Πιττακῷ ὅτι τὰ ὀνόματα οὐκ ἡπίστατο ὀρθῶς διαιρεῖν ἅτε Λέσβιος ὢν καὶ ἐν φωνῇ βαρβάρῳ τεθραμμένος;

ἀκούεις δὴ, ἔφην ἐγὼ, ὃ Πρωταγόρα, Προδίκου τοῦδε. [341d] ἔχεις τι πρὸς ταῦτα λέγειν;

καὶ ὁ Πρωταγόρας, πολλοῦ γε δεῖ, ἔφη, οὕτως ἔχειν, ὃ Πρόδικε: ἀλλ' ἐγὼ εὖ οἶδ' ὅτι καὶ Σιμωνίδης τὸ χαλεπὸν ἔλεγεν ὅπερ ἡμεῖς οἱ ἄλλοι, οὐ τὸ κακόν, ἀλλ' ὃ ἂν μὴ ράδιον ἢ ἀλλὰ διὰ πολλῶν πραγμάτων γίγνηται.

ἀλλὰ καὶ ἐγὼ οἶμαι, ἔφην, ὃ Πρωταγόρα, τοῦτο λέγειν Σιμωνίδην, καὶ Πρόδικόν γε τόνδε εἰδέναι, ἀλλὰ παίζειν καὶ σοῦ δοκεῖν ἀποπειρᾶσθαι εἰ οἷός τ' ἔσῃ τῷ σαντοῦ λόγῳ βοηθεῖν. ἐπεὶ ὅτι γε Σιμωνίδης οὐ λέγει τὸ χαλεπὸν [341e] κακόν, μέγα τεκμήριόν ἐστιν εὐθὺς τὸ μετὰ τοῦτο ῥῆμα: λέγει γὰρ ὅτι θεὸς ἂν μόνος τοῦτ' ἔχοι γέρας,

Simonides Fr. 37.1.14 οὐ δῆπου τοῦτό γε λέγων, κακὸν ἐσθλὸν

ἔμμεναι, εἴτα τὸν θεόν φησιν μόνον τοῦτο ἂν ἔχειν καὶ τῷ θεῷ τοῦτο γέρας ἀπένειμε μόνῳ: ἀκόλαστον γὰρ ἂν τινα λέγοι Σιμωνίδην ὁ Πρόδικος καὶ οὐδαμῶς Κεῖον. ἀλλ' ἃ μοι δοκεῖ διανοεῖσθαι Σιμωνίδης ἐν τούτῳ τῷ ᾄσματι, ἐθέλω σοι εἰπεῖν, [342a] εἰ βούλει λαβεῖν μου πεῖραν ὅπως ἔχω, ὃ σὺ λέγεις τοῦτο, περὶ ἐπῶν: ἐὰν δὲ βούλῃ, σοῦ ἀκούσομαι.

ὁ μὲν οὖν Πρωταγόρας ἀκούσας μου ταῦτα λέγοντος, εἰ σὺ βούλει, ἔφη, ὦ Σώκρατες: ὁ δὲ Πρόδικός τε καὶ ὁ Ἰππίας ἐκελευέτην πάνυ, καὶ οἱ ἄλλοι.

ἐγὼ τοίνυν, ἦν δ' ἐγώ, ἃ γέ μοι δοκεῖ περὶ τοῦ ᾄσματος τούτου, πειράσομαι ὑμῖν διεξελθεῖν. φιλοσοφία γάρ ἐστιν παλαιοτάτη τε καὶ πλείστη τῶν Ἑλλήνων ἐν Κρήτῃ τε καὶ [342b] ἐν Λακεδαιμόνι, καὶ σοφισταὶ πλείστοι γῆς ἐκεῖ εἰσιν: ἀλλ' ἐξαρνοῦνται καὶ σχηματίζονται ἀμαθεῖς εἶναι, ἵνα μὴ κατάδηλοι ᾧσιν ὅτι σοφία τῶν Ἑλλήνων περίεστιν, ὥσπερ οὕς Πρωταγόρας ἔλεγε τοὺς σοφιστάς, ἀλλὰ δοκῶσιν τῷ μάχεσθαι καὶ ἀνδρεία περιεῖναι, ἡγούμενοι, εἰ γνωσθεῖεν ὅτι περίεστιν, πάντας τοῦτο ἀσκήσειν, τὴν σοφίαν. νῦν δὲ ἀποκρυψάμενοι ἐκεῖνο ἐξηπατήκασιν τοὺς ἐν ταῖς πόλεσι λακωνίζοντας, καὶ οἱ μὲν ὧτά τε κατάγνυνται μιμούμενοι [342c] αὐτούς, καὶ ἱμάντας περιελίττονται καὶ φιλογυμναστοῦσιν καὶ βραχείας ἀναβολὰς φοροῦσιν, ὥς δὴ τούτοις κρατοῦντας τῶν Ἑλλήνων τοὺς Λακεδαιμονίους: οἱ δὲ Λακεδαιμόνιοι, ἐπειδὴν βούλωνται ἀνέδην τοῖς παρ' αὐτοῖς συγγενέσθαι σοφισταῖς καὶ ἤδη ἄχθονται λάθρα συγγιγνόμενοι, ξενηλασίας ποιοῦμενοι τῶν τε λακωνιζόντων τούτων καὶ ἐὰν τις ἄλλος ξένος ὢν ἐπιδημήσῃ, συγγίγνονται τοῖς σοφισταῖς λανθάνοντες τοὺς ξένους, καὶ αὐτοὶ οὐδένα ἐῷσιν τῶν νέων [342d] εἰς τὰς ἄλλας πόλεις ἐξίεναι, ὥσπερ οὐδὲ Κρήτες, ἵνα μὴ ἀπομανθάνωσιν ἃ αὐτοὶ διδάσκουσιν. εἰσὶν δὲ ἐν ταύταις ταῖς πόλεσιν οὐ μόνον ἄνδρες ἐπὶ παιδεύσει μέγα φρονοῦντες, ἀλλὰ καὶ γυναῖκες. γνοῖτε δ' ἂν ὅτι ἐγὼ ταῦτα ἀληθῆ λέγω καὶ Λακεδαιμόνιοι πρὸς φιλοσοφίαν καὶ λόγους ἄριστα πεπαίδευνται, ὧδε: εἰ γὰρ ἐθέλει τις Λακεδαιμονίων τῷ φαυλοτάτῳ συγγενέσθαι, τὰ μὲν πολλὰ ἐν τοῖς λόγοις εὐρήσει [342e] αὐτὸν φαῦλόν τινα φαινόμενον, ἔπειτα, ὅπου ἂν τύχῃ τῶν λεγομένων, ἐνέβαλεν ῥῆμα ἄξιον λόγου βραχὺ καὶ συνεστραμμένον ὥσπερ

δεινὸς ἀκοντιστής, ὥστε φαίνεσθαι τὸν προσδιαλεγόμενον παιδὸς μηδὲν βελτίω. τοῦτο οὖν αὐτὸ καὶ τῶν νῦν εἰσὶν οἱ κατανεοήκασι καὶ τῶν πάλοι, ὅτι τὸ λακωνίζειν πολὺ μᾶλλον ἐστὶν φιλοσοφεῖν ἢ φιλογυμναστεῖν, εἰδότες ὅτι τοιαῦτα οἷόν τ' εἶναι ῥήματα φθέγγεσθαι [343a] τελῶς πεπαιδευμένου ἐστὶν ἀνθρώπου. τούτων ἦν καὶ Θαλῆς ὁ Μιλήσιος καὶ Πιττακὸς ὁ Μυτιληναῖος καὶ Βίας ὁ Πριηνεὺς καὶ Σόλων ὁ ἡμέτερος καὶ Κλεόβουλος ὁ Λίνδιος καὶ Μύσων ὁ Χηνεὺς, καὶ ἑβδομος ἐν τούτοις ἐλέγετο Λακεδαιμόνιος Χίλων. οὗτοι πάντες ζηλωταὶ καὶ ἐρασταὶ καὶ μαθηταὶ ἦσαν τῆς Λακεδαιμονίων παιδείας, καὶ καταμάθοι ἂν τις αὐτῶν τὴν σοφίαν τοιαύτην οὔσαν, ῥήματα βραχέα ἀξιομνημόνευτα ἐκάστω εἰρημένα: οὗτοι καὶ κοινῇ συνελθόντες [343b] ἀπαρχὴν τῆς σοφίας ἀνέθεσαν τῷ Ἀπόλλωνι εἰς τὸν νεῶν τὸν ἐν Δελφοῖς, γράψαντες ταῦτα ἃ δὴ πάντες ὑμνοῦσιν, γνῶθι σαυτόν καὶ μηδὲν ἄγαν. τοῦ δὲ ἔνεκα ταῦτα λέγω; ὅτι οὗτος ὁ τρόπος ἦν τῶν παλαιῶν τῆς φιλοσοφίας, βραχυλογία τις Λακωνική: καὶ δὴ καὶ τοῦ Πιττακοῦ ἰδίᾳ περιεφέρετο τοῦτο τὸ ῥῆμα ἐγκωμιαζόμενον ὑπὸ τῶν σοφῶν, τὸ χαλεπὸν ἐσθλὸν ἔμμεναι. ὁ οὖν Σιμωνίδης, [343c] ἅτε φιλότιμος ὢν ἐπὶ σοφίᾳ, ἔγνω ὅτι εἰ καθέλοι τοῦτο τὸ ῥῆμα ὥσπερ εὐδοκιμοῦντα ἀθλητὴν καὶ περιγένοιτο αὐτοῦ, αὐτὸς εὐδοκιμήσει ἐν τοῖς τότε ἀνθρώποις. εἰς τοῦτο οὖν τὸ ῥῆμα καὶ τούτου ἔνεκα τούτῳ ἐπιβουλεύων κολοῦσαι αὐτὸ ἅπαν τὸ ἄσμα πεποίηκεν, ὥς μοι φαίνεται.

ἐπισκεψώμεθα δὴ αὐτὸ κοινῇ ἅπαντες, εἰ ἄρα ἐγὼ ἀληθῆ λέγω. εὐθὺς γὰρ τὸ πρῶτον τοῦ ἁσματος μανικὸν ἂν φανείη, εἰ βουλόμενος λέγειν ὅτι ἄνδρα ἀγαθὸν γενέσθαι χαλεπὸν, [343d] ἔπειτα ἐνέβαλε τὸ μὲν. τοῦτο γὰρ οὐδὲ πρὸς ἓνα λόγον φαίνεται ἐμβεβλῆσθαι, ἐὰν μὴ τις ὑπολάβῃ πρὸς τὸ τοῦ Πιττακοῦ ῥῆμα ὥσπερ ἐρίζοντα λέγειν τὸν Σιμωνίδην: λέγοντος τοῦ Πιττακοῦ ὅτι χαλεπὸν ἐσθλὸν ἔμμεναι, ἀμφισβητοῦντα εἰπεῖν ὅτι οὐκ, ἀλλὰ γενέσθαι μὲν χαλεπὸν ἄνδρα ἀγαθὸν ἐστίν, ὃ Πιττακέ, ὡς ἀληθῶς οὐκ ἀληθείᾳ ἀγαθόν, οὐκ ἐπὶ τούτῳ λέγει τὴν ἀλήθειαν, ὡς ἄρα ὄντων τινῶν [343e] τῶν μὲν ὡς ἀληθῶς ἀγαθῶν, τῶν δὲ ἀγαθῶν μὲν, οὐ μέντοι ἀληθῶς εὖθες γὰρ τοῦτό γε φανείη ἂν καὶ οὐ Σιμωνίδου ἀλλ' ὑπερβατὸν δεῖ θεῖναι ἐν τῷ ἁσmati τὸ ἀλαθέως, οὕτωςί πως ὑπειπόντα τὸ τοῦ Πιττακοῦ, ὥσπερ ἂν εἰ θεῖμεν αὐτὸν λέγοντα τὸν Πιττακὸν καὶ Σιμωνίδην ἀποκρινόμενον εἰπόντα: ὃ ἄνθρωποι, χαλεπὸν ἐσθλὸν ἔμμεναι, τὸν

δὲ [344a] ἀποκρινόμενον ὅτι ὦ Πιττακέ, οὐκ ἀληθῆ λέγεις: οὐ γὰρ εἶναι ἀλλὰ γενέσθαι μὲν ἐστὶν ἄνδρα ἀγαθὸν χερσὶ τε καὶ ποσὶ καὶ νόφ τετραγώνον, ἄνευ ψόγου τετυγμένον, χαλεπὸν ἀλαθέως. οὕτω φαίνεται [τὸ] πρὸς λόγον τὸ μὲν ἐμβεβλημένον καὶ τὸ ἀλαθέως ὀρθῶς ἐπ' ἐσχάτῳ κείμενον: καὶ τὰ ἐπιόντα πάντα τούτῳ μαρτυρεῖ, ὅτι οὕτως εἴρηται. πολλὰ μὲν γὰρ ἔστι καὶ περὶ ἐκάστου τῶν [344b] ἐν τῷ ἄσματι εἰρημένων ἀποδείξαι ὥς εὖ πεποιήται πάνυ γὰρ χαριέντως καὶ μεμελημένως ἔχει ἀλλὰ μακρὸν ἂν εἴη αὐτὸ οὕτω διελθεῖν: ἀλλὰ τὸν τύπον αὐτοῦ τὸν ὅλον διεξέλθωμεν καὶ τὴν βούλησιν, ὅτι παντὸς μᾶλλον ἐλεγχὸς ἐστὶν τοῦ Πιττακείου ῥήματος διὰ παντὸς τοῦ ἄσματος.

λέγει γὰρ μετὰ τοῦτο ὀλίγα διελθὼν, ὥς ἂν εἰ λέγοι λόγον, ὅτι γενέσθαι μὲν ἄνδρα ἀγαθὸν χαλεπὸν ἀλαθέως, οἷόν τε μέντοι ἐπὶ γε χρόνον τινά: γενόμενον δὲ διαμένειν [344c] ἐν ταύτῃ τῇ ἔξει καὶ εἶναι ἄνδρα ἀγαθόν, ὥς σὺ λέγεις, ὦ Πιττακέ, ἀδύνατον καὶ οὐκ ἀνθρώπειον, ἀλλὰ θεὸς ἂν μόνος τοῦτο ἔχοι τὸ γέρας,

ἄνδρα δ' οὐκ

ἔστι μὴ οὐ κακὸν ἔμμεναι,

ὄν [ἂν] ἀμήχανος συμφορὰ καθέλη.

Simonides 37.1.14-16

τίνα οὖν ἀμήχανος συμφορὰ καθαιρεῖ ἐν πλοίου ἀρχῇ; δῆλον ὅτι οὐ τὸν ιδιώτην: ὁ μὲν γὰρ ιδιώτης αἰεὶ καθήρηται. ὥσπερ οὖν οὐ τὸν κείμενόν τις ἂν καταβάλοι, ἀλλὰ τὸν μὲν ἐστῶτά ποτε καταβάλοι ἂν τις ὥστε κείμενον ποιῆσαι, τὸν δὲ κείμενον [344d] οὔ, οὕτω καὶ τὸν εὐμήχανον ὄντα ποτὲ ἀμήχανος ἂν συμφορὰ καθέλοι, τὸν δὲ αἰεὶ ἀμήχανον ὄντα οὔ, καὶ τὸν κυβερνήτην μέγας χειμῶν ἐπιπεσὼν ἀμήχανον ἂν ποιήσειεν, καὶ γεωργὸν χαλεπὴ ὥρα ἐπελθοῦσα ἀμήχανον ἂν θείη, καὶ ἱατρὸν ταῦτα ταῦτα. τῷ μὲν γὰρ ἐσθλῷ ἐγγωρεῖ κακῷ γενέσθαι, ὥσπερ καὶ παρ' ἄλλου ποιητοῦ μαρτυρεῖται τοῦ εἰπόντος αὐτὰρ ἀνὴρ ἀγαθὸς τοτὲ μὲν κακός, ἄλλοτε δ' ἐσθλός:

unknown [344e] τῷ δὲ κακῷ οὐκ ἐγγωρεῖ γενέσθαι, ἀλλ' αἰεὶ εἶναι ἀνάγκη. ὥστε τὸν μὲν εὐμήχανον καὶ σοφὸν καὶ ἀγαθὸν ἐπειδὴν

ἀμήχανος συμφορὰ καθέλη, οὐκ ἔστι μὴ οὐ κακὸν ἔμμεναι: σὺ δὲ
φῆς, ὦ Πιττακέ, χαλεπὸν ἐσθλὸν ἔμμεναι: τὸ δ' ἐστὶ γενέσθαι μὲν
χαλεπὸν, δυνατὸν δέ, ἐσθλόν, ἔμμεναι δὲ ἀδύνατον:

πράξας μὲν γὰρ εὖ πᾶς ἀνὴρ ἀγαθός,

κακὸς δ' εἰ κακῶς.

Simonides Fr. 37.1.17

[345a] τίς οὖν εἰς γράμματα ἀγαθὴ πρᾶξις ἐστίν, καὶ τίς ἄνδρα
ἀγαθὸν ποιεῖ εἰς γράμματα; δηλὸν ὅτι ἡ τούτων μάθησις. τίς δὲ
εὐπραγία ἀγαθὸν ἱατρὸν ποιεῖ; δηλὸν ὅτι ἡ τῶν καμνόντων τῆς
θεραπείας μάθησις. κακὸς δὲ κακῶς: τίς οὖν ἂν κακὸς ἱατρὸς
γένοιτο; δηλὸν ὅτι ὃ πρῶτον μὲν ὑπάρχει ἱατρῷ εἶναι, ἔπειτα ἀγαθῷ
ἱατρῷ οὗτος γὰρ ἂν καὶ κακὸς γένοιτο ἡμεῖς δὲ οἱ ἱατρικῆς ἰδιῶται
οὐκ ἂν ποτε γενοίμεθα κακῶς πράξαντες οὔτε ἱατροὶ οὔτε τέκτονες
οὔτε [345b] ἄλλο οὐδὲν τῶν τοιούτων: ὅστις δὲ μὴ ἱατρὸς ἂν γένοιτο
κακῶς πράξας, δηλὸν ὅτι οὐδὲ κακὸς ἱατρός. οὕτω καὶ ὁ μὲν ἀγαθὸς
ἀνὴρ γένοιτ' ἂν ποτε καὶ κακὸς ἢ ὑπὸ χρόνου ἢ ὑπὸ πόνου ἢ ὑπὸ
νόσου ἢ ὑπὸ ἄλλου τινὸς περιπτώματος αὕτη γὰρ μόνη ἐστὶ κακὴ
πρᾶξις, ἐπιστήμης στέρηθηται ὁ δὲ κακὸς ἀνὴρ οὐκ ἂν ποτε γένοιτο
κακός ἔστιν γὰρ ἀεὶ ἀλλ' εἰ μέλλει κακὸς γενέσθαι, δεῖ αὐτὸν
πρότερον ἀγαθὸν γενέσθαι. ὥστε καὶ τοῦτο τοῦ ἄσματος πρὸς τοῦτο
τείνει, [345c] ὅτι εἶναι μὲν ἄνδρα ἀγαθὸν οὐχ οἷόν τε, διατελοῦντα
ἀγαθόν, γενέσθαι δὲ ἀγαθὸν οἷόν τε, καὶ κακόν γε τὸν αὐτὸν τοῦτον:
ἐπὶ πλεῖστον δὲ καὶ ἄριστοί εἰσιν οὓς ἂν οἱ θεοὶ φιλῶσιν. Simonides
Fr. 37.1.19 ταῦτά τε οὖν πάντα πρὸς τὸν Πιττακὸν εἴρηται, καὶ τὰ
ἐπιόντα γε τοῦ ἄσματος ἔτι μᾶλλον δηλοῖ. φησὶ γάρ

τοῦνεκεν οὐ ποτ' ἐγὼ τὸ μὴ γενέσθαι

δυνατὸν διζήμενος κενεὰν ἐς ἅ-

πρακτον ἐλπίδα μοῖραν αἰῶνος βαλέω,

πανάμωμον ἄνθρωπον, εὐρυεδοῦς ὅσοι

καρπὸν αἰνύμεθα χθονός:

ἐπὶ θ' ὑμῖν εὐρὼν ἀπαγγελέω,

Simonides Fr. 37.1.22ff.

[345d] φησὶν οὕτω σφόδρα καὶ δι' ὅλου τοῦ ἄσματος ἐπεξέρχεται τῷ
τοῦ Πιττακοῦ ῥήματι

πάντας δ' ἐπαίνημι καὶ φιλέω

ἐκὼν ὅστις ἔρδη

μηδὲν αἰσχροὺς: ἀνάγκη δ' οὐδὲ θεοὶ μάχονται:

Simonides Fr. 37.1.27ff.

καὶ τοῦτ' ἐστὶ πρὸς τὸ αὐτὸ τοῦτο εἰρημένον. οὐ γὰρ οὕτως
ἀπαίδευτος ἦν Σιμωνίδης, ὥστε τούτους φάναι ἐπαινεῖν, ὅς ἂν ἐκὼν
μηδὲν κακὸν ποιῇ, ὡς ὄντων τινῶν οἱ ἐκόντες κακὰ ποιοῦσιν. ἐγὼ
γὰρ σχεδὸν τι οἶμαι τοῦτο, ὅτι οὐδεὶς τῶν [345e] σοφῶν ἀνδρῶν
ἡγεῖται οὐδένα ἀνθρώπων ἐκόντα ἐξαμαρτάνειν οὐδὲ αἰσchrά τε καὶ
κακὰ ἐκόντα ἐργάζεσθαι, ἀλλ' εὖ ἴσασιν ὅτι πάντες οἱ τὰ αἰσchrά καὶ
τὰ κακὰ ποιοῦντες ἄκοντες ποιοῦσιν: καὶ δὴ καὶ ὁ Σιμωνίδης οὐχ ὅς
ἂν μὴ κακὰ ποιῇ ἐκὼν, τούτων φησὶν ἐπαινέτης εἶναι, ἀλλὰ περὶ
ἑαυτοῦ λέγει τοῦτο τὸ ἐκὼν. ἡγεῖτο γὰρ ἄνδρα καλὸν κάγαθον
πολλάκις αὐτὸν ἐπαναγκάζειν φίλον τινὶ γίγνεσθαι καὶ ἐπαινέτην
[346a] [φιλεῖν καὶ ἐπαινεῖν], οἷον ἀνδρὶ πολλάκις συμβῆναι μητέρα ἢ
πατέρα ἀλλόκοτον ἢ πατρίδα ἢ ἄλλο τι τῶν τοιούτων. τοὺς μὲν οὖν
πονηροὺς, ὅταν τοιούτὸν τι αὐτοῖς συμβῇ, ὥσπερ ἀσμένους ὁρᾶν καὶ
ψέγοντας ἐπιδεικνύναι καὶ κατηγορεῖν τὴν πονηρίαν τῶν γονέων ἢ
πατρίδος, ἵνα αὐτοῖς ἀμελοῦσιν αὐτῶν μὴ ἐγκαλῶσιν οἱ ἄνθρωποι
μηδ' ὀνειδίζωσιν ὅτι ἀμελοῦσιν, ὥστε ἔτι μᾶλλον ψέγειν τε αὐτοὺς
καὶ ἐχθρας [346b] ἐκουσίους πρὸς ταῖς ἀναγκαίαις προστίθεσθαι:
τοὺς δ' ἀγαθοὺς ἐπικρύπτεσθαι τε καὶ ἐπαινεῖν ἀναγκάζεσθαι, καὶ ἂν
τι ὀργισθῶσιν τοῖς γονεῦσιν ἢ πατρίδι ἀδικηθέντες, αὐτοὺς ἑαυτοὺς
παραμυθεῖσθαι καὶ διαλλάττεσθαι προσαναγκάζοντας ἑαυτοὺς φιλεῖν
τοὺς ἑαυτῶν καὶ ἐπαινεῖν. πολλάκις δὲ οἶμαι καὶ Σιμωνίδης ἡγήσατο
καὶ αὐτὸς ἢ τύραννον ἢ ἄλλον τινὰ τῶν τοιούτων ἐπαινέσαι καὶ
ἐγκωμιάσαι οὐχ ἐκὼν, ἀλλ' ἀναγκαζόμενος. ταῦτα δὴ καὶ τῷ
Πιττακῷ λέγει ὅτι ἐγώ, [346c] ὦ Πιττακέ, οὐ διὰ ταῦτά σε ψέγω, ὅτι

εἰμὶ φιλόψογος, ἐπεὶ

ἔμοιγ' ἐξαρκεῖ

ὅς ἂν μὴ κακὸς ἦ μὴδ' ἄγαν ἀπάλαμνος, εἰ-

δὼς τ' ὀνησίπολιν δίκαν

ύγιῆς ἀνὴρ: οὗ μιν ἐγὼ

μωμήσομαι

Simonides Fr. 37.1.33ff.

οὐ γάρ εἰμι φιλόμωμος

τῶν γὰρ ἡλιθίων ἀπείρων γενέθλα,

πάντα τοι καλὰ, τοῖσί τ' αἰσχρὰ μὴ μέμεικται.

[346d] οὐ τοῦτο λέγει, ὥσπερ ἂν εἰ ἔλεγε πάντα τοι λευκά, οἷς μέλανα μὴ μέμεικται γελοῖον γὰρ ἂν εἶη πολλαχῇ ἀλλ' ὅτι αὐτὸς καὶ τὰ μέσα ἀποδέχεται ὥστε μὴ ψέγειν. καὶ οὐ ζητῶ, ἔφη, πανάμωμον ἄνθρωπον, εὐρυεδοῦς ὅσοι καρπὸν αἰνύμεθα χθονός, ἐπὶ θ' ὑμῖν εὐρὼν ἀπαγγελέω: ὥστε τούτου γ' ἔνεκα οὐδένα ἐπαινέσομαι, ἀλλὰ μοι ἐξαρκεῖ ἂν ἦ μέσος καὶ μὴδὲν κακὸν ποιῇ, ὡς ἐγὼ πάντας φιλέω καὶ ἐπαίνημι καὶ τῇ φωνῇ ἐνταῦθα κέχρηται τῇ [346e] τῶν Μυτιληναίων, ὡς πρὸς Πιττακὸν λέγων τὸ πάντας δὲ ἐπαίνημι καὶ φιλέω ἐκὼν ἐνταῦθα δεῖ ἐν τῷ ἐκὼν διαλαβεῖν λέγοντα ὅστις ἔρδη μὴδὲν αἰσχρόν, ἄκων δ' ἔστιν οὗς ἐγὼ ἐπαινῶ καὶ φιλῶ. σὲ οὖν, καὶ εἰ μέσως [347a] ἔλεγες ἐπιεικῇ καὶ ἀληθῇ, ὃ Πιττακέ, οὐκ ἂν ποτε ἔψεγον: νῦν δὲ σφόδρα γὰρ καὶ περὶ τῶν μεγίστων ψευδόμενος δοκεῖς ἀληθῇ λέγειν, διὰ ταῦτά σε ἐγὼ ψέγω. ταῦτά μοι δοκεῖ, ὃ Πρόδικε καὶ Πρωταγόρα, ἣν δ' ἐγὼ, Σιμωνίδης διανοούμενος πεποιηκέναι τοῦτο τὸ ἄσμα.

καὶ ὁ Ἰππίας, εὖ μὲν μοι δοκεῖς, ἔφη, ὃ Σώκρατες, καὶ σὺ περὶ τοῦ ἁσματος διεληλυθέναι: ἔστιν μέντοι, ἔφη, καὶ [347b] ἐμοὶ λόγος περὶ αὐτοῦ εὖ ἔχων, ὃν ὑμῖν ἐπιδείξω, ἂν βούλησθε.

καὶ ὁ Ἀλκιβιάδης, ναί, ἔφη, ὃ Ἰππία, εἰς αὐθίς γε: νῦν δὲ δίκαιόν

ἐστιν ἃ ὁμολογησάτην πρὸς ἀλλήλῳ Πρωταγόρας καὶ Σωκράτης, Πρωταγόρας μὲν εἰ ἔτι βούλεται ἐρωτᾶν, ἀποκρίνεσθαι Σωκράτη, εἰ δὲ δὴ βούλεται Σωκράτει ἀποκρίνεσθαι, ἐρωτᾶν τὸν ἕτερον.

καὶ ἐγὼ εἶπον: Ἐπιτρέπω μὲν ἔγωγε Πρωταγόρα ὁπότερον αὐτῷ ἥδιον: εἰ δὲ βούλεται, περὶ μὲν ἁσμάτων τε καὶ ἐπῶν [347c] ἐάσωμεν, περὶ δὲ ὧν τὸ πρῶτον ἐγὼ σε ἠρώτησα, ὦ Πρωταγόρα, ἡδέως ἂν ἐπὶ τέλος ἔλθοιμι μετὰ σοῦ σκοπούμενος. καὶ γὰρ δοκεῖ μοι τὸ περὶ ποιήσεως διαλέγεσθαι ὁμοιότατον εἶναι τοῖς συμποσίοις τοῖς τῶν φαύλων καὶ ἀγοραίων ἀνθρώπων. καὶ γὰρ οὗτοι, διὰ τὸ μὴ δύνασθαι ἀλλήλοις δι' ἑαυτῶν συνεῖναι ἐν τῷ πότῳ μηδὲ διὰ τῆς ἑαυτῶν φωνῆς καὶ τῶν λόγων τῶν ἑαυτῶν ὑπὸ ἀπαιδευσίας, τιμίας ποιοῦσι [347d] τὰς αὐλητριδας, πολλοῦ μισθούμενοι ἀλλοτρίαν φωνὴν τὴν τῶν αὐλῶν, καὶ διὰ τῆς ἐκείνων φωνῆς ἀλλήλοις σύνεισιν: ὅπου δὲ καλοὶ κἀγαθοὶ συμπόται καὶ πεπαιδευμένοι εἰσίν, οὐκ ἂν ἴδοις οὔτ' αὐλητριδας οὔτε ὀρχηστρίδας οὔτε ψαλτρίας, ἀλλὰ αὐτοὺς αὐτοῖς ἱκανοὺς ὄντας συνεῖναι ἄνευ τῶν λήρων τε καὶ παιδιῶν τούτων διὰ τῆς αὐτῶν φωνῆς, λέγοντάς τε καὶ ἀκούοντας ἐν μέρει ἑαυτῶν κοσμίως, κἂν πάνυ [347e] πολὺν οἶνον πίωσιν. οὕτω δὲ καὶ αἱ τοιαῖδε συνουσίαι, ἐὰν μὲν λάβωνται ἀνδρῶν οἰοίπερ ἡμῶν οἱ πολλοὶ φασιν εἶναι, οὐδὲν δέονται ἀλλοτρίας φωνῆς οὐδὲ ποιητῶν, οὓς οὔτε ἀνερέσθαι οἶόν τ' ἐστὶν περὶ ὧν λέγουσιν, ἐπαγόμενοί τε αὐτοὺς οἱ πολλοὶ ἐν τοῖς λόγοις οἱ μὲν ταῦτά φασιν τὸν ποιητὴν νοεῖν, οἱ δ' ἕτερα, περὶ πράγματος διαλεγόμενοι ὃ ἀδυνατοῦσι ἐξελέγξαι: ἀλλὰ τὰς μὲν τοιαύτας συνουσίας [348a] ἐῷσιν χαίρειν, αὐτοὶ δ' ἑαυτοῖς σύνεισιν δι' ἑαυτῶν, ἐν τοῖς ἑαυτῶν λόγοις πείραν ἀλλήλων λαμβάνοντες καὶ διδόντες. τοὺς τοιούτους μοι δοκεῖ χρῆναι μᾶλλον μιμεῖσθαι ἐμέ τε καὶ σέ, καταθεμένους τοὺς ποιητὰς αὐτοὺς δι' ἡμῶν αὐτῶν πρὸς ἀλλήλους τοὺς λόγους ποιεῖσθαι, τῆς ἀληθείας καὶ ἡμῶν αὐτῶν πείραν λαμβάνοντας: κἂν μὲν βούλῃ ἔτι ἐρωτᾶν, ἕτοιμός εἰμί σοι παρέχειν ἀποκρινόμενος: ἐὰν δὲ βούλῃ, σὺ ἐμοὶ παράσχες, περὶ ὧν μετὰξὺ ἐπαυσάμεθα διεξιόντες, τούτοις τέλος ἐπιθεῖναι. [348b]

λέγοντος οὖν ἐμοῦ ταῦτα καὶ τοιαῦτα ἄλλα οὐδὲν ἀπεσάφει ὁ Πρωταγόρας ὁπότερα ποιήσοι. εἶπεν οὖν ὁ Ἀλκιβιάδης πρὸς τὸν Καλλίαν βλέψας, ὦ Καλλία, δοκεῖ σοι, ἔφη, καὶ νῦν καλῶς

Πρωταγόρας ποιεῖν, οὐκ ἐθέλων εἴτε δώσει λόγον εἴτε μὴ διασαφεῖν; ἐμοὶ γὰρ οὐ δοκεῖ: ἀλλ' ἤτοι διαλεγέσθω ἢ εἰπέτω ὅτι οὐκ ἐθέλει διαλέγεσθαι, ἵνα τούτῳ μὲν ταῦτα συνειδῶμεν, Σωκράτης δὲ ἄλλω τῷ διαλέγεται ἢ ἄλλος ὅστις ἂν βούληται ἄλλω. [348c]

καὶ ὁ Πρωταγόρας αἰσχυνθείς, ὥς γέ μοι ἔδοξεν, τοῦ τε Ἀλκιβιάδου ταῦτα λέγοντος καὶ τοῦ Καλλίου δεομένου καὶ τῶν ἄλλων σχεδόν τι τῶν παρόντων, μόγις προυτράπετο εἰς τὸ διαλέγεσθαι καὶ ἐκέλευεν ἐρωτᾶν αὐτὸν ὥς ἀποκρινόμενος.

εἶπον δὴ ἐγώ: ὦ Πρωταγόρα, μὴ οἴου διαλέγεσθαί μέ σοι ἄλλο τι βουλόμενον ἢ ἃ αὐτὸς ἀπορῶ ἐκάστοτε, ταῦτα διασκέψασθαι. ἡγοῦμαι γὰρ πάνυ λέγειν τι τὸν Ὅμηρον τὸ [348d] σὺν τε δύ' ἐρχομένῳ, καὶ τε πρὸ ὃ τοῦ ἐνόησεν.

Hom. II. 10.224 εὐπορώτεροι γάρ πως ἅπαντές ἐσμεν οἱ ἄνθρωποι πρὸς ἅπαν ἔργον καὶ λόγον καὶ διάνοημα: μόνος δ' εἵπερ τε νοήσῃ, αὐτίκα περιῶν ζητεῖ ὅτῳ ἐπιδείξεται καὶ μεθ' ὅτου βεβαιώσεται, ἕως ἂν ἐντύχῃ. ὥσπερ καὶ ἐγὼ ἔνεκα τούτου σοὶ ἡδέως διαλέγομαι μᾶλλον ἢ ἄλλω τινί, ἡγούμενός σε βέλτιστ' ἂν ἐπισκέψασθαι καὶ περὶ τῶν ἄλλων [348e] περὶ ὧν εἰκὸς σκοπεῖσθαι τὸν ἐπιεικῆ, καὶ δὴ καὶ περὶ ἀρετῆς. τίνα γὰρ ἄλλον ἢ σέ; ὅς γε οὐ μόνον αὐτὸς οἶει καλὸς καγαθὸς εἶναι, ὥσπερ τινὲς ἄλλοι αὐτοὶ μὲν ἐπιεικεῖς εἰσιν, ἄλλους δὲ οὐ δύνανται ποιεῖν: σὺ δὲ καὶ αὐτὸς ἀγαθὸς εἶ καὶ ἄλλους οἷός τ' εἶ ποιεῖν ἀγαθοῦς, καὶ οὕτω πεπίστευκας σαυτῷ, ὥστε καὶ ἄλλων ταύτην τὴν τέχνην ἀποκρυπτομένων [349a] σὺ γ' ἀναφανδὸν σεαυτὸν ὑποκηρυξάμενος εἰς πάντας τοὺς Ἕλληνας, σοφιστὴν ἐπονομάσας σεαυτὸν, ἀπέφηνας παιδεύσεως καὶ ἀρετῆς διδάσκαλον, πρῶτος τούτου μισθὸν ἀξιώσας ἄρνησθαι. πῶς οὖν οὐ σέ χρῆν παρακαλεῖν ἐπὶ τὴν τούτων σκέψιν καὶ ἐρωτᾶν καὶ ἀνακοινοῦσθαι; οὐκ ἔσθ' ὅπως οὔ. καὶ νῦν δὴ ἐγὼ ἐκεῖνα, ἅπερ τὸ πρῶτον ἡρώτων περὶ τούτων, πάλιν ἐπιθυμῶ ἐξ ἀρχῆς τὰ μὲν ἀναμνησθῆναι παρὰ σοῦ, τὰ δὲ συνδιασκέψασθαι. ἦν δέ, [349b] ὥς ἐγῶμαι, τὸ ἐρώτημα τόδε: σοφία καὶ σωφροσύνη καὶ ἀνδρεία καὶ δικαιοσύνη καὶ ὁσιότης, πότερον ταῦτα, πέντε ὄντα ὀνόματα, ἐπὶ ἐνὶ πράγματι ἐστίν, ἢ ἐκάστῳ τῶν ὀνομάτων τούτων ὑπόκειται τις ἴδιος οὐσία καὶ πρᾶγμα ἔχον ἑαυτοῦ δύναμιν ἕκαστον, οὐκ ὃν οἷον τὸ ἕτερον αὐτῶν τὸ ἕτερον; ἔφησθα οὖν σὺ οὐκ ὀνόματα ἐπὶ ἐνὶ εἶναι, ἀλλὰ [349c]

ἕκαστον ἰδίῳ πράγματι τῶν ὀνομάτων τούτων ἐπικεῖσθαι, πάντα δὲ ταῦτα μόρια εἶναι ἀρετῆς, οὐχ ὥς τὰ τοῦ χρυσοῦ μόρια ὁμοιά ἐστιν ἀλλήλοις καὶ τῷ ὄλῳ οὐ μόριά ἐστιν, ἀλλ' ὥς τὰ τοῦ προσώπου μόρια καὶ τῷ ὄλῳ οὐ μόριά ἐστιν καὶ ἀλλήλοις ἀνόμοια, ἰδίαν ἕκαστα δύναμιν ἔχοντα. ταῦτα εἰ μὲν σοι δοκεῖ ἔτι ὥσπερ τότε, φάθι: εἰ δὲ ἄλλως πως, τοῦτο διόρισαι, ὥς ἔγωγε οὐδέν σοι ὑπόλογον τίθεμαι, ἐάν πη ἄλλη νῦν φήσῃς: οὐ γὰρ ἂν θαυμάζοιμι εἰ τότε ἀποπειρώμενός [349d] μου ταῦτα ἔλεγες.

ἀλλ' ἐγὼ σοι, ἔφη, λέγω, ὃ Σώκρατες, ὅτι ταῦτα πάντα μόρια μὲν ἐστιν ἀρετῆς, καὶ τὰ μὲν τέτταρα αὐτῶν ἐπιεικῶς παραπλήσια ἀλλήλοις ἐστίν, ἡ δὲ ἀνδρεία πάνυ πολὺ διαφέρειν πάντων τούτων. ὧδε δὲ γνώσῃ ὅτι ἐγὼ ἀληθῆ λέγω: εὐρήσεις γὰρ πολλοὺς τῶν ἀνθρώπων ἀδικωτάτους μὲν ὄντας καὶ ἀνοσιωτάτους καὶ ἀκολαστοτάτους καὶ ἀμαθεστάτους, ἀνδρειοτάτους δὲ διαφερόντως. [349e]

ἔχε δὴ, ἔφην ἐγώ: ἄξιον γάρ τοι ἐπισκέψασθαι ὃ λέγεις. πότερον τοὺς ἀνδρείους θαρραλέους λέγεις ἢ ἄλλο τι;

καὶ ἴτας γε, ἔφη, ἐφ' ἃ οἱ πολλοὶ φοβοῦνται ἰέναι.

φέρε δὴ, τὴν ἀρετὴν καλὸν τι φῆς εἶναι, καὶ ὥς καλοῦ ὄντος αὐτοῦ σὺ διδάσκαλον σαυτὸν παρέχεις;

κάλλιστον μὲν οὖν, ἔφη, εἰ μὴ μαίνομαί γε.

πότερον οὖν, ἣν δ' ἐγώ, τὸ μὲν τι αὐτοῦ αἰσχρόν, τὸ δὲ τι καλόν, ἢ ὅλον καλόν;

ὅλον που καλὸν ὥς οἶόν τε μάλιστα.

οἶσθα οὖν τίνες εἰς τὰ [350a] φρέατα κολυμβῶσιν θαρραλέως;

ἔγωγε, ὅτι οἱ κολυμβηταί.

πότερον διότι ἐπίστανται ἢ δι' ἄλλο τι;

ὅτι ἐπίστανται.

τίνες δὲ ἀπὸ τῶν ἵππων πολεμεῖν θαρραλέοι εἰσίν; πότερον οἱ ἵππικοι

ἢ οἱ ἄφιπποι;

οἱ ἵππικοί.

τίνες δὲ πέλτας ἔχοντες; οἱ πελταστικοὶ ἢ οἱ μῆ;

οἱ πελταστικοί. καὶ τὰ ἄλλα γε πάντα, εἰ τοῦτο ζητεῖς, ἔφη, οἱ ἐπιστήμονες τῶν μὴ ἐπισταμένων θαρραλεώτεροί εἰσιν, καὶ αὐτοὶ ἑαυτῶν [350b] ἐπειδὴν μάθωσιν ἢ πρὶν μαθεῖν.

ἦδη δέ τινας ἐώρακας, ἔφην, πάντων τούτων ἀνεπιστήμονας ὄντας, θαρροῦντας δὲ πρὸς ἕκαστα τούτων;

ἔγωγε, ἦ δ' ὅς, καὶ λίαν γε θαρροῦντας.

οὐκοῦν οἱ θαρραλέοι οὗτοι καὶ ἀνδρεῖοί εἰσιν;

αἰσχρὸν μεντᾶν, ἔφη, εἴη ἡ ἀνδρεία: ἐπεὶ οὗτοί γε μαινόμενοί εἰσιν.

πῶς οὖν, ἔφην ἐγώ, λέγεις τοὺς ἀνδρεῖους; οὐχὶ τοὺς θαρραλέους εἶναι;

καὶ νῦν γ', ἔφη.

[350c] οὐκοῦν οὗτοι, ἦν δ' ἐγώ, οἱ οὕτω θαρραλέοι ὄντες οὐκ ἀνδρεῖοι ἀλλὰ μαινόμενοι φαίνονται; καὶ ἐκεῖ αὖ οἱ σοφώτατοι οὗτοι καὶ θαρραλεώτατοί εἰσιν, θαρραλεώτατοι δὲ ὄντες ἀνδρειώτατοι; καὶ κατὰ τοῦτον τὸν λόγον ἢ σοφία ἢ ἀνδρεία εἶη;

οὐ καλῶς, ἔφη, μνημονεύεις, ὦ Σώκρατες, ἃ ἔλεγον τε καὶ ἀπεκρινόμην σοι. ἔγωγε ἐρωτηθεὶς ὑπὸ σοῦ εἰ οἱ ἀνδρεῖοι θαρραλέοι εἰσίν, ὡμολόγησα: εἰ δὲ καὶ οἱ θαρραλέοι ἀνδρεῖοι, οὐκ ἠρωτήθην εἰ γάρ με τότε ἦρου, εἶπον ἂν ὅτι [350d] οὐ πάντες τοὺς δὲ ἀνδρεῖους ὥς οὐ θαρραλέοι εἰσίν, τὸ ἕμὸν ὁμολόγημα οὐδαμοῦ ἐπέδειξας ὥς οὐκ ὀρθῶς ὡμολόγησα. ἔπειτα τοὺς ἐπισταμένους αὐτοὺς ἑαυτῶν θαρραλεωτέρους ὄντας ἀποφαίνεις καὶ μὴ ἐπισταμένων ἄλλων, καὶ ἐν τούτῳ οἶει τὴν ἀνδρείαν καὶ τὴν σοφίαν ταῦτόν εἶναι: τούτῳ δὲ τῷ τρόπῳ μετιῶν καὶ τὴν ἰσχὺν οἰηθείης ἂν εἶναι σοφίαν. πρῶτον μὲν γάρ εἰ οὕτω μετιῶν ἔροίό με εἰ οἱ ἰσχυροὶ [350e] δυνατοὶ εἰσιν, φαίην ἂν: ἔπειτα, εἰ οἱ ἐπιστάμενοι παλαίειν δυνατώτεροί εἰσιν τῶν μὴ ἐπισταμένων παλαίειν καὶ αὐτοὶ αὐτῶν ἐπειδὴν μάθωσιν ἢ πρὶν

μαθεῖν, φαίην ἄν: ταῦτα δὲ ἐμοῦ ὁμολογήσαντος ἐξεῖη ἄν σοι, χρωμένῳ τοῖς αὐτοῖς τεκμηρίοις τούτοις, λέγειν ὡς κατὰ τὴν ἐμὴν ὁμολογίαν ἢ σοφία ἐστὶν ἰσχὺς. ἐγὼ δὲ οὐδαμοῦ οὐδ' ἐνταῦθα ὁμολογῶ τοὺς δυνατοὺς ἰσχυροὺς εἶναι, τοὺς μέντοι ἰσχυροὺς δυνατούς: [351a] οὐ γὰρ ταῦτόν εἶναι δύνάμιν τε καὶ ἰσχύν, ἀλλὰ τὸ μὲν καὶ ἀπὸ ἐπιστήμης γίνεσθαι, τὴν δύναμιν, καὶ ἀπὸ μανίας γε καὶ θυμοῦ, ἰσχὺν δὲ ἀπὸ φύσεως καὶ εὐτροφίας τῶν σωμάτων. οὕτω δὲ κάκεῖ οὐ ταῦτόν εἶναι θάρσος τε καὶ ἀνδρείαν: ὥστε συμβαίνει τοὺς μὲν ἀνδρείους θαρραλέους εἶναι, μὴ μέντοι τοὺς γε θαρραλέους ἀνδρείους πάντας: θάρσος μὲν γὰρ καὶ ἀπὸ τέχνης γίγνεται ἀνθρώποις καὶ [351b] ἀπὸ θυμοῦ γε καὶ ἀπὸ μανίας, ὥσπερ ἡ δύναμις, ἀνδρεία δὲ ἀπὸ φύσεως καὶ εὐτροφίας τῶν ψυχῶν γίγνεται.

λέγεις δέ τινας, ἔφην, ὃ Πρωταγόρα, τῶν ἀνθρώπων εὖ ζῆν, τοὺς δὲ κακῶς;

ἔφη.

ἄρ' οὖν δοκεῖ σοι ἄνθρωπος ἄν εὖ ζῆν, εἰ ἀνιώμενός τε καὶ ὀδυνώμενος ζῶν;

οὐκ ἔφη.

τί δ' εἰ ἡδέως βιοὺς τὸν βίον τελευτήσειεν; οὐκ εὖ ἄν σοι δοκεῖ οὕτως βεβιωκέναι;

ἔμοιγ', ἔφη.

τὸ μὲν ἄρα [351c] ἡδέως ζῆν ἀγαθόν, τὸ δ' ἀηδῶς κακόν.

εἵπερ τοῖς καλοῖς γ', ἔφη, ζῶν ἡδόμενος.

τί δή, ὃ Πρωταγόρα; μὴ καὶ σύ, ὥσπερ οἱ πολλοί, ἡδέ' ἅττα καλεῖς κακὰ καὶ ἀνιαρὰ ἀγαθὰ; ἐγὼ γὰρ λέγω, καθ' ὃ ἡδέα ἐστίν, ἄρα κατὰ τοῦτο οὐκ ἀγαθὰ, μὴ εἴ τι ἀπ' αὐτῶν ἀποβήσεται ἄλλο; καὶ αὖθις αὖ τὰ ἀνιαρὰ ὡσαύτως οὕτως οὐ καθ' ὅσον ἀνιαρὰ, κακὰ;

οὐκ οἶδα, ὃ Σώκρατες, ἔφη, ἀπλῶς οὕτως, ὡς σὺ ἐρωτᾷς, [351d] εἰ ἐμοὶ ἀποκριτέον ἐστὶν ὡς τὰ ἡδέα τε ἀγαθὰ ἐστὶν ἅπαντα καὶ τὰ ἀνιαρὰ κακὰ: ἀλλὰ μοι δοκεῖ οὐ μόνον πρὸς τὴν νῦν ἀπόκρισιν ἐμοὶ

ἀσφαλέστερον εἶναι ἀποκρίνασθαι, ἀλλὰ καὶ πρὸς πάντα τὸν ἄλλον βίον τὸν ἐμόν, ὅτι ἔστι μὲν ἃ τῶν ἡδέων οὐκ ἔστιν ἀγαθὰ, ἔστι δ' αὖ καὶ ἃ τῶν ἀνιαρῶν οὐκ ἔστι κακά, ἔστι δ' ἃ ἔστι, καὶ τρίτον ἃ οὐδέτερα, οὔτε κακὰ οὔτ' ἀγαθὰ.

ἡδέα δὲ καλεῖς, ἦν δ' ἐγώ, οὐ τὰ ἡδονῆς [351e] μετέχοντα ἢ ποιοῦντα ἡδονῆν;

πάνυ γ', ἔφη.

τοῦτο τοίνυν λέγω, καθ' ὅσον ἡδέα ἐστίν, εἰ οὐκ ἀγαθὰ, τὴν ἡδονὴν αὐτὴν ἐρωτῶν εἰ οὐκ ἀγαθὸν ἐστίν.

ὥσπερ σὺ λέγεις, ἔφη, ἐκάστοτε, ὦ Σώκρατες, σκοπώμεθα αὐτό, καὶ ἐὰν μὲν πρὸς λόγον δοκῇ εἶναι τὸ σκέμμα καὶ τὸ αὐτὸ φαίνηται ἡδὺ τε καὶ ἀγαθόν, συγχωρησόμεθα: εἰ δὲ μή, τότε ἤδη ἀμφισβητήσομεν.

πότερον οὖν, ἦν δ' ἐγώ, σὺ βούλει ἡγεμονεύειν τῆς σκέψεως, ἢ ἐγὼ ἡγῶμαι;

δίκαιος, ἔφη, σὺ ἡγεῖσθαι: σὺ γὰρ καὶ κατάρχεις τοῦ λόγου. [352a]

ἄρ' οὖν, ἦν δ' ἐγώ, τῇδέ πη καταφανὲς ἂν ἡμῖν γένοιτο; ὥσπερ εἴ τις ἄνθρωπον σκοπῶν ἐκ τοῦ εἶδους ἢ πρὸς ὑγίειαν ἢ πρὸς ἄλλο τι τῶν τοῦ σώματος ἔργων, ἰδὼν τὸ πρόσωπον καὶ τὰς χεῖρας ἄκρας εἴποι: ἴθι δὴ μοι ἀποκαλύψας καὶ τὰ στήθη καὶ τὸ μετάφρενον ἐπίδειξον, ἵνα ἐπισκέψωμαι σαφέστερον, καὶ ἐγὼ τοιοῦτόν τι ποθῶ πρὸς τὴν σκέψιν: θεασάμενος ὅτι οὕτως ἔχεις πρὸς τὸ ἀγαθὸν καὶ τὸ ἡδὺ ὡς φῆς, δέομαι τοιοῦτόν τι εἰπεῖν: ἴθι δὴ μοι, ὦ Πρωταγόρα, [352b] καὶ τόδε τῆς διανοίας ἀποκάλυψον: πῶς ἔχεις πρὸς ἐπιστήμην; πότερον καὶ τοῦτό σοι δοκεῖ ὥσπερ τοῖς πολλοῖς ἀνθρώποις, ἢ ἄλλως; δοκεῖ δὲ τοῖς πολλοῖς περὶ ἐπιστήμης τοιοῦτόν τι, οὐκ ἰσχυρὸν οὐδ' ἡγεμονικὸν οὐδ' ἀρχικὸν εἶναι: οὐδὲ ὡς περὶ τοιούτου αὐτοῦ ὄντος διανοοῦνται, ἀλλ' ἐνούσης πολλάκις ἀνθρώπῳ ἐπιστήμης οὐ τὴν ἐπιστήμην αὐτοῦ ἄρχειν ἀλλ' ἄλλο τι, τοτὲ μὲν θυμόν, τοτὲ δὲ ἡδονήν, τοτὲ δὲ λύπην, ἐνίοτε δὲ ἔρωτα, πολλάκις δὲ φόβον, ἀτεχνῶς [352c] διανοοῦμενοι περὶ τῆς ἐπιστήμης ὥσπερ περὶ ἀνδραπόδου, περιελκομένης ὑπὸ τῶν ἄλλων ἀπάντων. ἄρ' οὖν καὶ σοὶ τοιοῦτόν τι περὶ αὐτῆς δοκεῖ, ἢ καλόν τε εἶναι ἢ ἐπιστήμη καὶ οἶον ἄρχειν τοῦ

ἀνθρώπου, καὶ ἐάνπερ γινώσκη τις τὰγαθὰ καὶ τὰ κακά, μὴ ἂν κρατηθῆναι ὑπὸ μηδενὸς ὥστε ἄλλ' ἅττα πράττειν ἢ ἂν ἐπιστήμη κελεύῃ, ἀλλ' ἱκανὴν εἶναι τὴν φρόνησιν βοηθεῖν τῷ ἀνθρώπῳ;

καὶ δοκεῖ, ἔφη, ὥσπερ σὺ λέγεις, ὦ Σώκρατες, καὶ ἅμα, [352d] εἶπερ τῷ ἄλλῳ, αἰσχρὸν ἐστὶ καὶ ἐμοὶ σοφίαν καὶ ἐπιστήμην μὴ οὐχὶ πάντων κράτιστον φάναι εἶναι τῶν ἀνθρωπείων πραγμάτων.

καλῶς γε, ἔφην ἐγώ, σὺ λέγων καὶ ἀληθῆ. οἶσθα οὖν ὅτι οἱ πολλοὶ τῶν ἀνθρώπων ἐμοὶ τε καὶ σοὶ οὐ πείθονται, ἀλλὰ πολλοὺς φασὶ γινώσκοντας τὰ βέλτιστα οὐκ ἐθέλιν πράττειν, ἐξὸν αὐτοῖς, ἀλλὰ ἄλλα πράττειν: καὶ ὅσους δὴ ἐγὼ ἠρόμην ὅτι ποτε αἰτιὸν ἐστὶ τούτου, ὑπὸ ἡδονῆς φασιν [352e] ἡττωμένους ἢ λύπης ἢ ὧν νυνδὴ ἐγὼ ἔλεγον ὑπὸ τινος τούτων κρατουμένους ταῦτα ποιεῖν τοὺς ποιοῦντας.

πολλὰ γὰρ οἶμαι, ἔφη, ὦ Σώκρατες, καὶ ἄλλα οὐκ ὀρθῶς λέγουσιν οἱ ἄνθρωποι.

ἴθι δὴ μετ' ἐμοῦ ἐπιχείρησον πείθιν τοὺς ἀνθρώπους καὶ διδάσκειν ὃ ἐστὶν αὐτοῖς τοῦτο τὸ πάθος, ὃ φασιν ὑπὸ [353a] τῶν ἡδονῶν ἡττᾶσθαι καὶ οὐ πράττειν διὰ ταῦτα τὰ βέλτιστα, ἐπεὶ γινώσκειν γε αὐτά. ἴσως γὰρ ἂν λεγόντων ἡμῶν ὅτι οὐκ ὀρθῶς λέγετε, ὦ ἄνθρωποι, ἀλλὰ ψεύδεσθε, ἔροιντ' ἂν ἡμᾶς: ὦ Πρωταγόρα τε καὶ Σώκρατες, εἰ μὴ ἔστιν τοῦτο τὸ πάθημα ἡδονῆς ἡττᾶσθαι, ἀλλὰ τί ποτ' ἐστίν, καὶ τί ὑμεῖς αὐτό φατε εἶναι; εἶπατον ἡμῖν.

τί δέ, ὦ Σώκρατες, δεῖ ἡμᾶς σκοπεῖσθαι τὴν τῶν πολλῶν δόξαν ἀνθρώπων, οἱ ὅτι ἂν τύχωσι τοῦτο λέγουσιν; [353b]

οἶμαι, ἦν δ' ἐγώ, εἶναι τι ἡμῖν τοῦτο πρὸς τὸ ἐξευρεῖν περὶ ἀνδρείας, πρὸς τᾶλλα μόρια τὰ τῆς ἀρετῆς πῶς ποτ' ἔχει. εἰ οὖν σοι δοκεῖ ἐμμένειν οἷς ἄρτι ἔδοξεν ἡμῖν, ἐμὲ ἡγήσασθαι ἢ οἶμαι ἂν ἔγωγε κάλλιστα φανερόν γενέσθαι, ἔπου: εἰ δὲ μὴ βούλει, εἴ σοι φίλον, ἐὼ χαίρειν.

ἀλλ', ἔφη, ὀρθῶς λέγεις: καὶ πέραινε ὥσπερ ἤρξω. [353c]

πάλιν τοίνυν, ἔφην ἐγώ, εἰ ἔροιντο ἡμᾶς: τί οὖν φατε τοῦτο εἶναι, ὃ ἡμεῖς ἡττω εἶναι τῶν ἡδονῶν ἐλέγομεν; εἵποιμ' ἂν ἔγωγε πρὸς

αὐτοὺς ὥδι: Ἀκούετε δὴ: πειρασόμεθα γὰρ ὑμῖν ἐγώ τε καὶ Πρωταγόρας φράσαι. ἄλλο τι γάρ, ὃ ἄνθρωποι, φατέ ὑμῖν τοῦτο γίνεσθαι ἐν τοῖσδε, οἷον πολλάκις ὑπὸ σίτων καὶ ποτῶν καὶ ἀφροδισίων κρατούμενοι ἡδέων ὄντων, γινώσκοντες ὅτι πονηρὰ ἐστίν, ὅμως αὐτὰ πράττειν;

φαῖεν ἄν.

οὐκοῦν ἐροίμεθ' ἂν αὐτοὺς ἐγώ τε καὶ σὺ πάλιν: Πονηρὰ δὲ αὐτὰ πῇ φατε εἶναι; [353d] πότερον ὅτι τὴν ἡδονὴν ταύτην ἐν τῷ παραχρῆμα παρέχει καὶ ἡδὺ ἐστὶν ἕκαστον αὐτῶν, ἢ ὅτι εἰς τὸν ὕστερον χρόνον νόσους τε ποιεῖ καὶ πενίας καὶ ἄλλα τοιαῦτα πολλὰ παρασκευάζει; ἢ κἂν εἰ τι τούτων εἰς τὸ ὕστερον μηδὲν παρασκευάζει, χαίρειν δὲ μόνον ποιεῖ, ὅμως δ' ἂν κακὰ ᾦν, ὅτι μαθόντα χαίρειν ποιεῖ καὶ ὀπηϋόν; ἄρ' οἰόμεθ' ἂν αὐτούς, ὃ Πρωταγόρα, ἄλλο τι ἀποκρίνασθαι ἢ ὅτι οὐ κατὰ τὴν αὐτῆς τῆς ἡδονῆς τῆς παραχρῆμα ἐργασίαν κακὰ ἐστίν, [353e] ἀλλὰ διὰ τὰ ὕστερον γινόμενα, νόσους τε καὶ τᾶλλα.

ἐγὼ μὲν οἶμαι, ἔφη ὁ Πρωταγόρας, τοὺς πολλοὺς ἂν ταῦτα ἀποκρίνασθαι.

οὐκοῦν νόσους ποιοῦντα ἀνίας ποιεῖ, καὶ πενίας ποιοῦντα ἀνίας ποιεῖ; Ὁμολογοῖεν ἄν, ὡς ἐγώ μαι.

συνέφη ὁ Πρωταγόρας.

οὐκοῦν φαίνεται, ὃ ἄνθρωποι, ὑμῖν, ὥς φαμεν ἐγώ τε καὶ Πρωταγόρας, δι' οὐδὲν ἄλλο ταῦτα κακὰ ὄντα ἢ διότι εἰς ἀνίας τε ἀποτελευτᾷ καὶ ἄλλων [354a] ἡδονῶν ἀποστερεῖ; Ὁμολογοῖεν ἄν;

συνεδόκει ἡμῖν ἀμφοῖν.

οὐκοῦν πάλιν ἂν αὐτοὺς τὸ ἐναντίον εἰ ἐροίμεθα: ὃ ἄνθρωποι οἱ λέγοντες αὖ ἀγαθὰ ἀνιαρὰ εἶναι, ἄρα οὐ τὰ τοιάδε λέγετε, οἷον τά τε γυμνάσια καὶ τὰς στρατείας καὶ τὰς ὑπὸ τῶν ἱατρῶν θεραπείας τὰς διὰ καύσεών τε καὶ τομῶν καὶ φαρμακειῶν καὶ λιμοκτονιῶν γιγνομένας, ὅτι ταῦτα ἀγαθὰ μὲν ἐστίν, ἀνιαρὰ δέ; φαῖεν ἄν; συνεδόκει.

πότερον [354b] οὖν κατὰ τόδε ἀγαθὰ αὐτὰ καλεῖτε, ὅτι ἐν τῷ παραχρῆμα ὀδύνας τὰς ἐσχάτας παρέχει καὶ ἀλγηδόνας, ἢ ὅτι εἰς τὸν ὕστερον χρόνον ὑγίειά τε ἀπ' αὐτῶν γίνονται καὶ εὐεξίαί τῶν σωματίων καὶ τῶν πόλεων σωτηρίαί καὶ ἄλλων ἀρχαὶ καὶ πλοῦτοι; φαῖεν ἄν, ὥς ἐγῶμαι.

συνεδόκει.

ταῦτα δὲ ἀγαθὰ ἐστὶ δι' ἄλλο τι ἢ ὅτι εἰς ἡδονὰς ἀποτελευτᾷ καὶ λυπῶν ἀπαλλαγὰς τε καὶ ἀποτροπὰς; ἢ ἔχετε τι ἄλλο τέλος [354c] λέγειν, εἰς ὃ ἀποβλέψαντες αὐτὰ ἀγαθὰ καλεῖτε, ἀλλ' <ἢ> ἡδονὰς τε καὶ λύπας; οὐκ ἄν φαῖεν, ὥς ἐγῶμαι.

οὐδ' ἐμοὶ δοκεῖ, ἔφη ὁ Πρωταγόρας.

οὐκοῦν τὴν μὲν ἡδονὴν διώκετε ὥς ἀγαθὸν ὄν, τὴν δὲ λύπην φεύγετε ὥς κακόν;

συνεδόκει.

τοῦτ' ἄρα ἡγεῖσθ' εἶναι κακόν, τὴν λύπην, καὶ ἀγαθὸν τὴν ἡδονήν, ἐπεὶ καὶ αὐτὸ τὸ χαίρειν τότε λέγετε κακὸν εἶναι, ὅταν μειζόνων ἡδονῶν ἀποστερηῇ ἢ ὅσας αὐτὸ ἔχει, ἢ λύπας μείζους παρασκευάζῃ τῶν ἐν [354d] αὐτῷ ἡδονῶν: ἐπεὶ εἰ κατ' ἄλλο τι αὐτὸ τὸ χαίρειν κακὸν καλεῖτε καὶ εἰς ἄλλο τι τέλος ἀποβλέψαντες, ἔχοιτε ἄν καὶ ἡμῖν εἰπεῖν: ἀλλ' οὐχ ἔξετε.

οὐδ' ἐμοὶ δοκοῦσιν, ἔφη ὁ Πρωταγόρας.

ἄλλο τι οὖν πάλιν καὶ περὶ αὐτοῦ τοῦ λυπεῖσθαι ὁ αὐτὸς τρόπος; τότε καλεῖτε αὐτὸ τὸ λυπεῖσθαι ἀγαθόν, ὅταν ἢ μείζους λύπας τῶν ἐν αὐτῷ οὐσῶν ἀπαλλάττῃ ἢ μείζους ἡδονὰς τῶν λυπῶν παρασκευάζῃ; ἐπεὶ εἰ πρὸς ἄλλο τι τέλος ἀποβλέπετε, ὅταν καλῆτε αὐτὸ τὸ λυπεῖσθαι [354e] ἀγαθόν, ἢ πρὸς ὃ ἐγὼ λέγω, ἔχετε ἡμῖν εἰπεῖν: ἀλλ' οὐχ ἔξετε.

ἀληθῆ, ἔφη, λέγεις, ὁ Πρωταγόρας.

πάλιν τοίνυν, ἔφην ἐγώ, εἴ με ἀνέροισθε, ὦ ἄνθρωποι, τίνος οὖν δῆποτε ἔνεκα πολλὰ περὶ τούτου λέγεις καὶ πολλαχῇ; Συγγινώσκετέ μοι, φαίην ἂν ἔγωγε. πρῶτον μὲν γὰρ οὐ ράδιον ἀποδείξαι τί ἐστὶν ποτε τοῦτο ὃ ὑμεῖς καλεῖτε τῶν ἡδονῶν ἥττω εἶναι: ἔπειτα ἐν τούτῳ εἰσὶν πᾶσαι αἱ ἀποδείξεις. ἀλλ' ἔτι καὶ νῦν ἀναθέσθαι ἔξεστιν, [355a] εἴ πη ἔχετε ἄλλο τι φάναι εἶναι τὸ ἀγαθὸν ἢ τὴν ἡδονήν, ἢ τὸ κακὸν ἄλλο τι ἢ τὴν ἀνίαν: ἢ ἀρκεῖ ὑμῖν τὸ ἡδέως καταβιδῶναι τὸν βίον ἄνευ λυπῶν; εἰ δὲ ἀρκεῖ καὶ μὴ ἔχετε μηδὲν ἄλλο φάναι εἶναι ἀγαθὸν ἢ κακὸν ὃ μὴ εἰς ταῦτα τελευτᾷ, τὸ μετὰ τοῦτο ἀκούετε. φημί γὰρ ὑμῖν τούτου οὕτως ἔχοντος γελοῖον τὸν λόγον γίνεσθαι, ὅταν λέγητε ὅτι πολλάκις γινώσκων τὰ κακὰ ἄνθρωπος ὅτι κακά ἐστιν, ὅμως πράττει αὐτά, ἐξὸν μὴ πράττειν, ὑπὸ τῶν ἡδονῶν [355b] ἀγόμενος καὶ ἐκπληττόμενος: καὶ αὖθις αὖ λέγετε ὅτι γινώσκων ὁ ἄνθρωπος τὰγαθὰ πράττειν οὐκ ἐθέλει διὰ τὰς παραχρῆμα ἡδονάς, ὑπὸ τούτων ἡττώμενος. ὥς δὲ ταῦτα γελοῖα ἐστίν, κατάδηλον ἔσται, ἐὰν μὴ πολλοῖς ὀνόμασι χρώμεθα ἅμα, ἡδεῖ τε καὶ ἀνιαρῶ καὶ ἀγαθῶ καὶ κακῶ, ἀλλ' ἐπειδὴ δύο ἐφάνη ταῦτα, δυοῖν καὶ ὀνόμασιν προσαγορεύομεν αὐτά, πρῶτον μὲν ἀγαθῶ καὶ κακῶ, ἔπειτα αὖθις ἡδεῖ τε [355c] καὶ ἀνιαρῶ. θέμενοι δὲ οὕτω λέγωμεν ὅτι γινώσκων ὁ ἄνθρωπος τὰ κακὰ ὅτι κακά ἐστιν, ὅμως αὐτὰ ποιεῖ. ἐὰν οὖν τις ἡμᾶς ἔρηται, διὰ τί; Ἡττώμενος, φήσομεν: ὑπὸ τοῦ; ἐκεῖνος ἐρήσεται ἡμᾶς: ἡμῖν δὲ ὑπὸ μὲν ἡδονῆς οὐκέτι ἔξεστιν εἰπεῖν ἄλλο γὰρ ὄνομα μετείληφεν ἀντὶ τῆς ἡδονῆς τὸ ἀγαθὸν ἐκείνῳ δὴ ἀποκρινόμεθα καὶ λέγωμεν ὅτι Ἡττώμενος

ὑπὸ τίνος; φήσει. τοῦ ἀγαθοῦ, φήσομεν νῆ Δία. ἂν οὖν τύχη ὁ ἐρόμενος ἡμᾶς ὑβριστῆς ὢν, γελάσεται [355d] καὶ ἐρεῖ: ἢ γελοῖον λέγετε πρᾶγμα, εἰ πράττει τις κακά, γινώσκων ὅτι κακά ἐστιν, οὐ δέον αὐτὸν πράττειν, ἡττώμενος ὑπὸ τῶν ἀγαθῶν. ἄρα, φήσει, οὐκ ἀξίων ὄντων νικᾶν ἐν ὑμῖν τῶν ἀγαθῶν τὰ κακά, ἢ ἀξίων; φήσομεν δῆλον ὅτι ἀποκρινόμενοι, ὅτι οὐκ ἀξίων ὄντων: οὐ γὰρ ἂν ἐξημάρτανεν ὃν φαμεν ἥττω εἶναι τῶν ἡδονῶν. κατὰ τί δέ, φήσει ἴσως, ἀνάξιά ἐστιν τὰγαθὰ τῶν κακῶν ἢ τὰ κακὰ τῶν ἀγαθῶν; ἢ κατ' ἄλλο τι ἢ ὅταν τὰ μὲν μείζω, τὰ δὲ [355e] σμικρότερα ᾗ; ἢ πλείω, τὰ δὲ ἐλάττω ᾗ; οὐχ ἔξομεν εἰπεῖν ἄλλο ἢ τοῦτο. δῆλον ἄρα, φήσει, ὅτι τὸ ἡττᾶσθαι τοῦτο λέγετε, ἀντὶ ἐλαττόνων ἀγαθῶν μείζω κακὰ

λαμβάνειν. ταῦτα μὲν οὖν οὕτω. μεταλάβωμεν δὴ τὰ ὀνόματα πάλιν τὸ ἡδύ τε καὶ ἀνιαρὸν ἐπὶ τοῖς αὐτοῖς τούτοις, καὶ λέγωμεν ὅτι Ἄνθρωπος πράττει τότε μὲν ἐλέγομεν τὰ κακά, νῦν δὲ λέγωμεν τὰ ἀνιαρά, γινώσκων ὅτι ἀνιαρά ἐστίν, ἡττώμενος [356a] ὑπὸ τῶν ἡδέων, δηλὸν ὅτι ἀναξίων ὄντων νικᾶν. καὶ τίς ἄλλη ἀναξία ἡδονῇ πρὸς λύπην ἐστίν, ἀλλ' ἢ ὑπερβολὴ ἀλλήλων καὶ ἔλλειψις; ταῦτα δ' ἐστὶ μείζω τε καὶ σμικρότερα γιγνόμενα ἀλλήλων καὶ πλείω καὶ ἐλάττω καὶ μᾶλλον καὶ ἥττον. εἰ γάρ τις λέγοι ὅτι ἄλλα πολὺ διαφέρει, ὧ Σώκρατες, τὸ παραχρῆμα ἡδὺ τοῦ εἰς τὸν ὕστερον χρόνον καὶ ἡδέος καὶ λυπηροῦ, μὲν ἄλλω τῷ, φαίην ἂν ἔγωγε, ἢ ἡδονῇ καὶ λύπῃ; οὐ γὰρ ἔσθ' ὅτῳ ἄλλω. ἀλλ' ὥσπερ [356b] ἀγαθὸς ἰστάναι ἄνθρωπος, συνθεὶς τὰ ἡδέα καὶ συνθεὶς τὰ λυπηρά, καὶ τὸ ἐγγὺς καὶ τὸ πόρρω στήσας ἐν τῷ ζυγῷ, εἰπὲ πότερα πλείω ἐστίν. ἐὰν μὲν γὰρ ἡδέα πρὸς ἡδέα ἰστῆς, τὰ μείζω ἀεὶ καὶ πλείω ληπτέα: ἐὰν δὲ λυπηρά πρὸς λυπηρά, τὰ ἐλάττω καὶ σμικρότερα: ἐὰν δὲ ἡδέα πρὸς λυπηρά, ἐὰν μὲν τὰ ἀνιαρά ὑπερβάλληται ὑπὸ τῶν ἡδέων, ἐάντε τὰ ἐγγὺς ὑπὸ τῶν πόρρω ἐάντε τὰ πόρρω ὑπὸ τῶν ἐγγύς, ταύτην τὴν πρᾶξιν πρακτέον ἐν ἧ ἂν ταῦτ' ἐνῇ: ἐὰν [356c] δὲ τὰ ἡδέα ὑπὸ τῶν ἀνιαρῶν, οὐ πρακτέα. μή περ ἄλλη ἔχει, φαίην ἂν, ταῦτα, ὧ ἄνθρωποι; οἷδ' ὅτι οὐκ ἂν ἔχοιεν ἄλλως λέγειν.

συνεδόκει καὶ ἐκεῖνω.

ὅτε δὴ τοῦτο οὕτως ἔχει, τόδε μοι ἀποκρίνασθε, φήσω. φαίνεται ὑμῖν τῇ ὄψει τὰ αὐτὰ μεγέθη ἐγγύθεν μὲν μείζω, πόρρωθεν δὲ ἐλάττω: ἢ οὐ;

φήσουσιν.

καὶ τὰ παχέα καὶ τὰ πολλὰ ὡσαύτως; καὶ αἱ φωναὶ <αἰ> ἴσαι ἐγγύθεν μὲν μείζους, πόρρωθεν δὲ σμικρότεραι;

φαῖεν ἂν.

εἰ οὖν [356d] ἐν τούτῳ ἡμῖν ἦν τὸ εὖ πράττειν, ἐν τῷ τὰ μὲν μεγάλα μήκη καὶ πράττειν καὶ λαμβάνειν, τὰ δὲ σμικρὰ καὶ φεύγειν καὶ μὴ πράττειν, τίς ἂν ἡμῖν σωτηρία ἐφάνη τοῦ βίου; ἄρα ἡ μετρητικὴ τέχνη ἢ ἡ τοῦ φαινομένου δύναμις; ἢ αὕτη μὲν ἡμᾶς ἐπλάνα καὶ ἐποίει ἄνω τε καὶ κάτω πολλάκις μεταλαμβάνειν ταῦτα καὶ

μεταμέλειν καὶ ἐν ταῖς πράξεσιν καὶ ἐν ταῖς αἰρέσεσιν τῶν μεγάλων τε καὶ σμικρῶν, ἡ δὲ μετρητικὴ ἄκυρον μὲν ἂν ἐποίησε τοῦτο τὸ φάντασμα, δηλώσασα [356e] δὲ τὸ ἀληθὲς ἡσυχίαν ἂν ἐποίησεν ἔχειν τὴν ψυχὴν μένουσαν ἐπὶ τῷ ἀληθεῖ καὶ ἔσωσεν ἂν τὸν βίον; ἄρ' ἂν ὁμολογοῖεν οἱ ἄνθρωποι πρὸς ταῦτα ἡμᾶς τὴν μετρητικὴν σῶζειν ἂν τέχνην ἢ ἄλλην;

τὴν μετρητικὴν, ὠμολόγει.

τί δ' εἰ ἐν τῇ τοῦ περιττοῦ καὶ ἀρτίου αἰρέσει ἡμῖν ἦν ἡ σωτηρία τοῦ βίου, ὅποτε τὸ πλέον ὀρθῶς ἔδει ἐλέσθαι καὶ ὅποτε τὸ ἔλαττον, ἢ αὐτὸ πρὸς ἑαυτὸ ἢ τὸ ἕτερον πρὸς τὸ ἕτερον, εἴτ' ἐγγὺς εἴτε πόρρω εἴη; τί ἂν ἔσωζεν ἡμῖν τὸν [357a] βίον; ἄρ' ἂν οὐκ ἐπιστήμη; καὶ ἄρ' ἂν οὐ μετρητικὴ τις, ἐπειδὴ περ ὑπερβολῆς τε καὶ ἐνδεείας ἐστὶν ἡ τέχνη; ἐπειδὴ δὲ περιττοῦ τε καὶ ἀρτίου, ἄρα ἄλλη τις ἢ ἀριθμητικὴ; Ὁμολογοῖεν ἂν ἡμῖν οἱ ἄνθρωποι ἢ οὐ;

ἐδόκουν ἂν καὶ τῷ Πρωταγόρᾳ ὁμολογεῖν.

εἶεν, ὦ ἄνθρωποι: ἐπεὶ δὲ δὴ ἡδονῆς τε καὶ λύπης ἐν ὀρθῇ τῇ αἰρέσει ἐφάνη ἡμῖν ἡ σωτηρία τοῦ βίου οὕσα, τοῦ τε πλεονος καὶ ἐλάττονος καὶ [357b] μείζονος καὶ σμικροτέρου καὶ πορρωτέρω καὶ ἐγγυτέρω, ἄρα πρῶτον μὲν οὐ μετρητικὴ φαίνεται, ὑπερβολῆς τε καὶ ἐνδεείας οὕσα καὶ ἰσότητος πρὸς ἀλλήλας σκέψις; ἀλλ' ἀνάγκη.

ἐπεὶ δὲ μετρητικὴ, ἀνάγκη δὴπου τέχνη καὶ ἐπιστήμη.

συμφήσουσιν.

ἥτις μὲν τοίνυν τέχνη καὶ ἐπιστήμη ἐστὶν αὕτη, εἰς αὗτις σκεψόμεθα: ὅτι δὲ ἐπιστήμη ἐστίν, τοσοῦτον ἐξαρκεῖ πρὸς τὴν ἀπόδειξιν ἣν ἐμὲ δεῖ καὶ Πρωταγόραν [357c] ἀποδείξαι περὶ ὧν ἤρεσθ' ἡμᾶς. ἤρεσθε δέ, εἰ μένησθε, ἡνίκα ἡμεῖς ἀλλήλοις ὠμολογοῦμεν ἐπιστήμης μηδὲν εἶναι κρεῖττον, ἀλλὰ τοῦτο ἀεὶ κρατεῖν, ὅπου ἂν ἐνῇ, καὶ ἡδονῆς καὶ τῶν ἄλλων ἀπάντων: ὑμεῖς δὲ δὴ ἔφατε τὴν ἡδονὴν πολλάκις κρατεῖν καὶ τοῦ εἰδότος ἀνθρώπου, ἐπειδὴ δὲ ὑμῖν οὐχ ὠμολογοῦμεν, μετὰ τοῦτο ἤρεσθε ἡμᾶς: ὦ Πρωταγόρα τε καὶ Σώκρατες, εἰ μὴ ἔστι τοῦτο τὸ πάθημα ἡδονῆς ἡττᾶσθαι, ἀλλὰ τί ποτ' ἐστὶν καὶ τί ὑμεῖς αὐτὸ φατε εἶναι; εἶπατε [357d] ἡμῖν. εἰ μὲν

οὖν τότε εὐθὺς ὑμῖν εἵπομεν ὅτι ἀμαθία, κατεγελάτε ἂν ἡμῶν: νῦν δὲ ἂν ἡμῶν καταγελάτε, καὶ ὑμῶν αὐτῶν καταγελάσεσθε. καὶ γὰρ ὑμεῖς ὁμολογήκατε ἐπιστήμης ἐνδεία ἐξαμαρτάνειν περὶ τὴν τῶν ἡδονῶν αἴρεσιν καὶ λυπῶν τοὺς ἐξαμαρτάνοντας ταῦτα δὲ ἐστὶν ἀγαθὰ τε καὶ κακὰ καὶ οὐ μόνον ἐπιστήμης, ἀλλὰ καὶ ἥς τὸ πρόσθεν ἔτι ὁμολογήκατε ὅτι μετρητικῆς: ἡ δὲ ἐξαμαρτανομένη πρᾶξις [357e] ἄνευ ἐπιστήμης ἵστε που καὶ αὐτοὶ ὅτι ἀμαθία πράττεται. ὥστε τοῦτ' ἐστὶν τὸ ἡδονῆς ἥττω εἶναι, ἀμαθία ἢ μεγίστη, ἥς Πρωταγόρας ὁδε φησὶν ἱατρὸς εἶναι καὶ Πρόδικος καὶ Ἰππίας: ὑμεῖς δὲ διὰ τὸ οἶεσθαι ἄλλο τι ἢ ἀμαθίαν εἶναι οὔτε αὐτοὶ οὔτε τοὺς ὑμετέρους παῖδας παρὰ τοὺς τούτων διδασκάλους τούσδε τοὺς σοφιστὰς πέμπετε, ὥς οὐ διδασκτοῦ ὄντος, ἀλλὰ κηδόμενοι τοῦ ἀργυρίου καὶ οὐ διδόντες τούτοις κακῶς πράττετε καὶ ἰδίᾳ καὶ δημοσίᾳ. [358a]

ταῦτα μὲν τοῖς πολλοῖς ἀποκεκριμένοι ἂν ἤμεν: ὑμᾶς δὲ δὴ μετὰ Πρωταγόρου ἐρωτῶ, <ὦ> Ἰππία τε καὶ Πρόδικε (κοινὸς γὰρ δὴ ἔστω ὑμῖν ὁ λόγος) πότερον δοκῶ ὑμῖν ἀληθῆ λέγειν ἢ ψεύδεσθαι.

ὑπερφυῶς ἐδόκει ἅπασιν ἀληθῆ εἶναι τὰ εἰρημένα.

ὁμολογεῖτε ἄρα, ἦν δ' ἐγώ, τὸ μὲν ἡδὺ ἀγαθὸν εἶναι, τὸ δὲ ἀνιαρὸν κακόν. τὴν δὲ Προδίκου τοῦδε διαίρεσιν τῶν ὀνομάτων παραιτοῦμαι: εἴτε γὰρ ἡδὺ εἴτε τερπνὸν λέγεις εἴτε χαρτόν, εἴτε ὀπόθεν καὶ ὅπως χαίρεις τὰ τοιαῦτα [358b] ὀνομάζων, ὦ βέλτιστε Πρόδικε, τοῦτό μοι πρὸς ὃ βούλομαι ἀποκρίναι. γελάσας οὖν ὁ Πρόδικος συνωμολόγησε, καὶ οἱ ἄλλοι.

τί δὲ δὴ, ὦ ἄνδρες, ἔφην ἐγώ, τὸ τοιόνδε; αἱ ἐπὶ τούτου πράξεις ἅπασαι, ἐπὶ τοῦ ἀλύπως ζῆν καὶ ἡδέως, ἄρ' οὐ καλαί [καὶ ὠφέλιμοι]; καὶ τὸ καλὸν ἔργον ἀγαθὸν τε καὶ ὠφέλιμον;

συνεδόκει.

εἰ ἄρα, ἔφην ἐγώ, τὸ ἡδὺ ἀγαθὸν ἐστὶν, οὐδεὶς οὔτε εἰδὼς οὔτε οἰόμενος ἄλλα βελτίῳ εἶναι ἢ [358c] ἃ ποιεῖ, καὶ δυνατά, ἔπειτα ποιεῖ ταῦτα, ἐξὸν τὰ βελτίῳ: οὐδὲ τὸ ἥττω εἶναι αὐτοῦ ἄλλο τι τοῦτ' ἐστὶν ἢ ἀμαθία, οὐδὲ κρείττω ἑαυτοῦ ἄλλο τι ἢ σοφία.

συνεδόκει πᾶσιν.

τί δὲ δὴ; ἀμαθίαν ἄρα τὸ τοιόνδε λέγετε, τὸ ψευδῆ ἔχειν δόξαν καὶ ἐψεῦσθαι περὶ τῶν πραγμάτων τῶν πολλοῦ ἀξίων;

καὶ τοῦτο πᾶσι συνεδόκει.

ἄλλο τι οὖν, ἔφην ἐγώ, ἐπὶ γε τὰ κακὰ οὐδεὶς ἐκὼν ἔρχεται οὐδὲ ἐπὶ ᾧ οἶεται κακὰ εἶναι, οὐδ' [358d] ἔστι τοῦτο, ὡς ἔοικεν, ἐν ἀνθρώπου φύσει, ἐπὶ ᾧ οἶεται κακὰ εἶναι ἐθέλγειν ἰέναι ἀντὶ τῶν ἀγαθῶν: ὅταν τε ἀναγκασθῇ δυοῖν κακοῖν τὸ ἕτερον αἰρεῖσθαι, οὐδεὶς τὸ μείζον αἰρήσεται ἐξόν τὸ ἔλαττον;

ἅπαντα ταῦτα συνεδόκει ἅπασιν ἡμῖν.

τί οὖν; ἔφην ἐγώ, καλεῖτέ <τι> δέος καὶ φόβον; καὶ ἄρα ὅπερ ἐγώ; (πρὸς σέ λέγω, ὦ Πρόδικε) . προσδοκίαν τινὰ λέγω κακοῦ τοῦτο, εἴτε φόβον εἴτε δέος καλεῖτε. ἐδόκει Πρωταγόρα μὲν καὶ Ἰππία δέος τε καὶ φόβος εἶναι τοῦτο, [358e] προδίκῳ δὲ δέος, φόβος δ' οὔ.

ἀλλ' οὐδέν, ἔφην ἐγώ, Πρόδικε, διαφέρει: ἀλλὰ τόδε. εἰ ἀληθῆ τὰ ἔμπροσθέν ἐστιν, ἄρά τις ἀνθρώπων ἐθελήσει ἐπὶ ταῦτα ἰέναι ἃ δέδοικεν, ἐξόν ἐπὶ ᾧ μή; ἢ ἀδύνατον ἐκ τῶν ὁμολογημένων; ἃ γὰρ δέδοικεν, ὁμολόγηται ἡγεῖσθαι κακὰ εἶναι: ἃ δὲ ἡγεῖται κακά, οὐδένα οὔτε ἰέναι ἐπὶ ταῦτα οὔτε λαμβάνειν ἐκόντα.

ἐδόκει [359a] καὶ ταῦτα πᾶσιν.

οὕτω δὴ τούτων ὑποκειμένων, ἦν δ' ἐγώ, Πρόδικέ τε καὶ Ἰππία, ἀπολογεῖσθω ἡμῖν Πρωταγόρας ὅδε ἃ τὸ πρῶτον ἀπεκρίνατο πῶς ὀρθῶς ἔχει μὴ ἃ τὸ πρῶτον παντάπασιν: τότε μὲν γὰρ δὴ πέντε ὄντων μορίων τῆς ἀρετῆς οὐδέν ἔφην εἶναι τὸ ἕτερον οἷον τὸ ἕτερον, ἰδίαν δὲ αὐτοῦ ἕκαστον ἔχειν δύναμιν: ἀλλ' οὐ ταῦτα λέγω, ἀλλ' ἃ τὸ ὕστερον εἶπεν. τὸ γὰρ ὕστερον ἔφη τὰ μὲν τέτταρα ἐπιεικῶς παραπλήσια ἀλλήλοις [359b] εἶναι, τὸ δὲ ἐν πάνυ πολὺ διαφέρειν τῶν ἄλλων, τὴν ἀνδρείαν, γινώσcesθαι δέ μ' ἔφη τεκμηρίῳ τῷδε: εὐρήσεις γάρ, ὦ Σώκρατες, ἀνθρώπους ἀνοσιωτάτους μὲν ὄντας καὶ ἀδικωτάτους καὶ ἀκολαστοτάτους καὶ ἀμαθεστάτους, ἀνδρειοτάτους δέ: ὃ γνῶσι ὅτι πολὺ διαφέρει ἡ ἀνδρεία τῶν ἄλλων μορίων τῆς ἀρετῆς. καὶ ἐγὼ εὐθὺς τότε πάνυ ἐθαύμασα τὴν ἀπόκρισιν, καὶ ἔτι μᾶλλον ἐπειδὴ ταῦτα μεθ' ὑμῶν διεξῆλθον. ἡρόμην δ' οὖν τοῦτον εἰ

τοὺς ἀνδρείους λέγοι θαρραλέους· ὁ δέ, καὶ [359c] ἴτας γ', ἔφη.
μέμνησαι, ἦν δ' ἐγώ, ὃ Πρωταγόρα, ταῦτα ἀποκρινόμενος;

ὠμολόγει.

ἴθι δὴ, ἔφην ἐγώ, εἰπὲ ἡμῖν, ἐπὶ τί λέγεις ἴτας εἶναι τοὺς ἀνδρείους; ἦ
ἐφ' ἅπερ οἱ δειλοί;

οὐκ ἔφη.

οὐκοῦν ἐφ' ἕτερα.

ναί, ἦ δ' ὅς.

πότερον οἱ μὲν δειλοὶ ἐπὶ τὰ θαρραλέα ἔρχονται, οἱ δὲ ἀνδρεῖοι ἐπὶ
τὰ δεινά;

λέγεται δὴ, ὃ Σώκρατες, οὕτως ὑπὸ τῶν ἀνθρώπων.

ἀληθῆ, ἔφην ἐγώ, λέγεις; ἀλλ' οὐ τοῦτο [359d] ἐρωτῶ, ἀλλὰ σὺ ἐπὶ τί
φῆς ἴτας εἶναι τοὺς ἀνδρείους; ἄρ' ἐπὶ τὰ δεινά, ἡγουμένους δεινὰ
εἶναι, ἢ ἐπὶ τὰ μή; ἀλλὰ τοῦτό γ', ἔφη, ἐν οἷς σὺ ἔλεγες τοῖς λόγοις
ἀπεδείχθη ἄρτι ὅτι ἀδύνατον.

καὶ τοῦτο, ἔφην ἐγώ, ἀληθὲς λέγεις· ὥστ' εἰ τοῦτο ὀρθῶς ἀπεδείχθη,
ἐπὶ μὲν ἃ δεινὰ ἡγεῖται εἶναι οὐδεὶς ἔρχεται, ἐπειδὴ τὸ ἥττω εἶναι
ἐαυτοῦ ἡνέρεθη ἀμαθία οὔσα. ὠμολόγει.

ἀλλὰ μὴν ἐπὶ ἃ γε θαρροῦσι πάντες αὖ ἔρχονται, καὶ δειλοὶ καὶ
ἀνδρεῖοι, καὶ ταύτῃ γε ἐπὶ τὰ αὐτὰ [359e] ἔρχονται οἱ δειλοὶ τε καὶ οἱ
ἀνδρεῖοι.

ἀλλὰ μέντοι, ἔφη, ὃ Σώκρατες, πᾶν γε τοῦναντίον ἐστὶν ἐπὶ ἃ οἱ τε
δειλοὶ ἔρχονται καὶ οἱ ἀνδρεῖοι. αὐτίκα εἰς τὸν πόλεμον οἱ μὲν
ἐθέλουσιν ἰέναι, οἱ δὲ οὐκ ἐθέλουσιν.

πότερον, ἔφην ἐγώ, καλὸν ὃν ἰέναι ἢ αἰσχρόν;

καλόν, ἔφη.

οὐκοῦν εἴπερ καλόν, καὶ ἀγαθὸν ὠμολογήσαμεν ἐν τοῖς ἔμπροσθεν·
τάς γὰρ καλὰς πράξεις ἀπάσας ἀγαθὰς ὠμολογήσαμεν.

ἀληθῆ λέγεις, καὶ αἰεὶ ἔμοιγε δοκεῖ οὕτως.

ὀρθῶς γε, ἔφην ἐγώ. [360a] ἀλλὰ ποτέρους φῆς εἰς τὸν πόλεμον οὐκ ἐθέλειν ἰέναι, καλὸν ὃν καὶ ἀγαθόν;

τοὺς δειλοὺς, ἦ δ' ὅς.

οὐκοῦν, ἦν δ' ἐγώ, εἶπερ καλὸν καὶ ἀγαθόν, καὶ ἡδύ;

ὁμολόγηται γοῦν, ἔφη.

ἄρ' οὖν γινώσκοντες οἱ δειλοὶ οὐκ ἐθέλουσιν ἰέναι ἐπὶ τὸ κάλλιον τε καὶ ἄμεινον καὶ ἥδιον;

ἀλλὰ καὶ τοῦτο ἐὰν ὁμολογῶμεν, ἔφη, διαφθεροῦμεν τὰς ἐμπροσθεν ὁμολογίας.

τί δ' ὁ ἀνδρεῖος; οὐκ ἐπὶ τὸ κάλλιον τε καὶ ἄμεινον καὶ ἥδιον ἔρχεται;

ἀνάγκη, ἔφη, ὁμολογεῖν.

οὐκοῦν ὅλως οἱ [360b] ἀνδρεῖοι οὐκ αἰσχροὺς φόβους φοβοῦνται, ὅταν φοβῶνται, οὐδὲ αἰσχρὰ θάρρη θαρροῦσιν;

ἀληθῆ, ἔφη.

εἰ δὲ μὴ αἰσχρὰ, ἄρ' οὐ καλά;

ὁμολόγει.

εἰ δὲ καλά, καὶ ἀγαθὰ;

ναί.

οὐκοῦν καὶ οἱ δειλοὶ καὶ οἱ θρασεῖς καὶ οἱ μαινόμενοι τοῦναντίον αἰσχροὺς τε φόβους φοβοῦνται καὶ αἰσχρὰ θάρρη θαρροῦσιν;

ὁμολόγει.

θαρροῦσιν δὲ τὰ αἰσχρὰ καὶ κακὰ δι' ἄλλο τι ἢ δι' ἄγνοιαν καὶ ἁμαθίαν;

οὕτως [360c] ἔχει, ἔφη.

τί οὖν; τοῦτο δι' ὃ δειλοί εἰσιν οἱ δειλοί, δειλίαν ἢ ἀνδρείαν καλεῖς;
δειλίαν ἔγωγ', ἔφη.

δειλοί δὲ οὐ διὰ τὴν τῶν δεινῶν ἀμαθίαν ἐφάνησαν ὄντες;
πάνυ γ', ἔφη.

διὰ ταύτην ἄρα τὴν ἀμαθίαν δειλοί εἰσιν;
ὡμολόγει.

δι' ὃ δὲ δειλοί εἰσιν, δειλία ὁμολογεῖται παρὰ σοῦ;
συνέφη.

οὐκοῦν ἡ τῶν δεινῶν καὶ μὴ δεινῶν ἀμαθία δειλία ἂν εἴη;
ἐπένευσε.

ἀλλὰ μήν, ἦν δ' ἐγώ, ἐναντίον [360d] ἀνδρεία δειλία.
ἔφη.

οὐκοῦν ἡ τῶν δεινῶν καὶ μὴ δεινῶν σοφία ἐναντία τῇ τούτων ἀμαθία
ἐστίν;

καὶ ἐνταῦθα ἔτι ἐπένευσεν.

ἡ δὲ τούτων ἀμαθία δειλία;

πάνυ μόγις ἐνταῦθα ἐπένευσεν.

ἡ σοφία ἄρα τῶν δεινῶν καὶ μὴ δεινῶν ἀνδρεία ἐστίν, ἐναντία οὖσα
τῇ τούτων ἀμαθία;

οὐκέτι ἐνταῦθα οὗτ' ἐπινεῦσαι ἠθέλησεν ἐσίγα τε.

καὶ ἐγὼ εἶπον: τί δή, ὦ Πρωταγόρα, οὔτε σὺ φῆς ἂ ἐρωτῶ οὔτε
ἀπόφης;

αὐτός, ἔφη, πέρανον.

ἐν γ', ἔφην ἐγώ, μόνον [360e] ἐρόμενος ἔτι σέ, εἴ σοι ὥσπερ τὸ πρῶτον ἔτι δοκοῦσιν εἶναι τινες ἄνθρωποι ἀμαθέστατοι μὲν, ἀνδρειότατοι δέ. φιλονικεῖν μοι, ἔφη, δοκεῖς, ὦ Σώκρατες, τὸ ἐμὲ εἶναι τὸν ἀποκρινόμενον: χαριοῦμαι οὖν σοι, καὶ λέγω ὅτι ἐκ τῶν ὁμολογημένων ἀδύνατόν μοι δοκεῖ εἶναι. οὗτοι, ἦν δ' ἐγώ, ἄλλου ἔνεκα ἐρωτῶ πάντα ταῦτα ἢ σκέψασθαι βουλόμενος πῶς ποτ' ἔχει τὰ περὶ τῆς ἀρετῆς καὶ τί ποτ' ἐστὶν αὐτό, ἡ ἀρετή. οἶδα γὰρ ὅτι τούτου φανεροῦ [361a] γενομένου μάλιστ' ἂν κατάδηλον γένοιτο ἐκεῖνο περὶ οὗ ἐγώ τε καὶ σὺ μακρὸν λόγον ἐκάτερος ἀπετείναμεν, ἐγὼ μὲν λέγων ὡς οὐ διδασκὸν ἀρετή, σὺ δ' ὡς διδασκόν. καὶ μοι δοκεῖ ἡμῶν ἡ ἄρτι ἔξοδος τῶν λόγων ὥσπερ ἄνθρωπος κατηγορεῖν τε καὶ καταγελᾶν, καὶ εἰ φωνὴν λάβοι, εἰπεῖν ἂν ὅτι ἄτοποι γ' ἐστέ, ὦ Σώκρατες τε καὶ Πρωταγόρα: σὺ μὲν λέγων ὅτι οὐ διδασκόν ἐστὶν ἀρετή ἐν τοῖς ἔμπροσθεν, νῦν σεαυτῷ τάναντία [361b] σπεύδεις, ἐπιχειρῶν ἀποδείξαι ὡς πάντα χρήματά ἐστιν ἐπιστήμη, καὶ ἡ δικαιοσύνη καὶ σωφροσύνη καὶ ἡ ἀνδρεία, ὧς τρόπῳ μάλιστ' ἂν διδασκὸν φανείη ἡ ἀρετή. εἰ μὲν γὰρ ἄλλο τι ἦν ἢ ἐπιστήμη ἡ ἀρετή, ὥσπερ Πρωταγόρας ἐπεχείρει λέγειν, σαφῶς οὐκ ἂν ἦν διδασκόν: νῦν δὲ εἰ φανήσεται ἐπιστήμη ὅλον, ὡς σὺ σπεύδεις, ὦ Σώκρατες, θαυμάσιον ἔσται μὴ διδασκόν ὄν. Πρωταγόρας δ' αὖ διδασκὸν τότε ὑποθέμενος, νῦν τοῦναντίον ἔοικεν σπεύδοντι ὀλίγου πάντα [361c] μᾶλλον φανῆναι αὐτὸ ἢ ἐπιστήμην: καὶ οὕτως ἂν ἤκιστα εἴη διδασκόν. ἐγὼ οὖν, ὦ Πρωταγόρα, πάντα ταῦτα καθορῶν ἄνω κάτω ταραττόμενα δεινῶς, πᾶσαν προθυμίαν ἔχω καταφανῇ αὐτὰ γενέσθαι, καὶ βουλοίμην ἂν ταῦτα διεξελθόντας ἡμᾶς ἐξελθεῖν καὶ ἐπὶ τὴν ἀρετὴν ὅτι ἐστὶν, καὶ πάλιν ἐπισκέψασθαι περὶ αὐτοῦ εἴτε διδασκὸν εἴτε μὴ διδασκόν, μὴ πολλάκις ἡμᾶς ὁ Ἐπιμηθεὺς ἐκεῖνος καὶ ἐν τῇ σκέψει [361d] σφήλῃ ἐξαπατήσας, ὥσπερ καὶ ἐν τῇ διανομῇ ἡμέλῃσεν ἡμῶν, ὡς φῆς σύ. ἤρρεσεν οὖν μοι καὶ ἐν τῷ μύθῳ ὁ Προμηθεὺς μᾶλλον τοῦ Ἐπιμηθέως: ὧς χρώμενος ἐγὼ καὶ προμηθούμενος ὑπὲρ τοῦ βίου τοῦ ἐμαυτοῦ παντὸς πάντα ταῦτα πραγματεύομαι, καὶ εἰ σὺ ἐθέλοις, ὅπερ καὶ κατ' ἀρχὰς ἔλεγον, μετὰ σοῦ ἂν ἡδιστα ταῦτα συνδιασκοποίην.

καὶ ὁ Πρωταγόρας, ἐγὼ μὲν, ἔφη, ὦ Σώκρατες, ἐπαινῶ σου τὴν προθυμίαν καὶ τὴν διέξοδον τῶν λόγων. καὶ γὰρ οὕτε [361e] τᾶλλα οἶμαι κακὸς εἶναι ἄνθρωπος, φθονερός τε ἤκιστ' ἀνθρώπων, ἐπεὶ καὶ

περὶ σοῦ πρὸς πολλοὺς δὴ εἶρηκα ὅτι ὦν ἐντυγχάνω πολὺ μάλιστα
ἄγαμαι σέ, τῶν μὲν τηλικούτων καὶ πάνυ: καὶ λέγω γε ὅτι οὐκ ἂν
θαυμάζοιμι εἰ τῶν ἐλλογίμων γένοιο ἀνδρῶν ἐπὶ σοφία. καὶ περὶ
τούτων δὲ εἰς αὖθις, ὅταν βούλῃ, διέξιμεν: νῦν δ' ὥρα ἤδη καὶ ἐπ'
ἄλλο τι τρέπεσθαι. [362a] ἀλλ', ἣν δ' ἐγώ, οὕτω χρή ποιεῖν, εἴ σοι
δοκεῖ. καὶ γὰρ ἐμοὶ οἷπερ ἔφην ἰέναι πάλαι ὥρα, ἀλλὰ Καλλία τῷ
καλῷ χαριζόμενος παρέμεινα.

ταῦτ' εἰπόντες καὶ ἀκούσαντες ἀπῆμεν.

GORGIAS

Καλλίκλης, Σωκράτης, Χαιρεφῶν, Γοργίας, Πῶλος.

[447a] **Καλλίκλης:** πολέμου καὶ μάχης φασὶ χρῆναι, ὦ Σώκρατες, οὕτω μεταλαγχάνειν.

Σωκράτης: ἀλλ' ἦ, τὸ λεγόμενον, κατόπιν ἐορτῆς ἤκομεν καὶ ὑστεροῦμεν;

Καλλίκλης: καὶ μάλα γε ἀστείας ἐορτῆς: πολλὰ γὰρ καὶ καλὰ Γοργίας ἡμῖν ὀλίγον πρότερον ἐπεδείξατο.

Σωκράτης: τούτων μέντοι, ὦ Καλλίκλεις, αἴτιος Χαιρεφῶν ὅδε, ἐν ἀγορᾷ ἀναγκάσας ἡμᾶς διατρίψαι. [447b]

Χαιρεφῶν: οὐδὲν πρᾶγμα, ὦ Σώκρατες: ἐγὼ γὰρ καὶ ἰάσομαι. φίλος γάρ μοι Γοργίας, ὥστ' ἐπιδείξεται ἡμῖν, εἰ μὲν δοκεῖ, νῦν, ἐὰν δὲ βούλη, εἰς αὔθις.

Καλλίκλης: τί δέ, ὦ Χαιρεφῶν; ἐπιθυμεῖ Σωκράτης ἀκοῦσαι Γοργίου;

Χαιρεφῶν: ἐπ' αὐτό γέ τοι τοῦτο πάρεσμεν.

Καλλίκλης: οὐκοῦν ὅταν βούλησθε παρ' ἐμὲ ἤκειν οἴκαδε: παρ' ἐμοὶ γὰρ Γοργίας καταλύει καὶ ἐπιδείξεται ὑμῖν.

Σωκράτης: εὖ λέγεις, ὦ Καλλίκλεις. ἀλλ' ἄρα ἐθελήσειεν ἂν [447c] ἡμῖν διαλεχθῆναι; βούλομαι γὰρ πυθέσθαι παρ' αὐτοῦ τίς ἡ δύναμις τῆς τέχνης τοῦ ἀνδρός, καὶ τί ἐστὶν ὃ ἐπαγγέλλεται τε καὶ διδάσκει: τὴν δὲ ἄλλην ἐπίδειξιν εἰς αὔθις, ὥσπερ σὺ λέγεις, ποιησάσθω.

Καλλίκλης: οὐδὲν οἶον τὸ αὐτὸν ἐρωτᾶν, ὦ Σώκρατες. καὶ γὰρ αὐτῷ ἐν τούτ' ἦν τῆς ἐπιδείξεως: ἐκέλευε γοῦν νυνδὴ ἐρωτᾶν ὅτι τις βούλοιτο τῶν ἔνδον ὄντων, καὶ πρὸς ἅπαντα ἔφη ἀποκρινεῖσθαι.

Σωκράτης: ἦ καλῶς λέγεις. ὦ Χαιρεφῶν, ἐροῦ αὐτόν.

Χαιρεφῶν: τί ἔρωμαι; [447d]

Σωκράτης: ὅστις ἐστίν.

Χαιρεφῶν: πῶς λέγεις;

Σωκράτης: ὥσπερ ἂν εἰ ἐτύγχανεν ὢν ὑποδημάτων δημιουργός, ἀπεκρίνατο ἂν δήπου σοι ὅτι σκυτοτόμος: ἢ οὐ μανθάνεις ὥς λέγω;

Χαιρεφῶν: μανθάνω καὶ ἐρήσομαι. εἰπέ μοι, ὦ Γοργία, ἀληθῆ λέγει Καλλικλῆς ὅδε ὅτι ἐπαγγέλλη ἀποκρίνεσθαι ὅτι ἂν τίς σε ἐρωτᾷ; [448a]

Γοργίας: ἀληθῆ, ὦ Χαιρεφῶν: καὶ γὰρ νυνδὴ αὐτὰ ταῦτα ἐπηγγελλόμεν, καὶ λέγω ὅτι οὐδεὶς μέ πω ἠρώτηκε καινὸν οὐδὲν πολλῶν ἐτῶν.

Χαιρεφῶν: ἦ που ἄρα ραδίως ἀποκρινῇ, ὦ Γοργία.

Γοργίας: πάρεστι τούτου πεῖραν, ὦ Χαιρεφῶν, λαμβάνειν.

Πῶλος: νῆ Δία: ἂν δέ γε βούλῃ, ὦ Χαιρεφῶν, ἐμοῦ. Γοργίας μὲν γὰρ καὶ ἀπειρηκέναι μοι δοκεῖ: πολλὰ γὰρ ἄρτι διελήλυθεν.

Χαιρεφῶν: τί δέ, ὦ Πῶλε; οἶει σὺ κάλλιον ἂν Γοργίου ἀποκρίνασθαι; [448b]

Πῶλος: τί δὲ τοῦτο, ἐὰν σοί γε ἱκανῶς;

Χαιρεφῶν: οὐδέν: ἀλλ' ἐπειδὴ σὺ βούλει, ἀποκρίνου.

Πῶλος: Ἐρώτα.

Χαιρεφῶν: ἐρωτῶ δὴ. εἰ ἐτύγχανε Γοργίας ἐπιστήμων ὢν τῆς τέχνης ἥσπερ ὁ ἀδελφὸς αὐτοῦ Ἡρόδικος, τί ἂν αὐτὸν ὠνομάζομεν δικαίως; οὐχ ὅπερ ἐκεῖνον;

Πῶλος: πάνυ γε.

Χαιρεφῶν: ἱατρὸν ἄρα φάσκοντες αὐτὸν εἶναι καλῶς ἂν ἐλέγομεν.

Πῶλος: ναί.

Χαιρεφῶν: εἰ δέ γε ἥσπερ Ἀριστοφῶν ὁ Ἀγλαοφῶντος ἢ ὁ ἀδελφὸς αὐτοῦ ἔμπειρος ἦν τέχνης, τίνα ἂν αὐτὸν ὀρθῶς ἐκαλοῦμεν; [448c]

Πῶλος: δῆλον ὅτι ζωγράφον.

Χαιρεφῶν: νῦν δ' ἐπειδὴ τίνος τέχνης ἐπιστήμων ἐστίν, τίνα ἂν καλοῦντες αὐτὸν ὀρθῶς καλοῖμεν;

Πῶλος: ὦ Χαιρεφῶν, πολλαὶ τέχναι ἐν ἀνθρώποις εἰσὶν ἐκ τῶν ἐμπειριῶν ἐμπείρως ἡρμημένοι: ἐμπειρία μὲν γὰρ ποιεῖ τὸν αἰῶνα ἡμῶν πορεύεσθαι κατὰ τέχνην, ἀπειρία δὲ κατὰ τύχην. ἐκάστων δὲ τούτων μεταλαμβάνουσιν ἄλλοι ἄλλων ἄλλως, τῶν δὲ ἀρίστων οἱ ἄριστοι: ὧν καὶ Γοργίας ἐστὶν ὅδε, καὶ μετέχει τῆς καλλίστης τῶν τεχνῶν. [448d]

Σωκράτης: καλῶς γε, ὦ Γοργία, φαίνεται Πῶλος παρεσκευάσθαι εἰς λόγους: ἀλλὰ γὰρ ὁ ὑπέσχετο Χαιρεφῶντι οὐ ποιεῖ.

Γοργίας: τί μάλιστα, ὦ Σώκρατες;

Σωκράτης: τὸ ἐρωτώμενον οὐ πάνυ μοι φαίνεται ἀποκρίνεσθαι.

Γοργίας: ἀλλὰ σύ, εἰ βούλει, ἐροῦ αὐτόν.

Σωκράτης: οὐκ, εἰ αὐτῷ γε σοὶ βουλομένῳ ἐστὶν ἀποκρίνεσθαι, ἀλλὰ πολὺ ἂν ἥδιον σέ. δῆλος γάρ μοι Πῶλος καὶ ἐξ ὧν εἴρηκεν ὅτι τὴν καλουμένην ῥητορικὴν μᾶλλον μεμελέτηκεν ἢ διαλέγεσθαι. [448e]

Πῶλος: τί δῆ, ὦ Σώκρατες;

Σωκράτης: ὅτι, ὦ Πῶλε, ἐρομένου Χαιρεφῶντος τίνος Γοργίας ἐπιστήμων τέχνης, ἐγκωμιάζεις μὲν αὐτοῦ τὴν τέχνην ὥσπερ τινὸς ψέγοντος, ἥτις δὲ ἐστὶν οὐκ ἀπεκρίνω.

Πῶλος: οὐ γὰρ ἀπεκρινάμην ὅτι εἴη ἡ καλλίστη;

Σωκράτης: καὶ μάλα. ἀλλ' οὐδεὶς ἐρωτᾷ ποία τις ἡ Γοργίου τέχνη, ἀλλὰ τίς, καὶ ὄντινα δέοι καλεῖν τὸν Γοργίαν: ὥσπερ τὰ ἐμπροσθέν σοι ὑπετείνατο **Χαιρεφῶν:** καὶ αὐτῷ καλῶς [449a] καὶ διὰ βραχέων ἀπεκρίνω, καὶ νῦν οὕτως εἰπέ τίς ἡ τέχνη καὶ τίνα Γοργίαν καλεῖν χρή ἡμᾶς. μᾶλλον δέ, ὦ Γοργία, αὐτὸς ἡμῖν εἰπέ τίνα σε χρή καλεῖν ὡς τίνος ἐπιστήμονα τέχνης.

Γοργίας: τῆς ῥητορικῆς, ὦ Σώκρατες.

Σωκράτης: ῥήτορα ἄρα χρή σε καλεῖν;

Γοργίας: ἀγαθόν γε, ὦ Σώκρατες, εἰ δὴ ὁ γε εὐχομαι εἶναι, ὡς ἔφη Ὅμηρος, βούλει με καλεῖν.

Σωκράτης: ἀλλὰ βούλομαι.

Γοργίας: κάλει δὴ. [449b]

Σωκράτης: οὐκοῦν καὶ ἄλλους σε φῶμεν δυνατόν εἶναι ποιεῖν;

Γοργίας: ἐπαγγέλλομαί γε δὴ ταῦτα οὐ μόνον ἐνθάδε ἀλλὰ καὶ ἄλλοθι.

Σωκράτης: ἄρ' οὖν ἐθελήσαις ἄν, ὦ Γοργία, ὥσπερ νῦν διαλεγόμεθα, διατελέσαι τὸ μὲν ἐρωτῶν, τὸ δ' ἀποκρινόμενος, τὸ δὲ μῆκος τῶν λόγων τοῦτο, οἷον καὶ Πῶλος ἤρξατο, εἰς αὐθις ἀποθέσθαι; ἀλλ' ὅπερ ὑπισχνῇ, μὴ ψεύσῃ, ἀλλὰ ἐθέλησον κατὰ βραχὺ τὸ ἐρωτώμενον ἀποκρίνεσθαι.

Γοργίας: εἰσὶ μὲν, ὦ Σώκρατες, ἔναι τῶν ἀποκρίσεων ἀναγκαῖαι διὰ μακρῶν τοὺς λόγους ποιεῖσθαι: οὐ μὲν ἀλλὰ [449c] πειράσομαί γε ὡς διὰ βραχυτάτων. καὶ γὰρ αὖ καὶ τοῦτο ἔν ἐστιν ὧν φημι, μηδένα ἂν ἐν βραχυτέροις ἐμοῦ τὰ αὐτὰ εἰπεῖν.

Σωκράτης: τούτου μὲν δεῖ, ὦ Γοργία: καί μοι ἐπιδείξιν αὐτοῦ τούτου ποιήσαι, τῆς βραχυλογίας, μακρολογίας δὲ εἰς αὐθις.

Γοργίας: ἀλλὰ ποιήσω, καὶ οὐδενὸς φήσεις βραχυλογωτέρου ἀκοῦσαι.

Σωκράτης: φέρε δὴ: ῥητορικῆς γὰρ φῆς ἐπιστήμων τέχνης [449d] εἶναι καὶ ποιῆσαι ἂν καὶ ἄλλον ῥήτορα: ἡ ῥητορικὴ περὶ τί τῶν ὄντων τυγχάνει οὕσα; ὥσπερ ἡ ὑφαντικὴ περὶ τὴν τῶν ἱματίων ἐργασίαν: ἢ γάρ;

Γοργίας: ναί.

Σωκράτης: οὐκοῦν καὶ ἡ μουσικὴ περὶ τὴν τῶν μελῶν ποίησιν;

Γοργίας: ναί.

Σωκράτης: νῆ τὴν Ἥραν, ὃ Γοργία, ἄγαμαί γε τὰς ἀποκρίσεις, ὅτι ἀποκρίνη ὥς οἷόν τε διὰ βραχυτάτων.

Γοργίας: πάνυ γὰρ οἶμαι, ὃ Σώκρατες, ἐπικεικῶς τοῦτο ποιεῖν.

Σωκράτης: εὖ λέγεις. ἴθι δὴ μοι ἀπόκριναι οὕτως καὶ περὶ τῆς ῥητορικῆς, περὶ τί τῶν ὄντων ἐστὶν ἐπιστήμη; [449e]

Γοργίας: περὶ λόγους.

Σωκράτης: ποίους τούτους, ὃ Γοργία; ἄρα οἱ δηλοῦσι τοὺς κάμνοντας, ὥς ἂν διαιτῶμενοι ὑγιαίνουσιν;

Γοργίας: οὐ.

Σωκράτης: οὐκ ἄρα περὶ πάντας γε τοὺς λόγους ἡ ῥητορικὴ ἐστίν.

Γοργίας: οὐ δῆτα.

Σωκράτης: ἀλλὰ μὴν λέγειν γε ποιεῖ δυνατός.

Γοργίας: ναί.

Σωκράτης: οὐκοῦν περὶ ὧν περ λέγειν, καὶ φρονεῖν;

Γοργίας: πῶς γὰρ οὐ;

Σωκράτης: ἄρ' οὖν, [450a] ἦν νυνδὴ ἐλέγομεν, ἡ ἱατρικὴ περὶ τῶν καμνόντων ποιεῖ δυνατός εἶναι φρονεῖν καὶ λέγειν;

Γοργίας: ἀνάγκη.

Σωκράτης: καὶ ἡ ἱατρικὴ ἄρα, ὥς ἔοικεν, περὶ λόγους ἐστίν.

Γοργίας: ναί.

Σωκράτης: τοὺς γε περὶ τὰ νοσήματα;

Γοργίας: μάλιστα.

Σωκράτης: οὐκοῦν καὶ ἡ γυμναστικὴ περὶ λόγους ἐστὶν τοὺς περὶ εὐεξίαν τε τῶν σωμάτων καὶ καχεξίαν;

Γοργίας: πάνυ γε.

Σωκράτης: καὶ μὴν καὶ αἱ ἄλλαι τέχναι, ὧς Γοργία, οὕτως [450b] ἔχουσιν: ἐκάστη αὐτῶν περὶ λόγους ἐστὶν τούτους, οἳ τυγχάνουσιν ὄντες περὶ τὸ πρᾶγμα οὗ ἐκάστη ἐστὶν ἡ τέχνη.

Γοργίας: φαίνεται.

Σωκράτης: τί οὖν δὴ ποτε τὰς ἄλλας τέχνας οὐ ῥητορικὰς καλεῖς, οὕσας περὶ λόγους, εἴπερ ταύτην ῥητορικὴν καλεῖς, ἢ ἂν ἢ περὶ λόγους;

Γοργίας: ὅτι, ὧς Σώκρατες, τῶν μὲν ἄλλων τεχνῶν περὶ χειρουργίας τε καὶ τοιαύτας πράξεις ὡς ἔπος εἰπεῖν πᾶσα ἐστὶν ἡ ἐπιστήμη, τῆς δὲ ῥητορικῆς οὐδέν ἐστιν τοιοῦτον χειρουργήμα, ἀλλὰ πᾶσα ἡ πρᾶξις καὶ ἡ κύρωσις διὰ λόγων [450c] ἐστίν. διὰ ταῦτ' ἐγὼ τὴν ῥητορικὴν τέχνην ἀξιῶ εἶναι περὶ λόγους, ὀρθῶς λέγων, ὡς ἐγὼ φημι.

Σωκράτης: ἄρ' οὖν μανθάνω οἷαν αὐτὴν βούλει καλεῖν; τάχα δὲ εἴσομαι σαφέστερον. ἀλλ' ἀπόκριται: εἰσὶν ἡμῖν τέχναι. ἢ γάρ;

Γοργίας: ναί.

Σωκράτης: πασῶν δὴ οἶμαι τῶν τεχνῶν τῶν μὲν ἐργασία τὸ πολὺ ἐστὶν καὶ λόγου βραχέος δέονται, ἔναι δὲ οὐδενὸς ἀλλὰ τὸ τῆς τέχνης περαίνοιτο ἂν καὶ διὰ σιγῆς, οἷον γραφικὴ καὶ ἀνδριαντοποιία καὶ ἄλλαι πολλάι. τὰς τοιαύτας [450d] μοι δοκεῖς λέγειν, περὶ ἧς οὐ φῆς τὴν ῥητορικὴν εἶναι: ἢ οὐ;

Γοργίας: πάνυ μὲν οὖν καλῶς ὑπολαμβάνεις, ὧς Σώκρατες.

Σωκράτης: ἕτεραι δὲ γέ εἰσι τῶν τεχνῶν αἱ διὰ λόγου πᾶν περαίνουσι, καὶ ἔργου ὡς ἔπος εἰπεῖν ἢ οὐδενὸς προσδέονται ἢ βραχέος πάνυ, οἷον ἡ ἀριθμητικὴ καὶ λογιστικὴ καὶ γεωμετρικὴ καὶ πεττευτικὴ γε καὶ ἄλλαι πολλαὶ τέχναι, ὧν ἔναι σχεδόν τι ἴσους τοὺς λόγους ἔχουσι ταῖς πράξεσιν, αἱ δὲ πολλαὶ πλείους, καὶ τὸ παράπαν πᾶσα ἡ πρᾶξις καὶ τὸ [450e] κῦρος αὐταῖς διὰ λόγων ἐστίν. τῶν τοιούτων τινά μοι δοκεῖς λέγειν τὴν ῥητορικὴν.

Γοργίας: ἀληθὴ λέγεις.

Σωκράτης: ἀλλ’ οὔτοι τούτων γε οὐδεμίαν οἶμαί σε βούλεσθαι ῥητορικὴν καλεῖν, οὐχ ὅτι τῷ ῥήματι οὕτως εἶπες, ὅτι ἡ διὰ λόγου τὸ κῦρος ἔχουσα ῥητορικὴ ἐστίν, καὶ ὑπολάβοι ἄν τις, εἰ βούλοιτο δυσχεραίνειν ἐν τοῖς λόγοις, “τὴν ἀριθμητικὴν ἄρα ῥητορικὴν, ὧ Γοργία, λέγεις;” ἀλλ’ οὐκ οἶμαί σε οὔτε τὴν ἀριθμητικὴν οὔτε τὴν γεωμετρίαν ῥητορικὴν λέγειν. [451a]

Γοργίας: ὀρθῶς γὰρ οἶει, ὦ Σώκρατες, καὶ δικαίως ὑπολαμβάνεις.

Σωκράτης: ἴθι νυν καὶ σὺ τὴν ἀπόκρισιν ἣν ἡρόμην διαπέρανον. ἐπεὶ γὰρ ῥητορικὴ τυγχάνει μὲν οὕσα τούτων τις τῶν τεχνῶν τῶν τὸ πολὺ λόγῳ χρωμένων, τυγχάνουσιν δὲ καὶ ἄλλαι τοιαῦται οὔσαι, πειρῶ εἰπεῖν ἢ περὶ τί ἐν λόγοις τὸ κῦρος ἔχουσα ῥητορικὴ ἐστίν. ὥσπερ ἂν εἴ τις με ἔροιτο ὧν νυνδὴ ἔλεγον περὶ ἡστινοσοῦν τῶν τεχνῶν: “ὦ Σώκρατες, τίς [451b] ἐστίν ἡ ἀριθμητικὴ τέχνη;” εἵποισ’ ἂν αὐτῷ, ὥσπερ σὺ ἄρτι, ὅτι τῶν διὰ λόγου τις τὸ κῦρος ἐχουσῶν. καὶ εἴ με ἐπανεῖροτο: “τῶν περὶ τί;” εἵποισ’ ἂν ὅτι τῶν περὶ τὸ ἄρτιόν τε καὶ περιττὸν [γνώσις], ὅσα ἂν ἐκάτερα τυγχάνῃ ὄντα. εἰ δ’ αὖ ἔροιτο: “τὴν δὲ λογιστικὴν τίνα καλεῖς τέχνην;” εἵποισ’ ἂν ὅτι καὶ αὕτη ἐστίν τῶν λόγῳ τὸ πᾶν κυρουμένων: καὶ εἰ ἐπανεῖροτο: “ἡ περὶ τί;” εἵποισ’ ἂν ὥσπερ οἱ ἐν τῷ δήμῳ [451c] συγγραφόμενοι, ὅτι τὰ μὲν ἄλλα καθάπερ ἡ ἀριθμητικὴ ἢ λογιστικὴ ἔχει — περὶ τὸ αὐτὸ γάρ ἐστίν, τό τε ἄρτιον καὶ τὸ περιττὸν — διαφέρει δὲ τοσοῦτον, ὅτι καὶ πρὸς αὐτὰ καὶ πρὸς ἄλληλα πῶς ἔχει πλήθους ἐπισκοπεῖ τὸ περιττὸν καὶ τὸ ἄρτιον ἢ λογιστικὴ. καὶ εἴ τις τὴν ἀστρονομίαν ἀνέροιτο, ἐμοῦ λέγοντος ὅτι καὶ αὕτη λόγῳ κυροῦται τὰ πάντα, “οἱ δὲ λόγοι οἱ τῆς ἀστρονομίας,” εἰ φαίη, “περὶ τί εἰσιν, ὦ Σώκρατες;” εἵποισ’ ἂν ὅτι περὶ τὴν τῶν ἄστρον φορὰν καὶ ἡλίου καὶ σελήνης, πῶς πρὸς ἄλληλα τάχους ἔχει.

Γοργίας: ὀρθῶς γε λέγων σὺ, ὦ Σώκρατες. [451d]

Σωκράτης: ἴθι δὴ καὶ σὺ, ὦ Γοργία. τυγχάνει μὲν γὰρ δὴ ἡ ῥητορικὴ οὕσα τῶν λόγῳ τὰ πάντα διαπραττομένων τε καὶ κυρουμένων: ἡ γάρ;

Γοργίας: ἔστι ταῦτα.

Σωκράτης: λέγε δὴ τῶν περὶ τί; <τί> ἐστὶ τοῦτο τῶν ὄντων, περὶ οὗ οὔτοι οἱ λόγοι εἰσιν οἷς ἡ ῥητορικὴ χρῆται;

Γοργίας: τὰ μέγιστα τῶν ἀνθρωπείων πραγμάτων, ὦ Σώκρατες, καὶ ἄριστα.

Σωκράτης: ἀλλ', ὦ Γοργία, ἀμφισβητήσιμον καὶ τοῦτο λέγεις [451e] καὶ οὐδέν πω σαφές. οἶομαι γάρ σε ἀκηκοέναι ἐν τοῖς συμποσίοις ἁδόντων ἀνθρώπων τοῦτο τὸ σκολιόν, ἐν ᾧ καταριθμοῦνται ἁδόντες ὅτι ὑγιαίνειν μὲν ἄριστόν ἐστιν, τὸ δὲ δεύτερον καλὸν γενέσθαι, τρίτον δέ, ὥς φησιν ὁ ποιητὴς τοῦ σκολιοῦ, τὸ πλουτεῖν ἀδόλως.

Γοργίας: ἀκήκοα γάρ: ἀλλὰ πρὸς τί τοῦτο λέγεις; [452a]

Σωκράτης: ὅτι εἴ σοι αὐτίκα παρασταῖεν οἱ δημιουργοὶ τούτων ὧν ἐπήνεσεν ὁ τὸ σκολιὸν ποιήσας, ἰατρός τε καὶ παιδοτρίβης καὶ χρηματιστής, καὶ εἴποι πρῶτον μὲν ὁ ἰατρός ὅτι “ὦ Σώκρατες, ἐξαπατᾷ σε Γοργίας οὐ γάρ ἐστιν ἡ τούτου τέχνη περὶ τὸ μέγιστον ἀγαθὸν τοῖς ἀνθρώποις, ἀλλ' ἡ ἐμή” — εἰ οὖν αὐτὸν ἐγὼ ἐροίμην: σὺ δὲ τίς ὦν ταῦτα λέγεις; εἴποι ἂν ἴσως ὅτι ἰατρός. τί οὖν λέγεις; ἢ τὸ τῆς σῆς τέχνης ἔργον μέγιστόν ἐστιν ἀγαθόν; “πῶς γὰρ οὐ,” φαίη ἂν ἴσως, “ὦ Σώκρατες, ὑγεία; τί δ' ἐστὶν μείζον ἀγαθὸν [452b] ἀνθρώποις ὑγείας;” εἰ δ' αὖ μετὰ τοῦτον ὁ παιδοτρίβης εἴποι ὅτι “θαυμάζοιμί τᾶν, ὦ Σώκρατες, καὶ αὐτὸς εἴ σοι ἔχοι Γοργίας μείζον ἀγαθὸν ἐπιδεῖξαι τῆς αὐτοῦ τέχνης ἢ ἐγὼ τῆς ἐμῆς;” εἵποιμ' ἂν αὖ καὶ πρὸς τοῦτον: σὺ δὲ δὴ τίς εἶ, ὦ ἄνθρωπε, καὶ τί τὸ σὸν ἔργον; “παιδοτρίβης,” φαίη ἂν, “τὸ δὲ ἔργον μού ἐστιν καλοῦς τε καὶ ἰσχυροῦς ποιεῖν τοὺς ἀνθρώπους τὰ σώματα.” μετὰ δὲ τὸν παιδοτρίβην εἴποι ἂν ὁ χρηματιστής, ὡς ἐγῶμαι πάνυ καταφρονῶν ἀπάντων: [452c] “σκόπει δῆτα, ὦ Σώκρατες, ἐάν σοι πλούτου φανῇ τι μείζον ἀγαθὸν ὃν ἢ παρὰ Γοργία ἢ παρ' ἄλλω ὀτρωῶν.” φαίμεν ἂν οὖν πρὸς αὐτόν: τί δὲ δῆ; ἢ σὺ τούτου δημιουργός; φαίη ἂν. τίς ὦν; “χρηματιστής.” τί οὖν; κρίνεις σὺ μέγιστον ἀνθρώποις ἀγαθὸν εἶναι πλούτον; φήσομεν. “πῶς γὰρ οὐκ;” ἔρεϊ. καὶ μὴν ἀμφισβητεῖ γε Γοργίας ὅδε τὴν παρ' αὐτῷ τέχνην μείζονος ἀγαθοῦ αἰτίαν εἶναι ἢ τὴν σὴν, φαίμεν ἂν ἡμεῖς. δῆλον οὖν ὅτι τὸ μετὰ τοῦτο ἔροιτ' ἂν: “καὶ τί ἐστὶν [452d] τοῦτο τὸ ἀγαθόν; ἀποκρινάσθω Γοργίας.” ἴθι οὖν νομίσας, ὦ Γοργία, ἐρωτᾶσθαι καὶ ὑπ' ἐκείνων καὶ ὑπ' ἐμοῦ, ἀπόκριναι τί ἐστὶν τοῦτο ὃ φῆς σὺ μέγιστον ἀγαθὸν εἶναι τοῖς ἀνθρώποις καὶ σὲ δημιουργὸν εἶναι αὐτοῦ.

Γοργίας: ὅπερ ἐστίν, ὦ Σώκρατες, τῇ ἀληθείᾳ μέγιστον ἀγαθὸν καὶ αἴτιον ἅμα μὲν ἐλευθερίας αὐτοῖς τοῖς ἀνθρώποις, ἅμα δὲ τοῦ ἄλλων ἄρχειν ἐν τῇ αὐτοῦ πόλει ἐκάστω.

Σωκράτης: τί οὖν δὴ τοῦτο λέγεις; [452e]

Γοργίας: τὸ πείθειν ἔγωγ' οἷόν τ' εἶναι τοῖς λόγοις καὶ ἐν δικαστηρίῳ δικαστὰς καὶ ἐν βουλευτηρίῳ βουλευτὰς καὶ ἐν ἐκκλησίᾳ ἐκκλησιαστὰς καὶ ἐν ἄλλῳ συλλόγῳ παντί, ὅστις ἂν πολιτικὸς σύλλογος γίγνηται. καίτοι ἐν ταύτῃ τῇ δυνάμει δοῦλον μὲν ἕξεις τὸν ἱατρόν, δοῦλον δὲ τὸν παιδοτρίβην: ὁ δὲ χρηματιστὴς οὗτος ἄλλω ἀναφανήσεται χρηματιζόμενος καὶ οὐχ αὐτῷ, ἀλλὰ σοὶ τῷ δυναμένῳ λέγειν καὶ πείθειν τὰ πλήθη.

Σωκράτης: νῦν μοι δοκεῖς δηλῶσαι, ὦ Γοργία, ἐγγύτατα τὴν [453a] ῥητορικὴν ἥντινα τέχνην ἡγῇ εἶναι, καὶ εἴ τι ἐγὼ συνίημι, λέγεις ὅτι πειθοῦς δημιουργὸς ἐστὶν ἡ ῥητορικὴ, καὶ ἡ πραγματεία αὐτῆς ἅπασα καὶ τὸ κεφάλαιον εἰς τοῦτο τελευτᾷ: ἡ ἔχεις τι λέγειν ἐπὶ πλεόν τὴν ῥητορικὴν δύνασθαι ἢ πειθῶ τοῖς ἀκούουσιν ἐν τῇ ψυχῇ ποιεῖν;

Γοργίας: οὐδαμῶς, ὦ Σώκρατες, ἀλλὰ μοι δοκεῖς ἱκανῶς ὀρίζεσθαι: ἔστιν γὰρ τοῦτο τὸ κεφάλαιον αὐτῆς.

Σωκράτης: ἄκουσον δὴ, ὦ Γοργία. ἐγὼ γὰρ εὖ ἴσθ' ὅτι, ὥς [453b] ἐμαυτὸν πείθω, εἴπερ τις ἄλλος ἄλλῳ διαλέγεται βουλόμενος εἰδέναι αὐτὸ τοῦτο περὶ ὅτου ὁ λόγος ἐστίν, καὶ ἐμὲ εἶναι τούτων ἕνα: ἀξιῶ δὲ καὶ σέ.

Γοργίας: τί οὖν δὴ, ὦ Σώκρατες;

Σωκράτης: ἐγὼ ἐρῶ νῦν. ἐγὼ τὴν ἀπὸ τῆς ῥητορικῆς πειθῶ, ἥτις ποτ' ἐστὶν ἢν σὺ λέγεις καὶ περὶ ὄντινων πραγμάτων ἐστὶν πειθῶ, σαφῶς μὲν εὖ ἴσθ' ὅτι οὐκ οἶδα, οὐ μὴν ἄλλ' ὑποπτεύω γε ἢν οἶμαί σε λέγειν καὶ περὶ ὧν: οὐδὲν μέντοι ἤττον ἐρήσομαί σε τίνα ποτὲ λέγεις τὴν πειθῶ τὴν ἀπὸ τῆς [453c] ῥητορικῆς καὶ περὶ τίνων αὐτὴν εἶναι. τοῦ ἔνεκα δὴ αὐτὸς ὑποπτεύων σὲ ἐρήσομαι, ἀλλ' οὐκ αὐτὸς λέγω; οὐ σοῦ ἔνεκα ἀλλὰ τοῦ λόγου, ἵνα οὕτω προῖ"ῃ ὥς μάλιστ' ἂν ἡμῖν καταφανὲς ποιοῖ περὶ ὅτου λέγεται. σκόπει γὰρ εἴ σοι δοκῶ

δικαίως ἀνερωτᾶν σε: ὥσπερ ἂν εἰ ἐτύγγανόν σε ἐρωτῶν τίς ἐστὶν τῶν ζωγράφων Ζεῦξις, εἴ μοι εἶπες ὅτι ὁ τὰ ζῶα γράφων, ἄρ' οὐκ ἂν δικαίως σε ἠρόμην ὁ τὰ ποῖα τῶν ζώων γράφων καὶ ποῦ;

Γοργίας: πάνυ γε. [453d]

Σωκράτης: ἄρα διὰ τοῦτο, ὅτι καὶ ἄλλοι εἰσὶ ζωγράφοι γράφοντες ἄλλα πολλὰ ζῶα;

Γοργίας: ναί.

Σωκράτης: εἰ δέ γε μηδεὶς ἄλλος ἢ Ζεῦξις ἔγραφε, καλῶς ἂν σοὶ ἀπεκέκριτο;

Γοργίας: πῶς γὰρ οὐ;

Σωκράτης: ἴθι δὴ καὶ περὶ τῆς ῥητορικῆς εἰπέ: πότερόν σοι δοκεῖ πειθῶ ποιεῖν ἢ ῥητορικὴ μόνη ἢ καὶ ἄλλαι τέχναι; λέγω δὲ τὸ τοιόνδε: ὅστις διδάσκει ὅτιοῦν πρᾶγμα, πότερον ὁ διδάσκει πείθει ἢ οὐ;

Γοργίας: οὐ δῆτα, ὦ Σώκρατες, ἀλλὰ πάντων μάλιστα πείθει. [453e]

Σωκράτης: πάλιν δὴ ἐπὶ τῶν αὐτῶν τεχνῶν λέγωμεν ὥνπερ νυνδὴ: ἡ ἀριθμητικὴ οὐ διδάσκει ἡμᾶς ὅσα ἐστὶν τὰ τοῦ ἀριθμοῦ, καὶ ὁ ἀριθμητικὸς ἄνθρωπος;

Γοργίας: πάνυ γε.

Σωκράτης: οὐκοῦν καὶ πείθει;

Γοργίας: ναί.

Σωκράτης: πειθοῦς ἄρα δημιουργὸς ἐστὶν καὶ ἡ ἀριθμητικὴ;

Γοργίας: φαίνεται.

Σωκράτης: οὐκοῦν ἐάν τις ἐρωτᾷ ἡμᾶς ποίας πειθοῦς καὶ περὶ τί, ἀποκρινοῦμεθά που αὐτῷ ὅτι τῆς διδασκαλικῆς τῆς περὶ τὸ [454a] ἄρτιόν τε καὶ τὸ περιττόν ὅσον ἐστίν: καὶ τὰς ἄλλας ἅς νυνδὴ ἐλέγομεν τέχνας ἀπάσας ἔξομεν ἀποδειῖναι πειθοῦς δημιουργοὺς οὕσας καὶ ἥστινος καὶ περὶ ὅτι: ἢ οὐ;

Γοργίας: ναί.

Σωκράτης: οὐκ ἄρα ῥητορικὴ μόνη πειθοῦς ἐστὶν δημιουργός.

Γοργίας: ἀληθὴ λέγεις.

Σωκράτης: ἐπειδὴ τοίνυν οὐ μόνη ἀπεργάζεται τοῦτο τὸ ἔργον, ἀλλὰ καὶ ἄλλαι, δικαίως ὥσπερ περὶ τοῦ ζωγράφου μετὰ τοῦτο ἐπανεροίμεθ' ἂν τὸν λέγοντα: ποίας δὴ πειθοῦς καὶ τῆς περὶ τί πειθοῦς ἡ ῥητορικὴ ἐστὶν τέχνη; ἢ οὐ δοκεῖ σοι [454b] δίκαιον εἶναι ἐπανερέσθαι;

Γοργίας: ἔμοιγε.

Σωκράτης: ἀπόκριναι δὴ, ὦ Γοργία, ἐπειδὴ γε καὶ σοὶ δοκεῖ οὕτως.

Γοργίας: ταύτης τοίνυν τῆς πειθοῦς λέγω, ὦ Σώκρατες, τῆς ἐν τοῖς δικαστηρίοις καὶ ἐν τοῖς ἄλλοις ὄχλοις, ὥσπερ καὶ ἄρτι ἔλεγον, καὶ περὶ τούτων ἅ ἐστι δίκαιά τε καὶ ἄδικα.

Σωκράτης: καὶ ἐγὼ τοι ὑπώπτειν ταύτην σε λέγειν τὴν πειθὴ καὶ περὶ τούτων, ὦ Γοργία: ἀλλ' ἵνα μὴ θαυμάζῃς ἐὰν καὶ ὀλίγον ὕστερον τοιοῦτόν τί σε ἀνέρωμαι, ὃ δοκεῖ μὲν δηλὸν [454c] εἶναι, ἐγὼ δ' ἐπανερῶ — ὅπερ γὰρ λέγω, τοῦ ἐξῆς ἔνεκα περαίνεισθαι τὸν λόγον ἐρωτῶ, οὐ σοῦ ἔνεκα ἀλλ' ἵνα μὴ ἐθιζώμεθα ὑπονοοῦντες προαρπάζειν ἀλλήλων τὰ λεγόμενα, ἀλλὰ σὺ τὰ σαυτοῦ κατὰ τὴν ὑπόθεσιν ὅπως ἂν βούλῃ περαίνῃς.

Γοργίας: καὶ ὀρθῶς γέ μοι δοκεῖς ποιεῖν, ὦ Σώκρατες.

Σωκράτης: ἴθι δὴ καὶ τόδε ἐπισκεψώμεθα. καλεῖς τι μεμαθηκέναι;

Γοργίας: καλῶ.

Σωκράτης: τί δέ; πεπιστευκέναι;

Γοργίας: [454d] ἔγωγε.

Σωκράτης: πότερον οὖν ταῦτόν δοκεῖ σοι εἶναι μεμαθηκέναι καὶ πεπιστευκέναι, καὶ μάθησις καὶ πίστις, ἢ ἄλλο τι;

Γοργίας: οἶομαι μὲν ἔγωγε, ὦ Σώκρατες, ἄλλο.

Σωκράτης: καλῶς γὰρ οἶει: γνώση δὲ ἐνθένδε. εἰ γὰρ τίς σε ἔροιτο: “ἄρ’ ἔστιν τις, ὃ Γοργία, πίστις ψευδῆς καὶ ἀληθῆς;” φαίης ἄν, ὥς ἐγὼ οἶμαι.

Γοργίας: ναί.

Σωκράτης: τί δέ; ἐπιστήμη ἐστὶν ψευδῆς καὶ ἀληθῆς;

Γοργίας: οὐδαμῶς.

Σωκράτης: δῆλον ἄρ’ αὖ ὅτι οὐ ταῦτόν ἐστιν.

Γοργίας: ἀληθῆ λέγεις.

Σωκράτης: [454e] ἀλλὰ μὴν οἱ τέ γε μεμαθηκότες πεπεισμένοι εἰσὶν καὶ οἱ πεπιστευκότες.

Γοργίας: ἔστι ταῦτα.

Σωκράτης: βούλει οὖν δύο εἶδη θῶμεν πειθοῦς, τὸ μὲν πίστιν παρεχόμενον ἄνευ τοῦ εἰδέναι, τὸ δ’ ἐπιστήμην;

Γοργίας: πάνυ γε.

Σωκράτης: ποτέραν οὖν ἡ ῥητορικὴ πειθὼ ποιεῖ ἐν δικαστηρίοις τε καὶ τοῖς ἄλλοις ὄχλοις περὶ τῶν δικαίων τε καὶ ἀδίκων; ἐξ ἧς πιστεύειν γίγνεται ἄνευ τοῦ εἰδέναι ἢ ἐξ ἧς τὸ εἰδέναι;

Γοργίας: δῆλον δήπου, ὃ Σώκρατες, ὅτι ἐξ ἧς τὸ πιστεύειν.

Σωκράτης: ἡ ῥητορικὴ ἄρα, ὥς ἔοικεν, πειθοῦς [455a] δημιουργός ἐστιν πιστευτικῆς ἄλλ’ οὐ διδασκαλικῆς περὶ τὸ δίκαιόν τε καὶ ἀδίκον.

Γοργίας: ναί.

Σωκράτης: οὐδ’ ἄρα διδασκαλικὸς ὁ ῥήτωρ ἐστὶν δικαστηρίων τε καὶ τῶν ἄλλων ὄχλων δικαίων τε πέρι καὶ ἀδίκων, ἀλλὰ πιστικὸς μόνον: οὐ γὰρ δήπου ὄχλον γ’ ἂν δύναίτο τοσοῦτον ἐν ὀλίγῳ χρόνῳ διδάξαι οὕτω μεγάλα πράγματα.

Γοργίας: οὐ δῆτα.

Σωκράτης: φέρε δὴ, ἴδωμεν τί ποτε καὶ λέγομεν περὶ τῆς [455b] ῥητορικῆς; ἐγὼ μὲν γάρ τοι οὐδ’ αὐτός πω δύναμαι κατανοῆσαι ὅτι λέγω. ὅταν περὶ ἱατρῶν αἰρέσεως ἢ τῇ πόλει σύλλογος ἢ περὶ ναυπηγῶν ἢ περὶ ἄλλου τινὸς δημιουργικοῦ ἔθνους, ἄλλο τι ἢ τότε ὁ ῥητορικὸς οὐ συμβουλεύσει; δηλὸν γὰρ ὅτι ἐν ἐκάστη αἰρέσει τὸν τεχνικώτατον δεῖ αἰρεῖσθαι. οὐδ’ ὅταν τειχῶν περὶ οἰκοδομήσεως ἢ λιμένων κατασκευῆς ἢ νεωρίων, ἀλλ’ οἱ ἀρχιτέκτονες; οὐδ’ αὖ ὅταν στρατηγῶν αἰρέσεως πέρι ἢ τάξεώς τινος πρὸς πολεμίους ἢ χωρίων [455c] καταλήψεως συμβουλὴ ἢ, ἀλλ’ οἱ στρατηγικοὶ τότε συμβουλεύσουσιν, οἱ ῥητορικοὶ δὲ οὐ: ἢ πῶς λέγεις, ὦ Γοργία, τὰ τοιαῦτα; ἐπειδὴ γὰρ αὐτός τε φῆς ῥήτωρ εἶναι καὶ ἄλλους ποιεῖν ῥητορικούς, εὖ ἔχει τὰ τῆς σῆς τέχνης παρὰ σοῦ πυνθάνεσθαι. καὶ ἐμὲ νῦν νόμισον καὶ τὸ σὸν σπεύδειν: ἴσως γὰρ καὶ τυγχάνει τις τῶν ἔνδον ὄντων μαθητῆς σου βουλόμενος γενέσθαι, ὡς ἐγὼ τινὰς σχεδὸν καὶ συχνούς αισθάνομαι, οἳ ἴσως αἰσχύνοιντ’ ἂν σε ἀνέρεσθαι. ὑπ’ [455d] ἐμοῦ οὖν ἀνερωτῶμενος νόμισον καὶ ὑπ’ ἐκείνων ἀνερωτᾶσθαι: “τί ἡμῖν, ὦ Γοργία, ἔσται, ἐάν σοι συνῶμεν; περὶ τίνων τῇ πόλει συμβουλεύειν οἰοί τε ἐσόμεθα; πότερον περὶ δικαίου μόνον καὶ ἀδίκου ἢ καὶ περὶ ὧν νυνδὴ Σωκράτης ἔλεγεν;” περὶ οὖν αὐτοῖς ἀποκρίνεσθαι.

Γοργίας: ἀλλ’ ἐγὼ σοι πειράσομαι, ὦ Σώκρατες, σαφῶς ἀποκαλύψαι τὴν τῆς ῥητορικῆς δύναμιν ἅπασαν: αὐτὸς γὰρ καλῶς ὑφηγήσω. οἴσθα γὰρ δήπου ὅτι τὰ νεώρια ταῦτα [455e] καὶ τὰ τεῖχη τὰ Ἀθηναίων καὶ ἡ τῶν λιμένων κατασκευὴ ἐκ τῆς Θεμιστοκλέους συμβουλῆς γέγονεν, τὰ δ’ ἐκ τῆς Περικλέους ἀλλ’ οὐκ ἐκ τῶν δημιουργῶν.

Σωκράτης: λέγεται ταῦτα, ὦ Γοργία, περὶ Θεμιστοκλέους: Περικλέους δὲ καὶ αὐτὸς ἦκουον ὅτε συνεβούλευεν ἡμῖν περὶ τοῦ διὰ μέσου τεύχους. [456a]

Γοργίας: καὶ ὅταν γέ τις αἵρεσις ἢ ὧν νυνδὴ σὺ ἔλεγες, ὦ Σώκρατες, ὁρᾷς ὅτι οἱ ῥήτορες εἰσιν οἱ συμβουλευόντες καὶ οἱ νικῶντες τὰς γνώμας περὶ τούτων.

Σωκράτης: ταῦτα καὶ θαυμάζων, ὦ Γοργία, πάλοι ἐρωτῶ τίς ποτε ἡ δύναμις ἐστὶν τῆς ῥητορικῆς. δαιμονία γὰρ τις ἔμοιγε καταφαίνεται

τὸ μέγεθος οὕτω σκοποῦντι.

Γοργίας: εἰ πάντα γε εἰδείης, ὦ Σώκρατες, ὅτι ὡς ἔπος εἰπεῖν ἀπάσας τὰς δυνάμεις συλλαβοῦσα ὑφ' αὐτῇ ἔχει. [456b] μέγα δέ σοι τεκμήριον ἐρῶ: πολλάκις γὰρ ἦδη ἔγωγε μετὰ τοῦ ἀδελφοῦ καὶ μετὰ τῶν ἄλλων ἱατρῶν εἰσελθὼν παρὰ τινα τῶν καμνόντων οὐχὶ ἐθέλοντα ἢ φάρμακον πιεῖν ἢ τεμεῖν ἢ καῦσαι παρασχεῖν τῷ ἱατρῷ, οὐ δυναμένου τοῦ ἱατροῦ πείσαι, ἐγὼ ἔπεισα, οὐκ ἄλλη τέχνη ἢ τῇ ῥητορικῇ. φημί δὲ καὶ εἰς πόλιν ὅπῃ βούλει ἐλθόντα ῥητορικὸν ἄνδρα καὶ ἱατρόν, εἰ δέοι λόγῳ διαγωνίζεσθαι ἐν ἐκκλησίᾳ ἢ ἐν ἄλλῳ τινὶ συλλόγῳ ὁπότερον δεῖ αἰρεθῆναι ἱατρόν, οὐδαμοῦ [456c] ἂν φανῆναι τὸν ἱατρόν, ἀλλ' αἰρεθῆναι ἂν τὸν εἰπεῖν δυνατόν, εἰ βούλοιο. καὶ εἰ πρὸς ἄλλον γε δημιουργὸν ὄντιναοῦν ἀγωνίζοιο, πείσειεν ἂν αὐτὸν ἐλέσθαι ὁ ῥητορικὸς μᾶλλον ἢ ἄλλος ὅστισοῦν: οὐ γὰρ ἔστιν περὶ ὅτου οὐκ ἂν πιθανώτερον εἶποι ὁ ῥητορικὸς ἢ ἄλλος ὅστισοῦν τῶν δημιουργῶν ἐν πλήθει. ἡ μὲν οὖν δύναμις τοσαύτη ἐστὶν καὶ τοιαύτη τῆς τέχνης: δεῖ μέντοι, ὦ Σώκρατες, τῇ ῥητορικῇ χρῆσθαι ὥσπερ τῇ ἄλλῃ πάσῃ ἀγωνίᾳ. καὶ γὰρ [456d] τῇ ἄλλῃ ἀγωνίᾳ οὐ τούτου ἔνεκα δεῖ πρὸς ἅπαντας χρῆσθαι ἀνθρώπους, ὅτι ἔμαθεν πυκτεύειν τε καὶ παγκρατιάζειν καὶ ἐν ὅπλοις μάχεσθαι, ὥστε κρείττων εἶναι καὶ φίλων καὶ ἐχθρῶν, οὐ τούτου ἔνεκα τοὺς φίλους δεῖ τύπτειν οὐδὲ κεντεῖν τε καὶ ἀποκτείνουσαι. οὐδὲ γε μὰ Δία ἐάν τις εἰς παλαιστραν φοιτήσας εὖ ἔχων τὸ σῶμα καὶ πυκτικὸς γενόμενος, ἔπειτα τὸν πατέρα τύπτῃ καὶ τὴν μητέρα ἢ ἄλλον τινὰ τῶν οἰκείων ἢ τῶν φίλων, οὐ τούτου ἔνεκα δεῖ τοὺς [456e] παιδοτρίβας καὶ τοὺς ἐν τοῖς ὅπλοις διδάσκοντας μάχεσθαι μισεῖν τε καὶ ἐκβάλλειν ἐκ τῶν πόλεων. ἐκεῖνοι μὲν γὰρ παρέδωσαν ἐπὶ τῷ δικαίῳ χρῆσθαι τούτοις πρὸς τοὺς πολεμίους καὶ τοὺς ἀδικοῦντας, ἀμυνομένους, μὴ ὑπάρχοντας: [457a] οἱ δὲ μεταστρέψαντες χρῶνται τῇ ἰσχύϊ καὶ τῇ τέχνῃ οὐκ ὀρθῶς. οὐκοῦν οἱ διδάξαντες πονηροί, οὐδὲ ἡ τέχνη οὔτε αἰτία οὔτε πονηρὰ τούτου ἔνεκά ἐστιν, ἀλλ' οἱ μὴ χρώμενοι οἶμαι ὀρθῶς. ὁ αὐτὸς δὴ λόγος καὶ περὶ τῆς ῥητορικῆς. δυνατός μὲν γὰρ πρὸς ἅπαντάς ἐστιν ὁ ῥήτωρ καὶ περὶ παντὸς λέγειν, ὥστε πιθανώτερος εἶναι ἐν τοῖς πλήθεσιν [457b] ἔμβραχυ περὶ ὅτου ἂν βούληται: ἀλλ' οὐδέν τι μᾶλλον τούτου ἔνεκα δεῖ οὔτε τοὺς ἱατροὺς τὴν δόξαν ἀφαιρεῖσθαι — ὅτι δύναιτο ἂν τοῦτο ποιῆσαι — οὔτε τοὺς ἄλλους δημιουργοὺς, ἀλλὰ δικαίως καὶ τῇ ῥητορικῇ χρῆσθαι, ὥσπερ

καὶ τῇ ἀγωνίᾳ. ἐὰν δὲ οἶμαι ῥητορικὸς γενόμενός τις κᾶτα ταύτῃ τῇ δυνάμει καὶ τῇ τέχνῃ ἀδικῇ, οὐ τὸν διδάξαντα δεῖ μισεῖν τε καὶ ἐκβάλλειν ἐκ τῶν πόλεων. ἐκεῖνος μὲν γὰρ ἐπὶ [457c] δικαίου χρεῖα παρέδωκεν, ὁ δ' ἐναντίως χρῆται. τὸν οὖν οὐκ ὀρθῶς χρώμενον μισεῖν δίκαιον καὶ ἐκβάλλειν καὶ ἀποκτείνουσαι ἄλλ' οὐ τὸν διδάξαντα.

Σωκράτης: οἶμαι, ὦ Γοργία, καὶ σὲ ἔμπειρον εἶναι πολλῶν λόγων καὶ καθεωρακέσαι ἐν αὐτοῖς τὸ τοιόνδε, ὅτι οὐ ῥᾳδίως δύνανται περὶ ὧν ἂν ἐπιχειρήσωσιν διαλέγεσθαι διορισάμενοι πρὸς ἀλλήλους καὶ μαθόντες καὶ διδάξαντες ἑαυτούς, [457d] οὕτω διαλύεσθαι τὰς συνουσίας, ἀλλ' ἐὰν περὶ τοῦ ἀμφισβητήσωσιν καὶ μὴ φῇ ὁ ἕτερος τὸν ἕτερον ὀρθῶς λέγειν ἢ μὴ σαφῶς, χαλεπαίνουσί τε καὶ κατὰ φθόνον οἶονται τὸν ἑαυτῶν λέγειν, φιλονικοῦντας ἄλλ' οὐ ζητοῦντας τὸ προκείμενον ἐν τῷ λόγῳ: καὶ ἔνιοί γε τελευτῶντες αἰσχιστα ἀπαλλάττονται, λοιδορηθέντες τε καὶ εἰπόντες καὶ ἀκούσαντες περὶ σφῶν αὐτῶν τοιαῦτα οἷα καὶ τοὺς παρόντας ἄχθεσθαι ὑπὲρ σφῶν αὐτῶν, ὅτι τοιούτων ἀνθρώπων ἡξίωσαν [457e] ἀκροαταὶ γενέσθαι. τοῦ δὴ ἔνεκα λέγω ταῦτα; ὅτι νῦν ἐμοὶ δοκεῖς σὺ οὐ πάνυ ἀκόλουθα λέγειν οὐδὲ σύμφωνα οἷς τὸ πρῶτον ἔλεγες περὶ τῆς ῥητορικῆς: φοβοῦμαι οὖν διελέγχειν σε, μή με ὑπολάβῃς οὐ πρὸς τὸ πρᾶγμα φιλονικοῦντα λέγειν τοῦ καταφανὲς γενέσθαι, ἀλλὰ πρὸς σέ. [458a] ἐγὼ οὖν, εἰ μὲν καὶ σὺ εἴ τῶν ἀνθρώπων ὧν περ καὶ ἐγώ, ἡδέως ἂν σε διερωτῶην: εἰ δὲ μή, ἐφῆν ἄν. ἐγὼ δὲ τίνων εἰμὶ; τῶν ἡδέως μὲν ἂν ἐλεγχθέντων εἴ τι μὴ ἀληθὲς λέγω, ἡδέως δ' ἂν ἐλεγχάντων εἴ τίς τι μὴ ἀληθὲς λέγοι, οὐκ ἀηδέστερον μεντὰν ἐλεγχθέντων ἢ ἐλεγχάντων: μεῖζον γὰρ αὐτὸ ἀγαθὸν ἡγοῦμαι, ὅσῳ περ μεῖζον ἀγαθὸν ἐστὶν αὐτὸν ἀπαλλαγῆναι κακοῦ τοῦ μεγίστου ἢ ἄλλον ἀπαλλάξαι. οὐδὲν γὰρ οἶμαι τοσοῦτον κακὸν εἶναι ἀνθρώπῳ, ὅσον δόξα [458b] ψευδὴς περὶ ὧν τυγχάνει νῦν ἡμῖν ὁ λόγος ὧν. εἰ μὲν οὖν καὶ σὺ φῆς τοιοῦτος εἶναι, διαλεγώμεθα: εἰ δὲ καὶ δοκεῖ χρῆναι ἐάν, ἐῷμεν ἤδη χαίρειν καὶ διαλύωμεν τὸν λόγον.

Γοργίας: ἀλλὰ φημὶ μὲν ἔγωγε, ὦ Σώκρατες, καὶ αὐτὸς τοιοῦτος εἶναι οἷον σὺ ὑφηγῇ: ἴσως μέντοι χρῆν ἐννοεῖν καὶ τὸ τῶν παρόντων. πάσαι γάρ τοι, πρὶν καὶ ὑμᾶς ἐλθεῖν, ἐγὼ τοῖς παροῦσι πολλὰ ἐπεδειξάμην, καὶ νῦν ἴσως πόρρω ἀποτενοῦμεν, [458c] ἢν

διαλεγόμεθα. σκοπεῖν οὖν χρή καὶ τὸ τούτων, μή τινας αὐτῶν κατέχομεν βουλομένους τι καὶ ἄλλο πράττειν.

Χαιρεφῶν: τοῦ μὲν θορύβου, ὃ Γοργία τε καὶ Σώκρατες, αὐτοὶ ἀκούετε τούτων τῶν ἀνδρῶν βουλομένων ἀκούειν ἐάν τι λέγητε: ἐμοὶ δ' οὖν καὶ αὐτῷ μὴ γένοιτο τοσαύτη ἀσχολία, ὥστε τοιούτων λόγων καὶ οὕτω λεγομένων ἀφεμένῳ προϋργιαίτερόν τι γενέσθαι ἄλλο πράττειν. [458d]

Καλλίκλης: νῆ τοὺς θεοὺς, ὃ Χαιρεφῶν, καὶ μὲν δὴ καὶ αὐτὸς πολλοῖς ἤδη λόγοις παραγενόμενος οὐκ οἶδ' εἰ πώποτε ἦσθην οὕτως ὥσπερ νυνί: ὥστ' ἔμοιγε, κἂν τὴν ἡμέραν ὅλην ἐθέλῃτε διαλέγεσθαι, χαριεῖσθε.

Σωκράτης: ἀλλὰ μήν, ὃ Καλλίκληις, τό γ' ἐμὸν οὐδὲν κωλύει, εἴπερ ἐθέλει Γοργίας.

Γοργίας: αἰσχρὸν δὴ τὸ λοιπόν, ὃ Σώκρατες, γίνεται ἐμέ γε μὴ ἐθέλῃν, αὐτὸν ἐπαγγειλάμενον ἐρωτᾶν ὅτι τις βούλεται. [458e] ἀλλ' εἰ δοκεῖ τουτοισί, διαλέγου τε καὶ ἐρώτα ὅτι βούλει.

Σωκράτης: ἄκουε δὴ, ὃ Γοργία, ἃ θαυμάζω ἐν τοῖς λεγομένοις ὑπὸ σοῦ: ἴσως γάρ τοι σοῦ ὀρθῶς λέγοντος ἐγὼ οὐκ ὀρθῶς ὑπολαμβάνω. ῥητορικὸν φῆς ποιεῖν οἷός τ' εἶναι, ἐάν τις βούληται παρὰ σοῦ μαθάνειν;

Γοργίας: ναί.

Σωκράτης: οὐκοῦν περὶ πάντων ὥστ' ἐν ὄχλῳ πιθανὸν εἶναι, οὐ διδάσκοντα ἀλλὰ [459a] πείθοντα;

Γοργίας: πάνυ μὲν οὖν.

Σωκράτης: ἔλεγές τοι νυνδὴ ὅτι καὶ περὶ τοῦ ὑγιεινοῦ τοῦ ἱατροῦ πιθανώτερος ἔσται ὁ ῥήτωρ.

Γοργίας: καὶ γὰρ ἔλεγον, ἐν γε ὄχλῳ.

Σωκράτης: οὐκοῦν τὸ ἐν ὄχλῳ τοῦτό ἐστιν, ἐν τοῖς μὴ εἰδόσιν; οὐ γὰρ δήπου ἐν γε τοῖς εἰδόσι τοῦ ἱατροῦ πιθανώτερος ἔσται.

Γοργίας: ἀληθῆ λέγεις.

Σωκράτης: οὐκοῦν εἴπερ τοῦ ἱατροῦ πιθανώτερος ἔσται, τοῦ εἰδότος πιθανώτερος γίγνεται;

Γοργίας: πάνυ [459b] γε.

Σωκράτης: οὐκ ἱατρός γε ὢν: ἦ γάρ;

Γοργίας: ναί.

Σωκράτης: ὁ δὲ μὴ ἱατρός γε δήπου ἀνεπιστήμων ὢν ὁ ἱατρός ἐπιστήμων.

Γοργίας: δῆλον ὅτι.

Σωκράτης: ὁ οὐκ εἰδὼς ἄρα τοῦ εἰδότος ἐν οὐκ εἰδόσι πιθανώτερος ἔσται, ὅταν ὁ ῥήτωρ τοῦ ἱατροῦ πιθανώτερος ᾖ. τοῦτο συμβαίνει ἢ ἄλλο τι;

Γοργίας: τοῦτο ἐνταῦθά γε συμβαίνει.

Σωκράτης: οὐκοῦν καὶ περὶ τὰς ἄλλας ἀπάσας τέχνας ὡσαύτως ἔχει ὁ ῥήτωρ καὶ ἡ ῥητορική: αὐτὰ μὲν τὰ πράγματα οὐδὲν δεῖ αὐτὴν εἰδέναι ὅπως ἔχει, μηχανὴν [459c] δέ τινα πειθοῦς ἡύρηκεναι ὥστε φαίνεσθαι τοῖς οὐκ εἰδόσι μᾶλλον εἰδέναι τῶν εἰδόντων.

Γοργίας: οὐκοῦν πολλὴ ῥαστώνη, ὦ Σώκρατες, γίγνεται, μὴ μαθόντα τὰς ἄλλας τέχνας ἀλλὰ μίαν ταύτην, μηδὲν ἐλαττοῦσθαι τῶν δημιουργῶν;

Σωκράτης: εἰ μὲν ἐλαττοῦται ἢ μὴ ἐλαττοῦται ὁ ῥήτωρ τῶν ἄλλων διὰ τὸ οὕτως ἔχειν, αὐτίκα ἐπισκεψόμεθα, ἐάν τι ἡμῖν πρὸς λόγου ᾖ: νῦν δὲ τόδε πρότερον σκεψώμεθα, ἄρα [459d] τυγχάνει περὶ τὸ δίκαιον καὶ τὸ ἄδικον καὶ τὸ αἰσχρὸν καὶ τὸ καλὸν καὶ ἀγαθὸν καὶ κακὸν οὕτως ἔχων ὁ ῥητορικός ὡς περὶ τὸ ὑγιεινὸν καὶ περὶ τὰ ἄλλα ὧν αἱ ἄλλαι τέχναι, αὐτὰ μὲν οὐκ εἰδὼς, τί ἀγαθὸν ἢ τί κακὸν ἐστὶν ἢ τί καλὸν ἢ τί αἰσχρὸν ἢ δίκαιον ἢ ἄδικον, πειθὼ δὲ περὶ αὐτῶν μεμηχανημένος ὥστε δοκεῖν εἰδέναι οὐκ εἰδὼς ἐν οὐκ εἰδόσιν [459e] μᾶλλον τοῦ εἰδότος; ἢ ἀνάγκη εἰδέναι, καὶ δεῖ προεπιστάμενον ταῦτα ἀφικέσθαι παρὰ σὲ τὸν μέλλοντα μαθήσεσθαι τὴν ῥητορικήν; εἰ δὲ

μή, σὺ ὁ τῆς ῥητορικῆς διδάσκαλος τούτων μὲν οὐδὲν διδάξεις τὸν ἀφικνούμενον — οὐ γὰρ σὸν ἔργον — ποιήσεις δ' ἐν τοῖς πολλοῖς δοκεῖν εἰδέναι αὐτὸν τὰ τοιαῦτα οὐκ εἰδότα καὶ δοκεῖν ἀγαθὸν εἶναι οὐκ ὄντα; ἢ τὸ παράπαν οὐχ οἷός τε ἔσῃ αὐτὸν διδάξαι τὴν ῥητορικὴν, ἐὰν μὴ προειδῇ περὶ τούτων τὴν ἀλήθειαν; ἢ πῶς τὰ τοιαῦτα ἔχει, ὦ Γοργία; [460a] καὶ πρὸς Διός, ὥσπερ ἄρτι εἶπες, ἀποκαλύψας τῆς ῥητορικῆς εἰπὲ τίς ποθ' ἡ δύναμίς ἐστιν.

Γοργίας: ἀλλ' ἐγὼ μὲν οἶμαι, ὦ Σώκρατες, ἐὰν τύχη μὴ εἰδώς, καὶ ταῦτα παρ' ἐμοῦ μαθήσεται.

Σωκράτης: ἔχε δῆ: καλῶς γὰρ λέγεις. ἐάνπερ ῥητορικὸν σύ τινα ποιήσης, ἀνάγκη αὐτὸν εἰδέναι τὰ δίκαια καὶ τὰ ἄδικα ἥτοι πρότερόν γε ἢ ὕστερον μαθόντα παρὰ σοῦ. [460b]

Γοργίας: πάνυ γε.

Σωκράτης: τί οὖν; ὁ τὰ τεκτονικὰ μεμαθηκώς τεκτονικός, ἢ οὐ;

Γοργίας: ναί.

Σωκράτης: οὐκοῦν καὶ ὁ τὰ μουσικὰ μουσικός;

Γοργίας: ναί.

Σωκράτης: καὶ ὁ τὰ ἱατρικὰ ἱατρικός; καὶ τᾶλλα οὕτω κατὰ τὸν αὐτὸν λόγον, ὁ μεμαθηκώς ἕκαστα τοιοῦτός ἐστιν οἷον ἡ ἐπιστήμη ἕκαστον ἀπεργάζεται;

Γοργίας: πάνυ γε.

Σωκράτης: οὐκοῦν κατὰ τοῦτον τὸν λόγον καὶ ὁ τὰ δίκαια μεμαθηκώς δίκαιος;

Γοργίας: πάντως δήπου.

Σωκράτης: ὁ δὲ δίκαιος δίκαιά που πράττει.

Γοργίας: ναί. [460c]

Σωκράτης: οὐκοῦν ἀνάγκη τὸν ῥητορικὸν δίκαιον εἶναι, τὸν δὲ δίκαιον βούλεσθαι δίκαια πράττειν;

Γοργίας: φαίνεται γε.

Σωκράτης: οὐδέποτε ἄρα βουλήσεται ὃ γε δίκαιος ἀδικεῖν.

Γοργίας: ἀνάγκη.

Σωκράτης: τὸν δὲ ρητορικὸν ἀνάγκη ἐκ τοῦ λόγου δίκαιον εἶναι.

Γοργίας: ναί.

Σωκράτης: οὐδέποτε ἄρα βουλήσεται ὁ ρητορικὸς ἀδικεῖν.

Γοργίας: οὐ φαίνεται γε.

Σωκράτης: μέμνησαι οὖν λέγων ὀλίγω πρότερον ὅτι οὐ δεῖ τοῖς [460d] παιδοτρίβαις ἐγκαλεῖν οὐδ' ἐκβάλλειν ἐκ τῶν πόλεων, ἐὰν ὁ πύκτης τῇ πυκτικῇ χρῆται τε καὶ ἀδίκως χρῆται καὶ ἀδικῇ, ὡσαύτως δὲ οὕτως καὶ ἐὰν ὁ ῥήτωρ τῇ ρητορικῇ ἀδίκως χρῆται, μὴ τῷ διδάξαντι ἐγκαλεῖν μηδ' ἐξελαύνειν ἐκ τῆς πόλεως, ἀλλὰ τῷ ἀδικοῦντι καὶ οὐκ ὀρθῶς χρωμένῳ τῇ ρητορικῇ; ἐρρήθη ταῦτα ἢ οὐ;

Γοργίας: ἐρρήθη.

Σωκράτης: νῦν [460e] δέ γε ὁ αὐτὸς οὗτος φαίνεται, ὁ ρητορικός, οὐκ ἂν ποτε ἀδικήσας. ἢ οὐ;

Γοργίας: φαίνεται.

Σωκράτης: καὶ ἐν τοῖς πρώτοις γε, ὃ Γοργία, λόγοις ἐλέγετο ὅτι ἡ ρητορικὴ περὶ λόγους εἶη οὐ τοὺς τοῦ ἀρτίου καὶ περιττοῦ, ἀλλὰ τοὺς τοῦ δικαίου καὶ ἀδίκου: ἢ γάρ;

Γοργίας: ναί.

Σωκράτης: ἐγὼ τοίνυν σου τότε ταῦτα λέγοντος ὑπέλαβον ὡς οὐδέποτ' ἂν εἶη ἡ ρητορικὴ ἄδικον πρᾶγμα, ὃ γ' ἀεὶ περὶ δικαιοσύνης τοὺς λόγους ποιεῖται: ἐπειδὴ δὲ ὀλίγον ὕστερον ἔλεγες ὅτι ὁ ῥήτωρ [461a] τῇ ρητορικῇ καὶ ἀδίκως χρῶτο, οὕτω θαυμάσας καὶ ἠγησάμενος οὐ συνάδειν τὰ λεγόμενα ἐκείνους εἶπον τοὺς λόγους, ὅτι εἰ μὲν κέρδος ἡγοῖο εἶναι τὸ ἐλέγχεσθαι ὥσπερ ἐγώ, ἄξιον εἶη διαλέγεσθαι, εἰ δὲ μή, ἔαν χαίρειν. ὕστερον δὲ ἡμῶν

ἐπισκοπούμενων ὁρᾷς δὴ καὶ αὐτὸς ὅτι αὐτὸς ὁμολογεῖται τὸν ῥητορικὸν ἀδύνατον εἶναι ἀδίκως χρῆσθαι τῇ ῥητορικῇ καὶ ἐθέλῃν ἀδικεῖν. ταῦτα οὖν ὅπῃ ποτὲ ἔχει, μὰ τὸν [461b] κύνα, ὦ Γοργία, οὐκ ὀλίγης συνουσίας ἐστὶν ὥστε ἱκανῶς διασκέπασθαι.

Πῶλος: τί δέ, ὦ Σώκρατες; οὐτῶ καὶ σὺ περὶ τῆς ῥητορικῆς δοξάζεις ὥσπερ νῦν λέγεις; ἢ οἶει — ὅτι Γοργίας ἡσχύνθη σοι μὴ προσομολογῆσαι τὸν ῥητορικὸν ἄνδρα μὴ οὐχὶ καὶ τὰ δίκαια εἰδέναι καὶ τὰ καλὰ καὶ τὰ ἀγαθὰ, καὶ ἐὰν μὴ ἔλθῃ ταῦτα εἰδὼς παρ’ αὐτόν, αὐτὸς διδάξῃ, ἔπειτα ἐκ ταύτης ἴσως τῆς ὁμολογίας ἐναντίον τι συνέβῃ ἐν τοῖς [461c] λόγοις — τοῦτο <δ> δὴ ἀγαπᾷς, αὐτὸς ἀγαγὼν ἐπὶ τοιαῦτα ἐρωτήματα — ἐπεὶ τίνα οἶει ἀπαρνήσεσθαι μὴ οὐχὶ καὶ αὐτὸν ἐπίστασθαι τὰ δίκαια καὶ ἄλλους διδάξῃ; — ἀλλ’ εἰς τὰ τοιαῦτα ἄγειν πολλὴ ἀγροικία ἐστὶν τοὺς λόγους.

Σωκράτης: ὦ κάλλιστε Πῶλε, ἀλλὰ τοι ἐξεπίτηδες κτώμεθα ἐταίρους καὶ ὑεῖς, ἵνα ἐπειδὰν αὐτοὶ πρεσβύτεροι γενόμενοι σφαλλώμεθα, παρόντες ὑμεῖς οἱ νεώτεροι ἐπανορθώτε ἡμῶν τὸν βίον καὶ ἐν ἔργοις καὶ ἐν λόγοις. καὶ νῦν εἴ τι ἐγὼ καὶ [461d] Γοργίας ἐν τοῖς λόγοις σφαλλόμεθα, σὺ παρὼν ἐπανόρθου — δίκαιος δ’ εἶ — καὶ ἐγὼ ἐθέλω τῶν ὁμολογημένων εἶ τί σοι δοκεῖ μὴ καλῶς ὁμολογῆσθαι, ἀναθέσθαι ὅτι ἂν σὺ βούλῃ, ἐάν μοι ἐν μόνον φυλάττῃς.

Πῶλος: τί τοῦτο λέγεις;

Σωκράτης: τὴν μακρολογίαν, ὦ Πῶλε, ἣν καθέρξης, ἥ τὸ πρῶτον ἐπεχείρησας χρῆσθαι.

Πῶλος: τί δέ; οὐκ ἐξέσται μοι λέγειν ὅποσα ἂν βούλωμαι; [461e]

Σωκράτης: δεινὰ μεντὰν πάθοις, ὦ βέλτιστε, εἰ Ἀθήναζε ἀφικόμενος, οὗ τῆς Ἑλλάδος πλείστη ἐστὶν ἐξουσία τοῦ λέγειν, ἔπειτα σὺ ἐνταῦθα τούτου μόνος ἀτυχήσῃς. ἀλλὰ ἀντίθες τοι: σοῦ μακρὰ λέγοντος καὶ μὴ ἐθέλοντος τὸ ἐρωτώμενον ἀποκρίνεσθαι, οὐ δεινὰ ἂν αὐτὸ ἐγὼ πάθοιμι, εἰ μὴ ἐξέσται [462a] μοι ἀπιέναι καὶ μὴ ἀκούειν σου; ἀλλ’ εἴ τι κήδη τοῦ λόγου τοῦ εἰρημένου καὶ ἐπανορθώσασθαι αὐτὸν βούλει, ὥσπερ νυνδὴ ἔλεγον, ἀναθέμενος ὅτι σοι δοκεῖ, ἐν τῷ μέρει ἐρωτῶν τε καὶ ἐρωτώμενος, ὥσπερ ἐγὼ τε καὶ

Γοργίας, ἔλεγχε τε καὶ ἐλέγχου. φῆς γὰρ δήπου καὶ σὺ ἐπίστασθαι ἅπερ Γοργίας ἢ οὐ;

Πῶλος: ἔγωγε.

Σωκράτης: οὐκοῦν καὶ σὺ κελεύεις σαυτὸν ἐρωτᾶν ἐκάστοτε ὅτι ἂν τις βούληται, ὥς ἐπιστάμενος ἀποκρίνεσθαι;

Πῶλος: πάνυ μὲν οὖν. [462b]

Σωκράτης: καὶ νῦν δὴ τούτων ὁπότερον βούλει ποίει, ἐρώτα ἢ ἀποκρίνου.

Πῶλος: ἀλλὰ ποιήσω ταῦτα. καὶ μοι ἀπόκριναι, ὃ Σώκρατες: ἐπειδὴ Γοργίας ἀπορεῖν σοι δοκεῖ περὶ τῆς ῥητορικῆς, σὺ αὐτὴν τίνα φῆς εἶναι;

Σωκράτης: ἄρα ἐρωτᾷς ἥντινα τέχνην φημὶ εἶναι;

Πῶλος: ἔγωγε.

Σωκράτης: οὐδεμία ἔμοιγε δοκεῖ, ὦ Πῶλε, ὥς γε πρὸς σὲ τάληθῃ εἰρησθαι.

Πῶλος: ἀλλὰ τί σοι δοκεῖ ἡ ῥητορικὴ εἶναι;

Σωκράτης: πρᾶγμα ὃ φῆς σὺ ποιῆσαι τέχνην ἐν τῷ συγγράμματι [462c] ὃ ἐγὼ ἔναγχος ἀνέγνω.

Πῶλος: τί τοῦτο λέγεις;

Σωκράτης: ἐμπειρίαν ἔγωγέ τινα.

Πῶλος: ἐμπειρία ἄρα σοι δοκεῖ ἡ ῥητορικὴ εἶναι;

Σωκράτης: ἔμοιγε, εἰ μὴ τι σὺ ἄλλο λέγεις.

Πῶλος: τίνος ἐμπειρία;

Σωκράτης: χάριτός τινος καὶ ἡδονῆς ἀπεργασίας.

Πῶλος: οὐκοῦν καλὸν σοι δοκεῖ ἡ ῥητορικὴ εἶναι, χαρίζεσθαι οἷόν τε εἶναι ἀνθρώποις;

Σωκράτης: τί δέ, ὦ Πῶλε; ἤδη πέπυσαι παρ' ἐμοῦ ὅτι φημί [462d] αὐτὴν εἶναι, ὥστε τὸ μετὰ τοῦτο ἐρωτᾷς εἰ οὐ καλὴ μοι δοκεῖ εἶναι;

Πῶλος: οὐ γὰρ πέπυσμαι ὅτι ἐμπειρίαν τινὰ αὐτὴν φῆς εἶναι;

Σωκράτης: βούλει οὖν, ἐπειδὴ τιμᾷς τὸ χαρίζεσθαι, σμικρόν τί μοι χαρίσασθαι;

Πῶλος: ἔγωγε.

Σωκράτης: ἐροῦ νῦν με, ὁποιοία ἦτις μοι δοκεῖ τέχνη εἶναι.

Πῶλος: ἐρωτῶ δὴ, τίς τέχνη ὁποιοία;

Σωκράτης: οὐδεμία, ὦ Πῶλε.

Πῶλος: ἀλλὰ τί; φάθι.

Σωκράτης: φημί δὴ, ἐμπειρία τις.

Πῶλος: τίς; φάθι.

Σωκράτης: φημί δὴ, χάριτος καὶ ἡδονῆς [462e] ἀπεργασίας, ὦ Πῶλε.

Πῶλος: ταῦτόν ἄρ' ἐστὶν ὁποιοία καὶ ῥητορική;

Σωκράτης: οὐδαμῶς γε, ἀλλὰ τῆς αὐτῆς μὲν ἐπιτηδεύσεως μόριον.

Πῶλος: τίνος λέγεις ταύτης;

Σωκράτης: μὴ ἀγροικότερον ἢ τὸ ἀληθὲς εἰπεῖν: ὁκνῶ γὰρ Γοργίου ἔνεκα λέγειν, μὴ οἴηταί με διακωμῶδεῖν τὸ ἑαυτοῦ ἐπιτήδευμα. ἐγὼ δέ, εἰ μὲν τοῦτό ἐστιν ἡ ῥητορική ἣν **Γοργίας:** [463a] ἐπιτηδεύει, οὐκ οἶδα — καὶ γὰρ ἄρτι ἐκ τοῦ λόγου οὐδὲν ἡμῖν καταφανὲς ἐγένετο τί ποτε οὗτος ἡγεῖται — ὁ δ' ἐγὼ καλῶ τὴν ῥητορικήν, πράγματός τινός ἐστι μόριον οὐδενὸς τῶν καλῶν.

Γοργίας: τίνος, ὦ Σώκρατες; εἰπέ: μὴδὲν ἐμὲ αἰσχυνθῆς.

Σωκράτης: δοκεῖ τοίνυν μοι, ὦ Γοργία, εἶναι τι ἐπιτήδευμα τεχνικὸν μὲν οὐ, ψυχῆς δὲ στοχαστικῆς καὶ ἀνδρείας καὶ φύσει δεινῆς προσομιλεῖν τοῖς ἀνθρώποις: καλῶ δὲ αὐτοῦ [463b] ἐγὼ τὸ

κεφάλαιον κολακείαν. ταύτης μοι δοκεῖ τῆς ἐπιτηδεύσεως πολλὰ μὲν καὶ ἄλλα μόρια εἶναι, ἔν δὲ καὶ ἡ ὀψοποιική· ὃ δοκεῖ μὲν εἶναι τέχνη, ὥς δὲ ὁ ἐμὸς λόγος, οὐκ ἔστιν τέχνη ἀλλ' ἐμπειρία καὶ τριβή. ταύτης μόριον καὶ τὴν ῥητορικὴν ἐγὼ καλῶ καὶ τὴν γε κομμωτικὴν καὶ τὴν σοφιστικὴν, τέτταρα ταῦτα μόρια ἐπὶ τέτταρσιν πράγμασιν. εἰ οὖν βούλεται Πῶλος πυνθάνεσθαι, πυνθανέσθω· οὐ γάρ [463c] πω πέπυσται ὅποιόν φημι ἐγὼ τῆς κολακείας μόριον εἶναι τὴν ῥητορικὴν, ἀλλ' αὐτὸν λέληθα οὐπω ἀποκεκριμένος, ὃ δὲ ἐπανερωτᾷ εἰ οὐ καλὸν ἡγοῦμαι εἶναι. ἐγὼ δὲ αὐτῷ οὐκ ἀποκρινοῦμαι πρότερον εἴτε καλὸν εἴτε αἰσχρὸν ἡγοῦμαι εἶναι τὴν ῥητορικὴν πρὶν ἂν πρῶτον ἀποκρίνωμαι ὅτι ἐστίν. οὐ γάρ δίκαιον, ὦ Πῶλε· ἀλλ' εἴπερ βούλει πυνθέσθαι, ἐρώτα ὅποιον μόριον τῆς κολακείας φημὶ εἶναι τὴν ῥητορικὴν.

Πῶλος: ἐρωτῶ δὴ, καὶ ἀπόκρινα ὅποιον μόριον. [463d]

Σωκράτης: ἄρ' οὖν ἂν μάθοις ἀποκριναμένου; ἔστιν γὰρ ἡ ῥητορικὴ κατὰ τὸν ἐμὸν λόγον πολιτικῆς μορίου εἰδωλον.

Πῶλος: τί οὖν; καλὸν ἢ αἰσχρὸν λέγεις αὐτὴν εἶναι;

Σωκράτης: αἰσχρὸν ἔγωγε — τὰ γὰρ κακὰ αἰσχροῦ καλῶ — ἐπειδὴ δεῖ σοι ἀποκρίνασθαι ὥς ἤδη εἰδότι ἃ ἐγὼ λέγω.

Γοργίας: μὰ τὸν Δία, ὦ Σώκρατες, ἀλλ' ἐγὼ οὐδὲ αὐτὸς συνίημι ὅτι λέγεις.

[463e]

Σωκράτης: εἰκότως γε, ὦ Γοργία· οὐδὲν γάρ πω σαφὲς λέγω, Πῶλος δὲ ὅδε νέος ἐστὶ καὶ ὀξύς.

Γοργίας: ἀλλὰ τοῦτον μὲν ἔα, ἐμοὶ δ' εἰπὲ πῶς λέγεις πολιτικῆς μορίου εἰδωλον εἶναι τὴν ῥητορικὴν.

Σωκράτης: ἀλλ' ἐγὼ πειράσομαι φράσαι ὃ γέ μοι φαίνεται εἶναι ἡ ῥητορικὴ· εἰ δὲ μὴ τυγχάνει ὃν τοῦτο, Πῶλος ὅδε [464a] ἐλέγξει. σῶμά που καλεῖς τι καὶ ψυχὴν;

Γοργίας: πῶς γὰρ οὐ;

Σωκράτης: οὐκοῦν καὶ τούτων οἶει τινὰ εἶναι ἐκατέρου εὐεξίαν;

Γοργίας: ἔγωγε.

Σωκράτης: τί δέ; δοκοῦσαν μὲν εὐεξίαν, οὐσαν δ' οὐ; οἷον τοιόνδε λέγω: πολλοὶ δοκοῦσιν εὖ ἔχειν τὰ σώματα, οὓς οὐκ ἂν ῥαδίως αἰσθοιτό τις ὅτι οὐκ εὖ ἔχουσιν, ἀλλ' ἢ ἱατρός τε καὶ τῶν γυμναστικῶν τις.

Γοργίας: ἀληθῆ λέγεις.

Σωκράτης: τὸ τοιοῦτον λέγω καὶ ἐν σώματι εἶναι καὶ ἐν ψυχῇ, ὃ ποιεῖ μὲν δοκεῖν εὖ ἔχειν τὸ σῶμα καὶ τὴν ψυχὴν, [464b] ἔχει δὲ οὐδὲν μᾶλλον.

Γοργίας: ἔστι ταῦτα.

Σωκράτης: φέρε δὴ σοι, ἐὰν δύνωμαι, σαφέστερον ἐπιδείξω ὃ λέγω. δυοῖν ὄντοιν τοῖν πραγμάτοιιν δύο λέγω τέχνας: τὴν μὲν ἐπὶ τῇ ψυχῇ πολιτικὴν καλῶ, τὴν δὲ ἐπὶ σώματι μίαν μὲν οὕτως ὀνομάσαι οὐκ ἔχω σοι, μιᾶς δὲ οὐσης τῆς τοῦ σώματος θεραπείας δύο μόρια λέγω, τὴν μὲν γυμναστικὴν, τὴν δὲ ἱατρικὴν: τῆς δὲ πολιτικῆς ἀντὶ μὲν τῆς γυμναστικῆς τὴν νομοθετικὴν, ἀντίστροφον δὲ τῇ ἱατρικῇ τὴν δικαιοσύνην. [464c] ἐπικοινωνοῦσι μὲν δὴ ἀλλήλαις, ἅτε περὶ τὸ αὐτὸ οὔσαι, ἐκάτεραι τούτων, ἥ τε ἱατρικὴ τῇ γυμναστικῇ καὶ ἡ δικαιοσύνη τῇ νομοθετικῇ: ὅμως δὲ διαφέρουσίν τι ἀλλήλων. τεττάρων δὴ τούτων οὐσῶν, καὶ ἀεὶ πρὸς τὸ βέλτιστον θεραπευουσῶν τῶν μὲν τὸ σῶμα, τῶν δὲ τὴν ψυχὴν, ἡ κολακευτικὴ αἰσθομένη — οὐ γνοῦσα λέγω ἀλλὰ στοχασαμένη — τέτραχα ἑαυτὴν διανείμασα, ὑποδύσα ὑπὸ ἕκαστον τῶν μορίων, προσποιεῖται [464d] εἶναι τοῦτο ὅπερ ὑπέδου, καὶ τοῦ μὲν βελτίστου οὐδὲν φροντίζει, τῷ δὲ ἀεὶ ἡδίστῳ θηρεύεται τὴν ἄνοιαν καὶ ἐξαπατᾷ, ὥστε δοκεῖ πλείστου ἀξία εἶναι. ὑπὸ μὲν οὖν τὴν ἱατρικὴν ἡ ὀψοποικὴ ὑποδέδυκεν, καὶ προσποιεῖται τὰ βέλτιστα σιτία τῷ σώματι εἰδέναι, ὥστ' εἰ δέοι ἐν παισὶ διαγωνίζεσθαι ὀψοποιόν τε καὶ ἱατρόν, ἢ ἐν ἀνδράσιν οὕτως ἀνοήτοις ὥσπερ οἱ παῖδες, πότερος ἐπαΐει περὶ τῶν χρηστῶν σιτίων καὶ [464e] πονηρῶν, ὁ ἱατρός ἢ ὁ ὀψοποιός, λιμῷ ἂν ἀποθανεῖν τὸν ἱατρόν. κολακειάν μὲν οὖν αὐτὸ καλῶ, καὶ αἰσchrόν φημι [465a] εἶναι τὸ τοιοῦτον, ὃ Πῶλε — τοῦτο γὰρ πρὸς σὲ λέγω

— ὅτι τοῦ ἡδέος στοχάζεται ἄνευ τοῦ βελτίστου: τέχνην δὲ αὐτὴν οὐ φημι εἶναι ἀλλ’ ἐμπειρίαν, ὅτι οὐκ ἔχει λόγον οὐδένα ὃ προσφέρει ἃ προσφέρει ὅποῖ’ ἅττα τὴν φύσιν ἐστίν, ὥστε τὴν αἰτίαν ἐκάστου μὴ ἔχειν εἰπεῖν. ἐγὼ δὲ τέχνην οὐ καλῶ ὃ ἂν ἦ ἄλογον πρᾶγμα: τούτων δὲ πέρι εἰ ἀμφισβητεῖς, ἐθέλω ὑποσχεῖν λόγον.

[465b] τῇ μὲν οὖν ἰατρικῇ, ὥσπερ λέγω, ἡ ὀψοποικὴ κολακεία ὑπόκειται: τῇ δὲ γυμναστικῇ κατὰ τὸν αὐτὸν τρόπον τοῦτον ἡ κομμωτική, κακοῦργός τε καὶ ἀπατηλὴ καὶ ἀγεννὴς καὶ ἀνελεύθερος, σχήμασιν καὶ χρώμασιν καὶ λειότητι καὶ ἐσθῆσιν ἀπατῶσα, ὥστε ποιεῖν ἀλλότριον κάλλος ἐφελκομένους τοῦ οἰκείου τοῦ διὰ τῆς γυμναστικῆς ἀμελεῖν. ἴν’ οὖν μὴ μακρολογῶ, ἐθέλω σοι εἰπεῖν ὥσπερ οἱ γεωμέτραι — ἥδη γάρ [465c] ἂν ἴσως ἀκολουθήσαις — ὅτι ὁ κομμωτικὴ πρὸς γυμναστικὴν, τοῦτο σοφιστικὴ πρὸς νομοθετικὴν, καὶ ὅτι ὁ ὀψοποικὴ πρὸς ἰατρικὴν, τοῦτο ῥητορικὴ πρὸς δικαιοσύνην. ὅπερ μέντοι λέγω, διέστηκε μὲν οὕτω φύσει, ἅτε δ’ ἐγγὺς ὄντων φύρονται ἐν τῷ αὐτῷ καὶ περὶ ταῦτα σοφιστὰι καὶ ῥήτορες, καὶ οὐκ ἔχουσιν ὅτι χρήσονται οὔτε αὐτοὶ ἑαυτοῖς οὔτε οἱ ἄλλοι ἄνθρωποι τούτοις. καὶ γὰρ ἂν, εἰ μὴ ἡ ψυχὴ τῷ σώματι [465d] ἐπεστάται, ἀλλ’ αὐτὸ αὐτῷ, καὶ μὴ ὑπὸ ταύτης κατεθεωρεῖτο καὶ διεκρίνετο ἢ τε ὀψοποικὴ καὶ ἡ ἰατρικὴ, ἀλλ’ αὐτὸ τὸ σῶμα ἔκρινε σταθμώμενον ταῖς χάρισι ταῖς πρὸς αὐτό, τὸ τοῦ Ἀναξαγόρου ἂν πολὺ ἦν, ὃ φίλε Πῶλε — σὺ γὰρ τούτων ἔμπειρος — ὁμοῦ ἂν πάντα χρήματα ἐφύρετο ἐν τῷ αὐτῷ, ἀκρίτων ὄντων τῶν τε ἰατρικῶν καὶ ὑγιεινῶν καὶ ὀψοποικῶν. ὁ μὲν οὖν ἐγὼ φημι τὴν ῥητορικὴν εἶναι, ἀκήκοας: ἀντίστροφον [465e] ὀψοποιίας ἐν ψυχῇ, ὥς ἐκεῖνο ἐν σώματι. ἴσως μὲν οὖν ἄτοπον πεποίηκα, ὅτι σε οὐκ ἐὼν μακροῦς λόγους λέγειν αὐτὸς συχνὸν λόγον ἀποτέτακα. ἄξιον μὲν οὖν ἐμοὶ συγγνώμην ἔχειν ἐστίν: λέγοντος γάρ μου βραχέα οὐκ ἐμάνθανες, οὐδὲ χρῆσθαι τῇ ἀποκρίσει ἦν σοι ἀπεκρινάμην οὐδὲν οἷός τ’ ἦσθα, ἀλλ’ ἐδέου διηγήσεως. εἰ μὲν οὖν καὶ [466a] ἐγὼ σοῦ ἀποκρινομένου μὴ ἔχω ὅτι χρήσωμαι, ἀπότεινε καὶ σὺ λόγον, εἰ δὲ ἔχω, ἔα με χρῆσθαι: δίκαιον γάρ. καὶ νῦν ταύτῃ τῇ ἀποκρίσει εἴ τι ἔχεις χρῆσθαι, χρῶ.

Πῶλος: τί οὖν φῆς; κολακεία δοκεῖ σοι εἶναι ἡ ῥητορικὴ;

Σωκράτης: κολακείας μὲν οὖν ἔγωγε εἶπον μόριον. ἀλλ’ οὐ

μνημονεύεις τηλικούτος ὢν, ὦ Πῶλε; τί τάχα δράσεις;

Πῶλος: ἄρ' οὖν δοκοῦσί σοι ὡς κόλακες ἐν ταῖς πόλεσι φαῦλοι νομίζεσθαι οἱ ἀγαθοὶ ῥήτορες; [466b]

Σωκράτης: ἐρώτημα τοῦτ' ἐρωτᾷς ἢ λόγου τινὸς ἀρχὴν λέγεις;

Πῶλος: ἐρωτῶ ἔγωγε.

Σωκράτης: οὐδὲ νομίζεσθαι ἔμοιγε δοκοῦσιν.

Πῶλος: πῶς οὐ νομίζεσθαι; οὐ μέγιστον δύνανται ἐν ταῖς πόλεσιν;

Σωκράτης: οὐκ, εἰ τὸ δύνασθαι γε λέγεις ἀγαθόν τι εἶναι τῷ δυναμένῳ.

Πῶλος: ἀλλὰ μὴν λέγω γε.

Σωκράτης: ἐλάχιστον τοίνυν μοι δοκοῦσι τῶν ἐν τῇ πόλει δύνασθαι οἱ ῥήτορες.

Πῶλος: τί δέ; οὐχ, ὥσπερ οἱ τύραννοι, ἀποκτεινύασιν τε [466c] ὃν ἂν βούλωνται, καὶ ἀφαιροῦνται χρήματα καὶ ἐκβάλλουσιν ἐκ τῶν πόλεων ὃν ἂν δοκῇ αὐτοῖς;

Σωκράτης: νῆ τὸν κύνα, ἀμφιγνοῶ μέντοι, ὦ Πῶλε, ἐφ' ἐκάστου ὧν λέγεις πότερον αὐτὸς ταῦτα λέγεις καὶ γνώμην σαυτοῦ ἀποφαίνει, ἢ ἐμὲ ἐρωτᾷς.

Πῶλος: ἀλλ' ἔγωγε σὲ ἐρωτῶ.

Σωκράτης: εἶεν, ὦ φίλε: ἔπειτα δύο ἅμα με ἐρωτᾷς;

Πῶλος: πῶς δύο;

Σωκράτης: οὐκ ἄρτι οὕτω πῶς ἔλεγες: “ἢ οὐχὶ ἀποκτεινύασιν [466d] οἱ ῥήτορες οὓς ἂν βούλωνται, ὥσπερ οἱ τύραννοι, καὶ χρήματα ἀφαιροῦνται καὶ ἐξελαύνουσιν ἐκ τῶν πόλεων ὃν ἂν δοκῇ αὐτοῖς;”

Πῶλος: ἔγωγε.

Σωκράτης: λέγω τοίνυν σοι ὅτι δύο ταῦτ' ἐστὶν τὰ ἐρωτήματα, καὶ

ἀποκρinoμαι γέ σοι πρὸς ἀμφοτέρω. φημί γάρ, ὦ Πῶλε, ἐγὼ καὶ τοὺς ῥήτορας καὶ τοὺς τυράννους δύνασθαι μὲν ἐν ταῖς πόλεσιν σμικρότατον, ὥσπερ νυνδὴ ἔλεγον: οὐδὲν [466e] γὰρ ποιεῖν ὧν βούλονται ὡς ἔπος εἰπεῖν, ποιεῖν μέντοι ὅτι ἂν αὐτοῖς δόξη βέλτιστον εἶναι.

Πῶλος: οὐκοῦν τοῦτο ἔστιν τὸ μέγα δύνασθαι;

Σωκράτης: οὐχ, ὥς γέ φησιν Πῶλος.

Πῶλος: ἐγὼ οὐ φημι; φημί μὲν οὖν ἔγωγε.

Σωκράτης: μὰ τὸν — οὐ σύ γε, ἐπεὶ τὸ μέγα δύνασθαι ἔφης ἀγαθὸν εἶναι τῷ δυναμένῳ.

Πῶλος: φημί γὰρ οὖν.

Σωκράτης: ἀγαθὸν οὖν οἶε εἶναι, ἐάν τις ποιῇ ταῦτα ἃ ἂν δοκῇ αὐτῷ βέλτιστα εἶναι, νοῦν μὴ ἔχων; καὶ τοῦτο καλεῖς σὺ μέγα δύνασθαι;

Πῶλος: οὐκ ἔγωγε.

Σωκράτης: οὐκοῦν ἀποδείξεις τοὺς ῥήτορας νοῦν ἔχοντας καὶ [467a] τέχνην τὴν ῥητορικὴν ἀλλὰ μὴ κολακείαν, ἐμὲ ἐξελέγξας; εἰ δέ με ἐάσεις ἀνέλεγκτον, οἱ ῥήτορες οἱ ποιοῦντες ἐν ταῖς πόλεσιν ἃ δοκεῖ αὐτοῖς καὶ οἱ τύραννοι οὐδὲν ἀγαθὸν τοῦτο κεκτήσονται, ἢ δὲ δυνάμεις ἐστίν, ὡς σὺ φῆς, ἀγαθόν, τὸ δὲ ποιεῖν ἄνευ νοῦ ἃ δοκεῖ καὶ σὺ ὁμολογεῖς κακὸν εἶναι: ἢ οὐ;

Πῶλος: ἔγωγε.

Σωκράτης: πῶς ἂν οὖν οἱ ῥήτορες μέγα δύναιτο ἢ οἱ τύραννοι ἐν ταῖς πόλεσιν, ἐὰν μὴ Σωκράτης ἐξελεγχθῇ ὑπὸ Πῶλου ὅτι ποιοῦσιν ἃ βούλονται; [467b]

Πῶλος: οὗτος ἀνὴρ —

Σωκράτης: οὐ φημι ποιεῖν αὐτοὺς ἃ βούλονται: ἀλλὰ μ' ἔλεγε.

Πῶλος: οὐκ ἄρτι ὁμολόγεις ποιεῖν ἃ δοκεῖ αὐτοῖς βέλτιστα εἶναι,

[τούτου πρόσθεν];

Σωκράτης: καὶ γὰρ νῦν ὁμολογῶ.

Πῶλος: οὐκ οὖν ποιοῦσιν ἅ βούλονται;

Σωκράτης: οὐ φημι.

Πῶλος: ποιοῦντες ἃ δοκεῖ αὐτοῖς;

Σωκράτης: φημί.

Πῶλος: σχέτλιά γε λέγεις καὶ ὑπερφυῆ, ὦ Σώκρατες.

Σωκράτης: μὴ κακηγόρει, ὦ λῶστε Πῶλε, ἵνα προσείπω σε [467c] κατὰ σέ: ἄλλ' εἰ μὲν ἔχεις ἐμὲ ἐρωτᾶν, ἐπίδειξον ὅτι ψεύδομαι, εἰ δὲ μή, αὐτὸς ἀποκρίνου.

Πῶλος: ἄλλ' ἐθέλω ἀποκρίνεσθαι, ἵνα καὶ εἰδῶ ὅτι λέγεις.

Σωκράτης: πότερον οὖν σοι δοκοῦσιν οἱ ἄνθρωποι τοῦτο βούλεσθαι ὃ ἂν πράττωσιν ἐκάστοτε, ἢ ἐκεῖνο οὗ ἕνεκα πράττουσιν τοῦθ' ὃ πράττουσιν; οἷον οἱ τὰ φάρμακα πίνοντες παρὰ τῶν ἱατρῶν πότερόν σοι δοκοῦσιν τοῦτο βούλεσθαι ὅπερ ποιοῦσιν, πίνειν τὸ φάρμακον καὶ ἀλγεῖν, ἢ ἐκεῖνο, τὸ ὑγιαίνειν, οὗ ἕνεκα πίνουσιν;

Πῶλος: δῆλον ὅτι τὸ [467d] ὑγιαίνειν.

Σωκράτης: οὐκοῦν καὶ οἱ πλεοντές τε καὶ τὸν ἄλλον χρηματισμὸν χρηματιζόμενοι οὐ τοῦτό ἐστιν ὃ βούλονται, ὃ ποιοῦσιν ἐκάστοτε τίς γὰρ βούλεται πλεῖν τε καὶ κινδυνεύειν καὶ πράγματ' ἔχειν; ἄλλ' ἐκεῖνο οἶμαι οὗ ἕνεκα πλέουσιν, πλουτεῖν: πλούτου γὰρ ἕνεκα πλέουσιν.

Πῶλος: πάνυ γε.

Σωκράτης: ἄλλο τι οὖν οὕτω καὶ περὶ πάντων; ἐάν τίς τι πράττη ἕνεκά του, οὐ τοῦτο βούλεται ὃ πράττει, ἀλλ' ἐκεῖνο [467e] οὗ ἕνεκα πράττει;

Πῶλος: ναί.

Σωκράτης: ἄρ' οὖν ἔστιν τι τῶν ὄντων ὃ οὐχὶ ἤτοι ἀγαθὸν γ' ἐστὶν ἢ κακὸν ἢ μεταξὺ τούτων, οὔτε ἀγαθὸν οὔτε κακόν;

Πῶλος: πολλὴ ἀνάγκη, ὦ Σώκρατες.

Σωκράτης: οὐκοῦν λέγεις εἶναι ἀγαθὸν μὲν σοφίαν τε καὶ ὑγίειαν καὶ πλοῦτον καὶ τᾶλλα τὰ τοιαῦτα, κακὰ δὲ τὰναντία τούτων;

Πῶλος: ἔγωγε.

Σωκράτης: τὰ δὲ μήτε ἀγαθὰ μήτε κακὰ ἄρα τοιάδε λέγεις, ἃ ἐνίστε μὲν μετέχει τοῦ ἀγαθοῦ, [468a] ἐνίστε δὲ τοῦ κακοῦ, ἐνίστε δὲ οὐδετέρου, οἷον καθῆσθαι καὶ βαδίζειν καὶ τρέχειν καὶ πλεῖν, καὶ οἷον αὖ λίθους καὶ ξύλα καὶ τᾶλλα τὰ τοιαῦτα; οὐ ταῦτα λέγεις; ἢ ἄλλ' ἅττα καλεῖς τὰ μήτε ἀγαθὰ μήτε κακὰ;

Πῶλος: οὐκ, ἀλλὰ ταῦτα.

Σωκράτης: πότερον οὖν τὰ μεταξὺ ταῦτα ἔνεκα τῶν ἀγαθῶν πράττουσιν ὅταν πράττωσιν, ἢ τὰγαθὰ τῶν μεταξὺ;

Πῶλος: τὰ [468b] μεταξὺ δήπου τῶν ἀγαθῶν.

Σωκράτης: τὸ ἀγαθὸν ἄρα διώκοντες καὶ βαδίζομεν ὅταν βαδίζωμεν, οἰόμενοι βέλτιον εἶναι, καὶ τὸ ἐναντίον ἔσταμεν ὅταν ἐστῶμεν, τοῦ αὐτοῦ ἔνεκα, τοῦ ἀγαθοῦ; ἢ οὐ;

Πῶλος: ναί.

Σωκράτης: οὐκοῦν καὶ ἀποκτείνουμεν, εἴ τιν' ἀποκτείνουμεν, καὶ ἐκβάλλομεν καὶ ἀφαιρούμεθα χρήματα, οἰόμενοι ἁμείνον εἶναι ἡμῖν ταῦτα ποιεῖν ἢ μή;

Πῶλος: πάνυ γε.

Σωκράτης: ἔνεκ' ἄρα τοῦ ἀγαθοῦ ἅπαντα ταῦτα ποιοῦσιν οἱ ποιοῦντες.

Πῶλος: φημί.

Σωκράτης: οὐκοῦν ὁμολογήσαμεν, ἃ ἔνεκά του ποιοῦμεν, μὴ ἐκεῖνα βούλεσθαι, [468c] ἀλλ' ἐκεῖνο οὗ ἔνεκα ταῦτα ποιοῦμεν;

Πῶλος: μάλιστα.

Σωκράτης: οὐκ ἄρα σφάττειν βουλόμεθα οὐδ' ἐκβάλλειν ἐκ τῶν πόλεων οὐδὲ χρήματα ἀφαιρεῖσθαι ἀπλῶς οὕτως, ἀλλ' ἐὰν μὲν ὠφέλιμα ἢ ταῦτα, βουλόμεθα πράττειν αὐτά, βλαβερά δὲ ὄντα οὐ βουλόμεθα. τὰ γὰρ ἀγαθὰ βουλόμεθα, ὡς φῆς σύ, τὰ δὲ μήτε ἀγαθὰ μήτε κακὰ οὐ βουλόμεθα, οὐδὲ τὰ κακὰ. ἢ γάρ; ἀληθῆ σοι δοκῶ λέγειν, ὦ Πῶλε, ἢ οὐ; τί οὐκ ἀποκρίνη;

Πῶλος: ἀληθῆ. [468d]

Σωκράτης: οὐκοῦν εἴπερ ταῦτα ὁμολογοῦμεν, εἴ τις ἀποκτείνει τινὰ ἢ ἐκβάλλει ἐκ πόλεως ἢ ἀφαιρεῖται χρήματα, εἴτε τύραννος ὢν εἴτε ῥήτωρ, οἴομενος ἄμεινον εἶναι αὐτῷ, τυγχάνει δὲ ὄν κάκιον, οὗτος δήπου ποιεῖ ἃ δοκεῖ αὐτῷ; ἢ γάρ;

Πῶλος: ναί.

Σωκράτης: ἄρ' οὖν καὶ ἃ βούλεται, εἴπερ τυγχάνει ταῦτα κακὰ ὄντα; τί οὐκ ἀποκρίνη;

Πῶλος: ἀλλ' οὐ μοι δοκεῖ ποιεῖν ἃ βούλεται.

Σωκράτης: ἔστιν οὖν ὅπως ὁ τοιοῦτος [468e] μέγα δύναται ἐν τῇ πόλει ταύτῃ, εἴπερ ἐστὶ τὸ μέγα δύνασθαι ἀγαθόν τι κατὰ τὴν σὴν ὁμολογίαν;

Πῶλος: οὐκ ἔστιν.

Σωκράτης: ἀληθῆ ἄρα ἐγὼ ἔλεγον, λέγων ὅτι ἔστιν ἄνθρωπον ποιοῦντα ἐν πόλει ἃ δοκεῖ αὐτῷ μὴ μέγα δύνασθαι μηδὲ ποιεῖν ἃ βούλεται.

Πῶλος: ὡς δὴ σύ, ὦ Σώκρατες, οὐκ ἂν δέξαιο ἐξεῖναί σοι ποιεῖν ὅτι δοκεῖ σοι ἐν τῇ πόλει μᾶλλον ἢ μή, οὐδὲ ζηλοῖς ὅταν ἴδῃς τινὰ ἢ ἀποκτείναντα ὃν ἔδοξεν αὐτῷ ἢ ἀφελόμενον χρήματα ἢ δήσαντα.

Σωκράτης: δικαίως λέγεις ἢ ἀδίκως; [469a]

Πῶλος: ὁπότερ' ἂν ποιῇ, οὐκ ἀμφοτέρως ζηλωτόν ἐστιν;

Σωκράτης: εὐφήμει, ὦ Πῶλε.

Πῶλος: τί δή;

Σωκράτης: ὅτι οὐ χρή οὔτε τοὺς ἀζηλώτους ζηλοῦν οὔτε τοὺς ἀθλίου, ἀλλ' ἐλεεῖν.

Πῶλος: τί δέ; οὐτῶ σοι δοκεῖ ἔχειν περὶ ὧν ἐγὼ λέγω τῶν ἀνθρώπων;

Σωκράτης: πῶς γὰρ οὐ;

Πῶλος: ὅστις οὖν ἀποκτείνουσιν ὃν ἂν δόξῃ αὐτῷ, δικαίως ἀποκτεινύς, ἄθλιος δοκεῖ σοι εἶναι καὶ ἐλεινός;

Σωκράτης: οὐκ ἔμοιγε, οὐδὲ μέντοι ζηλωτός.

Πῶλος: οὐκ ἄρτι ἄθλιον ἔφησθα εἶναι; [469b]

Σωκράτης: τὸν ἀδίκως γε, ὦ ἑταῖρε, ἀποκτείναντα, καὶ ἐλεινόν γε πρὸς τὸν δὲ δικαίως ἀζήλωτον.

Πῶλος: ἥ που ὃ γε ἀποθνήσκων ἀδίκως ἐλεινός τε καὶ ἄθλιός ἐστιν.

Σωκράτης: ἥττον ἢ ὁ ἀποκτεινύς, ὦ Πῶλε, καὶ ἥττον ἢ ὁ δικαίως ἀποθνήσκων.

Πῶλος: πῶς δῆτα, ὦ Σώκρατες;

Σωκράτης: οὕτως, ὡς μέγιστον τῶν κακῶν τυγχάνει ὃν τὸ ἀδικεῖν.

Πῶλος: ἥ γὰρ τοῦτο μέγιστον; οὐ τὸ ἀδικεῖσθαι μείζον;

Σωκράτης: ἥκιστα γε.

Πῶλος: σὺ ἄρα βούλοιο ἂν ἀδικεῖσθαι μᾶλλον ἢ ἀδικεῖν; [469c]

Σωκράτης: βουλοίμην μὲν ἂν ἔγωγε οὐδέτερα: εἰ δ' ἀναγκαῖον εἴη ἀδικεῖν ἢ ἀδικεῖσθαι, ἐλοίμην ἂν μᾶλλον ἀδικεῖσθαι ἢ ἀδικεῖν.

Πῶλος: σὺ ἄρα τυραννεῖν οὐκ ἂν δέξαιο;

Σωκράτης: οὐκ, εἰ τὸ τυραννεῖν γε λέγεις ὅπερ ἐγώ.

Πῶλος: ἀλλ’ ἐγωγε τοῦτο λέγω ὅπερ ἄρτι, ἐξεῖναι ἐν τῇ πόλει, ὃ ἂν δοκῇ αὐτῷ, ποιεῖν τοῦτο, καὶ ἀποκτεινύντι καὶ ἐκβάλλοντι καὶ πάντα πράττοντι κατὰ τὴν αὐτοῦ δόξαν.

Σωκράτης: ὦ μακάριε, ἐμοῦ δὴ λέγοντος τῷ λόγῳ ἐπιλαβοῦ. [469d] εἰ γὰρ ἐγὼ ἐν ἀγορᾷ πληθούσῃ λαβὼν ὑπὸ μάλης ἐγχειρίδιον λέγοιμι πρὸς σέ ὅτι “ὦ Πῶλε, ἐμοὶ δύνάμις τις καὶ τυραννὶς θαυμασία ἄρτι προσγέγονεν: ἐὰν γὰρ ἄρα ἐμοὶ δόξη τινὰ τουτωνὶ τῶν ἀνθρώπων ὧν σὺ ὀρᾷς αὐτίκα μάλα δεῖν τεθνάναι, τεθνήξει οὗτος ὢν ἂν δόξη: κἄν τινα δόξη μοι τῆς κεφαλῆς αὐτῶν καταγῆναι δεῖν, κατεαγὼς ἔσται αὐτίκα μάλα, κἄν θοιμάτιον διεσχίσθαι, διεσχισμένον ἔσται — οὕτω [469e] μέγα ἐγὼ δύναμαι ἐν τῇδε τῇ πόλει,” εἰ οὖν ἀπιστοῦντί σοι δείξαμι τὸ ἐγχειρίδιον, ἴσως ἂν εἴποις ἰδὼν ὅτι “ὦ Σώκρατες, οὕτω μὲν πάντες ἂν μέγα δύναιτο, ἐπεὶ κἄν ἐμπρησθεῖη οἰκία τούτῳ τῷ τρόπῳ ἦντινά σοι δοκοῖ, καὶ τὰ γε Ἀθηναίων νεώρια καὶ αἱ τριήρεις καὶ τὰ πλοῖα πάντα καὶ τὰ δημόσια καὶ τὰ ἴδια:” ἀλλ’ οὐκ ἄρα τοῦτ’ ἔστιν τὸ μέγα δύνασθαι, τὸ ποιεῖν ἃ δοκεῖ αὐτῷ: ἢ δοκεῖ σοι;

Πῶλος: οὐ δῆτα οὕτω γε.

[470a]

Σωκράτης: ἔχεις οὖν εἰπεῖν δι’ ὅτι μέμφῃ τὴν τοιαύτην δύναμιν;

Πῶλος: ἐγωγε.

Σωκράτης: τί δῆ; λέγε.

Πῶλος: ὅτι ἀναγκαῖον τὸν οὕτω πράττοντα ζημιοῦσθαί ἐστιν.

Σωκράτης: τὸ δὲ ζημιοῦσθαι οὐ κακόν;

Πῶλος: πάνυ γε.

Σωκράτης: οὐκοῦν, ὦ θαυμάσιε, [τὸ μέγα δύνασθαι] πάλιν αὖ σοι φαίνεται, ἐὰν μὲν πράττοντι ἃ δοκεῖ ἔπῃται τὸ ὠφελίμως πράττειν, ἀγαθὸν τε εἶναι, καὶ τοῦτο, ὥς ἔοικεν, ἐστὶν τὸ μέγα δύνασθαι: εἰ δὲ μή, κακὸν καὶ σμικρὸν δύνασθαι. [470b] σκεψώμεθα δὲ καὶ τόδε: ἄλλο τι ὁμολογοῦμεν ἐνίοτε μὲν ἄμεινον εἶναι ταῦτα ποιεῖν ἢ νυνδὴ ἐλέγομεν, ἀποκτεινύναι τε καὶ ἐξελαύνειν ἀνθρώπους καὶ

ἀφαιρείσθαι χρήματα, ἐνίστε δὲ οὐ;

Πῶλος: πάνυ γε.

Σωκράτης: τοῦτο μὲν δὴ, ὡς ἔοικε, καὶ παρὰ σοῦ καὶ παρ' ἐμοῦ ὁμολογεῖται.

Πῶλος: ναί.

Σωκράτης: πότε οὖν σὺ φῆς ἄμεινον εἶναι ταῦτα ποιεῖν; εἰπὲ τίνα ὅρον ὀρίζῃ.

Πῶλος: σὺ μὲν οὖν, ὦ Σώκρατες, ἀποκρίναι [ταὐτὸ] τοῦτο. [470c]

Σωκράτης: ἐγὼ μὲν τοίνυν φημί, ὦ Πῶλε, εἴ σοι παρ' ἐμοῦ ἡδιόν ἐστιν ἀκούειν, ὅταν μὲν δικαίως τις ταῦτα ποιῇ, ἄμεινον εἶναι, ὅταν δὲ ἀδίκως, κάκιον.

Πῶλος: χαλεπὸν γέ σε ἐλέγξει, ὦ Σώκρατες: ἀλλ' οὐχὶ κἂν παῖς σε ἐλέγξειεν ὅτι οὐκ ἀληθῆ λέγεις;

Σωκράτης: πολλὴν ἄρα ἐγὼ τῷ παιδί χάριν ἔξω, ἴσην δὲ καὶ σοί, ἐάν με ἐλέγξης καὶ ἀπαλλάξης φλυαρίας. ἀλλὰ μὴ κάμης φίλον ἄνδρα εὐεργετῶν, ἀλλ' ἔλεγχε.

Πῶλος: ἀλλὰ μὴν, ὦ Σώκρατες, οὐδέν γέ σε δεῖ παλαιοῖς [470d] πράγμασιν ἐλέγχειν: τὰ γὰρ ἐχθὲς καὶ πρώην γεγονότα ταῦτα ἱκανά σε ἐξελέγξει ἐστὶν καὶ ἀποδείξαι ὡς πολλοὶ ἀδικοῦντες ἄνθρωποι εὐδαίμονες εἰσιν.

Σωκράτης: τὰ ποῖα ταῦτα;

Πῶλος: Ἀρχέλαον δῆπου τοῦτον τὸν Περδίκκου ὀρθῶς ἄρχοντα Μακεδονίας;

Σωκράτης: εἰ δὲ μή, ἀλλ' ἀκούω γε.

Πῶλος: εὐδαίμων οὖν σοι δοκεῖ εἶναι ἢ ἄθλιος;

Σωκράτης: οὐκ οἶδα, ὦ Πῶλε: οὐ γάρ πω συγγέγονα τῷ ἀνδρί. [470e]

Πῶλος: τί δέ; συγγενόμενος ἂν γνοίης, ἄλλως δὲ αὐτόθεν οὐ γινώσκεις ὅτι εὐδαιμονεῖ;

Σωκράτης: μὰ Δί' οὐ δῆτα.

Πῶλος: δῆλον δή, ὃ Σώκρατες, ὅτι οὐδὲ τὸν μέγαν βασιλέα γινώσκειν φήσεις εὐδαίμονα ὄντα.

Σωκράτης: καὶ ἀληθῆ γε ἐρῶ: οὐ γὰρ οἶδα παιδείας ὅπως ἔχει καὶ δικαιοσύνης.

Πῶλος: τί δέ; ἐν τούτῳ ἢ πᾶσα εὐδαιμονία ἐστίν;

Σωκράτης: ὥς γε ἐγὼ λέγω, ὃ Πῶλε: τὸν μὲν γὰρ καλὸν καὶ ἀγαθὸν ἄνδρα καὶ γυναικα εὐδαίμονα εἶναί φημι, τὸν δὲ ἄδικον καὶ πονηρὸν ἄθλιον. [471a]

Πῶλος: ἄθλιος ἄρα οὗτός ἐστιν ὁ Ἀρχέλαος κατὰ τὸν σὸν λόγον;

Σωκράτης: εἴπερ γε, ὃ φίλε, ἄδικος.

Πῶλος: ἀλλὰ μὲν δὴ πῶς οὐκ ἄδικος; ὃ γε προσῆκε μὲν τῆς ἀρχῆς οὐδὲν ἦν νῦν ἔχει, ὄντι ἐκ γυναικὸς ἣ ἦν δούλη Ἀλκέτου τοῦ Περδίκκου ἀδελφοῦ, καὶ κατὰ μὲν τὸ δίκαιον δοῦλος ἦν Ἀλκέτου, καὶ εἰ ἐβούλετο τὰ δίκαια ποιεῖν, ἐδούλευεν ἂν Ἀλκῆτη καὶ ἦν εὐδαίμων κατὰ τὸν σὸν λόγον. νῦν δὲ θαυμασίως ὥς ἄθλιος γέγονεν, ἐπεὶ τὰ μέγιστα ἠδίκηκεν: [471b] ὅς γε πρῶτον μὲν τοῦτον αὐτὸν τὸν δεσπότην καὶ θεῖον μεταπεμψάμενος ὥς ἀποδώσων τὴν ἀρχὴν ἦν Περδίκκας αὐτὸν ἀφείλετο, ξενίσας καὶ καταμεθύσας αὐτόν τε καὶ τὸν υἱὸν αὐτοῦ Ἀλέξανδρον, ἀνεψιὸν αὐτοῦ, σχεδὸν ἡλικιώτην, ἐμβάλων εἰς ἅμαξαν, νύκτωρ ἐξαγαγὼν ἀπέσφαξέν τε καὶ ἠφάνισεν ἀμφοτέρους. καὶ ταῦτα ἀδικήσας ἔλαθεν ἑαυτὸν ἄθλιώτατος γενόμενος καὶ οὐ μετεμέλησεν αὐτῷ, ἀλλ' ὀλίγον [471c] ὕστερον τὸν ἀδελφόν, τὸν γνήσιον τοῦ Περδίκκου υἱόν, παῖδα ὥς ἐπῆτη, οὗ ἢ ἀρχὴ ἐγίνετο κατὰ τὸ δίκαιον, οὐκ ἐβουλήθη εὐδαίμων γενέσθαι δικαίως ἐκθρέψας καὶ ἀποδοῦναι τὴν ἀρχὴν ἐκείνῳ, ἀλλ' εἰς φρέαρ ἐμβάλων καὶ ἀποπνίξας πρὸς τὴν μητέρα αὐτοῦ Κλεοπάτραν χῆνα ἔφη διώκοντα ἐμπεσεῖν καὶ ἀποθανεῖν. τοιγάρτοι νῦν, ἅτε μέγιστα ἠδίκηκώς τῶν ἐν Μακεδονίᾳ, ἀθλιώτατός ἐστιν πάντων Μακεδόνων, ἀλλ' οὐκ εὐδαιμονέστατος, καὶ ἴσως ἐστὶν ὅστις Ἀθηναίων ἀπὸ σοῦ

[471d] ἀρξάμενος δέξαιτ' ἂν ἄλλος ὅστισοῦν Μακεδόνων γενέσθαι μάλλον ἢ Ἀρχέλαος.

Σωκράτης: καὶ κατ' ἀρχὰς τῶν λόγων, ὦ Πῶλε, ἔγωγέ σε ἐπὶ ἤνεστα ὅτι μοι δοκεῖς εὖ πρὸς τὴν ῥητορικὴν πεπαιδεῦσθαι, τοῦ δὲ διαλέγεσθαι ἡμεληκέναι: καὶ νῦν ἄλλο τι οὗτός ἐστιν ὁ λόγος, ὃ με καὶ ἂν παῖς ἐξελέγξαιε, καὶ ἐγὼ ὑπὸ σοῦ νῦν, ὥς σὺ οἶει, ἐξελέγηλγμαι τούτῳ τῷ λόγῳ, φάσκων τὸν ἀδικοῦντα οὐκ εὐδαίμονα εἶναι; πόθεν, ὦγαθέ; καὶ μὴν οὐδὲν γέ σοι τούτων ὁμολογῶ ὢν σὺ φῆς. [471e]

Πῶλος: οὐ γὰρ ἐθέλεις, ἐπεὶ δοκεῖ γέ σοι ὥς ἐγὼ λέγω.

Σωκράτης: ὦ μακάριε, ῥητορικῶς γάρ με ἐπιχειρεῖς ἐλέγχειν, ὥσπερ οἱ ἐν τοῖς δικαστηρίοις ἡγούμενοι ἐλέγχειν. καὶ γὰρ ἐκεῖ οἱ ἕτεροι τοὺς ἐτέρους δοκοῦσιν ἐλέγχειν, ἐπειδὴ τῶν λόγων ὧν ἂν λέγωσι μάρτυρας πολλοὺς παρέχωνται καὶ εὐδοκίμους, ὁ δὲ τὰναντία λέγων ἓνα τινὰ παρέχηται ἢ μηδένα. οὗτος δὲ ὁ ἐλεγχος οὐδενὸς ἄξιός ἐστιν πρὸς τὴν [472a] ἀλήθειαν: ἐνίστε γὰρ ἂν καὶ καταψευδομαρτυρηθεῖη τις ὑπὸ πολλῶν καὶ δοκούντων εἶναι τι. καὶ νῦν περὶ ὧν σὺ λέγεις ὀλίγου σοι πάντες συμφήσουσιν ταῦτα Ἀθηναῖοι καὶ οἱ ξένοι, ἐὰν βούλῃ κατ' ἐμοῦ μάρτυρας παρασχέσθαι ὥς οὐκ ἀληθῆ λέγω: μαρτυρήσουσί σοι, ἐὰν μὲν βούλῃ, Νικίας ὁ Νικηράτου καὶ οἱ ἀδελφοὶ μετ' αὐτοῦ, ὧν οἱ τρίποδες οἱ ἐφεξῆς ἐστῶτές εἰσιν ἐν τῷ Διονυσίῳ, ἐὰν δὲ βούλῃ, Ἀριστοκράτης [472b] ὁ Σκελλίου, οὗ αὖ ἐστιν ἐν Πυθίου τοῦτο τὸ καλὸν ἀνάθημα, ἐὰν δὲ βούλῃ, ἡ Περικλέους ὅλη οἰκία ἢ ἄλλη συγγένεια ἦντινα ἂν βούλῃ τῶν ἐνθάδε ἐκλέξασθαι. ἀλλ' ἐγὼ σοι εἰς ὧν οὐχ ὁμολογῶ: οὐ γάρ με σὺ ἀναγκάζεις, ἀλλὰ ψευδομάρτυρας πολλοὺς κατ' ἐμοῦ παρασχόμενος ἐπιχειρεῖς ἐκβάλλειν με ἐκ τῆς οὐσίας καὶ τοῦ ἀληθοῦς. ἐγὼ δὲ ἂν μὴ σὲ αὐτὸν ἓνα ὄντα μάρτυρα παράσχωμαι ὁμολογοῦντα περὶ ὧν λέγω, οὐδὲν οἶμαι ἄξιον λόγου μοι πεπεράνθαι περὶ ὧν ἂν [472c] ἡμῖν ὁ λόγος ἦ: οἶμαι δὲ οὐδὲ σοί, ἐὰν μὴ ἐγὼ σοι μαρτυρῶ εἰς ὧν μόνος, τοὺς δ' ἄλλους πάντας τούτους χαίρειν ἐᾷς. ἐστιν μὲν οὖν οὗτός τις τρόπος ἐλέγχου, ὥς σὺ τε οἶει καὶ ἄλλοι πολλοί: ἐστιν δὲ καὶ ἄλλος, ὃν ἐγὼ αὖ οἶμαι. παραβαλόντες οὖν παρ' ἀλλήλους σκεψώμεθα εἴ τι διοίσουσιν ἀλλήλων. καὶ γὰρ καὶ τυγχάνει περὶ ὧν ἀμφισβητοῦμεν οὐ πάνυ σμικρὰ ὄντα, ἀλλὰ σχεδόν τι ταῦτα περὶ ὧν εἰδέναι τε κάλλιστον μὴ εἰδέναι τε αἰσχιστον: τὸ γὰρ κεφάλαιον αὐτῶν ἐστιν ἢ

γινώσκειν ἢ ἀγνοεῖν ὅστις τε εὐδαίμων ἐστὶν καὶ [472d] ὅστις μή. αὐτίκα πρῶτον, περὶ οὗ νῦν ὁ λόγος ἐστίν, σὺ ἡγῇ οἷόν τε εἶναι μακάριον ἄνδρα ἀδικοῦντά τε καὶ ἄδικον ὄντα, εἴπερ Ἀρχέλαον ἄδικον μὲν ἡγῇ εἶναι, εὐδαίμονα δέ. ἄλλο τι ὡς οὕτω σου νομίζοντος διανοώμεθα;

Πῶλος: πάνυ γε.

Σωκράτης: ἐγὼ δέ φημι ἀδύνατον. ἐν μὲν τουτὶ ἀμφισβητοῦμεν. εἶεν: ἀδικῶν δὲ δὴ εὐδαίμων ἔσται ἄρ', ἂν τυγχάνῃ δίκης τε καὶ τιμωρίας;

Πῶλος: ἥκιστα γε, ἐπεὶ οὕτω γ' ἂν ἀθλιώτατος εἴη. [472e]

Σωκράτης: ἀλλ' ἐὰν ἄρα μὴ τυγχάνῃ δίκης ὁ ἀδικῶν, κατὰ τὸν σὸν λόγον εὐδαίμων ἔσται;

Πῶλος: φημί.

Σωκράτης: κατὰ δέ γε τὴν ἐμὴν δόξαν, ὃ Πῶλε, ὁ ἀδικῶν τε καὶ ὁ ἄδικος πάντως μὲν ἄθλιος, ἀθλιώτερος μέντοι ἐὰν μὴ διδῷ δίκην μηδὲ τυγχάνῃ τιμωρίας ἀδικῶν, ἥττον δὲ ἄθλιος ἐὰν διδῷ δίκην καὶ τυγχάνῃ δίκης ὑπὸ θεῶν τε καὶ ἀνθρώπων. [473a]

Πῶλος: ἄτοπά γε, ὃ Σώκρατες, ἐπιχειρεῖς λέγειν.

Σωκράτης: πειράσομαι δέ γε καὶ σὲ ποιῆσαι, ὃ ἐταῖρε, ταῦτά ἐμοὶ λέγειν: φίλον γάρ σε ἡγοῦμαι. νῦν μὲν οὖν ἃ διαφερόμεθα ταῦτ' ἐστίν: σκόπει δὲ καὶ σύ. εἶπον ἐγὼ που ἐν τοῖς ἔμπροσθεν τὸ ἀδικεῖν τοῦ ἀδικεῖσθαι κάκιον εἶναι.

Πῶλος: πάνυ γε.

Σωκράτης: σὺ δὲ τὸ ἀδικεῖσθαι.

Πῶλος: ναί.

Σωκράτης: καὶ τοὺς ἀδικοῦντας ἀθλίους ἔφην εἶναι ἐγώ, καὶ ἐξηλέγχθην ὑπὸ σοῦ.

Πῶλος: ναὶ μὰ Δία. [473b]

Σωκράτης: ὥς σύ γε οἶει, ὦ Πῶλε.

Πῶλος: ἀληθῆ γε οἰόμενος.

Σωκράτης: ἴσως. σὺ δέ γε εὐδαίμονας αὖ τοὺς ἀδικοῦντας, ἐὰν μὴ διδῶσι δίκην.

Πῶλος: πάνυ μὲν οὖν.

Σωκράτης: ἐγὼ δέ γε αὐτοὺς ἀθλιωτάτους φημί, τοὺς δὲ διδόντας δίκην ἦττον. βούλει καὶ τοῦτο ἐλέγχειν;

Πῶλος: ἀλλ' ἔτι τοῦτ' ἐκείνου χαλεπώτερόν ἐστιν, ὃ Σώκρατες, ἐξελέγξαι.

Σωκράτης: οὐ δῆτα, ὦ Πῶλε, ἀλλ' ἀδύνατον: τὸ γὰρ ἀληθές οὐδέποτε ἐλέγχεται.

Πῶλος: πῶς λέγεις; ἐὰν ἀδικῶν ἄνθρωπος ληφθῇ τυραννίδι [473c] ἐπιβουλεύων, καὶ ληφθεὶς στρεβλῶται καὶ ἐκτέμνηται καὶ τοὺς ὀφθαλμοὺς ἐκκάρηται, καὶ ἄλλας πολλὰς καὶ μεγάλας καὶ παντοδαπὰς λῶβας αὐτός τε λωβηθεὶς καὶ τοὺς αὐτοῦ ἐπιδὼν παῖδας τε καὶ γυναῖκα τὸ ἔσχατον ἀνασταυρωθῇ ἢ καταπιττωθῇ, οὗτος εὐδαιμονέστερος ἔσται ἢ ἐὰν διαφυγὼν τύραννος καταστῇ καὶ ἄρχων ἐν τῇ πόλει διαβιῶ ποιῶν ὅτι ἂν βούληται, ζηλωτὸς ὢν καὶ εὐδαιμονιζόμενος ὑπὸ τῶν [473d] πολιτῶν καὶ τῶν ἄλλων ξένων; ταῦτα λέγεις ἀδύνατον εἶναι ἐξελέγχειν;

Σωκράτης: μορμολύττη αὖ, ὦ γενναῖε Πῶλε, καὶ οὐκ ἐλέγχεις: ἄρτι δὲ ἐμαρτύρου. ὅμως δὲ ὑπόμνησόν με σμικρόν. ἐὰν ἀδίκως ἐπιβουλεύων τυραννίδι, εἶπες;

Πῶλος: ἔγωγε.

Σωκράτης: εὐδαιμονέστερος μὲν τοίνυν οὐδέποτε ἔσται οὐδέτερος αὐτῶν, οὔτε ὁ κατειργασμένος τὴν τυραννίδα ἀδίκως οὔτε ὁ διδοὺς δίκην — δυοῖν γὰρ ἀθλίοιιν εὐδαιμονέστερος μὲν [473e] οὐκ ἂν εἴη — ἀθλιώτερος μέντοι ὁ διαφεύγων καὶ τυραννεύσας. τί τοῦτο, ὦ Πῶλε; γελάς; ἄλλο αὖ τοῦτο εἶδος ἐλέγχου ἐστίν, ἐπειδάν τις τι εἴπη, καταγελᾶν, ἐλέγχειν δὲ μή;

Πῶλος: οὐκ οἶει ἐξεληλέγχθαι, ὃ Σώκρατες, ὅταν τοιαῦτα λέγῃς ἃ οὐδεὶς ἂν φήσειεν ἀνθρώπων; ἐπεὶ ἐροῦ τίνα τουτωνί.

Σωκράτης: ὃ Πῶλε, οὐκ εἰμὶ τῶν πολιτικῶν, καὶ πέρυσσι βουλευεῖν λαχὼν, ἐπειδὴ ἡ φυλὴ ἐπρυτάνευε καὶ ἔδει με ἐπιψηφίζεин, [474a] γέλωτα παρεῖχον καὶ οὐκ ἠπιστάμην ἐπιψηφίζεин. μὴ οὖν μὴδὲ νῦν με κέλευε ἐπιψηφίζεин τοὺς παρόντας, ἀλλ' εἰ μὴ ἔχεις τούτων βελτίω ἔλεγχον, ὅπερ νυνδὴ ἐγὼ ἔλεγον, ἐμοὶ ἐν τῷ μέρει παράδος, καὶ πείρασαι τοῦ ἐλέγχου οἷον ἐγὼ οἶμαι δεῖν εἶναι. ἐγὼ γὰρ ὦν ἂν λέγω ἕνα μὲν παρασχέσθαι μάρτυρα ἐπίσταμαι, αὐτὸν πρὸς ὃν ἂν μοι ὁ λόγος ᾗ, τοὺς δὲ πολλοὺς ἐὼ χαίρειν, καὶ ἕνα ἐπιψηφίζεин ἐπίσταμαι, τοῖς δὲ [474b] πολλοῖς οὐδὲ διαλέγομαι. ὅρα οὖν εἰ ἐθελήσεις ἐν τῷ μέρει διδόναι ἔλεγχον ἀποκρινόμενος τὰ ἐρωτώμενα. ἐγὼ γὰρ δὴ οἶμαι καὶ ἐμὲ καὶ σὲ καὶ τοὺς ἄλλους ἀνθρώπους τὸ ἀδικεῖν τοῦ ἀδικεῖσθαι κάκιον ἡγεῖσθαι καὶ τὸ μὴ διδόναι δίκην τοῦ διδόναι.

Πῶλος: ἐγὼ δέ γε οὐτ' ἐμὲ οὐτ' ἄλλον ἀνθρώπων οὐδένα. ἐπεὶ σὺ δέξαι' ἂν μᾶλλον ἀδικεῖσθαι ἢ ἀδικεῖν;

Σωκράτης: καὶ σύ γ' ἂν καὶ οἱ ἄλλοι πάντες.

Πῶλος: πολλοῦ γε δεῖ, ἀλλ' οὐτ' ἐγὼ οὔτε σὺ οὐτ' ἄλλος οὐδεὶς. [474c]

Σωκράτης: οὐκουν ἀποκρινῇ;

Πῶλος: πάντῳ μὲν οὖν: καὶ γὰρ ἐπιθυμῶ εἰδέναί ὅτι ποτ' ἐρεῖς.

Σωκράτης: λέγε δὴ μοι, ἴν' εἰδῇς, ὥσπερ ἂν εἰ ἐξ ἀρχῆς σε ἡρώτων: πότερον δοκεῖ σοι, ὃ Πῶλε, κάκιον εἶναι, τὸ ἀδικεῖν ἢ τὸ ἀδικεῖσθαι;

Πῶλος: τὸ ἀδικεῖσθαι ἔμοιγε.

Σωκράτης: τί δὲ δὴ; αἴσχιον πότερον τὸ ἀδικεῖν ἢ τὸ ἀδικεῖσθαι; ἀποκρίνου.

Πῶλος: τὸ ἀδικεῖν.

Σωκράτης: οὐκοῦν καὶ κάκιον, εἵπερ αἴσχιον.

Πῶλος: ἥκιστα γε.

Σωκράτης: μανθάνω: οὐ [474d] ταῦτόν ἡγῆ σύ, ὥς ἔοικας, καλόν τε καὶ ἀγαθὸν καὶ κακὸν καὶ αἰσχρόν.

Πῶλος: οὐ δῆτα.

Σωκράτης: τί δὲ τόδε; τὰ καλὰ πάντα, οἶον καὶ σώματα καὶ χρώματα καὶ σχήματα καὶ φωνὰς καὶ ἐπιτηδεύματα, εἰς οὐδὲν ἀποβλέπων καλεῖς ἐκάστοτε καλά; οἶον πρῶτον τὰ σώματα τὰ καλὰ οὐχὶ ἥτοι κατὰ τὴν χρεῖαν λέγεις καλὰ εἶναι, πρὸς ὃ ἂν ἕκαστον χρήσιμον ᾖ, πρὸς τοῦτο, ἢ κατὰ ἡδονήν τινα, ἐὰν ἐν τῷ θεωρεῖσθαι χαίρειν ποιῇ τοὺς θεωροῦντας; ἔχεις τι ἐκτὸς τούτων λέγειν περὶ σώματος κάλλους; [474e]

Πῶλος: οὐκ ἔχω.

Σωκράτης: οὐκοῦν καὶ τᾶλλα πάντα οὕτω καὶ σχήματα καὶ χρώματα ἢ διὰ ἡδονήν τινα ἢ διὰ ὠφελίαν ἢ δι' ἀμφοτέρω καλὰ προσαγορεύεις;

Πῶλος: ἔγωγε.

Σωκράτης: οὐ καὶ τὰς φωνὰς καὶ τὰ κατὰ τὴν μουσικὴν πάντα ὡσαύτως;

Πῶλος: ναί.

Σωκράτης: καὶ μὴν τά γε κατὰ τοὺς νόμους καὶ τὰ ἐπιτηδεύματα οὐ δήπου ἐκτὸς τούτων ἐστίν, τὰ καλά, τοῦ ἢ ὠφέλιμα εἶναι ἢ ἡδέα ἢ ἀμφοτέρω. [475a]

Πῶλος: οὐκ ἔμοιγε δοκεῖ.

Σωκράτης: οὐκοῦν καὶ τὸ τῶν μαθημάτων κάλλος ὡσαύτως;

Πῶλος: πάνυ γε: καὶ καλῶς γε νῦν ὀρίζη, ὦ Σώκρατες, ἡδονῇ τε καὶ ἀγαθῷ ὀριζόμενος τὸ καλόν.

Σωκράτης: οὐκοῦν τὸ αἰσχρόν τῷ ἐναντίῳ, λύπῃ τε καὶ κακῷ;

Πῶλος: ἀνάγκη.

Σωκράτης: ὅταν ἄρα δυοῖν καλοῖν θάτερον κάλλιον ἢ, ἢ τῷ ἐτέρῳ τούτοις ἢ ἀμφοτέροις ὑπερβάλλον κάλλιον ἐστίν, ἤτοι ἡδονῇ ἢ ὠφελίᾳ ἢ ἀμφοτέροις.

Πῶλος: πάνυ γε.

Σωκράτης: καὶ ὅταν δὲ δὴ δυοῖν αἰσχροῖν τὸ [475b] ἕτερον αἴσχιον ἢ, ἤτοι λύπῃ ἢ κακῷ ὑπερβάλλον αἴσχιον ἔσται: ἢ οὐκ ἀνάγκη;

Πῶλος: ναί.

Σωκράτης: φέρε δὴ, πῶς ἐλέγετο νυνδὴ περὶ τοῦ ἀδικεῖν καὶ ἀδικεῖσθαι; οὐκ ἔλεγες τὸ μὲν ἀδικεῖσθαι κάκιον εἶναι, τὸ δὲ ἀδικεῖν αἴσχιον;

Πῶλος: ἔλεγον.

Σωκράτης: οὐκοῦν εἴπερ αἴσχιον τὸ ἀδικεῖν τοῦ ἀδικεῖσθαι, ἤτοι λυπηρότερόν ἐστιν καὶ λύπη ὑπερβάλλον αἴσχιον ἂν εἴη ἢ κακῷ ἢ ἀμφοτέροις; οὐ καὶ τοῦτο ἀνάγκη;

Πῶλος: πῶς γὰρ οὐ;

Σωκράτης: πρῶτον [475c] μὲν δὴ σκεψώμεθα, ἄρα λύπη ὑπερβάλλει τὸ ἀδικεῖν τοῦ ἀδικεῖσθαι, καὶ ἀλγοῦσι μᾶλλον οἱ ἀδικοῦντες ἢ οἱ ἀδικούμενοι;

Πῶλος: οὐδαμῶς, ὦ Σώκρατες, τοῦτό γε.

Σωκράτης: οὐκ ἄρα λύπη γε ὑπερέχει.

Πῶλος: οὐ δῆτα.

Σωκράτης: οὐκοῦν εἰ μὴ λύπη, ἀμφοτέροις μὲν οὐκ ἂν ἔτι ὑπερβάλλοι.

Πῶλος: οὐ φαίνεται.

Σωκράτης: οὐκοῦν τῷ ἐτέρῳ λείπεται.

Πῶλος: ναί.

Σωκράτης: τῷ κακῷ.

Πῶλος: ἔοικεν.

Σωκράτης: οὐκοῦν κακῷ ὑπερβάλλον τὸ ἀδικεῖν κάκιον ἂν εἴη τοῦ ἀδικεῖσθαι.

Πῶλος: δῆλον δὴ ὅτι. [475d]

Σωκράτης: ἄλλο τι οὖν ὑπὸ μὲν τῶν πολλῶν ἀνθρώπων καὶ ὑπὸ σοῦ ὁμολογεῖτο ἡμῖν ἐν τῷ ἔμπροσθεν χρόνῳ αἴσχιον εἶναι τὸ ἀδικεῖν τοῦ ἀδικεῖσθαι;

Πῶλος: ναί.

Σωκράτης: νῦν δέ γε κάκιον ἐφάνη.

Πῶλος: ἔοικε.

Σωκράτης: δέξαιο ἂν οὖν σὺ μᾶλλον τὸ κάκιον καὶ τὸ αἴσχιον ἀντὶ τοῦ ἦττον; μὴ ὅκνει ἀποκρίνασθαι, ὃ Πῶλε; οὐδὲν γὰρ βλαβήση; ἀλλὰ γενναίως τῷ λόγῳ ὥσπερ ἱατρῷ παρέχων ἀποκρίνου, καὶ ἡ [475e] φάθι ἢ μὴ ἃ ἐρωτῶ.

Πῶλος: ἀλλ' οὐκ ἂν δεξαίμην, ὃ Σώκρατες.

Σωκράτης: ἄλλος δέ τις ἀνθρώπων;

Πῶλος: οὐ μοι δοκεῖ κατὰ γε τοῦτον τὸν λόγον.

Σωκράτης: ἀληθῆ ἄρα ἐγὼ ἔλεγον, ὅτι οὗτ' ἂν ἐγὼ οὗτ' ἂν σὺ οὗτ' ἄλλος οὐδεὶς ἀνθρώπων δέξαιτ' ἂν μᾶλλον ἀδικεῖν ἢ ἀδικεῖσθαι: κάκιον γὰρ τυγχάνει ὄν.

Πῶλος: φαίνεται.

Σωκράτης: ὁρᾷς οὖν, ὃ Πῶλε, ὁ ἔλεγχος παρὰ τὸν ἔλεγχον παραβαλλόμενος ὅτι οὐδὲν ἔοικεν, ἀλλὰ σοὶ μὲν οἱ ἄλλοι πάντες ὁμολογοῦσιν πλὴν ἐμοῦ, ἐμοὶ δὲ σὺ ἐξαρκεῖς εἷς ὢν [476a] μόνος καὶ ὁμολογῶν καὶ μαρτυρῶν, καὶ ἐγὼ σὲ μόνον ἐπιψηφίζων τοὺς ἄλλους ἐὼ χαίρειν. καὶ τοῦτο μὲν ἡμῖν οὕτως ἐχέτω: μετὰ τοῦτο δὲ περὶ οὗ τὸ δεύτερον ἡμφεσβητήσαμεν σκεψώμεθα, τὸ ἀδικοῦντα διδόναι δίκην ἄρα μέγιστον τῶν κακῶν ἐστίν, ὥς σὺ ᾧ, ἢ μείζον τὸ μὴ

διδόναι, ὥς αὖ ἐγὼ ᾧμην.

σκοπώμεθα δὲ τῇδε: τὸ διδόναι δίκην καὶ τὸ κολάζεσθαι δικαίως ἀδικοῦντα ἄρα τὸ αὐτὸ καλεῖς;

Πῶλος: ἔγωγε. [476b]

Σωκράτης: ἔχεις οὖν λέγειν ὡς οὐχὶ τά γε δίκαια πάντα καλὰ ἐστίν, καθ' ὅσον δίκαια; καὶ διασκεψάμενος εἰπέ.

Πῶλος: ἀλλὰ μοι δοκεῖ, ὦ Σώκρατες.

Σωκράτης: σκοπεῖ δὴ καὶ τόδε: ἄρα εἴ τις τι ποιεῖ, ἀνάγκη τι εἶναι καὶ πάσχον ὑπὸ τούτου τοῦ ποιοῦντος;

Πῶλος: ἔμοιγε δοκεῖ.

Σωκράτης: ἄρα τοῦτο πάσχον ὃ τὸ ποιοῦν ποιεῖ, καὶ τοιοῦτον οἶον ποιεῖ τὸ ποιοῦν; λέγω δὲ τὸ τοιόνδε: εἴ τις τύπτει, ἀνάγκη τι τύπτεσθαι;

Πῶλος: ἀνάγκη.

Σωκράτης: καὶ εἰ σφόδρα τύπτει ἢ ταχὺ ὃ [476c] τύπτων, οὕτω καὶ τὸ τυπτόμενον τύπτεσθαι;

Πῶλος: ναί.

Σωκράτης: τοιοῦτον ἄρα πάθος τῷ τυπτομένῳ ἐστὶν οἶον ἂν τὸ τύπτον ποιῇ;

Πῶλος: πάνυ γε.

Σωκράτης: οὐκοῦν καὶ εἰ κάει τις, ἀνάγκη τι κάεσθαι;

Πῶλος: πῶς γὰρ οὐ;

Σωκράτης: καὶ εἰ σφόδρα γε κάει ἢ ἀλγεινῶς, οὕτω κάεσθαι τὸ καόμενον ὡς ἂν τὸ κᾶον κάη;

Πῶλος: πάνυ γε.

Σωκράτης: οὐκοῦν καὶ εἰ τέμνει τι, ὁ αὐτὸς λόγος; τέμνεται γάρ τι.

Πῶλος: ναί.

Σωκράτης: καὶ εἰ μέγα γε ἢ βαθὺ τὸ τμήμα ἢ ἀλγεινόν, τοιοῦτον [476d] τμήμα τέμνεται τὸ τεμνόμενον οἷον τὸ τέμνον τέμνει;

Πῶλος: φαίνεται.

Σωκράτης: συλλήβδην δὴ ὅρα εἰ ὁμολογεῖς, ὃ ἄρτι ἔλεγον, περὶ πάντων, οἷον ἂν ποιῇ τὸ ποιοῦν, τοιοῦτον τὸ πάσχον πάσχειν.

Πῶλος: ἀλλ' ὁμολογῶ.

Σωκράτης: τούτων δὴ ὁμολογουμένων, τὸ δίκην δίδοναι πότερον πάσχειν τί ἐστὶν ἢ ποιεῖν;

Πῶλος: ἀνάγκη, ὦ Σώκρατες, πάσχειν.

Σωκράτης: οὐκοῦν ὑπό τινος ποιοῦντος;

Πῶλος: πῶς γὰρ οὐ; ὑπό γε τοῦ κολάζοντος.

Σωκράτης: ὁ δὲ ὀρθῶς κολάζων [476e] δικαίως κολάζει;

Πῶλος: ναί.

Σωκράτης: δίκαια ποιῶν ἢ οὐ;

Πῶλος: δίκαια.

Σωκράτης: οὐκοῦν ὁ κολαζόμενος δίκην διδοὺς δίκαια πάσχει;

Πῶλος: φαίνεται.

Σωκράτης: τὰ δὲ δίκαιά που καλὰ ὁμολόγηται;

Πῶλος: πάνυ γε.

Σωκράτης: τούτων ἄρα ὁ μὲν ποιεῖ καλά, ὁ δὲ πάσχει, ὁ κολαζόμενος.

Πῶλος: ναί. [477a]

Σωκράτης: οὐκοῦν εἴπερ καλά, ἀγαθά; ἢ γὰρ ἡδέα ἢ ὠφέλιμα.

Πῶλος: ἀνάγκη.

Σωκράτης: ἀγαθὰ ἄρα πάσχει ὁ δίκην διδούς;

Πῶλος: ἔοικεν.

Σωκράτης: ὠφελεῖται ἄρα;

Πῶλος: ναί.

Σωκράτης: ἄρα ἤνπερ ἐγὼ ὑπολαμβάνω τὴν ὠφελίαν; βελτίων τὴν ψυχὴν γίγνεται, εἴπερ δικαίως κολάζεται;

Πῶλος: εἰκός γε.

Σωκράτης: κακίας ἄρα ψυχῆς ἀπαλλάττεται ὁ δίκην διδούς;

Πῶλος: ναί.

Σωκράτης: ἄρα οὖν τοῦ μεγίστου ἀπαλλάττεται [477b] κακοῦ; ὧδε δὲ σκοπεῖ: ἐν χρημάτων κατασκευῇ ἀνθρώπου κακίαν ἄλλην τινὰ ἐνορᾷς ἢ πενίαν;

Πῶλος: οὐκ, ἀλλὰ πενίαν.

Σωκράτης: τί δ' ἐν σώματος κατασκευῇ; κακίαν ἂν φήσαις ἀσθένειαν εἶναι καὶ νόσον καὶ αἷσχος καὶ τὰ τοιαῦτα;

Πῶλος: ἔγωγε.

Σωκράτης: οὐκοῦν καὶ ἐν ψυχῇ πονηρίαν ἡγῇ τινα εἶναι;

Πῶλος: πῶς γὰρ οὐ;

Σωκράτης: ταύτην οὖν οὐκ ἀδικίαν καλεῖς καὶ ἀμαθίαν καὶ δειλίαν καὶ τὰ τοιαῦτα;

Πῶλος: πάνυ μὲν οὖν.

Σωκράτης: οὐκοῦν χρημάτων [477c] καὶ σώματος καὶ ψυχῆς, τριῶν ὄντων, τριττὰς εἴρηκας πονηρίας, πενίαν, νόσον, ἀδικίαν;

Πῶλος: ναί.

Σωκράτης: τίς οὖν τούτων τῶν πονηριῶν αἰσχίστη; οὐχ ἡ ἀδικία καὶ συλλήβδην ἡ τῆς ψυχῆς πονηρία;

Πῶλος: πολὺ γε.

Σωκράτης: εἰ δὴ αἰσχίστη, καὶ κακίστη;

Πῶλος: πῶς, ὦ Σώκρατες, λέγεις;

Σωκράτης: ὡδί: αἰ τὸ αἰσχιστον ἦτοι λύπην μεγίστην παρέχον ἢ βλάβην ἢ ἀμφοτέρα αἰσχιστόν ἐστιν ἐκ τῶν ὠμολογημένων ἐν τῷ ἔμπροσθεν.

Πῶλος: μάλιστα.

Σωκράτης: αἰσχιστον δὲ ἀδικία καὶ σύμπασα ψυχῆς πονηρία νυνδὴ [477d] ὠμολόγηται ἡμῖν;

Πῶλος: ὠμολόγηται γάρ.

Σωκράτης: οὐκοῦν ἡ ἀνιαρότατόν ἐστι καὶ ἀνία ὑπερβάλλον αἰσχιστον τούτων ἐστὶν ἡ βλάβη ἢ ἀμφοτέρα;

Πῶλος: ἀνάγκη.

Σωκράτης: ἄρ' οὖν ἀλγεινότερόν ἐστιν τοῦ πένεσθαι καὶ κάμνειν τὸ ἄδικον εἶναι καὶ ἀκόλαστον καὶ δειλὸν καὶ ἀμαθῆ;

Πῶλος: οὐκ ἔμοιγε δοκεῖ, ὦ Σώκρατες, ἀπὸ τούτων γε.

Σωκράτης: ὑπερφυεῖ τι νῦν ἄρα ὡς μεγάλη βλάβη καὶ κακῷ θαυμασίῳ ὑπερβάλλουσα [477e] τᾶλλα ἢ τῆς ψυχῆς πονηρία αἰσχιστόν ἐστι πάντων, ἐπεὶδὴ οὐκ ἀλγηδόνι γε, ὡς ὁ σὸς λόγος.

Πῶλος: φαίνεται.

Σωκράτης: ἀλλὰ μὴν που τό γε μέγιστη βλάβη ὑπερβάλλον μέγιστον ἂν κακὸν εἴη τῶν ὄντων.

Πῶλος: ναί.

Σωκράτης: ἡ ἀδικία ἄρα καὶ ἡ ἀκολασία καὶ ἡ ἄλλη ψυχῆς πονηρία μέγιστον τῶν ὄντων κακόν ἐστιν;

Πῶλος: φαίνεται.

Σωκράτης: τίς οὖν τέχνη πενίας ἀπαλλάττει; οὐ χρηματιστική;

Πῶλος: ναί.

Σωκράτης: τίς δὲ νόσου; οὐκ ἰατρική; [478a]

Πῶλος: ἀνάγκη.

Σωκράτης: τίς δὲ πονηρίας καὶ ἀδικίας; εἰ μὴ οὕτως εὐπορεῖς, ὧδε σκόπει: ποῖ ἄγομεν καὶ παρὰ τίνας τοὺς κάμνοντας τὰ σώματα;

Πῶλος: παρὰ τοὺς ἰατρούς, ὧ Σώκρατες.

Σωκράτης: ποῖ δὲ τοὺς ἀδικοῦντας καὶ τοὺς ἀκολασταίνοντας;

Πῶλος: παρὰ τοὺς δικαστὰς λέγεις;

Σωκράτης: οὐκοῦν δίκην δώσοντας;

Πῶλος: φημί.

Σωκράτης: ἄρ' οὖν οὐ δικαιοσύνη τινὶ χρώμενοι κολάζουσιν οἱ ὀρθῶς κολάζοντες;

Πῶλος: δῆλον δῆ.

Σωκράτης: χρηματιστικὴ μὲν ἄρα πενίας ἀπαλλάττει, [478b] ἰατρικὴ δὲ νόσου, δίκη δὲ ἀκολασίας καὶ ἀδικίας.

Πῶλος: φαίνεται.

Σωκράτης: τί οὖν τούτων κάλλιστόν ἐστιν [ὧν λέγεις];

Πῶλος: τίνων λέγεις;

Σωκράτης: χρηματιστικῆς, ἰατρικῆς, δίκης.

Πῶλος: πολὺ διαφέρει, ὧ Σώκρατες, ἡ δίκη.

Σωκράτης: οὐκοῦν αὖ ἥτοι ἡδονὴν πλείστην ποιεῖ ἢ ὠφελίαν ἢ ἀμφοτέρω, εἴπερ κάλλιστόν ἐστιν;

Πῶλος: ναί.

Σωκράτης: ἄρ' οὖν τὸ ἰατρεύεσθαι ἡδύ ἐστιν, καὶ χαίρουσιν οἱ ἰατρευόμενοι;

Πῶλος: οὐκ ἔμοιγε δοκεῖ.

Σωκράτης: ἀλλ' ὠφελιμὸν γε. ἦ γάρ;

Πῶλος: [478c] ναί.

Σωκράτης: μεγάλου γὰρ κακοῦ ἀπαλλάττεται, ὥστε λυσιτελεῖ ὑπομεῖναι τὴν ἀλγηδόνα καὶ ὕγιῃ εἶναι.

Πῶλος: πῶς γὰρ οὔ;

Σωκράτης: ἄρ' οὖν οὕτως ἂν περὶ σῶμα εὐδαιμονέστατος ἄνθρωπος εἴη, ἰατρευόμενος, ἢ μηδὲ κάμνων ἀρχήν;

Πῶλος: δῆλον ὅτι μηδὲ κάμνων.

Σωκράτης: οὐ γὰρ τοῦτ' ἦν εὐδαιμονία, ὡς ἔοικε, κακοῦ ἀπαλλαγὴ, ἀλλὰ τὴν ἀρχὴν μηδὲ κτήσις.

Πῶλος: ἔστι ταῦτα. [478d]

Σωκράτης: τί δέ; ἀθλιώτερος πότερος δυοῖν ἐχόντοιν κακὸν εἴτ' ἐν σώματι εἴτ' ἐν ψυχῇ, ὁ ἰατρευόμενος καὶ ἀπαλλαττόμενος τοῦ κακοῦ, ἢ ὁ μὴ ἰατρευόμενος, ἔχων δέ;

Πῶλος: φαίνεται μοι ὁ μὴ ἰατρευόμενος.

Σωκράτης: οὐκοῦν τὸ δίκην διδόναι μεγίστου κακοῦ ἀπαλλαγὴ ἦν, πονηρίας;

Πῶλος: ἦν γάρ.

Σωκράτης: σωφρονίζει γάρ που καὶ δικαιότερους ποιεῖ καὶ ἱατρικὴ γίγνεται πονηρίας ἢ δίκη.

Πῶλος: ναί.

Σωκράτης: εὐδαιμονέστατος μὲν ἄρα ὁ μὴ ἔχων κακίαν ἐν ψυχῇ,

ἐπειδὴ τοῦτο [478e] μέγιστον τῶν κακῶν ἐφάνη.

Πῶλος: ὁῦλον δὴ.

Σωκράτης: δεύτερος δέ που ὁ ἀπαλλαττόμενος.

Πῶλος: ἔοικεν.

Σωκράτης: οὗτος δ' ἦν ὁ νουθετούμενός τε καὶ ἐπιπληττόμενος καὶ δίκην διδούς.

Πῶλος: ναί.

Σωκράτης: κάκιστα ἄρα ζῆ ὁ ἔχων [ἀδικίαν] καὶ μὴ ἀπαλλαττόμενος.

Πῶλος: φαίνεται.

Σωκράτης: οὐκοῦν οὗτος τυγχάνει ὦν ὃς ἂν τὰ μέγιστα ἀδικῶν καὶ χρώμενος μεγίστη ἀδικία διαπράξῃται ὥστε μήτε νουθετεῖσθαι [479a] μήτε κολάζεσθαι μήτε δίκην διδόναι, ὥσπερ σὺ φῆς Ἀρχέλαον παρεσκευάσθαι καὶ τοὺς ἄλλους τυράννους καὶ ῥήτορας καὶ δυνάστας;

Πῶλος: ἔοικε.

Σωκράτης: σχεδὸν γάρ που οὗτοι, ὧ ἄριστε, τὸ αὐτὸ διαπεπραγμένοι εἰσὶν ὥσπερ ἂν εἴ τις τοῖς μεγίστοις νοσήμασιν συνισχόμενος διαπράξαιτο μὴ διδόναι δίκην τῶν περὶ τὸ σῶμα ἀμαρτημάτων τοῖς ἰατροῖς μηδὲ ἰατρεύεσθαι, φοβούμενος ὥσπερ ἀνὴρ παῖς τὸ κάεσθαι καὶ τὸ τέμνεσθαι, ὅτι [479b] ἀλγεινόν. ἢ οὐ δοκεῖ καὶ σοὶ οὕτω;

Πῶλος: ἔμοιγε.

Σωκράτης: ἀγνοῶν γε, ὡς ἔοικεν, οἷόν ἐστιν ἡ ὑγίεια καὶ ἀρετὴ σώματος. κινδυνεύουσι γὰρ ἐκ τῶν νῦν ἡμῖν ὡμολογημένων τοιοῦτόν τι ποιεῖν καὶ οἱ τὴν δίκην φεύγοντες, ὧ Πῶλε, τὸ ἀλγεινὸν αὐτοῦ καθορᾶν, πρὸς δὲ τὸ ὠφέλιμον τυφλῶς ἔχειν καὶ ἀγνοεῖν ὅσῳ ἀθλιώτερόν ἐστι μὴ ὑγιοῦς σώματος μὴ ὑγιεῖ ψυχῇ συνοικεῖν, ἀλλὰ σαθρᾷ καὶ ἀδίκῃ [479c] καὶ ἀνοσίῳ, ὅθεν καὶ πᾶν ποιοῦσιν ὥστε

δίκην μὴ διδόναι μηδ' ἀπαλλάττεσθαι τοῦ μεγίστου κακοῦ, καὶ χρήματα παρασκευαζόμενοι καὶ φίλους καὶ ὅπως ἂν ὅσιν ὡς πιθανώτατοι λέγειν: εἰ δὲ ἡμεῖς ἀληθῆ ὁμολογήκαμεν, ὦ Πῶλε, ἄρ' αἰσθάνῃ τὰ συμβαίνοντα ἐκ τοῦ λόγου; ἢ βούλει συλλογισώμεθα αὐτά;

Πῶλος: εἰ σοί γε δοκεῖ.

Σωκράτης: ἄρ' οὖν συμβαίνει μέγιστον κακὸν ἢ ἀδικία καὶ τὸ [479d] ἀδικεῖν;

Πῶλος: φαίνεταιί γε.

Σωκράτης: καὶ μὴν ἀπαλλαγὴ γε ἐφάνη τούτου τοῦ κακοῦ τὸ δίκην διδόναι;

Πῶλος: κινδυνεύει.

Σωκράτης: τὸ δέ γε μὴ διδόναι ἐμμονὴ τοῦ κακοῦ;

Πῶλος: ναί.

Σωκράτης: δεύτερον ἄρα ἐστὶν τῶν κακῶν μεγέθει τὸ ἀδικεῖν: τὸ δὲ ἀδικοῦντα μὴ διδόναι δίκην πάντων μέγιστόν τε καὶ πρῶτον κακῶν πέφυκεν.

Πῶλος: ἔοικεν.

Σωκράτης: ἄρ' οὖν οὐ περὶ τούτου, ὦ φίλε, ἡμφεσβητήσαμεν, σὺ μὲν τὸν Ἀρχέλαον εὐδαιμονίζων τὸν τὰ μέγιστα ἀδικοῦντα [479e] δίκην οὐδεμίαν διδόντα, ἐγὼ δὲ τοῦναντίον οἰόμενος, εἴτε Ἀρχέλαος εἴτ' ἄλλος ἀνθρώπων ὅστισοῦν μὴ δίδωσι δίκην ἀδικῶν, τούτῳ προσήκειν ἀθλίῳ εἶναι διαφερόντως τῶν ἄλλων ἀνθρώπων, καὶ αἰετὸν τὸν ἀδικοῦντα τοῦ ἀδικουμένου ἀθλιώτερον εἶναι καὶ τὸν μὴ διδόντα δίκην τοῦ διδόντος; οὐ ταῦτ' ἦν τὰ ὑπ' ἐμοῦ λεγόμενα;

Πῶλος: ναί.

Σωκράτης: οὐκοῦν ἀποδέδεικται ὅτι ἀληθῆ ἐλέγετο;

Πῶλος: φαίνεται. [480a]

Σωκράτης: εἶεν· εἰ οὖν δὴ ταῦτα ἀληθῆ, ὦ Πῶλε, τίς ἡ μεγάλη χρεία ἐστὶν τῆς ῥητορικῆς; δεῖ μὲν γὰρ δὴ ἐκ τῶν νῦν ὁμολογημένων αὐτὸν ἑαυτὸν μάλιστα φυλάττειν ὅπως μὴ ἀδικήσῃ, ὥς ἱκανὸν κακὸν ἔξοντα. οὐ γάρ;

Πῶλος: πάνυ γε.

Σωκράτης: ἐὰν δέ γε ἀδικήσῃ ἢ αὐτὸς ἢ ἄλλος τις ὧν ἂν κήδεται, αὐτὸν ἐκόντα ἰέναι ἐκεῖσε ὅπου ὡς τάχιστα δώσει δίκην, παρὰ τὸν δικαστὴν ὥσπερ παρὰ τὸν ἱατρόν, [480b] σπεύδοντα ὅπως μὴ ἐγγρονισθὲν τὸ νόσημα τῆς ἀδικίας ὑπουλον τὴν ψυχὴν ποιήσῃ καὶ ἀνίατον· ἢ πῶς λέγομεν, ὦ Πῶλε, εἴπερ τὰ πρότερον μένει ἡμῖν ὁμολογήματα; οὐκ ἀνάγκη ταῦτα ἐκείνοις οὕτω μὲν συμφωνεῖν, ἄλλως δὲ μή;

Πῶλος: τί γὰρ δὴ φῶμεν, ὦ Σώκρατες;

Σωκράτης: ἐπὶ μὲν ἄρα τὸ ἀπολογεῖσθαι ὑπὲρ τῆς ἀδικίας τῆς αὐτοῦ ἢ γονέων ἢ ἐταίρων ἢ παιδῶν ἢ πατρίδος ἀδικούσης οὐ χρήσιμος οὐδὲν ἢ ῥητορικὴ ἡμῖν, ὦ Πῶλε, εἰ μὴ εἴ τις [480c] ὑπολάβοι ἐπὶ τούναντίον — κατηγορεῖν δεῖν μάλιστα μὲν ἑαυτοῦ, ἔπειτα δὲ καὶ τῶν οἰκείων καὶ τῶν ἄλλων ὃς ἂν αἰετῶν φίλων τυγχάνῃ ἀδικῶν, καὶ μὴ ἀποκρύπτεσθαι ἀλλ’ εἰς τὸ φανερὸν ἄγειν τὸ ἀδίκημα, ἵνα δῶ δίκην καὶ ὑγιὲς γένηται, ἀναγκάζειν τε αὐτὸν καὶ τοὺς ἄλλους μὴ ἀποδειλιᾶν ἀλλὰ παρέχειν μύσαντα εὖ καὶ ἀνδρείως ὥσπερ τέμνειν καὶ κάειν ἱατρῷ, τὸ ἀγαθὸν καὶ καλὸν διώκοντα, μὴ ὑπολογιζόμενον τὸ ἀλγεινόν, ἐὰν μὲν γε πληγῶν ἄξια ἡδικηκῶς [480d] ἦ, τύπτειν παρέχοντα, ἐὰν δὲ δεσμοῦ, δεῖν, ἐὰν δὲ ζημίας, ἀποτίνοντα, ἐὰν δὲ φυγῆς, φεύγοντα, ἐὰν δὲ θανάτου, ἀποθνήσκοντα, αὐτὸν πρῶτον ὄντα κατήγορον καὶ αὐτοῦ καὶ τῶν ἄλλων οἰκείων καὶ ἐπὶ τοῦτο χρώμενον τῇ ῥητορικῇ, ὅπως ἂν καταδήλων τῶν ἀδικημάτων γιγνομένων ἀπαλλάττονται τοῦ μεγίστου κακοῦ, ἀδικίας. φῶμεν οὕτως ἢ μὴ φῶμεν, ὦ Πῶλε; [480e]

Πῶλος: ἅτοπα μὲν, ὦ Σώκρατες, ἔμοιγε δοκεῖ, τοῖς μέντοι ἔμπροσθεν ἴσως σοι ὁμολογεῖται.

Σωκράτης: οὐκοῦν ἢ κακεῖνα λυτέον ἢ τάδε ἀνάγκη συμβαίνειν;

Πῶλος: ναί, τοῦτό γε οὕτως ἔχει.

Σωκράτης: τοῦναντίον δέ γε αὖ μεταβαλόντα, εἰ ἄρα δεῖ τινα κακῶς ποιεῖν, εἴτ' ἐχθρόν εἴτε ὄντιν οὖν, ἐάν μόνον μὴ αὐτὸς ἀδικῆται ὑπὸ τοῦ ἐχθροῦ — τοῦτο μὲν γὰρ εὐλαβητέον — ἐάν δὲ ἄλλον ἀδικῇ ὁ ἐχθρός, παντὶ τρόπῳ παρασκευαστέον, καὶ [481a] πράττοντα καὶ λέγοντα, ὅπως μὴ δῶ δίκην μηδὲ ἔλθῃ παρὰ τὸν δικαστήν: ἐάν δὲ ἔλθῃ, μηχανητέον ὅπως ἂν διαφύγῃ καὶ μὴ δῶ δίκην ὁ ἐχθρός, ἀλλ' ἐάντε χρυσίον <ῆ> ἥρπακὼς πολὺ, μὴ ἀποδιδῶ τοῦτο ἀλλ' ἔχων ἀναλίσκῃ καὶ εἰς ἑαυτὸν καὶ εἰς τοὺς ἑαυτοῦ ἀδίκως καὶ ἀθέως, ἐάντε αὖ θανάτου ἄξια ἡδικηκῶς ῆ, ὅπως μὴ ἀποθανεῖται, μάλιστα μὲν μηδέποτε, ἀλλ' ἀθάνατος ἔσται πονηρὸς ὢν, εἰ δὲ μή, ὅπως ὡς [481b] πλεῖστον χρόνον βιώσεται τοιοῦτος ὢν. ἐπὶ τὰ τοιαῦτα ἔμοιγε δοκεῖ, ὃ Πῶλε, ἡ ῥητορική χρήσιμος εἶναι, ἐπεὶ τῷ γε μὴ μέλλοντι ἀδικεῖν οὐ μεγάλη τίς μοι δοκεῖ ἡ χρεία αὐτῆς εἶναι, εἰ δὴ καὶ ἔστιν τις χρεία, ὡς ἔν γε τοῖς πρόσθεν οὐδαμῇ ἐφάνη οὕσα.

Καλλίκλης: εἰπέ μοι, ὦ Χαιρεφῶν, σπουδάζει ταῦτα Σωκράτης ἢ παίζει;

Χαιρεφῶν: ἐμοὶ μὲν δοκεῖ, ὦ Καλλίκλεις, ὑπερφυῶς σπουδάζειν: οὐδὲν μέντοι οἶον τὸ αὐτὸν ἐρωτᾶν.

Καλλίκλης: νῆ τοὺς θεοὺς ἀλλ' ἐπιθυμῶ. εἰπέ μοι, ὦ Σώκρατες, [481c] πότερόν σε θῶμεν νυνὶ σπουδάζοντα ἢ παίζοντα; εἰ μὲν γὰρ σπουδάζεις τε καὶ τυγχάνει ταῦτα ἀληθῆ ὄντα ἃ λέγεις, ἄλλο τι ἢ ἡμῶν ὁ βίος ἀνατετραμμένος ἂν εἴῃ τῶν ἀνθρώπων καὶ πάντα τὰ ἐναντία πράττομεν, ὡς ἔοικεν, ἢ ἂ δεῖ;

Σωκράτης: ὦ Καλλίκλεις, εἰ μή τι ἦν τοῖς ἀνθρώποις πάθος, τοῖς μὲν ἄλλο τι, τοῖς δὲ ἄλλο τι [ἦ] τὸ αὐτό, ἀλλὰ τις ἡμῶν ἰδίον τι ἔπασχεν πάθος ἢ οἱ ἄλλοι, οὐκ ἂν ἦν ῥάδιον [481d] ἐνδείξασθαι τῷ ἐτέρῳ τὸ ἑαυτοῦ πάθημα. λέγω δ' ἐννοήσας ὅτι ἐγὼ τε καὶ σὺ νῦν τυγχάνομεν ταυτὸν τι πεπονθότες, ἐρῶντε δύο ὄντε δυοῖν ἐκάτερος, ἐγὼ μὲν Ἀλκιβιάδου τε τοῦ Κλεινίου καὶ φιλοσοφίας, σὺ δὲ δυοῖν, τοῦ τε Ἀθηναίων δήμου καὶ τοῦ Πυριλάμπους. αἰσθάνομαι οὖν σου ἐκάστοτε, καίπερ ὄντος δεινοῦ, ὅτι ἂν φῇ σου τὰ παιδικὰ καὶ ὅπως ἂν φῇ ἔχειν, οὐ δυναμένου ἀντιλέγειν, ἀλλ' ἄνω [481e] καὶ κάτω

μεταβαλλομένου: ἔν τε τῇ ἐκκλησίᾳ, ἐάν τι σοῦ λέγοντος ὁ δῆμος ὁ Ἀθηναίων μὴ φῇ οὕτως ἔχειν, μεταβαλλόμενος λέγεις ἃ ἐκεῖνος βούλεται, καὶ πρὸς τὸν Πυριλάμπους νεανίαν τὸν καλὸν τοῦτον τοιαῦτα ἕτερα πέπονθας. τοῖς γὰρ τῶν παιδικῶν βουλευμασὶν τε καὶ λόγοις οὐχ οἷός τ' εἶ ἐναντιοῦσθαι, ὥστε, εἴ τις σου λέγοντος ἐκάστοτε ἃ διὰ τούτους λέγεις θαυμάζοι ὡς ἄτοπὰ ἐστίν, ἴσως εἴποις ἂν αὐτῷ, εἰ βούλοιο τάληθ' ἄλλοι λέγειν, ὅτι εἰ μὴ τις παύσει τὰ [482a] σὰ παιδικὰ τούτων τῶν λόγων, οὐδὲ σὺ παύσῃ ποτὲ ταῦτα λέγων. νόμιζε τοίνυν καὶ παρ' ἐμοῦ χρῆναι ἕτερα τοιαῦτα ἀκούειν, καὶ μὴ θαύμαζε ὅτι ἐγὼ ταῦτα λέγω, ἀλλὰ τὴν φιλοσοφίαν, τὰ ἐμὰ παιδικὰ, παῦσον ταῦτα λέγουσαν. λέγει γάρ, ὦ φίλε ἐταῖρε, ἃ νῦν ἐμοῦ ἀκούεις, καὶ μοί ἐστιν τῶν ἐτέρων παιδικῶν πολὺ ἥττον ἔμπληκτος: ὁ μὲν γὰρ Κλεινίειος οὗτος ἄλλοτε ἄλλων ἐστὶ λόγων, ἡ δὲ φιλοσοφία ἀεὶ [482b] τῶν αὐτῶν, λέγει δὲ ἃ σὺ νῦν θαυμάζεις, παρῆσθα δὲ καὶ αὐτὸς λεγομένοις. ἡ οὖν ἐκείνην ἐξέλεγεζον, ὅπερ ἄρτι ἔλεγον, ὡς οὐ τὸ ἀδικεῖν ἐστίν καὶ ἀδικοῦντα δίκην μὴ διδόναι ἀπάντων ἔσχατον κακῶν: ἡ εἰ τοῦτο ἐάσεις ἀνέλεγκτον, μὰ τὸν κύνα τὸν Αἰγυπτίων θεόν, οὗ σοι ὁμολογήσει Καλλικλῆς, ὃ Καλλίκλεις, ἀλλὰ διαφωνήσει ἐν ἅπαντι τῷ βίῳ. καίτοι ἐγωγε οἶμαι, ὦ βέλτιστε, καὶ τὴν λύραν μοι κρεῖττον εἶναι ἀνάρμοστον τε καὶ διαφωνεῖν, καὶ χορὸν ὃ χορηγοῖν, [482c] καὶ πλείστους ἀνθρώπους μὴ ὁμολογεῖν μοι ἄλλ' ἐναντία λέγειν μᾶλλον ἢ ἓνα ὄντα ἐμὲ ἐμαυτῷ ἀσύμφωνον εἶναι καὶ ἐναντία λέγειν.

Καλλίκλης: ὦ Σώκρατες, δοκεῖς νεανιεύεσθαι ἐν τοῖς λόγοις ὡς ἀληθῶς δημηγόρος ὢν: καὶ νῦν ταῦτα δημηγορεῖς ταῦτ' ὡς παθόντος Πώλου πάθος ὅπερ Γοργίου κατηγορεῖ πρὸς σὲ παθεῖν. ἔφη γάρ που Γοργίαν ἐρωτῶμενον ὑπὸ σοῦ, ἐὰν ἀφίκηται παρ' αὐτὸν μὴ ἐπιστάμενος τὰ δίκαια ὁ τὴν ῥητορικὴν [482d] βουλόμενος μαθεῖν, εἰ διδάξοι αὐτὸν ὁ Γοργίας, αἰσχυνθῆναι αὐτὸν καὶ φάναι διδάξειν διὰ τὸ ἔθος τῶν ἀνθρώπων, ὅτι ἀγανακτοῖεν ἂν εἴ τις μὴ φαίῃ — διὰ δὲ ταύτην τὴν ὁμολογίαν ἀναγκασθῆναι ἐναντία αὐτὸν αὐτῷ εἰπεῖν, σὲ δὲ αὐτὸ τοῦτο ἀγαπᾶν — καὶ σου καταγελᾶν, ὥς γέ μοι δοκεῖν ὀρθῶς, τότε: νῦν δὲ πάλιν αὐτὸς ταῦτ' ὡς παθεν. καὶ ἐγωγε κατ' αὐτὸ τοῦτο οὐκ ἄγαμαι Πῶλον, ὅτι σοι συνεχώρησεν τὸ ἀδικεῖν αἰσχίον εἶναι τοῦ ἀδικεῖσθαι: ἐκ [482e] ταύτης γὰρ αὐτῆς ὁμολογίας αὐτὸς ὑπὸ σοῦ συμποδισθεὶς ἐν τοῖς λόγοις ἐπεστομίσθη, αἰσχυνθεὶς

ἃ ἐνόει εἰπεῖν. σὺ γὰρ τῷ ὄντι, ὦ Σώκρατες, εἰς τοιαῦτα ἄγεις φορτικά καὶ δημηγορικά, φάσκων τὴν ἀλήθειαν διώκειν, ἃ φύσει μὲν οὐκ ἔστιν καλὰ, νόμῳ δέ. ὥς τὰ πολλὰ δὲ ταῦτα ἐναντί' ἀλλήλοις ἔστιν, ἥ τε φύσις καὶ ὁ νόμος: ἐὰν οὖν τις αἰσχύνηται [483a] καὶ μὴ τολμᾷ λέγειν ἅπερ νοεῖ, ἀναγκάζεται ἐναντία λέγειν. ὁ δὲ καὶ σὺ τοῦτο τὸ σοφὸν κατανενοηκῶς κακουργεῖς ἐν τοῖς λόγοις, ἐὰν μὲν τις κατὰ νόμον λέγῃ, κατὰ φύσιν ὑπερωτῶν, ἐὰν δὲ τὰ τῆς φύσεως, τὰ τοῦ νόμου. ὥσπερ αὐτίκα ἐν τούτοις, τῷ ἀδικεῖν τε καὶ τῷ ἀδικεῖσθαι, Πώλου τὸ κατὰ νόμον αἴσχιον λέγοντος, σὺ τὸν λόγον ἐδιώκαθες κατὰ φύσιν. φύσει μὲν γὰρ πᾶν αἴσχιόν ἐστιν ὅπερ καὶ κάκιον, τὸ ἀδικεῖσθαι, νόμῳ δὲ τὸ ἀδικεῖν. οὐδὲ [483b] γὰρ ἀνδρὸς τοῦτό γ' ἐστὶν τὸ πάθημα, τὸ ἀδικεῖσθαι, ἀλλ' ἀνδραπόδου τινὸς ὃ κρεῖττόν ἐστιν τεθνάναι ἢ ζῆν, ὅστις ἀδικούμενος καὶ προπηλακιζόμενος μὴ οἷός τέ ἐστιν αὐτὸς αὐτῷ βοηθεῖν μηδὲ ἄλλῳ οὐ ἂν κήδηται. ἀλλ' οἶμαι οἱ τιθέμενοι τοὺς νόμους οἱ ἀσθενεῖς ἀνθρωποὶ εἰσιν καὶ οἱ πολλοί. πρὸς αὐτοὺς οὖν καὶ τὸ αὐτοῖς συμφέρον τοὺς τε νόμους τίθενται καὶ τοὺς ἐπαίνους ἐπαινοῦσιν καὶ τοὺς [483c] ψόγους ψέγουσιν: ἐκφοβοῦντες τοὺς ἐρρωμενεστέρους τῶν ἀνθρώπων καὶ δυνατοὺς ὄντας πλεόν ἔχειν, ἵνα μὴ αὐτῶν πλεόν ἔχωσιν, λέγουσιν ὡς αἰσchrὸν καὶ ἄδικον τὸ πλεονεκτεῖν, καὶ τοῦτό ἐστιν τὸ ἀδικεῖν, τὸ πλεόν τῶν ἄλλων ζητεῖν ἔχειν: ἀγαπῶσι γὰρ οἶμαι αὐτοὶ ἂν τὸ ἴσον ἔχωσιν φαυλότεροι ὄντες. διὰ ταῦτα δὲ νόμῳ μὲν τοῦτο ἄδικον καὶ αἰσchrὸν λέγεται, τὸ πλεόν ζητεῖν ἔχειν τῶν πολλῶν, καὶ ἀδικεῖν αὐτὸ καλοῦσιν: ἡ δέ γε οἶμαι φύσις αὐτὴ ἀποφαίνει [483d] αὐτό, ὅτι δίκαιόν ἐστιν τὸν ἀμείνω τοῦ χείρονος πλεόν ἔχειν καὶ τὸν δυνατώτερον τοῦ ἀδυνατωτέρου. δηλοῖ δὲ ταῦτα πολλαχοῦ ὅτι οὕτως ἔχει, καὶ ἐν τοῖς ἄλλοις ζώοις καὶ τῶν ἀνθρώπων ἐν ὅλαις ταῖς πόλεσι καὶ τοῖς γένεσιν, ὅτι οὕτω τὸ δίκαιον κέκριται, τὸν κρεῖττω τοῦ ἥττονος ἄρχειν καὶ πλεόν ἔχειν. ἐπεὶ ποίῳ δικαίῳ χρώμενος Ξέρξης ἐπὶ τὴν Ἑλλάδα ἐστράτευσεν ἢ ὁ πατὴρ αὐτοῦ ἐπὶ Σκυθᾶς; ἢ [483e] ἄλλα μυρία ἂν τις ἔχοι τοιαῦτα λέγειν. ἀλλ' οἶμαι οὗτοι κατὰ φύσιν τὴν τοῦ δικαίου ταῦτα πράττουσιν, καὶ ναὶ μὰ Δία κατὰ νόμον γε τὸν τῆς φύσεως, οὐ μέντοι ἴσως κατὰ τοῦτον ὃν ἡμεῖς τιθέμεθα: πλάττοντες τοὺς βελτίστους καὶ ἐρρωμενεστάτους ἡμῶν αὐτῶν, ἐκ νέων λαμβάνοντες, ὥσπερ λέοντας, κατεπᾶδοντές τε καὶ γοητεύοντες καταδουλοῦμεθα [484a] λέγοντες ὡς τὸ ἴσον χρή ἔχειν καὶ τοῦτό ἐστιν τὸ καλὸν καὶ τὸ δίκαιον. ἐὰν δέ γε οἶμαι φύσιν

ικανὴν γένηται ἔχων ἀνὴρ, πάντα ταῦτα ἀποσεισάμενος καὶ διαρρηξας καὶ διαφυγών, καταπατήσας τὰ ἡμέτερα γράμματα καὶ μαγγανεύματα καὶ ἐπωδὰς καὶ νόμους τοὺς παρὰ φύσιν ἅπαντας, ἐπαναστὰς ἀνεφάνη δεσπότης ἡμέτερος ὁ δοῦλος, καὶ ἐνταῦθα [484b] ἐξέλαμψεν τὸ τῆς φύσεως δίκαιον. δοκεῖ δέ μοι καὶ Πίνδαρος ἄπερ ἐγὼ λέγω ἐνδείκνυσθαι ἐν τῷ ᾄσματι ἐν ᾧ λέγει ὅτι —

νόμος ὁ πάντων βασιλεὺς

θνατῶν τε καὶ ἀθανάτων: Pind. Fr. 169

οὗτος δὲ δῆ, φησίν, —

ἄγει δικαίων τὸ βιαιότατον

ὑπερτάτα χειρὶ: τεκμαίρομαι

ἐργοῖσιν Ἡρακλέος, ἐπεὶ — ἀπριάτας — Pind. fr. 169

λέγει οὕτω πως — τὸ γὰρ ᾄσμα οὐκ ἐπίσταμαι — λέγει δ' ὅτι οὔτε πριάμενος οὔτε δόντος τοῦ Γηρυόνου ἠλάσατο τὰς βοῦς, [484c] ὥς τούτου ὄντος τοῦ δικαίου φύσει, καὶ βοῦς καὶ τᾶλλα κτήματα εἶναι πάντα τοῦ βελτιονός τε καὶ κρείττονος τὰ τῶν χειρόνων τε καὶ ἡττόνων.

τὸ μὲν οὖν ἀληθὲς οὕτως ἔχει, γνώση δέ, ἂν ἐπὶ τὰ μείζω ἔλθῃς ἐάσας ἤδη φιλοσοφίαν. φιλοσοφία γάρ τοι ἐστίν, ᾧ Σώκρατες, χαρίεν, ἂν τις αὐτοῦ μετρίως ἄνηται ἐν τῇ ἡλικίᾳ: ἐὰν δὲ περαιτέρω τοῦ δέοντος ἐνδιατρίψῃ, διαφθορὰ τῶν ἀνθρώπων. ἐὰν γὰρ καὶ πάνυ εὐφυῆς ἦ καὶ πόρρω τῆς ἡλικίας φιλοσοφῇ, ἀνάγκη πάντων ἄπειρον γεγενέσθαι [484d] ἐστὶν ὧν χρὴ ἔμπειρον εἶναι τὸν μέλλοντα καλὸν κάγαθόν καὶ εὐδόκιμον ἔσεσθαι ἄνδρα. καὶ γὰρ τῶν νόμων ἄπειροι γίνονται τῶν κατὰ τὴν πόλιν, καὶ τῶν λόγων οἷς δεῖ χρώμενον ὁμιλεῖν ἐν τοῖς συμβολαίοις τοῖς ἀνθρώποις καὶ ἰδίᾳ καὶ δημοσίᾳ, καὶ τῶν ἡδονῶν τε καὶ ἐπιθυμιῶν τῶν ἀνθρωπείων, καὶ συλλήβδην τῶν ἡθῶν παντάπασιν ἄπειροι γίνονται. ἐπειδὴν οὖν ἔλθωσιν εἰς τινα ἰδίαν ἢ πολιτικὴν [484e] πρᾶξιν, καταγέλαστοι γίνονται, ὥσπερ γε οἶμαι οἱ πολιτικοί, ἐπειδὴν αὐτοὶ εἰς τὰς ὑμετέρας διατριβὰς ἔλθωσιν καὶ τοὺς λόγους, καταγέλαστοί εἰσιν. συμβαίνει γὰρ τὸ τοῦ Εὐριπίδου: λαμπρόσευρ. φρ. ἀντιοπε τέ ἐστιν ἕκαστος ἐν τούτῳ, καὶ

ἐπὶ τοῦτ' ἐπείγεται,

νέμων τὸ πλεῖστον ἡμέρας τούτῳ μέρος,

ἴν' αὐτὸς αὐτοῦ τυγχάνει βέλτιστος ὢν: ευρ. φρ. αντιοπε [485a]

ὅπου δ' ἂν φαῦλος ᾖ, ἐντεῦθεν φεύγει καὶ λαιδορεῖ τοῦτο, τὸ δ' ἕτερον ἐπαινεῖ, εὐνοίᾳ τῇ ἑαυτοῦ, ἡγούμενος οὕτως αὐτὸς ἑαυτὸν ἐπαινεῖν. ἀλλ' οἶμαι τὸ ὀρθότατόν ἐστιν ἀμφοτέρων μετασχεῖν. φιλοσοφίας μὲν ὅσον παιδείας χάριν καλὸν μετέχειν, καὶ οὐκ αἰσχρὸν μεираκίῳ ὄντι φιλοσοφεῖν: ἐπειδὴ δὲ ἤδη πρεσβύτερος ὢν ἄνθρωπος ἔτι φιλοσοφῇ, καταγέλαστον, ὃ Σώκρατες, τὸ χρῆμα γίγνεται, καὶ ἔγωγε [485b] ὁμοιότατον πάσχω πρὸς τοὺς φιλοσοφοῦντας ὥσπερ πρὸς τοὺς ψελλιζομένους καὶ παίζοντας. ὅταν μὲν γὰρ παιδίον ἴδω, ὃ ἔτι προσήκει διαλέγεσθαι οὕτω, ψελλιζόμενον καὶ παῖζον, χαίρω τε καὶ χαρίεν μοι φαίνεται καὶ ἐλευθέριον καὶ πρέπον τῇ τοῦ παιδίου ἡλικίᾳ, ὅταν δὲ σαφῶς διαλεγόμενου παιδαρίου ἀκούσω, πικρὸν τί μοι δοκεῖ χρῆμα εἶναι καὶ ἀνὴρ μου τὰ ὅσα καὶ μοι δοκεῖ δουλοπρεπές τι εἶναι: ὅταν δὲ [485c] ἀνδρὸς ἀκούσῃ τις ψελλιζομένου ἢ παίζοντα ὀρθῶς, καταγέλαστον φαίνεται καὶ ἄνανδρον καὶ πληγῶν ἄξιον. ταῦτόν οὖν ἔγωγε τοῦτο πάσχω καὶ πρὸς τοὺς φιλοσοφοῦντας. παρὰ νέῳ μὲν γὰρ μεираκίῳ ὀρθῶν φιλοσοφίαν ἄγαμαι, καὶ πρέπειν μοι δοκεῖ, καὶ ἡγοῦμαι ἐλευθέρόν τινα εἶναι τοῦτον τὸν ἄνθρωπον, τὸν δὲ μὴ φιλοσοφοῦντα ἀνελεύθερον καὶ οὐδέποτε οὐδενὸς ἀξιῶσοντα ἑαυτὸν οὔτε καλοῦ οὔτε γενναίου [485d] πράγματος: ὅταν δὲ δὴ πρεσβύτερον ἴδω ἔτι φιλοσοφοῦντα καὶ μὴ ἀπαλλαττόμενον, πληγῶν μοι δοκεῖ ἤδη δεῖσθαι, ὃ Σώκρατες, οὗτος ὁ ἀνὴρ. ὁ γὰρ νυνδὴ ἔλεγον, ὑπάρχει τούτῳ τῷ ἀνθρώπῳ, κἂν πάνυ εὐφυῆς ᾖ, ἀνάνδρῳ γενέσθαι φεύγοντι τὰ μέσα τῆς πόλεως καὶ τὰς ἀγοράς, ἐν αἷς ἔφη ὁ ποιητὴς τοὺς ἄνδρας ἀριπρεπεῖς γίνεσθαι, καταδεδυκότι δὲ τὸν λοιπὸν βίον βιῶναι μετὰ μεираκίων ἐν γωνία τριῶν ἢ [485e] τεττάρων ψιθυρίζοντα, ἐλεύθερον δὲ καὶ μέγα καὶ ἱκανὸν μηδέποτε φθέγγεσθαι. ἐγὼ δέ, ὃ Σώκρατες, πρὸς σὲ ἐπεικῶς ἔχω φιλικῶς: κινδυνεύω οὖν πεπονθέναι νῦν ὅπερ ὁ Ζῆθος πρὸς τὸν Ἀμφίονα ὁ Εὐριπίδου, οὗπερ ἐμνήσθην. καὶ γὰρ ἐμοὶ τοιαῦτ' ἅττα ἐπέρχεται πρὸς σὲ λέγειν, οἷάπερ ἐκεῖνος πρὸς τὸν ἀδελφόν, ὅτι “ἀμελεῖς, ὃ Σώκρατες, ὢν δεῖ σε ἐπιμελεῖσθαι, καὶ φύσιν ψυχῆς ὧδε γενναίαν

μειρακιώδει [486a] τινὶ διατρέπεις μορφώματι, καὶ οὐτ' ἂν δίκης βουλαῖσι προσθεῖ' ἂν ὀρθῶς λόγον, οὐτ' εἰκὸς ἂν καὶ πιθανὸν ἂν λάβοις, οὐθ' ὑπὲρ ἄλλου νεανικὸν βούλευμα βουλεύσαιο.” καίτοι, ὦ φίλε Σώκρατες — καὶ μοι μηδὲν ἀχθεσθῆς: εὐνοία γὰρ ἐρῶ τῇ σῇ — οὐκ αἰσχροὺς δοκεῖ σοι εἶναι οὕτως ἔχειν ὥς ἐγὼ σὲ οἶμαι ἔχειν καὶ τοὺς ἄλλους τοὺς πόρρω ἀεὶ φιλοσοφίας ἐλαύνοντας; νῦν γὰρ εἴ τις σοῦ λαβόμενος ἢ ἄλλου ὁτιοῦν τῶν τοιούτων εἰς τὸ δεσποτήριον ἀπάγοι, φάσκων ἀδικεῖν μηδὲν ἀδικοῦντα, οἴσθ' ὅτι οὐκ ἂν ἔχοις ὅτι [486b] χρήσαιο σαυτῷ, ἀλλ' ἰλιγγίῳς ἂν καὶ χασμῶ οὐκ ἔχων ὅτι εἴποις, καὶ εἰς τὸ δικαστήριον ἀναβάς, κατηγοροῦ τυχὼν πάνυ φαύλου καὶ μοχθηροῦ, ἀποθάνοις ἂν, εἰ βούλοιτο θανάτου σοι τιμᾶσθαι. καίτοι πῶς σοφὸν τοῦτό ἐστιν, ὦ Σώκρατες, ἥτις εὐφυῆ λαβοῦσα τέχνη φῶτα ἔθηκε χείρονα, μήτε αὐτὸν αὐτῷ δυνάμενον βοηθεῖν μηδ' ἐκσῶσαι ἐκ τῶν μεγίστων κινδύνων μήτε ἑαυτὸν μήτε ἄλλον μηδένα, ὑπὸ δὲ [486c] τῶν ἐχθρῶν περισυλᾶσθαι πᾶσαν τὴν οὐσίαν, ἀτεχνῶς δὲ ἄτιμον ζῆν ἐν τῇ πόλει; τὸν δὲ τοιοῦτον, εἴ τι καὶ ἀγροικότερον εἰρησθαι, ἔξεστιν ἐπὶ κόρρης τύπτοντα μὴ διδόναι δίκην. ἀλλ' ὦγαθέ, ἐμοὶ πείθου, παῦσαι δὲ ἐλέγχων, πραγμάτων δ' εὐμουσίαν ἄσκει, καὶ ἄσκει ὁπόθεν δόξεις φρονεῖν, ἄλλοις τὰ κομπᾶ ταῦτα ἀφείς, εἴτε ληρήματα χρή φάναι εἶναι εἴτε φλυαρίας, ἐξ ὧν κενοῖσιν ἐγκατοικήσεις δόμοις; ζηλῶν οὐκ ἐλέγχοντας ἄνδρας τὰ μικρὰ [486d] ταῦτα, ἀλλ' οἷς ἔστιν καὶ βίος καὶ δόξα καὶ ἄλλα πολλὰ ἀγαθὰ.

Σωκράτης: εἰ χρυσὴν ἔχων ἐτύγχανον τὴν ψυχὴν, ὦ Καλλίκλεις, οὐκ ἂν οἶμι με ἄσμενον εὐρεῖν τούτων τινὰ τῶν λίθων ἢ βασανίζουσιν τὸν χρυσόν, τὴν ἀρίστην, πρὸς ἣντινα ἔμελλον προσαγαγὼν αὐτήν, εἴ μοι ὁμολογήσειεν ἐκείνη καλῶς τεθεραπεῦσθαι τὴν ψυχὴν, εἴ εἴσεσθαι ὅτι ἱκανῶς ἔχω καὶ οὐδὲν με δεῖ ἄλλης βασάνου; [486e]

Καλλίκλης: πρὸς τί δὴ τοῦτο ἐρωτᾷς, ὦ Σώκρατες;

Σωκράτης: ἐγὼ σοι ἐρῶ: νῦν οἶμαι ἐγὼ σοὶ ἐντετυχηκῶς τοιούτῳ ἐρμαίῳ ἐντετυχηκέναί.

Καλλίκλης: τί δὴ;

Σωκράτης: εὖ οἶδ' ὅτι, ἂν μοι σὺ ὁμολογήσης περὶ ὧν ἡ ἐμὴ ψυχὴ δοξάζει, ταῦτ' ἤδη ἐστὶν αὐτὰ τάληθη. ἐννοῶ γὰρ [487a] ὅτι τὸν μέλλοντα βασανιεῖν ἱκανῶς ψυχῆς πέρι ὀρθῶς τε ζώσης καὶ μὴ τρία ἄρα δεῖ ἔχειν ἃ σὺ πάντα ἔχεις, ἐπιστήμην τε καὶ εὐνοίαν καὶ παρρησίαν. ἐγὼ γὰρ πολλοῖς ἐντυγχάνω οἱ ἐμὲ οὐχ οἷοί τέ εἰσιν βασανίζειν διὰ τὸ μὴ σοφοὶ εἶναι ὥσπερ σύ: ἕτεροι δὲ σοφοὶ μὲν εἰσιν, οὐκ ἐθέλουσιν δέ μοι λέγειν τὴν ἀλήθειαν διὰ τὸ μὴ κήδεσθαι μου ὥσπερ σύ: τὼ δὲ ξένῳ τῷδε, Γοργίας τε καὶ Πῶλος, σοφῶ μὲν καὶ [487b] φίλῳ ἐστὸν ἐμῷ, ἐνδεεστερώ τῷδε παρρησίας καὶ αἰσχυνητοτέρῳ μᾶλλον τοῦ δέοντος: πῶς γὰρ οὐ; ὦ γε εἰς τοσοῦτον αἰσχύνης ἐληλύθατον, ὥστε διὰ τὸ αἰσχύνεσθαι τολμᾷ ἑκάτερος αὐτῶν αὐτὸς αὐτῷ ἐναντία λέγειν ἐναντίον πολλῶν ἀνθρώπων, καὶ ταῦτα περὶ τῶν μεγίστων. σὺ δὲ ταῦτα πάντα ἔχεις ἃ οἱ ἄλλοι οὐκ ἔχουσιν: πεπαίδευσαι τε γὰρ ἱκανῶς, ὥς πολλοὶ ἂν φήσαιεν Ἀθηναίων, καὶ ἐμοὶ εἶ εὖνους. [487c] τίني τεκμηρίῳ χρῶμαι; ἐγὼ σοὶ ἐρῶ. οἶδα ὑμᾶς ἐγώ, ὦ Καλλίκλεις, τέτταρας ὄντας κοινωνοὺς γεγονότας σοφίας, σέ τε καὶ Τεῖσανδρον τὸν Ἀφιδναῖον καὶ Ἄνδρωνα τὸν Ἀνδροτίανος καὶ Ναυσικύδην τὸν Χολαργέα: καί ποτε ὑμῶν ἐγὼ ἐπήκουσα βουλευομένων μέχρι ὅποι τὴν σοφίαν ἀσκητέον εἶη, καὶ οἶδα ὅτι ἐνίκα ἐν ὑμῖν τοιάδε τις δόξα, μὴ προθυμεῖσθαι εἰς τὴν ἀκρίβειαν φιλοσοφεῖν, ἀλλὰ εὐλαβεῖσθαι [487d] παρεκελεύεσθε ἀλλήλοις ὅπως μὴ πέρα τοῦ δέοντος σοφώτεροι γεγνημένοι λήσετε διαφθαρέντες. ἐπειδὴ οὖν σου ἀκούω ταῦτα ἐμοὶ συμβουλευόντος ἅπερ τοῖς σεαυτοῦ ἐταιροτάτοις, ἱκανόν μοι τεκμηρίον ἐστὶν ὅτι ὡς ἀληθῶς μοι εὖνους εἶ. καὶ μὴν ὅτι γε οἷος παρρησιάζεσθαι καὶ μὴ αἰσχύνεσθαι, αὐτὸς τε φῆς καὶ ὁ λόγος ὃν ὀλίγον πρότερον ἔλεγες ὁμολογεῖ σοι. ἔχει δὴ οὕτως δῆλον ὅτι τούτων πέρι νυνί: [487e] ἐάν τι σὺ ἐν τοῖς λόγοις ὁμολογήσης μοι, βεβασανισμένον τοῦτ' ἤδη ἔσται ἱκανῶς ὑπ' ἐμοῦ τε καὶ σοῦ, καὶ οὐκέτι αὐτὸ δεήσει ἐπ' ἄλλην βάσανον ἀναφέρειν. οὐ γὰρ ἂν ποτε αὐτὸ συνεχώρησας σὺ οὔτε σοφίας ἐνδεία οὔτ' αἰσχύνης περιουσία, οὐδ' αὖ ἀπατῶν ἐμὲ συγχωρήσας ἄν: φίλος γάρ μοι εἶ, ὥς καὶ αὐτὸς φῆς. τῷ ὄντι οὖν ἡ ἐμὴ καὶ ἡ σὴ ὁμολογία τέλος ἤδη ἔξει τῆς ἀληθείας. πάντων δὲ καλλίστη ἐστὶν ἡ σκέψις, ὦ Καλλίκλεις, περὶ τούτων ὧν σὺ δὴ μοι ἐπετίμησας, ποῖόν τινα χρῆ εἶναι τὸν ἄνδρα καὶ τί [488a] ἐπιτηδεύειν καὶ μέχρι τοῦ, καὶ πρεσβύτερον καὶ νεώτερον ὄντα. ἐγὼ γὰρ εἶ τι μὴ ὀρθῶς πράττω κατὰ τὸν βίον τὸν ἐμαυτοῦ, εὖ ἴσθι τοῦτο ὅτι οὐχ

ἐκὼν ἐξαμαρτάνω ἀλλ' ἀμαθία τῇ ἐμῇ: σὺ οὖν, ὥσπερ ἤρξω νουθετεῖν με, μὴ ἀποστῆς, ἀλλ' ἱκανῶς μοι ἐνδειξαι τί ἔστιν τοῦτο ὃ ἐπιτηδευτέον μοι, καὶ τίνα τρόπον κτησαίμην ἂν αὐτό, καὶ ἐάν με λάβῃς νῦν μὲν σοι ὁμολογήσαντα, ἐν δὲ τῷ ὑστέρῳ χρόνῳ μὴ ταῦτα πράττοντα ἅπερ ὡμολόγησα, πάνυ με ἡγοῦ βλάκα εἶναι καὶ [488b] μηκέτι ποτέ με νουθετήσης ὑστερον, ὥς μηδενὸς ἄξιον ὄντα. ἐξ ἀρχῆς δέ μοι ἐπανάλαβε πῶς φῆς τὸ δίκαιον ἔχειν καὶ σὺ καὶ Πίνδαρος τὸ κατὰ φύσιν; ἄγειν βία τὸν κρείττω τὰ τῶν ἡττόνων καὶ ἄρχειν τὸν βελτίῳ τῶν χειρόνων καὶ πλεόν ἔχειν τὸν ἀμείνῳ τοῦ φαυλοτέρου; μὴ τι ἄλλο λέγεις τὸ δίκαιον εἶναι, ἢ ὀρθῶς μέννημαι;

Καλλίκλης: ἀλλὰ ταῦτα ἔλεγον καὶ τότε καὶ νῦν λέγω.

Σωκράτης: πότερον δὲ τὸν αὐτὸν βελτίῳ καλεῖς σὺ καὶ κρείττω; [488c] οὐδὲ γάρ τοι τότε οἷός τ' ἦ μαθεῖν σου τί ποτε λέγοις. πότερον τοὺς ἰσχυροτέρους κρείττους καλεῖς καὶ δεῖ ἀκροᾶσθαι τοῦ ἰσχυροτέρου τοὺς ἀσθενεστέρους, οἷόν μοι δοκεῖς καὶ τότε ἐνδείκνυσθαι, ὥς αἱ μεγάλαι πόλεις ἐπὶ τὰς σμικρὰς κατὰ τὸ φύσει δίκαιον ἔρχονται, ὅτι κρείττους εἰσὶν καὶ ἰσχυρότεραι, ὥς τὸ κρείττον καὶ τὸ ἰσχυρότερον καὶ βέλτιον ταὐτὸν ὄν, ἢ ἔστι βελτίῳ μὲν εἶναι, ἡττω δὲ καὶ ἀσθενέστερον, καὶ κρείττω μὲν εἶναι, μοχθηρότερον δέ: ἢ ὁ αὐτὸς [488d] ὅρος ἐστὶν τοῦ βελτίονος καὶ τοῦ κρείττονος; τοῦτό μοι αὐτὸ σαφῶς διόρισον, ταὐτὸν ἢ ἕτερόν ἐστιν τὸ κρείττον καὶ τὸ βέλτιον καὶ τὸ ἰσχυρότερον;

Καλλίκλης: ἀλλ' ἐγὼ σοι σαφῶς λέγω, ὅτι ταὐτόν ἐστιν.

Σωκράτης: οὐκοῦν οἱ πολλοὶ τοῦ ἐνὸς κρείττους εἰσὶν κατὰ φύσιν; οἷ δὴ καὶ τοὺς νόμους τίθενται ἐπὶ τῷ ἐνί, ὥσπερ καὶ σὺ ἄρτι ἔλεγες.

Καλλίκλης: πῶς γὰρ οὐ;

Σωκράτης: τὰ τῶν πολλῶν ἄρα νόμιμα τὰ τῶν κρειττόνων ἐστίν.

Καλλίκλης: πάνυ γε. [488e]

Σωκράτης: οὐκοῦν τὰ τῶν βελτιόνων; οἷ γὰρ κρείττους βελτίους πολὺ κατὰ τὸν σὸν λόγον.

Καλλίκλης: ναί.

Σωκράτης: οὐκοῦν τὰ τούτων νόμιμα κατὰ φύσιν καλά, κρείττωνων γε ὄντων;

Καλλίκλης: φημί.

Σωκράτης: ἄρ' οὖν οἱ πολλοὶ νομίζουσιν οὕτως, ὥς ἄρτι αὖ σὺ ἔλεγες, δίκαιον εἶναι τὸ ἴσον ἔχειν καὶ αἰσχίον τὸ ἀδικεῖν [489a] τοῦ ἀδικεῖσθαι; ἔστιν ταῦτα ἢ οὐ; καὶ ὅπως μὴ ἀλώσῃ ἐνταῦθα σὺ αὖ αἰσχυρόμενος. νομίζουσιν, ἢ οὐ, οἱ πολλοὶ τὸ ἴσον ἔχειν ἀλλ' οὐ τὸ πλεον δίκαιον εἶναι, καὶ αἰσχίον τὸ ἀδικεῖν τοῦ ἀδικεῖσθαι; μὴ φθόνει μοι ἀποκρίνασθαι τοῦτο, Καλλίκλεις, ἴν', ἐάν μοι ὁμολογήσῃς, βεβαιώσωμαι ἤδη παρὰ σοῦ, ἅτε ἱκανοῦ ἀνδρὸς διαγινῶναι ὁμολογηκός.

Καλλίκλης: ἀλλ' οἷ γε πολλοὶ νομίζουσιν οὕτως.

Σωκράτης: οὐ νόμῳ ἄρα μόνον ἐστὶν αἰσχίον τὸ ἀδικεῖν τοῦ [489b] ἀδικεῖσθαι, οὐδὲ δίκαιον τὸ ἴσον ἔχειν, ἀλλὰ καὶ φύσει: ὥστε κινδυνεύεις οὐκ ἀληθῆ λέγειν ἐν τοῖς πρόσθεν οὐδὲ ὀρθῶς ἐμοῦ κατηγορεῖν λέγων ὅτι ἐναντίον ἐστὶν ὁ νόμος καὶ ἡ φύσις, ἃ δὴ καὶ ἐγὼ γνοὺς κακουργῶ ἐν τοῖς λόγοις, ἐάν μὲν τις κατὰ φύσιν λέγῃ, ἐπὶ τὸν νόμον ἄγων, ἐάν δέ τις κατὰ νόμον, ἐπὶ τὴν φύσιν.

Καλλίκλης: οὐτοσί ἀνὴρ οὐ παύσεται φλυαρῶν. εἰπέ μοι, ὦ Σώκρατες, οὐκ αἰσχύνῃ τηλικούτος ὢν ὀνόματα θηρεύων, καὶ [489c] ἐάν τις ῥήματι ἀμάρτη, ἔρμαιον τοῦτο ποιούμενος; ἐμὲ γὰρ οἶει ἄλλο τι λέγειν τὸ κρείττους εἶναι ἢ τὸ βελτίους; οὐ πάλα σοι λέγω ὅτι ταυτόν φημι εἶναι τὸ βέλτιον καὶ τὸ κρεῖττον; ἢ οἶει με λέγειν, ἐάν συρφετὸς συλλεγῇ δούλων καὶ παντοδαπῶν ἀνθρώπων μηδενὸς ἀξίων πλὴν ἴσως τῷ σώματι ἰσχυρίσασθαι, καὶ οὗτοι φῶσιν, αὐτὰ ταῦτα εἶναι νόμιμα;

Σωκράτης: εἶεν, ὦ σοφώτατε Καλλίκλεις: οὕτω λέγεις;

Καλλίκλης: πάνυ μὲν οὖν. [489d]

Σωκράτης: ἀλλ' ἐγὼ μὲν, ὦ δαιμόνιε, καὶ αὐτὸς πάλα τοπάζω τοιοῦτόν τί σε λέγειν τὸ κρεῖττον, καὶ ἀνερωτῶ γλιχόμενος σαφῶς εἰδέναι ὅτι λέγεις. οὐ γὰρ δήπου σύ γε τοὺς δύο βελτίους ἢ γῆ τοῦ ἐνός, οὐδὲ τοὺς σοὺς δούλους βελτίους σου, ὅτι ἰσχυρότεροί εἰσιν ἢ

σύ. ἀλλὰ πάλιν ἐξ ἀρχῆς εἰπὲ τί ποτε λέγεις τοὺς βελτίους, ἐπειδὴ οὐ τοὺς ἰσχυροτέρους; καὶ ὃ θαυμάσιε πρῶτόν με προδίδασκε, ἵνα μὴ ἀποφοιτήσω παρὰ σοῦ. [489e]

Καλλίκλης: εἰρωνεύη, ὦ Σώκρατες.

Σωκράτης: μὰ τὸν Ζῆθον, ὦ Καλλίκλεις, ὃ σὺ χρώμενος πολλὰ νυνδὴ εἰρωνεύου πρὸς με: ἀλλ' ἴθι εἰπέ, τίνας λέγεις τοὺς βελτίους εἶναι;

Καλλίκλης: τοὺς ἀμείνους ἔγωγε.

Σωκράτης: ὁρᾷς ἄρα ὅτι σὺ αὐτὸς ὀνόματα λέγεις, δηλοῖς δὲ οὐδέν; οὐκ ἐρεῖς, τοὺς βελτίους καὶ κρείττους πότερον τοὺς φρονιμωτέρους λέγεις ἢ ἄλλους τινάς;

Καλλίκλης: ἀλλὰ ναὶ μὰ Δία τούτους λέγω, καὶ σφόδρα γε. [490a]

Σωκράτης: πολλάκις ἄρα εἷς φρονῶν μυρίων μὴ φρονούντων κρείττων ἐστὶν κατὰ τὸν σὸν λόγον, καὶ τοῦτον ἄρχειν δεῖ, τοὺς δ' ἄρχεσθαι, καὶ πλεόν ἔχειν τὸν ἄρχοντα τῶν ἀρχομένων: τοῦτο γάρ μοι δοκεῖς βούλεσθαι λέγειν — καὶ οὐ ῥήματι θηρεύω — εἰ ὁ εἷς τῶν μυρίων κρείττων.

Καλλίκλης: ἀλλὰ ταῦτ' ἐστὶν ἃ λέγω. τοῦτο γὰρ οἶμαι ἐγὼ τὸ δίκαιον εἶναι φύσει, τὸ βελτίῳ ὄντα καὶ φρονιμώτερον καὶ ἄρχειν καὶ πλεόν ἔχειν τῶν φαυλοτέρων. [490b]

Σωκράτης: ἔχε δὴ αὐτοῦ. τί ποτε αὖ νῦν λέγεις; ἐὰν ἐν τῷ αὐτῷ ὦμεν, ὥσπερ νῦν, πολλοὶ ἀθρόοι, καὶ ἡμῖν ἥ ἐν κοινῷ πολλὰ σιτία καὶ ποτά, ὦμεν δὲ παντοδαποί, οἱ μὲν ἰσχυροί, οἱ δ' ἀσθενεῖς, εἷς δὲ ἡμῶν ἥ φρονιμώτερος περὶ ταῦτα, ἱατρὸς ὢν, ἥ δέ, οἶον εἰκός, τῶν μὲν ἰσχυρότερος, τῶν δὲ ἀσθενέστερος, ἄλλο τι ἢ οὗτος, φρονιμώτερος ἡμῶν ὢν, βελτίων καὶ κρείττων ἔσται εἰς ταῦτα;

Καλλίκλης: πάνυ γε. [490c]

Σωκράτης: ἥ οὖν τούτων τῶν σιτίων πλεόν ἡμῶν ἐκτέον αὐτῷ, ὅτι βελτίων ἐστίν, ἥ τῷ μὲν ἄρχειν πάντα ἐκεῖνον δεῖ νέμειν, ἐν τῷ δὲ ἀναλίσκειν τε αὐτὰ καὶ καταχρηῆσθαι εἰς τὸ ἑαυτοῦ σῶμα οὐ

πλεονεκτητέον, εἰ μὴ μέλλει ζημιοῦσθαι, ἀλλὰ τῶν μὲν πλέον, τῶν δ' ἔλαττον ἐκτέον· ἐὰν δὲ τύχῃ πάντων ἀσθενέστατος ὢν, πάντων ἐλάχιστον τῷ βελτίστῳ, ὃ Καλλίκλεις; οὐχ οὕτως, ὡγαθέ;

Καλλίκλης: περὶ σιτία, λέγεις, καὶ ποτὰ καὶ ἰατροὺς καὶ φλυαρίας; [490d] ἐγὼ δὲ οὐ ταῦτα λέγω.

Σωκράτης: πότερον οὐ τὸν φρονιμώτερον βελτίῳ λέγεις; φάθι ἢ μή.

Καλλίκλης: ἔγωγε.

Σωκράτης: ἀλλ' οὐ τὸν βελτίῳ πλέον δεῖν ἔχειν;

Καλλίκλης: οὐ σιτίων γε οὐδὲ ποτῶν.

Σωκράτης: μανθάνω, ἀλλ' ἴσως ἱματίων, καὶ δεῖ τὸν ὑφαντικώτατον μέγιστον ἱμάτιον ἔχειν καὶ πλεῖστα καὶ κάλλιστα ἀμπεχόμενον περιέναι;

Καλλίκλης: ποίων ἱματίων;

Σωκράτης: ἀλλ' εἰς ὑποδήματα δῆλον ὅτι δεῖ πλεονεκτεῖν τὸν [490e] φρονιμώτατον εἰς ταῦτα καὶ βέλτιστον. τὸν σκυτοτόμον ἴσως μέγιστα δεῖ ὑποδήματα καὶ πλεῖστα ὑποδεδεμένον περιπατεῖν.

Καλλίκλης: ποῖα ὑποδήματα; φλυαρεῖς ἔχων.

Σωκράτης: ἀλλ' εἰ μὴ τὰ τοιαῦτα λέγεις, ἴσως τὰ τοιάδε· οἶον γεωργικὸν ἄνδρα περὶ γῆν φρόνιμόν τε καὶ καλὸν καὶ ἀγαθόν, τοῦτον δὴ ἴσως δεῖ πλεονεκτεῖν τῶν σπερμάτων καὶ ὥς πλείστῳ σπέρματι χρῆσθαι εἰς τὴν αὐτοῦ γῆν.

Καλλίκλης: ὥς ἀεὶ ταῦτα λέγεις, ὃ Σώκρατες.

Σωκράτης: οὐ μόνον γε, ὃ Καλλίκλεις, ἀλλὰ καὶ περὶ τῶν αὐτῶν. [491a]

Καλλίκλης: νῆ τοὺς θεούς, ἀτεχνῶς γε ἀεὶ σκυτέας τε καὶ κναφέας καὶ μαγείρους λέγων καὶ ἰατροὺς οὐδὲν παύη, ὥς περὶ τούτων ἡμῖν ὄντα τὸν λόγον.

Σωκράτης: οὐκοῦν σὺ ἐρεῖς περὶ τίνων ὁ κρεῖττων τε καὶ

φρονιμώτερος πλέον ἔχων δικαίως πλεονεκτεῖ; ἢ οὔτε ἐμοῦ ὑποβάλλοντος ἀνέξῃ οὔτ' αὐτὸς ἐρεῖς;

Καλλίκλης: ἀλλ' ἔγωγε καὶ πάσαι λέγω. πρῶτον μὲν τοὺς κρείττους οἳ εἰσιν οὐ σκυτοτόμους λέγω οὐδὲ μαγείρους, ἀλλ' [491b] οἳ ἂν εἰς τὰ τῆς πόλεως πράγματα φρόνιμοι ᾧσιν, ὄντινα ἂν τρόπον εὖ οἰκοῖτο, καὶ μὴ μόνον φρόνιμοι, ἀλλὰ καὶ ἀνδρεῖοι, ἱκανοὶ ὄντες ἃ ἂν νοήσωσιν ἐπιτελεῖν, καὶ μὴ ἀποκάμνωσι διὰ μαλακίαν τῆς ψυχῆς.

Σωκράτης: ὁρᾷς, ὃ βέλτιστε Καλλίκλεις, ὥς οὐ ταῦτά σύ τ' ἐμοῦ κατηγορεῖς καὶ ἐγὼ σοῦ; σύ μὲν γὰρ ἐμὲ φῆς ἀεὶ ταῦτά λέγειν, καὶ μέμφῃ μοι: ἐγὼ δὲ σοῦ τουναντίον, ὅτι οὐδέποτε ταῦτά λέγεις περὶ τῶν αὐτῶν, ἀλλὰ τοτὲ μὲν τοὺς [491c] βελτίους τε καὶ κρείττους τοὺς ἰσχυροτέρους ὠρίζου, αὐθις δὲ τοὺς φρονιμωτέρους, νῦν δ' αὖ ἕτερόν τι ἡκεις ἔχων: ἀνδρειότεροί τινες ὑπὸ σοῦ λέγονται οἱ κρείττους καὶ οἱ βελτίους. ἀλλ', ὠγαθέ, εἰπὼν ἀπαλλάγηθι τίνας ποτὲ λέγεις τοὺς βελτίους τε καὶ κρείττους καὶ εἰς ὅτι.

Καλλίκλης: ἀλλ' εἰρηκά γε ἔγωγε τοὺς φρονίμους εἰς τὰ τῆς πόλεως πράγματα καὶ ἀνδρείους. τούτους γὰρ [491d] προσήκει τῶν πόλεων ἄρχειν, καὶ τὸ δίκαιον τοῦτ' ἐστίν, πλέον ἔχειν τούτους τῶν ἄλλων, τοὺς ἄρχοντας τῶν ἀρχομένων.

Σωκράτης: τί δέ; αὐτῶν, ὃ ἐταῖρε, τί; ἢ τι ἄρχοντας ἢ ἀρχομένους;

Καλλίκλης: πῶς λέγεις;

Σωκράτης: ἓνα ἕκαστον λέγω αὐτὸν ἑαυτοῦ ἄρχοντα: ἢ τοῦτο μὲν οὐδὲν δεῖ, αὐτὸν ἑαυτοῦ ἄρχειν, τῶν δὲ ἄλλων;

Καλλίκλης: πῶς ἑαυτοῦ ἄρχοντα λέγεις;

Σωκράτης: οὐδὲν ποικίλον ἀλλ' ὥσπερ οἱ πολλοί, σώφρονα ὄντα καὶ ἐγκρατῆ αὐτὸν ἑαυτοῦ, τῶν ἡδονῶν καὶ ἐπιθυμιῶν [491e] ἄρχοντα τῶν ἐν ἑαυτῷ.

Καλλίκλης: ὥς ἡδὺς εἶ: τοὺς ἡλιθίους λέγεις τοὺς σώφρονας.

Σωκράτης: πῶς γὰρ [οὔ]; οὐδεὶς ὅστις οὐκ ἂν γνοίῃ ὅτι οὐ τοῦτο λέγω.

Καλλίκλης: πάνυ γε σφόδρα, ὦ Σώκρατες. ἐπεὶ πῶς ἂν εὐδαίμων γένοιτο ἄνθρωπος δουλεύων ὀφιοῦν; ἀλλὰ τοῦτ' ἐστὶν τὸ κατὰ φύσιν καλὸν καὶ δίκαιον, ὃ ἐγὼ σοι νῦν παρρησιαζόμενος λέγω, ὅτι δεῖ τὸν ὀρθῶς βιωσόμενον τὰς μὲν ἐπιθυμίας τὰς ἑαυτοῦ ἔαν ὡς μεγίστας εἶναι καὶ μὴ κολάζειν, [492a] ταύταις δὲ ὡς μεγίσταις οὖσαις ἱκανὸν εἶναι ὑπηρετεῖν δι' ἀνδρείαν καὶ φρόνησιν, καὶ ἀποπιμπλάναι ὧν ἂν αἰεὶ ἡ ἐπιθυμία γίγνηται. ἀλλὰ τοῦτ' οἶμαι τοῖς πολλοῖς οὐ δυνατόν: ὅθεν ψέγουσιν τοὺς τοιούτους δι' αἰσχύνην, ἀποκρυπτόμενοι τὴν αὐτῶν ἀδυναμίαν, καὶ αἰσχρὸν δὴ φασιν εἶναι τὴν ἀκολασίαν, ὅπερ ἐν τοῖς πρόσθεν ἐγὼ ἔλεγον, δουλούμενοι τοὺς βελτίους τὴν φύσιν ἀνθρώπους, καὶ αὐτοὶ οὐ δυνάμενοι ἐκπορίζεσθαι ταῖς ἡδοναῖς πλήρως ἐπαινοῦσιν τὴν σωφροσύνην [492b] καὶ τὴν δικαιοσύνην διὰ τὴν αὐτῶν ἀνανδρίαν. ἐπεὶ ὅσοις ἐξ ἀρχῆς ὑπῆρξεν ἡ βασιλέων ὑέσιν εἶναι ἢ αὐτοὺς τῇ φύσει ἱκανοὺς ἐκπορίσασθαι ἀρχὴν τινα ἢ τυραννίδα ἢ δυναστείαν, <τί ἂν> τῇ ἀληθείᾳ αἰσχίον καὶ κάκιον εἶη σωφροσύνης καὶ δικαιοσύνης τούτοις τοῖς ἀνθρώποις, οἷς ἐξὸν ἀπολαύειν τῶν ἀγαθῶν καὶ μηδενὸς ἐμποδῶν ὄντος, αὐτοὶ ἑαυτοῖς δεσπότην ἐπαγάγοιντο τὸν τῶν πολλῶν ἀνθρώπων νόμον τε καὶ λόγον καὶ ψόγον; ἢ πῶς οὐκ ἂν ἄθλιοι γεγονότες [492c] εἶεν ὑπὸ τοῦ καλοῦ τοῦ τῆς δικαιοσύνης καὶ τῆς σωφροσύνης, μηδὲν πλέον νέμοντες τοῖς φίλοις τοῖς αὐτῶν ἢ τοῖς ἐχθροῖς, καὶ ταῦτα ἄρχοντες ἐν τῇ ἑαυτῶν πόλει; ἀλλὰ τῇ ἀληθείᾳ, ὦ Σώκρατες, ἦν φῆς σὺ διώκειν, ὧδ' ἔχει: τρυφή καὶ ἀκολασία καὶ ἐλευθερία, ἐὰν ἐπικουρίαν ἔχη, τοῦτ' ἐστὶν ἀρετὴ τε καὶ εὐδαιμονία, τὰ δὲ ἄλλα ταῦτ' ἐστὶν τὰ καλλωπίσματα, τὰ παρὰ φύσιν συνθήματα ἀνθρώπων, φλυαρία καὶ οὐδενὸς ἄξια. [492d]

Σωκράτης: οὐκ ἀγεννῶς γε, ὦ Καλλίκλεις, ἐπεξέρχῃ τῷ λόγῳ παρρησιαζόμενος: σαφῶς γὰρ σὺ νῦν λέγεις ἃ οἱ ἄλλοι διανοοῦνται μὲν, λέγειν δὲ οὐκ ἐθέλουσιν. δέομαι οὖν ἐγὼ σου μηδενὶ τρόπῳ ἀνεῖναι, ἵνα τῷ ὄντι κατάδηλον γένηται πῶς βιωτέον. καὶ μοι λέγε: τὰς μὲν ἐπιθυμίας φῆς οὐ κολαστέον, εἰ μέλλει τις οἷον δεῖ εἶναι, ἔδῶντα δὲ αὐτὰς ὡς μεγίστας πλήρως αὐταῖς ἀμόθεν γέ ποθεν ἐτοιμάζειν, καὶ [492e] τοῦτο εἶναι τὴν ἀρετὴν;

Καλλίκλης: φημὶ ταῦτα ἐγώ.

Σωκράτης: οὐκ ἄρα ὀρθῶς λέγονται οἱ μηδενὸς δεόμενοι εὐδαίμονες εἶναι.

Καλλίκλης: οἱ λίθοι γὰρ ἂν οὕτω γε καὶ οἱ νεκροὶ εὐδαιμονέστατοι εἶεν.

Σωκράτης: ἀλλὰ μὲν δὴ καὶ ὥς γε σὺ λέγεις δεινὸς ὁ βίος. οὐ γάρ τοι θαυμάζοιμ' ἂν εἰ Εὐριπίδης ἀληθῆ ἐν τοῖσδε λέγει, λέγων —

τίς δ' οἶδεν, εἰ τὸ ζῆν μὲν ἐστι κατθανεῖν,

τὸ κατθανεῖν δὲ ζῆν; . . . ευρ. φρ. 638

[493a] καὶ ἡμεῖς τῷ ὄντι ἴσως τέθναμεν: ἤδη γάρ του ἔγωγε καὶ ἤκουσα τῶν σοφῶν ὥς νῦν ἡμεῖς τέθναμεν καὶ τὸ μὲν σῶμά ἐστιν ἡμῖν σῆμα, τῆς δὲ ψυχῆς τοῦτο ἐν ᾧ ἐπιθυμία εἰσὶ τυγχάνει ὃν οἶον ἀναπεῖθεσθαι καὶ μεταπίπτειν ἄνω κάτω, καὶ τοῦτο ἄρα τις μυθολογῶν κομπῶς ἀνὴρ, ἴσως Σικελὸς τις ἢ Ἰταλικός, παράγων τῷ ὀνόματι διὰ τὸ πιθανόν τε καὶ πειστικὸν ὠνόμασε πίθον, τοὺς δὲ ἀνοήτους ἀμυήτους, [493b] τῶν δ' ἀνοήτων τοῦτο τῆς ψυχῆς οὗ αἰ ἐπιθυμία εἰσὶ, τὸ ἀκόλαστον αὐτοῦ καὶ οὐ στεγανόν, ὥς τετρημένος εἶη πίθος, διὰ τὴν ἀπληστίαν ἀπεικάσας. τὸναντίον δὴ οὗτος σοί, ὦ Καλλίκλεις, ἐνδείκνυται ὥς τῶν ἐν Ἄιδου — τὸ αἰδὲς δὴ λέγων — οὗτοι ἀθλιώτατοι ἂν εἶεν, οἱ ἀμύητοι, καὶ φοροῖεν εἰς τὸν τετρημένον πίθον ὕδωρ ἑτέρῳ τοιούτῳ τετρημένῳ κοσκίνῳ. τὸ δὲ κόσκινον ἄρα λέγει, ὥς ἔφη ὁ πρὸς ἐμὲ [493c] λέγων, τὴν ψυχὴν εἶναι: τὴν δὲ ψυχὴν κοσκίνῳ ἀπήκασεν τὴν τῶν ἀνοήτων ὥς τετρημένην, ἅτε οὐ δυναμένην στέγειν δι' ἀπιστίαν τε καὶ λήθην. ταῦτ' ἐπιεικῶς μὲν ἐστὶν ὑπὸ τι ἄτοπα, δηλοῖ μὴν ὃ ἐγὼ βούλομαι σοι ἐνδειξάμενος, ἐάν πως οἷός τε ὦ, πεῖσαι μεταθέσθαι, ἀντὶ τοῦ ἀπλήστως καὶ ἀκολάστως ἔχοντος βίου τὸν κοσμίως καὶ τοῖς ἀεὶ παροῦσιν ἱκανῶς καὶ ἐξαρκούντως ἔχοντα βίον ἐλέσθαι. ἀλλὰ πότερον [493d] πεῖθω τί σε καὶ μετατίθεσθαι εὐδαιμονεστέρους εἶναι τοὺς κοσμίους τῶν ἀκολάστων, ἢ οὐδ' ἂν ἄλλα πολλὰ τοιαῦτα μυθολογῶ, οὐδέν τι μᾶλλον μεταθήσῃ;

Καλλίκλης: τοῦτ' ἀληθέστερον εἴρηκας, ὦ Σώκρατες.

Σωκράτης: φέρε δὴ, ἄλλην σοι εἰκόνα λέγω ἐκ τοῦ αὐτοῦ

γυμνασίου τῇ νῦν. σκόπει γὰρ εἰ τοιόνδε λέγεις περὶ τοῦ βίου ἑκατέρου, τοῦ τε σώφρονος καὶ τοῦ ἀκολάστου, οἷον εἰ δυοῖν ἀνδροῖν ἑκατέρῳ πίθοι πολλοὶ εἶεν καὶ τῷ μὲν [493e] ἐτέρῳ ὕγιεις καὶ πλήρεις, ὁ μὲν οἴνου, ὁ δὲ μέλιτος, ὁ δὲ γάλακτος, καὶ ἄλλοι πολλοὶ πολλῶν, νάματα δὲ σπάνια καὶ χαλεπὰ ἐκάστου τούτων εἶη καὶ μετὰ πολλῶν πόνων καὶ χαλεπῶν ἐκποριζόμενα: ὁ μὲν οὖν ἕτερος πληρωσάμενος μήτ' ἐποχετεύοι μήτε τι φροντίζοι, ἀλλ' ἔνεκα τούτων ἡσυχίαν ἔχοι: τῷ δ' ἐτέρῳ τὰ μὲν νάματα, ὥσπερ καὶ ἐκεῖνῳ, δυνατὰ μὲν πορίζεσθαι, χαλεπὰ δέ, τὰ δ' ἀγγεῖα τετρημένα καὶ σαθρά, ἀναγκάζοιτο δ' αἰεὶ καὶ νύκτα καὶ [494a] ἡμέραν πιμπλάναι αὐτά, ἢ τὰς ἐσχάτας λυποῖτο λύπας: ἄρα τοιούτου ἑκατέρου ὄντος τοῦ βίου, λέγεις τὸν τοῦ ἀκολάστου εὐδαιμονέστερον εἶναι ἢ τὸν τοῦ κοσμίου; πείθω τί σε ταῦτα λέγων συγχωρῆσαι τὸν κόσμιον βίον τοῦ ἀκολάστου ἀμείνω εἶναι, ἢ οὐ πείθω;

Καλλίκλης: οὐ πείθεις, ὦ Σώκρατες. τῷ μὲν γὰρ πληρωσαμένῳ ἐκεῖνῳ οὐκέτ' ἔστιν ἡδονὴ οὐδεμία, ἀλλὰ τοῦτ' ἔστιν, ὃ νυνδὴ ἐγὼ ἔλεγον, τὸ ὥσπερ λίθον ζῆν, ἐπειδὰν [494b] πληρώσῃ, μήτε χαίροντα ἔτι μήτε λυπούμενον. ἀλλ' ἐν τούτῳ ἔστιν τὸ ἡδέως ζῆν, ἐν τῷ ὡς πλεῖστον ἐπιρρεῖν.

Σωκράτης: οὐκοῦν ἀνάγκη γ', ἂν πολὺ ἐπιρρέῃ, πολὺ καὶ τὸ ἀπὸν εἶναι, καὶ μεγάλ' ἅττα τὰ τρήματα εἶναι ταῖς ἐκροαῖς;

Καλλίκλης: πάνυ μὲν οὖν.

Σωκράτης: χαραδριοῦ τινα αὖ σὺ βίον λέγεις, ἀλλ' οὐ νεκροῦ οὐδὲ λίθου. καί μοι λέγε: τὸ τοιόνδε λέγεις οἷον πεινῆν καὶ πεινῶντα ἐσθίειν;

Καλλίκλης: ἔγωγε. [494c]

Σωκράτης: καὶ διψῆν γε καὶ διψῶντα πίνειν;

Καλλίκλης: λέγω, καὶ τὰς ἄλλας ἐπιθυμίας ἀπάσας ἔχοντα καὶ δυνάμενον πληροῦντα χαίροντα εὐδαιμόνως ζῆν.

Σωκράτης: εὗγε, ὦ βέλτιστε: διατέλει γὰρ ὥσπερ ἡρξω, καὶ ὅπως μὴ ἀπαισχυνῇ. δεῖ δέ, ὡς ἔοικε, μηδ' ἐμὲ ἀπαισχυνηθῆναι. καὶ πρῶτον μὲν εἰπὲ εἰ καὶ ψωρῶντα καὶ κνησιῶντα, ἀφθόνως ἔχοντα τοῦ

κνησθαι, κνώμενον διατελοῦντα τὸν βίον εὐδαιμόνως ἔστι ζῆν.
[494d]

Καλλίκλης: ὥς ἄτοπος εἶ, ὦ Σώκρατες, καὶ ἀτεχνῶς δημηγόρος.

Σωκράτης: τοιγάρτοι, ὦ Καλλίκλεις, Πῶλον μὲν καὶ Γοργίαν καὶ ἐξέπληξα καὶ αἰσχύνεσθαι ἐποίησα, σὺ δὲ οὐ μὴ ἐκπλαγῆς οὐδὲ μὴ αἰσχυνθῆς; ἀνδρεῖος γὰρ εἶ. ἀλλ' ἀποκρίνου μόνον.

Καλλίκλης: φημι τοίνυν καὶ τὸν κνώμενον ἡδέως ἂν βιῶναι.

Σωκράτης: οὐκοῦν εἴπερ ἡδέως, καὶ εὐδαιμόνως;

Καλλίκλης: πάνυ γε. [494e]

Σωκράτης: πότερον εἰ τὴν κεφαλὴν μόνον κνησιῶ — ἢ ἔτι τί σε ἐρωτῶ; ὅρα, ὦ Καλλίκλεις, τί ἀποκρινῇ, ἐάν τις σε τὰ ἐχόμενα τούτοις ἐφεξῆς ἅπαντα ἐρωτᾷ. καὶ τούτων τοιούτων ὄντων κεφάλαιον, ὁ τῶν κιναιδῶν βίος, οὗτος οὐ δεινὸς καὶ αἰσχρὸς καὶ ἄθλιος; ἢ τούτους τολμήσεις λέγειν εὐδαίμονας εἶναι, ἐὰν ἀφθόνως ἔχωσιν ὧν δέονται;

Καλλίκλης: οὐκ αἰσχύνῃ εἰς τοιαῦτα ἄγων, ὦ Σώκρατες, τοὺς λόγους;

Σωκράτης: ἦ γὰρ ἐγὼ ἄγω ἐνταῦθα, ὦ γενναῖε, ἢ ἐκεῖνος ὃς ἂν φῇ ἀνέδην οὕτω τοὺς χαίροντας, ὅπως ἂν χαίρωσιν, [495a] εὐδαίμονας εἶναι, καὶ μὴ διορίζεται τῶν ἡδονῶν ὅποια ἀγαθὰ καὶ κακὰ; ἀλλ' ἔτι καὶ νῦν λέγε πότερον φῆς εἶναι τὸ αὐτὸ ἡδὺ καὶ ἀγαθόν, ἢ εἶναί τι τῶν ἡδέων ὃ οὐκ ἔστιν ἀγαθόν;

Καλλίκλης: ἵνα δὴ μοι μὴ ἀνομολογούμενος ἦ ὁ λόγος, ἐὰν ἕτερον φήσω εἶναι, τὸ αὐτὸ φημι εἶναι.

Σωκράτης: διαφθείρεις, ὦ Καλλίκλεις, τοὺς πρώτους λόγους, καὶ οὐκ ἂν ἔτι μετ' ἐμοῦ ἱκανῶς τὰ ὄντα ἐξετάζεις, εἴπερ παρὰ τὰ δοκοῦντα σαντῶ ἐρεῖς. [495b]

Καλλίκλης: καὶ γὰρ σύ, ὦ Σώκρατες.

Σωκράτης: οὐ τοίνυν ὀρθῶς ποιῶ οὗτ' ἐγώ, εἴπερ ποιῶ τοῦτο, οὔτε

σύ. ἀλλ', ὦ μακάριε, ἄθρει μὴ οὐ τοῦτο ἢ τὸ ἀγαθόν, τὸ πάντως χαίρειν: ταῦτά τε γὰρ τὰ νυνδὴ αἰνιχθέντα πολλὰ καὶ αἰσχροὶ φαίνεται συμβαίνοντα, εἰ τοῦτο οὕτως ἔχει, καὶ ἄλλα πολλά.

Καλλίκλης: ὡς σύ γε οἶει, ὦ Σώκρατες.

Σωκράτης: σὺ δὲ τῷ ὄντι, ὦ Καλλίκλεις, ταῦτα ἰσχυρίζῃ;

Καλλίκλης: ἔγωγε. [495c]

Σωκράτης: ἐπιχειρῶμεν ἄρα τῷ λόγῳ ὡς σοῦ σπουδάζοντος;

Καλλίκλης: πάνυ γε σφόδρα.

Σωκράτης: ἴθι δὴ μοι, ἐπειδὴ οὕτω δοκεῖ, διελοῦ τάδε: ἐπιστήμην που καλεῖς τι;

Καλλίκλης: ἔγωγε.

Σωκράτης: οὐ καὶ ἀνδρείαν νυνδὴ ἔλεγές τινα εἶναι μετὰ ἐπιστήμης;

Καλλίκλης: ἔλεγον γάρ.

Σωκράτης: ἄλλο τι οὖν ὡς ἕτερον τὴν ἀνδρείαν τῆς ἐπιστήμης δύο ταῦτα ἔλεγε;

Καλλίκλης: σφόδρα γε.

Σωκράτης: τί δέ; ἡδονὴν καὶ ἐπιστήμην ταῦτόν ἢ ἕτερον; [495d]

Καλλίκλης: ἕτερον δήπου, ὦ σοφώτατε σύ.

Σωκράτης: ἢ καὶ ἀνδρείαν ἐτέραν ἡδονῆς;

Καλλίκλης: πῶς γὰρ οὐ;

Σωκράτης: φέρε δὴ ὅπως μεμνησόμεθα ταῦτα, ὅτι Καλλικλῆς ἔφη Ἀχαρνεὺς ἡδὺ μὲν καὶ ἀγαθὸν ταῦτόν εἶναι, ἐπιστήμην δὲ καὶ ἀνδρείαν καὶ ἀλλήλων καὶ τοῦ ἀγαθοῦ ἕτερον.

Καλλίκλης: Σωκράτης δέ γε ἡμῖν ὁ Ἄλωπεκῆθεν οὐχ ὁμολογεῖ ταῦτα. ἢ ὁμολογεῖ; [495e]

Σωκράτης: οὐχ ὁμολογεῖ: οἶμαι δέ γε οὐδὲ Καλλικλῆς, ὅταν αὐτὸς αὐτὸν θεάσῃται ὀρθῶς. εἰπὲ γάρ μοι, τοὺς εὖ πράττοντας τοῖς κακῶς πράττουσιν οὐ τοῦναντίον ἡγῇ πάθος πεπονθέναι;

Καλλίκλῆς: ἔγωγε.

Σωκράτης: ἄρ' οὖν, εἴπερ ἐναντία ἐστὶν ταῦτα ἀλλήλοις, ἀνάγκη περὶ αὐτῶν ἔχειν ὥσπερ περὶ ὑγείας ἔχει καὶ νόσου; οὐ γὰρ ἅμα δῆπου ὑγιαίνει τε καὶ νοσεῖ ὁ ἄνθρωπος, οὐδὲ ἅμα ἀπαλλάττεται ὑγείας τε καὶ νόσου.

Καλλίκλῆς: πῶς λέγεις;

Σωκράτης: οἷον περὶ ὅτου βούλει τοῦ σώματος ἀπολαβὼν [496a] σκόπει. νοσεῖ που ἄνθρωπος ὀφθαλμούς, ὃ ὄνομα ὀφθαλμία;

Καλλίκλῆς: πῶς γὰρ οὔ;

Σωκράτης: οὐ δῆπου καὶ ὑγιαίνει γε ἅμα τοὺς αὐτούς;

Καλλίκλῆς: οὐδ' ὅπωςτιοῦν.

Σωκράτης: τί δὲ ὅταν τῆς ὀφθαλμίας ἀπαλλάττεται; ἄρα τότε καὶ τῆς ὑγείας ἀπαλλάττεται τῶν ὀφθαλμῶν καὶ τελευτῶν ἅμα ἀμφοτέρων ἀπήλλακται;

Καλλίκλῆς: ἥκιστα γε.

Σωκράτης: θαυμάσιον γὰρ [496b] οἶμαι καὶ ἄλογον γίγνεται: ἦ γάρ;

Καλλίκλῆς: σφόδρα γε.

Σωκράτης: ἀλλ' ἐν μέρει οἶμαι ἐκάτερον καὶ λαμβάνει καὶ ἀπολλύει;

Καλλίκλῆς: φημί.

Σωκράτης: οὐκοῦν καὶ ἰσχὺν καὶ ἀσθένειαν ὡσαύτως;

Καλλίκλῆς: ναί.

Σωκράτης: καὶ τάχος καὶ βραδυτῆτα;

Καλλίκλης: πάνυ γε.

Σωκράτης: ἥ καὶ τάγαθὰ καὶ τὴν εὐδαιμονίαν καὶ τὰναντία τούτων, κακά τε καὶ ἀθλιότητα, ἐν μέρει λαμβάνει καὶ ἐν μέρει ἀπαλλάττεται ἑκατέρου;

Καλλίκλης: πάντως δήπου. [496c]

Σωκράτης: ἐὰν εὖρωμεν ἄρα ἅττα ὧν ἅμα τε ἀπαλλάττεται ἄνθρωπος καὶ ἅμα ἔχει, δηλὸν ὅτι ταῦτά γε οὐκ ἂν εἴη τό τε ἀγαθὸν καὶ τὸ κακόν. ὁμολογοῦμεν ταῦτα; καὶ εὖ μάλα σκεψάμενος ἀποκρίνου.

Καλλίκλης: ἀλλ' ὑπερφυῶς ὥς ὁμολογῶ.

Σωκράτης: ἴθι δὴ ἐπὶ τὰ ἔμπροσθεν ὁμολογημένα. τὸ πεινῆν ἔλεγες πότερον ἡδὺ ἢ ἀνιαρὸν εἶναι; αὐτὸ λέγω τὸ πεινῆν.

Καλλίκλης: ἀνιαρὸν ἔγωγε: τὸ μέντοι πεινῶντα ἐσθίειν ἡδὺ [496d] λέγω.

Σωκράτης: μαθάνω: ἀλλ' οὖν τό γε πεινῆν αὐτὸ ἀνιαρόν. ἢ οὐχί;

Καλλίκλης: φημί.

Σωκράτης: οὐκοῦν καὶ τὸ διψῆν;

Καλλίκλης: σφόδρα γε.

Σωκράτης: πότερον οὖν ἔτι πλείω ἐρωτῶ, ἢ ὁμολογεῖς ἅπασαν ἔνδειαν καὶ ἐπιθυμίαν ἀνιαρὸν εἶναι;

Καλλίκλης: ὁμολογῶ, ἀλλὰ μὴ ἐρώτα.

Σωκράτης: εἶεν: διψῶντα δὲ δὴ πίνειν ἄλλο τι ἢ ἡδὺ φῆς εἶναι;

Καλλίκλης: ἔγωγε.

Σωκράτης: οὐκοῦν τούτου οὗ λέγεις τὸ μὲν διψῶντα λυπούμενον δήπου ἐστίν; [496e]

Καλλίκλης: ναί.

Σωκράτης: τὸ δὲ πίνειν πλήρωσίς τε τῆς ἐνδείας καὶ ἡδονῆς;

Καλλίκλης: ναί.

Σωκράτης: οὐκοῦν κατὰ τὸ πίνειν χαίρειν λέγεις;

Καλλίκλης: μάλιστα.

Σωκράτης: διψῶντά γε.

Καλλίκλης: φημί.

Σωκράτης: λυπούμενον;

Καλλίκλης: ναί.

Σωκράτης: αἰσθάνῃ οὖν τὸ συμβαῖνον, ὅτι λυπούμενον χαίρειν λέγεις ἅμα, ὅταν διψῶντα πίνειν λέγῃς; ἢ οὐχ ἅμα τοῦτο γίνεται κατὰ τὸν αὐτὸν τόπον καὶ χρόνον εἴτε ψυχῆς εἴτε σώματος βούλει; οὐδὲν γὰρ οἶμαι διαφέρει. ἔστι ταῦτα ἢ οὐ;

Καλλίκλης: ἔστιν.

Σωκράτης: ἀλλὰ μὴν εὖ γε πράττοντα κακῶς [497a] πράττειν ἅμα ἀδύνατον φῆς εἶναι.

Καλλίκλης: φημί γάρ.

Σωκράτης: ἀνιώμενον δέ γε χαίρειν δυνατὸν ὠμολόγηκας.

Καλλίκλης: φαίνεται.

Σωκράτης: οὐκ ἄρα τὸ χαίρειν ἐστὶν εὖ πράττειν οὐδὲ τὸ ἀνιᾶσθαι κακῶς, ὥστε ἕτερον γίνεται τὸ ἡδὺ τοῦ ἀγαθοῦ.

Καλλίκλης: οὐκ οἶδ' ἅττα σοφίζῃ, ὦ Σώκρατες.

Σωκράτης: οἶσθα, ἀλλὰ ἀκκίζῃ, ὦ Καλλίκλεις; καὶ πρότιθί γε ἔτι εἰς τὸ ἔμπροσθεν, [ὅτι ἔχων ληρεῖς] ἵνα εἰδῇς ὡς σοφὸς [497b] ὢν με νοουθετεῖς. οὐχ ἅμα διψῶν τε ἕκαστος ἡμῶν πέπαυται καὶ ἅμα ἡδόμενος διὰ τοῦ πίνειν;

Καλλίκλης: οὐκ οἶδα ὅτι λέγεις.

Γοργίας: μηδαμῶς, ὦ Καλλίκλεις, ἀλλ' ἀποκρίνου καὶ ἡμῶν ἕνεκα, ἵνα περανθῶσιν οἱ λόγοι.

Καλλίκλης: ἀλλ' ἀεὶ τοιοῦτός ἐστιν Σωκράτης, ὦ Γοργία: σμικρὰ καὶ ὀλίγου ἄξια ἀνερωτᾷ καὶ ἐξελέγχει.

Γοργίας: ἀλλὰ τί σοὶ διαφέρει; πάντως οὐ σὴ αὕτη ἡ τιμή, ὦ Καλλίκλεις; ἀλλ' ὑπόσχες Σωκράτει ἐξελέγξαι ὅπως ἂν βούληται. [497c]

Καλλίκλης: Ἐρώτα δὴ σὺ τὰ σμικρὰ τε καὶ στενὰ ταῦτα, ἐπείπερ Γοργία δοκεῖ οὕτως.

Σωκράτης: εὐδαίμων εἶ, ὦ Καλλίκλεις, ὅτι τὰ μεγάλα μεμύησαι πρὶν τὰ σμικρὰ: ἐγὼ δ' οὐκ ᾧμην θεμιτὸν εἶναι. ὅθεν οὖν ἀπέλιπες ἀποκρίνου, εἰ οὐχ ἅμα παύεται διψῶν ἕκαστος ἡμῶν καὶ ἡδόμενος.

Καλλίκλης: φημί.

Σωκράτης: οὐκοῦν καὶ πεινῶν καὶ τῶν ἄλλων ἐπιθυμιῶν καὶ ἡδονῶν ἅμα παύεται;

Καλλίκλης: ἔστι ταῦτα.

Σωκράτης: οὐκοῦν καὶ τῶν λυπῶν [497d] καὶ τῶν ἡδονῶν ἅμα παύεται;

Καλλίκλης: ναί.

Σωκράτης: ἀλλὰ μὴν τῶν ἀγαθῶν γε καὶ κακῶν οὐχ ἅμα παύεται, ὥς σὺ ὠμολόγεις: νῦν δὲ οὐχ ὁμολογεῖς;

Καλλίκλης: ἔγωγε: τί οὖν δὴ;

Σωκράτης: ὅτι οὐ τὰ αὐτὰ γίγνεται, ὦ φίλε, τὰγαθὰ τοῖς ἡδέσιν οὐδὲ τὰ κακὰ τοῖς ἀνιαιοῖς. τῶν μὲν γὰρ ἅμα παύεται, τῶν δὲ οὐ, ὥς ἐτέρων ὄντων: πῶς οὖν ταῦτα ἂν εἴη τὰ ἡδέα τοῖς ἀγαθοῖς ἢ τὰ ἀνιὰρὰ τοῖς κακοῖς; ἐὰν δὲ βούλῃ, καὶ τῇδε ἐπίσκεψαι οἶμαι γάρ σοι οὐδὲ ταύτη [497e] ὁμολογεῖσθαι: ἄθρει δὲ τοὺς ἀγαθοὺς οὐχὶ ἀγαθῶν παρουσία ἀγαθοὺς καλεῖς, ὥσπερ τοὺς καλοὺς οἷς ἂν κάλλος παρῇ;

Καλλίκλης: ἔγωγε.

Σωκράτης: τί δέ; ἀγαθοὺς ἄνδρας καλεῖς ἄφρονας καὶ δειλοὺς; οὐ γὰρ ἄρτι γε, ἀλλὰ τοὺς ἀνδρείους καὶ φρονίμους ἔλεγες; ἢ οὐ τούτους ἀγαθοὺς καλεῖς;

Καλλίκλης: πάνυ μὲν οὖν.

Σωκράτης: τί δέ; παῖδα ἀνόητον χαίροντα ἤδη εἶδες;

Καλλίκλης: ἔγωγε.

Σωκράτης: ἄνδρα δὲ οὐπω εἶδες ἀνόητον χαίροντα;

Καλλίκλης: οἶμαι ἔγωγε: ἀλλὰ τί τοῦτο; [498a]

Σωκράτης: οὐδέν: ἀλλ' ἀποκρίνου.

Καλλίκλης: εἶδον.

Σωκράτης: τί δέ; νοῦν ἔχοντα λυπούμενον καὶ χαίροντα;

Καλλίκλης: φημί.

Σωκράτης: πότεροι δὲ μᾶλλον χαίρουσι καὶ λυποῦνται, οἱ φρόνιμοι ἢ οἱ ἄφρονες;

Καλλίκλης: οἶμαι ἔγωγε οὐ πολὺ τι διαφέρειν.

Σωκράτης: ἀλλ' ἄρκεῖ καὶ τοῦτο. ἐν πολέμῳ δὲ ἤδη εἶδες ἄνδρα δειλόν;

Καλλίκλης: πῶς γὰρ οὐ;

Σωκράτης: τί οὖν; ἀπιόντων τῶν πολεμίων πότεροί σοι ἐδόκουν μᾶλλον χαίρειν, οἱ δειλοὶ ἢ οἱ ἀνδρεῖοι;

Καλλίκλης: ἀμφοτέρω ἔμοιγε [498b] [μᾶλλον]: εἰ δὲ μή, παραπλησίως γε.

Σωκράτης: οὐδέν διαφέρει. χαίρουσιν δ' οὖν καὶ οἱ δειλοί;

Καλλίκλης: σφόδρα γε.

Σωκράτης: καὶ οἱ ἄφρονες, ὥς ἔοικεν.

Καλλίκλης: ναί.

Σωκράτης: προσιόντων δὲ οἱ δειλοὶ μόνον λυποῦνται ἢ καὶ οἱ ἀνδρεῖοι;

Καλλίκλης: ἀμφότεροι.

Σωκράτης: ἄρα ὁμοίως;

Καλλίκλης: μᾶλλον ἴσως οἱ δειλοί.

Σωκράτης: ἀπιόντων δ' οὐ μᾶλλον χαίρουσιν;

Καλλίκλης: ἴσως.

Σωκράτης: οὐκοῦν λυποῦνται μὲν καὶ χαίρουσιν καὶ οἱ ἄφρονες καὶ οἱ φρόνιμοι καὶ οἱ δειλοὶ καὶ οἱ ἀνδρεῖοι παραπλησίως, [498c] ὥς σὺ φῆς, μᾶλλον δὲ οἱ δειλοὶ τῶν ἀνδρείων;

Καλλίκλης: φημί.

Σωκράτης: ἀλλὰ μὴν οἷ γε φρόνιμοι καὶ οἱ ἀνδρεῖοι ἀγαθοί, οἱ δὲ δειλοὶ καὶ ἄφρονες κακοί;

Καλλίκλης: ναί.

Σωκράτης: παραπλησίως ἄρα χαίρουσιν καὶ λυποῦνται οἱ ἀγαθοὶ καὶ οἱ κακοί;

Καλλίκλης: φημί.

Σωκράτης: ἄρ' οὖν παραπλησίως εἰσὶν ἀγαθοὶ καὶ κακοὶ οἱ ἀγαθοὶ τε καὶ οἱ κακοί; ἢ καὶ ἔτι μᾶλλον ἀγαθοὶ [οἱ ἀγαθοὶ καὶ οἱ κακοί] εἰσιν οἱ κακοί; [498d]

Καλλίκλης: ἀλλὰ μὰ Δί' οὐκ οἶδ' ὅτι λέγεις.

Σωκράτης: οὐκ οἶσθ' ὅτι τοὺς ἀγαθοὺς ἀγαθῶν φῆς παρουσίᾳ εἶναι ἀγαθοὺς, καὶ κακοὺς δὲ κακῶν; τὰ δὲ ἀγαθὰ εἶναι τὰς ἡδονάς, κακὰ δὲ τὰς ἀνίας;

Καλλίκλης: ἔγωγε.

Σωκράτης: οὐκοῦν τοῖς χαίρουσιν πάρεστιν τὰγαθά, αἱ ἡδοναί, εἴπερ χαίρουσιν;

Καλλίκλης: πῶς γὰρ οὐ;

Σωκράτης: οὐκοῦν ἀγαθῶν παρόντων ἀγαθοὶ εἰσιν οἱ χαίροντες;

Καλλίκλης: ναί.

Σωκράτης: τί δέ; τοῖς ἀνιωμένοις οὐ πάρεστιν τὰ κακά, αἱ λῦπαι;

Καλλίκλης: πάρεστιν. [498e]

Σωκράτης: κακῶν δέ γε παρουσία φῆς σὺ εἶναι κακοὺς τοὺς κακοὺς; ἢ οὐκέτι φῆς;

Καλλίκλης: ἔγωγε.

Σωκράτης: ἀγαθοὶ ἄρα οἱ ἂν χαίρωσι, κακοὶ δὲ οἱ ἂν ἀνιῶνται;

Καλλίκλης: πάνυ γε.

Σωκράτης: οἱ μὲν γε μᾶλλον μᾶλλον, οἱ δ' ἥττον ἥττον, οἱ δὲ παραπλησίως παραπλησίως;

Καλλίκλης: ναί.

Σωκράτης: οὐκοῦν φῆς παραπλησίως χαίρειν καὶ λυπεῖσθαι τοὺς φρονίμους καὶ τοὺς ἄφρονας καὶ τοὺς δειλοὺς καὶ τοὺς ἀνδρείους, ἢ καὶ μᾶλλον ἔτι τοὺς δειλοὺς;

Καλλίκλης: ἔγωγε.

Σωκράτης: συλλόγισαι δὴ κοινῇ μετ' ἐμοῦ τί ἡμῖν συμβαίνει ἐκ τῶν ὁμολογημένων: καὶ δις γάρ τοι καὶ τρίς φασιν καλὸν [499a] εἶναι τὰ καλὰ λέγειν τε καὶ ἐπισκοπεῖσθαι. ἀγαθὸν μὲν εἶναι τὸν φρόνιμον καὶ ἀνδρεῖόν φαμεν. ἢ γάρ;

Καλλίκλης: ναί.

Σωκράτης: κακὸν δὲ τὸν ἄφρονα καὶ δειλόν;

Καλλίκλης: πάνυ γε.

Σωκράτης: ἀγαθὸν δὲ αὖ τὸν χαίροντα;

Καλλίκλης: ναί.

Σωκράτης: κακὸν δὲ τὸν ἀνιώμενον;

Καλλίκλης: ἀνάγκη.

Σωκράτης: ἀνιᾶσθαι δὲ καὶ χαίρειν τὸν ἀγαθὸν καὶ κακὸν ὁμοίως, ἴσως δὲ καὶ μᾶλλον τὸν κακόν;

Καλλίκλης: ναί.

Σωκράτης: οὐκοῦν ὁμοίως γίγνεται κακὸς καὶ ἀγαθὸς τῷ ἀγαθῷ ἢ καὶ μᾶλλον [499b] ἀγαθὸς ὁ κακός; οὐ ταῦτα συμβαίνει καὶ τὰ πρότερα ἐκεῖνα, ἐάν τις ταῦτὰ φῇ ἡδέα τε καὶ ἀγαθὰ εἶναι; οὐ ταῦτα ἀνάγκη, ὦ Καλλίκλεις;

Καλλίκλης: πάλαί τοί σου ἀκροῶμαι, ὦ Σώκρατες, καθομολογῶν, ἐνθυμούμενος ὅτι, κἂν παίζων τίς σοι ἐνδῶ ότιοῦν, τούτου ἄσμενος ἔχη ὥσπερ τὰ μειράκια. ὥς δὴ σὺ οἶε ἐμὲ ἢ καὶ ἄλλον ὄντινοῦν ἀνθρώπων οὐχ ἡγεῖσθαι τὰς μὲν βελτίους ἡδονάς, τὰς δὲ χείρους.

Σωκράτης: ἰοῦ ἰοῦ, ὦ Καλλίκλεις, ὥς πανοῦργος εἶ καὶ μοι [499c] ὥσπερ παιδὶ χρῆ, τοτὲ μὲν τὰ αὐτὰ φάσκων οὕτως ἔχειν, τοτὲ δὲ ἐτέρως, ἐξαπατῶν με. καίτοι οὐκ ᾧμην γε κατ' ἀρχὰς ὑπὸ σοῦ ἐκόντος εἶναι ἐξαπατηθήσεσθαι, ὥς ὄντος φίλου· νῦν δὲ ἐψεύσθην, καὶ ὥς ἔοικεν ἀνάγκη μοι κατὰ τὸν παλαιὸν λόγον τὸ παρὸν εὖ ποιεῖν καὶ τοῦτο δέχεσθαι τὸ διδόμενον παρὰ σοῦ. ἔστιν δὲ δή, ὥς ἔοικεν, ὃ νῦν λέγεις, ὅτι ἡδοναὶ τινές εἰσιν αἱ μὲν ἀγαθαί, αἱ δὲ κακαί: ἢ γάρ; [499d]

Καλλίκλης: ναί.

Σωκράτης: ἄρ' οὖν ἀγαθαὶ μὲν αἱ ὠφέλιμοι, κακαὶ δὲ αἱ βλαβεραί;

Καλλίκλης: πάνυ γε.

Σωκράτης: ὠφέλιμοι δέ γε αἱ ἀγαθόν τι ποιοῦσαι, κακαὶ δὲ αἱ κακόν

τι;

Καλλίκλης: φημί.

Σωκράτης: ἄρ' οὖν τὰς τοιάσδε λέγεις, οἷον κατὰ τὸ σῶμα ἅς νυνδὴ ἐλέγομεν ἐν τῷ ἐσθίειν καὶ πίνειν ἡδονάς, ἥ ἄρα τούτων αἱ μὲν ὑγίειαν ποιοῦσαι ἐν τῷ σώματι, ἢ ἰσχὺν ἢ ἄλλην τινὰ ἀρετὴν τοῦ σώματος, αὗται μὲν ἀγαθαί, αἱ δὲ [499e] τὰναντία τούτων κακαί;

Καλλίκλης: πάνυ γε.

Σωκράτης: οὐκοῦν καὶ λῦπαι ὡσαύτως αἱ μὲν χρησταί εἰσιν, αἱ δὲ πονηραί;

Καλλίκλης: πῶς γὰρ οὔ;

Σωκράτης: οὐκοῦν τὰς μὲν χρηστὰς καὶ ἡδονὰς καὶ λύπας καὶ αἰρετέον ἐστὶν καὶ πρακτέον;

Καλλίκλης: πάνυ γε.

Σωκράτης: τὰς δὲ πονηρὰς οὔ;

Καλλίκλης: δῆλον δῆ.

Σωκράτης: ἔνεκα γάρ που τῶν ἀγαθῶν ἅπαντα ἡμῖν ἔδοξεν πρακτέον εἶναι, εἰ μνημονεύεις, ἐμοί τε καὶ Πώλῳ. ἄρα καὶ σοὶ συνδοκεῖ οὕτω, τέλος εἶναι ἀπασῶν τῶν πράξεων τὸ ἀγαθόν, καὶ ἐκείνου ἔνεκα δεῖν πάντα τᾶλλα πράττεσθαι [500a] ἀλλ' οὐκ ἐκεῖνο τῶν ἄλλων; σύμψηφος ἡμῖν εἶ καὶ σὺ ἐκ τρίτων;

Καλλίκλης: ἔγωγε.

Σωκράτης: τῶν ἀγαθῶν ἄρα ἔνεκα δεῖ καὶ τᾶλλα καὶ τὰ ἡδέα πράττειν, ἀλλ' οὐ τὰγαθὰ τῶν ἡδέων.

Καλλίκλης: πάνυ γε.

Σωκράτης: ἄρ' οὖν παντὸς ἀνδρός ἐστιν ἐκλέξασθαι ποῖα ἀγαθὰ τῶν ἡδέων ἐστὶν καὶ ὅποια κακά, ἢ τεχνικοῦ δεῖ εἰς ἕκαστον;

Καλλίκλης: τεχνικοῦ.

Σωκράτης: ἀναμνησθῶμεν δὴ ὧν αὖ ἐγὼ πρὸς Πῶλον καὶ Γοργίαν ἐτύγγανον λέγων. ἔλεγον γὰρ αὖ, εἰ μνημονεύεις, [500b] ὅτι εἶεν παρασκευαῖ αἱ μὲν μέχρι ἡδονῆς, αὐτὸ τοῦτο μόνον παρασκευάζουσai, ἀγνοοῦσαι δὲ τὸ βέλτιον καὶ τὸ χεῖρον, αἱ δὲ γινώσκουσai ὅτι τε ἀγαθὸν καὶ ὅτι κακόν: καὶ ἐτίθην τῶν μὲν περὶ τὰς ἡδονὰς τὴν μαγειρικὴν ἐμπειρίαν ἀλλὰ οὐ τέχνην, τῶν δὲ περὶ τὸ ἀγαθὸν τὴν ἱατρικὴν τέχνην. καὶ πρὸς Φιλίου, ὃ Καλλίκλεις, μήτε αὐτὸς οἶου δεῖν πρὸς ἐμὲ παίζειν μηδ' ὅτι ἂν τύχῃς παρὰ τὰ δοκοῦντα ἀποκρίνου, μήτ' [500c] αὖ τὰ παρ' ἐμοῦ οὕτως ἀποδέχου ὡς παίζοντος: ὁρᾷς γὰρ ὅτι περὶ τούτου ἡμῖν εἰσιν οἱ λόγοι, οὗ τί ἂν μᾶλλον σπουδάσειέ τις καὶ σμικρὸν νοῦν ἔχων ἄνθρωπος, ἢ τοῦτο, ὄντινα χρὴ τρόπον ζῆν, πότερον ἐπὶ ὃν σὺ παρακαλεῖς ἐμέ, τὰ τοῦ ἀνδρὸς δὴ ταῦτα πράττοντα, λέγοντά τε ἐν τῷ δήμῳ καὶ ῥητορικὴν ἀσκοῦντα καὶ πολιτευόμενον τοῦτον τὸν τρόπον ὃν ὑμεῖς νῦν πολιτεύεσθε, ἢ [ἐπὶ] τόνδε τὸν βίον τὸν ἐν φιλοσοφίᾳ, καὶ τί ποτ' ἐστὶν οὗτος ἐκείνου διαφέρων. ἴσως [500d] οὖν βέλτιστόν ἐστιν, ὡς ἄρτι ἐγὼ ἐπεχείρησα, διαιρεῖσθαι, διελομένους δὲ καὶ ὁμολογήσαντας ἀλλήλοις, εἰ ἔστιν τούτῳ διττῷ τὸ βίω, σκέψασθαι τί τε διαφέρειτον ἀλλήλοιν καὶ ὁπότερον βιωτέον αὐτοῖν. ἴσως οὖν οὐπω οἴσθα τί λέγω.

Καλλίκλης: οὐ δῆτα.

Σωκράτης: ἀλλ' ἐγὼ σοι σαφέστερον ἐρῶ. ἐπειδὴ ὁμολογήκαμεν ἐγὼ τε καὶ σὺ εἶναι μὲν τι ἀγαθόν, εἶναι δέ τι ἡδύ, ἕτερον δὲ τὸ ἡδὺ τοῦ ἀγαθοῦ, ἐκατέρου δὲ αὐτοῖν μελέτην τινὰ εἶναι καὶ παρασκευὴν τῆς κτήσεως, τὴν μὲν τοῦ ἡδέος θήραν, τὴν δὲ τοῦ ἀγαθοῦ — αὐτὸ δέ μοι τοῦτο πρῶτον ἢ [500e] σύμφαθι ἢ μή. σύμφης;

Καλλίκλης: οὕτως φημί.

Σωκράτης: ἴθι δὴ, ἃ καὶ πρὸς τούσδε ἐγὼ ἔλεγον, διομολόγησαί μοι, εἰ ἄρα σοι ἔδοξα τότε ἀληθῆ λέγειν. ἔλεγον δέ που ὅτι ἡ μὲν ὀψοποικὴ οὐ μοι δοκεῖ τέχνη εἶναι ἀλλ' ἐμπειρία, [501a] ἡ δ' ἱατρικὴ, λέγων ὅτι ἡ μὲν τούτου οὗ θεραπεύει καὶ τὴν φύσιν ἔσκεπται καὶ τὴν αἰτίαν ὧν πράττει, καὶ λόγον ἔχει τούτων ἐκάστου δοῦναι, ἡ ἱατρικὴ: ἡ δ' ἑτέρα τῆς ἡδονῆς, πρὸς ἣν ἡ θεραπεία αὐτῇ ἐστὶν ἅπασα, κομιδῇ ἀτέχνως ἐπ' αὐτὴν ἔρχεται, οὔτε τι τὴν φύσιν
